86th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

55th Legislative Day

June 13, 1989

Speaker Breslin: "Ladies and Gentlemen, the hour of 3:00 o'clock having arrived, I would ask Members to be in their seats. The Chaplain for today will be the Reverend Bob Jensen from the New Hope Presbyterian Church in Coal City. Reverend Jensen is the guest of Representative Weller. I invite our guests in the gallery to rise and join us for the invocation."

Reverend Jensen: "It's a privilege for me to be with you today. Let us join together in prayer. Oh Mighty and Eternal God, Lord of all Heaven, Creator of this world and all that is in it, we give You thanks this day. Thanks for our state and for our nation, for the freedoms and bounty of our life and for the challenge of maintaining and protest...protecting those freedoms. Thanks for this Body and for the opportunities and responsibilities of government placed before it. And thanks for the gift You have given each one of us to use in service through this Body. You alone, God, know the difficulties these Representatives face and the hard decisions they have to make. Have mercy on them individually and collectively. Where they succeed share in their joy, where they fail judge kindly. Bring them open minds and teachable hearts that they may hear and listen and respond and care for each other and the people that they represent. Endow this Body with wisdom, compassion and a sense of Your unity, that each one will truly seek justice, love kindness and walk humbly with You. And grant each one, Oh God, Your vision for this state. Show us what it ought to be and lead us in paths that can make it so, to make it a land of justice and plenty, a land of community and fellowship and a land of peace. Hear our prayer, Oh God, as we seek Your guiding presence during this Session today and throughout the days

ahead. Amen."

Speaker Breslin: "Representative Mulcahey will lead us in the Pledge."

Mulcahey - et al: "I pledge allegiance to the flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all."

Speaker Breslin: "Roll Call for Attendance. Representative Matijevich, are there any excused absences?"

Matijevich: "Madam Speaker, my messenger, Joe Lucco tells me no excused absences, however, I know that Ralph Capparelli is I'm sure, excused due to an injury because he had some injuries, he's not here..."

Speaker Breslin: "...I'm sorry. You're going to have to talk louder, Representative Matijevich."

Matijevich: "We have no excused absences, but I understand Ralph Capparelli had some injuries, is not here. So, I'm sure those are excused or that's excused."

Speaker Breslin: "Very good. Thank you. If you could follow up on the...on that information, I'm sure the Members would appreciate it. Representative Piel, are there any excused absences on your side?"

Piel: "Yes, Madam Speaker, would the record show that Representative Dave Harris is excused today?"

Speaker Breslin: "Representative Harris is excused today. Mr. Clerk, would you take the record please. One hundred and sixteen Members answering the Roll Call, a quorum is present. And now, Ladies and Gentlemen, Representative Bob Olson has a special introduction for us. Representative Olson."

Olson, B.: "Thank you, Madam Chairman. I have with me here today, Jerry Rybicki. Jerry is from Belleville, Illinois and he's president of the Illinois Association of County

Fairs. Last January, at Jerry and others' invitation, I attended the county fairs annual meeting and banquet at the Holiday Inn East. It was, oh about the third time I had been invited and one of the great events of that evening is judging and awarding of the title, Miss Illinois County Fair. This year, the winner comes, not only from my home county but from my home town, and her parents, Jack and Georgia are friends of some time, of Shorty and I. It is with great pleasure, I introduce you and present to you, and it's an honor and great pleasure, that I present to you, Jaris Nutt, Miss Illinois County Fair."

Jaris Nutt: "Good afternoon. As he said, my name is Jaris Nutt. I'm from Lincoln, Illinois and I'm very proud also to be the 1989 Miss Illinois County Fair Queen. I also appreciate you letting me speak before you today in support of the county's fairs and the State Fair. I know most of you believe as I do, in the importance in supporting the counties fairs and the State Fair. For example, my Representative, Bob Olson has been a lifelong supporter of the fairs, not as... only as a participate, but as a Legislator. And I'm sure you all know Senator Maitland, who has shown his support by sacrificing four days this January in judging the Illinois County Fair Queen Pageant. But I realize that all of you get caught up in your busy schedules, but what you might want to remember is... visiting a county fair is a great way to get away from it all. It shows the hard work and efforts of your constituents who deserve and need your support. You'll also find in your mailboxes today, universal passes and those are free admission tickets to any of the fair...county fairs in the State of Illinois. So, just take up on that and each one promises a good time, entertainment, food, exhibits, you name it. I hope to see

you all at your individual county fairs this summer and especially don't forget the Illinois State Fair, August 10th through the 20th. And if you see me, please stop me and wave and feel free to talk to me, okay? So, if there's not a State Fair or a county fair in your district, make sure you take your family and go travel and visit one. I know you'll be glad you did. Thank you again for your time today and I hope to see you this summer."

