

Doorkeeper: "All persons not entitled to the House floor, please retire to the gallery."

Speaker Lechowicz: "The House will come to order. Members be in their seats. We will be lead in prayer by the Chaplain, Father Krueger."

Krueger: "In the name of the Father, the Son, and the Holy Ghost. Amen.  
O Lord, bless this House to They service this day. Amen. There is a Russian Proverb that reads:

Men are born with two eyes and one tongue that  
they may see twice as much as they say.

Let us pray. Almighty Father, the eternal and everlasting God, Who alone is the provider for the needs of all mankind, we thank Thee for the abundance with which we have been blessed. In our labours as Members of this House of Representatives, we ask Thee to be and so to guide our actions and intentions that we seek first a deep insight and firm foundation for all the legislation we must consider and for which we must make a decision, let us be slow to speak, swift to hear, that our conclusions may be made most judiciously for the establishment of good government, that which is well pleasing to Thee and for favorable benefit to the citizens of the State of Illinois; through Jesus Christ, our Lord. Amen."

Speaker Lechowicz: "The Pledge of Allegiance, Representative Walsh."

Walsh: "I Pledge Allegiance to the Flag of the United States of America.  
And to the Republic, for which it stands, one Nation, under God,  
indivisible, with Liberty and Justice for All."

Speaker Lechowicz: "The Gentleman from Winnebago, Mr. Giorgi, on Agreed Resolutions."

Clerk O'Brien: "House Resolution 277, Simms. 280, DiPrima. and 281, Boucek."

Speaker Lechowicz: "Representative Giorgi."

Giorgi: "Mr. Speaker, House Resolution 277 by Simms and Giorgi honors Daniel Vole, a scholarship winner. 280 by DiPrima Sergeant Alban, 281 by Boucek a Ms. Christine Marie Friveletti I move for the adoption of the Agreed Resolutions."

Speaker Lechowicz: "The Gentleman has moved for the adoption of the Agreed Resolution. All in favor signify by saying 'aye', 'aye'; all opposed. Agreed Resolutions are adopted. Further Resolutions."

Clerk O'Brien: "House Resolution 278, Skinner, and 279, Pechous."

Speaker Lechowicz: "Committee on assignment. The Gentleman from McHenry, Mr. Skinner, for what purpose do you seek recognition?"

Skinner: "Mr. Speaker, I think I need leave to withdraw that Resolution for another week. It is a Resolution which I mistakenly introduced because I thought the Committee on Government Reorganization had made a recommendation on the Governor's Executive Order. That is a Resolution, isn't it, Mr. Clerk? Yeah, and it is according to the House Rules it is not allowed to introduce, a Member is not allowed to introduce a Resolution which comments negatively on an Executive Order until the Committee on Government Reorganization has reported. So, I would ask leave to withdraw that Resolution and indeed renumber the other if mine is after his."

Speaker Lechowicz: "The Gentleman requests leave of the House to withdraw his Resolution."

Skinner: "Thank you."

Speaker Lechowicz: "Mr. Skinner, if it would be, meet with your approval, it would easier if they Tabled it because it's

already been numbered. No? Alright. Fine. The Gentleman asks leave to withdraw the Resolution. Hearing no objections, the Resolution is withdrawn. On the Calendar on page 3, is House Bills Second Reading, Short Debate Calendar, appears House Bill 11."

Speaker Lechowicz: "Any Amendments from the floor?"

Clerk O'Brien: "Amendment #1, Getty, Amends House Bill 11 on page one, line 21 after the word 'regulations.'"

Speaker Lechowicz: "So, Mr. Daniels, this is your Bill. There's an Amendment being offered by Mr. Getty. The Gentleman from Cook, Mr. Getty. Amendment #1. Mr. Getty please."

Getty: "Just a... Alright. Mr. Speaker , just on a technical point first. It indicates Amendment #2. I take that, that's an error, Mr. Clerk?"

Speaker Lechowicz: "Jack, the question is that it indicates Amendment #2 and he wants to know if it's in error or not. The Calendar doesn't show that the Bill was Amended in Committee so we'll have to check it. You have a Committee Amendment there?"

Getty: "No, the Bill, the Amendment we submitted we thought was Amendment 1, but it appears to have on the face of it as distributed a 2."

Speaker Lechowicz: "Ok. The Clerk asks that we give him leave to change it to Amendment number.... renumber it to Amendment #1. It should be number 1. Leave being granted kindly change your Amendment to read from 2 to 1. Please proceed on Amendment #1, Mr. Getty."

Getty: "I don't know if it's the pleasure of Mr. Daniels to.."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Barnes."

Barnes: "Mr. Speaker, and Members of the House, I withdraw that motion to Table. My friends got one anyway and I was trying to keep them out of the ball game. "

Speaker Lechowicz: "The Gentleman withdraws his motion. Any further Amendments? Excuse me, you are on the motion? Alright, the Gentleman from McHenry."

O'Brien: "The motion to Table Amendment #1 by Representative Skinner."

Speaker Lechowicz: "Now, the Gentleman from McHenry, Mr. Skinner. On the motion to Table Amendment #1."

Skinner: "Yes, Mr. Skinner. Er, I'm Mr. Skinner. Excuse me. If I, If I sound like the cat that's about to swallow the canary, it's because that's what I'm trying to pull off. There is only one Bill now on the House Calendar that Amends the Regional Transportation Authority Act. This is that Bill. Unfortunately, my joint Sponsor, Representative Barnes, has received a prominent appointment on the Chicago Transit Authority Board since the Bill made the House Calendar."

Speaker Lechowicz: "We're all very pleased with that appointment, as well, I'm sure."

Skinner: "We're all very pleased with that appointment. And we wish he had left last week so that there would not be another joint Sponsor running around on this Bill. In Com-

mittee, those sneaky Majority Members Amended this Bill to delete the title of the Regional Transportation Authority Act and so I would like to Table the Amendment that deletes the title. The reasons for tabling it are two-fold. Number one, it is nongermane to the Bill. The Bill would have amended the Regional Transportation Authority to gather statistics on crime for the metropolitan area covered by the Regional Transportation Authority. We have, we have in the Amendment the mandate to the Chicago Transit Authority to maintain, to gather statistics just for the Chicago Transit Authority. Now either we are for regional transportation or we are not for regional transportation. And it appears to me that the Majority of this Committee and this Committee Amendment are trying to have it both ways. I would urge you not to allow them to have it both ways. The second reason you should vote for my Amendment to Table besides its lack of germaneness, is that there is absolutely no Bill on the House Calendar which addresses the topic of the Regional Transportation Authority. Now, that is an issue which cannot be submerged in this General Assembly, will not be submerged in this General Assembly, and shall not be submerged in this General Assembly if a Majority of you will join me in supporting this motion. Now it particularly asks those people that were astounded to see the Amendment placed on Representative Marovitz's Bill yesterday...."

Speaker Lechowicz: "... Excuse me, Mr. Skinner. Will the Parliamentarian kindly return to the Speaker's rostrum? Thank you."

Skinner: "Yes, I'm going to need him after this motion if it fails."

Speaker Lechowicz: "Well, why don't we just take this Bill out of the record temporarily till he does get back, he'll get back to it when he's here."

Skinner: "Fine."

Speaker Lechowicz: "Thank you. House Bill 1801 is taken out of

record temporarily. House Bill 1828."

Clerk O'Brien : "House Bill 1828, a Bill for an Act to Amend Sections of the Illinois Marriage and Dissolution of Marriage Act. Second Reading of the Bill. No Committee Amendments."

Speaker Lechowicz: "Any Amendments from the floor?"

Clerk O'Brien: "None."

Speaker Lechowicz: "Third Reading. House Bill 1830."

Clerk O'Brien: "House Bill 1830, a Bill for an Act to Amend Sections of the Illinois Marriage and Dissolution of Marriage Act. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Lechowicz: "Any Amendments from the floor?"

Clerk O'Brien: "Amendment # 1, Macdonald, Amends House Bill 1919 on page 4, by deleting lines 8-11 and so forth."

Speaker Lechowicz: "The Lady from Cook, Mrs. Macdonald."

Macdonald : "Thank you, Mr. Speaker. This Amendment simply was a compromise Amendment that tightened up the language of defining hazardous hospital waste from the way we originally had it in the Bill and it now satisfies both Dr. Francis in the Department of Public Health and the Environmental

Protection Agency. I ask for your passage of this Amendment."

Speaker Lechowicz: "Ma'am.. Could we have a little order in the chamber, please? Could we have a little order in the chamber? Would the Lady be so kind and repeat the explanation of Amendment #1?"

Macdonald: "Thank you. Amendment #1 Amends House Bill 1919 which standardizes the disposal of hospital waste and the definition of hazard of hospital waste was tightened up in the language. Originally the Department of Health, and the EPA had some problems with the broad definition that we had in the Bill. We have worked with them and both of them are now satisfied with the Amendment as it is today. So I ask for your approval of this Bill."

Speaker Lechowicz: "Is there any discussion on Amendment #1? All in favor vote, signify by saying 'aye', 'aye'; opposed? Amendment #1 is adopted. Any further Amendments?"

Clerk O'Brien: "Floor Amendment #2, Catania, Amends House Bill ... no further Amendments."

Speaker Lechowicz: "The Gentleman from Rock Island, Mr. Polk, what purpose do you seek recognition?"

Polk: "Ah, Mr. Speaker, could we excuse Representative Oblinger? She is ill today."

Speaker Lechowicz: "Will the record indicate Representative Oblinger is excused because of illness. Are there any other excused absences? How about Mr. Conti, who was, from what I understand, has a bleeding ulcer and was taken to the hospital this morning? I guess he's coming back. Would the record also indicate that Representative Conti is excused because of illness? Would the record indicate that Representative Kulás is excused because of the death of his Dad this morning? Speaker Lechowicz: "Any motions?"

Clerk O'Brien: "No motions filed."

Speaker Lechowicz: "Any Amendments from the floor?"

Clerk O'Brien: "No Floor Amendments."

Speaker Lechowicz: "Third Reading. On the Calendar with....  
The Gentleman from Cook, Mr. Collins."

Collins: "Mr. Speaker, earlier you by-passed House Bill 153 because the Fiscal Note had not been filed. It was my understanding that the request had been withdrawn. I was in error and I have now filed a Fiscal Note and I wonder if we could pick that one up."

Speaker Lechowicz: "House Bill 153, Phil?"

Collins: "Yes."

Speaker Lechowicz: "On Short or Long Debate?"

Collins: "It's on Long Debate. It's on page 6 of the Calendar."

Speaker Lechowicz: "Ok. I thought you misread it. The Clerk misread House Bill 2769. So, we'll get to you in one second. On House Bills, Second Reading, appears House Bill 2769. Clerk will read the Bill."

Clerk O'Brien: "House Bill 2769, a Bill for an Act to Amend Sections of an Act in relation to state finance. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Lechowicz: "Any motions?"

Clerk O'Brien: "No motions filed."

Speaker Lechowicz: "Any Amendment from the floor?"

Clerk O'Brien: "No Floor Amendments."

Speaker Lechowicz: "Third Reading. Now, Mr. Collins, on House Bills Second Reading, appears House Bill 153. 153. Clerk will read the Bill."

Clerk O'Brien: "House Bill 153, a Bill for an Act to exempt certain Occupation Use Taxes, tangible personal purchase for use by any not-for-profit organization. Reading of the Bill. Amendment #1 read a second time previously. Amendment adopted in Committee."

Speaker Lechowicz: "Any motions?"

Clerk O'Brien: "No motions filed."

Speaker Lechowicz: "Any Amendment?"

Clerk O'Brien: "No Floor Amendments."

Speaker Lechowicz: "Fiscal Note?"

Clerk O'Brien: "Fiscal Note is filed."

Speaker Lechowicz: "Third Reading. Also on the Calendar on page 12, a similar request by Representative Dave Jones. On House Bill 1993."

Jones: "Mr. Speaker..."

Speaker Lechowicz : "Wait a minute. Let the Clerk read the Bill."

Clerk O'Brien: "House Bill 1993, a Bill for an Act authorizing the Department of Conservation to purchase property in Athens, Illinois. Second Reading of the Bill. No Committee Amendment."

Speaker Lechowicz: "Any Amendments from the floor?"

Clerk O'Brien: "None."

Speaker Lechowicz: "Third Reading. Here's the note on it, Jack. On page 16 of the Calendar."

Speaker Lechowicz: "Mr. Barnes, do you want to proceed with your Bill which we took out of the record. If the Parliamentarian is within hearing. Would you come up here David. What was the Bill number Gene?"

Barnes: "1801 Mr. Speaker."

Speaker Lechowicz: "1801. And that was on short debate I believe."

Barnes: "On short debate."

Speaker Lechowicz: "Alright. On page four of the Calendar appeared House Bill 1801. It was taken out of the record so the Parliamentarian could be up here to answer or to advise the chair on a proper ruling. House Bill 1801. Page four."

Clerk O'Brien: "House Bill 1801. A Bill for an Act to amend sections of the Regional Transportation Authority Act. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Lechowicz: "And there was a motion that was, I believe, offered by Barnes then withdrawn and a subsequent motion by Skinner to table amendment #1. Is Mr. Skinner on the floor? OK. It's up to Barnes whether he wants to have the Bill taken... He has to have the Bill called. Mr. Skinner on your motion."

Skinner: "Yes Mr. Speaker. Now that we've taken the telephone call off hold, this... I was arguing that we should table the amendment which is a blantant effort to make certain that no Bill is on the House Calendar which amends the Regional Transportation Authority Act. We cannot submerge this issue. It is too important to allow the Chicago dominated Transportation Committee to stonewall and what I'm suggesting is that on the face of it the Amendment does not make sense. We have a Regional Transportation Authority covering six counties. The original bill made sense. It asked that the RTA correct, collect statistics on crime. The Amendment asked that the CTA collect statistics on crime. Now that's suggest-

ing that there's no crime outside of the area the CTA covers or else we don't care about the crime out there. So I would contend that the Amendment is illogical number one, and number two; that the Bill should continue to amend the RTA Act if only because this is the only vehicle on the House floor to which I can get a Roll Call on whether or not to abolish the RTA gas tax, an Amendment I have filed and will be considered subsequently. And being a sponsor of the Bill, I ask for the tabling of the Amendment."

Speaker Lechowicz: "Gentleman from Cook, Mr. Barnes."

Barnes: "Well thank you very much Mr. Speaker. Well Mr.

Speaker and Members of the House and I hope all of the Members of the House will listen very closely to this because it is a very serious matter. What we have before you is a motion to table an Amendment of which that Amendment, of which that Amendment is in fact the Bill. So what you have before you is one Member of this House attempting to, in fact, introduce his Bill by a motion. That's, in fact, what you have before you. Because the Amendment that this Member of the House has opened a motion to table is in fact, and I hope you listen very carefully, is in fact the Bill. That is the Bill. The Amendment that he's offering to table. So this Member of the House is trying in a very, very roundabout back door way to introduce his Bill, not by Amendment, but to introduce his Bill by motion. Now it seemed to me Mr. Speaker and Members of the House that there are many avenues for all of us to offer our proposals in a very straight-forward way, including the route of offering Bills. I would, I would ask the Members of the House, I'm opposing this motion, and I would ask the Members of the House to consider that in the case of the content, of the content of this Amendment. We had a subcommittee hearing and it was pointed out to us the very serious question relative to the crime situ-

attention on the CTA of that mass-transit system that is covered by the Chicago Transit Authority. But even beyond that, and it was pointed out to me during the Committee hearing and after the drafting, not so much during the Committee hearing. But after the drafting of this Bill, in the form that it is now, is that there was not, there was not and I emphasize, there was not a crime problem in the RTA area. This Bill only deals with the crime situation on mass-transit. Now it was pointed out to me by those Gentlemen that represent the RTA region, that no such crime problem existed. So what I did in attempting to meet the suggestions by many people that's concerned about this whole matter, was to amend my Bill so that it directs itself at the specific problem that we were attempting to get at. And that problem as was pointed out to us, verified and documented in the subcommittee on Mass-Transportation, was the very serious problem of crime on the CTA. Amendment #1 addresses that problem specifically and directed toward the CTA weather problem has been pointed out to us exists. So I would urge the Members of the House to vote no on this motion to table for two reasons if no more. One, number one paramount, the Amendment that you're seeking to table is in fact the Bill that addresses itself to the serious situation of crime on the CTA; and number two, if the Gentleman wishes to introduce a Bill or wishes to have a vehicle to attack problem within the region that he's addressing his self to he should do that in a formal way, not to introduce his Bill. And that's what he's trying to do. Introduce his Bill by a motion. I would urge all of you, all of you Members of the House on both side of the aisle to respect as we all do, respect each individual Members right to have his Bill or Bill that he or she introduces directed at the problem at which they intended to be and in the shape that they, they themselves intend that Bill

to be."

Speaker Lechowicz: "May I remind the House that the question is on the question to table the Committee Amendment #1. And it's not on the Bill itself. The gentleman... and when there is debate on this question. Gentleman from Lake, Mr. Deuster."

Deuster: "Well yes Mr. Speaker and Ladies and Gentlemen of the House. If everyone will look at the Digest on page 1120, you'll see that House Bill 1801 was introduced by the distinguished Gentleman, Representative Barnes who just spoke and Representative Skinner is joint hyphenated Cosponsor and it had its first reading on April 5 and that Bill that Representative Barnes introduced joined by Skinner, Beatty, Kożubowski, and Kucharski, amends the Regional Transportation Act. And so what Representative Skinner is trying to do here is not to be roundabout at all, but to go right back to what Representative Barnes wanted in the first place. And that is to amend the Regional Transportation Authority Act to have a study on crime and the whole regional area served by the RTA. I think that we can all conclude what happened is that when this Bill got in the Transportation Committee some of the Members had some second thoughts and said, 'Wo, we don't dare send an RTA Bill out on the House floor cause that might give an opportunity for the will of the House to be expressed on such controversial subjects as the gas tax and the composition of that board. So I think if we support Representative Skinner we are really supporting Representative Barnes what he has in his heart and what he had in his heart when he introduced this Bill. And so I think, although he has felt compelled to oppose this, that if you support Representative Skinner and put this Bill back to what it was in the first place and to quit this... stop this charade that took place in the Transportation Committee. You support Skinner and we'll

have an RTA Bill and then the will of this House, all Members from all parts of the state can consider Amendments up or down on what the Bill was in the first place. I would urge support for Representative Skinner's very good proposal."

Speaker Lechowicz: "Gentleman from Cook, Mr. Beatty."

Beatty: "Mr. Speaker, Members of the House. We have an Amendment here that was considered by a Committee and that Amendment has a... a Committee, incidently, at which the man making the motion is a member and that Committee voted 20 to 0 to adopt this Amendment. Now many, most of the time here in the House Committee action is proper and I think when you get a 20 to 0 vote you should feel that it is. And I do feel that it is. I think that if the Sponsor in fact was opposed to this he should have registered some opposition in Committee. There was no opposition. The amendment is a good one and I feel that we should sustain that Amendment and keep it right where it is."

Speaker Lechowicz: "Gentleman from Macon, Mr. Borchers."

Borchers: "Mr. Speaker and fellow Members of the House.

I'm a downstate Legislator. I would be happy to have an RTA Bill on the floor of the House in any form, because I can tell you from my district since it's been advertised all over, the 51st district, the people I've talked to resent the idea of one being alone. The \$2.27 cents of every dollar they pay into, for their license plates. \$2.27 goes to the RTA to support the RTA in Chicago. Now we don't like it. As far as I'm, my district is concerned, I think we should have such a Bill that we can make our expression felt upon this matter."

Speaker Lechowicz: "The question is... Mr. Skinner to close.

The question is shall the House... the Gentleman from Will, Mr. Leinenweber on this question."

Leinenweber: "Yeah, I haven't heard anybody move the previous

question. I would like to address the motion which I understand is fully debatable. Now the point has been made and I can commiserate a little bit with the Sponsor, chief Sponsor of this Bill that normally it's nice and polite to permit a Sponsor of a Bill to keep the Bill or put the Bill in the form that he wants it when he's going to present it to the House on Third Reading or at least on Second Reading. But of course the rules provide otherwise that once a Bill is out here on the floor, then the will of the majority of this House is what should and will resolve. Now, unfortunately, the Committee that this Bill came out of has never in the life of the Regional Transportation Authority permitted the Bill out on the floor of this House which would be subject to the Amendment process no matter how meritorious or how insignificant a Bill might be. The will of the House has been thwarted time and again by this Committee which has been stacked ever since 1975, has been stacked totally against those in the outer county and suburban area of the State of Cook County and the State of Illinois. This is why, this is the only chance, and maybe the only chance that the Members of the Legislature from the suburban outer-county area will have to address many of the problems which their constituents face because of the RTA. And I certainly urge that each and every Member of this House, particularly all of those who reside in suburban Cook or the outer counties in the other 101 counties of this state, that they vote for this motion to strike Amendment #1 so that we can proceed in an orderly manner to consider the issues on the floor of this House concerning the RTA."

Speaker Lechowicz: "Gentleman from Lake, Mr. Griesheimer."

Griesheimer: "Thank you Mr. Speaker. I'd like to also add my support for this motion. In all difference to the very fine, newly appointed head of the CTA in Chicago,

I can well appreciate that he is doing the job that he has to do. But those of us that live in the outlying counties are suffering under the yolk of the RTA's continuing mismanagement of funds and poor service, almost non-existing service. But I think of all the comments of all the people that have risen on this motion, the one that should have been listened to most strongly are those of Representative Borchers. Keep in mind that everyone of you that live out of the six county metropolitan Chicago area are supporting the spin-thrift habits of the RTA. Your money from your license plates are going up there to allow them to run empty buses day and night through Waukegan, through north Chicago, through Graze Lake and all through the other counties around the city of Chicago. Now there's no question that the CTA is something drastically needed in the city and I'm certain that Representative Barnes will shake that operaton up and make it a fine one. But the only thing that we can do with the RTA is to get rid of it. The only way we can approach that problem is through this Bill and I think we should be given the right to have this Bill in the shape that it was originally filed in so that if there needs to be an Amendment, and God knows we need Amendments to do something with the RTA, we'll have a Bill.

So I would urge you to support this motion."

Speaker Lechowicz: "Gentleman from Will, Mr. Van Duyne."

Van Duyne: "Thank you, thank you Mr. Speaker. In absense of Representative Hanahan I feel I have to get up and say something in defense of my area also. Now in case there are people on this body who think they were kidding or just playing around, I want to tell you quite sincerely that we are not. You know, in 1973 I was on the County Board when this thing was being formed and at that time it left a kind of a bad taste in our mouth because we really couldn't get any real answers to the thing and

then along came the dupe that sort of lollid everybody to sleep when they said that they were going to give us a referendum we thought we were going to get a county by county referendum and it ended up to be a total referendum where, you know, the powers of persuasion lay with the big city and the total population there. We prided in dozens and dozens of different that I was in here to try to get some relief from this oppressive type tax and the only thing we've got so far is the suggestion by the Transportation that we not only keep paying the \$200,000,000 that we're paying now, but they're going to double it with the 1% sales tax. To go along with Representative Griesheimer's comment about the poor service. We not only have poor service wherein they talk about buses but now the RTA has tried to put buses where they really aren't even needed. I live in the east side of Joliet and they are trying to put bus services where there aren't even any people. They run them out into the country and we have to maintain these buses, we have to pay for the fuel of these buses, we have to pay the bus drivers wages, etc... and it's just a heeping insult on injury. It's a very illogical approach. It's time now that our downstater like Weber Borchert, some of the guys down in Kahokia start realizing that they are not sitting by completely on skates either. Even though they don't pay money to this directly that the money that comes out of the General Revenue Fund that goes to the RTA is money that you do not have left in the General Fund to do something in your district. So what we're doing here is trying to do some, well a little bit devious methods...

Speaker Lechowicz: "Mr. Van Duyne. Would you kindly bring your remarks to a close and Mr. Hanahan is not absent."

Van Duyne: "But we are asking you for some help to come up with some logical relief from this thing."

Speaker Lechowicz: "Gentleman from Lake, Mr. Matijevich."

Matijevich: "Mr. Speaker and Ladies and Gentlemen of the House. First of all I want to congratulate Gene Barnes too and I think that was a good choice.

Speaker Lechowicz: "... We'll get to you."

Matijevich: "But in Gene Barnes remark he said that there is no crime problem on any of the transit systems except CTA. Now the logic of the people in my district then they would respond that the reason that there's no crime problem is because the people don't need the bus service. That's what they've been arguing all the time. If that logic is true, then we should not be in the Regional Transportation Authority. That's why there's not that crime problem. Now I want to, I usually speak to this side of the aisle. I want to speak to the other side of the aisle for a change and tell you why you should support Representative Skinner on his motion. Right now, you know there's a few leaders absent from the floor right now, they're in Denver. The Governor's there too on a Legislative Conference with them. Believe me those heads are getting together on some of the decisions that are going to be made in this General Assembly. I think that you should support this motion so that an RTA Bill is on the floor of the House. If you're going to have any one Bill to deal with believe me that'll be the important, most important Bill that you can deal with. You'll have a trade off Bill if nothing else. That's why everybody over on that side of the aisle should support Representative Skinner. We who live in the collar counties ought to support it because we know that we are going to get stuck with a sales tax unless something happens. Nothing can happen unless you support that motion. So I urge you, I plead with you to support Representative Skinner because we've got to get down to the bargaining table and fairly shortly."

Speaker Lechowicz: "Gentleman from Macon, Mr. Borchers  
on a point of personal privilege. His name was mentioned  
in debate."

Borchers: "Mr. Speaker all I have to say is, 'What in heavens  
name is a farmer living near Blue Mound in my district  
got to do and have to pay \$2.27 of his tax money for  
his license plates to the RTA of Chicago and he may  
have never been there in his life?' And that's what's  
happening so all of you downstaters think about it."

Speaker Lechowicz: "Gentleman from Cook, Mr. Piel."

Piel: "Thank you Mr. Speaker. I move to previous question."

Speaker Lechowicz: "Gentleman has moved to previous question.  
All in favor signify by saying 'aye' aye, all oppose.  
Previous question's been moved. Mr Skinner to close."

Skinner: "Mr. Speaker what we have here is not a failure to  
communicate it is an outright refusal to communicate.  
Chicago Democrats today are acting like Nixon Republicans  
during Watergate. You're doing nothing but stonewalling  
on this crucial problem. That won't work. You can't  
supress this issue. If it doesn't pass here it's going  
to pop up someplace else. It's going to keep popping up  
until we make some reasonable compromises on this issue.  
I appeal to you to allow this Bill to be in the shape  
that the Sponsor introduced it in. That's what the  
sponsor said. 'Well I'm the Sponsor, here is the Bill.  
It amends the RTA Act. It doesn't amend the CTA Act.'  
I appeal to you to put the Bill in the shape it was meant  
to be in by the two joint Sponsors, one of which I am.  
You want to abolish the RTA gas tax, here's your chance.  
You vote no on this, you're never going to have another  
vote if the Democrats who are in control of this General  
Assembly have anything to say about it."

Speaker Lechowicz: "The question is shall Amendment #1 be  
tabled on the motion. All in favor vote aye, all oppose  
vote nay. Gentleman from Cook, Mr. Barnes to explain  
his vote."

Barnes: "Mr., Mr. Speaker and Members of the House. To explain my vote and as I indicated from the very beginning, as I indicated from the very beginning, Mr. Speaker, here was a situation that we had worked on very hard and a situation that we were trying to address in a very earnest manner. Now the Gentleman who has filed a motion and apparently his motion seemingly is carrying here, this Gentleman voted on this very Amendment in the Committee in which it was heard. Now Mr. Speaker and Members of the House I can say to you sincerely that the reason for moving this Amendment was to put it in the form to address the serious problem of crime on the CTA. And the only thing I can say to those Members who feel that they need a vehicle to do something that they need addressing that it should be done in a straight-forward manner with their own vehicle. Here was an opportunity for this body to address the serious situation on the mass-transit system. I see that many Members feel that is not the case. That they would prefer to do something in another manner. Mr. Speaker, Members of the House, I shall vote no on this motion. If this motion is adopted and carried Mr. Speaker, I would like to be recognized for the purpose of moving an additional request relative to House Bill 1801."

