Doorkeeper: "All persons not entitled to the House floor please retire to the gallery. Thank you."

Speaker Madigan: "The House will come to order and the Members will please be in their seats. The House will be led in prayer by the House Chaplain, Father Krueger."

Reverend Krueger: "In the name of the Father, the Son and Holy Ghost. Amen. O Lord, bless this House to Thy service this day. Amen. Aristotle said, 'It is characteristic of man that he alone has any sense of good and evil; or trust and untrust; and the like. And the association of living things who have this sense makes a family and a state'. Let us pray. Heavenly Father, grant Thy grace and continue it under those who have themselves been taught the wisdom of Thy Almighty Kingdom. Endow all Members of this House of Representatives with the right understanding, a truer purpose and sound speech. Enable them to rise above all self-seeking and party zeal into the larger sentiments of public good and human brotherhood. Cleanse their political life of every evil. Subdue the state in all that is evil. Inspire them with calmness and self-restraint. Endeavor to have them do Thy Will on earth as it is done in Heaven, through Christ our Lord. Amen."

Speaker Madigan: Let the record show those excused illnesses. Let the record show those excused. Committee Reports."

Speaker Madigan: "Approval of the Journal."

Clerk O'Brien: "Journal for Thursday, March 17, 1977, 1 o'clock p.m...."

Speaker Madigan: "The Chair recognizes the Gentleman from Cook, Mr. Lechowicz."

Lechowicz: "Thank you, Mr. Speaker, I move to dispense with the reading of Journal 28 of March 17th and that it be approved."

Speaker Madigan: "The Gentleman moves for approval of the Journal and suspension of its reading. All those in favor signify by saying 'aye'; all those opposed.... The 'ayes' have it and the motion carries. Introduction and First Reading."

Clerk O'Brien: "House Bill 933. DiPrima, Redmond. A Bill for an Act to amend the Revenue Act. First Reading of the Bill. House Bill ...House Bill 934. Daniels. Speaker Madigan: "Mr. Ryan, would you come up here? On the Order of House Bills Second Reading appears House Bill 15. Are there any motions in respect to Committee Amendment #1?"

Clerk O'Brien: "House Bill 15. A Bill for an Act to amend Sections of the Illinois Administrative Procedure Act. Second Reading of the Bill. One Amendment was adopted in Committee."

Speaker Madigan: "Are there any motions relative to...to the Amendment adopted in Committee?"

Clerk O'Brien: "A motion. I move to table Amendment #1. Representative Greiman."

Speaker Madigan: "Mr. Greiman, the Sponsor of the Bill, is not on the floor, so we'll take that out of the record. The Sponsor of the Bill is Mr. Yourell. We'll take that Bill out of the record. On the Order of House Bills, Second Reading there appears House Bill 16. On the Order of House Bills, Second Reading there appears House Bill 65. Mr. Greiman, do you wish to call House Bill 65? Mr. Greiman, do you wish to call House Bill 65 today? Has a fiscal note been filed on House Bill 65?"

Clerk O'Brien: "A fiscal note has not been filed."

Speaker Madigan: "Has not?"

Greiman: "Not...then I would ask that it be moved to Third Reading. I think there are no Amendments pending."

Clerk O'Brien: "A fiscal note has not been filed."

Greiman: "Not been filed, then we'll...."

Speaker Madigan: "We'll hold...on Second Reading. Thank you. On the

Order of House Bills, Second Reading there appears House Bill 91.

The Chair recognizes the Gentleman from Lake, Mr. Deuster."

Deuster: "Mr. Chairman....Mr. Speaker, rather, and Members of the House, it is my intention to keep House Bill 91 on Second Reading but I would like to consider Amendment 2. As I remember, perhaps the Clerk can bring us up to date, Amendment #1 was adopted in Committee and does not have to be readopted on the floor, is that...."

Clerk O'Brien: "Amendment #1...."

Speaker Madigan: "Mr. Clerk, are there any motions relative to Amendment #1?"

Clerk O'Brien: "Amendment #1 was adopted in Committee prior to the adoption of our House Rules; therefore, Amendment #1 would have to be adopted on the House floor."

Speaker Madigan: "Mr. Deuster."

Deuster: "Mr. Speaker, Ladies and Gentlemen of the House, Amendment #1 is really the Bill. It was adopted in Committee. I would urge its adoption now. The essence of the Bill and this Amendment is to authorize our county boards to permit them, it is permissive toin cooperation with circuit courts to establish public service employment programs to which juvenile offenders could be assigned. There will be further Amendments but Amendment #1 is the Bill and I would urge its adoption."

Clerk O'Brien: "House Bill 91. A Bill for an Act to authorize county boards of the several counties in Illinois to establish and operate programs of public service employment. Second Reading of the Bill. One Committee Amendment. Amends House Bill 91 on page 1 and so forth."

Speaker Madigan: "Mr. Deuster moves for the adoption of Committee Amendment #1. The Chair recognizes the Gentleman from Cook, Mr. Daniel Houlihan. Mr. Daniel Houlihan. Would you turn Mr. Houlihan's microphone on?"

D. Houlihan: "May we have, Mr. Speaker, a ruling as to the germaneness of the Amendments to the Bill?"

Speaker Madigan: "Would the Parliamentarian come to the podium? For what purpose does the Gentleman from Winnebago, Mr. Giorgi, arise?"

Giorgi: "Mr. Speaker, I'd like to ask a question of the Sponsor."

Speaker Madigan: "Mr. Deuster, will you yield to a question from Mr. Giorgi? Proceed, Mr. Giorgi."

Giorgi: "Mr. Deuster, have you....is this Amendment going to provide the Illinois State Employment Services be a part of this program you're trying to implement?"

Speaker Madigan: "Mr. Deuster."

Deuster: "Representative....Representative Giorgi, this Bill does not concern itself with that, this Bill simply gives authority to counties to exercise the power, if they wish to, to establish public service employment program, does not relate to the Illinois State Employment Service."

Giorgi: "You...."

Deuster: "If I understood your question, I hope I did."

Giorgi: "In other words, you're talking about a program similar to CETA?"

Deuster: "No, Sir. What this program is, and a number of Judges have brought it to my attention, House Bills 91 and 92, together...."

Giorgi: "Just a minute. The caption says 'employment agency' are you, are you suggesting that county boards form employment agencies, that's what the synopsis said."

Deuster: "No, Sir. The synopsis is incorrect. What this Bill does, and I'll try to make it clear and simple as possible. As amended, it will simply say that when a juvenile offender goes before a Judge and they want to assign that kid to go out and pick up litter along the roadside or paint benches or do something useful, either in lieu of or connection with other conditions of probation or parole, the Judges can assign a juvenile to such a program. And this gives authority to the counties, if they want to, to set up that kind of a program which would receive the juveniles."

Speaker Madigan: "The Chair is prepared to rule on Mr. Houlihan's question relative to germaneness and the Chair rules that the Amendment is germane. The Chair recognizes the Gentleman from Cook, Mr. Houlihan. Daniel Houlihan."

D. Houlihan: "I have no further questions, Mr. Speaker."

Speaker Madigan: "Mr. Deuster, the question is the adoption of Amendment #1, do you have anything further to offer? Mr. Deuster,

Would you turn on Mr. Deuster?"

Deuster: "Mr. Speaker, Ladies and Gentlemen of the House, Amendment #1 is really the Bill that was approved by the Committee. I'm just moving to adopt the amended Bill that came out of the Committee. And because a number of Members have expressed interest in the subject, I'm intending to hold it on Second Reading. There will be further Amendments but I thought we'd get it in shape and adopt Amendment #1 now. So I move the adoption of Amendment #1."

Speaker Madigan: "The Chair recognizes the Gentleman from Winnebago, Mr. Giorgi."

Giorgi: "Mr. Speaker, inasmuch as this Bill is going to provide eventually for licensed attorneys to act as 'administrators' of this and maybe Judges that can't get 60% of retention vote, I think the fiscal note ought to be applied to this before it moves from Second to Third."

Speaker Madigan: "Mr. Deuster."

Deuster: "Mr. Giorgi has indicated he would be requesting a fiscal note. That's fine with me. There is no expense to the state but as I indicated earlier, I'm going to hold it on Second Reading and it's on Second Reading and I would move the adoption of Amendment #1."

Speaker Madigan: "Mr. Deuster moves for the adoption of Amendment #1. And we have closed the debate on this question; therefore, the question is, all those in favor signify by saying 'aye'; all those opposed by saying 'no'. In the opinion of the Chair there shall be a Roll Call. All those in favor signify by voting 'aye'; all those opposed by voting 'no'. Have all voted who wish? The Clerk shall take the record. On this question there are 52 'ayes', 9 'nos', 6 voting 'present'. And Amendment #1 is adopted. Are there further Amendments?"

Clerk O'Brien: "Floor Amendment #2. Deuster. Amends House Bill 91, as amended, in Section 1 of the Bill and so forth."

Speaker Madigan: "Mr. Deuster."

Deuster: "Mr. Speaker, Ladies and Gentlemen of the House, when this Bill was considered in Committee, one or two Members of the Committee raised the question as to whether there would be any possible danger that if counties engaged in this sort of activity; for example,

if a Judge assigned a juvenile offender to go out and spend a couple of Saturday mornings picking up beer bottles along the highway and the county had a program of supervising him, whether there'd be any possibility that the county might be liable if the juvenile caused some damage or perhaps the county supervisor who was watching him was careless. So Amendment #2 provides that neither the county nor any official or employee of the county, acting in the course of his duties here, will be liable for any torturous acts of the person who is placed on probation or supervision and except for willful misconduct or gross negligence on the part of the government employee or the governmental unit. I think this is a good Amendment because it will clarify that we're really trying to do something constructive for the juvenile. Further Amendments will make sure he's not an employee or anything, but we want to make it possible for counties to think of this as a constructive, forward way of dealing with juvenile offenders and also as another way of cleaning up the roadside. And so they won't be fearful in engaging in such a program... the liability is limited. Also, I was...this Amendment was drawn and prepared in response to reservations on the part of Members on the other side of the aisle as well as this side. And I would.... I think Amendment #2 helps the Bill. I would urge its adoption. I 'd be happy to answer any questions."

Speaker Madigan: "The Chair recognizes the Gentleman from Cook, Mr. Daniel Houlihan."

D. Houlihan: "Representative Deuster, I presume that with the adoption of this Amendment you will also hold this Bill as well as House Bill 91 on Second Reading, is that correct?"

Deuster: "Yes, Sir, that's correct."

Speaker Madigan: "The Gentleman moves for the adoption of Amendment #2. Is there any further discussion? There being no further discussion the question is, shall the Amendment be adopted. All those in favor signify by saying 'aye'; 'aye'; all those opposed 'no'. In the opinion of the Chair, the 'ayes' have it and Amendment #2 is adopted. Are there further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Madigan: "If Representative Capparelli can hear the microphone, would he please report to the floor? Representative Capparelli. And the Clerk shall hold House Bill 91 on Second Reading. And at this time the Chair would recognize Representative Mudd for purpose of an announcement. If the Membership could give Mr. Mudd its attention."

Mudd: "Yes, Mr. Speaker, Ladies and Gentlemen of the House, I hope I'm not blocking any of you guys back there. I'm not blocking any of their views, I know that. Ladies and Gentlemen of the House, it's with great pride that Representative Tuerk, Representative Sumner and myself, bring these gentlemen to the House of Representatives to, so that you might meet and greet them. Peoria is very fortunate this year to have the champions of the Illinois High School Association Tournament, represented by the high school's Peoria...the Central Lions from Peoria. We have that team with us today. And we also have their coach and manager and the coach's staff. I'd like for Coach Boyle now to make a few comments so that you might hear from him in regards to this great accomplishment here. Coach Boyle."

Coach Boyle: "Thanks very much, Representative Mudd. I...I promised the people across the hall, the Senators, I wouldn't talk as long as a couple of my relatives and I'm sure some of you old-timers are familiar with them. I had an uncle, Uncle Clarence Boyle, who was a clerk in the House and a long-winded cousin who just finished a couple of terms in the House, Ken Boyle, from Carlinville. And I promise you I won't talk nearly as long as those two have in the past. It is a pleasure, naturally, for both the Senate and the House to have us down. Some of those fellows have never been to the chambers and it's a thrilling experience for them. We started out this morning at Lincoln's Tomb, we're here now and we might get to stop off at a couple of other shrines on the way out of town. So thanks again from the ballplayers, coaching staff, principal, and everyone connected with Peoria High School. Now I'd like to introduce the-young men to you and it's going to be a little difficult as they're crowded in. But over here on my far right - I'll ask them to raise

their hand when I introduce them - is our junior manager, Bill Robertson. The fellow behind him with glasses, the junior forward, Tim McCarvey. Immediately in front of Tim, the little fella with the light sportcoat on, is a sophomore, Bill Winkler. Bill will be back for a couple of years. Behind Bill, is a 6-5 junior, Kevin Young. Raise your hand, Kevin. Down here next to me is a little guard, junior, Eddie Ruffin. Behind Eddie is a junior forward, Mike Martin, who will be back next year. Behind Representative Mudd is our other junior guard, Tony Gower. Next to Tony is a senior that we're really going to miss, he played real well for us all year, Dwayne Banks. Next to Dwayne is another senior forward, Marc Utley. And the next young man is also a senior, did a great job for us down at the tournament at a forward position, Percy Neal. Next to Percy is one of two twins, they're only sophomores, we're looking for big things from them, this young man's name is Kevin Jordan. And next to Kevin is his sophomore brother, Kelvin Jordan. The last man back here is our senior senator....they influenced me, I'm sorry, our senior center, we're going to miss him tremendously, did a great job for us for three years, Ernie Banks. The gentleman down in front, Mr. Rollie Sanders, who is our district director of reimbursable funds and the Legislative Representative from 150, our Principal Mr. William Robertson. Our administrative assistant who acts as our athletic director, Mr. Jim Smarjesse. Our sophomore basketball coach, Mr. Ken Meischner. Wrestling coach, Mr. John Venturi. And the two young fellows behind him are our senior managers, they did a fine job for us for the last two, three, four years in various sports. The young man closest to me is Mr. Donny Lewis and the other young gentleman over here on my far right, Mr. Kenny Smith. Now I don't think I've left anyone out. Once again, thanks for having us into your chamber."

Mudd: "As I said before, Peoria and all the central Illinois is very proud of these young men and their accomplishments this year in the basketball. Mr. Clerk, would you call the Resolutions, please?"

Clerk O'Brien: "House Resolution 143. Whereas the more than 800 Illinois High School Basketball teams progressed to the selection

Bruce Boyle, Kenneth Meischner and John Venturi. Also, Mr. James G. Smarjesse, Administrative Assistant and Mr. William C. Robertson, Principal of Peoria High School."

Speaker Madigan: "Representatives Mudd, Tuerk and Sumner move for the adoption of House Resolution 143. All those in favor of the adoption of the Resolution signify by saying 'aye', all those opposed In the opinion of the Chair, the 'ayes' have it and the Resolution is adopted. And Representative Mudd will now present individual copies of the Resolution to the coach and the members of the team."

Mudd: "Thank you, Mr. Chairman. Coach Boyle, I'm very happy that you got to come down here so that the Members could meet you and your fine team. And I have individual copies for each member of your team and your staff. And thanks again and we're real proud of you."

Speaker Madigan: "On the Order of House Bills, Second Reading appears House Bill 92. The Chair recognizes the Gentleman from Lake, Mr. Deuster."

Clerk O'Brien: "House Bill 92. A Bill for an Act to authorize certain courts of several counties in this state to offer public service employment to persons under 18 years of age. Second Reading of the Bill."

Deuster: "Mr. Speaker, Ladies...."

Clerk O'Brien: "One Committee Amendment. Amendment #1 amends House Bill 92 on page.....(unintelligible)....and so forth."

Speaker Madigan: "Mr. Deuster."

