

Doorkeeper: Attention Members of the House of Representatives, the House will convene in 5 minutes. All persons not entitled to the House floor please retire to the gallery."

Speaker Redmond: "The House will come to order. Members please be in their seats. We will be lead in prayer by Reverend Krueger, the House Chaplain. Please remove your hat."

Unknown: "It's a old Jewish tradition."

Reverend Krueger: "In the Name of the Father, the Son, and the Holy Ghost. O Lord, bless this House to Thy service this day. Amen. Jacques Auguste de Thou said:

After what I owe to God,
nothing should be more dear
or more sacred to me
than the love and respect
I owe my country.

Let us pray.

ALMIGHTY FATHER, the eternal giver of life, liberty and the pursuit of happiness, we Thy servants do give Thee our hearty and most warm thanks for the precious gift of democracy upon which our nation's greatness has been built. We are proud to proclaim it, eager to share it, and zealous to protect it. As members of this House of Representatives may we ever proclaim our loyalty to Thee and this our country. May that which we do here inspire and lead others to deeper appreciation of our noble heritage and our profound admiration for our country's greatness. May our pledge of allegiance to the flag of our country arouse within the hearts of all the citizens of this State of Illinois a formidable zeal and cherished loyalty to our nation and Thee, O God, in whose Name it was founded; through Christ our Lord. Amen."

Speaker Redmond: "Roll Call for attendance. Only push your own switch ; nobody else's switch. Representative Collins to lead the Pledge of Allegiance. Oh, he's not here. Representative Ropp...He's not here. Representative Simms. Take the roll."

Simms: "I Pledge Allegiance to the Flag of the United States of America. And to the Republic for which it stands, one Nation, under God, indivisible, with Liberty and Justice for all."

Speaker Redmond: "Representative Wolf."

Wolf: "Yes, Mr. Speaker, I see my light is not on but I was here for the Pledge Sir."

Speaker Redmond: " The only way you can get on the Roll Call

now is, according to the new rules, is to file that written motion and get unanimous consent to be added to the Roll Call... Introduction, First Reading?... Committee reports."

Spekaer Yourell: "For what reason does the Gentleman from Cook arise?"

Beatty: "Well, Mr. Speaker, my seatmate, Representative Bradley, is away today on official business. He has called and requested that I table a Bill of which he is the principle Sponsor. So I would ask leave of the House to table House Bill 1909 of which Representative Bradley is the principle Sponsor."

Speaker Yourell: "What's the number Sir?"

Beatty: "1909."

Speaker Yourell: "Representative Johnson."

Johnson: "Well, we have someone tabling a Bill the key Sponsor isn't here. I'd like to know what the Bill does."

Speaker Yourell: "Would you respond Sir?"

Beatty: "I have no idea what the Bill does, but Mr. Bradley's secretary has informed me that he called and introduced the Bill in error; that he does not want to have in the record and that is what I'm asking. I'm trying to.."

Johnson: "I'd like to suggest that we can wait til Monday when Representative Bradley's here. We've had some experience with Bills being tabled before that..."

Speaker Yourell: "Objection has been heard."

Clerk Hall: "House Bill 2172, Marovitz, a Bill for an Act to Amend an Act concerning public utilities. First Reading of the Bill. House Bill 2173, Marovitz, a Bill for an Act making appropriation to the Governors' Office of Manpower and Human Development. First Reading of the Bill. Speaker Yourell: "The Gentleman from Cook, Representative Huskey is recognized...The order of business is Priority of Call. Third Reading. House Bill 14, Representative Daniels...Out of the record...Representative Daniels."

Clerk O'Brien: "House Bill 14..."

Daniels: "We have an Amendment on that Bill Mr. Speaker and I'd like leave of the House to drop that back to 2nd Reading for purposes of the Amendment. Very short Amendment that's agreed

to by the parties of interest here."

Speaker Yourell: "Leave to bring back House Bill 14 to 2nd Reading for the purpose of Amendment. Is there leave? Leave..."

Daniels: "Mr. Speaker, Ladies and Gentlemen of the House, the Amendment that's being offered by Representative Walsh has been agreed to by the people involved on this legislation and basically it provides that where there's a Water Commission composing of two municipalities that a majority of the Water Commissioners can admit new members. It's a very short Amendment and we are asking the House to adopt the same."

Speaker Yourell: "The Gentleman from Cook, Representative Mahar."

Mahar: "Thank you Mr. Speaker. Would the Sponsor yield for a question?"

Speaker Yourell: "Sure."

Mahar: "How does that differ from the way it came out of Committee?"

Daniels: "Well, the way my Bill came out of Committee, it didn't touch this posture. This particular one, Representative Mahar, deals with the admission of new members to the water commission and what is being done here is a majority of the water commissioners can admit a new member. The current law requires one hundred percent."

Mahar: "OK, Thank you."

Daniels: "Move for the adoption."

Speaker Yourell: "Just a minute Sir. The Gentleman from Cook, Representative Getty."

Getty: "Mr. Speaker, it indicates Amendment #1, my file indicates that Amendment #1 was a Committee Amendment. Is that an error? This is Amendment #2? Representative Daniels?"

Daniels: "We'd just like to have it...it's Amendment was filed."

Clerk O'Brien: "Amendment 1."

Daniels: "That was in Committee and that was not adopted."

Clerk O'Brien: "I thought that was what you wanted to table.
You want to adopt Amendment 2?"

Daniels: "Yes. Amends the Bill as Amended."

Speaker Yourell: "The Gentleman from Cook, Representative
Getty."

Getty: "Do I understand, you are not tabling Amendment #1?
Then properly we should be on the order of Amendment #2."

Daniels: "That's correct."

Getty: "Alright, has the amendment been distributed?"

Speaker Yourell: "Mr. Clerk has the Amendment been distributed?
The Clerk informs the Chair the Amendment has not been
distributed. Just filed it and not been distributed. You
want to hold that for a while Lee?"

Daniels: "Yeah."

Speaker Yourell: "We'll take that out of the record for the
moment. We'll keep it on 2nd and when the Amendment is
distributed or printed then we'll get back to it. House
Bill 311, the Gentleman from Cook, Representative Stecco.
Out of the record. House Bill 329, the Gentleman from
Cook, Representative Kornowicz."

Clerk O'Brien: "House Bill 329, a Bill for an Act to Amend
Sections of the Senior Citizens and Disabled Persons
Property Tax Relief Act. Third Reading of the Bill."

Speaker Yourell: "The Gentleman from Cook, Representative
Koronowicz."

Kornowicz: "Mr. Chairman, I ask for leave to bring back to the
2nd Reading of House Bill 329 for an Amendment."

Speaker Yourell: "The Gentleman has requested leave to return
HB 329 back to 2nd Reading for the purpose of Amendment.
Is there leave? Leave is granted. Proceed Sir."

Clerk O'Brien: "Amendment #1, Kornowicz, Amends HB 329 on page
one and line 22 by deleting 3% and inserting in lieu thereof
3 and so forth."

Kornowicz: "Is there only one Amendment there?"

Clerk O'Brien: "Amendment 2 is also on file."

Kornowicz: "In regards to Amendment 1, I table Amendment 1 and I'm going with Amendment 2 which is the same thing. There were two Amendments on there."

Speaker Yourell: "You ask leave to withdraw Amendment #1 Representative?"

Kornowicz: "That's right."

Speaker Yourell: "Is there any objection? Leave is granted. Proceed Sir."

Clerk O'Brien: "Floor Amendment #2, Kornowicz, Amends HB 329 on page one and line 22 and so forth."

Speaker Yourell: " The Gentleman from Cook, Representative Kornowicz."

Kornowicz: "Mr. Speaker, Ladies and Gentlemen, in regards to the Senior Citizen Bill, House Bill 329, I ask you for your support. In fact, in the Amendment, we reduced the cost from \$40,000 to \$24,919. And this is a Bill that is needed for senior citizens. It Amends the Senior Citizen Bill from \$10,000 to \$15,000 and changes the formula for computing amount on basis grants and a maximum amount of the basic grant. I ask you for your support in the do pass vote. Thank you."

Speaker Yourell: "The question is on the Amendment. Those in favor of Amendment 2 to HB 329 will signify by saying 'aye', opposed 'no'. The 'ayes' have it. The Amendment is adopted. Third Reading. A request for a fiscal note has been filed. So we'll hold it on 2nd Reading. House Bill 367. The Gentleman from Cook, Representative Getty."

Clerk O'Brien: "House Bill 367, a Bill for an Act to Amend Sections of the Real Estate Transfer Tax Act. Third Reading of the Bill."

Speaker Yourell: "The Gentleman from Cook, Representative Getty."

Getty: "Mr. Speaker, I would ask leave to have HB 367 brought back to the order of 2nd Reading for the purposes of an Amendment."

Speaker Yourell: "Is there objection? Leave is granted. Pro-

ceed Sir."

Clerk O'Brien: "Amendment #2, Schlickman-Vinson, Amends HB 376 (sic) as Amended as follows; be deleting Section 6 of the original Bill in its entirety and renumbering all remaining Sections accordingly."

Speaker Yourell: "The Gentleman from Cook, Representative Getty."

Clerk O'Brien: "That's the wrong Amendment. That's 376."

Speaker Yourell: "Yeah, that's what I thought. The Gentleman from Cook, Representative Getty on HB 367. Third Reading, proceed Sir."

Getty: "I understand there's an Amendment to be put on 367. No?"

Clerk O'Brien: "We don't find an Amendment filed."

Getty: "No, there's no Amendment. Amendment #1 was filed yesterday and the Bill was returned to 2nd Reading and now it's on Third. Alright, Mr. Speaker, Members of the House, HB 367 is an Act which will reduce the amount of tax which the state would charge from 50¢ to 25¢ for \$500.00 of value and at the same time, permit the county to impose the 25¢ per \$500.00 of value. The reason for this is that there presently is a question as to whether the state may sell the transfer tax to the county for half of its value and then let the county collect the full face value of the tax. This would remove any possible Constitutional objection to this and we would be able to have no affect upon the income of either the county or the state at the same time. I would move for the passage of HB 367."

Speaker Yourell: "Any further discussion? The question is shall HB 367 pass. All those in favor will signify by voting 'aye'. Those opposed will be voting 'no'. Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there are 126 'aye', 1 'nay', 3 voting present. The Bill having received the Constitutional Majority is hereby declared passed. HB 420,

out of the record. House Bill 437, the Gentleman from Cook, Representative Cullerton."

Clerk O'Brien: "House Bill 437, a Bill for an Act to Amend Sections of the Illinois Abortion Law. Third Reading of the Bill."

Speaker Yourell: "The Gentleman from Cook, Representative Cullerton."

Cullerton: "Mr. Speaker, I'd like to take 437, 438, & 439 out of the record until Monday."

Speaker Yourell: "Leave. House Bill 671, the Gentleman from Adams, Representative McClain."

Clerk O'Brien: "House Bill 671, a Bill for an Act to Amend Sections of the Street Light Districts Act. Third Reading of the Bill."

Speaker Yourell: "The Gentleman from Adams, Representative McClain."

McClain: "Thank you very much Mr. Speaker. Ladies and Gentlemen of the House, HB 671 is a simple Bill. It provides that if there is no newspaper published within a district that notice or ordinances shall be published by a newspaper that has general circulation in that area. Presently the law reads that, Street Light District Act, provides that notices and certain ordinances shall be published in a newspaper published in the district. Well, a lot of communities down state don't have newspapers that are published within a Street Light District so they have to notify by noticing in 10 places throughout the District. All this Bill does pretty much is provide that a newspaper that has general circulation shall have that notice. The Bill was given to me by an attorney for Street Light District that has had some problems, a guy by the name of Charlie Schultz, from Quincy. And I would ask for a favorable Roll Call."

Speaker Yourell: Discussion? The Lady from Adams, Representative Kent."

Kent: "Would the Sponsor yield for a question please?"

Speaker Yourell: "Sponsor indicates he will yield."

Kent: "I might be uninformed but, what is the Street Light District?"

McClain: "Well, there are a lot of Legislators who would like to them done away with. The Street Light Districts are Districts that, they are bodies that have formed in order to have street lights for small municipalities and small villages."

Kent: "That doesn't come under their counsel?"

