LRB100 16511 KTG 36326 a

1 AMENDMENT TO SENATE BILL 2429

2 AMENDMENT NO. \_\_\_\_\_. Amend Senate Bill 2429 by replacing  
3 everything after the enacting clause with the following:

4 "Section 5. The Illinois Public Aid Code is amended by  
5 changing Sections 5-5 and 5-30 as follows:

6 (305 ILCS 5/5-5) (from Ch. 23, par. 5-5)

7 Sec. 5-5. Medical services. The Illinois Department, by  
8 rule, shall determine the quantity and quality of and the rate  
9 of reimbursement for the medical assistance for which payment  
10 will be authorized, and the medical services to be provided,  
11 which may include all or part of the following: (1) inpatient  
12 hospital services; (2) outpatient hospital services; (3) other  
13 laboratory and X-ray services; (4) skilled nursing home  
14 services; (5) physicians' services whether furnished in the  
15 office, the patient's home, a hospital, a skilled nursing home,  
16 or elsewhere; (6) medical care, or any other type of remedial

1 care furnished by licensed practitioners; (7) home health care  
2 services; (8) private duty nursing service; (9) clinic  
3 services; (10) dental services, including prevention and  
4 treatment of periodontal disease and dental caries disease for  
5 pregnant women, provided by an individual licensed to practice  
6 dentistry or dental surgery; for purposes of this item (10),  
7 "dental services" means diagnostic, preventive, or corrective  
8 procedures provided by or under the supervision of a dentist in  
9 the practice of his or her profession; (11) physical therapy  
10 and related services; (12) prescribed drugs, dentures, and  
11 prosthetic devices; and eyeglasses prescribed by a physician  
12 skilled in the diseases of the eye, or by an optometrist,  
13 whichever the person may select; (13) other diagnostic,  
14 screening, preventive, and rehabilitative services, including  
15 to ensure that the individual's need for intervention or  
16 treatment of mental disorders or substance use disorders or  
17 co-occurring mental health and substance use disorders is  
18 determined using a uniform screening, assessment, and  
19 evaluation process inclusive of criteria, for children and  
20 adults; for purposes of this item (13), a uniform screening,  
21 assessment, and evaluation process refers to a process that  
22 includes an appropriate evaluation and, as warranted, a  
23 referral; "uniform" does not mean the use of a singular  
24 instrument, tool, or process that all must utilize; (14)  
25 transportation and such other expenses as may be necessary;  
26 (15) medical treatment of sexual assault survivors, as defined

1 in Section 1a of the Sexual Assault Survivors Emergency  
2 Treatment Act, for injuries sustained as a result of the sexual  
3 assault, including examinations and laboratory tests to  
4 discover evidence which may be used in criminal proceedings  
5 arising from the sexual assault; (16) the diagnosis and  
6 treatment of sickle cell anemia; and (17) any other medical  
7 care, and any other type of remedial care recognized under the  
8 laws of this State. The term "any other type of remedial care"  
9 shall include nursing care and nursing home service for persons  
10 who rely on treatment by spiritual means alone through prayer  
11 for healing.

12 Notwithstanding any other provision of this Section, a  
13 comprehensive tobacco use cessation program that includes  
14 purchasing prescription drugs or prescription medical devices  
15 approved by the Food and Drug Administration shall be covered  
16 under the medical assistance program under this Article for  
17 persons who are otherwise eligible for assistance under this  
18 Article.

19 Notwithstanding any other provision of this Code,  
20 reproductive health care that is otherwise legal in Illinois  
21 shall be covered under the medical assistance program for  
22 persons who are otherwise eligible for medical assistance under  
23 this Article.

24 Notwithstanding any other provision of this Code, the  
25 Illinois Department may not require, as a condition of payment  
26 for any laboratory test authorized under this Article, that a

1 physician's handwritten signature appear on the laboratory  
2 test order form. The Illinois Department may, however, impose  
3 other appropriate requirements regarding laboratory test order  
4 documentation.

5       Upon receipt of federal approval of an amendment to the  
6 Illinois Title XIX State Plan for this purpose, the Department  
7 shall authorize the Chicago Public Schools (CPS) to procure a  
8 vendor or vendors to manufacture eyeglasses for individuals  
9 enrolled in a school within the CPS system. CPS shall ensure  
10 that its vendor or vendors are enrolled as providers in the  
11 medical assistance program and in any capitated Medicaid  
12 managed care entity (MCE) serving individuals enrolled in a  
13 school within the CPS system. Under any contract procured under  
14 this provision, the vendor or vendors must serve only  
15 individuals enrolled in a school within the CPS system. Claims  
16 for services provided by CPS's vendor or vendors to recipients  
17 of benefits in the medical assistance program under this Code,  
18 the Children's Health Insurance Program, or the Covering ALL  
19 KIDS Health Insurance Program shall be submitted to the  
20 Department or the MCE in which the individual is enrolled for  
21 payment and shall be reimbursed at the Department's or the  
22 MCE's established rates or rate methodologies for eyeglasses.

23       On and after July 1, 2012, the Department of Healthcare and  
24 Family Services may provide the following services to persons  
25 eligible for assistance under this Article who are  
26 participating in education, training or employment programs

1 operated by the Department of Human Services as successor to  
2 the Department of Public Aid:

3 (1) dental services provided by or under the  
4 supervision of a dentist; and

5 (2) eyeglasses prescribed by a physician skilled in the  
6 diseases of the eye, or by an optometrist, whichever the  
7 person may select.

8 On and after July 1, 2018, the Department of Healthcare and  
9 Family Services shall provide dental services to any adult who  
10 is otherwise eligible for assistance under the medical  
11 assistance program. As used in this paragraph, "dental  
12 services" means diagnostic, preventative, restorative, or  
13 corrective procedures, including procedures and services for  
14 the prevention and treatment of periodontal disease and dental  
15 caries disease, provided by an individual who is licensed to  
16 practice dentistry or dental surgery or who is under the  
17 supervision of a dentist in the practice of his or her  
18 profession.

19 On and after July 1, 2018, targeted dental services, as set  
20 forth in Exhibit D of the Consent Decree entered by the United  
21 States District Court for the Northern District of Illinois,  
22 Eastern Division, in the matter of Memisovski v. Maram, Case  
23 No. 92 C 1982, that are provided to adults under the medical  
24 assistance program shall be reimbursed at the rates set forth  
25 in the "New Rate" column in Exhibit D of the Consent Decree for  
26 targeted dental services that are provided to persons under the

1 age of 18 under the medical assistance program.

