### **HOUSE RESOLUTIONS**

The following resolutions were offered and placed in the Committee on Rules.

#### **HOUSE RESOLUTION 106**

Offered by Representative Miller:

WHEREAS, The Illinois economy is transforming; despite having the nation's fifth largest state economy, the State ranked only 35th in economic growth over the last 15 years; and

WHEREAS, Illinois' economic growth is lagging because we are losing good jobs; between 1990 and 2005, the number of manufacturing jobs in Illinois declined by 24.3%, or 222,500; during this same period, 34% of job growth occurred in education, health services, and hospitality, sectors that currently pay, on

average, 29% less than manufacturing jobs; adjusted for inflation, median wages have declined leaving families with the same income they had in 1989; nearly 685,000 working Illinoisans earn less than the living wage for a single adult - \$17,950 annually; and

WHEREAS, 40% of new job growth will be in mid- to high-wage sectors; manufacturers will continue to be a major employer, but most of these jobs will require increasingly sophisticated levels of skill; in fact, over 35% of Illinois' new jobs will require an associate degree or higher and 71% of the highest wage jobs will require a post-secondary degree; and

WHEREAS, To attract high wage jobs, Illinois will need high-skilled workers; but, at the same time that our economy demands skilled workers in order to remain competitive and thrive, federal funds for workforce development continue to shrink, after adjusting for inflation; and

WHEREAS, It is time for Illinois to make a new commitment; about 594,000 twenty-five to fifty-four year olds have no high school diploma or equivalent; 60% of these working age individuals are without an associate degree or higher; just 35% of Illinois' young adults are enrolled in postsecondary education; over the next 15 years, 33% of the State's labor force will retire and the fastest growing segments of our population who must replace them have generally lower education levels; and

WHEREAS, Strong workforce development is a key driver of long-term business retention and growth; additionally, Illinois must use its economic development policies strategically targeting disadvantage areas to foster high-wage job creation and to leverage infrastructure investments; these are the tools that can ensure Illinois' families, businesses, and communities enjoy a prosperous future; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FIFTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that, to compete successfully in a global economy and end poverty, Illinois needs an integrated economic and workforce development policy that works for everyone and that includes producing skilled workers in strong businesses with good jobs that foster thriving communities; and be it further

RESOLVED, That this new policy must provide lasting value to Illinois' 10 economic regions and offer sustainable programming that allows for the flexibility necessary to address regional differences in the economy, business climate and the workforce; and be it further

RESOLVED, That the General Assembly create, upon passage of this resolution, a bipartisan task force that shall hold public hearings, gather evidence, develop, and propose legislation and ultimately furnish a report that will:

- (1) Ensure Illinoisans develop the skills businesses demand in a modern economy.
- (2) Create career paths and job opportunities for all working-age Illinoisans, from the least skilled and most disadvantaged to middle income workers whose skills have become obsolete.
- (3) Invest resources in the capital and human infrastructure needed to attract and retain "high road" employers that provide quality jobs, wages, and benefits.
- (4) Encourage entrepreneurship, small business growth, technology transfers from Illinois' higher education system, and other economic/workforce development innovation in all communities across Illinois to grow competitive State businesses.
- (5) Support economic and workforce development that is environmentally, socially, and economically sustainable.

#### HOUSE RESOLUTION 107

Offered by Representative Bill Mitchell:

WHEREAS, Medical schedule reports from the Department of Healthcare and Family Services state that as of January 12, 2007 nearly \$1.2 billion dollars in unpaid Medicaid claims are pending; and

WHEREAS, Because Illinois is so far behind on paying Medicaid bills, doctors, pharmacies, hospitals, and other medical providers are faced with the decision to limit care provided to Medicaid-covered individuals or find ways to remain economically viable such as securing loans and exhausting lines of credit; and

WHEREAS, The amount of unpaid Medicaid bills at the end of FY 2007 is expected to continue to grow to a total of at least \$1.5 billion; and

WHEREAS, The payment cycle for Medicaid providers is expected to grow to an average of 68 days by the end of FY 2007, and the cycle for non-expedited providers will be considerably higher considering that some providers are promised payments based on a 30-day payment cycle; and

WHEREAS, The FY 2006 budget under-funded pensions by \$1.2 billion compared to the funding schedule established by the 1995 Pension Funding Law; and

WHEREAS, The FY 2007 budget under-funds pensions by another \$1.1 billion, bringing the two-year pension diversion to a total of \$2.3 billion; and

