Speaker McPike: "The House will come to order. The Chaplain is lost somewhere between Paris and Springfield, so we'll be led in prayer today by Representative Granberg."

Granberg: "Please, dear Lord, bless all of us who work here, and particularly the Speaker of this House. Thank you."

Speaker McPike: "Amen. We'll be led in the Pledge of Allegiance by Representative Hawkins."

Hawkins - et al: "I pledge allegiance to the flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all."

Speaker McPike: "Roll Call for Attendance. Representative Kubik. Mr. Kubik. Mr. Electrician, please turn on Mr. Kubik."

Kubik: "Thank you, Mr. Speaker."

Speaker McPike: "You know, the electrician has got the same problem as the Chair. The Chair doesn't know a lot of Members, and the electrician doesn't know a lot of Members, but everyone should know Mr. Kubik."

Kubik: "I'm sure you'll get to know them as the Session moves on very, very well."

Speaker McPike: "Yes."

Kubik: "The other question I had was, I didn't know whether the Chaplain for the day got a stipend. I was just curious whether Representative Granberg was going to get a stipend for his elegant words. On another subject, Representative Pedersen is excused today."

Speaker McPike: "You say, Mr. Pedersen?"

Kubik: "Pedersen, Bernie Pedersen."

Speaker McPike: "Thank you."

Kubik: "He's one of our longer-serving Members."

Speaker McPike: "Yes. Representative Currie."

Currie: "Thank you, Mr. Speaker. Our longest serving member,

He's not been a doorman for about...a...about a year, but for about six or eight years, Ted Teodori on this side was a doorman. He was really an enjoyable person. Speaker McPike: "Representative Olson."

Olson: "Thank you, Mr. Speaker. Mr. Speaker, with the leave of the Body, I have a Bill on Third Reading that I'd like to move back to Second for purposes of an Amendment, and then return to Third."

Speaker McPike: "That's on the Consent Calendar?"

Olson: "It's on the Consent Calendar..."

Speaker McPike: "What's the Bill number?"

Olson: "House Bill 180."

Speaker McPike: "All right. Mr. Clerk, House Bill 180. Mr. Olson, this is Consent Calendar, Third Reading, First Day, so if your Amendment is filed, we will do it tomorrow when it's on Third Reading Second Day. We can't pass these Bills today anyway."

Olson: "Okay."

Speaker McPike: "So, we'll do it tomorrow."

Olson: "The Amendment was filed this morning, and we'll be here tomorrow."

Speaker McPike: "Okay, all right."

Olson: "Thank you."

Speaker McPike: "All right. Representative LeFlore."

LeFlore: "Right."

Speaker McPike: "Thank you. Mr. Black. All right, you can turn Mr. Black off. All right, while I have your attention, let the Chair advise all the Members that we may be Session Friday, and that we will inform your secretaries by 4:30 this afternoon, so that they will know. So, we may be in Session Friday morning. Representative Shirley Jones."

Jones: "Mr. Speaker, I wish you would have let us know that yesterday. I could have went to the mall to buy an extra outfit for Friday, but since you didn't, then I think you should cancel that about Friday's meeting."

Speaker McPike: "Representative Jones, the mall might be open tonight again. Representative Turner, in the Chair."

Speaker Turner: "On the Order of Second Reading, you will hear House Bill 35, Representative Novak. Out of the record. House Bill 45, Representative Parke. Out of the record. House Bill 69, Representative Dart. Clerk, read the Bill."

Speaker Turner: "Mr. Clerk, has a fiscal note been filed on House Bill 241?"

Clerk Rossi: "A fiscal note has been filed."

Speaker Turner: "Representative Black, a fiscal note has been filed."

Black: "Yes, I'm looking at it, Mr. Speaker. Eighty-four million. Am I looking at this right? Eighty-four million?"

Speaker Turner: "Mr. Clerk, can I... Would you take a look at the note?"

Black: "Is this a typo? Mr. Speaker."

Speaker Turner: "Representative Black."

