1 AMENDMENT TO SENATE BILL 2954

2 AMENDMENT NO. \_\_\_\_\_. Amend Senate Bill 2954 by replacing  
3 everything after the enacting clause with the following:

4 "Section 5. The Illinois Pension Code is amended by  
5 changing Section 15-155 as follows:

6 (40 ILCS 5/15-155) (from Ch. 108 1/2, par. 15-155)

7 Sec. 15-155. Employer contributions.

8 (a) The State of Illinois shall make contributions by  
9 appropriations of amounts which, together with the other  
10 employer contributions from trust, federal, and other funds,  
11 employee contributions, income from investments, and other  
12 income of this System, will be sufficient to meet the cost of  
13 maintaining and administering the System on a 90% funded basis  
14 in accordance with actuarial recommendations.

15 The Board shall determine the amount of State contributions  
16 required for each fiscal year on the basis of the actuarial

1 tables and other assumptions adopted by the Board and the  
2 recommendations of the actuary, using the formula in subsection  
3 (a-1).

4 (a-1) For State fiscal years 2012 through 2045, the minimum  
5 contribution to the System to be made by the State for each  
6 fiscal year shall be an amount determined by the System to be  
7 sufficient to bring the total assets of the System up to 90% of  
8 the total actuarial liabilities of the System by the end of  
9 State fiscal year 2045. In making these determinations, the  
10 required State contribution shall be calculated each year as a  
11 level percentage of payroll over the years remaining to and  
12 including fiscal year 2045 and shall be determined under the  
13 projected unit credit actuarial cost method.

14 For each of State fiscal years 2018, 2019, and 2020, the  
15 State shall make an additional contribution to the System equal  
16 to 2% of the total payroll of each employee who is deemed to  
17 have elected the benefits under Section 1-161 or who has made  
18 the election under subsection (c) of Section 1-161.

19 A change in an actuarial or investment assumption that  
20 increases or decreases the required State contribution and  
21 first applies in State fiscal year 2018 or thereafter shall be  
22 implemented in equal annual amounts over a 5-year period  
23 beginning in the State fiscal year in which the actuarial  
24 change first applies to the required State contribution.

25 A change in an actuarial or investment assumption that  
26 increases or decreases the required State contribution and

1 first applied to the State contribution in fiscal year 2014,  
2 2015, 2016, or 2017 shall be implemented:

3 (i) as already applied in State fiscal years before  
4 2018; and

5 (ii) in the portion of the 5-year period beginning in  
6 the State fiscal year in which the actuarial change first  
7 applied that occurs in State fiscal year 2018 or  
8 thereafter, by calculating the change in equal annual  
9 amounts over that 5-year period and then implementing it at  
10 the resulting annual rate in each of the remaining fiscal  
11 years in that 5-year period.

12 For State fiscal years 1996 through 2005, the State  
13 contribution to the System, as a percentage of the applicable  
14 employee payroll, shall be increased in equal annual increments  
15 so that by State fiscal year 2011, the State is contributing at  
16 the rate required under this Section.

17 Notwithstanding any other provision of this Article, the  
18 total required State contribution for State fiscal year 2006 is  
19 \$166,641,900.

20 Notwithstanding any other provision of this Article, the  
21 total required State contribution for State fiscal year 2007 is  
22 \$252,064,100.

23 For each of State fiscal years 2008 through 2009, the State  
24 contribution to the System, as a percentage of the applicable  
25 employee payroll, shall be increased in equal annual increments  
26 from the required State contribution for State fiscal year

1 2007, so that by State fiscal year 2011, the State is  
2 contributing at the rate otherwise required under this Section.

3 Notwithstanding any other provision of this Article, the  
4 total required State contribution for State fiscal year 2010 is  
5 \$702,514,000 and shall be made from the State Pensions Fund and  
6 proceeds of bonds sold in fiscal year 2010 pursuant to Section  
7 7.2 of the General Obligation Bond Act, less (i) the pro rata  
8 share of bond sale expenses determined by the System's share of  
9 total bond proceeds, (ii) any amounts received from the General  
10 Revenue Fund in fiscal year 2010, (iii) any reduction in bond  
11 proceeds due to the issuance of discounted bonds, if  
12 applicable.