2       Notwithstanding any other provision of this Code and  
3 subject to federal approval, the Department may adopt rules to  
4 allow a dentist who is volunteering his or her service at no  
5 cost to render dental services through an enrolled  
6 not-for-profit health clinic without the dentist personally  
7 enrolling as a participating provider in the medical assistance  
8 program. A not-for-profit health clinic shall include a public  
9 health clinic or Federally Qualified Health Center or other  
10 enrolled provider, as determined by the Department, through  
11 which dental services covered under this Section are performed.  
12 The Department shall establish a process for payment of claims  
13 for reimbursement for covered dental services rendered under  
14 this provision.

15       The Illinois Department, by rule, may distinguish and  
16 classify the medical services to be provided only in accordance  
17 with the classes of persons designated in Section 5-2.

18       The Department of Healthcare and Family Services must  
19 provide coverage and reimbursement for amino acid-based  
20 elemental formulas, regardless of delivery method, for the  
21 diagnosis and treatment of (i) eosinophilic disorders and (ii)  
22 short bowel syndrome when the prescribing physician has issued  
23 a written order stating that the amino acid-based elemental  
24 formula is medically necessary.

25       The Illinois Department shall authorize the provision of,  
26 and shall authorize payment for, screening by low-dose

1 mammography for the presence of occult breast cancer for women  
2 35 years of age or older who are eligible for medical  
3 assistance under this Article, as follows:

4 (A) A baseline mammogram for women 35 to 39 years of  
5 age.

6 (B) An annual mammogram for women 40 years of age or  
7 older.

8 (C) A mammogram at the age and intervals considered  
9 medically necessary by the woman's health care provider for  
10 women under 40 years of age and having a family history of  
11 breast cancer, prior personal history of breast cancer,  
12 positive genetic testing, or other risk factors.

13 (D) A comprehensive ultrasound screening and MRI of an  
14 entire breast or breasts if a mammogram demonstrates  
15 heterogeneous or dense breast tissue, when medically  
16 necessary as determined by a physician licensed to practice  
17 medicine in all of its branches.

18 (E) A screening MRI when medically necessary, as  
19 determined by a physician licensed to practice medicine in  
20 all of its branches.

21 All screenings shall include a physical breast exam,  
22 instruction on self-examination and information regarding the  
23 frequency of self-examination and its value as a preventative  
24 tool. For purposes of this Section, "low-dose mammography"  
25 means the x-ray examination of the breast using equipment  
26 dedicated specifically for mammography, including the x-ray

1 tube, filter, compression device, and image receptor, with an  
2 average radiation exposure delivery of less than one rad per  
3 breast for 2 views of an average size breast. The term also  
4 includes digital mammography and includes breast  
5 tomosynthesis. As used in this Section, the term "breast  
6 tomosynthesis" means a radiologic procedure that involves the  
7 acquisition of projection images over the stationary breast to  
8 produce cross-sectional digital three-dimensional images of  
9 the breast. If, at any time, the Secretary of the United States  
10 Department of Health and Human Services, or its successor  
11 agency, promulgates rules or regulations to be published in the  
12 Federal Register or publishes a comment in the Federal Register  
13 or issues an opinion, guidance, or other action that would  
14 require the State, pursuant to any provision of the Patient  
15 Protection and Affordable Care Act (Public Law 111-148),  
16 including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any  
17 successor provision, to defray the cost of any coverage for  
18 breast tomosynthesis outlined in this paragraph, then the  
19 requirement that an insurer cover breast tomosynthesis is  
20 inoperative other than any such coverage authorized under  
21 Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and  
22 the State shall not assume any obligation for the cost of  
23 coverage for breast tomosynthesis set forth in this paragraph.

24 On and after January 1, 2016, the Department shall ensure  
25 that all networks of care for adult clients of the Department  
26 include access to at least one breast imaging Center of Imaging

1 Excellence as certified by the American College of Radiology.

2 On and after January 1, 2012, providers participating in a  
3 quality improvement program approved by the Department shall be  
4 reimbursed for screening and diagnostic mammography at the same  
5 rate as the Medicare program's rates, including the increased  
6 reimbursement for digital mammography.

7 The Department shall convene an expert panel including  
8 representatives of hospitals, free-standing mammography  
9 facilities, and doctors, including radiologists, to establish  
10 quality standards for mammography.

11 On and after January 1, 2017, providers participating in a  
12 breast cancer treatment quality improvement program approved  
13 by the Department shall be reimbursed for breast cancer  
14 treatment at a rate that is no lower than 95% of the Medicare  
15 program's rates for the data elements included in the breast  
16 cancer treatment quality program.

17 The Department shall convene an expert panel, including  
18 representatives of hospitals, free standing breast cancer  
19 treatment centers, breast cancer quality organizations, and  
20 doctors, including breast surgeons, reconstructive breast  
21 surgeons, oncologists, and primary care providers to establish  
22 quality standards for breast cancer treatment.

23 Subject to federal approval, the Department shall  
24 establish a rate methodology for mammography at federally  
25 qualified health centers and other encounter-rate clinics.  
26 These clinics or centers may also collaborate with other

1 hospital-based mammography facilities. By January 1, 2016, the  
2 Department shall report to the General Assembly on the status  
3 of the provision set forth in this paragraph.

4 The Department shall establish a methodology to remind  
5 women who are age-appropriate for screening mammography, but  
6 who have not received a mammogram within the previous 18  
7 months, of the importance and benefit of screening mammography.  
8 The Department shall work with experts in breast cancer  
9 outreach and patient navigation to optimize these reminders and  
10 shall establish a methodology for evaluating their  
11 effectiveness and modifying the methodology based on the  
12 evaluation.

13 The Department shall establish a performance goal for  
14 primary care providers with respect to their female patients  
15 over age 40 receiving an annual mammogram. This performance  
16 goal shall be used to provide additional reimbursement in the  
17 form of a quality performance bonus to primary care providers  
18 who meet that goal.

19 The Department shall devise a means of case-managing or  
20 patient navigation for beneficiaries diagnosed with breast  
21 cancer. This program shall initially operate as a pilot program  
22 in areas of the State with the highest incidence of mortality  
23 related to breast cancer. At least one pilot program site shall  
24 be in the metropolitan Chicago area and at least one site shall  
25 be outside the metropolitan Chicago area. On or after July 1,  
26 2016, the pilot program shall be expanded to include one site

1 in western Illinois, one site in southern Illinois, one site in  
2 central Illinois, and 4 sites within metropolitan Chicago. An  
3 evaluation of the pilot program shall be carried out measuring  
4 health outcomes and cost of care for those served by the pilot  
5 program compared to similarly situated patients who are not  
6 served by the pilot program.

7 The Department shall require all networks of care to  
8 develop a means either internally or by contract with experts  
9 in navigation and community outreach to navigate cancer  
10 patients to comprehensive care in a timely fashion. The  
11 Department shall require all networks of care to include access  
12 for patients diagnosed with cancer to at least one academic  
13 commission on cancer-accredited cancer program as an  
14 in-network covered benefit.