Deuster: "Mr. Speaker and Ladies and Gentlemen of the House, this is a companion Bill to House Bill 91. Again, Amendment #1 which I'm urging adoption of here is the Amendment which was the Bill and was approved by the Committee. Essentially, this Bill amends the Juvenile Court Act and also the Uniform Code of Corrections to provide that in the case of juvenile offenders, the court may, if it wishes as a condition of probation or conditional discharge, require that a juvenile, a minor, in addition to a lot of other

things that are already in the law that they can perform some reasonable service work such as, but not limited to, the picking up of litter in public parks or along public highways or the maintenance of public facilities. This will give to our judges an authority that they would like to exercise as a constructive way of rehabilitating and reforming juvenile offenders, at the same time doing something useful for the public benefit. As I say, Amendment #1 is the Bill (and is the Bill) that was considered and approved by the Committee. I would urge the adoption of Amendment #1 to House Bill 92."

Speaker Madigan: "The Gentleman moves for the adoption of Committee Amendment #1. Is there any discussion? There being no discussion the question is, shall Amendment #1 be adopted. All those in favor signify by saying 'aye', all those opposed.... In the opinion of the Chair the 'ayes' have it and the Amendment is adopted. Are there further Amendments?"

Clerk O'Brien: "Floor Amendment #2. Deuster. Amends House Bill 92, as amended, in Section 1 and so forth."

Speaker Madigan: "Mr. Deuster."

Deuster: "Mr. Speaker, Ladies and Gentlemen of the House, other Members really have suggested this Amendment to me. I would like to tell you what it does. It provides that where the court might assign a juvenile to go out and perform this useful work, that in order to avoid having them maybe sent long distances far from their homes, this Amendment #2 provides that no minor would be required to perform this sort of public service work outside the municipality or township of his residence. As I say, this was an Amendment suggested to me by other Members and I said that I would present it to the House. This is it. I would be happy to answer any questions."

Speaker Madigan: "The Gentleman moves for the adoption of Amendment #2. Is there any discussion? There being no discussion, the question is, shall Amendment #2 be adopted? All those in favor signify by saying 'aye'; all those opposed by saying 'no'. In the opinion of the Chair, the 'ayes' have it and Amendment #2 is adopted. Are there further Amendments?"

Clerk O'Brien: "Floor Amendment #3. Deuster. Amends House Bill 92...."

Speaker Madigan: "Mr. Deuster."

Deuster: "To be brief, Ladies and Gentlemen of the House, Amendment #3 is the same Amendment we already adopted to House Bill 91 which limits the liability of the county. It specifically provides that they'll not be responsible except for willful misconduct or gross negligence on the part of one of their employees. I would again urge the adoption of Amendment #3 to House Bill 92."

Speaker Madigan: "The Gentleman moves for the adoption of Amendment #3.

Is there any discussion? There being no discussion, the question is, shall Amendment #3 be adopted? All those in favor signify by saying 'aye'; all those opposed by saying 'no'. In the opinion of the Chair, the 'ayes' have it and the Amendment is adopted. Are there further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Madigan: "Mr. Deuster."

Deuster: "Again, Mr. Speaker, as in the case of the companion Bill, House Bill 92, at my request, I would like it to be held on Second Reading so that any other Members may have an opportunity to amend the Bill. And I do know there will be at least one further Amendment. So I would request that House Bill 92 be kept on the Order of Second Reading."

Speaker Madigan: "The Bill shall remain on the Order of Second Reading.

Mr. Hart, do you wish to call House Bill 106? You wish to call it at any time today? Mr. Pierce, do you wish to call House Bill 113? Mr. Pouncey, do you wish to call House Bill 219? Mr. Pouncey, do you wish to call House Bill 219? No? Mr. Deuster, do you wish to call House Bill 251? Mr. Holewinski, do you wish to call House Bill 308? Mr. Bradley, do you wish to call House Bill 380? Mr. Bradley is off the floor. Mr. Tipword, do you wish to call House Bill 381? You do? On the Order of House Bills, Second Reading appears House Bill 381. The Chair recognizes the Gentleman from Christian, Mr. Tipword."

Clerk O'Brien: "House Bill 381. A Bill for an Act to amend the Illinois Vehicle Code. Second Reading of the Bill. This Bill has been read a second time previously and Amendments 1, 2, 3 and 4 were adopted.

Floor Amendment #5. Totten. Amends House Bill 381 on page 3, line 15 through 18 by deleting the sentence beginning with 'the'."

Speaker Madigan: "Mr. Tipsword."

Tipsword: "This is Mr. Totten's Amendment."

Speaker Madigan: "Mr. Totten. Mr. Totten on Amendment #5 to House Bill 381."

Totten: "Well, Mr. Speaker, I've asked the Sponsor to hold the Bill several days for it and I guess he persists in calling it and right now the Governor's Office and the Secretary of State are trying to iron out these things. If we could just pull it out of the record and get that and come back to it today?"

Speaker Madigan: "Mr. Tipsword."

Tipsword: "I know of nothing that's trying to be ironed out between the Secretary of State and the Governor. The Governor agreed to this Bill when it was filed."

Totten: "There's more in the Bill than just five year license plates and that's some of the....or the multiyear license plates...."

Tipsword: "No, there isn't and I wish to proceed on the Amendment."

Speaker Madigan: "The Gentleman wishes to proceed on the Amendment. Is there any discussion? Mr. Totten."

Totten: "If you'll let me find the Amendment, I'll be happy to discuss it."

Speaker Madigan: "Mr. Tipsword."

Tipsword: "I might...if....refresh Mr. Totten's recollection, this Amendment is the Amendment that would remove the one sentence that gives to the Secretary of State the discretion to apply multiyear license plates to second division vehicles and the various groups of second division vehicles from time to time."

Totten: "If I may, Mr. Speaker, on the Amendment? If I may, Mr. Speaker, on the Amendment?"

Speaker Madigan: "Mr. Totten."

Totten: "In Committee we raised some questions in regard to the discretion that's allowed in the Bill on second division vehicles. The language of the Bill says that the Secretary of State may use multiyear plates on second division vehicles and that discretion is questionable constitutionally because then the legislative mandate on these could

be avoided. What we have done in the Amendment is just eliminate the language on the discretion for this time until the Secretary of State and other people interested in this problem can determine what second division vehicle, and there are over eighty classifications, I understand, of second division vehicles, will be applied under this.... under this new Bill. Secondly, there is a grave concern that with stickers being put on all these divisions of second all these categories of second division vehicles, that there will be considerable revenue loss either because the fee is so high for these and their visibility is low, that law enforcement officials and also people in the trucking industry feel that there will be an extensive ability to counterfeit or even not apply. And so the Amendment strikes the language on second division vehicles right now.... until the problem can be resolved. And I would ask for your favorable support."

Speaker Madigan: "Mr. Totten moves for the adoption of a Amendment #5 to House Bill 381. The Chair recognizes the Gentleman from Christian, Mr. Tipword."

Tipword: "Mr. Speaker and Ladies and Gentlemen of the House, in behalf of the Secretary of State, we oppose this Amendment. This Bill had been worked out by... both the Governor's Office and the Secretary of State prior to the filing of this Bill. What this would propose to do would be do leave multiyear license plates, or the possibility of them, only available for passenger vehicles, first division vehicles, in the State of Illinois. This language, one sentence, only gives to the Secretary of State the option to apply multiyear licensing to second division vehicles. There are some ninety categories of second division vehicles. The Secretary of State, in answer to the same questions that were just raised here when this Bill was before Committee, said that he did not intend to proceed on the second division vehicles until all of the problems were worked out for first division. And he did not intend to proceed upon any group within second division until he was absolutely certain that there was no possibilities of... of any kind of fraud and no possibility of having problems with enforcement. And there may be parts of the second division that we can very easily go into and there may be parts of it, for instance, that are very small

classifications of trucks that may be very difficult to apply the multiyear license plates to. This is not a mandate, but it gives the discretion to the Secretary of State to apply those multiyear plates to second division vehicles or any... any class or category with those ninety some categories whenever it can be done consistent with good bookkeeping practices, consistent with good law enforcement and consistent with the prevention of any kind of fraud. It's the kind of discretion that it absolutely needed to make this Bill workable. So I would ask you in behalf of the Secretary of State of the State of Illinois to please grant to him the authority that this provides. Otherwise we are really only doing half of our job in providing multi-year license plates and giving only half of the potential that we really need for the saving of money in the State of Illinois. I can assure you and I'm sure you all know very well that the discretion will not be pursued by the Secretary of State and I'm sure by any person that would be elected Secretary of State in this state without knowing that the most careful action will be taken and it will not be taken until that action can be taken with complete fairness and complete justice to all people in the State of Illinois and to the state itself. I urge you do defeat this Amendment #5."

Speaker Madigan: "Is there any further discussion? There being no further discussion, the question is..... the Chair recognizes the Gentleman from Tazewell, Mr. Von Boeckman."

VonBoeckman: "Well, Mr. Speaker and Ladies and Gentlemen of the House, this Bill had one of the best hearings in the Motor Vehicles Committee than of any Bills I've had there today. We expounded on this considerably and I think the Sponsor of this Bill, Representative Tipword, ably informed the Members of this Assembly just as to the aspects of the Bill and I am opposed to any further Amendments of any nature."

Speaker Madigan: "Is there any further discussion? There being no further discussion, the question is shall Amendment #5 to House Bill 381 be adopted? All those in favor signify by saying 'aye' and all those opposed by saying 'no'. In the opinion of the Chair, the 'noes' have it and the Amendment is defeated. Mr. Totten requests a Roll Call. Are you joined by five others, Mr. Totten? I see four. We shall

have a Roll Call. And all those in favor of the adoption of Amendment #5 shall vote 'aye' and all those opposed shall vote 'no'. Have all voted who wish? Have all voted who wish? Have all voted who wish? The Clerk shall take the record. On this question there are 59 'ayes' and 74 'noes' and 1 voting 'present' and Amendment #5 is defeated. Are there further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Madigan: "Mr. Tipword, the Clerk informs me that the fiscal note has been filed and therefore, with your permission we will move this Bill to Third Reading. The Bill shall be moved to Third Reading. For what purpose does the Gentleman from Cook, Mr. Totten arise?"

Totten: "Well, Mr. Speaker, in regards to the fiscal note. I was just handed a copy of the fiscal note and it says for House Bill 501. I wondered whether that's what your copy is."

Speaker Madigan: "Mr. Totten, I'm simply reiterating what the Clerk told me, that the fiscal note relative to House Bill 381 has been filed."

Totten: "Could we check that first?"

Speaker Madigan: "We certainly will. Mr. Totten, I have been handed by the Clerk a document which is on the stationery of the Office of the Secretary of State from Mr. Ward Johnson. And the subject is the fiscal status of multiyear plates relative to House Bill 381. And that has been received from the Clerk. Now Mr. Totten, I suggest that you consult with the Clerk. On the Order of House Bills, Second Reading appears House Bill 511. Mr. Mahar, do you wish to call that Bill? The Chair recognizes the Gentleman from Cook, Mr. Mahar."

Mahar: "Thank you."

Speaker Madigan: "For what purpose does the Gentleman from Cook, Mr. Brad.... the Gentleman from McLean, Mr. Bradley, arise?"

Bradley: "Mr. Speaker, we have a Page here with a bacon, lettuce and tomato sandwich and he doesn't know who ordered it. So whoever ordered the bacon, lettuce and tomato sandwich, it's here."

Speaker Madigan: "Mr. Mahar."

Mahar: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. Representative Deuster has an Amendment to this Bill... for which I have no objection, if he wants to offer it."

Clerk O'Brien: "House Bill 511. A Bill for an Act to amend Sections of an Act codifying the powers and duties of the Department of Mental Health. Second Reading of the Bill. Committee Amendment #1...."

Speaker Madigan: "Is Mr. Deuster in the chamber? Mr. Deuster. Mr. Mahar, perhaps we should pass over this Bill until he returns. Mr. Jack Davis, do you wish to call House Bill 534? The Chair recognizes the Gentleman from Will, Mr. Jack Davis."

Clerk O'Brien: "House Bill 534. A Bill for an Act to revise the law in relation to township organizations. Second Reading of the Bill. No Committee Amendments."

Davis: "Mr. Speaker and Members of the House,"

Clerk O'Brien: "Floor Amendment #1, Jack Davis. Amends House Bill 534 on page 1 and so forth."

Davis: "I'd like to speak to Amendment #1 and everybody that stands here says, 'It simply does this and it simply does that' and maybe this is another 'simply' Amendment. It chagrins me somewhat to have to stand to speak to this Amendment because the House Bill 534 as drafted sailed right through Counties and Townships with a sixteen to nothing vote of which I am just deeply grateful. However, as a Freshman, I was unaware that I only had half a loaf. The Bill, House Bill 534, provides an increase of fifty thousand dollars from one hundred to one hundred and fifty thousand dollars in the exemption of annual audits within townships as a tax saving device. And my.... the original House Bill that was drafted only included the revenue portion of the... of the Section of the Township Organization Code. House Amendment #1 also includes the Appropriation Section with the proper wording to make the same increase from one hundred to one fifty thousand dollars. Thank you, Mr. Speaker. I would urge the adoption of this Amendment."

Speaker Madigan: "Mr. Davis moves for the adoption of Amendment #1 to House Bill 534. Is there any discussion? Mr. Yourell, was there any discussion on this.... Amendment #1 to House Bill 534? The Chair recognizes the Gentleman from DuPage, Mr. Schneider."

Schneider: "Thank you, Mr. Speaker. Will the Sponsor yield for a question, please?"

Speaker Madigan: "The Sponsor indicates that he will yield."

Schneider: "Jack, are we excluding auditing of townships by raising the level?"

Davis: "No, we're not excluding it."

Schneider: "Tell me what happens on that. If you can clarify for me the ah...."

Davis: "Of course, Representative Schneider. It's on the Bill itself. The Amendment doesn't address itself to that question, but the Bill itself..... when we get to Third Reading I will explain to you that the statute currently provides for an audit an outside audit at the end of the supervisors term or every four years, whichever occurs first. This simply exempts the townships from the additional added expense of outside audits on an annual basis, reaffirms the belief in the elected trustees and auditors of the townships, and removes a considerable amount of outside expense to a small township budget in a gross area."

Schneider: "Am I on the Amendment or am I on the Bill? Have I made a mistake here?"

Davis: "No,... they both deal with the same subject."

Schneider: "All right, well, it seems like that we oughta' audit annually. Are you doing:... are you bringing us into annual audits or not?"

Davis: "No, I am providing for... Right now the statute and this Amendment deals with the same subject and that is that the statute currently provides that townships with revenue and appropriations.... budgets under one hundred thousand are not required to have annual audits. Because of inflationary impact and revenue sharing and a number of other things, we seek to raise that exemption from one hundred to one hundred and fifty thousand dollars predicting what we think will be annual savings of twenty-five hundred to thirty-five hundred dollars in the townships budget. They can still have them if the town electors so choose. We are not mandating them out of existence, we are just giving an option with a raise in the exemption...."

Schneider: "Well, then we're just basically struggling with the question of economizing for the townships or facing the possibility of a non-annual audit. Maybe if I misunderstand that, we can talk about it later on, but I think, as I understand it presently, it would be unsatisfactory

from my point of view."

Davis: "Thank you, Representative Schneider. Incidentally, Mr. Speaker, I have talked to the Minority Spokesman and I see Mr. Yourell is on his feet.... perhaps he'd like to address for both of them to the Amendment."

Speaker Madigan: "The Chair recognizes the Gentleman from Cook, Representative Yourell."

Yourell: "Thank you, Mr. Chairman. Ladies and Gentlemen of the House, I discussed this Amendment with a.... this Bill with Representative Davis and the problem that they're having in the smaller townships in Illinois, I think it's necessary that we allow them to increase their annual budget by fifty thousand dollars without requiring an audit. He's absolutely right if the trustees or the town board or the electors decide to eliminate that provision and call for an annual audit... they can do that. This is... this is no way preempts the action by the electors at a town board meeting nor by the town trustees to call for an annual town audit. I think that the problem does not lie in Cook County where the township budgets are in excess of a million, a million and a half, two million dollars, but really in the smaller townships in downstate Illinois where they're trying to save some money. And I... and I would urge the adoption of the Amendment."