Speaker Madigan: "Ladies and Gentlemen, Speaker Madigan in the Chair. If we could have your attention, we have a special guest today. And I would like all of the Members to be in their chairs and I would like the staff to please remove themselves to the rear of the chamber. Very privileged to have with us the French Ambassador to the United States Government in Washington DC. He is travelling today with the French Counsel to the City of Chicago. I'm sure he will cover some of these matters in his remarks, but of course, we all know that there always has been a very strong relationship between our country and France, especially at the time of the American Revolution, which

led to the founding of our Republic. So, without any further ado, let me give you our good friend, the French Ambassador to the United States of America, Mr. Ambassador."

Emmanuel de Margerie: "Mr. Speaker, Ladies and Gentlemen, it's an honor, it's a privilege for me to be here among you today with the French Counsel General in Chicago. We want to bring to you a message of friendship from the people of France to the people of this great State of Illinois. We are celebrating the bicentennial of a French Revolution of 1789 and of the Declaration of Rights of Man and of Citizen. Your country is joining in this celebration because the elites of our two nations was so intimately connected at that moment of history, that great momentous period, that it has created bonds which endure. You know that French officers came to fight for your independence. And that Lafayette and his fellow officers were there with George Washington. And then your soldiers came back to France and we remember with great gratitude what you have done to restore freedom and liberty in our country, when we were occupied. And we remember World War I and World War II. And a few days ago there was a great ceremony marking the forty-fifth anniversary of D-day. And in Normandy at Ste-Mere-Eglise, that little village where American parachuters descended from the sky to start the liberation of France, five hundred American Veterans were there, gathered with the whole French population around them. And it was a moment of festive memories between the two countries. So this is symbolic of what has happened over these two hundred years. We are now in the process of remembering what happened in 1789, when at one months distance, the Declaration of Rights of Man and of Citizen, was published in France and the Bill of Rights was

86th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES

published here in this country. And among the people who were entrusted with a task of drafting the Declaration of Human Rights in Paris, there were different groups, but in one of them there was Lafayette. And Lafayette had come here and fought with your people and who'd brought back to France the veneration for Washington and the nostalgia of what he had seen being created here. Lafayette was in constant touch at that moment, with the American Minister in France. And that man was none else, then Thomas Jefferson. And Thomas Jefferson could show him the Constitution of the State of Virginia in which the principles were embodied, which we found again in our Declaration and in your Bill of Rights. So these great events, they have led to momentous decisions in the history of the world, because we have tried to live for these principles. And I think it is very moving to think that a few days ago, the Chinese students in Tiananmen Square were erecting a statue of liberty. Commemorating the great statue, which stands in New York Harbor, and which was offered to this great nation here, by France and by the children of France who collected one by one, the little francs which helped build the statue. So we are united by this bond, by this common attachment to freedom in the world. And there are not so many countries throughout history, which have had such a strong friendship. Ladies and Gentlemen, we in France are celebrating that great moment of the past. We are also looking to the future. You know, that we're going to strengthen the common market and develop it by 1992. The common market will be more of a common market than it already now is. And that will mean a great increase in the economic relationship between your country and mine. I'm happy to say that between the State of Illinois and France, there is already a very strong,

academic, intellectual and artistic friendship. French businessmen who've become much more interested in your State of Illinois now, consider a number of French investors have come over. So, I see in all this...these close relationships, a very good omen for the future. And before I leave this great Assembly, I would just like to present to your Speaker, as a token of appreciation and admiration for the United States, a medal, which has been struck in France recently, commemorating Bastille Day, the fourteenth of July, 1789, when these great concepts of liberty reverberated...on the worldworld. And I thank you very much for having had the privilege of addressing you. Thank you. Mr. Speaker."