15 Any medical or health care provider shall immediately  
16 recommend, to any pregnant woman who is being provided prenatal  
17 services and is suspected of drug abuse or is addicted as  
18 defined in the Alcoholism and Other Drug Abuse and Dependency  
19 Act, referral to a local substance abuse treatment provider  
20 licensed by the Department of Human Services or to a licensed  
21 hospital which provides substance abuse treatment services.  
22 The Department of Healthcare and Family Services shall assure  
23 coverage for the cost of treatment of the drug abuse or  
24 addiction for pregnant recipients in accordance with the  
25 Illinois Medicaid Program in conjunction with the Department of  
26 Human Services.

1 All medical providers providing medical assistance to  
2 pregnant women under this Code shall receive information from  
3 the Department on the availability of services under the Drug  
4 Free Families with a Future or any comparable program providing  
5 case management services for addicted women, including  
6 information on appropriate referrals for other social services  
7 that may be needed by addicted women in addition to treatment  
8 for addiction.

9 The Illinois Department, in cooperation with the  
10 Departments of Human Services (as successor to the Department  
11 of Alcoholism and Substance Abuse) and Public Health, through a  
12 public awareness campaign, may provide information concerning  
13 treatment for alcoholism and drug abuse and addiction, prenatal  
14 health care, and other pertinent programs directed at reducing  
15 the number of drug-affected infants born to recipients of  
16 medical assistance.

17 Neither the Department of Healthcare and Family Services  
18 nor the Department of Human Services shall sanction the  
19 recipient solely on the basis of her substance abuse.

20 The Illinois Department shall establish such regulations  
21 governing the dispensing of health services under this Article  
22 as it shall deem appropriate. The Department should seek the  
23 advice of formal professional advisory committees appointed by  
24 the Director of the Illinois Department for the purpose of  
25 providing regular advice on policy and administrative matters,  
26 information dissemination and educational activities for

1 medical and health care providers, and consistency in  
2 procedures to the Illinois Department.

3 The Illinois Department may develop and contract with  
4 Partnerships of medical providers to arrange medical services  
5 for persons eligible under Section 5-2 of this Code.  
6 Implementation of this Section may be by demonstration projects  
7 in certain geographic areas. The Partnership shall be  
8 represented by a sponsor organization. The Department, by rule,  
9 shall develop qualifications for sponsors of Partnerships.  
10 Nothing in this Section shall be construed to require that the  
11 sponsor organization be a medical organization.

12 The sponsor must negotiate formal written contracts with  
13 medical providers for physician services, inpatient and  
14 outpatient hospital care, home health services, treatment for  
15 alcoholism and substance abuse, and other services determined  
16 necessary by the Illinois Department by rule for delivery by  
17 Partnerships. Physician services must include prenatal and  
18 obstetrical care. The Illinois Department shall reimburse  
19 medical services delivered by Partnership providers to clients  
20 in target areas according to provisions of this Article and the  
21 Illinois Health Finance Reform Act, except that:

22 (1) Physicians participating in a Partnership and  
23 providing certain services, which shall be determined by  
24 the Illinois Department, to persons in areas covered by the  
25 Partnership may receive an additional surcharge for such  
26 services.

1           (2) The Department may elect to consider and negotiate  
2 financial incentives to encourage the development of  
3 Partnerships and the efficient delivery of medical care.

4           (3) Persons receiving medical services through  
5 Partnerships may receive medical and case management  
6 services above the level usually offered through the  
7 medical assistance program.

8           Medical providers shall be required to meet certain  
9 qualifications to participate in Partnerships to ensure the  
10 delivery of high quality medical services. These  
11 qualifications shall be determined by rule of the Illinois  
12 Department and may be higher than qualifications for  
13 participation in the medical assistance program. Partnership  
14 sponsors may prescribe reasonable additional qualifications  
15 for participation by medical providers, only with the prior  
16 written approval of the Illinois Department.

17           Nothing in this Section shall limit the free choice of  
18 practitioners, hospitals, and other providers of medical  
19 services by clients. In order to ensure patient freedom of  
20 choice, the Illinois Department shall immediately promulgate  
21 all rules and take all other necessary actions so that provided  
22 services may be accessed from therapeutically certified  
23 optometrists to the full extent of the Illinois Optometric  
24 Practice Act of 1987 without discriminating between service  
25 providers.

26           The Department shall apply for a waiver from the United

1 States Health Care Financing Administration to allow for the  
2 implementation of Partnerships under this Section.

3 The Illinois Department shall require health care  
4 providers to maintain records that document the medical care  
5 and services provided to recipients of Medical Assistance under  
6 this Article. Such records must be retained for a period of not  
7 less than 6 years from the date of service or as provided by  
8 applicable State law, whichever period is longer, except that  
9 if an audit is initiated within the required retention period  
10 then the records must be retained until the audit is completed  
11 and every exception is resolved. The Illinois Department shall  
12 require health care providers to make available, when  
13 authorized by the patient, in writing, the medical records in a  
14 timely fashion to other health care providers who are treating  
15 or serving persons eligible for Medical Assistance under this  
16 Article. All dispensers of medical services shall be required  
17 to maintain and retain business and professional records  
18 sufficient to fully and accurately document the nature, scope,  
19 details and receipt of the health care provided to persons  
20 eligible for medical assistance under this Code, in accordance  
21 with regulations promulgated by the Illinois Department. The  
22 rules and regulations shall require that proof of the receipt  
23 of prescription drugs, dentures, prosthetic devices and  
24 eyeglasses by eligible persons under this Section accompany  
25 each claim for reimbursement submitted by the dispenser of such  
26 medical services. No such claims for reimbursement shall be

1 approved for payment by the Illinois Department without such  
2 proof of receipt, unless the Illinois Department shall have put  
3 into effect and shall be operating a system of post-payment  
4 audit and review which shall, on a sampling basis, be deemed  
5 adequate by the Illinois Department to assure that such drugs,  
6 dentures, prosthetic devices and eyeglasses for which payment  
7 is being made are actually being received by eligible  
8 recipients. Within 90 days after September 16, 1984 (the  
9 effective date of Public Act 83-1439), the Illinois Department  
10 shall establish a current list of acquisition costs for all  
11 prosthetic devices and any other items recognized as medical  
12 equipment and supplies reimbursable under this Article and  
13 shall update such list on a quarterly basis, except that the  
14 acquisition costs of all prescription drugs shall be updated no  
15 less frequently than every 30 days as required by Section  
16 5-5.12.

