A BILL FOR

1 AN ACT concerning public aid.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Illinois Public Aid Code is amended by
5 changing Section 5-5.25 as follows:

6 (305 ILCS 5/5-5.25)

7 Sec. 5-5.25. Access to psychiatric mental health services.
8 The General Assembly finds that providing access to psychiatric
9 mental health services in a timely manner will improve the
10 quality of life for persons suffering from mental illness and
11 will contain health care costs by avoiding the need for more
12 costly inpatient hospitalization. The Department of Healthcare
13 and Family Services shall reimburse psychiatrists and
14 federally qualified health centers as defined in Section
15 1905(1)(2)(B) of the federal Social Security Act for mental
16 health services provided by psychiatrists and advanced
17 practice registered nurses certified in psychiatric and mental
18 health nursing, as authorized by Illinois law, to recipients
19 via telepsychiatry. The Department, by rule, shall establish:
20 (i) criteria for such services to be reimbursed, including
21 appropriate facilities and equipment to be used at both sites
22 and requirements for a physician or other licensed health care
23 professional to be present at the site where the patient is

1 located; however, the Department shall not require that a
2 physician or other licensed health care professional be
3 physically present in the same room as the patient for the
4 entire time during which the patient is receiving
5 telepsychiatry services; and (ii) a method to reimburse
6 providers for mental health services provided by
7 telepsychiatry.

8 On and after July 1, 2012, the Department shall reduce any
9 rate of reimbursement for services or other payments or alter
10 any methodologies authorized by this Code to reduce any rate of
11 reimbursement for services or other payments in accordance with
12 Section 5-5e.