13 Notwithstanding any other provision of this Article, the  
14 total required State contribution for State fiscal year 2011 is  
15 the amount recertified by the System on or before April 1, 2011  
16 pursuant to Section 15-165 and shall be made from the State  
17 Pensions Fund and proceeds of bonds sold in fiscal year 2011  
18 pursuant to Section 7.2 of the General Obligation Bond Act,  
19 less (i) the pro rata share of bond sale expenses determined by  
20 the System's share of total bond proceeds, (ii) any amounts  
21 received from the General Revenue Fund in fiscal year 2011, and  
22 (iii) any reduction in bond proceeds due to the issuance of  
23 discounted bonds, if applicable.

24 Beginning in State fiscal year 2046, the minimum State  
25 contribution for each fiscal year shall be the amount needed to  
26 maintain the total assets of the System at 90% of the total

1 actuarial liabilities of the System.

2       Amounts received by the System pursuant to Section 25 of  
3 the Budget Stabilization Act or Section 8.12 of the State  
4 Finance Act in any fiscal year do not reduce and do not  
5 constitute payment of any portion of the minimum State  
6 contribution required under this Article in that fiscal year.  
7 Such amounts shall not reduce, and shall not be included in the  
8 calculation of, the required State contributions under this  
9 Article in any future year until the System has reached a  
10 funding ratio of at least 90%. A reference in this Article to  
11 the "required State contribution" or any substantially similar  
12 term does not include or apply to any amounts payable to the  
13 System under Section 25 of the Budget Stabilization Act.

14       Notwithstanding any other provision of this Section, the  
15 required State contribution for State fiscal year 2005 and for  
16 fiscal year 2008 and each fiscal year thereafter, as calculated  
17 under this Section and certified under Section 15-165, shall  
18 not exceed an amount equal to (i) the amount of the required  
19 State contribution that would have been calculated under this  
20 Section for that fiscal year if the System had not received any  
21 payments under subsection (d) of Section 7.2 of the General  
22 Obligation Bond Act, minus (ii) the portion of the State's  
23 total debt service payments for that fiscal year on the bonds  
24 issued in fiscal year 2003 for the purposes of that Section  
25 7.2, as determined and certified by the Comptroller, that is  
26 the same as the System's portion of the total moneys

1 distributed under subsection (d) of Section 7.2 of the General  
2 Obligation Bond Act. In determining this maximum for State  
3 fiscal years 2008 through 2010, however, the amount referred to  
4 in item (i) shall be increased, as a percentage of the  
5 applicable employee payroll, in equal increments calculated  
6 from the sum of the required State contribution for State  
7 fiscal year 2007 plus the applicable portion of the State's  
8 total debt service payments for fiscal year 2007 on the bonds  
9 issued in fiscal year 2003 for the purposes of Section 7.2 of  
10 the General Obligation Bond Act, so that, by State fiscal year  
11 2011, the State is contributing at the rate otherwise required  
12 under this Section.

13 (a-2) Beginning in fiscal year 2018, each employer under  
14 this Article shall pay to the System a required contribution  
15 determined as a percentage of projected payroll and sufficient  
16 to produce an annual amount equal to:

17 (i) for each of fiscal years 2018, 2019, and 2020, the  
18 defined benefit normal cost of the defined benefit plan,  
19 less the employee contribution, for each employee of that  
20 employer who has elected or who is deemed to have elected  
21 the benefits under Section 1-161 or who has made the  
22 election under subsection (c) of Section 1-161; for fiscal  
23 year 2021 and each fiscal year thereafter, the defined  
24 benefit normal cost of the defined benefit plan, less the  
25 employee contribution, plus 2%, for each employee of that  
26 employer who has elected or who is deemed to have elected

1 the benefits under Section 1-161 or who has made the  
2 election under subsection (c) of Section 1-161; plus

3 (ii) the amount required for that fiscal year to  
4 amortize any unfunded actuarial accrued liability  
5 associated with the present value of liabilities  
6 attributable to the employer's account under Section  
7 15-155.2, determined as a level percentage of payroll over  
8 a 30-year rolling amortization period.

9 In determining contributions required under item (i) of  
10 this subsection, the System shall determine an aggregate rate  
11 for all employers, expressed as a percentage of projected  
12 payroll.

13 In determining the contributions required under item (ii)  
14 of this subsection, the amount shall be computed by the System  
15 on the basis of the actuarial assumptions and tables used in  
16 the most recent actuarial valuation of the System that is  
17 available at the time of the computation.

18 The contributions required under this subsection (a-2)  
19 shall be paid by an employer concurrently with that employer's  
20 payroll payment period. The State, as the actual employer of an  
21 employee, shall make the required contributions under this  
22 subsection.

