LRB100 09930 KTG 26366 a

1 AMENDMENT TO SENATE BILL 1544

2 AMENDMENT NO. \_\_\_\_\_. Amend Senate Bill 1544 by replacing  
3 everything after the enacting clause with the following:

4 "Section 5. The Illinois Public Aid Code is amended by  
5 changing Section 5-5 as follows:

6 (305 ILCS 5/5-5) (from Ch. 23, par. 5-5)

7 Sec. 5-5. Medical services. The Illinois Department, by  
8 rule, shall determine the quantity and quality of and the rate  
9 of reimbursement for the medical assistance for which payment  
10 will be authorized, and the medical services to be provided,  
11 which may include all or part of the following: (1) inpatient  
12 hospital services; (2) outpatient hospital services; (3) other  
13 laboratory and X-ray services; (4) skilled nursing home  
14 services; (5) physicians' services whether furnished in the  
15 office, the patient's home, a hospital, a skilled nursing home,  
16 or elsewhere; (6) medical care, or any other type of remedial

1 care furnished by licensed practitioners; (7) home health care  
2 services; (8) private duty nursing service; (9) clinic  
3 services; (10) dental services, including prevention and  
4 treatment of periodontal disease and dental caries disease for  
5 pregnant women, provided by an individual licensed to practice  
6 dentistry or dental surgery; for purposes of this item (10),  
7 "dental services" means diagnostic, preventive, or corrective  
8 procedures provided by or under the supervision of a dentist in  
9 the practice of his or her profession; (11) physical therapy  
10 and related services; (12) prescribed drugs, dentures, and  
11 prosthetic devices; and eyeglasses prescribed by a physician  
12 skilled in the diseases of the eye, or by an optometrist,  
13 whichever the person may select; (13) other diagnostic,  
14 screening, preventive, and rehabilitative services, including  
15 to ensure that the individual's need for intervention or  
16 treatment of mental disorders or substance use disorders or  
17 co-occurring mental health and substance use disorders is  
18 determined using a uniform screening, assessment, and  
19 evaluation process inclusive of criteria, for children and  
20 adults; for purposes of this item (13), a uniform screening,  
21 assessment, and evaluation process refers to a process that  
22 includes an appropriate evaluation and, as warranted, a  
23 referral; "uniform" does not mean the use of a singular  
24 instrument, tool, or process that all must utilize; (14)  
25 transportation and such other expenses as may be necessary;  
26 (15) medical treatment of sexual assault survivors, as defined

1 in Section 1a of the Sexual Assault Survivors Emergency  
2 Treatment Act, for injuries sustained as a result of the sexual  
3 assault, including examinations and laboratory tests to  
4 discover evidence which may be used in criminal proceedings  
5 arising from the sexual assault; (16) the diagnosis and  
6 treatment of sickle cell anemia; and (17) any other medical  
7 care, and any other type of remedial care recognized under the  
8 laws of this State, but not including abortions, or induced  
9 miscarriages or premature births, unless, in the opinion of a  
10 physician, such procedures are necessary for the preservation  
11 of the life of the woman seeking such treatment, or except an  
12 induced premature birth intended to produce a live viable child  
13 and such procedure is necessary for the health of the mother or  
14 her unborn child. The Illinois Department, by rule, shall  
15 prohibit any physician from providing medical assistance to  
16 anyone eligible therefor under this Code where such physician  
17 has been found guilty of performing an abortion procedure in a  
18 wilful and wanton manner upon a woman who was not pregnant at  
19 the time such abortion procedure was performed. The term "any  
20 other type of remedial care" shall include nursing care and  
21 nursing home service for persons who rely on treatment by  
22 spiritual means alone through prayer for healing.

23 Notwithstanding any other provision of this Section, a  
24 comprehensive tobacco use cessation program that includes  
25 purchasing prescription drugs or prescription medical devices  
26 approved by the Food and Drug Administration shall be covered

1 under the medical assistance program under this Article for  
2 persons who are otherwise eligible for assistance under this  
3 Article.

4 Notwithstanding any other provision of this Code, the  
5 Illinois Department may not require, as a condition of payment  
6 for any laboratory test authorized under this Article, that a  
7 physician's handwritten signature appear on the laboratory  
8 test order form. The Illinois Department may, however, impose  
9 other appropriate requirements regarding laboratory test order  
10 documentation.

