TECHNICAL ISSUES ENCOUNTERED

Date	Camera	Notes
01/17/22	LE5-303542	Officer Bieber advised his camera did not download a video while docked and the status light was flashing yellow. He attempted to reset the camera and re-dock it multiple times with no change. I hooked the camera to my computer and had to manually upload one video. I then reset the camera, docked it, and it appears to be functioning normally now.
02/23/22	LE5-305585	Camera's status light was solid red while docked, resetting it did not help. I hooked the camera to my computer and had to manually upload three videos. I then reset the camera, docked it, and the status light was still solid red. I reset the dock and that did not help other. 02/23/22 replaced with LE5-305582 04/01/22 prepared return to AXON 04/20/22 received replacement camera LE5-304611
02/23/22	LE5-014089	Officer Giffhorn advised she attempted to flag a video on 02/21/22 using the veripatrol app and it froze. Upon logging on to VIEVU, she was unable to locate any videos from 02/21/22. While docked on 02/22/22, the camera downloaded only videos from that day. I hooked the camera to my computer and had to manually upload one video. I then reset the camera, docked it, and it appears to be functioning normally now.
03/14/22	LE5-014179	Officer Kolowski advised his camera turned off prior to the end of his shift. Ran battery test and it recorded for 6 hours. 03/14/22 replaced with LE5-304776 04/01/22 prepared return to AXON 04/20/22 received replacement camera LE5-304613
03/30/22	LE5-301532	Officer Middleton advised his camera has not been lasting a whole shift. Ran battery test and it recorded for 7 hours and 11 minutes. 03/31/22 replaced with LE5-304771 04/01/22 prepared return to AXON 04/20/22 received replacement camera LE5-304614
04/01/22	LE5-304771	Camera will not turn on or off using the power button. 04/01/22 replaced with LE5-304768 05/20/22 prepared return to AXON 05/26/22 received replacement camera LE5-304364
04/21/22	LE5-305750	Officer P. Patterson advised his camera will not turn on. The status light flashes between white and blue but will not turn on. He also advised there are videos on the camera that did not download while it was docked. I hooked the camera to my computer and had to manually upload four videos. I then reset the camera and tried to turn it on, the status light still flashes between white and blue but will not turn on.

		<p>04/21/22 replaced with LE5-013668 05/20/22 prepared return to AXON 05/26/22 received replacement camera LE5-304366</p>
05/18/22	LE5-301755	<p>Detective Ernst advised his camera will not turn on using the power button or the slide switch. 05/18/22 replaced with LE5-013668 05/20/22 prepared return to AXON (video recovery needed) 05/26/22 received replacement camera LE5-304367 06/22/22 received email from AXON advising there were no videos on the BWC</p>
05/20/22	LE5-301789	<p>Officer Williams advised his camera will no longer turn on using the power button. Resetting the camera did not help, it will only turn on using the slide switch. 05/20/22 replaced with LE5-304614 05/31/22 prepared return to AXON 06/10/22 received replacement camera LE5-305139</p>
05/21/22	LE5-303306	<p>Officer J. Patterson advised his camera has not been lasting a whole shift. During his current shift, it only lasted two hours before it died. Ran battery test and it recorded for 2 hours and 55 minutes. 05/21/22 replaced with LE5-304611 05/31/22 prepared return to AXON 06/10/22 received replacement camera LE5-305142</p>
05/29/22	LE5-304614	<p>Officer Williams was just issued this camera on 05/20/22. At the time, I updated the firmware so that it would connect to his phone. To date, he has been unable to get the camera to connect to his phone. 05/29/22 replaced with LE5-305740 05/31/22 prepared return to AXON 06/10/22 received replacement camera LE5-305144</p>
05/31/22	LE5-303506	<p>Officer LaHood advised his camera has not been lasting a whole eight hours and it will not turn on using the power button unless he resets it. The status light will not turn on when docked or when connected to a computer, therefore I am unable to run a battery test. 05/31/22 replaced with LE5-304366 05/31/22 prepared return to AXON (video recovery needed) 06/10/22 received replacement camera LE5-305148 06/21/22 received video recovery file for download</p>
06/04/22	LE5-300709	<p>Officer Piro advised the power button on his camera has not worked for quite some time; he has been using the slide switch to turn it on. He also advised the battery life seems poor. Ran battery test and it recorded for 6 hours and 51 minutes. 06/06/22 replaced with LE5-304367 06/20/22 prepared return to AXON 06/27/22 received replacement camera LE5-304406</p>
06/06/22	LE5-305582	<p>I noticed Officer Rossi's BWC status light flashing yellow while sitting in the dock. I reset the camera and placed it back in the dock, but it continued to flash. I connected the camera to my computer and had to manually upload one video. I then reset the camera, docked it, and it appears to be functioning normally now.</p>

