# Fiscal Year 2019 Annual Report on Public University Tuition and Fee Waivers

# Introduction

The Board of Higher Education Act requires the Illinois Board of Higher Education (IBHE) to annually compile information concerning tuition and fee waiver programs provided by the public universities in Illinois. This report presents information on the purposes and goals of waiver programs, as well as data for fiscal year 2019, by each institution at the undergraduate and graduate levels. A state-wide summary for fiscal year 2018 by each waiver category is included for comparative purposes. Data on the amount and value of waivers granted are presented in total and at the undergraduate and graduate levels.

IBHE annually collects information from Illinois public universities on the amount and value of tuition waivers granted by student level, type of waiver (mandatory or discretionary), and specific waiver program.

# **Background on Waivers**

In order to pay for college costs, students rely on various types of financial aid programs including tuition and fee waivers, a type of financial aid that exempts students from paying a portion (or all) tuition and fee charges. Tuition and fee waivers are typically awarded at the undergraduate level to students with special talents and/or special financial needs. Graduate-level tuition and fee waivers are typically awarded to students serving as teaching or research assistants.

Waivers serve multiple purposes: they provide access to higher education programs, promote scholarships, provide a recruitment tool, provide employee benefits, and enhance the educational environment by promoting a diverse student body. All Illinois public university waivers fall into one of two categories, mandatory or discretionary. Mandatory waivers are authorized and required by state statute, and discretionary waivers are determined at the institutional level. Mandatory waiver programs have requirements determined by statute and are not subject to limitations set forth by the IBHE or institutional policy. Alternatively, discretionary waivers are administered by public universities and are awarded at the discretion of each campus and are subject to IBHE limitations (23 Ill. Adm. Code 1075). Discretionary waivers are used by universities to provide access to higher education for students who possess specific academic or athletic talents and for special status students, such as out-of-state and foreign students.

The Standard Tuition and Fee Waiver Chart of Accounts, attached as Appendix B to this report, provides a complete description of each waiver category (by program and by type) and provides the purpose, goals, and eligibility criteria of each program.

# Summary Findings

In fiscal year 2019, public universities issued a total of 41,398 waivers at a value of \$467.8 million, compared with 41,949 waivers at a value of \$464.5 million in fiscal year 2018. Graduate student waivers account for the majority of waivers granted at Illinois public universities, with most of these being graduate teaching/research assistants. Chart A provides the total number of recipients and dollar values of mandatory and discretionary waivers granted at both the undergraduate and graduate levels for fiscal year 2019. Fiscal year 2018 values are also included for comparison purposes. Detailed data by institution for Fiscal Year 2019 are included in Appendix A.

\*This represents an unduplicated number of waiver recipients. Therefore, the sum of mandatory and discretionary waivers may not equal the total for each level of study, if a recipient received both mandatory and discretionary waivers.

The report includes the number of recipients and value for the unfunded or waived portion of the Illinois Veteran Grant, Illinois National Guard Grant, and MIA/POW Scholarship Program tuition and fee waivers that were not reimbursed to the institution by the State. In the past, the State reimbursed the institutions for most of the cost of this waiver. In total, Illinois public universities waived approximately \$21.7 million in tuition and fees during fiscal year 2019 for eligible military veterans that were not reimbursed by the state. This is an increase of about \$1 million, or 4.5 percent, from the \$20.7 million reported in fiscal year 2018.

# **Undergraduate Waivers**

The total value of undergraduate waivers decreased by 1.3 percent, from \$117.8 million in fiscal year 2018 to approximately \$116.3 million in fiscal year 2019. Undergraduate waivers accounted for 24.9 percent of the total value of all public university tuition and fee waivers in fiscal year 2019.

In fiscal year 2019, of the \$116.3 million in total undergraduate waivers, approximately \$49.1 million (42.2 percent) were mandatory and \$67.2 million (57.8 percent) were discretionary. The largest mandatory waiver program, Veteran Grants and Scholarships, total \$15.9 million, or 32.4 percent of the value of undergraduate mandatory waivers in fiscal year 2019.

Of the \$67.2 million in discretionary waivers awarded in fiscal year 2019, \$27.8 million, or 41.3 percent, were awarded to students with athletic, academic, or other talents. Foreign Exchange waivers totaled \$12.2 million (18.2 percent), Student Need waivers totaled \$16.8 million 25 percent), Gender Equity waivers totaled \$5.1 million (7.6 percent), and Civil Service waivers totaled \$1.9 million (2.9 percent).

