

AN ACT concerning pest control.

**Be it enacted by the People of the State of Illinois,  
represented in the General Assembly:**

Section 5. The Structural Pest Control Act is amended by changing Section 6 as follows:

(225 ILCS 235/6) (from Ch. 111 1/2, par. 2206)

(Section scheduled to be repealed on January 1, 2007)

Sec. 6. Certificate renewal). A certified technician's certificate shall be valid for a period of 3 years and must be renewed by January 1 of each third year. A certificate may be renewed by application upon a form prescribed by the Department, provided that the certified technician furnishes evidence that he has attended ~~7~~ during the 3 year period, a minimum of 9 classroom hours, in increments of 3 hours or more, of training at Department approved pest control training seminars ~~at least one training seminar and any additional approved seminar on structural pest control required by any rule promulgated under this Act~~ and pays the fee required by this Act. Renewal applications shall be filed with the Department prior to December 1 preceding the date of expiration.

Certified technician's certificates are not transferable from one person to another person, and no licensee or registrant shall use the certificate of a certified technician to secure or hold a license or registration unless the holder of such certificate is actively engaged in the direction of pest control operations of the licensee or registrant.

A certified technician who has not renewed his certificate for a period of not more than one year after its expiration may secure a renewal upon payment of the renewal fee, late filing charge and the furnishing of evidence of training as may be required by the Department. If a technician has not renewed his

certificate for a period of more than one year after its expiration, he shall file an application for examination, pay all required fees, and successfully pass the examination before his certificate is renewed.