Speaker Lechowicz: "Gentleman from Cook, Mr. Piel."

Piel: "Thank you..."

Speaker Lechowicz: "To explain his vote."

Piel: "Not to explain my vote, Mr. Speaker, a question from the chair. Is Mr. Redmond in attendance today? I noticed Mr. Redmond... Thank you."

Speaker Lechowicz: "He should be. On this vote. Mr. Van Duyne to explain your vote. It only takes a simple majority."

Van Duyne: "OK. That was my question."

Speaker Lechowicz: "OK. Yes sir. The Gentleman from Cook, Mr. Garmisa to explain his vote."

Garmisa: "Yes Mr. Speaker and Ladies and Gentlemen of the House."

This Bill went out of Committee with a 20 to 0 "do pass" motion. Now if this motion should prevail, that you have in front of you now, you may just as well abolish the whole Committee system. Because then you would take any Bill that comes out of Committee and at anybody's request be able to put on to that Bill, a Bill that he himself would not put through the regular channels of this House. His Bill had not had the public hearings that this Bill in the present form has had. And any Member that's voting green in voting against everything that they hold pressures in this House and that is that everything should be debated in public and put in front of these so that there is public input on anything we do on the floor of the House. But if we wait for a Bill to come out of Committee with a unanimous vote, and then take that Bill and tear it apart and put into that Bill the Bill that they themselves are looking forward to putting across, that is not reasonable legislating. I would ask each and every Member of this House to come up with a red vote because this motion should go down. If not, everything that we're doing in this General Assembly should be suspect and Mr. Speaker, I implore each and every Member to vote this motion down."

Speaker Lechowicz: "The Gentleman from Marion, Mr. Friedrich to explain his vote."

Friedrich: "Maybe if we were going to abolish Committees because the Committee was overridden, yesterday was the time to do it when the last speaker voted to take the Greiman Amendment onto the Bill that was being considered then. I thought the Committee action was responsible then, but apparently the speaker, last speaker didn't think so. So maybe yesterday was the time to abolish the Committee."

Speaker Lechowicz: "Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there are 88 ayes, 63 nays, 6 recorded as present. And

the motion carries. And the Amendment #1 is tabled.  
Gentleman from Cook, Mr. Barnes. What purpose seek  
recognition?"

Barnes: "Thank you very much Mr. Speaker. Mr. Speaker, Members of the House as I indicated to the Members of this House and in all of the eight, I'm into my ninth year. This is one of the few times that this has occurred and happened to me here and I suggest that the Sponsor, any Sponsor that would want to have their own Bill should have it. So since another Member has suggested that he would want to move in this fashion I would then, Mr. Speaker, Members of the House, being the principle Sponsor of House Bill 1801 in pursuant to rule 358 I recomit my Bill to Interum Study Calendar of this Committee in which it was heard."

Speaker Lechowicz: "According to the rules and I would ask they would look on page 18 of the rules under section 35H. The Gentleman has that absolute right. Does not have to have leave, of the House. The Gentleman has made his motion. According to the rules of the House and the Bill is placed in Interum Study on 1801. Gentleman from Lake on his point of order. Yes sir."

Matijevich: "Mr. Speaker I make the point of order and we've argued this and I've set on this floor of the House. We should not have joint Sponsors. Hyphenated Sponsors. Because this is what you get into. I made the point in the previous session and it is now part of president in this Legislature. That each hyphenated chief Sponsor has equal rights to a Bill. You cannot rule that way because you have a joint hyphenated Sponsor of a Bill. Gene Barnes has no more right to that Bill than Kal Skinner. They have equal rights. He cannot make, recomitt that Bill without the approval of the co-chief Sponsor and I make that point of inquiry."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Collins."

Collins: "Mr. Speaker I too take exception into your ruling."

Under rule 27A it's very clear that two or more Members appearing jointly as principal Sponsors, they shall be designated chief Sponsors. So I would say that under your ruling both would have to agree before a Bill could be recomitted. And Mr. Speaker, and Mr. Speaker, if you would persist in that ruling I appeal a ruling of the chair."

Speaker Lechowicz: "Let me point out to you that according to the rulings from last year and this year if you recall in the Rules Committee that question was raised and the rule was not changed. The Gentleman from Lake, Mr. Matijeovich on his point."

Matijeovich: "I still make the point of order absent of any rule, any interpretation of a rule then we will lye on president. And there is that president. And the parliamentarian knows it because he was up there when that president was established. That both co-joint-chief Sponsors have equal rights. I was part of the debate. I know that we had the president. I was the one who raised the point."

Speaker Lechowicz: "According to the Parliamentarian he says any hyphenated Cosponsor has the equal right to recomitt under rule 35H. Gentleman from Cook, Mr. Taylor. Mr. Taylor."

Taylor: "Mr. Speaker, then you are ruling just a few moments ago."

Speaker Lechowicz: "Yes sir."

Taylor: "Why's it going to make all the business then?"

Speaker Lechowicz: "There's been a point. The Gentleman from Cook, Mr. Telscer."

Telscer: "Mr. Speaker I move to overrule the chair. You hear me?"

Speaker Lechowicz: "Yeah, Collins already has that motion on the floor. Question is shall the chair be overruled? All in favor vote aye, all oppose vote nay. Have all voted who wish? The Clerk will take the record."

On this question there are 85 ayes, 58 no. Motion lost. I'm going to call a verified Oral Roll Call Everybody in their seats. And I ask that... Now wait a minute. I'd like to have all unauthorized personnel remove themselves from the chamber. I would like to have an Oral verified Roll Call. I'd like to have the Membership in their seat and kindly respond when your name is called. And there was... I asked if all the Membership requested to be recorded. It was my intent to call the absentees, but I don't appreciate standing up here and being sworn upon and I will not tolerate that. I don't think any Member should tolerate that. I don't think you should be exposed to it. We'll go with the Oral verified Roll Call. Clerk will call the roll."

Marovitz: "I believe the rules provide that I may explain my vote on this. Mr. Speaker as I understand the rules I believe that the, that there is an absolute right of the principle Sponsor to recomitt. I think that rule needs changing immediately. If one of our colleagues is nice to allow somebody to be a principle hyphenated Sponsor and then due to an arguemant or some difference of opinion and perhaps one of them has off the floor, that hyphenated Sponsor makes a motion to recomitt and that Bill that that individual has worked on long and hard it recomitted over the objection of the number one Sponsor, I don't thing that was the intent of the House. I don't think that was the intent of the Rules Committee. And I think it's wrong and I think it's bad. But I think presently that's what the rules call for. I'm going to file an Amendment to our rules and I would ask the Speaker to go to that order of business when that Amendment is filed so that only the number one sponsor can control on such motions. But as long as that rule is presently on our books, I will vote no."

McPike: "Thank you Mr. Speaker. In years passed, at least  
last year and the year before when we started this pro-  
cedure it was to save time and we went through the Roll  
Call once and once only and then at the end of that if  
anyone wanted to add their vote before the, before the  
Roll Call was announced, they could do so. I see no  
point in going through this time and time."

Speaker Lechowicz: "Your point's well taken. The Lady from  
Cook, Mrs. Hallstrom."

Hallstrom: "How am I recorded please?"

Speaker Lechowicz: "How is the Lady recorded?"

Clerk O'Brien: "The Lady is recorded voting no."

Hallstrom: "Mr. Speaker I'd like to change that to aye please."

Speaker Lechowicz: "Change the Lady to aye. Is there anyone  
else that wants to be recorded? The gentleman from  
Cook, Mr. Sandquist."

Sandquist: "Mr. Speaker record me as aye."

Speaker Lechowicz: "Kindly record Mr. Sandquist as aye.  
Mr. Bianco."

Bianco: "Mr. Speaker record me as aye please."

Speaker Lechowicz: "Kindly record Mr. Bianco as aye. Kindly  
press your button there Mr. Bianco. Mr. Margulas.  
Mr. Margulas is aye. Is there anyone else? Gentleman  
from Cook, Mr. Meyer says aye. Gentleman from Winnebago,  
Mr. Mulcahey as aye. Mr. VonBoeckman is no. Mr. Stuffle  
is no. Gentleman from Cook, Mr. Gaines."

Gaines: "Record me as aye."

Speaker Lechowicz: "Record his as aye. The... Mr. Johnson  
from Champaign."

Johnson: "Record me as aye."

Speaker Lechowicz: "Kindly record Mr. Johnson as aye. Gentle-  
man from St. Claire, Mr. Flinn."

Flinn: "Well Mr. Speaker I have a parliamentary inquiry. It

takes 89 votes I understand to overrule the chair and it takes 107 votes to change the rules. What are we doing? The rules clearly state that the Sponsor has that choice."

Speaker Lechowicz: "We are changing the interpretation of the rule and I'm sure that until this matter is addressed by the Rules Committee, we will have other consequences as well with other Sponsors. Is there anyone else that wants to be recorded? Kindly record Hanahan as aye. Have all voted who wish? Did you proceed... Did you complete the people that were absent?"

Clerk O'Brien: "No. Mulcahey voted. Oblinger."

Speaker Lechowicz: "Excuse me. The Gentleman from Cook, Mr. Mugalian."

Mugalian: "Mr. Speaker I look at the rules and I think that the interpretation is correct. I was voting on what I thought was a fast gavel. I think the rule, the interpretation of the Speaker in this case is correct and I'd like to be recorded as voting no."

Speaker Lechowicz: "Kindly change the Gentleman from aye to no. The Lady from Cook, Mrs. Willer."

Willer: "Well let me speak at least. Mr. Mugalian is absolutely correct. I was objecting and I still object to that fast gavel Mr. Speaker. I think you were wrong but I realize the rule is very clear on this and so I change my yes to no."

Speaker Lechowicz: "Kindly record the Lady from aye to no. Would you change your switch too Ma'am? Will you want to proceed?"

Clerk O'Brien: "Oblinger. Oblinger pass. Pechous."

Speaker Lechowicz: "Yes sir. The Gentleman from Lake, Mr. Matijevich."

Matijevich: "Mr. Speaker, even though I didn't like to see you do it, Representative McPike was right, the rules call for once you go through the Roll Call once, all you do is ask who wants to be recorded on that Roll Call."

You don't have to go through any names anymore otherwise you are again in violation of the rules. And you know that. That is correct. Under Oral verified Roll Call that's right. Now whoever say that it isn't right, read the rules. Don't just say it's not right. It is right."

Speaker Lechowicz: "Please proceed."

Clerk O'Brien: "Ryan. Ryan pass. Satterthwaite. Satterthwaite pass. Stearney. Stearney pass. Mr. Speaker. Mr. Speaker pass."

Speaker Lechowicz: "Gentleman from Cook Mr. Yourell."

Yourell: "You know I thought I heard the chair say that only authorized persons who are allowed on the floor of this House. It seems to me that's a violation of the rules. There's an awful lot of people hanging around that shouldn't be here."

Speaker Lechowicz: "Your point is well taken. In fact I made that statement quite clear. Will all unauthorized personnel remove themselves from the floor? Have all voted who wish? Gentleman from Cook, Mr. Barnes what purpose seek recognition? Mr. Barnes. Mr. Schneider please."

Barnes: "Thank you very much. Well Mr. Speaker and Members of the House. I realize that 89 votes in this House can do many things and I realize Mr. Speaker and Members of the House that we are here to yield to the will of the House. But if this, if the care in this fashion I as chief sponsor of this Bill, and I don't think that anyone in here would challenge my role as chief sponsor of this legislation, would then request that this Bill remain on Second Reading. And I'm sure, I'm sure that of my 176 colleagues that no one would want to institute a rule at this point that you would at least physically take legislation from its chief sponsor. I would so request Mr. Speaker."

Speaker Lechowicz: "The Gentleman from Will, Mr. Davis what

purpose seek recognition? Your light was on. Gentleman from Lake, Mr. Deuster what purpose seek recognition? Mr. Skinner."

Skinner: "Would you take the record?"

Speaker Lechowicz: "Surely. Anyone want to be recorded on this issue. Clerk will take the record. You ready? Jack is that official. Oh OK. On this question there are 89 ayes the chair is overruled. Any further... the Gentleman from Kane, Mr... Gentleman from Sangamon, Mr. Kane."

Kane: "Under this ruling adopted by the House or enforced by the House it means that all of the joint Cosponsors have to agree before a Bill can be moved forward or backward I would assume."

Speaker Lechowicz: "That seems to be the rule of the House."

Kane: "Thank you Mr. Speaker."

Speaker Lechowicz: "What is the will of the Sponsor? Second Reading? Mr. Barnes would you care to proceed on this Bill or what?"

Barnes: "At this point Mr. Speaker I would move that we... this Bill remain in the posture that it is on Second Reading."

Speaker Lechowicz: "Now, now you... Mr. Skinner's hyphenated with you and what does Mr. Skinner wish to do?"

Skinner: "I want it on Second Reading so that we can consider the Amendment that has been filed. Although they haven't been distributed yet."

Speaker Lechowicz: "Mr. Barnes."

Barnes: "Well Mr. Speaker it seemed to me now we have gotten ourselves in a quadrille As Mr. Kane had indicated, as Mr. Kane had indicated and I hope some of the Members of the House will listen to what's going on."

Speaker Lechowicz: "Kindly give the Gentleman your attention. Please proceed.."

Barnes: "Well Mr. Speaker and Members of the House the quadrille that we've got ourselves in is that here is a Bill that

a chief Sponsor and there is many Bills on this Calendar like this. Don't suggest to yourself that there is only one that here is a Bill that the chief Sponsor of the Bill is requested remains on Second Reading. Nothing else. Requesting that it remains on Second Reading. But the House has gotten into a posture that that chief Sponsor does not have that right apparently and must ask someone else who has absolutely nothing to do with the Bill with the exception that their name appears on it. Now Mr. Speaker, Members of the House again I indicate as chief Sponsor of House Bill 1801 I request that it remain on Second Reading. And not proceed at this point Mr. Speaker."

Speaker Lechowicz: "The Gentleman from Lake, Mr. Matijevich."

Matijevich: "Well Mr. Speaker I object to Representative Barne blaming the full House for that problem. If he had any sense about him to have Cal Skinner a joint Cosponsor, chief Sponsor on the RTA Bill he's to blame not this House. Now he should have known that Cal Skinner co-chief Sponsor is going to cause some trouble. Don't blame the House for your troubles, it's your own damn fault."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Barnes."

Barnes: "Well Mr. Speaker again as I indicated earlier on this session, if you have nothing to say say aloud. If the Gentleman had failed to do just a little bit of research he would have understood that this is a Bill the product of of subcommittee of which Cal sponsor was the minority spokesman and only those people names appears on the Bill that was on that subcommittee by president and by our procedure in this House. So the Gentleman failed again as he does quite often to bother to read or to begin to understand what is going on and he simply says nothing very loud."

Speaker Lechowicz: "Gentleman from Lake, Mr. Griesheimer."

Griesheimer: "Thank you Mr. Speaker. I just want you all to

know the fun we look forward to campaigning in the  
31st district with the subtleties of John Matijevich."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Ewell."

Ewell: "Mr...."

Speaker Lechowicz: "Ewell please."

Ewell: "Mr. Speaker, Ladies and Gentlemen. I was not on the  
subcommittee but I have a deep interest in the crime  
problem on the CTA and I would like the Sponsor if he  
would give me the courtesy of keeping this Bill on  
Second Reading so that I can get some of my other  
Amendments prepared. I'm asking the courtesy of the  
co-chief Sponsors if they would mind just allowing  
the Bill to remain on Second Reading while I get my  
Amendments printed and distributed."

Speaker Lechowicz: "The Amendments have been presented to  
the Clerk. They are..."

Ewell: "I have some more."

Speaker Lechowicz: "Well, they are not printed or distributed.  
The Bill will remain on Second Reading. House Bill  
568. Gentleman from Cook, Mr. Collins."

Collins: "Well Mr. Speaker, the Amendments have been distri-  
buted or are being distributed to this Bill. Amendment  
#2 is on the Members' desk. Now it would be my under-  
standing, it would be my understanding that you would  
in the posture of House Bill on Second Reading and to  
take it out of the record, it can only be done by leave  
of the House. If the Gentleman, if the Gentleman has  
requested to leave to take out of the... from out of  
consideration that's one thing, but that has to be  
done with leave of the House. So I would say that we're  
still in the posture of on Second Reading for the  
purpose of amending the Bill."

Speaker Lechowicz: "Gentleman from Sangamon, Mr. Kane."

Kane: "I think, Mr. Speaker, I'd renew the point that I  
made earlier that the House now gotten itself into a  
posture that nothing can happen to a Bill unless all of

the chief Cosponsors are in unanimous agreement and as long as they are not, I don't think that anything can happen to the Bill; and that's the ruling of the House."

Speaker Lechowicz: "Gentleman from Cook, Mr. Totten. Mr. Totten please."

Totten: "Yeah, thank you Mr. Speaker. I wonder if I could have leave of the House to be added as a co-chief-joint Sponsor on every Bill on the Calendar."

Speaker Lechowicz: "Mr. Matijevich, what do you think about that? I think objections have been raised."

Speaker Lechowicz: "568."

Clerk O'Brien: "House Bill 568, a Bill for an Act to Amend Sections of the School Code. Third Reading of the Bill."

Speaker Lechowicz: "That's on page 16 on your Calendar House Bills, Third Reading, Short Debate. Mr. Steczo, is the Gentleman on the floor? There he is. One moment please. On that Bill there is Mr. Steczo, Deuster and Sharp and I hope you're all in agreement. Now, are they all on the floor? Before you read the Bill, Mr. Clerk, the Gentleman from Rock Island, Mr. Polk."

Polk: "Ah, Mr., Ladies and Gentlemen during the debate we had in the gallery up behind us on the Democratic side, Jack Houser and 8 Members from the Blue Island Chamber of Commerce who represented the eighth, and the twenty-eighth District, Herb Huskey, Jane Barnes, Mr. Yourell, Mr. Meyer, Mr. Jones, and Mr. Keane. I wish they'd stand up and be recognized.

Speaker Lechowicz: "Welcome to Springfield."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Taylor."

Taylor: "Thank you, Mr. Speaker, I rise for the purpose of an introduction. We have here the Estate Governor past from St. Augustine College, in Rock Island, Illinois, with Dr. Harold Barrow, their teacher, with Cathy Chapman, the dear Ms. Chapman's daughter, and that District is represented by Representative Darrow, Representative Polk,

Representative Bell."

Speaker Lechowicz: "Welcome to Springfield. Clerk will read the Bill."

Clerk O'Brien: "House Bill 568, a Bill for an Act to Amend Sections of the School Code. Third Reading of the Bill."

Speaker Lechowicz: "Mr. Steczko?"

Steczko: "Alright, thank you, Mr. Speaker, Members of the House. Yes; the three Hyphenated Sponsors on this Bill are on the floor and do want this Bill to be heard today. House Bill 568 is similar to House Bill 609 which we heard a few weeks ago and suffered a very untimely defeat. House Bill, House Bill 568 has one different distinction than House Bill 609. What House Bill 568 does is provide for a one-time only additional tax rate for transportation or issuance of bonds for those school districts that have deficits in their transportation fund. There's a provision in the Bill that it's a one-time, one-time only tax rate, the amount of taxes can be no more than one and one-half times the district's current state transportation claim. When House Bill 609 was considered the provision that everybody objected to at that point was back-door referendum included in that Bill. House Bill 568 provides for a front-door referendum for this particular tax to be initiated. So, I would ask for the support of the Members of the House on House Bill 568."

Speaker Lechowicz: "Is there anyone in objection to House Bill 568? In opposition. Question is shall House Bill 568 pass. All in favor vote 'aye', all opposed vote 'no'. 'aye', 'aye' please. Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there's 158 'ayes', one 'nay', none recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 601."

Clerk O'Brien: "House Bill 601, a Bill for an Act to Amend Sections of the Election Code. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Yourell. Take it out of the record please. House Bill 692. Mr. Marovitz? Mr. Marovitz, 692."

Clerk O'Brien: "House Bill 692, a Bill for an Act to Amend Sections of the Illinois Insurance Code. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Marovitz."

Marovitz: "Thank you, Mr. Speaker, and Ladies and Gentlemen of the House, this is a Bill which would allow prior cancellation, an opportunity of those individuals who are going to be cancelled an opportunity to rehabilitate the property prior to cancellation. There was a question in regards to the Bill; a real estate industry came to us. We answered by an Amendment which was placed on the Insurance Committee using, clarifying language to this legislation and I would ask for a favorable Roll Call."

Speaker Lechowicz: "Is there any opposition? The Gentleman from Whitedide, Mr. Schuneman."

Schuneman: "Ah, Mr. Speaker, I think there's some questions about this Bill that should be asked and I wonder if we could get ten Members to join in taking it off Short Debate."

Speaker Lechowicz: "The Gentleman has ten Members, would then goes off of Short Debate and on Full Debate. Would you care to proceed, Mr. Schuneman?"

Schuneman: "Representative Marovitz, I think this is the Bill that was heard, I believe, in the Insurance Committee and only the Democrat Members were there. Is that not correct?"

Marovitz: "That is incorrect."

Schuneman: "Incorrect?"

Marovitz: "Yes. That Bill was 2165."

Schuneman: "Ok. Well, I know about that one, but would you, would you again indicate to me what, what kind of rehabilitation that you're referring to here? As I understand what you're saying the insurance companies would be prohibited from cancelling until the insurance buyer has an opportunity

to rehabilitate his property and I'm concerned to know, for example, how long that might take."

Marovitz: "Well, as a matter of fact, the All-State Insurance Company came in and testified in favor of this legislation. They asked us to put an Amendment on the legislation which would clarify the language. We did put an Amendment on clarifying this and All-State Insurance testified in favor of this legislation and there were no opponents to this legislation."

Speaker Lechowicz: "The Gentleman from Will, Mr. Leinenweber. No further questions. Are there any further questions? The Gentleman from Cook, Mr. Marovitz to close."

Marovitz: "I think that perhaps my explanation has refreshed Mr. Schuneman's memory. I think he understands it. All-State did come in and testify in favor of this and said that they would notify individuals of the defect prior to cancellation so that they could have an opportunity to rectify the defect. I would ask for a favorable Roll Call on this legislation, which the insurance companies have testified in favor of."

Speaker Lechowicz: "The question is shall House Bill 692 pass. All in favor vote 'aye'; all opposed vote 'nay'. Have all voted who wish? The Gentleman from Lake, Mr. Deuster."

Deuster: "Now, here we go again in tying up the private, the business firms in knots. I think this ought to be a matter of negotiation and a business practice. Insurance companies want business; they just don't want to go around capriciously cancelling policies. They will do it where there's a good cause. And I think to absolutely in statute lay out a rule that they've got to have ninety days notice and send out a notice of need. Once again, we have the Illinois General Assembly trying to meddle in the private enterprise business field. And I would urge people to take a good long look at this Bill and vote present. I, I just don't think I've heard, gotten one letter. I don't think there's

anybody on the floor of the House probably got any mail on this. Nobody's heard about it. It's not a problem. There's no need to pass a statute and I would urge a 'no vote.'

Speaker Lechowicz: "Have all voted who wish? Clerk will take the record. On this question are 91 'ayes', 19 'nays', 51 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 705."

Clerk O'Brien: "House Bill 705, a Bill for an Act to require the division investigation of the Department of Law Enforcement to investigate certain violations of the Illinois Public Aid Code. Third Reading of the Bill."

Speaker Lechowicz: "The Lady from Cook, Mrs. Chapman. Is she over there? We're on page 16 of the Calendar, Ma'am. We're going on House Bills, Third Reading, Short Debate. This is House Bill 705."

Chapman: "Mr. Speaker, and Members of the House, as requested, a Fiscal Note has been filed on House Bill 705 and the Department of Law Enforcement indicates that it will have no fiscal impact on their budget because what House Bill 705 does is to put into the statutes a requirement that Public Aid investigations of a criminal nature be done by the Department of Law Enforcement rather than the Department of Public Aid. I ask for your support."

Speaker Lechowicz: "Anyone in opposition? The Gentleman from Lake, Mr. Griesheimer."

Griesheimer: "Mr. Speaker, I don't know that I am in opposition to this, whether it's proper. I didn't know we were on Short Debate. Let me just raise these two issues as I don't see anyone else raising, to oppose this. Now, from reading this it appears that the basic Bill does exactly what the law calls for now and I don't really see why we need this but more importantly, House Amendment 1 calls for another

one of those silly reports to be typed up and distributed to all of us in the Legislature. It takes me about a half-hour every morning to take these reports none of read, to throw them away so the janitor ten minutes later can pick them up and distribut them into the garbage down in the Central Receiving Room and I really wonder if this is the way we want to go. We have an administrative and and executive of this estate in various departments to run these various facilites and I can't believe that we need to have a report every time they decide to go to the bathroom. In essence, that's what we're going again and I don't really think it will accomplish anything. If we'll all take an oath that we'll read every report that's given to us, I think this is worthy of voting for. But if we're not going to take that oath, I don't think we ought to create another legislative report."

Speaker Lechowicz: "The Lady from Cook, Mrs. Chapman to close."

Chapman: "Mr. Speaker, I possibly House Amendment #1 is not reported accurately on the synopsis. Mr. Griesheimer, I'd like to point out that the law now does not call for the requirement that these cases be investigated by the Department of Law Enforcement. What they call for is investigation by the Department of Public Aid, a very inappropriate agency to investigate their own doings, I would like to suggest. What the law does do that is before you now is to make statutory what is occuring at the present time within State Government. The Amendment is an Amendment that was requested by the Department of Law Enforcement and removed their objections to the Bill. And the effect of the Amendment #1 was to remove a portion of the Bill. It did not add anything. I ask again for your support of this legislation."

Speaker Lechowicz: "Question is shall House Bill 705 pass. All in favor vote 'aye' ; all opposed vote 'nay'. Have all voted who wish? The Gentleman from Will, Mr Kempiners,

to explain his vote."

Kempiners: "In explaining my 'yes' vote, Mr. Speaker, this has been something that we have been attempting to do through the Legislative Advisory Committee for at least the past four years, separating the internal investigation of the Department of Public Aid from that particular department. I'm not sure that the department is all that enthusiastic about it, but we feel that by doing this, we will increase the internal surveillance of that particular department. I just wanted to explain my 'yes' vote."

Speaker Lechowicz: "Have all voted who wish? Clerk will take the record. On this question there's 129 'ayes', 18 'nays', 5 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 822."

Clerk O'Brien: "House Bill 822, a Bill for an Act to provide for filing petitions in accordance with Section 3 of Article XIV of the Constitution of the State of Illinois. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Cook, Mr. McAuliffe. Mr. McAuliffe?"

McAuliffe: "Yes, House Bill 822 is a Bill to reform the petitions procedure that grew out of the controversy over Governor Thompson's petition, Tax Saling Drive. And I'd move for its favorable consideration."

Speaker Lechowicz: "Is there anyone speaking in opposition? Question is shall House Bill 822 pass. All in favor vote 'aye'; all opposed vote 'nay'. Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there's 142 'aye', no 'nays', one recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 911."

Clerk O'Brien: "House Bill 911, a Bill for an Act to Amend the Public Utilities Act. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Macon, Mr. Borchers."

