

STATE OF ILLINOIS  
88th GENERAL ASSEMBLY  
HOUSE OF REPRESENTATIVES  
TRANSCRIPTION DEBATE

59th Legislative Day

May 13, 1993

Speaker Giglio: "The House will come to order. The Chaplain for today is the Reverend Dave Patterson of Our Lady of Savior Lutheran Church in Seneca, Illinois. The Reverend Patterson is the guest of Representative Weller. The guests in the galleries may wish to rise for the invocation."

Reverend Patterson: "From Psalm 67-4, we read, 'Let the Nations be glad and sing for joy, for Yee judge the people with equity, and guide the nations upon Earth.' Let us pray. Heavenly Father, Creator of the Universe, we thank You for the many blessings of the past, for Your abiding presence during this day, and for the hope and promise of a brighter tomorrow. Today, we pray that You would bless Your servants who are at work here in the Illinois House of Representatives. Give them Your guidance so that their leadership is responsible and realistic, courageous and compassionate, prayerful and full of power. Let these Representatives serve all their constituents with honor and integrity, including the farm families who have known too many hard times recently. People with disabilities who seek acceptance and understanding. Our children, in need of sound education. The poor, who long for dignity, and the many varied races who make up our land, who hunger for equality and justice. Bless these Representatives with the assurance of Your forgiveness. When they encounter failure, and with opportunities for rest and renewal. And at journey's end, may they hear Your words, 'Well done, good and faithful servant.' Let now a unity of purpose spread across our land, so that the clanging bell of liberty would continue to echo forth and stir the hearts of this, and the next generation, so that the majestic eagle would continue to soar high in the heavens, inspiring those who are privileged to stand in the shadow of its wings, and that

Speaker Giglio: "Representative Hassert, on Amendment #3."

Hassert: "Mr. Speaker, Members of the House. This makes four changes in the Bill. The first change exempts leaf burning conducted by public bodies when undertaken for the purpose of maintaining natural areas. The second part of the Amendment exempts all counties with a population of less than 180,000; as opposed to 100,000, therefore exempting Champaign, LaSalle, McLean, Macomb, Rock Island, Sangamon, and Tazewell Counties. Within such counties, it exempts towns with a population of less than 5,000; as opposed to 1,000. And the fourth part of it exempts all unincorporated areas. I move for the passage of this Amendment."

Clerk Rossi: "Floor Amendment #3, offered by Representative Pankau."

Speaker Giglio: "Representative Pankau."

Pankau: "Okay. This is the agreement. This Amendment now becomes the Bill. There was a Amendment presented in committee. The language was not correct. The Trial Lawyers had an objection to using the words, 'covenant not to sue'. We are now using other words of limited liability, which with they concur. There are also other phrases put in there, such as 'willful and wanton'. This Bill has to do with the...voluntary cleanup of...of...waste sites."

Speaker Giglio: "Representative, the Clerk informs the Chair that...the Amendment has not been printed and distributed."

Pankau: "After all that?"

Speaker Giglio: "I think it's about ready to come out. We'll come back to it. Take the Bill out of the record."

Flinn: "No, this... Yeah, IRMA's Amendment, right. And all it does, it raises the \$5 charge. See, there's a 5% charge, or \$5. It raises the \$5 charge to \$10 for bills that are owed for \$200 or more...or less rather."

Wennlund: "Thank you very much. It's a good Amendment."

Speaker Giglio: "Representative Dart."

Black: "Well...I...I assume that you want to get this passed before we go home today. I mean, that's my understanding. You know, this isn't a partisan issue. We don't get the Legislative Bureau Revisory Bill done pretty soon, you're gonna screw up the statutes."

Dart: "I...I understand that, but we...I...from my understanding, we would not move this to Third and call it on Third any ways, so we wouldn't be passing it that quick."

Murphy, Maureen: "The Amendment...changes... This replaces lines 8 through 12 with the following - 'Termination of leases'... It has to do with the 'lease of all or any part of the mortgaged real estate should not be terminated automatically, solely by virtue of answering of possession.' It adds that termination of lease clause and replaces lines 8 through 12 in the existing statute."

Dart: "...Why we... What was the reason we need the Amendment?"

Murphy, Maureen: "The mortgage bankers and the...Randy Witter...various people that objected to some of the language. Since this was their idea, we decided to clean up some of the language to make it more applicable."

for your support in House Bill 841. Senate Bill 841."

Speaker Giglio: "Representative Wennlund."

Wennlund: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. Actually it's not a controversial Bill with respect to the Department of Conservation, who opposes the Amendment, and they oppose it seriously because of the whole aquatic system in Lake Michigan. This increases from 69,000 pounds of perch per comer...per commercial fishing license to 300,000, which is a significant Amendment. It's a 500% increase, and in the event it gets the requisite number of votes, Mr. Speaker, I'm gonna request a verification."

Speaker Giglio: "Representative Brunsvold."

Brunsvold: "Right. Am I suppose to close, Mr. Speaker. Should I close now?"

Speaker Giglio: "No. That's... That's okay. Representative Balthis would like to speak. Representative Balthis."

Balthis: "Thank you, Mr. Speaker. I rise in support of the Gentleman's Bill, and the underlying Amendment that's on this Bill. This was discussed yesterday on the floor. There is a study that's going to be done at the middle of June. The Bill will be on the Governor's desk. It will give the Governor the opportunity to take the study that the Department of Conservation has been working on. They spent over \$60,000 on this study. It has been going on for three years now. I think it's time this issue got to the Governor's desk. I think it's an issue who's time has come. I think we all ought to support this Bill. It is a good Bill for jobs in Illinois. It brings about \$18 million a year of new income into the state. And I would strongly urge an 'aye' vote on this Bill."

Brunsvold: "I don't know, Representative, where they are on this Bill. Half of them are for it; half of them are against, I guess."

Schoenberg: "I haven't seen anybody in earth shoes coming to lobby me on this."

Speaker Giglio: "Representative DeJaegher."

Speaker Giglio: "Any discussion on the Amendment. The Gentleman from Vermilion, Representative Black."

Black: "Thank you very much, Speaker. An Inquiry of the Chair. Has the Amendment been printed and distributed?"

Speaker Giglio: "It's been...The Chair has been informed that it has been printed and distributed."

