The motion prevailed and the resolution was adopted.

GOVERNOR ROD BLAGOJEVICH STATE OF THE STATE ADDRESS BUDGET ADDRESS

This budget address is prescribed by our constitution; the proposals I will offer today are prescribed by our collective conscience and by what I believe, is a moral imperative.

Today, we will begin the biggest, most fundamental change, in our 4 year effort, to put middle class and working families at the center of who we fight for.

It is a change that is long overdue and a change that is desperately needed.

For decades, it's been the middle class and the working families of Illinois that have shouldered more and more of the tax burden. And while they've paid more, the wealthiest corporations in our state have paid less and less. The impact of this imbalance weakens our economy, burdens our families and holds our state back.

And the saddest irony of all, the very people burdened by an unfair tax system, middle class families and working families were hurt by the under funding of education, healthcare and pension funds.

Let me give you two facts to frame the moral imperative of what we face.

Fact one. The average taxpayer in Illinois pays \$1500 in state income taxes, not to mention ever rising property taxes.

Fact two. 12,521 of the biggest corporations with sales of over \$263 billion in Illinois, paid on average \$151 in corporate income taxes.

The moral imperative is this: while the middle class pays more and huge corporations just walk, a child pays the price with increasingly crowded classrooms, the family in need of healthcare pays a price in healthcare they can't afford, the worker depending on a pension pays a price with a retirement that is no longer secure.

Illinois has one of the most regressive tax systems in the nation.

It's unfair and it doesn't work.

It puts small and medium size businesses at a competitive disadvantage.

It under funds our schools, shortchanges healthcare, and has forced a generation of our leaders here in Springfield, over the last thirty years, to under fund the pensions of teachers, state employees, and retirees.

It's a tax system that increases the burdens on middle class families, doesn't ease them.

It's a tax system that is archaic and ignores the realities of today's economy.

It's a tax system that is holding us back.

And it is a tax system we must change.

So today, I will unveil a historic Tax Fairness Plan that will replace the loophole riddled corporate income tax with a simple, fair Gross Receipts Tax.

This will close corporate loopholes, give the middle class the tax relief they need and allow us to meet our needs on schools, healthcare and pensions.

It will allow us to make an unprecedented commitment to education that will relieve the pressure on property taxes.

The choice is simple: higher property taxes or having corporations pay their fair share.

It will allow us to expand healthcare for all, to help small businesses with the cost of healthcare and to improve the quality of care.

The choice is simple: we can ignore healthcare or have corporations pay their fair share.

It will allow us to fund our pensions, removing this long created threat to our fiscal health.

The choice is simple: we can let the pension challenge worsen or have corporations pay their fair share.

We can take this historic step now because for the past 4 years, you have rejected the old politics that accepted failure.

Four years ago, our budget had a \$5 billion deficit, our economy was weak, our leadership misguided.

We have done so much to fix this mess. We gave nearly \$4 billion more to our schools, we created higher standards and gave every three and four year old a chance to go to preschool.

We made the biggest payment to our pension fund in Illinois history.

We gave more working parents healthcare in Illinois than any other state in America.

And, we made Illinois the first state in the nation to cover every single child with healthcare.

And don't forget for a minute that along the way, we cut millions of dollars in waste, consolidated agencies and made government answer to you, the taxpayer.

From the mismanagement, debt and failure we inherited, we've turned things around.

Our actions were built on a fundamental belief that we could create a new set of priorities that put the needs of people ahead of the political system.

That's why we squeezed government waste.

It's why we pushed and prodded the system.

It's why we never have, and never will, just accept things the way they are.

It's why we focused on real progress for people, in schools, and healthcare.

But now we are at a crossroads. Do we spend the next 4 years standing still, falling back on tired old solutions, or do we once again offer new ideas and rise to the challenges we face?

It's time for new ideas.

It's time we act boldly.

It's time to seize the moment and do more for the people of Illinois.

So here is my Tax Fairness Plan: it is big, it is bold, it addresses challenges, it solves problems, it will get the job done, remake our state, strengthen our economy, and meet the needs of the people.

And here's what we can achieve when fairness becomes reality, beginning with our schools:

My Tax Fairness Plan will allow us to invest a record \$10 billion more into our schools over the next 4 years.

\$10 billion to improve schools, to support our teachers and help our kids learn.