Borchers: "This , Mr Speaker, and fellow Members of the House, it's a very simple Bill. It arose out of the last three severe winters. It only applies during certain months of severe weather. It happens in our locale, in our area, and in others that a tenant owing no rent and just because he was transferred, from one city to another, would call in the power companies and tell the gas to be cut off, the electricity to be cut off in the house. But the care, the owner of the house, or the agent of the house, or property, didn't know it. And as a result, thousands of dollars of damage of radiators, or other damage of other pipes were done. All this Bill does, as I might tell you, that the power company lobbyists were there. There was only objector to it and he became a proponent during the testimony, which is rather interesting. Anyway, all it does is require a power company when a tenant calls up to ask a simple question or make a reasonable effort to find if the tenant is the owner. If not, who is the owner and then the power company will, make, have 24 hours in which they will try to call or find the owner to let him know that the tenant has moved out. The gas is off, to get in time to assume delivery responsibility before the gas is turned off. Now this, if we have continuations of winters like this, this is going to cost tens of thousands of dollars in our state. So I request, if this has been no objection, and the only objector became a proponent from the power companies of the state. I ask for your support for the saving of unnecessary loss of property."

Speaker Lechowicz: "Anyone to speak in opposition? The question is shall House Bill 911 pass. All in favor vote 'aye'; all opposed vote 'nay'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there's 154 'ayes', no 'nays', none recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 921."

Clerk Leone: "House Bill 921, a Bill for an Act in relation to Executive Order and Reorganization of the Executive Branch. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Sangamon, Mr. Kane."  
The Gentleman from Cook, Mr. Greiman, for what purpose do you seek recognition?"

Greiman: "Point, just a point of Parliamentary, that's all. I know that the Sponsorship of this is Kane-Mugalian. Under our rules, a Bill can't be called. Now, if Mr. Mugalian were sitting here, and he is sitting here I think, if he were not in this Chamber, does that mean that Mr. Kane could not proceed on this Bill? Under our new interpretation? I'm not.. I really don't know. I'm asking."

Speaker Lechowicz: "Both Gentleman are in the Chamber. Mr. Mugalian and Mr. Kane are here. Mr. Mugalian, do you have any objection with moving ahead with this Bill? I believe that... Mr Mugalian."

Mugalian: "Could I have a little time to think about it? I think I'll say I consent to Representative Kane's proceeding with this Bill."

Speaker Lechowicz: "Well, I believe we'll get to that when somebody raises an objection to it but according to the interpretation I received from the Parliamentarian that only Hyphenated Co-Sponsors have to be on the floor, and they have to be in agreement. Mr. Kane on House Bill 921, please."

Kane: "I might also point out Mr. Speaker, that there's a secret Hyphenated Co-Sponsor, one Representative Reilly, who doesn't appear on the Calendar. There are three of us."

Speaker Lechowicz: "Mr. Reilly is here and he wants to proceed with the Bill."

Kane: "Mr. Speaker, Ladies and Gentlemen of the House, House Bill 921 implements the new provision in the 1970 Constitution for Gubernatorial Reorganization Orders that

seeks to take care of some of the problems that the Committee on State Government Organization has run into in considering gubernatorial reorganization orders. There's a number of things. It defines those agencies that are directly responsible to the Governor and subject to reorganization orders by specifying the agencies that are not directly responsible to the Governor and these are enumerated as the State Board of Elections, the State Board of Education, the Illinois Commerce Commission, and the Industrial Commission, Civil Service Commission, the Law Enforcement Merit Board, the Fair Employment Practices Commission, and the Pollution Control Board. And it provides that executive reorganization orders will provide for the transfer of employees, service employees and their benefits, the disposition of personnel records and what will happen to unexpended balances of appropriations and also requires that any unexpended balances be used only for the purposes for which appropriations were originally made. It also provides that the qualification for directors of any new agencies created by reorganization orders include all of the requirements for agency heads of the agencies merged into the new department. I think that this is a Bill that we've been working on for more than a year. There's bipartisan agreement. The Governor's Office has agreed with the provisions in this Bill. And I know of no opposition and I would ask for an 'aye' vote on the, by Members of the House."

Speaker Lechowicz: "Is there any opposition? The Gentleman from Rock Island, Mr. Darrow."

Darrow: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House, it's with great reluctance that I have to speak against this Bill, however, it would appear that the Bill is beyond the powers given the General Assembly in the Constitution except for Section 6 and 8-14 as Amended. I'm a little surprised that Representative Mugalian would

put this burden on the General Assembly to consider something that appears greatly Unconstitutional. Thank you."

Speaker Lechowicz: "The Gentleman from Sangamon, Mr. Kane, to close."

Kane: "Mr. Speaker, Ladies and Gentlemen of the House, I think that all of these questions we've considered in Committee. There is agreement on these provisions. I think that all of them are Constitutional. What it does say is that the Legislature does have a role in defining what re-organization powers the Governor has given him by the Constitution. We were very careful not to limit those Constitutional powers, but it does protect the powers of the Legislature, provides for the continuation of the procedural requirements that are laid on agencies and I'd urge an 'aye' vote."

Speaker Lechowicz: "The question is shall House Bill 921 pass. All in favor vote 'aye'; all opposed vote 'nay'. Have all voted who wish? Have all voted who wish? Want to hit my button there, Marco? 'Aye' please. Have all voted who wish? Clerk will take the record. On this question there's 136 'aye', 10 'nays', 11 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 1036."

Clerk Leone: "House Bill 1036, a Bill for an Act to Amend the Illinois Municipal Code. Third Reading of the Bill."

Speaker Lechowicz: "Lady from Cook, Mrs. Braun."

Braun: "Thank you, Mr. Chairman, Ladies and Gentlemen of the House, House Bill 1036 is really more of a technical Amendment to the Park District Code than anything else. Unfortunatley the substantive Bill, which was its companion Bill, was killed in Committee, summarily This one makes merely a change by adding the word 'Chicago Park District' to the language of the statutes, which refers to Park Districts generally and will address a problem that has been involved in litigation and already been ruled on, but

I thought for a matter of future reference that it'd be ingrained in the statutes. Again, it was a companion Bill to another Bill that is no longer with us, but in so far as it is a valid technical Amendment I would urge your 'yes' vote on House Bill 1036."

Speaker Lechowicz: "Is there anyone in opposition? The question is shall House Bill 1036 pass. All in favor vote 'aye'; all opposed vote 'nay'. Marco. Have all voted who wish? The Clerk will take the record. On this question there's 148 'ayes', 1 'nay', 2 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 1058."

Clerk Leone: "House Bill 1058, a Bill for an Act to Amend an Act concerning property fire loss information. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Stearney."

Stearney: "Mr. Speaker, and Ladies and Gentlemen of the House, this Bill Amends the Act concerning property fire losses information. It includes local mutual insurance companies amongst companies required to turn over fire loss information to law enforcement, to the Department of Law Enforcement. Ask for a favorable Roll Call."

Speaker Lechowicz: "Is there anyone in opposition? The question is shall House Bill 1058 pass. All in favor vote 'aye'; all opposed vote 'nay'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there's 148 'ayes', 2 'nays', 2 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 1156."

Clerk Leone: "House Bill 1156, a Bill for an Act to Amend Sections of the Community Mental Health Act. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Franklin, Mr. Rea."

Rea: "Record."

Speaker Lechowicz: "Take the Bill out of the record. House Bill

1217."

Clerk Leone: "House Bill 1217, a Bill for an Act relating to retail service stations. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Kelly."

Kelly: "Thank you, Mr. Speaker, Members of the House, House Bill 1217 which is Hyphenate Sponsorship with myself and Representative Steczo who is in agreement and is in attendance, would require that aa all the gasoline stations, that these stations would provide compressed air with the advent of the self-service gas stations, there are a number of these stations which are discontinuing the availability of air and particularly, not only eliminating it, but in many cases adding a service charge in order to obtain it. This particular Bill which passed out of Committee by unanimous vote would require that the air be provided and that it be without a charge."

Speaker Lechowicz: "Any opposition? The Gentleman from Livingston, Mr. Ewing."

Ewing: "Mr. Speaker, I'd like to be joined by ten others who think we ought ask a few questions about this Bill."

Speaker Lechowicz: "This Bill is off of Short Debate and on Full Debate. Please proceed with your question, Mr. Ewing."

Ewing: "Mr. Kelly, Representative Kelly, do you think that there's anything in the Bill, are we going to require then to have cigarrrete machines and candy machines? Why do we need to start telling every small business just how he's going to run his business and what service he's going to offer?"

Speaker Lechowicz: "Mr. Kelly, please."

Kelly: "This Bill doesn't have any, it does not address candy machines or cigarette machines that you're referring to. It specifically refers to a, what I consider, a very necessary item and that's air for your tire. I would hope that I know the way home or out where you have your car parked now but you don't need any air because if we do

get to a point where they don't provide services such as air, and I'll tell you, this is a problem with a lot of our constituency who are very much in support of having the ability of getting air for their tires. So this does not restrict what you're talking about. It addresses one question and one question only and that is do you or do you not want air for your tires."

Ewing: "But, Mr. Sponsor, I think the question, I shouldn't have been facetious in my remarks, but we're singling out one service and we're telling a small business ... are you listening Mr. Sponsor? We're singling out a form of small business and we're telling them that they should provide a specific service. Now, I'm wondering, if I didn't get air at a station I wouldn't go back there. Why, how can the Legislature, why should we get involved in this type of regulation?"

Kelly: "Well, you won't go back there, but if enough stations don't have air and you need air, you might have a great problem. And I'll tell you something else, Representative Ewing, this is certainly a very strong safety measure and we all know if you don't have the proper amount of air in your tire it can cause and create a great accident, which would not only would affect, could affect the driver of the car, but it might be an innocent by-stander or someone who's driving along. So, I think it's very important that there is air available for the public, without a service charge."

Ewing: "Mr. Speaker, Ladies and Gentlemen of the House, I'm sure that the Sponsor, who I support much of his legislation, put this Bill in with all good intent. But for the life of me, I do not see how we can get into regulating hot air, or cold air, or medium air. And that's exactly what we're doing in that case. If we start regulating it we'll have to do something in this Body. But, small

businesses cannot stand that type of minute regulation. And I would ask for everyone here to look at this Bill very closely before they pass it on out. Thank you."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Huskey."

Huskey: "Well, I can see the Sponsor has good intentions with this Bill and I admire his intentions. But all free enterprise is not based on the small businessman having by law to give away something for nothing. I don't have any fault with his saying that the service station should have air. But the fault I find is saying that without a service charge. Now, if the five Representatives from the 9th District would know what one of these air compressors and the equipment that service tires cost, I'm sure that he would delete and take back to Second Reading, and delete the service charge, because how can we here, in the General Assembly, mandate private industry to give something away free? And I think the Bill's really outrageous. Air."

Speaker Lechowicz: "Was that air coming out of your tire, Mr. Huskey?"

Huskey: "Air."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Stearney."

Huskey: "Air."

Stearney: "Will the Gentleman yield?"

Speaker Lechowicz: "He indicates he will."

Stearney: "Now, this Bill would require a service station to provide air for a customer, am I right? And if the, and if the service station owner failed to provide air, have you provided a penalty in this Bill, such as making it a Class-X felony? Noncapital offense I imagine, but it's Class-X, isn't it?"

Speaker Lechowicz: "Mr Kelly please."

Kelly: "No, Representative Stearney, this is not a capital offense of death penalty or anything of that nature. It just requires that they would provide air to the public, free of charge at the gas station."

Speaker Lechowicz: "The Gentleman from Macon, Mr. Borchers."

Borchers: "Mr. Speaker, I'd like to add a little hot air to this situation. Now we own some service stations. We don't run them, but we lease them. Everyone has air. I feel that if we put the air in we'll get more business and more gas sold. If we don't have the air there, obviously people will go somewhere else. But this is interfering with the right of the station manager to run his business. We have no business trying to mandate how a man should run his business. So, I think we should vote this down. You're just causing trouble to a lot of filling stations and interfering with their own rights."

Speaker Lechowicz: "Webber, a question has been raised to the Chair. Is there anything you don't own? The Gentleman from Lake, Mr. Griesheimer."

Griesheimer: "Thank you, Mr. Speaker. I just have 3 questions to the Sponsor, if the Sponsor'll yield."

Speaker Lechowicz: "I don't know. Yeah, I guess so."

Griesheimer: "Does your Bill cover water?"

Kelly: "No. It does not."

Griesheimer: "Does it cover road maps? Road maps?"

Kelly: "This Bill only covers that they provide compressed air at the gasoline service station, free of charge."

Griesheimer: "Does it cover clean and sanitary toilets?"

Kelly: "No. I just answered your question, Sir."

Griesheimer: "I see. Does it cover birth control devices?"

Kelly: "Definitely not."

Speaker Lechowicz: "The Gentleman from Champaign, Mr. Johnson."

Johnson: "Mr. Speaker, and Members of the House, with all due respect to the Sponsor, who normally has an excellent track record, a good Bill. All of us ran around the State or most of us did in our own Districts last time, the big message we brought to the people is we have too much government. Government's interfering where it doesn't belong. The more regulations we have, the more loss to the

consumer. I can't; when I asked Ron Griesheimer what this Bill was, and that was in the Consent Calendar, and he told me, I thought it was a joke. I can't honestly believe that in a free enterprise system we're going to have a regulation of this kind imposed on private business. And if we really believe the rhetoric that we're telling the constituents that have too government, this has to be the classic of all classics in this term for unnecessary and stupid government regulation."

Speaker Lechowicz: "The Gentleman from Cook, Mr Piel."

Piel: "Thank you, Mr. Speaker. On this classic issue I will call the previous motion."

Speaker Lechowicz: "The Gentleman has moved the previous question. All in favor signify by saying 'aye'; opposed? The previous question has been moved. The Gentleman from Kelly, Mr. Kelly to close."

Kelly: "Thank you Mr. Speaker, Members of the House, House Bill 1217 came out of the Committee with a 14 to zero vote. There was not any opposition at the Committee hearing from anyone. And I'll point this out, that by having underinflated tires you're going to be using up more gas. And let me tell you some thing else, Ladies and Gentlemen, the people that are opposed to this legislation are the oil industry. And we all know that there is now hidden oil supplies and I, we know that this is going on and this is just another area where the oil industries are trying to control their this area. I would say if you want to vote with the consumers, with the people of Illinois, then you vote 'yes', and if you want to vote with the oil interest, then vote 'no'."

Speaker Lechowicz: "The question is shall House Bill 1217 pass. All in favor vote 'aye'; all opposed vote 'nay'. The Gentleman from McHenry, Mr. Skinner, to explain his vote."

Skinner: " You know I sure could agree with this Bill if the Sponsor would agree to take it back to Second Reading

to put something that is really is essential for some of us caffeine addicts. It certainly would be helpful if we required every gas station, which had a soft drink machine to have some type of diet cola so I wouldn't have a caffeine fit and have to drive from station to station in order to find a Tab or a diet pepsi. What is this? We got enough hot air. I vote 'no'."

Speaker Lechowicz: "The Lady from Champaign, Mrs. Satterthwaite, to explain her vote."

Satterthwaite: "Mr. Speaker, Members of the House, in explaining my 'yes' vote, I think we're all aware that we're in a situation where gas is costing more every time we drive into a service station. I would hope that we can still expect the term service station to mean something. Not just a place where we fill up our gas tanks, but a place where we can also get air for our tires as this Bill would provide for us. If we get to the point of having to ration our gasoline, which I hope we don't, but if we do, we are all going to feel it necessary to conserve gas in every fashion possible. Not only by having properly inflated tires, but by finding the air with which we can inflate our tires the first time we drive into a service station. I urge your support for this Bill."

Speaker Lechowicz: "The Gentleman from, Mr. Mugalian, you still want to explain your vote. Your light was on. Ok. The Gentleman from Cook, Mr. J.J. Wolf, to explain his vote."

Wolf: "Yes, I would just like to explain my vote, really for the benefit of the Sponsor. Dick, sometime back there was a gas station in my community that was individually owned. The Shell Oil Company took it over and they took out the air. I wrote them a letter and told them I like to get air in my tires where I buy my gasoline and get my car washed and if you don't have it there, I'm not going to trade at the station anymore, which I don't. I no longer go in that station. And the inference that anybody who

voted for this was for the oil company, we could make the same argument that if you didn't vote for it, that you wouldn't be for the people that manufacture the compressed air machinery."

Speaker Lechowicz: "The Gentleman from Macon, Mr. Dunn."

Dunn: "Thank you Mr. Speaker, Ladies and Gentlemen of the House, to explain my vote I'd just like to point out that when gasoline rationing problem really hits here in Illinois the stations that are going to be selling gasoline are those that have gas and it won't make any difference whether they have air or whether they don't. All of us need air in our tires however, and Representative Kelly has an excellent Bill here. I think we should require every station in the State of Illinois that wants to see gasoline to provide the means to help the people get in to the station to buy the gas. You can't get in there on a flat tire. I'd urge some more green lights here because you're going to be, you're going to find yourself in line at gas stations whether there's no air compressor and then you're going to go to a place that has no gas and ask them for air. You know that won't work. It's a good Bill; let's pass this Bill. Send a message to the oil companies."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Kucharski."

Kucharski: "Thank you, Mr. Speaker. While there's full service, mini service and self service, it appears to be that there will soon be no service. I urge an 'aye' vote."

Speaker Lechowicz: "The Gentleman from Will, Mr. Leinenweber."

Leinenweber: "Now, Mr. Speaker, Representative Skinner suggested the Sponsor ought to take this back and provide for pop machines. Today's paper indicates that adult males who consume saccharin have twice the incidence of bladder cancer than those who don't consume saccharin. So, for Representative Skinner's bladder, kill this Bill. Don't let him take it back."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Vitek."

Vitek: "Mr. Speaker, Ladies and Gentlemen of the House, I can only say one thing. Those people who are voting red up there better go out and buy some hand pumps that we used to use years ago on the pumps, on the tires and on our bicycles, because without the air at the station you're going to left with a flat tire and how the hell are you going to blow it up? With your mouth? Vote 'aye'."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Ewell."

Ewell: "Mr. Speaker, Ladies and Gentlemen of the House, I've become a realist and I want to send a message to the oil companies too. And the only thing I can say is please record me as present."

Speaker Lechowicz: "The Gentleman from Will, Mr. Van Dyune."

Van Dyune: "If I could, Mr. Speaker, I'd like to add my two cents for what it's worth. You know we are all of the opinion here that we should be helping out the small business man and I'm going to vote 'aye' on the Bill but I'm doing it half-heartedly because I'd like to really strike out against the chains. And if we allow the chains interupt their air service well maybe our local gas station owners will see the opportunity. They need air anyway to do their tire serivces that they do, fixing flats and whatever. So, it may be a boon to the local people, the small businessman if we don't for it. But anyway, I'm going to give Dick a vote and vote 'aye'."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Kelly."

Kelly: "Thank you, Mr. Speaker, and Members of the House, I don't want to take up this much time because I don't think this is that significant a Bill, but I do think it's important. I do want to point out to Representative Wolf to explain why I used the term that you were voting with the oil indusrty if you vote contrary, because the oil lobbists and I know for a fact, I've done some home work, and they were at the Committee hearing and had an opportunity to testify against the Bill and they did not even present

may testimony and all of sudden there's been a large amount of I know, home work, done on the issue. And I'm not referring to the fact that you're favoring the oil industry, but I am referring to the fact that you are listening to the arguments of the oil lobbists who have approached, I know, some of the Legislators."

Speaker Lechowicz: "Have all voted who wish?"

Kelly: "I want to point one more thing out, Mr. Speaker. In the article here of yesterday in the Chicago Tribune on Jack Mably, it points out right in here that there is a proper tire inflation, is good for another 2% gas mileage. This is, this will help with the fuel economy that we are under. It's a good consumer Bill and it will help with the fuel shortages and that's why I'm Sponsoring it and let it go up or down. Thank you."

Speaker Lechowicz: "Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there are 72 'ayes', 78 'no', and 5 recorded as present. The Gentleman has leave to have the Bill put on Postponed Consideration? Hearing no objection, 1217's on Postponed Consideration. House Bill 1260."

Clerk Leone: "House Bill 1260, a Bill for an Act to Amend Sections of the Illinois Insurance Code. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from McClean, Mr. Bradley."

Bradley: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House, 1260 as Amended allows all companies, insurance companies that are providing accident, health insurance to supply the required outline, either at the time of application, or at the time when the policy is delivered. Representative Barnes put a, or Representative Jones put an Amendment, I believe, on the Bill that did something else. It, right now the Department of Insurance by regulation mandates that the consumer be given ten days after

the delivery of the policy to make a decision as to whether they want to keep the policy or not, have the opportunity to cancel it. And Representative Jones added from ten days to thirty days and the Amendment is on the Bill right now. So that's the condition of the Bill. They can deliver the , they can deliver the outline with the , with the application or at the time of delivery of the policy and then the policy holder has thirty days instead of ten days to make a decision as to whether or not they want to keep the Bill and I ask for a favorable Roll Call."

Speaker Lechowicz: "Any opposition? The question is shall House Bill 1260 pass. All in favor vote 'aye'; all opposed vote 'nay'. Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there's 152 'aye', 2 'nay', and 2 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 1296."

Clerk Leone: "House Bill 1296, a Bill for an Act to Amend Sections of the Highway Advertising Control Act. Third Reading of the Bill."

Speaker Lechowicz: "Mr. Kempiners."

Kempiners: "Thank you, Mr. Speaker. This Bill is Amendment to the Highway Advertising Control Act of 1971 which relates to a federal law that was signed into law on May 5th, of 1976 providing it's in U.S. Title 23 Section 131, Subsection 0, that provides in the Federal Highway Beautification Act a hardship petition procedure to apply to highway signs. This Bill is a conformance piece of legislation to provide a means for people who have an eco, who would suffer an economic hardship for the purchase and taking down of these signs to apply to the Secretary of Transportation for this exemption under Subsection 0 and I would urge your support."

Speaker Lechowicz: "Is there anyone in opposition? Question is shall House Bill 1296 pass. All in favor vote 'aye';

all opposed vote 'no'. Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there's 125 'ayes', no 'nays', 15 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 1363. Mr. Bell. Is Mr. Bell in the chamber? Take it out of the record. House Bill 1404. "

Clerk Leone: "House Bill 1404, a Bill for an Act to Amend Sections of the Environmental Protection Act. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Knox, Mr. McMaster."

McMaster: "Thank you, Mr. Speaker, and Ladies and Gentlemen of the House, House Bill 1404 Amends Section 41 of the Illinois Environmental Protection Act by stating that any final orders or determination of the Board under this Act shall be based solely on the evidence on the record of the particular proceeding involved. And any such final order or determination shall be invalid if it is against the manifest weight of the evidence. It's merely to clean up some things in the Environmental Protection Act."

Speaker Lechowicz: "Any opposition? The Lady from Cook, Mrs. Currie."

Currie: "Thank you, Mr. Speaker. I'd like to ask some questions of the Sponsor and I'd appreciate it if ten people would join me to take this Bill off Short Debate."

Speaker Lechowicz: "The Lady has ten Members joining her. The Bill is now on Full Debate. Please proceed."

Currie: "Thank you very much. Representative McMaster, I'd like to know what your intention with this Bill is; what kinds of changes do you think that this new language will make in the procedures of the Pollution Control Board."

McMaster: "I think Representative Currie, that the Pollution Control Board is the only state agency from which appeals go directly to the Appellate Court. "

Currie: "Indeed they do."

McMaster: "I think you're aware of that. And these courts are accustomed to reviewing questions of the law and well developed factual records. If the Pollution Control Board is going to make decisions not based upon fact, and then those decisions in turn go to the Appellate Court. I don't think there's going to be a fair presentation of the evidence behind the decisions made by the Pollution Control Board."

Currie: "But Representative McMaster, maybe then I could speak to the Bill. My understanding is that indeed pollution, the decisions, the judicial decisions of the Pollution Control Board are under the Administrative Review Act subject to judicial review by the courts. The standard the court employs is manifest weight of the evident standard and I don't see how your Bill would change what is in fact already the law of the State of Illinois in respect to the judicial activities of the Pollution Control Board."

McMaster: "Well, really, I think that Pollution Control Board does not always make their decisions based upon the evidence. They do a lot of their thinking in an ivory tower and they pose decisions in that way, not based upon evidence."

Currie: "My understanding is that the court reviews their judicial proceedings with manifest weight of the evidence standards as appropriate. So, I don't think that this Bill makes any change in what is already the way in which decisions by that Board are reached and are evaluated by the courts."

McMaster: "The evidence presented by the Pollution Control Board and as I say, if they don't base their decisions upon evidence, then what do we have to go before the courts with?"

Currie: "Ok. Alright. May I continue to speak to the Bill? When the Pollution Control Board acts judicially, it's opinions are right now subject to precisely the kind of review that Representative McMaster would like this Bill to offer us. My view is that we already have it. To add this language to the statute is meaningless. I think that the first Section

of this Act and I would like to point out that to this Body that I think this Bill was introduced by the State Chamber of Commerce. Its original language was meant to gut the rule making and standard setting procedures of the Pollution Control Board. I think in its final form the Bill does not in fact go that far. But it seems to mean at best, a meaningless piece of legislation. At best it says what is already the fact with respect to the Pollution Control Board. I think that agency is enshrouded in more appropriate evidencery and public hearing procedures than almost any other administrative agency I know about, either at the state or the federal level and I would urge us to vote against this Bill. If it is, as I think it is, meaningless, we will do no real harm in topping this piece of legislation except the harm that the courts, looking at our language, might wonder what it was we did have in mind in enacting something that will not change what we already have. Thank you very much."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Greiman."

Unknown: "Kill the Bill."

Greiman: "Mr. Speaker, and will the Gentleman yield for a question?"

Speaker Lechowicz: "Indicates he will."

Greiman: "Ok. There is a concept that courts and agencies deal with called 'judicial notice'. And that is a sort of what people would normally know, or what the court would normally be charged with knowledge of without having any evidence like if the boundries of a geographical areas, or that Springfield is in Sangamon County, and things like that. Now, does your Bill, would I think, take out the doctrine of judicial notice. Would it, not?"

Speaker Lechowicz: "Mr. McMaster please."

McMaster: "No, I think you're way off of base on this Representative Greiman. We don't take out any judicial notice. You know better than that."

Greiman: "Well, ok then, on the Bill, I wish I did know better than that. If this solely on the evidence of the record. Often a judicial hearing officer of court without evidence can take judicial notice of the fact, of many facts, for example, that Springfield is in Sangamon County and facts like that. I think that if Mrs. Currie was correct and this does nothing but restate the law, I say, well, what's the difference? But I think that it might be interpreted to mean something. And about the only thing I could think of was we would then suddenly find ourselves having decisions thrown out because somehow, judicial notice was not allowed because there was no evidence to support the fact that for example, Springfield is in Sangamon County. This is a mischevious little provision and I'm very concerned about it and I'm going to vote 'no' on this."

McMaster: "I think that's a fallacious interpretation of the legislation. Really I do, Mr. Greiman."

Unknown: "Kill the Bill."

Speaker Lechowicz : "The Gentleman from Champaign, Mr. Wikoff."

Wikoff: "Thank you, Mr. Speaker. I rise in support of this Bill. I've had a little bit of experience in this very same line several years ago some differences of opinion, you might say, between the city of Champaign when I was Mayor and the Enviornmental Protection Agency and the Pollution Control Board and I can assure you that they do and they act just as Representative McMaster's has said earlier and what this legislation is trying to do is to bring them into the same rules and regulations that everybody else does. Because once they make a decision they have to have no valid reason to make that decision. We have been harassed and had decisions made under vindictiveness. The only solution was an appeal to the Appellate Court which took a little bit over a year to decide and then finally it was thrown out because the decision was mood at that time. I think it's a good Bill."

Speaker Lechowicz: "The Gentleman from Will, Mr. Van Duyne."

Van Duyne: "Thank you, Mr. Speaker. Would the Gentleman yield for a question,....?"

Speaker Lechowicz: "Indicates he will."