23 As used in this subsection, "academic year" means the  
24 12-month period beginning September 1.

25 (b) If an employee is paid from trust or federal funds, the  
26 employer shall pay to the Board contributions from those funds

1 which are sufficient to cover the accruing normal costs on  
2 behalf of the employee. However, universities having employees  
3 who are compensated out of local auxiliary funds, income funds,  
4 or service enterprise funds are not required to pay such  
5 contributions on behalf of those employees. The local auxiliary  
6 funds, income funds, and service enterprise funds of  
7 universities shall not be considered trust funds for the  
8 purpose of this Article, but funds of alumni associations,  
9 foundations, and athletic associations which are affiliated  
10 with the universities included as employers under this Article  
11 and other employers which do not receive State appropriations  
12 are considered to be trust funds for the purpose of this  
13 Article.

14 (b-1) The City of Urbana and the City of Champaign shall  
15 each make employer contributions to this System for their  
16 respective firefighter employees who participate in this  
17 System pursuant to subsection (h) of Section 15-107. The rate  
18 of contributions to be made by those municipalities shall be  
19 determined annually by the Board on the basis of the actuarial  
20 assumptions adopted by the Board and the recommendations of the  
21 actuary, and shall be expressed as a percentage of salary for  
22 each such employee. The Board shall certify the rate to the  
23 affected municipalities as soon as may be practical. The  
24 employer contributions required under this subsection shall be  
25 remitted by the municipality to the System at the same time and  
26 in the same manner as employee contributions.

1           (c) Through State fiscal year 1995: The total employer  
2 contribution shall be apportioned among the various funds of  
3 the State and other employers, whether trust, federal, or other  
4 funds, in accordance with actuarial procedures approved by the  
5 Board. State of Illinois contributions for employers receiving  
6 State appropriations for personal services shall be payable  
7 from appropriations made to the employers or to the System. The  
8 contributions for Class I community colleges covering earnings  
9 other than those paid from trust and federal funds, shall be  
10 payable solely from appropriations to the Illinois Community  
11 College Board or the System for employer contributions.

12           (d) Beginning in State fiscal year 1996, the required State  
13 contributions to the System shall be appropriated directly to  
14 the System and shall be payable through vouchers issued in  
15 accordance with subsection (c) of Section 15-165, except as  
16 provided in subsection (g).

17           (e) The State Comptroller shall draw warrants payable to  
18 the System upon proper certification by the System or by the  
19 employer in accordance with the appropriation laws and this  
20 Code.

21           (f) Normal costs under this Section means liability for  
22 pensions and other benefits which accrues to the System because  
23 of the credits earned for service rendered by the participants  
24 during the fiscal year and expenses of administering the  
25 System, but shall not include the principal of or any  
26 redemption premium or interest on any bonds issued by the Board

1 or any expenses incurred or deposits required in connection  
2 therewith.

3 (g) If the amount of a participant's earnings for any  
4 academic year used to determine the final rate of earnings,  
5 determined on a full-time equivalent basis, exceeds the amount  
6 of his or her earnings with the same employer for the previous  
7 academic year, determined on a full-time equivalent basis, by  
8 more than 6%, the participant's employer shall pay to the  
9 System, in addition to all other payments required under this  
10 Section and in accordance with guidelines established by the  
11 System, the present value of the increase in benefits resulting  
12 from the portion of the increase in earnings that is in excess  
13 of 6%. This present value shall be computed by the System on  
14 the basis of the actuarial assumptions and tables used in the  
15 most recent actuarial valuation of the System that is available  
16 at the time of the computation. The System may require the  
17 employer to provide any pertinent information or  
18 documentation.

19 Whenever it determines that a payment is or may be required  
20 under this subsection (g), the System shall calculate the  
21 amount of the payment and bill the employer for that amount.  
22 The bill shall specify the calculations used to determine the  
23 amount due. If the employer disputes the amount of the bill, it  
24 may, within 30 days after receipt of the bill, apply to the  
25 System in writing for a recalculation. The application must  
26 specify in detail the grounds of the dispute and, if the

1 employer asserts that the calculation is subject to subsection  
2 (h) or (i) of this Section, must include an affidavit setting  
3 forth and attesting to all facts within the employer's  
4 knowledge that are pertinent to the applicability of subsection  
5 (h) or (i). Upon receiving a timely application for  
6 recalculation, the System shall review the application and, if  
7 appropriate, recalculate the amount due.