Speaker Turner: "Representative Granberg, on Amendment 1."

Granberg: "Thank you, Mr. Speaker. Amendment #1 just corrects a typographical error, and that is the extent of the Amendment. Correctly spells the word 'not', and I would move for its adoption." ✓

Speaker Turner: "Representative Granberg moves for the adoption of Amendment 1, with that are there any questions? Representative Black."

Black: "Thank you very much, Mr. Speaker. Amendment 1 corrects a typo on... Let me ask the Sponsor. On page 3, what line? Seven?"

Granberg: "Merely...merely a change, Representative Black. Very significant. Thank you. All right, thank you."

Speaker Turner: "Representative Granberg moves the Amendment...remove the adoption of Amendment 1. All in favor say 'aye'; opposed 'no'. In the opinion of the Chair, the 'ayes' have it, and Amendment 1 is adopted. Further Amendments."

Clerk Rossi: "House Bill 216, a Bill for an Act to amend the Illinois Vehicle Code. Third Reading of the Bill."

Speaker Turner: "Representative Novak."

Novak: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. House Bill 216 simply raises the fine for anyone that (sic - who) illegally parks in handicapped parking places that are allocated in various businesses and public streets across the State of Illinois. The current fine is \$50, and it raises the fine to \$100. I suspect no one really gets aggravated more when they see individuals that (sic - who) are not handicapped, that do not have handicapped license plates, or that do not have the proper authorization from the Secretary of State's office for a handicapped parking permit that (sic - who) parks in facilities like this. It certainly takes the ability of handicapped people to park near businesses and doctors' offices so they have better access to reach and do their business, and I ask you for your support."

Speaker Turner: "Is there any discussion on this Bill? The Gentleman from Will, Representative Wennlund."

Wennlund: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker Turner: "The Sponsor indicates he will."

Wennlund: "Is there a phase-in time to allow municipalities to

change their signage from \$50 to \$100, because most of them mark it, you know, a \$50 fine, because that's a standard state fee for signage. ...Is there is a phase-in time so that they have an opportunity to do that?"

Novak: "I...Representative, I believe it has...the Bill has an immediate effective date, and I'm certain...I'm certain that we could allow for a proper phase-in time."

Wennlund: "That...that would be my only recommendation, because if it would, (sic - it would put) municipalities at a disadvantage if it has an immediate effective date to get all their signs changed. It's a laudable Bill, and a good purpose, and I agree with it 100%. Where does the fine money go?"

Novak: "Pardon me?"

Wennlund: "Where...Does the fine money go to the circuit clerk...or?"

Novak: "The fine money goes strictly to the municipalities."

Wennlund: "To the municipalities."

Novak: "The fine money goes strictly to the municipalities, Representative Wennlund."

Novak: "Well, I think it's an excellent Bill. The only recommendation I would have is just to give municipalities in Illinois an...an opportunity to phase it in, and to change all their signs, and to remake all their signs."

Novak: "That...that is a good point, well taken. Should this Bill become law, I'm certain that we will allow the local authorities the proper time to phase this in."

Wennlund: "Thank you very much."

Speaker Turner: "Representative Novak, to close."

Novak: "Yes, yes, Mr. Speaker, Ladies and Gentlemen of the House. I certainly ask for your support to pass this worthwhile legislation."

The Clerk shall take the roll (sic - record). Take the record. On this question, there are 114 'yes', 0 'noes', 0 'presents', and the Bill, having received the required Constitutional Majority, is hereby declared passed. House Bill 230, Representative Balthis. Read the Bill, Mr. Clerk."

Clerk Rossi: "House Bill 230, a Bill for an Act to amend the Illinois Municipal Code. Third Reading of the Bill."

Speaker Turner: "Representative Balthis."

Balthis: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. House Bill 230 is a Bill that amends the Municipal Code, provides that a municipality's cost of cutting weeds on private property shall not be a lien on the property, unless a notice is served on the taxpayer at least 30 days prior. I would ask for the...favorable adoption."