McClain: "No. It's a separate District. Unincorporated areas like Eartha."

Kent: "Oh, OK."

Speaker Yourell: "Further dicussion? Someone desire to close?"

McClain: "It's a very simple Bill and I would ask for a favorable Roll Call."

Speaker Yourell: "The question is shall House Bill 671 pass. All those in favor will be voting 'aye'; those opposed will be voting 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this Bill there are 140 'aye' no 'nay' and none voting present. The Bill having received the Constitutional Majority is hereby declared passed. House Bill 675, the Gentleman from Cook, Representative Brady. Out of the record. HB 461, the Gentleman from Peoria, Representative Tuerk....Representative Tuerk. Read the Bill Mr. Clerk."

Clerk O'Brien: "House Bill 461, a Bill for an Act making appropriation for Agricultural Premium Funds to the Department of Agriculture. Third Reading of the Bill."

Speaker Yourell: "The Gentleman from Peoria, Representative Tuerk."

Tuerk: " Mr. Speaker and Members of the House, as you well know over the period of many years many of the county fair buildings have been destroyed by acts of God. The reason for HB 461 is because a building was destroyed back in January caused by the heavy snow storms in Peoria. This

calls for an appropriation for \$190,000. And on 2nd Reading two other county fair areas were added to this Bill and the total appropriation is now \$248,000 to take care of the replacement of buildings in Peoria, Skylar County and LaSalle County, I believe. I would ask for your favorable vote for support."

Speaker Yourell: "Any discussion? Wish to close Sir? "

Tuerk: "Just ask for a good vote." :

Speaker Yourell: "Question is shall HB 461 pass. Those in favor will be voting 'aye'; those opposed will be voting 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this Bill there are 105 'yes' , 20 'no', 6 voting present, and the Bill having received the Constitutional Majority is hereby declared passed. House Bill 512, the Gentleman from Kane, Representative Murphy."

Murphy: "Thank you Mr. Speaker, House Bill 512...."

Clerk O'Brien: "...House Bill 512, a Bill for an Act to Amend Sections of the School Code and Public Community College Act. Third Reading of the Bill."

Speaker Yourell: The Gentleman from Kane, Representative Murphy."

Murphy: "Thank you Mr. Speaker. House Bill 512 Amends the School Code and all I'm doing is in the School Code, is putting people that are elected to county office and local offices. It's the same as the Legislators have right now. And I ask your favorable support."

Speaker Yourell: "Any discussion? The Gentleman from McHenry, Representative Skinner."

Skinner: "It's my experience that townships Boards generally vote at night. Why would anybody need to have a leave of absence who taught in an Elementary or High School?"

Speaker Yourell: "Representative Murphy."

Murphy: "I just want everybody to be including Government and if they were to be shifted to days, they would be covered."

Skinner: "Thank you."

Speaker Yourell: "The Gentleman from Cook, Representative Walsh."

Walsh: "Well, Mr. Speaker, Ladies and Gentlemen of the House, I'm opposed to this Bill and I don't imagine I'm going to influence a whole lot of people but I feel I ought to let you know my reasons. It seems to me Mr. Speaker, that we, in passing this Bill, put teachers and employees of School Boards in a different situation than other people who are working for a living. And indeed put their School Boards as employers, in a different situation than other employers. Now, I don't know why teachers, rather than other public employees such as city officials, should have an opportunity to run for the Legislature already, and this Bill provides the county Board and township Board and receive a leave of absence for the purpose of attending meetings. I don't get the thinking in requiring a public Body, things that we don't require and wouldn't have the nerve to require of private employees. It seems to me it could work a great hardship on a School Board to have a teacher take off at one o'clock in the afternoon every Friday and not come back that day in terms of getting a substitute teacher and whatever other problems are involved, just as the employer of a machinist would have a problem keeping a machine busy if the machinist had to go to a Board meeting. I have no objection whatever to Board permitting this to be done, but for us to mandate that they do it, I think is wrong. And I think therefore that we ought to vote 'no' on this Bill."

Speaker Yourell: "The Gentleman from Coles, Representative Stuffle."

Stuffle : "Yes, Mr. Speaker, and Members, as the Co-Sponsor of the Legislation I rise in support of it to point out to Representative Skinner that indeed in my county and in many counties, many Board meetings are held during the day. in fact, the County Board meetings in my county are virtually

all held during the day with some exception for county Board Committee meetings. And secondly to point out the opportunity was there to Amend this Bill if we wanted to include other public employees. I don't think we should spite the teachers at this point who, I would suggest, are probable most affected and working at the Membership around the state of public employees who are on these Boards. And third, to point out I think as Representative Murphy has, that there's a distinct need here for the Bill in his area, in my area, and in other areas. I don't think it's fair to the public employee to be burdened with the situation to say to him or her in effect, you can't run, because that's what you're going to do if we don't give them the ability to take a leave of absence. Exactly what you're going to do in many cases, I think the Bill is necessary for the reasons Representative Murphy cited. And I would conclude by saying simply this, that the leave situation can be worked out between the teacher and the Board even within the confines of this Bill. And for those reasons, I would solicit your favorable vote on HB 512."

Speaker Yourell: "The Gentleman from Cook, Representative Wolf. J.J. Wolf."

Wolf: "Would the Sponsor yield for a question?"

Speaker Yourell: "He indicate he'll yield."

Wolf: Mr. Murphy, if a teacher gets a leave of absence to attend the county Board or township Board trustee meeting does that affect their pension, are they covered with the local employer, the governmental unit have to contribute to their Pension Fund for the time that they are not on their job as a teacher?"

Murphy: "Mr. Wolf, they're not covered."

Wolf: "They are not."

Murphy: "No."

Wolf: "Thank you."

Speaker Yourell: The Gentleman from EaSalle, Representative

Anderson."

Anderson: "Yes, too, Mr. Speaker, I oppose this Bill for the reason that Representative Walsh has pointed out. And also because we're finding out two different classes of teachers a tenure teacher can, under this Bill can have leave, but a nontenure teacher cannot. I think if we're going to do it at all, we ought to treat teachers alike, whether they are tenure or not tenure. Therefore I urge you to vote 'no' on this Bill."

Speaker Yourell: "Any further discussion? The question is shall House Bill 512 pass. Those in favor will be voting 'aye'; those opposed will be voting 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 102 'ayes', 41 'no' and 3 voting present. The Bill having received the Constitutional Majority is hereby declared passed. The Gentleman from Fulton Representative Schisler on House Bill 529. Out of the record. House Bill 609, the Gentleman from Madison, Representative Sharp. Clerk will read the Bill."

Clerk O'Brien: "House Bill 609, a Bill for an Act to Amend Sections of the School Code. Third Reading of the Bill."

Speaker Yourell: "Representative Sharp."

Sharp: "Yes, Mr. Speaker, Members of the House, HB 609 is Legislation that I brought before the House last year. It was a Committee Bill that was reported out by the Elementary and Secondary Education Committee. It was Legislation that I had not an easy time in getting through the Committee in that it is Legislation that allows the School District to erase what I define as a transportation fund deficit through the issuance of a tax or a levy and a bond, once and only once, and only one of the options can be chosen by a School District, to erase the transportation fund deficit. The one feature of the Bill that I have received the most opposition from is the fact that it calls for a back-door referendum. In trying to deal with the problem as realistic

as I felt that I could, I have provided for a very easy method of getting the proposition put through direct vote of the residents, the voters in the School District. Once the District decides to issue a tax or to levy bonds to erase this deficit, it has to be published in a newspaper as all such notices have to be. Anyone wishing to have a petition circulated, to have it put to direct vote will be able to obtain the necessary papers at the local administrative school office and the number of signature required is I think reasonable in that not less than 5% or 500 signatures, whichever is less, are required to get it on the ballot. Many times when a back-door referendum provision is put before the people, a group to attempt to get the number of signatures, not knowing how many they need, they file and they find out they don't have enough. I think this 500 or 5%, whichever is less, makes this as simple as possible. The reason I sponsored this Bill, and I am not that crazy about back-door referendums myself, is that I realize that the state has not fully reimbursed School Districts for their transportation cost. We have in recent years delayed even further the reimbursement these Districts have coming and as result of our actions we have put the Districts in a worse position all the time trying to fund transportation. Now, in Committee statements were made that maybe you could take your ..or take funds out of the School Fund or operation funds and put it in transportation, and really many Districts are having difficulty meeting their everyday operating budgets, let alone take more money out to pay for transportation. The amount of the tax or the issuance of the bonds, the amount of the bonds, is limited to one and one-half times the claim as of, I think it's June 30th, 1979. So a District will not be able to build up a tremendous what they call deficit, in order to issue a lot of bonds or levy a high tax. And I feel that this is a reasonable approach to the problem. It's one that I would hope the Legislature would approve be-

cause in reality we created the problem and I think it's our responsibility . If we're not going to fully fund transportation, if we're going to delay the payments more and more, then at least we ought to give the Districts the option to try to help themselves. And that's what this Bill does. And I ask for your favorable vote."

Speaker Yourell: "The Gentleman from La Salle, Representative Anderson ."

Anderson: Yes, Mr. Speaker, I... the Sponsor really has a problem in his District and I understand it. But a back-door referendum, there's been a lot of this to say and I opposed it in Committee because of that. Now, if it had a front-door referendum, I'd be all for it. Therefore I urge you to vote against it."

Speaker Yourell: The Gentleman from DuPage, Representative Schneider."

Schneider: "Thank you Mr. Chairman. I am a reluctant opponent. John has worked hard on transportation and we're trying to develop more language on more reform proposals. This one however stands alone in its uniqueness. All Districts have to pay for the problem of raising revenue for transportation. Every District has had the pro-ration problem. Most Districts have the tax levy for the purposes of transportation. And I think they've dealt with it as best they can within their areas. They've made their appropriate adjustments. They've made some adjustments downward possibly in other areas of education. I think this is a poor way to go. It's another tax. Education is faced at every turn with the problems of voter resistance. I think it hurts the total educational program if we allow for another tax to be added for transportation. Possibly we can deal with this as we proceed in developing a transportation reform proposal that will be heard in my Committee over the next couple of weeks. So, reluctantly, I'm in opposition to this Bill."

Speaker Yourell: The Gentleman from Cook, Representative Walsh "

Walsh: "Mr. Speaker, Ladies and Gentlemen of the House, I'd like to add my voice to those of the Chairman and the Minority Spokesmen of the House Education Committee in opposing this Bill. The Sponsor talks about us creating the problem. I submit that we did not create the problem. We fund, as I understand transportation at about 87%. But the Districts are able to provide a great deal more transportation for their residents than the amount that we fund for. For example, transporting kids less than 1½ miles. We're being asked now to subsidise or permit those people who have operated inefficiently or who have given their school children more than the state would permit. We're giving them an out for as long as they have accumulated a deficit. This is incredible. We are permitting a levy without limit or we are in the alternative permitting them to issue bonds for the retirement of that deficit. And we are salving our consciences by saying that anyone who objects or if 500 people object or whatever the formula is, they can eliminate it by back-door referendum. Well, Mr. Speaker, I understand there was a successful attempt at a undoing by the back-door referendum in Charleston or there about one time and back many years ago here in Springfield, there was a successful attempt. But it doesn't as a rule happen. The statutes are full of provisions for back-door referenda and all we're doing in providing them Mr. Speaker, is duping our constituents. If this is the place for duping our constituents Mr. Speaker, but I suggest to you that it is no the time or we may be harmed. Now, I urge you to vote 'no' on this Bill."

Speaker Yourell: "The Gentleman from Adams, Representative McClain.

McClain: "Thank you Mr. Speaker. Ladies and Gentlemen of the House, I appreciate Representative Walsh's comments. Representative Walsh has a very strong voice; he yells very loud on the microphone, he sounds very knowledgeable. But on this issue he's totally wrong. You do not get re-

imbursed if you transport kids within 1½ mile from the school. When he mentioned that on the microphone just now, that is totally misleading. The School Systems are not reimbursed in the State of Illinois for transporting kids within 1½ miles. Now, if he wants to attack the back-door referendum issue I can understand that and I can appreciate it. But you can only raise so many red flags until you got the Membership frightened on a subject that maybe he knows very little about. There is a subject, there is a Bill now presented to the Membership which would reimburse School Systems which transport kids within 1½ miles however, that is not going to pass, I don't think this Assembly. The issue is really a critical issue for Representative Sharp's District. I doubt if very many School Systems ever use it. And that back-door referendum has been used and it has been used successfully. So I would ask for an 'aye' vote."