17 Notwithstanding any other law to the contrary, the Illinois  
18 Department shall, within 365 days after July 22, 2013 (the  
19 effective date of Public Act 98-104), establish procedures to  
20 permit skilled care facilities licensed under the Nursing Home  
21 Care Act to submit monthly billing claims for reimbursement  
22 purposes. Following development of these procedures, the  
23 Department shall, by July 1, 2016, test the viability of the  
24 new system and implement any necessary operational or  
25 structural changes to its information technology platforms in  
26 order to allow for the direct acceptance and payment of nursing

1 home claims.

2 Notwithstanding any other law to the contrary, the Illinois  
3 Department shall, within 365 days after August 15, 2014 (the  
4 effective date of Public Act 98-963), establish procedures to  
5 permit ID/DD facilities licensed under the ID/DD Community Care  
6 Act and MC/DD facilities licensed under the MC/DD Act to submit  
7 monthly billing claims for reimbursement purposes. Following  
8 development of these procedures, the Department shall have an  
9 additional 365 days to test the viability of the new system and  
10 to ensure that any necessary operational or structural changes  
11 to its information technology platforms are implemented.

12 The Illinois Department shall require all dispensers of  
13 medical services, other than an individual practitioner or  
14 group of practitioners, desiring to participate in the Medical  
15 Assistance program established under this Article to disclose  
16 all financial, beneficial, ownership, equity, surety or other  
17 interests in any and all firms, corporations, partnerships,  
18 associations, business enterprises, joint ventures, agencies,  
19 institutions or other legal entities providing any form of  
20 health care services in this State under this Article.

21 The Illinois Department may require that all dispensers of  
22 medical services desiring to participate in the medical  
23 assistance program established under this Article disclose,  
24 under such terms and conditions as the Illinois Department may  
25 by rule establish, all inquiries from clients and attorneys  
26 regarding medical bills paid by the Illinois Department, which

1 inquiries could indicate potential existence of claims or liens  
2 for the Illinois Department.

3 Enrollment of a vendor shall be subject to a provisional  
4 period and shall be conditional for one year. During the period  
5 of conditional enrollment, the Department may terminate the  
6 vendor's eligibility to participate in, or may disenroll the  
7 vendor from, the medical assistance program without cause.  
8 Unless otherwise specified, such termination of eligibility or  
9 disenrollment is not subject to the Department's hearing  
10 process. However, a disenrolled vendor may reapply without  
11 penalty.

12 The Department has the discretion to limit the conditional  
13 enrollment period for vendors based upon category of risk of  
14 the vendor.

15 Prior to enrollment and during the conditional enrollment  
16 period in the medical assistance program, all vendors shall be  
17 subject to enhanced oversight, screening, and review based on  
18 the risk of fraud, waste, and abuse that is posed by the  
19 category of risk of the vendor. The Illinois Department shall  
20 establish the procedures for oversight, screening, and review,  
21 which may include, but need not be limited to: criminal and  
22 financial background checks; fingerprinting; license,  
23 certification, and authorization verifications; unscheduled or  
24 unannounced site visits; database checks; prepayment audit  
25 reviews; audits; payment caps; payment suspensions; and other  
26 screening as required by federal or State law.

1           The Department shall define or specify the following: (i)  
2 by provider notice, the "category of risk of the vendor" for  
3 each type of vendor, which shall take into account the level of  
4 screening applicable to a particular category of vendor under  
5 federal law and regulations; (ii) by rule or provider notice,  
6 the maximum length of the conditional enrollment period for  
7 each category of risk of the vendor; and (iii) by rule, the  
8 hearing rights, if any, afforded to a vendor in each category  
9 of risk of the vendor that is terminated or disenrolled during  
10 the conditional enrollment period.

11           To be eligible for payment consideration, a vendor's  
12 payment claim or bill, either as an initial claim or as a  
13 resubmitted claim following prior rejection, must be received  
14 by the Illinois Department, or its fiscal intermediary, no  
15 later than 180 days after the latest date on the claim on which  
16 medical goods or services were provided, with the following  
17 exceptions:

18           (1) In the case of a provider whose enrollment is in  
19 process by the Illinois Department, the 180-day period  
20 shall not begin until the date on the written notice from  
21 the Illinois Department that the provider enrollment is  
22 complete.

23           (2) In the case of errors attributable to the Illinois  
24 Department or any of its claims processing intermediaries  
25 which result in an inability to receive, process, or  
26 adjudicate a claim, the 180-day period shall not begin

1 until the provider has been notified of the error.

2 (3) In the case of a provider for whom the Illinois  
3 Department initiates the monthly billing process.

4 (4) In the case of a provider operated by a unit of  
5 local government with a population exceeding 3,000,000  
6 when local government funds finance federal participation  
7 for claims payments.

8 For claims for services rendered during a period for which  
9 a recipient received retroactive eligibility, claims must be  
10 filed within 180 days after the Department determines the  
11 applicant is eligible. For claims for which the Illinois  
12 Department is not the primary payer, claims must be submitted  
13 to the Illinois Department within 180 days after the final  
14 adjudication by the primary payer.

15 In the case of long term care facilities, within 45  
16 calendar days of receipt by the facility of required  
17 prescreening information, new admissions with associated  
18 admission documents shall be submitted through the Medical  
19 Electronic Data Interchange (MEDI) or the Recipient  
20 Eligibility Verification (REV) System or shall be submitted  
21 directly to the Department of Human Services using required  
22 admission forms. Effective September 1, 2014, admission  
23 documents, including all prescreening information, must be  
24 submitted through MEDI or REV. Confirmation numbers assigned to  
25 an accepted transaction shall be retained by a facility to  
26 verify timely submittal. Once an admission transaction has been

1 completed, all resubmitted claims following prior rejection  
2 are subject to receipt no later than 180 days after the  
3 admission transaction has been completed.

4 Claims that are not submitted and received in compliance  
5 with the foregoing requirements shall not be eligible for  
6 payment under the medical assistance program, and the State  
7 shall have no liability for payment of those claims.

8 To the extent consistent with applicable information and  
9 privacy, security, and disclosure laws, State and federal  
10 agencies and departments shall provide the Illinois Department  
11 access to confidential and other information and data necessary  
12 to perform eligibility and payment verifications and other  
13 Illinois Department functions. This includes, but is not  
14 limited to: information pertaining to licensure;  
15 certification; earnings; immigration status; citizenship; wage  
16 reporting; unearned and earned income; pension income;  
17 employment; supplemental security income; social security  
18 numbers; National Provider Identifier (NPI) numbers; the  
19 National Practitioner Data Bank (NPDB); program and agency  
20 exclusions; taxpayer identification numbers; tax delinquency;  
21 corporate information; and death records.

22 The Illinois Department shall enter into agreements with  
23 State agencies and departments, and is authorized to enter into  
24 agreements with federal agencies and departments, under which  
25 such agencies and departments shall share data necessary for  
26 medical assistance program integrity functions and oversight.

