LRB100 20878 AXK 37151 a

1 AMENDMENT TO SENATE BILL 3507

2 AMENDMENT NO. _____. Amend Senate Bill 3507 by replacing
3 everything after the enacting clause with the following:

4 "Section 5. The School Code is amended by adding Section
5 22-33 as follows:

6 (105 ILCS 5/22-33 new)

7 Sec. 22-33. Self-administration of pancreatic enzyme
8 replacement therapy.

9 (a) In this Section:

10 "Emergency care plan" means a student-specific action plan
11 developed by a school district, public school, or nonpublic
12 school to facilitate quick and appropriate responses to an
13 emergency in a school setting.

14 "Individualized health care plan" means a written plan of
15 care developed by a school district, public school, or
16 nonpublic school that outlines the provisions of a student's

1 health care services and that is intended to achieve specific
2 student outcomes.

3 "Pancreatic insufficiency" means a disorder of the
4 digestive system. "Pancreatic insufficiency" may include the
5 diagnosis of cystic fibrosis, a chronic disease that affects an
6 individual's lungs and digestive system.

7 (b) A school district, public school, or nonpublic school
8 must permit a student diagnosed with a pancreatic insufficiency
9 to self-administer and self-manage his or her pancreatic enzyme
10 replacement therapy if the parent or guardian of the student
11 provides the school with written authorization for the
12 student's self-administration and self-management of the
13 therapy and written authorization for the therapy from the
14 student's physician, physician assistant, or advanced practice
15 registered nurse. Information received by a school district or
16 school under this subsection (b) shall be kept on file in the
17 office of the school nurse or, in the absence of a school
18 nurse, the school's administrator.

19 (c) Each school district, public school, or nonpublic
20 school shall adopt an emergency care plan that may be part of a
21 student's individualized health care plan developed under
22 subsection (d) this Section and that includes all of the
23 following:

24 (1) A plan of action in the event a student is unable
25 to self-administer or self-manage his or her pancreatic
26 enzyme replacement therapy.

1 (2) The situations in which a school must call 911.

2 (d) Each school district, public school, or nonpublic
3 school shall develop an individualized health care plan for a
4 student subject to this Section. The school district or school
5 must develop the plan in collaboration with the student's
6 physician, parent or guardian, and other school personnel to
7 determine how to manage the student's pancreatic insufficiency
8 while in school, participating in a school-sponsored activity,
9 or in transit to or from school or a school-sponsored activity.
10 The plan must be student-specific and must include all of the
11 following:

12 (1) The student's health status, risks, concerns, and
13 strengths.

14 (2) Any diagnoses from the student's physician or a
15 school nurse.

16 (3) Any interventions performed on the student by
17 school personnel.

18 (4) Training for school personnel.

19 (5) A list of goals that meet the health care needs of
20 the student and protect the safety of all students from the
21 misuse or abuse of pancreatic enzyme replacement therapy
22 medication."