Van Duyne: "Tom, am I to understand that when a person applies for EPA permit to operate a land fill, or some type of a treatment plant, that now their sole decision is going to be based on soil texture and reaching and that type of information?"

McMaster: "No, I'm quite sure that you're wrong there, Leroy."

Van Duyne: "Well, I don't care about...."

McMaster: "Thirdly, they, the Pollution Control Board, let me point out, this applies to permit appeals, enforcements, actions and various proceedings. So I don't think you're talking about the placement of a land fill under this legislation."

Van Duyne: "Well, you say you don't think so. You know now the EPA Board receives all the technical data from the applicant and they make a decision on that technical data. Then if the local...."

McMaster: "This is a Pollution Control Board."

Van Duyne: "Well, don't they..."

McMaster: "... and I don't think the PCB...."

Van Duyne: "Isn't the Pollution Control Board under the general scope of the EPA?"

McMaster: "The Pollution Control Board makes some advisory recommendations to the Environmental Protection Agency. They, the PCB does not site land fills."

Van Duyne: "Thank you."

McMaster: "The EPA does that."

Speaker Lechowicz: "The Gentleman from Macon, Mr. Borchers."

Borchers: "Well, Mr. Speaker, and fellow Members of the House, in the past I've had a good deal of, well, I hardly know what to say.... conflict, agreement with the Pollution Control Board, many, many years. I've come to the conclusion

that they're in the past and still are under certain respects. The most dictatorial and arrogant agency of government still in the State of Illinois. I might point out to you that they, the Pollution Control Board, not the Environmental Protection Agency, which is underneath the which is you might say the arm of the Pollution Control Board, and I'd like to point out, might point out to you that they have prosecutor, judge, jury, and executioner. And Mr. McMaster's Bill is certainly, or Representative McMaster's Bill, is certainly within reason, because there should be some way of covering the fact that they do not only act on facts or figures; they act sometimes from just sheer emotion or complete, I don't even want to say liberalism, because it would cast in some degree a little bit of doubt on the idea of liberalism. But they certainly are their own bosses; they tried to supercede the courts; they do everything they can to have their own way in every degree. And if there was any, if I were the enemy of this country I don't hesitate one moment to say, that agency federal and state, is the first agency that I would subsidise to help destroy business, defense, you name it; they'll do it, in this country. And the..."

Speaker Lechowicz: "The Gentleman..."

Borchers: "...Ok. I close with saying I certainly hope you vote 'yes' on this."

Speaker Lechowicz: "The Gentleman from Knox, Mr. McMaster, to close."

McMaster: "Thank you, Mr. Speaker. Ladies and Gentlemen, I think we've debated this legislation, given us perhaps more hot air than we should have given it, than it deserve. I would merely urge a 'yes' vote."

Speaker Lechowicz: "Question is shall House Bill 1404 pass. All in favor vote 'aye'. All opposed vote 'nay'."

Unknown: "Kill the Bill."

Speaker Lechowicz: "John, vote me 'no'. Johnny? Have all voted

who wish? Have all voted who wish? The Clerk will take the record. On this question there's a 80 'yes's', 57 'no'. The Gentleman asks leave to poll the absentees? Please poll the absentees."

Unknown: "Kill the Bill."

Speaker Lechowicz: "Please proceed with the absentees."

Clerk Leone: "Anderson. Beatty. Bradley. Capparelli. Conti. Dawson. Domico. Epton. Farley. Goodwin. Harris."

Speaker Lechowicz: "Excuse me. Kindly record Mr. Farley as 'no'."

Clerk Leone: "Harris."

Speaker Lechowicz: "Mr. Goodwin as 'no'. Goodwin."

Clerk Leone: "Harris. Hoffman."

Speaker Lechowicz: "Kindly record Mr. Slape as 'aye'."

Clerk Leone: "Emil Jones. Klosak. Kozubowski. Leverenz.

Madigan. McAuliffe. McGrew. Meyer. Molloy. Kulas. Oblinger.

Peters. Richmond. Ryan. Schlickman. Stearney. E.G. Steele.

Terzich. Vitek. Waddell. Sam Wolf. Younge. Mr. Speaker."

Speaker Lechowicz: "Mr. Terzich as 'aye' please. The Lady from St. Clair, Mrs. Younge. Kindly record her as 'aye'. Anyone else seeking recognition? What's the count Mr. Clerk? Excuse me. Mr. McAuliffe as 'aye'. You have 84, Tom. The Gentleman asks leave to Postpone House Bill 15 , 1404. Hearing no objection, House Bill 1404 is Postponed. House Bill 1363."

Clerk Leone: "House Bill 1363, a Bill for an Act to Amend Sections of the Hospital District Law. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Rock Island, Mr. Bell."

Bell: "Mr. Speaker, Ladies and Gentlemen of the House, House Bill 1363 gives voters in townships and municipalities which are in a hospital district the right to detach from it at any time. Presently they have 60 days after formation of a hospital district in which to detach. But due to progress, communities change. Other hospitals become more convenient. I ask for your favorable vote."

Speaker Lechowicz: "Is there anyone in opposition? The question is shall House Bill 1363 pass. All in favor vote 'aye'; all opposed vote 'nay'. Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there's 153 'aye', 2 'nay', and none recorded as present. This Bill having recieved the Constitutional Majority is hereby declared passed. House Bill 1442.  
Mr. Von Boeckman."

Clerk Leone: "House Bill 1442, a Bill for an Act to Amend Sections of the Motor Fuel Tax Law. Third Reading of the Bill."

Speaker Lechowicz: "Take the Bill out of the record, momentarily. House Bill 1468, Mrs. Reed. Mrs. Reed. Is the Lady there? Jack?"

Wolf: "Mr. Speaker, she, I think she's in the nurse's station temporarily. Can we take it out?"

Speaker Lechowicz: "Yeah, we'll get back to it as soon as she gets back."

Wolf: "Thank you."

Speaker Lechowicz: "House Bill 1556, Mr. Bradley. Take it out of the record. House Bill 1562. Mr. Yourell. Hey, Bus. Take it out of the record. 1564, Mr. Polk."

Clerk Leone: "House Bill 1564, a Bill for an Act to Amend the Vehicle Code. Third Reading of the Bill."

Polk: "Mr. Speaker, and Ladies and Gentlemen, House Bill 1564 is enabling legislation to give the down-state counties the same authority as Cook County has in relation to towing vehicles. It came out of Motor Fuel, Motor Vehicles Committee ten to zip. I'd appreciate an 'aye' vote."

Speaker Lechowicz: "Is there anyone in opposition? Question is shall House Bill 1564 pass. All in favor vote 'aye'; all opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there's 139 'ayes', 5 'nos', 3 recorded as present. This Bill having received the Constitutional Majority is hereby

declared passed. House Bill 1442, Mr. Von Boeckman."

Clerk Leone: "House Bill 1442, a Bill for an Act to Amend the Motor Fuel Tax Law. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Tazewell, Mr. Von Boeckman."

Von Boeckman: "Well, Mr. Speaker, and Ladies and Gentlemen of the House, all 1442 does is change the reporting dates on motor fuel tax. There's no opposition to this Bill and I urge your support."

Speaker Lechowicz: "Is there one who wants to speak in opposition to the Bill? Question is shall House Bill 1442 pass. As in favor vote 'aye'; all opposed vote 'no'. Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there's 126 'ayes', 5 'nays', 7 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed.

Is Mrs. Reed back yet Jack? Ok. House Bill 1681, Mr. Watson?"

Clerk Leone: "House Bill 1681, a Bill for an Act to add Sections to the Vehicle Code. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Bond, Mr. Watson."

Watson: "This is an Amended Bill and the Bill reads that, authorizes the Secretary of State upon receipt of an application made on the form prescribed by the Secretary of State, that he may issue to former prisoners of war, World War I, World War II, Korean conflict, and the Vietnamese conflict, special registration plates. The special plates issued pursuant to this session shall be affixed only to passenger vehicles of the first division, subject to the staggered registration system and pay full fee in accordance with Section 3806 of this Act. The design colour of the prisoner of war plates shall be wholly within the discretion of the Secretary of State. The Amendatory Act takes effect of the 1980 registration year. There's something like less than 2,000 prisoners of war in the state of Illinois and this is just give them special recognition for the part that they played in our conflict. The Secretary of State

Is not opposed to this and its cost is minimal and in the Motor Vehicles Committee it came out of there on an 11-10 vote to nothing vote. And I would appreciate a favorable vote from the House floor. Thank you."

Speaker Lechowicz: "The Gentleman from Macon, Mr. Borchers."

Borchers: "Mr. Speaker, I would just like to suggest that maybe the Sponsor should think about taking that back to Second Reading and putting one other Amendment on there to those only honorable discharged. There were some that were dishonorably discharged. And I would just make that suggestion but I want to go any farther than that."

Watson: "Yeah, we could do that in the Senate. Good point."

Speaker Lechowicz: "Is there anyone in opposition? The question is shall House Bill 1681 pass. All in favor vote 'aye'; all opposed vote 'nay'. The Gentleman from Cook, Mr. Bluthardt."

Bluthardt: "Mr. Speaker, and Members of the House, I'm not too sure that this is a good idea. And with the attitude that some people in this nation in recent years have had toward our veterans, it seems that now one might be as endangered driving a vehicle with a PW license plate on as a Legislator has in driving a car with an official plate. And you who have the benefit of a C.B. knows what I mean when I tell you about the attitude of the public about the official plates on vehicles. It always seems to me that patriotism has become un-American in these days. And I don't think we're going to do the PW's any favor by having them marked as prisoners of war by the, by their license plates on their car. I don't think it's a good Bill and I oppose it."

Speaker Lechowicz: "The Gentleman from Cook, Mr. DiPrima."

DiPrima: "At ease. I'm surprised at you. They've already passed this Bill in about a dozen states; it'll probably wind up passing in all of the states. And the Secretary of State has already approved of this Bill and I'm really surprised

at you. I'm trying to protect the prisoners of war. I don't want their windows broken in; I don't want their fenders dented. Larry, I am, you know, a veteran too."

Bluthardt: "I know."

DiPrima: "I spent considerable amount of time in combat and I'm just concerned about marking the cars and saying I am a former prisoner of war so some of these nuts that run around that's touchy about it can throw some rocks through the windows. That's all I'm concerned about."

Bluthardt: "Well, we kind out who those kooks are and put them in jail." Reconsider your vote Eddie."

Speaker Lechowicz: "Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there's 131 'ayes', 7 'nays', 12 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 1749. 1749."

Clerk Leone: "House Bill 1749, a Bill for an Act to Amend Sections of the Code of Criminal Procedure. Third Reading of the Bill."

Speaker Flinn: "The Lady from LaSalle, Representative Breslin is recognized."

Breslin: "Mr. Speaker, and Members, this Bill, House Bill 1749, would allow or require a speedy trial for those people who have had their convictions reversed and remanded for retrial. And you know the present law requires that a person in custody be tried within 120 days. If they're not in custody they have to be tried within 160 days. In this case, if they have already had their initial trial, that conviction has been reversed and they're brought back for retrial, there is presently no provision for speedy trials to be had for those people. This Bill would require that if that person is in custody, that he must be retried within 60 days. And if he is not in custody, he must be retried within 90 days. I ask for a favorable Roll Call."

Speaker Flinn: "Is there anyone standing in opposition? If not, all those in favor vote 'aye' and those opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 151 voting 'aye', 1 voting 'no' and 1 voting present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 1754."

clerk Leone: "House Bill 1754, a Bill for an Act in relation to the Illinois Mobile Home Privilege Tax. Third Reading of the Bill."

Speaker Flinn: "Representative McMaster."

McMaster: "Thank you, Mr. Speaker. This Bill would require that anyone moving a mobile home into a mobile home court would be required to sign an affidavit as to the time when that date when that home was moved in there. And the mobile home court owners required to keep a record of this and to have it available for the assessing officials and for that reason, it would lead to better assessment of mobile homes. As I understand the Cook County area does not assess mobile homes, but it is done down-state."

Speaker Flinn: "Is there anyone standing in opposition? If not, all those in favor vote 'aye'; those opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 132 voting 'aye', 2 voting 'no' and 9 voting present. And the Bill having received the Constitutional Majority is hereby declared passed. House Bill 1803."

Clerk Leone: "House Bill 1803, a Bill for an Act to add Sections to the Metropolitan Transit Authority Act. Third Reading of the Bill."

Speaker Flinn: "I don't see Representative Barnes here. Do we have permission from both of you? Representative Beatty, for what purpose do you rise?"

Beatty: "I'm one of the Cosponsors; I'd just as soon let the Bill wait a while."

Speaker Flinn: "Well, we've got to have permission according to the vote of a few moments ago, have permission of all of the Sponsors and the Chief Sponsor's not here, so we'll take it out of the record. Representative Barnes? You wish 1803 be called? Your hyphenated Sponsor's already agreed. Representative Barnes."

Barnes: "Thank you verymuch, Mr. Speaker, and Members of the House. Mr. Speaker, and Members of the House, this is a, I think, one on the noncontroversial. I thought the other one was too. But some of the, one of the noncontroversial Bills in that package that come out of the Subcommittee on Mass Transit Crime. 1803 as the Digest indicated, there was Amendment that better defined elevated platforms but it does in fact, just what it says. It prescribes that the CTA would install and maintain public telephones assessable to the public for the purpose of emergency situations on the elevatedplatforms. I believe it's noncontroversial and I would solicit the support of the House."

Speaker Flinn: "Is there anyone standing in opposition? If not, all those in favor vote 'aye'; and those opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 149 voting 'aye' and none voting 'no' and 3 voting present. And the Bill having received the Constitutional Majority is hereby declared passed. House Bill 1840."

Clerk Leone: "House Bill 1840, a Bill for an Act to Amend the Election Code: Third Reading of the Bill."

Speaker Flinn: "Representative Steczo."

Steczko: "Thank you, Mr. Speaker, Members of the House. House Bill 1840 is a product of the Illinois Election Laws Commission and it does two things in particular. Number one; it allows the statements of economic interest for new parties or independent candidates be filed with the appropriate election official by the end of the filing period. And number two; it attempts to conform Illinois

Statutes to the recent Supreme Court decision, *Rose vs. Hanley*, about signature requirements to get on the ballot. It provides that signature requirements for new independent candidates be one percent of the national state-wide general election total and also provides for new signature requirements for local offices if not less than five percent of the voters in the national local election, but not to exceed the state-wide minimum number. I would ask for your support of House Bill 1840."

Speaker Flinn: "Is there anyone standing in opposition? If not, all those in favor vote 'aye', and those opposed vote 'no'. Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there are 152 voting 'aye', 2 voting 'no', and 2 voting present. And the Bill having received the Constitutional Majority is hereby declared passed. House Bill 1908."

Clerk Leone: "House Bill 1908, a Bill for an Act in relation to blood and blood products and Amending Acts. Third Reading of the Bill."

Speaker Flinn: "Representative Donovan."

Donovan: "Mr. Speaker, Ladies and Gentlemen of the House, I'd ask leave of the House to return House Bill 1908 to the order of Second Reading for the purposes of Amendment. The Amendment I propose on, it's number 4, is a, take care of a drafting error that took place in Legislative Reference and so, I would move the adoption of Amendment 4 now."

Speaker Flinn: "First let me move it back to Second. The Gentleman has asked leave to move the Bill back to Second. Is there any opposition? Leave is being granted. The Bill's on Second Reading. Would you explain the Amendment? "

Donovan: "Yes, I will. Amendment #4 is an Amendment to take care of a drafting error on line nine and ten of Amendment 3. What it done was, it was deleting the Blood Labeling Act and it should be under the Blood Bank Act of Illinois and then

there was another correction on line 12, the deletion of 'the' in the title. So I move the adoption of the Amendment."

Speaker Flinn: "The Gentleman has moved the adoption of Amendment #4, to House Bill 1908. All those in favor say 'aye', 'aye', those opposed. The 'ayes' have it. The Amendment is adopted."

Donovan: "Can I have leave to return it to Third, Short Debate?"

Speaker Flinn: "Is there any further Amendments, Floor Amendments?"

Clerk Leone: "No further Amendments."

Speaker Flinn: "Third Reading. Does the Gentleman have leave to leave it on Short Debate? Hearing no objection, leave is granted. We remain on Short Debate, Third Reading. House Bill 1948."

Clerk Leone: "House Bill 1948, a Bill for an Act to Amend Sections of the Motor Fuel Tax Law. Third Reading of the Bill."

Speaker Flinn: "Representative Campbell."

Campbell: "Mr. Speaker, and Ladies and Gentlemen of the House, House Bill 1948 would Amend Section 1.14 of the Illinois Motor Fuel Tax Law to delete the word 'license' which precedes the word 'bulk user' in the definition of a supplier of spatial fuel. Four years ago Sections 5 and 5-A of the Motor Fuel Tax, supported by the Department of Revenue, had exactly the same Amendment and this particular Section was over-looked. This Bill passed out of the Revenue Committee 21 to nothing. I know of no opposition and would appreciate your favorable support."

Speaker Flinn: "Is there anyone standing in opposition? If not, all those in favor vote 'aye' and those opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 155 voting 'aye', none voting 'no' and one voting present. And the Bill having received the Constitutional Majority is hereby declared passed. House Bill 1975."

Clerk Leone: "House Bill 1975, a Bill for an Act to Amend Sec-

tions of the State Employees Group Insurance Act. Third Reading of the Bill."

Speaker Flinn: "Representative Sam Vinson."

Vinson: "Mr. Speaker, Members of the House, this Bill was Amended in the Personnel and Pensions Committee and I think the Amendment removed any objection to it. What the Bill says as Amended is that from this time, from the effective date of the Bill forward, that any part-time employee covered by the state group insurance program will only receive state payment on the same percentage that is a part-time employee covering his premium, so if it was a half-time employee, the state will pay half of his premium. I know of no objection."

Speaker Flinn: "Is there anyone standing in opposition to this Bill? If not, all those in favor vote 'aye'; those opposed vote 'no'. Representative Dunn, do you seek recognition? Representative John Dunn."

Dunn: "Yes, Mr. Speaker. I was going to ask a question, but I'll just indicate that I am a little bit concerned about this Bill because of the impact it may have on those who are on the District Office payroll, the Members of this General Assembly, who are not full-time employees, who may be participating right now in the state insurance plan. This may have an adverse impact on those people and I think the Membership ought to take that into consideration when they vote on this Bill. "

Speaker Flinn: "Any further discussion, anyone else for explaining their vote rather? If not, have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 133 voting 'aye', 15 voting 'no', and 7 voting present. The Bill having received the Constitutional Majority is hereby declared passed. House Bill 1980."

Clerk Leone: "House Bill 1980, a Bill for an Act to Amend the Fish Code. Third Reading of the Bill."

Speaker Flinn: "Representative Griesheimer: "Thank you, Mr. Speaker. House Bill 1980 is a Bill that was drawn by the Department of Conservation in order to up-date all of the fish license fees so that they are in parallel to the Bill which I Sponsored and was passed into law last year. What happened was that last year when the Bill to up-date fishing licenses for the first time in 20 some years was passed, I had it drawn. It did not come out of the Department; it applied only to individuals and a few special permits that I was knowledgeable of. They reviewed all of their fishing license fees and found out that any number of them had been over-looked. Many of them in this Bill, in fact, I believe all of them in this Bill, commercial in nature. These fees now have been up-dated to cover the same type of increases as we have given to the personal increases of last year. The Department is supporting the Bill. As I have indicated, they have actually drawn the Bill. And I would urge your adoption."

Speaker Flinn: "Representative Getty."

Getty: "I just wonder if we're talking about the same Bill.

I thought this was a Bill you're going to make an Amendment to."

Greishiemer: "Representative Getty is correct. But I don't think that Amendment has been distributed, has it? Alright. Mr. Speaker. Let's hold this Bill on Third Reading. Representative Getty did bring to my attention some wording in this Bill that needed corrective action and I did file an Amendment. The Bill must have gone on to Third Reading. I didn't know about it. So, we'll just hold it here and move it back to Second after the Amendment's been distributed."

Speaker Flinn: "Ok. The Amendment has been distributed, the Clerk has informed me. If you care to move, move it back to Second now....."

Greishiemer: "Fine. We'll move it back to Second."

Speaker Flinn: "Ok. The Gentleman has moved, has asked leave

to move the Bill back to Second Reading for the purpose of Amendment. Does he have leave? Hearing no objection, leave is granted. The Bill is on Second Reading. Amendment #2."

Clerk Leone: "Amendment #2, Amends House Bill 1980 on page ten, line fifteen, by deleting the following."

Speaker Flinn: "I'm advised by the Clerks that the Bill has been, er, the Amendment has been.... Ok. We find out the Clerk's Office was wrong again. So, we'll leave it on Second Reading. You don't have any objection, Mr. Sponsor?"

Greishiemer: "No, I don't have any objection."

Speaker Flinn: "The Amendment has not been distributed. House Bill 2016."

Clerk Leone: "House Bill 2016, a Bill for an Act to Amend an Act providing for the organization operation of dissolution of mosquito abatement districts. Third Reading of the Bill."

Speaker Flinn: "Representative Meyer. Take the Bill out of the record; the Sponsor is not on the floor. House Bill 2024."

Clerk Leone: "House Bill 2024, a Bill for an Act to Amend Sections of an Act to revise the law in relation to recorders. Third Reading of the Bill."

Speaker Flinn: "Representative Mahar."

Mahar: "Thank you, Mr. Speaker, and Ladies and Gentlemen of the House. House Bill 2024 Amends the Act relating to a recorders. It prohibits the recording of an instrument dividing or subdividing property unless the appropriate municipal ordinances requiring approval have been complied with. Now, this Bill was taken out of the record the other night at the request of Representative Getty, who wanted to look at it. I think the, he has no objection, but I would ask if he would respond."

Speaker Flinn: "Representative Getty?"

Mahar: "I see he indicates he has no objection. The Bill passed

out of the Counties and Townships 15 to nothing. It's the result of some actions throughout the state of Illinois in regard to this matter and I would urge that it be passed."

Speaker Flinn: "Is there anyone standing in opposition to this Bill? If not, all those in favor vote 'aye' and those opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 142 voting 'aye', none voting 'no' and 2 voting present. And the Bill having received the Constitutional Majority is hereby declared passed. House Bill 2160."

Clerk O'Brien: "House Bill 2160, a Bill for an Act to Amend Sections of the Illinois Pension Code. Third Reading of the Bill."

Speaker Flinn: "Representative Capparelli. Take the Bill out of the record. House Bill 2167."

Clerk O'Brien: "House Bill 2167, a Bill for an Act to Amend Sections of the Fair Employment Practice Act. Third Reading of the Bill."

Speaker Flinn: "Representative Bullock."

Bullock: "Thank you, Mr. Speaker, and Ladies and Gentlemen of the House. House Bill 2167 is a very simple Bill. It basically codifies some of the existing federal statutes relative to the FAPC administration in terms of attorney fees, a two year limitation, statute limitation. It also attempts to codify the federal statute as relates to the two year limit. It's a simple Bill and I certainly would move for favorable consideration. I request an 'aye' vote."

Speaker Flinn: "Is there anyone standing in opposition to this Bill? If not, all those in favor vote 'aye' and those opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question received 133 'ayes', 6 voting 'no', 2 voting present."

And the Bill having received the Constitutional Majority is hereby declared passed. House Bill 2205. Out of the record. The Sponsor is not here. House Bill 2249."

Clerk O'Brien: "House Bill 2249, Matijevich,..."

Speaker Flinn: "The Sponsor's not here. Take that out of the record too. House Bill 2287."

Clerk O'Brien: "House Bill 2287, Mautino, a Bill for an Act to Amend the Illinois Vehicle Code. Third Reading of the Bill."

Speaker Flinn: "Representative Mautino."

Mautino: "Thank you very much, Mr. Speaker and Ladies and Gentlemen of the House. House Bill 2287 was put in at the request of the Secretary of State and he feels that the passage of this legislation, his office will save tax dollars due to the following. What this legislation does as Amended, it eliminates the manufacturing of reciprocity plates that you see on tractor trailers going from one state to another, through interstate traffic. It reduces the cost of postage for mailing the plates; it reduces the personal time involved and reduces the amount of computer time. What we've done with this legislation is not manufacture or sell reciprocity plates, but put a certificate of reciprocity such as used throughout the nation and it will be carried in the cab of the truck of each vehicle that crosses interstate line and it is in conjunction with the international registration plan for the nation. Basically what the, we would be out of the manufacturing of reciprocity plates and into the permits. There would be an advantage to the Secretary of State's Office and there would be an advantage to the truck companies as well. It is an agreed Bill, as I understand it."

Speaker Flinn: "Is there anyone standing in opposition to this Bill? If not, all those in favor vote 'aye' those opposed vote 'no'. Have all voted who wish? Have all voted who

wish? The Clerk will take the record. On this question there are 149 voting 'aye', 3 voting 'no' and 2 voting present. And this Bill having received the Constitutional Majority is hereby declared passed. House Bill 2294."

Clerk O'Brien: "House Bill 2294, a Bill for an Act to Amend Sections of the Code of Criminal Procedures. Third Reading of the Bill."

Speaker Flinn: "Representative Tim Johnson."

Johnson: "Yes, Mr. Speaker, Members of the House, Representative Catania is an hyphenated Chief Sponsor with this . . . . Bill and let her choose if we need to close. This Bill is a simple Bill. It provides that in the absence of specific authorization by Supreme Court Rule or by Statutory Provision a court can't order a witness in a rape case to undergo a psychiatric or psychological examination. The reason for this is to keep rape victims from being, from going on trial. So often times in rape cases there's a great deterrent to either convictions or trial because the individuals who've been victimized by the alledged rapist are afraid to go through the trauma and the psychological problems of having to go to trial, testify, submit to examinations and so forth. It's a fair Bill. I know of no opposition and it passed unanimously out of the Judiciary II Committee and I ask for your favorable support."

Speaker Flinn: "Representative Deuster."

Deuster: "Well, only for the purpose of asking one question, I would ask nine other Members to join me in removing this from the Short Debate. I would like to ask a question. I understand that's the only way to do it."

Speaker Flinn: "Ok, I see nine hands. Go ahead."

Deuster: "Thank you very much. The question is this, I would assume that a witness in a rape case is normally the victim but under some circumstances the witness might be a third person who either was standing on the street or walking by or , and do I understand that this Bill would prohibit

any witness, whether they're the... I can understand not wanting to ask the victim to go through another ordeal and to be examined psychiatrically but the question is how.. Ok. Representative Catania answers the question, well the complaining witness.... I guess that's the victim. Alright. Thank you."

Speaker Flinn: "Any further discussion? If not, all those in favor vote 'aye' and those opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 158 voting 'aye' and none voting 'no' and none voting present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 2321."

Clerk O'Brien: "House Bill 2321, a Bill for an Act to Amend Sections of an Act concerning Public Utilities. Third Reading of the Bill."

Speaker Flinn: "Representative Kent."

Kent: "Thank you, Mr. Speaker. 2321 changes just a few words and this had been recommended by the Commerce Commission. It was felt that sometimes the forfeiture of \$100 per day penalty for the small utilities is too much. And so we are changing it up to \$100 and it will be determined by the Commerce Commission who is able to pay. I urge your support."

Speaker Flinn: "Representative Skinner."

Skinner: "Mr. Speaker, I wonder if Representative Kent would mind taking this out of the record because of the Amendment that we previously discussed."

Kent: "It's alright with me."

Skinner: "Thank you."

Speaker Flinn: "Out of the record at the request of the Sponsor. House Bill 2325."

Clerk O'Brien: "House Bill 2325, a Bill for an Act to Amend Sections of an Act concerning Public Utilities. Third Reading of the Bill."

Speaker Flinn: "Representative Kent."

