Every covered pharmacy must comply with this Act. The tracking program created by this Act shall be the sole methamphetamine precursor tracking program in Illinois.

(b) Transmission of electronic transaction records. Unless otherwise provided in this Act, each time a covered pharmacy

distributes a targeted methamphetamine precursor to a recipient, the pharmacy shall transmit an electronic transaction record to the Central Repository.

(c) Notification. The Illinois Department of Financial and Professional Regulation shall notify pharmacies seeking licensure in Illinois of their obligation to comply with the requirements of this Act.

(d) Electronic transmission. Starting on the effective date of this Act and continuing thereafter, covered pharmacies shall transmit all electronic transaction records as required by this Act.

Section 20. Secure website.

(a) The Illinois State Police shall establish a secure website for the transmission of electronic transaction records and make it available free of charge to covered pharmacies.

(b) The secure website shall enable covered pharmacies to transmit to the Central Repository an electronic transaction record each time the pharmacy distributes a targeted methamphetamine precursor to a recipient.

(c) If the secure website becomes unavailable to a covered pharmacy, the covered pharmacy may, during the period in which the secure website is not available, continue to distribute

targeted methamphetamine precursor without using the secure website if, during this period, the covered pharmacy maintains and transmits handwritten logs as described in Sections 20 and 25 of the Methamphetamine Precursor Control Act.

Section 25. Confidentiality of records.

(a) The Central Repository may delete each electronic transaction record and handwritten log entry 48 months after the date of the transaction it describes.