This increase in funds is nearly three times bigger than any increase in state history.

10 billion new dollars that will help relieve the pressure on local property taxes and finally bring an end to the savage inequality in how we fund our schools.

A permanent, dedicated, sustainable source of revenue.

No short term fixes.

The money our schools need to help build new classrooms, for more teachers, more training, more technology and better results.

And, more reforms.

More accountability. Consolidate more school districts, cut more administrative waste and put more money into the classroom where it belongs.

Our education program seeks to:

- 1) Build new schools.
- 2) Help schools afford special education teachers.
- 3) Fund after school tutoring for underachieving students.
- 4) Extend the school day and school year for underachieving schools.
- 5) Fully fund Preschool for All so every three and four year old can continue to attend preschool.
- 6) And, bring full day kindergarten to every school in Illinois.

So here is the choice we now face: overburden the steelworker, the farmer, the nurse, the janitor, stick it to the people who clock into work, who count pennies and cut out vacations to make ends meet, stick it to them again, by raising their income taxes or increasing their sales taxes, or, get the biggest corporations who are making billions of dollars in Illinois, to simply pay their fair share.

To me, the choice is simple.

I stand with the people.

When we embrace tax fairness we can fully fund our schools and make good on the promise of opportunity.

The time is now. Let us seize the moment.
But let's not stop there.
Public education is a right.
And I believe so is access to affordable, quality healthcare.
I am proud to say our "All Kids" program has helped more than 332,000 kids stay healthy by providing access to healthcare.
All Kids has given every child in our state a chance to see a doctor.
That's real progress.
But there are still tens of thousands of people across Illinois who can't.
We were right to start with kids the first time around. That's as it should be.
But now it's time to give everybody that chance.
There are those who say, "go slow." Don't attempt to do this.
It's too big of a job.
There's only so much you can do.
The politics is complicated. And besides, this is an issue the federal government should take up. This is not something states can do by themselves.
Well, I just don't see how we can pass the buck.
Illinois has not and will not wait for Washington to act.
It was forty two years ago today that Dr. Martin Luther King began his historic March from Selma to Montgomery.
When I was thinking about that, I remembered something he once said about healthcare.
He said:
"Of all the forms of inequality, it is the injustice in healthcare that is the most shocking and inhumane."
I'd like to ask you to just think about what that means.
I heard a story the other day about a young mother with three sons.
Her boys are 13, 11, and 7. They were younger then.
Her husband is self employed. A contractor, in business for himself.
But as he was working to build his business he couldn't afford health insurance.
Little by little this young mother began noticing that she was getting tired easier.
But in the day to day juggling of raising her family, she put it out of her mind.
As time went by other symptoms appeared.
Something was wrong.
She was sick.
Only then when she started feeling so bad, did she stop putting off something she felt the family couldn't afford to do.
So she went to Cook County Hospital. But by then it was too late. She was diagnosed with Stage IV cancer.
It didn't take long after that.
Her cancer had spread and took her life.
And now her boys, will be raised without their mother.
I wonder how much of her putting off going to the doctor when she first experienced some of her symptoms, was because she didn't have insurance, or a regular doctor, or didn't feel she could afford to spend the money to get a simple checkup.
Had this family had healthcare, it's very likely that this mom would have seen a doctor earlier and received the treatment that maybe, could have saved her life.
I'm sure you all know of, or have heard stories like this.
It's all too common.
It's the inequality in healthcare that Dr. King spoke about.
Those of us that make the rules have the benefit of having access to healthcare. We're fortunate.
But how many of us have neighbors who don't?
Some can see a doctor and some can't.
I don't believe that's how God intended it to be.
For me personally, I can't think of a more important challenge for us to solve than this.
I believe this is the most important thing we can do.
We cannot accept inaction, it's not enough to just blame Washington.
We must act.
The need is clear.
The time is now.