# **Graduate Waivers**

Graduate students play an integral role in the educational missions of Illinois public universities and serve the universities in providing enrichment of academic programs and supporting academic operations. Graduate students serve as instructors and teaching assistants for undergraduate course sections and provide valuable research assistance to faculty, which enriches the educational environment for both students and faculty. Having graduate assistants perform academic instruction also helps offset personnel costs for full-time positions that would otherwise be needed to conduct such operations. These waivers further enable Illinois public universities to remain competitive in attracting the best graduate students.

Graduate waivers accounted for 75.1 percent of the value of all public university waivers in fiscal year 2019. Graduate assistant waivers, which consists primarily of waivers for graduate, teaching, and research assistantships, accounted for 70.9 percent of the value of all public university graduate tuition and fee waivers granted in fiscal year 2019.

Public universities awarded graduate waivers to 21,155 recipients totaling \$351.5 million in fiscal year 2019. Of the total, approximately 97.6 percent, or \$343.2 million, were for discretionary waivers, and of those, graduate assistant waivers totaled \$249.3 million. From fiscal year 2018 to fiscal year 2019, the value of graduate tuition and fee waivers increased, from \$346.7 million to \$351.5 million, which is an increase of less than one percent.

\* Illinois Veterans Grants (ISAC), Illinois National Guard Grants (ISAC), and POW/MIA Scholarships (Department

of Veterans' Affairs). Include only the waived (unfunded) portion of these grants.

\*\* Other waiver categories must be approved by the Board of Higher Education prior to reporting.

\*\*\* Each recipient is only counted once in each category total even if they receive multiple different program waivers in the same category.

The count totals only count the recipient one time so these numbers may not total. \*\*\*\* Recipients are only counted once in the number of recipients for total waivers. Therefore, the sum of mandatory waiver and discretionary waiver recipients may not equal the total waivers reported. The total waiver value of waivers is cumulative; therefore, the values should equal together.

\* Illinois Veterans Grants (ISAC), Illinois National Guard Grants (ISAC), and POW/MIA Scholarships (Department

of Veterans' Affairs). Includes only the waived (unfunded) portion of these grants.

\*\* Other waiver categories must be approved by the Board of Higher Education prior to reporting.

\*\*\* Each recipient is only counted once in each category total even if they receive multiple different program waivers in the same category. The count totals only count the recipient one time so these numbers may not total.

\*\*\*\* Recipients are only counted once in the number of recipients for total waivers. Therefore, the sum of mandatory waiver and discretionary waiver recipients may not equal the total waivers reported.

The total waiver value of waivers is cumulative; therefore, the values should equal together.

\* Illinois Veterans Grants (ISAC), Illinois National Guard Grants (ISAC), and POW/MIA Scholarships (Department

of Veterans' Affairs). Include only the waived (unfunded) portion of these grants.

\*\* Other waiver categories must be approved by the Board of Higher Education prior to reporting.

\*\*\* Each recipient is only counted once in each category total even if they receive multiple different program waivers in the same category. The count totals only count the recipient one time so these numbers may not total.

\*\*\*\* Recipients are only counted once in the number of recipients for total waivers.

Therefore, the sum of mandatory waiver and discretionary waiver recipients may not equal the total waivers reported. The total waiver value of waivers is cumulative; therefore, the values should equal together. Appendix A Fiscal Year 2019 Tuition and Fee Waivers At Illinois Public Universities

\* Illinois Veterans Grants (ISAC), Illinois National Guard Grants (ISAC), and POW/MIA Scholarships (Department of Veterans Affairs). Included are only the waived (unfunded) portion of these grants.

\*\* Other waiver categories must be approved by the Board of Higher Education prior to reporting.

\*\*\* Each recipient is counted only once in the unduplicated count even if they benefited from multiple waivers during the academic year. For instance, a recipient of an athletic waiver in the first semester might receive a waiver in the second semester as a Research Assistant. They count in two programs but only once in the total unduplicated count.

\* Illinois Veterans Grants (ISAC), Illinois National Guard Grants (ISAC), and POW/MIA Scholarships (Department of Veterans Affairs). Included are only the waived (unfunded) portion of these grants.

\*\* Other waiver categories must be approved by the Board of Higher Education prior to reporting.

\*\*\* Each recipient is counted only once in the unduplicated count even if they benefited from multiple waivers during the academic year. For instance a recipient of an athletic waiver in the first semester might receive a waiver in the second semester as a Research Assistant. They count in two programs but only once in the total unduplicated count.

