LRB101 08498 KTG 74902 a

1 AMENDMENT TO SENATE BILL 1510

2 AMENDMENT NO. \_\_\_\_\_. Amend Senate Bill 1510, AS AMENDED,  
3 by replacing everything after the enacting clause with the  
4 following:

5 "Article 1.

6 Section 1-5. The Illinois Public Aid Code is amended by  
7 adding Section 5A-2.1 as follows:

8 (305 ILCS 5/5A-2.1 new)

9 Sec. 5A-2.1. Continuation of Section 5A-2 of this Code;  
10 validation.

11 (a) The General Assembly finds and declares that:

12 (1) Public Act 101-650, which took effect on July 7,  
13 2020, contained provisions that would have changed the  
14 repeal date for Section 5A-2 of this Act from July 1, 2020  
15 to December 31, 2022.

1           (2) The Statute on Statutes sets forth general rules on  
2           the repeal of statutes and the construction of multiple  
3           amendments, but Section 1 of that Act also states that  
4           these rules will not be observed when the result would be  
5           "inconsistent with the manifest intent of the General  
6           Assembly or repugnant to the context of the statute".

7           (3) This amendatory Act of the 101st General Assembly  
8           manifests the intention of the General Assembly to extend  
9           the repeal date for Section 5A-2 of this Code and have  
10           Section 5A-2 of this Code, as amended by Public Act  
11           101-650, continue in effect until December 31, 2022.

12           (b) Any construction of this Code that results in the  
13           repeal of Section 5A-2 of this Code on July 1, 2020 would be  
14           inconsistent with the manifest intent of the General Assembly  
15           and repugnant to the context of this Code.

16           (c) It is hereby declared to have been the intent of the  
17           General Assembly that Section 5A-2 of this Code shall not be  
18           subject to repeal on July 1, 2020.

19           (d) Section 5A-2 of this Code shall be deemed to have been  
20           in continuous effect since July 8, 1992 (the effective date of  
21           Public Act 87-861), and it shall continue to be in effect, as  
22           amended by Public Act 101-650, until it is otherwise lawfully  
23           amended or repealed. All previously enacted amendments to the  
24           Section taking effect on or after July 8, 1992, are hereby  
25           validated.

26           (e) In order to ensure the continuing effectiveness of

1 Section 5A-2 of this Code, that Section is set forth in full  
2 and reenacted by this amendatory Act of the 101st General  
3 Assembly. In this amendatory Act of the 101st General Assembly,  
4 the base text of the reenacted Section is set forth as amended  
5 by Public Act 101-650.

6 (f) All actions of the Illinois Department or any other  
7 person or entity taken in reliance on or pursuant to Section  
8 5A-2 of this Code are hereby validated.

9 Section 1-10. The Illinois Public Aid Code is amended by  
10 reenacting Section 5A-2 as follows:

11 (305 ILCS 5/5A-2) (from Ch. 23, par. 5A-2)

12 Sec. 5A-2. Assessment.

13 (a) (1) Subject to Sections 5A-3 and 5A-10, for State fiscal  
14 years 2009 through 2018, or as long as continued under Section  
15 5A-16, an annual assessment on inpatient services is imposed on  
16 each hospital provider in an amount equal to \$218.38 multiplied  
17 by the difference of the hospital's occupied bed days less the  
18 hospital's Medicare bed days, provided, however, that the  
19 amount of \$218.38 shall be increased by a uniform percentage to  
20 generate an amount equal to 75% of the State share of the  
21 payments authorized under Section 5A-12.5, with such increase  
22 only taking effect upon the date that a State share for such  
23 payments is required under federal law. For the period of April  
24 through June 2015, the amount of \$218.38 used to calculate the

1 assessment under this paragraph shall, by emergency rule under  
2 subsection (s) of Section 5-45 of the Illinois Administrative  
3 Procedure Act, be increased by a uniform percentage to generate  
4 \$20,250,000 in the aggregate for that period from all hospitals  
5 subject to the annual assessment under this paragraph.

6 (2) In addition to any other assessments imposed under this  
7 Article, effective July 1, 2016 and semi-annually thereafter  
8 through June 2018, or as provided in Section 5A-16, in addition  
9 to any federally required State share as authorized under  
10 paragraph (1), the amount of \$218.38 shall be increased by a  
11 uniform percentage to generate an amount equal to 75% of the  
12 ACA Assessment Adjustment, as defined in subsection (b-6) of  
13 this Section.

14 For State fiscal years 2009 through 2018, or as provided in  
15 Section 5A-16, a hospital's occupied bed days and Medicare bed  
16 days shall be determined using the most recent data available  
17 from each hospital's 2005 Medicare cost report as contained in  
18 the Healthcare Cost Report Information System file, for the  
19 quarter ending on December 31, 2006, without regard to any  
20 subsequent adjustments or changes to such data. If a hospital's  
21 2005 Medicare cost report is not contained in the Healthcare  
22 Cost Report Information System, then the Illinois Department  
23 may obtain the hospital provider's occupied bed days and  
24 Medicare bed days from any source available, including, but not  
25 limited to, records maintained by the hospital provider, which  
26 may be inspected at all times during business hours of the day

1 by the Illinois Department or its duly authorized agents and  
2 employees.

3 (3) Subject to Sections 5A-3, 5A-10, and 5A-16, for State  
4 fiscal years 2019 and 2020, an annual assessment on inpatient  
5 services is imposed on each hospital provider in an amount  
6 equal to \$197.19 multiplied by the difference of the hospital's  
7 occupied bed days less the hospital's Medicare bed days. For  
8 State fiscal years 2019 and 2020, a hospital's occupied bed  
9 days and Medicare bed days shall be determined using the most  
10 recent data available from each hospital's 2015 Medicare cost  
11 report as contained in the Healthcare Cost Report Information  
12 System file, for the quarter ending on March 31, 2017, without  
13 regard to any subsequent adjustments or changes to such data.  
14 If a hospital's 2015 Medicare cost report is not contained in  
15 the Healthcare Cost Report Information System, then the  
16 Illinois Department may obtain the hospital provider's  
17 occupied bed days and Medicare bed days from any source  
18 available, including, but not limited to, records maintained by  
19 the hospital provider, which may be inspected at all times  
20 during business hours of the day by the Illinois Department or  
21 its duly authorized agents and employees. Notwithstanding any  
22 other provision in this Article, for a hospital provider that  
23 did not have a 2015 Medicare cost report, but paid an  
24 assessment in State fiscal year 2018 on the basis of  
25 hypothetical data, that assessment amount shall be used for  
26 State fiscal years 2019 and 2020.

1           (4) Subject to Sections 5A-3 and 5A-10, for the period of  
2 July 1, 2020 through December 31, 2020 and calendar years 2021  
3 and 2022, an annual assessment on inpatient services is imposed  
4 on each hospital provider in an amount equal to \$221.50  
5 multiplied by the difference of the hospital's occupied bed  
6 days less the hospital's Medicare bed days, provided however:  
7 for the period of July 1, 2020 through December 31, 2020, (i)  
8 the assessment shall be equal to 50% of the annual amount; and  
9 (ii) the amount of \$221.50 shall be retroactively adjusted by a  
10 uniform percentage to generate an amount equal to 50% of the  
11 Assessment Adjustment, as defined in subsection (b-7). For the  
12 period of July 1, 2020 through December 31, 2020 and calendar  
13 years 2021 and 2022, a hospital's occupied bed days and  
14 Medicare bed days shall be determined using the most recent  
15 data available from each hospital's 2015 Medicare cost report  
16 as contained in the Healthcare Cost Report Information System  
17 file, for the quarter ending on March 31, 2017, without regard  
18 to any subsequent adjustments or changes to such data. If a  
19 hospital's 2015 Medicare cost report is not contained in the  
20 Healthcare Cost Report Information System, then the Illinois  
21 Department may obtain the hospital provider's occupied bed days  
22 and Medicare bed days from any source available, including, but  
23 not limited to, records maintained by the hospital provider,  
24 which may be inspected at all times during business hours of  
25 the day by the Illinois Department or its duly authorized  
26 agents and employees. Should the change in the assessment

1 methodology for fiscal years 2021 through December 31, 2022 not  
2 be approved on or before June 30, 2020, the assessment and  
3 payments under this Article in effect for fiscal year 2020  
4 shall remain in place until the new assessment is approved. If  
5 the assessment methodology for July 1, 2020 through December  
6 31, 2022, is approved on or after July 1, 2020, it shall be  
7 retroactive to July 1, 2020, subject to federal approval and  
8 provided that the payments authorized under Section 5A-12.7  
9 have the same effective date as the new assessment methodology.  
10 In giving retroactive effect to the assessment approved after  
11 June 30, 2020, credit toward the new assessment shall be given  
12 for any payments of the previous assessment for periods after  
13 June 30, 2020. Notwithstanding any other provision of this  
14 Article, for a hospital provider that did not have a 2015  
15 Medicare cost report, but paid an assessment in State Fiscal  
16 Year 2020 on the basis of hypothetical data, the data that was  
17 the basis for the 2020 assessment shall be used to calculate  
18 the assessment under this paragraph.

19 (b) (Blank).

20 (b-5)(1) Subject to Sections 5A-3 and 5A-10, for the  
21 portion of State fiscal year 2012, beginning June 10, 2012  
22 through June 30, 2012, and for State fiscal years 2013 through  
23 2018, or as provided in Section 5A-16, an annual assessment on  
24 outpatient services is imposed on each hospital provider in an  
25 amount equal to .008766 multiplied by the hospital's outpatient  
26 gross revenue, provided, however, that the amount of .008766

1 shall be increased by a uniform percentage to generate an  
2 amount equal to 25% of the State share of the payments  
3 authorized under Section 5A-12.5, with such increase only  
4 taking effect upon the date that a State share for such  
5 payments is required under federal law. For the period  
6 beginning June 10, 2012 through June 30, 2012, the annual  
7 assessment on outpatient services shall be prorated by  
8 multiplying the assessment amount by a fraction, the numerator  
9 of which is 21 days and the denominator of which is 365 days.  
10 For the period of April through June 2015, the amount of  
11 .008766 used to calculate the assessment under this paragraph  
12 shall, by emergency rule under subsection (s) of Section 5-45  
13 of the Illinois Administrative Procedure Act, be increased by a  
14 uniform percentage to generate \$6,750,000 in the aggregate for  
15 that period from all hospitals subject to the annual assessment  
16 under this paragraph.

