17 mattresses, sharps, needles, fluorescent lamps, aerosol

1 products, adhesives, glues, acids, caustics, flammable
2 liquid, and any other product collected at a residential
3 household hazardous waste event funded by the Agency. A
4 county or municipal joint action agency may contract with a
5 governmental entity whose primary function is
6 environmental protection and operates permanent and
7 temporary household waste facilities or a private vendor
8 whose primary function is to collect and process permanent
9 and temporary household hazardous waste to collect
10 materials in this Section that are considered hazardous.

11 (2) At least 5% of the remaining 50% of the funds shall
12 be used for education programs to reduce contamination and
13 increase participation in recycling and composting
14 programs. The remainder of the funds available under this
15 paragraph (2) shall be used for:

16 (A) programs to increase the collection and
17 recycling or composting of auxiliary containers;

18 (B) programs or grants to encourage infrastructure
19 development for and market development or recycling
20 and composting;

21 (C) the implementation of solid waste management
22 plans developed pursuant to the Solid Waste Planning
23 and Recycling Act; or

24 (D) the purposes enumerated in paragraph (1) of
25 this Section."
