March 1, 2022

Governor JB Pritzker Members of the Illinois General Assembly

Greetings,

On behalf of the Illinois Gaming Board, I am pleased to submit the enclosed Casino Business Enterprise Program ("BEP") for Minorities, Females, Persons with Disabilities, and Veterans 2021 Annual Report.

The Illinois Gaming Board is committed to the continuous improvement of the Casino BEP Program and to furthering the important initiative of ensuring that qualified business that are owned by minorities, females, persons with disabilities, and veterans have meaningful access and opportunities to provide goods and services to Illinois casino owner licensees.

Please let us know if you have any questions about the 2021 Annual Report or if you would like any additional information.

Respectfully,

Mas Freite

Marcus D. Fruchter Administrator

Casino Business Enterprise Program for Minorities, Females, Persons with Disabilities, and Veterans

Introduction

The Casino Business Enterprise Program ("BEP") is committed to helping businesses owned by minorities, females, persons with a disability, and veterans have access and opportunities to provide goods and services to Illinois casino owner licensees.

The Illinois Gaming Board's (the "Board" or "IGB") 2021 Casino Business Enterprise Program Annual Report highlights casino owner licensees expenditures with BEP vendors and the percentage of BEP spending in relation to total expenditures compared to goals established by the Board.

Background

The Casino Business Enterprise Program for Minorities, Females, and Persons with Disabilities (230 ILCS 10/7.6) was enacted August 16, 2013. Additionally, Public Act 100-1152, effective December 14, 2018, required reporting of spending by owner licensees with businesses owned by military veterans. Owner licensees were notified to begin tracking veterans business enterprise spending for calendar year 2019. It is the public policy of the Board to promote and encourage the Illinois casino owner licensees to procure goods and services from businesses owned by minorities, females, persons with disabilities, and veterans.

Reporting Basis – 230 ILCS 10 Section 7.6 establishes the following reporting period(s) and method of measurement:

- 7.6 (b) and (c) provide for the casinos to measure and report compliance on a calendar year basis whereas 7.6 (f) requires annual reporting based on the three most recent fiscal years.
- 7.6 (b) and (c) require the establishment of goals based on contracts awarded by each owner licensee expressed as percentages of an owner licensee's total dollar amount of contracts awarded during each calendar year. Casinos track expenditures for determining their annual minority owned business ("MBE"), female owned business ("WBE"), businesses owned by persons with disabilities ("DBE"), and businesses owned by veterans of service in the armed forces of the United States ("VBE") spending, not contracts awarded.

The Board determined that it was more prudent to use expenditures rather than contracts as the measurement method, and to follow a calendar year reporting period to coincide with how casinos track expenditures.

IGB Adopted Rule 3000.286 (g) requires each casino owner licensee to file an annual report of its utilization of MBE, WBE, DBE, and VBE by March 31 of each year. Thud, the Board does not have actual expenditure results for the most recent completed calendar year at the time of filing

this Annual Report due by March 1 of each year. The 2021 Annual Report includes actual results for calendar year 2020. Actual 2021 expenditures will be presented upon submission of the 2022 Annual Report. The Board may pursue an amendment to the Act to change the due date of the Board's Annual Report to July 1 of each year instead of March 1, thereby allowing the Board to present actual results that are more current in each Annual Report. Additionally, please note that the 2021 Annual Report does not include results or projections for the State's eleventh casino, the Hard Rock Casino Rockford, which commenced gaming operations on November 10, 2021 and received Board licensure on January 27, 2022.

Goals – The Board reviewed goals established by the Business Enterprise for Minorities, Females and Persons with Disabilities Act (30 ILCS 575/1 et. seq), and Veterans Business Enterprise (Public Act 100-1152) goals submitted by each casino, and actual spend percentages based on total expenditures in order to establish the following goals: MBE 11%, WBE 7%, DBE 2%, and VBE 3% for a total goal of 23% of non-exempt expenditures for each casino.

Fiscal Accomplishments

2020 Goals and Actual Spend – The Board's goals for 2020 were MBE 11%, WBE 7%, DBE 2%, and VBE 3% for a total goal of 23% of non-exempt expenditures for each casino. Each casino was asked to provide its own established MBE, WBE, DBE, and VBE goals for 2020.

