

Speaker Redmond: "House will come to order. Members please be in their seats. Be led in prayer by the Reverend Krueger, the House Chaplain."

Krueger: "In the Name of the Father, the Son and the Holy Ghost. Amen. O Lord, bless this House to Thy service this day. Amen. George Benard Shaw wrote: 'Life is no brief candle to me. It is a sort of splendid torch which I have got hold of for the moment. And I want to make it burn as brightly as possible before handing it on to future generations.' Let us pray. Almighty God, we do laud and honor Thee for all the blessings of this life which are ours to share during this fleeting moment of our living. In Thy omniscience do Thou provide and provoke us with salutary efforts as we serve this day in this House of Representatives that our testament may be of worthiness and lasting value to the peoples of this State of Illinois; through Jesus Christ, our Lord. Amen."

Speaker Redmond: "Pledge of allegiance, Representative Ropp."

Ropp: "I pledge allegiance to the flag of the United States of America, and to the Republic for which it stands, one nation under God indivisible, with liberty and justice for all."

Speaker Redmond: "Roll. Call for attendance. Your switch only. Take the record. Representative Frederick, she's.. Hold it and let her get on. She really was... Okay. Put Representative Frederick on. She was at the starting gate. How about Senate Bills first? Representative Collins, are you familiar with Senate Bill 1451? I think you are, aren't you? Amending certain Acts to increase the Membership of certain Committees and Commissions? There's no. That's Don Moore\*s. Well, certain. I think that's it, yeah. We have no Sponsors for some of these Bills. For the first one on page 18. We need a Sponsor. No Sponsors on that or any.. about six Bills,

six Senate first ... 18. 1451. Senate Bills first.  
Well... When Blair was the Leader we never had unsponsored  
Senate Bills. Unsponsored Senate Bills would be public  
expensive. General Resolutions."

Speaker Redmond: "Committee on Assignments. What's the Bill?  
On page .. on page 14, appears House Bill 3174. Repre-  
sentative Reed, do you want that returned to the Order  
of Second Reading for the purpose of an Amendment, 3174?  
Does she have leave? Hearing no objection, leave is granted.  
Are there any Amendments from the floor, Mr. Clerk?"

Clerk O'Brien: "Amendment #1, Reed, amends House Bill 3174 on  
page one by deleting lines nine through 19 and so forth."

Speaker Redmond: "Representative Reed."

Reed: "Mr. Speaker, Ladies and Gentlemen of the House, the  
Amendment is entirely technical and the result of an  
error in copying by the Reference Bureau. Absolutely no  
changes in it. It's simply.. are technical corrections  
on that."

Speaker Remond: "You've heard the Gen.. the Lady's motion for  
the adoption of Amendment 1. Those in favor say 'aye',  
'aye'; opposed 'no'. The 'ayes' have it..."

Speaker Redmond: "Any Amendment from the floor?"

Clerk O'Brien: "Floor Amendment #2, Ropp-Harris, amends House Bill 2841 as amended by deleting all of Section 2 of the Bill."

Speaker Redmond: "Representative Ropp."

Ropp: "Mr. Speaker and Members of the House, there was a feeling that that particular Section that is being deleted was attempting to circumvent the sunset law and by this Amendment that takes this out does not do that so it is now in compliance with the normal standards that we operate under."

Speaker Redmond: "You've heard... Any discussion? You've heard the Gentleman's motion for the adoption of Amendment 2. Those in favor say 'aye', 'aye'. Opposed 'no'. The 'ayes' have it. The motion carried. The Amendment's adopted." Any further Amendments?"

Getty: "By this Amendment, what... how much will the cost increase?"

Wikoff: "Mike, this would depend upon its... This came about as a result of the Subcommittee appropriation, Subcommittee investigating public health last year. And where they got in some problems with agencies which they were contracting with, that were not financially able and one of their requests was they said they did not have the legislative authority to do so. They could do it by rules and regulations, but they didn't have legislative authority to require a contract. And it's up to the discretion of the contracting agency."

Getty: "All right, fine. Thank you."

Speaker Redmond: "The question's on the Gentleman's motion for the adoption of Amendment 2. Those in favor say 'aye', 'aye'. Opposed 'no'. The 'ayes' have it. The motion carried. The Amendment's adopted. Any further Amendments?"

Clerk O'Brien: "No motions filed."

Speaker Redmond: "Representative Getty,"

Getty: "I wonder if we could hold this, Mr. Speaker? May be a technical problem here."

Speaker Redmond: "Representative Hallstrom? There may be a technical mistake on the Amendment and Representative Getty is requesting that it be held. That all right? Out of the record. 3124."

Collins: "See that Representative Daniels is here now..."

Speaker Redmond: "He was here all the time..."

Collins: "Well, he wasn't in his seat at the time and I noticed that this ~~is~~ his Bill that you're amending."

Speaker Redmond: "He was up here and asked me to call it. Representative Daniels."

Daniels: "I think the way we should proceed is to .. with leave of the House, withdraw .. or table Amendment #1 and withdraw Amendment #2 and then I would agree to Amendment #3 that is Representative Dunn's Amendment."

Speaker Redmond: "Do the Sponsors agree that Amendment #1 should be tabled? That's your desire, Representative Daniels?"

Daniels: "Yes, Sir."

Speaker Redmond: "The motion's to table Amendment #1. Those in favor say 'aye', 'aye'. Opposed 'no'. The 'ayes' have it. The motion carried. And 2 is withdrawn. Is that correct?"

Daniels: "Yes, Sir."

Speaker Redmond: "Now, Amendment #3, that's the one that you described? Is that correct?"

Clerk O'Brien: "Amendment #3, John Dunn, amends House Bill 3569 as amended by deleting the title and so forth."

Speaker Redmond: "That's the one you just described, is that correct? The question's on the Gentleman's motion for the adoption of Amendment 3. Those in favor say 'aye', 'aye'. Opposed 'no'. The 'ayes' have it. The motion carried. The Amendment's adopted. Any further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Redmond: "Third Reading. "

Speaker Redmond: "3568. 3568."

Clerk O'Brien: "House Bill 3568. A Bill for an Act in relation to farming by business organizations, family farmed corporations, and authorized farmed corporations. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Redmond: "Any motions with respect to Amendment 1?"

Clerk O'Brien: "No motions filed."

Speaker Redmond: "Any Amendment from the floor?"

Clerk O'Brien: "Amendment #2, Rigney. Amends House Bill 3568 on page five, line 14 and so forth."

Speaker Redmond: "Representative Rigney."

Rigney: "Well Mr. Speaker, the intent of this Amendment is to make sure that those family farmed corporations and small trusts that are established for the benefit of a farmers' family are eliminated from the reporting requirement that are contained within this Bill. This Amendment is put on with the consent of the Sponsor of the Bill."

Speaker Redmond: "Representative Schisler."

Schisler: "Mr. Speaker, Ladies and Gentlemen of the House. I'm in full agreement with the distinguished Gentleman and willing to accept the Amendment."

Speaker Redmond: "Question's on the Gentleman's motion for the adoption of Amendment 2. Those in favor say 'aye', aye, oppose 'no'. The ayes have it. Motion carried. The Amendment's adopted. Representative Getty. Getty."

Getty: "Mr. Speaker, the Gentleman referred to trust and the Amendment's just totally silent as to the trust. It says limited partnerships and I'd like to alert them that if he's talking about family trusts, it's not going to do what the Gentleman reports that he wants to do and it may need another Amendment to do that. I'm not opposed to this Amendment, but if he wants to have it cover trust this won't do it."

Maybe you ought to hold it on Second."

Speaker Redmond: "Representative Rigney."

Rigney: "I believe, Representative Getty, the last line, page seven, line 15 that that will affect the trusts."

Getty: "You referring to the Amendment or to the Bill?"

Rigney: "On the Bill on page seven, line 15 where we exempt other than authorized farm businesses. That is the trust Section of the Bill. And we are exempting those smaller farm family trusts that qualify as an authorized farm business from that particular reporting Section."

Getty: "Well, as I look at it I'm still not sure that it is going to do that. Because, the reason is that is an exclusion and your Amendment is excluding from that exclusion other than an authorized farm business and you talk about limited partnership or individual."

Speaker Redmond: "Representative Schisler, what is your pleasure?"

Schisler: "Mr. Speaker and Ladies and Gentlemen of the House, let's just go on and the Gentleman and I will discuss and recall it back from Third if need be."

Speaker Redmond: "You want to move it to Third with the Amendment on. Is that correct?"

Schisler: "Yes sir. I have another Amendment."

Speaker Redmond: "Are there any further Amendments?"

Clerk O'Brien: "Floor Amendment #3, Schisler. Amends House Bill 3568 on page two, line 22 and so forth."

Schisler: "Mr. Speaker, Ladies and Gentlemen of the House, Amendment #3 deletes the Section dealing with 25 partners or less and would allow the Bill to be in line with federal and state regulations concerning the Securities in Exchange Act. Move for the adoption of the Amendment."

Speaker Redmond: "Any discussion? Representative Ropp."

Ropp: "Mr. Speaker, Members of the House, could I ask a question?"

Speaker Redmond: "Proceed."

Ropp: "Representative Schisler, what does this Act redo then

when you eliminate the 25 members in relation to the total Bill?"

Schisler: "As I said Representative Ropp, it would allow the... when you take away the 25 partners, it would allow it to go to 35 and or come in compliance with state and federal regulations."

Ropp: "In other words, it increases the number from 25 to 35 that could..."

Schisler: "That's correct."

Ropp: "Okay."

Schisler: "Move for the adoption of the Amendment."

... Move for the adoption of the Amendment, Mr. Speaker."

Speaker Redmond: "Any further discussion? The question's on the Gentleman's motion for the adoption of Amendment 2. Those in favor say 'aye', aye, oppose 'no'. The ayes have it. The motion carried. The Amendment's adopted. Are there any further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Redmond: "Third Reading."

Speaker Redmond: "On page 12, House Bills, Third, appears House Bill 2788. Representative Daniels is recognized."

Daniels: "Mr. Speaker, I'd ask leave to move that back to Second Reading for the purposes of an Amendment."

Speaker Redmond: "Does the Gentleman have leave? Hearing no objection, leave is granted. Any Amendments from the floor?"

Clerk O'Brien: "Amendment #4, Daniels, amends House Bill 2788 as follows, on page one, lines one and nine by deleting '1,2,3 and 5' and so forth."

Speaker Redmond: "Representative Daniels."

Daniels: "Mr. Speaker, I think we have adopted Amendments to this legislation. I think possibly Amendment #3, was that adopted on the Bill?"

Speaker Redmond: "Two is a Committee Amendment according to the Calendar."

Daniels: "Oh, two. Okay. Then I would ask leave of the House to table Amendment #2 and withdraw Amendment #4 and then we'd move to Amendment #5 which was one I would like."

Speaker Redmond: "The Gentleman moves to table Amendment #2. Those in favor say 'aye', 'aye'.. Opposed 'no'. The 'ayes' have it. The motion carries. Amendment 2 is tabled.."

Daniels: "And withdraw Amendment #4.."

Speaker Redmond: "How about 3? Yeah, well, 3 is withdrawn. Amendment 2 was tabled. Is that correct? And 3 is withdrawn. Now, any Floor.... 4 is withdraw, is that correct, Representative Daniels?"

Daniels: "Yes, Sir."

Speaker Redmond: "Any further Amendments?"

Clerk O'Brien: "Amendment #5, Daniels, amends House Bill 2788 as follows, page one, lines one and nine and so forth."

Daniels: "I would move to adopt Amendment #5. Amendment #5 is the encompassing of the comments at the Committee

hearing and Amendment #2 which we just tabled. But in addition some of the requests of the State Fire Marshal's Office have been incorporated in Amendment #5. I think this complies with their requests and I'd move for its adoption."

Speaker Redmond: "Any discussion? The question's on the Gentleman's motion for the adoption of Amendment 5. Those in favor say 'aye', 'aye'. Opposed 'no'. The 'ayes' have it. The motion carried. Any further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Redmond: "Third Reading. Now we'll go back to the Order of House Bills, Second Reading and take those on which there are Amendments. We did not take those the last time around. It's starting on page three. House Bill 1295. Is Representative Flinn on the floor? Out of the record. 2220. Representative Taylor. Taylor and Telcser. Out of the record. 2520. Christensen? Out of the record. 2705. Out of the record. Representative Yourell, what's the status of 2762? Okay. 2768. Representative Balanoff. Read the Bill, Mr. Clerk."

Clerk O'Brien: "House Bill 2768. A Bill for an Act in relation to the relocation of certain industrial or commercial operations. Second Reading of the Bill. Amendments #1 and 2 were adopted in Committee."

Speaker Redmond: "Any motions with respect to Amendments 1 and 2?"

Clerk O'Brien: "No motions filed."

Speaker Redmond: "Any Amendment from the floor?"

Clerk O'Brien: "Floor Amendment #3, Daniels-Vinson, amends House Bill 2768 on page 5 by inserting between line 12 and 13 the following and so forth."

Speaker Redmond: "Representative Daniels."