1 The Illinois Department shall develop, in cooperation with  
2 other State departments and agencies, and in compliance with  
3 applicable federal laws and regulations, appropriate and  
4 effective methods to share such data. At a minimum, and to the  
5 extent necessary to provide data sharing, the Illinois  
6 Department shall enter into agreements with State agencies and  
7 departments, and is authorized to enter into agreements with  
8 federal agencies and departments, including but not limited to:  
9 the Secretary of State; the Department of Revenue; the  
10 Department of Public Health; the Department of Human Services;  
11 and the Department of Financial and Professional Regulation.

12 Beginning in fiscal year 2013, the Illinois Department  
13 shall set forth a request for information to identify the  
14 benefits of a pre-payment, post-adjudication, and post-edit  
15 claims system with the goals of streamlining claims processing  
16 and provider reimbursement, reducing the number of pending or  
17 rejected claims, and helping to ensure a more transparent  
18 adjudication process through the utilization of: (i) provider  
19 data verification and provider screening technology; and (ii)  
20 clinical code editing; and (iii) pre-pay, pre- or  
21 post-adjudicated predictive modeling with an integrated case  
22 management system with link analysis. Such a request for  
23 information shall not be considered as a request for proposal  
24 or as an obligation on the part of the Illinois Department to  
25 take any action or acquire any products or services.

26 The Illinois Department shall establish policies,

1 procedures, standards and criteria by rule for the acquisition,  
2 repair and replacement of orthotic and prosthetic devices and  
3 durable medical equipment. Such rules shall provide, but not be  
4 limited to, the following services: (1) immediate repair or  
5 replacement of such devices by recipients; and (2) rental,  
6 lease, purchase or lease-purchase of durable medical equipment  
7 in a cost-effective manner, taking into consideration the  
8 recipient's medical prognosis, the extent of the recipient's  
9 needs, and the requirements and costs for maintaining such  
10 equipment. Subject to prior approval, such rules shall enable a  
11 recipient to temporarily acquire and use alternative or  
12 substitute devices or equipment pending repairs or  
13 replacements of any device or equipment previously authorized  
14 for such recipient by the Department. Notwithstanding any  
15 provision of Section 5-5f to the contrary, the Department may,  
16 by rule, exempt certain replacement wheelchair parts from prior  
17 approval and, for wheelchairs, wheelchair parts, wheelchair  
18 accessories, and related seating and positioning items,  
19 determine the wholesale price by methods other than actual  
20 acquisition costs.

21 The Department shall require, by rule, all providers of  
22 durable medical equipment to be accredited by an accreditation  
23 organization approved by the federal Centers for Medicare and  
24 Medicaid Services and recognized by the Department in order to  
25 bill the Department for providing durable medical equipment to  
26 recipients. No later than 15 months after the effective date of

1 the rule adopted pursuant to this paragraph, all providers must  
2 meet the accreditation requirement.

3 The Department shall execute, relative to the nursing home  
4 prescreening project, written inter-agency agreements with the  
5 Department of Human Services and the Department on Aging, to  
6 effect the following: (i) intake procedures and common  
7 eligibility criteria for those persons who are receiving  
8 non-institutional services; and (ii) the establishment and  
9 development of non-institutional services in areas of the State  
10 where they are not currently available or are undeveloped; and  
11 (iii) notwithstanding any other provision of law, subject to  
12 federal approval, on and after July 1, 2012, an increase in the  
13 determination of need (DON) scores from 29 to 37 for applicants  
14 for institutional and home and community-based long term care;  
15 if and only if federal approval is not granted, the Department  
16 may, in conjunction with other affected agencies, implement  
17 utilization controls or changes in benefit packages to  
18 effectuate a similar savings amount for this population; and  
19 (iv) no later than July 1, 2013, minimum level of care  
20 eligibility criteria for institutional and home and  
21 community-based long term care; and (v) no later than October  
22 1, 2013, establish procedures to permit long term care  
23 providers access to eligibility scores for individuals with an  
24 admission date who are seeking or receiving services from the  
25 long term care provider. In order to select the minimum level  
26 of care eligibility criteria, the Governor shall establish a

1 workgroup that includes affected agency representatives and  
2 stakeholders representing the institutional and home and  
3 community-based long term care interests. This Section shall  
4 not restrict the Department from implementing lower level of  
5 care eligibility criteria for community-based services in  
6 circumstances where federal approval has been granted.

7 The Illinois Department shall develop and operate, in  
8 cooperation with other State Departments and agencies and in  
9 compliance with applicable federal laws and regulations,  
10 appropriate and effective systems of health care evaluation and  
11 programs for monitoring of utilization of health care services  
12 and facilities, as it affects persons eligible for medical  
13 assistance under this Code.

14 The Illinois Department shall report annually to the  
15 General Assembly, no later than the second Friday in April of  
16 1979 and each year thereafter, in regard to:

17 (a) actual statistics and trends in utilization of  
18 medical services by public aid recipients;

19 (b) actual statistics and trends in the provision of  
20 the various medical services by medical vendors;

21 (c) current rate structures and proposed changes in  
22 those rate structures for the various medical vendors; and

23 (d) efforts at utilization review and control by the  
24 Illinois Department.

25 The period covered by each report shall be the 3 years  
26 ending on the June 30 prior to the report. The report shall

1 include suggested legislation for consideration by the General  
2 Assembly. The filing of one copy of the report with the  
3 Speaker, one copy with the Minority Leader and one copy with  
4 the Clerk of the House of Representatives, one copy with the  
5 President, one copy with the Minority Leader and one copy with  
6 the Secretary of the Senate, one copy with the Legislative  
7 Research Unit, and such additional copies with the State  
8 Government Report Distribution Center for the General Assembly  
9 as is required under paragraph (t) of Section 7 of the State  
10 Library Act shall be deemed sufficient to comply with this  
11 Section.

12 Rulemaking authority to implement Public Act 95-1045, if  
13 any, is conditioned on the rules being adopted in accordance  
14 with all provisions of the Illinois Administrative Procedure  
15 Act and all rules and procedures of the Joint Committee on  
16 Administrative Rules; any purported rule not so adopted, for  
17 whatever reason, is unauthorized.

18 On and after July 1, 2012, the Department shall reduce any  
19 rate of reimbursement for services or other payments or alter  
20 any methodologies authorized by this Code to reduce any rate of  
21 reimbursement for services or other payments in accordance with  
22 Section 5-5e.

