S Referred to Assignments

SR-1752 E. JONES III, STEANS - BISS, L. MURPHY, HOLMES, KOEHLER, NOLAND - MARTINEZ AND DELGADO - HARMON.

Affirms our support for protecting and advancing the constitutional rights and equitable treatment of all and our opposition to discrimination, prejudice, homophobia, and transphobia. Strongly urges the North Carolina General Assembly to repeal the "Public Facilities Privacy & Security Act" and for the Mississippi Legislature to repeal the "Protecting Freedom of Conscience from Government Discrimination Act" at the earliest opportunity. Encourages all businesses providing public accommodations in North Carolina and Mississippi to demonstrate their support for the dignity of all people by openly welcoming LGBT people to their places of business and by providing gender non-specific bathroom facilities for their customers and employees wherever practicable. Urges the Governor to prohibit all non-essential State travel to North Carolina and Mississippi until those states take the proper measures to repeal these laws.

16-05-31 S Resolution Adopted; 032-014-000

SR-1753 COLLINS.

Commends the Rauner administration for closing the EDGE credit loophole. Urges the Governor and the Department of Commerce and Economic Development to continue working with the General Assembly to tighten accountability in all corporate incentive programs. Urges Mondelez International to reconsider its decision to move production lines out of Chicago and out of the United States, and instead to work fairly and in good faith with its loyal employees, the unions that represent them, and the State of Illinois in order to keep Oreos American-made and continue to invest in its human capital in a city that has supported its products' success for many decades.

SENATE FLOOR AMENDMENT NO. 1

Replaces everything after the heading with similar language. Adds language regarding Mondelez's State EDGE tax credit status, the company's inability to utilize the EDGE credit, and the use of EDGE credits by other companies.

SR-1824 HUNTER.

Urges all federal, State, and county legislators and officials to consider and enact policies to enhance access to mental health services at multiple levels in the criminal justice system which will create better results for both the individual and the system. Shows support for a wide range of programs to improve mental health treatment for individuals involved in the criminal justice system aimed to aid communities to end recidivism. Urges the law enforcement community to consider the integration of mental health treatment and services such as crisis

intervention teams into the criminal justice system spectrum, in an effort to address mental health crisis situations and to reduce arrest rates. Calls upon all states and the federal government to examine the costs and benefits of suspending Medicaid coverage instead of termination of coverage for individuals in the criminal justice system and to allow Medicaid coverage to be suspended for incarcerated persons instead of being terminated. Calls upon the states and the federal government to consider promising criminal justice interventions and policies for mentally-ill offenders such as diversion programs and mental health courts to send seriously mentally ill offenders to community-based mental health treatment programs instead of prison or jail.

15-03-05 H Resolution Adopted

HR-0077 FORD - LILLY.

States our belief that eliminating the first quarter cash crunch of small and mid-market businesses paying unemployment taxes by allowing for quarterly payments based upon the accrued obligation is a pro-business public policy move. Calls upon the Illinois Department of Employment Security to implement an optional quarterly payment system for taxpayers pursuant to all existing statutory authority as quickly as possible.

HR-0205 MORRISON.

Extends condolences to the families of the victims of Kermit Gosnell and to the family of Tonya Reaves. Urges the Illinois Department of Public Health to pursue a regime of regular inspections of Illinois "pregnancy termination specialty centers" (abortion clinics) to ensure compliance with Illinois law governing those centers or clinics and ensure that the provisions and intent of 1 U.S.C. 8 and Illinois' complementary statute (which provides that in determining the meaning of any statute or of any rule, regulation, or interpretation of the various administrative agencies of the State, the words "person", "human being", "child", and "individual" shall include every infant member of the species homo sapiens who is born alive at any stage of development) are properly enforced and respected.