There are 1.4 million adults in Illinois who don't have health insurance.
But our healthcare challenges go way beyond just covering the uninsured.
There are 9.7 million adults in Illinois who do have health insurance.
But their costs keep going up and up as they keep getting less and less.
They pay high premiums for plans with high deductibles and high copays.
These families are getting squeezed.
And they're worried.
They know there are no guarantees. They know that if they lose their job, they lose their healthcare.
Or they may be stuck in a job, afraid to pursue their dreams. Maybe they want to start a new business.
But they can't do it because if they leave their job, they lose their healthcare.
Or they are the people, who year after year, buy health insurance but then they get sick.
Then the time comes to renew their policy but their health insurance company doesn't want them anymore.
Or they are the kids that are now grown up. They've left home. Gone to college. Joined the workforce.
They're on their own. They're under 30 but over 20.
They're mostly healthy but mom and dad are worried, that God forbid, something happens and they don't have health insurance.
There are dozens of other examples of families and small businesses that are at the mercy of a healthcare system that may not be there for them when they need it.
People who have health insurance no longer feel secure.
That is why we have spent the last several months talking with experts, meeting with healthcare advocates, lawmakers, medical service providers and others with a commitment to reform, all in an effort to get it right.
I am proud to say we have developed a plan that is secure, affordable, reliable and leaves no one behind.
We call it "Illinois Covered", and it has three main components:
First, we will cover the 1.4 million uninsured adults here in Illinois.
Second, we will help provide assistance to middle class families so they can get, keep, and afford the healthcare they need.
Third, we will help small businesses pay for health insurance for their workers.
At the heart of our plan is one simple goal: everyone should have access to affordable, quality healthcare.
So here is the choice we now face: ignore the needs of the working families struggling to pay for healthcare, burden our small businesses costing us jobs and deny healthcare to hard working families, or, improve healthcare by having the biggest corporations pay their fair share.
We have made historic progress on healthcare.
Now, let's finish what we started.
Which brings me to the third great challenge our Tax Fairness Plan will help us meet.
We inherited a pension system awash in red ink.
We recognized early on that we would have to take swift and serious action to slow the bleeding.
We were saddled with the largest under funded pension system in the nation: \$43 billion.
And, while the numbers are still staggering, we have made significant progress.
Thanks to the help of many of you here, we have invested more than \$13 billion into the pensions. That's more than any administration in Illinois history.
We've reduced the unfunded liability but in spite of the progress we've made, this problem is getting worse, not better.
I wonder how many of you remember the story from Greek Mythology about Hercules and the Hydra headed monster?
Grappling with this pension mess reminds me of that story.
Hercules knew that if he cut off the head of the Hydra with his sword, two would grow back.
You cut off another head, two more would grow back, and on and on.
That's a lot like the interest payments on the pension liability we inherited.
It's not enough to just pay down the interest, you have to take a sword or a club to the principal.
When we were all elected last November 7th, the unfunded pension liability was down to \$37 billion.
Then we got together for the fall veto session where we raised the minimum wage, we celebrated Thanksgiving, enjoyed the holidays with our families, welcomed in the New Year, watched the Bears in the Superbowl and honored Abraham Lincoln on his birthday.
So here we are now, back together again in the first week of March, and lo and behold, our pension debt is back up to almost \$41 billion.
Now we know how Hercules felt, the more heads you cut off, the more heads grow back.

My Tax Fairness Plan will make paying down the principal a reality. Our plan will free up an asset like the Lottery, lease it, generate 10 to \$12 billion and put that toward our pension obligation.

That, along with another pension bond refinancing will put an infusion of \$26 billion into the system and bring down our liability from \$41 billion to \$15 billion.

And most important of all, it will make a big dent in the principal and finally put an end to the many headed monster of out of control interest payments.

My Tax Fairness Plan will also free up revenue from other parts of the budget so we can finally pass and fund a capital bill.

So here is the fundamental choice we face.

We can fund education, healthcare, our pension system, and strengthen our infrastructure by having the biggest corporations in Illinois pay their fair share, or, we can continue to burden the middle class.

That is our choice. I side with the middle class. Join me in this fight.

And it will be a fight.

But it's a fight worth having.

And it's a fight that's long overdue.

In 1977, the corporate share of the state income tax was 21%, individuals paid 79%.

Fast forward to today.

Even after closing 17 corporate loopholes over the last four years, the corporate share of the state income tax has gone from 21% in 1977 to 12% now. At the same time the people are stuck with 88% of the tax bill.

This is happening at a time in America when the average CEO of a large corporation earns 400 times more than the average worker.

That worker today has to work more than one year just to make the money that his or her CEO makes in one day.

In 2004, and that's the year we have the most complete available data, \$818 million of the \$850 million collected in corporate income taxes was paid by 4,956 companies.