Speaker Yourell: "The Gentleman from Cook, Representative Conti."

Conti: "Mr. Speaker, I move the previous question."

Speaker Yourell: "The previous question has been moved. All those in favor signify by saying 'aye', opposed 'no'. The 'ayes' have it. The previous question. The Sponsor to close."

Sharp: "Yes, Mr. Speaker, Members of the House, I thank Representative McClain for clarifying some of the previous statements that have been made. If you want to attack the back-door referendum, attack it. But let's not you know confuse the issue. One of the previous speakers indicated inefficiency and then in the next breath he said we reimburse them already at 87%. That's the point. They do not receive reimbursement for the cost involved in transportation. Under the previous administration we delayed the payment for reimbursement even further and then we said we'll give you a little interest to make it better. Because we want

a financial pension on the State level. So, I think we've created the problem. We're not stepping forth and we're not saying that, we are going to make up the deficit with the State funds and we're not going to reimburse 100%. We're not saying that. And we're not going to say that as the Legislature. What I'm trying to do in this Bill is give the School District the opportunity to help themselves get out of the bind that we put them in. It's not inefficiency; it's inadequate funding from the State level and I solicit your support."

Speaker Yourell: The question is shall House Bill 609 pass.

Those in favor will signify by voting 'aye'. Those opposed will be voting 'no'. The Gentleman from Will, Representative Leinenweber, to explain his vote for one minute."

Leinenweber: "I had hoped to be able to ask the Sponsor several questions because there are some indications in the staff analysis that's available to the Republican side that there are some problems with this Bill. I think you ought to very seriously consider whether you should vote for it or not. One of which is, it appears that the number of signatures required to be gathered in a 10 day period are 5% or 500, whichever is the most, which is somewhat, which could be an awful lot of different signatures to have to get in the 10 day period. Secondly, there doesn't appear to be in the Bill a limit as to whether or not what Bond money can be sent for. I think it's, in as much as a step as it very well may have been, it had been created by operations. It seems poor policy in effect to issue bonds to raise the deficit of operations. There are a number of other problems with the Bill, not the least of which have been pointed out by Representative Walsh and others about the fact that we're permitting a tax increase here without, with a back-door referendum which of course is far inferior to a front-door referendum. And it would appear school districts under existing law, about every school district

in the State still has some tax rate increase available to it with a front-door referendum. I think they ought to be left to this in this age of public consciousness as to the height of their real-estate Tax Bill and vote 'no'."

Speaker Yourell: "To explain her vote for one minute, the Lady from Champaign, Representative Satterthwaite."

Satterthwaite: "Mr. Speaker, and Members of the House, in order to correct some of the previous remarks, the last Gentleman who spoke obviously did not read the language the Bill accurately. It provides for 5% or 500 signatures, whichever is less. So we have tried to make it a very easy thing for any district to have a back-door referendum in the case that they want to do that. Previous speakers have also indicated that the State is currently supplying 87% of transportation funding. That is accurate only in so far as the amount that the district can claim. There are many transportation expenditures that the district cannot claim and in any event, they cannot claim more than 80% of their cost even for those certain things that are allowable. Under those circumstances it really means that the district is at most 87% of 80% of their expenditures and there is no way that any district is going to obligate itself to an inefficient transportation system, trying to simply beg off the expenditure and pass it on to the State. However you cut it, they are going to have local expenditures and believe me, they are trying as hard as possible to make those minimal. This is a Bill that will be used by only a very few school districts. In this case, it seems to me to be a way of returning the control to the local school districts. And we hear the plea over and over again, that we want the hands in local control. This is a way of doing that and I urge your support."

Speaker Yourell: "To explain his vote for one minute, the Gentleman from Morgan, Representative Reilly."

Reilly: "Thank you Mr. Speaker, Ladies and Gentlemen of the House. I won't take up a great deal of time. We're making too much out of this Bill. It's a very simple proposal by Representative Sharp. It provides that for one time and one time only, school districts can get out of the hole that they are in. Now, we can argue all day over why they're in that hole. The fact that they're in it forces them into all kinds of expensive, wasteful, inefficient fiscal maneuvers to try to keep their transportation fund too close. All Representative Sharp is saying, is give them one chance to pick themselves out, then from then on, they've got to get along as they're supposed to. But if they don't have that one chance they're going to go on forever saying all kinds of interest, saying all kinds of transfers back and forth, engaging in all kinds of wasteful maneuvers. I would ask for a favorable vote."

Speaker Yourell: "To explain his vote for one minute, the Gentleman from McHenry, Representative Skinner."

Skinner: "Mr. Speaker, I was initially voting present on this Bill because of the reservation Representative Leinenweber had about the back-door referendum. The Sponsor of this Bill has put the best back-door referendum proposal that has ever reached the floor of this House on his Bill. He requires that the petitions be made available to the voters at the school district. Enough petitions if they want 10,000 petitions, the school district had to produce them. 500 signatures are not a significant number of signatures. Now, if you're against the back-door referendum concept *per se*, you ought to be voting 'no'. It's obvious this Bill is not going to pass today, so perhaps you should give the Sponsor the courtesy of putting it on Postponed Consideration by giving him over 70 votes so he can go home and re-think whether he wants to put a front-door referendum on it or not. I certainly think he deserves a great deal of credit for bringing forth the best back-door referendum

proposal that this House floor has yet seen."

Speaker Yourell: Any further discussion? Representative Sharp to close....The question is shall House Bill 609 pass. Oh, he's taken the record. Yeah, ok. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 65 'ayes', 60 'nos', 15 voting present. The Bill is declared lost. House Bill 129. The Gentleman from Cook, Representative Mahar."

Clerk Hall: "House Bill 129, a Bill for an Act to Amend Sections of the Illinois Vehicle Code. Third Reading of the Bill."

Speaker Yourell: "The Gentleman from Cook, Representative Mahar."

Mahar: "Thank you Mr. Speaker, and Ladies and Gentlemen of the House. House Bill 129 Amends Chapter 95½ of the State statutes and it was 'Grant', the Secretary of State, or his authorized representative, or any other peace officer, the right to inspect the records and premises of dealers of auto rebuilders, body rebuilders, scrap processors, to determine their compliance with the law. In addition, it provides for the licensing of vehicle autioneers by the Secretary of State. Now, this Bill was introduced during the 80th General Assembly and passed out of Committee with no dissenting vote and out of the House with 130 'aye' votes. Unfortunately, the Bill got caught in a log-jam in the Senate and failed to move out of the Rules Committee. House Bill 129 is the result of cooperative efforts of the Secretary of State's Office, police agencies throughout the state, car agencies and National Body Shop Council and many others. During 1979 and 1978 auto thefts have increased at an alarming rate. Last year we had 58,924 cars stolen in Illinois for a total value of one hundred and twelve and a half million dollars. During this time there were 6712 arrests with fewer than 3% convictions. If this Bill becomes law I think it will provide some additiona

tools to increase that horrible conviction rate. By adding vehicle autioneers to the list of professionals in general, that are licensed, the intent of the Bill is to regulate the flow of stolen vehicles and vehicle parts through the auto auction. The license proceedure would give the Secretary of State a chance to closely examine a business record and proceedures of those businesses involved in autioneering. A license must be displayed in a conspicuous spot and therefore readily available to the investigator. The cost for the license will be 50¢ annually, which would off-set the administrative cost. There's a very great need in my opinion, and the opinion of many others, for this Legisla-tion. I'd be happy to try and answer any questions and I urge your support."

Speaker Yourell: "The Gentleman from Cook, Representative Kosinski."

Kosinski: "Mr. Speaker, Ladies and Gentlemen of the House, just one simple statement, as hyphenated Cosponsor of this Legislation, the word 'chop shop' is not foreign to you. I don't who of you have lost an automobile receipt, did not receive it back or receive part of it back. The police problem is horrendous. This Bill aims at the chop shop. I would like a unanimous vote on this Bill."

Speaker Yourell: "The Gentleman from Cook, Representative Epton."

Epton: "Thank you Mr. Speaker, Ladies and Gentlemen, will the Gentleman yield to a question?"

Speaker Yourell: "The Gentleman indicates he'll yield."

Epton: "Will this strip search of the vehicle require the presence of a doctor?"

Mahar: "No, it will require a lawyer."

Speaker Yourell: "The Gentleman from Cook, Representative Getty."

Getty: "Mr. Speaker, Members of the House, I want to add my voice in encouraging passage of this Legislation. I think

one of the things that may not have been mentioned that I want to add to Representative Mahar's comments, the passage of Legislation such as this will add significantly to striking at organized crime. Behind the chop shop making it profitable for organized crime in the State is this sort of situation. And I think by enacting this Legislation and other Legislation, which has been proposed by the Secretary of State, we will greatly enhance Illinois' ability to fight organized crime. We will greatly enhance our ability to protect our citizens' automobiles and I would hope that this Bill would receive a very strong support from the House."

Speaker Yourell: "The Gentleman from Sangamon, Representative Kane."

Kane: "Would the Sponsor yield for a question?"

Speaker Yourell: "The Sponsor indicates he'll yield."

Kane: "On the licensing of auctioneers to sell motor vehicles, would that include an auctioneer who say is auctioning off somebody's property and there is a single vehicle involved?"

Mahar: "No Sir, it would not."

Speaker Yourell: "The Gentleman from Perry, Representative Dunn. Ralph?"

Dunn: "Thank you Mr Speaker. Will the Sponsor yield?"

Speaker Yourell: "Indicates he'll yield."

Dunn: "I think I would ask Representative Mahar about the same question that Representative Kane did. This is not a licensing Bill for auctioneers as we've had before this House two or three times."

Mahar: "No, Sir, it is not. I might add as I recall the testimony a year ago on this Bill, there was some question about the special case as the previous Representative mentioned where somebody in their back yard doing some body work. This is not, does not apply to that. By the way, there is other Legislation coming along that will specifically address itself to that. In other words, this is one of a

package of Bills that will be addressing this subject. And I think, I know, that of course, in this case, it is only for auto autioneers and that fact that we don't have this cateogory in Illinois we are losing some business on the major autions. Thank you. Thank you Mr. Speaker."

Speaker Yourell: "Before we proceed, one of our Members asked a page to get House Bill 548 . The young Lady doesn't remember who it was so if you have made that request, she's down in front. Representative Steczko. Representative Mahar to close."

Mahar: "Well, thank you Mr. Speaker. I think the Bill has been fairly well explained. As I mentioned a moment ago, this is the first of some Bills that will be coming along to address this subject and try to get a handle on a very serious problem we have in Illinois and elsewhere. The losses are great, they are being reflected in our insurance rates and all the problems we're having with stolen automobiles in the State of Illinois. I would urge its adoption."

Speaker Yourell: Question is shall this Bill pass. Those in in favor will be voting 'aye'; those opposed will be voting 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 156 'ayes', no 'nays' and 1 voting present. The Bill having received the Constitutional Majority is hereby declared passed. For what reason does the Gentleman from Cook, Representative Collins, rise?"

Collins: "Mr. Speaker, and Ladies and Gentlemen of the House, I rise on a point of personal privilege."

Speaker Yourell: "State your point."

