

1 AN ACT concerning cybersecurity.

2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 Section 5. The Personal Information Protection Act is  
5 amended by changing Section 12 as follows:

6 (815 ILCS 530/12)

7 Sec. 12. Notice of breach; State agency.

8 (a) Any State agency that collects personal information  
9 concerning an Illinois resident shall notify the resident at no  
10 charge that there has been a breach of the security of the  
11 system data or written material following discovery or  
12 notification of the breach. The disclosure notification shall  
13 be made in the most expedient time possible and without  
14 unreasonable delay, consistent with any measures necessary to  
15 determine the scope of the breach and restore the reasonable  
16 integrity, security, and confidentiality of the data system.  
17 The disclosure notification to an Illinois resident shall  
18 include, but need not be limited to information as follows:

19 (1) With respect to personal information defined in  
20 Section 5 in paragraph (1) of the definition of "personal  
21 information":

22 (i) the toll-free numbers and addresses for  
23 consumer reporting agencies;

1           (ii) the toll-free number, address, and website  
2           address for the Federal Trade Commission; and

3           (iii) a statement that the individual can obtain  
4           information from these sources about fraud alerts and  
5           security freezes.

6           (2) With respect to personal information as defined in  
7           Section 5 in paragraph (2) of the definition of "personal  
8           information", notice may be provided in electronic or other  
9           form directing the Illinois resident whose personal  
10          information has been breached to promptly change his or her  
11          user name or password and security question or answer, as  
12          applicable, or to take other steps appropriate to protect  
13          all online accounts for which the resident uses the same  
14          user name or email address and password or security  
15          question and answer.

16          The notification shall not, however, include information  
17          concerning the number of Illinois residents affected by the  
18          breach.

19          (a-5) The notification to an Illinois resident required by  
20          subsection (a) of this Section may be delayed if an appropriate  
21          law enforcement agency determines that notification will  
22          interfere with a criminal investigation and provides the State  
23          agency with a written request for the delay. However, the State  
24          agency must notify the Illinois resident as soon as  
25          notification will no longer interfere with the investigation.

26          (b) For purposes of this Section, notice to residents may

1 be provided by one of the following methods:

2 (1) written notice;

3 (2) electronic notice, if the notice provided is  
4 consistent with the provisions regarding electronic  
5 records and signatures for notices legally required to be  
6 in writing as set forth in Section 7001 of Title 15 of the  
7 United States Code; or

8 (3) substitute notice, if the State agency  
9 demonstrates that the cost of providing notice would exceed  
10 \$250,000 or that the affected class of subject persons to  
11 be notified exceeds 500,000, or the State agency does not  
12 have sufficient contact information. Substitute notice  
13 shall consist of all of the following: (i) email notice if  
14 the State agency has an email address for the subject  
15 persons; (ii) conspicuous posting of the notice on the  
16 State agency's web site page if the State agency maintains  
17 one; and (iii) notification to major statewide media.

18 (c) Notwithstanding subsection (b), a State agency that  
19 maintains its own notification procedures as part of an  
20 information security policy for the treatment of personal  
21 information and is otherwise consistent with the timing  
22 requirements of this Act shall be deemed in compliance with the  
23 notification requirements of this Section if the State agency  
24 notifies subject persons in accordance with its policies in the  
25 event of a breach of the security of the system data or written  
26 material.

1 (d) If a State agency is required to notify more than 1,000  
2 persons of a breach of security pursuant to this Section, the  
3 State agency shall also notify, without unreasonable delay, all  
4 consumer reporting agencies that compile and maintain files on  
5 consumers on a nationwide basis, as defined by 15 U.S.C.  
6 Section 1681a(p), of the timing, distribution, and content of  
7 the notices. Nothing in this subsection (d) shall be construed  
8 to require the State agency to provide to the consumer  
9 reporting agency the names or other personal identifying  
10 information of breach notice recipients.

11 (e) Notice to Attorney General. Any State agency that  
12 suffers a single breach of the security of the data concerning  
13 the personal information of more than 250 Illinois residents  
14 shall provide notice to the Attorney General of the breach,  
15 including:

16 (A) The types of personal information compromised in  
17 the breach.

18 (B) The number of Illinois residents affected by such  
19 incident at the time of notification.

20 (C) Any steps the State agency has taken or plans to  
21 take relating to notification of the breach to consumers.

22 (D) The date and timeframe of the breach, if known at  
23 the time notification is provided.

24 Such notification must be made within 45 days of the State  
25 agency's discovery of the security breach or when the State  
26 agency provides any notice to consumers required by this

1 Section, whichever is sooner, unless the State agency has good  
2 cause for reasonable delay to determine the scope of the breach  
3 and restore the integrity, security, and confidentiality of the  
4 data system, or when law enforcement requests in writing to  
5 withhold disclosure of some or all of the information required  
6 in the notification under this Section. If the date or  
7 timeframe of the breach is unknown at the time the notice is  
8 sent to the Attorney General, the State agency shall send the  
9 Attorney General the date or timeframe of the breach as soon as  
10 possible.

11 (f) In addition to the report required by Section 25 of  
12 this Act, if the State agency that suffers a breach determines  
13 the identity of the actor who perpetrated the breach, then the  
14 State agency shall report this information, within 5 days after  
15 the determination, to the Subcommittee on Cybersecurity of the  
16 Senate Telecommunications and Information Technology Committee  
17 and to the House Cybersecurity, Data Analytics, & IT  
18 (Information Technology) Committee, provided that such report  
19 would not jeopardize the security of Illinois residents or  
20 compromise a security investigation.

21 (g) A State agency directly responsible to the Governor  
22 that has been subject to or has reason to believe it has been  
23 subject to a single breach of the security of the data  
24 concerning the personal information of more than 250 Illinois  
25 residents or an instance of aggravated computer tampering, as  
26 defined in Section 17-53 of the Criminal Code of 2012, shall

1 notify the Office of the Chief Information Security Officer of  
2 the Illinois Department of Innovation and Technology and the  
3 Attorney General regarding the breach or instance of aggravated  
4 computer tampering. The notification shall be made without  
5 delay, but no later than 72 hours following the discovery of  
6 the incident.

7 Upon receiving notification of such incident, the Chief  
8 Information Security Officer shall without delay take  
9 necessary and reasonable actions to:

10 (i) assess the incident to determine the potential  
11 impact on the overall confidentiality, security, and  
12 availability of State of Illinois data and information  
13 systems;

14 (ii) ensure the security incident is contained to  
15 minimize additional impact and risk to the State;

16 (iii) identify the root cause of the incident;

17 (iv) provide recommendations to the impacted State  
18 agency to assist with eradicating the threat and removing  
19 and mitigating any vulnerabilities to reduce the risk of  
20 further compromise; and

21 (v) assist the impacted State agency in any necessary  
22 recovery efforts to ensure effective return to a state of  
23 normal operations.

24 The Department of Innovation and Technology may agree to  
25 submit the reports required in subsections (e) and (f) of this  
26 Section and in Section 25 in lieu of the impacted agency.

1       (h) Upon receiving notification from a State agency of a  
2 breach of personal information or from the Department of  
3 Innovation and Technology in lieu of the impacted agency, the  
4 Attorney General may publish the name of the State agency that  
5 suffered the breach, the types of personal information  
6 compromised in the breach, and the date range of the breach.