Speaker Madigan: "The Chair recognizes the Gentleman from Knox, Mr. McMaster."

McMaster: "Mr. Speaker, thank you. In reality what we're doing right now is discussing the Bill and not the Amendment. I think we could save a lot of time.... the Amendment is agreeable to all us. And I think that if someone wants to discuss the Bill when we get to Third Reading, that's fine, but I don't think that this is the proper time to do it."

Speaker Madigan: "Mr. Davis moves for the adoption of Amendment #1. All those in favor signify by saying 'aye' and all those opposed by saying 'no'. In the opinion of the Chair the 'ayes' have it and the Amendment is adopted. Are there further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Madigan: "Third Reading. Would all unauthorized personnel please leave the floor? And would the Doorkeeper remove all unauthorized

personnel from the floor? On the Order of House Bills, Second Reading appears House Bill 511. The Chair recognizes the Gentleman from Cook, Mr. Mahar."

Clerk O'Brien: "House Bill 511 has been read a second time previously. Amendment #1 was adopted in Committee."

Speaker Madigan: "Mr. Mahar."

Mahar: "Thank you, Mr. Speaker. Representative Deuster has an Amendment for which I have no objection if he wants to offer it."

Speaker Madigan: "Are there any motions relative to Amendment #1 adopted in Committee? There being no such motions.... and for what purpose does the Gentleman from Cook, Mr. Houlihan, arise?"

Houlihan: "Has the Amendment been adopted or is it going to be adopted now?"

Speaker Madigan: "It will be adopted unless a motion to table that Amendment is moved."

Houlihan: "All right."

Speaker Madigan: "There being no motions to table Amendment #1.... are there further Amendments?"

Clerk O'Brien: "Floor Amendment #2, Deuster. Amends House Bill 511 on page 1, line 29....."

Speaker Madigan: "The Chair recognizes Mr. Deuster."

Deuster: "Mr. Speaker, this Amendment simply provides that a patient could be transferred in the event of an emergency. I've discussed this this came up in Committee and the Sponsor of the Bill, Representative Mahar, is agreeable to this and it does provide a safety valve so in emergencies the provisions of this Act would not have to be complied with."

Speaker Madigan: "Mr. Deuster moves for the adoption of Amendment #2. Is there any discussion? The Chair recognizes the Gentleman from Cook, Mr. Schlickman."

Schlickman: "Would the Sponsor of the Amendment yield?"

Speaker Madigan: "The Sponsor indicates the he'll yield."

Schlickman: "Is there a statutory definition of the word 'emergency'?"

Davis: "I think the word 'emergency' appears in the statutes in different places. I'm not sure it's defined, but if a specific instance arose, I

would hope that a reasonable determination would be made as to what an emergency is. Obviously, of course, everybody has a different idea of an emergency, but rather than try and specify in the statutes and clutter up the statutes with a long list of specific instances such as a fire or a violent person or a financial problem... or all sorts of varieties of things that could occur; we thought that the word 'emergency' would solve the problem for now. And if there were some problem later maybe it could be defined more specifically."

Schlickman: "Do you know if the Act by which the Department of Mental Health was created gives to its rule making authority so that the statutory term 'emergency' could be implemented by a rule as to its meaning or scope?"

Davis: "I didn't hear you."

Schlickman: "I asked if you knew whether or not the Act by which the Department of Mental Health and Developmental Disabilities is created gives to the department rule making authority. And if so, if that rule making authority would be available for definition of this statutory word 'emergency'."

Davis: "I do not know."

Schlickman: "Thank you."

Speaker Madigan: "Is there any further discussion? There being no further discussion, the question is, shall Amendment #2 to House Bill 511 be adopted? All those in favor signify by saying 'aye'. All those opposed by saying 'no'. In the opinion of the Chair, the 'ayes' have it and the Amendment is adopted. Are there further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Madigan: "Third Reading. Is Mr. Yourell in the chamber? Do you wish to call House Bill 15? Do you wish to call House Bill 16? And on the Order of House Bills, Second Reading appears House Bill 616."

Clerk O'Brien: "House Bill 616. A Bill for an Act to amend the Physicians Assistance Practice Act. Second Reading of the Bill. Committee Amendments #1 and #2 were adopted in Committee."

Speaker Madigan: "Are there any motions relative to Committee Amendment #1? There being no such motions, are there any further Amendments? Committee Amendment #2, are there any motions relative to Committee Amendment #2?"

There being no such motions, are there any other Amendments?"

Clerk O'Brien: "Floor Amendment #3. Jaffe. Amends House Bill 616...."

Speaker Madigan: "The Chair recognizes the Gentleman from Cook, Mr. Jaffe."

Jaffe: "Mr. Speaker, Members of the House, Floor Amendment #3 merely states that Physician's Assistance may not perform any services exclusively performed by persons registered under the Psychologist's Registration Act. In other words, P.A.'s cannot perform a psychologist's duty. I checked it with the Sponsor of the Bill and he has no objections to it."

Speaker Madigan: "Mr. Jaffe moves for the adoption of Amendment #3.

Is there any discussion? Mr. Ryan. The Chair recognizes the Gentleman from Kankakee, Mr. Ryan."

Ryan: "Thank you, Mr. Speaker, as usual Representative Jaffe has a fine Amendment and I support it."

Speaker Madigan: "The Chair recognizes the Gentleman from Cook, Mr. Dan Houlihan."

D. Houlihan: "Question of the Sponsor of the Amendment, Mr. Speaker? Representative Jaffe, just what does this mean, 'may not perform any services exclusively practiced by persons registered under the Psychologist's Registration Act'?"

Jaffe: "What it means, Dan, is merely that when we had the hearing in Human Resources there was some question of whether or not a physician's assistant might actually perform psychologist's services under a psychiatrist. And we didn't want that to happen and so we discussed it with the Sponsor of the Bill and make sure that they cannot perform any services that a psychologist would perform."

D. Houlihan: "Can psychiatrists do psychological work?"

Jaffe: "Pardon? Psychologists and psychiatrists are two different things....psychologist...."

D. Houlihan: "Well, I can understand that but can a....can a psychiatrist do psychological work?"

Jaffe: "Well, absolutely. He's a physician. But we're talking about a physician's assistant. We're talking about someone who goes to school for maybe two years and is more like a nurse than a psychologist and we don't want that individual who happened to have that training

to actually perform psychological work."

D. Houlihan: "Well, who are those persons that exclusively practice under the Psychologist's Registration Act? I'm not trying to nit-pick this but what I'm getting at, can't doctors practice?"

Jaffe: "If you're talking about...."

D. Houlihan: "....Psychology services?"

Jaffe: "You know....you know, there are two things. There are psychiatrists and there are psychologists. You know, a psychiatrist are....are M.D.'s....you know,.....a specialty in psychiatry and psychologists do not have an M.D. but they have training in psychology. So, like for instance, you might have a person who has a Ph.D. in psychology. He's a psychologist. He's registered under the Psychological Registration Act. Now you wouldn't want a P.A. who is, who is something like a nurse to actually perform the duties that a person who has gone to school for eight years can perform. That person has gone to school, has become a psychologist, and you wouldn't want a P.A. who is merely a physician's assistant who is really like a para.... legal, in the legal field to actually be doing psychologists work. It'd just be silly."

D. Houlihan: "Well, it just....is what you tell me, then, the effect of this Amendment would be that a physician's assistant may not practice any psychological counseling at all, is that correct?"

Jaffe: "They may not practice any work that is done by a psychologist under the Registration Act, that is correct."

Speaker Madigan: "The Chair recognizes the Gentleman from Bureau, Mr. Mautino."

Mautino: "Thank you, Mr. Speaker, will the Sponsor of the Amendment.... answer a few questions?"

Speaker Madigan: "Yes, go ahead."

Jaffe: "Yeah, go ahead, Representative."

Mautino: "Representative Jaffe, on the....to continue the line presented by Representative Houlihan, may I ask then that this Amendment would allow a person basically without any knowledge in the medical profession but under the existing statute now, to pass meds and give shots and et cetera and do the physician's work in a state institution?"

Jaffe: "My Amendment doesn't address itself to that problem. My Amendment merely addresses itself to the problem of psychologists and says that they may not perform psychologists work because they're not trained to do so."

Mautino: "Okay, thank you."

Speaker Madigan: "Is there any further discussion? There being no further discussion the question is, shall Amendment #3 to House Bill 616 be adopted? All those in favor signify by saying 'aye'; all those opposed by saying 'no'. In the opinion of the Chair the 'ayes' have it and Amendment #3 is adopted. Are there further Amendments?"

Clerk O'Brien: "Floor Amendment #4. Huff. Amends House Bill 616 as amended in the second sentence of paragraph two and so forth."

Speaker Madigan: "The Chair recognizes Mr. Huff."

Huff: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. My Amendment is a very simple one. We heard this Bill, 616, in Committee and at that time one of the cogent questions that were asked, that was asked by many of the Members time and time again as to who would be the doctor's assistants and no one sponsoring the Bill could at that time identify who would fill that position. Also testifying at that Committee were the nurses, representatives from the Illinois Nursing Association, and they thought that they should be in that position. We also asked what were the qualifications for training. None of the Sponsors of the Bill at that time could respond adequately. So I thought since the nurses did have the training and it was admitted by some of the Sponsors that they were qualified to take this exam that I proposed to insert with my Amendment to simply identify the doctor's assistants as the registered nurses who have the natural resources upon which the doctor's assistants can come from. I think this clarifies that portion of the Bill and I would ask your favorable consideration."

Speaker Madigan: "The Chair recognizes the Gentleman from Kankakee, Mr. Ryan."

Ryan: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House,

will the Sponsor yield?"

Huff: "Yes."

Ryan: "Representative Huff, can you tell me what the nurse's pool, the registered nurse's pool is?"

Huff: "Well, Representative Ryan, according to the testimony that I heard there's something like 80,000 nurses that constitute the Registered Nurse's Pool and as you well know, it was never defined where, other than the nurse's pool, where these 'P.A.'s' would come from, they could come from anywhere. They could come from the castle of Frankenstein in the form of Igor or anybody. And I think that this Amendment is a good Amendment because it identifies in a very creditable way that the 'P.A.'s' would come from at least the nurses who have, you know, some rapport, some training in these allied Bills."

Ryan: "Mr. Huff, I think maybe you missed something in testimony during the Committee Hearings. Physician's assistants do indeed have to take training and as I understand your Amendment the nurses would not have to take the Physician's Assistants Examination. Is that correct?"

Huff: "No, and that's not it at all, Mr. Ryan. What I'm saying is that as the....as the amended portion of 616 reads, once the nurses have been appointed they would be under the direct supervision of the physicians."

Ryan: "Do they have to take...take...."

Huff: "And...."

Ryan: "Physician's...."

Huff: "May I answer the question?"

Ryan: "Yeah, excuse me."

Huff: "As I understand the Bill, once the nurses have been appointed and they would be under the direct supervision of the physician. I should think that a nurse, you know who already has the training and the inclination can acquire the additional skills by....by the nature of being under the physician. So that....so that after one year she can...she can take that exam. Now I'll point out to you, Representative Ryan, the question was asked several times, 'where does one acquire the training to become a P.A.?' And I think I was attentive as anyone else and that question was never answered."

I found in one of the pamphlets that was distributed by one of Sponsors that the only training that's required, Ladies and Gentlemen, to become a P.A. is that you have one year's training in any military or civilian hospital that deals with mental health. That's all it says. I should think this is an adequate Amendment because it simply identifies, it takes, it simply identifies that the registered nurses who handle background surely not only in the clinical aspects but also in the mental health aspects, to be properly, that person identified to be the P.A. In many instances I'm certain that some of those nurses come highly qualified from the very beginning. And those that would come subsequently can learn on the job aspects because they'll be under the direct supervision of the physician."

Ryan: "Well, thank you, Representative Huff. Let me explain that presently to become a physician's assistant the requirement is from twenty months training and then to take an examination by the State of Illinois. We've amended the Physician's Assistant Act to include the examination of the National Board of Physician's Assistants. This Board, they have to take the National Board and the State Board to become a physician's assistant. Under the present law the...the twenty months training is waived for nurses and they can take the exam any time they...that it's given, and as a matter of fact there's a lot of them that do take it, the biggest percentage of them do and pass it. And so I think that your Amendment is really not needed and I would certainly hope that it wouldn't be adopted."

Speaker Madigan: "The Chair recognizes the Gentleman from Cook, Mr. Lechowicz."

Lechowicz: "Mr. Speaker, may I ask the Sponsor of the Amendment a question?"

Speaker Madigan: "The Gentleman indicates that he will yield."

Lechowicz: "Representative Huff, according to your Amendment, if it's adopted, would it mean that in order to be a physician's assistant you'd also have to be a registered nurse?"

Huff: "That's correct."

Lechowicz: "Well, may I just speak to the Amendment then, Mr. Speaker?"

Speaker Madigan: "Proceed, Mr. Lechowicz."

Lechowicz: "Mr. Speaker, I believe that Representative Ryan's Bill is trying, addresses itself to a very difficult and sensitive area in state government. But in turn, if this Amendment is adopted you're going to have a dual qualification for a position which in my opinion is supposed to alleviate a very serious situation. I would hope that Representative Huff would reconsider his motion, or if not, the Amendment should be defeated."

Speaker Madigan: "The Chair recognizes the Gentleman from DuPage, Mr. Schneider."

Schneider: "Thank you, Mr. Speaker and Members of the House, just speaking to the Amendment and along the line similar to the previous Speaker, well, as a Sponsor of legislation that dealt with the Nurses Training Act a number of terms ago, what I have discovered is that on the basis of my information from that Act and as I see this Amendment we're starting to create new definitions and redefining certain kinds of professional people into areas that they're not qualified to deal with nor need they be qualified to deal with that. So I would oppose the Amendment simply because I think it does damage to the cause of the nurses and also because of the fine explanation that Representative Lechowicz points out that you're into double needs and identification of those individuals to perform what is now a very crucial task and so I, also, oppose the Amendment and wish that it would be defeated."

Speaker Madigan: "The Chair recognizes the Lady from Champaign, Mrs. Satterthwaite."

Satterthwaite: "Mr. Speaker and Members of the House, I rise to speak in opposition to this Amendment, too, because as I see it the Amendment would put us in the situation of allowing for unlicensed physician's assistants to be operating in our mental health institutions. We are trying very valiantly to eliminate the unlicensed physician. I do not think we should perpetuate our problems by having confusion over who is licensed and who is not fully licensed as physician's assistants. The Bill as it was amended in Committee speaks very well to the needs of the Department to have an additional level of service. As Representative Ryan very clearly pointed out, there is no prohibition against a nurse taking and qualifying as a physician's

assistant. In fact, the training that they already have gives them an opportunity to take the exam without additional training. Any nurse who wants to be a physician's assistant can certainly take the exam and get fully qualified for that category of service. I strongly recommend a 'no' vote on this Amendment."

Speaker Madigan: "The Chair recognizes the Gentleman from Cook, Mr. Kosinski. Mr. Kosinski, you're not seeking recognition? The Chair recognizes the Gentleman from Kane, Mr. Waddell."

Waddell: "Mr. Speaker, move the previous question."

Speaker Madigan: "The question is, shall the main question now be put? All those in favor signify by saying 'aye'; all those opposed by saying 'no'. In the opinion of the Chair the 'ayes' have it. And the Chair recognizes the Gentleman from Cook, Mr. Huff, to close the debate."

Huff: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House, I ...I'm somewhat dismayed at the revelation made by the Sponsor over there on the other side of the aisle that the P.A.'s had to have something like twenty months of training. I would have appreciated if that had been brought out at the time the Bill came to the Committee. And since it wasn't, I felt somewhat constrained to offer this Amendment which attempts to identify who that P.A. will be and I know that the Illinois Nurses....Illinois Association....Illinois Nurse's Association desperately wants this Amendment and so I'm going to ask again for your favorable consideration. Thank you."

