

AN ACT concerning children.

**Be it enacted by the People of the State of Illinois,
represented in the General Assembly:**

Section 5. The Abused and Neglected Child Reporting Act is amended by changing Section 4 as follows:

(325 ILCS 5/4) (from Ch. 23, par. 2054)

Sec. 4. Persons required to report; privileged communications; transmitting false report. Any physician, resident, intern, hospital, hospital administrator and personnel engaged in examination, care and treatment of persons, surgeon, dentist, dentist hygienist, osteopath, chiropractor, podiatrist, physician assistant, substance abuse treatment personnel, funeral home director or employee, coroner, medical examiner, emergency medical technician, acupuncturist, crisis line or hotline personnel, school personnel (including administrators and both certified and non-certified school employees), personnel of institutions of higher education, educational advocate assigned to a child pursuant to the School Code, member of a school board or the Chicago Board of Education or the governing body of a private school (but only to the extent required in accordance with other provisions of this Section expressly concerning the duty of school board members to report suspected child abuse),

truant officers, social worker, social services administrator, domestic violence program personnel, registered nurse, licensed practical nurse, genetic counselor, respiratory care practitioner, advanced practice nurse, home health aide, director or staff assistant of a nursery school or a child day care center, recreational or athletic program or facility personnel, early intervention provider as defined in the Early Intervention Services System Act, law enforcement officer, licensed professional counselor, licensed clinical professional counselor, registered psychologist and assistants working under the direct supervision of a psychologist, psychiatrist, or field personnel of the Department of Healthcare and Family Services, Juvenile Justice, Public Health, Human Services (acting as successor to the Department of Mental Health and Developmental Disabilities, Rehabilitation Services, or Public Aid), Corrections, Human Rights, or Children and Family Services, supervisor and administrator of general assistance under the Illinois Public Aid Code, probation officer, animal control officer or Illinois Department of Agriculture Bureau of Animal Health and Welfare field investigator, or any other foster parent, homemaker or child care worker having reasonable cause to believe a child known to them in their professional or official capacity may be an abused child or a neglected child shall immediately report or cause a report to be made to the Department.

Any member of the clergy having reasonable cause to believe

that a child known to that member of the clergy in his or her professional capacity may be an abused child as defined in item (c) of the definition of "abused child" in Section 3 of this Act shall immediately report or cause a report to be made to the Department.

Any physician, physician's assistant, registered nurse, licensed practical nurse, medical technician, certified nursing assistant, social worker, or licensed professional counselor of any office, clinic, or any other physical location that provides abortions, abortion referrals, or contraceptives having reasonable cause to believe a child known to him or her in his or her professional or official capacity may be an abused child or a neglected child shall immediately report or cause a report to be made to the Department.

If an allegation is raised to a school board member during the course of an open or closed school board meeting that a child who is enrolled in the school district of which he or she is a board member is an abused child as defined in Section 3 of this Act, the member shall direct or cause the school board to direct the superintendent of the school district or other equivalent school administrator to comply with the requirements of this Act concerning the reporting of child abuse. For purposes of this paragraph, a school board member is granted the authority in his or her individual capacity to direct the superintendent of the school district or other equivalent school administrator to comply with the

requirements of this Act concerning the reporting of child abuse.

Notwithstanding any other provision of this Act, if an employee of a school district has made a report or caused a report to be made to the Department under this Act involving the conduct of a current or former employee of the school district and a request is made by another school district for the provision of information concerning the job performance or qualifications of the current or former employee because he or she is an applicant for employment with the requesting school district, the general superintendent of the school district to which the request is being made must disclose to the requesting school district the fact that an employee of the school district has made a report involving the conduct of the applicant or caused a report to be made to the Department, as required under this Act. Only the fact that an employee of the school district has made a report involving the conduct of the applicant or caused a report to be made to the Department may be disclosed by the general superintendent of the school district to which the request for information concerning the applicant is made, and this fact may be disclosed only in cases where the employee and the general superintendent have not been informed by the Department that the allegations were unfounded. An employee of a school district who is or has been the subject of a report made pursuant to this Act during his or her employment with the school district must be informed by that

school district that if he or she applies for employment with another school district, the general superintendent of the former school district, upon the request of the school district to which the employee applies, shall notify that requesting school district that the employee is or was the subject of such a report.

