24 Sec. 8. Applications for licensure.

25 (a) Applications for original licenses shall be made to the

1 Department in writing on forms or electronically as prescribed  
2 by the Department and shall be accompanied by the required fee,  
3 which shall not be refundable. All applications shall contain  
4 information that, in the judgment of the Department, will  
5 enable the Department to pass on the qualifications of the  
6 applicant for a license as a professional engineer or engineer  
7 intern. The Department may require an applicant, at the  
8 applicant's expense, to have an evaluation of the applicant's  
9 education in a foreign country by a nationally recognized  
10 evaluation service approved by the Department in accordance  
11 with rules adopted by the Department. Applications for  
12 licensure shall (1) be on forms prescribed and furnished by the  
13 Department, (2) contain statements made under oath showing the  
14 applicant's education and a detailed summary of the applicant's  
15 technical work, and (3) contain references as required by the  
16 Department.

17 (b) Applicants have 3 years from the date of application to  
18 complete the application process. If the process has not been  
19 completed in 3 years, the application shall be denied, the fee  
20 shall be forfeited, and the applicant must reapply and meet the  
21 requirements in effect at the time of reapplication. Applicants  
22 shall have obtained the education and experience as required in  
23 Section 10 or Section 11 prior to submittal of application for  
24 licensure. Allowable experience shall commence at the date of  
25 the baccalaureate degree, except:

26 ~~(1) Credit for one year of experience shall be given~~

1 ~~for a graduate of a baccalaureate curriculum providing a~~  
2 ~~cooperative program, which is supervised industrial or~~  
3 ~~field experience of at least one academic year which~~  
4 ~~alternates with periods of full-time academic training,~~  
5 ~~when such program is certified by the university, or~~

6 ~~(2) Partial credit may be given for professional~~  
7 ~~engineering experience as defined by rule for employment~~  
8 ~~prior to receipt of a baccalaureate degree if the~~  
9 ~~employment is full-time while the applicant is a part-time~~  
10 ~~student taking fewer than 12 hours per semester or 8 hours~~  
11 ~~per quarter to earn the degree concurrent with the~~  
12 ~~full-time engineering experience.~~

13 ~~(3) If an applicant files an application and supporting~~  
14 ~~documents containing a material misstatement of~~  
15 ~~information or a misrepresentation for the purpose of~~  
16 ~~obtaining licensure or enrollment or if an applicant~~  
17 ~~performs any fraud or deceit in taking any examination to~~  
18 ~~qualify for licensure or enrollment under this Act, the~~  
19 ~~Department may issue a rule of intent to deny licensure or~~  
20 ~~enrollment and may conduct a hearing in accordance with~~  
21 ~~Sections 26 through 33 and Sections 37 and 38 of this Act.~~

22 ~~The Board may conduct oral interviews of any applicant~~  
23 ~~under Sections 10, 11, or 19 to assist in the evaluation of the~~  
24 ~~qualifications of the applicant.~~

25 ~~It is the responsibility of the applicant to supplement the~~  
26 ~~application, when requested by the Board, by provision of~~

1 ~~additional documentation of education, including transcripts,~~  
2 ~~course content and credentials of the engineering college or~~  
3 ~~college granting related science degrees, or of work experience~~  
4 ~~to permit the Board to determine the qualifications of the~~  
5 ~~applicant. The Department may require an applicant, at the~~  
6 ~~applicant's expense, to have an evaluation of the applicant's~~  
7 ~~education in a foreign country by a nationally recognized~~  
8 ~~evaluating service approved by the Department.~~

9 ~~An applicant who graduated from an engineering program~~  
10 ~~outside the United States or its territories and whose first~~  
11 ~~language is not English shall submit certification of passage~~  
12 ~~of the Test of English as a Foreign Language (TOEFL) and a test~~

20 Sec. 9. ~~Licensure qualifications; Examinations; Failure or~~  
21 ~~refusal to take examinations.~~

22 (a) The Department shall authorize examinations of  
23 applicants for a license under this Act at such times and  
24 places as it may determine by rule. The examinations shall be  
25 of a character to give a fair test of the qualifications of the

1 applicant to practice as a professional engineer or engineer  
2 intern.

3 (b) Applicants for examination are required to pay, either  
4 to the Department or the designated testing service, a fee  
5 covering the cost of providing the examination. Failure to  
6 appear for the examination on the scheduled date, at the time  
7 and place specified, after the applicant's application for  
8 examination has been received and acknowledged by the  
9 Department or the designated testing service, shall result in  
10 the forfeiture of the examination fee.