Daniels: "Well, Mr. Speaker and Ladies and Gentlemen of the House, I would indulge your attention for a moment and ask you to look at Amendment #3 of House Bill 2768. It's about time that the General Assembly comes to the realization that we must provide for certain circumstances when the last manufacturing plant closes down in this state. Now I've had the good fortune of serving for a period of four years on the Judiciary II Committee in my first two terms down here and it came to my attention that certain matters ought to be addressed and we ought to consider certain matters before they happen. We were sitting around the other day and it became apparent that for the first time we recognized that there's a distinct possibility that manufacturing will become unpopular in the State of Illinois. Therefore, Representative Vinson and myself, in discussing this situation, decided that what happens, just what happens if manufacturing completely ceases in this state and all of the manufacturers leave, what about the lights in those plants? Do you realize the energy drain that will go on forever, ad infinitum, without those lights being turned off? So, in response to that concern...and the people around us at other

tables heard us talking about it, we decided in Amendment #3 that it was necessary to provide that when the last manufacturer ceases manufacturing activities in this state, he or it shall turn off all lights in the erstwhile manufacturing plant. Now that's not enough just to put it into law, and we borrowed a little bit of the phrase from the Governor of the State of Illinois, because to make sure that we protect our energy, we want to provide that it be a Class X felony if he fails to turn off the lights, leaving those lights burning in the State of Illinois. Now, Ladies and Gentlemen of the House, I solicit your attention, I urge your support of this legislation. It's apparent that by actions of this General Assembly, our manufacturing in this state is dire consequence and we should provide the ultimate in the event that it completely comes to a cease in the next few years. Therefore, I would urge your adoption of Amendment #3 providing a Class X felony if somebody forgets to turn off their lights when they cease manufacturing in this state."

Speaker Redmond: "Representative Balanoff."

Balanoff: "Well, I would...I see there are other hands raised, I just wanted to answer Mr. Daniels'...I'll wait until the other people speak."

Speaker Redmond: "All right. Representative Borchers."

Borchers: "Mr. Speaker, I oppose this Amendment for a simple reason. From my point of view, this might be a fine thing because we have some ravines and we'll just take bulldozers and shove those...the remains of the brick and the concrete and the machinery into the ravines and then cover them with block dirt and that will leave some beautiful land for us to begin to develop and turn into farm land. So I would naturally oppose such an Amendment, in favor of the farming

interest."

Speaker Redmond: "Representative Griesheimer."

Griesheimer: "Mr. Speaker, in all deference for your home county, and I know you love DuPage well as that is my home county. After hearing Representative Dyer's Bill the other day to strap all the little kids into cars so that they can be immolated when they blow up, and after hearing Representative Daniels' Bill now to put all of our manufacturers into jail for Class X offenses, I think you have a deep and abiding problem in DuPage County and would suggest you take curative action immediately. I suggest maybe we turn over the entire county to the Department of Mental Health and possibly, if we can get an analyst to look at all of these people, you may be the only Legislator left. But in all seriousness, Mr. Daniels is over here presenting this Amendment, and when I came over here the lights were still burning in his office."

Speaker Redmond: "I understand the Governor wanted this Class X. Representative Daniels."

Daniels: "Well, Representative Griesheimer, as a former Member of the DuPage County Constituency who abandoned our county for Waukegan, and then had the nerve to declare war on our abandoning states, I suggest that you would look at this Amendment very carefully because it's the kind of Amendment that you should like more than anyone else since I think the last manufacturing plant will go out of business in Waukegan in the near future."

Speaker Redmond: "Representative Kosinski."

Kosinski: "Addressing the last Amendment, if it's a viable... Mr. Daniels, it's a viable light bulb, can't we make it a capital crime?"

Daniels: "Only if it's independent of existence of the manufacturing plant."

Speaker Redmond: "Representative Robbins."

Robbins: "Mr. Speaker and Ladies and Gentlemen, I rise to oppose this Amendment because we still need to burn Illinois coal."

Speaker Redmond: "Representative Bowman."

Bowman: "Well, I rise to oppose this Amendment because it would not be cost effective. The money we would spend tracking down all of these errant manufacturers who have fled to the sunbelt states, that money could be better spent in other ways and it would be a lot cheaper just to leave the lights burning. Besides, I'm afraid this will just open the doors to further more draconian measures where we will not only make it Class X but a capital crime. And then we'll use more electricity frying the manufacturers than we would if we just let the lights burn. So I think this is not cost effective and I urge its defeat."

Daniels: "All you liberals are the same. You always come up with an objection to a good simple Bill. I think we ought to put that guy in jail just pure and simply if he doesn't turn off the lights."

Speaker Redmond: "Representative Balanoff."

Balanoff: "Well, first I wanted to say that I think the vituperation loaded on Representative Dyer the other day was horrendous. And I've listened very carefully to Mr. Daniels' presentation here and I would like to extend to him an invitation to gracefully withdraw the Amendment."

Daniels: "I am absolutely shocked and astounded. This problem came up over dinner the other night. Representative Vinson would never allow me to withdraw this Amendment. And...and furthermore, he's the one that suggested Class X. I was for just the straight penalty but he wanted that manufacturer to suffer in darkness."

Speaker Redmond: "Anything further? Representative Giorgi."

Giorgi: "Mr. Speaker, then you wonder why the citizens of the State of Illinois worry about the judiciary. Here are two attorneys, Daniels and Vinson, aspiring to the judiciary and then they wonder why..they get denied retention, because of the assinine Amendments they put in the record."

Daniels: "Only if we could go through with merit selection, Representative Giorgi, would we stand a chance of getting on the bench."

Giorgi: "This...this Amendment is going to come back to haunt you if you ever want to be merited or at least selected for a judgeship and this will come back to haunt you if you want to be retained."

Daniels: "Well, Representative..."

Giorgi: "I would suggest you withdraw the Amendment because if you don't remind the constituents of DuPage, I will."

Daniels: "This Amendment is clearly...states in no unquestionable terms whatsoever exactly what this General Assembly is doing to the manufacturing business and climate of the State of Illinois. And we'll stand on this floor and state strictly and for the record and clearly, exactly what we're doing and not hide behind any legislation that may not be clear or we may not represent to the people of the State of Illinois what we're doing when we're talking about legislation affecting manufacturing. And that's why it's presented and that's what we're bringing to the attention of the people of the State of Illinois and that's why the point is well taken."

Giorgi: "How many people in manufacturing?"

Speaker Redmond: "Representative Karpziel. Representative Karpziel."

Karpziel: "Hello. Mr. Speaker and Ladies and Gentlemen of the House, I have been long awaiting an issue that I

could make my maiden speech to this Assembly on and I've been waiting for something that I felt that was extremely important. I think this Amendment is probably the most important Amendment I have seen come past on my desk of all the legislation that we've had. And I would urge a 'yes' vote on this Amendment."

Speaker Redmond: "Representative Balanoff."

Balanoff: "I would question the germaneness of this Amendment."

Speaker Redmond: "The Chair rules that it's not germane.

Any further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Redmond: "Third Reading. Representative Collins."

Collins: "Mr. Speaker, for the purpose of an introduction; in the gallery to my rear is nearly a quorum of the city..."

Speaker Redmond: "That's Leinenweber.."

Collins: "Well, I hate to detract from the gallery... Speaker, there's nearly a quorum of the Calumet City Council. May I introduce three of our Aldermen? Alderman Al 'Wizerwatti', Alderman Nick Person and Alderman Nick Manatis and our Water Commissioner Danny Markoqitzc."

Speaker Redmond: "On page three, 2824. Out of the record. 2837. Representative Younge? 2837 on page three."

Clerk O'Brien: "House Bill 2837, a Bill for an Act to amend Sections of an Act relating to State Fire Marshal."

Speaker Redmond: "Representative Younge."

Younge: "Was the fiscal note filed?"

Speaker Redmond: "I can't hear you."

Younge: "Was the fiscal note filed?"

Speaker Redmond: "I don't know. How about Amendments? Are we all..."

Younge: "The Amendment has been filed and I thought had been approved. I move for the adoption of the Amendment if it hasn't been adopted. Is the fiscal note on file? Mr. Speaker, waiting for the fiscal note. Mr. Speaker? This Bill is waiting for the fiscal note to be filed by the Office of Fire Marshal."

Speaker Redmond: "Okay. Then we'll take this out of the record. How about 2841? Harris, what's the status of that one? 2841. That is moved I understand. 2858, C.M. Stiehl."

Clerk O'Brien: "House Bill 2858, a Bill for an Act to amend Sections of an Act relating to alcoholic liquors. Second Reading of the Bill. No Committee Amendment."

Speaker Redmond: "Representative Mautino, for what purpose do you arise?"

Mautino: "I have two Amendments on this piece of legislation..."

Speaker Redmond: "Any Amendments from the floor?"

Clerk O'Brien: "Amendment #1, Mautino, amends House Bill 2858 by deleting line 32 on page one and so forth."

Mautino: "I'd like to withdraw Amendment .. Floor Amendment #1.."

Speaker Redmond: "Amendment 1 is withdrawn. Any further Amendments?"

Clerk O'Brien: "Floor Amendment #2, Mautino, amends House Bill 2858 on page one, line 29 by deleting, '6.3', and so forth."

Mautino: "I'd like to withdraw Amendment #2.."

Speaker Redmond: "Amendment 2 is withdrawn. Any further Amendments?"

Clerk O'Brien: "Floor Amendment #3, Mautino, amends House Bill 2858 by deleting line 32 on page one and line one on page two and so forth."

Speaker Redmond: "Representative Mautino?"

Mautino: "Yes, this is the agreed Amendment to... This piece of legislation... Cissy isn't here, on the floor right now, but it's an agreed Amendment..."

Speaker Redmond: "Is it agreed with the Sponsor?"

Mautino: "Yes, it is. As long as I have tabled 1 and 2, 3 is the agreed Amendment. "

Speaker Redmond: "Well, we'll move it along to... First off, we'll move on adoption of the Amendment #3. Those in favor say 'aye', 'aye'. Opposed 'no'. The 'ayes' have it. The motion carried. Amendment 3 is adopted. Any further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Redmond: "Third Reading. We'll move that along to Third with the understanding that if Representative Stiehl has any comment we'll bring it back. 2918."

Clerk O'Brien: "House Bill 2918..."

Speaker Redmond: "Representative Yourell, will that Gentleman stop bothering you? 2918."

Clerk O'Brien: "A Bill for an Act to affect a revision of the several laws in relation to election of local public

officials in conformity with the statute, consolidation of elections. Second Reading of the Bill. Amendments #1 and 2 were adopted in Committee."

Speaker Redmond: "Any motions with respect to Amendments 1 and 2?"

Clerk O'Brien: "No motions filed."

Speaker Redmond: "Any Amendments from the floor?"

Clerk O'Brien: "Floor Amendment #3, Bowman-Braun, amends House Bill 2918 on page 47 by inserting between lines three and four, the following and so forth."

Speaker Redmond: "Representative Bowman."

Bowman: "I ask leave of the House to withdraw Amendment #3. There's a drafting error."

Speaker Redmond: "3 is withdrawn, is that correct? Any further Amendment?"

Clerk O'Brien: "Floor Amendment #4, Bowman, amends House Bill 2918 on page 47 by inserting between lines three and four the following."

Speaker Redmond: "Representative Bowman."

Bowman: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. Amendment #4 is identical to an Amendment which I offered and the House adopted to House Bill 932 which was tabled pursuant according to rule when you hit the deadline for Spring Calendar Bills, late last month. All Amendment #4 does is to restore the language of the Election Code which had been changed by the consolidated election Bill, that had taken .. changed the situation of the city of Chicago for filling Aldermanic vacancies. Prior to the adoption of the consolidated election law the Aldermen were simply appointed... excuse me, were simply elected on an interim basis to show unexpired terms. The consolidated election law changed that and provided for appointments by the Mayor to fill those vacancies. I think this is inappropriate despite the fact that it's done elsewhere in the state

because the Ward in Chicago is 66 thousand people which is certainly equal to and greater than a large number of municipalities in the state and so I think it is appropriate that the.. we have an election to fill those offices. It makes use of every election date in the consolidated schedule and rather than providing for arbitrary election dates, so it does fit in, does dovetail with the consolidated schedule. I ask its adoption."

Speaker Redmond: "Representative Cullerton?"

Cullerton: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. I rise in opposition to this Amendment and I'll explain why. It would provide that if there was an Aldermanic vacancy in August of 1982, that there would have to be an election to fill that vacancy in November of '82. If there was a run-off for that Aldermanic position, there would be another election in December of '82. And then the regularly scheduled election for that Aldermanic seat would be in February of '83. If there was another run-off there'd be a fourth election within four months in March of '83. Because of the incredible cost of running, as everyone here knows, of running a campaign, I think it favors the rich or those who have some personal wealth who can afford to run a campaign. I don't object to the other parts of the Amendment, but as it stands now, under these circumstances, I think it's absurd to have four elections within four months and therefore, I would ask that you vote against this Amendment."

Speaker Redmond: "Representative Yourell."

Yourell: "Yes, thank you, Mr. Speaker. Ladies and Gentlemen of the House, I, too, rise in opposition to this Amendment. This Amendment is no different than others that have been offered relative to other Bills relating to consolidation of elections. This Amendment has more lives than a cat. We keep killing this Amendment simply

because we do not want to in any fashion disrupt the consolidated schedule that we've established with three other Public Acts already law. If there was a run-off, as this Amendment indicates, you would have another election which would be another special election four weeks later. Now if the Gentleman is sincere and I know that he is, I would like to see him put it on another Bill. If he wants to persist with this .. with this movement, and the Bill that I refer to, is 3229. Did you have it filed there, Representative Bowman? Okay. Fine. I would like to suggest to the Members of the House that we defeat this Amendment, Amendment #4 on House Bill 2918, because the same Amendment as it applied to 3229 and 3230, again, I suggest to you, here is three more lives that cat has suddenly been aware of and certainly I ask for a rejection of this Amendment because it doesn't do anything, but it's disruptive of the consolidated schedule and that's what we want to protect."