Speaker Turner: "Could we have some order in the House, please? The Gentleman has moved for the passage of House Bill 230. With that, are there any questions? Gentleman from Vermilion, Representative Black."

Black: "Yeah. Thank you very much, Mr. Speaker. I don't rise to the Bill, I just simply rise...as a point of... for a point of inquiry of the Chair. We're on Third Reading. This place sounds like the Brookfield Zoo on a Saturday afternoon. You've got people wandering up and down the aisles. I think you've got about three lobbyists on the floor. I would suggest, in all due respect to the Chair, that we bring some order to this chamber. There are many people in here who don't even know what Third Reading is, and I suggest they get to their desk and watch their switch

and vote accordingly."

Speaker Turner: "Your point is well taken, Representative Black. Could we have some order in the chamber? All unauthorized guests should leave the floor. All unauthorized persons should leave the floor at this time. Representative...Representative...the Gentleman from Cook, Representative Lang, on the Bill."

Lang: "Thank you, Mr. Speaker. Will the Gentleman yield?"

Speaker Turner: "Yes."

Lang: "Is Amendment 1 on the Bill?"

Balthis: "Yes."

Lang: "I just want to make sure I understand it. Amendment 1 says that the notice is sent after the weeds are cut. Is that correct?"

Balthis: "Yes."

Lang: "What value is the...Maybe I'm misunderstanding. What value is the notice if it's sent after the weeds are cut?"

Balthis: "No, the notice of lien is sent within 30 days after. The notice to the property owner that you're going to cut their weeds is sent prior. So, in other words, you notify them prior to cutting the weeds; then, if they don't take care of it themselves, the community is going to, and then we'll charge them for it. So they are noticed prior to the cutting, and they're lien-ed within 30 days after."

Lang: "And is that the only change?"

Balthis: "Yes."

Lang: "When the lien is sent. Thank you."

Speaker Turner: "The Gentleman from Washington, Representative Deering."

Deering: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker Turner: "Yes."

Deering: "Representative Balthis, do we not have a similar Bill

on the books already?"

Balthis: "We have a similar Bill on the books. This changes when the lien would be sent out."

Deering: "Instead of before, it will be after, is the only change we're making?"

Balthis: "Yes."

Deering: "Okay. Thank you."

Speaker Turner: "The Gentleman from Effingham, Representative Hartke."

Hartke: "Thank you very much, Mr. Speaker. Representative, I read this Bill before it was amended, and I tried to listen to Representative Lang, but I was unclear on exactly what that Amendment does. What is the practice now, and what are you trying to do?"

Balthis: "The practice now is that the property can be liened without the notice, and we simply feel that the property owner should be noticed (sic - given notice) prior to the cutting of the weeds, so that when the lien comes, they've already been noticed that the lien will be there if the Bill is not paid."

Hartke: "Right now, the community decides that this property owner has not cut his weeds or his grass. What you're saying to me is that the city goes in, cuts the weeds and then sends the homeowner the bill, correct?"

Balthis: "Yes."

Hartke: "If they don't pay that bill, in what period of time, then you put a lien on the property?"

Balthis: "They notify the property owner prior to cutting the weeds...that the..."

Hartke: "How much notice do they have to have?"

Balthis: "I think in the Bill, it's 60 days prior."

Hartke: "Sixty days prior to the city going and cutting the

weeds."

Balthis: "Yes."

Hartke: "Well, I think that's kind of ridiculous. You know, being from an agriculture (sic - agricultural) community, weeds will grow two, three, four feet, and if you require the city a 60-day notice before they can go on the property to cut those weeds, the place would be a jungle. I simply...object to this piece of legislation and would urge my colleagues to vote against it."

Balthis: "Mr. Speaker, the 60-day notice is in the current law. That is not an addition."

Speaker Turner: "The Gentleman from Clinton, Representative Granberg."

Granberg: "Representative Balthis, would the Gentleman yield?"

Speaker Turner: "Yes."