11 (c) If an applicant fails to pass an examination for  
12 licensure under this Act within 3 years after filing the  
13 application, the application shall be denied. However, such  
14 applicant may thereafter make a new application for examination  
15 accompanied by the required fee and must furnish proof of  
16 meeting the qualifications for examination in effect at the  
17 time of new application.

18 ~~Examinations provided for by this Act shall be conducted under~~  
19 ~~rules prescribed by the Department. Examinations shall be held~~  
20 ~~not less frequently than semi-annually, at times and places~~  
21 ~~prescribed by the Department, of which applicants shall be~~  
22 ~~notified by the Department in writing.~~

23 ~~Examinations of the applicants who seek to practice~~  
24 ~~professional engineering shall ascertain: (a) if the applicant~~  
25 ~~has an adequate understanding of the basic and engineering~~  
26 ~~sciences, which shall embrace subjects required of candidates~~

1 ~~for an approved baccalaureate degree in engineering, and (b) if~~  
2 ~~the training and experience of the applicant have provided a~~  
3 ~~background for the application of the basic and engineering~~  
4 ~~sciences to the solution of engineering problems. The~~  
5 ~~Department may by rule prescribe additional subjects for~~  
6 ~~examination. If an applicant neglects, fails to take, or~~  
7 ~~refuses to take the next available examination offered for~~  
8 ~~licensure under this Act within 3 years after filing the~~  
9 ~~application, the fee paid by the applicant shall be forfeited~~  
10 ~~and the application denied. If an applicant fails to pass an~~  
11 ~~examination for licensure under this Act within 3 years after~~  
12 ~~filing the application, the application shall be denied.~~  
13 ~~However, such applicant may thereafter make a new application~~  
14 ~~for examination, accompanied by the required fee.~~

5        of engineering as defined by rule. Upon submitting an  
6        application with proof of passing both examinations, the  
7        applicant, if otherwise qualified, shall be granted a  
8        license to practice professional engineering in this  
9        State; or

10        (2) ~~(b)~~ a graduate of a non-approved engineering

6 ~~of this Section~~, the applicant, if otherwise qualified,  
7 shall be granted a license to practice professional  
8 engineering in this State.

2 serve the same purpose as the seal provided for by this Act.  
3 The engineer shall be responsible for his or her seal and  
4 signature as defined by rule. When technical submissions are

7 provide, at his or her sole discretion, an original signature  
8 in the licensee's handwriting, a scanned copy of the technical  
9 submission bearing an original signature, or a signature  
10 generated by a computer.

11 The use of a professional engineer's seal on technical  
12 submissions constitutes a representation by the professional  
13 engineer that the work has been prepared by or under the  
14 personal supervision of the professional engineer or developed  
15 in conjunction with the use of accepted engineering standards.  
16 The use of the seal further represents that the work has been

11 studies and other technical reports and calculations prepared  
12 in the course of the practice of professional engineering. All  
13 technical submissions prepared by or under the personal  
14 supervision of a professional engineer shall bear that  
15 professional engineer's seal, signature, and license  
16 expiration date. The licensee's written signature and date of

10 licensed under this Act.

11 (d) It is unlawful to affix one's seal to technical  
12 submissions if it masks the true identity of the person who  
13 actually exercised responsible control of the preparation of  
14 such work. A professional engineer who seals and signs

13 ~~Regulation Law of the Civil Administrative Code of Illinois (20~~  
14 ~~ILCS 2105/2105-15).~~

15 (a-5) In enforcing this Section, the Department or Board,  
16 upon a showing of a possible violation, may order a licensee or  
17 applicant to submit to a mental or physical examination, or  
18 both, at the expense of the Department. The Department or Board  
19 may order the examining physician to present testimony  
20 concerning his or her examination of the licensee or applicant.  
21 No information shall be excluded by reason of any common law or  
22 statutory privilege relating to communications between the  
23 licensee or applicant and the examining physician. The  
24 examining physicians shall be specifically designated by the  
25 Board or Department. The licensee or applicant may have, at his  
26 or her own expense, another physician of his or her choice

1 present during all aspects of the examination. Failure of a  
2 licensee or applicant to submit to any such examination when  
3 directed, without reasonable cause as defined by rule, shall be  
4 grounds for either the immediate suspension of his or her  
5 license or immediate denial of his or her application.