Collins: "Mr. Speaker, I had hoped that the real Speaker would be in the Chair when I rose but apparently he's going to run the string out today and adjourn without hearing what we have to say. And I'm speaking not only for myself I'm speaking for the entire Republican side of the aisle and in particular, the Members of the Appropriations II Com-

mittee, who suffered great abuse under brutish tactics today and I underline that word, brutish tactics. You can imagine how I felt when I walked in at 12:15 today and discovered the meeting was still being held in violation of House Rules. I tried to raise that point, but of course, the Chairman ignored my point and continued on a Roll Call, on a Roll Call that was held in violation of House Rules and on a Roll Call on a Resolution that has absolutely no validity in this House, either in our Rules or in substance. Mr. Chairman our Members of the Committee were being ignored on this Roll Call. The Roll Call consisted of nothing but a recitation of Democratic names and no Republican names and was declared passed after the House had convened in violation of the Rules. Now, Mr. Speaker, I don't think that this type of conduct is what you or the real Speaker would want to be permitted in this House. Not only that, but I am told by Members of our Committee that this Committee was not run by the Chairman, it was actually, permission was given for a nonmember to run the Committee, and when I say run the Committee, not only to interogate witnesses, but actually to recognize Members. Now, this kind of abuse cannot go on, Mr. Speaker. I don't care who has the Majority we are all elected by the people, we all have the same rights in this House. And for one Chairman, for one Committee, to arbitrarily abuse Members I think is uncalled for and it cannot continue. Mr. Chairman, not only that, but this invalid, illegal Resolution calls for Star Chamber Proceedings on a matter which we all admit exists and is something that is facing us and must be coped with. There are Federal audits being conducted. The Auditor General, I am told, is looking into these allegations, into the State Department. I say that this has got to discontinue. We all want to look at the seriousness of this problem, but I don't think that we all want to indulge in cheap politics and that's all that this Committee

hearing was this morning, was out and out cheap politics. Let's proceed, let's proceed in an orderly fashion. Mr. Speaker, I'm glad you returned to the podium. I am just protesting of the abuse of the Republican Members in the House Appropriations II Committee this morning and I hope that you will deal with this problem. I know there are others that want to be heard on this, Mr. Speaker. But I, for one, think that is was the shabbiest treatment that I have ever seen accorde Members of this House in any Committe in my many years here."

Speaker Redmond: "Even as bad as that Subcommittee, the Elections Committee, a few years ago? Even worse.. Ok.. Representative Barnes."

Barnes: "Thank you very much Mr. Speaker. Mr. Speaker, and Members of the House, I am sure that we all know that Representative Collins can present his point in a very forceful manner and my 5th grade teacher used to always tell me that if you don't have anything to say at all, of any substance, simply say it loud. So I won't say it loud; I would say it very calmly that we in the Appropriations Committee had the responsibility to the citizens of the State to insure that we acted a proper and direct manner as it relates to deliberation, deliberations as relates to the tax dollars therein. What we will attempt to do now and then, that's what we are attempting to do today. That's what we will continue to do. Ithink it is simply sort of amazing that there are 12, I believe correctly, one was assigned last week. Members of that Committee from the Minority that person who had never attended one of those meetings except for a few seconds to run in today to try to disrupt it at the end with his loud voice, is standing here talking about what has taken place there. Gee, he got a great amount of wisdom in those 3 or 4 minutes that he attended that meeting today. It seems to me, Mr. Speaker, and Members of the House, that perhaps some people, some people, had felt it necessary to try to delay

and try to, and I hate to use the term, but I can't think of any better one at this particular time, try to use cover-up procedures as it relates to a Department that is administered by the current administration. I made it clear, I believe, in all of those hearings and deliberations there that we were not after any individual, or any particular person as he relates to that administration, because of problems that have been going on in that Department is for the last 5 or 6 years, which covers more than the current administration. But it seems to me that some people in the Minority party have 'cover-upitis'. I don't know if it relates back to a former national officer in this country, but it seems to me that that may be a factor that's involved here. What we were attempting to do there and what this Minority party Member seems to be so strongly opposed to, is bringing that full subject matter to everyone of the 177 Members of this General Assembly, for you to be able to listen, determine, evaluate, and debate and discuss, the relevant serious issue, very very serious issue, that's involved in that Department. Now it seems to me, Mr. Speaker and Members of the House, that in this Deliberative Body and this Democracy that we live in and in this Body that we elected to represent the interest of the people that we have to serve, that is the only proper thing to do. Now, perhaps, some people here feel that we should not deliberate in public fashion, perhaps some people here feel that certain things that may be embarrassing should not be brought in a public form, I don't happen to be one of those people. I suggest, I suggest to the Gentleman, and I have suggested to some other people when it relates to serious matters of this kind, if the shoe fits you and it's a little bit too tight, sorry. You have to wear it."

Speaker Redmond: "Representative Telcser."

Telcser: "Mr. Speaker, and Members of the House, I also rise to

discuss this particular subject matter, a subject which frankly I was not too familiar with until this morning and I admit no candor at this moment I still am not quite clear as to what the issues are involving this particular matter. But I do know, Mr. Speaker, that discussion is just now beginning. I also would like to remind you and also I would like to remind the Chairman of the Appropriations Committee, who normally is a very thoughtful deliberative Member, as someone who generally acts in a very responsible fashion, I'm sorry to say, for some unknown reason, he is digressing from his normal method of conducting himself. But, Mr. Speaker, and Members of the House,...."

Speaker Redmond: "Representative Brummer, for what purpose do you rise?"

Brummer: "Yes, point of order., Mr. Speaker, what order of business are we on?"

Speaker Redmond: "Personal Privile Proceed Representative Telscer."

Telscer: "Mr. Speaker, and Members of the House, we began this session in an atmosphere of mutual respect. We recognized the close partisan divisions in this House and we therefore have been trying to work together to achieve a Legislative program for every citizen in this great State. I think, Mr. Speaker, that that was very well exemplified when we adopted the Rules of this House. We could have very well entered into a bitter partisan debate, forded out on the floor, and some one would have won and some one would have lost. However, Mr. Speaker, we reconciled those differences without a bitter partisan fight in a spirit of cooperation and in a spirit that's keeping this year's General Assembly from becoming a partisan fighting Body. And so , Mr. Speaker, and Members of the House, I want to say what Representative Collins said. But, I would like to point out, that this is not only important for the Republican Members of the House, but it is for every Member. When the Rules are

violated, everyone's rights are violated. Mr. Speaker, and Members of the House, some day anyone of us, Republican or Democrat, could be in a situation where the Chairman of a Committee wants to feed-out Bills or not take on Amendments. And Mr. Speaker, when the Chairman does that to any Member of the House, he or she does it to all of us. And that is the issue, Mr. Speaker. The Chairman of the Appropriations Committee talked about work having to be done. He talked about the public being aware of this issue whatever it may be. But, Mr. Speaker, and Members of the House, his Committee has done nothing, his Committee hasn't brought forth any facts on their own. What they are attempting, what the Chairman is attempting to do, is to make a circus out of this. The Chairman of this Committee in my opinion is acting under someone's direction and is simply trying to make a public relations gimmick out of whatever is contained in the Resolution being discussed. Now, Mr. Speaker, and Members of the House, I say to you it's a dangerous precedence. I say to you the session is just beginning, we're going to be getting into a lot of issues and if you want to make it a partisan fight, we're ready for it. And so Mr. Speaker, and Members of the House, I hope the Appropriations Committee, at least those Members who joined with the Chairman in ramming through this Resolution, reconsider their actions. And they ought to take some time to deliberate on this question. If they want to look into the facts of the matter, they should by all means do so. That Committee is a public Body, the public has access to that Committee. But to bring a matter like this onto the floor simply to make it an event, a media event, does a disservice to everyone involved, the least of which the citizens of the State of Illinois. And so my friends and my colleagues, I say to you to think carefully about the actions of the Appropriations Committee because someday it will be your Bill or your Amendment or your issue.

And it is that which is important, Mr. Speaker, so I again, I hope, and I plead, with the Chairman of the Committee to reconsider his foolish actions, to reconsider the impetuous way in which he acted today. It doesn't do anyone any good, Mr. Speaker. "

Speaker Redmond: "Representative Satterthwaite."

Satterthwaite: "Mr. Speaker, and Members of the House, it's awfully difficult to know what order of business we're on at this point. I thought that we were trying to get about the business of the House and get our work accomplished before the various deadlines that are imposed. However, I find it difficult as a Member of the Appropriations Committee which seems now to be maligned by the Speakers on the other side of the aisle to stand by idly have things put in the official record of this House that are not accurate. The two people who have spoken on this issue on the Minority side of the House were not present at all at that Appropriations Committee meeting today until the very last few minutes, very close to 12:00 o'clock. At that time, the Chairman was trying to complete the business of the Committee for the day so that we could come to the House floor. The statement that a vote was taken at 12:15 is completely erroneous. I was there for my vote. I was there for the final action of the Committee and I was here on the House floor by 12:15. I do not have the power to be in two places at once. I simply want to straighten out the erroneous record as it stood previous to my comments to say that the Committee was not in session at 12:15. I was back here on the House floor at that time, and I hope that the Speaker will get onto the appropriate order of business."

Speaker Redmond: "The point is well taken. I will recognize one other Member of the Appropriations Committee, Representative Kempiners. The point of orders that have been raised before in my judgement are well taken. There is nothing before this Body but respect to the Appropriations

Committee or any Resolution. Representative Kempiners."

Kempiners: "Mr. Speaker, if I could, I'd like to yield to Representative Vinson."

Speaker Redmond: "You may. Will you accept?"

Vinson: "Yes, Sir."

Speaker Redmond: "Representative Vinson."

Vinson: " Mr. Speaker, the reason that Representative Collins and Representative Telscer raised this issue on the floor is because I asked them to. I asked them to because I was the victim of that process in the Appropriations Committee today that Mrs. Satterthwiate is talking about. What happened was very simple. There was a cover-up, yes there was a cover-up, there was a cover-up by the Chairman of the Committee who refuses to investigate, who refused to consider an Amendment, that he promised he would consider, that I offered and then he ruled out of order. He promised me two hours before the vote that he would consider that Amendment, an Amendment to investigate the one person in this whole Public Health issue who may have gotten out with the money. He refused to consider that Amendment, then he came up here on the floor, he wouldn't even call on Republican Members to cast a vote in that Committee. Now, that's a denial of due process if there ever has been one. That's why I asked Collins to speak on the subject, and Telscer. You've been a fair Speaker. You've got a responsibility though, to make sure that your Chairman are fair. And that when a Member offers an Amendment he ought to be able to get a vote on it. And when he offers the Amendment in written form two hours ahead of time, the Chairman knows he wants a vote, and when he promises it, he ought to keep his word. There's where the cover-up is coming from, from the people who have run off with the money, if indeed that's happened. That's who we ought to investigate, and I want to know why the Chairman wants to cover that up."

Speaker Redmond: "Representative Conti."

Conti: "Mr. Speaker, I rise on a point of Parliamentary inquiry."

I know nothing of the subject matter, although I've been struck with the same . . . Jane Barnes said that they were trying to cover something up in the Republican party but as part of the Leadership team, I'm going to have to monitor some 6 or 7 Committees. And I understand that as you know I wasn't there today, that the Committee Chairman abdicated his Chair and turned the Chair over to a staff Member to conduct a question and inquiries of various testimonies without filing that witness statement that you have to have before every Committee. And I'd like to have a ruling of the Chair, if this is going to continue all year long, whether staff Members could take over after the Chairman abdicates his Chair, and staff Members take over the Committee of any Committee, the inquiry of any Committee for the year on out."

Speaker Redmond: "I have Representative..."

Conti: "...to count for their in time..."

Speaker Redmond: "I'll have to research that and come back with that. Representative Matijeovich."

Matijeovich: "Mr. Speaker, Ladies and Gentlemen of the House, I see nothing wrong with that process if it illuminates the Committee. I see nothing wrong with the staff who has looked over a subject matter, done more research on it than any Member of that Committee, and because of that research because of that knowledge, that person is the one, I think, that ought to be asking the questions because you can shoot out the questions based on your research. That helps the Committee. That helps the Committee that wants to know. That does nothing for a Committee that wants to hide something. That does nothing for a Committee that wants to cover-up. And I think that all of us should have learned a lesson, that the public is no more going to stand for cover-up. They don't want any part of it, whether it's con-

sultant contract, whether it's an agency of the State, no more of this. They've said loud and clear, they don't want it. Now the best thing that the Republican party ought to do, we should not vote on Appropriations based on whether we like the Governor or not, whether we like the Secretary of State or not, or the Attorney General, we should vote according to the issue. And I've never seen that done here yet. Now you started all this, why the hell don't you listen to it. You're the ones who are covering up an agency of State government that is full of fraud. Now let's get to the bottom of it."