WHEREAS, Even though \$2.3 billion in funding has been diverted from the funding of pensions, the Medicaid payment cycle and bills on hand at the end of the fiscal year continue to endanger the ability of Medicaid providers to continue to provide services to the needy; and

WHEREAS, At the same time that Medicaid bills go unpaid and pensions go under-funded, recent budgets have contained funding for member initiatives and special add-on projects benefiting only a small portion of the State; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FIFTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that until sufficient funding is appropriated to bring the Medicaid payments cycle down to an average of 30 days and pensions are funded based on a funding schedule consistent with the guidelines of the original 1995 Pension Funding Law, future budgets should not contain appropriations for member initiatives or special add-on projects benefiting only a small portion of the State; and be it further

RESOLVED, That a suitable copy of this resolution be presented to the Governor of the State of Illinois.

#### HOUSE RESOLUTION 110

Offered by Representative Schock:

WHEREAS, All Americans should be paid a living wage for the work they perform; and

WHEREAS, The State of Illinois has recently enacted legislation that will increase the minimum wage in this State from its current level, in stages, from \$6.50 per hour currently to \$8.25 per hour on July 1, 2010; and

WHEREAS, Many other American states have minimum wage levels much lower than \$8.25 per hour, making these states more attractive for many employers to relocate to if they have substantial needs for entry level employees; under current Illinois law, those other states will be viewed as better places for many employers to create jobs and hire new workers at the expense of people living in Illinois; and

WHEREAS, As the United States forms a single marketplace, all wage levels, including the minimum wage, should trend towards a common level, including a nationwide minimum wage for all American workers who are citizens or persons legally entitled to work in the United States; and

WHEREAS, On a trip to Springfield, Illinois in November 2006, U.S. House Majority Leader, Steny Hoyer, incisively stated the concern, "Frankly, in my opinion this needs to be national law so we don't have states competing with one another on either going to the bottom on the minimum wage or going to a level that makes them uncompetitive. It's much better to have a national law."; and

WHEREAS, The efforts of the State of Illinois to provide a living wage will be greatly strengthened if the nation as a whole adopts a standard, adequate minimum wage that eliminates competitive disparities on the minimum wage between states and especially our neighboring states; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FIFTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that the Congress of the United States should wield its constitutional power to create a single common minimum wage, at least at a level of \$8.25 per hour by July 1, 2010, for the United States of America; and be it further

RESOLVED, That the common minimum wage should provide an adequate hourly income for all American workers; and be it further

RESOLVED, That a suitable copy of this resolution be presented to the Majority Leader of the United States Senate, the Minority Leader of the Senate, the Speaker of the United States House of Representatives, the Minority Leader of the House of Representatives, and to each member of the Illinois congressional delegation.

#### HOUSE RESOLUTION 113

HOUSE JOINT RESOLUTION 24

Offered by Representative Pihos:

WHEREAS, In the 2005-2006 school year, over 322,000 children with disabilities were served in special education programs across Illinois; and

WHEREAS, The number of children in special education programs has risen 5.4% in the last 5 years, and special education accounts for approximately 23% of all State education spending; and

WHEREAS, The federal government has established a goal of reimbursing 40% of the costs of special education incurred by school districts, but it currently provides only 18% of costs nationally and only 14% in Illinois; and

WHEREAS, Illinois has failed for decades to update reimbursement rates for special education costs, with the last reimbursement rate set in 1973 for special education orphanage tuition, in 1985 for special education personnel, in 1978 for special education private tuition, in 1976 for special education summer school, and in 1965 for special education transportation; and

WHEREAS, Illinois has continued to prorate special education mandated categoricals at less than 100%, with the FY07 budget prorating these mandated categoricals at 97%; and

WHEREAS, Even if Illinois fully funded mandated categoricals at 100%, this would still only represent partial funding, as the reimbursement rates are severely outdated; and

WHEREAS, Illinois school districts currently spend an estimated \$1 billion from their own general education funds to meet the unreimbursed costs of special education services that are mandated by federal and State laws and administrative rules; and

WHEREAS, Special education continues to represent a growing financial burden on school districts as the need for services increases while State and federal funding fails to increase along with that need; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FIFTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that a task force shall be created to study current special education funding needs and to make recommendations as to how the State can increase special education funding and ease the financial burden on school districts; and be it further