Speaker Redmond: "Representative Bowman."

Bowman: "Thank you. I'd just like to correct the last speaker on a very important point. He says that we have rejected this Amendment in the past. Well, not so. The House adopted the Amendment to House Bill 932 by Repres.. sponsored by Representative O'Brien. Representative O'Brien did not call the Bill for final vote. Moreover, at an earlier point, I offered an Amendment to one of Representative Yourell's own Bills, The House adopted that Amendment. The Bill got into trouble in the Senate because of the Amendment and, as I believe, I offered to Representative Yourell to allow the Senate to take the Amendment off and I supported the .. the Senate's efforts on the concurrence vote here in the House because I did not want to see Representative Yourell's good legislation in that Session jeopardized by this Amendment. However, the House did adopt the Amendment on at least two other

occasions to two other pieces of legislation. The problem, however, is that the legislation has never worked its way all the way through to final passage and into law. However, the House has spoken on several occasions and I ask it to speak once again in the affirmative on this motion."

Speaker Redmond: "Anyone further? Representative Catania."

Catania: "Well, it seemed that you just wanted to have the Democrats talk to themselves over there. I thought a Republican should say something. I just was curious after the Gentleman from the family that's never had an indictment said that this was an Amendment for rich, if he meant 'Rich Daley'?"

Speaker Redmond: "Anything further? The question is on the Gentleman's motion for the adoption of Amendment 4. Those in favor say 'aye'... Those in favor vote 'aye'; opposed vote 'no'. Have all voted who wish? Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there's 69 'aye' and 58 'no'. Representative Yourell."

Yourell: "Poll the absentees."

Speaker Redmond: "Poll of the absentees. Poll the absentees."

Clerk O'Brien: "Poll of the absentees; Beatty. Casey. Conti. Deuster. Donovan. John Dunn. Ralph Dunn. Ebbesen. Ewell. Ewing. Flinn. Virginia Frederick. Gaines. Greiman. Hanahan. Hoffman. Hoxsey. Hudson. Huskey. Karpel..."

Speaker Redmond: "Representative Karpel, 'aye'."

Clerk O'Brien: "Katz. Klosak. Kucharski. Leverenz. Marovitz. Mautino. McAuliffe. McCourt. Molloy. Mugalian. Peters. Sandquist. Satterthwaite. Schlickman..."

Speaker Redmond: "Representative Satterthwaite, 'aye'."

Clerk O'Brien: "Skinner..."

Speaker Redmond: "Representative Skinner, 'aye'."

Clerk O'Brien: "Stearney..."

Speaker Redmond: "Representative Stearny, 'aye'. Representative Conti, 'aye'. Deuster, 'aye'. Hoxsey, 'aye'. Hoffman, 'aye'. Get them all?"

Clerk O'Brien: "Continuing the Poll of the Absentees; Steczo. C.M. Stiehl. Stuffle. Swanstrom. Terzich. Watson. White. Wikoff. Williamson. Mr. Speaker."

Speaker Redmond: "Now what's the count? 78 'aye' and 58 'no'. Representative Yourell. Representative Alexander, for what purpose do you arise?"

Alexander: "Mr. Speaker, will you change me to 'aye' ... 'no' please?"

Speaker Redmond: "Change Representative Alexander from 'aye' to 'no'. Representative Yourell."

Yourell: "Yes, Mr. Speaker. We have an agreement. We're going to hold this Bill on Second Reading and we're going to work out a problem that seem be evident. So, I think it's agreeable with the Sponsor of the Amendment and I would move the Bill to Third."

Speaker Redmond: "Out of the record. 2926. Well, the motion carried the Amendment. .. Representative Yourell?"

Yourell: "Yes. To perfectly honest and forthright, Mr. Speaker, I think the Amendment was adopted.."

Speaker Redmond: "The Amendment's adopted, that's correct.."

Yourell: "Hold it on Second."

Speaker Redmond: "That's right. Representative Bowman. We've taken the record..."

Bowman: "Yes, I just wanted to clarify that..."

Speaker Redmond: "The motion carried and the Amendment's adopted. ..."

Bowman: "The Amendment's adopted. The Bill will be left on Second Reading..."

Speaker Redmond: "Right..."

Bowman: "And it will .. then we'll work out whatever problems there are."

Speaker Redmond: "2926. Roll Call for attendance. Your switch

only please. 2926."

Clerk O'Brien: "House Bill 2926, a Bill for an Act to permit cities, villages, and incorporated towns to make refunds from property tax payments of persons 65 years of age and older. Second Reading of the Bill. No Committee Amendments."

Speaker Giorgi: "Any Amendments from the floor?"

Clerk O'Brien: "Amendment #1, Mahar, .. Representative Giorgi in the Chair.."

Speaker Giorgi: "Representative Mahar on Amendment #1 to 2926."

Mahar: "Yes, thank you, Mr. Speaker and Ladies and Gentlemen of the House. Amendment #1 just simply clarifies the administrative procedures by which cities and villages if they opt to give part of their abated taxes to senior citizens, set up some guidelines for them to provide for the issuance of refunds or whatever. I think it's a clarification. I'm not too sure whether the... I don't think the Sponsor's opposed to it. I think it just helps to clarify the Bill and I would urge its adoption."

Speaker Giorgi: "Is there any discussion? Representative Mulcahey on the Amendment."

Mulcahey: "Mr. Speaker, Members of the House, I have no objections to this Amendment."

Speaker Giorgi: "There being no objections, Representative Mahar moves that Amendment #1 be adopted. All in favor will signify by saying 'aye', 'aye'. Opposed 'nay'. The 'ayes' have it. And Amendment #1 is adopted. Any further Amendments?"

Clerk Leone: "Amendment #2, Getty, amends House Bill 2926 on page one and so forth."

Speaker Giorgi: "Representative Getty on Amendment #2."

Getty: "Mr. Speaker, Members of the House, the purpose of Amendment #2 is to bring the Bill within Constitutional guidelines. Section 6 of Article IX of the Illinois Constitution would prohibit refunds as such is contem-

plated under this Act. It permits only Homestead exemptions that may be granted. Therefore, as we have provided under Amendment #2 the local County Board may by ordinance provide for a Homestead exemption of a reduction not to exceed \$1500. I believe that this fairly keeps the original intent of the Sponsor of the Bill, but seeks to make it done within Constitutional ways."

Speaker Giorgi: "Is there any discussion? Representative Getty moves that Amendment #2 be adopted. All in favor will signify by saying 'aye'; opposed 'no'. The 'ayes' have it and Amendment #2 is adopted. Any further Amendments?"

Clerk Leone: "No further Amendments."

Speaker Giorgi: "Third Reading. 2932, House Bill 2932."

Clerk Leone: "House Bill 2932, a Bill for an Act to amend Sections of the Mobile Home Landlord and Tenant Act. Second Reading of the Bill. No Committee Amendments."

Speaker Giorgi: "Any Amendments from the floor?"

Clerk Leone: "Amendment #1, Griesheimer, .."

Speaker Giorgi: "Just a moment. Representative Griesheimer?"

Griesheimer: "Mr. Speaker, I would ask to have this hold.. held on Second please."

Speaker Giorgi: "Held on Second. Take it out of the record. Representative Getty on 2934. House Bill 2934."

Clerk Leone: "House Bill 2934, a Bill for an Act in relation to jury commissioners and authorizing Judges to appoint such commissioners and to make rules concerning their powers and duties. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Giorgi: "Any motions with those Amendments?"

Clerk Leone: "No motions filed."

Speaker Giorgi: "Any Floor Amendments?"

Clerk Leone: "Amendment #2, Steczo-Getty-Steele, amends House Bill 2934 on page one and so forth."

Speaker Giorgi: "Representative Getty on the Amendment, Amendment #2."

Getty: "Mr. Speaker, Members of the House, Amendment #2 is added at the request of Representative Steczo and I believe Representative Steele was very much involved in this. It provides an optional method of jury selection. The Secretary of State would be required to furnish to the County Board or jury commissioners of a county a list of all persons over 18 years of age within that county who hold drivers licenses and that list would contain names, addresses and ages of each license holder. The list could then be used to prepare a supplemental list of potential jurors. It is not mandatory. It's an optional thing and we would move for the adoption of the Amendment in the absence of Representative Steczo."

Speaker Giorgi: "Representative Leinenweber on the Amendment."

Leinenweber: "Representative Getty, will you answer some questions please?"

Speaker Giorgi: "He will."

Getty: "I will attempt to."

Leinenweber: "Is this only in Cook County?"

Getty: "No, I don't believe it's limited to Cook County. It is a permissive thing."

Leinenweber: "Well, currently those who have jury commissions, as I understand it, draw from the registered voters. Is that correct? "

Getty: "That is correct."

Leinenweber: "And what you're suggesting here is to provide an alternative, use the drivers licenses as opposed to the voter registration list?"

Getty: "It would permit an alternative if either the jury commissioners or the County Board as the case may be would want to use that, they would be able to expand their list of perspective jurors by using the list of those people who are license holders."

Leinenweber: "That's drivers licenses, is that correct? "

Getty: "That is correct."

Leinenweber: "Why on earth does Representative Steczo propose this alternative? I just don't see any reason in the world why the voters registration list wouldn't be adequate. It would seem to me it would probably be more all encompassing than licensed drivers."

Getty: "Well, I will tell you the answer as I believe articulated by Representative Steczo- however, I'm sure not as eloquently as he would do. The voter registration lists are often out of date and do not contain the names of those who have not registered. Using a list of licensed drivers would expand the pool of perspective jurors thereby increasing the representative nature of the pool. Now I again point out to you, no county would have to do this under this Amendment. It's purely voluntary."

Leinenweber: "Have there been any studies of the drivers license lists to determine whether or not it is properly representative of the spectrum of the population?"

Getty: "Well, holders of Illinois drivers licenses would have to be Illinois residents."

Speaker Giorgi: "Are you through, Representative Leinenweber?"

Leinenweber: "Well, not quite, but..."

Speaker Giorgi: "Well, continue. Continue."

Leinenweber: "What about.. How would you take out the 16 and 17 year-olds?"

Getty: "It would be done because under the provisions of the Amendment the Secretary of State would provide the names, addresses, and ages of each license holder."

Leinenweber: "Then the..."

Getty: "Then naturally a person who is under the age of 18 could not be used.."

Leinenweber: "So the commissioners then would go through the lists and call out those who either don't reside in the county or are under age. Is that the gist of what they would have to do?"

Getty: "That's right. And again, I point out to you that the

current registration lists would be used unless the County Board or jury commissioners in their wisdom determine that the drivers license lists are preferable."

Leinenweber: "Where is the crying.. the cry out, the need for this Bill? I.. My mail has been silent on this subject."

Getty: "Well, I'm sorry, but I would have to defer to Representative Steczo on that. I know Representative Steczo felt very strongly on this subject matter. He asked me if he might use this as a vehicle. It is purely permissive. No county would have to do it. It does give an alternative of additional jurors and additional selection of a jury that could under certain circumstances be very useful and broaden our abilities to get jurors."

Leinenweber: "What.. Would this Amendment now become your Bill?"

Getty: "No, no. It's just an Amendment."

Leinenweber: "The Bill then will still provide that the jurors may be drawn from lists in the whole county and Cook County, is that correct?"

Getty: "That's correct and that only affects Cook County to meet the unique situation. But of course, that goes beyond the question of this Amendment."

Leinenweber: "Thank you, Sir."

Speaker Giorgi: "Representative Satterthwaite on the Amendment."

Satterthwaite: "Mr. Speaker and Members of the House, I rise in support of this concept as introduced by this Amendment. It is no secret certainly if you work in your particular district on voter registration to find that people are purposely not registering as voters because they want to avoid serving on juries. I get numerous contacts of this sort everytime I campaign for reelection. I think we ought to make it clear by adoption of this Amendment that we expect an obligation on the part of our citizens to be part of our pool for selection of jurors. If there is even the possibility that they may go to a system where they're using drivers licenses instead of the registration

for voting lists, then I think we will have more people assume their responsibility in terms of election as well. They will realize that they can't use that as a simple out and will, in fact, become more responsible citizens for jury duty and for election purposes. And I urge your support of the Amendment."

Speaker Giorgi: "Representative Leon on the Amendment."

Leon: "Yeah, I have a question for the Sponsor."

Speaker Giorgi: "Continue."

Leon: "Mike, Mr. Getty, a question. All drivers licenses are issued to persons whether they are citizens or not. How would the Election Commissioners or the Secretary of State determine whether a licensee is registered, I mean as a naturalized citizen or a citizen, before being called for the jury service?"

Getty: "Well, as you know, the questionnaire is sent out to the perspective juror. The question would be asked, 'Are you or are you not a citizen?' Now in the case of using our existing voters registration, obviously all those people are citizens. So, but there are many other questions that have to be ascertained. For example, 'Are you in an exempt category?' If you are a lawyer, for example, you may not serve on a jury. If, in the same way, I would think it would be relatively easy for the jury commissioners to determine that if they're not a citizen, they could not serve on the jury."

Leon: "... That will necessitate an additional question on the questionnaire."

Getty: "Just one simple additional question, that's right."

Leon: "Thank you."

Speaker Giorgi: "Representative Getty, you may close."