Speaker Madigan: "The question is, shall Amendment #4 to House Bill 616 be adopted? All those in favor signify by saying 'aye'; all those opposed by saying 'no'. In the opinion of the Chair the 'no's' have it and the Amendment is not adopted. Are there further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Madigan: "Third Reading. On the Order of House Bills Third Reading appears House Bill 736. The Chair recognizes the Gentleman from McLean, Mr. Bradley."

Clerk O'Brien: "House Bill 7....."

Speaker Madigan: "Bradley."

Clerk O'Brien: "What Bill is...."

Bradley: "Mr. Speaker, it's been read a second time."

Clerk O'Brien: "House Bill 736. A Bill for an Act making an additional appropriation for the ordinary and contingent expense of the House of Representatives. Third Reading of the Bill."

Bradley: "Mr. Speaker and Ladies and Gentlemen of the House, I would like to move this Bill back to Second Reading for the purpose of an Amendment."

Speaker Madigan: "The Gentleman requests leave to return this Bill to the Order of Second Reading for purposes of an Amendment. The Chair recognizes the Gentleman from Cook, Mr. Walsh."

Walsh: "Wonder if you'd tell me, Mr. Speaker, what ordering....what order you're following in the calling of Bills?"

Speaker Madigan: "Mr. Walsh, Mr. Bradley indicated yesterday that he wished to return this Bill to the Order of Second Reading for purposes of an Amendment. Now we have just completed calling all Bills on the Order of Second Reading and if we then consider this Bill we will have completed our consideration of Bills on Second Reading for today."

Walsh: "Mr. Speaker, this Bill is on Third Reading. The appropriate time for calling it back to Second Reading would be when you reached it on the Calendar having gone through Third Reading."

Speaker Madigan: "The Gentleman asked leave to move this back to Second Reading, Mr. Walsh."

Walsh: "I'm not objecting to that, I'm objecting to your calling the Bill first, Mr. Speaker."

Speaker Madigan: "Mr. Walsh, do you object to calling this Bill out of order?"

Walsh: "I do."

Speaker Madigan: "In light of Mr. Walsh's objection the Chair pursuant to its authority under the Rules will now proceed to call all appropriation Bills on the Order of House Bills, Third Reading. And the first such Bill is House Bill 417. Mr. McGrew, you wish to call your Bill?"

McGrew: "I've a feeling this is not the appropriate time, Mr. Speaker."

Speaker Madigan: "Thank you, Mr. McGrew. And now pursuant to the Rules we arrive at House Bill 736 and the Chair recognizes Mr. Bradley."

Bradley: "And now, Mr. Speaker, Ladies and Gentlemen of the House, I renew my motion to return House Bill 736 back to the Order of Second Reading."

Speaker Madigan: "The Gentleman requests leave to return this Bill to the Order of Second Reading. Is there leave? Leave being granted the Bill shall be placed on the Order of Second Reading. Mr. Bradley."

Clerk O'Brien: "Amendment #1. Amends House Bill 736 by striking lines 17, 18 and so forth."

Bradley: "Mr. Speaker and Ladies and Gentlemen of the House, so that we're not in a position to delaying the functions of the House. We've discussed Amendment #1 to House Bill 736 quite lengthily. I think that we've straightened out the differences that there might have been and I now move for the adoption of House Bill, or Amendment #1 to House Bill 736."

Speaker Madigan: "The Gentleman moves for the adoption of Amendment #1. Is there any discussion? The Chair recognizes the Gentleman from Kankakee, Mr. Ryan."

Ryan: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. This is the Bill that we objected to yesterday, or the Amendment. I have been assured by Senator Shapiro that the monies involved here are not for new Leadership spots in the Senate and I support Representative Bradley in the adoption of Amendment #1 to House Bill 736."

Speaker Madigan: "The Chair recognizes the Gentleman from Cook, Mr. James Houlihan."

Houlihan, J: "Mr. Speaker and Ladies and Gentlemen of the House, and Representative Bradley. I must apologize, I had not voted on this Amendment last time. I thought this was the Bill that you wanted not to have amended, where you didn't want to have any Amendments placed on it. You had talked in conference about having your Bill in the form that you wanted it and not to have any Amendments placed on it. And I misunderstood that...."

Bradley: "Jimmy, if you take a look at the Calendar, you know, I wouldn't do anything like you're suggesting. This is not the one we're talking about that you're talking about."

Houlihan, J: "Right. I understand. Yesterday I was....I misunderstood

your comments in the conference, I thought you were referring to this Bill and it was cleared up that you're referring to 380."

Speaker Madigan: "There being no further discussion, the question is, shall Amendment #1 be adopted. All those in favor signify by saying 'aye'. All those opposed.....in the opinion the Chair, the 'ayes' have it and the Amendment is adopted. Are there further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Madigan: "Third Reading. For what purpose does the Gentleman from McLean, Mr. Bradley, arise?"

Bradley: "Mr. Speaker, I would now move to suspend the appropriate Rules so that we may move....now that House Bill 736 is on Third Reading, we could suspend the Rules to go ahead and I can move to adopt House Bill 736."

Speaker Madigan: "The Gentleman moves to adopt the provisions of Rule 35-C which requires a 107 votes. On that question, all those in favor signify by voting 'aye'; all those opposed by voting 'no'. Have all voted who wish? Have all voted who wish? The Clerk shall take the record. On this question there are 139 'ayes', 10 'nos', no voting 'present' and the Gentleman's motion is adopted. And on the Order of House Bills, Third Reading appears House Bill 736."

Clerk O'Brien: "House Bill 736. A Bill for an Act making additional appropriations to the ordinary and contingent expense to the House of Representatives. Third Reading of the Bill."

Speaker Madigan: "The Chair recognizes the Gentleman from McLean, Mr. Bradley."

Bradley: "Mr. Speaker and Ladies and Gentlemen of the House, House Bill 736 as amended provides for \$325,000 for the operation of the House, \$25,000 for the per diem expenses of the Members and some \$88,000 for the necessary expenses for the Senate. We discussed the Amendment and the Bill quite extensively yesterday and now I simply request a favorable Roll Call on House Bill 736."

Speaker Madigan: "The Gentleman moves that House Bill 736 pass. Is there any discussion? The Chair recognizes the Gentleman from Lawrence, Mr. Cunningham."

Cunningham: "Mr. Speaker, will the Sponsor yield for a question?"

Speaker Madigan: "The Sponsor indicates that he will yield."

Cunningham: "The question has arisen as to whether or not the funds are included within this Bill as set forth in House Bill 417 by Representative McGrew. Would you respond to that?"

Bradley: "Would you....a little quieter now, would you repeat that question, please, Mr. Cunningham?"

Cunningham: "Our people tell us that the money that's sought in Representative McGrew's Bill, House Bill 417, is included also in this Bill."

Bradley: "No, no Sir, it certainly is not, I can assure you."

Cunningham: "And if it is, you'll join with us to defeat the latter Bill when it's ultimately called?"

Bradley: "If that money was in this Bill I...you know, I would assure... I'm assuring you that it's not."

Cunningham: "Thank you."

Speaker Madigan: "The Chair recognizes Mr. McGrew."

McGrew: "Thank you, Mr. Speaker, inasmuch as my name was mentioned in debate I would like to respond to the Gentleman and say that it definitely should be."

Speaker Madigan: "The Chair recognizes the Gentleman from Cook, Mr. Epton."

Epton: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House, again and I regret taking the time of the House, but I can't help but.... rise to my feet and indicate once again how ridiculous the alleged conflict of interest that we're constantly faced with meets us on each and every Bill. Here, I again had a conflict of interest, I'm sure that all of my colleagues join me in that conflict notwithstanding as before I will vote my conscience."

Speaker Madigan: "Is there any further discussion? There being no further discussion, the question is, shall House Bill 736 pass? All those in favor signify by voting 'aye', all those opposed by voting 'no'. Have all voted who wish? Have all voted who wish? Have all voted who wish? Mr....Mr. Bradley, would you check Mr. Giorgi's switch? Have all voted who wish? The Clerk shall take the record. On this question there are 126 'ayes', 22 'nos', 1 voting 'present' and House Bill 736 having received a Constitutional Majority is

hereby declared passed. Committee Reports."

Speaker Madigan: "Messages from the Senate."

Clerk O'Brien: "A message from the Senate by Mr. Wright, Secretary.

Mr. Speaker, I am directed to inform the House of Representatives the Senate has concurred with the House of Representatives in passage of Bills of the following title, to-wit: House Bill 615 together with Amendment #2. Passed by the Senate as amended, March 24, 1977. Kenneth Wright, Secretary."

Speaker Madigan: "Anything further, Mr. Clerk? Thank you, Mr. Clerk.

On the Order of House Bills, Third Reading appears House Bill 312. The Chair recognizes Representative O'Daniel."

Clerk O'Brien: "House Bill 312. A Bill for an Act to exempt materials used for agricultural draining purposes from certain taxes. Third Reading of the Bill."

Speaker Madigan: "Mr. O'Daniel."

O'Daniel: "Mr. Speaker, Members of the House, House Bill 312 amends Section 3 of the Used Tax Act and Section 2 of the Retailers Occupational Tax Act. Provides that Used Tax and Retailers Occupation Tax exemption for materials used for agriculture drainage purposes. I know the first thought of the Members of the House is that the state cannot afford to give up any more revenue; but what I want to attempt to do is point out by giving up a small amount of revenue the state can generate more revenue from the installation of more drainage material. I also feel like that sales tax on drainage tile

is a form of double taxation. I feel there is no difference in ...in sales tax on drainage tile as there is on limestone, fertilizer as it is a part of producing food. Once drainage material is installed it then becomes a part of the real estate. So if there's any questions I'd be glad to answer."

Speaker Madigan: "The question is, shall House Bill 312 pass? And the Chair recognizes the Gentleman from Livingston Mr. Ewing."

Ewing: "Mr. Speaker, I think I have a motion pending on this which has not been called and I think we should handle that before we vote on this Bill on Third Reading."

Speaker Madigan: "Where is your motion, Mr. Ewing?"

Ewing: "It's under Motions."

Speaker Madigan: "Mr. Ewing,....the Chair recognizes the Gentleman from Livingston, Mr. Ewing. And, Mr. Ewing, you're correct therefore we will move to the Order of Motions, House Bill 312, Mr. Ewing."

Ewing: "I'd like leave of the House, Mr. Speaker, to table this Motion."

Speaker Madigan: "The Gentleman requests leave to table his Motion relative to House Bill 312. Is there leave? Leave being granted the Motion is tabled. The question is, shall House Bill 312 pass? All those in favor signify by voting 'aye', all those opposed by voting 'no'. Have all voted who wish? The Clerk shall take the record. On this question there are 141 'ayes', 12 'nos' and 3 voting 'present'. And House Bill 312 having received a Constitutional Majority is hereby declared passed. On the Order of House Bills, Third Reading appears House Bill 462. The Chair recognizes the Gentleman from McLean, Mr. Bradley."

Clerk O'Brien: "House Bill 462. A Bill for an Act to amend the Illinois Pension Code. Third Reading of the Bill."

Speaker Madigan: "Mr. Bradley."

Bradley: "Mr. Speaker and Ladies and Gentlemen of the House, House Bill 462 amends the Downstate Teacher's Retirement System. What we're really....are doing is changing the rate of interest credited to the member's contribution from 4% to 5%. It would be effective July 1st of '77. This happens to be one of the two Bills that I'm aware of that the Pension Laws Commission has adopted and are supporting this

Bill. It's simply because of the interest going up and up, it simply increases from 4% to 5% the interest that will be placed in the fund from the...from the principle contributed by the teachers themselves. And I move for the passage of House Bill 462."

Speaker Madigan: "The question is, shall House Bill 462 pass? All those in favor signify by voting 'aye', all those opposed by voting 'no'. Have all voted who wish? The Clerk will take the record. On this question there are 161 'ayes', no 'nos', 1 voting 'present'. And House Bill 462 having received a Constitutional Majority is hereby declared passed."

Speaker Madigan: "On the Order of House Bills, Third Reading appears House Bill 286. The Chair recognizes the Gentleman from Cook, Mr. Stearney."

Clerk O'Brien: "House Bill 286. A Bill for an Act in relation to obscenity involving minors. Third Reading of the Bill."

Stearney: "Mr. Speaker and Ladies and Gentlemen of the House, House Bill 286 would impose a felony conviction on anyone who creates, sells or delivers pornography depicting young children engaged in sexual, deviate sexual or homosexual acts. The media recently has bared the plight of innocent young children being sexually exploited by producers of pornographic material. Today we have no obscenity law, especially in northern Illinois, as it was ruled unconstitutional by the Federal District Court. House Bill 286 meets the constitutional objection that our old law did not sufficiently designate the sexual conduct proscribed. Many would argue now against legislation banning all obscene materials as being censorship. However, there should be no disagreement that pornography depicting children performing lewd acts is patently offensive. It is difficult to argue that such child pornography has serious literary, artistic or educational value as required by the U.S. Supreme Courts. My Bill now is sufficiently limited in its application. It is not a general obscenity law. It's rationale is to prevent the prostitution of young children. Not one person in this Assembly has said that the Bill is constitutionally defective in whole or in part as it defines obscenity. The Bill is sound and reasonable. It meets a serious social need, but nevertheless, it protects works of art and all literary creations. No one can argue that ambit, the protection of the First Amendment would extend that far to cover pornography involving children. I therefore request of you a favorable Roll Call. Thank you."

Speaker Madigan: "The Chair recognizes the Gentleman from Cook, Representative Greiman."

Greiman: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. I recognize that this is probably a very popular Bill; however, it is the measure of people sometimes to speak on unpopular Bills. I believe that the..... that the right of free speech and free expression is the nugget, the center of the Bill of Rights. And that any infringe-

ment or impairment of that right of expression is a dangerous, serious attack on our fundamental liberties. I believe that our forefathers who wrote the Constitution were men of great courage. And that we in this generation of Americans are timid people. We are timid because we are afraid to allow written and printed matter to rest in the marketplace of ideas, to stand with truth and falsity and to be decided on the individual tastes of Americans. I wonder sometimes whether we really want to be free, whether we would pass and enact the Bill of Rights that our forefathers had the good sense to enact. I disagree..... I think this does impair the right of free speech. I think it does impair a First Amendment right and I will.... maybe even alone, but I will vote 'no'."

Speaker Redmond: "Representative Geo-Karis."

Geo-Karis: "Mr. Speaker and Ladies and Gentlemen of the House, our forefathers did not contemplate the First Amendment to destroy the lives of innocent children. And when we allow child pornography to run as rampant as it is running now... to the extent that there are at least three hundred thousand cases a year and cases where Hollywood producers not only use their own children for some of these very offensive sights, but also runaway children, I think we're going too far. I don't think our forefathers contemplated that the First Amendment should mean that we should abuse young children. Young children are entitled to the rights that they should be guaranteed under the Fourteenth Amendment of the equal protection of the laws; one of which would seem to me to be that a young child is entitled to a normal childhood. Certainly it is not a normal childhood when these youngsters are shown in sex acts with other grown-ups or other children and in horrifying situations. I speak in favor of this Bill and I say that the First Amendment rights are not violated because you cannot, by the same token, go out and attack people unmercifully and call them all kinds of rotten names and say that you are protected by the First Amendment. I speak in favor of this Bill and I urge its passage."

Speaker Redmond: "Representative Mann."

Mann: "Mr. Speaker and Members of the House,.... Mr....."

Speaker Redmond: "Please give the Gentleman order."

Mann: "Thank you, Mr. Speaker and Members of the House."

Speaker Redmond: "Somebody bad stole my mallet."

