Adds reference to:

305 ILCS 5/11-5.4

Replaces everything after the enacting clause. Amends the Illinois Public Aid Code. Requires long-term care providers to submit all changes in resident status, including, but not limited to, death, discharge, changes in patient credit, third party liability, and Medicare coverage to the Department of Healthcare and Family Services through the Medical Electronic Data Interchange System, the Recipient Eligibility Verification System, or the Electronic Data Interchange System under a specified schedule. Requires the Department of Healthcare and Family Services to serve as the lead agency assuming primary responsibility for the full implementation of provisions concerning expedited long-term care eligibility determinations, renewals, enrollments, and payments, including the establishment and operation of the expedited long-term care system. Provides that beginning on June 29, 2018, provisional eligibility must be issued to any applicant who has not received a final eligibility determination on his or her application for Medicaid or Medicaid long-term care benefits or a notice of an opportunity for a hearing within the federally prescribed deadlines for the processing of such applications. Requires the Department to maintain the applicant's provisional Medicaid enrollment status until a final eligibility determination is approved or the applicant's appeal has been adjudicated and eligibility is denied. Provides that the Department or the managed care organization, if applicable, must reimburse providers for all services rendered during an applicant's provisional eligibility period. Requires the Department to adopt, by rule, policies and procedures to ensure prospective compliance with the federal deadlines for Medicaid and Medicaid long-term care benefits eligibility determinations. Sets forth certain standards and principles the policies must address, including: (i) a streamlined application and enrollment process; (ii) protocols to expedite the eligibility processing system for applicants meeting certain guidelines, regardless of the age of the application; (iii) the review of applications for long-term care benefits when there exists credible evidence that an applicant has transferred assets with the intent of defrauding the State; and other matters. Contains provisions concerning: (1) the adoption of policies and procedures to improve communication between long-term care benefits central office personnel, applicants, and facilities in which the applicants reside; the establishment of policies and procedures to improve accountability and provide for the expedited payment of services rendered; (3) the Department's investigation of public-private partnerships in use in Ohio, Michigan, and Minnesota that are aimed at redeploying caseworkers to targeted high-Medicaid facilities for the purpose of expediting initial Medicaid and Medicaid long-term care benefits applications, renewals, and all other things related to enrollment, reimbursement, and application processing; (4) provider association meetings; (5) presumptive eligibility of benefits; (6) the prioritization of processing applications on a last-in, first-out basis; and other matters. Effective immediately.

Senate Floor Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill, but with the following changes: Provides that an applicant with provisional enrollment status must have his or her benefits paid for under the State's fee-for-service system until such time as the State makes a final determination on the applicant's Medicaid or Medicaid long-term care application (rather than an applicant with provisional enrollment status, who is not enrolled in a managed care organization at the time the applicant's provisional status is issued, must continue to have his or her benefits paid for under the State's fee-for-service system until such time as the State makes a final determination on the applicant's Medicaid or Medicaid long-term care application). Provides that if an individual is enrolled with a managed care organization for community benefits at the time the individual's provisional status is issued, the managed care organization is only responsible for paying benefits covered under the capitation payment received by the managed care organization for the individual. Requires the Department of Healthcare and Family Services to clearly identify as provisional eligibility vouchers those vouchers submitted to the Office of the Comptroller on behalf of applicants with provisional enrollment status. Adds a definition for the term "renewal". Effective immediately.

35 ILCS 5/901

from Ch. 120, par. 9-901

Amends the Illinois Income Tax Act. Provides that, from February 1, 2017 through January 31, 2018, the amount transferred from the General Revenue Fund to the Local Government Distributive Fund shall be: (i) 8.5% of the net revenue realized from the tax imposed on individuals, trusts, and estates, and (ii) 9.355% of the net revenue realized from the tax imposed on corporations. Provides that, from February 1, 2018 through January 31, 2019, the amount transferred from the General Revenue Fund to the Local Government Distributive Fund shall be: (i) 9% of the net revenue realized from the tax imposed on individuals, trusts, and estates, and (ii) 9.57% of the net revenue realized from the tax imposed on corporations. Provides that, from February 1, 2019 through January 31, 2020, the amount transferred from the General Revenue Fund to the Local Government Distributive Fund shall be: (i) 9.5% of the net revenue realized from the tax imposed on individuals, trusts, and estates, and (ii) 9.785% of the net revenue realized from the tax imposed on corporations. Provides that, beginning on February 1, 2020, the Treasurer shall transfer each month from the General Revenue Fund to the Local Government Distributive Fund an amount equal to 10% of the net revenue realized from the tax imposed on individuals, trusts, estates, and corporations during the preceding month. Effective immediately.