Speaker Redmond: "The ruling of the Chair is that the conduct of the Committee business is subject to the rules and subject to the custom of that Committee. There are Chairman in the Committee; there are Members of the Committee and they can run their business. And whatever a Majority of the Committee decides if there're not a Rule to the contrary I will respect the Rulings of the Committee. Now, I think we've spent enough time on this. I have the assurance of everybody involved that the subject matter will be gone into very thoroughly and that all the witnesses will be produced. There's nothing before this House with respect to any Resolution. So we're going to the order of House Bills Third Reading. House Bill 162, Representative McAuliffe."

Clerk Hall: "House Bill 162..."

Speaker Redmond: "Out of the record. 203, Representative McMasters. Out of the record. 204, Representative McMasters. 219, Representative Von Boeckman. Out of the record. 308, Representative McCourt. On the Order of Third Reading. Out of the record. 462, Representative McPike. Representative McPike."

Clerk Hall: House Bill 462 a Bill for an Act to Amend Sections of the School Code. Third Reading of the Bill."

Speaker Redmond: "Representative McPike."

McPike: "Thank you Mr. Speaker. Ladies and Gentlemen of the House, a few minutes ago we voted down a Bill to help school districts that contained a back-door referendum. We voted it down 65 to 60. I used this, House Bill 462, to solve a problem that exists in my school district and I'm sure in school districts of most of the Members on this floor. A lot of schools are faced with a very difficult situ...very difficult decisions today. We have declining revenues. The Governor of Illinois is proposing to in his budget to give less to schools as suggested by the Office of Education, the Corporate Personal Property Tax has been last and has not been replaced. Expenses are increasing and the revenues are not. The Utility bills in my school district have increased from 400,000 to 800,000 in a period of less than 5 years. They've doubled in a period of less than 5 years. And we are now using revenues from the Maintenance Fund up to 70% of that for utilities. So I introduced a Bill that would have allowed a school Board to levy a tax, not to exceed a rate of 0.20% to pay utility costs. After talking to a number of Members of the Revenue Committee, it was obvious that I couldn't pass the Bill out, so I changed it to a front-door referendum. Now, if in fact, this is a front-door referendum, it goes directly to the people, allows them to vote as to whether or not they want a tax levied on themselves to pay utility costs. Now, I think, in my district it means \$800,000. So I think in Springfield it was mentioned in the Committee it would mean 1.2 million dollars. Why should we have this on the books? You know as well as I do, it's becoming increasingly difficult to pass a referendum. But I think if we had an opportunity to go to the people and say this referendum is for a specific purpose, it's to pay utility bills and nothing else. It's not for salaries and it's not for frills, it's not for this new program, or that new program. It simply is trying to pay utility costs. I think

it gives the voter a clear, a clear choice of what it's for and I think it will be somewhat easier to get it adopted. The other Amendments added on the House floor without opposition would require that this election come under the consolidation of election schedules. And the last Amendment included Chicago which was not included in the original Bill. I think it's a , I think we're faced with a problem of providing revenues. There's no such thing as a free lunch, we're going to have to pay for it. We're not providing State money and I think we have to provide the local school districts with some ability to raise revenue. And I think this is a chance for them to go to the voters and say here's our problem, help us solve it. I think it's a decent Bill and I would urge your support."

Speaker Redmond: "Any discussion? Representative Ewing."

Ewing: "Mr. Speaker, Representative McPike's Bill here does exactly as he says. He did oblige us with the front-door referendum. I think the Bill ought to be passed, if local people want to take care of their problems this way, this gives them every option. And I would support this Bill."

Speaker Redmond: "Representative Stuffle."

Stuffle: "Yes, Mr. Speaker, will the Sponsor yield to a question?"

Speaker Redmond: " He will."

Stuffle: "Representative McPike, with the authorization for the tax rate in this Bill, as I understand it, the referendum is provided for, however, if the tax is authorized, this particular tax, will it be included in those taxes which are used to make up the operating tax rate to receive State school aid, or will it be treated as some of the other taxes, which are not included in determining that operating tax rate to receive State school aid formula money?"

McPike : "It will be included. It will part of the local effort."

Stuffle: "So, it will be included?"

McPike: "That's correct."

Stuffle: "Speaking to the Bill then, this has a referendum, it

does provide for a tax rate increase only with the referendum. It provides that if that tax effort, as long as we use that concept in this State, that it should be included and it will part of that tax effort. Will be helpful from a school aid standpoint. It will be fair to the school district from that standpoint as well. And it leaves up to the voters the final decision to decide whether or not there ought to be an expansion of the base for taxes for one particular purpose and not for misuse or use in other areas. And for that reason, I support the Bill."

Speaker Redmond: "Anything further? Question is shall this Bill pass. Those in favor vote 'aye', opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there's 132 'aye' and 9 'no'. Bill having received the Constitutional Majority is hereby declared passed. House Bill 493, Representative Lechowicz."

Clerk Hall: "House Bill 493, a Bill for an Act to Amend Sections of the Illinois Public Aid Code. Third Reading of the Bill."

Speaker Redmond: "Representative Lechowicz."

Lechowicz: "Thank you Mr. Speaker, Ladies and Gentlemen of the House. House Bill 493 as Amended in Committee, will correct an inequity ineligibility standard that prevents many elderly and disabled people from receiving medical assistance under the Department of Public Aid. This problem developed in 1974 when Congress enacted reform legislation establishing a new supplemental security income program. This reform caused most of the aid to blind and disabled programs to be converted to new Federal SSI program. It also caused many to lose their eligibility for aid. House Bill 493 intends that many of those cases that were disqualified under this change will at least be able to receive help with their medical expenses, even if they cannot qualify for income assistance. In particular, this Bill changes

the way in which a person or couple's assets are evaluated to determine if their income and other resources are inadequate to meet their need for medical assistance. The existing standard requires the Department of Public Aid to take into consideration all assets in excess of \$400 for a single person and \$600 for a couple. House Bill 493 will increase as its standard to \$1500 for a single person and \$2250 for a couple. This means that the Department of Public Aid will disregard the amount of personal assets in determining eligibility and many more of the elderly and disabled will receive needed services. For your information, Ladies and Gentlemen, the assets that we are talking about may involve money in savings accounts, cash on hand, bonds, and other personal possessions which are not real property and are not specifically exempted from consideration. Items specifically exempted include some clothing, house hold furnishings, an automobile not used for recreational purposes, some life insurance, and some business and farming equipment. The Illinois Department of Public Aid supports House Bill 493. It believes that the change will stream-line eligibility determinations and make the current situation more equitable for many of the aged and disabled who are not categorically eligible for medical aid. This Bill received a vote in Committee of 13 to 0 and there were no registered opponents. It is supported by Senior Citizens' Organizations and has been recommended in particular by the Legislators Advisory Committee on the Council of Aging. Basically House Bill 493 complies with the Federal standards, both for individuals and for couples. I'd be more than happy to answer any questions, I ask for your support."

Speaker Redmond: "Question is shall ...Representative Skinner."

Skinner: "I'm sorry that a fiscal note request was not filed on this Bill. Could you tell us how much the fiscal impact will be, please?"

Lechowicz: "Cal, I checked with the Department. As the Bill is Amended now, which complies with the Federal Government's recommendation, bothas \$1500 for individuals, \$2250 for couples, it will be \$6,000,000 in the main program, \$2,000,000 in the max program, approximately \$8,000,000."

Skinner: "Well, it's certainly an excellent Bill and it should have been passed probably 10 years ago."

Lechowicz: "Thank you. "

Speaker Redmond: "Question is shall this Bill pass. Those in favor vote 'aye', opposed vote 'no'. Have all voted who wish? Representative Schoeberlein, for what purpose do you rise? Representative Schoeberlein desires to be recorded as 'aye'. Flip the switch there. Representative Walsh, you just violated the Rules. Clerk will take the record." On this question there are 142 'aye', 3 'no'. The Bill having received the Constitutional Majority is hereby declared passed. 565. Representative Von Boeckman, for what purpose do you rise?"

Von Boeckman: Mr. Speaker, Ladies and Gentlemen of the House, I would like to suspend the necessary Rule so that House Bill 1000 can be heard in the Motor Vehicle Committee next week.

Speaker Redmond: " Have you checked with the..."

Von Boeckman: "I have checked with the Minority Spokesman and the Minority Leader and he has no objection."

Speaker Redmond: "Does the Gentleman have leave? Hearing no objections...1000, use the attendant's Roll Call. Representative Conti on 565."

Clerk Hall: "House Bill 565, a Bill for an Act to Amend Sections of an Act to establish an Appellate Court. Third Reading of the Bill."

Speaker Redmond: "Representative Conti."

Conti: Mr. Speaker, and Ladies and Gentlemen of the House, I'm prepared to go ahead with this Bill but I agreed with the Majority Leader that I would hold it. They may have a problem with the numbers because I understand the Appellate Court, there are panels of 4 and by asking for 3 additional

judges would not make panels of 4. Now, if they don't have any objections to that, to establish..... in Cook County, I'm prepared to go ahead with the Bill."

Speaker Redmond: "I believe they have panels of 3. I believe."

Conti: "You want me to go ahead with it? He's asking me to hold the Bill. I'll hold the Bill."

Speaker Redmond: "Out of the record. 566, Ralph Dunn."

Clerk Hall: House Bill 566, a Bill for an Act to Amend Sections of an Act in relation to County zoning. Third Reading of the Bill."

Speaker Redmond: "Representative Ralph Dunn."

Dunn: "Thank you Mr. Chairman, Members of the House, this is a Bill that affects 17 Commission Counties, they are Commission Counties that have 3 Member Boards. The present law in recording changes in zoning laws, when a County Board sits as a zoning Board, requires a 3/4 majority to change any Legislation or to grant easements or to change zoning regulation and 3/4 of 3 is 2 1/4 so, it in effect, makes it unanimous vote. This Bill would only change Commission Counties and change the 3/4 requirement to 2/3, so that 2 out of 3 of the Board Members could concur and change zoning laws. I'd ask a favorable vote and I'll be glad to answer any questions."

Speaker Redmond: "Representative Birchler."

Birchler: "Thank you Mr. Speaker. As a Cosponsor of this Bill I ask for a favorable vote also."

Speaker Redmond: "Anything further? Question is shall this Bill pass. Those in favor vote 'aye'; opposed vote 'no'. Have all voted who wish? The Clerk will take the record. On this question there are 139 'aye' and 0 nay. The Bill having received the Constitutional Majority is hereby declared passed. 580. Out of the record at the request of Senator Neff, Emerson County. 587. Read the Bill Mr. Clerk."

Clerk Hall: "House Bill 587, a Bill for an Act to Amend Sections of the Illinois Pension Code. Third Reading of the Bill."

Speaker Redmond: "Representative Stuffle."

Stuffle : "Yes, Mr. Speaker, and Members, House Bill 587 is an Amendment to the University Retirement System Article and does for the people covered in that Article the same thing that we did under a Bill by Representative McGrew last year became law and affected the Down-state Teachers Retirement System. Simply what it does is to delete the requirement that a spouse would have to be married to an employee before that employee retired in order for the spouse to receive Survivors' Insurance Benefits, under the Pension System. The Bill would still require importantly, that the spouse would have to be married to the person at least a year before the death of the person to prevent the concept of death-bed marriages. I would point out some important facts with regard to the Bill and answer some of the questions that have already been raised about it. First of all, a person could not take his money out of the system and get a refund and put it back in. That's prohibited. He could not do that in order to the spouse under this Bill. It is certainly prohibited. It still is the individual's money. If he hasn't taken a refund, he has or she has indeed paid in their money for a survivor's benefit. And I think and the theory behind this is the thought that if a person pays for a survivor's benefit, then the survivor should receive that benefit, whether or not that person is the first wife or the second and they are married to the person before or after the retirement so long as they keep that one year rule to prevent the death-bed marriages as the Bill does. It also prevents against the process of adverse selection. It provides that the widow or widower would have to be, as is the current law, 50 years of age to draw the survivor's insurance benefits. You could not have a child bride or what have you, you might draw for many many years. You have to be 50 years of old, of age. I

solicit a favorable vote from the Members of the House and would answer any questions that you might ask."

Speaker Redmond: "Representative Wolf."

