Be it enacted by the People of the State of Illinois,  
represented in the General Assembly:

Section 2. The Illinois Income Tax Act is amended by  
adding Section 215 as follows:

(35 ILCS 5/215 new)

Sec. 215. Transportation Employee Credit.

(a) For each taxable year beginning on or after January 1, 2004, a qualified employer shall be allowed a credit against the tax imposed by subsections (a) and (b) of Section 201 of this Act in the amount of \$50 for each eligible employee employed by the taxpayer as of the last day of the taxable year.

(b) For purposes of this Section, "qualified employer" means:

(1) any employer who pays a commercial distribution fee under Section 3-815.1 of the Illinois Vehicle Code during the taxable year; or

(2) any employer who, as of the end of the taxable year, has one or more employees whose compensation is subject to tax only by the employee's state of residence pursuant to 49 U.S.C 14503(a)(1).

(c) For purposes of this Section, "employee" includes an individual who is treated as an employee of the taxpayer under Section 401(c) of the Internal Revenue Code and whose actual assigned duties are such that, if the individual were a common-law employee performing such duties in 2 or more states, the individual's compensation would be subject to tax only by the individual's state of residence pursuant to 49 U.S.C. 14503(a)(1).

(d) An employee is an "eligible employee" only if all of

the following criteria are met:

(1) The employee is an operator of a motor vehicle;

(2) The employee's compensation, pursuant to 49 U.S.C. 14503(a)(1), is subject to tax only by the employee's state of residence, or would be subject to tax only by the employee's state of residence if the employee's actual duties were performed in 2 or more states;

(3) As of the end of the taxable year for which the credit is claimed, the employee is a resident of this State for purposes of this Act and 49 U.S.C. 14503(a)(1);  
and

(4) The employee is a full-time employee working 30 or more hours per week for 180 consecutive days; provided that such 180-day period may be completed after the end of the taxable year for which the credit under this Section is claimed.

(e) For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the limited liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this Section to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

(f) Any credit allowed under this Section which is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first computed until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this Section from more than one tax year that is available to offset a liability, the earliest credit arising under this Section shall be applied first.

(g) This Section is exempt from the provisions of Section 250 of this Act.

(h) The Department of Revenue shall promulgate such rules and regulations as may be deemed necessary to carry out the purposes of this Section.

(b) The use, in this State, of tangible personal property by an interstate carrier for hire as rolling stock moving in interstate commerce or by lessors under a lease of one year or longer executed or in effect at the time of purchase of tangible personal property by interstate carriers for-hire for use as rolling stock moving in interstate commerce as long as so used by the interstate carriers for-hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(c) The use, in this State, by owners, lessors, or shippers of tangible personal property that is utilized by interstate carriers for hire for use as rolling stock moving in interstate commerce as long as so used by the interstate carriers for hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(g) The use or purchase of tangible personal property by a common carrier by rail or motor that receives the physical possession of the property in Illinois, and that transports the property, or shares with another common carrier in the transportation of the property, out of Illinois on a standard uniform bill of lading showing the seller of the property as the shipper or consignor of the property to a destination outside Illinois, for use outside Illinois.

(h) The use, in this State, of a motor vehicle that was sold in this State to a nonresident, even though the motor vehicle is delivered to the nonresident in this State, if the motor vehicle is not to be titled in this State, and if a drive-away permit is issued to the motor vehicle as provided in Section 3-603 of the Illinois Vehicle Code or if the nonresident purchaser has vehicle registration plates to transfer to the motor vehicle upon returning to his or her home state. This exemption applies to repair and replacement parts added after the initial purchase of such a motor vehicle if that motor vehicle is used in a manner that would qualify for the rolling stock exemption otherwise provided for in this Act.

(5) a sale or transfer of machinery and equipment used primarily in the process of the manufacturing or assembling, either in an existing, an expanded or a new manufacturing facility, of tangible personal property for wholesale or retail sale or lease, whether such sale or lease is made directly by the manufacturer or by some other person, whether the materials used in the process are owned by the manufacturer or some other person, or whether such sale or lease is made apart from or as an incident to the seller's engaging in a service occupation and the applicable tax is a Service Use Tax or Service Occupation Tax, rather than Use Tax or Retailers' Occupation Tax.