That same year, there were 8,928 corporations with gross sales in Illinois of more than \$256 billion that paid no corporate income taxes.

In fact, 20% of the businesses in Illinois paid 96% of the corporate income taxes.

80% paid little or nothing.

That puts the businesses that do pay taxes at a competitive disadvantage.

But it's worse than that.

In 2004, 99 of the Fortune 100 companies filed income tax returns in Illinois.

37 of those paid no state income taxes even though they averaged \$1.2 billion in sales in Illinois.

These 37 firms reported total profits of \$95 billion nationwide and paid no corporate income taxes in Illinois.

And don't think for a moment that this is somehow just confined to 2004.

That 2004 was just a bad year.

The sad reality is that 2004 represents the same trends as every other year.

In fact, from 1997 2004, 48% of corporations with annual sales in Illinois of \$50 million or more paid zero corporate income taxes.

Yet these companies still enjoy all of the benefits provided by the state paid for by the taxpayers: education, roads, healthcare, emergency assistance, police protection.

When large corporations don't pay their fair share to the State, our schools are under funded, our healthcare needs go unmet, local governments suffer and property taxes go up.

This is grossly unfair.

It's unfair to individuals who play by the rules, who go to work, who pay their taxes. It's unfair to homeowners trying to afford ever rising property taxes.

It's unfair to small and medium size businesses who don't have fancy accountants or powerful lobbyists.

It's grossly unfair that 20% of businesses pay 96% of the corporate taxes.

Any tax system that allows this is flawed and broken and needs to be changed.

Lets change this system. The time to do it is now.

So I am proposing that we adopt a Gross Receipts Tax on corporations that will replace the loophole ridden corporate income tax.

This will ease the burden on the middle class and force big corporations to start paying their fair share.

A Gross Receipts Tax is not an income tax.

It is based on the amount of receipts of a business.

No business with sales of less than \$1 million will pay it.

This means 75% of all Illinois companies will be exempt. Small business will be protected.

Illinois exports will not be affected which means the goods and services we make here, and sell to other states, or other countries, will not be subject to the GRT.

This is vital to protect our manufacturing and agricultural industries and keep Illinois an attractive and competitive marketplace.

The GRT we are proposing would set rates at 0.5% on the goods economy and 1.8% on the service economy.

By eliminating the loophole riddled corporate income tax and replacing it with the GRT, we will generate \$6 billion in recurring, new revenue.

This will give us the funding we need for schools and healthcare and allow us to commit the Lottery to the pension funds. No games, no ifs, no buts, we pay as you go, and the biggest corporations that have burdened the middle class finally pay their fair share.

Delaware, Washington, Texas, Hawaii and Ohio currently use the GRT and with great results.

During the period from 1980 through 2000, wage and salary employment grew by 64% in Washington State. That growth is almost 50% faster than the US average of 42.5%.

Ohio recently moved to a GRT. A study performed by Ernst and Young says the GRT will increase Ohio's gross state product by 5.6 billion and create nearly 80,000 new jobs.

The GRT is the right and responsible thing to do.

It is fair to all taxpayers in Illinois. It is fair to individuals and to business.

It is the tax reform we desperately need.

But the corporate business community has proposed a different solution.

They want me to raise the income tax and increase the sales tax.

They want us to raise taxes on people.

How on earth could any of us possibly entertain the thought of taking another \$1,000 out of the pocket of the guy who is making \$50,000 a year, who is struggling to raise his family and build a better life, when a big corporation that generates more than \$50 million in sales pays nothing.

I'm going to say again, what I've said before a million times: I will not raise the income tax or the sales tax.

I will not raise taxes on people.

Instead, I intend to make our tax system fair. One that is less regressive, more progressive.

And one that meets the needs of funding our schools and giving people access to affordable healthcare.

You're going to hear the usual old refrain from the guardians of the status quo who want to keep the tax system the way it is.

Keep it, where they pay less and you pay more.

Here's what they'll say.

They'll say that doing this will cost us jobs.

And you know what?

They are just as wrong today as they have been for the last four years when we closed corporate loopholes and raised the minimum wage.

The unemployment rate today is at one of its lowest levels.

And despite their usual cries of doom and gloom, today, business in Illinois is enjoying record profits.

They're simply wrong again.

On the GRT, here are the facts:

Fact: 75% of businesses are exempt.