Black: "All right. Then my inquiry...is there any rhyme or reason to how these Amendments are being printed and distributed? We've lost two of them this morning that were filed before this Amendment. We've got the stamp on it, filed the day before this Amendment. And yet, that Amendment hasn't been printed and distributed and yet this one has. Was the printing press doing Democrat Amendments first and Republican Amendments second? I mean, if it is, just tell me, that's okay as long as I just know. ...If that's true, that's okay, just let me know."

Speaker Giglio: "The Clerk informs the Chair, Representative Black, that these Amendments have been printed. Evidently, somebody must be raiding your desk and taking them out of your...manila folders, or something. Everybody else has them. I don't know..."

Speaker Giglio: "Representative DeJaegher."

DeJaegher: "This... This Amendment...originally...was debated in the Senate but there was some type of a controversy. This controversy has been eliminated. Senator Judy Baar-Topinka is receptive to this Amendment. And what it does, it deals with the subject of AIDS. We're talking about federal money, and it's housing for those people that are afflicted with AIDS in the City of Chicago. It is only for the City of Chicago, and so that we can get proper federal funding, it's necessary that we place this Amendment on this respective Bill, and again, I ask for your consideration on this particular piece...on this particular Amendment."

Speaker Giglio: "Any discussion on the Amendment? Representative Black."

Black: "Thank you very much, Mr. Speaker. In all seriousness, an inquiry of the Chair. Would you ask the parliamentarian to rule on whether Amendment #2 is germane? Our staff does not, in all seriousness, think that it is germane to the underlying Bill."

Speaker Giglio: "Representative Black, this must be a bad Amendment. It's not printed yet."

Black: "Thank you."

Speaker Giglio: "Representative Black, there seems to be a...mix up. The manila folder on the other side was missing. The Amendment has been printed and distributed."

It also expands the applicant eligibility to also include commercial, business, and service business, rather than just limiting it to manufacturing businesses. was? And before 14?"

Bugielski: "...The Bill that I have...it doesn't show what  
Section 13 is."

Wennlund: "Well, I'm informed that Section 13 eliminates the  
statutory fee limits. Can you tell me how that operates?"

Bugielski: "Well, I would imagine what would happen was that  
there was just gonna be charging regular fees, nothing that  
would be exhorbinent fee. This is all IDFA's infor... You  
know, this is from IDFA, itself. It's not from someone  
else's...from IDFA working along with DCCA."

Wennlund: "So this...this...this would permit a fee increase? Is  
this another fee Bill? Should this just be treated like  
all the other fee Bills that have been coming through this  
House?"

Bugielski: "No, it wouldn't be a fee Bill."

Wennlund: "Well, if you're repealing the limits on fees, it would  
permit an increase on fees, couldn't it?"

Bugielski: "I don't think it would be that much of a fee  
increase."

Wennlund: "Oh, you don't that there'll be much of a fee  
increase."

that information."

House. This... This Bill repeals Section 13 of the Act, which would permit...an increase in fees, and it ought to be treated like every other fee Bill. Like House Bills 1990 and 1991, for instance, that the Department of Conservation has proposed some minor fee increases. This Bill ought to be treated the same way that those Bills were treated and all put into some omnibus Bill that's gonna die of its own weight. That's what we're doing. What we're looking at here is a very sly method of allowing a fee increase. We have no idea how much a fee increase is gonna be, and, you know, this...this ought to be brought to light. We oughta... We oughta... We oughta know what the effect of this legislation is before we vote on it. So, if you vote for this, you're gonna be permitting an unknown possible fee increase of which we have know idea. So, you ought to think about that when you're voting on it."

Speaker Giglio: "Representative Ma Black."

Black: "Thank you very much, Mr. Speaker. Will the Sponsor yield?"

Speaker Giglio: "He indicates he will."

Black: "Representative, if... It's my understanding now if we repeal Section 13, we are eliminating the statutory fee limits...to the Illinois Environmental Facilities Financing Act. Is that your understanding?"

Bugielski: "Correct."

Black: "Why? I guess the legitimate question is why do we want to do that?"

Bugielski: "IDFA would like to set its own fees according to the bonds it issues. In many cases, the fees will be much lower than what they are right now."

Black: "But conversely, they could be much higher, probably. Assuming that interest rates might go up."

Bugielski: "The fees would only be higher depending on the size of the issuance."

Black: "The Environmental Environmental... The Illinois Environmental Facilities Financing Act. What does that do, exactly?"

Bugielski: "It's just like the Illinois Facilities Fund. It pays for waste disposals."

Black: "Okay, I guess that's what has me a little nervous. Whenever I see the word 'environmental' and removing 'fees' that makes me very nervous. But what you're talking about here would be to build environmental facilities or to help finance a sewage treatment plant. I guess... I'm trying to make sure it's clear in my mind that we're not eliminating the fee language to fine someone for violating the Illinois Environmental Protection Act. But it has nothing to do with that?"

Bugielski: "Not at all."

Black: "Okay. I... Well... I have a great deal of respect...for you, Representative. Thank you very much. Madam...or Mr. Speaker, Ladies and Gentlemen of the House, to the Bill. ...These are very good Sponsors, and I'm sure that this Bill is...necessary and needed, but I think any time we...we remove statutory fee limits...you all have to vote very carefully on that. ...I do appreciate the Gentleman answering some concerns we had. There is certainly a difference between the financing environmental facilities and the regulation therein, so I do appreciate the Gentleman's patience in answering the questions."

Speaker Giglio: "The Gentleman from Cook, Representative Balthis."

Balthis: "Thank you, Mr. Speaker, to the Bill. This Bill simply puts IDFA in the same place as any bond house that helps

finance. They charge an up front fee, depending on the size of the bond and the work they do. In the language right now, it says they will charge an annual fee. They've never done that. It is onerous on them, time wise and cost of money. It is much simpler and easier for them to charge a fee just like any bond house. It does up front. It pays for all their services and puts everybody on an even playing field. And I would urge an 'aye' vote on this Bill."

Speaker Giglio: "Further discussion? The Gentleman from McHenry, Representative Skinner."