Kent: "Thank you, Mr. Speaker. This Bill is also one that was recommended by the House, by the Commerce Commission and supported in the House Utilities Committee. This raises the liability insurance necessary for the carriers that have passengers. And it has not been increased since 1963 and many of you know that the cost, the price, or the coverage in the insurance should be increased so that the people will be covered. There was an Amendment in the Committee that even raised it higher than the suggested Commerce Commission cost and that was Amendment 1."

Speaker Flinn: "Is there anyone standing in opposition to this Bill? If not, all those in favor vote 'aye'; those opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there's 150 voting 'aye, 1 voting 'no' and 2 voting present. And this Bill having received the Constitutional Majority is hereby declared passed. House Bill 2331."

Clerk O'Brien: "House Bill 2331, a Bill for an Act authorizing the Adjutant General to convey the Quincy Armory Property. Third Reading of the Bill."

Speaker Flinn: "Representative Kent."

Kent: "Thank you, Mr. Speaker. It is my understanding that the Amendment that I have for this Bill has not been delivered yet. I want to hold it on Third until the Amendment's delivered and then hopefully take it back the Second and have those words changed then bring it back."

Speaker Flinn: "Take the Bill out of the record. House Bill 2365."

Clerk O'Brien: "House Bill 2365, a Bill for an Act to Amend Sections of an Act in regard to attachments. Third Reading of the Bill."

Speaker Flinn: "Out of the record: The request of the Sponsor. House Bill 2450."

Clerk O'Brien: "House Bill 2450, a Bill for an Act to repeal

Emergency Public Transportation Assistance Act. Third Reading of the Bill."

Speaker Flinn: "I understand Mr. Sponsor, Mr., Representative Henry that the Minority would like to have this out of the record for a while. Do you agree?"

Henry: "Yes, Mr. Speaker."

Speaker FLinn: "Ok. Out of the record. Appearing on the Calendar on Third Reading is House Bill 2566. The Sponsor's requested leave of the House to take it back to Second Reading for the purpose of an Amendment. Is there leave? Hearing no objections, leave is granted. The Bill is on Second Reading."

Clerk O'Brien: "Amendment #1, Currie, Amends House Bill 2566 on page 24 by inserting after line 6, the following and so forth."

Speaker Flinn: "Representative Currie."

Currie: "Thank you, Mr. Speaker. I'd like leave to return House Bill 2566 to Second Reading for purposes of a technical Amendment."

Speaker Flinn: "We've got it back. We're ready for the Amendment."

Currie: "Alright. The Amendment's a technical one that Enrolling and Engrossing said the Bill needs. It, apparently language left out by the Legislative Reference Bureau, language in the statutes that we are Amending.."

Speaker Flinn: "All those in favor of Amendment #1 say 'aye'. Those opposed. The 'ayes' have it. The Amendment is adopted. Does the Lady have leave to leave the Bill on Third Reading, Short Debate? Oh, I'm sorry. We changed that order. Back on Third Reading. For those Sponsors that have come back that were off the floor at the time their Bill was called and taken out of the record, we're going to back up and pick those up. I see Representative Matijevich on the floor so House Bill 2249."

Clerk O'Brien: "House Bill 2249, a Bill for an Act to Amend Sec-

tions of the Revenue Act. Third Reading of the Bill."

Speaker Flinn: "Representative Matijeovich."

Matijeovich: "Mr. Speaker and Ladies and Gentlemen of the House,

I was asked to Sponsor House Bill 2249 when it was found that there was an apparent legislative oversight and that persons could lie before cases before the Board of Review and there was no way to prosecute against such lying and what House Bill 2249 does really is two things. One; it allows the Board of Review to administer oath to those who do appear as witnesses before the Board of Review and two; provide for a penalty where they may lie under oath. I know of no objection to the Bill. It went out of Committee unanimously and I appreciate your support for House Bill 2249."

Speaker Flinn: "Is there anyone standing in opposition to the Bill? If not, all those in favor vote 'aye'; those opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 144 voting 'aye', none voting 'no' and none voting present. And this Bill having received the Constitutional Majority is hereby declared passed. On Third Reading there's House Bill 2335 for which the Sponsor has requested leave of the House to take back to Second Reading for the purposes of an Amendment. Does the Gentleman from DuQuoin have leave? Representative Dunn from DuQuoin. Leave is granted. The House Bill 2335."

Clerk O'Brien: "Amendment #1, Ralph Dunn, Amends House Bill 2335 on page two by deleting line 31-34 and so forth."

Speaker Flinn: "Representative Ralph Dunn."

Dunn: "Thank you, Mr. Speaker, and Members of the House, I have two Amendments. Amendment #1 is a corrective Amendment of some mistakes that were made in the drafting by LRB and I urge adoption of Amendment #1. Makes no substantive changes."

Speaker Flinn: "Is there any discussion? If not, all those of

House, of Amendment #1 to House Bill 2335 say 'aye'. All those opposed say 'no'. The 'ayes' have it. The Amendment is adopted. You have another Amendment?"

Clerk O'Brien: "Floor Amendment #2, Ralph Dunn, Amends House Bill 2335 on page 1 by deleting line 1-12 and so forth."

Dunn: "Thank you, Mr. Speaker, Members of the House, Amendment, the Bill relates to the Kaskaskia River water shed and the Kincaid Lake and this Amendment adds a blue water ditch which is in Kohakia in East St. Louis, part of the water shed District and it covers it. I'd urge adoption of Amendment #2."

Speaker Flinn: "Is there any discussion? If not, all those in favor of Amendment #2 to this Bill say 'aye'. Those opposed 'no'. The 'ayes' have it. Amendment #2 is adopted. Any further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Flinn: "Third Reading."

Dunn: "Thank you, Mr. Speaker."

Speaker Flinn: "Appearing on Third Reading is House Bill 975, for which the Sponsor has requested leave of the House to move it back to Third (sic) Reading for the purpose of Amendment. Representative Catania. Oh, I'm sorry. Is it Representative Satterthwaite's Bill? Is that your Bill Representative? Oh, I'm sorry. I was talking to Representative Catania and got mixed up as who told me which.... You do desire to move it back? Oh."

Satterthwaite: "Mr. Speaker, this Bill is on Second Reading. It has what I think is a noncontroversial Amendment."

Speaker Flinn: "Ok. We got a little mixed up up here. Alright. Disregard. Appearing on Third Reading is House Bill 1939 for which the Sponsor has requested leave of the House to move that back to Second Reading for the purposes of an Amendment. Does the Lady have leave? Hearing no objection, leave is granted. The Bill's on Second Reading."

Clerk O'Brien: "Amendment #....."

Speaker Flinn: "Representative Catania."

Catania: "Thank you, Mr. Speaker. It's Amendment #2."

Speaker Flinn: "Just one moment here. We need to read the Bill again."

Clerk O'Brien: "Amendment #2, Catania, Amends House Bill 1939 by deleting everything after the enacting clause and so forth."

Speaker Flinn: "Representative Catania."

Catania: "Alright. Mr. O'Brien that was Amendment #2 adopted in Committee, wasn't it? I believe that Amendment was adopted in Committee. Ok. Mr. Speaker. He says it's in Enrolling and Engrossing so why don't we take it out of the record until it gets back and then we can have the Amendment on the floor."

Speaker Flinn: "Want to leave it on Second Reading right?"

Catania: "Can I ask leave to take it back to Third please? Which is where it was."

Speaker Flinn: "Since we didn't do anything, leave it on Third and let's pretend we didn't do anything to it right now."

Catania: "Ok. With leave I'd like to leave it on Third. Thank you."

Speaker Flinn: "Ok. On the Calendar let's call Priority of Call appears House Bill 13."

Clerk O'Brien: "House Bill 13, a Bill for an Act to provide for the submission to the electors of this State of certain questions of public policy. Third Reading of the Bill."

Speaker Flinn: "Representative Kelly."

Kelly: "Yes, Mr. Speaker. Representative Greiman filed an Amendment to House Bill 13 and I don't know if there's been enough time to circulate it but ..."

Speaker Flinn: "Representative Vinson, for what purpose do you arise?"

Vinson: "Point of order, Sir. "

Speaker Flinn: "Yes, state your point."

Vinson: "I believe that the next Bill that should be called on this order of Priority of Call is House Bill 311."

Speaker Flinn: "You're right. You're right. I didn't look at the arrow. I'm sorry Representative Kelly, we'll have to take this out of the record. House Bill 311."

Clerk O'Brien: "House Bill 311, a Bill for an Act to Amend Sections of the Franchise Disclosure Act. Third Reading of the Bill."

Speaker Flinn: "Representative Steczo."

Steczko: "Thank you, Mr. Speaker, Members of the House, Representative Griesheimer, who is a hyphenated Cosponsor, is in the chamber and I believe ready with the Bill also. House Bill 311 Amends the Franchise Disclosure Act and it provides for termination and nonrenewal rights for franchisees. The Franchise Disclosure Act was Amended, or enacted rather in 1974 and these two particular Sections were not included in that particular Act. This is the same Bill that passed the House 3 years ago by an almost unanimous vote. What it does, it provides for termination due to good cause and it lists the particular reasons by which a franchisee can be terminated and also provides for nonrenewal rights in addition to that. And the nonrenewal of a franchise Section stipulates that a franchisee must be compensated if he's barred from continuing under the same trademark and he's receiving a six months notice. I think this is a fair and reasonable Bill. I'd be happy to answer any questions. I would appreciate the support of the House in passing House Bill 311."

Speaker Flinn: "Is there any discussion? If not, the question is shall House Bill 311 pass. All those in favor vote 'aye'; those opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 141 voting 'aye', none voting 'no' and nine voting present. And this Bill having received the Constitutional Majority is hereby declared passed. We're going to move off this Priority Calendar and pick up House Bills Third Reading on page 25. House Bill 1081.

It's one that needs to be handled today. So would the  
Clerk read House Bill 1081."

Clerk O'Brien: "House Bill 1081, 1081, a Bill for an Act making  
appropriation to the Department of Agriculture. Third  
Reading of the Bill."

Speaker Flinn: "Representative Kent."

Kent: "Thank you, Mr. Speaker. 1081 is a very necessary Bill  
to the Department of Agriculture. It gives them a sup-  
plementary sum of \$60,000 to pay for the brucellosis ...  
the killing of the herds that have brucellosis so that  
this disease will not spread. It's a very serious problem  
in Illinois, especially the western part of Illinois and  
in southern Illinois and they need this extra money so  
that they can pay the farmer to get rid of that cow that  
has the disease so the disease will not spread. I urge  
you to help us to appropriate this money to them."

Speaker Flinn: "Is there any further discussion? If not, all  
those in favor vote 'aye' and those opposed vote 'no'. Have  
all voted who wish? Have all voted who wish? The Clerk  
will take the record. On this question there are 151 voting  
'aye', none voting 'nay', 'no', and none voting present.  
And this Bill having received the Constitutional Majority  
is hereby declared passed. In the same category as the  
last Bill, appearing on page 30 under Third Reading is  
House Bill 1654."

Clerk O'Brien: "House Bill 1654, a Bill for an Act making appro-  
priation to the Pollution Control Board. Third Reading  
of the Bill."

Speaker Flinn: "Representative Frederick."

Frederick: "Thank you, Mr. Speaker, Ladies and Gentlemen of the  
House, House Bill 164, 1654, Amends the Fiscal Year of '79  
appropriations for the Pollution Control Board to transfer  
\$24,900 in general revenue funds between expenditures objects.  
It does not change the total. There has been an Amendment  
which was adopted presented by Mr. Jones which appropriates

\$9500 to the Historical Library for personal services and Social Security. So the total now is 34,400. I move the adoption of this Bill."

Speaker Flinn: "Any further discussion? If not, all those in favor of this Bill vote 'aye', vote 'aye' and those opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 129 voting 'aye, 9 voting 'no' and 5 voting present. And this Bill having received the Constitutional Majority is hereby declared passed. Back on the Priority Calendar. Appearing on the Priority of Call on Third Reading is House Bill 420."

Clerk O'Brien: "House Bill 420, a Bill for an Act to Amend the School Code. Third Reading of the Bill."

Speaker Flinn: "Representative DiPrima. House Bill 420, Representative DiPrima. Out of the record....."

Speaker Lechowicz: "The Lady from Adams, Mrs. Kent. On House Bill 1081. Did you take care of that one? And what about Mrs. Catania? Ok. Pardon me. The Clerk informs me that they're in the process of getting that Bill back down so we'll call it when it's back down here, ma'am. John, could I see you for a second? Gene? And would Representative Peters and Jake Wolf, Jake? Come up to the rostrum for a second. House Bill 675 take it out of the record. House Bill 348."

Clerk O'Brien: "House Bill 348, a Bill for an Act to Amend Sections of the Illinois Insurance Code. Third Reading of the Bill."

Speaker Lechowicz: "House Bill 348, Mr. Harris? Mr. Harris?"

Harris: "Thank you, Mr. Speaker. I'd like to take it out of the record if I may please?"

Speaker Lechowicz: "The Gentleman asks leave to take the Bill out of the record. Take House Bill 348 out of the record. Ladies and Gentlemen of the House, we're going to be going into the subject of appropriation Bills at this time; we'd

like to have the Membership know that these were matters that were discussed by both appropriations Committee Chairmen and Minority Spokesmen on Appropriation Bills. These Bills were noncontroversial in nature. And I'd like to have leave of the House now to go to the subject of appropriations Bills. The Gentleman from McClain, Mr. Bradley."

Bradley: "Yes, Mr. Speaker, I'm wondering if you're talking about appropriation Bills on Second Reading and Third Reading, and I wondered if..."

Speaker Lechowicz: "That's just on Third Reading."

Bradley: "Alright. Thank you."

Speaker Lechowicz: "And they're appropriation Bills and they start off with House Bill 910, Mr. Ewing. The Gentleman from Cook, Mr. Peters."

Peters: "Mr. Speaker, and I thank the House for leave and just for the information of the Members this list of Bills has been approved by the staffs on both sides of the aisle and by the Chairman of both Committees and by the Spokesmen of both Committees and they are Bills, which in our judgment, are clear concise refined Bills that require a minimum really approval and with your cooperation we hope that we can lighten the work load of the House by going through this list of Bills."

Speaker Lechowicz : "The... in answer to the Gentleman's question it's on page 23 of the Calendar, House Bills Third Reading. House Bill 910."

Clerk O'Brien: "House Bill 910, a Bill for an Act making appropriation to the Department of Agriculture. Third Reading of the Bill."

Speaker Lechowicz: "Pardon me? That's not on the agreed list. Mr. Ewing."

Ewing: "Mr. Speaker, Ladies and Gentlemen of the House, this Bill is an appropriation from the Ag. Premium Fund. \$58,000 for the reconstruction of two buildings which were destroyed at the fairgrounds in Livingston County in last winter. I

think we've had a number of other Bills go through paying for restoration of buildings destroyed over the last year and I would ask for your favorable approval."

Speaker Lechoiwcz: "The Gentleman from Cook, Mr. Bullock."

Bullock: "Thank you, Mr. Speaker, and Ladies and Gentlemen of the House, I don't want to ask the Sponsor a question, I just want the record to show that we are reached that point that we alluded to earlier in this session where individuals from various portions of the state would recognize that last winter we had a disaster in this state. People suffered enormous hardship, both in terms of facility and human misery. I'm going to vote for this Bill but I just want that side of the aisle to know we did forecast that this day would come."

Speaker Lechowicz: "The question is shall House Bill 910 pass. All in favor vote 'aye'; all opposed vote 'nay'. Kindly record me as 'aye'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 130 'ayes', 12 'nays', 11 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. The Gentleman from Cook, Mr. Marovitz, for what purpose do you seek recognition?"

Marovitz: "I rise for the purpose of an announcement; one of our former distinguished Members is on the floor. I'm sure we would all want to recognize him; the right Honorable Judge B.B. Wolf, right down here."

Speaker Lechowicz: "And also former running mate of mine. Welcome B.B."

Marovitz: "That means bagels in the morning."

Speaker Lechowicz: "The next Bill in that category is House Bill 1081. I believe that was passed. Is that correct, Mr. Clerk? Alright. House Bill ... The Gentleman from Kane, Mr. Schoberlein, for what purpose do you seek recognition?"

Schoberlein: "Mr. Speaker, it is the custom to give the amount of every appropriation."

Speaker Lechowicz: "Your point is well taken. Would the Sponsors of their respective appropriation Bills not only give us, indicate to the Membership the dollar amount that's being appropriated in the Bill, but it's also very enlightening if you have the comparison of what it was last year. Is Mr. Telcser on the floor? He'll be right up. Alright, we'll get back to him. House Bill 1171. Mrs. Jane Barnes."

Clerk O'Brien: "House Bill 1171, a Bill for an Act making appropriation for expenses of the Pollution Control Board. Third Reading of the Bill."

Speaker Lechowicz: "The Lady from Cook, Mrs. Jane Barnes."

Barnes: "Mr. Speaker and Ladies and Gentlemen of the House, House Bill 1171 appropriates seven hundred and twenty-one, five hundred for the ordinary and contingent expenses of the Pollution Control Board for the Fiscal Year beginning July 1, 1979. This had a full hearing in Appropriations I and was passed out with a vote of 20 'ayes' and no 'nays'. I would ask a favorable Roll Call."

Speaker Lechowicz: "Is there any discussion? The Gentleman from Champaign, Mr. Johnson."

Johnson: "Not on this specific Bill, but I wish you'd remind all the Sponsors again to give us the figure from last year. If we're going to determine how much the increase is we've got to know what last year's appropriation was."

Speaker Lechowicz: "Mrs. Barnes."

Barnes: "This is an increase of forty thousand and a half."

Speaker Lechowicz: "The Gentleman from Macon, Mr. Borchers."

Borchers: "Mr. Speaker, I have no intentions of voting any appropriation to this group. The Pollution Control Board beyond any other agency in this state, helped drive business out of Illinois. All we have to do is look at the records. I know for example, and I said once before this, but I'll repeat it, there's a lot more individuals new on the floor. The Stoddard Brands Company, that's 60, 70, 80 years in Pekin, Illinois, was forced to leave Illinois because the

Pollution Control Board would not give them six months to comply. Now, that was a few years ago. It's the type of thinking these people do. I don't care whether you vote for appropriation or not, but I will never vote for any agency of government that I know is destroying the industries of Illinois, driving business out of Illinois, it creates the hardships. All you have to do is go down to the southern part of the State in relation to the coal miners. We have at least seven thousand coal miners out of work due to the rules of the Pollution Control Board, with the newly planned air control and air standards that they're getting ready to have hearings over the State of Illinois is estimated to be another seventeen thousand miners are going to be out of work. Personally I prefer to have a little more sulphur dioxide in the air and have the miners working off of welfare. I think it's being exaggerated; I think they're leading and allowing the Western coal dealers to influence them. They get the money and we, our people are out of work. So I just won't vote ever for this, for continuation of the expenditures or monies in the budget for this kind of operation. You can do as you please, but I know what I intend to do. I'm for Illinois."

Speaker Lechowicz: "The Gentleman from Lake, Mr. Matijevich."

Matijevich: "Yes, Mr. Chairman and I would urge passage of this Bill. The Pollution Control Board did cooperate with the staff, both Republican and Democratic, and the reason that the Minority Spokesman, Pete Peters, made his pitch that we have the minimum of debate is because we have worked over these Bills, both staffs and for any of us to get upset, because we want, become emotional on certain issues, we know these agencies have to be funded so I would urge with a minimum of debate that we do pass out these appropriation measures."

Speaker Lechowicz: "The question is shall House Bill 1171 pass. All in favor vote 'aye'; all opposed vote 'nay'. Have all

voted who wish? Have all voted who wish? The Clerk will take the record. On this question there's 106 'ayes', 39 'nays' and 11 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. Would the Membership kindly correct their Calendar on the next Bill 1172? The Calendar is in error as far as the Sponsor. The Sponsor is Mr Vinson. Clerk will read 1172."

Clerk O'Brien: "House Bill 1172, a Bill for an Act making appropriation for the ordinary and contingent expense of the Civil Service Commission. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from DeWitt, Mr. Vinson."

Vinson: "Mr. Speaker, Members of the House, this is the appropriation for the Civil Service Commission. It represents an appropriation of \$272,000 a \$30,000 increase over last year. There are no new initiatives, no new personnel being added."

Speaker Lechowicz: "Is there any discussion? The question is shall House Bill 1172 pass. All in favor vote 'aye'. All opposed vote 'nay'. Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there's 124 'aye', 22 'nays', 10 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 1174, Mr. David Jones."

Clerk O'Brien: "House Bill 1174, a Bill for an Act making appropriation for the ordinary and contingent expense of the State Employees Retirement System. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Sangamon, Mr. Jones."

Jones: "Chairman, Members of the House, House Bill 1174 appropriates \$2,810,000 to the State Employees Retirement System, \$134,100 to the General Revenue Fund for the FY 80 ordinary and contingent expenses of the Social Security Unit, and \$2,676,000 from the State Pension Fund for the Citizen Share Funds under the Uniform Distribution of Unclaimed

Property Act. This is in accordance with the Statutory requirements."

Speaker Lechowicz: "How much of an increase over last year?

The Gentleman from Peoria, Mr. Schraeder, what purpose do you seek recognition?"

Schraeder: "I wonder if the Sponsor would yield?"

Speaker Lechowicz: "He indicates he will."

Jones: "I'll secure the information and get it to you right away."

Speaker Lechowicz: "No, Mr. Schraeder has the floor?"

Schraeder: "Representative Jones, I am curious. Is there included in this appropriation anything to pick up any of the unfunded deficit in this Pension plan?"

Jones: "Representative Terzich's House Bill 8 does that, Sir."

Schraeder: "Thank you."

Speaker Lechowicz: "The Gentleman from Lake, Mr. Matijevich."

Matijevich: "Only to answer the other party's question. It's an increase of a million six. We all know the cost of the retirement system, but it's just a cost that we have to incur and I urge passage."

Speaker Lechowicz: "Any further discussion? The question is shall House Bill 1174 pass. All in favor vote 'aye'. All opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 144 'ayes', 5 'nays', 6 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 1132."

Clerk O'Brien: "House Bill 1132, a Bill for an Act making appropriation for the expense of the General Assembly Retirement System. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Telscher."

Telscher: "Mr. Speaker, Members of the House, House Bill 1132 is the annual OCE appropriation for the General Assembly Retirement System. It is the amount of \$1,677,000, 1,641,000 of which is in the general revenue fund, and 26,000's in the State Pension Fund. I'd appreciate a

favorable Roll Call."

Speaker Lechowicz: "The Gentleman from Champaign, Mr. Johnson."

Johnson: "I don't know how many times we have to ask the Sponsor to... we've asked repeatedly how much of an increase is there? It something, you know, out of the clear blue sky, I don't have any idea what it was last year...."

Speaker Lechowicz: "The Gentleman from Lake, Mr. Matijevich."

Matijevich: "636,000."

Speaker Lechowicz: "The Gentleman from Champaign, Mr. Johnson."

Johnson: "Was it that? That was the increase? What percentage increase is that? Why do we need such a big percentage increase? "

Speaker Lechowicz: "Mr. Matijevich."

Telscer: "Mr. Speaker, may I answer the Gentleman's question?"

Representative Johnson, we may have, and we probably do have more Members, or more former Members, who are participating in the benefits and secondly when we have an increase in salary, the contributions also go up. Again they reflect that amount."

Johnson: "With respect to pensions in the, other pensions in the public sector, how funded or unfunded is this? Are we better funded than the average of other systems, or are we less well funded?"

Telscer: "There has been some concern that our pension fund, the General Assembly Retirement System Pension Fund, was not funded to the extent it should be. However, it is my understanding that it is funded somewhat better than other pension funds. It depends which funds to which you're comparing."

Johnson: "Well, I would simply say that we ought to, not elevate ourselves beyond the position of other state employees and I'm going to vote 'no'."

Speaker Lechowicz: "The Gentleman from DeKalb, Mr. Ebbesen."

Ebbesen: "Yes, Mr. Speaker, and Ladies and Gentlemen of the House, relative to the funding, or the five state involved pension

system, I think you'll find that contrary to, of what the media says that both the judges and the General Assembly are 100% funded that just is not the case. The General Assembly at this point in time I think funded according to the Pension Division of the Department of Insurance roughly about 49% and the Judges around 30% and the State Employees, the Teacher's Retirement, Down-State Teacher's are roughly somewhere around 46, 47, 48%."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Terzich."

Terzich: "Yes, I'd like to ask the Sponsor.... The money that's paid in, does this meet the accrued cost for benefits purchased? Is this satisfactory to stop the system from getting any worse in their unfunded liability?"

Telscer: "I believe Representative, that this represents just straight pay out. "

Terzich: "So therefore the unemployment liability even with this amount of money being put into the system will increase in this system. Is that correct?"

Telscer: "I would say so."

Terzich: "Well, Mr. Speaker, I'd like to speak on the Bill."

Speaker Lechowicz: "Proceed."

Terzich: "Representative Johnson has said that it's a big increase and I have to agree with Representative Ebbesen that the system, #1; is still going to increase in the unemployment liability. This is something that's been brought forth many many times. It's about the increase of the funded, er, unfunded liability. This will continuously grow until the General Assembly contributes the amount of money required on an actuarial basis. So don't think this contribution to the system is going to resolve the unfunded liability. And it will continuously grow and continuously grow until we address the problem and hopefully we will get some support on House Bill 8 that will increase the contributions by the governmental agencies."

Speaker Lechowicz: "The Gentleman from Kane, Mr. Schoberlein."

Schoberlein: "Mr. Speaker, I hope this fund remains well funded. We get a lot of green lights on it."

Speaker Lechowicz: "The question is shall House Bill 1132 pass. All in favor vote 'aye'; all opposed vote 'nay'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there's 143 'aye', 6 'no', 10 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 1175."

Clerk O'Brien: "House Bill 1175, a Bill for an Act making appropriation for certain retirement benefits for teachers. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Cook, J.J. Wolf."

Wolf: "Yes, Mr. Speaker, Members of the House, this Bill appropriates \$800,000 for the Chicago Teachers' Retirement System for, to fund the legislation passed in I think 1975 by the General Assembly which established minimum pension benefits. It is a decrease of \$50,000 from last year. It will continue to decrease until about 1990 when most of the pensioners in that category will probably have deceased and there will no longer be a need for the appropriation."

Speaker Lechowicz: "Is there any discussion? Question is shall House Bill 1175 pass. All in favor vote 'aye'; all opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there's 145 'ayes', 2 'nays', 5 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 1176."

Clerk Hall: "House Bill 1176, a Bill for an Act making appropriation for the ordinary and contingent expense of the Medical Center Commission. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Stearney."

Stearney: "Mr. Speaker, and Ladies and Gentlemen of the House, House Bill 1176 appropriates \$232,000 from the general revenue fund to the Medical Center Commission. It represents

an increase of \$35,000 over the Fiscal Year-79 funding.

I ask for a favorable Roll Call."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Totten."

Totten: "Thank you, Mr. Speaker, and Ladies and Gentlemen:

of the House, if there ever was a Commission that could be done in some other fashion, it's this one and I would recommend a 'no' vote on this."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Collins."

Collins: "Well, Mr. Speaker, I certainly agree with Representative Totten on this, on this Bill. This is a Commission I haven't yet been able to figure out just what they do, but if there is a totally useless Commission this has got to be it. I would suggest that as a first step in abolishing many Commissions we should abolish, that we vote 'no' on this Bill. This thing is just bad and it's something that should be done away with."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Stearney, to close."