6/10/22	LE5-014178	Officer retired, ran battery test prior to keeping BWC in rotation. During the test, the camera kept shutting off while recording. It only recorded for an average of nine minutes before shutting off. 06/20/22 prepared return to AXON 06/27/22 received replacement camera LE5-304408
6/10/22	LE5-301702	Officer retired, ran battery test prior to keeping BWC in rotation. Camera recorded for 6 hours and 24 minutes. 06/20/22 prepared return to AXON 06/27/22 received replacement camera LE5-304409
06/13/22	LE5-305582	Officer Rossi advised the status light on his camera has been red all weekend while in the dock and his videos have not downloaded. I reset the camera and placed it back in the dock with no luck. I connected it to my computer and had to manually upload four videos. This is now the second time this has happened. 06/13/22 replaced with LE5-304364 06/20/22 prepared return to AXON 06/27/22 received replacement camera LE5-304410
06/13/22	LE5-301698	Detective Alvarez advised he constantly has to reset his camera so it will turn on using the power button. 06/13/22 replaced with LE5-305144 06/20/22 prepared return to AXON 06/27/22 received replacement camera LE5-304412
06/30/22	LE5-300737	I noticed Officer Swise's BWC status light flashing yellow while sitting in the dock. I reset the camera and placed it back in the dock, but it continued to flash. I connected the camera to my computer and had to manually upload one video. I then reset the camera, docked it, and it appears to be functioning normally now.
07/05/22	LE5-304611	Officer J. Patterson's BWC status light was flashing yellow while sitting in the dock. Resetting the camera did not help. The camera was connected to the Records Lead computer and one video was manually uploaded. The camera was reset, docked, and appears to be functioning normally now.
07/06/22	LE5-300737	Officer Swise advised he is having to reset his camera multiple times throughout his shift. He further advised he had to reset it three times to label all his videos at the end of his shift on 07/01/22. Ongoing issues for the past two weeks. 07/06/22 replaced with LE5-304406 07/20/22 prepared return to AXON 07/26/22 received replacement camera LE5-304378
07/08/22	LE5-303312	Officer Walters advised his BWC battery is only lasting approximately 6 hours. Ran battery test and it recorded for 7 hours and 44 minutes. 07/11/22 replaced with LE5-304408 07/20/22 prepared return to AXON 07/26/22 received replacement camera LE5-304389
07/20/22	LE5-300782	Officer Taylor advised she has placed her camera in the dock multiple times and the videos still have not downloaded. She further advised she must reset her camera to turn it on. I connected the camera to my computer, and it had 33 videos on it. I began to manually upload the videos, however, it stopped

		<p>after only 17 videos. I tried multiple times to finish uploading the videos with no success.</p> <p>07/20/22 replaced with LE5-305139</p> <p>07/20/22 prepared return to AXON (video recovery needed)</p> <p>07/26/22 received replacement camera LE5-304392</p> <p>08/10/22 received two video recovery files for download (33 videos)</p>
08/05/22	LE5-304611	<p>Officer J. Patterson's BWC status light was flashing yellow while sitting in the dock. Resetting the camera did not help. I connected the camera to my computer and manually uploaded two videos. The camera was reset, docked, and appears to be functioning normally now.</p>
08/12/22	LE5-304364	<p>Officer Rossi's BWC status light was red while sitting in the dock. Resetting the camera did not help. The camera was connected to the Records Lead computer and 11 videos were manually uploaded. The camera was rest, docked, and appears to be functioning normally now.</p>
08/17/22	LE5-303539	<p>Officer Gann's BWC status light was red while sitting in the dock. Resetting the camera did not help. The camera was connected to the Records Lead computer and one video was manually uploaded. The camera was rest, docked, and appears to be functioning normally now.</p>
08/19/22	LE5-301077	<p>Officer Swearingen advised his camera has not been lasting a whole shift. Ran battery test and it recorded for 6 hours and 57 minutes.</p> <p>08/19/22 replaced with LE5-304392</p> <p>08/24/22 prepared return to AXON</p> <p>09/01/22 received replacement camera LE5-304437</p>
08/19/22	LE5-304364	<p>Officer Rossi's BWC status light was red while sitting in the dock. Resetting the camera did not help. I connected it to my computer and had to manually upload three videos. This is the second occurrence within a week.</p> <p>08/19/22 replaced with LE5-305142</p> <p>08/24/22 prepared return to AXON</p> <p>09/01/22 received replacement camera LE5-304439</p>
08/23/22	LE5-304334	<p>Officer Olinger advised his camera stopped responding during a call. The status light turned red and would not show if it was recording or not. He attempted to reset the camera which caused the status light to go out, but it still would not function properly.</p> <p>08/24/22 replaced with LE5-304389</p> <p>08/24/22 prepared return to AXON (video recovery needed)</p> <p>09/01/22 received replacement camera LE5-304440</p> <p>10/24/22 emailed to see if videos were recovered or not, AXON responded that there were no videos to recover</p>
09/04/22	LE5-305747	<p>D/C Horn's BWC accidentally fell off his person while he was exiting his squad car and broke. He advised there are no videos on the camera.</p> <p>09/06/22 replaced with LE5-304439</p>
10/09/22		<p>Started using our new Axon Body 3 cameras.</p>
11/07/22		<p>10 of our leftover Viewu BWCs are being donated to Peoria County.</p>
