To whom it may concern,

The Farmer City Police Department received 6 body worn cameras from the grant. The cameras are utilized by all officers and can be used independently or in conjunction with our in car video systems. The cameras are used for used to document traffic stops, call for service, accidents etc. The chief of police or his designee down loads the video from the vehicle cameras to a secure evidence library when needed or when the camera hard drive gets full. The videos are the reviewed monthly or when needed by the chief of police or his designee. Please see the attached form for the list of events related to the camera's use.