Stearney: "Well Ladies and Gentlemen of the House, I'm not in favor of Commissions. This is an administration Bill. But I do want say this here, that of all the Commissions, this is the only Commission that returns money to the general revenue fund. This is the only Commission that returns more money to the general revenue fund than its appropriation for the year. This is the only Commission that is not a bane on the public wheel. This is the only Commission that does not take money and return nothing to the state. This Commission collects rents and it returns those monies to the state and the return of that money is far greater than 235.... \$232,000 a year. So if you have any quarrel with any Commissions I suggest you side with the other ones that are absolutely useless and I will join you on those. But in the meantime, this Commission performs a necessary function; it controls all the lands in the Medical Center Commission in the 20th Legislative District; it performs a

uesful function, and it returns money. I as for a favorable Roll Call."

Speaker Lechowicz: "Question is shall. the question is shall House Bill 1176 pass. All in favor vote 'aye'; all opposed vote 'no'. Ralph. Ralph. Have all voted who wish? Eddie. Have all voted who wish? The Clerk will take the record. On this question there's 100 'ayes', 48 'nos', and 11 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 1177."

Clerk O'Brien: "House Bill 1177, a Bill for an Act to provide for the ordinary and contingent expenses of the Liquor Control Commission. Third Reading of the Bill."

Speaker Lechowicz: "Do you even have a Bill Elroy? The Gentleman from Cook, Mr. Sandquist."

Sandquist: "Yes, thank you, Mr. Speaker, and Ladies and Gentlemen of the House. I'm handling this with my hyphenated Cosponsor, Representative Grossi."

Speaker Lechowicz: "Is he on the floor?"

Sandquist: "He's on the floor, right here."

Speaker Lechowicz: "You want the Bill called? Ok. Please proceed."

Sandquist: "Ladies and Gentlemen of the House, this is the appropriation Bill for the ordinary and necessary contingent expenses of the Liquor Control Commission. It is a substantial increase. I want to point that out right now. But those of you who read Auditor General Thompson's audit of the Liquor Control Commission points it out, which we've always known of the lack, the need of additional agents and additional help for the Liquor Control Commission. That report showed there was only one agent for the area south of I-80 and that's no way you can enforce the Liquor Control Act. The final appropriation last year was \$472,000. This appropriation now after the two Amendments which were put on in the Committee will no make it \$899,000, which is a substantial increase. But I do want to point out to you

that the Bill that we passed out of Committee this morning is going to increase the liquor license fees by more than this amount and that amount is going to fund this Liquor Control Act. It will provide for eventually 28 more agents which will be phased in over the next year. I think it's necessary; I think it's very important to the State of Illinois. Both Committees have gone over this and I ask for your favorable vote."

Speaker Lechowicz: "Any discussion? The Gentleman from Cook, Mr. Williams."

Williams: "Yes, I'd just like to ask just one question. These 28 new people that are going to be added to the pay roll that should, I would think, have the Illinois Liquor Control Commission be able to do a lot of the work that they now have other agencies do. Would that be correct?"

Sandquist: "Well there's no, I don't think any other agencies do the other work. But I do, I do think this will help to get the Act enforced. And I should point out that these agents are phased in. They will not be until practically end of next year when the last 8 will be eligible. This is necessary because it takes times for agents to take the examination to become qualified and time to train them. But there's no question they will be able to do a much better job of enforcing the Act. They will have the personnel to do it."

Williams: "They should then also have the we'll say sufficient manpower to take care of a Bill that will be coming up on the floor of the House one of these days. 2314, I would assume."

Sandquist: "Well, I know about that Bill, Representative Williams, and I do think with this they'd be in better shape to do that."

Williams: "Ok, that's all I wanted to know."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Sandquist, to close."

Sandquist: "I ask your favorable vote on this important appropriation."

Speaker Lechowicz: "Question is, shall House Bill 1177 pass."

All in favor vote 'aye'. All opposed vote 'nay'. 'Aye'.

Have all voted who wish? Have all voted who wish? The

Clerk will take the record. On this question there's

122 'ayes', 30 'nays', 6 recorded a present. This Bill

having received the Constitutional Majority is hereby declared passed.

Speaker Lechowicz: "The Gentleman from Lake, Mr. Matijevich, for what purpose do you seek recognition?"

Matijevich: "Mr. Speaker and Ladies and Gentlemen of the House, and I'd appreciate all of the Members listening to what I have to say. I'm going to make a motion, Mr. Speaker. A little while ago we had an overruling of the Chair and I've talked to Gene Barnes, I've talked to Cal Skinner, I've talked to Phil Collins who made the motion to overrule the Chair, I've talked to Art Telcser and we all recognize the problem that that ruling caused us if we were Co-Chief Sponsors. We also recognized that our vote on that overruling of the Chair, because of interpretations that may be made and I've looked over some of the Rules with the Parliamentarian, may cause us some additional problems. So that the only thing really can be resolved by the Rules Committee meeting and looking over those Rules as it relates to Co-Joint Sponsorship. I therefore, now, am going to move to reconsider the vote by which the House voted to overrule the Chair on the ruling to allow a Joint Chief Sponsor to recommit House Bill 1803 (sic) to the Interim Study Calendar to the House Transportation Committee. And I make with the commitment...we all know Gene Barnes, we've known him for a long time, he has committed himself that House Bill 1803 (sic) will be on Second Reading, we will hear all the Amendments. It will finally be advanced to Third Reading. So with that commitment, Mr. Speaker and Ladies and Gentlemen of the House, and I would hope that we have a unanimous vote on the reconsideration, and I believe then Phil Collins is going to withdraw his motion. I, therefore, now move to reconsider that vote, Mr. Speaker."

Speaker Lechowicz: "The Gentleman has moved to reconsider the vote by which the House adopted and overruled the Chair on the quest...on House Bill 1801. On the question, the

Gentleman from Cook, Mr. Collins."

Collins: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. Everything Representative Matijevich has just said is absolutely true. I think it was obvious to everyone that any ruling made by the Chair would have been something that would have been uncomfortable for someone and he didn't...there was not a convenient ruling because of our Rules. I think that the vote in overruling the Chair created additional problems and problems that we obviously can't live with and have to be addressed by the Rules Committee. In addition, as Representative Matijevich has said, he...Representative Telcser, Representative Barnes, Representative Skinner and I did meet and there's an agreement between Representative Barnes and Representative Skinner that the Bill will be held on Second Reading presently, that when all the Amendments are ready and are distributed, each and every one of them will be considered and voted up or down. And regardless of what the disposition of those Amendments is, the Bill will then be advanced to Third Reading for final debate and final passage or defeat. This has satisfied Representative Barnes, it has satisfied Representative Skinner, I think this is a step in the right direction and I would urge every Member of this House to support the motion to reconsider."

Speaker Lechowicz: "The Gentleman from Cook, Mr. William Walsh."

Walsh: "Will we be given some time to prepare Amendments to this Bill? It will not be today?"

Speaker Lechowicz: "The Gentleman from Cook, Mr. Barnes."

Barnes: "That's correct. It will not be called today. We're just trying to clean up some things here. The Bill will be on Second Reading for Amendments."

Speaker Lechowicz: "The Gentleman from Will, Mr. Van Duyne."

Van Duyne: "Thank you, Mr. Speaker. I'd...it was probably one

of the hardest things that I've ever done in my fifteen years of political life to vote to override the ruling of one of my Democratic Chairmen, especially you. But... you know, inability to get the attention of...well, I presume the predominant Members of the House, it absolutely became necessary for us to do that. And I just hope that, especially the Democratic side of the House, will at least bear that in mind when we, of the collar counties, try to impress upon you the oppressiveness and the...the violent nature...the oppressive nature of the tax and the violent volatile nature of this...this issue before our people. Every place we go in our districts, and I'm talking to the Democrats now, the people come to us and say, 'What are you doing about that crazy RTA? When are you going to do this?' Whenever any little bit of information comes in the newspaper about the RTA slipping out of a Committee or a discharge motion be successful. They say, 'Hey, do you think you've got any chance of getting us out of this RTA'. So I hope that all of this frustration and confusion hasn't gone by completely unnoticed."

Speaker Lechowicz: "The Gentleman from Lake, Mr. Matijevich, to close."

Matijevich: "I think it's all been said and I would urge all of you to vote 'aye' on this motion."

Speaker Lechowicz: "The question is, shall the House reconsider the vote by which the Chair was overruled on its ruling on Representative Barnes recommitment of House Bill 1801? All in favor vote 'aye', all opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Lady from Cook, Mrs. Braun."

Braun: "Mr. Speaker, are we voting on whether or not to overrule the Chair or to reconsider the question?"

Speaker Lechowicz: "To reconsider the question by which the Chair was overruled."

Braun: "Okay."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Collins."

Collins: "Mr. Speaker, I would now like to withdraw my motion to overrule the ruling of the Chair."

Speaker Lechowicz: "We have to first take the Roll Call...and then announce the Roll. Have all voted who wish? The Clerk will take the record. On this question there's 166 'aye', 0 'nays', 0 recorded as present. And the House does reconsider the vote by which the Chair was overruled on its ruling of Representative Barnes' recommitment of House Bill 1801 and prevails. Now the Gentleman from Cook, Mr. Collins."

Collins: "Now, Mr. Speaker, I ask leave to withdraw my motion to overrule the ruling of the Chair."

Speaker Lechowicz: "Is there leave? Hearing no objection, leave is granted. Thank you very much. The Gentleman from Cook, Mr. Barnes."

Barnes: "Thank you very much, Mr. Speaker, and now I would ask leave to withdraw my motion for recommitment of 1801."

Speaker Lechowicz: "The Gentleman has leave to withdraw his of recommitment. Is there any objection? Hearing none, leave is granted...and the Bill is back on Second Reading, House Bill 1801. Back on the Calendar is House Bill 1191."

Clerk O'Brien: "House Bill 1191, a Bill for an Act making appropriation for the ordinary and contingent expense of the Legislative Audit Commission. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Marion, Mr. Friedrich."

Friedrich: "Mr. Speaker, and Members of the House. This is the appropriation for the expenses of the Legislative Audit Commission. The Budget... the appropriation last year was \$100,800. This request is for \$96,000, a reduction of 4.6%."

Speaker Lechowicz: "I'm sorry, Dwight, did you tell them what the increase is?"

Friedrich: "The decrease is 4.6%. There is no increase."

Speaker Lechowicz: "That's even better."

Friedrich: "I move.... I ask for a favorable vote."

Speaker Lechowicz: "Is there any discussion? The question is, shall House Bill 1191 pass? All in favor vote 'aye'; all opposed vote 'nay'. Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there's 157 'ayes', 3 'nos', 1 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 1288."

Clerk O'Brien: "House Bill 1288, a Bill for an Act to provide for the ordinary and contingent expenses of the Illinois Legislative Investigating Commission. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Taylor."

Taylor: "Mr. Speaker, I'd like to take that Bill out of the record."

Speaker Lechowicz: "Take it out of the record please. House Bill 1531."

Speaker Lechowicz: "House Bill 1531."

Clerk O'Brien: "House Bill 1531, a Bill for an Act provide for the ordinary and contingent expense of the Office of State Appellate Defender. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Adams, Mr. McClain.  
Mr. McClain."

McClain: "Thank you Mr. Speaker. Ladies and Gentlemen of the House, 1531 is the ..."

Unknown: "...Conflict of interest..."

McClain: "There's no conflict of interest. The State Appellate Defender's appropriation increased \$372, 400 for Mr. Johnson's sake. There was a reduction of \$56, 900 in Committee, \$37,100 from Contractual, \$12,900 from equipment, \$6,900 from summer interns, and this all came from reduction of fiscal 80 appropriation. The average salary for the regular employees is \$16,800, increase of approximately 8%. One of the things I think the Membership ought to know is new appointments in cases to the Appellate Defender's Office from 78 was 1413. Now it's 1575. Closed cases, the increase up by 200 in the last year. And cases pending now, whereas last year it was 1690, this year it's 1988. There are 3 new attorney provisions in this budget and I would ask for a favorable vote."

Speaker Lechowicz: "Any discussion? The Lady from Cook, Ms. Pullen."

Pullen: "Will the Sponsor please review for us exactly what the purpose of the Appellate Defender's Office is?"

McClain: "Thank you Penny. The Appellate Defender's Office by statute is required to handle all appeals, cases directed to them by the Court for clients that are indigent and cannot afford private attorneys."

Speaker Lechowicz: "Does that answer your questions Ma'am? Any further discussion? The question is shall House Bill 1531 pass. All in favor vote 'aye'; all opposed vote 'no'. Have all voted who wish? Have all voted who wish? The

Clerk will take the record. On this question there are 94 'ayes', 42 'no', and 12 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 1634."

Clerk O'Brien: "House Bill 1634, a Bill for an Act to provide for the ordinary and contingent expense of the Military and Naval Departments. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Mahar."

Mahar: "Thank you, Mr. Speaker, and Ladies and Gentlemen of the House. House Bill 1634 is the ordinary expenses for Illinois National Guard and Naval Militia. The appropriation for Fy '79 was \$4,597,000 and the appropriation for Fy '80 is \$4,608,500, a total increase of \$10,900, very tight budget and I urge its adoption."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Mugalian."

Mugalian: "Would the Sponsor yield?"

Speaker Lechowicz: "Indicates he will."

Mugalian: "I wonder if you would give us the latest statement on the status of the Navy of Illinois. I didn't see it in James' Naval ships and I'd like to get the current status on battleships, cruisers...."

Mahar: "I think it's important that we talk about the status of the Naval Militia. There is no money in this appropriation for the Naval Militia. Other than the fact that with the closing of the Madison Street Armory, some of the troops are now drilling over there until such time as a new Armory is built. There is a Bill, I think, by Representative Wolf, to abolish the Naval Militia. The Bill was passed out of the House, I think, last year, and failed in the Senate. It's on the way again. The only thing that I would caution is that if there's any problems with Michigan, we're going to have our Northeast flank... is going to be unprotected."

Mugalian: "Thank you. How does the appropriation compare with last year's? Did you say?"

Mahar: "We are up by \$10,900 and doesn't include supplemental appropriation... it does include a supplement appropriation of \$320,000, which is now in the Senate."

Mugalian: "Well, one more question, now... Can you tell us the ... what effect will be had on this Department as a result of the SALT talks?"

Mahar: "Beg your pardon."

Mugalian: "The SALT talks."

Mahar: "Well, if the SALT talks blows away I think we should double our strength."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Barnes."

Barnes: "Thank you very much, Mr. Speaker. In reality Representative Mahar is correct. The FY '80 request is really about \$144,000 less than FY '79. The 10,000 increase encompasses the supplemental and I assure you that one of the major questions that was resolved in the Appropriations II Committee is, have no fear, that if Buckingham Fountain is attacked by a U boat we will be sure that we will have someone to protect us, the help of Lake Michigan in Chicago. I would urge the support of House Bill 1634."

Speaker Lechowicz: "Is that correct, Sir? I heard you were going to blow up a CTA bus... or..?"

Barnes: "Well, we haven't talked about that yet."

Speaker Lechowicz: "The Gentleman from Lake, Mr. Griesheimer."

Griesheimer: "Well, I just wanted to further explain to Representative Mugalian and I think in all fairness to Representative Mahar, that we will be coming in next year.... the harbor expansion program in Waukegan has been turned into a U boat base. With my name I always wanted to be a Captain on a U boat and we're going to take care of the salman boats from Wisconsin."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Marovitz."

Marovitz: "There's a National Guard Armory in the 11th... between the 11th and 12th Districts in the State of Illinois. Apparently that Armory is going to be turned into a recrea-

tional facility and they'll be some state funds as well as federal funds involved. Is that involved in your appropriation; Is there some money appropriated for that?

Speaker Lechowicz: "Mr. Mahar please."

Mahar: "Which Armory are you talking about?"

Marovitz: "It's on.. well about 6200 on Broadway, in the 11th District. It's in Representative Bowman's District, Representative Preston's District, and Representative McCourt's District."

Speaker Lechowicz: "Mr. Bowman,...."

Marovitz: "..... two ships there."

Speaker Lechowicz: "Commander Bowman?"

Bowman: "Yeah, Mr. Speaker, I think I can respond to that on Representative Mahar's behalf. I inquired into that very point and discovered that the money is indeed allocated in a different Bill, the Capital Development Board Bill, where every.. all good appropriations go, and so I assure you, you will have a chance to vote on it but this isn't the Bill."

Speaker Lechowicz: "The Gentleman from Lake, Mr. Matijeovich."

Mahar: "This money is all GRF money."

Matijeovich: "Well, Mr. Speaker, Ladies and Gentlemen of the House, when my colleague from the 31st District talked about the U boat, I turned to my seatmate, Representative Giorgi, and said, 'That's a U boat?' And Giorgi said, 'No that's not 'a my boat; That's 'a your boat.'"

Speaker Lechowicz: "On that question.... the question is, shall House Bill 1634 pass? All in favor vote 'aye'; all opposed vote 'nay'. Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there are 120 'ayes', 33 'nays', and 7. recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 1636, Mr. Klosak."

Clerk O'Brien: "House Bill 1636, a Bill for an Act to provide for the ordinary and contingent expense of the Illinois Racing

Board. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Klosak."

Klosak: "Thank you, Mr. Speaker, Members of the House. This is the annual appropriation for the Illinois Racing Board. This money is used so that the Racing Board can return to the 'coppers' of Illinois a sum of money in excess of eighty million dollars. The appropriation itself is approximately \$700,000 less this year than the previous year. Actually, to explain it, the appropriation is based in two Sections, for operations and administrations we actually have an increase of \$200,000. That is due to the fact we expect 60 additional racing dates and there are many peridium employees. The other is the Race Track Improvement Fund. We expect a decrease in expenditures of \$900,000 there. So the net... the effect of this Bill is an appropriation reducing last year's budget by \$700,000. I ask your favorable consideration."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Barnes."

Barnes: "Thank you very much, Mr. Speaker. I just want to echo the words of Representative Klosak. He's got a very, very fine budget here and when the new Chairman came down, Henry had handled it so well the Bill was out and gone before we got off the airplane. So I solicit your 'aye' vote."

Speaker Lechowicz: "Question is, 'Shall House Bill 1638 pass?' All in favor vote 'aye'; all opposed vote 'nay'. Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there are 123 'ayes', 30 'nos', 5 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 1638."

Clerk O'Brien: "House Bill 1638, a Bill for an Act to make an appropriation for the ordinary and contingent expense of the State Fire Marshall. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Madison, Mr. Steele. Mr. Steele, please."

Steele: "House Bill 1638 is appropriation for the State Fire Marshall in the amount of three million, six hundred and ninety-one thousand dollars, nine hundred dollars. It represents about a 7% increase over last year's budget which was three million, three hundred and forty thousand, four hundred dollars. Basically, the appropriation this year is a cost of living increase. It passed out of Committee unanimous vote and I ask for your favorable support."

Speaker Lechowicz: "The Gentleman from Coles, Mr. Stuffle."

Stuffle: "Yes, Mr. Speaker. Would the Sponsor yield?"

Speaker Lechowicz: "Indicates he will."

Stuffle: "Representative Steele, when you say, 'It's the cost of living increase'.... are the cost of living increases in the Bill for salaries uniform across the various divisions in the Fire Marshall's Office?"

Steele: "I don't know whether they're exactly uniform, but I will say this, 'negotiated cost of living increases for certain employees by virtue of union contract were included in this budget.'"

Stuffle: "Well, how many people are within the negotiated area, and how many people are not?"

Steele: "Well there's... it's not a large Department. There's around 100 or 120 employees and I would suppose that roughly half, or 60% are."

Stuffle: "Were there some changes made from the initial budget put in by the Governor with regard to the percentage increases that were to go for the people in the field as opposed to the people in the offices in Springfield?"

Steele: "To my knowledge, there's no changes."

Stuffle: "Thank you."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Bowman."

Bowman: "Yes, Mr. Speaker, and Ladies and Gentlemen of the House, I rise in opposition to this Bill. Now, it's often that an ordinary and contingent expense Bill merits this kind of opposition, but if there ever was an agency of state

of government that deserves a really close look I think this one's it. I call the House's attention to the fact that the Governor's Cost Control Task Force urged the elimination of the State Fire Marshall as a separate state agency. I'd furthermore call the House's attention to an audit which was done of the Fire Marshall's Office by the firm of Burnstein and Dank on behalf of the Illinois Auditor General indicated that the Illinois State Fire Marshall was not enforcing the laws that this General Assembly passed and required the Fire Marshall to enforce. There are any number of instances where the Fire Marshall is not doing the job. The one instance.... I pointed a couple of them out to you.... but the one which I think is probably the most egregious omission is that the Fire Marshall is failing to enforce the Illinois Flammable Fabrics in Toys Act, which provides for the regulation of the manufacture, sale, commerce, and use of fabrics, wearing apparel and bedding and toys which are so highly flammable as to be dangerous. Ok? Now, the audit report points out that the possibility exists that since the state may be liable for any damages or injuries incurred I think it's about time that the State Fire Marshall get on the ball and started doing some of the things that we are requiring them to do. The report goes on to say that the division is neither performing the inspections that we delegate to its care under the Division of fire prevention, the inspections are not being performed in the areas elevators, schools, places of public assembly. So I think it's about time that the General Assembly sent a message to the State Fire Marshall to tell them to get on the ball and start doing the job that we expect them to do. They've complained and the agency's responses to their.... 'There's no money for this.' But their own budget submission doesn't even request any money for this. So I think that the best way of sending a message is putting

a lot of red lights up there. Otherwise, if you vote for this you may wind up getting burned."

Speaker Lechowicz: "The Gentleman from Cain, Mr. Friedland."

Friedland: "Thank you, Mr. Speaker. Would the Sponsor yield?"

Speaker Lechowicz: "Indicates he will."

Friedland: "Well, Mr. Sponsor, is this the office of the state that assistes local Departments throughout the state in investigating arsons and so forth?"

Steele: "Yes it is, Representative Friedland. "

Friedland: "Thank you very much."

Steele: "And this is, may I say in response to your question, Representative Friedland, this Department deals with one of the most basic, one of the most important services in our state government today. And then I say to you that I think you're getting dollar for dollar more from the services of this Department than probably any other part of governmnetal serivce because in your Fire Department Prevention and in your fire protection throughout this state many of the people at the front line are voluteers. They're actually performing this very basic function for very little, or no pay. Now here is the Department that supervises fire protection throughout this state and may I say to you, I can think of no other governmental unit that the people and the taxpayers of this state are getting back dollar for dollar, more in terms of service, even voluteer serivce, than in this Department. And I think it deserves a unanimous vote of support and I urge your support of it."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Leverenz."

Leverenz: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker Lechowicz: "Indicates he will."

Leverenz: "You said that the State Fire Marshall's Office handles all arson investigations, correct?"

Steele: "Representative Leverenz, yes they inspect them when there is suspicion of arson and then the prosecution and

the ... it's turned over to law enforcement. So it's law enforcement that actually carries out the actual prosecution of it."

Leverenz: "Well, isn't it true that the Department of Law Enforcement handled the arson investigation and they participate from the State Fire Marshall's Office and that the Department of Law Enforcement has the new comprehensive arson control group?"

Steele: "They work hand in hand, yes."

Leverenz: "How many new.... I don't entirely agree with that. However, how many new positions are being funded here and for what type of position?"

Steele: "There's no new positions in that particular field."

Leverenz: "Were there three new positions cut out be the Amendment?"

Steele: "No, no."

Leverenz: "Then how many new positions are in the budget?"

Steele: "I think there's .... this Department is under tax... under a hiring freeze and they have several vacant positions they were unable to fill during to this hiring freeze. Now they have filled those positions and I think the budget basically calls for 2 or 3 new positions."

Leverenz: "I understand that it does call for 3 new positions. I...to the Bill, Mr. Speaker. I'm totally opposed to certain parts of the State Fire Marshall's Office. A previous Speaker pointed out a number of problems with it and recommendations by the Governor's Control Task Force and I would ask for your red vote on this Bill."

Speaker Lechowicz: "The Lady from Cook, Mrs. Willer."

Willer: "Yes, would the Sponsor yield?"

Speaker Lechowicz: "Indicates he will."

Willer: "Is House Amendment #3 correct in the Digest which adds \$15,132 in personal services? It was a total of 30,000 for a new position, it says in the Digest."

Steele: "That's correct."

Willer: "It says, these funds will be used to add a full time fuel Representative for Northern Illinois with responsibility of evaluating and inspecting fire personnel training programs up in that part of the state'. Is this for Cook County?"

Steele: "It's for, Representative Willer, there is a power inspector for Southern Illinois at this time and the Amendment was a tact to get to Northern Illinois the same kind of fire inspection a one-time fire inspector for Northern Illinois as we now have in Southern Illinois. So it's to balance out the fire inspection throughout the state."

Willer: "Well, Ok. But is it needed? On the basis of what did you add this new personnel? What is wrong in Northern Illinois that you felt the need for another inspector?"

Steele: "On the basis of equity and fair inspection."

Willer: "Oh, come on. You mean there's no need.... programs are going along alright?"

Steele: "We feel it's a very vital and important function and one that should be done throughout the state and not just in one particular area."

Willer: "Well, to speak to the Bill, I don't see any reason to extend more money at this time in the name of equity. If the programs in Northern Illinois are going alright, unless there's evidence to the contrary... why hire a new person simply because we have one down-state? I think that's not only foolish, but it's financially irresponsible and I certainly am going to vote 'no' on the whole Bill."

Speaker Lechowicz: "The Gentleman from Cain, Mr. Schoberlein."

Schoberlein: "Mr. Speaker, while Rome is burning, I would move the previous question."

Speaker Lechowicz: "The Gentleman moves the previous question. All in favor signify by saying 'aye', 'aye'. All opposed. The previous question has been moved. The Gentleman from Madison, Mr. Steele, to close."

Steele: "Thank you, Mr. Speaker. I would just like to reiterate

that we're talking about here one of the most vital functions in our state, one supervising service that I think, as I say, we're getting much volunteer help out of and one that is certainly important for us to fully support here in the General Assembly. There have been 3 recommendations for this Department made by the Governor's Task Force. Two of those recommendations have been or are in the process of being implemented and I think that they're withdrawing their support from the other recommendations because they realize that in the Fire Marshall's Office there is expertise and it has to be expertise that addresses fire prevention, fire inspection, barroom inspection and whatever else inspection in this state, as well as support forces for our fire protection and our Fire Department throughout the State of Illinois in fire protection districts. Dollar for dollar we get more from this particular supervisory function than many other governmental agencies and I think that we have to keep this vital function going, and I urge your full support of it."

Speaker Lechowicz: "Question is, 'Shall House Bill 1638 pass?' All in favor vote 'aye'; all opposed vote 'no'. The Gentleman from Cook, Mr. Bluthardt, to explain his vote. Timer's on."

Bluthardt: "Well, thank you. Anybody who'd think that this state can get along without the Fire Marshall's Office and the valuable assistance that the Fire Marshall's Office gives to the various municipalities and townships in fire protection districts, just doesn't know what he's talking about. My experience in my home town was that it has been that any time we need the Fire Marshall's Office present, they're there. They're 'Johnny-on-the-spot.' They've helped us solve arson investigations, suspected arson cases. I think we need them and we ought to pass this Bill."

Speaker Lechowicz: "The Gentleman from McHenry, Mr. Skinner, to

explain his vote. Timer's on."

Skinner: "Yes, Mr. Speaker. In explaining my vote, which I don't know what it is yet, I'd like to point out that the Legislative's Audit Commission's last audit showed that the Fire Marshall's Office didn't think it was supposed to regulate fire works factories. Now, those of you who were here in 1973 remember a warehouse blew up in my District and after the Legislative Investigating Commission investigated it they found out that over the prior four years a fire works factory had blown up each and every year and none of those times did the Fire Marshall's Office know that the fire works factory even existed. It's in the law and the Fire Marshall certainly ought to figure this out and I don't know what we have to do... beat him over the head with the Legislative Investigation Committee Report, or what. And I would hope that perhaps this little talk might get the message through to him."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Terzich, to explain his vote. Timer's on."