Getty: "Mr. Speaker, at this time I would yield to Representative Steczo who has arrived."

Speaker Giorgi: "Representative Steczo to close."

Steczko: "Thank you, Mr. Speaker, Members of the House. Amendment

#2 to House Bill 2934 simply is something that this House last spring, in its wisdom, approved by a nearly unanimous vote. It just seeks to expand the pool for jury duty and I would ask an affirmative Roll Call."

Speaker Giorgi: "Representatives Getty:- Steczo, moves that Amendment #2 be adopted to House Bill 2934. All in favor will signify by saying 'aye'; opposed 'no'. The 'ayes' have it. The Amendment's adopted. Any further Amendments?"

Clerk Leone: "No further Amendments."

Speaker Giorgi: "Third Reading. Representative Catania on 2949? House Bill 2949. "

Clerk Leone: "House Bill 2949, a Bill for an Act to amend the Property Fire Loss Act. Second Reading of the Bill. No Committee Amendments."

Speaker Giorgi: "Representative Conti, for what reason do you arise?"

Conti: "Mr. Speaker and Ladies and Gentlemen of the House, for the purpose of an introduction, in that great County of Cook we have.."

Speaker Giorgi: "Continue."

Conti: ".. A town of Lyden out there and in that town of Lyden we have seven wonderful communities and one of the communities here, we have the Mayor, Mayor Gene Doyle, of North Lake..I'm trying to make a Republican out of him, but he's still a Democrat. The Mayor of North Lake, Gene Doyle."

Speaker Giorgi: "Representative Collins."

Collins: "Thank you, Mr. Speaker. While we're on the Order of Introductions, I'd like to introduce another Alderman from the city of 'Calumet City', in the rear of the chamber, Alderman Marge 'Lundi' and her husband Al."

Speaker Giorgi: "Representative Catania, on House Bill 2949."

Catania: "Thank you.."

Speaker Giorgi: "Any Floor Amendments?"

Clerk Leone: "Floor Amendment #1, Catania, amends House Bill 2949 and so forth."

Speaker Giorgi: "Representative Catania on Amendment #1."

Catania: "Thank you, Mr. Speaker and Members of the House. Amendment #1 addresses a question raised in Committee by Representative Kosinski. It substitutes the word, 'factual', for the word, 'pertinent', and I move for its adoption."

Speaker Giorgi: "Is there any discussion? Representative Catania moves that Amendment #1 be adopted to House Bill 2949. All in favor will signify by saying 'aye'; opposed 'no'. The 'ayes' have it and Amendment #1 is adopted. Any further Amendments?"

Clerk Leone: "No further Amendments."

Speaker Giorgi: "Third Reading. House Bill 2997, Representative Brummer?"

Clerk Leone: "House Bill 2997, a Bill for an Act to amend the General Not-For-Profit Corporation Act. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Giorgi: "Any motions with that Amendment?"

Clerk Leone: "No motions filed."

Speaker Giorgi: "Any Floor Amendments?"

Clerk Leone: "Floor Amendment #2, Brummer, amends House Bill 2997 as amended in the second Subsection and so forth."

Speaker Giorgi: "Representative Brummer on Amendment #2."

Brummer: "Yes, Amendment #2 restores language that was eliminated in the original Bill. It did not deal with the substance or intent of the Bill and it restores language that was inadvertently eliminated and I would ask for its adoption."

Speaker Giorgi: "Any discussion? There being no discussion, Representative Brummer moves the adoption of Amendment #2 to House Bill 2997. All in favor will signify by saying 'aye' and those opposed 'nay'. The 'ayes' have it. And the Amendment's adopted. Any further Amendment?"

Clerk Leone: "No further Amendment."

Speaker Giorgi: "Third Reading. Representative Stiehl, Cissy Stiehl, on... Is she in the room? Out of the record. Representative Winchester on... Out of the record. Representative Oblinger, on 3045. Clerk, read House Bill 3045."

Clerk Leone: "House Bill 3045, a Bill for an Act making appropriation for the ordinary and contingent expenses of the Department of Aging. Second Reading of the Bill. Amendments # 1 and 2 were adopted in Committee."

Speaker Giorgi: "Any motions to those Amendments?"

Clerk Leone: "No motions filed."

Speaker Giorgi: "Any Floor Amendments?"

Clerk Leone: "Floor Amendment #3, Oblinger, amends House Bill 3045 as amended on page four and so forth."

Speaker Giorgi: "Representative Oblinger on Amendment #3."

Oblinger: "Mr. Chairman and Members of the Committee (sic), in Appropriations II hearing inadvertantly this amount of money was removed from the budget and the Committee Members and the Department agreed that it should be put back in. And this is what the Amendment is."

Speaker Giorgi: "Is there any discussion? Representative Oblinger moves that Amendment #3 be adopted to House Bill 3045. All in favor will signify by saying 'aye'; those opposed 'no'. The 'ayes' have it. Amendment #3 is adopted. Any further Amendment?"

Clerk Leone: "Amendment #4, Oblinger, amends House Bill 3045 as amended on page two, line 35 and so forth."

Speaker Giorgi: "Representative Oblinger on Amendment #4."

Oblinger: "Amendment #4 was agreed upon because of the reports from the study on the task force on study.. Was is that? On expenditures and they recommended that this be allocated in a different form for EDP. It doesn't change the amount. It just changes the way it's allocated."

Speaker Giorgi: "Is there any discussion? Representative Oblinger

moves that Amendment #4 be adopted to House Bill 3045. All in favor will signify by saying 'aye'; opposed 'nay'. The 'ayes' have it. And Amendment #4 is adopted. Any further Amendments?"

Clerk Leone: "Amendment #5, Steczo-Kane, amends House Bill 3045 as amended on page four, line three and so forth."

Speaker Giorgi: "Representative Steczo on Amendment #5? Representative Kane on Amendment #5? Here's Steczo. Representative Kane, Steczo's here."

Steczko: "Thank you, Mr. Speaker, Members of the House. Amendment #5 to House Bill 3045 increases the line item for community service grants by eight million dollars. The Sponsor of the legislation has suggested that she would accept this Amendment and what this Amendment does is transfers or attempts to annualize the annual appropriation for this line item. "

Speaker Giorgi: "Representative Peters on the Amendment."

Peters: "Mr. Speaker, Ladies and Gentlemen of the House, this Amendment, excuse me, was not presented to us in Committee when we heard the budget for the Department of Aging. My understanding is that it came out of a meeting at a wine and cheese party of the various community action agencies throughout the state which is a fine place to come up with an Amendment. I don't comment on that. However, when we're talking about building a budget for the state, it's one thing to add eight million dollars to the budget and it's another thing to know how we're going to spend that and what impact it has on our spending for next year, what accountability we have and how that money is being spent, who gets it, where it goes to, and how much more we're going to have to add on once we already set an eight million dollar basis that a lot higher. Now it may well be that the community action agencies need more money. There's certainly no doubt that they are doing a very necessary and a vital kind of job."

But the question that we are presented here with is one of taking the resources we have and appropriating them in the best way that we can. It may be of interest to the Members of the House that as of yesterday, we have appropriated four hundred and sixty-two million dollars above the budget. Now that's not to count what the Senate has done and it does not count what we may do between now and the end of the year. Now that's certainly going to end up causing a lot of problems to a lot of agencies that are going to expect money that they're just not going to end up getting. I appreciate what the Sponsor wants to end up doing and I know the Sponsor of the Bill's great interest in this particular area. But I think there is a process by which we should go through in terms of getting these kinds of funds through the Bureau of the Budget, through the appropriation process, through the kind of proper hearings so that we know where the money's going, who it's going to and what's coming from it rather than just adding it on in sums of eight million dollars at a clip and saying we've done a good job. I don't think that's the way to operate and I would oppose the Amendment."

Speaker Giorgi: "Representative Steczo to close."

Steczko: "Thank you, Mr. Speaker. To correct some of the remarks made by the previous speaker; I think what this eight million dollars attempts to do is to try to, as I said, annualize the budget as it.. as it should have been. This program last year was transferred between the Department of Public Aid to the Department of Aging. And in accordance with the Governor's priorities and in this case, senior citizens, we're attempting to fully fund this program. The program has had.. has had to close in-takes since March. We know that no applications are being accepted. There was a bad estimate made last year on the budget. This is a correction in that estimate on

a bad calculation that was made before. We know we had appropriated monies for this particular line item. We had to come in with a supplemental. (That would suggest that there was a bad calculation. This is extremely needed money. It is an extremely needed and worthwhile program. If this Amendment is not adopted, the only people who will suffer are senior citizens. So I would urge the adoption of this Amendment."

Speaker Giorgi: "Representative Steczo moves that Amendment #5 be adopted. All in favor will signify by saying 'aye'; those opposed 'nay'. The motion fails. Any further Amendments? Oh, Roll Call.. You insist on a Roll Call? Don't five Members join you? Okay. All right, all those in favor of the Amendment will signify by voting 'aye' and those opposed by voting 'nay'. Have all voted who wish? Have all voted who wish? Take the record. Representative Peters. Representative Peters on Amendment #5."

Peters: "Mr. Speaker, I don't really want to take the time of the House, but there's a lot of stuff that's going to be coming up and this is kind of important. I'd ask for a verification."

Speaker Giorgi: "Representative Steczo on Mr. Peters' motion."

Steczko: "Mr. Speaker, poll the absentees please."

Speaker Giorgi: "Mr. Clerk, will you poll the absentees?"

Clerk Leone: "Poll of the absentees; Beatty. Bianco. DiPrima. Donovan. Ebbesen. Ewell. Ewing. Flinn. Greiman. Hanahan. Harris. Huff. Emil Jones. Kane. Katz. Klosak. Kulas. Laurino. Leverenz. Mautino. McCourt. Mugalian. Rea. Richmond. Robbins. Sandquist. Schlickman. Skinner. C.M. Stiehl. Swanstrom. Terzich. White. Willer. Younge. And, Mr. Speaker."

Speaker Giorgi: "Representative Kane, 'aye'. Representative Kane wants to be voted as 'aye'. Representative Kulas wants to be recorded as voting 'aye'. Representative

DiPrima, wants to be recorded as voting 'aye'. Representative Leverenz wants to be recorded as voting 'aye'. Representative Donovan wants to be recorded as voting 'aye'. Representative Mautino wants to be recorded as voting 'aye'. Representative Wyvetter Younge wants to be recorded as voting 'aye'. Representative Peters, do you persist in a verification? Okay. Mr. Clerk, why don't you proceed with the verification."

Clerk Leone: "Poll of the Affirmative; Alexander. Balanoff. Birchler. Bowman. Bradley. Braun...."

Speaker Giorgi: "Excuse me. Mr. Clerk, just a moment. Representative Stezco, for what reason do you arise?"

Steczco: "Mr. Speaker, so as not to take up the time of the House with the verification, if the Sponsor would agree to take the Bill out of the record so we could hear the Amendment later on, I think we could.. we could forego this procedure."

Speaker Giorgi: "In the meantime, till Mrs. Oblinger gets to her seat, Representative Harris wants to be recorded as voting 'aye'. Representative Rea wants to be recorded as voting 'aye'. Does Representative Oblinger want the floor? Representative Oblinger on..."

Oblinger: "Go with it."

Speaker Giorgi: "How's that? You'll go with it, you say? Okay. Continue the verification."

Clerk Leone: "Continuing with the Poll of the Affirmative; Braun. Breslin. Brummer. Bullock. Capparelli. Catania. Chapman. Christensen. Cullerton. Currie. Darrow. Dawson. DiPrima. Domico. Donovan. Doyle. John Dunn. Epton. Farley. Virginia Frederick. Gaines. Garmisa. Getty. Giorgi. Goodwin. Hannig. Harris. Henry. Jaffe. Dave Jones. Kane. Keane. Kelly. Kornowicz. Kosinski. Krska. Kulas. Lechowicz. Leon. Leverenz. Madigan. Marovitz. Matijeovich. Mautino. McClain. McGrew. McMaster. McPike. Mulcahey.

Murphy. Neff. Oblinger. O'Brien. Patrick. Pechous.  
Pierce. Pouncey. Preston. Rea. Ronan. .."

Speaker Giorgi: "Mr. Clerk, just a moment. Representative  
Oblinger, for what reason do you arise?"

Oblinger: "Will you please take this out of the record for  
a minute?"

Speaker Giorgi: "All right. Okay. Representative Oblinger re-  
quests leave to take the Bill and the Amendment out of  
the record. Does she have leave? Leave is granted.  
Dump the Roll Call. Representative McCourt and Stuffle  
on House Bill 3072? I'm sorry. Representative Oblinger?  
The Bill is out of the record with that Amendment at the  
present time. The Amendment is not on the record.  
Representative Stuffle on House Bill 3072."

Clerk Leone: "House Bill 3072, a Bill for an Act to amend  
the School Code. Second Reading of the Bill. No Com-  
mittee Amendments."

Speaker Giorgi: "Any Amendments from the floor?"

Clerk Leone: "Amendment #1, McCourt, amends House Bill 3072  
on page one and so forth."

Speaker Giorgi: "Representative Stuffle, you and McCourt are  
equal Cosponsors? Representative Stuffle on Amendment  
#1."