Wolf: "Mr. Speaker, and Members of the House, I rise in opposition to this Bill. I think it's a bad precedence that we have set and as I read the analysis on my desk I see that the General Assembly did grant such benefits to another pension group last year. The General Assembly Retirement System doesn't have it, nobody else has had it. The fact that the General Assembly may have made a mistake last year and granted this benefit to one particular employees group, does not mean we should compound the problem. Everybody in this room knows that there is a serious problem with pension funding. If you look on your analysis which I'm sure everyone has, you'll see that there is additional costs involved in this which will further impair the funds available in the pension system. I think it's a bad system that we're embarking upon here. It 's a bad precedence that apparently through some over sight we set. And I would urge every Member of this House to vote 'no'."

Speaker Redmond: "Representative Ebbesen."

Ebbesen: "Yes, Mr. Speaker, and Ladies and Gentlemen of the House, I, too, rise in opposition to this proposal and I couldn't agree more with what Representative Wolf has just said. Just because one pension system received this last year, we made a mistake, doesn't mean we should compound the problem. And for future reference I'd like all Members of this House to take note how these things happen. Now, it's according to the actuarial study here, the increase in the ... liability goes up almost \$4,000,000 if we were to act upon this favorably. Now, you take this plus what we did last year, plus next year it'll be another system asking for this, and all this does is add millions and millions and millions of dollars on to the , to the unfunded of crude liability which is an obligation that's

going to be paid by the taxpayers of this State. Now, if you believe in any sense of fiscal responsibility that's, you should be voting 'no' on this Bill. It's a bad proposal. I realize we made a mistake in this General Assembly last year. I don't think we should compound that mistake by supporting this proposal. And keep in mind the rest of the session that when these proposals come up that affect one system that don't seem to have too much of an impact, you can support it. But believe me, each and every system lasts for some time in the future and when you compound all that money it's just a tremendous amount of dollars that we are obligating the taxpayers for. It comes out of, it must come out of General Revenue in the years and decades ahead. So, keep that in mind. If you believe in fiscal responsibility you should exercise a 'no' vote."

Speaker Redmond: "Representative Bullock."

Bullock: "Mr. Speaker and Ladies and Gentlemen of the House, I rise in support of this Bill. House Bill 587 is a simple Bill. The annuitant in a pension plan earns whatever benefit he derives. In light of the fact that well over 50% of the marriages in America today are ending in divorce, this Bill does not discriminate. It merely passes on the basic rights that the annuitant has. I think it's a good Bill and I think those of you who believe in fact, that the working man has a right to spend his or her money as they see fit, should support this Bill. And we cannot possibly penalize those that this person chooses to associate with due to some quirk in the marriage law. It's a good Bill and I would urge green lights in support of this Bill."

Speaker Redmond: "Representative Schuneman."

Schuneman: "Thank you Mr. Speaker. A question for the Sponsor Mr. Speaker. Representative, this Bill only affects the University System, is that correct?"

Stuffle: "Yes."

Schuneman: "I noticed that it increases the unfunded liability by a figure of nearly \$4,000,000. I'm concerned to know what this cost might be when we expand this particular benefit to other systems. For example, next year, if this Bill passes, next year when we're asked to expand it to the State employees, how much will that cost?"

Stuffle: "Representative Schuneman, first of all, I don't know what it will cost the other systems. However, because I'm not dealing with them right now, the major systems that have situations where we have long term employment, as is generally the case with the teachers in State University System, not the State employees system. Secondly, I would point out the reference to the \$4,000,000 cost, it's a life-time benefit cost, not the first year cost. The first year cost would be somewhere around \$400,000. The annualized estimate of the annual cost per average basis is \$600,000. I can't answer your other question obviously because I'm not working with those other systems. But I would say again that the other systems most affected by this sort of thing because of longevity, would be the state teachers' system. And it already has this under Representative McGrew's Bill that is now law."

Schuneman: "Mr. Speaker, I'd like to speak to the Bill."

Speaker Redmond: "Proceed."

Schuneman: "I think one of the problems in accomplishing these benefits in the way that we have been doing them, is that we do not realize the full impact of the cost of what we are doing. Last year we Amended one system. This year we're going to Amend another sytem and if this passes, we can be sure that in future years we will be asked to Amend other systems to do this. The total cost is going to add to an exorbitant amount of money which our pension systems cannot afford. And I think it makes no sense at all to approve this Bill at a time where are unfunded liabilities and our pension system is at an all time high. We see no

way of bailing out of our present pension systems now and for goodness sakes, let's not add to the burden."

Speaker Redmond: "Representative Griesheimer."

Griesheimer: "Thank you Mr. Speaker, will the Sponsor yield for questions?"

Speaker Redmond: "Representative Griesheimer?"

Griesheimer: "Alright, thank you Mr. Speaker. I note that there was a fiscal note requested. In the Digest it does not note that one has been filed. Was there a fiscal note obtained and filed? What is the total fiscal impact on the Pension as it presently exists?"

Stuffle: "The Pension note would estimate the full cost as we stated it here which is \$600,000 annualized, \$400,000 first year cost to the system, \$4,000,000 over the life of the benefit. There wouldn't be any additional cost from the other. You've already got these people, you've already got their forms and you've already got them on file there. So it would just be a matter of transferring the benefits."

Griesheimer: "Alright. Now, where does that money come from?"

Stuffle: "The money comes from the Appropriations by the General Assembly. Of course, as any other pension benefit, the payments are made into the system."

Griesheimer: "Do you have an accompanying Appropriations Bill with this to cover that?"

Stuffle: "No, I don't."

Griesheimer: "Well, if we don't have an Appropriations Bill then what we're doing is appropriating money again in the sense of a program without funding it, is that correct?"

Stuffle: "Not necessarily because we'll have the appropriation, there will be an Appropriation Bill for this system. It could be altered definitely to cover this or any other benefit."

Griesheimer: "Well, have you talked to the Department of Higher Education, are they agreed to increase their appropriation to cover this?"

Stuffle: I haven't talked to them. I have talked to people from that organization and from university systems, and those people that I have talked to have been supporting this Bill."

Griesheimer: "But, you have not talked to the Department of Higher Education?"

Stuffle: "I said I talked to people in that organization. We did not discuss the funding of the thing in terms of putting it into the system this year. Also, I should point out that it would appear to my reading of the Bill, there may be no first year cost to it. It may not kick in, as I understand the effective date in the situation, till the next year."

Griesheimer: "Well, Mr. Speaker, I'd like to also speak to the Bill. I think that the height of their responsibility in Springfield is creating programs, or expanding programs without accompanying appropriations when appropriations are called for. It seems that we have a good many people down here that have a great hole in their pocket and they could pour money into it every day without seeking where it's dripping through. The State of Illinois right now, is just beginning to breath a little bit more easily out of the financial crunch that we faced not too many years ago. I hope that it continues to improve regardless of whether we have a Republican or Democratic Governor. But I can't imagine anything more irresponsible than to start dipping in to another fund without proper appropriation. In the end the people that are really hurt are the people that are looking to that pension fund if and when it should get down to the point where it can't meet its obligation. I think if we do not have some ready answers to the question of where the money is coming from, and that the Department affected, the Department of Higher Education, supports the additional appropriation, I don't think we have any business passing a substantive Bill."

Speaker Redmond: "Representative Jack Davis."

Davis: "I'd like to question the Sponsor, Mr. Speaker."

Speaker Redmond: "Proceed."

Davis: "Representative Stuffle, what's the position of the Pension Law Study Commission on this Bill?"

Stuffle: "They're opposed to this Bill as I understand it. But they apparently supported the Bill last year which seems to me inconsistent."

Davis: "Well, thank you Representative Stuffle. May I address the Bill, Mr. Speaker? Mr. Speaker, may I address the Bill?"

Speaker Redmond: "Proceed."

Davis: "Thank you. Well, Ladies and Gentlemen of the House, I appeared before the Personnel and Pensions Committee yesterday afternoon with a very good Bill that would solve a problem in my district and in our Northern Illinois area that completely took me by surprise that the Pension Law Study Commission opposed it simply because..."

Speaker Redmond: "The Gentleman standing up. Sit down, please."

Davis: "...thank you Mr. Speaker. ...simply because the estimate of the unfunded liability accrued to that particular Bill which I disagreed with and didn't have an opportunity to disagree too well, would have been a half million dollars. As I understand this Bill, the estimate of the unfunded liability accrued would be \$4,000,000. So, on that basis alone, I would remind Representative Stuffle that the Minority Spokesman, Representative Ebbesen, on that Committee made the do not pass motion that threw my Bill and I agreed with it after they told me, although I don't agree with the assessment by the actuary. However, I might remind Representative Stuffle, the Sponsor of the Bill, that he supported that do not pass motion on the theory that the unfunded accrued liability was the problem with the Bill. So, to remain consistent, I suggest rather than a 'aye' vote, he ought to be tabling the Bill."

Speaker Redmond : "Representative Stuffle, for what purpose do you rise?"

Stuffle: "On a point of personal privilege. Representative Davis, I think you twisted the facts to say the least. I think if you'll recall I asked the actuary in the Pension Laws Commission on your behalf how he could come up with any cost estimate for your Bill and I pointed out that I didn't see how there could be any cost estimate for your Bill. If you'll admit that, and I pointed out that my opposition to your Bill was because it put retired teachers to work to replace people who needed jobs who weren't on retirement..."

Speaker Redmond: "Representative Ebbesen, for what purpose do you rise?"

Ebbesen: "Yes, Mr. Speaker. We're not talking about Representative Davis's Bill, this is House Bill 587. Get back on the subject. He's out of order."

Speaker Redmond: "Representative Terzich. Terzich"

Terzich: "Well, Mr. Speaker, on this Bill I have to agree with Representative Stuffle. Representative Davis's Bill should not have come into play on this. Representative Stuffle is a very very competent Member of the Pension and Personnel Committee. And I'm sure that his vote was based upon the Bill in itself. However, on this particular Bill, surely we are concerned about the unemployment liabilities and the request made on the pension benefits. In addition, the Pension Laws Commission does consist of actuaries and experts in the pension field who is charged with the responsibility of giving proper sound underwriting procedure. This particular Bill certainly did not get the approval of the Pension Laws Commission and I agree with that position. There are approximately 100 to 200 pension Bills making requests for pension benefits that these people certainly have the right to request the adjustment in their pension benefits that affect their lives and certainly should

be given... the consideration of the General Assembly. I know that the state university retirement system has put in Bills for some more benefits and certainly the money could be more well spent by not supporting this Bill. House Bill 87 (sic) certainly does not go with the proper viewpoint of what the pension benefit was originally for. The pension is for the employee during his life time and also should the employees spouse happen to die after the annuitant, that the pension benefit would continue. It certainly was not intended to provide for a new spouse or one that is divorce and there certainly was no money funded for this particular benefit and I would urge a 'no' vote on this particular Bill."

Speaker Redmond: "Representative Piel. Representative Piel?"

Piel: "I move the previous question Mr. Speaker."

Speaker Redmond: "The Gentleman has moved the previous question. The question is shall the main question be put. Those in favor say 'aye', 'aye' ; opposed 'no'. The 'ayes' have it. Representative Stuffle to close. Representative Davis, for what purpose do you rise?"

Davis: "Point of personal privilege, Mr. Speaker. My name was used in debate and I feel like I should apologize somewhat to Representative Stuffle because he is a dedicated and hard working Member of that Committee and did indeed, try to help my Bill. But I still reiterate the fact that the foundation of the defeat of that particular Bill, and should be the foundation of the defeat of this one, is the unfunded accrued liability. But I do apologize Representative Stuffle. You did try to help me and I understand your objection. "

Speaker Redmond: "Well taken point of personal privilege. Representative Stuffle."