Terzich: "Well, yes, Mr. Speaker. The Fire Marshall's Office is doing an excellent job. We, in Chicago, have the Fire Prevention Bureau. And as I mentioned to another Legislator, that it's easy to make these mandates on the Fire Marshall's Office, but certainly, we should be in a position to appropriate sufficient money to complete these mandates. It's an insurmountable task to do all of these investigations. I know that the municipalities you have called upon the Fire Marshall's Office have been completely satisfied with their services. They have demanded more and as Representative Bluthardt mentioned, they are doing an excellent job. They are working in cooperation with the Illinois Law Enforcement to investigate arson and we should certainly support them in their appropriation and also consider of adding on additional personnel if they want these many investigations carried out... that they

certainly are in need of additional personnel and qualified personnel and I would urge support of this Bill."

Speaker Lechowicz: "The Gentleman from Winnebago, Mr. Giorgi. Timer's on."

Giorgi: "Mr. Speaker, I thought by now we'd hear from the novelist that writes for the Illinois Crime Investigating Commission. I think they put out a tome of about 250 pages on the strength and the violence and the force of arson in the State of Illinois. I don't know if they arrested anybody or put anybody in jail, but that novelist did a good job. I think you all got your copy of the arson report, but why doesn't some ponderous Member of the Crime Investigating Commission tell us about what they found in their investigations throughout the State of Illinois? I'm dying to hear from one of those Members."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Collins. Timer's on."

Collins: "Mr. Speaker, and Ladies and Gentlemen of the House, I rise in support of this Bill. As Representative's Terzich and Bluthardt said, this office has been doing a very fine job and furthermore the Fire Marshal, the present Fire Marshal, is relatively new and he's hiring competent professionals to assist.... to assist him. But beyond that, I wish Speaker Redmond was here because the Speaker of a mind that there are structural defects and dangerous conditions in this building and he turned to the Fire Marshal and went through this building with the Fire Marshal and thanks to the Speaker, and the Fire Marshal, they have discovered some very dangerous conditions throughout this building which they are now moving to correct. This man devoted many hours with our Speaker to correct in the North end of the building especially, some of those floors are actually in danger of collapse according to what the Speaker has told the Space Needs Commission. I think that this office is doing a valuable service, are improving their services

and they certainly warrant our continued support. This is an office that the state..."

Speaker Lechowicz: "The Gentleman kindly bring his remarks to a close."

Collins: "And I would just urge the Members of this House to support this appropriation."

Speaker Lechowicz: "The Gentlemen from Winnebago, Mr. Simms, to explain his vote. Timer's on."

Simms: "Well, Mr. Speaker, Ladies and Gentlemen of the House, the function of State Fire Marshall's Office is many. Some of those duties, and a great deal of them are for down-state Illinois to help the rural fire Departments to develop adequate fire protection plans. This is a Department that needs help. In response to my colleague from Winnebago, I would be happy to read to him the list of people that the Commission has helped place in the penitentiaries if he would help me with the European spelling of the names that Mr. Sedsik compiled, we'll be happy to read them into the record. I can't get beyond DiSteffanno."

Speaker Lechowicz: "I'd be very careful in that area. The Gentleman from Adams, Mr. McClain."

McClain: "Thank you very much, Mr. Speaker. Ladies and Gentlemen of the House, I know and you know that sooner or later this Bill will pass and come into law. The reason why I'm voting 'no'...."

Speaker Lechowicz: "I'm sorry. It's my error. Please continue."

McClain: "I supported the Chair before...."

Speaker Lechowicz: "That was my error. I'm sorry."

McClain: "The reason, I know sooner or later and you do too, that sooner or later this appropriation will pass. The reason why I'm voting 'no' is frankly, to send the State Fire Marshall a message from the Illinois General Assembly. Frankly, you know, and I know, that they do not... they violate some mandates we give them. They don't follow

with the Illinois Flammable Fabrics in Toys Act. They do not set the recommendations of the State of Illinois on the Fireworks Legislation of Illinois. They do not do Boiler Safety Act inspections. But frankly, and you and I have seen in our own districts, they come into these small nursing homes. They saw small day care centers and they shut them down. They don't come in and help those little day care centers where it's a little gal with 7, 8, 9, 10 kids that are often good programs, they don't come in and offer some help to them in order for them to comply with the law. What they do is they come in, say, 'You either correct these things and...'"

Speaker Lechowicz: "Kindly bring your remarks to a close."

McClain: "I'm doing real well. There are 91 and now it's 100."

Speaker Lechowicz: "How are you going on this Bill?"

McClain: "Too well."

Speaker Lechowicz: "The Gentleman from Effingham, Mr. Bower."

Bower: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House."

Speaker Lechowicz: "Timer's on."

Bower: "I can only echo the comments of Mr. McClain. I think that the State Fire Marshal's Office performs many very valuable services. But time and time again I have had constituents, day care centers, nursing homes, and other small business, which have complained that a fire inspector comes in for one inspection and six months later another inspector comes in and tells them to undo what another fire inspector had them to do. Just today in my District, a day care center was closed because they did exactly that. And I vote 'no'."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Bullock, to explain his vote. Timer's on."

Bullock: "Thank you, Mr. Speaker, and Ladies and Gentlemen of the House. This Bill, appropriation measure, is intended in some ways to hopefully subsidize 121 employees

of an agency that is replete with violation of the law. It has continuously refused to submit any facimile of an affirmative action report to the legitimate state agencies. And I suggest to you that this agency not only deserves to be denied funding, but this agency deserves to be forced to comply with all other state agencies that operate and function within the State of Illinois. This agency has a horrible record of employment in this state, of affording equal opportunity to all of the citizens of the State of Illinois and I shall refuse to vote for an appropriation for a Body such as this until such time..."

Speaker Lechowicz: "Gentleman kindly bring his remarks to a close."

Bullock: "... till it becomes a legitimate law abiding agency within the great State of Illinois."

Speaker Lechowicz : "The Gentleman from Henderson, Mr. Neff, to explain his vote. Timer's on."

Neff: "Thank you , Mr. Speaker. In explaining my vote, one thing that we haven't talked about here that I don't recall is' the educational program that the Illinois State Fire Department does put on. And they put these educational programs on all over the State of Illinois. We have hundreds of voluteer fire Departments in the State and these folks are educated and trained by the State Fire Marshall's Office and that's where the training program and the educational programs are something real valuable to the State of Illinois."

Speaker Lechowicz: "The Gentleman from Marion, Mr. Friedrich, to explain his vote. Timer's on."

Friedrich: "Mr. Speaker, Members of the House, I, like the rest of you here, represent small counties and small cities. We don't have people who are trained in arson and things like that. And the only place we have to go is the Fire Marshall's Office. And I hope you will remember the next time there is an arson inspection in your town that you're getting that kind of service out of this office. Now, if

question: there's 101 'ayes', 41 'nays', 19 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 1640, Mr. Reilly."

Clerk O'Brien: "House Bill 1640, a Bill for an Act making appropriation for the ordinary and contingent expense of the Illinois Commission on Human Relations. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Morgan, Mr. Reilly."

Reilly: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. House Bill 1640 is the annual appropriation for the Human Relations Commission. The appropriation request is \$499,000. That's up \$29,000 from last year, or about 6.2%. The Bill received no opposition in Representative Barnes' excellent Appropriations II Committee. I ask for a favorable Roll Call."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Peters."

Peters: "Mr. Speaker, I would kindly request the Sponsor to take this out of the record. There appears to be a lot of opposition on our side for this one. It just doesn't seem appropriate at this time. We're just going to run into a problem."

Speaker Lechowicz: "The Gentleman asks to have the Bill taken out of the record. House Bill 1642."

Clerk O'Brien: "House Bill 1642, a Bill for an Act making appropriation for the ordinary and contingent expense of the State Fair Agency. Third Reading of the Bill."

Speaker Lechowicz: "A request has been submitted to the Speaker that the T.V. camera lights be put on. And we'll have them on for a short period of time. House Bill 1642, Mr. Jones."

Jones: "Mr. Speaker, Ladies and Gentlemen of the House, House Bill 1642 appropriates five million, four hundred and fifty-six thousand, nine hundred dollars for the ordinary and contingent expense of the State Fair Agency for the Fiscal Year beginning July 1st, 1979. There were some cuts made in the Committee and the net result is that it's

slightly less than 3% more than last year. "

Speaker Lechowicz : "Any discussion? The question is, 'Shall House Bill 1642 pass?' All in favor vote 'aye'; all opposed vote 'nay'. Mike, 'aye'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there's 110 'ayes', 21 'nays', 19 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 1646."

Clerk O'Brien: "House Bill 1646, a Bill for an Act making appropriation for the ordinary and contingent expense of the Industrial Commission. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Abramson."

Abramson: "Mr. Speaker, Ladies and Gentlemen of the House, House Bill 1646 appropriates \$3,569,115 for the ordinary and contingent expense of the Industrial Commission. Last year's appropriation was \$2,883,000. I ask your favorable consideration."

Speaker Lechowicz: "Any discussion? The question is, 'Shall House Bill 1646 pass?' All in favor vote 'aye'; all opposed vote 'nay'.... for the Industrial Commission. The Lady from Cook, Ms. Pullen."

Pullen: "I would like to point out that the Industrial Commission is the agency which uses its own rule of thumb, not the law in awarding workmen's compensation claims."

Speaker Lechowicz: "Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 98 'ayes', 46 'nos', 10 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 1647, Mr. Wolf."

Clerk O'Brien: "House Bill 1647, a Bill for an Act to provide for the ordinary and contingent expense of the Office of the Governor. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Cook, Mr. J.J. Wolf."

Wolf: "Mr. Speaker, Members of the House, this is the ordinary ... appropriates \$2,409,000...."

Speaker Lechowicz: "Excuse me.. I would hope that the Membership will recall that the T. V. camera lights are on and I'm sure that they also have their audio on. Please proceed, Mr. Wolf."

Wolf: "\$4,409,000 is for the Office of the Governor. This is an increase of approximately 7% or \$157,800 over the last Fiscal Year."

Speaker Lechowicz: "The Lady from Cook, Mrs. Catania."

Catania: "Would the Gentleman yield for a question?"

Speaker Lechowicz: "Indicates he will."

Catania: "Representative Wolf, how much money is included for the Office of the Women's Advocate?"

Wolf: "I'm sorry. I didn't get that."

Catania: "How much money is included for the Women's Advocate, the Governor's advisor on women's affairs?"

Wolf: "I'm advised that this is not broken out in the budget."

Catania: "Well, how much is the Governor's Office planning to spend on that particular operation?"

Wolf: "I don't know, but if it's... if it's of great urgency I'll try to get that answer as soon as I can for you."

Catania: "Well, would you take it out of the record until you find out?"

Wolf: "Well... whatever the will of the House. If that is the most important issue of the day, I'd be happy to take it out of the record. If you'd like to proceed with the appropriation, we can proceed."

Catania: "I would certainly appreciate it if you'd hold it until you get that information."

Speaker Lechowicz: "The Lady from Cook, Mrs. Macdonald."

Macdonald: "I just wanted to join with Representative Catania to ask him to take it out of the record until we find out."

Speaker Lechowicz: "The Gentleman from Winnebago, Mr. Mulcahey."

Mulcahey: "Well, Mr. Speaker, has this been taken out of the record yet?"

Wolf: "No, it hasn't."

Mulcahey: "Well, will the Sponsor yield for a question?"

Speaker Lechowicz: "Indicates he will."

Mulcahey: "Alright. It's been my understanding that in years previous to this there were a number of employees of the office that we actually being paid by other Departments of State Government. Has this discontinued, or is this still going on?"

Wolf: "There were 70 as I understand it. I believe this has now been... pardon me... reduced to 32."

Mulcahey: "Ok. Is there any particular reason why it's 32 rather than 0?"

Wolf: "I understand there's 5 from Mental Health; There's 3 from Administrative Services; There's 2 from Public Aid; Two from Local Government Affairs; One from Vocational Rehabilitation;... One from Insurance;... Six from Transportation;..."

Mulcahey: "Yes, I understand that Governor Walker was the one that put these, plus some more in there, and it's taking quite a while to remove them. So, indeed they still are.. Do you know who they are Representative Wolf? I mean, do you have..."

Wolf: "Not personally, though most of them are Democrats so you might know them better than I would."

Mulcahey: "Ok... One more question..."

Wolf: "I was only kidding, I really don't know. I'm sorry."

Speaker Lechowicz: "Excuse me, Mr. Mulcahey. Kindly give the Gentleman your attention. Please proceed."

Mulcahey: "It's my understanding also that the Governor's Office does not presently have an Affirmative Action Plan. Is that true?"

Wolf: "You're correct."

Mulcahey: "I'm correct?"

Wolf: "Yes, he does not have an Affirmative Acton Plan. I'm advised he does not."

Mulcahey: "Thank you."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Bullock."

Bullock: "Mr. Speaker, will the Sponsor yield for a question?"

Speaker Lechowicz: "Indicates he will."

Bullock: "The highest Constitutional Officer in our State, if he does not have a statutory legal obligation certainly commiserate with the office that he holds there's a moral obligation to set the tone for the State of Illinois. We know that there are present executive orders circulating within the House and the Senate that seek to merge vital Civil Rights agencies in our State. We are aware of the immense impact of those executive orders. And I submit to you that if this Constitutional Officer has no moral obligation to serve all of the citizens of the State of Illinois, that certainly we should give him some Constitutional or Statutory obligation to certainly try and fulfill the same duties and responsibilities that many of the Code Departments have. I think, once again, it is unconscionable; Number one, that he would entertain the idea to merge vital Civil Rights agencies in our State at a time when certainly there is a need for greater harmony and greater equal opportunity in our State. I can understand why some of the agencies in our State see fit not to submit Affirmative Action Reports when the highest Constitutional Officer of this State has such a callous disregard for equal opportunity of all of the citizens of the State. And I certainly will not be in a position to support this Bill, as I was not in a position to support a previous Bill because this, to me, is repugnant."

Speaker Lechowicz: "The Gentleman from Lake, Mr. Deuster."

Deuster: "I would simply want to point out to the Members of the House that it's my understanding at this point that the Office of Women's Advocate is actually vacant, or about to be vacant and that certainly answers to questions

about what the salary might be, or what the expenses or appropriation for the office are to be... can be properly answered in the Senate and I think that probably more intelligently answered in the Senate after we know what person it might be who will be occupying that office. And so I would urge the Sponsor to go ahead with and I'm sure that the concerns of Representative Catania and others who are interested in Women's Advocacy will be properly answered at the appropriate time."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Wolf."

Wolf: "Yes, Mr. Speaker, I'm going to ask to have this taken out of the record, but before I do, I was just handling this for the Minority Leader; as you know, I have his written permission to do so. I'm not equipped to answer all of the questions. I don't even know that we have money scheduled for next year for a Man's Advocate and far as Mr. Bullock goes, I wonder how many people who are non-Black you have employed in your office or if you have an Affirmative Action Program?"

Speaker Lechowicz: "The Gentleman's name who was mentioned in debate, the Gentleman from Cook, Mr. Bullock."

Bullock: "A point of personal privilege, Mr. Speaker. I happen to know I have two employees in my office. One is male and white and one's female and Black. That's 50%."

Speaker Lechowicz: "House Bill 1647 is taken out of the record at the request of the temporary Sponsor. House Bill 1649"

Clerk O'Brien: "House Bill 1649, a Bill for an Act to provide for the ordinary and contingent expense of the Illinois Commerce Commission, Third Reading of the Bill."

Speaker Lechowicz: "Mr. Hallock...Mr. Hallock please."

Hallock: "Mr. Speaker, Ladies and Gentlemen of the House, HB 1649 appropriates 7.7 million to the Illinois Commerce Commission for their FY-80 ordinary, contingent expense. This represents from appropriation to appropriation a 13% increase over last year. I would appreciate your support on this Bill."

Speaker Lechowicz: "The Gentlemen from Cook, Mr. Jaffe."

Jaffe: "Will the Gentleman yield for a question?"

Speaker Lechowicz: "Indicates he will."

Jaffe: "Will you tell us how much of an increase we have this year over last?"

Hallock: "Would you repeat the question?"

Jaffe: "Would you tell us how much of an increase this year we have over last year for the Illinois Commerce Commission?"

Hallock: "13% from appropriation to appropriation."

Jaffe: "13% and I might remind the Assembly that last year they had an increase of 25%. It sort of boggles my mind when we're cutting back on Human Services and everything else why we constantly increase the budget of the Illinois Commerce Commission. I know that this thing will fly out. I'm going to vote 'no'. I think they ought to be paid for by the Telephone Company and by the Gas Companies of this State because after all, they just do their work for them and they don't do anything for the general public."

Hallock: "Well, I would just submit to you that the areas in which you said they should be paid from are in fact where the funds come from."

Jaffe: "I would say to you that the Utility Funds come from the general public; they're not donations from the Utility Companies."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Marovitz."

Marovitz: "Thank you Mr. Speaker, will the Sponsor yield?"

Hallock: "Yes!"

Speaker Lechowicz: "Indicates he will."

Marovitz: "Representative, can you tell me how many rate increases the Illinois Commerce Commission granted during the last fiscal year?"

Hallock: "I'm not really sure what that has to do with the appropriation."

Marovitz: "Well, I think it has everything to do with the appropriation. That's their job and we're talking about an appropriation for the job that they are authorized to do. I think that has everything to do with how much money we should grant them ---what they're doing for us, for the citizenry of the State of Illinois. I'd like to know how many rate increases they've had."

Hallock: "I don't really know the answer to that question."

Marovitz: "Would you be willing to pull the Bill out of the record so we can get an answer as to how many rate increases they've granted in the area of electricity, phone, gas, various areas that they are authorized to?"

Speaker Lechowicz: "The Gentleman from Cook, Mr. O'Brien."

O'Brien: "Mr. Chairman and Members of the Committee, I'd just like to share with the Membership a newspaper clipping that I cut out about 6 weeks ago from the Chicago Tribune which indicated that the Chicago, or the Illinois Commerce Commission approved a 3.1% rate increase for Edison in December, which amounted to about a 75 million dollar increase for the Utility Companies. The Utility Companies had asked for a 5.6% hike which would have given them and yield them a profit, or an increase of 128 million dollars. I think that the Commerce Commission owes this General Assembly an accounting of how they can increase utilities rates for the constituents of the State of Illinois and the public in the State of Illinois at such exorbitant rates. I intend to vote 'no'."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Peters."

Peters: "Mr. Speaker, Ladies and Gentlemen of the House, let me just suggest to the Member who just spoke that I'm certain that those questions and a lot of other questions were presented to the Members of the Commerce Commission as they appeared before the Committee. And it would appear to me that those answers were satisfactory answers, at least for the purposes that they were asked. And I say that only on the basis of the vote. The vote came out 24 to 0, so it would appear to me that both sides of the aisle are correct, and we've got to distinguish, Representative, from the Lake shore; he knows that he is an expert in utility rates along with his former colleague, Representative Alice Levin, and I'm sure he knows how many rate increases have been presented."

Speaker Lechowicz: "The question is shall....The Gentleman from Bureau, Mr. Mautino. Mautino please."

Mautino: "Thank you very much Mr. Speaker; will the Gentleman yield for a question?"

Speaker Lechowicz: "He indicates he will."

Mautino: "Representative, what is the increase in the railroad track inspection area, and does the Commerce Commission regulate to the railroad industry and decree to them on clean-up for trains that have been derailed and are flipped over on tracks in State of Illinois? And I'd like to know how much that is increased, if any. And we've had quite a few derailments in Central Illinois. In fact, I've got one with 8 cars off of the Northwestern track that have been there for almost a year that haven't been cleaned up. And I'm wondering what the ICC does and how much money they appropriate for this."

Hallock: "The Commission doesn't actually have a separate division on that topic. But if we could forward that to the Commission I'm sure we could get an answer for you to your question."

Mautino: "I would assume they have a line item in their budget though that would ....track inspection."

Hallock: "...not specifically for that program, no."

Mautino: "You have nothing for track inspectors for the Illinois Commerce Commission? If I said to you that Mr. Peterson was one of the inspectors in that division, what would your answer then be? Ron Peterson...What is the line item? Ray Peterson, I'm sorry. You say there's no line item for track inspection and there's no jurisdiction by the Illinois Commerce Commission in this area?"

Hallock: "There is jurisdiction for that program but not on a line item basis."

Speaker Lechowicz: "Excuse me, Mr Hallock. Did you agree to pull this Bill out of the record?"

Mautino: "I think you should. Probably would be very smart if you did."

Hallock: "I'd just as soon vote it up or down right now, Mr. Speaker."

Speaker Lechowicz: "Alright, thanks."

Mautino: "The question though wasn't answered Mr. Speaker. What is the line item in it Mr. Hallock? How do we spend money in that area for the Commerce Commission for the railroad?"

Hallock: "For personal services we have about 1.4 million dollars. We have not broken it down into your categories."

Mautino: "Then I'd like to speak to the Legislature now."

Speaker Lechowicz: "Please proceed."

Mautino: "I think it's a rather difficult piece of legislation to vote on it. In fact, one aspect of the appropriation has been stated here that they don't really control and regulate a line item, because any derailments in Central Illinois for example, have been a very large problem. And I find it very difficult to support an appropriation where we can't get answers and can't get cars cleaned off the tracks and property. I think they have the authority to do so and I would hope that this appropriation would be withheld. You could probably relay that to the Commission

because I think they have the authority to do so. I think it's a hazard to the citizenry and it's a ridiculous situation to have in the State of Illinois."

Hallock: "I would just submit to you in terms of your choosing not to vote for this appropriation, that as you know the Commerce Commission is in charge with city utility rates and with truck rates and with truck routes and so on. If you chose not to appropriate this fund this year, and let those go sky-high, that's your decision."

Speaker Lechowicz: The Gentleman from Cook, Mr. Kornowicz."

Kornowicz: "Will the Sponsor yield?"

Speaker Lechowicz: "Indicates he will."

Kornowicz: "Can you tell me exactly how many additional railroad safety inspectors there are in this budget? As you know, we have problems throughout the state and I hope that you read the editorial, Springfield editorial, today in regards to the unsafe conditions, railroad conditions throughout the state. How many additional inspectors, railroad safety inspectors are on there?"

Hallock: "4 positions."

Kornowicz: "4 positions. How many all together?"

Hallock: "4."

Kornowicz: "4, that's 4 additional. I mean how many railroad inspectors are there in the Commerce Commission?"

Hallock: "How many new employees over last year? 10 new employees."

Kornowicz: "10 all together?"

Hallock: "Yes."

Kornowicz: "Do you think..."

Hallock: "13 from 252 to 265..."

Kornowicz: "13, well, we're going along. 13, 4 & 10. Do you think that with the additional inspectors, that they will take care of the safety of the railroads throughout the state?"

Hallock: "I believe that the answer to your question is yes, they will."

you want to eliminate it, just eliminate it. But tell your Mayor and your County Board or County Sheriff that you really don't think this is necessary."

Speaker Lechowicz: "Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there are 100 'ayes', and 42 'nays' and 19 recorded as present. The Gentleman from Cook, Mr. Bullock, what purpose do you seek recognition?"

Bullock: "Mr. Speaker, I request a verification of the Affirmative vote."

Speaker Lechowicz: "The Gentleman requests verification. He's in his right. The Gentleman from Lake, Mr. Matijevich, what purpose do you seek recognition?"

Matijevich: "Well, Mr. Speaker, he has that right but I..."

Speaker Lechowicz: "It's my fault. Go on, John. Mr. Matijevich."

Matijevich: "I would hope that Representative Bullock would reconsider that because he and I and we know that this is an appropriation measure, an agency which has to be funded. It's going to be funded in the end; We all know that. It's going to be funded in this dollar amount; We all know that. So I would hope that he would withdraw that request."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Stanley, what purpose do you seek recognition? Kindly record Mr. Stanley as 'aye'. The Gentleman from Cook, Mr. Bullock."

Bullock: "Mr. Speaker, in sake of fair play and harmony I certainly will withdraw it, but let me just say that the statement I made in explanation of my vote, I am profoundly disgusted with the record and I will continue to raise that issue on subsequent appropriations. I withdraw the motion."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Bowman."

Bowman: "Well, I think that's appropriate. So, I'm not going to ask for a verification at this time. Thank you very much."

Speaker Lechowicz: "Did you take the record, Jack? On this

Kornowicz: "Ok."

Speaker Lechowicz: "The Gentleman from Lake, Mr. Matijeich."

Matijeich: " Mr. Chairman, Mr. Speaker and Ladies and Gentlemen of the House, in the Committee the Democratic Majority on the Committee had a couple of Amendments that were reductions. And I think everyone who served on that Committee would tell you that after the presentation by the new chairman of the Illinois Commerce Commission we felt that he justified the additional funds. I was very impressed by his presentation. And I think every Member of the Committee was also impressed. I think it will do no good to hold this Bill at this time. There are many substantive Bills, Amendments on the floor of the House that all of us can speak to. We can make changes in some of the laws that affect the public utilities and I think that's the place where all of us ought to spill out our wrath on the floor of the House, but not on the appropriation measure that should be funded. I think the Illinois Commerce Commission will after this session realize that we want the consumers represented through their regulation, but this is not the time to do it and I would urge passage of this Bill."

Speaker Lechowicz: "The Gentleman from DeKalb, Mr. Ebbesen."

Ebbesen: "Mr. Speaker, I move the previous question."

Speaker Lechowicz: "The Gentleman has moved the previous question. All those in favor signify by saying 'aye', 'aye'. All opposed. The previous question has been moved. The Gentleman from Winnebago, Mr. Hallock to close."

Hallock: Thank you Mr. Speaker. I would submit to you that the Illinois Commerce Commission performs an essential regulatory function. They do it well and considering the personnel they have at their disposal. They use as you know, no General Revenue Funds. I would appreciate your support for the 7.7 appropriation. Thank you."

Speaker Lechowicz: "The question is shall HB 1649 pass. All

those in favor vote 'aye'; all opposed vote 'no'. The Gentleman from Cook, Mr. Totten to explain his vote. The timer's on."

Totten: "Thank you Mr. Speaker and Ladies and Gentlemen of the House, to explain my vote it's rather ironic after listening to the debate from those who think the regulatory commission should be doing more. It's because they're doing so much that we've got the problems that have been created by all of you. This is an ideal chance for us to give it a one-two punch. One from the left and one from the right. Knock out the Commission, and let the rates seek their own level. And I think we ought to do it."

Speaker Lechowicz: "The Gentleman from Will, Mr. Van Duyne to explain his vote. Timer is on."

Van Duyne: "Thank you Mr. Speaker. One thing that I find a little amusing though that we are so disgruntled and so dissatisfied with some of these agencies and I don't just necessarily pick on this one. But I do disagree with one of the former speakers over here who said that well, we have to fund these agencies. Now this is May the 10th and we do not have to fund these agencies. If they are so horrible I think it's probably incriminate upon us to hold back the funding until you get some answers. You know, we used to have an old fellow on the county Board back home who used to tell us that we really have no jurisdiction over the Constitutional Officer, the Treasurer, the County Clerk, etc., in the county. But he said after all, the county Board did fund their offices and if they didn't do what we wanted them to do, that all we had to do is hit them in the pocket book and sooner or later they would come around. Now, I realize this is a lot bigger distribution of money and a bigger bureaucratic agency and so on, but I still say to you though that ....."

Speaker Lechowicz: "Would the Gentleman kindly bring his remarks to a close?"

Totten: "... that that simple philosophy expounded by this old

Gentleman still applies."

Speaker Lechowicz: "And would the Membership kindly vote your own switch so there isn't a request for verification or anything in that order? The Gentleman from Cook, Mr. Mugalian to explain his vote. Timer is on."