Granberg: "Representative Balthis, let's just make this clear: What is the current law, what is the Bill, and then what is the Amendment? It's my understanding the Bill was 30 days, and your Amendment deletes that provision, so notice is given after."

Balthis: "The...the notice to the property owner that they're going to cut the weeds and bill them is still...is still the...current law, and it will remain the law if this is passed. The...the notice of lien has to come within 30 days after the service. Currently, that lien could come at any time. Well, this Bill was looked at as a way to help the property owners make sure that they were gonna know about this lien, whereas before that lien could come at any time. Now it has to come within 30 days after incurring the cost. So it is a...it is a benefit to the property owner, and not to the municipality."

Granberg: "Thank you."

property owner, and not the municipality. So I would ask  
everyone and encourage everyone to vote 'yes' for property

and encouragement from Coach Joe Newton, Assistant Coach Vito Purpura, and Athletic Director Tim Feigh; have brought honor to themselves, their school, and the Elmhurst community; and whereas, the York Boys' Cross Country team represents the finest in our state's youth and athletic achievement. Therefore, be it resolved, by the House of Representatives of the Eighty-Eighth General Assembly of the State of Illinois, that we extend our congratulations to York High school, the members of the York High School Boys' Cross Country team, and the coaches and athletic director on a successful 1992 season; and be it further resolved, that a suitable copy of this Resolution and Preamble be presented to the principal, Dr. James Nelson; Athletic Director, Tim Feigh; Coach Joe Newton, and Assistant Coach Vito Purpura."

Daniels: "You've heard the Resolution. All those in favor signify by saying 'aye'; opposed, 'nay'. On the Motion of Representative Daniels, the Resolution is adopted. ...Ladies and Gentlemen of the House, I wonder if I could just have a second of your time and your attention. This a..., and I appreciate your attention, because to be very frank, this is a very very unusual team and an opportunity to point out to you some young men that (sic - who) have distinguished themselves throughout Illinois, and, yes, throughout the country. On my immediate right, is a Gentleman that you may have heard of; on the other hand, you may not have heard of him, but you should know this man, because his name is Joe Newton. He's the coach of the York Cross Country team. They won this year their fourth consecutive championship in cross country in high school, but that, in and of itself, is a remarkable accomplishment. But it is that their 17th state championship that they have

won in the State of Illinois on their cross country team, and their 16th championship in the nationals, throughout that same period of time. This is a team that throughout the United States is recognized and called, I think, Coach, the 'The Long Green Line,' and represented by the young men that are here today, young men that will go on to West Point, as Dan Ruecking. (Where are you, Dan?) Right here...will become a student at West Point; to Indiana University, which I think has a basketball team, if I'm not mistaken. I know it's...it's hard to take, but occasionally we... Remember this, we send our people out all over the country so they can represent Illinois and come back and protect our interests. But they appreciate your attention, as I do, and if you'll bear with me one more second, I just wanna announce that York High School is celebrating its 75th anniversary - the high school that I graduated from in Elmhurst; the high school that Senator Philip graduated from; and, you might guess, our Assistant Clerk of the House has also graduated from. Stand up there, Terry McLennand, who's a graduate of York, and you can see his outfit as a York High graduate. But would you join me in recognizing these young men, because they have done the best that they can be (sic - do). They have accomplished the goal; they know what it is to win, as many of you and everyone in this House knows, the winning spirit. They will carry forth the leadership for tomorrow and represent this state and their families and themselves in the highest tradition. So with that, I'd like to introduce Dan Ruecking. Dan. Happy Birthday, Tony. Jason Wagner. Jason is graduating, and I asked if he was going on to college. He said no, he's not gonna to go on to college because Jason Wagner is going to train for the Olympics in cycling. You may hear this name, Jason Wagner in the Olympics. Joe Alegre. Joe. The winning spirit. Phil Russo. Phil, sophomore. Ryan Marinier. Ryan. And the Student Team Manager, Kirk Rubin. Kirk. The Assistant Coach, Vito Purpura. Where is Vito? Okay, and the Athletic Director, Tom Feigh, could not be here with us today. With that, let me introduce to you the coach of these fine young men, Joe Newton. Joe. Joe, do you wanna just say 'hello'?"