8 The employer contributions required under this subsection  
9 (g) may be paid in the form of a lump sum within 90 days after  
10 receipt of the bill. If the employer contributions are not paid  
11 within 90 days after receipt of the bill, then interest will be  
12 charged at a rate equal to the System's annual actuarially  
13 assumed rate of return on investment compounded annually from  
14 the 91st day after receipt of the bill. Payments must be  
15 concluded within 3 years after the employer's receipt of the  
16 bill.

17 When assessing payment for any amount due under this  
18 subsection (g), the System shall include earnings, to the  
19 extent not established by a participant under Section 15-113.11  
20 or 15-113.12, that would have been paid to the participant had  
21 the participant not taken (i) periods of voluntary or  
22 involuntary furlough occurring on or after July 1, 2015 and on  
23 or before June 30, 2017 or (ii) periods of voluntary pay  
24 reduction in lieu of furlough occurring on or after July 1,  
25 2015 and on or before June 30, 2017. Determining earnings that  
26 would have been paid to a participant had the participant not

1 taken periods of voluntary or involuntary furlough or periods  
2 of voluntary pay reduction shall be the responsibility of the  
3 employer, and shall be reported in a manner prescribed by the  
4 System.

5 (h) This subsection (h) applies only to payments made or  
6 salary increases given on or after June 1, 2005 but before July  
7 1, 2011. The changes made by Public Act 94-1057 shall not  
8 require the System to refund any payments received before July  
9 31, 2006 (the effective date of Public Act 94-1057).

10 When assessing payment for any amount due under subsection  
11 (g), the System shall exclude earnings increases paid to  
12 participants under contracts or collective bargaining  
13 agreements entered into, amended, or renewed before June 1,  
14 2005.

15 When assessing payment for any amount due under subsection  
16 (g), the System shall exclude earnings increases paid to a  
17 participant at a time when the participant is 10 or more years  
18 from retirement eligibility under Section 15-135.

19 When assessing payment for any amount due under subsection  
20 (g), the System shall exclude earnings increases resulting from  
21 overload work, including a contract for summer teaching, or  
22 overtime when the employer has certified to the System, and the  
23 System has approved the certification, that: (i) in the case of  
24 overloads (A) the overload work is for the sole purpose of  
25 academic instruction in excess of the standard number of  
26 instruction hours for a full-time employee occurring during the

1 academic year that the overload is paid and (B) the earnings  
2 increases are equal to or less than the rate of pay for  
3 academic instruction computed using the participant's current  
4 salary rate and work schedule; and (ii) in the case of  
5 overtime, the overtime was necessary for the educational  
6 mission.

7 When assessing payment for any amount due under subsection  
8 (g), the System shall exclude any earnings increase resulting  
9 from (i) a promotion for which the employee moves from one  
10 classification to a higher classification under the State  
11 Universities Civil Service System, (ii) a promotion in academic  
12 rank for a tenured or tenure-track faculty position, or (iii) a  
13 promotion that the Illinois Community College Board has  
14 recommended in accordance with subsection (k) of this Section.  
15 These earnings increases shall be excluded only if the  
16 promotion is to a position that has existed and been filled by  
17 a member for no less than one complete academic year and the  
18 earnings increase as a result of the promotion is an increase  
19 that results in an amount no greater than the average salary  
20 paid for other similar positions.

21 (i) When assessing payment for any amount due under  
22 subsection (g), the System shall exclude any salary increase  
23 described in subsection (h) of this Section given on or after  
24 July 1, 2011 but before July 1, 2014 under a contract or  
25 collective bargaining agreement entered into, amended, or  
26 renewed on or after June 1, 2005 but before July 1, 2011.

1 Notwithstanding any other provision of this Section, any  
2 payments made or salary increases given after June 30, 2014  
3 shall be used in assessing payment for any amount due under  
4 subsection (g) of this Section.

5 (j) The System shall prepare a report and file copies of  
6 the report with the Governor and the General Assembly by  
7 January 1, 2007 that contains all of the following information:

8 (1) The number of recalculations required by the  
9 changes made to this Section by Public Act 94-1057 for each  
10 employer.

11 (2) The dollar amount by which each employer's  
12 contribution to the System was changed due to  
13 recalculations required by Public Act 94-1057.

14 (3) The total amount the System received from each  
15 employer as a result of the changes made to this Section by  
16 Public Act 94-4.