Stuffle: "Well, rising fist, similarly, I would convey the same message across the aisle. If I said anything to offend Representative Davis in the Committee, I hope that he didn't

misconstrue it. It wasn't intended that way. On the Bill itself, House Bill 587 I would repeat and reiterate, reiterate strongly, that these people have paid their money into this system. Maybe it's a benefit you don't want to fund, maybe it's a benefit you do. But these people have paid their money into this pension system. They are paying their money in for their spouse, whenever that spouse happens to be married to them. It is not a new concept as I pointed out earlier. For people to continually get up here and argue that we've got all the unfunded liability, we all know that, but we also all know that the employee's has been paying his money in or her money in every week and every month since the system started. The fault lies with us here in the General Assembly that we haven't funded this system. Now, it may or may not be a benefit you want to vote for, as I said. But keep that in mind, keep in mind that the effect of what you are saying when you talk about the unfunded liability making it impossible to put in any new benefits in and saying to those employees in any of these systems, no matter a good a benefit may be, no matter how needed a benefit may be, we can't give you anything because we failed to put the money behind the program. It hasn't been the employee. This Bill did come out of the Pension Committee I believe on a 9 to 4 vote, a 9 to 2 vote as I recall. It had its support. You and I know that that Committee does not lightly consider measures and it's difficult to get Bills out of there. I would solicit a favorable vote for House Bill 587."

Speaker Redmond: "Question is shall this Bill pass. Those in favor vote 'aye'; opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 68 'aye' and 67 'no'. The Bill having failed to receive the Constitutional Majority is hereby declared lost. 589."

Clerk Hall: "House Bill 589, a Bill for an Act to Amend Sections

of the Illinois Pension Code. Third Reading of the Bill."
 Speaker Redmond: "Representative Stuffle."

Stuffle: "Yes, Mr. Speaker, and Members, this Bill's a bit simpler on the university retirement system and indeed it would save the university retirement system money. Simply what this Bill does is provide that the university retirement system will no longer be a collection agency in effect for any of the universities. We run into the problem in some of these systems where there's an inadvertant mistake in making out payrolls say for some one who's been paid sick leave for too many days or some one who's benefits were messed up, not pension, but salary, by a university. They will then in turn come to the university retirement system and ask the retirement system to attempt to diminish the person's benefits, to garnish them in effect, or sign the pension benefits back to the university. This is prohibited strictly by Federal law and Federal law says that for a pension plan to have qualified status, that is tax exempt status, that this type of provision would have to be knocked out of our state laws. This is the only system in Illinois of the 17 or so public systems that has this provision. And I'm asking for a favorable vote on the Bill which would effectively delete that provision that allows any wage assignment to pay back the university. The university can collect their own Bills from the individuals. They shouldn't be collecting them from pensioners."

Speaker Redmond: "Anything further? Representative Leinenweber."

Leinenweber: "Yeah, I have a question for the Sponsor if he..."

Speaker Redmond: "Proceed."

Leinenweber: "I'm not sure I understand the thrust of the Bill."

If a retired employee happened to owe the state agency or public body from whom he receives his pension money that, he's insulated from having his pension money used to repay that debt."

Speaker Redmond: "Representative Stuffle."

Stuffle: "That's exactly true. This is the only system that has that. As I said, the reason the Bill is in is because of a Federal question about the fact this system has its provision and it's illegal Federally. The Federal law says you can only assign up to 10% of the benefit and only then on a voluntary basis."

Leinenweber: "How would the, say a person worked for a state, Representative Stuffle, if a person worked for a state agency and at the time of his retirement he owed that agency money, then how could the agency get the money back if they could not receive an assignment of the pension money?"

Stuffle: "Well, first of all, this doesn't cover state agencies. This sort of, what this Bill seeks to delete is already illegal under the state agency's system, that covers state employees. This is just for university employees. I would assume they would have to put the heat on that guy or take him to court after he received the distribution, after it became part of his income. They would have to go to court, they would probably have to put the heat on him to get him to do it voluntarily. I'm just trying to make this consistent as I said."

Leinenweber: "This doesn't then permit or prohibit the possibility of another university obtaining a garnishment proceeding against the pensioner."

Stuffle: "You hit upon the point. The point is it doesn't prohibit the university from doing something. It prohibits the Pension System from doing it on behalf of the university. The universities in some cases have made the Pension System a collection agency for them. This is what is prohibited under Federal law."

Leinenweber: "Well, let me just ask one more question. I think I'm getting the gist of the Bill. Assume that a retired employee owed the university he worked for a \$1,000 or so and the university went out and got a judgement. Could they

then make the Pension Board a party to the garnishment proceeding in order to recover the money from the pensioner?"

Stuffle: "The answer to that question, I believe, is no. And even if this were left on the books, I seriously doubt that they could because of the Federal provisions. Unless in that situation again, you would again raise the question of whether or not the system would be able to retain its tax exempt status if it agreed to be part of the garnishment out carried out an order."

Leinenweber: "I just wondered how a university could possibly collect its money, the money that would be due it, which of course would be, in effect, due all of the taxpayers of the state, how they would go about it if the pensioner's sole assets were his pension."

Stuffle: "Well, I think I've answered the question. I think you would have to go to the individual and if he refused you'd have to take him to court. Because once the distribution was made with the pension money, that money is in the individual's hands, it's no longer a distribution. It's part of his income' it's revenue that's in his hands. And you could proceed against him at that point."

Leinenweber: "Well, if it's impossible to make the Pension System a party in the garnishment proceeding, it seems to me, it would be completely insulated from paying the debts in effect, to an agency or a body of the State of Illinois."

Speaker:Redmond: "Anything further? Representative Stuffle to close."

Stuffle: "Just to close in Representative Leinenweber's point, all I'm trying to do is put this is conform with Federal law and protect the tax status, exempt tax status, of this System and what he's suggesting is already being done by' taking people to court in the other Systems, whether they're, where there are over payments without attempt to diminish pension benefits to do so. I would ask for a favorable Roll Call. This Bill was approved by the Pension Laws

Commission and the Pension Committee."

Speaker Redmond: "Question is shall this Bill pass. Those in favor vote 'aye'; opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there's 104 'aye', & 27 'no'. And the Bill having received the Constitutional Majority is hereby declared passed. 589..607, pardon me. Representative Rigney."

Clerk Hall: House Bill 607, a Bill for an Act to Amend Sections of the Animal Control Act. Third Reading of the Bill."

Speaker Redmond: "Representative Rigney."

Rigney: "Mr. Speaker, and Ladies and Gentlemen of the House, House Bill 607 makes three minor Amendments in the Animal Control Act. First of all, it provides that the administrator shall be appointed by the County Board Chairman with the approval of the County Board. It also provides that in the case of the dismissal of the administrator, the same procedure, by the Board Chariman with the approval of the County Board. The other change it makes it that the deputies and other employees shall be hired and dismissed by the Administrator, rather than by the County Board itself. This particular Bill came out of Counties and Townships with a vote of 11 to 0. I ask your support."

Speaker Redmond: "Any discussion? The question is shall this Bill pass. Those in favor vote 'aye'; opposed vote 'no'. Have all voted who wish? Representative Stuffle? Representative Kosinski, Representative Stuffle wants you to break the Rules. Did you vote him? All voted who wish? The Clerk will take the record. On this question there's 134 'aye' and 4 'no'. The Bill having received the Constitutional Majority is hereby declared passed. Consent Calendar, Third Reading, Second Day. Representative Steele, is he...OK."

Clerk Hall: "House Bill 550, a Bill for an Act to provide for the location study by the Department of Transportation with respect to construction of a certain bridge. Third Reading of the Bill."

Speaker Redmond: "Question is shall this Bill pass. Those in favor vote 'aye'; opposed vote 'no'. Have all vote who wish? The Clerk will take the record. On this question there are 94 'aye', 10 'no'. The Bill having received the Constitutional Majority is hereby declared passed. On the Order of Second Reading appears House Bill 329. It was brought back today for the order to attach an Amendment and a fiscal, a request for fiscal note was filed. The note has been filed. Mr. Clerk. Representative Skinner."

Skinner: "Well, Mr. Speaker, the first fiscal note was prepared by the Illinois Department of Revenue, and it seems to me, that the second fiscal note should also be prepared by a similar source of expertise. This fiscal note is filed by the Sponsor, and while I respect the Sponsor in his motivation, it really seems to me that he's doing a disservice to this House not to allow those people with the expertise to get, to figure what it costs and tell the General Assembly."

Speaker Redmond: "Representative Kornowicz. Kornowicz."

Kornowicz: " This fiscal note I received from the Department of Revenue, the Revenue Department. It was brought over by the staff people. And this is the exact amount of twenty five million dollars."

Skinner: "Well, Mr. Speaker, I merely point out that the Department of Revenue's Director did not sign the fiscal note that I just saw. It was signed by Edmond Kornowicz. And there seems to be a discontinuity in between what I'm saying and what he is saying. Well, somebody signed it. Perhaps the Clerk could tell us who signed it."

Speaker Redmond: "Who signed the fiscal note?"

Kornowicz: "This is my signature, but it's been presented to me by the staff people."

Skinner: "Well... oh, I, excuse me. I see an official fiscal note here. Now, this is 44 million. This is another fiscal note that we're searching for. And it seems to me that 'Mr. Zeigle's' signature should be on it. There should be no

problem getting it. If it's really 24 million, 25 million instead of 44 million, I think that, I really think we ought to get the signature of the Director. And I'm really sorry that the Rule, the amended Amendment to the House Rules yesterday, which would require responsible fiscal notes, was defeated by this House. Apparently this is the first instance where we have to suffer for it."

Kornowicz: "Mr. Speaker, this is presented to me by the staff. And I never heard of anybody that the Director or somebody's got to give us these, his signature in regard to the Amended fiscal note."

Speaker Redmond: "Third Reading. On the Order of Second Reading appears House Bill 14. Representative Daniels. Representative Walsh mouse traps me very often and I don't know whether he's doing it again. Read the Bill."

Clerk Hall: "House Bill 14, a Bill for an Act to Amend Sections of the Illinois Municipal Code...."

Speaker Redmond: "Representative Walsh."

Clerk Hall: "..Second Reading of the Bill."

Walsh: Mr. Speaker, this is Amendment #2 to House Bill 14, which Representative Daniels explained earlier today, but we could not adopt because the Amendment had not been distributed. The Amendment has now been distributed and I move the adoption of Amendment #2, which is sponsored by Representative Willer, and your obedient servant."

Clerk Hall: "Amendment #2, Walsh, Amends House Bill 14 on page 3 line 35 and so forth."

Speaker Redmond: "Any discussion? The question is on the Gentleman's motion for the adoption of Amendment 2. Those in favor say 'aye', 'aye'; opposed 'no'. The 'ayes' have it. The motion carried. The Amendment is adopted. Any further Amendments?"

Clerk Hall: "No further Amendments."

Speaker Redmond: "Third Reading. On the Order of Third Reading appears House Bill 430, Representative Johnson is recognized."

Johnson: "Mr. Speaker, I'd like leave of the House to return this Bill to Second Reading for the purpose of Amendment."

Speaker Redmond: "Does the Gentleman have leave to return 430 to the Order of Second Reading? 430, will you read the Bill, Mr. Clerk?"

Clerk Hall: "House Bill 430, a Bill for an Act to provide for the inspection and licensing regulation of carnival and amusement rides. Second Reading of the Bill. This Bill was Amended previously. Amendment #2, Schneider, Amends House Bill 430 on page 5 by deleting lines 11 & 12 and so forth."

Speaker Redmond: "Representative Schneider."

Schneider: "Mr. Speaker, at the request of the insurance industry who was in the Committee hearing, they recommended that the policy get away from the primary requirement for coverage and go to an aggregate liability and a reduction of the dollar amounts. It is inserted in the Amendment and I would move for its adoption."

Speaker Redmond: "Representative Johnson."

Johnson: "Mr. Speaker, Representative Kornowicz and I, the other two Chief Sponsors have no objection to this Amendment."

Speaker Redmond: "The question is on the Gentleman's motion for the adoption of Amendment 2. Those in favor say 'aye', 'aye'; opposed 'no'. The 'ayes' have it. The motion carried. The Amendment is adopted. Any further Amendments?"

Clerk Hall: "No further Amendments."

Speaker Redmond: "Third Reading. Any announcements? Representative Schneider."

Schneider: "Mr. Speaker, the Subcommittee on Transportation for schools was cancelled. We had originally scheduled for 4:10, but those that have been contacted should be aware that we will not be meeting."

Speaker Redmond: "Any other announcements? Representative Mahar."

Mahar: "Thank you Mr. Speaker. There will be a Republican conference in room 118 immediately after adjournment."