\* Illinois Veterans Grants (ISAC), Illinois National Guard Grants (ISAC), and POW/MIA Scholarships (Department of Veterans Affairs). Included are only the waived (unfunded) portion of these grants.

\*\* Other waiver categories must be approved by the Board of Higher Education prior to reporting.

\*\*\* Each recipient is counted only once in the unduplicated count even if they benefited from multiple waivers during the academic year. For instance a recipient of an athletic waiver in the first semester might receive a waiver in the second semester as a Research Assistant. They count in two programs but only once in the total unduplicated count.

\* Illinois Veterans Grants (ISAC), Illinois National Guard Grants (ISAC), and POW/MIA Scholarships (Department of Veterans Affairs). Included are only the waived (unfunded) portion of these grants.

\*\* Other waiver categories must be approved by the Board of Higher Education prior to reporting.

\*\*\* Each recipient is counted only once in the unduplicated count even if they benefited from multiple waivers during the academic year. For instance a recipient of an athletic waiver in the first semester might receive a waiver in the second semester as a Research Assistant. They count in two programs but only once in the total unduplicated count.

\*\* Other waiver categories must be approved by the Board of Higher Education prior to reporting.

\*\*\* Each recipient is counted only once in the unduplicated count even if they benefited from multiple waivers during the academic year. For instance, a recipient of an athletic waiver in the first semester might receive a waiver in the second semester as a Research Assistant. They count in two programs but only once in the total unduplicated count.

\* Illinois Veterans Grants (ISAC), Illinois National Guard Grants (ISAC), and POW/MIA Scholarships (Department of Veterans Affairs). Included are only the waived (unfunded) portion of these grants.

\*\* Other waiver categories must be approved by the Board of Higher Education prior to reporting.

\*\*\* Each recipient is counted only once in the unduplicated count even if they benefited from multiple waivers during the academic year. For instance a recipient of an athletic waiver in the first semester might receive a waiver in the second semester as a Research Assistant. They count in two programs but only once in the total unduplicated count.

# **Standard Tuition and Fee Waiver Chart of Accounts**

**1.0 Mandatory Waivers**: Tuition and fee waivers authorized by legislation that requires universities to grant to eligible students.

**1.1 Teachers Scholarships: Special Education Grants (110 ILCS 947/65.15)**: Provides tuition and necessary fee awards to encourage current teachers and academically talented students to pursue careers in any area of special education as a public or private elementary or secondary school teacher in Illinois. Recipients are exempt from paying tuition and fees at an eligible institution for up to four years.

**Purpose:** To provide financial incentives to pursue special education teacher training. **Goals:** To increase the number of certified special education teachers.

**Eligibility and Criteria:** Participants must be a United States citizen or an eligible non-citizen; an Illinois resident; agree to take courses to prepare for the teaching of handicapped children or children with learning disabilities; be an Illinois high school graduate and rank in the upper half of the graduating class, or hold a valid teaching certificate that is not in the discipline of special education; and not have received a waiver under this program in the past. Participants are required to contract with the Illinois State Scholarship Commission and teach special education for two years within the 5-year period following graduation.

**1.2** General Assembly Scholarships (105 ILCS 5/30-9): Each member of the General Assembly may grant, annually, two four-year scholarships, one for the University of Illinois, and the other for any state-supported university, to persons from his/her district. The scholarships exempt the holder from paying tuition or fees, with the exception of fees for book rental, service, laboratory, supply, union building, hospital and medical insurance, and any fees pledged for the payment of interest and principal on bonds for the operation and maintenance of buildings.

**Purpose**: To extend opportunities for attending the University of Illinois or other state-supported universities.

**Goals**: To promote scholarship, and provide incentives for students living in a legislator's district.

**Eligibility and Criteria**: Students must live in the nominating legislator's district and are required to sign a waiver of confidentiality concerning scholarship information.

This program has been phased out and only remaining waivers for this program are those that were previously issued.

**1.3 Reserve Officers' Training Corps (ROTC) Scholarships (105 ILCS 5/30-16)**: Scholarships are offered to residents of Illinois whose scholastic standing enables them to enroll in ROTC programs. higher education, provisions should be made for Reserve Officer's Training Corps training. In order to provide officers for the several Armed Forces of the United States of America, scholarships should be furnished to eligible residents, in order to encourage their participation in the Reserve Officer's Training Corps programs.
