1 (a) The purpose of this law is to protect public health and

3 (5) the primary propulsion engine idles for  
4 maintenance, servicing, repairing, or diagnostic purposes  
5 if idling is necessary for such activity;

6 (6) a motor vehicle idles as part of a government  
7 inspection to verify that all equipment is in good working  
8 order, provided idling is required as part of the  
9 inspection;

10 (7) when idling of the motor vehicle is required to  
11 operate auxiliary equipment to accomplish the intended use  
12 of the vehicle (such as loading, unloading, mixing, or  
13 processing cargo; controlling cargo temperature;  
14 construction operations; lumbering operations; oil or gas  
15 well servicing; or farming operations), provided that this

18 such as air conditioning, heating, microwave ovens, or  
19 televisions;

20 (8) an armored motor vehicle idles when a person

3 operate air conditioning or heating;

4 (11) when the motor vehicle idles due to mechanical  
5 difficulties over which the operator has no control;

6 (12) the motor vehicle is used as airport ground  
7 support equipment, including, but not limited to, motor  
8 vehicles operated on the air side of the airport terminal