23 Because kidney transplantation can be an appropriate, cost  
24 effective alternative to renal dialysis when medically  
25 necessary and notwithstanding the provisions of Section 1-11 of  
26 this Code, beginning October 1, 2014, the Department shall

1 cover kidney transplantation for noncitizens with end-stage  
2 renal disease who are not eligible for comprehensive medical  
3 benefits, who meet the residency requirements of Section 5-3 of  
4 this Code, and who would otherwise meet the financial  
5 requirements of the appropriate class of eligible persons under  
6 Section 5-2 of this Code. To qualify for coverage of kidney  
7 transplantation, such person must be receiving emergency renal  
8 dialysis services covered by the Department. Providers under  
9 this Section shall be prior approved and certified by the  
10 Department to perform kidney transplantation and the services  
11 under this Section shall be limited to services associated with  
12 kidney transplantation.

13 Notwithstanding any other provision of this Code to the  
14 contrary, on or after July 1, 2015, all FDA approved forms of  
15 medication assisted treatment prescribed for the treatment of  
16 alcohol dependence or treatment of opioid dependence shall be  
17 covered under both fee for service and managed care medical  
18 assistance programs for persons who are otherwise eligible for  
19 medical assistance under this Article and shall not be subject  
20 to any (1) utilization control, other than those established  
21 under the American Society of Addiction Medicine patient  
22 placement criteria, (2) prior authorization mandate, or (3)  
23 lifetime restriction limit mandate.

24 On or after July 1, 2015, opioid antagonists prescribed for  
25 the treatment of an opioid overdose, including the medication  
26 product, administration devices, and any pharmacy fees related

1 to the dispensing and administration of the opioid antagonist,  
2 shall be covered under the medical assistance program for  
3 persons who are otherwise eligible for medical assistance under  
4 this Article. As used in this Section, "opioid antagonist"  
5 means a drug that binds to opioid receptors and blocks or  
6 inhibits the effect of opioids acting on those receptors,  
7 including, but not limited to, naloxone hydrochloride or any  
8 other similarly acting drug approved by the U.S. Food and Drug  
9 Administration.

10 Upon federal approval, the Department shall provide  
11 coverage and reimbursement for all drugs that are approved for  
12 marketing by the federal Food and Drug Administration and that  
13 are recommended by the federal Public Health Service or the  
14 United States Centers for Disease Control and Prevention for  
15 pre-exposure prophylaxis and related pre-exposure prophylaxis  
16 services, including, but not limited to, HIV and sexually  
17 transmitted infection screening, treatment for sexually  
18 transmitted infections, medical monitoring, assorted labs, and  
19 counseling to reduce the likelihood of HIV infection among  
20 individuals who are not infected with HIV but who are at high  
21 risk of HIV infection.

22 Notwithstanding any other law to the contrary, the  
23 Department shall not adopt any rule or enter into any contract  
24 that prohibits reimbursement under the medical assistance  
25 program to an eligible clinic for a dental encounter for  
26 services performed by an individual licensed to practice

1 dentistry or dental hygiene under the Illinois Dental Practice  
2 Act.

10 (305 ILCS 5/5-30)

11 Sec. 5-30. Care coordination.

12 (a) At least 50% of recipients eligible for comprehensive  
13 medical benefits in all medical assistance programs or other  
14 health benefit programs administered by the Department,  
15 including the Children's Health Insurance Program Act and the  
16 Covering ALL KIDS Health Insurance Act, shall be enrolled in a  
17 care coordination program by no later than January 1, 2015. For  
18 purposes of this Section, "coordinated care" or "care  
19 coordination" means delivery systems where recipients will  
20 receive their care from providers who participate under  
21 contract in integrated delivery systems that are responsible  
22 for providing or arranging the majority of care, including  
23 primary care physician services, referrals from primary care  
24 physicians, diagnostic and treatment services, behavioral  
25 health services, in-patient and outpatient hospital services,

1 dental services, and rehabilitation and long-term care  
2 services. The Department shall designate or contract for such  
3 integrated delivery systems (i) to ensure enrollees have a  
4 choice of systems and of primary care providers within such  
5 systems; (ii) to ensure that enrollees receive quality care in  
6 a culturally and linguistically appropriate manner; and (iii)  
7 to ensure that coordinated care programs meet the diverse needs  
8 of enrollees with developmental, mental health, physical, and  
9 age-related disabilities. When the integrated delivery system  
10 requires the subcontracting of a dental administrator to  
11 provide dental services, care coordination shall include, but  
12 not be limited to, providing the dental administrator with the  
13 health status of medically compromised enrollees such as  
14 pregnant women and diabetic enrollees so that the dental  
15 administrator can actively promote and arrange for the  
16 enrollees to obtain the necessary dental services.

17 (b) Payment for such coordinated care shall be based on  
18 arrangements where the State pays for performance related to  
19 health care outcomes, the use of evidence-based practices, the  
20 use of primary care delivered through comprehensive medical  
21 homes, the use of electronic medical records, and the  
22 appropriate exchange of health information electronically made  
23 either on a capitated basis in which a fixed monthly premium  
24 per recipient is paid and full financial risk is assumed for  
25 the delivery of services, or through other risk-based payment  
26 arrangements.

1 (c) To qualify for compliance with this Section, the 50%  
2 goal shall be achieved by enrolling medical assistance  
3 enrollees from each medical assistance enrollment category,  
4 including parents, children, seniors, and people with  
5 disabilities to the extent that current State Medicaid payment  
6 laws would not limit federal matching funds for recipients in  
7 care coordination programs. In addition, services must be more  
8 comprehensively defined and more risk shall be assumed than in  
9 the Department's primary care case management program as of  
10 January 25, 2011 (the effective date of Public Act 96-1501).

11 (d) The Department shall report to the General Assembly in  
12 a separate part of its annual medical assistance program  
13 report, beginning April, 2012 until April, 2016, on the  
14 progress and implementation of the care coordination program  
15 initiatives established by the provisions of Public Act  
16 96-1501. The Department shall include in its April 2011 report  
17 a full analysis of federal laws or regulations regarding upper  
18 payment limitations to providers and the necessary revisions or  
19 adjustments in rate methodologies and payments to providers  
20 under this Code that would be necessary to implement  
21 coordinated care with full financial risk by a party other than  
22 the Department.

23 (e) Integrated Care Program for individuals with chronic  
24 mental health conditions.

25 (1) The Integrated Care Program shall encompass  
26 services administered to recipients of medical assistance

1 under this Article to prevent exacerbations and  
2 complications using cost-effective, evidence-based  
3 practice guidelines and mental health management  
4 strategies.

5 (2) The Department may utilize and expand upon existing  
6 contractual arrangements with integrated care plans under  
7 the Integrated Care Program for providing the coordinated  
8 care provisions of this Section.

9 (3) Payment for such coordinated care shall be based on  
10 arrangements where the State pays for performance related  
11 to mental health outcomes on a capitated basis in which a  
12 fixed monthly premium per recipient is paid and full  
13 financial risk is assumed for the delivery of services, or  
14 through other risk-based payment arrangements such as  
15 provider-based care coordination.

