2 requirements.

3 "Program" means the prescription drug repository program  
4 established under this Act.

5 Section 10. Prescription drug repository program. The  
6 Department shall establish and maintain a prescription drug  
7 repository program, under which a healthcare facility may  
8 donate a prescription drug or supplies needed to administer a  
9 prescription drug for use by an individual who meets  
10 appropriate eligibility criteria. Donations may be made on the  
11 premises of a pharmacy that elects to participate in the  
12 program and meets appropriate requirements. The pharmacy may  
13 charge an individual who receives a prescription drug or  
14 supplies needed to administer a prescription drug under this  
15 Act a handling fee that may not exceed an appropriate amount. A  
16 pharmacy that receives a donated prescription drug or supplies  
17 needed to administer a prescription drug under this Act may  
18 distribute the prescription drug or supplies to another  
19 eligible pharmacy for use under the program.

20 Section 15. Requirements for accepting and dispensing  
21 prescription drugs and supplies. A prescription drug or  
22 supplies needed to administer a prescription drug may be  
23 accepted and dispensed under the program only if all of the  
24 following requirements are met:

1           (1) The prescription drug or supplies needed to  
2 administer a prescription drug are in their original,  
3 unopened, sealed, and tamper-evident unit-dose packaging  
4 or, if packaged in single-unit doses, the single-unit-dose  
5 packaging is unopened.

6           (2) The prescription drug bears an expiration date that  
7 is later than 6 months after the date that the drug was  
8 donated.

9           (3) The prescription drug or supplies needed to  
10 administer a prescription drug are not adulterated or  
11 misbranded, as determined by a pharmacist employed by, or  
12 under contract with, the pharmacy where the drug or  
13 supplies are accepted or dispensed. The pharmacist must  
14 inspect the drug or supplies before the drug or supplies  
15 are dispensed.

16           (4) The prescription drug or supplies needed to  
17 administer a prescription drug are prescribed by a  
18 practitioner for use by an eligible individual.

19           Section 20. Resale of donated drugs or supplies prohibited.  
20 No prescription drug or supplies needed to administer a  
21 prescription drug that are donated for use under this Act may  
22 be resold.

23           Section 25. Participation in program not required. Nothing  
24 in this Act requires that a pharmacy or pharmacist participate

1 in the prescription drug repository program.

2 Section 30. Immunity.

3 (a) Except in cases of willful and wanton misconduct, a  
4 manufacturer of a drug or supply is not subject to criminal or  
5 civil liability for injury, death, or loss to a person or  
6 property for matters related to the donation, acceptance, or  
7 dispensing of a prescription drug or supply manufactured by the  
8 manufacturer that is donated under this Act, including  
9 liability for failure to transfer or communicate product or  
10 consumer information or the expiration date of the donated  
11 prescription drug. The provisions of this subsection shall  
12 apply only to the donation, acceptance, or dispensing of drugs  
13 or supplies provided without fee or compensation, except for  
14 those fees made allowable under Section 10 of this Act.  
15 Immunity granted under this subsection is solely applicable to  
16 the donation, acceptance, or dispensing of a drug or supply  
17 under this Act and is not a general waiver of liability that  
18 would have existed under the original prescription.

19 (b) A pharmacist or other health care professional working  
20 in a pharmacy participating in the program dispensing,  
21 furnishing, or otherwise providing in good faith without fee or  
22 compensation donated prescription drugs to eligible

24 or civil liability, except for willful or wanton misconduct.