Skinner: "Mr. Speaker, this agency was originally created in order to help expand manufacturing in the State of Illinois. There is a massive change in the authority that is being sought in the...in this Bill...the House version of this Bill, and that is to not only finance manufacturing expansion but to finance commercial and service industries. Now, what that means, if I can put it in terms of small town, downstate, is that when Wal-Mart is looking... When Wal-Mart is looking for financing, this agency could give Wal-Mart financing, and your down-town stores around the square could end up just...disappearing like they have in the City of Woodstock. Now Woodstock didn't use this financing, obviously, but the parallel is still there. Now I do not believe we should be giving special privileges, special interest rates, to primarily out of state commercial enterprises that come in and compete against our home grown...enterprises. You may disagree, but...that's my...that's my opinion."

Speaker Giglio: "Further discussion? Hearing none, Representative Bugielski to close."

of this is because a lot of the larger manufacturing has shifted their operations to overseas, and we have to start looking and helping some of the smaller service businesses, and other businesses. So, that is one of the...one reason because we lost so much of the manufacturing. And just as...all we're doing is trying to put IDFA in the same category. They are the only...organization that cannot...that has their fees set right now. So, all we're doing is put them in the same situation that all the other bond houses and bond authorities are. And I ask for a favorable roll call."

TRANSCRIPTION DEBATE

59th Legislative Day

May 13, 1993

Granberg: "Okay. What...what made you arrive at this fire fighters and paramedics?"

Balthis: "Primarily, we've been working on this for the last three years, actually, to get some agreement between the fire fighters and the paramedics and the unions and...and the veterans, to make sure that they were satisfied with this Bill."

Granberg: "Thank you, Representative. Is there any opposition to this proposal, then at the present time?"

Balthis: "Not that I'm aware of."

Granberg: "All right, thank you."

Speaker Giglio: "Representative Frederick."

Frederick: "Thank you, Mr. Speaker. Would the Sponsor yield?"

Speaker Giglio: "He indicates he will."

Frederick: "Representative Balthis, would this allow women veterans the same preference as men veterans?"

Balthis: "Representative, I don't believe there is any gender definition in the Bill, so if someone is a veteran or a paramedic or a fire fighter, they would receive these points, yes."

Frederick: "Thank you."

Speaker Giglio: "Representative Mulligan."

Mulligan: "The Sponsor yield?"

Speaker Giglio: "He indicates he will."

Mulligan: "Has he got any numbers on how many women, as opposed to men, would be veterans, that maybe applying for these?"

Balthis: "I would point out, Representative, that veterans are not...spoken to in this legislation. They already receive a maximum of five preference points, be they male or female when...in the hiring process, both policemen and firemen. That's already in the statute."

Mulligan: "Thank you."

Speaker Giglio: "Representative Saltsman."

Saltsman: "Yes. On the previous question by Representative Mulligan, there are probably as many paramedic women within the fire service as there are men. And they will be eligible for this additional points. What this does for a municipality, if someone has already taken all the training to be a paramedic, it's very expensive. And if they already have...their commission paramedic license and they go for...to apply for a job, they save a municipality a lot of money by not having to pay for that training, and this is why they think they should have a few additional credit points for the pretraining that they take and for the amount of savings that would save the municipality upon employment."

Speaker Giglio: "Further discussion? Hearing none, Representative Balthis, to close."

Balthis: "Thank you, Mr. Speaker. I would just urge an 'aye' vote. I think we've heard the substance of the Bill and I would encourage an 'aye' vote."

Speaker Giglio: "The question is, 'Shall Senate Bill 60 pass?' All those in favor, signify by voting 'aye'; opposed, 'no'. The voting is open. This is final action. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On this question, there are 116 voting 'yes', 0 voting 'no'. And Senate Bill 60, having received the required Constitutional Majority, is hereby declared passed. Representative Schoenberg."

Schoenberg: "Thank you, Mr. Speaker. I have...I apologize to the Body. I have to request a point of personal privilege. The 8th Grade from my parish school, St. Athenatious, is here from Evanston. They're up in the gallery. If you could say hello."

Clerk Rossi: "Senate Bill 324, a Bill for an Act amending the Podiatric Medical Practice Act of 1987. Third Reading of the Bill."

Speaker Giglio: "The Lady from Cook, Representative Wojcik."

Wojcik: "Mr. Speaker and Members of the House. Senate Bill 324 amends the Podiatric Practice Act. Establishes sanctions imposed on a license because of acts or omissions in relation to delivery of direct patient care shall remain in force during any appeal process. The Association has asked for this change because it's necessary, due to a recent court decision. So I ask for its favorable passage."

Speaker Giglio: "Any discussion? Representative Granberg."

Granberg: "Representative Wojcik, just one quick question, if you don't mind. This is apparently in response...or what's the impact with the AARP versus the Department of Professional Regulation court case?"

Wojcik: "Representative, you have to ask me that question again. It's noisy."

Granberg: "All right. Thank you, Representative."

Wojcik: "You're welcome."

Currie: "Thank you, Speaker. It's my understanding that, Representative Black, accidentally knocked Senate Bill 401 off the Consent Calendar and wishes to help me restore that Bill to the Consent Calendar. So, I rise to ask if we may do just that?"

Speaker Giglio: "The Lady asks leave to place Senate Bill 401 on the Order of Consent Calendar, First Legislative Day. Does the Lady have leave? Representative Black."

Black: "Yes, thank you very much, Mr. Speaker. It was removed from Consent Calendar by mistake, and I rise to support the Representative's Motion to put it back on the Consent Calendar."

Speaker Giglio: "The Lady from Cook, Representative Currie."

Currie: "Thank you, Speaker and Members of the House. This is an Amendment to the child passenger protection law that would say that parents have a responsibility to make sure that people who are transporting their children are provided with the appropriate child carrier seat, and would remove from the Bill the exemptions in respect to medical emergencies. I'd be happy to answer your questions, and would appreciate your support."

Speaker Giglio: "Representative Currie, are you aware there's an Amendment been filed to this Bill?"

Currie: "No."

Speaker Giglio: "Representative Black."

Black: "That was my inquiry of the Chair? Has the Amendment been adopted to the Bill?"

Speaker Giglio: "The Clerk informs the Chair that there's been no action on the Amendment, but the Bill's on the Order of Third Reading, and the Lady has not requested to bring it back. So, the Bill's on the Order of Third."

Black: "There's no Amendment? All right. Because that was the Elvis Presley Plate Amendment, as I recall. So, that's not on the Bill?"