Stuffle: "Yes, Mr. Speaker and Members, I would offer Amendment  
#1 by Representative McCourt to House Bill 3072 of which  
he and I are the hyphenated principal Sponsors. What  
the Amendment does is strictly place the Bill in the pos-  
ture of the U.S. court decision regarding objections by  
people on religious grounds to co-educational p.e. The  
Amendment provides that a school board may determine  
that they can have substitute classes to those.. for those  
who object on religious grounds to co-ed p.e. classes,  
or if they find that not to be reasible, that they may  
grant individual waivers as an exception to the p.e.  
requirement in the School Code. It fits strictly in the

opinion of 'Moody vs. Cronin' and I move adoption of the Amendment."

Speaker Giorgi: "Is there any discussion? No discussion, Representative Stuffle moves the adoption of Amendment #1 to 3072. All in favor will signify by saying 'aye'; those opposed 'nay'. The 'ayes' have it. Any further Amendments?"

Clerk Leone: "No further Amendments."

Speaker Giorgi: "Third Reading. Representative Friedrich, on House Bill 3101. Clerk, read #3101."

Clerk Leone: "House Bill 3101, a Bill for an Act to amend an Act in relationship to the establishment of a medical center district in the city of Chicago. Second Reading of the Bill. No Committee Amendments."

Speaker Giorgi: "Any Amendment from the floor?"

Clerk Leone: "Amendment #1, Friedrich-Leverenz, amends House Bill 3101 on page one by deleting..."

Speaker Giorgi: "Representative Friedrich on Amendment #1."

Friedrich: "Mr. Speaker, this is an Amendment that we drew at the request of the medical center. It gives them a little more leeway. It provides for a lapse period. Gives them 100 thousand dollars working cash and I know of no objection to the Amendment. "

Speaker Giorgi: "Is there any discussion? There being no discussion, Representative Friedrich moves the adoption of Amendment #1 to House Bill 3101. All in favor will signify by saying 'aye'; opposed 'nay'. The 'ayes' have it. The Amendment #1 is adopted. Any further Amendments?"

Clerk Leone: "No further Amendments."

Speaker Giorgi: "Third Reading. Representative Schneider? Hoffman? Stuffle? On House Bill 3114? Out of the record. 3114 out of the record. Matijevich, out of the record. House Bill 3127, McCourt-Hallstrom... Is Representative McCourt... Does he want that Bill? Out of the record. Representative... Representative Ryan, for what reason

do you arise?"

Ryan : "Question of the Chair, Mr. Speaker."

Speaker Giorgi: "Question of the Chair? Continue."

Ryan : "I've had several Members ask me what the intent of the Chair is today as far as adjournment. You don't know either, huh? Thank you."

Speaker Giorgi: "Only standing rumors. Are you asking me? Representative Schraeder on Amendment.... on House Bill 3133? Clerk, read House Bill 3133."

Clerk Leone: "House Bill 3133, a Bill for an Act to amend the Fish Code. Second Reading of the Bill. No Committee Amendments."

Speaker Giorgi: "Any Amendments from the floor?"

Clerk Leone: "Amendment #1, Schraeder, amends House Bill 3133 on page three and so forth."

Speaker Giorgi: "Representative Schraeder on the Amendment."

Schraeder: "Mr. Speaker, am I correct? There's another Amendment besides that one?"

Speaker Giorgi: "Mr. Clerk, are there more Amendments? He has no record of any other Amendment. He only has Amendment #1."

Schraeder: "Well, I will proceed with this Amendment then."

Speaker Giorgi: "Continue."

Schraeder: "This Amendment was the Amendment requested by the Committee and also by the Department of Conservation. It restricts the ... er, reduces the retail resident fish license for merchants from 50 to ten dollars and I would ask for a favorable vote on the Amendment."

Speaker Giorgi: "Is there any discussion? There being no discussion, Representative Schraeder moves the adoption of Amendment #1 to House Bill 3133. Representative Griesheimer on Amendment #1."

Griesheimer: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker Giorgi: "Indicates he will."

Griesheimer: "Representative Schraeder, does the Department of

Conservation favor this reduction?"

Schraeder: "Yes, Sir. They requested it."

Speaker Giorgi: "Representative Schraeder moves his motion. All in favor will signify by saying 'aye'; opposed 'nay'. The 'ayes' have it. Amendment #1 is adopted to House Bill 3133. Any further Amendments?"

Clerk Leone: "No further Amendments."

Speaker Giorgi: "Third Reading. Representative Pierce? House Bill 3140."

Clerk Leone: "House Bill 3140, a Bill for an Act in relation to the holding of funds collected pursuant to personal property tax replacement taxes. Second Reading of the Bill. Amendments #1 and 2 were adopted in Committee."

Speaker Giorgi: "Any motions of the Committee Amendments?"

Clerk Leone: "No motions filed."

Speaker Giorgi: "Any Floor Amendments?"

Clerk Leone: "Floor Amendment #.."

Speaker Giorgi: "Excuse me. Continue. Continue."

Clerk Leone: "Floor Amendment #3, Pierce, amends House Bill 3140 as amended and so forth."

Speaker Giorgi: "Representative Pierce on Amendment #3."

Pierce: "Mr. Speaker, I think we want to hold that Bill on Second. We've adopted the Committee Amendments and let's hold that on Second."

Speaker Giorgi: "That's very nice of you, Mr. Pierce."

Pierce: "It's all right. We've adopted 1 and 2, right?"

Speaker Giorgi: "Leave is like it is. Pull it out of the record. Representative Terzich? Out of the record. Representative Garmisa? Out of the record. Representative Stuffle? On 3173? Out of the record. Representative Bowman? Out of the record. Representative Beatty. Out of the record. Representative DiPrima? On 3197? Mr. Clerk, read 3197. "

Clerk Leone: "House Bill 3197, a Bill for an Act to amend an Act to provide for the organization and maintenance of the

University of Illinois. Second Reading of the Bill.  
No Committee Amendments."

Speaker Giorgi: "Any Amendment from the floor?"

Clerk Leone: "Floor Amendment #1, DiPrima, amends House Bill  
3197 on page one, line 17 and so forth."

Speaker Giorgi: "Representative DiPrima on Amendment #1."

DiPrima: "Yes, Sir, Mr. Speaker and Ladies and Gentlemen of the  
House, Amendment #1 changes the termination date of the  
Vietnam conflict from April 29th, 1975 to May 7th, 1975.  
And that is in conformity with the government's official  
cessation of hostilities of the Vietnam conflict and I  
move for its adoption."

Speaker Giorgi: "Is there any discussion? Representative DiPrima  
moves the adoption of Amendment #1 to House Bill 3197.  
All in favor will signify by saying 'aye'; and those  
opposed 'nay'. The 'ayes' have it. And Amendment #1  
is adopted. Any further Amendments?"

Clerk Leone: "No further Amendments."

Speaker Giorgi: "Third Reading. Representative Bradley on  
House Bill 3200."

Clerk Leone: "House Bill 3200, a Bill for an Act to amend the  
Illinois Income Tax Act. Second Reading of the Bill.  
No Committee Amendments."

Speaker Giorgi: "Any Amendments from the floor?"

Clerk Leone: "Amendment #1, Vinson, amends House Bill 3200  
on page one, line one and so forth."

Speaker Giorgi: "Representative Vinson on Amendment #1."

Vinson: "I'd like to withdraw the Amendment."

Speaker Giorgi: "Does the Gentleman have leave? The Amendment's  
withdrawn. Amendment... Are there any further Amendments?"

Clerk Leone: "Amendment #2, McPike, amends House Bill 3200  
in the title by deleting .. so forth."

Speaker Giorgi: "Representative McPike on Amendment #2."

McPike: "Yes, thank you, Mr. Speaker. In figuring a base in-  
come for a corporation certain modifications are made to

the base income and those are listed in the law. Section I under modifications requires that .. that for taxation purposes that they are to add back the amount of taxes paid under Sections A and B which is the Illinois income tax an amount of tax equal to the amount of tax imposed and paid pursuant to Sections C and D which was a corporate personal property tax, not to exceed the total personal property taxes paid for previous... for a previous year, that was 1978. And we are striking that Section saying that they should add back the entire amount in figuring their base income. I would ask for a favorable Roll Call."

Speaker Giorgi: "Is there any discussion? Representative Bradley on the Amendment."

Bradley: "Yes, Mr. Speaker, I rise to oppose the Amendment. Really we would be shifting the tax credit from where the Bill is written now, 3200, intends for that tax credit to be given and that Amendment #2 is attempting to place the tax credit against the income tax paid by businesses and corporations and we would rather have the tax credit apply... Got the wrong Amendment? "

Speaker Giorgi: "Time out. Representative Vinson, do you want to speak on this Amendment? Representative Vinson on the Amendment."

Vinson: "Will the Sponsor of the Amendment yield for a question?"

Speaker Giorgi: "Yes, he will."

Vinson: "When was the last time the rate on the state income tax was changed?"

Speaker Giorgi: "Representative McPike, to answer the question."

McPike : "Well, it has never been changed since it was originally set."

Speaker Giorgi: "Representative Vinson. Representative Vinson on the Amendment."

Vinson: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. What the Amendment tries to do in addition to

changing the entire thrust of the Bill is to deal with a problem that's not really a problem. It tries to cut the state business tax. The state business tax hasn't been raised since it was adopted. The Sponsor of the Amendment is exactly right. Where the problem comes is from the increase in the tax in the replacement tax. And that's what we ought to be reacting to and that's what the Bill deals with. And I would urge defeat of the Amendment for that reason."

Speaker Giorgi: "Representative Brummer on the Amendment."

Brummer: "Yes, Sir. At least there appears to be some confusion with regard to exactly what the Amendment does, at least by .. on the part of one individual, namely, myself. I wonder if the Sponsor would yield to a question to again explain what Amendment #2 does."

Speaker Giorgi: "Continue with your question. Representative McPike."

McPike: "I think the easiest way to explain this is to give an example. In figuring base income, a corporation adds back the amount of taxes paid pursuant to the corporate personal property tax, not to exceed the amount they paid previously under the old corporate personal property tax law. So let's say in '78 they paid three million. In '79 under our new corporate tax replacement, they paid five million. They would only add back three million. This requires them to add back the entire amount of five million in figuring the base." In other words, it's the same as the law always was, prior to our change last year. This simply says that we're putting it back in the original shape it was in: '75, '76, '77, etc."

Speaker Giorgi: "Are there any further questions? Representative Brum... Representative Bradley. Oh, Representative Brummer or Bradley on the Amendment."

Bradley: "Yes, Sir, Mr. Speaker, and Ladies and Gentlemen of the House, I was speaking on Amendment #3. I thought that was

the one we were on. I oppose Amendment #2 to the Bill because it simply will not leave the legislation in the shape we would like to have it when we move it to Third Reading."

Speaker Giorgi: "Representative Getty on the Amendment."

Getty: "Will the Sponsor of the Amendment yield?"

Speaker Giorgi: "Continue with your question."

Getty: "Representative McPike, isn't it a fact that what this Amendment does is make it fully deductible without reference to the 1978 tax so that a corporation would get a full credit without reference to the 1978 tax?"

Speaker Giorgi: "Representative McPike."

McPike: "Yes."

Getty: "So, that certainly would be a very definite benefit to Illinois business and make it far less cumbersome. Isn't that correct?"

McPike: "That is correct." of substantial benefit."

Getty: "So, that if you are pro-business, you certainly would be pro-this Amendment."

McPike: "This Amendment is very helpful to corporations."

Getty: "Well, thank you. Mr. Speaker, I'd like to address the Amendment. I would suggest that for those of you who support business in Illinois, this would be something that would make it far easier for Illinois business and be of much greater benefit to Illinois business. This Amendment is a good Amendment and I'm going to support it."

Speaker Giorgi: "Representative McPike to close. Representative McPike to close."

McPike: "All right. Thank you, Mr. Speaker. I would ask for a favorable Roll Call."

Speaker Giorgi: "Representative McPike moves that Amendment #2 be adopted to House Bill 3200. All in favor will signify by saying 'aye'; Want a Roll Call? All those in favor will signify by voting 'aye'; those opposed by

voting 'no'. Have all voted who wish? Have all voted who wish? Take the record, Mr. Clerk. On this question there's 39 'ayes', 82 'nays', and one voting 'present'. The Amendment fails. Any further Amendments?"

Clerk Leone: "Amendment #3, McPike, amends House Bill 3200 on page four and line 17 and so forth."

Speaker Giorgi: "Representative McPike on Amendment #3."

McPike: "Thank you, Mr. Speaker. Amendment #3 is obviously easier to understand than the previous Amendment. Last year... Yeah, the Sponsor understands this one too. Last year we debated the corporate personal property tax at length and our aim was to return to units of local government the full amount of revenues that they had lost. And now House Bill 3200 comes in this year and attempts to take away from those units of local government the revenues that we gave them last year before we really even have a handle on how the corporate replacement tax is even working, whether or not units are getting .. units of local government are getting as much as they should. This Amendment simply says if we want to give business a tax credit, let's give them a tax credit against the state income tax and take it out of the state coffers. There's no reason that we should destroy the revenues of local government sitting here on the House floor. If we think we have revenues to spare, we think this is good for the state; if we think in the long run it's going to generate more business and be an incentive for business to locate here, then let's take a chance on the state revenues and not our local revenues. Our local revenue.... And that's exactly what this does. It simply gives a tax credit against the state income tax and does not destroy the local revenues."

Speaker Giorgi: "Representative Vinson on Amendment #3."

Vinson: "Thank you, Mr. Speaker and Members of the House.