Speaker Breslin: "Would you continue with the reading of the Consent Calendar, Second Reading, Second Day, Mr. Clerk."

Clerk O'Brien: "Senate Bill 1414, a Bill for an Act to amend the Civil Administrative Code. Second Reading of the Bill. Speaker Breslin: "Third Reading. Ladies and Gentlemen, it is the intention of the Chair to proceed to the Special Orders of Business that are listed on the first page for this day. So if you want to look them over and be prepared. If your Bills are on that Order, we'll give you a few moments right now to do that and then we'll begin at the top of the call. McCracken: "...Are there...are there two..."

Cullerton: "...So, it...by referendum they would merge."

McCracken: "Are there two currently?"

Speaker Breslin: "Representative Granberg."

Granberg: "Representative Piel, Senate Bill 240, as it came from the Senate, increased a number of enterprise zones from 67 to 74. Amendment 1 decreased that to increase it from 67 to 68, because there is some concern about increasing the number statewide. We've now reached an agreement where we're going to increase it and go back to the original Bill itself. So Amendment #1 limited it. We're going back to the way the Senate Bill was passed in the Senate."

Speaker Breslin: "Third Reading. Senate Bill 959, Representative Satterthwaite. Clerk, read the Bill."

Clerk O'Brien: "Senate Bill 959, a Bill for an Act to amend the School Code. Second Reading of the Bill. No Committee Amendments."

Speaker Breslin: "Any Floor Amendments?"

Clerk O'Brien: "No Floor Amendments."

Speaker Breslin: "Third Reading. The next Special Order... the next Special Order is the Order of Insurance. Those Bills on Second Reading are Senate Bill 678, Representative Ryder. Tom Ryder. Clerk, read the Bill."

Clerk O'Brien: "Senate Bill 678, a Bill for an Act concerning certain rights of medical patients. Second Reading of the Bill. Amendment #1 was adopted in committee."

Speaker Breslin: "Any Motions or Amendments?"

Clerk O'Brien: "No Motions filed. Floor Amendment #2, offered by Representative Ryder."

Speaker Breslin: "Representative Ryder."

Ryder: "Thank you, Madam Speaker. This Amendment would reduce to 21 days the time period in which a hospital could reimburse a patient."

Speaker Breslin: "You have heard the Gentleman's Amendment, Amendment #2. On the question, the Gentleman from Cook, Representative Cullerton."

Cullerton: "Madam Speaker, I don't believe the Amendment has been printed yet?"

Speaker Breslin: "Mr. Clerk, please advise. Mr. Cullerton, the Clerk informs us that Amendment #2 has been distributed."

Cullerton: "Okay, well then, since I don't have it, I wonder if he could explain it again."

Speaker Breslin: "Okay. Mr. Ryder, please explain Amendment #2."

Ryder: "Sure. Representative, we...the purpose of the Bill is when a hospital is reimbursed by an insurance company and

the hospital has previously been paid by an individual, that they have a specific amount of time with which...in which to pay or reimburse that individual. And this would cut the cycle to 21 days. We originally asked for seven or fourteen, and that was not enough. Thirty was then amended in the committee and I'm asking to reduce it to twenty-one."

Cullerton: "The way the Bill passed the Senate, it was fourteen days?"

Ryder: "That's correct. So we're giving more latitude to the hospitals by suggesting twenty-one."

Cullerton: "So the shorter period of time, benefits whom?"

Ryder: "The shorter the period of time, the greater the burden on the hospital to pay the money to the individual and the less burden on the individual."

Cullerton: "I see. This is a compromise. This Amendment is a compromise."

Ryder: "Well, certainly. And I should in fairness tell you, that the thirty days was indicated as an Amendment by the hospital association and the committee. And we agreed to it at that point, because that was the only Amendment that was prepared and ready to go. However, in the testimony by the hospital association, they indicated that their normal cycle..."

Cullerton: "...Right, okay..."

Ryder: "...Would be ten to fourteen days. We're giving them an extra week in which to make this. And it's not a payment, it's a reimbursement."