Whenever such person is required to report under this Act in his capacity as a member of the staff of a medical or other public or private institution, school, facility or agency, or as a member of the clergy, he shall make report immediately to the Department in accordance with the provisions of this Act and may also notify the person in charge of such institution, school, facility or agency, or church, synagogue, temple, mosque, or other religious institution, or his designated agent that such report has been made. Under no circumstances shall any person in charge of such institution, school, facility or agency, or church, synagogue, temple, mosque, or other religious institution, or his designated agent to whom such notification has been made, exercise any control, restraint, modification or other change in the report or the forwarding of such report to the Department.

The privileged quality of communication between any professional person required to report and his patient or client shall not apply to situations involving abused or neglected children and shall not constitute grounds for failure to report as required by this Act or constitute grounds for

failure to share information or documents with the Department during the course of a child abuse or neglect investigation. If requested by the professional, the Department shall confirm in writing that the information or documents disclosed by the professional were gathered in the course of a child abuse or neglect investigation.

The reporting requirements of this Act shall not apply to the contents of a privileged communication between an attorney and his or her client or to confidential information within the meaning of Rule 1.6 of the Illinois Rules of Professional Conduct relating to the legal representation of an individual client.

A member of the clergy may claim the privilege under Section 8-803 of the Code of Civil Procedure.

Any office, clinic, or any other physical location that provides abortions, abortion referrals, or contraceptives shall provide to all office personnel copies of written information and training materials about abuse and neglect and the requirements of this Act that are provided to employees of the office, clinic, or physical location who are required to make reports to the Department under this Act, and instruct such office personnel to bring to the attention of an employee of the office, clinic, or physical location who is required to make reports to the Department under this Act any reasonable suspicion that a child known to him or her in his or her professional or official capacity may be an abused child or a

neglected child. In addition to the above persons required to report suspected cases of abused or neglected children, any other person may make a report if such person has reasonable cause to believe a child may be an abused child or a neglected child.

Any person who enters into employment on and after July 1, 1986 and is mandated by virtue of that employment to report under this Act, shall sign a statement on a form prescribed by the Department, to the effect that the employee has knowledge and understanding of the reporting requirements of this Act. The statement shall be signed prior to commencement of the employment. The signed statement shall be retained by the employer. The cost of printing, distribution, and filing of the statement shall be borne by the employer.

The Department shall provide copies of this Act, upon request, to all employers employing persons who shall be required under the provisions of this Section to report under this Act.

Any person who knowingly transmits a false report to the Department commits the offense of disorderly conduct under subsection (a) (7) of Section 26-1 of the Criminal Code of 2012. A violation of this provision is a Class 4 felony.

Any person who knowingly and willfully violates any provision of this Section other than a second or subsequent violation of transmitting a false report as described in the preceding paragraph, is guilty of a Class A misdemeanor for a

first violation and a Class 4 felony for a second or subsequent violation; except that if the person acted as part of a plan or scheme having as its object the prevention of discovery of an abused or neglected child by lawful authorities for the purpose of protecting or insulating any person or entity from arrest or prosecution, the person is guilty of a Class 4 felony for a first offense and a Class 3 felony for a second or subsequent offense (regardless of whether the second or subsequent offense involves any of the same facts or persons as the first or other prior offense).

A child whose parent, guardian or custodian in good faith selects and depends upon spiritual means through prayer alone for the treatment or cure of disease or remedial care may be considered neglected or abused, but not for the sole reason that his parent, guardian or custodian accepts and practices such beliefs.

A child shall not be considered neglected or abused solely because the child is not attending school in accordance with the requirements of Article 26 of the School Code, as amended.

Nothing in this Act prohibits a mandated reporter who reasonably believes that an animal is being abused or neglected in violation of the Humane Care for Animals Act from reporting animal abuse or neglect to the Department of Agriculture's Bureau of Animal Health and Welfare.

A home rule unit may not regulate the reporting of child abuse or neglect in a manner inconsistent with the provisions

of this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

For purposes of this Section "child abuse or neglect" includes abuse or neglect of an adult resident as defined in this Act.