6 If the Secretary immediately suspends the license of a  
7 licensee for his or her failure to submit to a mental or  
8 physical examination when directed, a hearing must be convened  
9 by the Department within 15 days after the suspension and  
10 completed without appreciable delay.

11 If the Secretary otherwise suspends a license pursuant to  
12 the results of the licensee's mental or physical examination, a  
13 hearing must be convened by the Department within 15 days after  
14 the suspension and completed without appreciable delay. The  
15 Department and Board shall have the authority to review the  
16 licensee's record of treatment and counseling regarding the  
17 relevant impairment or impairments to the extent permitted by  
18 applicable federal statutes and regulations safeguarding the  
19 confidentiality of medical records.

20 Any licensee suspended under this subsection (a-5) shall be  
21 afforded an opportunity to demonstrate to the Department or  
22 Board that he or she can resume practice in compliance with the  
23 acceptable and prevailing standards under ~~the provisions of~~ his  
24 or her license.

25 (b) The determination by a circuit court that a registrant  
26 is subject to involuntary admission or judicial admission as

1 provided in the Mental Health and Developmental Disabilities  
2 Code, ~~as now or hereafter amended,~~ operates as an automatic  
3 suspension. Such suspension will end only upon a finding by a  
4 court that the patient is no longer subject to involuntary  
5 admission or judicial admission, the issuance of an order so  
6 finding and discharging the patient, and the recommendation of  
7 the Board to the Secretary ~~Director~~ that the registrant be  
8 allowed to resume practice.

9 (c) In cases where the Department of Healthcare and Family  
10 Services (formerly the Department of Public Aid) has previously  
11 determined that a licensee or a potential licensee is more than  
12 30 days delinquent in the payment of child support and has  
13 subsequently certified the delinquency to the Department, the  
14 Department shall refuse to issue or renew or shall revoke or  
15 suspend that person's license or shall take other disciplinary  
16 action against that person based solely upon the certification  
17 of delinquency made by the Department of Healthcare and Family  
18 Services in accordance with paragraph (5) of subsection (a) of  
19 Section 2105-15 of the Department of Professional Regulation  
20 Law of the Civil Administrative Code of Illinois.

21 (d) The Department shall refuse to issue or renew or shall  
22 revoke or suspend a person's license or shall take other  
23 disciplinary action against that person for his or her failure  
24 to file a return, to pay the tax, penalty, or interest shown in  
25 a filed return, or to pay any final assessment of tax, penalty,  
26 or interest as required by any tax Act administered by the

1 Department of Revenue, until the requirements of the tax Act  
2 are satisfied in accordance with subsection (g) of Section  
3 2105-15 of the Department of Professional Regulation Law of the

17 a verified petition, the court may issue a temporary  
18 restraining order, without bond, and may preliminarily and  
19 permanently enjoin such violation. If it is established that  
20 such person or other entity has violated or is violating the  
21 injunction, the court may punish the offender for contempt of

11 ~~other~~ entity. The rule shall clearly set forth the grounds  
12 relied upon by the Department and shall provide a period of 7  
13 days from the date of the rule to file an answer to the

24 (b) Before the initiation of a formal complaint, the matter  
25 shall be reviewed by a subcommittee of the Board according to

1 procedures established by rule for the Complaint Committee. If  
2 a subcommittee has not been formed, the matter shall proceed  
3 through the process as stated in subsection (c) of this

10 written answer to the charges under oath within 20 days after  
11 the service of the notice, and (iii) inform the applicant or

13 will result in a default being entered against the applicant or  
14 licensee.

15 (d) Written or electronic notice, and any notice in the  
16 subsequent proceeding, may be served by personal delivery, by  
17 email, or by mail to the applicant or licensee at his or her  
18 address of record or email address of record.

19 (e) At the time and place fixed in the notice, the Board or

21 hear the charges, and the parties or their counsel shall be  
22 accorded ample opportunity to present any statement,  
23 testimony, evidence, and argument as may be pertinent to the

4 ~~Findings and recommendations.~~

5 (a) The Board or hearing officer appointed by the Secretary  
6 shall hear evidence in support of the formal charges and  
7 evidence produced by the licensee. At the conclusion of the  
8 hearing, the Board or hearing officer shall present to the  
9 Secretary a written report of its findings of fact, conclusions  
10 of law, and recommendations. If the Board fails to present its  
11 report, the applicant or licensee may request in writing a  
12 direct appeal to the Secretary, in which case the Secretary may  
13 issue an order based upon the report of the hearing officer and