Mann: "As many of you may know, I was appointed Chairman of the Obscenity Committee of the House because the existing obscenity laws had been successfully challenged in the courts. I think that the depiction of children in sexual acts..... explicit sexual acts is as about as rotten an expression of the human greed for profit as I can possibly imagine. But free speech is not a fad that we respond to on a momentary basis. It's the living institution, it's the breath and life of our democracy. I had hoped and I had asked Representative Stearney.... and I'm asking him again now that since our obscenity report and legislation will be out very shortly, that he hold this Bill until that report comes out because he's a Member of the Subcommittee. I've asked him to do this. I'm asking him to do it again now. Therefore, since apparently..... I see no response and because we are dealing with such a vital matter; I am with great reservation forced to vote 'no' even though I think this is one of the most evil expressions of human beings that I've ever witnessed. I think you take a long-run view of the Constitution and you take a short one. We will be coming in with a report that will protect children, but it will be a report which will be in rapport and consistent with the First Amendment rights that go on and on and on and are the breath of our society. And so because Representative Stearney will not hold back on a Bill, on which he himself served as a Subcommittee Member, before we can prepare our Bill for introduction..... I may vote 'no'.... and I do vote 'no'. But I invite him in his closing to explain to us how he can justify going ahead with a Bill before the Subcommittee, which he served on, gives us a report. I thought that this was precisely what Mr. Kempiners and others were complaining about that happened in the Committee on this side. And I would think that fair play would play on both sides. And I ask Representative Stearney to take this Bill out of the record until our Bill on obscenity is ready for introduction and our report."

Speaker Redmond: "Representative Ewing."

Ewing: "Mr. Chairman and Ladies and Gentlemen of the House, it seems to me that we're somewhat confused here with all this talk about the First Amendment. When we pass legislation here everything is subject to constitutional interpretation by the courts. This Bill is no different. We're not amending away the First Constitutional Amendment to the freedom of speech. If this doesn't match up to our constitutional provisions, let the courts strike it down, but let's strike a blow for what's decent in this country and pass this legislation. Thank you."

Speaker Redmond: "Representative Waddell."

Waddell: "Mr. Speaker, I move the previous question."

Speaker Redmond: "The question is shall the main question be put? Those in favor say 'aye' and the opposed 'no' and the 'ayes' have it and the motion carries. Representative Stearney to close."

Stearney: "Mr. Speaker and Ladies and Gentlemen of the House, this Bill does not abridge your right to speak out. It does not limit your right to petition your government or it does not limit your right of political expression. That being the case, there can be no objections as to its having constitutional..... constitutional defects. I accordingly ask for a favorable Roll Call on this matter."

Speaker Redmond: "Representative McAuliffe, are you seeking recognition?"

McAuliffe: "I wanted to speak before they moved the previous question, but I'll explain my vote, Mr. Speaker."

Speaker Redmond: "Okay. The question is shall this Bill pass? Those in favor vote 'aye' and those opposed vote 'no'. Representative McAuliffe to explain his vote."

McAuliffe: "Mr. Speaker, I want to support Representative Stearney. I think he should be commended on taking immediate action on a matter that's gravely important to the children of Illinois. Now many crimes are committed in the name of the First Amendment rights, but how anybody could justify delaying this and knowing that in the meantime other children will be subjected to this kind of criminal activity, I just can't understand it. Representative Stearney took action immediately at a problem that was facing us. Many people can't understand why we must study and study and study everything and

and nothing ever gets done. So it's time that we started to move and this is a step in the right direction. I'm glad that we're not going to study this problem to death. Take immediate action now."

Speaker Redmond: "Have all voted who wish? Have all voted who wish? - The Clerk will take the record. On this question there are 115.... Van Dyne... did you show him? 152 'ayes' and 4 'no' and the Bill having received the Constitutional Majority is hereby declared passed. 296"

Clerk O'Brien: "House Bill 296. A Bill for an Act to amend Sections of the Prefiling of Bills Act. Third Reading of the Bill."

Speaker Redmond: "Representative McPike. Representative McPike here?"

McPike: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House, House Bill 296 attempts to do two things. It will allow the prefiling of Resolutions and it will allow newly elected Members the same privilege as the incumbent Members, that is, the prefiling of Bills. The current law only allows incumbent Members to prefile Bills. I believe that any small step we can take to increase the efficiency of the operation of this Body is good. The Bill has received bipartisan support in Committee and I urge the adoption of it now."

Speaker Redmond: "Is there any discussion? The question is, shall this Bill pass? Those in favor vote 'aye', opposed vote 'no'. Have all voted who wish? This your first Bill, Representative McPike? Clerk will take the record. On this question there's 151 'aye' and 5 'no' and the Bill having received the Constitutional Majority is hereby declared passed."

Speaker Redmond: "Representative Cunningham, did you want to go with 279? Out of the record. 306. Representative Macdonald."

Clerk O'Brien: "House Bill 306. A Bill for an Act to amend Sections of the Park District Code. Third Reading of the Bill."

Speaker Redmond: "Representative Macdonald."

Macdonald: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House, House Bill 306 addresses itself to an important need for change in the Park District Code. It removes the word 'highway' and replaces the term 'arterial' streets in a portion of the annexation section of the Code. In 1973 Representative Ron Hoffman sponsored a Park District Bill, House Bill 1008, that allowed forced annexation of areas of 50 acres or less bounded on three sides by one or more Park Districts and the fourth by a railroad, river or lake. The problem came with the abuse of the word 'highway'. As soon as the Bill had passed, the Arlington Heights Park District took immediate action and started breaking up large areas of of unannexed land into 50 parcels...60 acre parcels and used residential streets as highway boundaries. They are within the law since it was challenged in the courts. However, there are two places in the statutes that define the word 'highway'. And in the most extreme interpretation of the word 'highway' the fourth boundary could even mean an alleyway. So we have replaced that word with 'arterial streets' and I urge your adoption of this much needed Bill."

Speaker Redmond: "Any questions? You dump that Roll Call, Mr. Clerk?"

Is there any discussion? The question is, shall this Bill pass?

Those in favor vote 'aye', opposed vote 'no'. Representative Conti."

Conti: "Mr. Speaker, I'm not voting on this Bill, I have a conflict of interest on this Bill and I don't feel that I should vote either present, absent or my conscience on it."

Speaker Redmond: "Have all voted who wish? The Clerk will take the record. On this question there's a 153 'aye' and no 'nay'. The Bill having received the Constitutional Majority is hereby declared passed. 310."

Clerk O'Brien: "House Bill 310. A Bill for an Act to amend Sections of the Illinois Vehicle Code. Third Reading of the Bill."

Speaker Redmond: "Representative McAuliffe."

McAuliffe: "Mr. Speaker and Ladies and Gentlemen of the House, House Bill 310 would require the Secretary of State to revoke for one year the driver's license of anybody convicted of criminal trespass to a vehicle. The reason for the Bill is that many times in Chicago people who are arrested for stealing automobiles, charge is reduced to a criminal trespass to a vehicle unless they can prove permanent intent to deprive the owner of the car. They go to court, give five months, six months probation and they're back out on the street the next weekend stealing somebody else's car. This would take the driver's license away from people who are convicted of criminal trespass to a vehicle and I urge your support."

Speaker Redmond: "Is there any discussion? Representative McClain, are you seeking recognition? I guess...will you dump that last call here, we've taken the record on 310. Any questions? The question is, shall this Bill.....Representative Schlickman."

Schlickman: "Would the Sponsor yield?"

Speaker Redmond: "He will."

Schlickman: "What is the relationship between the offense and the sanction that you provide?"

McAuliffe: "The relationship would be to provide a more effective penalty to people who steal cars almost every weekend in Chicago."

Schlickman: "And your feeling is that by revoking their driver's license they would be prevented from pursuing this form of crime?"

McAuliffe: "Well, I feel that it would be a form of punishment because most of the time they're not being punished at all. Now they're going to get probation piled on top of probation. Besides that, if we saw to a future date...could stop an individual but he could have a car that was stolen that wasn't even reported stolen but the policeman's suspicions would be arised when he...when the driver didn't have a driver's license, a valid driver's license."

Schlickman: "Thank you."

Speaker Redmond: "Anything further? The question is, shall this Bill pass? Those in favor vote 'aye', opposed vote 'no'. Have all voted who wish? Have all voted who wish? Clerk will take the record."

On this question there's 135 'aye' and 10 'no' and the Bill having received the Constitutional Majority is hereby declared passed. Is that your first Bill, Representative McAuliffe? 321. Out of the record. 383. Representative Richmond, do you want that called? Out of the record. 387, Representative Giglio."

Clerk O'Brien: "House Bill 387. A Bill for an Act to amend Sections of the Illinois Vehicle Code. Third Reading of the Bill."

Speaker Redmond: "Representative Giglio."

Giglio: "Mr. Speaker, Ladies and Gentlemen of the House, House Bill 387 is the Bill that was brought to my attention by the County Clerk of Cook County. And what it does is actually make, is going to make his work what he's doing now with regard to the fines that he collects on the unincorporated roads in the county legal. He's now turning this money over to the county treasurer; however, there was a lawsuit filed against his action and he tried to get the sheriff and some other people to collect it but to no avail. So what he's done, he's come back to the Legislature to see if we can change the Act in our statutes and that's exactly what we're trying to do. Now we thought that the township organizations, the lobbyists had some problems with it; however, Mr. Cross talked to me yesterday and they are not against the Bill. And it's not going to take any money away from the townships. And actually what we did last year to help provide monies back to the townships, if you may or may not recall, we passed Senate Bill 1750 last year which gives back to the townships \$15,000,000 annually. And this money is distributed proportionately to the amount of roads that are in the townships. If there are any questions with regard to the Bill, I'd be more than happy to try and answer them."

Speaker Redmond: "Representative Schlickman."

Schlickman: "Thank you, Mr. Speaker, would the Sponsor yield?"

Speaker Redmond: "He will."

Schlickman: "Where does the fine now levied or assessed on unincorporated roads go?"

Giglio: "They go to the county right now, Gene. What he's trying to do is put it in the statute so what he's going...or what he is

doing now is legal, trying to make it legal in the statute. He does send the money to the county treasurer right now."

Schlickman: "What is the effect of the existing law which you would be changing and which provides 'except if such offense was committed by or under the supervision of the township...township district or road district to the treasurer thereof for deposit in the Road and Bridge Fund of such township or other districts'. It seems to me that this is a diversion from township to county."

Ciglio: "No, what it does is strike out the three sentences in the Bill about bringing it back to the Road Fund, but he can't bring it back now he's not...there's no stipulation on the ticket and the person who writes the ticket does not know where that road is, whether it's township or not."

Schlickman: "Well, Mr. Speaker, may I address myself...."

Speaker Redmond: "Proceed."

Schlickman: "Mr. Speaker, Members of the House, this Bill which I believe has not been amended simply deletes certain language on page 2 between lines 7 and 11 and that language says that the fine shall go to the township if the offense which produced the fine is an unincorporated area. I read that, it comes through clear and I can't see in this Bill anything but a diversion of revenue from the townships to the counties. And on that basis, I urge a 'no' vote."

Speaker Redmond: "Representative Yourell."

Yourell: "Thank you, Mr. Speaker, Ladies and Gentlemen, I'm delighted to rise in support of this Bill because for 15 or 20 years I've been paying to the great champions of township government in Cook County, that there are many sources of revenue that have been available to them that they have not used. Instead, they have just willy-nilly taxed upon taxes, increased the...three tax levies in township government in Cook County. Now ten years ago I brought this statute, in Chapter 95½ in the Motor Vehicles Code, Paragraph 105, to the attention of the township treasurer of the Road and Bridge Fund in my township. And he said, 'It's too much bother to collect these fines'. Now I saw last year there were 782 offenses and citations issued on the township roads in the township that I live in, not one dime was

collected from the Circuit Courts of Cook County for those citations and that would have amounted to a substantial number of dollars. Instead, the road and bridge treasurer who is the township supervisor along with the road and bridge supervisor have increased the township levy til now it's over \$800,000 to maintain 26.3 miles of road in my township. Ten years ago I told them, 'Here's a source of revenue, why don't you use it?'. No, instead they'd rather tax the people and those of you who have wondered why I've been opposed to township government in Cook County can see that there's a very good reason. I am a fan of township government in downstate Illinois but in Cook County it's a waste of the taxpayers money and without federal revenue sharing money would have been abolished a long time ago. I'm going to vote for this Bill because they haven't made use of the statute anyway and if they don't feel that this money is worthwhile, or is worthwhile enough to go after, they ought to lose it."

Speaker Redmond: "Representative Conti."

Conti: "Mr. Speaker, this particular Bill, I guess is going to be a correctional Bill to correct a...some litigation that Leyden Township started some 18 months ago in Cook County. Representative Bluthardt, et al, introduced a Bill several years back where townships can contract with the sheriff's police for police protection and that's what prompted the litigation that started in Leyden Township to make sure that we are paying for the police protection, we are paying for the sheriff's car and that those fines that are found....those that are found guilty of any violation in Leyden Township, those fines should go back to the township road supervisor. Now this Bill not only takes those fines away but it starts to let the county letting out bids for road work in the townships. So this is another chip-away bill at township government, taking more jurisidiction away from the road commissioners and the road supervisors. I don't like to vote against the Bill, I'd rather not vote on the Bill and to talk against the Bill but I think that we should at least wait with this Bill to find out what the courts are going to do on the pending litigation. And all this will do is give the Judge an out and throw the case out that's been pending for the last 18 months."

Speaker Redmond: "Representative McMaster."

McMaster: "Thank you, Mr. Speaker. Well, Mr. Speaker, Ladies and Gentlemen of the House, I'm amazed that this Bill went through some Committee other than Counties and Townships. I think it was a direct action on township government. If there is a question as the Sponsor said that there's no place on the arresting ticket to say where the arrest was made, what township it was in, it would be very easy to make a line like that upon the arrest ticket if I understood you correctly. And I think this would be much better than trying to take that money away from township government as it is rightfully theirs. And I would suggest that Bills pertaining to township government should be in Counties and Townships, Mr. Speaker."

Speaker Redmond: "Representative Totten."

Totten: "Well, thank you very much, Mr. Speaker, I enjoyed Representative Yourell's campaign speech a little while ago but I wonder.... there's a couple of points in my mind that has not been answered and I wonder if the Sponsor could? In Committee there was still... still some discussion regarding the effect that this would have on downstate counties and townships. And I have not received any information from either the representative of townships' associations or counties' associations that they're not getting this money now."

Giglio: "Well, the only thing that I can say to that, Tom, Mr. Cross talked to me yesterday in the Election Committee when I was there and he came over and I asked him, I said, 'The Bill's on Third Reading, and I said, 'I'm going to go with it'. He said, 'We do not have any objections' he says 'if we did I would put an Amendment on it'. He says, 'they thought they might have something with regard to other offenses committed on township roads but since it was only the traffic fines they were not against it'. That's all I...and if you'll recall in Committee that I promised to hold it to wait for him to return to see whether or not they had to do something with it to clean it up."

Speaker Redmond: "Represen...."

Totten: "All right. I...I just want to point out that, if I could Mr. Speaker, on the Bill...."

Speaker Redmond: "Proceed."

Totten: "What Representative Yourell has said, is...is for the most part correct in suburban Cook County in regards to the ability to collect the money....that...traffic violations that occur in the way of fines on suburban Cook County township roads because of the difficulty in identifying the township roads by the arresting officers. And that it has been highly impractical in suburban Cook County to collect this money. In fact, I know of no township budget that has shown in the last ten years a receipt figure for fines. And I think circuit court....Finley, who suggested this Bill probably in Cook County it would....not one that we should object to, but I am still considerably concerned over the effect that it may have on downstate counties and townships as I have not received that information and I think that all downstate Legislators should be concerned as to whether this revenue is coming in, and if it is not, why not. And if we should eliminate it for the entire state or just for certain sections of the state, I think, are still unanswered questions. And I don't believe that this Bill should pass at this time and I wish the Sponsor would take it out of the record until we can have a written indication of that from the Township Park Association, or Township Officials' Association."

Speaker Redmond: "Representative Ebbesen."

Ebbesen: "Mr. Speaker, I move the previous question."

Speaker Redmond: "The question is, shall the main question be put? Those in favor say 'aye'; 'aye'; opposed 'no'. The 'ayes' have it. Representative Giglio to close."

