States the belief that O'Hare International Airport's noise monitoring technology should be coupled with artificial-intelligence software to match the noises perceived by each station at each time to specific individual flight operations and the operations of individual airlines and to gauge the compliance of each individual airline firm with the guidelines set down in the Fly Quiet Program. Calls for a measurable improvement in Fly Quiet compliance no later than January 1, 2021, with further improvements to follow. Urges the Aviation Department of the City of Chicago to select a trusted third party that represents the interests of O'Hare International Airport's noise neighbors and to share the information enumerated in this resolution with this third party. Urges the Aviation Department and the trusted third party to collaborate to develop a rank-ordered chart of each airline firm's compliance with Fly Quiet Program guidelines. Urges the Aviation Department and the trusted third party to give the charts explicit and formal consideration as elements in any decisions made, subsequent to the start of the generation of this data and these charts, on the reallocation of departure gates and support facilities at O'Hare International Airport.

Urges the Illinois State Legislature to seek out opportunities to enhance legislation through the science of resiliency and a trauma informed lens and funding around early intervention services for children and families that centers the principles of brain development, the intimate connection between mental and physical health, and the concepts of toxic stress and adverse

Salutes the Illinois National Guard Korean War veterans and honors them for their commitment to country, courage, and sacrifice. Calls for the conclusion of a binding peace agreement constituting a formal and final end to the state of war between South Korea, North Korea, and the United States. Affirms the vital role that women, who would be particularly vulnerable to any resumption of armed conflicts, must play in building a permanent and peaceful settlement.
