RE: Southern Illinois University
Illinois Businesses Procured by Construction Agency Report

Dear Governor Pritzker:

PA1 02-721 which amended section 45-105 (d) of the Illinois Procurement Code states that:

“Beginning in 2022, each construction agency shall submit a report to the Governor and the General Assembly by September 1 of each year that identifies the Illinois businesses procured by the construction agency, the primary location of the construction project, the percentage of the construction agency's utilization of Illinois businesses on the project as a whole, and the actions that the construction agency has undertaken to increase the use of Illinois businesses.”

The Southern Illinois University campuses are complying with these requirements. With the attached document, this letter serves to provide that data for fiscal year 2023.

Thank you for your time and attention to this matter.

Sincerely,

A handwritten signature in blue ink that reads "Matt Brown".