11 Upon receipt of federal approval of an amendment to the  
12 Illinois Title XIX State Plan for this purpose, the Department  
13 shall authorize the Chicago Public Schools (CPS) to procure a  
14 vendor or vendors to manufacture eyeglasses for individuals  
15 enrolled in a school within the CPS system. CPS shall ensure  
16 that its vendor or vendors are enrolled as providers in the  
17 medical assistance program and in any capitated Medicaid  
18 managed care entity (MCE) serving individuals enrolled in a  
19 school within the CPS system. Under any contract procured under  
20 this provision, the vendor or vendors must serve only  
21 individuals enrolled in a school within the CPS system. Claims  
22 for services provided by CPS's vendor or vendors to recipients  
23 of benefits in the medical assistance program under this Code,  
24 the Children's Health Insurance Program, or the Covering ALL  
25 KIDS Health Insurance Program shall be submitted to the  
26 Department or the MCE in which the individual is enrolled for

1 payment and shall be reimbursed at the Department's or the  
2 MCE's established rates or rate methodologies for eyeglasses.

3 On and after July 1, 2012, the Department of Healthcare and  
4 Family Services may provide the following services to persons  
5 eligible for assistance under this Article who are  
6 participating in education, training or employment programs  
7 operated by the Department of Human Services as successor to  
8 the Department of Public Aid:

9 (1) dental services provided by or under the  
10 supervision of a dentist; and

11 (2) eyeglasses prescribed by a physician skilled in the  
12 diseases of the eye, or by an optometrist, whichever the  
13 person may select.

14 Notwithstanding any other provision of this Code and  
15 subject to federal approval, the Department may adopt rules to  
16 allow a dentist who is volunteering his or her service at no  
17 cost to render dental services through an enrolled  
18 not-for-profit health clinic without the dentist personally  
19 enrolling as a participating provider in the medical assistance  
20 program. A not-for-profit health clinic shall include a public  
21 health clinic or Federally Qualified Health Center or other  
22 enrolled provider, as determined by the Department, through  
23 which dental services covered under this Section are performed.  
24 The Department shall establish a process for payment of claims  
25 for reimbursement for covered dental services rendered under  
26 this provision.

1           The Illinois Department, by rule, may distinguish and  
2           classify the medical services to be provided only in accordance  
3           with the classes of persons designated in Section 5-2.

4           The Department of Healthcare and Family Services must  
5           provide coverage and reimbursement for amino acid-based  
6           elemental formulas, regardless of delivery method, for the  
7           diagnosis and treatment of (i) eosinophilic disorders and (ii)  
8           short bowel syndrome when the prescribing physician has issued  
9           a written order stating that the amino acid-based elemental  
10          formula is medically necessary.

11          The Illinois Department shall authorize the provision of,  
12          and shall authorize payment for, screening by low-dose  
13          mammography for the presence of occult breast cancer for women  
14          35 years of age or older who are eligible for medical  
15          assistance under this Article, as follows:

16                (A) A baseline mammogram for women 35 to 39 years of  
17                age.

18                (B) An annual mammogram for women 40 years of age or  
19                older.

20                (C) A mammogram at the age and intervals considered  
21                medically necessary by the woman's health care provider for  
22                women under 40 years of age and having a family history of  
23                breast cancer, prior personal history of breast cancer,  
24                positive genetic testing, or other risk factors.

25                (D) A comprehensive ultrasound screening of an entire  
26                breast or breasts if a mammogram demonstrates

1 heterogeneous or dense breast tissue, when medically  
2 necessary as determined by a physician licensed to practice  
3 medicine in all of its branches.

4 (E) A screening MRI when medically necessary, as  
5 determined by a physician licensed to practice medicine in  
6 all of its branches.

7 All screenings shall include a physical breast exam,  
8 instruction on self-examination and information regarding the  
9 frequency of self-examination and its value as a preventative  
10 tool. For purposes of this Section, "low-dose mammography"  
11 means the x-ray examination of the breast using equipment  
12 dedicated specifically for mammography, including the x-ray  
13 tube, filter, compression device, and image receptor, with an  
14 average radiation exposure delivery of less than one rad per  
15 breast for 2 views of an average size breast. The term also  
16 includes digital mammography and includes breast  
17 tomosynthesis. As used in this Section, the term "breast  
18 tomosynthesis" means a radiologic procedure that involves the  
19 acquisition of projection images over the stationary breast to  
20 produce cross-sectional digital three-dimensional images of  
21 the breast. If, at any time, the Secretary of the United States  
22 Department of Health and Human Services, or its successor  
23 agency, promulgates rules or regulations to be published in the  
24 Federal Register or publishes a comment in the Federal Register  
25 or issues an opinion, guidance, or other action that would  
26 require the State, pursuant to any provision of the Patient

1 Protection and Affordable Care Act (Public Law 111-148),  
2 including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any  
3 successor provision, to defray the cost of any coverage for  
4 breast tomosynthesis outlined in this paragraph, then the  
5 requirement that an insurer cover breast tomosynthesis is  
6 inoperative other than any such coverage authorized under  
7 Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and  
8 the State shall not assume any obligation for the cost of  
9 coverage for breast tomosynthesis set forth in this paragraph.