Newton: "I certainly appreciate your stopping to listen, and this is really a honor for myself and my team. We kinda feel like we're a part of history being down here and seeing you people working, and God bless you for having us here. Thank you very much."

Daniels: "Thank you very much, and we're pleased to be represented in Elmhurst by Representative Bob Biggins and myself, and we appreciate very much your listening and attention given to these fine young men. A final hand of applause to what they've done."

Speaker Turner: "The Gentleman from Cook, Representative Frias. For what purpose do you rise?"

Frias: "I'd like to be on record as voting... having voted 'aye' on House Bill 230, please, for the record. Thank you."

Speaker Turner: "The transcript will so reflect. House Bill 290. Representative Steczko. We're on page 4 of the Calendar. House Bills, Third Reading. I'm sorry, I skipped over a Bill, Representative... House Bill 232, Representative Balthis. We'll get back to you, Representative Steczko, on 290, we're... Currently we're hearing House Bill 232."

Clerk Rossi: "House Bill 232, a Bill for an Act to amend the Illinois Municipal Code. Third Reading of the Bill."

Speaker Turner: "Mr. Balthis."

Balthis: "Thank you, Mr. Speaker. House Bill 232 amends the annexation process to clarify who can sign a petition, and also what property would be annexed in the process and I would ask for its favorable adoption."

Speaker Turner: "The Gentleman has moved for passage of House Bill 232. Is there any discussion? The Gentleman from Clinton, Representative Granberg."

Granberg: "Would the Representative yield, please?"

Speaker Turner: "He indicates he will."

Granberg: "Representative Balthis, this only applies to persons owning land under a highway?"

Balthis: "Yes."

Granberg: "Is that right?"

Balthis: "Yes, and under the old system of laying out highways and...and subdivisions, they owned property to the middle of the road, and so you had to...you had to get that person to sign the petition, even though they were not being annexed or their property that they could utilize was being annexed. So this just simply clarifies that those people would not be apart of the annexation process."

Granberg: "Okay. Representative, would that apply... Are you talking about mineral rights, not surface property, since that would have already been taken."

Balthis: "No, we're simply talkin' about annexation of property so that those people are not involved in the process."

Speaker Turner: "The Gentleman from Cook, Representative Steczo."

Steczko: "Thank you, Mr. Speaker, Members of the House. House Bill 290 is a Bill that addresses the way that municipalities can currently invest their...their funds and money. We in the Legislature have provided in current statute, five different ways that municipalities can invest their funds, and a number of years ago we allowed police and pension... police and fire pensions to invest their funds in...in the debt notes of other municipalities and local governments. House Bill 290, is the... is a...a Bill

which allows municipalities to do the same: to be able to invest in the public funds and interest-bearing bonds, to invest its public funds or interest-bearing bonds, in the bonds of any county, township, city, village, incorporated town, et cetera. The purpose of this is to give the municipalities another attractive investment opportunity. ...This Bill was around in the Legislature last year, and it was...it was held because there was a problem, perhaps potentially, with safeguarding. This Bill in its current form addresses those safeguards by providing that there has to be... there is (sic - are) only certain kinds of bonds, and there has to be one of the highest general classifications that bond houses give. So these are only the good investments that can be provided for with these dollars, and, Mr. Speaker, I would answer any questions with this Bill, ...or would ask for a favorable vote."

Speaker Turner: "The Gentleman from Vermilion, Representative Black."

Black: "Yeah, thank you very much, Mr. Speaker. Will the Gentleman yield?"

Speaker Turner: "He indicates he will."

Black: "Representative, I certainly appreciate the fact that there are some safeguards in this legislation that we didn't see last year, but I think a point needs to be raised. Are there any limits? Generally speaking, if you use a bank as your depositor with public funds, you are limited to the amount of...dollars you can put into that bank as to their capitalization. Is there anything in this legislation, or is it in your intent that these investments be limited to any percentage of the total dollars to be invested, or does it say if you want to put 100% in a county highway project bond, you can do so?"