Fiscal Note (Dept. of Revenue)

Although this bill would have no effect on total revenue, the Department of Revenue estimates that deposits into the General Revenue Fund for fiscal year 2017 would be reduced by \$30 million. Deposits into the General Revenue Fund for fiscal year 2018 would be reduced by \$100 million. Deposits into the General Revenue Fund for fiscal year 2019 would be reduced by \$175 million. Deposits into the General Revenue Fund for fiscal year 2020 would be reduced by \$258 million. Deposits into the General Revenue Fund for fiscal year 2121 would be reduced by \$314 million. After that, the amount of deposits into General Revenue Fund would be reduced increasingly, as individual income tax and corporate income tax revenue keep growing.

This estimate was calculated by multiplying the net corporate income tax and individual income tax revenue forecasts by the difference between actual Local Government Distributive Fund transfer percentages and proposed Local Government Distributive Fund transfer percentages.

Replaces everything after the enacting clause. Amends the Board of Higher Education Act. Requires the Board of Higher Education to establish and administer, subject to appropriation, an Illinois Excellence Program to incentivize the recruitment and retention of promising faculty throughout the Illinois system of higher education. Amends the Higher Education Student Assistance Act. Requires the Illinois Student Assistance Commission to implement and administer a program beginning with the 2018-2019 academic year to award College Affordability grants to certain Illinois residents who have graduated from an approved high school with a cumulative grade point average of at least a 3.0 on a 4.0 scale and are seeking a degree from a public institution of higher education. Sets forth the grant amount. Sets forth the terms and conditions of the program, including requiring a 2-year residency obligation following termination of the academic program and requiring students awarded grants under the program to participate in a student loan counseling program through the Commission. Requires the Commission to implement and administer a program in which the Commission shall award work-study stipends to applicants who are grant recipients and who agree to work for 5 to 15 hours per week as peer mentors or tutors for other grant recipients. Requires the Commission to implement and administer a program in which the Commission shall buy-out the private student loans of any eligible participants. Sets forth eligibility requirements. Amends the State Finance Act to create the College Affordability Fund, Work-Study Fund, College Affordability Purchasing Fund, and Illinois Excellence Fund as special funds in the State treasury. Effective July 1, 2018, but provisions concerning the College Affordability grants are effective immediately.

Fiscal Note (Illinois Student Assistance Commission)

HB 01316 (CONTINUED)

This fiscal note discusses the three programs that would be administered by ISAC: (1) COLLEGE AFFORDABILITY GRANT: An estimated 100,000 students would immediately qualify for the College Affordability Grant program. If MAP and Pell grant funding is held constant, approximately \$300 million would be required to fully fund the new program in the first year (FY19). This cost would be expected to grow in subsequent years as additional students qualified for the grant; based on the current capacity of public institutions, these costs could rise to \$400 million annually; (2) Given the terms of the grant and their potential to convert to loans, the program could entail substantial start-up and on-going operational costs. ISAC preliminarily estimates that if the grant/loan program itself were fully funded, additional operational costs could total over \$10 million annually, particularly because the program requires tracking recipients from the time the grant is made until at least two years after graduation. In the case of recipients who enter repayment, the agency would be required to collect from them for at least a decade and longer in some cases, since some recipients will be unable to pay back the grants over 10 years; (3) WORK-STUDY: Each participant in the work-study program would be permitted to work 5-15 hours/week, or 150-450 hours in the average academic year. At the Illinois minimum wage of \$8.25 an hour, each recipient would need to be allocated a minimum of \$1,237.50 - \$3,712.50 annually. To double current work-study opportunities (the intent described by one bill sponsor) about 11,000 work- study recipients would be served at a cost of about \$18.1million annually; (4) PRIVATE STUDENT LOAN PURCHASING: Appropriators could allocate any amount to this program; ISAC estimates that Illinois public university graduates from the last ten years with GPAs at or above 3.0 may hold approximately \$500 million in private loan debt. The fiscal impact of this program would include both the amount needed to purchase the loans and the start-up and on-going operational costs to administer the new loan program. Even a relatively small pilot program would have to be run for more than 10 years. If \$50 million in outstanding private loans were to be purchased, ISAC estimates additional funding needs of approximately \$780,000 in the first year and a total of about \$6 million over the 10-year life of the new loans to cover program costs. Those include the one-time cost of originating the new loans, plus the on-going costs of servicing, reporting, monitoring, collection of delinquent loans, etc. In addition, some portion of the loans that become delinquent will ultimately be written off as uncollectible.