17 (2) In addition to any other assessments imposed under this  
18 Article, effective July 1, 2016 and semi-annually thereafter  
19 through June 2018, in addition to any federally required State  
20 share as authorized under paragraph (1), the amount of .008766  
21 shall be increased by a uniform percentage to generate an  
22 amount equal to 25% of the ACA Assessment Adjustment, as  
23 defined in subsection (b-6) of this Section.

24 For the portion of State fiscal year 2012, beginning June  
25 10, 2012 through June 30, 2012, and State fiscal years 2013  
26 through 2018, or as provided in Section 5A-16, a hospital's

1 outpatient gross revenue shall be determined using the most  
2 recent data available from each hospital's 2009 Medicare cost  
3 report as contained in the Healthcare Cost Report Information  
4 System file, for the quarter ending on June 30, 2011, without  
5 regard to any subsequent adjustments or changes to such data.  
6 If a hospital's 2009 Medicare cost report is not contained in  
7 the Healthcare Cost Report Information System, then the  
8 Department may obtain the hospital provider's outpatient gross  
9 revenue from any source available, including, but not limited  
10 to, records maintained by the hospital provider, which may be  
11 inspected at all times during business hours of the day by the  
12 Department or its duly authorized agents and employees.

13 (3) Subject to Sections 5A-3, 5A-10, and 5A-16, for State  
14 fiscal years 2019 and 2020, an annual assessment on outpatient  
15 services is imposed on each hospital provider in an amount  
16 equal to .01358 multiplied by the hospital's outpatient gross  
17 revenue. For State fiscal years 2019 and 2020, a hospital's  
18 outpatient gross revenue shall be determined using the most  
19 recent data available from each hospital's 2015 Medicare cost  
20 report as contained in the Healthcare Cost Report Information  
21 System file, for the quarter ending on March 31, 2017, without  
22 regard to any subsequent adjustments or changes to such data.  
23 If a hospital's 2015 Medicare cost report is not contained in  
24 the Healthcare Cost Report Information System, then the  
25 Department may obtain the hospital provider's outpatient gross  
26 revenue from any source available, including, but not limited

1 to, records maintained by the hospital provider, which may be  
2 inspected at all times during business hours of the day by the  
3 Department or its duly authorized agents and employees.  
4 Notwithstanding any other provision in this Article, for a  
5 hospital provider that did not have a 2015 Medicare cost  
6 report, but paid an assessment in State fiscal year 2018 on the  
7 basis of hypothetical data, that assessment amount shall be  
8 used for State fiscal years 2019 and 2020.

9 (4) Subject to Sections 5A-3 and 5A-10, for the period of  
10 July 1, 2020 through December 31, 2020 and calendar years 2021  
11 and 2022, an annual assessment on outpatient services is  
12 imposed on each hospital provider in an amount equal to .01525  
13 multiplied by the hospital's outpatient gross revenue,  
14 provided however: (i) for the period of July 1, 2020 through  
15 December 31, 2020, the assessment shall be equal to 50% of the  
16 annual amount; and (ii) the amount of .01525 shall be  
17 retroactively adjusted by a uniform percentage to generate an  
18 amount equal to 50% of the Assessment Adjustment, as defined in  
19 subsection (b-7). For the period of July 1, 2020 through  
20 December 31, 2020 and calendar years 2021 and 2022, a  
21 hospital's outpatient gross revenue shall be determined using  
22 the most recent data available from each hospital's 2015  
23 Medicare cost report as contained in the Healthcare Cost Report  
24 Information System file, for the quarter ending on March 31,  
25 2017, without regard to any subsequent adjustments or changes  
26 to such data. If a hospital's 2015 Medicare cost report is not

1 contained in the Healthcare Cost Report Information System,  
2 then the Illinois Department may obtain the hospital provider's  
3 outpatient revenue data from any source available, including,  
4 but not limited to, records maintained by the hospital  
5 provider, which may be inspected at all times during business  
6 hours of the day by the Illinois Department or its duly  
7 authorized agents and employees. Should the change in the  
8 assessment methodology above for fiscal years 2021 through  
9 calendar year 2022 not be approved prior to July 1, 2020, the  
10 assessment and payments under this Article in effect for fiscal  
11 year 2020 shall remain in place until the new assessment is  
12 approved. If the change in the assessment methodology above for  
13 July 1, 2020 through December 31, 2022, is approved after June  
14 30, 2020, it shall have a retroactive effective date of July 1,  
15 2020, subject to federal approval and provided that the  
16 payments authorized under Section 12A-7 have the same effective  
17 date as the new assessment methodology. In giving retroactive  
18 effect to the assessment approved after June 30, 2020, credit  
19 toward the new assessment shall be given for any payments of  
20 the previous assessment for periods after June 30, 2020.  
21 Notwithstanding any other provision of this Article, for a  
22 hospital provider that did not have a 2015 Medicare cost  
23 report, but paid an assessment in State Fiscal Year 2020 on the  
24 basis of hypothetical data, the data that was the basis for the  
25 2020 assessment shall be used to calculate the assessment under  
26 this paragraph.

1 (b-6) (1) As used in this Section, "ACA Assessment  
2 Adjustment" means:

3 (A) For the period of July 1, 2016 through December 31,  
4 2016, the product of .19125 multiplied by the sum of the  
5 fee-for-service payments to hospitals as authorized under  
6 Section 5A-12.5 and the adjustments authorized under  
7 subsection (t) of Section 5A-12.2 to managed care  
8 organizations for hospital services due and payable in the  
9 month of April 2016 multiplied by 6.

10 (B) For the period of January 1, 2017 through June 30,  
11 2017, the product of .19125 multiplied by the sum of the  
12 fee-for-service payments to hospitals as authorized under  
13 Section 5A-12.5 and the adjustments authorized under  
14 subsection (t) of Section 5A-12.2 to managed care  
15 organizations for hospital services due and payable in the  
16 month of October 2016 multiplied by 6, except that the  
17 amount calculated under this subparagraph (B) shall be  
18 adjusted, either positively or negatively, to account for  
19 the difference between the actual payments issued under  
20 Section 5A-12.5 for the period beginning July 1, 2016  
21 through December 31, 2016 and the estimated payments due  
22 and payable in the month of April 2016 multiplied by 6 as  
23 described in subparagraph (A).

24 (C) For the period of July 1, 2017 through December 31,  
25 2017, the product of .19125 multiplied by the sum of the  
26 fee-for-service payments to hospitals as authorized under

1 Section 5A-12.5 and the adjustments authorized under  
2 subsection (t) of Section 5A-12.2 to managed care  
3 organizations for hospital services due and payable in the  
4 month of April 2017 multiplied by 6, except that the amount  
5 calculated under this subparagraph (C) shall be adjusted,  
6 either positively or negatively, to account for the  
7 difference between the actual payments issued under  
8 Section 5A-12.5 for the period beginning January 1, 2017  
9 through June 30, 2017 and the estimated payments due and  
10 payable in the month of October 2016 multiplied by 6 as  
11 described in subparagraph (B).

12 (D) For the period of January 1, 2018 through June 30,  
13 2018, the product of .19125 multiplied by the sum of the  
14 fee-for-service payments to hospitals as authorized under  
15 Section 5A-12.5 and the adjustments authorized under  
16 subsection (t) of Section 5A-12.2 to managed care  
17 organizations for hospital services due and payable in the  
18 month of October 2017 multiplied by 6, except that:

19 (i) the amount calculated under this subparagraph  
20 (D) shall be adjusted, either positively or  
21 negatively, to account for the difference between the  
22 actual payments issued under Section 5A-12.5 for the  
23 period of July 1, 2017 through December 31, 2017 and  
24 the estimated payments due and payable in the month of  
25 April 2017 multiplied by 6 as described in subparagraph  
26 (C); and

1           (ii) the amount calculated under this subparagraph  
2           (D) shall be adjusted to include the product of .19125  
3           multiplied by the sum of the fee-for-service payments,  
4           if any, estimated to be paid to hospitals under  
5           subsection (b) of Section 5A-12.5.

6           (2) The Department shall complete and apply a final  
7           reconciliation of the ACA Assessment Adjustment prior to June  
8           30, 2018 to account for:

9           (A) any differences between the actual payments issued  
10           or scheduled to be issued prior to June 30, 2018 as  
11           authorized in Section 5A-12.5 for the period of January 1,  
12           2018 through June 30, 2018 and the estimated payments due  
13           and payable in the month of October 2017 multiplied by 6 as  
14           described in subparagraph (D); and

15           (B) any difference between the estimated  
16           fee-for-service payments under subsection (b) of Section  
17           5A-12.5 and the amount of such payments that are actually  
18           scheduled to be paid.

19           The Department shall notify hospitals of any additional  
20           amounts owed or reduction credits to be applied to the June  
21           2018 ACA Assessment Adjustment. This is to be considered the  
22           final reconciliation for the ACA Assessment Adjustment.

23           (3) Notwithstanding any other provision of this Section, if  
24           for any reason the scheduled payments under subsection (b) of  
25           Section 5A-12.5 are not issued in full by the final day of the  
26           period authorized under subsection (b) of Section 5A-12.5,

1 funds collected from each hospital pursuant to subparagraph (D)  
2 of paragraph (1) and pursuant to paragraph (2), attributable to  
3 the scheduled payments authorized under subsection (b) of  
4 Section 5A-12.5 that are not issued in full by the final day of  
5 the period attributable to each payment authorized under  
6 subsection (b) of Section 5A-12.5, shall be refunded.

