(b) The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, shall design and implement a system of examinations, which shall be required prior to the issuance of educator licenses. These examinations and indicators must be based on national and State professional teaching standards, as determined by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The State Board of Education may adopt such rules as may be necessary to implement and administer this Section.

(c) Applicants seeking a Professional Educator License or an Educator License with Stipulations shall be required to pass a test of basic skills before the license is issued, unless the endorsement the individual is seeking does not require passage of the test. teacher education or school service personnel preparation programs shall be required to pass the State Board of Education's recognized test of basic skills prior to starting their student teaching or starting the final semester of their internship, ~~unless required earlier at the discretion of the recognized, Illinois institution in which they are completing their approved program.~~ An institution of higher learning, as defined in the Higher Education Student Assistance Act, may not require an applicant to complete the State Board's recognized test of basic skills prior to the semester before student teaching or prior to the semester before starting the final semester of an internship. An individual who passes a test of basic skills does not need to do so again for subsequent endorsements or other educator licenses.

(d) All applicants seeking a State license shall be required to pass a test of content area knowledge for each area of endorsement for which there is an applicable test. There shall be no exception to this requirement. No candidate shall be allowed to student teach or serve as the teacher of record until he or she has passed the applicable content area test.

preparation programs in this State and all candidates subject to Section 21B-35 of this Code are required to pass an evidence-based assessment of teacher effectiveness approved by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. All recognized institutions offering approved teacher preparation programs must begin phasing in the approved teacher performance assessment no later than July 1, 2013.

(g) Tests of basic skills and content area knowledge and the assessment of professional teaching shall be the tests that from time to time are designated by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board, and may be tests prepared by an educational testing organization or tests designed by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The areas to be covered by a test of basic skills shall include reading, language arts, and mathematics. The test of content area knowledge shall assess content knowledge in a specific subject field. The tests must be designed to be racially neutral to ensure that no person taking the tests is discriminated against on the basis of race, color, national origin, or other factors unrelated to the person's ability to perform as a licensed employee. The score required to pass the tests shall be fixed by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The tests shall be administered not fewer

than 3 times a year at such time and place as may be designated by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board.

The State Board shall implement a test or tests to assess the speaking, reading, writing, and grammar skills of applicants for an endorsement or a license issued under subdivision (G) of paragraph (2) of Section 21B-20 of this Code in the English language and in the language of the transitional bilingual education program requested by the applicant.

(i) The rules developed to implement and enforce the testing requirements under this Section shall include without limitation provisions governing test selection, test validation and determination of a passing score, administration of the tests, frequency of administration, applicant fees, frequency of applicants taking the tests, the years for which a score is valid, and appropriate special accommodations. The State Board of Education shall develop such rules as may be needed to ensure uniformity from year to year in the level of difficulty for each form of an assessment.