Speaker Redmond: "Representative Mahar, we'll be standing in perfunctory session until midnight tonight so your motion probably should cover that."

Mahar: "Yes, immediately after the beginning of our perfunctory session."

Speaker Redmond: "Ok. Representative, you get that. As soon as we go into recess, go into perfunctory session, the Republicans will have a conference. Representative Williams."

Williams: "Thank you Mr. Speaker. Just to announce that there will be no meeting of the Cities and Villages Committee on Monday. Most of the Bills that are on the Calendar have already gone out of Committee. So the next meeting will be on the 18th at 2:00 p.m."

Speaker Redmond: "Agreed Resolutions."

Clerk Hall: "House Resolution 178, 179,180. House Joint Resolution 33, House Joint Resolution 34."

Speaker Redmond: "Representative Giorgi."

Giorgi: "Mr. Speaker, what is 178? Resolution 178? John, Resolution 178, what is it?"

Clerk Hall: "Special Planning Committee?"

Giorgi: "That can't be on the Agreed Resolution. 179, by Dawson, recognizes or tells the General Assembly that the honorable John Matejek is going to get married pretty soon, former Representative. 180 by Pechous talks about an Eagle Scout Award. House Joint Resolution 33 by Williams talks about revenue sharing and 34 by Mahar asks that the Problems Commission study fire rates. I move for the adoption of the Agreed Resolutions."

Speaker Redmond: "Any discussion? The question is on the Gentleman's motion. Those in favor say 'aye','aye'; opposed 'no'. The 'ayes' have it. The motion carries. The Agreed Resolutions are adopted. Further Resolutions?"

Clerk Hall: "House Resolution 178."

Speaker Redmond: "Committee on assignments."

Clerk Hall: "House Resolution 181, House Resolution 182."

Speaker Redmond: "Committee on assignments. Oh, the Speaker's Table. Anything further? Any announcements? Representative Lechowicz."

Lechowicz: "Thank you Mr. Speaker, Ladies and Gentlemen of the House, I move that the House stand adjourned until Monday, April 9th at 1:00 p.m."

Speaker Redmond: "Representative Lechowicz has moved that the House stands in recess until 1:00 Monday. Those in favor of the motion indicate by saying 'aye', 'aye'; opposed 'no'. The 'ayes' have it. The motion carries. The House now stands in.....Representative Lechowicz."

Lechowicz: "Mr. Speaker, I don't beleive the House can stand in recess over a week end."

Speaker Redmond: "It's 72 hours, Ive been advised that we're... We had that question as to whether or not we needed an adjournment Resolution and in as much as..."

Lechowicz: "And I think we should be probably be in perfunct so we can get at the rest of these Bills read into the record.."

Speaker Redmond: "Perfunct until midnight tonight."

Lechowicz: "Ok, fine. Thank you Mr. Speaker."

Speaker Redmond : "Then recess until Monday at 1:00."

Clerk Hall: "Committee reports: Representative Jaffe, Chairman from the Committee on Judiciary I to wish the following Bills referred, action taken April 5, 1979, report the smae back with following recommendations, do pass House Bill 385, House Bill 984. Do pass as Amende Short Debate House Bill 158. Representative Schisler, Chairman from the Committee on Agriculture to wish the following Bills referred, action taken April 6, 1979, report the same back with following recommendations, do pass House Bill 903. Representative McClain, Chairman from the Committee on Enviornment, Energy, & Natural Resources, to wish the folloeing Bills referred, action taken April 6, 1979, report the same back with following recommendations, do pass House Bill 374, 750, 1032. Do pass as Amended 909. Representative E.M. Barnes, Chairman from the Committee Appropriations II, reported out the following Resolution for introduction, House Resolution 181, action taken April 6, 1979. Introduction and First Reading of Consitutional Amendments. Resolved by the House of Representatives of the 81st General Assembly the State of Illinois, the Senate concurring herein: that there shall be submitted to the electors of the State for adoption or rejection at the general election next occuring at least six months after the adoption of this Resolution, a proposition to Amend Section 1 of and to add Section 16 to Article IV of the Constitution to read as follows: Article IV, Legislature power and structure; The Legislative power is vested in a General Assembly consisting of a Senate and a House of Representatives elected by the electors from 59 Legislative Districts, but the People reserve to themselves the power, called the initiative, to propose laws and to enact or reject the same at a general or primary election, independent of the General Assembly, as specified in Section 16 of this Article.

Section 16, INITIATIVE : The power or initiative extends to all laws which the General Assembly may enact under this Consitution. Laws may be proposed by a petition signed by a number of electors equal in number to at least eight per cent of the total votes cast for candidates for Governor in the preceding gubernatorial election. Prior to the cir-

ulation of an initiative petition for signatures, a copy shall be submitted to the Attorney General who shall prepare a ballot title for the petition as provided by law.

A petition shall be confined to one subject, shall contain the text of the proposed law, and of any law sought to be Amended or repealed, and the date of the election at which the proposed law is to be submitted. Petitions shall have been signed by the petitioning electors not more than twelve months preceding that election and shall be filed with the State Board of Elections at least 78 days before that election. No person may pay another person to circulate an initiative petition. Not more than three propositions shall be submitted at the same election and such propositions shall be submitted in order of filing. This Section is self-executing, but the General Assembly may enact legislation not inconsistent with anything herein contained to provide the manner in which petitions shall be circulated, presented, and certified, and in which propositions shall be submitted to the electors.

Any propositions submitted to the People by initiative and approved by a majority of votes cast thereon shall take effect thirty days after the official declaration of the vote, unless by its own terms the proposition provides for a later effective date. If in any judicial proceeding the provisions of two or more laws enacted under this Section at the same election are held to be in conflict, the provisions of the law receiving the highest affirmative vote shall prevail. No law initiated and adopted by the People under the provisions of this Section shall be subject to the veto power of the Governor, and no such initiated law shall be Amended or repealed, except by a vote of the electors, unless otherwise provided in the initiative proposition, or by the approval of not less than two-thirds of the Members of each House of the General Assembly at any subsequent session thereof. This Amendment to Article IV of the Consti-

tution takes effect upon its approval by the electors of this State. First Reading of the Constitutional Amendment. House Joint Resolution Constitutional Amendment 36: Resolved by the House of Representatives of the 81st General Assembly in the State of Illinois, the Senate concurring herein: that there shall be submitted to the electors of this State for adoption or rejection at the general election next occurring at least 6 months after the adoption of this Resolution , a proposition to Amend Section 3 of Article 14 of the Constitution as follows: Article XIV, Constitutional Initiative: Amendments to this Constitution may be proposed by a petition signed by a number of electors equal in number to at least eight percent of the total votes cast for candidates for Governor in the preceding gubernatorial election. A petition shall contain the text of the proposed Amendment and the date of the general election at which the proposed Amendment is to be submitted, shall have been signed by the petitioning electors not more than twenty-four months preceding that general election and shall be filed with the Secretary of State at least six months before that general election. The procedure for determining the validity and sufficiency of a petition shall be provided by law. If the petition is valid and sufficient, the proposed Amendment shall be submitted to the electors at the general election and shall become effective if approved by either three-fifths of those voting on the Amendment or a majority of those voting in the election. Schedule: This Amendment to Section 3 of Article XIV takes effect upon its approval by the electors of this State. First Reading of the Constitutional Amendment..... Introduction and First Reading of House Bills....House Bill 2184, Chapman, a Bill for an Act to Amend the Public Community College Act. First Reading of the Bill. Clerk Leone: "House Joint Resolution Constitutional Amendment 36 Dyer. Resolved by the House of Representatives of the 81st General Assembly of the State of Illinois, the Senate concurring herein, that there shall be submitted to the electors of the State for adoption or rejection at the general election next occurring at least six months after the adoption of this Resolution, a proposition to Amend Section II of

Article IV of the Illinois Constitution to read as follows:
 One Senator shall be elected from each Legislative District immediately following each disseminule redistricting the General Assembly by law shall divide the Legislative Districts as equally as possible into three groups.

Senators from one group shall be elected for terms of four years, four years and two years. Senators from the second group, for terms of four years, two years and four years.

Senators from the third group for terms of two years, four years and four years. Legislative Districts in each group shall be distributed substantially equal over the state.

Two Representatives shall be elected from each Legislative District for a term of two years. No political party shall belimited its nomination to less than two candidates for Representative in any Legislative District. In elections for Representatives, including those for nomination, each elector may cast two votes for one candidate or one vote for each of two candidates. The candidates highest in votes shall be declared elected. To be eligible to serve as a Member of the General Assembly, a person must be a United States citizen, at least twenty-one years old, and for two years preceding his election or appointment a resident of the District which he is to be represent. In the general election following a redistricting, a candidate for General Assembly may be elected from any District which contains a part of the District in which he resides at the time of redistricting, and re-elected if a resident of the new District he represents for eighteen months prior to re-election. Within thirty days after the vacancy occurs he shall be filed by appointment as provided by law. If a vacancy is in a Senatorial Office with more than twenty-eight months remaining in the term, the appointed Senator shall serve until the next general election at which time the Senator shall be elected to serve for the remainder of the term.

If a vacancy is in the Representative Office or in any other Senatorial Office, the appointment shall be for the remainder of the term. An appointment to fill a vacancy shall be a Member of the same political party as the person he succeeds. No Member of the General Assembly shall receive compensation as a public officer employee from any other Governmental entity for time during which he is in attendance at a Member of the General Assembly. No Member of the General Assembly during the term for which he was elected or appointed shall be appointed to a public office which shall have been created or compensated for which shall have been increased by the General Assembly during that term.

The foregoing Amendment of Section II of Article IV of the Constitution if adopted by the electors of the General Assembly shall apply to and govern the nominational election of Representatives in 1982 and thereafter and to the composition of the House of Representatives commencing within the Eighty-Second General Assembly.

House Joint Resolution Constitutional Amendment 37:

Resolved, by the House of Representatives of the eighty-first General Assembly of the State of Illinois, the Senate concurring herein, that there shall be submitted to the electors of the State for adoption or rejection at the general election next occurring at least six months after the adoption of this Resolution, a proposition to Amend Section 12 of Article IV (sic) (VI) of the Constitution to read as follows: Supreme, Appellate, and Circuit Judges shall be nominated at primary elections or by petition. Judges shall be elected at general or judicial elections as the General Assembly shall provide by law. A person eligible for the office of Judge may cause his name to appear on the ballot as a candidate for Judge at the primary and at the general or judicial elections by submitting petitions. The General Assembly shall prescribe by law the requirements for petitions. The office of a Judge shall

vacant upon his death, resignation, retirement, removal, or upon the conclusion of his term without retention in office. Whenever an additional Appellate or Circuit Judge is authorized by law, the office shall be filled in the manner provided for filling a vacancy in that office. A vacancy occurring in the office of Supreme, Appellate, or Circuit Judge shall be filled as the General Assembly may provide by law. In the absence of a law, vacancies may be filled by appointment by the Supreme Court. A person appointed to fill a vacancy 60 or more days prior to the next primary election to nominate Judges shall serve until the vacancy is filled for a term at the next general or judicial election. A person appointed to fill a vacancy less than 60 days prior to the next primary election to nominate Judges shall serve until the vacancy is filled at the second general or judicial election following such appointments. Not less than six months before the general election preceding the expiration of his term of office, a Supreme, Appellate, or Circuit Judge who has been elected to that office may file in the office of the Secretary of State a declaration of candidacy to succeed himself. The Secretary of State, not less than 63 days before the election, shall certify the Judge's candidacy to the proper election officials. The names of Judges seeking retention shall be submitted to the electors, separately and without party designation, on the sole question whether each Judge shall be retained in office for another term. The retention elections shall be conducted at general elections in the appropriate Judicial District, for Supreme and Appellate Judges, and in the circuit for Circuit Judges. The affirmative vote of two-thirds of the electors voting on the question shall elect the Judge to the office for a term commencing on the first Monday in December following his election. A law reducing the number of Appellate or Circuit Judges shall be without prejudice to the right of

the Judges affected to seek retention in office. A reduction shall become effective when a vacancy occurs in the affected unit. This Amendment to Section 12 of Article VI of the Illinois Constitution takes effect upon its approval by the electors of this State..."