7 (4) The increases authorized under paragraph (2) of  
8 subsection (a) and paragraph (2) of subsection (b-5) shall be  
9 limited to the federally required State share of the total  
10 payments authorized under Section 5A-12.5 if the sum of such  
11 payments yields an annualized amount equal to or less than  
12 \$450,000,000, or if the adjustments authorized under  
13 subsection (t) of Section 5A-12.2 are found not to be  
14 actuarially sound; however, this limitation shall not apply to  
15 the fee-for-service payments described in subsection (b) of  
16 Section 5A-12.5.

17 (b-7) (1) As used in this Section, "Assessment Adjustment"  
18 means:

19 (A) For the period of July 1, 2020 through December 31,  
20 2020, the product of .3853 multiplied by the total of the  
21 actual payments made under subsections (c) through (k) of  
22 Section 5A-12.7 attributable to the period, less the total  
23 of the assessment imposed under subsections (a) and (b-5)  
24 of this Section for the period.

25 (B) For each calendar quarter beginning on and after  
26 January 1, 2021, the product of .3853 multiplied by the

1 total of the actual payments made under subsections (c)  
2 through (k) of Section 5A-12.7 attributable to the period,  
3 less the total of the assessment imposed under subsections  
4 (a) and (b-5) of this Section for the period.

5 (2) The Department shall calculate and notify each hospital  
6 of the total Assessment Adjustment and any additional  
7 assessment owed by the hospital or refund owed to the hospital  
8 on either a semi-annual or annual basis. Such notice shall be  
9 issued at least 30 days prior to any period in which the  
10 assessment will be adjusted. Any additional assessment owed by  
11 the hospital or refund owed to the hospital shall be uniformly  
12 applied to the assessment owed by the hospital in monthly  
13 installments for the subsequent semi-annual period or calendar  
14 year. If no assessment is owed in the subsequent year, any  
15 amount owed by the hospital or refund due to the hospital,  
16 shall be paid in a lump sum.

17 (3) The Department shall publish all details of the  
18 Assessment Adjustment calculation performed each year on its  
19 website within 30 days of completing the calculation, and also  
20 submit the details of the Assessment Adjustment calculation as  
21 part of the Department's annual report to the General Assembly.

22 (c) (Blank).

23 (d) Notwithstanding any of the other provisions of this  
24 Section, the Department is authorized to adopt rules to reduce  
25 the rate of any annual assessment imposed under this Section,  
26 as authorized by Section 5-46.2 of the Illinois Administrative

1 Procedure Act.

2 (e) Notwithstanding any other provision of this Section,  
3 any plan providing for an assessment on a hospital provider as  
4 a permissible tax under Title XIX of the federal Social  
5 Security Act and Medicaid-eligible payments to hospital  
6 providers from the revenues derived from that assessment shall  
7 be reviewed by the Illinois Department of Healthcare and Family  
8 Services, as the Single State Medicaid Agency required by  
9 federal law, to determine whether those assessments and  
10 hospital provider payments meet federal Medicaid standards. If  
11 the Department determines that the elements of the plan may  
12 meet federal Medicaid standards and a related State Medicaid  
13 Plan Amendment is prepared in a manner and form suitable for  
14 submission, that State Plan Amendment shall be submitted in a  
15 timely manner for review by the Centers for Medicare and  
16 Medicaid Services of the United States Department of Health and  
17 Human Services and subject to approval by the Centers for  
18 Medicare and Medicaid Services of the United States Department  
19 of Health and Human Services. No such plan shall become  
20 effective without approval by the Illinois General Assembly by  
21 the enactment into law of related legislation. Notwithstanding  
22 any other provision of this Section, the Department is  
23 authorized to adopt rules to reduce the rate of any annual  
24 assessment imposed under this Section. Any such rules may be  
25 adopted by the Department under Section 5-50 of the Illinois  
26 Administrative Procedure Act.

2 101-650, eff. 7-7-20.)

3 Article 5.

4 Section 5-5. The Illinois Public Aid Code is amended by  
5 changing Sections 5-5.07, 5-5e.1, and 14-12 as follows:

6 (305 ILCS 5/5-5.07)

7 Sec. 5-5.07. Inpatient psychiatric stay; DCFS per diem  
8 rate. The Department of Children and Family Services shall pay  
9 the DCFS per diem rate for inpatient psychiatric stay at a  
10 free-standing psychiatric hospital effective the 11th day when  
11 a child is in the hospital beyond medical necessity, and the  
12 parent or caregiver has denied the child access to the home and  
13 has refused or failed to make provisions for another living  
14 arrangement for the child or the child's discharge is being  
15 delayed due to a pending inquiry or investigation by the  
16 Department of Children and Family Services. If any portion of a  
17 hospital stay is reimbursed under this Section, the hospital  
18 stay shall not be eligible for payment under the provisions of  
19 Section 14-13 of this Code. This Section is inoperative on and  
20 after July 1, ~~2021~~ ~~2020~~ ~~2019~~. Notwithstanding the provision of  
21 Public Act 101-209 stating that this Section is inoperative on  
22 and after July 1, 2020, this Section is operative from July 1,  
23 2020 through June 30, 2021.

2 6-14-19; reenacted by 101-209, eff. 8-5-19; revised 9-24-19.)

3 Article 10.

4 Section 10-5. The Illinois Public Aid Code is amended by  
5 changing Section 14-12 as follows:

6 (305 ILCS 5/14-12)

7 Sec. 14-12. Hospital rate reform payment system. The  
8 hospital payment system pursuant to Section 14-11 of this  
9 Article shall be as follows:

10 (a) Inpatient hospital services. Effective for discharges  
11 on and after July 1, 2014, reimbursement for inpatient general  
12 acute care services shall utilize the All Patient Refined  
13 Diagnosis Related Grouping (APR-DRG) software, version 30,  
14 distributed by 3M<sup>TM</sup> Health Information System.

15 (1) The Department shall establish Medicaid weighting  
16 factors to be used in the reimbursement system established  
17 under this subsection. Initial weighting factors shall be  
18 the weighting factors as published by 3M Health Information  
19 System, associated with Version 30.0 adjusted for the  
20 Illinois experience.

21 (2) The Department shall establish a  
22 statewide-standardized amount to be used in the inpatient  
23 reimbursement system. The Department shall publish these

1 amounts on its website no later than 10 calendar days prior  
2 to their effective date.

3 (3) In addition to the statewide-standardized amount,  
4 the Department shall develop adjusters to adjust the rate  
5 of reimbursement for critical Medicaid providers or  
6 services for trauma, transplantation services, perinatal  
7 care, and Graduate Medical Education (GME).

8 (4) The Department shall develop add-on payments to  
9 account for exceptionally costly inpatient stays,  
10 consistent with Medicare outlier principles. Outlier fixed  
11 loss thresholds may be updated to control for excessive  
12 growth in outlier payments no more frequently than on an  
13 annual basis, but at least triennially. Upon updating the  
14 fixed loss thresholds, the Department shall be required to  
15 update base rates within 12 months.

16 (5) The Department shall define those hospitals or  
17 distinct parts of hospitals that shall be exempt from the  
18 APR-DRG reimbursement system established under this  
19 Section. The Department shall publish these hospitals'  
20 inpatient rates on its website no later than 10 calendar  
21 days prior to their effective date.

22 (6) Beginning July 1, 2014 and ending on June 30, 2024,  
23 in addition to the statewide-standardized amount, the  
24 Department shall develop an adjustor to adjust the rate of  
25 reimbursement for safety-net hospitals defined in Section  
26 5-5e.1 of this Code excluding pediatric hospitals.

1           (7) Beginning July 1, 2014, in addition to the  
2           statewide-standardized amount, the Department shall  
3           develop an adjustor to adjust the rate of reimbursement for  
4           Illinois freestanding inpatient psychiatric hospitals that  
5           are not designated as children's hospitals by the  
6           Department but are primarily treating patients under the  
7           age of 21.

8           (7.5) (Blank).

9           (8) Beginning July 1, 2018, in addition to the  
10          statewide-standardized amount, the Department shall adjust  
11          the rate of reimbursement for hospitals designated by the  
12          Department of Public Health as a Perinatal Level II or II+  
13          center by applying the same adjustor that is applied to  
14          Perinatal and Obstetrical care cases for Perinatal Level  
15          III centers, as of December 31, 2017.

16          (9) Beginning July 1, 2018, in addition to the  
17          statewide-standardized amount, the Department shall apply  
18          the same adjustor that is applied to trauma cases as of  
19          December 31, 2017 to inpatient claims to treat patients  
20          with burns, including, but not limited to, APR-DRGs 841,  
21          842, 843, and 844.

22          (10) Beginning July 1, 2018, the  
23          statewide-standardized amount for inpatient general acute  
24          care services shall be uniformly increased so that base  
25          claims projected reimbursement is increased by an amount  
26          equal to the funds allocated in paragraph (1) of subsection

1 (b) of Section 5A-12.6, less the amount allocated under  
2 paragraphs (8) and (9) of this subsection and paragraphs  
3 (3) and (4) of subsection (b) multiplied by 40%.

4 (11) Beginning July 1, 2018, the reimbursement for  
5 inpatient rehabilitation services shall be increased by  
6 the addition of a \$96 per day add-on.

7 (b) Outpatient hospital services. Effective for dates of  
8 service on and after July 1, 2014, reimbursement for outpatient  
9 services shall utilize the Enhanced Ambulatory Procedure  
10 Grouping (EAPG) software, version 3.7 distributed by 3M<sup>TM</sup>  
11 Health Information System.

12 (1) The Department shall establish Medicaid weighting  
13 factors to be used in the reimbursement system established  
14 under this subsection. The initial weighting factors shall  
15 be the weighting factors as published by 3M Health  
16 Information System, associated with Version 3.7.