Cullerton: "Well, so it came out of the Senate with fourteen days, it came out of the House committee at thirty days, and your Amendment makes it twenty-one days?"

Ryder: "Right..."

Cullerton: "It sounds like Solomon like..."

Cullerton: "Thank you."

Speaker Breslin: "On the Amendment, the Gentleman from Bureau, Representative Mautino."

Mautino: "Thank you very much. This is a compromise Amendment, which in effect negates what the committee did, which was too long we felt and I stand in support of the twenty-one day provision for the billing period."

Speaker Breslin: "There being no further discussion, the question is, 'Shall Amendment #2 be adopted?' All those in favor say 'aye', all those opposed 'no'. In the opinion of the Chair, the 'ayes' have it. The Amendment is adopted. Are there any further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Breslin: "Representative Ryder, there is a state mandates act fiscal note requested...oh, a state debt impact note requested. So the Bill will remain on Second Reading for you to provide that. Senate Bill 791, Representative Shirley Jones. Shirley Jones. Clerk, read the Bill."

Speaker Breslin: "On Representative Currie's Bill?"

McCracken: "Yes."

Speaker Breslin: "I see. Mr. Clerk, was there a fiscal note filed on Representative Currie's Bill as well, Senate Bill 709? That wasn't what we were dealing with. We had dealt only with the corrections impact note, so we'll find... we'll see if we have one filed."

answer that question."

Speaker Breslin: "Representative Cullerton, Rule 34(g) indicates that a...an appraisal is not required in this instance. Appraisals are only required when the real estate is being conveyed to an entity that is other than a governmental unit or agency."

Cullerton: "Well, Madam Speaker, that's what I thought and so therefore, I just wanted to ask a question of Representative Wait, but it turns out that the fine staff of the Department of Transportation has come over and told me that this is a...land is a little under an acre. It's going to be given to the Belvidere Park District. They have promised to spend over fifty-five thousand dollars to improve it. And the Amendment also indicates that if they cease to use the land for these approved public purposes, that the title will revert back to the people of the State of Illinois. So it sounds like a pretty good deal for the state. But, you know, if don't inquire you don't have anybody...we certainly didn't learn that from Representative Wait's explanation, I'll tell you."

Speaker Breslin: "That's a point well taken, Representative Cullerton. The question is, 'Shall Amendment #2 to Senate Bill 1034 be adopted?' All those in favor say 'aye', opposed 'no'. In the opinion of the Chair, the 'ayes' have it. The Amendment is adopted. Are there any further Amendments?"

No. Representative Trotter, the Amendment is not printed and distributed, so we would ask you to take the Bill out of the record and as soon as you see that it is printed and distributed we'd be happy to go back to it."

I would be happy to answer your questions and would appreciate your support for this Amendment."

Speaker Breslin: "The Lady has moved the adoption of Amendment #1 to Senate Bill 1450. On the question, the Gentleman from DuPage, Representative McCracken."

Ropp: "Thank you, Madam Speaker. As you may well know, tonight is our annual House/Senate softball game and it's going to be at a new location. It's called the Brown Bomber, which is located on your tickets, but it's the first road just to the north of the airport. You go a half a mile west and then turn right and you'll run right into it within a quarter of a mile. The Brown Bomber, out by the airport. You can't miss it. Now, you also have heard that our Coach Capparelli is in the hospital with pins in his thigh, or in his hip, so this is going to truly be one for the Gimper. Okay. It gives us a great deal of pleasure on behalf of the House softball team and Representative Terzich and I want to present one of these shirts each to our Speaker that will be taken here by Mr. LaPaille and also to our leader, Lee Daniels. it proudly and we'll see you out at the game. We'll see you all out there at six o'clock. There will be some jerseys out there. There will be some jerseys out there at the field available for some visitors. Those members of the team that we've already talked to, if you have not picked up your shirts and cap, be sure to go down to Capparelli's office and pick them up before you come out to the field as soon as we adjourn or sometime around five. The Legislators who do not play but want a shirt must be at the game in order to pick them up, according to Representative Terzich, by way of Representative Capparelli. Capparelli's on the 30 day disabled list. Okay, thank you, we'll see you all there."