10 On and after January 1, 2016, the Department shall ensure  
11 that all networks of care for adult clients of the Department  
12 include access to at least one breast imaging Center of Imaging  
13 Excellence as certified by the American College of Radiology.

14 On and after January 1, 2012, providers participating in a  
15 quality improvement program approved by the Department shall be  
16 reimbursed for screening and diagnostic mammography at the same  
17 rate as the Medicare program's rates, including the increased  
18 reimbursement for digital mammography.

19 The Department shall convene an expert panel including  
20 representatives of hospitals, free-standing mammography  
21 facilities, and doctors, including radiologists, to establish  
22 quality standards for mammography.

23 On and after January 1, 2017, providers participating in a  
24 breast cancer treatment quality improvement program approved  
25 by the Department shall be reimbursed for breast cancer  
26 treatment at a rate that is no lower than 95% of the Medicare

1 program's rates for the data elements included in the breast  
2 cancer treatment quality program.

3 The Department shall convene an expert panel, including  
4 representatives of hospitals, free standing breast cancer  
5 treatment centers, breast cancer quality organizations, and  
6 doctors, including breast surgeons, reconstructive breast  
7 surgeons, oncologists, and primary care providers to establish  
8 quality standards for breast cancer treatment.

9 Subject to federal approval, the Department shall  
10 establish a rate methodology for mammography at federally  
11 qualified health centers and other encounter-rate clinics.  
12 These clinics or centers may also collaborate with other  
13 hospital-based mammography facilities. By January 1, 2016, the  
14 Department shall report to the General Assembly on the status  
15 of the provision set forth in this paragraph.

16 The Department shall establish a methodology to remind  
17 women who are age-appropriate for screening mammography, but  
18 who have not received a mammogram within the previous 18  
19 months, of the importance and benefit of screening mammography.  
20 The Department shall work with experts in breast cancer  
21 outreach and patient navigation to optimize these reminders and  
22 shall establish a methodology for evaluating their  
23 effectiveness and modifying the methodology based on the  
24 evaluation.

25 The Department shall establish a performance goal for  
26 primary care providers with respect to their female patients

1 over age 40 receiving an annual mammogram. This performance  
2 goal shall be used to provide additional reimbursement in the  
3 form of a quality performance bonus to primary care providers  
4 who meet that goal.

5 The Department shall devise a means of case-managing or  
6 patient navigation for beneficiaries diagnosed with breast  
7 cancer. This program shall initially operate as a pilot program  
8 in areas of the State with the highest incidence of mortality  
9 related to breast cancer. At least one pilot program site shall  
10 be in the metropolitan Chicago area and at least one site shall  
11 be outside the metropolitan Chicago area. On or after July 1,  
12 2016, the pilot program shall be expanded to include one site  
13 in western Illinois, one site in southern Illinois, one site in  
14 central Illinois, and 4 sites within metropolitan Chicago. An  
15 evaluation of the pilot program shall be carried out measuring  
16 health outcomes and cost of care for those served by the pilot  
17 program compared to similarly situated patients who are not  
18 served by the pilot program.

19 The Department shall require all networks of care to  
20 develop a means either internally or by contract with experts  
21 in navigation and community outreach to navigate cancer  
22 patients to comprehensive care in a timely fashion. The  
23 Department shall require all networks of care to include access  
24 for patients diagnosed with cancer to at least one academic  
25 commission on cancer-accredited cancer program as an  
26 in-network covered benefit.

1 Any medical or health care provider shall immediately  
2 recommend, to any pregnant woman who is being provided prenatal  
3 services and is suspected of drug abuse or is addicted as  
4 defined in the Alcoholism and Other Drug Abuse and Dependency  
5 Act, referral to a local substance abuse treatment provider  
6 licensed by the Department of Human Services or to a licensed  
7 hospital which provides substance abuse treatment services.  
8 The Department of Healthcare and Family Services shall assure  
9 coverage for the cost of treatment of the drug abuse or  
10 addiction for pregnant recipients in accordance with the  
11 Illinois Medicaid Program in conjunction with the Department of  
12 Human Services.