17 (2) The Department shall establish service specific  
18 statewide-standardized amounts to be used in the  
19 reimbursement system.

20 (A) The initial statewide standardized amounts,  
21 with the labor portion adjusted by the Calendar Year  
22 2013 Medicare Outpatient Prospective Payment System  
23 wage index with reclassifications, shall be published  
24 by the Department on its website no later than 10  
25 calendar days prior to their effective date.

26 (B) The Department shall establish adjustments to

1           the statewide-standardized amounts for each Critical  
2           Access Hospital, as designated by the Department of  
3           Public Health in accordance with 42 CFR 485, Subpart F.  
4           For outpatient services provided on or before June 30,  
5           2018, the EAPG standardized amounts are determined  
6           separately for each critical access hospital such that  
7           simulated EAPG payments using outpatient base period  
8           paid claim data plus payments under Section 5A-12.4 of  
9           this Code net of the associated tax costs are equal to  
10          the estimated costs of outpatient base period claims  
11          data with a rate year cost inflation factor applied.

12          (3) In addition to the statewide-standardized amounts,  
13          the Department shall develop adjusters to adjust the rate  
14          of reimbursement for critical Medicaid hospital outpatient  
15          providers or services, including outpatient high volume or  
16          safety-net hospitals. Beginning July 1, 2018, the  
17          outpatient high volume adjustor shall be increased to  
18          increase annual expenditures associated with this adjustor  
19          by \$79,200,000, based on the State Fiscal Year 2015 base  
20          year data and this adjustor shall apply to public  
21          hospitals, except for large public hospitals, as defined  
22          under 89 Ill. Adm. Code 148.25(a).

23          (4) Beginning July 1, 2018, in addition to the  
24          statewide standardized amounts, the Department shall make  
25          an add-on payment for outpatient expensive devices and  
26          drugs. This add-on payment shall at least apply to claim

1 lines that: (i) are assigned with one of the following  
2 EAPGs: 490, 1001 to 1020, and coded with one of the  
3 following revenue codes: 0274 to 0276, 0278; or (ii) are  
4 assigned with one of the following EAPGs: 430 to 441, 443,  
5 444, 460 to 465, 495, 496, 1090. The add-on payment shall  
6 be calculated as follows: the claim line's covered charges  
7 multiplied by the hospital's total acute cost to charge  
8 ratio, less the claim line's EAPG payment plus \$1,000,  
9 multiplied by 0.8.

10 (5) Beginning July 1, 2018, the statewide-standardized  
11 amounts for outpatient services shall be increased by a  
12 uniform percentage so that base claims projected  
13 reimbursement is increased by an amount equal to no less  
14 than the funds allocated in paragraph (1) of subsection (b)  
15 of Section 5A-12.6, less the amount allocated under  
16 paragraphs (8) and (9) of subsection (a) and paragraphs (3)  
17 and (4) of this subsection multiplied by 46%.

18 (6) Effective for dates of service on or after July 1,  
19 2018, the Department shall establish adjustments to the  
20 statewide-standardized amounts for each Critical Access  
21 Hospital, as designated by the Department of Public Health  
22 in accordance with 42 CFR 485, Subpart F, such that each  
23 Critical Access Hospital's standardized amount for  
24 outpatient services shall be increased by the applicable  
25 uniform percentage determined pursuant to paragraph (5) of  
26 this subsection. It is the intent of the General Assembly

1 that the adjustments required under this paragraph (6) by  
2 Public Act 100-1181 shall be applied retroactively to  
3 claims for dates of service provided on or after July 1,  
4 2018.

5 (7) Effective for dates of service on or after March 8,  
6 2019 (the effective date of Public Act 100-1181), the  
7 Department shall recalculate and implement an updated  
8 statewide-standardized amount for outpatient services  
9 provided by hospitals that are not Critical Access  
10 Hospitals to reflect the applicable uniform percentage  
11 determined pursuant to paragraph (5).

12 (1) Any recalculation to the  
13 statewide-standardized amounts for outpatient services  
14 provided by hospitals that are not Critical Access  
15 Hospitals shall be the amount necessary to achieve the  
16 increase in the statewide-standardized amounts for  
17 outpatient services increased by a uniform percentage,  
18 so that base claims projected reimbursement is  
19 increased by an amount equal to no less than the funds  
20 allocated in paragraph (1) of subsection (b) of Section  
21 5A-12.6, less the amount allocated under paragraphs  
22 (8) and (9) of subsection (a) and paragraphs (3) and  
23 (4) of this subsection, for all hospitals that are not  
24 Critical Access Hospitals, multiplied by 46%.

25 (2) It is the intent of the General Assembly that  
26 the recalculations required under this paragraph (7)

1           by Public Act 100-1181 shall be applied prospectively  
2           to claims for dates of service provided on or after  
3           March 8, 2019 (the effective date of Public Act  
4           100-1181) and that no recoupment or repayment by the  
5           Department or an MCO of payments attributable to  
6           recalculation under this paragraph (7), issued to the  
7           hospital for dates of service on or after July 1, 2018  
8           and before March 8, 2019 (the effective date of Public  
9           Act 100-1181), shall be permitted.

10           (8) The Department shall ensure that all necessary  
11           adjustments to the managed care organization capitation  
12           base rates necessitated by the adjustments under  
13           subparagraph (6) or (7) of this subsection are completed  
14           and applied retroactively in accordance with Section  
15           5-30.8 of this Code within 90 days of March 8, 2019 (the  
16           effective date of Public Act 100-1181).

17           (9) Within 60 days after federal approval of the change  
18           made to the assessment in Section 5A-2 by this amendatory  
19           Act of the 101st General Assembly, the Department shall  
20           incorporate into the EAPG system for outpatient services  
21           those services performed by hospitals currently billed  
22           through the Non-Institutional Provider billing system.

23           (c) In consultation with the hospital community, the  
24           Department is authorized to replace 89 Ill. Admin. Code 152.150  
25           as published in 38 Ill. Reg. 4980 through 4986 within 12 months  
26           of June 16, 2014 (the effective date of Public Act 98-651). If

1 the Department does not replace these rules within 12 months of  
2 June 16, 2014 (the effective date of Public Act 98-651), the  
3 rules in effect for 152.150 as published in 38 Ill. Reg. 4980  
4 through 4986 shall remain in effect until modified by rule by  
5 the Department. Nothing in this subsection shall be construed  
6 to mandate that the Department file a replacement rule.

7 (d) Transition period. There shall be a transition period  
8 to the reimbursement systems authorized under this Section that  
9 shall begin on the effective date of these systems and continue  
10 until June 30, 2018, unless extended by rule by the Department.  
11 To help provide an orderly and predictable transition to the  
12 new reimbursement systems and to preserve and enhance access to  
13 the hospital services during this transition, the Department  
14 shall allocate a transitional hospital access pool of at least  
15 \$290,000,000 annually so that transitional hospital access  
16 payments are made to hospitals.

17 (1) After the transition period, the Department may  
18 begin incorporating the transitional hospital access pool  
19 into the base rate structure; however, the transitional  
20 hospital access payments in effect on June 30, 2018 shall  
21 continue to be paid, if continued under Section 5A-16.

22 (2) After the transition period, if the Department  
23 reduces payments from the transitional hospital access  
24 pool, it shall increase base rates, develop new adjustors,  
25 adjust current adjustors, develop new hospital access  
26 payments based on updated information, or any combination

1           thereof by an amount equal to the decreases proposed in the  
2           transitional hospital access pool payments, ensuring that  
3           the entire transitional hospital access pool amount shall  
4           continue to be used for hospital payments.

5           (d-5) Hospital and health care transformation program. The  
6           Department shall develop a hospital and health care  
7           transformation program to provide financial assistance to  
8           hospitals in transforming their services and care models to  
9           better align with the needs of the communities they serve. The  
10          payments authorized in this Section shall be subject to  
11          approval by the federal government.

12           (1) Phase 1. In State fiscal years 2019 through 2020,  
13          the Department shall allocate funds from the transitional  
14          access hospital pool to create a hospital transformation  
15          pool of at least \$262,906,870 annually and make hospital  
16          transformation payments to hospitals. Subject to Section  
17          5A-16, in State fiscal years 2019 and 2020, an Illinois  
18          hospital that received either a transitional hospital  
19          access payment under subsection (d) or a supplemental  
20          payment under subsection (f) of this Section in State  
21          fiscal year 2018, shall receive a hospital transformation  
22          payment as follows:

23           (A) If the hospital's Rate Year 2017 Medicaid  
24          inpatient utilization rate is equal to or greater than  
25          45%, the hospital transformation payment shall be  
26          equal to 100% of the sum of its transitional hospital

1 access payment authorized under subsection (d) and any  
2 supplemental payment authorized under subsection (f).

3 (B) If the hospital's Rate Year 2017 Medicaid  
4 inpatient utilization rate is equal to or greater than  
5 25% but less than 45%, the hospital transformation  
6 payment shall be equal to 75% of the sum of its  
7 transitional hospital access payment authorized under  
8 subsection (d) and any supplemental payment authorized  
9 under subsection (f).

10 (C) If the hospital's Rate Year 2017 Medicaid  
11 inpatient utilization rate is less than 25%, the  
12 hospital transformation payment shall be equal to 50%  
13 of the sum of its transitional hospital access payment  
14 authorized under subsection (d) and any supplemental  
15 payment authorized under subsection (f).

16 (2) Phase 2.

17 (A) The funding amount from phase one shall be  
18 incorporated into directed payment and pass-through  
19 payment methodologies described in Section 5A-12.7.