Speaker Breslin: "Back on the Order of Bills on the Short Debate Calendar that are on Second Reading, the next Bill is Senate Bill 1456, that's Representative Capparelli's Bill. Representative Terzich will handle it for him. Clerk, read the Bill."

Speaker Breslin: "Third Reading. With leave also we'll go back to Senate Bill 963. This Bill was already read a second time. It was held on second for a fiscal note. The fiscal note has been filed. Move the Bill to third, Mr. Clerk. Ladies and Gentlemen, on page 30 of your Calendar appears Speaker's Table, Short Debate. We will proceed down these Resolutions, so be prepared. Keane: "Thank you, Madam Speaker. All that House Resolution 409 does, it urges Congress and the President to preserve tax exempt bonds for state and local government. It's just an attempt by me and other people to try to keep Congress from doing away with tax exempt bonds as a means of financing for state and local government. I'll be happy to answer any questions and ask for a favorable vote."

Speaker Breslin: "The Gentleman has moved the adoption of House

Resolution 409. On the question, is there any discussion? Hearing none, the question is, 'Shall House Resolution 409 pass?' All those in favor say 'aye', all those opposed say 'no'. In the opinion of the Chair the 'ayes' have it and House Resolution 409 is adopted. House Joint Resolution #18. Representative Mulcahey."

Mulcahey: "Thank you, Madam Speaker. House Joint Resolution #18 simply creates a Joint Committee on school aid formula in order to study the formula to try to make a determination as to how we can make it more equitable based upon all of the inequitable measures involved in the formula right now. Senate Amendment #1 simply puts this within the framework of the operations of the State Board of Education as opposed to forming a complete new Committee or new Commission, and so it will be administered by the State Board of Education and I would move for the adoption of the Resolution."

Speaker Cullerton: "Representative Cullerton in the Chair. The Gentleman has moved for the adoption of House Joint Resolution 18. On that is there any discussion? The Gentleman from Effingham, Representative Hartke."

Hartke: "Will the Gentleman yield for a question?"

Speaker Cullerton: "He indicates he will yield."

Hartke: "Representative Mulcahey, is there a deadline when this should be reported?"

Mulcahey: "As of right now, the deadline, I believe, is 1991. Don't hold me to that, but it's no sooner, I believe, than 1991."

Hartke: "Okay. Thank you."

Speaker Cullerton: "Any further discussion? The Lady from Champaign, Representative Satterthwaite."

Satterthwaite: "Representative Mulcahey, I'm sorry I didn't hear your complete explanation. We're saying now that rather than creating a separate new body, it would be the State Board of Education that would review the question?"

Mulcahey: "Well, as opposed to creating a new body which would take new appropriations and new funding and so on, we are doing within the framework of the State Board of Education. Through their...through an office from the State Board of Education. This was a recommendation of the Speaker when we talked to him about that particular Resolution and..."

Satterthwaite: "Is there any reason why that responsibility would not be given to the Citizens Council on School Problems, which is the body that in the past has done extensive work on the factors involved with the formula?"

Mulcahey: "I can't answer that. There's probably no reason as to why it couldn't be done that way, but...which I'm sure we will do with the Citizens Council, but by the same token, we felt that an agency to be specifically designed to study the formula and possible changes to the formula should be created."

Satterthwaite: "Thank you."

Speaker Cullerton: "Further discussion? The Lady from DuPage, Representative Cowlshaw."

Cowlshaw: "Thank you, Mr. Speaker, will the Sponsor yield for a question?"

Cullerton: "Representative Mulcahey? Indicates he will."

Cowlshaw: "Thank you. Representative Mulcahey, does this...I have not read this Resolution. Does this Resolution call for the members of this task force to be...all of them to be Legislators or is there any specific language in the Resolution that indicates who the members of this group would be?"

Mulcahey: "No, there's no specific language indicating that."

This would be pretty much up to the State Board as to...this simply is putting the...putting the pressure...not the pressure, but it's mandating that the State Board of Education proceed with this, in this one particular area."