55 ILCS 5/5-1062 from Ch. 34, par. 5-1062

55 ILCS 5/5-1062.2

Amends the Counties Code. Changes the application of provisions concerning allowing management and mitigation of the effects of urbanization on stormwater drainage in metropolitan counties located in the area served by the Northeastern Illinois Planning Commission to those located in the area served by the Chicago Metropolitan Agency for Planning. Authorizes all counties (currently, only specified counties) to adopt stormwater management plans. Provides that counties' minimum standards for floodplain and stormwater management should have an emphasis on the use of cost effective, nature-based solutions and provides examples of such solutions. Provides that the stormwater management plans shall evaluate water quality and flooding problems caused by urban flooding. Defines "urban flooding" as the flooding of public and private land in urban areas that results from stormwater or snowmelt runoff overwhelming the existing drainage infrastructure, unrelated to the overflow of any river or lake, whether or not that land is located in or near a floodplain. Provides that a stormwater management planning committee may make grants to units of local government and landowners under specified conditions.

House Floor Amendment No. 1

Adds reference to:

55 ILCS 5/5-1062.3

Replaces everything after the enacting clause. Reinserts the provisions of introduced bill with the following changes: Further amends the Counties Code. Removes an emphasis on the use of cost-effective, nature-based solutions to water quality (water quality and flooding problems in the introduced bill) from the purposes of provisions concerning stormwater management. Provides that a purpose of provisions concerning stormwater management include collection of runoff for reuse as appropriate considering the local conditions that as a byproduct also results in improved water conditions. Changes "urban areas" to "urbanized areas". Defines "urbanized areas". Provides that specified counties (rather than all counties) and counties containing all or a part of an urbanized area may adopt stormwater management plans. Provides that any other county may adopt stormwater management plans if approved by referendum. Provides for representatives of drainage districts and soil and water conservation districts to be represented on the stormwater management planning committee in specified counties. Provides that a stormwater management planning committee may make grants to units of local government that are members in the Federal Emergency Management Agency's National Flood Insurance Program, not-for-profit organization, and landowners under specified conditions (units of local government and landowners in the introduced bill). Provides that a municipality receiving grant moneys must have adopted an ordinance requiring actions consistent with the stormwater management plan. Provides that questions for the levy of an annual tax for stormwater management purposes shall be held at a general election.

20 ILCS 801/21 new  
20 ILCS 835/4d new  
20 ILCS 3405/36 new

Amends the Department of Natural Resources Act. Provides that only materials manufactured in Illinois may be sold on the property of the Illinois State Museum. Defines "materials manufactured in Illinois". Amends the State Parks Act. Provides that only materials manufactured in Illinois may be sold in gift shops or concession areas within State parks or parkways. Defines "materials manufactured in Illinois". Amends the Historic Preservation Agency Act. Provides that only materials manufactured in Illinois may be sold on the property of State Historic Sites, State Memorials, and the other properties over which the Historic Preservation Agency has jurisdiction. Defines "materials manufactured in Illinois".

