A BILL FOR

1 AN ACT concerning State government.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Capital Development Board Act is amended by
5 changing Section 4.02 as follows:

6 (20 ILCS 3105/4.02) (from Ch. 127, par. 774.02)

7 Sec. 4.02. To conduct continuous studies into the costs of
8 building or otherwise providing the facilities described in
9 Section 4.01.

10 The Board shall develop and maintain a continuing,
11 comprehensive, and integrated planning process that shall
12 develop and periodically revise a Statewide master plan for
13 non-road infrastructure to guide program development. The
14 Board shall coordinate its planning activities with those of
15 other State agencies and authorities and shall supervise and
16 review any infrastructure planning performed by other
17 executive branch agencies under the direction of the Governor.
18 The Board shall cooperate and participate with federal,
19 regional, State, and local agencies and with interested private
20 individuals and organizations in the coordination of plans and
21 policies for development of the State's non-road
22 infrastructure. To meet the provisions of this Section, the
23 Board shall publish and deliver to the Governor and General

1 Assembly by December 31, 2019 and by December 31 every 5 years
2 thereafter, its master plan for non-road infrastructure. The
3 plan shall identify priority projects that are critical to the
4 economic and general welfare of this State regardless of public
5 jurisdictional responsibility or private ownership. The master
6 plan shall provide particular emphasis and detail of at least
7 the 5-year period in the immediate future. Annual and 5-year,
8 or longer, project programs for each component of the plan
9 shall be published and furnished the General Assembly on the
10 first Wednesday in April of each year. Identified needs
11 included in the plan shall be listed and mapped in a
12 distinctive fashion to clearly identify the priority status of
13 the projects as follows: (i) projects to be committed for
14 execution; (ii) tentative projects that are dependent upon
15 funding or other constraints; and (iii) needed projects that
16 are not programmed due to lack of funding or other constraints.
17 All projects shall be related to the priority systems of the
18 master plan, and the priority criteria shall be identified.
19 Cost and estimated completion dates shall be included for work
20 required to complete a useable segment or component beyond the
21 period of the program. The Board shall publish and deliver to
22 the Governor and General Assembly on the first Wednesday of
23 April of each year 5-year, or longer, non-road infrastructure
24 program reporting the number of fiscal years each project has
25 been included in previous plans submitted by the Department.
26 The Board shall publish and deliver to the Governor and the

1 General Assembly by November 1 of each year a report that
2 includes the following: (i) all projects accomplished in the
3 previous year; and (ii) the award cost and the starting date of
4 each listed project.