13 All medical providers providing medical assistance to  
14 pregnant women under this Code shall receive information from  
15 the Department on the availability of services under the Drug  
16 Free Families with a Future or any comparable program providing  
17 case management services for addicted women, including  
18 information on appropriate referrals for other social services  
19 that may be needed by addicted women in addition to treatment  
20 for addiction.

21 The Illinois Department, in cooperation with the  
22 Departments of Human Services (as successor to the Department  
23 of Alcoholism and Substance Abuse) and Public Health, through a  
24 public awareness campaign, may provide information concerning  
25 treatment for alcoholism and drug abuse and addiction, prenatal  
26 health care, and other pertinent programs directed at reducing

1 the number of drug-affected infants born to recipients of  
2 medical assistance.

3 Neither the Department of Healthcare and Family Services  
4 nor the Department of Human Services shall sanction the  
5 recipient solely on the basis of her substance abuse.

6 The Illinois Department shall establish such regulations  
7 governing the dispensing of health services under this Article  
8 as it shall deem appropriate. The Department should seek the  
9 advice of formal professional advisory committees appointed by  
10 the Director of the Illinois Department for the purpose of  
11 providing regular advice on policy and administrative matters,  
12 information dissemination and educational activities for  
13 medical and health care providers, and consistency in  
14 procedures to the Illinois Department.

15 The Illinois Department may develop and contract with  
16 Partnerships of medical providers to arrange medical services  
17 for persons eligible under Section 5-2 of this Code.  
18 Implementation of this Section may be by demonstration projects  
19 in certain geographic areas. The Partnership shall be  
20 represented by a sponsor organization. The Department, by rule,  
21 shall develop qualifications for sponsors of Partnerships.  
22 Nothing in this Section shall be construed to require that the  
23 sponsor organization be a medical organization.

24 The sponsor must negotiate formal written contracts with  
25 medical providers for physician services, inpatient and  
26 outpatient hospital care, home health services, treatment for

1 alcoholism and substance abuse, and other services determined  
2 necessary by the Illinois Department by rule for delivery by  
3 Partnerships. Physician services must include prenatal and  
4 obstetrical care. The Illinois Department shall reimburse  
5 medical services delivered by Partnership providers to clients  
6 in target areas according to provisions of this Article and the  
7 Illinois Health Finance Reform Act, except that:

8 (1) Physicians participating in a Partnership and  
9 providing certain services, which shall be determined by  
10 the Illinois Department, to persons in areas covered by the  
11 Partnership may receive an additional surcharge for such  
12 services.

13 (2) The Department may elect to consider and negotiate  
14 financial incentives to encourage the development of  
15 Partnerships and the efficient delivery of medical care.

16 (3) Persons receiving medical services through  
17 Partnerships may receive medical and case management  
18 services above the level usually offered through the  
19 medical assistance program.

20 Medical providers shall be required to meet certain  
21 qualifications to participate in Partnerships to ensure the  
22 delivery of high quality medical services. These  
23 qualifications shall be determined by rule of the Illinois  
24 Department and may be higher than qualifications for  
25 participation in the medical assistance program. Partnership  
26 sponsors may prescribe reasonable additional qualifications

1 for participation by medical providers, only with the prior  
2 written approval of the Illinois Department.

3 Nothing in this Section shall limit the free choice of  
4 practitioners, hospitals, and other providers of medical  
5 services by clients. In order to ensure patient freedom of  
6 choice, the Illinois Department shall immediately promulgate  
7 all rules and take all other necessary actions so that provided  
8 services may be accessed from therapeutically certified  
9 optometrists to the full extent of the Illinois Optometric  
10 Practice Act of 1987 without discriminating between service  
11 providers.

12 The Department shall apply for a waiver from the United  
13 States Health Care Financing Administration to allow for the  
14 implementation of Partnerships under this Section.

15 The Illinois Department shall require health care  
16 providers to maintain records that document the medical care  
17 and services provided to recipients of Medical Assistance under  
18 this Article. Such records must be retained for a period of not  
19 less than 6 years from the date of service or as provided by  
20 applicable State law, whichever period is longer, except that  
21 if an audit is initiated within the required retention period  
22 then the records must be retained until the audit is completed  
23 and every exception is resolved. The Illinois Department shall  
24 require health care providers to make available, when  
25 authorized by the patient, in writing, the medical records in a  
26 timely fashion to other health care providers who are treating

