The following resolution was offered and placed in the Committee on Rules.

HOUSE RESOLUTION 1433

Offered by Representative Bill Mitchell:

WHEREAS, In 1981, Congress first imposed a moratorium on new oil drilling in more than 80% of the Outer Continental Shelf; and

WHEREAS, An estimated 18 to 21 billion barrels of recoverable oil are located in the areas of the Outer Continental Shelf that are protected under the 1981 moratorium; and

WHEREAS, Since the initial ban was imposed, drilling technologies have become more sophisticated, providing for more advanced imaging to locate oil deposits and safer directional drilling practices for the more precise extraction of oil; and

WHEREAS, Approximately 60% of the oil consumed by the United States is imported; offshore drilling is an alternative to oil importation that could reduce the nation's dependence on foreign oil; and

WHEREAS, National motor fuel prices have reached record high levels with gasoline prices exceeding \$4.00 a gallon and diesel prices at nearly \$4.80 a gallon; average gasoline prices in Illinois have also set new record high levels of more than \$4.15 a gallon; and

WHEREAS, Polls show that Americans are in strong support of offshore drilling in coastal waters; and

WHEREAS, Supporters of offshore drilling point to record high fuel prices and the nation's reliance on foreign sources of oil as valid reasons for lifting the ban on coastal oil exploration; and

WHEREAS, Congress has discussed measures to open the Outer Continental Shelf to additional drilling, and two measures, the Deep Ocean Energy Resources Act (H.R. 6108) and the National Environment and Development Act (H.R. 2784), would lift the current moratorium and allow coastal states to decide whether to allow oil leases off their shores; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FIFTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we support new offshore oil drilling as a means to increase the energy independence of the United States, and we urge the Congress of the United States of America to lift the moratorium on new drilling in the Outer Continental Shelf; and be it further

RESOLVED, That suitable copies of this resolution be sent to the Majority Leader and the Minority Leader of the United States Senate, the Speaker and the Minority Leader of the United States House of Representatives, and each member of the Illinois Congressional delegation.

on page 3, below line 22, by inserting the following:

“Section 25. The Illinois Insurance Code is amended by adding Section 356z.12 as follows:

(215 ILCS 5/356z.12 new)

Sec. 356z.12. Autism spectrum disorders.

(a) A group or individual policy of accident and health insurance or managed care plan amended, delivered, issued, or renewed after the effective date of this amendatory Act of the 95th General Assembly must provide individuals under 21 years of age coverage for the diagnosis of autism spectrum disorders and for the treatment of autism spectrum disorders to the extent that the diagnosis and treatment of autism spectrum disorders are not already covered by the policy of accident and health insurance or managed care plan.

(b) Coverage provided under this Section shall be subject to a maximum benefit of \$36,000 per year, but shall not be subject to any limits on the number of visits to a service provider. After December 30, 2009, the Director of the Division of Insurance shall, on an annual basis, adjust the maximum benefit for inflation using the Medical Care Component of the United States Department of Labor Consumer Price Index for All Urban Consumers. Payments made by an insurer on behalf of a covered individual for any care, treatment, intervention, service, or item, the provision of which was for the treatment of a health condition not diagnosed as an autism spectrum disorder, shall not be applied toward any maximum benefit established under this subsection.

(c) Coverage under this Section shall be subject to co-payment, deductible, and coinsurance provisions of a policy of accident and health insurance or managed care plan to the extent that other medical services covered by the policy of accident and health insurance or managed care plan are subject to these provisions.

(d) This Section shall not be construed as limiting benefits that are otherwise available to an individual under a policy of accident and health insurance or managed care plan and benefits provided under this Section may not be subject to dollar limits, deductibles, copayments, or coinsurance provisions that are less favorable to the insured than the dollar limits, deductibles, or coinsurance provisions that apply to physical illness generally.

(e) An insurer may not deny or refuse to provide otherwise covered services, or refuse to renew, refuse to reissue, or otherwise terminate or restrict coverage under an individual contract to provide services to an individual because the individual or their dependent is diagnosed with an autism spectrum disorder or due to the individual utilizing benefits in this Section.

(f) Upon request of the reimbursing insurer, a provider of treatment for autism spectrum disorders shall furnish medical records, clinical notes, or other necessary data that substantiate that initial or continued medical treatment is medically necessary and is resulting in improved clinical status. When treatment is anticipated to require continued services to achieve demonstrable progress, the insurer may request a treatment plan consisting of diagnosis, proposed treatment by type, frequency, anticipated duration of treatment, the anticipated outcomes stated as goals, and the frequency by which the treatment plan will be updated.

(g) When making a determination of medical necessity for a treatment modality for autism spectrum disorders, an insurer must make the determination in a manner that is consistent with the manner used to make that determination with respect to other diseases or illnesses covered under the policy, including an appeals process. During the appeals process, any challenge to medical necessity must be viewed as reasonable only if the review includes a physician with expertise in the most current and effective treatment modalities for autism spectrum disorders.

(h) Coverage for medically necessary early intervention services must be delivered by certified early intervention specialists, as defined in the early intervention operational standards by the Department of Human Services and in accordance with applicable certification requirements.

(i) As used in this Section:

"Autism spectrum disorders" means pervasive developmental disorders as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders, including autism, Asperger's disorder, and pervasive developmental disorder not otherwise specified.

"Diagnosis of autism spectrum disorders" means a diagnosis of an individual with an autism spectrum disorder by (A) a physician licensed to practice medicine in all its branches or (B) a licensed clinical psychologist with expertise in diagnosing autism spectrum disorders.

"Medically necessary" means any care, treatment, intervention, service or item which will or is reasonably expected to do any of the following: (i) prevent the onset of an illness, condition, injury, disease or disability; (ii) reduce or ameliorate the physical, mental or developmental effects of an illness, condition,

injury, disease or disability; or (iii) assist to achieve or maintain maximum functional activity in performing daily activities.

"Treatment for autism spectrum disorders" shall include the following care prescribed, provided, or ordered for an individual diagnosed with an autism spectrum disorder by (A) a physician licensed to practice medicine in all its branches or (B) a certified, registered, or licensed health care professional with expertise in treating effects of autism spectrum disorders when the care is determined to be medically necessary and ordered by a physician licensed to practice medicine in all its branches:

(1) Psychiatric care, including diagnostic services.

(2) Psychological assessments and treatments.

(3) Rehabilitative treatments

(4) Therapeutic care, including behavioral speech, occupational, and physical therapies that provide treatment in the following areas: (i) self care and feeding, (ii) pragmatic, receptive, and expressive language, (iii) cognitive functioning, (iv) applied behavior analysis, intervention, and modification, (v) motor planning, and (vi) sensory processing.

(e) In considering any management contract or service agreement subject to Section 141.1 of the Illinois Insurance Code, the Director (i) shall, in addition to the criteria specified in Section 141.2 of the Illinois Insurance Code, take into account the effect of the management contract or service agreement on the continuation of benefits to enrollees and the financial condition of the health maintenance organization to be managed or serviced, and (ii) need not take into account the effect of the management contract or service agreement on competition.

The Health Maintenance Organization and the group or enrollment unit may agree that the profitable or unprofitable experience may be calculated taking into account the refund period and the immediately preceding 2 plan years.