Black: "All right. Thank you very much. Mr. Speaker, Ladies...  
Will the Sponsor of the Bill yield?"

Speaker Giglio: "She indicates she will."

Black: "Representative, it's my understanding that this Bill  
would then mandate any one coming into the State of  
Illinois. For example, my district borders Indiana.  
Anyone coming into Illinois from Indiana, whether it be for  
a visit to their children, or to shop, or whatever; if they  
had a infant child in the car, they would have to have that  
child in a child protection seat, correct?"

Currie: "That is right."

Black: "Can you tell me, does Indiana have such a child restraint  
law?"

Currie: "I don't know, Representative, but for example; we  
generally require people who drive here from Indiana to  
comply with our motor vehicle laws. Yesterday, you may  
remember that this House passed legislation requiring  
people to turn their head lights on when their windshield  
wipers are going, and that or may not be the law in  
Indiana, but certainly we would anticipate that drivers  
from Indiana, coming from Indiana into Illinois would  
comply with that law."

Black: "Okay. Thank you very much. Mr. Speaker and Ladies and  
Gentlemen of the House, to the Bill. I think the  
Representative makes a good point. I didn't vote for the  
windshield wiper law yesterday, for the very reason that I  
won't vote for this Bill. My district borders Indiana,  
there's hardly any place in my district that isn't less  
than 10 miles from the state of Indiana. I don't know what  
the State of Indiana law is, quite frankly, on child  
restraint, but I will say this; there are many of us who  
are bordering Iowa or Missouri or Indiana or Kentucky,

STATE OF ILLINOIS

HOUSE OF REPRESENTATIVES  
TRANSCRIPTION DEBATE

where ever those states might be, Wisconsin, and I don't know what those laws are either. But, I can tell you this, my district relies heavily on those people who live in western Indiana to come and spend their Indiana dollars in my Illinois district. Now we're going to be ticketing these people if they fail to follow the various and the sundry motor vehicle laws of the State of Illinois, among them as the Representative said yesterday, the windshield wiper law, now the child restraint law. Well, very simply, what I think will happen is that they on longer will come to my district, which is a border district, and spend their money in Illinois. They'll travel to Terra Haute or to Indianapolis or LaFayette, any of the bigger cities within a short distance of where I live. We've already had problems with this when we had the truck inspection law. It didn't work, it caused all kinds of problems. We don't allow reciprocity. It's a good Bill, it's a good idea, I don't quarrel with the idea. But, when we begin to say to other people you can't come into our state unless you follow this law, and they only want to come over maybe 2 Saturdays a month to shop, they're not gonna buy a \$80 or \$90 child restraint seat, they just won't do it. So, they'll... My district will obviously feel the impact of this. There is no quarrel with the law, no quarrel with the idea. I do quarrel with the fact that those of us who live on border districts need to make trade as free and uninhibited as possible for those of us in eastern Illinois to survive, and those of us in western Indiana to survive, and it's for that reason I stand in opposition to the Bill, and I intend to vote 'no'."

Weaver: "Thank you very much, Mr. Speaker. Will the Sponsor yield?"

Speaker Giglio: "She indicates she will."

Weaver: "Is the provision in the Bill... Is the provision still in the Bill that exempts medical emergencies or medical emergencies not exempt?"

Currie: "Not exempt."

Weaver: "They are not exempt. So, if I should happen upon a scene where a child has been injured, out of a good samaritan attitude I pick the child up to take them to the hospital, I could be ticketed for not having a child restraint seat in my car?"

Currie: "If you're not the parent of the child. It's the parent that's responsible for giving you the car seat."

Weaver: "I'm sorry, I didn't hear you."

Currie: "If you are driving the child somewhere it's the parent who is responsible for giving you the car seat."

Weaver: "But the child is in my car."

Currie: "If they don't, then you're not fineable."

Weaver: "So, you're saying in an emergency it is exempt."

Currie: "No, what I'm sayin... I'm sorry, maybe I misunderstood your question, Representative. What I was saying was that if you're driving a child; you're a good samaritan you stopped, you found a child who was in danger, whatever, you picked up that child and drove the child to some secure place, you are not liable under this Bill. You are not liable for failing to transport the child in a car seat. It's the parents of the child who would have been liable. It wouldn't be, obviously, because the parent wasn't there to give you the car seat."

Weaver: "The parent could get a ticket, even though I transported that child?"

Currie: "No. No, no. no. What I'm saying is you, the transporter, would not have any liability under this Act, neither would the parents, since the parent was not in a position to give you the car seat. But, you yourself, would have no liability. The situation you described would not expose you to the possibility of a ticket."

Weaver: "Thank you."

Speaker Giglio: "Further discussion? The Lady from Cook, Representative Currie, to close."

Currie: "Thank you, Speaker and Members of the House. We passed a child passenger protection law so that we could ensure safety for our children. To extend that provision to people who are driving through the State of Illinois seems to me to make as much sense as requiring those people to meet the requirements of all of our motor vehicle all of our safety laws. I would be very surprised to discover that any of our neighbor states does not already have a child passenger protection Act on the book. So, I think the suggestion that we would do damage to our competitive nature by virtue of passing this Bill makes no sense at all. The point of this provision is to secure children, to make sure children are not victims of car accidents that result in substantial injury or even death, and I urge your support for this Bill."

Speaker Giglio: "The question is, 'Shall Senate Bill 180 pass?' All those in favor vote 'aye'; opposed, 'no'. This is final action. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record, Mr. Clerk. On this question, there are 84 voting 'yes', 27 voting 'no'. Speaker Giglio: "Excuse me, excuse me. Representative Kubik?"

Kubik: "Yes, Mr. Speaker, we need to move this Bill back to Second Reading for purposes of an Amendment."

Speaker Giglio: "We're not going to do that right now, because some of the Amendments have not been printed. We'll come back to those if the people want to bring these back, Representative Kubik."

Kubik: "These... This Amendment has been printed. We made this request yesterday, Mr. Speaker."