1 or serving persons eligible for Medical Assistance under this  
2 Article. All dispensers of medical services shall be required  
3 to maintain and retain business and professional records  
4 sufficient to fully and accurately document the nature, scope,  
5 details and receipt of the health care provided to persons  
6 eligible for medical assistance under this Code, in accordance  
7 with regulations promulgated by the Illinois Department. The  
8 rules and regulations shall require that proof of the receipt  
9 of prescription drugs, dentures, prosthetic devices and  
10 eyeglasses by eligible persons under this Section accompany  
11 each claim for reimbursement submitted by the dispenser of such  
12 medical services. No such claims for reimbursement shall be  
13 approved for payment by the Illinois Department without such  
14 proof of receipt, unless the Illinois Department shall have put  
15 into effect and shall be operating a system of post-payment  
16 audit and review which shall, on a sampling basis, be deemed  
17 adequate by the Illinois Department to assure that such drugs,  
18 dentures, prosthetic devices and eyeglasses for which payment  
19 is being made are actually being received by eligible  
20 recipients. Within 90 days after September 16, 1984 (the  
21 effective date of Public Act 83-1439), the Illinois Department  
22 shall establish a current list of acquisition costs for all  
23 prosthetic devices and any other items recognized as medical  
24 equipment and supplies reimbursable under this Article and  
25 shall update such list on a quarterly basis, except that the  
26 acquisition costs of all prescription drugs shall be updated no

1 less frequently than every 30 days as required by Section  
2 5-5.12.

3 The rules and regulations of the Illinois Department shall  
4 require that a written statement including the required opinion  
5 of a physician shall accompany any claim for reimbursement for  
6 abortions, or induced miscarriages or premature births. This  
7 statement shall indicate what procedures were used in providing  
8 such medical services.

9 Notwithstanding any other law to the contrary, the Illinois  
10 Department shall, within 365 days after July 22, 2013 (the  
11 effective date of Public Act 98-104), establish procedures to  
12 permit skilled care facilities licensed under the Nursing Home  
13 Care Act to submit monthly billing claims for reimbursement  
14 purposes. Following development of these procedures, the  
15 Department shall, by July 1, 2016, test the viability of the  
16 new system and implement any necessary operational or  
17 structural changes to its information technology platforms in  
18 order to allow for the direct acceptance and payment of nursing  
19 home claims.

20 Notwithstanding any other law to the contrary, the Illinois  
21 Department shall, within 365 days after August 15, 2014 (the  
22 effective date of Public Act 98-963), establish procedures to  
23 permit ID/DD facilities licensed under the ID/DD Community Care  
24 Act and MC/DD facilities licensed under the MC/DD Act to submit  
25 monthly billing claims for reimbursement purposes. Following  
26 development of these procedures, the Department shall have an

1 additional 365 days to test the viability of the new system and  
2 to ensure that any necessary operational or structural changes  
3 to its information technology platforms are implemented.

4 The Illinois Department shall require all dispensers of  
5 medical services, other than an individual practitioner or  
6 group of practitioners, desiring to participate in the Medical  
7 Assistance program established under this Article to disclose  
8 all financial, beneficial, ownership, equity, surety or other  
9 interests in any and all firms, corporations, partnerships,  
10 associations, business enterprises, joint ventures, agencies,  
11 institutions or other legal entities providing any form of  
12 health care services in this State under this Article.

13 The Illinois Department may require that all dispensers of  
14 medical services desiring to participate in the medical  
15 assistance program established under this Article disclose,  
16 under such terms and conditions as the Illinois Department may  
17 by rule establish, all inquiries from clients and attorneys  
18 regarding medical bills paid by the Illinois Department, which  
19 inquiries could indicate potential existence of claims or liens  
20 for the Illinois Department.

21 Enrollment of a vendor shall be subject to a provisional  
22 period and shall be conditional for one year. During the period  
23 of conditional enrollment, the Department may terminate the  
24 vendor's eligibility to participate in, or may disenroll the  
25 vendor from, the medical assistance program without cause.  
26 Unless otherwise specified, such termination of eligibility or

1 disenrollment is not subject to the Department's hearing  
2 process. However, a disenrolled vendor may reapply without  
3 penalty.

4 The Department has the discretion to limit the conditional  
5 enrollment period for vendors based upon category of risk of  
6 the vendor.

7 Prior to enrollment and during the conditional enrollment  
8 period in the medical assistance program, all vendors shall be  
9 subject to enhanced oversight, screening, and review based on  
10 the risk of fraud, waste, and abuse that is posed by the  
11 category of risk of the vendor. The Illinois Department shall  
12 establish the procedures for oversight, screening, and review,  
13 which may include, but need not be limited to: criminal and  
14 financial background checks; fingerprinting; license,  
15 certification, and authorization verifications; unscheduled or  
16 unannounced site visits; database checks; prepayment audit  
17 reviews; audits; payment caps; payment suspensions; and other  
18 screening as required by federal or State law.