Steczo: "Representative Black, I think if you would look, if you would look at the language in the Bill as it relates to other investments that can be made by those municipal governments, ...only in one instance does it provide for any kind of limitation of that type. I think we would like to limit that to the...to the...to the...to the wise authority of the investing...the investing local government to be able to determine what is best for them. It pretty much follows...follows the language of the rest of the Act."

Black: "In other words, there are safeguards, though, about the capitalization, the bond rating. You said it had to be what - in the top four categories?"

Steczo: "Correct. That is correct."

Black: "Is there anything in the Bill that would indicate that this financial instrument ah...be negotiable, in other words, traded, have a market or would you allow an entity to enter into a private agreement? 'I will invest 'X' number of dollars in the township building bonds.' In other words, what, I guess...what I'm getting at: Is there a market? Could...could the entity investing then sell that bond on the market, or are we creating a quasi-private investment pool here?"

Steczo: "Mr. Black, I didn't hear the last part of your question, but I think that the whole purpose of this Bill is to do what we did for police and fire pensions a number of years ago, and allow them one other option. As you're aware, many of the... much of the interest, or a lot of the interest of levels have decreased over the last year, so sometimes what...what was considered a good investment five, or six or seven years ago, may not be now. This is an opportunity for municipalities and...and local

governments, actually, to be able to look and be able to maximize the money that they...that they invest in, so there is less reliance on property taxes and things like that to be able to fund projects."

Black: "All right, thank you very much."

Speaker Turner: "The Gentleman from McHenry, Representative Skinner."

Skinner: "Mr. Speaker, would the Gentleman yield for a couple questions?"

Speaker Turner: "He indicates he will."

Skinner: "What are the four highest classifications? The bond ratings? What are they?"

Steczo: "Depending on the rating service, Representative Skinner, it could be AAA, Aa, A, A-, depending on what the...on what the rating services provide as...as their classifications, but that is...that is there to prevent the investment into high risk bonds and notes, like the Cs and the Ds and the others."

Skinner: "All of the other instruments that are now allowed for investments seem to be short-term... or readily marketable...vehicles. This does not sound like something one could sell quickly. Is that correct?"

Steczo: "I'm not sure I understand your question."

Skinner: "Well, a money market fund you can get your money out the next day; a short-term obligation of a corporation would be 180 days, it says in paragraph four. ...Savings accounts you can generally take out the same day, and U.S. Bonds and notes and agencies, can be sold on the secondary market within a day. I see a vast difference...in liquidity between those which are... the investments which are currently allowed and the investment that you are suggesting in this Bill. Why do you want long-term

obligations?"

Steczko: "Representative Skinner, to the fact that all these are long-term obligations, I'm not certain. ...I'm sure that in these...in these different obligations there are...there are probably short-term obligations in there, as well. The fact is that the local governments, including the Municipal League and others, ...had this as their...their idea and their thought to provide them for a more diversified opportunity to invest and maximize on those investments, which helps...which helps their bottom line and their necessity to go...their property taxes. So, I think that in terms of the...the ability for them to...to look at investments, they would take...they would take the liquidity under consideration."

Skinner: "Well, I served as a county treasurer in the beginning of my political career, and I can't imagine why anybody would wanna invest in a low rate...in a low rate of return and long-term instrument like this. What is the reason for this Bill?"

Steczko: "To...to provide additional options, Representative Skinner, for those municipal governments, or those local governments to consider."

Skinner: "How are you gonna..."

Steczko: "There may be some that are attractive than some of the investments that are out there now."

Skinner: "How are you going to prohibit conflict of interest between related governmental entities?"

Steczko: "Representative Skinner, I think in terms of the kind of investments that one makes, ...you would...you would hope that the investments that they do make are in the best interests of the entity that...that they serve. There is no specific conflict of interest language in this Bill, but

I think that...that we all know that...that we would hope that would not happen."