Speaker Giglio: "There's going to be objections, Representative Kubik, to bringing your Bill back at this time. I made the ruling about an hour ago that we're weren't gonna call those Bills that had to be brought back to Second Reading because some of these Bill...Amendments have not been printed and distributed. Daniels: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. There's Joe, right there waving to us. Joe, thank you very much for coming out. Mr. Speaker, with leave of the House, they have asked if they can just say a few words to you and thank you for the fine job that you do for the disabled. As you know, this Assembly has passed supportive employment workshop efforts, assistance for CILA's (Community into Great Living Arrangements), as well as many funding mechanisms for the disabled. Illinois is proud to be in the forefront of family support, allowing people to keep their child or adult at home with additional state's assistance, as well as moving forward in the mental health area. We have passed laws recently dealing with the developmentally disabled and streamlining our operation, as well as the law that you recently passed out of the House and sent to the Senate is now in the Senate to streamline the service to the mentally ill. So, Mr. Speaker, Ladies and Gentlemen of the House, on behalf of Bethsham, I would like (with your permission, Sir) to ask if my daughter Laurie, who is 28-years-old and truly an inspiration to me and the people she comes in contact with, say hello and a few words."

Clerk McLennand: "Senate Bill 356, a Bill for an Act to amend the Illinois Vehicle Code. Third Reading of this Bill."

Speaker Dunn: "Mr. Kubik, we are prepared to take this Bill back to Second Reading at this time. The Gentleman from Cook, Representative Kubik."

Kubik: "Mr. Speaker, I would move to suspend the appropriate rule to have this Bill returned to Second Reading for purposes of an Amendment."

Speaker Dunn: "The Gentleman requests leave to return Senate Bill 356 to the Order of Second Reading for the purpose of an Amendment. Is there leave? Hearing no objection, leave is granted. The Bill shall be placed on the Order of Second Reading. Mr. Clerk, are there Amendments or Motions?"

Clerk McLennand: "Floor Amendment #1, offered by Representative Weller."

Speaker Dunn: "Representative Weller, on Floor Amendment #1."

Weller: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. Floor Amendment #1 contains the language from House Bill 349, which passed the House on the agreed list, lost in the shuffle over in the Senate. So, we want to try again. It passed the House without any opposition. It deals with the issue of underage drinking and possession of alcohol and drivers licenses. It's supported by the Illinois Retail Liquor Association, Department of State Police, Department of Transportation, Alliance Against Intoxicated Motorists and local states' attorneys. I'd be happy to answer any questions, and I ask for an 'aye'

vote."

Speaker Dunn: "The Gentleman moves for adoption of Floor Amendment #1. Is there any discussion? There being no discussion, the Gentleman moves for adoption of Floor Amendment #1. Those in favor vote 'aye'; those opposed vote 'no'. The 'ayes' have it. The Amendment is adopted. Are there further Amendments, Mr. Clerk?"

Clerk McLennand: "No further Amendments."

Speaker Dunn: "Third Reading. Messages from the Senate."

Clerk McLennand: "A Message from the Senate by Mr. Harry, Secretary. 'Mr. Speaker, I am directed to inform the House of Representatives that the Senate has concurred with the House of Representative in the passage of the Bills with the following titles, to wit: Together with the attached Amendments, thereto, and the adoption of which I'm instructed to ask the Concurrence of the House. House Bills 121, 230, 273, 293, 424, 436, 482 and 728, passed the Senate as amended May 12, 1993. Jim Harry, Secretary of the Senate'."

Speaker Dunn: "Special Order of Business, State and Local Government, Third Reading. Pardon me. Special Order of Business, State Operations, Third Reading, appears Senate Bill 900. Representative Granberg. Mr. Clerk, please read the Bill."

Clerk McLennand: "Senate Bill 900, a Bill for an Act concerning ethics. Third Reading of this Bill."

Speaker Dunn: "The Gentleman from Clinton, Representative Granberg."

Granberg: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. Senate Bill 900 reflects the ethics package that was agreed upon by both the House and Senate leadership and its respective Members. We discussed this Bill in detail

two weeks ago. If any one has any questions, we'd be more than happy to answer them. Otherwise, I would move for passage of Senate Bill 900."

Speaker Dunn: "The Gentleman move for passage of Senate Bill 900. On that question, is there discussion? Is there anyone seeking recognition? The Gentleman moves for passage of Senate Bill 900. The question is, 'Shall Senate... Pardon me, the Gentleman from Cook, Representative Levin, on the question."

Levin: "Would the Gentleman yield?"

Speaker Dunn: "He indicates he'll yield."

Levin: "Okay. When we were...Representative, when we were considering Speaker Madigan's Bill in the House, I asked the Speaker at that point the question whether or not the intention was to require much more detailed disclosure of expenditures by lobbyist's, with respect to moneys they spent for lobbying purposes and at that point, the Speaker indicated with respect to the House Bill, that, yes, indeed the intention was to be much more disclosure. Is that the same thing true with respect to this Bill?"

Granberg: "Representative, Senate Bill 900 is...reflects the same language that was in the House Bill. There are two identical Bills, one being the House version and one being the Senate version. They are identical in nature. When the Speaker addressed the House Bill, those remarks would also be the same to Senate Bill 900, that is more disclosure on those contributions."

Levin: "All right, well thank you very much. This is a Bill that is I think long over due. It's a result of an awful lot of work on both sides of the aisle. I...hopefully, it will be begin to restore some of the confidence of the public in the legislative process by opening things up in terms of

disclosure, and I strongly support passage of Senate Bill 900."

Speaker McPike: "The Gentleman moves for passage of Senate Bill 900. On that question, those in favor shall vote 'aye'; those opposed vote 'no'. Voting is open. Have all voted who wish? Have all voted who wish? Representative Schoenberg, wishes to vote 'aye'. Have all voted who wish? Representative... vote Representative Giglio, 'aye'. Have all voted who wish? Have all voted who wish? Mr. Clerk, take the record. On this question, there are 116 voting 'aye', 0 voting 'no', 0 voting 'present'. Senate Bill 900, having received the required Constitutional Majority, is hereby declared passed. Representative Homer, for what purpose do you rise?"

Homer: "A point of personal privilege, Mr. Speaker. I'd like the Ladies and Gentlemen of the House to be aware and recognize the fine government class from Pekin senior high school, behind me. Thank you."

