

101ST GENERAL ASSEMBLY

State of Illinois

2019 and 2020

HB0196

by Rep. La Shawn K. Ford

SYNOPSIS AS INTRODUCED:

New Act

Creates the Universal Child Care Demonstration Program Act. Requires the Department of Human Services to establish and administer a 5-year statewide Universal Child Care Demonstration Program to provide grants to eligible entities to develop, expand, and provide high-quality and affordable child care services for children age 0 to 6 years old regardless of family income. Provides that grants awarded under the Demonstration Program may be used to renovate or convert existing child care facilities to meet the goals of the Demonstration Program; to construct and maintain child care facilities in geographical areas with a demonstrated need for safe, affordable, and high-quality child care services; to train and pay child care providers, teachers, and staff; and to provide meal services to children receiving child care services. Provides that the ultimate goal of the Demonstration Program shall be to develop and evaluate the costs, impact, and quality outcomes of child care services and programs in order to establish an effective expansion toward universal child care services for children from birth to 6 years of age. Contains provisions concerning eligible entities, funding, reporting requirements, defined terms, and Department rules.

LRB101 04798 KTG 49807 b

FISCAL NOTE ACT
MAY APPLY

A BILL FOR

1 AN ACT concerning children.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 1. Short title. This Act may be cited as the
5 Universal Child Care Demonstration Program Act.

6 Section 5. Purpose and findings. The General Assembly
7 declares that it is the policy of this State to provide all
8 children from birth to 6 years of age with access to
9 high-quality child care services through a State commitment to
10 sufficient and sustainable funding for safe and affordable
11 child care services and programs. The need for this policy is
12 based on studies which suggest that affordable child care
13 increases maternal employment and that high-quality child care
14 can increase children's educational attainment, labor force
15 participation, and earnings as adults.

16 The policy established by this Act will be developed
17 through a child care demonstration program the results of which
18 will be used to establish standards and policies to design and
19 fund a statewide system of high-quality child care services and
20 programs accessible to all children from birth to 6 years of
21 age regardless of family income.

22 Section 10. Definitions. As used in this Act:

1 "Child care services" means day care home or center
2 services as defined by the Child Care Act of 1969 provided to
3 children from birth to 6 years of age and includes
4 non-traditional child care services such as early mornings,
5 evenings, and weekends.

6 "Demonstration" or "Demonstration Program" means the
7 Universal Child Care Demonstration Program as established
8 under this Act.

9 "Department" means the Department of Human Services.

10 Section 15. Universal Child Care Demonstration Program.
11 The Department shall establish and administer a 5-year
12 statewide Universal Child Care Demonstration Program to
13 provide grants to eligible entities to develop, expand, and
14 provide high-quality and affordable child care services for
15 children age 0 to 6 years old regardless of family income.
16 Grants awarded under the Demonstration Program may be used to
17 renovate or convert existing child care facilities to meet the
18 goals of the Demonstration Program; to construct and maintain
19 child care facilities in geographical areas with a demonstrated
20 need for safe, affordable, and high-quality child care
21 services; to train and pay child care providers, teachers, and
22 staff; and to provide meal services to children receiving child
23 care services. The ultimate goal of the Demonstration Program
24 shall be to develop and evaluate the costs, impact, and quality
25 outcomes of child care services and programs in order to

1 establish an effective expansion toward universal child care
2 services for children from birth to 6 years of age.

3 Section 20. Eligible entities. Currently funded or new
4 entities, including but not limited to the following, shall be
5 eligible to apply for grants awarded under the Demonstration
6 Program:

7 (1) Day care centers, day care homes, group day care
8 homes, and part day child care facilities licensed by the
9 Department of Children and Family Services under the Child
10 Care Act of 1969.

11 (2) Community-based organizations.

12 (3) Faith-based organizations.

13 Priority for participation in the Demonstration Program
14 shall be given to entities with experience in providing child
15 care services and programs in Illinois.

16 The Department shall establish, by rule, application
17 requirements and additional eligibility criteria for grant
18 applicants; costs, impact, and outcome goals for the
19 Demonstration Program; and eligibility criteria for families
20 seeking child care services under the Demonstration Program
21 including parent cost sharing and employment or school
22 requirements.

23 Section 25. Funding. The Universal Child Care
24 Demonstration Program shall be subject to appropriations,

1 however the Department shall be permitted to accept private
2 funding or private resources at any time to implement this Act.

3 Section 30. Reports. The Department shall annually report
4 to the Governor and the General Assembly on the progress of the
5 Demonstration no later than March 31st of each year of the
6 Demonstration Program. No later than 6 months after the
7 Demonstration period ends, the Department shall submit a final
8 report on its findings, including how well the Demonstration
9 Program met the costs, impact, and outcome goals established by
10 the Department.

11 Section 35. Rules. The Department shall adopt any rules
12 necessary to implement the provisions of this Act.