Fiscal Note (Dept. of Natural Resources)

HB 2764 will severely impact operations at State Park Gift Shops and Visitors Centers as well as smaller Illinois Department of Natural Resources (IDNR) Concessions. Estimated inventory at only 6 sites is almost \$400k. At least seven of our State Parks contract vending through the Business Enterprise for the Blind. These vending machines provide snacks, water and soft drinks. While some of these products are manufactured in the United States, many are not. This legislation places a tremendous burden on the Vendor to stay competitive. IDNR's World Shooting and Recreational Complex would most likely lose the Grand American shoot. Since most of IDNR's Building Vendors would encounter the same difficulties stocking U.S.A. inventory, they may elect to sever their leases with IDNR. The smaller Concessions at IDNR State Parks are restaurants, boat/canoe rental and bait shops. These concessions sell sun screen, suntan lotions, bait and tackle (fishing lures, fishing line) etc. These inventories will be very limited if only United States products are allowed to be sold and possibly eliminate the availability of these types of services at IDNR State Parks.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

This legislation does not create a State mandate.

New Act

Creates the Criminal History in College Applications Act. Provides that a public college may not inquire about or consider an applicant's criminal history information at any time during the admission decision-making process, except as required by State or federal law. Allows public colleges to continue using a multi-institution application, even if the application inquires about criminal history, but requires the public college to disregard the information for the admissions process. Allows public colleges to inquire about criminal history for certain purposes after the admission decision-making process, but forbids public colleges from rescinding an admissions offer based on the information. Authorizes public colleges to provide certain information. Effective immediately.

House Committee Amendment No. 1

Provides that a public college may make inquiry about or consider an applicant's criminal history information if that inquiry or consideration is required by federal law or specified provisions of the Department of State Police Law of the Civil Administrative Code of Illinois or the Medical School Matriculant Criminal History Records Check Act, if applicable (rather than is required by State or federal law). Provides that a public college may make inquiries about and consider an individual's criminal history information for the purposes of offering the individual other guidance, in addition to counseling and services. Provides that a college may include information on its admissions materials and website that informs prospective applicants that a criminal record may affect an individual's ability to obtain certain professional, in addition to occupational, licenses.

Amends the Illinois Municipal Code. Provides that a subdivider who has been assessed and paid impact fees on real estate in a municipality may not be assessed or charged real estate transfer taxes or fees on that same real estate. Limits home rule powers.

House Committee Amendment No. 1

House Committee Amendment No. 2

Provides that the provisions prohibiting a home rule municipality from assessing or collecting a real estate transfer tax on certain deed or trust documents do not apply to the City of Chicago.

Replaces everything after the enacting clause. Amends the General Provisions Article of the Illinois Pension Code. Provides that the Board of any pension fund or retirement system may authorize active Tier 1 employees to elect to have automatic annual increases in retirement and survivor's annuities delayed and reduced. Provides that a Tier 1 employee who makes that election is entitled to have contributions reduced to a specified rate and to receive a consideration payment of 10% of contributions made prior to the election. Provides separate benefits for persons who, on or after July 1, 2018, first become participants or members under the State Universities or Downstate Teachers Article or a noncovered participant under the State Employees Article. Authorizes persons who first become members or participants of those Systems on or after July 1, 2018 to elect the Tier 2 benefits in lieu of those separate benefits. Authorizes Tier 2 members to elect those separate benefits in lieu of the Tier 2 benefits. Requires those retirement systems to establish a voluntary defined contribution plan for certain Tier 1 members. In the Chicago Municipal, Cook County, Cook County Forest Preserve, Chicago Laborers, Chicago Park District, and Chicago Teachers Articles, establishes similar benefits if the governing body of the unit of local government adopts those benefits by resolution or ordinance. In the State Employee, State Universities, and Downstate Teachers Articles, authorizes those Systems to calculate the net present value of the pension benefits for certain inactive members and to offer those members the opportunity to elect to receive an accelerated pension benefit payment equal to 70% of the net present value of their pension benefits in lieu of receiving any pension benefit. In the State Universities and Downstate Teachers Articles, shifts certain costs to the local employer. Repeals certain provisions related to defined contributions plans under Public Act 98-599, which has been declared unconstitutional. Amends the State Employees Group Insurance Act of 1971 to make a conforming change. Amends the State Mandates Act to require implementation without reimbursement. Makes other changes.