What Representative McPike neglects to tell anybody

is who benefits from this Amendment. The Amendment benefits the local government because what happens with the Amendment is the Amendment.. I'm sorry, the Bill .. What the Bill does is to benefit local government. What the Bill does is to encourage business to build more plant and equipment in Illinois. Now when they build more plant and equipment in Illinois, they pay more real estate tax. That tax money goes to local government, not to the State Government. And that's why the credit is properly applied against the replacement tax. This is not... The Bill is not aimed at hurting local government; it's aimed at helping local government and I would urge defeat of the Amendment. Vote 'no' on the Amendment please."

Speaker Giorgi: "Representative Currie on the Amendment."

Currie: "Thank you Mr. Speaker, Members of the House. I disagree respectfully with my colleague, Representative Vinson, on the other side of the aisle. We were under a Constitutional mandate last year to replace the corporate personal property tax. That meant to replace the revenues lost to local units of government by virtue of the abolition of the corporate personal property tax. We do not, at this time, know that we successfully met that Constitutional mandate. For us to interfere today in this Assembly with the measure we passed last year in this kind of fashion strikes me as putting us on the very edge of disaster. We may, in fact, find in a court of law that we have not met our mandate. We may well be back tangling with this issue years in the future. I think the Amendment that Representative McPike offers is a very sensible one. If, in fact, we need to encourage these businesses, offer them investment tax credits, the appropriate place to do that is against the state income tax, not against those revenues whose size we're not even very well aware of at this point. We cannot afford to

tamper with them right now. Let us leave this as it is and adopt Representative McPike's good Amendment."

Speaker Giorgi: "Representative Bowman on the Amendment?":

Bowman: "Thank you. Will the Sponsor of the Amendment yield for a question?"

Speaker Giorgi: "Continue with your question."

Bowman: "Well, Representative McPike, would you say that the Bill in its original form is kind of the mirror image of a mandated program? I mean mandated programs are where we, you know, direct local governments to do certain things that increases their costs. Here, it seems to me, we're decreasing the revenues. It's really kind of a mirror image. Would you say?"

McPike: "Well, it's kind of stretching a point to say it's a mandated program, but, you know, I certainly agree it's going to cut the revenues for local government. There's no way of getting around it. It's going to cut the revenues for local government. "

Bowman: "Well, on the Amendment, Mr. Speaker, it seems to me that this is the mirror image of a mandated program. I was not asserting that it was exactly a mandated program. But it is it's mirror image. In other words, we're doing with the Bill precisely the.. imposing precisely the same kinds of burdens on local governments that we do with mandated programs. So it seems to me that if one is.. wishes to be consistent and normally supports state funding for state mandated programs, that the logic of that argument would also compel you to support Representative McPike's Amendment and take it out of the state coffers instead of out of the treasuries of the local government."

Speaker Giorgi: "Representative Bradley on the Amendment."

Bradley: "Yes, Mr. Speaker, I rise to oppose the Amendment. I think it's been clearly stated and I think everybody understands the two choices you have here. Those people

... The local units of government stand to benefit by the construction that will take place and that's what this Bill is doing, giving some incentive to businesses to locate in Illinois and to build manufacturing plants that will employ people and those manufacturing plants will pay taxes to local government. They're the ones that stand to benefit and I think that if there is a cost, an initial cost, they should pay that cost. And I urge a 'no' vote."

Speaker Giorgi: "Representative Reilly on the Amendment."

Reilly: "Thank you, Mr. Speaker. Representative Bradley's exactly right. The whole point of this Bill is to try to help local governments. It is, after all, local governments that benefit when new equipment is put in. It's local governments that benefit from the jobs. It's local governments that are constantly coming to us and asking us to increase our activities on behalf of attracting industry to their areas. All this would say and it's just nonsense to argue that it's a mandated program, all this would say is that if.. that a credit would be applied of a very small percent against the cost of the new equipment that's purchased. The local government, the local people and the local area will benefit 100 or 200 times over what the credit could possibly mean to them, assuming it means anything at all, in terms of the impact on their revenues. The Amendment is bad and should be defeated."

Speaker Giorgi: "Representative McPike to close."

McPike: "Well, thank you, Mr. Speaker. And I would disagree with Representative Reilly. I think we should .. we should first examine how the corporate personal property tax works before we make a decision on this. The corporate personal property tax is a separate fund. All monies go into that one fund. One fund for the entire state. And then, out of that fund, all the various units of local

government get their revenues. Now, let's take this Bill. Let's say that we build a plant in my town of Alton. That means that my local town benefits. But the state fund is decreased. That means.. That means that Representative Reilly's home town of Jacksonville is hurt. So a plant that's built in my area hurts his town. A plant that's built in Peoria hurts Bloomington. Now stop and think about what I said. If a plant is built in your town, you get increased real estate taxes. But another town loses taxes that would have gone into the state fund. So if I get a plant in my town it hurts you. What we're really saying is, let's make Illinois attractive to business. Let's give them an incentive. If we're going to give them an incentive, let's take it out of the state income tax. That means that business grows. The income, the personal income of individuals, personal incomes of corporations, increases and revenues coming into the state coffers increase. The state, according to your philosophy, eventually gains more than it loses. And local governments never have to take a chance on this. But under the way the Bill is written, what we are doing is saying to local government, you take a chance. Now a plant might benefit one town, but it's going to hurt the rest of the state. Everytime a plant is built in an industrial area of the state, all of rural Illinois loses under the way the Bill is written. The only thing I'm saying is that let's treat all parts of the state equally. Let's give everybody a shot at business growth. Let's let the growth in state income help everyone instead of a plant in a particular area helping only that particular city. I would ask for a favorable Roll Call."

Speaker Giorgi: " Representative McPike moves that Amendment #3 be adopted to House Bill 3200. All those in favor will signify by voting 'aye' and those opposed by voting 'no'.

Representative Dunn to explain his vote. John Dunn.  
 Representative Stuffle to explain his vote. Have all  
 voted who wish? Have all voted who wish? Take the re-  
 cord, Mr. Clerk. On this question there are 55 'ayes',  
 80 'nays', none voting 'present. And the motion fails...  
 The Amendment fails. Any further Amendments?"

Clerk Leone: "Amendment #4, McPike, amends House Bill 3200  
 on page four and line 16 and so forth."

Speaker Giorgi: "Representative McPike on Amendment #4."

McPike: "Well, I guess Amendment #4 is simply a compromise  
 with the Bill. The Bill gives a tax credit against  
 .. against the corporate property tax and Amendment #3  
 was the credit against the state income tax. This is  
 a compromise. It takes the credit against both of them  
 and reduces the overall amount from one percent to a  
 half of a percent and from two percent to one percent.  
 You know, I hope that as you're voting on this you're  
 prepared to go back to your mayors and your School  
 Districts and tell them what you're doing up here. You're  
 taking away their money. Now this isn't state money and  
 you know who's money you're taking away by that last  
 vote. That vote had no effect on state revenues. It's  
 very easy to sit on this House floor and take away money  
 from local governments. It's easy until they come up  
 here and scream down your neck about how you're going to  
 replace those revenues. Now, if you really think that  
 this is good for business, then take a chance with state  
 revenues. At least apply half of it against the state  
 income tax. Don't take all of it away from local govern-  
 ment. At least let the state get involved here. If  
 everybody on this floor thinks it's so great for Illi-  
 nois, then let's put the state income tax up against it  
 and say, yeah, we'll take a chance. If it's good enough  
 to take away revenues from local government, we'll take  
 a chance; we'll take away some of the revenues from State

Government and in the long run we're all going to benefit because it's going to improve the business climate. If you really believe that then vote for this."

Speaker Giorgi: "Representative Skinner on Amendment #4."

Skinner: "Mr. Speaker, I don't know whether anybody else is ready to go home and talk to their mayors and councilmen and school administrators, but I'm ready to go right now if we don't start doing something in this House. We've been on Second Reading all morning. We've wasted virtually the entire morning, done nothing useful that I can ascertain. Now, could you rout the real Speaker out and ask him perhaps if we could go to Third Reading or perhaps tell us if we're not going to do anything today so we can go home?"

Speaker Giorgi: "Are you prepared to withdraw the Amendments you've got filed on Bills on Second Reading, Mr. Skinner?"

Skinner: "Not if you never come to them."

Speaker Giorgi: "Representative Vinson on Amendment #4."

Vinson: "Thank you, Mr. Speaker and Members of the House, I would oppose Amendment #4 for exactly the same reasons we opposed Amendment #3. The benefit the Bill encourages will be greater property tax revenues for local government. Therefore, it's appropriate that the credit be applied against the replacement tax, not the income tax because the state derives no benefit. State Government derives no benefit from higher property tax revenues. I would urge defeat of the Amendment. Please vote 'no' on it."

Speaker Giorgi: "Representative Bradley on the Amendment."

Bradley: "Yes, Mr. Speaker, I happen to be one of those people who think that Second Reading is very important. And The Gentleman who spoke criticizing Second Reading I know has attempted to amend some Bills that were very important to him and I think Second Reading is very important to him on occasion. Evidently if he doesn't have anything going for him he sits over there and must become

a little frustrated. But, I rise, as I said, to oppose this Bill. (sic). It just does not leave the Bill in the form that we wanted it. If we're going to try to do something for the business climate in Illinois, we've got to leave the rates high enough so it would be an incentive for local... or for businesses to either stay in Illinois or come to Illinois. And if we adopt this Amendment we will be defeating the intent of the Bill. Thank you."

Speaker Giorgi: "Representative McPike to close."

McPike: "Well, neither of the speakers answered the objection I raised on the last Amendment and I suppose that 'yes' or 'no' votes on these Amendments would simply indicate that you just don't care about taking away revenues from local government. I guess that's the only way I can read it. There's no other way to explain this. This is going to reduce the amount of money going into the corporate property tax replacement which was mandated to us by the Constitution. We're reducing those revenues and we're not replacing them with anything. We're saying that a few industrial areas of the state are going to benefit. But everybody from a rural area is going to be hurt by this Bill. Every single district that is not an industrial district will be severely hurt by this Bill. We're talking about a one percent investment tax credit going to a two percent investment tax credit. We're not talking about a few dollars. We're probably talking about 100 million dollars, possibly 200 million dollars, the second year. And we're only generating 500 million dollars by the replacement tax. Now, that's fine to knock off 100 million dollars if you're an industrial area and a plant expands and.. a steel expands and so you get an increased real estate taxes. But every rural area in the state will be hurt by this. Now you can vote 'no' on this but you should be aware of exactly what you're

doing. Every rural district is being hurt by this Bill unless we adopt the Amendment 3 which was defeated or unless we adopt this one. I would ask for a favorable vote."

Speaker Giorgi: "Representative McPike moves that Amendment #4 be adopted to House Bill 3200. All in favor will signify by voting 'aye' and those opposed by voting 'no'. Have all voted who wish? Have all voted who wish? Take the record, Mr. Clerk. On this question there are 57 'ayes', 77 'nos', one voting 'present'. And this Amendment fails. Any further Amendments?"

Clerk Leone: "Amendment #5, Bradley, amends House Bill 3200 on page one, line one and five and so forth."

Speaker Giorgi: "Representative Bradley on Amendment #5."

Bradley: "Yes, Mr. Speaker and Ladies and Gentlemen of the House, what Amendment #5 does is eliminate the throw-back provision that is presently in the Bill and would leave the taxing process as we now know it in the State of Illinois. What the ... For an example; if an Illinois based corporation would sell its products in a state or nation with a corporate income tax, that corporation pays the income tax where the sale is made. If a corporation sells its products in the state or nation that does have an income tax, those sales will be taxable in Illinois and that's the way we want it to be. We want to straighten the Bill out and I move for the adoption of the Amendment."

Speaker Giorgi: "Representative Vinson on the Amendment."

Vinson: "Thank you, Mr. Speaker, Members of the House, Representative Bradley is absolutely right. I would urge adoption of this Amendment. What it does is that it removes an item of substantial contention from the Bill and leaves the Bill as a straight investment tax credit Bill. People are just too divided on this subject. It's too complex a thing to get into at this time. And I would

urge a 'yes' vote on this Amendment."

Speaker Giorgi: "There being no further discussion, Representative Bradley moves the adoption of Amendment #5 to House Bill 3200. All in favor will signify by saying 'aye'; opposed 'no'. The 'ayes' have it. Amendment #5 is adopted. Any further Amendment?"

Clerk Leone: "Amendment #6, Watson, amends House Bill 3200 on page five, line 17 by inserting..."

Speaker Giorgi: "Representative Watson on Amendment #6."

Watson: "Thank you, Mr. Speaker. All this Amendment does is include retailing and wholesaling under this Act. We've heard arguments on jobs, what this is going to create. Actually retailing...expansion and retailing will create more jobs. When manufacturing, oftentimes, the investment credit will be used for devices that will reduce jobs. But in the area of retailing, wholesaling this will be creating jobs. We've also heard the argument about sales tax... er reduction of local government taxing. This retailing creates money for local taxing districts. So I think that retailing, wholesaling should be included in this particular Act. Also the federal investment credit Bill includes retailing in the same vein as manufacturing. So I would move for the adoption of this Amendment."

Speaker Giorgi: "Any discussion? Representative Watson moves the Amendment #6 to House Bill 3200 be adopted. All in favor... Representative Vinson on Amendment #6."