16 (4) The Department shall examine whether chronic  
17 mental health management programs and services for  
18 recipients with specific chronic mental health conditions  
19 do any or all of the following:

20 (A) Improve the patient's overall mental health in  
21 a more expeditious and cost-effective manner.

22 (B) Lower costs in other aspects of the medical  
23 assistance program, such as hospital admissions,  
24 emergency room visits, or more frequent and  
25 inappropriate psychotropic drug use.

26 (5) The Department shall work with the facilities and

1 any integrated care plan participating in the program to  
2 identify and correct barriers to the successful  
3 implementation of this subsection (e) prior to and during  
4 the implementation to best facilitate the goals and  
5 objectives of this subsection (e).

6 (f) A hospital that is located in a county of the State in  
7 which the Department mandates some or all of the beneficiaries  
8 of the Medical Assistance Program residing in the county to  
9 enroll in a Care Coordination Program, as set forth in Section  
10 5-30 of this Code, shall not be eligible for any non-claims  
11 based payments not mandated by Article V-A of this Code for  
12 which it would otherwise be qualified to receive, unless the  
13 hospital is a Coordinated Care Participating Hospital no later  
14 than 60 days after June 14, 2012 (the effective date of Public  
15 Act 97-689) or 60 days after the first mandatory enrollment of  
16 a beneficiary in a Coordinated Care program. For purposes of  
17 this subsection, "Coordinated Care Participating Hospital"  
18 means a hospital that meets one of the following criteria:

19 (1) The hospital has entered into a contract to provide  
20 hospital services with one or more MCOs to enrollees of the  
21 care coordination program.

22 (2) The hospital has not been offered a contract by a  
23 care coordination plan that the Department has determined  
24 to be a good faith offer and that pays at least as much as  
25 the Department would pay, on a fee-for-service basis, not  
26 including disproportionate share hospital adjustment

1 payments or any other supplemental adjustment or add-on  
2 payment to the base fee-for-service rate, except to the  
3 extent such adjustments or add-on payments are  
4 incorporated into the development of the applicable MCO  
5 capitated rates.

6 As used in this subsection (f), "MCO" means any entity  
7 which contracts with the Department to provide services where  
8 payment for medical services is made on a capitated basis.

9 (g) No later than August 1, 2013, the Department shall  
10 issue a purchase of care solicitation for Accountable Care  
11 Entities (ACE) to serve any children and parents or caretaker  
12 relatives of children eligible for medical assistance under  
13 this Article. An ACE may be a single corporate structure or a  
14 network of providers organized through contractual  
15 relationships with a single corporate entity. The solicitation  
16 shall require that:

17 (1) An ACE operating in Cook County be capable of  
18 serving at least 40,000 eligible individuals in that  
19 county; an ACE operating in Lake, Kane, DuPage, or Will  
20 Counties be capable of serving at least 20,000 eligible  
21 individuals in those counties and an ACE operating in other  
22 regions of the State be capable of serving at least 10,000  
23 eligible individuals in the region in which it operates.  
24 During initial periods of mandatory enrollment, the  
25 Department shall require its enrollment services  
26 contractor to use a default assignment algorithm that

1 ensures if possible an ACE reaches the minimum enrollment  
2 levels set forth in this paragraph.

3 (2) An ACE must include at a minimum the following  
4 types of providers: primary care, specialty care,  
5 hospitals, and behavioral healthcare.

6 (3) An ACE shall have a governance structure that  
7 includes the major components of the health care delivery  
8 system, including one representative from each of the  
9 groups listed in paragraph (2).

10 (4) An ACE must be an integrated delivery system,  
11 including a network able to provide the full range of  
12 services needed by Medicaid beneficiaries and system  
13 capacity to securely pass clinical information across  
14 participating entities and to aggregate and analyze that  
15 data in order to coordinate care.

16 (5) An ACE must be capable of providing both care  
17 coordination and complex case management, as necessary, to  
18 beneficiaries. To be responsive to the solicitation, a  
19 potential ACE must outline its care coordination and  
20 complex case management model and plan to reduce the cost  
21 of care.

22 (6) In the first 18 months of operation, unless the ACE  
23 selects a shorter period, an ACE shall be paid care  
24 coordination fees on a per member per month basis that are  
25 projected to be cost neutral to the State during the term  
26 of their payment and, subject to federal approval, be

1 eligible to share in additional savings generated by their  
2 care coordination.

3 (7) In months 19 through 36 of operation, unless the  
4 ACE selects a shorter period, an ACE shall be paid on a  
5 pre-paid capitation basis for all medical assistance  
6 covered services, under contract terms similar to Managed  
7 Care Organizations (MCO), with the Department sharing the  
8 risk through either stop-loss insurance for extremely high  
9 cost individuals or corridors of shared risk based on the  
10 overall cost of the total enrollment in the ACE. The ACE  
11 shall be responsible for claims processing, encounter data  
12 submission, utilization control, and quality assurance.

13 (8) In the fourth and subsequent years of operation, an  
14 ACE shall convert to a Managed Care Community Network  
15 (MCCN), as defined in this Article, or Health Maintenance  
16 Organization pursuant to the Illinois Insurance Code,  
17 accepting full-risk capitation payments.

18 The Department shall allow potential ACE entities 5 months  
19 from the date of the posting of the solicitation to submit  
20 proposals. After the solicitation is released, in addition to  
21 the MCO rate development data available on the Department's  
22 website, subject to federal and State confidentiality and  
23 privacy laws and regulations, the Department shall provide 2  
24 years of de-identified summary service data on the targeted  
25 population, split between children and adults, showing the  
26 historical type and volume of services received and the cost of

1 those services to those potential bidders that sign a data use  
2 agreement. The Department may add up to 2 non-state government  
3 employees with expertise in creating integrated delivery  
4 systems to its review team for the purchase of care  
5 solicitation described in this subsection. Any such  
6 individuals must sign a no-conflict disclosure and  
7 confidentiality agreement and agree to act in accordance with  
8 all applicable State laws.

9 During the first 2 years of an ACE's operation, the  
10 Department shall provide claims data to the ACE on its  
11 enrollees on a periodic basis no less frequently than monthly.

12 Nothing in this subsection shall be construed to limit the  
13 Department's mandate to enroll 50% of its beneficiaries into  
14 care coordination systems by January 1, 2015, using all  
15 available care coordination delivery systems, including Care  
16 Coordination Entities (CCE), MCCNs, or MCOs, nor be construed  
17 to affect the current CCEs, MCCNs, and MCOs selected to serve  
18 seniors and persons with disabilities prior to that date.