Steczo: "Then you call the state's attorney."

Skinner: "Well, it won't be illegal under this Bill. It will just be bad judgment. Thank you very much."

Speaker Turner: "Seeing no further discussion, Representative Steczo, to close."

Steczo: "Thank you, Mr. Speaker. I'm not so sure this Bill should have been engendered the debate that it did, because the...the debate in committee and the debate last year, actually, in the Legislature, actually was quite clear that we should allow local governments the...the opportunity to be able to diversify their portfolios. The one question that did arise last year was that they...there was some more safeguard that was needed by making certain that those investments were top quality investments. That seemed to be agreeable to everybody, that was the safeguard that that was necessary, because we do need to provide those municipalities the opportunity to be able to invest... to invest more wisely, and to maximize their benefits. House Bill 290 is a good idea, and I would ask for everybody's favorable support in the passage of House Bill 290."

Bill 377, Representative Currie. Read the Bill, Mr. Clerk."

Clerk Rossi: "House Bill 377, a Bill for an Act to amend the Liquor Control Act. Third Reading of the Bill."

Speaker Turner: "Representative Currie."

Currie: "Thank you, Mr. Speaker and Members of the House. This is a Bill that arises out of a circuit court ruling in the City of Chicago, having to do with efforts to vote precincts dry. What happened in that situation, is that there were community members who tried to put that question at a referendum at the next general election, but, apparently, the opponents of the proposal, also filed a set of petitions with the clerk. That set of petitions did not meet statutory requirements, so the questions was not on the ballot, and the court ruled that the second set of petitions, (that filed by the proponents of the referendum) could not be considered; since the first set did not meet eligibility requirements. This Bill, which, again, only applies to the City of Chicago, clarifies that if a first set of petitions filed by whomever, does not meet the threshold's statutory requirement, that the clerk may look at a second set of petitions. The effort here is just to make sure that people in the local community, at the local level, have the opportunity we thought we gave them, to petition to put that question of voting a precinct dry on the ballot when they have adequate numbers of signatures to do so. I'd be happy to answer your questions and would appreciate your support for what we thought was already the law."

Wennlund: "This represents a change? I... Did the prior law apply to cities over a million, or over 3 million?"

Currie: "The population is the same in the Bill as is current law. There's no change. My Bill doesn't change that."

Wennlund: "Would it apply to any cities in Illinois, other than the City of Chicago?"

Currie: "I don't believe so, Representative, but remember, I'm not amending the population requirement; I'm not amending the population threshold. I'm only dealing with current law in respect to a clarification of the procedure."

Wennlund: "And...and how does this clarify the existing procedure?"

Currie: "It clarifies it in the way that I thought we all thought that it operated. That is, there is a procedure for gathering petitions from people, registered voters living within a precinct, to put a question on the ballot, and what happened in this particular instance in the County of Cook was that the opponents of the referendum question filed faulty petitions with the clerk before the community petitions were filed. The clerk threw out the first set of petitions and said current law did not permit consideration of the set of petitions that were filed by the proponents of the referendum in the community. So, this change would only clarify that if somebody, in effect, tries to beat you

to the courthouse by filing petitions that aren't going to meet requirements, that you still have a chance to file your own and have those petitions considered on the question whether they do meet the threshold requirements."

Wennlund: "Mr. Speaker, .... we have some order, please? This is Third Reading and final action, and the noise level here, it's very difficult to hear Representative Currie."

Speaker Turner: "The Gentleman is... request is in order. Could we please have some order in the chamber?"

Wennlund: "Thank you very much. Thank you, Mr. Speaker." Representative Currie, I'm sorry the noise level is so terrible, it was difficult to hear over the noise level and hear your answers. So, as I understand it, this Bill is to prevent someone from bringing in faulty petitions to keep a precinct with liquor in it prior to the time the petitions can be correctly filed to prohibit the sale of liquor. Is that correct?"

Currie: "To...to offer that question at referendum, yes."