Casino owner licensee goals for 2020 reflect nine casinos meeting or exceeding the total spending goal of 23%. Five of ten casinos projected meeting or exceeding the MBE goal of 11%. Nine casinos projected meeting or exceeding the WBE goal of 7%. Six of the ten casinos projected meeting or exceeding the DBE goal of 2%, and four of ten casinos projected meeting the VBE goal of 3%.

Actual spending reflects that eight casinos exceeded the total 23% IGB goal and seven of ten casinos exceeded their individually established total spending goal. Categorically for actual spending, four of ten casinos exceeded the IGB goal of 11% for MBE and all ten casinos exceeded the IGB goal of 7% for WBE. One casino exceeded the IGB goal of 2% for DBE and one casino exceeded the IGB goal of 3% for VBE.

For all casinos combined, the actual results exceeded the goals for MBE and WBE with actual MBE total at 12.0% compared to the IGB goal of 11%, and actual WBE total at 14.3% compared to the IGB goal of 7.0%. The actual DBE total at 0.6% did not meet the IGB goal of 2.0%, and the actual VBE total of 0.9% did not meet the IGB goal of 3.0%.

2021 Goals and Efforts – In 2021, the Board maintained the established goals of MBE 11%, WBE 7%, DBE 2% and VBE 3% for a total goal of 23% of non-exempt expenditures.

Owner licensee goals for 2021 reflect eight casinos meeting or exceeding the total spending goal of 23%. Categorically four of ten casinos projected meeting or exceeding the MBE goal of 11% with the remainder from 2.9% to 10.9%; all ten casinos projected meeting or exceeding the WBE goal of 7%; one casino had goals which met or exceed the DBE goal of 2%, with the remainder from 0.1% to 1.3%; and one casino projected meeting the VBE goal of 3%, with the remainder from 0.0% to 2.2%.

It appears all casinos can consistently meet and/or exceed the WBE goal. Focus will be made towards further identification of MBE, DBE, and VBE vendors for all casinos to enhance spend and related compliance in those categories.

In 2021 all ten owner licensees' casino websites included a listing of contracting opportunities, contact information for their purchasing departments, and information on how to register as a prospective vendor. Additionally, the IGB website contained links to all ten casino websites. The IGB has in the past, and will continue to provide direct assistance and recommendations to owner licensees who express difficulty in achieving the contracting goals.

<u>Analysis</u>

The report below contains MBE, WBE and DBE expenditures for the year ended December 31, 2018 and MBE, WBE, DBE, and VBE expenditures for the years ended December 31, 2019 and 2020. MBE, WBE, DBE and VBE expenditures and related percentages reported below are based on *non-exempt expenditures*, in accordance with 230 ILCS 10/7.6 (b). *Please note: gaming operations were suspended during 2020 in response to the COVID-19 pandemic, which impacted spending and goals.*

For 2018, total non-exempt expenditures were \$86.7 million with \$33.3 million (38.5%) spent with minority businesses (16.4% MBE, 20.0% WBE, and 2.1% DBE). In 2018, all ten casinos exceeded the total minority business goal of 20%.

During 2019, total non-exempt expenditures were \$79.5 million with \$29.9 million (37.7%) spent with minority businesses (18.5% MBE, 17.3% WBE, 1.2% DBE, and 0.6% VBE). In 2019, all ten casinos exceeded the total minority business goal of 23%.

During 2020, total non-exempt expenditures were \$51.9 million with \$14.4 million (27.8%) spent with minority businesses (12.0% MBE, 14.3% WBE, 0.6% DBE, and 0.9% VBE). In 2020, eight casinos exceeded the total minority business goal of 23%.

Program Outlook

The casinos provided their initial 2022 goals in December 2021. The 2022 goals will be updated by each casino based on 2021 actual results upon submission of required information by March 31, 2022.

For 2022 the Board will continue enhanced monitoring efforts as follows:

- Provide links to all casino web pages that contain their list of contracting opportunities via the Board's website.
- Require casinos to post upcoming contracts available for bidding and/or opportunities for service on a quarterly basis and monitor that the casinos are timely updating their website list of opportunities.
- Encourage MBE, WBE, DBE and VBE organizations to have their members' access casino websites for available opportunities.
- Require each casino to annually report in detail their "good faith efforts" to meet the Board's MBE, WBE, DBE, and VBE contracting goals.
- As new casinos authorized under Public Act 101-0031 commence operations, MBE, WBE, DBE and VBE goals and spending will be tracked and reported accordingly.