New Act

Creates the Wage Lien Act. Provides that a lien exists on an employer's property for the amount of unpaid wages owed to an employee. Defines terms and includes provisions concerning creation of the lien; exemptions; notice; limitations; recording of the lien; enforcement; other claims on the employer's property; successor obligations; and construction.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

This bill does not create a State mandate.

Fiscal Note (Dept. of Labor)

The Department of Labor currently lacks expertise in the filing and enforcement of liens. With passage of this bill, the Department will need to add a minimum of three full-time staff to devise and implement new lien procedures, research, file, and process the liens. Also, two additional attorneys preferably with lien recovery experience are needed to review for enforcement sufficiency and to represent the Department at hearings. Additionally, two administrative law judges with lien recovery and or Uniform Commercial Code expertise would also be needed to handle the increase in administrative hearings. Administrative costs include postage, filing fees, office supplies and new employee IT equipment and licensing. Currently, according to the Cook County Recorder of Deeds, recording costs for liens range from \$25.00 to \$32.00. The Department estimate that if we had this additional staff the number of liens that we could theoretically record would be around 1,000 to 1,500 per year.

Fiscal Impact = \$1,038,336 (7 Headcount = \$972,336; Administrative Costs = \$66,000)

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

Does not create a State Mandate.

30 ILCS 500/30-40 new

Amends the Illinois Procurement Code. Provides that for any project under a construction contract, the contract shall require that, to the extent practicable, at least 10% of man-hours performing construction services be performed by individuals who reside in areas of poverty. Requires the Department of Central Management Services to annually release a list of areas of poverty that meet the requirements.

Fiscal Note (Dept. of Transportation)

The Illinois Department of Transportation (IDOT) estimates a fiscal impact of approximately \$6,000,000 annually associated with additional software and staff to monitor construction sites and enforce the new requirements contained in this legislation. IDOT has on average 850 active construction contracts every year. The workforce needed for each construction project is driven by the volume, nature and complexity of work which results in a variable workforce that can change from day to day at each project. This will result in the need for daily monitoring of the workforce at each project site to assure compliance with the legislation. Based on the number of projects and how widespread they are throughout the State, there is potential need for 50 staff to enforce compliance. Each employee would cost IDOT approximately \$120,000 after factoring in group insurance and other benefit costs. Additionally, there is not a standard software application to capture and monitor such data, so something will have to be custom developed at a potential cost of \$100,000 to \$300,000. Annual maintenance for the system is estimated at \$25,000.

Amends the Open Meetings Act. Provides that certain notice provisions that currently apply to regular meetings of a public body shall also apply to special meetings of a public body. Requires a public body that has a website maintained by a full-time staff to post the agenda and notice of meetings for both the governing body and all subsidiary bodies of the public body. Removes a provision stating that the failure of a public body to post on its website notice of any meeting or the agenda of any meeting shall not invalidate any meeting or any actions taken at a meeting. Requires a public body that has a website to post the minutes of a regular, special, or emergency meeting of its governing body (currently, only regular meeting). Allows a court to declare null and void any final action taken at a meeting in violation of the Act, regardless of whether or not the meeting was a closed meeting. Provides that a court shall (rather than may) assess against any party, except a State's Attorney, reasonable attorney's fees and other litigation costs reasonably incurred by any other party who substantially prevails in any action brought under specified provisions of the Act.

House Floor Amendment No. 1

Reinserts a stricken provision stating that the failure of a public body to post on its website notice of any meeting or the agenda of any meeting shall not invalidate any meeting or any actions taken at a meeting, and provides that such provision shall apply unless the failure to post notice was the result of bad faith on the part of the public body. Adds a provision requiring a court to consider the degree to which the relief obtained relates to the relief sought when determining reasonable attorney's fees.