Vinson: "Thank you, Mr. Speaker and Members of the House. I very reluctantly arise to oppose adoption of this Amendment. Philosophically it is a good Amendment. The problem is the perspective revenue loss is hard to calculate by this Bill, admittedly and I'm afraid that if we set up a domino effect of increasing the groups that receive the benefit of this deduction, that the result may be a revenue loss that we cannot in good conscience vote for. Additionally there is the point to be made

that where the state business climate has suffered the most is in the area of manufacturing jobs. It would appear if you look at charts on jobs in the state that we've continued to enjoy a relatively steady increase in retail jobs and service industry jobs. But we've suffered a tremendous loss in manufacturing jobs since the mid 1970's. Therefore, if we're going to enact a benefit at a time of fiscal tightness for state and local government, that benefit ought to be aimed and targeted at the group that we most need to do something about. That's the manufacturing base in the state. Therefore reluctantly and to some degree against my own conscience philosophically, I have to urge defeat of this Amendment."

Speaker Giorgi: "Representative Watson to close."

Watson: "Thank you Mr. Speaker. -"

Speaker Giorgi: "... Excuse me, Mr. Watson.. Representative Watson. Representative Bradley, would you like to speak on the Amendment?"

Bradley: "I just wanted to .. I wanted to speak on the Bill.. or on the Amendment...."

Speaker Giorgi: "Before it closes.."

Bradley: "I simply want to say I reluctantly oppose this Amendment. If it was the wish to do this, I think possibly it should have been done with a separate piece of legislation and not try to Christmas Tree House Bill 3200. So I urge the defeat of the Amendment."

Speaker Giorgi: "Representative Watson to close."

Watson: "Thank you, Mr. Speaker. Well, I'm not trying to Christmas Tree anything. I feel that they should have been included from the very beginning. They are at the federal level, so I feel that the retailing and wholesaling industry should be included in this Bill. Also in the area, as I mentioned earlier, it's actually.. Retailing is a tax revenue...It's going to increase tax

revenues from the standpoint of sales tax and local communities and local taxing districts will actually have an increase. So, I don't see the impact there at all. And, as I mentioned earlier, I think it will create new jobs for the State of Illinois and I would again urge for adoption of this Amendment. Thank you."

Speaker Giorgi: "Representative Watson moves for the adoption of Amendment #6 to House Bill 3200. All in favor will signify by saying 'aye'; opposed 'nay'. Want a Roll Call? Roll Call. All those in favor will signify by voting 'aye' and those opposed by voting 'no'. Representative Skinner to explain his vote. One minute please."

Skinner: "Mr. Speaker, I think we ought to be voting 'no' on this because commercial.. commercial enterprises cannot be increased in a given state. There's so much commercial activity that's going to occur and if we give benefits either locally or by the state all we do is push it from one part of the state to another part of the state. Manufacturing jobs, on the other hand, do have a multiplier effect and although the Bill may not be acceptable to everybody, the theory behind it is a lot better than giving benefits to commercial enterprise."

Speaker Giorgi: "Have all voted who wish? Take the record. Repr.: On this question there are 68 'ayes', 45 'nays', and one voting 'present'. And this Amendment's adopted. Representative Brummer for what reason do you arise?"

Brummer: "To explain my vote on the last.. on the Amendment prior to the time you took the Roll Call which I thought was my right to do."

Speaker Giorgi: "I apologize. You want to take a minute to explain your vote? Continue, but there.. Any further Amendments?"

Clerk Leone: "Amendment #7, Leverenz, amends House Bill 3200 on page five, line 17 and so forth."

Speaker Giorgi: "Representative Leverenz on Amendment #7."

Leverenz: "Thank you, Mr. Speaker. Amendment #7 as we have just included to the laundry of those included in the Bill already, we included retail and wholesale. This would include the business of telephone, public utility, or a subsidiary thereof which is involved with the sale of the telecommunication equipment and/or the services and I would ask for an 'aye' vote to include this group."

Speaker Lechowicz: "Any discussion?.."

Leverenz: "I think they're the only ones not included."

Speaker Lechowicz: "Any discussion? The Gentleman from McLean, Mr. Bradley."

Bradley: "Well, Mr. Speaker, I rise to oppose Amendment #7 for the same reasons as I stated in opposing Amendment #6. I think this is a cost.. an additional cost in loss. Those who were voicing some concern about the loss of local government, this will be an additional somewhere to five or six million dollar loss to local government and I fear that we put enough of these types of Amendments on it. We will be in a position that we won't be able to accept the Bill and I urge that the Members reconsider their thoughts on this Amendment and I urge the defeat of it."

Speaker Lechowicz: "The Gentleman from DeWitt, Mr. Vinson."

Vinson: "Thank you, Mr. Speaker, Members of the House, I would again reluctantly echo Representative Bradley's words. I would point out that both he and I have one of the major telephone companies in the country headquartered in our district. Nevertheless, we're opposing this Amendment, reluctantly. We have no problem with it philosophically. But the Bill was designed to be targeted at increasing manufacturing jobs in the state. That's where the problem in the state is and I think it's appropriate that we target the benefits in a tight fiscal

climate at that problem. Therefore, I would urge a 'no' vote on the Amendment."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Leverenz, to close."

Leverenz: "Thank you, Mr. Speaker. In closing I might add the fact that it's the utility rate increases that we continually hear everyone being against. It's the tax that is passed on to the consumers with the rate increases. And this would hopefully lower the increases that are given. It would include the telephone industry to the laundry list that is already in the Bill, as we have just included the retail and wholesale businesses. And I would ask that we add this one too with an identical vote on the last Amendment. I encourage your 'aye' vote."

Clerk Leone: "Representative Lechowicz in the Chair."

Speaker Lechowicz: "The question is, 'Shall Amendment #7 be adopted?' All in favor vote 'aye'; all opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 46 'ayes', 69 'nos', none recorded as 'present'. The Amendment failed. Any further Amendments?"

Clerk Leone: "No further Amendments."

Speaker Lechowicz: "Third Reading. House... There's been a... Oh, I'm sorry. There's been a request for a fiscal note. Bring the Bill back to Second Reading. No, it's been filed here. As amended. House Bill 3201."

Clerk Leone: "House Bill 3201, a Bill for an Act...."

Speaker Lechowicz: "Take it out of the record. Request of the Sponsor. 3204."

Clerk Leone: "House Bill 3204, a Bill for an Act to revise the requirements for the circuit breaker grants and to provide fuel costs relief grants for senior citizens and disabled persons. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Lechowicz: "Any motions?"

Clerk Leone: "No motions filed."

Speaker Lechowicz: "Any Amendment from the floor?"

Clerk Leone: "Amendment #2, Sharp, amends House Bill 3204 as amended in Section 1 and so forth."

Speaker Lechowicz: "The Gentleman from Madison, Mr. Sharp."

Sharp: "Yes, Mr. Speaker, Members of the House, Amendment #2 tightens up some of the provisions as far as eligibility for the fuel cost grant. It also clearly indicates that the Act will not be effective until January 1st, 1981 for claims based on the 1980 calendar year so we won't have any duplications as far as refileing for the additional grants during the current calendar year. These changes were made at the recommendation of the Department of Revenue and I would ask for its adoption."

Speaker Lechowicz: "Any discussion? The question is, 'Shall the Amendment be adopted?' All in favor signify by saying 'aye', 'aye'; opposed. The Amendment's adopted. Any further Amendments?"

Clerk Leone: "No further Amendments."

Speaker Lechowicz: " Third Reading. On the Calendar on Short Debate, Third Reading appears on page ten, appears House Bill 2967. Mr. McGrew? "

Clerk Leone: "House Bill!.."

Speaker Lechowicz: "Take it out of the record. 3359? Mr. Burnidge? "

Clerk Leone: "House Bill 3359, a Bill for an Act to authorize the Department of Conservation to convey certain lands to the Sanitary District of Elgin. Third Reading of the Bill."

Speaker Lechowicz: "Mr. Burnidge? Take it out of the record. Take 3382 out of the record. 3385."

Clerk Leone: "House Bill 3385, a Bill for an Act in relation to intergovernmental joint action agencies amending the

Intergovernmental Cooperation Act. Third Reading of the Bill."

Speaker Lechowicz: "All right. The Lady from Cook, Mrs. M Macdonald."

Macdonald: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. House Bill 3385 establishes the ability to form joint action agencies. This was necessary, this Bill is necessary because of conditions that exist in the northwest suburban area where we have been allocated Lake Michigan water. It is going to be extremely expensive for each individual municipality to pipe the water from Lake Michigan to their own individual municipalities. So there is a group called, Venture, which is a combination of eight agenc.. eight villages and cities that have formed together to intergovernmentally cooperate to bring the water to Lake Michigan. Unfortunately, the financial markets have said that they could not purchase such bonds unless there was this legislation or a court case. So, we have provided this Bill which will allow and give the Constitutional substance to the Constitutional ability for interaction and intergovernmental cooperation. There was an Amendment put on in the Second Reading of the House by Jack Davis that also adds that the joint action agencies shall have the authority to accept private funds and charitable contributions, and further, to accept grants and aids or contributions from public agencies. So, it is a simple Bill, but a very much needed Bill for an area. This does not, however, apply only to the northwest suburban area. It is the court action that will be necessary for the formation of joint action agencies for intergovernmental cooperation for whatever reasons and municipalities throughout Illinois. Thank you. I urge your support."

Speaker Lechowicz: "Is there anyone in opposition? The Gentleman from Cook, Mr. Getty."

Getty: "Well, Mr. Speaker, I'd like to ask some questions. I don't know. I think maybe this is a Bill that might require a little bit longer debate and I'd ask to have some people join me in moving this from Short Debate to long debate."

Speaker Lechowicz: "The Gentleman's request is granted."

Getty: "First of all, I think it's necessary here to clear legislative intent and I'd ask Representative, is it your intent in any way to affect or limit by this Act the existing Acts relative to intergovernmental cooperation?"

Macdonald: "Not in any way, Sir."

Getty: "So, by setting forth the specific powers here, by expressing them here, you are not in any way intending to limit any ability of any other governmental unit to enter into intergovernmental cooperation? agreements?"

Macdonald: "Not at all..."

Getty: "All right..."

Macdonald: "And it was.. it was discussed in Committee and we had witnesses, attorneys: there were there and discussed and answered questions on the Bill."

Getty: "Fine. That clears up the first problem. The second problem and I direct your attention to line 20, in the Bill, where it refers to the issuance of bonds. And I would ask if you would explain what type of bonds. Are you referring to revenue? Are you referring to general obligation bonds? And, by what method would repayment be had and finally, there is no reference here to a referendum. How would that be handled? That's four questions. If you want me to repeat them, I'll be happy to."

Macdonald: "Well, let's take them one at a time, if you will. First of all, what kind of bonds would be issued; and it is my understanding that they would be obligation bonds. They would be.. Well, they would be.. I don't think it is limited. I think it will be whatever kinds of

bonds will be needed to be sold as agreed to by the joint action municipalities that joined together for such purposes."

Getty: "Well, would you explain then how you could possibly underwrite that sort of a bond where you haven't said in the implementing legislation whether it's to be a general obligation bond?"

Macdonald: "Well, this language was prepared by 'Eishen, Lincoln and Beal', for the Northwest Municipal Conference and for the Venture operation and I was not that.. That question did not come up and I.. I think that they felt that it was not necessary under the by-laws that the .. have been established by the eight municipalities that have gathered together and what their individual obligations will be."

Getty: "Well, you referred to testimony in your Committee. Was one... Was there anyone there who was bond counsel?"

Macdonald: "Yes."

Getty: "And did they give an opinion as to how these bonds would be sold because I fail to see how there would be full faith in credit."

Macdonald: "Well, that particular issue was not addressed in Committee, but the Council was there to answer any questions and the Committee apparently did not feel it was necessary to bring it up."

Getty: "Well, what method would you use to repay these bonds?"

Macdonald: "There is an agreed obligation by the participating municipalities to take part in their repayment of these bonds and it is an intergovernmental agreement among the municipalities involved."

Getty: "Finally, these bonds are to be issued without the necessity of any referendum at all. Is that correct?"

Macdonald: "That is correct. "

Getty: "Well, Mr. Speaker, Members of the House, I'd like to address the Bill."

Speaker Lechowicz: "Please proceed."

Getty: "I don't oppose the basic idea of what the Lady wants to do. With the clarifications she made in the first instance, that this would not in any way limit other intergovernmental cooperations. I do, however, think that this House would go far afield if we were to permit the issuance of bonds without referendum and without stating whether they were to be revenue or general obligation bonds and also providing for a method of repayment. Therefore, at this time, I would vote 'present', and hope that it would not pass and that these things could be addressed by an Amendment."

Speaker Lechowicz: "The Gentleman from Macon, Mr. Borchers. I'll get back to you."

Borchers: "Mr. Speaker, fellow Members of the House, some of my questions have just been answered. But the referendum part was what I was particularly interested in. Now there's one or two questions I was curious as to the referendum. Since there is no referendum, doesn't it.. How.. Shouldn't there be some sort of Amendment added to this providing for the referendum? And, making some sort of agreement that.. as to the various areas involved, the political areas involved? Would have to have a referendum succeed in each of the political entities involved before such bonds could be issued? I think something should be done along these lines myself. Another thing, just one question of the Sponsor if you don't mind. What... This is.. This does not go in the direction of regional government. Does it or not, Representative?"

Macdonald; "I didn't get your question..."

Borchers: "Regional government, this is not a step in the direction of regional government?"

Macdonald: "No, it is not."

Borchers: "Well, I do think.."