Speaker Dunn: "Could we have the attention of the Membership for a moment? Members with Bills on the Order of Third Reading who would like to bring them back to Second Reading for the purpose of an Amendment, we are not prepared to do so. So, Members who have Bills on the Order of Third Reading that they would like to take back to Second Reading, should come to the well and the Clerk is preparing a list of those Bills, and we will call them as soon as we have the list. So, if you would like to have your Bill returned to the Order of Second Reading, please come to the well identify the Bill to the Clerk, and we will accommodate you. The Gentleman from Cook, Representative Balthis, for what purpose do you rise?"

like to ask the Body to welcome the junior high students from Brookwood School District 167 in southeast Cook county, standing right here in the middle of the auditorium. I'd ask everybody to give em a big welcome."

Speaker Dunn: "That is a violation of our House rules. Once again, we would ask all Members who would like Bills returned to the Order of Second Reading, to come to the well and identify the number of the Bill for the Clerk. So, if you like... If you have a Bill on Third Reading that you would like to amend, please come to the well and identify the Bill for the Clerk, and we will call those Bills. Thank you. The Gentleman from Cook, Representative Curran. For what purpose do you rise?"

Curran: "Well, first to tell you that I'm not from Cook but I'm from Sangamon, although... But, I just..I did think, I'm rising to move that we adjourn."

Speaker Dunn: "You're not recognized for that purpose, Sir. The Gentleman from Cook, Representative Eugene Moore. For what purpose do you rise?"

Moore, E.: "Yes, Mr. Speaker. I would just like to... As you know, on House Bill 1728 somehow I voted 'no' on that it appears. But, I'd like to change that vote to 'aye'."

Speaker Dunn: "The record will indicate that you would have preferred to have voted 'aye' on that legislation."

Moore, E: "Yes, on that legislation please, 1728. Thank you very much."

Speaker Dunn: "Thank you. Special Order of Business, State Operations, Third Reading, page 4 of the Calendar, appear Senate Bill 45. Representative McAuliffe. Mr. Clerk, please read the Bill."

Clerk McLennand: "Floor Amendment #2, offered by Representative McAuliffe."

Speaker Dunn: "Representative McAuliffe, on Floor Amendment #2."

McAuliffe: "Floor Amendment #2 makes technical changes in the Bill. It changes the word 'shall' to 'may' as far as whether these patrols would be armed or not."

Speaker Dunn: "The Gentleman moves for adoption of Floor Amendment #2 to Senate Bill 45. All those in favor of the Amendment say 'aye'; those opposed say 'no'. The 'aye' have it. The Amendment is adopted. Are there further Amendments, Mr. Clerk?"

Clerk McLennand: "No further Amendments."

Speaker Dunn: "Lady moves for adoption of Floor Amendment #2 to Senate Bill 442. On the question the Gentlemen from Will, Representative Wennlund."

Wennlund: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker Dunn: "She indicates she'll yield."

Wennlund: "Has a resident condominium expert cleared this Bill?"

Erwin: "Actually, this correct a mistake that was made in drafting his Amendment, which was Amendment #1."

Wennlund: "Ah, thank you very much. That explains it. Thank you."

Speaker Dunn: "The Lady from Cook, Representative Currie, on the Amendment. The Lady does not wish to speak. Is there further discussion? Seeing none, the Lady moves for adoption of Floor Amendment #2 to Senate Bill 442. Those in favor vote 'aye'; those opposed vote 'no'. The 'ayes' have it. The Amendment is adopted. Are there further Amendments, Mr. Clerk?"

Clerk McLennand: "No further Amendments."

Speaker Dunn: "Third Reading. Special Order of Business, Law, Third Reading, appears Senate Bill 460. Representative McAuliffe. Speaker Dunn: "Gentleman moves for adoption of Floor Amendment #1 to Senate Bill 460. Those in favor signify by saying 'aye'; opposed, 'no'. The 'ayes' have it. The Amendment is adopted. Are there further Amendments, Mr. Clerk?"

Clerk McLennand: "No further Amendments."

Speaker Dunn: "Third Reading. The Gentleman from Cook, Representative McAuliffe, for what purpose do you rise, Sir?"

McAuliffe: "I'd ask to suspend the appropriate rules so that we can hear this Bill now? We passed it once yesterday."

Speaker Dunn: "You're not recognized for that purpose, Sir. Well, I don't...then I don't think you would get leave. The Gentleman from Knox, Representative Moffitt, for what purpose do you rise, Sir?"

Moffitt: "Thank you, Mr. Speaker. I would just like to ask that the record show a vote yesterday on Senate Bill 632, that I would like to be a 'no' vote on that Bill."

Speaker Dunn: "The record will so reflect."

Moffitt: "Thank you, Mr. Speaker."

Speaker Dunn: "Special Order of Business, Roads and Transportation, Second Reading, appears Senate Bill 536. Representative Parke. Mr. Clerk, please read the Bill."

Speaker Dunn: "The Gentleman from Cook, Representative Parke, on Floor Amendment #1."

Parke: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. House Amendment 1 to Senate Bill 536 addresses concerns raised about this Bill in committee. This Amendment provides that certain counties with a population in excess of 500,000 but less than 600,000 may enter into an agreement with any public utility for the use of right-of-way for a public utility in excess of 60 feet in width to be used by the county for the construction and maintenance of bikeways. It also provides that the county may construct and maintain the bikeways with such funds as it would use for county highways. The language is permissive, it is not mandatory, and addresses concerns by the Municipal League, the Illinois Department of Conservation and the Illinois Farm Bureau that were brought up in committee. This Bill now, as amended, will only affect Lake County."

Speaker Dunn: "The Gentleman from Cook, Representative Dart. Do you wish recognition? The Gentleman from Cook, Representative Parke, moves for adoption of Floor Amendment #1 to Senate Bill 536. Those in favor vote 'aye'; those opposed vote 'no'. The 'ayes' have it. The Amendment is adopted. Are there further Amendments, Mr. Clerk?"

Clerk McLennand: "No further Amendments."

Speaker Dunn: "Third Reading. Representative McAuliffe, Senate Bill 45, would you like it called on Third Reading? Mr. Clerk, please post Senate Bill 45. Mr. Clerk, will you please read the Bill."

Speaker Dunn: "Does the Gentleman have leave to have Senate Bill 45 called on the Order of Third Reading? Is leave granted with use of the Attendance Roll Call? Hearing no objection, leave is granted. Attendance Roll Call shall be for the purpose of granting leave. Representative McAuliffe, on Senate Bill 45."