19 Nothing in this subsection precludes the Department from  
20 considering future proposals for new ACEs or expansion of  
21 existing ACEs at the discretion of the Department.

22 (h) Department contracts with MCOs and other entities  
23 reimbursed by risk based capitation shall have a minimum  
24 medical loss ratio of 85%, shall require the entity to  
25 establish an appeals and grievances process for consumers and  
26 providers, and shall require the entity to provide a quality

1 assurance and utilization review program. Entities contracted  
2 with the Department to coordinate healthcare regardless of risk  
3 shall be measured utilizing the same quality metrics. The  
4 quality metrics may be population specific. Any contracted  
5 entity serving at least 5,000 seniors or people with  
6 disabilities or 15,000 individuals in other populations  
7 covered by the Medical Assistance Program that has been  
8 receiving full-risk capitation for a year shall be accredited  
9 by a national accreditation organization authorized by the  
10 Department within 2 years after the date it is eligible to  
11 become accredited. The requirements of this subsection shall  
12 apply to contracts with MCOs entered into or renewed or  
13 extended after June 1, 2013.

14 (h-5) The Department shall monitor and enforce compliance  
15 by MCOs with agreements they have entered into with providers  
16 on issues that include, but are not limited to, timeliness of  
17 payment, payment rates, and processes for obtaining prior  
18 approval. The Department may impose sanctions on MCOs for  
19 violating provisions of those agreements that include, but are  
20 not limited to, financial penalties, suspension of enrollment  
21 of new enrollees, and termination of the MCO's contract with  
22 the Department. As used in this subsection (h-5), "MCO" has the  
23 meaning ascribed to that term in Section 5-30.1 of this Code.

24 (h-6) With respect to the managed care organizations and  
25 their subcontracted dental administrator's provider agreements  
26 with dentists, the level of reimbursement to dentists for

1 providing dental services shall be equal to at least the  
2 fee-for-service dental program administered by the Department.

3 (i) Unless otherwise required by federal law, Medicaid  
4 Managed Care Entities and their respective business associates  
5 shall not disclose, directly or indirectly, including by  
6 sending a bill or explanation of benefits, information  
7 concerning the sensitive health services received by enrollees  
8 of the Medicaid Managed Care Entity to any person other than  
9 covered entities and business associates, which may receive,  
10 use, and further disclose such information solely for the  
11 purposes permitted under applicable federal and State laws and  
12 regulations if such use and further disclosure satisfies all  
13 applicable requirements of such laws and regulations. The  
14 Medicaid Managed Care Entity or its respective business  
15 associates may disclose information concerning the sensitive  
16 health services if the enrollee who received the sensitive  
17 health services requests the information from the Medicaid  
18 Managed Care Entity or its respective business associates and  
19 authorized the sending of a bill or explanation of benefits.  
20 Communications including, but not limited to, statements of  
21 care received or appointment reminders either directly or  
22 indirectly to the enrollee from the health care provider,  
23 health care professional, and care coordinators, remain  
24 permissible. Medicaid Managed Care Entities or their  
25 respective business associates may communicate directly with  
26 their enrollees regarding care coordination activities for

1 those enrollees.

2 For the purposes of this subsection, the term "Medicaid  
3 Managed Care Entity" includes Care Coordination Entities,  
4 Accountable Care Entities, Managed Care Organizations, and  
5 Managed Care Community Networks.

6 For purposes of this subsection, the term "sensitive health  
7 services" means mental health services, substance abuse  
8 treatment services, reproductive health services, family  
9 planning services, services for sexually transmitted  
10 infections and sexually transmitted diseases, and services for  
11 sexual assault or domestic abuse. Services include prevention,  
12 screening, consultation, examination, treatment, or follow-up.

13 For purposes of this subsection, "business associate",  
14 "covered entity", "disclosure", and "use" have the meanings  
15 ascribed to those terms in 45 CFR 160.103.

16 Nothing in this subsection shall be construed to relieve a  
17 Medicaid Managed Care Entity or the Department of any duty to  
18 report incidents of sexually transmitted infections to the  
19 Department of Public Health or to the local board of health in  
20 accordance with regulations adopted under a statute or  
21 ordinance or to report incidents of sexually transmitted  
22 infections as necessary to comply with the requirements under  
23 Section 5 of the Abused and Neglected Child Reporting Act or as  
24 otherwise required by State or federal law.

25 The Department shall create policy in order to implement  
26 the requirements in this subsection.

1 (j) Managed Care Entities (MCEs), including MCOs and all  
2 other care coordination organizations, shall develop and  
3 maintain a written language access policy that sets forth the  
4 standards, guidelines, and operational plan to ensure language  
5 appropriate services and that is consistent with the standard  
6 of meaningful access for populations with limited English  
7 proficiency. The language access policy shall describe how the  
8 MCEs will provide all of the following required services:

9 (1) Translation (the written replacement of text from  
10 one language into another) of all vital documents and forms  
11 as identified by the Department.

12 (2) Qualified interpreter services (the oral  
13 communication of a message from one language into another  
14 by a qualified interpreter).

15 (3) Staff training on the language access policy,  
16 including how to identify language needs, access and  
17 provide language assistance services, work with  
18 interpreters, request translations, and track the use of  
19 language assistance services.

20 (4) Data tracking that identifies the language need.

21 (5) Notification to participants on the availability  
22 of language access services and on how to access such  
23 services.

24 (k) The Department shall actively monitor the contractual  
25 relationship between Managed Care Organizations (MCOs) and any  
26 dental administrator contracted by an MCO to provide dental

1 services. The Department shall adopt appropriate dental  
2 Healthcare Effectiveness Data and Information Set measures or  
3 other dental quality performance measures as part of its  
4 monitoring and shall include additional specific dental  
5 performance measurers in its Health Plan Comparison Tool and  
6 Illinois Medicaid Plan Report Card that is available on the  
7 Department's website for enrolled individuals.

8 The Department shall collect from each MCO specific  
9 information about the types of contracted, broad-based care  
10 coordination occurring between the MCO and any dental  
11 administrator, including, but not limited to, pregnant women  
12 and diabetic patients in need of oral care.

13 (l) No health plan or its subcontractors by contract,  
14 written policy, or procedure shall contain any clause  
15 attempting to limit the right of medical assistance recipients  
16 under any medical assistance program administered by the  
17 Department to obtain dental services from any qualified  
18 Medicaid provider who undertakes to provide those services.

19 (m) Notwithstanding any other law to the contrary, the  
20 Department shall not adopt any rule or enter into any contract  
21 that prohibits reimbursement under the medical assistance  
22 program to an eligible clinic for a dental encounter for  
23 services performed by an individual licensed to practice  
24 dentistry or dental hygiene under the Illinois Dental Practice  
25 Act.