19 The Department shall define or specify the following: (i)  
20 by provider notice, the "category of risk of the vendor" for  
21 each type of vendor, which shall take into account the level of  
22 screening applicable to a particular category of vendor under  
23 federal law and regulations; (ii) by rule or provider notice,  
24 the maximum length of the conditional enrollment period for  
25 each category of risk of the vendor; and (iii) by rule, the  
26 hearing rights, if any, afforded to a vendor in each category

1 of risk of the vendor that is terminated or disenrolled during  
2 the conditional enrollment period.

3 To be eligible for payment consideration, a vendor's  
4 payment claim or bill, either as an initial claim or as a  
5 resubmitted claim following prior rejection, must be received  
6 by the Illinois Department, or its fiscal intermediary, no  
7 later than 180 days after the latest date on the claim on which  
8 medical goods or services were provided, with the following  
9 exceptions:

10 (1) In the case of a provider whose enrollment is in  
11 process by the Illinois Department, the 180-day period  
12 shall not begin until the date on the written notice from  
13 the Illinois Department that the provider enrollment is  
14 complete.

15 (2) In the case of errors attributable to the Illinois  
16 Department or any of its claims processing intermediaries  
17 which result in an inability to receive, process, or  
18 adjudicate a claim, the 180-day period shall not begin  
19 until the provider has been notified of the error.

20 (3) In the case of a provider for whom the Illinois  
21 Department initiates the monthly billing process.

22 (4) In the case of a provider operated by a unit of  
23 local government with a population exceeding 3,000,000  
24 when local government funds finance federal participation  
25 for claims payments.

26 For claims for services rendered during a period for which

1 a recipient received retroactive eligibility, claims must be  
2 filed within 180 days after the Department determines the  
3 applicant is eligible. For claims for which the Illinois  
4 Department is not the primary payer, claims must be submitted  
5 to the Illinois Department within 180 days after the final  
6 adjudication by the primary payer.

7 In the case of long term care facilities, within 45  
8 calendar days ~~5 days of receipt by the facility of required~~  
9 ~~prescreening information, data for new admissions shall be~~  
10 ~~entered into the Medical Electronic Data Interchange (MEDI) or~~  
11 ~~the Recipient Eligibility Verification (REV) System or~~  
12 ~~successor system, and within 15 days of receipt by the facility~~  
13 of required prescreening information, new admissions with  
14 associated admission documents shall be submitted through the  
15 Medical Electronic Data Interchange (MEDI) or the Recipient  
16 Eligibility Verification (REV) System ~~MEDI or REV~~ or shall be  
17 submitted directly to the Department of Human Services using  
18 required admission forms. Effective September 1, 2014,  
19 admission documents, including all prescreening information,  
20 must be submitted through MEDI or REV. Confirmation numbers  
21 assigned to an accepted transaction shall be retained by a  
22 facility to verify timely submittal. Once an admission  
23 transaction has been completed, all resubmitted claims  
24 following prior rejection are subject to receipt no later than  
25 180 days after the admission transaction has been completed.

26 Claims that are not submitted and received in compliance

1 with the foregoing requirements shall not be eligible for  
2 payment under the medical assistance program, and the State  
3 shall have no liability for payment of those claims.

4 To the extent consistent with applicable information and  
5 privacy, security, and disclosure laws, State and federal  
6 agencies and departments shall provide the Illinois Department  
7 access to confidential and other information and data necessary  
8 to perform eligibility and payment verifications and other  
9 Illinois Department functions. This includes, but is not  
10 limited to: information pertaining to licensure;  
11 certification; earnings; immigration status; citizenship; wage  
12 reporting; unearned and earned income; pension income;  
13 employment; supplemental security income; social security  
14 numbers; National Provider Identifier (NPI) numbers; the  
15 National Practitioner Data Bank (NPDB); program and agency  
16 exclusions; taxpayer identification numbers; tax delinquency;  
17 corporate information; and death records.