Mugalian: "Thank you Mr. Speaker. I hope nobody is surprised that I'm voting green. I don't think anybody would say that I'm in the tank with the utility companies, but I heard them, ..., well I need a basic argument to vote 'no' on this Bill, is dissatisfaction with the rates allowed by the Commerce Commission. Now, that is the equivalent, Ladies and Gentlemen, to saying that because you disagreed with the decision of a judge that you are going to cut his salary. And that there are problems of the Interstate Commerce Commission (sic), it may have to do with appointments, it may have to do with straightening out the statutes somewhat. But it's really a very very dangerous policy for the Legislature to say to a quasi-judicial Body or to a Court, or to some one who performs these functions, you'd better do exactly what we say, even though we may not know all the facts, or we're going to cut off your water completely. I think that's a very dangerous thing for this House to consider doing."

Speaker Lechowicz: "The Gentleman from Wayne, Mr. Robbins to explain his vote. Timer is on."

Robbins: "I vote an 'aye' for the very simple reason of the fact that irregardless of what we think, this Commission cannot control Amtrack and Amtrack is the line which has the most of the railroads on it. I don't see how we're going to tell the Federal Government how to run their railroad. I realize that we have some problems with any Constitutional thing we go into. We had some very serious problems with agriculture in our end of the State right now but I didn't vote not to fund agriculture. Thank you."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Wolf."

Wolf: "Mr. Speaker, and Members of the House, I would just like

to point out to the Membership that both the Democrat and Republican staffs went over this particular agency. I would say with great diligence. And one of the, some of the statements of course and concerns are certainly valid. One of the things that is in this appropriation is an additional 419,000 for electronic data processing so that the Commission can track the various utilities that come in for rate increases. It's very difficult for them with all the sophisticated equipment that the utility companies have when they come in to try to justify their increases for rate and therefore we feel that this appropriation does contain some additional safeguards to make sure that these requests are warranted before any authorization is given to the utilities to increase the rates."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Bullock to explain his vote. The timer is on."

Bullock: "Thank you Mr. Speaker, Ladies and Gentlemen of the House, I just want to say and echo what the speaker has said all along, we want to be fair here tonight in giving all of these Bills a fair hearing. And we don't want to inconvenience anyone, but I would hope that no one would push the switch of an individual that isn't here. That's not fair and I don't want to be the one to stand up and call verification continuously. I think it's unfair to those who have concerns about these Bills for individuals to merely push switches of persons who are not here. And I would urgently request that we play this game fair if we're going to play at all. Also Mr. Speaker, I would say that his Department once again, has had in the last three years a 12% increase in total employment and they also have seen a net minus 1% increase in minorities in specific categories. Once again, this administration shows a sorry record in affording full opportunity to all of the citizens of Illinois."

Speaker Lechowicz: "The Gentleman from Lake, Mr. Deuster. What's your point of order?"

Deuster: "Well, my point of order was that I thought it was still a rule of this House that when you spoke in debate you did not explain your vote and I thought the Gentleman had spoken quite eloquently in debate and should not have been recognized ..."

Speaker Lechowicz: "...not on this Bill.. Your point is not well taken. Any further discussion? Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 94 'ayes', 43 nays 15 recorded as present, this Bill having received the Constitutional Majority is hereby declared passed. The Gentleman from Cook, Mr. Taylor, for what purpose do you seek recognition?"

Taylor: "Mr. Speaker, there have been some pushes that are pushed on that Board today that are not here. If it had happened on any other Bill I would request a verification..."

Speaker Lechowicz: "...well, why don't we just dump the Roll Call Jim?"

Taylor: "I would appreciate that."

Speaker Lechowicz: "Alright. We'll dump this Roll Call and we'll start all over. Hopefully, we'll just take the Roll Call. The question is shall HB 1649 pass. And kindly just vote your own switch. All in favor vote 'aye'; all opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 88 'aye', 40 'no', and 15 recorded as present. The Gentleman asked poll of the absentees. Mr. Jaffe what purpose do you seek recognition?"

Jaffe: "If it receives 89 I would like to ask for a verification."

Speaker Lechowicz: "If the Bill receives 89 votes...no, come on now. It's ..let's not get....Mr. Hallock, for what purpose do you seek recognition?"

Hallock: "I would just like the Membership to know that I'm going to let this go tonight and if you choose to have the utilities

unregulated, that's up to you. The utilities, the phone company, Common Wealth Edison, etc. that affect all our lives on a daily basis will have no one looking over their shoulder if you don't pass this appropriation. Now, I would ask for your support once again. I'm going to let the Bill go as a nay."

Speaker Lechowicz: "The Gentleman from Bureau, Mr. Mautino, for what purpose do you seek recognition?"

Mautino: "Point of information, Sir. I thought this was over with so I want to make sure I don't make a mistake. It was stated that it wouldn't be funded. If I remember the statute correctly there could also be no rate increases but there would still be controls. And I would have somebody clarify it for me."

Speaker Lechowicz: The Gentleman from Cook, ...well, can you clarify that Mr. Hallock?"

Hallock: "I think it's really clear in the statute that without an appropriation and those hired to do the job, there will be no job to do and no regulations therefore. And I submit to you that without the appropriation, there will be no regulations."

Speaker Lechowicz: "On that question, the Gentleman from Cook, Mr. Jaffe."

Jaffe: "Mr. Speaker, I see no need for any further debate on this. We're in the middle of a Roll Call."

Speaker Lechowicz: "Your point is exceptionally well taken. On the question there are 88 'ayes', 40 'no', and 15 recorded as present. The Gentleman from Cook, Mr. Matula, for what purpose do you seek recognition?"

Matula: "Thank you Mr. Speaker, I'd like to change my vote from present to 'aye'."

Speaker Lechowicz: "The Gentleman asked to be recorded from present to 'aye'. Mr. Jaffe asked for a verification. Mr. Beatty, for what purpose do you seek recognition? Mr. Beatty?"

Beatty: "Mr. Speaker, as a shareholder of Common Wealth Edison I think they need some guidance and I think that we should have the Commerce Commission looking over their shoulder. so I vote 'aye'."

Speaker Lechowicz: "Mr. Beatty votes 'aye'. That's 90. Mr. Terzich votes 'aye'. Mr. Preston?"

Mr. Preston: "Mr. Speaker, I request I be voted 'aye'."

Speaker Lechowicz: "Kindly record Mr. Lee Preston as 'aye'. I know the hour is getting late Gentlemen, I appreciate, Ladies and Gentlemen, I appreciate the indulgence you have served here. Now, is there anyone else to want to be recorded? Mr. Goodwin, kindly record Mr. Goodwin as 'no'. Anyone else? What's the Roll Call Mr. Clerk? On this question there are 92 'aye', 40 what... 41 'no' and the Gentleman from Cook, Mr. Jaffe request a verification. Clerk will proceed to verify the affirmative vote."

Clerk O'Brien: "Abramson. Ackerman."

Speaker Lechowicz: "Excuse me, in all fairness would the Membership kindly return to their respective seats? Will all unauthorized persons now remove themselves from the floor? The Gentleman from Winnebago, Mr. Hallock, for what purpose do you seek recognition? Mr. Hallock. Alright please, would all unauthorized personnel remove themselves from the floor? Would the Membership be in their respective seats? Clerk will proceed with the verification of the affirmative vote."

Clerk O'Brien: "Abramson...."

Speaker Lechowicz: "Excuse me. The Lady from Cook, Ms. Chapman. For what purpose do you seek recognition? Kindly record Mrs. Chapman as 'aye'. Mr. McPike as 'aye'. Mr. Laz Murphy as 'aye'. Mr. Slape as 'aye'. Mrs. Currie from 'no' to 'aye'. Mr. Sam Wolf as 'aye'. Mr. Mahar as 'aye'. Gentleman from Cook, Mr. Jaffe. Excuse me, the Gentleman from DuPage, Mr. Daniels as 'aye'. Mr. Jaffe?"

Jaffe: "Mr. Speaker, I will withdraw that request for verifica-

tion at this time."

Speaker Lechowicz: "Thank you very much. The Gentleman withdraws his request for verification. What's the count now Mr. Clerk? On this question there are 100 'aye', 39 nay. This Bill having received the Constitutional Majority is hereby declared passed. The Gentleman from Winnebago, Mr. Hallock."

Hallock: "I would just like to thank the Membership for their enthusiastic support of this Bill. Thank you."

Speaker Lechowicz: "Pardon me, Mr. Skinner? "

Skinner: "Mr. Speaker, may I have leave to have the following Bills posted for the Revenue Committee tomorrow morning... House Bill..."

Speaker Lechowicz: "We'll get to that point of order in a minute."

Skinner: "Ok."

Speaker Lechowicz: "Take House Bill 1653 out of the record. House Bill 1654."

Clerk O'Brien: "House Bill 1654..."

Speaker Lechowicz: "1654 has been passed? Right, ok. 1682."

Clerk O'Brien: "House Bill 1682, a Bill for an Act making appropriation to the Illinois Legislative Council. Third Reading of the Bill."

Speaker Lechowicz; "The Gentleman from Cook, Mr. Leverenz."

Leverenz: "Thank you, Mr. Speaker. This is not the bomb and arson squad budget. This is the budget for the Illinois Legislative Council. Last year the budget was a million one thirty six and this year the appropriation is for a million one seven two.... a \$36,000 increase.... a 3.2% increase. I would entertain any questions you might have. I think you're all familiar with the Legislative Council."

Speaker Lechowicz: "Is there any discussion? The Gentleman from Cook, Mr. Peters."

Peters: "Mr. Speaker, this Bill again has been looked over by both sides of the aisle and I think we should be getting down to business. We've got staffs to trust; We've got Committee Members to trust. I would ask the Members on this

side of the aisle to understand our responsibilities here and not to give back to the Sponsor this Bill what he really deserves, but to vote for this measure."

Speaker Lechowicz: "The question is, 'Shall House Bill 1682 pass?'"

All in favor vote 'aye'; all opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 145 'ayes', 10 'nays', 2 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. It's the Chair's intent to have four more Bills for your consideration, then go to the area of announcement and adjourn for the evening. So, I appreciate your indulgence. House Bill 1916, Mr. Gene Barnes."

Clerk O'Brien: "House Bill 1916, a Bill for an Act making appropriation for the State Attorney's Appellate Service Commission. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Barnes."

Barnes: "Thank you very much, Mr. Speaker, Members of the House. This is the ordinary and contingency expense of the State Attorney's Appellate Commission. It was introduced at 1.319; It was reduced by 47,424 and the current ... the current request is that 1.... the current request is 1.271. I would urge the support of the House."

Speaker Lechowicz: "Any discussion? The question is, 'Shall House Bill 1916 pass?' All in favor vote 'aye'; all opposed vote 'no'. Yes, Sir. The Lady from LaSalle, Mrs. Breslin."

Breslin: "Mr. Speaker, and Members, I have a conflict of interest on this legislation and therefore will be recorded as not voting. Thank you."

Speaker Lechowicz: "Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there 117 'ayes', 33 'nays', 8 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 2486, Mr. Friedrich."

Clerk O'Brien: "House Bill 2486, a Bill for an Act making appro-

priation for the ordinary and contingent expense of the  
Legislative Reference Bureau. Third Reading of the Bill."

Speaker Lechoiwicz: "The Gentleman from Marion, Mr. Friedrich."

Friedrich: "Mr. Speaker, Members of the House, this is the  
annual appropriation for the Legislative Reference Bureau.  
The request is an amount of \$1,278,900. That's an increase  
of 3.6% over last year and almost all of that is in printing  
costs."

Speaker Lechowicz: Is there any discussion? The question is,  
'Shall House Bill 2486 pass?' All in favor vote 'aye';  
all opposed vote 'nay'. Is Mrs. Catania on the floor?  
Ok, fine. We'll be calling your Bill very shortly, ma'am.  
Have all voted who wish? Have all voted who wish? Clerk  
will take the record. On this question there are 149 'ayes',  
7 'nos', 4 recorded as present. This Bill having received  
the Constitutional Majority is hereby declared passed.

Speaker Lechowicz: "House Bill 2573. Mr. Peters."

Peters: "Mr. Speaker, Ladies and Gentlemen of the House, this."

Speaker Lechowicz: "...Wait a minute, Pete. He's got to read the Bill and we've got to drop the Roll Call."

Peters: "...I'm sorry."

Clerk O'Brien: "House Bill 2573, a Bill for an Act making appropriation for the ordinary and contingent expense of the Health, Finance Authority. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Cook, Mr. Peters."

Peters: "Thank you Mr. Speaker. Mr. Speaker this is a new agency of government which was created as a result of legislation which was passed in the last session. May... It might be recalled by Representative Rolland Tipsword, whose purpose is to set rates for hospital costs and hopefully assist the health consumer in keeping a lid on the increased rates at the hospitals. It is just beginning to function. It really has no more of a staff presently, as is my understanding, of two or three people. Its initial funds did come out of the General Revenue Fund of \$200,000. They're going to lapse over \$100,000 of it. This appropriation is for \$650,000 but as we get in to it, the funding for this agency will not come from General Revenue, but rather will come from a tax or a levy which will be laid on the hospitals and the amounts of money the hospitals end up collecting. The basic purpose of this Board is to develop rates and to work with the hospital in terms of cost containment to put a lid on the, as I said before, the rising costs in hospital care. If I can answer other questions, I will be happy to although I do want to indicate to the Members again, this office does not really have a history of operation because it is just getting organized. In fact the Executive Director has just been appointed, I think some 5 weeks ago. So in terms of a report of what they have done, other than initial organization and finding a place to sit in an office, there is not much more that has happened

to this point. I earnestly request your support."

Speaker Lechowicz: "The Lady from Cook, Ms. Pullen."

Pullen: "Mr. Speaker, Ladies and Gentlemen of the House, it certainly is true that this is a new agency. So we don't have anything to compare with the past. But, this is a new agency which ought to be killed before it is born."

Peters: "That's abortion Representative Pullen."

Pullen: "Why is Mr. Peters' mic still on Mr. Speaker? I'm not asking him questions. Something should be aborted."

Mr. Speaker, Ladies and Gentlemen of the House, this agency is yet one more layer of bureaucracy in the Health Care field, which is one of the largest reasons why hospital rates have been going up. If we want to talk about putting a lid on hospital costs then we'd better be concerned about their costs, not just their rates. And one of the things that we have done to hospital costs in passing this so-called rate review legislation, is to tax the hospitals for the sake of paying for their regulatory agency which will add another cost on top of the other costs they already have. This agency should be done in. I certainly do not have any problem with the fine new Executive Director, Mr. Globberman and I would not want to hurt him in this, but this agency should never have been created. Here is our opportunity to atone for the sins we committed last year and I urge you all to vote 'no' before this really gets off the ground and then you find out how horrible it really is. Thank you."

Speaker Lechowicz: "The Gentleman from Peoria, Mr. Schraeder."

Schraeder: "The Sponsor would yield for a question?"

Speaker Lechowicz: "He indicates he will."

Schraeder: "Since I wasn't here last session I'm not sure of the structure of funding agencies since you said it didn't come from General Revenue and it came from the hospital... apparently hospital revenue. Where does that money come from?"

Peters: "The initial funding Representative Schraeder comes from the General Revenue Fund. Once the authority is formed in moving there is a levy which is placed on the hospitals, in my understanding, it is in proportion to the operating base of that hospital. The hospital, to my understanding, have agreed to enter into this and if they are to receive state funds, they participate in this and there's a levy on the hospitals."

Schraeder: "Does it make sense then that the funds that they're going to pay, the assessment the hospitals have agreed to is going to result in an additional levy against the patients who use those hospital facilities, the hospitals are their charity? Are going to give us..."

Peters: "Representative Schraeder, you are probably correct in what you are saying. The difficulty, and you may recall the debate as it went here on the Bill as Representative Tipsword had, and you also might recall that initially I was opposed to that legislation. But there appeared to me a choice that we had to make, either to set-up some kind of mechanism which would have some kind of control over rising hospital costs, or just to allow things to go completely wild. Yes, there will be some additional costs. But hopefully, not as high a cost as with this containment that we are trying to implement here."

Schraeder: "Well, Mr. Speaker, I won't belabor this thing, this discussion any farther, but suffices it to say that I think we have another agency that is in the process of a 9th justification period and I think we ought to kill it right now. I vote 'no'."

Speaker Lechowicz: "The Gentleman from Will, Mr. Van Duyne."

Van Duyne: "Will the Sponsor yield for a question?"

Speaker Lechowicz: "Indicates he will."

Van Duyne: "Pete, is it true that because of the adoption of this legislation Sponsored by Representative Tipsword last year, that now when the Federal Government comes up with

some regulations that regulate hospitals throughout the nation, that the states that adopted this legislation are not exempt from those restrictions and regulations?"

Peters: "Yes, Representative Van Dwyne. Again I'm not trying to . . . . but for those individuals who make the argument about state control vs. federal control, the choice we have here is in funding this Board and maintaining it in the state or not having it and have the Federal Government do the same thing. You're right in what you are saying."

Speaker Lechowicz: "The Gentleman from Champaign, Mr. Johnson?"

Johnson: "Pass."

Speaker Lechowicz: "The question is shall House Bill 2573 pass. All those in favor vote 'aye'; those opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Gentleman from Lake, Mr. Deuster to explain his vote. The timer is on."

Deuster: "Well, even the Members of the United States Congress usually jump in with both feet to regulate the economy and regulate the hospitals. They still haven't decided what to do. There, hospitals are still talking about a voluntary cost control program and I really think we made a great mistake last session. And for the new Members, who have not had a chance to vote on this, this is the time to vote 'no' if you believe that the hospitals ought to try and work out cost control on a voluntary basis rather than with a state bureau and with a state tax. The people have been telling us to get rid of taxes and here's a tax on hospitals you can get rid of. Please vote 'no'."

Speaker Lechowicz: "Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 99 'ayes', 50 nays, 5 recorded as voting present. This Bill having received the Constitutional Majority is hereby declared passed. House Bill 2576."

Clerk O'Brien: "House Bill 2576, a Bill for an Act to Amend Sections of an Act to provide for the ordinary and contin-

gent expense of various state agencies. Third Reading of the Bill."

Speaker Lechowicz: "The Gentleman from Rock Island, Mr. Polk."

Polk: "Mr. Chairman, Ladies and Gentlemen, I would like to use the Greiman theory tonight and discuss this Bill. However, since it's the last Bill I don't think that will be necessary. It's a supplemental appropriation of \$314,000. A \$157,000 of that goes to pay the rent at South... 910 South Michigan for the month of June, \$314,000 is for poor program expansions that was approved by the United States Department of Labour. And I'd appreciate an 'aye' vote so we can get out of here."

Speaker Lechowicz: "Any discussion?"

Polk: "314,000 "

Speaker Lechowicz: "The Gentleman from Cook, Mr. Barnes."

Barnes: "Yes, just to add to Representative Polk's explanation, he's absolutely correct. These are all Federal dollars, no general revenue funds involved."

Speaker Lechowicz: "Question is, 'Shall House Bill 2576 pass?' All in favor vote 'aye'; all opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 114 'ayes', 36 'nos', 4 recorded as present. This Bill having received the Constitutional Majority is hereby declared passed.

The Lady from Cook, Mrs. Catania. She has a Bill on Third Reading, House Bill 1939. She requests to bring that Bill back for the purpose of Amendment. Is there any objection? Hearing none, House Bill 1939 on Second Reading."

Clerk O'Brien: "Amendment #2, Catania, Amends House Bill 1939 by deleting everything the enacting clause and so forth."

Catania: "No, it doesn't delet everything after the enacting clause. All it does is to change the word 'jeopardize' to 'seriously endangered', which is a change that I..."

Speaker Lechowicz: "Excuse me, ma'am. "

Catania: "All it does..."

Speaker Lechowicz: "Now, we're talking about Amendment #4."

Catania: "Ok."

Speaker Lechowicz: "Now, wait. Which one you got on the Board there, Jack? Ma'am, it's Amendment #2."

catania: "I'm afraid we're going to have to take it out of the record again cause I thought this one was adopted in Committee. I ask leave to leave it on Third Reading."

Speaker Lechowicz: "Leave it on Third Reading, or Second Reading, ma'am?"

Catania: "I think Third Reading cause we have to go back and see what happened in Committee cause I think this one was adopted in Committee."

Speaker Lechowicz: "There's a question whether the Amendments were adopted in Committee. House Bill 1939 will be moved back to Third Reading."

Catania: "Thank you."

Speaker Lechowicz: "The Gentleman from McHenry, Mr. Skinner."

Skinner: "Having conferred with the Chairman of the Revenue Committee and the Republican surrogate for Representative Ryan, I would ask leave to have House Bill 127, House Bill 1136, House Bill 2479 and House Bill 2586 posted for Revenue in C-1 tomorrow morning at 9:00. 127, 1136, 2479, and 2586."

Speaker Lechowicz: "Chairman Pierce, I believe, this was a special to you; House Bill 127, 1136, 2586, and 2479 to be used the Attendant's Roll Call?..."

Pierce: "Well, unless there are some objections from somewhere, I... these Bills... the posting was made last week for this week, for Tuesday morning and until this evening I didn't know there was a problem but Representative Skinner's been a hard working Members of our Committee, a very valuable Member. If it weren't for him, we would have been done with our work two weeks ago and I would like to say that he deserves, as far as I'm concerned, a shot. But... so..

I have, personally have no objections..."

Speaker Lechowicz: "Are there any objections to having those four Bills .... read into the Attendant's Roll Call, having those four Bills heard in the Revenue Committee tomorrow. That only makes it about what?... 35?... Mr. Pierce."

Pierce: "Mr. Speaker, I don't know if we're on the announcements yet, ..."

Speaker Lechowicz: "No, we're not. This is on the Gentleman's motion to have these four Bills heard in the Revenue Committee tomorrow, using the Attendant's Roll Call. Is there any objection? Hearing none, the House Bills 127, 1136, 2586, 2479, ... will be heard... or will be permitted to be heard in Revenue Committee tomorrow. Any further announcements? The Gentleman from Cook, Mr. Jaffe."

Jaffe: "Yes, Mr. Speaker, Judiciary I will meet in room D-1 tomorrow at 9:30 for all those people who have Bills that could not be heard today, tomorrow will be our last day so it will be at 9:30 in D-1. "

Speaker Lechowicz: "The Gentleman from Cook, Mr. Capparelli."

Capparelli: "Mr. Speaker, Executive Committee will meet for the last time on House Bills tomorrow morning in room 114 at 9:00."

Speaker Lechowicz : "The Gentleman from Cook, Mr. Barnes."

Barnes: "Thank you very much, Mr. Speaker, Members of the House. The Appropriations II Committee will meet tomorrow at 9:30. That will be the last meeting this Session for Approp. II. 9:30 tomorrow morning."

Speaker Lechowicz: "Would the following individuals meet with me in my office? Mr. Pierce. Mr. Capparelli. Mr. Gene Barnes. Mr. Jaffe. Mr. Taylor. and Mr. Giorgi, immediately after we adjourn? Thank you. For what purpose does the Gentleman from Cook, Mr. Pierce...I'm sorry... from Lake, Mr. Pierce, seek recognition?"

Pierce: "Thank you, Mr. Speaker. Collar counties, you know. I supported you."

Speaker Lechowicz: "We're like brothers."

Pierce: "The House Revenue Committee will have its last meeting on House Bills tomorrow morning at 9:00 in a different room, C-1 in the Stratton Building. It's our Cal Skinner day; We'll have about 6 or 8 of Cal Skinner's Bills. You want to give them careful consideration because he's been patient with us. I thought by holding his Bills to the end he might talk less often in Committee, but it didn't work. So tomorrow at 9:00 in room C-1 of the Stratton Building, House Revenue Committee will hold its last meeting on House Bills."

Speaker Lechowicz: "The Lady from Cook, Mrs. Macdonald."

Macdonald: "Thank you, Mr. Speaker. I only wanted to remind the Members of the SIDS Commission that Judge Wilke has postponed the meeting until immediately after adjournment. We will go over to the Forum 30 and he asked that all Members please promptly attend."

Speaker Lechowicz: "Thank you ma'am. Any other announcements? The Gentleman from Cook, Mr. Garmisa."

Garmisa: "Mr. Speaker, and Ladies and Gentlemen of the House, just a reminder that tomorrow at 11:00 we are holding a meeting of the Transportation Committee in room 122B. We have one Bill to consider at 11:00. And let's all get together at that time so we can get out real early. Appreciate it very much."

Speaker Lechowicz: "Mr. Garmisa, was that announcement of the Transportation Committee tomorrow?"

Garmisa: "Yes, Sir."

Speaker Lechowicz: "Would you kindly also meet in my office immediately after adjournment?"

Garmisa: "Yes, Sir."

Speaker Lechowicz: "Thank you. Any further announcement? Any further announcement? The Gentleman from .... I'm sorry. Yes, Death Resolutions."

Clerk O'Brien: "House Resolution..."

Speaker Lechowicz: "Kindly rise."

Clerk O'Brien: "House Resolution 272; Leinenweber: WHEREAS:

this House is saddened to learn of the passing of former State Representative Louis F. Bottino on April 5, 1979; and WHEREAS, Although Louis F. Bottino led a long and full life of 71 years, it comes as a shock to those who loved and respected him to learn of his passing; and WHEREAS, Mr. Bottino devoted his time and energy to the service of his community and this State, both through his work in the political arena and as a true friend to education; and WHEREAS, Mr. Bottino, a graduate of Beloit College also having earned a degree from Columbia University, spent much of his life furthering the cause of education; and WHEREAS, Mr. Louis F. Bottino, former Will County Superintendent of Schools and former Superintendent of Schools for the Creve Coeur Schools, held the education of this State's youth as one of his priorities; and WHEREAS, In addition to his efforts as an educational administrator, Mr. Bottino, as the elected Representative of the people of the 37th District, shared his wealth of experience and knowledge with all the people of this State during the 70th and 71st General Assembly from 1958 to 1960 and during the Illinois Constitutional Convention in 1969 and 1970; and WHEREAS, His passing is a severe loss, not only to his loving wife Catherine, daughter Isle and sister Marie, but to his community and the State of Illinois; therefore, be it RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE EIGHTY-FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we express our profound sorrow and deep sense of loss upon the death of Mr. Louis F. Bottino; and that we extend our heartfelt sympathy to each and every member of his family in this time of bereavement; and be it further RESOLVED, That a suitable copy of this Preamble and Resolution be presented to Mrs. Catherine Bottino as a token of our deepest sympathy."

Speaker Lechowicz: "The Gentleman from Will, Mr. Leinenweber."

Leinenweber: "Yes, thank you, Mr. Speaker. Lou Bottino, a very good friend of both mine and my family, served the people of the State of Illinois and the people of Will County in innumerable capacities including elective offices of County Superintendent of Schools, here in the General Assembly in the 1959 Legislative Session and the people of the State of Illinois again during the Constitutional Convention. He was a great believer in the political system. He offered his services to the people of the State of Illinois and I would urge the adoption of the Resolution."

Speaker Lechowicz: "The Gentleman moves the adoption of the Death Resolution. All in favor signify by saying 'aye'. Opposed.... The Resolution's adopted. The Gentleman from Lake, Mr. Matijevich.

Matijevich: "Mr. Speaker, Ladies and Gentlemen of the House, before I move for adjournment I want to say on that very difficult on overruling of the Chair I went to your office in the back and I want to say that I know how that personally must have touched you and that you understood that none of us who voted that way took that as a personal vote. I want to compliment you on that. It was a very difficult vote because of the emotion of the issue and that was it totally. With that, Mr. Speaker, I, with five minutes for the Clerk to do the business of the House, I move to adjourn the House until 11....12:30 tomorrow morning."

Speaker Lechowicz: "... Just to let you know, John, I appreciate your comments and I appreciate your help in resolving the issue. To the Membership, I want to thank them for their indulgence and a fine day's work. Now, giving five minutes to the Clerk for perfunctory Session, the House will stand adjourned until 12:30 tomorrow afternoon. All in favor signify by saying 'aye'. All opposed? The House stands adjourned."