20 (B) Because there are communities in Illinois that  
21 experience significant health care disparities due to  
22 systemic racism, as recently emphasized by the  
23 COVID-19 pandemic, aggravated by social determinants  
24 of health and a lack of sufficiently allocated  
25 healthcare resources, particularly community-based  
26 services, preventive care, obstetric care, chronic

1 disease management, and specialty care, the Department  
2 shall establish a health care transformation program  
3 that shall be supported by the transformation funding  
4 pool. It is the intention of the General Assembly that  
5 innovative partnerships funded by the pool must be  
6 designed to establish or improve integrated health  
7 care delivery systems that will provide significant  
8 access to the Medicaid and uninsured populations in  
9 their communities, as well as improve health care  
10 equity. It is also the intention of the General  
11 Assembly that partnerships recognize and address the  
12 disparities revealed by the COVID-19 pandemic, as well  
13 as the need for post-COVID care. During State fiscal  
14 years 2021 through 2027, the hospital and health care  
15 transformation program shall be supported by an annual  
16 transformation funding pool of up to \$150,000,000,  
17 pending federal matching funds, to be allocated during  
18 the specified fiscal years for the purpose of  
19 facilitating hospital and health care transformation.  
20 No disbursement of moneys for transformation projects  
21 from the transformation funding pool described under  
22 this Section shall be considered an award, a grant, or  
23 an expenditure of grant funds. Funding agreements made  
24 in accordance with the transformation program shall be  
25 considered purchases of care under the Illinois  
26 Procurement Code, and funds shall be expended by the

1           Department in a manner that maximizes federal funding  
2           to expend the entire allocated amount.

3           The Department shall convene, within 30 days after  
4           the effective date of this amendatory Act of the 101st  
5           General Assembly, a workgroup that includes subject  
6           matter experts on healthcare disparities and  
7           stakeholders from distressed communities, which could  
8           be a subcommittee of the Medicaid Advisory Committee,  
9           to review and provide recommendations on how  
10           Department policy, including health care  
11           transformation, can improve health disparities and the  
12           impact on communities disproportionately affected by  
13           COVID-19. The workgroup shall consider and make  
14           recommendations on the following issues: a community  
15           safety-net designation of certain hospitals, racial  
16           equity, and a regional partnership to bring additional  
17           specialty services to communities. ~~Whereas there are~~  
18           ~~communities in Illinois that suffer from significant~~  
19           ~~health care disparities aggravated by social~~  
20           ~~determinants of health and a lack of sufficiently~~  
21           ~~allocated healthcare resources, particularly~~  
22           ~~community-based services and preventive care, there is~~  
23           ~~established a new hospital and health care~~  
24           ~~transformation program, which shall be supported by a~~  
25           ~~transformation funding pool. An application for~~  
26           ~~funding from the hospital and health care~~

1 ~~transformation program may incorporate the campus of a~~  
2 ~~hospital closed after January 1, 2018 or a hospital~~  
3 ~~that has provided notice of its intent to close~~  
4 ~~pursuant to Section 8.7 of the Illinois Health~~  
5 ~~Facilities Planning Act. During State Fiscal Years~~  
6 ~~2021 through 2023, the hospital and health care~~  
7 ~~transformation program shall be supported by an annual~~  
8 ~~transformation funding pool of at least \$150,000,000~~  
9 ~~to be allocated during the specified fiscal years for~~  
10 ~~the purpose of facilitating hospital and health care~~  
11 ~~transformation. The Department shall not allocate~~  
12 ~~funds associated with the hospital and health care~~  
13 ~~transformation pool as established in this~~  
14 ~~subparagraph until the General Assembly has~~  
15 ~~established in law or resolution, further criteria for~~  
16 ~~dispersal or allocation of those funds after the~~  
17 ~~effective date of this amendatory Act of 101st General~~  
18 ~~Assembly.~~

19 (C) As provided in paragraph (9) of Section 3 of  
20 the Illinois Health Facilities Planning Act, any  
21 hospital participating in the transformation program  
22 may be excluded from the requirements of the Illinois  
23 Health Facilities Planning Act for those projects  
24 related to the hospital's transformation. To be  
25 eligible, the hospital must submit to the Health  
26 Facilities and Services Review Board approval from the

1 Department that the project is a part of the hospital's  
2 transformation.

3 (D) As provided in subsection (a-20) of Section  
4 32.5 of the Emergency Medical Services (EMS) Systems  
5 Act, a hospital that received hospital transformation  
6 payments under this Section may convert to a  
7 freestanding emergency center. To be eligible for such  
8 a conversion, the hospital must submit to the  
9 Department of Public Health approval from the  
10 Department that the project is a part of the hospital's  
11 transformation.

12 (E) Criteria for proposals. To be eligible for  
13 funding under this Section, a transformation proposal  
14 shall meet all of the following criteria:

15 (i) the proposal shall be designed based on  
16 community needs assessment completed by either a  
17 University partner or other qualified entity with  
18 significant community input;

19 (ii) the proposal shall be a collaboration  
20 among providers across the care and community  
21 spectrum, including preventative care, primary  
22 care specialty care, hospital services, mental  
23 health and substance abuse services, as well as  
24 community-based entities that address the social  
25 determinants of health;

26 (iii) the proposal shall be specifically

1 designed to improve healthcare outcomes and reduce  
2 healthcare disparities, and improve the  
3 coordination, effectiveness, and efficiency of  
4 care delivery;

5 (iv) the proposal shall have specific  
6 measurable metrics related to disparities that  
7 will be tracked by the Department and made public  
8 by the Department;

9 (v) the proposal shall include a commitment to  
10 include Business Enterprise Program certified  
11 vendors or other entities controlled and managed  
12 by minorities or women; and

13 (vi) the proposal shall specifically increase  
14 access to primary, preventive, or specialty care.

15 (F) Entities eligible to be funded.

16 (i) Proposals for funding should come from  
17 collaborations operating in one of the most  
18 distressed communities in Illinois as determined  
19 by the U.S. Centers for Disease Control and  
20 Prevention's Social Vulnerability Index for  
21 Illinois and areas disproportionately impacted by  
22 COVID-19 or from rural areas of Illinois.

23 (ii) The Department shall prioritize  
24 partnerships from distressed communities, which  
25 include Business Enterprise Program certified  
26 vendors or other entities controlled and managed

1 by minorities or women and also include one or more  
2 of the following: safety-net hospitals, critical  
3 access hospitals, the campuses of hospitals that  
4 have closed since January 1, 2018, or other  
5 healthcare providers designed to address specific  
6 healthcare disparities, including the impact of  
7 COVID-19 on individuals and the community and the  
8 need for post-COVID care. All funded proposals  
9 must include specific measurable goals and metrics  
10 related to improved outcomes and reduced  
11 disparities which shall be tracked by the  
12 Department.

13 (iii) The Department should target the funding  
14 in the following ways: \$30,000,000 of  
15 transformation funds to projects that are a  
16 collaboration between a safety-net hospital,  
17 particularly community safety-net hospitals, and  
18 other providers and designed to address specific  
19 healthcare disparities, \$20,000,000 of  
20 transformation funds to collaborations between  
21 safety-net hospitals and a larger hospital partner  
22 that increases specialty care in distressed  
23 communities, \$30,000,000 of transformation funds  
24 to projects that are a collaboration between  
25 hospitals and other providers in distressed areas  
26 of the State designed to address specific

1 healthcare disparities, \$15,000,000 to  
2 collaborations between critical access hospitals  
3 and other providers designed to address specific  
4 healthcare disparities, and \$15,000,000 to  
5 cross-provider collaborations designed to address  
6 specific healthcare disparities, and \$5,000,000 to  
7 collaborations that focus on workforce  
8 development.

9 (iv) The Department may allocate up to  
10 \$5,000,000 for planning, racial equity analysis,  
11 or consulting resources for the Department or  
12 entities without the resources to develop a plan to  
13 meet the criteria of this Section. Any contract for  
14 consulting services issued by the Department under  
15 this subparagraph shall comply with the provisions  
16 of Section 5-45 of the State Officials and  
17 Employees Ethics Act. Based on availability of  
18 federal funding, the Department may directly  
19 procure consulting services or provide funding to  
20 the collaboration. The provision of resources  
21 under this subparagraph is not a guarantee that a  
22 project will be approved.

23 (v) The Department shall take steps to ensure  
24 that safety-net hospitals operating in  
25 under-resourced communities receive priority  
26 access to hospital and healthcare transformation

1           funds, including consulting funds, as provided  
2           under this Section.

3           (G) Process for submitting and approving projects  
4           for distressed communities. The Department shall issue  
5           a template for application. The Department shall post  
6           any proposal received on the Department's website for  
7           at least 2 weeks for public comment, and any such  
8           public comment shall also be considered in the review  
9           process. Applicants may request that proprietary  
10           financial information be redacted from publicly posted  
11           proposals and the Department in its discretion may  
12           agree. Proposals for each distressed community must  
13           include all of the following:

14           (i) A detailed description of how the project  
15           intends to affect the goals outlined in this  
16           subsection, describing new interventions, new  
17           technology, new structures, and other changes to  
18           the healthcare delivery system planned.

19           (ii) A detailed description of the racial and  
20           ethnic makeup of the entities' board and  
21           leadership positions and the salaries of the  
22           executive staff of entities in the partnership  
23           that is seeking to obtain funding under this  
24           Section.

25           (iii) A complete budget, including an overall  
26           timeline and a detailed pathway to sustainability

1           within a 5-year period, specifying other sources  
2           of funding, such as in-kind, cost-sharing, or  
3           private donations, particularly for capital needs.  
4           There is an expectation that parties to the  
5           transformation project dedicate resources to the  
6           extent they are able and that these expectations  
7           are delineated separately for each entity in the  
8           proposal.

9           (iv) A description of any new entities formed  
10          or other legal relationships between collaborating  
11          entities and how funds will be allocated among  
12          participants.

13          (v) A timeline showing the evolution of sites  
14          and specific services of the project over a 5-year  
15          period, including services available to the  
16          community by site.

17          (vi) Clear milestones indicating progress  
18          toward the proposed goals of the proposal as  
19          checkpoints along the way to continue receiving  
20          funding. The Department is authorized to refine  
21          these milestones in agreements, and is authorized  
22          to impose reasonable penalties, including  
23          repayment of funds, for substantial lack of  
24          progress.