Giglio: "Well, Mr. Speaker, if Representative Totten would want me to hold it, I'd be more than glad to hold it and if he wants something in writing I'll be more than glad to....to take the Bill out."

Speaker Redmond: "Does the Gentleman have leave to take it out of the record? Out of the record. 417."

Clerk O'Brien: "House Bill 417. McGrew. A Bill for an Act to amend an Act to provide for the ordinary and contingent expense to the General Assembly. Third Reading of the Bill."

Speaker Redmond: "Representative McGrew."

McGrew: "Thank you very much, Mr. Speaker and Ladies and Gentlemen of the House, this is a Bill that was requested by Representative Cunningham and I'm now pleased to...offer for your consideration House Bill 417. Very simply, what this Bill is, is the monies necessary to provide for the ratio of two Representatives per one secretary for all Members, both Republicans and Democrats, that are not either Committee Chairmen or in Leadership positions."

Speaker Redmond: "Any discussion? Representative Cunningham."

Cunningham: "Mr. Speaker and distinguished Sponsor of this particular Bill, we wanted to express gently our reservations about it. The figures that were introduced when we came before the Appropriations I Committee indicated that they may have had a few more bucks in there than were required. The Sponsor at that time as I recall his testimony conceded that we were coming so late into the ball game that we had about twice the amount of money that was necessary but I...we're not going to fault that proposition except to point out to each of you that what we do here in regards to the money that we spend for ourselves has not become a secret but it becomes by a widely distributed public knowledge. It would seem from a psychological standpoint we'd be better off to keep our expenditures as low as is being used rather than have a great amount of money to turn back to the State of Illinois at the end of the season because our detractors will note the amount that is actually appropriated rather than the amount that is actually expended. However, we recognize the need of each of you to have secretaries, it would be less than gracious, those of us who have one each, to police to keep the rest of you in a lessor position. So my opposition is tepid at best."

Speaker Redmond: "Any further discussion? Ques....Representative McGrew."

McGrew: "I might just respond to that....some of the comments that particular Gentleman....we did go through this and try to pinpoint as accurately as is humanely possible on the dollar amount."

Speaker Redmond: "Question is, shall this Bill pass? Those in favor vote 'aye', opposed vote 'no'. Have all....Representative McGrew."

McGrew: "Thank you very much, Mr. Speaker, just...just again for some of those that were engaged in other conversations and didn't catch the gist of this legislation. As many of you know, the staff and the amount of material necessary for us to complete our function has varied and has been increasing greatly over the period of time that we're now considering several thousand pieces of legislation. Recent survey in my home district said that 40-some percent of the constituents have written their Representatives and Senators so I can tell you what the...myself and the other Gentlemen in my district are required in terms of their overall constituent mail. I think this is a great step forward. It is, frankly, the money for new Members, for Members that have not been here in terms of seniority, they're not in Leadership positions, they're not a Committee Chairman. It would simply provide the additional funds that will be necessary to provide the ratio to Representatives for one secretary while we are in Session. Thank you."

Speaker Redmond: "Have all voted who wish? Clerk will take the record. Representative McGrew."

McGrew: "I would respectfully request a poll of the absentees."

Speaker Redmond: "Gentleman has requested a poll of the absentees."

Mr. Clerk, poll the absentees."

Clerk O'Brien: "Anderson, E. M. Barnes, Bartulis, Birchler, Bluthardt, Bradley...."

Speaker Redmond: "Representative Bradley."

Bradley: "Please record me as voting 'aye', they....somebody turned...the switch was turned off a little quick."

Speaker Redmond: "Representative Birchler."

Birchler: "Record me as voting 'aye'."

Speaker Redmond: "Record the Gentleman as 'aye'. Proceed."

Clerk O'Brien: "Brandt, Don Brummet,...."

Speaker Redmond: "Brummet 'aye'."

Clerk O'Brien: "Byers, Caldwell, Capparelli,...."

Speaker Redmond: "Representative Capparelli, 'aye'."

Clerk O'Brien: "Daniels, Corneal Davis,...."

Speaker Redmond: "Davis, 'aye'."

Clerk O'Brien: "DiPrima...."

Speaker Redmond: "DiPrima, 'aye'."

Clerk O'Brien: "Domico, Doyle,...."

Speaker Redmond: "Doyle, 'aye'. Representative McGrew."

McGrew: "Mr...Mr. Speaker, in light of the current situation, would it be more expedient to get a new Roll Call perhaps?"

Speaker Redmond: "Probably. Dump the Roll Call, Mr. Clerk. The question is, shall this Bill pass? All in favor vote 'aye', opposed vote 'no'. Representative Matijevich."

Matijevich: "...Speaker...Mr. Speaker, Ladies and Gentlemen of the House, I'd like to quickly explain my vote. I would ask, well, we've got enough, all right, I won't ask anything."

Speaker Redmond: "Have all voted who wish? Have all voted who wish?"

Clerk will take the record. On this question there's 89 'aye' and 36 'no' and the Bill having received the Constitutional Majority, hereby declared passed. 429."

Clerk O'Brien: "House Bill 429. A Bill for an Act to amend Sections of the Illinois Municipal Code. Third Reading of the Bill."

Speaker Redmond: "Representative Miller. Out of the record at the request of the Sponsor."

Speaker Redmond: "Representative Mann, do you have an announcement?
Representative Mann."

Mann: "Yes...yes, Mr. Speaker, thank you. I'd like to suspend Rule
18 for the purpose of posting Bills 100 and 172 for next
Wednesday at 8:30 a.m., in C-1 of the State Office Building.
I've discussed this with the Sponsor, the Subcommittee and the
Minority Spokesperson."

Speaker Redmond: "Representative Schlickman."

Schlickman: "Would the moving yield? You're moving, aren't you?"

Mann: "I thought I was justing standing here."

Schlickman: "Would you briefly describe those Bills? I...the first
one is 100, is that correct? That's the Auto Repair Bill?"

Mann: "Yeah, so is...so is 172, I believe. Mr. William's Bill."

Schlickman: "I thought he indicated yesterday he was going to table
that."

Mann: "Well, look, to my knowledge he hasn't done it yet. When he
does it it will be academic. I just don't want them...I don't
know what the Gentleman said, if he wants to table it he could
always do it."

Schlickman: "Would you divide the question?"

Speaker Redmond: "Gentleman asks leave with respect to Bill, House
Bill 100, is that correct?"

Mann: "Your honor, Mr. Speaker."

Speaker Redmond: "Representative Mann."

Mann: "Yeah. The Gentleman isn't here. If he wants to table the
Bill when he is here....is Williams here? What's your pleasure,
Representative Williams?"

Speaker Redmond: "Representative Williams."

Mann: "I thought...Jack, I thought that someone had consulted with
you on this matter."

Williams: "Yes, they have. If you are going to address, actually the
subject matter, you know, auto repair in the Subcommittee then
I would just as soon prefer that mine remain that long to be
heard by the Subcommittee. I have gone on as a Cosponsor on 100
and I believe in what is in 100, which is very much what is in

my 172. It's just a question as to who should administer the Bill. So at this time I think that I would like you to hear both Bills and I will reserve, actually, my judgment for after the Subcommittee meets as to whether I will table 172 or not."

Speaker Redmond: "Representative...."

Mann: "Representative Schlickman, I checked with Representative Leinenweber who's the Minority Spokesperson; there was no objection there. I don't see what the problem is. I promised, if you'll recall, I promised a working Subcommittee within two weeks. I'm doing it."

Schlickman: "Mr. Speaker."

Speaker Redmond: "Representative Schlickman."

Schlickman: "I asked for a division of the question."

Speaker Redmond: "Okay. Question's on the Gentleman's motion for the suspension of the Rule as respect to House Bill 100. Is that correct, Mr. Mann? That....is there any....is there any objection? Does the Gentleman have leave to suspend the posting rule with respect to House Bill 100? Any objections raised? Hearing none we will use the Attendance Roll Call on that. Now the Gentleman makes the same motion with respect to House Bill 172. Does he have leave? Representative Schlickman."

Schlickman: "Mr. Speaker, I object because this Bill now under consideration has not yet been assigned to that Subcommittee so I raise the point of order that it can't be heard by the Subcommittee."

Speaker Redmond: "Representative Mann."

Mann: "Mr. Speaker, it's been assigned to the Subcommittee."

Schlickman: "By which action was it assigned to the Subcommittee?"

Mann: "By the same action by which 100 was. We agreed that there would be a working Subcommittee and the two Members were sitting there and we agreed to put both Bills into the Subcommittee."

Schlickman: "We did not. The action yesterday by the Committee was to move to assign House Bill 100, and House Bill 100 alone, to the Subcommittee on Auto Repair. There was no discussion at any time in the Judiciary I Committee of which you are Chairman, Sir, there was no discussion with respect to the Bill sponsored by the

Gentleman from Franklin Park except, except for him to say yesterday that he was tabling it. Now let's not play games. Let's be honest with each other."

Speaker Redmond: "Representative Mann."

Mann: "Representative Schlickman, when you get angry you start to call people names. Let's be honest with...."

Schlickman: "I didn't mention your name."

Mann: "All right, however you want to put it. As I recalled it, and if you want me to you can administer the oath. Are you a notary? As I..."

Speaker Redmond: "Couldn't pay the fee."

Mann: "As I recalled it, Representative Schlickman, both Members were there and that was my recollection. Now...."

Speaker Redmond: "Representative Matijeich."

Matijeich: "Mr. Speaker, I move that Rule 20 on Subcommittees be waived so that the House can assign House Bill 172 to the Subcommittee created by that Committee."

Speaker Redmond: "I haven't got my Rule Book here. How many votes does it take, Sub-parliamentarian?"

Matijeich: "I...it takes a simple majority, I would guess."

Speaker Redmond: "Somebody stole our rules. You got our rules, Representative Schlickman?"

Matijeich: "Takes a simple majority."

Speaker Redmond: "Funny. Representative Collins."

Collins: "Mr. Speaker, I don't think anybody stole your rules, I think the Elections Committee threw them out the window last week."

Speaker Redmond: "I invalidated their throwing. 89. Question's on the Gentleman's motion....Representative Schlickman."

Schlickman: "I would like to speak to that motion."

Speaker Redmond: "Proceed."

Schlickman: "Mr. Speaker, Members of the House, three Bills have been introduced by Members with respect to the critical issue of auto repair. Three Bills were posted for hearing yesterday. Only one Bill, Mr. Speaker and Members of the House, was presented to the Committee, and that was House Bill 100. The Bill under

consideration now, House Bill 172, is Sponsored by the Gentleman from Franklin Park. Yesterday he appeared, not as the Sponsor of House Bill 172, he appeared as a Cosponsor of House Bill 100. And he stated in no uncertain terms that it was his intention to table House Bill 172. Now, Mr. Speaker, Members of the House, we saw in Judiciary II Committee....Judiciary I Committee yesterday the greatest act of dilatory conduct by a Chairman that I have ever, ever seen. At the very outset without hearing, without courtesy to the Attorney General of this State, he wanted House Bill 100 sent to a Subcommittee. Finally after about two hours the Bill was assigned to a Subcommittee, and that is the only Bill that was assigned to a Subcommittee. And what I see on the floor today now, Mr. Speaker and Members of the House, I'm very, very disappointed in the Chairman once again. I see him with an objective which he denied to me yesterday. And that objective is, Mr. Speaker, Members of the House, a case of partisan....political partisanship. The Chairman is not satisfied with a Bill sponsored by a Republican Attorney General. He wants somebody else's Bill on this subject. And for these reasons, Mr. Speaker, Members of the House, that I object and urge a 'no' vote."

Speaker Redmond: "Representative Mann."

Mann: "Mr. Speaker, I informed both the principle Sponsor and the Attorney General of my intentions with regard to House Bill 100. It was the first Bill called. He was given all of the latitude and courtesy in the world. It was the agreement with the Minority persons on the Committee that there'd be a two week period for working Subcommittee. And now, Representative Schlickman gets up and talks about some abuses that never took place. These were agreed actions yesterday. Now, Mr. Speaker, let me just say this, are we on Representative...."

Speaker Redmond: "We're on Representative Matijevich's motion."

Mann: "All right....Mr. Speaker, I do not remember whether it was both 172 or 100 that went there. I don't care about the partisanship. I've appointed an excellent blue-ribbon Committee. But every

time something happens that Representative Schlickman doesn't like, no matter what the circumstances are, he gets up and he yells and he calls people names. I think, look, Mr. Speaker, I think both Bills should go there. If it's the House's feeling that one Bill goes there, send one there. All I'm doing is fulfilling my promise to have a working Subcommittee within two weeks. Remember I said that yesterday, Representative Schlickman?"

Speaker Redmond: "Representative Ebbesen."

Ebbesen: "Yes, Mr. Speaker and Members of the House, perhaps for the benefit of the House, Representative Mann could tell us who's on this excellent blue-ribbon Subcommittee."

Speaker Redmond: "Representative Mann."

Mann: "I don't think that's a material question at all. I'll just tell you right now, it's an excellent Committee. It's a five man Committee. Representative Leinenweber desires to identify the Members of his Committee, that's fine. I'm not on trial here. These...these Members will be announced by letter. They have been chosen. They are five excellent people. Two from your side of the aisle and three from our side of the aisle."

Speaker Redmond: "Representative Ebbesen."

Ebbesen: "Yes, Mr. Speaker, I don't think I should be maligned for asking what I think is an intelligent question, I'm just asking for some information and I would appreciate it if Representative Mann would respond with the names of the people who are on the Subcommittee."

Speaker Redmond: "Representative Mann declines. Representative Matijeovich."

Matijeovich: "Well, Mr. Speaker, I'm just going to say briefly that I think it's just a matter of logic that when a Subcommittee is hearing particular subject matter that the Bills on that subject matter be heard in House Bill 172 as a Bill on that subject matter. Why call the same witnesses twice? It doesn't make sense. So I would urge the Members, especially on this side of the aisle because it looks like a partisan issue now, vote 'aye' on the motion."

Speaker Redmond: "Question is on the Gentleman's motion. Those in favor of his motion vote 'aye', opposed vote 'no'. Representative Porter."

Porter: "Well, I just wanted to say that I'm amazed that, and this is with all due respect to our Committee Chairman, he can't remember what happened twelve hours ago, I remember what happened twelve hours ago. And I can tell you that Representative Schlickman is exactly right, this Bill was never discussed as going to that Committee and I would urge the Members to oppose this motion."

Speaker Redmond: "Representative Williams."

Williams: "Thank you, Mr. Speaker. Let me tell you exactly what happened in there yesterday. Actually, I went there to the Committee both as a Cosponsor of 100 and also as the principle Sponsor of 172. Actually, the Attorney General was there, he did mention both Bills. He said he had no pride of authorship, and I have no pride of authorship. I just wanted to see a Bill out of the Committee on auto repair. I did say that if that Bill got out of Committee, I would table my Bill because I would like to see a Bill out on the floor on this subject matter. Insofar as that Bill was kept in the Subcommittee I think then as long as 172 is the same subject matter it should be heard along with 100. So I say there's no pride of authorship. I don't think it's a question of partisanship. But I do feel it's fair that the two Bills be heard. If a Bill gets out of Subcommittee, then I will make my decision. If it's 172 or 100, if it happens to be 100 then I will table 172. I'd just like to see a Bill out on the floor but I do feel it's fair that both of them be heard by the same Subcommittee."

Speaker Redmond: "Representative Stearney."

Stearney: "Mr. Speaker and Ladies and Gentlemen of the House, this is not a partisan matter. What we have here is the very same situation I was confronted with and that is by the Chairman of Judiciary who is also the Subcommittee Chairman in Judiciary II. The problem is this, as I see it, unless the Gentleman over there

has it his own way it's not going to be anybody's way and I've argued this very same factor before this House a week ago and again we see it arising on a very separate matter. But I think the Gentleman, Mr. Schlickman, is right and I think his opposition to this matter should be justified and it should...we should have sufficient 'no' votes to defeat this motion. Thank you."

Speaker Redmond: "Representative Sandquist."