Fact: Sales of food and medicine are exempt.

Fact: Exports are exempt so there is no competitive disadvantage for Illinois.

Fact: The loophole riddled corporate income tax costs us jobs because it's inefficient and unfair.

Fact: Small businesses need affordable healthcare and better schools and this delivers that.

Fact: Leading business groups warned we need to address the pension debt.

Fact: Even the anti tax and conservative Chicago Tribune called the Gross Receipts Tax "a good idea."

You will be lobbied, you will be pressured, your arm will be twisted, the defenders of the status quo will invent all sorts of excuses to convince us to back down, to give up, to raise taxes on the middle class instead.

Let us say loudly and clearly: no.

No to the special interests, no the politics of inaction, no to excuses and half measures.

I also know there will be temptation to settle for half a loaf.

Let's just fund healthcare and let education remain under funded. Or, let's just fund education, and ignore our healthcare needs.

Education and healthcare; healthcare and education. One and inseparable. Families need both, they should never have to choose. And neither should we. The time for fundamental reform is now.

The average family in Illinois pays \$1500 in state taxes, and even more in property taxes. 12,521 of the biggest corporations in Illinois pay, on average, \$151 in state taxes. If you are middle class and you feel squeezed, you're right.

I'm pro business, but I'm also pro reform. Doing what's right demands that the middle class not carry the entire burden of our schools, our healthcare, and our pensions.

That's even more pressing now with middle class families already getting hit with higher consumer costs. Everyone in this room knows about the huge impact of double and even triple increases in electric utility rates.

I know you've been working on plans to reduce the impact of these rates.

I'm eager to sign legislation, just as soon as you send it to me, that protects families and businesses from crippling rate hikes.

But remember, as we take these short term steps to help the middle class, we must address the fundamental unfairness of our state's tax system.

As I said when I took my oath of office, I work for the people who work hard and play by the rules, for the families without lobbyists, inside deals, stock options and hedge funds.

For the vast majority of the people in Illinois, they live in every part of our state, in every neighborhood, on every block.

You will not hear them in the legislative chamber, but your child will be taught by them.

You will not get a call from them, but they will answer our nation's call by serving in the military.

You will not be arm twisted by them, but they will use their arms and clean hotel rooms, collect garbage, build buildings, and make our cars.

I side with the middle class, with working families, with those who everyday work to build a better life.

Now we have a chance to take up their cause, to address the challenges that for 3 decades have burdened the families of Illinois.

Let us be the ones, let it be this General Assembly, that solves the school funding crisis, that gives everyone access to healthcare, that makes fundamental tax fairness a reality.

Let it be this General Assembly that rises to the challenge and does what others were unable to do.

Let it be said by the school teacher, the parent, the nurse, the factory worker, the shop keeper, that in this great chamber, at this unique time, we rose to the occasion, and had the courage, to do great things for the people of Illinois.

At the hour of 12:50 o'clock p.m., President Jones moved that the Joint Assembly do now arise.
The motion prevailed.

The Senate having withdrawn, the House resumed its session.
Speaker of the House Madigan in the Chair.

At the general primary election held in 1986 and every 4 years thereafter, if all a party's candidates for State central committeemen or State central committeewomen from a congressional district are of the same sex, the candidate receiving the highest number of votes shall be declared elected a State central committeeman or State central committeewoman from the district, and, because of a failure to elect one male and one female to the committee, a vacancy shall be declared to exist in the office of the second member of the State central committee from the district. This vacancy shall be filled by appointment by the congressional committee of the political party, and the person appointed to fill the vacancy shall be a resident of the congressional district and of the sex opposite that of the committeeman or committeewoman elected at the general primary election. Each congressional committee shall make this appointment by voting on the basis set forth in paragraph (e) of this Section.