25          (vii) A clear statement of the level of  
26          commitment the project will include for minorities

1           and women in contracting opportunities, including  
2           as equity partners where applicable, or as  
3           subcontractors and suppliers in all phases of the  
4           project.

5           (viii) If the community study utilized is not  
6           the study commissioned and published by the  
7           Department, the applicant must define the  
8           methodology used, including documentation of clear  
9           community participation.

10           (ix) A description of the process used in  
11           collaborating with all levels of government in the  
12           community served in the development of the  
13           project, including, but not limited to,  
14           legislators and officials of other units of local  
15           government.

16           (x) Documentation of a community input process  
17           in the community served, including links to  
18           proposal materials on public websites.

19           (xi) Verifiable project milestones and quality  
20           metrics that will be impacted by transformation.  
21           These project milestones and quality metrics must  
22           be identified with improvement targets that must  
23           be met.

24           (xii) Data on the number of existing employees  
25           by various job categories and wage levels by the  
26           zip code of the employees' residence and

1 benchmarks for the continued maintenance and  
2 improvement of these levels. The proposal must  
3 also describe any retraining or other workforce  
4 development planned for the new project.

5 (xiii) If a new entity is created by the  
6 project, a description of how the board will be  
7 reflective of the community served by the  
8 proposal.

9 (xiv) An explanation of how the proposal will  
10 address the existing disparities that exacerbated  
11 the impact of COVID-19 and the need for post-COVID  
12 care in the community, if applicable.

13 (xv) An explanation of how the proposal is  
14 designed to increase access to care, including  
15 specialty care based upon the community's needs.

16 (H) The Department shall evaluate proposals for  
17 compliance with the criteria listed under subparagraph  
18 (G). Proposals meeting all of the criteria may be  
19 eligible for funding with the areas of focus  
20 prioritized as described in item (ii) of subparagraph  
21 (F). Based on the funds available, the Department may  
22 negotiate funding agreements with approved applicants  
23 to maximize federal funding. Nothing in this  
24 subsection requires that an approved project be funded  
25 to the level requested. Agreements shall specify the  
26 amount of funding anticipated annually, the

1 methodology of payments, the limit on the number of  
2 years such funding may be provided, and the milestones  
3 and quality metrics that must be met by the projects in  
4 order to continue to receive funding during each year  
5 of the program. Agreements shall specify the terms and  
6 conditions under which a health care facility that  
7 receives funds under a purchase of care agreement and  
8 closes in violation of the terms of the agreement must  
9 pay an early closure fee no greater than 50% of the  
10 funds it received under the agreement, prior to the  
11 Health Facilities and Services Review Board  
12 considering an application for closure of the  
13 facility. Any project that is funded shall be required  
14 to provide quarterly written progress reports, in a  
15 form prescribed by the Department, and at a minimum  
16 shall include the progress made in achieving any  
17 milestones or metrics or Business Enterprise Program  
18 commitments in its plan. The Department may reduce or  
19 end payments, as set forth in transformation plans, if  
20 milestones or metrics or Business Enterprise Program  
21 commitments are not achieved. The Department shall  
22 seek to make payments from the transformation fund in a  
23 manner that is eligible for federal matching funds.

24 In reviewing the proposals, the Department shall  
25 take into account the needs of the community, data from  
26 the study commissioned by the Department from the

1           University of Illinois-Chicago if applicable, feedback  
2           from public comment on the Department's website, as  
3           well as how the proposal meets the criteria listed  
4           under subparagraph (G). Alignment with the  
5           Department's overall strategic initiatives shall be an  
6           important factor. To the extent that fiscal year  
7           funding is not adequate to fund all eligible projects  
8           that apply, the Department shall prioritize  
9           applications that most comprehensively and effectively  
10           address the criteria listed under subparagraph (G).

11           (3) (Blank).

12           (4) Hospital Transformation Review Committee. There is  
13           created the Hospital Transformation Review Committee. The  
14           Committee shall consist of 14 members. No later than 30  
15           days after March 12, 2018 (the effective date of Public Act  
16           100-581), the 4 legislative leaders shall each appoint 3  
17           members; the Governor shall appoint the Director of  
18           Healthcare and Family Services, or his or her designee, as  
19           a member; and the Director of Healthcare and Family  
20           Services shall appoint one member. Any vacancy shall be  
21           filled by the applicable appointing authority within 15  
22           calendar days. The members of the Committee shall select a  
23           Chair and a Vice-Chair from among its members, provided  
24           that the Chair and Vice-Chair cannot be appointed by the  
25           same appointing authority and must be from different  
26           political parties. The Chair shall have the authority to

1 establish a meeting schedule and convene meetings of the  
2 Committee, and the Vice-Chair shall have the authority to  
3 convene meetings in the absence of the Chair. The Committee  
4 may establish its own rules with respect to meeting  
5 schedule, notice of meetings, and the disclosure of  
6 documents; however, the Committee shall not have the power  
7 to subpoena individuals or documents and any rules must be  
8 approved by 9 of the 14 members. The Committee shall  
9 perform the functions described in this Section and advise  
10 and consult with the Director in the administration of this  
11 Section. In addition to reviewing and approving the  
12 policies, procedures, and rules for the hospital and health  
13 care transformation program, the Committee shall consider  
14 and make recommendations related to qualifying criteria  
15 and payment methodologies related to safety-net hospitals  
16 and children's hospitals. Members of the Committee  
17 appointed by the legislative leaders shall be subject to  
18 the jurisdiction of the Legislative Ethics Commission, not  
19 the Executive Ethics Commission, and all requests under the  
20 Freedom of Information Act shall be directed to the  
21 applicable Freedom of Information officer for the General  
22 Assembly. The Department shall provide operational support  
23 to the Committee as necessary. The Committee is dissolved  
24 on April 1, 2019.

25 (e) Beginning 36 months after initial implementation, the  
26 Department shall update the reimbursement components in

1 subsections (a) and (b), including standardized amounts and  
2 weighting factors, and at least triennially and no more  
3 frequently than annually thereafter. The Department shall  
4 publish these updates on its website no later than 30 calendar  
5 days prior to their effective date.

6 (f) Continuation of supplemental payments. Any  
7 supplemental payments authorized under Illinois Administrative  
8 Code 148 effective January 1, 2014 and that continue during the  
9 period of July 1, 2014 through December 31, 2014 shall remain  
10 in effect as long as the assessment imposed by Section 5A-2  
11 that is in effect on December 31, 2017 remains in effect.

12 (g) Notwithstanding subsections (a) through (f) of this  
13 Section and notwithstanding the changes authorized under  
14 Section 5-5b.1, any updates to the system shall not result in  
15 any diminishment of the overall effective rates of  
16 reimbursement as of the implementation date of the new system  
17 (July 1, 2014). These updates shall not preclude variations in  
18 any individual component of the system or hospital rate  
19 variations. Nothing in this Section shall prohibit the  
20 Department from increasing the rates of reimbursement or  
21 developing payments to ensure access to hospital services.  
22 Nothing in this Section shall be construed to guarantee a  
23 minimum amount of spending in the aggregate or per hospital as  
24 spending may be impacted by factors, including, but not limited  
25 to, the number of individuals in the medical assistance program  
26 and the severity of illness of the individuals.

1           (h) The Department shall have the authority to modify by  
2 rulemaking any changes to the rates or methodologies in this  
3 Section as required by the federal government to obtain federal  
4 financial participation for expenditures made under this  
5 Section.

6           (i) Except for subsections (g) and (h) of this Section, the  
7 Department shall, pursuant to subsection (c) of Section 5-40 of  
8 the Illinois Administrative Procedure Act, provide for  
9 presentation at the June 2014 hearing of the Joint Committee on  
10 Administrative Rules (JCAR) additional written notice to JCAR  
11 of the following rules in order to commence the second notice  
12 period for the following rules: rules published in the Illinois  
13 Register, rule dated February 21, 2014 at 38 Ill. Reg. 4559  
14 (Medical Payment), 4628 (Specialized Health Care Delivery  
15 Systems), 4640 (Hospital Services), 4932 (Diagnostic Related  
16 Grouping (DRG) Prospective Payment System (PPS)), and 4977  
17 (Hospital Reimbursement Changes), and published in the  
18 Illinois Register dated March 21, 2014 at 38 Ill. Reg. 6499  
19 (Specialized Health Care Delivery Systems) and 6505 (Hospital  
20 Services).

21           (j) Out-of-state hospitals. Beginning July 1, 2018, for  
22 purposes of determining for State fiscal years 2019 and 2020  
23 and subsequent fiscal years the hospitals eligible for the  
24 payments authorized under subsections (a) and (b) of this  
25 Section, the Department shall include out-of-state hospitals  
26 that are designated a Level I pediatric trauma center or a

1 Level I trauma center by the Department of Public Health as of  
2 December 1, 2017.

3 (k) The Department shall notify each hospital and managed  
4 care organization, in writing, of the impact of the updates  
5 under this Section at least 30 calendar days prior to their  
6 effective date.

7 (Source: P.A. 100-581, eff. 3-12-18; 100-1181, eff. 3-8-19;

9 Article 13.

10 Section 13-5. The Illinois Public Aid Code is amended by  
11 changing Section 12-4.53 as follows:

12 (305 ILCS 5/12-4.53)

13 Sec. 12-4.53. Prospective Payment System (PPS) rates.  
14 Effective January 1, 2021, and subsequent years, based on  
15 specific appropriation, the Prospective Payment System (PPS)  
16 rates for FQHCs shall be increased based on the cost principles  
17 found at 45 Code of Federal Regulations Part 75 or its  
18 successor. Such rates shall be increased by using any of the  
19 following methods: reducing the current minimum productivity  
20 and efficiency standards no lower than 3500 encounters per FTE  
21 physician; increasing the statewide median cost cap from 105%  
22 to 120%, ~~or~~ a one-time re-basing of rates utilizing 2018 FQHC  
23 cost reports, or another alternative payment method acceptable

1 to the Centers for Medicare and Medicaid Services and the  
2 FQHCs, including an across the board percentage increase to  
3 existing rates.