Wennlund: "Okay. Thank you very much. Thank you, Mr. Speaker."

Speaker Turner: "The Gentleman from Coles, Representative Weaver."

Weaver: "Thank you very much, Mr. Speaker. Apparently the Bill is out here somewhere, but most of us, on this side of the aisle, do not have a copy of the Bill. Has this Bill been printed and distributed?"

people have come up to me and I...I think you've cleared this up in committee, but let's go through it again. There's nothing in this Bill that could be used to vote Wrigley Field, Sox Park, Chicago Stadium et cetera, dry - Soldier Field - after the fact. Is that your understanding?"

Currie: "You are correct. This has nothing to do with voting precincts dry at Wrigley Field, or at Sox Park."

Black: "So, those facilities are already exempt under some kind of current law. Isn't that the fact?"

Currie: "That's right."

Black: "Okay."

Currie: "That's right. This Bill doesn't do anything to change what's covered; it only clarifies that the... how the procedures operate within those territories in the City of Chicago in which that ballot question can be addressed."

Black: "And...and doesn't even pertain to any entity outside the City of Chicago. Is that correct?"

Currie: "That is correct."

Black: "And as I recall the discussion in committee, it only has to do with the filing of petitions."

Currie: "In the effort to vote on questions of precinct wetness or dryness."

Black: "In other words, as I recall, this simply stops some form of chicanery that might be occurring in the City of Chicago, as unusual as I find that."

clarified, but by virtue of a court decision, we would, without this Bill, be denying communities the opportunity to vote on those kinds of questions, opportunities that we thought we already had offered them in the statute. Speaker Turner: "Please give the Gentleman your attention."

Black: "Ladies and Gentleman of the House, this Bill is certainly politically correct. There's no doubt about that, but do you really want to put in state statute that an 'alderman' must now be called an 'alderperson'? Now, if any of you, as I do, come from a city that uses the aldermanic form of government, the city can change whatever name they (sic - it) want (sic - wants), 'alderperson', 'chair person', 'representative person', 'senator person'; I don't care. But if you start this in state statute, where does it end? Where does it end? I mean, should we refer to 'Mr. Speaker' or 'Neuter Speaker'? Should we use 'chairman' or 'chairperson'? I mean, I'm not, seriously, Mr. Speaker, I am not trying to denigrate what the person is doing. I simply question whether it's necessary - when we already have seven volumes of state statutes - whether you wanna get into bringing every political (sic - politically) correct term to Springfield, and embody that term in state statute. If the City of Chicago, or any other Chicago (sic - city) wants to call them 'alderperson', 'alderthing', or, as I'm often called, 'hey you' (or worse), let it happen. But I really implore you, let's not continually clutter the statutes with every political (sic - politically) correct term that comes with the 'Ying and the Yang' as society evolves over the years. I intend to vote 'no' on this, not because I think it's a bad idea; I just don't think it needs to be embodied in state statute. Let's, for once in

Cowlshaw: "Thank you very much, Mr. Chairman."

Speaker Turner: "Madam or Mr. or ..."

Cowlshaw: "I recognize that the English language, unlike certain other romance languages, is one that does not lend itself well to being gender neutral, and I realize we have faced for years the problems of calling a woman the 'chairman' or the 'alderman' or the 'congressman', for example. But, I have a suggestion that I think is even better than this, and that suggestion came to me from a woman named Lynn Martin, who is a former member of Congress; who was about to deliver a speech at a luncheon, and the person who was to do the introduction, asked her, during the lunch, 'When I introduce you, do I call you 'Congressman' or 'Congresswoman'?', and she said, 'Just call me "Your Highness"; that's not sexist."

Speaker Turner: "Representative Balanoff, to close."

Balanoff: "Yes. Just for everybody's clarification, the reason that this is introduced is because, indeed, it cannot be done by city council action. It is in state statute already, and the official ballot designation is 'alderman'. It was, as I said, because it was particularly disturbing to an alderman in the City of Chicago, who happens to be a woman."