It would form a voluntary security patrols that would patrol the neighborhoods to help fight crime. The Bill was passed overwhelmingly in the Senate, and I would move for your favorable vote right now."

Erwin: "Thank you, Speaker. Senate Bill 551 will clarify in the Revenue Code some difficulties that retailers, manufacturers and mining firms have had in the state. This was a Bill that...the provisions of this Bill passed the House, I believe unanimously, earlier in this Session. Unfortunately, the Senate has not dealt with it, and I would seek again your favorable support."

Speaker McPike: "Representative Erwin, do you move to 'do pass'?"

Erwin: "Yes I did."

Giorgi: "Mr. Speak... Mr. Speaker, having voted on the prevailing side yesterday on Senate Bill 776, I move now to reconsider the vote by which that Bill passed out of the House because we have a technical flaw, I think, in the Bill and we want to correct it."

Speaker McPike: "All right. You've heard the Gentleman's Motion. Hearing no objection, by use of the Attendance Roll Call, the Motion...the Motion carries, and the Motion to reconsider the vote on 776 is hereby declared passed by use of the Attendance Roll Call. Representative Currie, in the Chair."

Speaker Currie: "On the...Special Order of Call, Law. Representative Mulligan, you wish to return Senate Bill 899 from Third Reading to Second? For what reason does Representative Black rise?"

Black: "Yes, thank you very much, Madam Speaker. ...I don't know why we persist in this charade. The Gentleman objected to the previous Motion. No one was recognized. There must have been a dozen lights on over here, and so you've...you've done another masterful job of denying the Sponsor of a Bill his basic right to object to a Motion, and I don't understand why you have to do that."

Speaker Currie: "Representative, I...I can only tell you I didn't see any lights on. Representative Ryder. This Chair did not see any lights on. This Chair was not in the Chair for the last vote. Representative Ryder, for what reason do you rise?"

Ryder: "Madam Speaker, the charade and the sham that you're attempting to pull, you were standing right there. Representative McPike observed exactly what was going on, and for you to somehow claim innocence does not add one iota of respect that the Chair should have in this situation. I don't understand why you feel some obligation to every day come out and have a little pump 'em up exercise in showing us your authority. You've got the votes. If you wanna do it, do it by your own rules, instead of coming out and abusing your rules and your authority, and then to somehow say, 'Well, I'm innocent because I wasn't in the podium'. It simply won't wash, Speaker, and you know better."

Speaker Currie: "For what reason does the...Representative from Winnebago, Representative Giorgi, arise?"

Giorgi: "Madam Speaker, I just wanted to assure the House that weren't proud of the work that we put into Senate Bill 776 when it left here, so we want to be proud of the quality of our work, and that's why we reconsidered the Bill and they're gonna work on it a little better."

Speaker Currie: "For what reason does Representative Stephens arise?"

Stephens: "Well, Madam Speaker, when there is a change in the Chair, does the affect the rules?"

Speaker Currie: "I don't believe so."

Stephens: "Well, the answer is, 'No, it does not'. And so, if...if there was wrongdoing by the previous person in the Chair, you need to address that. Now, you saw what happened. You were standing right there. You have an obligation, Madam Speaker, to defend each and every Member's protection under the rules. If you witness (as the Chair as you're sitting now) an aberration of the

rules, you need to address that. So, I'll hope you'll turn to us and address what you saw happen. You were in the Chair, and it's up to you to correct the inequity that just passed."

Speaker Currie: "Special Order of Call, Law. Representative McAuliffe, on Senate Bill 714. Well, let's get ready Representative McAuliffe; and, in the meantime, Representative Weaver, for what reason do you rise?"

Weaver: "Thank you, Madam Speaker. Just a parliamentary inquiry. If the Speaker asks leave of the Body and a Member of the Body objects, does the Speaker then not have leave? If an objection is raised, can leave still be granted?"

Speaker Currie: "The Chair would suggest you might want to consult your Rule Book. Representative McPike was in the Chair during that previous Motion and, obviously, was of the view that leave had been granted on this Bill."

Stephens: "Well, now, Madam Speaker..."

Speaker Currie: "Can we go now to Representative McAuliffe and get on with our business?"

Stephens: "I'm...I'm simply asking a parliamentary interpretation, so that I have our procedure straight. If leave is requested and a Member objects, is leave not granted? Yes or no."

Speaker Currie: "I believe the Chair has responded to your question."

Stephens: "Then...do we have the option to go back to the recorded transcript of the proceedings of the last 15 minutes, and I am positive that the record will show that there were people on this side of the aisle raising an objection. So, you have just affirmed that leave cannot be granted if an objection is raised; and if we can prove that an objection was raised, will you go back and reverse

that?"

Speaker Currie: "Representative Tenhouse."

Tenhouse: "Thank you, Madam Speaker, Ladies and Gentlemen of the House. You know, this Bill passed out of here yesterday with almost 100 votes, and I realize we have a Motion that was filed but, ironically, I have never been contacted by anyone who's had a problem with the Bill. And it's kind of interesting to see this happen; and at least, if you're gonna force a roll call, that's one thing. That's the fair thing. But what we're talking about here is an abuse of privilege. Absolutely and positively. And I don't know how we can stand aside and let this take place day after day after day. And...I think all of you better look around here folks 'cause there are 117 others that the same thing can happen to you."

Speaker Currie: "Representative McAuliffe asks leave to return Senate Bill 714 to Second Reading for the purposes of an Amendment. Does Representative McAuliffe have leave? Representative McAuliffe, you do not have leave. Representative McAuliffe now moves that Senate Bill 714 be... Representative Black, for what reason do you rise?"

Black: "Madam Speaker, in all due respect to the Chair, a...a parliamentary inquiry was made. You answered in the affirmative, if I understood you correctly. Members on this side of the aisle have a right to have the Motion to reconsider put to a vote. It only takes 60 votes. Clearly, leave was not given for that Motion. The parliamentary inquiry has been made, and, again, I emphasize that if you responded the way I think I heard you respond, leave was not given. And we would ask that that Motion to be reconsidered be put to a vote pursuant to Rule...House Rule 73 and that the vote be taken. If

it's...if it's a righteous Motion, you certainly have 60 votes, but let's...let's do it according to the rules."

Speaker Currie: "Would you repeat your Motion, Representative Black?"