4 (Source: P.A. 101-636, eff. 6-10-20.)

5 Article 15.

6 Section 15-1. Short title. This Act may be cited as the  
7 COVID-19 Medically Necessary Diagnostic Testing Act.

8 Section 15-5. Findings. The General Assembly finds that  
9 COVID-19 has infected hundreds of thousands of Illinois  
10 residents and taken the lives of tens of thousands all within  
11 less than a year's time. Nursing home residents are at  
12 particular risk of the virus due to many factors, and routine  
13 testing among residents and staff is critical to control the  
14 spread within facilities. Nursing facilities are required by  
15 federal and State regulation to conduct COVID-19 routine  
16 testing at specified intervals.

17 The General Assembly finds that some insurance companies  
18 are denying coverage of routine COVID-19 testing for insured  
19 staff because it is not deemed medically necessary.

20 The General Assembly also finds that diagnostic testing for  
21 COVID-19 is a medically necessary basic health care service for  
22 nursing home employees, regardless of whether the employee has  
23 symptoms of COVID-19 infection or is asymptomatic, or whether

1 the employee has a known or suspected exposure to a person with  
2 COVID-19.

3 The General Assembly therefore finds and declares that  
4 routine COVID-19 testing of nursing home facility employees, as  
5 mandated by State or federal laws, rules, regulations, or  
6 guidance, is medically necessary and insurance companies must  
7 cover the cost associated with such testing.

8 Section 15-10. Applicability. This Act applies to  
9 companies as defined in subsection (e) of Section 2 of the  
10 Illinois Insurance Code, which offer insurance policies and  
11 coverage to employees of long-term care facilities as defined  
12 in Section 1-113 of the Nursing Home Care Act.

13 Section 15-15. Definitions.

14 "COVID-19" means the disease caused by SARS-CoV-2 or any  
15 further mutation.

16 "Diagnostic testing" means testing administered for the  
17 purposes of diagnosing COVID-19 or a related virus and the  
18 administration of such tests if the test is:

19 (1) approved, cleared, or authorized under Section  
20 510(k), 513, 515, or 564 of the Federal Food, Drug, and  
21 Cosmetic Act (21 U.S.C. 360(k), 360c, 360e, and 360bbb-3);

22 (2) the subject of a request or intended request for  
23 emergency use authorization under Section 564 of the  
24 Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360bbb-3),

1 until the emergency use authorization request has been  
2 denied or the developer of the test does not submit a  
3 request within a reasonable timeframe;

4 (3) developed and authorized by a state that has  
5 notified the Secretary of the United States Department of  
6 Health and Human Services of its intention to review a test  
7 intended to diagnose COVID-19; or

8 (4) determined by the Secretary of the United States  
9 Department of Health and Human Services or the Director of  
10 the Centers for Disease Control and Prevention as  
11 appropriate for the diagnosis of COVID-19.

12 "Enrollee" means a nursing home employee who is covered by  
13 a health plan.

14 "Health plan" means all policies, contracts, and  
15 certificates of health insurance coverage that are or will be  
16 enforced, issued, delivered, amended, or renewed in this State  
17 and subject to the authority of the Director of Insurance under  
18 any insurance law.

19 "Nursing home employee" means anyone employed by or under  
20 contract with a long-term care facility as defined in Section  
21 1-113 of the Nursing Home Care Act, or under contract with a  
22 third party to provide services within a long-term care  
23 facility.

24 "Testing provider" means any professional person,  
25 organization, health facility, or other person or institution  
26 licensed or authorized by the State to deliver or furnish

1 COVID-19 diagnostic tests. Testing providers include  
2 physicians and other primary care providers; urgent care  
3 centers; State-run or county-run clinics or testing sites;  
4 pharmacies; university laboratories; hospital emergency  
5 departments; skilled nursing facilities; and any other  
6 outpatient provider setting for which the diagnosis of COVID-19  
7 is within the scope of the provider's State licensure or  
8 authorization.

9 Section 15-20. Diagnostic testing.

10 (a) A health plan shall not impose utilization management  
11 requirements on COVID-19 diagnostic tests for nursing home  
12 employees.

13 (b) A health plan may inquire as to whether an enrollee is  
14 a nursing home employee as defined in this Act, but shall  
15 require no further evidence or verification of the enrollee's  
16 nursing home employee status when determining whether the  
17 enrollee is a nursing home employee.

18 (c) Medically necessary COVID-19 testing is urgent care,  
19 and health plans shall not extend the applicable wait time for  
20 a COVID-19 testing appointment, even if such an extension would  
21 otherwise be permitted.

22 (d) A health plan shall reimburse the testing provider for  
23 medically necessary COVID-19 testing at the contracted rate if  
24 the health plan has a contract with the testing provider. If  
25 the health plan and the testing provider do not have a contract

1 that encompasses COVID-19 testing, the health plan shall  
2 reimburse the provider at the provider's cash price, when  
3 required by federal law. In all other instances, the health  
4 plan shall reimburse the provider for the reasonable and  
5 customary value of the services.

6 (e) Changes to a contract between a health plan and a  
7 provider delegating financial risk for COVID-19 diagnostic  
8 testing, including related items and services, shall be  
9 considered a material change to the parties' contract. A health  
10 plan shall not delegate the financial risk to a contracted  
11 provider for the cost of the enrollee services provided under  
12 this Section unless the parties have negotiated and agreed upon  
13 a new provision of the parties' contract.

14 (f) The timeframes specified in the Illinois Insurance Code  
15 apply for the submission and payment of claims for COVID-19  
16 diagnostic testing and related items and services. A health  
17 plan shall not delay or deny payment of a testing provider's  
18 claim for services received by an enrollee in accordance with  
19 this Section.

20 (g) For purposes of the submission of claims in accordance  
21 with this Section, "provider" includes the State of Illinois,  
22 university laboratories, and State-run or county-run clinics  
23 or other testing sites.

24 (h) Failure by a health plan to comply with the  
25 requirements of this Act may constitute a basis for  
26 disciplinary action against the health plan. The Director of

1 Insurance shall have all the civil, criminal, and  
2 administrative remedies available under the Illinois Insurance  
3 Code.

4 Article 30.

5 Section 30-5. The Nursing Home Care Act is amended by  
6 changing Section 3-206 as follows:

7 (210 ILCS 45/3-206) (from Ch. 111 1/2, par. 4153-206)

8 Sec. 3-206. The Department shall prescribe a curriculum for  
9 training nursing assistants, habilitation aides, and child  
10 care aides.

11 (a) No person, except a volunteer who receives no  
12 compensation from a facility and is not included for the  
13 purpose of meeting any staffing requirements set forth by the  
14 Department, shall act as a nursing assistant, habilitation  
15 aide, or child care aide in a facility, nor shall any person,  
16 under any other title, not licensed, certified, or registered  
17 to render medical care by the Department of Financial and  
18 Professional Regulation, assist with the personal, medical, or  
19 nursing care of residents in a facility, unless such person  
20 meets the following requirements:

21 (1) Be at least 16 years of age, of temperate habits  
22 and good moral character, honest, reliable and  
23 trustworthy.

1           (2) Be able to speak and understand the English  
2 language or a language understood by a substantial  
3 percentage of the facility's residents.

4           (3) Provide evidence of employment or occupation, if  
5 any, and residence for 2 years prior to his present  
6 employment.

7           (4) Have completed at least 8 years of grade school or  
8 provide proof of equivalent knowledge.

9           (5) Begin a current course of training for nursing  
10 assistants, habilitation aides, or child care aides,  
11 approved by the Department, within 45 days of initial  
12 employment in the capacity of a nursing assistant,  
13 habilitation aide, or child care aide at any facility. Such  
14 courses of training shall be successfully completed within  
15 120 days of initial employment in the capacity of nursing  
16 assistant, habilitation aide, or child care aide at a  
17 facility. Nursing assistants, habilitation aides, and  
18 child care aides who are enrolled in approved courses in  
19 community colleges or other educational institutions on a  
20 term, semester or trimester basis, shall be exempt from the  
21 120-day completion time limit. The Department shall adopt  
22 rules for such courses of training. These rules shall  
23 include procedures for facilities to carry on an approved  
24 course of training within the facility. The Department  
25 shall allow an individual to satisfy the supervised  
26 clinical experience requirement for placement on the

1 Health Care Worker Registry under 77 Ill. Adm. Code 300.663  
2 through supervised clinical experience at an assisted  
3 living establishment licensed under the Assisted Living  
4 and Shared Housing Act. The Department shall adopt rules  
5 requiring that the Health Care Worker Registry include  
6 information identifying where an individual on the Health  
7 Care Worker Registry received his or her clinical training.

8 The Department may accept comparable training in lieu  
9 of the 120-hour course for student nurses, foreign nurses,  
10 military personnel, or employees of the Department of Human  
11 Services.

12 The Department shall accept on-the-job experience in  
13 lieu of clinical training from any individual who  
14 participated in the temporary nursing assistant program  
15 during the COVID-19 pandemic before the end date of the  
16 temporary nursing assistant program and left the program in  
17 good standing, and the Department shall notify all approved  
18 certified nurse assistant training programs in the State of  
19 this requirement. The individual shall receive one hour of  
20 credit for every hour employed as a temporary nursing  
21 assistant, up to 40 total hours, and shall be permitted 90  
22 days after the end date of the temporary nursing assistant  
23 program to enroll in an approved certified nursing  
24 assistant training program and 240 days to successfully  
25 complete the certified nursing assistant training program.  
26 Temporary nursing assistants who enroll in a certified

1       nursing assistant training program within 90 days of the  
2       end of the temporary nursing assistant program may continue  
3       to work as a nursing assistant for up to 240 days after  
4       enrollment in the certified nursing assistant training  
5       program. As used in this Section, "temporary nursing  
6       assistant program" means the program implemented by the  
7       Department of Public Health by emergency rule, as listed in  
8       44 Ill. Reg. 7936, effective April 21, 2020.