The members of the State central committee shall, within 41 days after each quadrennial election of the full committee, meet in the city of Springfield and organize by electing a chairman, and may at such time elect such officers from among their own number (or otherwise), as they may deem necessary or expedient. In the organization and proceedings of the State central committee, each State central committeeman and State central committeewoman shall have one vote for each ballot voted in his or her congressional district by the primary electors of his or her party at the primary election immediately preceding the meeting of the State central committee. In voting to fill the vacancy, each chairman of a county central committee and each ward and township committeeman in counties of 2,000,000 or more inhabitants shall have one vote for each ballot voted in each precinct of the congressional district in which the vacancy exists of his or her county, township, or ward cast by the primary electors of his or her party at the primary election

The person appointed to fill the vacancy shall be a resident of the congressional district in which the vacancy occurs, shall be a qualified voter, and, in a committee composed as provided in Alternative B, shall be of the same sex as his or her predecessor. A political party may, by a majority vote of the delegates of any State convention of such party, determine to return to the election of State central committeeman and State central committeewoman by the vote of primary electors. Any action taken by a political party at a State convention in accordance with this Section shall be reported to the State Board of Elections by the chairman and secretary of such convention within 10 days after such action.

Entities subject to Section 9-7.5 shall file reports required by that Section at times provided in this Section and are subject to the penalties

provided in this Section.

(b) This subsection does not apply with respect to general primary elections. Reports of campaign contributions shall be filed no later than the 15th day next preceding each election ~~including a primary election~~ in connection with which the political committee has accepted or is accepting contributions or has made or is making expenditures. Such reports shall be complete as of the 30th day next preceding each election ~~including a primary election~~. The Board shall assess a civil penalty not to exceed \$5,000 for a violation of this subsection, except that for State officers and candidates and political committees formed for statewide office, the civil penalty may not exceed \$10,000. The fine, however, shall not exceed \$500 for a first filing violation for filing less than 10 days after the deadline. There shall be no fine if the report is mailed and postmarked at least 72 hours prior to the filing deadline. For the purpose of this subsection, "statewide office" and "State officer" means the Governor, Lieutenant Governor, Attorney General, Secretary of State, Comptroller, and Treasurer. However, a continuing political committee that does not make expenditures in excess of \$500 on behalf of or in opposition to any candidate or public question on the ballot at an election shall not be required to file the reports ~~heretofore~~ prescribed in this subsection (b) and subsection (b-5) but may file in lieu thereof a Statement of Nonparticipation in the Election with the Board or the Board and the county clerk ; except that if the political committee, by the terms of its statement of organization filed in accordance with this Article, is organized to support or oppose a candidate or public question on the ballot at the next election or primary, that committee must file reports required by this subsection (b) and by subsection (b-5).

(b-5) Notwithstanding the provisions of subsection (b) and Section 1.25 of the Statute on Statutes, any contribution of more than \$500 received (i) with respect to elections other than the general primary election in the interim between the last date of the period covered by the last report filed under subsection (b) prior to the election and the date of the election or (ii) with respect to general primary elections, in the period beginning January 1 of the year of the general primary election and prior to the date of the general primary election shall be filed with and must actually be received by the State Board of Elections within 2 business days after receipt of such contribution. A continuing political committee that does not support or oppose a candidate or public question on the ballot at a general primary election and does not make expenditures in excess of \$500 on behalf of or in opposition to any candidate or public question on the ballot at the general primary election shall not be required to file the report prescribed in this subsection unless the committee makes an expenditure in excess of \$500 on behalf of or in opposition to any candidate or public question on the ballot at the general primary election. The committee shall timely file the report required under this subsection beginning with the date the expenditure that triggered participation was made. The State Board shall allow filings of reports of contributions of more than \$500 under this subsection (b-5) by political committees that are not required to file electronically to be made by facsimile transmission. For the purpose of this subsection, a contribution is considered received on the date the public official, candidate, or political committee (or equivalent person in the case of a reporting entity other than a political committee) actually receives it or, in the case of goods or services, 2 business days after the date the public official, candidate, committee, or other reporting entity receives the certification required under subsection (b) of Section 9-6. Failure to report each contribution is a separate violation of this subsection. In the final disposition of any matter by the Board on or after the effective date of this amendatory Act of the 93rd General Assembly, the Board may impose fines for violations of this subsection not to exceed 100% of the total amount of the contributions that were untimely reported, but in no case when a fine is imposed shall it be less than 10% of the total amount of the contributions that were untimely reported. When considering the amount of the fine to be imposed, the Board shall consider, but is not limited to, the following factors:

- (1) whether in the Board's opinion the violation was committed inadvertently, negligently, knowingly, or intentionally;
- (2) the number of days the contribution was reported late; and
- (3) past violations of Sections 9-3 and 9-10 of this Article by the committee.