Black: "Yes. Pursuant to Rule 73, a Motion to reconsider on a...on an item that takes 60 votes to pass, that Motion to reconsider shall take 60 votes. Leave was clearly not given on the Motion that appears on the Calendar on page 19, and you need to vote on that. That's all we're saying. That's all anybody was upset about. Leave was clearly not given, and the Motion that appears on the Calendar is in order, but we simply ask the right to vote on that Motion."

Speaker Currie: "Representative, you're not timely. That Motion was already approved by this House. Representative Ackerman."

Ackerman: "Please let the record reflect that I would have voted 'no' on 776 on that Motion."

Speaker Currie: "You're not in order for that suggestion at this time. Why don't we move on on the Special Order of Call, Law. Representative Dart moves to return Senate Bill 325 from Third Reading to Second... Representative Leitch."

Leitch: "Thank you. Since you used the Attendance Roll Call, I would like to...move that, having voted on the prevailing side, that we reconsider that Motion on Senate Bill 776."

Speaker Currie: "Representative Leitch has moved to reconsider the vote by which the reconsideration Motion on Senate Bill 776 was adopted by this chamber, and Representative Dart."

Dart: "Thank you, Madam Speaker. I believe that Motion's out of order. You can only make the Motion one time."

Motion on the table. This is a non-debatable Motion. All those in favor vote 'aye'; opposed vote 'no'. Voting is open. Representative Homer."

Homer: "Thank you, Madam Speaker. Would...would the Chair please...explain the status of this Motion and the status of the issue. I think many of us are confused as to what the vote is."

Speaker Currie: "The Motion was to reconsider the vote by which the Motion to reconsider the vote on Senate Bill 776 was adopted this morning. So, this Motion before us now is a Motion to table the Motion to reconsider the vote by which the Motion to reconsider the vote on Senate Bill 776 was adopted earlier today."

Homer: "Madam Speaker, ...if...if a Motion to reconsider prevailed, then the status of the Bill is returned, is it not, to the Calendar in the status it was prior to the passage of the Bill."

Speaker Currie: "You are correct."

Homer: "So the Bill, it's now on Third Reading."

Speaker Currie: "You are correct."

Homer: "So, how can you then table a Motion to reconsider that prevailed? I've never heard of that."

Speaker Currie: "It is an unusual Motion; but, in any case, if you feel that the reconsideration Motion has already done its thing, run its natural course, then you might wish to vote 'aye' on this Motion. The usual Motion on the table..."

Homer: "Okay. Well, then... Well, not to challenge, but if this Motion to table prevails, then the status of the Bill is that the Bill stands passed?"

Speaker Currie: "No. The Bill would remain on Third Reading."

Speaker Currie: "If...if the Motion to table the Motion to reconsider the Motion to reconsider, if the Motion to table succeeds, the Bill will remain on Third Reading, which is where it is right now."

Homer: "So, if this Motion prevails, it doesn't mean that the Bill has passed?"

Speaker Currie: "No. No, it does not. It means that the Bill will still be where it is, which is Third Reading."

Homer: "Then I'm not sure why we need the Motion, but I guess it's all right."

Wennlund: "Thank you, Madam Speaker. My light's been on for about ten minutes. I think I can clear up this whole problem. First of all, I request a verification. But for...for the Members, I think I can clarify this whole problem. Here's what the bottom line is: For the... This Bill passed out with a roll call of 98 'yes' votes. Now, here's what the real story or the rest of the story is is that for the Illinois Trial Lawyers' Association, who donate hundreds of thousands dollars to the Speaker, we throw out the Rule Book for the trial lawyers. That's what happened. We throw out the Rule Book for the trial lawyers who decided they might not like that Bill..."

Speaker Currie: "Rep...Rep...Representative Wennlund this is not a debatable Motion. So, perhaps you would confine yourself to whatever you think is debatable. Representative Daniels, one minute to explain your vote."

causing a lot of grief for the people of Illinois. You know, I look around here, we've got a lot of students here in classes. Let me tell you what's happening here in the House, in case you haven't followed us. This Chair, this woman, this lack of democracy has denied the elected Representatives of this Assembly a vote on a very important issue being Senate Bill 776. Through their efforts and through their ramming this issue through the House without consideration, what they have done is said an Attendance Roll Call reconsidered a vote, Senate Bill 776, which is obviously a Bill (as Representative Wennlund said) for the trial lawyers' use without a record Roll Call Vote. They deleave of the Assembly their objections stated. They wouldn't recognize it, and now she's so confused, she doesn't even know where she's at in this whole process. So, once again we find an abuse by you, Madam, by you that get in that Chair to ram these things through and destroy the people's democracy. Shame on you and shame what you..."

Stephens: "Madam Speaker, I have a question of the Chair. Why is it...why is it that when we shouted in unison for recognition on this side of the aisle, you couldn't hear us? But when Representative McAuliffe, the next Bill, Bill Black (who is practically speechless from yelling at the Chair today) barely whispered an objection, but you heard that among the den. I wonder, Madam Chairman, what is fair? Why don't you just sit and rule by the Rule Book that we passed in the spring of this year? Why do you have to trample on our rights? Majority and the skill that you have (if it's available to you) and get your Bills passed the way you want them passed? Why do you have to trample on our rights, Madam Chairman? I'd like a response from you."

Speaker Currie: "Representative Daniels, for what reason do you rise."

Speaker Currie: "Representative..."

Daniels: "Secondly, Madam, let me tell you this. When you reduce, through your efforts, this Assembly to irresponsible accusations by a Gentleman on the other side (I'll call him Gentleman to follow some of the rules) who stands up on this floor and casts dispersion on the Members of the Assembly, when every Member of this House knows that the trial lawyers have given so much money to the Democratic Party, it's hard to understand how any of them need to even hold a fund raiser. So, if you want to stand up, Representative Giorgi, and violate every trust that anybody would place in you by those kind of dispersions, why don't you talk about some of the Democrats on your side that lead the number of contributions from the Medical Society, \$60,000, in that list that you prepared. You know, you have...you have violated every principle of good government that I can believe in the accusations you made. Shame on you, Sir. and shame on you, Madam. Why don't you get off the Chair and bring someone else up?"

So, we're gonna pay attention to every rule that we have passed by unanimous consent of this House earlier in the year, and if that's the way you wish to choose to run the chamber then we'll do it."
