1 AMENDMENT TO SENATE BILL 1371

2 AMENDMENT NO. _____. Amend Senate Bill 1371 by replacing
3 everything after the enacting clause with the following:

4 "Section 5. The School Code is amended by adding Sections
5 10-20.69 and 34-18.61 as follows:

6 (105 ILCS 5/10-20.69 new)

7 Sec. 10-20.69. Door security locking means.

8 (a) In this Section, "door security locking means" means a
9 door locking means intended for use by a trained school
10 district employee in a school building for the purpose of
11 preventing both ingress and egress through a door of the
12 building.

13 (b) A school district may install a door security locking
14 means on a door of a school building to prevent unwanted entry
15 through the door if all of the following requirements are met:

16 (1) The door security locking means can be engaged

1 without opening the door.

2 (2) The unlocking and unlatching of the door security
3 locking means from the occupied side of the door can be
4 accomplished without the use of a key or tool.

5 (3) The door security locking means complies with all
6 applicable State and federal accessibility requirements.

7 (4) Locks, if remotely engaged, can be unlocked from
8 the occupied side.

9 (5) The door security locking means is capable of being
10 disengaged from the outside by school district employees,
11 and school district employees may use a key or other
12 credentials to unlock the door from the outside.

13 (6) The door security locking means does not modify the
14 door-closing hardware, panic hardware, or fire exit
15 hardware.

16 (7) Any bolts, stops, brackets, or pins employed by the
17 door security locking means do not affect the fire rating
18 of a fire door assembly.

19 (8) School district employees are trained in the
20 engagement and release of the door security locking means,
21 from within and outside the room, as part of the emergency
22 response plan.

23 (9) For doors installed before July 1, 2019 only, the
24 unlocking and unlatching of a door security locking means
25 requires no more than 2 releasing operations. For doors
26 installed on or after July 1, 2019, the unlocking and

1 unlatching of a door security locking means requires no
2 more than one releasing operation. If doors installed
3 before July 1, 2019 are replaced on or after July 1, 2019,
4 the unlocking and unlatching of a door security locking
5 means on the replacement door requires no more than one
6 releasing operation.

7 (10) The door security locking means is no more than 48
8 inches above the finished floor.

9 (11) The door security locking means otherwise
10 complies with the school building code prepared by the
11 State Board of Education under Section 2-3.12.

12 (c) A school district must include the location of any door
13 security locking means and must address the use of the locking
14 and unlocking means from within and outside the room in its
15 filed school safety plan under the School Safety Drill Act.
16 Local law enforcement officials and the local fire department
17 must be notified of the location of any door security locking
18 means and how to disengage it. Any specific tool needed to
19 disengage the door security locking means from the outside of
20 the room must, upon request, be made available to local law
21 enforcement officials and the local fire department.

22 (d) A door security locking means may be used only (i) by a
23 school district employee trained under subsection (e), (ii)
24 during an emergency that threatens the health and safety of
25 students and employees or during an active shooter drill, and
26 (iii) when local law enforcement officials and the local fire

1 department have been notified of its installation prior to its
2 use. The door security locking means must be engaged for a
3 finite period of time in accordance with the school district's
4 school safety plan adopted under the School Safety Drill Act.

5 (e) A school district that has installed a door security
6 locking means shall conduct an in-service training program for
7 school district employees on the proper use of the door
8 security locking means. The school district shall keep a file
9 verifying the employees who have completed the program and
10 must, upon request, provide the file to its regional office of
11 education and the local fire department and local law
12 enforcement agency.

13 (f) A door security locking means that requires 2 releasing
14 operations must be discontinued from use when the door is
15 replaced or is a part of new construction. Replacement and new
16 construction door hardware must include mortise locks,
17 compliant with the applicable building code, and must be
18 lockable from the occupied side without opening the door.
19 However, mortise locks are not required if panic hardware or
20 fire exit hardware is required.

21 (105 ILCS 5/34-18.61 new)

22 Sec. 34-18.61. Door security locking means.

23 (a) In this Section, "door security locking means" means a
24 door locking means intended for use by a trained school
25 district employee in a school building for the purpose of

1 preventing both ingress and egress through a door of the
2 building.

3 (b) The school district may install a door security locking
4 means on a door of a school building to prevent unwanted entry
5 through the door if all of the following requirements are met:

6 (1) The door security locking means can be engaged
7 without opening the door.

8 (2) The unlocking and unlatching of the door security
9 locking means from the occupied side of the door can be
10 accomplished without the use of a key or tool.

11 (3) The door security locking means complies with all
12 applicable State and federal accessibility requirements.

13 (4) Locks, if remotely engaged, can be unlocked from
14 the occupied side.

15 (5) The door security locking means is capable of being
16 disengaged from the outside by school district employees,
17 and school district employees may use a key or other
18 credentials to unlock the door from the outside.

19 (6) The door security locking means does not modify the
20 door-closing hardware, panic hardware, or fire exit
21 hardware.

22 (7) Any bolts, stops, brackets, or pins employed by the
23 door security locking means do not affect the fire rating
24 of a fire door assembly.

25 (8) School district employees are trained in the
26 engagement and release of the door security locking means,

1 from within and outside the room, as part of the emergency
2 response plan.

3 (9) For doors installed before July 1, 2019 only, the
4 unlocking and unlatching of a door security locking means
5 requires no more than 2 releasing operations. For doors
6 installed on or after July 1, 2019, the unlocking and
7 unlatching of a door security locking means requires no
8 more than one releasing operation. If doors installed
9 before July 1, 2019 are replaced on or after July 1, 2019,
10 the unlocking and unlatching of a door security locking
11 means on the replacement door requires no more than one
12 releasing operation.

13 (10) The door security locking means is no more than 48
14 inches above the finished floor.

15 (11) The door security locking means otherwise
16 complies with the school building code prepared by the
17 State Board of Education under Section 2-3.12.

18 (c) The school district must include the location of any
19 door security locking means and must address the use of the
20 locking and unlocking means from within and outside the room in
21 its filed school safety plan under the School Safety Drill Act.
22 Local law enforcement officials and the local fire department
23 must be notified of the location of any door security locking
24 means and how to disengage it. Any specific tool needed to
25 disengage the door security locking means from the outside of
26 the room must, upon request, be made available to local law

1 enforcement officials and the local fire department.

2 (d) A door security locking means may be used only (i) by a
3 school district employee trained under subsection (e), (ii)
4 during an emergency that threatens the health and safety of
5 students and employees or during an active shooter drill, and
6 (iii) when local law enforcement officials and the local fire
7 department have been notified of its installation prior to its
8 use. The door security locking means must be engaged for a
9 finite period of time in accordance with the school district's
10 school safety plan adopted under the School Safety Drill Act.

11 (e) If the school district installs a door security locking
12 means, it must conduct an in-service training program for
13 school district employees on the proper use of the door
14 security locking means. The school district shall keep a file
15 verifying the employees who have completed the program and
16 must, upon request, provide the file to the local fire
17 department and local law enforcement agency.

18 (f) A door security locking means that requires 2 releasing
19 operations must be discontinued from use when the door is
20 replaced or is a part of new construction. Replacement and new
21 construction door hardware must include mortise locks,
22 compliant with the applicable building code, and must be
23 lockable from the occupied side without opening the door.
24 However, mortise locks are not required if panic hardware or
25 fire exit hardware is required.

1 Section 99. Effective date. This Act takes effect July 1,
2 2019.".