States the belief that O'Hare International Airport's noise monitoring technology should be coupled with artificial-intelligence software to match the noises perceived by each station at each time to specific individual flight operations and the operations of individual airlines and to gauge the compliance of each individual airline firm with the guidelines set down in the Fly Quiet Program. Urges the Aviation Department of the City of Chicago to select a trusted third party that represents the interests of O'Hare International Airport's noise neighbors and to share the information enumerated in this resolution with this third party. Urges the Aviation Department and the trusted third party to collaborate to develop a rank-ordered chart of each airline firm's compliance with Fly Quiet Program guidelines. Urges the Aviation Department and the trusted third party to give the charts explicit and formal consideration as elements in any decisions made, subsequent to the start of the generation of this data and these charts, on the reallocation of departure gates and support facilities at O'Hare International Airport.

Congratulates Governor Rauner on his leadership and vision in criminal justice reform. Calls upon the members of the Illinois State Commission on Criminal Justice and Sentencing Reform to deliberate and develop a 21st century method of implementing a sentencing review regime that alleviates taxpayers of the burden of housing and feeding inmates that no longer pose any threat to public safety and are truly remorseful for their crimes.

Urges the General Assembly to implement numerous budgeting practices to standardize the annual budget process. Urges the General Assembly to not approve the expenditure of funds for new programs and services without providing an examination of the cost/benefit analysis of said program or service and a finding that the addition of the new program or service provides significant long-term benefit to the State's fiscal health by realizing cost savings or meets an overriding public policy need. Urges the General Assembly to conduct such an analysis at the committee level, with each substantive and appropriations committee creating a working subcommittee to consider such measures and evaluate the aforementioned criteria.

Urges the General Assembly to apply any revenues which exceed expenditures to the payment of any old bills that are more than 45 days past the due date, including General Revenue Fund and non-General Revenue Fund expenditures, at the close of each fiscal year and to direct such revenues to the Budget Stabilization Fund if there are no pending bills over 45 days past the due date. Urges the General Assembly to provide for the use and maintenance of the Budget Stabilization Fund by appropriating any excess amounts "off the top" of estimated available revenues to the Budget Stabilization Fund should the growth in the annual revenue estimate exceed 3% from the previous year's estimated revenues and applying any revenues which exceed expenditures to the Budget Stabilization Fund should no unpaid bills remain due over 45 days at the close of each fiscal year.

States the belief that it would be inappropriate for members of the General Assembly to receive their salaries in a timely manner when all other State employees are not being paid on time and that the expenditure of State funds for salaries to members of the General Assembly should not be made until such expenditure is made for the salaries for all State employees.

HR-0755 DUNKIN.

Applauds the nationwide effort of the #AutoErase Campaign to bring awareness to the fact that individuals wrongfully arrested may still have an arrest record even after they are released and to remove the burden from the individual of having that wrongful arrest record erased; calls on all local, state, and federal agencies to automatically erase and destroy all information pertaining to arrest records of individuals wrongfully arrested and to ensure the arrest record does not appear in any local, state, or federal agency's database; calls on the United States Congress, states, and localities to ensure that an innocent individual's record appears as it did before the wrongful arrest occurred, at no expense and with no action required by the individual; supports that the innocent individual can in the future be legally and factually allowed to deny the arrest under all circumstances and on any local, state, federal, corporate, or private form, including, but not limited to, applying for a state-issued professional license, applying for a law enforcement job, applying for a federal or national security clearance, applying for a school-related job, buying a firearm or applying for a concealed carry permit, running for public office, or applying as a candidate for a state bar.

15-12-02 H Resolution Adopted

HR-0864 MOELLER AND MCASEY.

Urges Enbridge and any other pipeline company transporting fossil fuels to have an environmental impact study conducted by a third-party scientific organization with no ties to the industry before they lay any new section of pipe and before any section of existing pipe begins to transport tar sands oil or natural gas extracted by fracking, requires any environmental impact

study to include the long-term impact of burning fossil fuels on the looming climate crisis, and requires Enbridge and any other pipeline company to be held fully responsible for any environmental damages caused by leaks or spills or for agricultural damage to the farms through which their pipelines pass.

Creates the Supporting Aged Out Foster Care Children Task Force under the Department of Children and Family Services.