18 The Illinois Department shall enter into agreements with  
19 State agencies and departments, and is authorized to enter into  
20 agreements with federal agencies and departments, under which  
21 such agencies and departments shall share data necessary for  
22 medical assistance program integrity functions and oversight.  
23 The Illinois Department shall develop, in cooperation with  
24 other State departments and agencies, and in compliance with  
25 applicable federal laws and regulations, appropriate and  
26 effective methods to share such data. At a minimum, and to the

1 extent necessary to provide data sharing, the Illinois  
2 Department shall enter into agreements with State agencies and  
3 departments, and is authorized to enter into agreements with  
4 federal agencies and departments, including but not limited to:  
5 the Secretary of State; the Department of Revenue; the  
6 Department of Public Health; the Department of Human Services;  
7 and the Department of Financial and Professional Regulation.

8 Beginning in fiscal year 2013, the Illinois Department  
9 shall set forth a request for information to identify the  
10 benefits of a pre-payment, post-adjudication, and post-edit  
11 claims system with the goals of streamlining claims processing  
12 and provider reimbursement, reducing the number of pending or  
13 rejected claims, and helping to ensure a more transparent  
14 adjudication process through the utilization of: (i) provider  
15 data verification and provider screening technology; and (ii)  
16 clinical code editing; and (iii) pre-pay, pre- or  
17 post-adjudicated predictive modeling with an integrated case  
18 management system with link analysis. Such a request for  
19 information shall not be considered as a request for proposal  
20 or as an obligation on the part of the Illinois Department to  
21 take any action or acquire any products or services.

22 The Illinois Department shall establish policies,  
23 procedures, standards and criteria by rule for the acquisition,  
24 repair and replacement of orthotic and prosthetic devices and  
25 durable medical equipment. Such rules shall provide, but not be  
26 limited to, the following services: (1) immediate repair or

1 replacement of such devices by recipients; and (2) rental,  
2 lease, purchase or lease-purchase of durable medical equipment  
3 in a cost-effective manner, taking into consideration the  
4 recipient's medical prognosis, the extent of the recipient's  
5 needs, and the requirements and costs for maintaining such  
6 equipment. Subject to prior approval, such rules shall enable a  
7 recipient to temporarily acquire and use alternative or  
8 substitute devices or equipment pending repairs or  
9 replacements of any device or equipment previously authorized  
10 for such recipient by the Department. Notwithstanding any  
11 provision of Section 5-5f to the contrary, the Department may,  
12 by rule, exempt certain replacement wheelchair parts from prior  
13 approval and, for wheelchairs, wheelchair parts, wheelchair  
14 accessories, and related seating and positioning items,  
15 determine the wholesale price by methods other than actual  
16 acquisition costs.

17 The Department shall require, by rule, all providers of  
18 durable medical equipment to be accredited by an accreditation  
19 organization approved by the federal Centers for Medicare and  
20 Medicaid Services and recognized by the Department in order to  
21 bill the Department for providing durable medical equipment to  
22 recipients. No later than 15 months after the effective date of  
23 the rule adopted pursuant to this paragraph, all providers must  
24 meet the accreditation requirement.

25 The Department shall execute, relative to the nursing home  
26 prescreening project, written inter-agency agreements with the

1 Department of Human Services and the Department on Aging, to  
2 effect the following: (i) intake procedures and common  
3 eligibility criteria for those persons who are receiving  
4 non-institutional services; and (ii) the establishment and  
5 development of non-institutional services in areas of the State  
6 where they are not currently available or are undeveloped; and  
7 (iii) notwithstanding any other provision of law, subject to  
8 federal approval, on and after July 1, 2012, an increase in the  
9 determination of need (DON) scores from 29 to 37 for applicants  
10 for institutional and home and community-based long term care;  
11 if and only if federal approval is not granted, the Department  
12 may, in conjunction with other affected agencies, implement  
13 utilization controls or changes in benefit packages to  
14 effectuate a similar savings amount for this population; and  
15 (iv) no later than July 1, 2013, minimum level of care  
16 eligibility criteria for institutional and home and  
17 community-based long term care; and (v) no later than October  
18 1, 2013, establish procedures to permit long term care  
19 providers access to eligibility scores for individuals with an  
20 admission date who are seeking or receiving services from the  
21 long term care provider. In order to select the minimum level  
22 of care eligibility criteria, the Governor shall establish a  
23 workgroup that includes affected agency representatives and  
24 stakeholders representing the institutional and home and  
25 community-based long term care interests. This Section shall  
26 not restrict the Department from implementing lower level of

1 care eligibility criteria for community-based services in  
2 circumstances where federal approval has been granted.

3 The Illinois Department shall develop and operate, in  
4 cooperation with other State Departments and agencies and in  
5 compliance with applicable federal laws and regulations,  
6 appropriate and effective systems of health care evaluation and  
7 programs for monitoring of utilization of health care services  
8 and facilities, as it affects persons eligible for medical  
9 assistance under this Code.