(c) In addition to such reports the treasurer of every political committee shall file semi-annual reports of campaign contributions and expenditures no later than July ~~20th 31st~~, covering the period from January 1st through June 30th immediately preceding, and no later than January ~~20th 31st~~, covering the period from July 1st through December 31st of the preceding calendar year. Reports of contributions and expenditures must be filed to cover the prescribed time periods even though no contributions or expenditures may have been received or made during the period. The Board shall assess a civil penalty not to exceed \$5,000 for a violation of this subsection, except that for State officers and candidates and political committees formed for statewide office, the civil penalty may not exceed \$10,000. The fine, however, shall not exceed \$500 for

a first filing violation for filing less than 10 days after the deadline. There shall be no fine if the report is mailed and postmarked at least 72 hours prior to the filing deadline. (c-5) A political committee that acts as either (i) a State and local political committee or (ii) a local political committee and that files reports electronically under Section 9-28 is not required to file copies of the reports with the appropriate county clerk if the county clerk has a system that permits access to, and duplication of, reports that are filed with the State Board of Elections. A State and local political committee or a local political committee shall file with the county clerk a copy of its statement of organization pursuant to Section 9-3.

(d) A copy of each report or statement filed under this Article shall be preserved by the person filing it for a period of two years from the date of filing.

Beginning July 1, 2001, each member of the House of Representatives is authorized to approve the expenditure of not more than \$61,000 per year and each member of the Senate is authorized to approve the expenditure of not more than \$73,000 per year to pay for "personal services", "contractual services", "commodities", "printing", "travel", "operation of automotive equipment", "telecommunications services", as defined in the State Finance Act, and the compensation of one or more legislative assistants authorized pursuant to this Section, in connection with his or her legislative duties and not in connection with any political campaign. On July 1, 2002 and on July 1 of each year thereafter, the amount authorized per year under this Section for each member of the Senate and each member of the House of Representatives shall be increased by a percentage increase equivalent to the lesser of (i) the increase in the designated cost of living index or (ii) 5%. The designated cost of living index is the index known as the "Employment Cost Index, Wages and Salaries, By Occupation and Industry Groups: State and Local Government Workers: Public Administration" as published by the Bureau of Labor Statistics of the U.S. Department of Labor for the calendar year immediately preceding the year of the respective July 1st increase date. The increase shall be added to the then current amount, and the adjusted amount so determined shall be the annual amount beginning July 1 of the increase year until July 1 of the next year. No increase under this provision shall be less than zero.

A member may purchase office equipment if the member certifies to the Secretary of the Senate or the Clerk of the House, as applicable, that the purchase price, whether paid in lump sum or installments, amounts to less than would be charged for renting or leasing the equipment over its anticipated useful life. All such equipment must be purchased through the Secretary of the Senate or the Clerk of the House, as applicable, for proper identification and verification of purchase.

Each member of the General Assembly is authorized to employ one or more legislative assistants, who shall be solely under the direction and control of that member, for the purpose of assisting the member in the performance of his or her official duties. A legislative assistant may be employed pursuant to this Section as a full-time employee, part-time employee, or contractual employee, at the discretion of the member. If employed as a State employee, a legislative assistant shall receive employment benefits on the same terms and conditions that apply to other employees of the General Assembly. Each member shall adopt and implement personnel policies for legislative assistants under his or her direction and control relating to work time requirements, documentation for reimbursement for travel on official State business, compensation, and the earning and accrual of State benefits for those legislative assistants who may be eligible to receive those benefits. The policies shall also require legislative assistants to periodically submit time sheets documenting, in quarter-hour increments, the time spent each day on official State business. The policies shall require the time sheets to be submitted on paper, electronically, or both and to be maintained in either paper or electronic format by the applicable fiscal office for a period of at least 2 years. Contractual employees may satisfy the time sheets requirement by complying with the terms of their contract, which shall provide for a means of compliance with this requirement. A member may satisfy the requirements of this paragraph by adopting and implementing the personnel policies promulgated by that member's legislative leader under the State Officials and Employees Ethics Act with respect to that member's legislative assistants.