HOUSE COMMITTEE AMENDMENT NO. 2

Renames the Supporting Aged Out Foster Care Children Task Force as the Success by 25 Task Force. Provides that the primary focus of the Task Force is to identify programs that may be beneficial to young adults between the ages of 18 and 21 who are in the care of the Illinois Department of Children and Family Services and the secondary focus is to examine new programs and laws for those young adults between the ages of 21 and 25 who were formerly in the care of the Illinois Department of Children and Family Services to ensure their continued success for independent living. Provides that the Director of Children and Family Services shall choose the 2 members who are licensed social workers who work with children in at risk groups. Adds one representative from the Office of the Cook County Public Guardian appointed by the Director of Children and Family Services in consultation with the Cook County Public Guardian to the Task Force.

Commends the generation of new CNEL data as a way for the communities around O'Hare International Airport to better understand the impact of airport noise on their communities and quality of life. Commends the City of Chicago for supporting P.A. 99-202 and calls upon it to continue to take steps to implement the law and generate the data mandated by this Public Act. Calls upon the Federal Aviation Administration to assist the City of Chicago in the implementation of P.A. 99-202, including the siting, re-siting, and re-equipping of noise monitoring stations, and the generation and publication of data generated by these stations in conformity with CNEL professional standards. Re-affirms the noise contour maps that cover areas surrounding O'Hare Airport, and describes that the impacts of noise upon these communities, should be based upon the best and newest possible data and technology. Calls upon the FAA to use new CNEL data to revisit the existing noise contour maps that cover areas surrounding O'Hare Airport, and to promptly redraw these maps as new airport noise data is submitted.

- 16-06-29 H Resolution Adopted 108-000-000

HR-1011 FORD - FLOWERS - WALLACE - DAVIS, MONIQUE - LILLY AND EVANS.

Requests President Obama to commission a study to detail the economic impact of the slave trade and the use of slave labor; and how Emancipation, while freeing them of their literal bonds, and ending an immoral practice, did not guarantee equality in education, employment, housing, and access to quality affordable health care; that this study also include an analysis for how reparations for past harms have benefited the ethnic groups that have received them during the course of American history; and a proposal for reparations to the descendants of slaves in America, and how those reparations can help overcome obstacles that still exist today in

education, employment, housing, health care, and justice.

HOUSE FLOOR AMENDMENT NO. 1

Adds language that states that the proposed study regarding the economic and social costs of slavery should only include a proposal for reparations to the descendants of slaves in America if such a proposal is recommended in the study itself.

HR-1023 WINGER - MCAULIFFE AND LILLY.

Urges the Chicago Department of Aviation to develop a more comprehensive, aggressive Fly Quiet program, including the development of a Continuous Descent Approach, a review of Noise Abatement Department Procedures, the act of maintaining at least 2 operating runways and leaving a third runway open during Fly Quiet hours, including at least one diagonal runway, and the operating use of a Runway Rotation Plan, to disperse airport noise effects during Fly Quiet hours. Urges the Chicago Department of Aviation to revise and strengthen the Fly Quiet Program Manual and operating procedures to create a pathway toward partial compliance with Fly Quiet during non-optimal weather conditions, and better familiarity between air traffic controllers and Fly Quiet principles. Recommends that the Fly Quiet Program Manual should be studied and revised at regular, periodic intervals; these reviews should include, but not be limited to, the assessment of departure paths and headings from O'Hare's newest runways and determine the best runway configurations, with the goal of directing flights over less-populated areas and reducing population impacts. Urges that the stakeholders should work together to study and implement Fly Quiet Program Manual voluntary operating procedures outside of normal Fly Quiet hours. Urges the Chicago Department of Aviation to make every effort to work with its private partners to discourage and phase down the use of older and noisier aircraft, including but not limited to the MD-80 and DC-10 aircraft, on a 24/7 basis but especially during Fly Quiet hours. Urges the Chicago Department of Aviation to enhance the report card program to measure and publicly report on the noise mitigation performance metrics posted by airlines and air cargo operators throughout the 24/7 day, but especially with respect to operations during Fly Quiet hours.