The purchase of such tangible personal property by the serviceman shall

be subject to tax under the Retailers' Occupation Tax Act and the Use Tax Act. However, if a primary serviceman who has made the election described in this paragraph subcontracts service work to a secondary serviceman who has also made the election described in this paragraph, the primary serviceman does not incur a Use Tax liability if the secondary serviceman (i) has paid or will pay Use Tax on his or her cost price of any tangible personal property transferred to the primary serviceman and (ii) certifies that fact in writing to the primary serviceman.

Tangible personal property transferred incident to the completion of a maintenance agreement is exempt from the tax imposed pursuant to this Act.

Equipment includes chemicals or chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts effect a direct and immediate change upon a product being manufactured or assembled for wholesale or retail sale or lease. The purchaser of such machinery and equipment who has an active resale registration number shall furnish such number to the seller at the time of purchase. The user of such machinery and equipment and tools without an active resale registration number shall prepare a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, which certificate shall be available to the Department for inspection or audit. The Department shall prescribe the form of the certificate.

Any informal rulings, opinions or letters issued by the Department in response to an inquiry or request for any opinion from any person regarding the coverage and applicability of exemption (5) to specific devices shall be published, maintained as a public record, and made available for public inspection and copying. Sec. 2-51. Motor vehicles; use as rolling stock definition. Through June 30, 2003, "use as rolling stock moving in interstate commerce" in paragraphs (12) and (13) of Section 2-5 means for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, and trailers, as defined in Section 1-209 of the Illinois Vehicle Code, when on 15 or more occasions in a 12-month period the motor vehicle and trailer has carried persons or property for hire in interstate commerce, even just between points in Illinois, if the motor vehicle and trailer transports persons whose journeys or property whose shipments originate or terminate outside Illinois. Section 25. The Illinois Vehicle Code is amended by changing Sections 3-402.1 and 20-101 and by adding Section 3-815.1 as follows:

(625 ILCS 5/3-402.1) (from Ch. 95 1/2, par. 3-402.1)

Sec. 3-402.1. Proportional Registration. Any owner or rental owner engaged in operating a fleet of apportionable vehicles in this state and one or more other states may, in lieu of registration of such vehicles under the general provisions of sections 3-402, 3-815, 3-815.1, and 3-819, register and license such fleet for operations in this state by filing an application statement, signed under penalties of perjury, with the Secretary of State which shall be in such form and contain such information as the Secretary of State shall require, declaring the total mileage operated in all states by such fleet, the total mileage operated in this state by such fleet during the preceding year, and describing and identifying each apportionable vehicle to be operated in this state during the ensuing year. If mileage data is not available for the preceding year, the Secretary of State may accept the latest 12-month period available. "Preceding year" means the period of 12 consecutive months immediately prior to July 1st of the year immediately preceding the registration or license year for which proportional registration is sought.

Such owner shall determine the proportion of in-state miles to total fleet miles. Such percentage figure shall be such owner's apportionment factor. In determining the total fee payment, such owner shall first compute the license fee

or fees for each vehicle within the fleet which would otherwise be required, and then multiply the said amount by the Illinois apportionment factor adding the fees for each vehicle to arrive at a total amount for the fleet. Apportionable trailers and semitrailers will be registered in accordance with the provisions of Section 3-813 of this Code.

Upon receipt of the appropriate fees from such owner as computed under the provisions of this section, the Secretary of State shall, when this state is the base jurisdiction, issue to such owner number plates or other distinctive tags or such evidence of registration as the Secretary of State shall deem appropriate to identify each vehicle in the fleet as a part of a proportionally registered interstate fleet.

Vehicles registered under the provision of this section shall be considered fully licensed and properly registered in Illinois for any type of movement or operation. The proportional registration and licensing provisions of this section shall apply to vehicles added to fleets and operated in this state during the registration year, applying the same apportionment factor to such fees as would be payable for the remainder of the registration year.

Apportionment factors for apportionable vehicles not operated in this state during the preceding year shall be determined by the Secretary of State on the basis of a full statement of the proposed methods of operation and in conformity with an estimated mileage chart as calculated by the Secretary of State. An established fleet adding states at the time of renewal shall estimate mileage for the added states in conformity with a mileage chart developed by the Secretary of State.