17 (4) The increase in the required State contribution  
18 resulting from the changes made to this Section by Public  
19 Act 94-1057.

20 (j-5) For State fiscal ~~academic~~ years beginning on or after  
21 July 1, 2017, if the amount of a participant's earnings for any  
22 State fiscal ~~school~~ year, ~~determined on a full-time equivalent~~  
23 ~~basis,~~ exceeds the amount of the salary set by law for the  
24 Governor that is in effect on July 1 of that fiscal year, the  
25 participant's employer shall pay to the System, in addition to  
26 all other payments required under this Section and in

1 accordance with guidelines established by the System, an amount  
2 determined by the System to be equal to the employer normal  
3 cost, as established by the System and expressed as a total  
4 percentage of payroll, multiplied by the amount of earnings in  
5 excess of the amount of the salary set by law for the Governor.  
6 This amount shall be computed by the System on the basis of the  
7 actuarial assumptions and tables used in the most recent  
8 actuarial valuation of the System that is available at the time  
9 of the computation. The System may require the employer to  
10 provide any pertinent information or documentation.

11 Whenever it determines that a payment is or may be required  
12 under this subsection, the System shall calculate the amount of  
13 the payment and bill the employer for that amount. The bill  
14 shall specify the calculation ~~calculations~~ used to determine  
15 the amount due. If the employer disputes the amount of the  
16 bill, it may, within 30 days after receipt of the bill, apply  
17 to the System in writing for a recalculation. The application  
18 must specify in detail the grounds of the dispute. Upon  
19 receiving a timely application for recalculation, the System  
20 shall review the application and, if appropriate, recalculate  
21 the amount due.

22 The employer contributions required under this subsection  
23 may be paid in the form of a lump sum within 90 days after  
24 issuance ~~receipt~~ of the bill. If the employer contributions are  
25 not paid within 90 days after issuance ~~receipt~~ of the bill,  
26 then interest will be charged at a rate equal to the System's

1 annual actuarially assumed rate of return on investment  
2 compounded annually from the 91st day after issuance ~~receipt~~ of  
3 the bill. All payments ~~Payments~~ must be received ~~concluded~~  
4 within 3 years after issuance ~~the employer's receipt~~ of the  
5 bill. If the employer fails to make complete payment, including  
6 applicable interest, within 3 years, then the System may, after  
7 giving notice to the employer, certify the delinquent amount to  
8 the State Comptroller, and the Comptroller shall thereupon  
9 deduct the certified delinquent amount from State funds payable  
10 to the employer and pay them instead to the System.

11 This subsection (j-5) does not apply to a participant's  
12 earnings to the extent an employer pays the employer normal  
13 cost of such earnings.

14 The changes made to this subsection (j-5) by this  
15 amendatory Act of the 100th General Assembly are intended to  
16 apply retroactively to July 6, 2017 (the effective date of  
17 Public Act 100-23).

18 (k) The Illinois Community College Board shall adopt rules  
19 for recommending lists of promotional positions submitted to  
20 the Board by community colleges and for reviewing the  
21 promotional lists on an annual basis. When recommending  
22 promotional lists, the Board shall consider the similarity of  
23 the positions submitted to those positions recognized for State  
24 universities by the State Universities Civil Service System.  
25 The Illinois Community College Board shall file a copy of its  
26 findings with the System. The System shall consider the

1 findings of the Illinois Community College Board when making  
2 determinations under this Section. The System shall not exclude  
3 any earnings increases resulting from a promotion when the  
4 promotion was not submitted by a community college. Nothing in  
5 this subsection (k) shall require any community college to  
6 submit any information to the Community College Board.

7 (l) For purposes of determining the required State  
8 contribution to the System, the value of the System's assets  
9 shall be equal to the actuarial value of the System's assets,  
10 which shall be calculated as follows:

11 As of June 30, 2008, the actuarial value of the System's  
12 assets shall be equal to the market value of the assets as of  
13 that date. In determining the actuarial value of the System's  
14 assets for fiscal years after June 30, 2008, any actuarial  
15 gains or losses from investment return incurred in a fiscal  
16 year shall be recognized in equal annual amounts over the  
17 5-year period following that fiscal year.

18 (m) For purposes of determining the required State  
19 contribution to the system for a particular year, the actuarial  
20 value of assets shall be assumed to earn a rate of return equal  
21 to the system's actuarially assumed rate of return.