As used in this Section the term "personal services" shall include contributions of the State under the Federal Insurance Contribution Act and under Article 14 of the Illinois Pension Code. As used in this Section the term "contractual services" shall not include improvements to real property unless those

improvements are the obligation of the lessee under the lease agreement. Beginning July 1, 1989, as used in the Section, the term "travel" shall be limited to travel in connection with a member's legislative duties and not in connection with any political campaign. Beginning on the effective date of this amendatory Act of the 93rd General Assembly, as used in this Section, the term "printing" includes, but is not limited to, newsletters, brochures, certificates, congratulatory mailings, greeting or welcome messages, anniversary or birthday cards, and congratulations for prominent achievement cards. No newsletter or brochure that is paid for, in whole or in part, with funds provided under this Section may be printed or mailed during a period beginning December 15 ~~February 1~~ of the year preceding ~~of~~ a general primary election and ending the day after the general primary election and during a period beginning September 1 of the year of a general election and ending the day after the general election, except that such a newsletter or brochure may be mailed during those times if it is mailed to a constituent in response to that constituent's inquiry concerning the needs of that constituent or questions raised by that constituent. Nothing in this Section shall be construed to authorize expenditures for lodging and meals while a member is in attendance at sessions of the General Assembly.

Any utility bill for service provided to a member's district office for a period including portions of 2 consecutive fiscal years may be paid from funds appropriated for such expenditure in either fiscal year.

If a vacancy occurs in the office of Senator or Representative in the General Assembly, any office equipment in the possession of the vacating member shall transfer to the member's successor; if the successor does not want such equipment, it shall be transferred to the Secretary of the Senate or Clerk of the House of Representatives, as the case may be, and if not wanted by other members of the General Assembly then to the Department of Central Management Services for treatment as surplus property under the State Property Control Act. Each member, on or before June 30th of each year, shall conduct an inventory of all equipment purchased pursuant to this Act. Such inventory shall be filed with the Secretary of the Senate or the Clerk of the House, as the case may be. Whenever a vacancy occurs, the Secretary of the Senate or the Clerk of the House, as the case may be, shall conduct an inventory of equipment purchased.

In the event that a member leaves office during his or her term, any unexpended or unobligated portion of the allowance granted under this Section shall lapse. The vacating member's successor shall be granted an allowance in an amount, rounded to the nearest dollar, computed by dividing the annual allowance by 365 and multiplying the quotient by the number of days remaining in the fiscal year.

From any appropriation for the purposes of this Section for a fiscal year which overlaps 2 General Assemblies, no more than 1/2 of the annual allowance per member may be spent or encumbered by any member of either the outgoing or incoming General Assembly, except that any member of the incoming General Assembly who was a member of the outgoing General Assembly may encumber or spend any portion of his annual allowance within the fiscal year.

The appropriation for the annual allowances permitted by this Section shall be included in an appropriation to the President of the Senate and to the Speaker of the House of Representatives for their respective members. The President of the Senate and the Speaker of the House shall voucher for payment individual members' expenditures from their annual office allowances to the State Comptroller, subject to the authority of the Comptroller under Section 9 of the State Comptroller Act.

Thereafter, at each regular election for members of the board, the successors of the members whose terms expire in the year of election shall be elected for a term of 5 years. All terms shall commence on July 1 next succeeding the elections. Any vacancy occurring in the membership of the board shall be filled by appointment until the next regular election for members of the board.

In any school district which has adopted this Article, a proposition for the election of board members by school board district rather than at large may be submitted to the voters of the district at the regular school election of any year in the manner provided in Section 9-22. If the proposition is approved by a majority of those voting on the propositions, the board shall divide the school district into 7 school board districts as provided in Section 9-22. At the regular school election in the year following the adoption of such proposition, one member shall be elected from each school board district, and the 7 members so elected shall, by lot, determine one to serve for one year, 2 for 2 years, one for 3 years, 2 for 4 years, and one for 5 years. Thereafter their respective successors shall be elected for terms of 5 years. The terms of all incumbent members expire July 1 of the year following the adoption of such a proposition.

Any school district which has adopted this Article may, by referendum in accordance with Section 33-1a, adopt the method of electing members of the board of education provided in that Section.

Reapportionment of the voting districts provided for in this Article or created pursuant to a court order, shall be completed pursuant to Section 33-1c.

A board of education may appoint a student to the board to serve in an advisory capacity. The student member shall serve for a term as determined by the board. The board may not grant the student member any voting privileges, but shall consider the student member as an advisor. The student member may not participate in or attend any executive session of the board.