Cowlshaw: "Alright. Representative, you may be aware of the fact that the Citizens Council on School Problems spent a great deal of time studying this issue and held hearings all over the state, including one as I remember in Edwardsville and various other places, I know I attended that one, the one in Rockford and elsewhere and I would hope that this... that although this may not be stated in your Resolution, because a great deal of information was accumulated and a lot of recommendations were devised then by the Citizens Council as a result of all those hearings. I would assume that you would, as the Sponsor of this Resolution, that you would encourage the State Board to make use of all those materials that have already been generated, rather than reinventing the wheel."

Mulcahey: "There's no question about it, Representative Cowlshaw. And not only has the School Problems Commission provided a tremendous amount of information on this, but a number of commissions we've had in the past, there's a wealth of study. We're trying right now to put the thing together...take all this information, put it together and come up with something that is workable with the idea being that they will be...they will be...they've been created to handle one thing, and that is simply the formula. Nothing else."

Cowlshaw: "Just one last question. Did you anticipate that there would be any public hearings involved in the work of this Committee?"

Mulcahey: "I would...I would think not."

Cowlshaw: "Alright. Well, that's one of the reasons why..."

Mulcahey: "Based upon what you said a second ago."

Cowlshaw: "Representative, one of the reasons why that might not be necessary is because it was just a couple of years ago that the Citizens Council on School Problems had hearings all over the State..."

Mulcahey: "Exactly."

Cowlshaw: "...and perhaps this Committee could simply make use of the material that the Citizens Council has, rather than having to do that whole exercise over again."

Mulcahey: "Exactly."

Cowlshaw: "So, thank you very much and thank you, Mr. Speaker."

Cullerton: "The Gentleman's moved for the passage of House Joint Resolution 18. All in favor say 'aye', all opposed 'no'. In the opinion of the Chair the 'ayes' have it, the House Joint Resolution #18 is adopted. House Resolution #32, Representative Weller."

Weller: "Thank you, Mr. Speaker. House Resolution 32 addresses the Notch Baby issue and many of you have all been contacted by victims of the notch in your district. In summary, the Resolution urges the United States Congress to enact legislation correcting the notch in social security benefits paid to those between...born between 1917 and 1921 and urges the President to sign the Bill. It's a pro senior citizen vote. I ask for your 'aye' vote and I move for the Resolution's adoption."

Resolution 407, Representative Breslin."

Breslin: "Thank you Mr. Speaker. Ladies and Gentlemen, this House Resolution would provide...would request that Coca-Cola company withdraw its plastic bottle from the market in Chicago, where they have introduced it. They are hoping that this plastic bottle will eventually replace the glass bottle and the aluminum can in the...in their market. The disadvantage to us as consumers is that there is no collection process currently available for recycling the plastic bottle, whereas it replaces one of the best products that is being recycled currently on the market, both the aluminum cans and the glass bottles. The soft drink company really have, I think, been unresponsive to the crisis that we have in Illinois with our filling up landfill space right now by doing such an irresponsible thing as introducing a plastic bottle into the market in Illinois. So this Resolution will request Coca-Cola to take this bottle out of the market in Chicago and not introduce it in Chicago or any place in Illinois until such time as a collection process is available for such a product. I urge its adoption by this House."

Cullerton: "The Lady has moved for the adoption of House Resolution 407 on that...is there any discussion? The Gentleman from Coles, Representative Weaver."

Weaver: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Cullerton: "She indicates she will."

Weaver: "Representative, just out of curiosity, knowing that there are Pepsi and RC and Seven-up and a number of other bottlers using plastic bottles in the State of Illinois, is there a particular reason that we have singled out Coca-Cola?"

plastic bottle in Illinois and that is the one that is... there is no collection process for and it is the most difficult to recycle."

Weaver: "Is that more dangerous than the two liter bottles that we see currently on all the shelves?"

Breslin: "It's not more dangerous, but it is more difficult to recycle. A recycling program for the larger containers is more easily done and there is a process in place in Illinois. It's the 16 ounce bottle and can that we don't have a process for."

Weaver: "Okay. So there is a recycling program for the two liter bottles?"

Breslin: "Yes."

Weaver: "I'd like to know more about that. Thank you."

Curran: "I didn't hear you, Mr. Speaker. Did you say that a debt impact note has not been filed?"