Sandquist: "Yes, Mr. Speaker, I really....bothers me that I have to rise to speak here because I hate to see this partisan politics get in here. I'm the one who made the motion yesterday in that Committee to send this subject matter to a....to a Subcommittee, a working Subcommittee. Let's....we want a good Bill out on auto repairs. Both...both the Attorney General and Representative Williams there said they're not concerned about authorship. So let's....we're wasting, we wasted time in the Committee yesterday because of this kind of a thing, we're doing the same thing here now. Let's send the issue to a working Subcommittee so we can get a Bill out that the people of Illinois can be proud of and let's stop this kind of quibbling."

Speaker Redmond: "Have all voted who wish? Clerk will take the record. On this question there's 96 'aye' and 64 'no'. The Gentleman's motion carries."

Speaker Redmond: "Representative McBroom."

McBroom: "Mr. Speaker and Members of the House, I have a Resolution that I would like to offer, Mr. Speaker, and since the individual involved is a personal acquaintance of many of the people in this Body including you, Mr. Speaker, it isn't a very long one. I'd like to have the indulgence of the Body, if I may, to read the Resolution. Whereas...do I have leave, Mr. Speaker? Thank you. Whereas the Honorable Samuel H. Shapiro has served in the Illinois State Legislature as a State Representative for seven terms for a total of fourteen years; Whereas the Honorable Samuel H. Shapiro served seven years a Lieutenant Governor for the State of Illinois; Whereas the Honorable Samuel H. Shapiro served approximately one year as Governor of the State of Illinois; Whereas he was held with deep respect and affection by all of our colleagues of both political parties during his tenure of office where he has been and is widely known as Mr. Mental Health in the State of Illinois; Therefore, be it resolved by the House of Representatives of the Eightieth General Assembly of the State of Illinois and the Senate concurring herein that the Kankakee Developmental Center be renamed the Governor Samuel H. Shapiro Mental Health Center. Resolved and a suitable copy of this Preamble and Resolution be presented to Governor Shapiro. This Resolution, Mr. Speaker, is sponsored by me and cosponsored by Representative Ryan, Representative Christensen, Representative Telcser. And I would certainly invite all Members of both sides of the aisle to join me in cosponsoring this Resolution. I don't know what the appropriate motion is to ask the indulgence of the Body, Mr. Speaker, for leave of all Members to Cosponsor and of course it occurs to me that there may be someone who would not want to, I hope that that would not be the case, Mr. Speaker. May, may I ask you, Mr. Speaker, is it appropriate to ask all Members at this time to act as Cosponsors or...you entertain that as a motion, Mr. Speaker...."

Speaker Redmond: "I believe....I believe that you would ask leave to have all Members added as Cosponsors. And I wonder if you've checked with Representative Ryan, does he know that Governor Shapiro was

a Democrat?"

McBroom: "I...yes...yes, I've checked with Representative Ryan, he is aware of that, he lives in Kankakee, too, Mr. Speaker."

Speaker Redmond: "Are there other objections? Hearing none, the Gentleman has leave, all....."

McBroom: "Thank...thank you, Mr. Speaker, I...I just take a moment or two more, Mr. Speaker, I...discussing this with Representative Christensen and I know you served with him, Mr. Speaker, and many people do not know that Governor Shapiro has spent almost a total of 30 years in elective office. He served as State's Attorney of Kankakee County before coming to the Illinois General Assembly. I'd also wonder, Mr. Speaker, want to point out that this may, I wanted to get this moving, get it aired and make the Members aware of it, are all Members now Cosponsors, Mr. Speaker?"

Speaker Redmond: "They are, yeah."

McBroom: "I also, Mr. Speaker, would like to, I want to point out to you and the other Members that it may take a Bill to...to effect what I'm attempting to do here, I'm in the process of looking into that and if that mechanicsm is necessary I will have to again prevail upon the indulgence of the Body to proceed in that...in that manner, Mr. Speaker. But also, I wonder since all Members are Cosponsors if I could make a motion to bypass Committee and have immediate consideration of this Resolution, Mr. Speaker?"

Speaker Redmond: "Is there objection?"

McBroom: "There's no objection...."

Speaker Redmond: "It's on Agreed Resolutions, I understand, Mr. McBroom, so it'll be taken care of in due course."

McBroom: "All right. Okay. Thank you very much, Mr. Speaker."

Speaker Redmond: "Representative Terzich, do you have an announcement to make? He's busy. Back to....Speaker's Table, there's House Joint Resolution 13. Representative Katz."

Katz: "Mr. Speaker and Ladies and Gentlemen of the House, House Resolution...House Joint Resolution 13 which is recommended to the House by the Rules Committee establishes a Joint Rules Committee for the House and the Senate. The Committee would have no power to do

anything other than to sit and discuss the question of joint rules and would then have to come back to the respective Houses for agreement or decision with regard to any recommendation. I would move, Mr. Speaker, for the adoption of House Joint Resolution 13."

Speaker Redmond: "Is there any discussion? Representative Walsh."

Walsh: "Mr. Speaker and Ladies and Gentlemen of the House, I rise to oppose the Gentleman's motion. We discussed this matter a couple of weeks ago when the Gentleman offered House...House Joint Resolution 13 and at that time took it from the records. Since then the Rules Committee has met and just barely, and with a lot of running around to get Democrat Members, managed to pass it. Now I submit to you that whether you are a Democrat or a Republican, joint rules are not in the best interest of the operation of this House and I ask you to think back, those of you who were here, to May 23, 1975, the last day for House Bills to be reported out of this House. We then in a wholesale manner passed Bills in one Roll Call that were of tremendous significance. It was a very bleak day in the history of this House. It was foisted upon us by the Speaker and it was, in my opinion, to his everlasting shame. Now if there are any advantages to joint rules I suppose it's in the operations of Conference Committees. If there are some ideas with respect to that, there is no need to have a Joint Rules Committee between the House and Senate. Joint Resolutions such as this one can be introduced and if approved here, can be approved in the Senate and those things can be accomplished. I am very reluctant to give the idea of joint rules the dignity that this Resolution would, if passed, give them. I submit that this deserves a resounding 'no' vote."

Speaker Redmond: "Representative Katz to close."

Katz: "The Gentleman from Cook has a conveniently short memory. The fact of the matter is that the House has three times sent over joint rules to the Senate and it has been the Senate that has rejected joint rules. This House overwhelmingly supported them and this Resolution was supported in the Rules Committee by Republican

votes as well as Democratic votes. It is indeed not a partisan matter. It is a matter of efficiently running the House. I very strongly urge my colleagues here to introduce some sensible rules and to the running of the House and the Senate and I assure them, as I did a minute ago, that the concerns expressed by the Gentleman are entirely without merit; that this Resolution gives no power or authority to a Joint Rules Committee to do anything other than to meet and that any product of a Joint Rules Committee will have to come back on this floor for action on this floor and the votes of you and my colleagues in the House and the votes also of the Senators across the rotunda."

Speaker Redmond: "Question's on the Gentleman's motion for the adoption of the Resolution. Those in favor say 'aye'; 'aye'; those in favor vote 'aye', opposed vote 'no'. Have all voted who wish? Have all voted who wish? Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there's 77 'aye' and 69 'no' and the Gentleman's motion prevails and the Resolution's adopted. Representative Mann, do you seek further recognition with respect to that matter about the Subcommittee?"

Mann: "Well...."

Speaker Redmond: "Representative Matije'vich."

Matije'vich: "Well, since...since Chairman Katz wants to always be very careful about rules, I...I think his Resolution calls for 89 votes."

Speaker Redmond: "Parliamentarian told me simple majority."

Matije'vich: "...Creates a Joint Committee, doesn't it?"

Speaker Redmond: "He's reversed himself, he says it takes 89."

Matije'vich: "All right."

Speaker Redmond: "Well, we'll back up. Representative Walsh."

Walsh: "Mr. Speaker, the...the Resolution clearly calls for the creation of a Special Committee."

Speaker Redmond: "We've ruled, it says, it takes 89."

Walsh: "Did it have 77, Mr. Speaker, therefore is lost, is that correct?"

Speaker Redmond: "I didn't think I said that."

Walsh: "You sure did."

Speaker Redmond: "Representative Katz."

Katz: "Mr. Speaker, might I ask you just simply to open the switches, take a vote and whatever it is...."

Speaker Redmond: "We'll dump the Roll Call."

Katz: "If it needs 89 and let's get a vote on it one way or the other."

Speaker Redmond: "Those in favor vote 'aye', opposed vote 'no'.

Representative Epton."

Epton: "Thank you, Mr. Speaker. Mr. Speaker, Ladies and Gentlemen of the House, although Representative, one of my colleagues did make some extremely valid statements here as well as in the Committee on Rules, I think it is important to note that there were some Republicans on the Committee on Rules who did feel otherwise. I don't think that any of us have anything that's written in stone or that we all can be so correct in judgment. There were some of us on the Committee who felt that as a Minority Party that the Rules would serve to...for our protection. The fact that those rules may be flaunted from time to time is something that we will try and avoid. But the fact that the rules do exist gives us, in the opinion of some of us, the right to attack and resist even more vociferously. I take no issue with any of my Republican colleagues but I do want to emphasize the fact that in my opinion this is not a partisan issue and that there are Republicans, as well as Democrats, who can vote either 'yes' or 'no' with a clear moral conscience. Thank you."

Speaker Redmond: "Have all voted who wish? Representative Matijeich."

Matijeich: "Mr. Speaker, Ladies and Gentlemen, I would urge some Members who aren't voting or who are voting 'no' to reconsider because we really do need joint rules. For some reason or other some Members feel that we should not have joint rules. After all, for many, many, many Sessions we did operate under joint rules. It's only been in the last two Sessions, I believe, or maybe three that we have not operated under joint rules and we really need them for protection. So I think that many of you ought to reconsider because the Joint Committee, and that really is a good place to start, ought to finally be working on joint rules that will protect all of us. Remember last Session when somebody would copy your Bill in

the Senate, you got the wrong Sponsor, you had no protection because we had no joint rules. So they can be good for you. Let's get 89 votes up there and really operate both the Senate and the House the way it should be done."

Speaker Redmond: "Representative Ryan."

Ryan: "Thank you, Mr. Speaker, if the Gentleman is fortunate enough to get 89 votes we'd like to verify it at the proper time."

Speaker Redmond: "Have all voted who wish? Have all voted who wish? Have all voted who wish? The Clerk will take the record. Representative Katz."

Katz: "Request a poll of the absentees."

Speaker Redmond: "Gentleman has requested a poll of the absentees. Mr. Clark, proceed. Representative Darrow, for what purpose do you arise?"

Darrow: "Thank you, Mr. Speaker, when House Bill 312 was called I was unable to get my...to my switch on time and I'd ask leave to be added to the Roll Call as an 'aye' vote."

Speaker Redmond: "Does the Gentleman have leave? 312."

Darrow: "Thank you."

Speaker Redmond: "Representative Katz."

Katz: "Mr. Speaker, in view of the hour of the day and the day that it is, I would ask leave to take the Roll Call out of the record rather than polling absentees with a verification."

Speaker Redmond: "Consideration postponed. 497. Representative Terzich, are you ready now?"

Terzich: "Yes, Mr. Speaker, for the purpose of an announcement, many Members of the General Assembly have made suggestions with regard to changes to the General Assembly Retirement Plan; therefore, on Wednesday at 10 a.m. in my office we will have the Members of the General Assembly Retirement Board as well as Mr. Norman Lentz in attendance. If any Member has any recommendations for changes to the General Assembly Retirement System, he's more than welcome to appear before the Board on Wednesday morning at 10 a.m. and let us have your recommendations for consideration for presentation of a Bill later on in the Session. So we don't want any Amendments

on any other Bills, guys, so come forward on Wednesday on the 10th, if you've got any suggestions on either post-retirement benefits or anything of this nature, please be there at 10 o'clock. If you cannot make it, please give us a memo and give it to my secretary and it will be brought up at the meeting. Thank you."

Speaker Redmond: "Representative Huff, for what purpose do you rise?"

Huff: "Thank you, Mr. Speaker, I just thought that perhaps this might be an appropriate time to ask leave to be added on the Roll Call of 286, my console wasn't working at that time."

Speaker Redmond: "Does the Gentleman have leave? Hearing no objections, leave is granted. 497, out of the record, request of the Sponsor. 512."

Clerk O'Brien: "House Bill 512. A Bill for an Act to amend Sections of an Act in relation to rate of interest and other charges in connection with sales on credit. Third Reading of the Bill."

Speaker Redmond: "Representative Rigney. Have you turned Representative Rigney on? Why don't you use Representative Simm's that works, we know that."

Rigney: "Shall we try, yeah, here we are, okay. Mr. Speaker and Ladies and Gentlemen of the House, House Bill 512, what it does is to add loans by the Farmer's Home Administration to the list of exempt loans from the Illinois Usury Act. It puts it basically in the same position as the VA loans and HUD loans. I know of no opposition to the Bill and I just merely ask for a favorable Roll Call."

Speaker Redmond: "Is there any discussion? Any questions? The question is, shall this Bill pass? Those in favor vote 'aye', opposed vote 'no'. Mr. Telcser, you're violating the rules, you can't talk to the Clerk when he's in business here. Have all voted who wish? Have all voted who wish? Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there's a 141 'aye' and no 'nay'. The Bill having received the Constitutional Majority is hereby declared passed. 540. Out of the record. 543, Representative Yourell. Out of the record. House Bill 222. I called your Bill. 343. 222."

Clerk O'Brien: "House Bill 222. A Bill for an Act in relation to certain

disaster emergencies. Third Reading of the Bill."

Speaker Redmond: "Representative Hart."

Hart: "Well, thank you very much, Mr. Speaker and Ladies and Gentlemen of the House. This Bill gives the Governor of the State of Illinois emergency powers to declare an emergency and suspend pollution control rules and other regulations in the case of an energy-related emergency. We saw during the last winter the necessity for this power in the Governor's Office. I think it was probably somewhat of an oversight when the Civil Defense Act was redrawn that he didn't specifically have this kind of power. The Bill has been amended in Committee, through the Subcommittee process, and it now has the support of the Illinois Pollution Control Board, the Environmental Protection Agency, all of the major utilities in the State of Illinois and any other interested group I believe that would have any relationship to the issue. I don't believe at this time that there's any opposition to this much-needed power and I would urge the Members to support this Bill."

Speaker Redmond: "Is there any discussion? Question is, shall this Bill pass? Those in favor vote 'aye', opposed vote 'no'. Have all voted who wish? Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there's 143 'aye' and no 'nay' and the Bill having received the Constitutional Majority is hereby declared passed. Supplemental Calendar #1. on the Speaker's Table, Resolution 113. Representative Madigan."

Madigan: "Mr. Speaker, House Resolution 113 directs the House Committee on Human Resources to commence a study to determine a solution to the problem of limited physicians operating in state institutions. This Resolution is in response to the current crisis in the state institutions. It directs the Committee to immediately commence its study and report back to this House before May 15 of this year. I move for adoption of the Resolution."

Speaker Redmond: "Is there any discussion? The question's on the Gentleman's motion... Representative Ryan."

Ryan: "Mr. Speaker, I believe you've got an Amendment on this Resolution."

Speaker Redmond: "Is there an Amendment, Mr. Clerk? Representative Kent."

Kent. Representative Kent. Could you turn Representative Kent's microphone on?"

Kent: "Mr...Mr. Chairman, I have filed an Amendment to House Resolution 113."

Clerk O'Brien: "Amendment #1. Kent. Amends House Bill 113 on page 1 by inserting the following after Committee on Human Resources, 'in conjunction with the task force on limited license created by Governor Thompson on March 3, 1977'."

Kent: "I move for the adoption of this Amendment."

Speaker Redmond: "Representative Madigan, seek recognition? Lady has moved for the adoption of the Amendment."

Madigan: "And I would support the adoption of the Amendment."