Macdonald: "And in answer to the bonding authority, the individual municipalities already have that right without referendum to issue bonds and this only extends to their intergovernmental agency, or interaction agency, the same rights that they have as municipalities. So, that I don't think it's unprecedented.."

Borchers: "Is that because it's under home rule powers? Is that why they have the right?"

Macdonald: "Yes.."

Borchers: "To issue the bonds without referendum? Is that the reason?"

Macdonald: "Some of them are home rule municipalities. I believe all of them in Venture are home rule munic..."

Borchers: "Well, suppose some of them are not home rule entities."

Macdonald: "Well, I.. I'm not sure that the municipalities wouldn't have that right even without home rule powers."

Borchers: "Well, it looks to me that if some are not home rule entities, that you should look into that matter. I don't disagree with what you're trying to do, I'm just questioning the procedure here and what is legal and what is not. I'm not sure it would be Constitutional in relation to non-home rule units." That was all I wanted to ask.. say and mention anyway."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Conti."

Conti: "Mr. Speaker and Ladies and Gentlemen of the House, I rise in support of this Bill. This is a very innocuous Bill. We're not talking about a rural area where the taxpayers are going to be gouged with a tremendous sale of revenue bonds. And if I'm not mistaken, Venture eventually will go into a revenue bond and all this is is a clarification for Chapman and Cutler to give a legal opinion to sell these revenue bonds. And we're not talking about a rural area; we're talking about, Virginia you can correct me if I'm wrong- There's over 85 million square feet of industrial space in this Venture area.

And this is a.. They're in dire need of Chicago water. They're in dire need of water because the water table has been so low in that particular area. There's been several organizations- 'Damp' was one of the first ones that started- They've been needing the Chicago waters now for the last 20 years. They've been talking about it. This piece of legislation, all it does is clarify for Chapman and Cutler to give a legal opinion and I'm sure that it's going to be backed more than adequate by the 85 million square feet of industrial space in that particular area. It's an innocuous Bill to us and to the State of Illinois, but it's very, very important for the growth and the development of the northwest part of Chicago. I urge your vote on this."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Epton."

Epton: "Well, thank you, Mr. Speaker, Ladies and Gentlemen of the House, I think the question raised by Representative Getty was a most proper one. Inadvertently perhaps, he failed to understand the response. The fact remains this Bill does not give any general authority, bonding authority to any of the municipalities... any general obligation bonds. They presently have that right now. They must go through a referendum to issue a tax and in the event they are not home rule municipalities. Therefore, as my colleague, Representative Conti, stated this will not affect anything other than allowing them to satisfy the requirements, the requests of an individual bonding company. No tax can be laid upon any other than home rule without a referendum."

Speaker Lechowicz: "The Lady from Cook, Mrs. Macdonald, to close."

Macdonald: "There is no taxing powers in this particular Bill. They can issue the bonds. The municipalities they represent have that power now and this merely extends to the interaction agency that they have agreed to support

collectively to give.. to extend those same powers to them. This is a simple Bill. It is a clarification so that they may under the Constitution not have to go to court, but use legislative action through this Bill to do what we had thought at the Constitutional Convention we were allowing by intergovernmental cooperation. That's all this Bill does, is to allow intergovernmental cooperation and I would urge your support of the passage of this Bill."

Speaker Lechowicz: "The question is, 'Shall House Bill 3385 pass?' All in favor vote 'aye'; all opposed vote 'no'. The Gentleman from Will, Mr. Davis, to explain his vote. One minute."

Davis: "Thank you, Mr. Speaker. Having cleared up the misunderstanding on g.o. and revenue bonds, I would if this Bill seems to not be able to get the necessary Majority, I would hope that Representative Getty would be allowed to violate the rules and explain his vote and I see it's got enough, so I'll shut up."

Speaker Lechowicz: "Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there's 121 'ayes', no 'nays', eight recorded as 'present'. This Bill, having received the Constitutional Majority, is hereby declared passed. The Gentleman from DuPage, Mr. Schneider, for what purpose do you seek recognition?"

Schneider: "Thank you, Mr. Speaker. This is a rare opportunity for me to violate the rules. But up in the gallery is...."

Speaker Lechowicz: "Mr. Schneider please."

Schneider: "Girl Scout Troupe from Glen Ellen and Wheaton. It's Girl Scout Troupe 740.. 734, sorry. And they are from Wheaton and Glen Ellen, Schneider, Hudson, and Dyer."

Speaker Lechowicz: "Welcome to Springfield. The Gentleman from Cook, Mr. Kosinski, for what purpose do you seek recognition?"

Kosinski: "Purpose of an announcement, Mr. Speaker."

Speaker Lechowicz: "Please proceed, Sir."

Kosinski: "I have been asked to remind the General Assembly that the infamous Grid Iron Dinner roast is next Tuesday, the day we return. With its closeness it would be well to order your tickets today for two reasons. First, we won't be here Monday to get them and second, the Committee has the same problem we've all faced in our fundraisers. They must tell the hotel Monday how many dinners to prepare. For newcomers who have never attended a roast such as this, I warn you, you'll cringe at times. Some of the skits will make you want to dive under your table, but I also tell you you'll laugh and laugh and laugh. Get your tickets ordered and reserved today."

Speaker Lechowicz: "On the Calendar on page eight on Second Reading appears House Bill 3427."

Clerk Leone: "House Bill 3427, a Bill for an Act to amend the Civil Administrative Code of Illinois. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Lechowicz: "Any motions?"

Clerk Leone: "No motions filed."

Speaker Lechowicz: "Any Amendments from the floor?"

Clerk Leone: "Floor Amendment #2, Willer, amends House Bill 3427 as amended on page one, line 30 by changing 'approved' to 'review'."

Speaker Lechowicz: "Who's Amendment is this Tony? The Lady from Cook, Mrs. Willer."

Willer: "Yes, Mr. Speaker, I wish to have leave to table that Amendment."

Speaker Lechowicz: "The Lady withdraws the Amendment. Any objections? Hearing none, the Amendment's withdrawn. Any further Amendments?"

Clerk Leone: "No further Amendments."

Speaker Lechowicz: "Third Reading. Back on page 11, House Bills Third Reading appears House Bill 536. Out of the record,

request of the Sponsor. House Bill 560. Out of the record. 585, Mr. Pechous? Out of the record. 697, Mr. Davis? Out of the record. 1340, Mr. Meyer? Out of the record. 1414, Mr. Marovitz? Out of the record. 1490, Mr. Friedrich? "

Clerk Leone: "House Bill 1490, a Bill for an Act to amend the Inheritance and Transfer Tax law. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Marion, Mr. Friedrich."

Friedrich: "Mr. Speaker, this is a Bill that's been worked over by the Subcommittee of Judiciary and I think at this point there's no objection to it. It.. Do not be deceived by what your Digest said, because originally it took the county treasurers out of it and a bunch of other things. And now it's kind of a clean up Bill that's been worked with the Attorney General's Office and the Judiciary Committee. It closes some loopholes in the Inheritance Tax law and I'd be glad to answer any questions. As far as I know it's not controversial. Representative Getty was Chairman of that Committee."

Speaker Lechowicz: "Is there anyone in opposition? The question is, 'Shall House Bill 1490 pass?' All in favor vote 'aye'; all opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there's 122 'ayes', no 'nays', none recorded as 'present'. This Bill, having received the Constitutional Majority, is hereby declared passed. House Bill 1534, Mr. Schneider? Out of the record. It's the intent of the Chair to see if there's anybody that wants to have their Bills called back from Third to Second for the purpose of Amendments. Then we'll proceed to adjourn for the day. On that question, appears House Bill 2341. On page 11 of the Calendar, the Gentleman from Sangamon, Mr. Kane, requests leave of the House to bring the Bill back from Third to Second for the purpose

of an Amendment. Any objections? Hearing none, 2341 is on Second Reading. "

Clerk Leone: "Amendment #2, Kane, amends House Bill 2341 on page one, line one.."

Speaker Lechowicz: "Correct the Board, Tony. It's Amendment #2, isn't it? What is it? Amendment #1? The Gentleman from Sangamon, Mr. Kane."

Kane: "Mr. Speaker, I'd like to table Amendment .. No. I just.. Amendment #2 cleans up a technical error and was pointed out by Representative Getty. And I'd ask for the adoption of Amendment #2."

Speaker Lechowicz: "The Gentleman moves the adoption of Amendment #2. Any discussion? The question is whether Amendment #2 is adopted. All in favor signify by saying 'aye'; 'aye'; opposed 'no'. The Amendment #2 is adopted. Any further Amendments?"

Clerk Leone: "No further Amendments."

Speaker Lechowicz: "Third Reading. On page 15 appears House Bill 3246. Mr. Keane asks leave of the House to bring the Bill back from Third to Second for the purpose of an Amendment. Any objections? Hearing none, Second Reading."

Clerk Leone: "Amendment #1, Keane, amends House Bill 3246 on page..."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Keane, on Amendment.. You say Amendment #1, Tony?"

Clerk Leone: "Amendment #1."

Speaker Lechowicz: "On Amendment #1."

Keane: "I would like to table Amendment #1 I've submitted.."

Speaker Lechowicz: "The Gentleman withdraws Amendment #1. Any further Amendments?"

Clerk Leone: "Amendment #2.."

Speaker Lechowicz: "OH, I'm sorry. Was that adopted in Committee?"

Keane: "No."

Speaker Lechowicz: "You can withdraw it. All right. Any further Amendments?"

Clerk Leone: "Amendment #2, Keane, amends House Bill 3246 on page..."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Keane."

Keane: "Yes, this is an Auditor General Amendment to the Bill which provides that adequate audit ..... be left and I would urge your favorable approval."

Speaker Lechowicz: "Any discussion? The question is, 'Shall Amendment #2 be adopted?' All in favor signify by saying 'aye', 'aye'; opposed 'no'. Amendment #2 is adopted. Any further Amendments?"

Clerk Leone: "No further Amendments."

Speaker Lechowicz: "Third Reading. Also, on Second Reading appears House Bill 1180."

Clerk Leone: "House Bill 1180, a Bill for an Act to amend the Public Utilities Act. Second Reading of the Bill. Amendments #1 and 2 were adopted in Committee."

Speaker Lechowicz: "Any motions?"

Clerk Leone: "No motions filed."

Speaker Lechowicz: "Any Amendments from the floor?"

Clerk Leone: "Floor Amendment #3, Kane-Sharp, amends House Bill..."

Speaker Lechowicz: "The Gentleman from Sangamon, Mr. Kane."

Kane: "Mr. Speaker and Ladies and Gentlemen of the House, this is an Amendment that has been talked over..."

Speaker Lechowicz: "Excuse me. Have the Amendments been distributed?"

Kane: "Yes."

Speaker Lechowicz: "Please proceed, Sir."

Kane: "This is an Amendment that changes some technical language in Amendment #2. It has been talked over by... with both the utilities and with the Commerce Commission and others interested in the Bill. It does not change substantially what was done in the Committee and I'd ask

for the adoption of Amendment #3."

Speaker Lechowicz: "Is there any discussion? The question is, 'Shall Amendment #2 (sic) be adopted?' All in favor signify by saying 'aye', 'aye'; opposed 'no'. Amendment #3 is adopted. Any further Amendments?"...

Clerk Leone: "Amendment #4, Reed, amends House Bill 1180 as amended in the title by deleting, 'and also amending other Acts' and so forth."

Speaker Lechowicz: "The Lady from Lake, Mrs. Reed. The Lady's not on the floor. Mr. Kane? What do you desire?"

Kane: "Was there another Amendment filed?"

Speaker Lechowicz: "Amendment #4, by Mrs. Reed and she's not on the floor."

Kane: "I'd ask to move it to Third. I'll talk with her later if she wants to move it back.."

Speaker Lechowicz: "Fine. Withdraw the Amendment. Any further Amendments?"

Clerk Leone: "No further Amendments."

Speaker Lechowicz: "Third Reading. Also on page 15 of the Calendar appears House Bill 3219. The Lady from Cook, Mrs. Hallstrom, asks leave of the House to bring the Bill back from Third to Second for the purpose of an Amendment. Hearing no objections, 3219 is on Second Reading. Mrs. Hallstrom. There are no Floor Amendments here Ma'am."

Hallstrom: "Pardon Sir?"

Speaker Lechowicz: "There are no Floor Amendments."

Hallstrom: "No, I just filed an Amendment an hour ago."

Speaker Lechowicz: "Well, it's not ready yet, Ma'am. We'll just leave it on Second Reading."

Hallstrom: "Fine. Thank you."

Speaker Lechowicz: "Any announcements? The Gentleman from Cook, Mr. Peters, for an announcement? Clerk, read the adjournment Resolution."

Clerk O'Brien: "A message from the Senate by Mr. Wright, Secretary; Mr. Speaker, I'm directed to inform the House

of Representatives, the Senate has adopted the following Senate Joint Resolution and the adoption of which I'm instructed to ask concurrence of the House of Representatives, to wit; Senate Joint Resolution #100; Resolved by the Senate of the Eighty-First General Assembly of the State of Illinois, the House of Representatives concurring herein, when both Houses adjourn on Friday, May 9th, 1980, they stand adjourned until Tuesday, May 13th, 1980 at twelve o'clock noon."

Speaker Lechowicz: "Mr. Bradley moves the adoption of the adjournment Resolution that the House stand adjourned today till twelve noon Tuesday. All in favor signify by saying 'aye', 'aye'; opposed. The House stands adjourned till noon Tuesday."