10 The Illinois Department shall report annually to the  
11 General Assembly, no later than the second Friday in April of  
12 1979 and each year thereafter, in regard to:

13 (a) actual statistics and trends in utilization of  
14 medical services by public aid recipients;

15 (b) actual statistics and trends in the provision of  
16 the various medical services by medical vendors;

17 (c) current rate structures and proposed changes in  
18 those rate structures for the various medical vendors; and

19 (d) efforts at utilization review and control by the  
20 Illinois Department.

21 The period covered by each report shall be the 3 years  
22 ending on the June 30 prior to the report. The report shall  
23 include suggested legislation for consideration by the General  
24 Assembly. The filing of one copy of the report with the  
25 Speaker, one copy with the Minority Leader and one copy with  
26 the Clerk of the House of Representatives, one copy with the

1 President, one copy with the Minority Leader and one copy with  
2 the Secretary of the Senate, one copy with the Legislative  
3 Research Unit, and such additional copies with the State  
4 Government Report Distribution Center for the General Assembly  
5 as is required under paragraph (t) of Section 7 of the State  
6 Library Act shall be deemed sufficient to comply with this  
7 Section.

8 Rulemaking authority to implement Public Act 95-1045, if  
9 any, is conditioned on the rules being adopted in accordance  
10 with all provisions of the Illinois Administrative Procedure  
11 Act and all rules and procedures of the Joint Committee on  
12 Administrative Rules; any purported rule not so adopted, for  
13 whatever reason, is unauthorized.

14 On and after July 1, 2012, the Department shall reduce any  
15 rate of reimbursement for services or other payments or alter  
16 any methodologies authorized by this Code to reduce any rate of  
17 reimbursement for services or other payments in accordance with  
18 Section 5-5e.

19 Because kidney transplantation can be an appropriate, cost  
20 effective alternative to renal dialysis when medically  
21 necessary and notwithstanding the provisions of Section 1-11 of  
22 this Code, beginning October 1, 2014, the Department shall  
23 cover kidney transplantation for noncitizens with end-stage  
24 renal disease who are not eligible for comprehensive medical  
25 benefits, who meet the residency requirements of Section 5-3 of  
26 this Code, and who would otherwise meet the financial

1 requirements of the appropriate class of eligible persons under  
2 Section 5-2 of this Code. To qualify for coverage of kidney  
3 transplantation, such person must be receiving emergency renal  
4 dialysis services covered by the Department. Providers under  
5 this Section shall be prior approved and certified by the  
6 Department to perform kidney transplantation and the services  
7 under this Section shall be limited to services associated with  
8 kidney transplantation.

9 Notwithstanding any other provision of this Code to the  
10 contrary, on or after July 1, 2015, all FDA approved forms of  
11 medication assisted treatment prescribed for the treatment of  
12 alcohol dependence or treatment of opioid dependence shall be  
13 covered under both fee for service and managed care medical  
14 assistance programs for persons who are otherwise eligible for  
15 medical assistance under this Article and shall not be subject  
16 to any (1) utilization control, other than those established  
17 under the American Society of Addiction Medicine patient  
18 placement criteria, (2) prior authorization mandate, or (3)  
19 lifetime restriction limit mandate.

20 On or after July 1, 2015, opioid antagonists prescribed for  
21 the treatment of an opioid overdose, including the medication  
22 product, administration devices, and any pharmacy fees related  
23 to the dispensing and administration of the opioid antagonist,  
24 shall be covered under the medical assistance program for  
25 persons who are otherwise eligible for medical assistance under  
26 this Article. As used in this Section, "opioid antagonist"

1 means a drug that binds to opioid receptors and blocks or  
2 inhibits the effect of opioids acting on those receptors,  
3 including, but not limited to, naloxone hydrochloride or any  
4 other similarly acting drug approved by the U.S. Food and Drug  
5 Administration.

6 Upon federal approval, the Department shall provide  
7 coverage and reimbursement for all drugs that are approved for  
8 marketing by the federal Food and Drug Administration and that  
9 are recommended by the federal Public Health Service or the  
10 United States Centers for Disease Control and Prevention for  
11 pre-exposure prophylaxis and related pre-exposure prophylaxis  
12 services, including, but not limited to, HIV and sexually  
13 transmitted infection screening, treatment for sexually  
14 transmitted infections, medical monitoring, assorted labs, and  
15 counseling to reduce the likelihood of HIV infection among  
16 individuals who are not infected with HIV but who are at high  
17 risk of HIV infection.