Speaker Redmond: "Is there any discussion? Question's on the adoption of the Amendment, those in favor say 'aye'; 'aye'; opposed 'no'. The 'ayes' have it and the motion carries, the Amendment's adopted. Any other Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Redmond: "Question's on the Gentleman's motion for the adoption of House Resolution 113. Those in favor vote 'aye', opposed vote 'no'. Have all voted who wish? Have all voted who wish? Have all voted who wish? Representative Huskey, pardon me. Representative Huskey, are you seeking recognition? The Clerk will take the record. On this question there's a 151 'aye', 4 'no'. Gentleman's motion carries and the Resolution's adopted. Supplemental Calendar #1, Speaker's Table, Concurrence, appears House Bill 615, Representative Ryan."

Ryan: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House, Senate Amendment #1 to House Bill 615 is concerned with the limited license physicians and the Amendment basically says, or what it does say is that they cannot exceed,...they can't hire, the Department cannot hire anymore limited licensed physicians and they're employed as of March 1 of 1977. And that can only be on an emergency basis. This is a Democrat Amendment and I would move for the concurrence."

Speaker Redmond: "Is there any discussion? Can you dump this Roll Call that's on there now, Mr. Clerk? Question....the Gentleman's

GENERAL ASSEMBLY

STATE OF ILLINOIS

HOUSE OF REPRESENTATIVES

motion that the House does concur in Senate Amendment #2 to House Bill 615. Those in favor vote 'aye', opposed vote 'no'. Representative Satterthwaite. Satterthwaite."

Satterthwaite: "Will the Sponsor yield for a question?"

Speaker Redmond: "Representative Ryan. He will."

Satterthwaite: "Representative, I'm curious to know why the Department of Children and Family Services and the University of Illinois is now included in this Amendment when that did not occur in the original Bill. Can you explain that to me?"

Ryan: "I understand that they have some facilities that they have some limited licensed facilities in...or, limited licensed physicians and Representative Berman wanted to include them in the...in the Bill, or in the Amendment. No, Senator Berman."

Satterthwaite: "And do I understand that we're not saying now that additional unlicensed physicians may be hired, we are simply limiting the total number to the March 1st level?"

Ryan: "That's right. They can...they can't exceed that level and that's around a 150 as I understand it, there's about 150 there now, they can't go over the number that was on the payroll as of March 1 of 1977. They can't...."

Satterthwaite: "But it would allow for this provision of hiring additional physicians if some of those currently employed leave the Department."

Ryan: "That's the intent, yes."

Satterthwaite: "Thank you."

Speaker Redmond: "Question is, shall the House concur in Senate Amendment #2 to House Bill 615? Those in favor vote 'aye', opposed vote 'no'. Have all voted who wish? Clerk will take the record. On this question there's 145 'aye' and 8 'no' and the House does concur in Senate Amendment #2 to House Bill 615. Agreed Resolutions. Representative Giorgi."

Clerk O'Brien: "House Resolution 134, Adams. 135, Madigan. 136, Von Boeckman. 137, Dave Jones. 138, Lechowicz. 139, Tuerk. 140, Lechowicz. 141, is a Death Resolution. 142, Younge. 144, Stiehl. 145, DiPrima. 146, Wikoff. 147, McBroom."

Speaker Redmond: "Representative Giorgi."

Giorgi: "I don't have 147, but...."

Speaker Redmond: "I wonder if you would hold just a minute, but will the Members listen to one announcement from the Chair? We sent a letter to you, I hope you received, with respect to the designation of Springfield as your home office. Now the import of that is that 'Eternal' Revenue Service has ruled that if you get more than half of your income or spend more than half of your time in legislative business here that you...this is your home office and you may not deduct the expenses in the way of meals, lodging or anything else. Now there's a hearing to be held in Washington and we will have a courier service between Springfield and Washington. So, it was suggested that you send a letter to your own representative and also to Representative Mikva, Representative Rostenkowski and Representative Crane. Now those of you who have tax concerns I would urge that you, that you get that letter and you get it to the Speaker's Office as quickly as you can and we will see that it's delivered and hopefully we will get it to the courier so it can be hand-delivered to Washington by Monday. Representative Tipword."

Tipword: "Mr. Speaker, along the same line that you're just talking about, my letters have already gone to several of the....to all those people you mentioned and several others. I'm also going to try to call my Congressman and I think it'd be very good if some of the rest of us could speak to our Congressmen directly because they might not get the effect of the letter as much as they get an effect of a call that they might receive from each of us. I certainly hope that we can push them along because this is very serious."

Speaker Redmond: "Representative Flinn."

Flinn: "Mr. Speaker, I, too, have written to my own Congressmen, both U.S. Senators and the Congressman Allmon who is the Chairman of the Ways and Means Committee about this subject matter. I've been aware of it for some time but I do appreciate you and your office bringing this to the attention of everybody. It's a very important thing. It could be very costly to all the Legislators."

Speaker Redmond: "Representative Giorgi on Agreed Resolutions."

Giorgi: "Mr. Speaker, Resolution 134 by Adams, honors the women of Ogle County Farm Bureau. 135 by Madigan honors a Mr. Pfeifer on a 50th Wedding Anniversary. ...36 (136) by Von Boeckman honors Leonard Woodcock.37(137) by Dave Jones speaks to the Lions of Lanphier, he'll speak on it later. House Resolution 138 by Lechowicz regards the Legislative School District. 139 by Tuerk honors the Peoria Champions. 140 by Lechowicz memorializes Congress on the matter of taxation affecting State Legislators. 141 by O'Daniels is a Death Resolution of William M. Hoffman. 142 by Younge appoints Addie Yates her historian. 144 by Stiehl honors the retiring General Carlton. 145 by DiPrima honors the death of Michael Palese in the line of duty. And 146, Wikoff, recognizes successful apprentice program in the labor ranks. And 147 by McBroom honors the Honorable Samuel Shapiro. And I move for the adoption of the Agreed Resolutions. but before you take that vote, Mr. David Jones would like to speak on House Resolution 137."

Speaker Redmond: "Representative Jones."

Jones, J.D.: "Mr. Speaker, Ladies and Gentlemen of the House, we early today recognized the Peoria Lions for the State Champions and now we'd like to recognize the Springfield Lanphier Lions for being runners-up in the State Tournament, in the same tournament. Would the Clerk please read the Resolution #137?"

Speaker Redmond: "Question's on the Gentleman's motion for the adoption of the Agreed Resolutions. Those in favor say 'aye'; 'aye'; opposed, 'no'. The 'ayes' have it, the Resolutions are adopted. Mr. Jones has asked that House Resolution 137 be read."

Clerk O'Brien: "House Resolution 137. Whereas the Lions of Lanphier High School, Springfield, capped an outstanding season by winning Second Place in the Illinois High School Association Class AA Basketball Championship in the Assembly Hall at Champaign; and Whereas throughout the play-off and despite slow starts against a succession of formidable teams the Lions repeatedly warmed to the battle and earned their way into the championship game by finishing strongly; and Whereas, Head Coach Bob Nika, a man of many talents

and enormous leadership skills, assisted by Al Giesecking, Junior Varsity Coach Dave Downey and Athletic Director Arlyn Lober, provided the steady direction to this special group of cagers, whose success came despite a demanding schedule and in spite of dire predictions by numerous so-called experts; and Whereas, the comparatively young Lion Squad, a fine unit of rebounders with unusual poise and plenty of offensive punch, was led by Gordon Smith, Mike Watson, Tim Hulett, Shelly Tunson, Kevin Jones and Tim Barbian, and boasts talent to spare for another run at the title next year, including reserve players Brian Smith, Lars Buchlow, Bob Nika, Jim Woodward and Rich Gudgel; the team manager is Juanita Griffin; and Whereas, the proud Lions enjoyed the unflinching support of their hard-working cheerleaders, their enthusiastic and appreciative principal Phil Schmidt, devoted fans and fellow students throughout the year, and especially during the darkest moments of the quarterfinal and semifinal games, when the Lion stumbled before they roared; therefore, be it resolved by the House of Representatives of the Eightieth General Assembly of the State of Illinois, that we offer our heartiest congratulations to the Lanphier Senior High School Lions on their fine performance in the 1977 Class AA Basketball Tournament; and be it further resolved that a suitable copy of this Preamble and Resolution be presented to the Lanphier Principal Phil Schmidt, Coach Bob Nika, his assistants, the players, the manager, the cheerleaders and Lanphier Senior High School with our best wishes for the future."

Speaker Redmond: "Representative Jones."

Jones, J.D.: "Mr. Speaker, Ladies and Gentlemen of the House, this Resolution joined in with my colleagues, Representatives Kane and Robinson of this District to salute the achievements of our courageous Lanphier Lions Basketball Championship Team which won the second place in the recent State Class AA Tournament, double A. They thrilled all who watched their exploits in the assembly and on TV as they came from behind time and time again to be victorious and to be number two in the final game. But they will always be number one in the hearts of all Springfield."

Speaker Redmond: "Any of them going to Marquette? The question's on the Gentleman's motion for the adoption of House Resolution 137. Those in favor say 'aye'; 'aye'; opposed 'no'. The 'ayes' have it, the motion carries and the Resolution's adopted. Representative Geo-Karis, for what purpose do you rise?"

Geo-Karis: "Mr. Speaker, Ladies and Gentlemen of the House, I thought I'd call to your attention, the attention of this House that Betty Reed had a birthday yesterday, so I think we all ought to wish her a happy birthday but she won't tell me how much."

Speaker Redmond: "Representative Bowman, do you seek recognition?"

Bowman: "Mr. Speaker, I request leave of the House to take House Bill 587 which is in the Executive Committee and lay it on the table. It essentially covers the same material that House Bill 222 which we passed out today and therefore it's redundant and I request leave of the house to lay it on the table."

Speaker Redmond: "Gentleman have leave to take House Bill 587 and lay it on the table? Hearing no objections....Representative Dyer."

Dyer: "Mr. Speaker and Ladies and Gentlemen of the House, I would like leave of the House, please, to table House Bill #925."

Speaker Redmond: "Are there objections? Hearing none, leave is granted. Representative Robinson."

Robinson: "Mr. Speaker, I'd like leave of the House to table House Resolution 98."

Speaker Redmond: "Are there objections? Hearing none, leave is granted. Any other announcements? Representative Pechous."

Pechous: "Mr. Speaker, I would ask leave of the House to table House Bill 599. I am the principle Sponsor, there is a more amenable Bill subsequently entered."

Speaker Redmond: "Does the Gentleman have leave? Hearing no objections leave is granted. 599 is tabled. Representative Stuffle."

Stuffle: "Mr. Speaker, I would like leave of the House to table House Bill 470."

Speaker Redmond: "Does he have leave? Table House Bill 470. Hearing no objections leave is granted, 470 is tabled. Representative Johnson."

Johnson: "Mr. Speaker, I'd like leave of the House to table House Bill 173."

Speaker Redmond: "Any objections? Hearing none leave is granted, table House Bill 173. Any further announcements? Anything for the good of the order? Further Resolutions."

Clerk O'Brien: "House Joint Resolution 24, Mulcahey. House Joint Resolution 25, Matijevich. House Joint Resolution 26, Stearney."

Speaker Redmond: "Committee on Assignments. Adjournment Resolution, Representative Madigan."

Clerk O'Brien: "A message from the Senate by Mr. Wright, Secretary. Mr. Speaker, I'm directed to inform the House of Representatives the Senate has adopted the following Senate Joint Resolution and the adoption of which I am instructed to ask concurrence of the House of Representatives, to-wit: Senate Joint Resolution #30. Resolved by the Senate of the 80th General Assembly, the State of Illinois, the House of Representatives concurring therein when the two Houses adjourn on Thursday, March 24, 1977, they stand adjourned until Tuesday, March 29, 1977 at 1 o'clock p.m."

Speaker Redmond: "Representative Madigan. Mr. Clerk, will you advise Representative Madigan of the problem. Representative Madigan."

Clerk O'Brien: "When the two Houses adjourn today, they stand adjourned until Tuesday, March 29th at 1 o'clock p.m."

Speaker Redmond: "Representative Madigan."

Madigan: "Mr. Speaker, I move for the adoption of the Adjournment Resolution."

Speaker Redmond: "Question's on the Gentleman's motion for the adoption of the Adjournment Resolution. Those in favor say 'aye'; 'aye'; opposed 'no'. The 'aye's' have it, motion carries and Resolution is adopted. Mr. Clerk, what is your program?"

Clerk O'Brien: "I'll need about fifteen minutes in Perfunctory Session and introduce Bills, read Committee Reports and messages from the Senate."

Speaker Redmond: "Representative Madigan, are you aware of that?"

Madigan: "That the Clerk has announced his program? Yes, I am, Mr. Speaker."

Speaker Redmond: "Stand in Perfunctory Session for 15 minutes for introduction of Bills and reading other matters into the record. And at which time we will adjourn until Tuesday at 1 o'clock."

Madigan: "Mr. Speaker?"

Speaker Redmond: "Yeah."

Madigan: "Might I announce once again that the deadline for introduction of Bills is April 2nd which is now approximately one week away. But however for those who had not yet crystallized their thoughts into Bill form or who are too late for the deadline they have available to them the number proposal which will be assigned to a Committee and taken up for consideration by the Committee during their deliberations. If there's nothing further, Mr. Speaker, before Mr. Houlihan gets recognition I would move that we adjourn."

Speaker Redmond: "Representative Kelly."

J. Houlihan: (In Kelly's seat) "I have some Bills which are still in the Reference Bureau and I know that there were some Members who requested many, many, many, many, many Bills and put out proposal sheets which we could all adopt their many, many, many, many Bills as a help to us but it has slowed down the Reference Bureau and I wonder what can be done to make sure that the Bills that we have in the Reference Bureau will be gotten to us for that deadline?"

Speaker Redmond: "We will do our best. Representative Madigan."

Madigan: "Mr. Speaker, I would like to point out that any Bills that I have requested have already been delivered to my office many months ago."

Speaker Redmond: "Representative Kelly."

Houlihan, J. (Not Kelly): "Representative Madigan, that was partially my point. The Reference Bureau seemed to have a priority in their preparation of Bills and they seemed to have prepared some of your Bills prior to other Members' Bills and I think that was an inconvenience for many of the Members."

Speaker Redmond: "That's because yours were in Latin, Representative Kelly. Representative Barnes."

Barnes, E.M.: "Thank you very much, Mr. Speaker. Just an inquiry.

Is the Calendar in error because on the Calendar I see for Tuesday,

March 29th, scheduled Committees for the morning of that day.

Is that incorrect?"

Speaker Redmond: "I believe it is. The Clerk will have to check that, Representative Barnes."

Barnes, E.M.: "Thank you...."

Speaker Redmond: "...Andrews tells me he thinks some Subcommittees have scheduled meetings, at least, on Wednesday morning."

Barnes, E.M.: "...This is Tuesday morning and we have, as I read the Calendar now, we have Committees scheduled for that morning and that's the reason I was late...."

Speaker Redmond: "There are some that have done that and I believe the Committees that are concerned know about it and the Chairmen know about it."

Barnes, E.M.: "Okay, thank you, Mr. Speaker."

Speaker Redmond: "And I believe they are Subcommittee, they're not... I think that's correct. Some of the more energetic Chairmen are working on Tuesday morning, Representative....Representative Barnes. Representative Barnes. Some of the more energetic Chairmen are working on Tuesday mornings."

Barnes, E.M.: "That's what I noticed but it was one of my Committees and I'm trying to find out, am I supposed to be...."

Speaker Redmond: "Who's the Chairman?"

Barnes, E.M.: "Representative Von Boeckman."

Speaker Redmond: "Representative Friedland moves the previous question?"

Friedland: "No, Mr. Speaker, that's a Subcommittee only that's meeting that morning."

Speaker Redmond: "Subcommittee, Representative. Gentleman's motion carries and the House now stands adjourned; fifteen minutes Perfunct; and then Tuesday at 1 o'clock."

Clerk O'Brien: "Committee Reports. Representative Ewell, Chairman of the Committee on Higher Education to which the following Bills were referred, action taken March 24, 1977, reported the same back with the following recommendations: do pass as amended House Bills 155, 318 and 679.