9           The facility shall develop and implement procedures,  
10       which shall be approved by the Department, for an ongoing  
11       review process, which shall take place within the facility,  
12       for nursing assistants, habilitation aides, and child care  
13       aides.

14           At the time of each regularly scheduled licensure  
15       survey, or at the time of a complaint investigation, the  
16       Department may require any nursing assistant, habilitation  
17       aide, or child care aide to demonstrate, either through  
18       written examination or action, or both, sufficient  
19       knowledge in all areas of required training. If such  
20       knowledge is inadequate the Department shall require the  
21       nursing assistant, habilitation aide, or child care aide to  
22       complete inservice training and review in the facility  
23       until the nursing assistant, habilitation aide, or child  
24       care aide demonstrates to the Department, either through  
25       written examination or action, or both, sufficient  
26       knowledge in all areas of required training.

1           (6) Be familiar with and have general skills related to  
2           resident care.

3           (a-0.5) An educational entity, other than a secondary  
4           school, conducting a nursing assistant, habilitation aide, or  
5           child care aide training program shall initiate a criminal  
6           history record check in accordance with the Health Care Worker  
7           Background Check Act prior to entry of an individual into the  
8           training program. A secondary school may initiate a criminal  
9           history record check in accordance with the Health Care Worker  
10          Background Check Act at any time during or after a training  
11          program.

12          (a-1) Nursing assistants, habilitation aides, or child  
13          care aides seeking to be included on the Health Care Worker  
14          Registry under the Health Care Worker Background Check Act on  
15          or after January 1, 1996 must authorize the Department of  
16          Public Health or its designee to request a criminal history  
17          record check in accordance with the Health Care Worker  
18          Background Check Act and submit all necessary information. An  
19          individual may not newly be included on the Health Care Worker  
20          Registry unless a criminal history record check has been  
21          conducted with respect to the individual.

22          (b) Persons subject to this Section shall perform their  
23          duties under the supervision of a licensed nurse.

24          (c) It is unlawful for any facility to employ any person in  
25          the capacity of nursing assistant, habilitation aide, or child  
26          care aide, or under any other title, not licensed by the State

1 of Illinois to assist in the personal, medical, or nursing care  
2 of residents in such facility unless such person has complied  
3 with this Section.

4 (d) Proof of compliance by each employee with the  
5 requirements set out in this Section shall be maintained for  
6 each such employee by each facility in the individual personnel  
7 folder of the employee. Proof of training shall be obtained  
8 only from the Health Care Worker Registry.

9 (e) Each facility shall obtain access to the Health Care  
10 Worker Registry's web application, maintain the employment and  
11 demographic information relating to each employee, and verify  
12 by the category and type of employment that each employee  
13 subject to this Section meets all the requirements of this  
14 Section.

15 (f) Any facility that is operated under Section 3-803 shall  
16 be exempt from the requirements of this Section.

17 (g) Each skilled nursing and intermediate care facility  
18 that admits persons who are diagnosed as having Alzheimer's  
19 disease or related dementias shall require all nursing  
20 assistants, habilitation aides, or child care aides, who did  
21 not receive 12 hours of training in the care and treatment of  
22 such residents during the training required under paragraph (5)  
23 of subsection (a), to obtain 12 hours of in-house training in  
24 the care and treatment of such residents. If the facility does  
25 not provide the training in-house, the training shall be  
26 obtained from other facilities, community colleges or other

1 educational institutions that have a recognized course for such  
2 training. The Department shall, by rule, establish a recognized  
3 course for such training. The Department's rules shall provide  
4 that such training may be conducted in-house at each facility  
5 subject to the requirements of this subsection, in which case  
6 such training shall be monitored by the Department.

7 The Department's rules shall also provide for  
8 circumstances and procedures whereby any person who has  
9 received training that meets the requirements of this  
10 subsection shall not be required to undergo additional training  
11 if he or she is transferred to or obtains employment at a  
12 different facility or a facility other than a long-term care  
13 facility but remains continuously employed for pay as a nursing  
14 assistant, habilitation aide, or child care aide. Individuals  
15 who have performed no nursing or nursing-related services for a  
16 period of 24 consecutive months shall be listed as "inactive"  
17 and as such do not meet the requirements of this Section.  
18 Licensed sheltered care facilities shall be exempt from the  
19 requirements of this Section.

20 An individual employed during the COVID-19 pandemic as a  
21 nursing assistant in accordance with any Executive Orders,  
22 emergency rules, or policy memoranda related to COVID-19 shall  
23 be assumed to meet competency standards and may continue to be  
24 employed as a certified nurse assistant when the pandemic ends  
25 and the Executive Orders or emergency rules lapse. Such  
26 individuals shall be listed on the Department's Health Care

1 Worker Registry website as "active".

3 100-863, eff. 8-14-18.)

4 Article 40.

5 Section 40-5. The Nurse Practice Act is amended by changing  
6 Sections 55-35 and 60-40 as follows:

7 (225 ILCS 65/55-35)

8 (Section scheduled to be repealed on January 1, 2028)

9 Sec. 55-35. Continuing education for LPN licensees. The  
10 Department may adopt rules of continuing education for licensed  
11 practical nurses that require 20 hours of continuing education  
12 per 2-year license renewal cycle. The rules shall address  
13 variances in part or in whole for good cause, including without  
14 limitation illness or hardship. The continuing education rules  
15 must ensure that licensees are given the opportunity to  
16 participate in programs sponsored by or through their State or  
17 national professional associations, hospitals, or other  
18 providers of continuing education. The continuing education  
19 rules must allow for a licensee to complete all required hours  
20 of continuing education in an online format. Each licensee is  
21 responsible for maintaining records of completion of  
22 continuing education and shall be prepared to produce the  
23 records when requested by the Department.

1 (Source: P.A. 95-639, eff. 10-5-07.)

2 (225 ILCS 65/60-40)

3 (Section scheduled to be repealed on January 1, 2028)

4 Sec. 60-40. Continuing education for RN licensees. The  
5 Department may adopt rules of continuing education for  
6 registered professional nurses licensed under this Act that  
7 require 20 hours of continuing education per 2-year license  
8 renewal cycle. The rules shall address variances in part or in  
9 whole for good cause, including without limitation illness or  
10 hardship. The continuing education rules must ensure that  
11 licensees are given the opportunity to participate in programs  
12 sponsored by or through their State or national professional  
13 associations, hospitals, or other providers of continuing  
14 education. The continuing education rules must allow for a  
15 licensee to complete all required hours of continuing education  
16 in an online format. Each licensee is responsible for  
17 maintaining records of completion of continuing education and  
18 shall be prepared to produce the records when requested by the  
19 Department.

20 (Source: P.A. 95-639, eff. 10-5-07.)

21 Section 40-10. The Nursing Home Administrators Licensing  
22 and Disciplinary Act is amended by changing Section 11 as  
23 follows:

1 (225 ILCS 70/11) (from Ch. 111, par. 3661)

2 (Section scheduled to be repealed on January 1, 2028)

3 Sec. 11. Expiration; renewal; continuing education. The  
4 expiration date and renewal period for each license issued  
5 under this Act shall be set by rule.

6 Each licensee shall provide proof of having obtained 36  
7 hours of continuing education in the 2 year period preceding  
8 the renewal date of the license as a condition of license  
9 renewal. The continuing education rules must allow for a  
10 licensee to complete all required hours of continuing education  
11 in an online format. The continuing education requirement may  
12 be waived in part or in whole for such good cause as may be  
13 determined by rule.

14 Any continuing education course for nursing home  
15 administrators approved by the National Continuing Education  
16 Review Service of the National Association of Boards of  
17 Examiners of Nursing Home Administrators will be accepted  
18 toward satisfaction of these requirements.

19 Any continuing education course for nursing home  
20 administrators sponsored by the Life Services Network of  
21 Illinois, Illinois Council on Long Term Care, County Nursing  
22 Home Association of Illinois, Illinois Health Care  
23 Association, Illinois Chapter of American College of Health  
24 Care Administrators, and the Illinois Nursing Home  
25 Administrators Association will be accepted toward  
26 satisfaction of these requirements.

1 Any school, college or university, State agency, or other  
2 entity may apply to the Department for approval as a continuing  
3 education sponsor. Criteria for qualification as a continuing  
4 education sponsor shall be established by rule.

5 It shall be the responsibility of each continuing education  
6 sponsor to maintain records, as prescribed by rule, to verify  
7 attendance.

8 The Department shall establish by rule a means for the  
9 verification of completion of the continuing education  
10 required by this Section. This verification may be accomplished  
11 through audits of records maintained by registrants; by  
12 requiring the filing of continuing education certificates with  
13 the Department; or by other means established by the  
14 Department.

15 Any nursing home administrator who has permitted his or her  
16 license to expire or who has had his or her license on inactive  
17 status may have his or her license restored by making  
18 application to the Department and filing proof acceptable to  
19 the Department, as defined by rule, of his or her fitness to  
20 have his or her license restored and by paying the required  
21 fee. Proof of fitness may include evidence certifying to active  
22 lawful practice in another jurisdiction satisfactory to the  
23 Department and by paying the required restoration fee.

24 However, any nursing home administrator whose license  
25 expired while he or she was (1) in federal service on active  
26 duty with the Armed Forces of the United States, or the State

1 Militia called into service or training, or (2) in training or  
2 education under the supervision of the United States  
3 preliminary to induction into the military services, may have  
4 his or her license renewed or restored without paying any  
5 lapsed renewal fees if within 2 years after honorable  
6 termination of such service, training or education, he or she  
7 furnishes the Department with satisfactory evidence to the  
8 effect that he or she has been so engaged and that his or her  
9 service, training or education has been so terminated.
