HOUSE RESOLUTIONS

The following resolutions were offered and placed in the Committee on Rules.

HOUSE RESOLUTION 986

Offered by Representative Osterman:

WHEREAS, During the 95th General Assembly, the House Illinois Health Survey Task Force was created by House Resolution 76 and was established for the purpose of studying the feasibility of implementing an Illinois Health Survey; and

WHEREAS, The House Illinois Health Survey Task Force was to submit a written report addressing issues related to its feasibility to all members of the General Assembly, the Governor's office, and relevant State agencies no later than January 11, 2008; and

WHEREAS, As of the required reporting date, the House Illinois Health Survey Task Force's work is still ongoing and further investigation is needed prior to the preparation and submission; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FIFTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that no later than January 11, 2009, the House Illinois Health Survey Task Force shall submit a written report, addressing issues related to its feasibility, to all members of the General Assembly, the Governor's office, and relevant State agencies; and be it further

RESOLVED, That suitable copies of this resolution be delivered to the members of the House Illinois Health Survey Task Force.

HOUSE RESOLUTION 988

Offered by Representative Madigan:

WHEREAS, Many of the most vulnerable people in Illinois, including persons with mental, developmental, and physical disabilities, children, the elderly, and persons who are homeless, depend upon State-funded programs for crucial services; and

WHEREAS, The services supported by State funds include health care, food, shelter, clothing, and other vital services needed to keep persons alive, healthy, and out of institutions; and

WHEREAS, Illinois provides a substantial percentage of these services through grants and contracts with private not-for-profit organizations, most of which organizations are completely or substantially dependent on State funding for their continued survival and many of which are small and lack financial reserves or other assets; and

WHEREAS, Illinois has entered into contracts with persons with disabilities to provide peer-to-peer and other important services, facilitate their recovery and re-entry into the Illinois economy, and reduce the burden on taxpayers to support such persons; and

WHEREAS, Illinois does not have backup or redundant services; indeed, in most areas of Illinois there are already insufficient services to meet current needs; and

WHEREAS, Illinois is falling further and further behind in paying outside persons and not-for-profit organizations for the services provided by them to Illinois' most vulnerable citizens; and

WHEREAS, Late or delayed payments will result in the cutback of crucial services to Illinois' most vulnerable citizens and threaten the continued existence of some organizations; and

WHEREAS, Illinois has previously enacted legislation requiring the prompt payment of bills for crucial social services provided to vulnerable populations; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FIFTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge the Governor to take prompt and effective steps to ensure that those entities providing crucial services to Illinois' vulnerable populations under a State contract or grant receive prompt payment for those services; and be it further

RESOLVED, That the Governor report to the Speaker of the House of Representatives of the Ninety-Fifth General Assembly the steps that have been taken to implement this resolution; and be it further

RESOLVED, That copies of this resolution be delivered to each of the following: the Governor, the Secretary of Human Services, the Director of Healthcare and Family Services, the Director of Children and

Family Services, the State Comptroller, and the State Treasurer.

HOUSE RESOLUTION 993

Offered by Representative Schmitz:

WHEREAS, In 1994, an innovative Illinois General Assembly approved the Alternative Health Care Delivery Act, which allowed for the licensing and studying of Alternative Health Care delivery systems; and

WHEREAS, Post Surgical Recovery Care Facilities were established as demonstration programs under this Act; and

WHEREAS, The original intention was to evaluate and make recommendations regarding these programs and the goal of the Act was to look at alternative delivery programs that could contain costs for the consumer and the State, increase public access to health care, and increase the quality of health care being delivered; and

WHEREAS, Since that time, a large amount of measurable, objective data has been collected on cost, access, health outcomes, length of stay, satisfaction, and safety; data has been collected through quarterly reporting and surveillance to the Department of Public Health and through onsite annual surveys; and

WHEREAS, The original Act stated that the Department would adopt rules for each alternative health care model to include the definition and scope of the program, including the date and period of operation under the Act, which was not to exceed 5 years; and

WHEREAS, Those facilities found by the Department to be in substantial compliance were eligible for annual licensing renewal unless or until a different licensure program for Post Surgical Recovery Care Centers was established by subsequent legislation; and

WHEREAS, 13 years into these demonstration programs, we continue to await review and final reporting of the success of Post Surgical Recovery Care Centers; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FIFTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge the Department of Public Health to provide for the reporting and recommendations originally called for in the Alternative Health Care Delivery Act; and be it further

RESOLVED, That if the Post Surgical Recovery Care Centers are shown to meet the original goals of the Act, that they be given the option to seek licensure as a hospital and to meet such licensure standards as the Department may deem valid; this is necessary because the Recovery Care Centers current licensure status is not recognized outside of the State of Illinois, as such the Centers are not eligible for federal or State reimbursement under the Medicare or Medicaid Programs; also, because they are not certified by Medicare as a provider, they fail to meet the definition of a reimbursable healthcare provider under most commercial insurance policies that require some level or type of Medicare Certification in order to be a covered service; this option would insure the continued survival of those facilities developed under the Alternative Health Care Delivery Act who choose to apply for hospital licensure; and be it further

RESOLVED, That a suitable copy of this resolution be delivered to the Director of Public Health.

HOUSE RESOLUTION 994

Offered by Representative Soto:

WHEREAS, The Illinois Measure of Annual Growth in English (IMAGE) Test was developed as a proficiency test and not as a test to measure student achievement relative to the Illinois Learning Standards (ILS); and

WHEREAS, When the No Child Left Behind Act of 2001 (NCLB) came into being, the State Board of Education attempted to modify the IMAGE Test so that it might satisfy NCLB achievement testing requirements for accountability purposes, but in the end was unsuccessful; and

WHEREAS, The U.S. Department of Education ruled that the IMAGE Test did not serve as a valid measure of assessing students' abilities under federal law; and

WHEREAS, The State Board of Education has not produced an acceptable replacement test to administer to students who are learning English; instead, the State Board of Education recently announced

that the IMAGE Test will not be given in 2008 and that students with limited proficiency in English ("ELLs") will take the same assessment test as English-speaking students; and

WHEREAS, Discontinuing the IMAGE Test or failing to implement a similar alternative examination will negatively impact students, schools, and districts throughout the State; assessment data may be swayed by poor test scores of students who simply do not understand English, resulting in schools or districts failing to meet federal standards; and

WHEREAS, The State Board of Education has offered a short term solution for 2008 that involves accommodations for the Illinois Standards Achievement Test (ISAT) and Prairie State Achievement Examination (PSAE), which include timing and scheduling, setting, and presentation; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FIFTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge the State Board of Education to make a formal request to the U.S. Department of Education that the results from the ISAT and PSAE scores for those ELLs who would otherwise have been eligible to take the IMAGE Test in 2008 and 2009 not be used to calculate Annual Yearly Progress for the next 2 years; and be it further

RESOLVED, That we urge the U.S. Department of Education to grant the request of the State of Illinois and not use results from the ISAT and PSAE for those ELLs who would otherwise have been eligible to take the IMAGE Test in 2008 and 2009 for the next 2 years; and be it further

RESOLVED, That if the U.S. Department of Education grants the State of Illinois's request, we urge the State Board of Education to work aggressively to develop an alternative examination for ELLs that will be ready for adoption in 2 years; and be it further

RESOLVED, That suitable copies of this resolution be delivered to the State Board of Education and the U.S. Department of Education.

HOUSE JOINT RESOLUTION 101

Offered by Representative Verschoore:

WHEREAS, The members of the Illinois General Assembly wish to honor those who have served our country with distinction and valor in the armed forces; and

WHEREAS, Sergeant John F.