60 ILCS 1/60-5

Amends the Township Code. Provides that if a vacant township supervisor office is filled by appointment, the appointed supervisor shall fulfill the bond requirement for township supervisors. Provides that the appointed supervisor may be a trustee appointed by a majority vote of the trustees and shall have one vote on any matter properly before the board. Provides for the appointment of a temporary deputy to perform the ministerial functions of a vacant township office until a person can be appointed to fill the vacant position for the remainder of the vacant term (rather than only allowing the appointment of a temporary deputy in a vacant township office due to a physical incapacity of a township officer). Provides that the temporary deputy, including a trustee appointed as a temporary deputy, shall be compensated at the same rate set by the board for the vacant position. Provides that if the appointed deputy is a trustee, his or her trustee compensation shall be suspended until he or she concludes his or her appointment as an appointed deputy upon the permanent appointment to fill the vacancy. Exempts the temporary deputy from the requirement to fill a vacant township office with a member of the same political party. Effective immediately.

House Committee Amendment No. 1

Provides that whenever any township or multi-township office becomes vacant or temporarily vacant due to the physical incapacity of a township officer, the township or multi-township board may temporarily appoint a deputy to perform the ministerial functions of the vacant office. Restores provisions allowing the physically incapacitated township officer to submit a written and sworn statement that he or she is physically able to perform his or her duty. Restores a provision allowing the appropriate board to determine the temporary deputy compensation (removing a new provision providing that the temporary deputy's compensation shall be the same as the compensation set by the board for the vacant position).

Senate Floor Amendment No. 1

Excludes appointments in townships in a county with a population greater than 250,000 from provisions requiring appointees to a vacancy to be a member of the same political party as the person vacating the office if the person vacating the office was elected as a member of an established political party.

New Act

Creates the Illinois Generic Drug Pricing Fairness Act. Provides that a manufacturer or wholesale drug distributor shall not engage in price gouging in the sale of an essential off-patent or generic drug. Provides that the Director of Healthcare and Family Services or Director of Central Management Services may notify the Attorney General of any increase in the price of any essential off-patent or generic drug under the Medical Assistance Program under the Illinois Public Aid Code or a State health plan, respectively, that amounts to price gouging. Provides that whenever the Attorney General has reason to believe that a manufacturer or wholesale drug distributor of an essential off-patent or generic drug has violated the Act, the Attorney General shall send a notice to the manufacturer or wholesale drug distributor requesting a specified statement. Provides that within 45 days after receipt of the request, the manufacturer or wholesale drug distributor shall submit the statement to the Attorney General. Provides that to accomplish the objectives and carry out the duties prescribed in the Act, the Attorney General may issue subpoenas or examine under oath any person to determine whether a manufacturer or wholesale drug distributor has violated the Act. Provides that upon petition of the Attorney General, a circuit court may issue specified orders against violations of the Act. Contains provisions concerning the disclosure of financial information provided by a manufacturer or wholesale drug distributor to the Attorney General. Effective January 1, 2019.

Fiscal Note (Office of the Attorney General)

HB 4900 would not have a significant fiscal impact on the Office of the Attorney General as the work could be covered by an existing bureau within the office.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

This bill does not create a State mandate.

Judicial Note (Admin Office of the Illinois Courts)

HB 4900 would neither increase nor decrease the number of judges needed in the State.

Pension Note (Government Forecasting & Accountability)

HB 4900 will not impact any public pension fund or retirement system in Illinois.

State Debt Impact Note (Government Forecasting & Accountability)

HB 4900 would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Balanced Budget Note (Office of Management and Budget)

Please be advised that the Balanced Budget Note Act does not apply to House Bill 4900 as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

Correctional Note (Dept of Corrections)

This bill will have no corrections population or fiscal impact on the Department of Corrections.

820 ILCS 205/12.5 new

Amends the Child Labor Law. Provides that, before a child may be issued a permit to work as a model, a trust account must be established providing, at a minimum, that: at least 15% (or a greater percentage as determined by rule) of the gross earnings of the child model shall be deposited into the account; the funds in the account shall be available only to the child model; the funds shall be held by a bank, corporate fiduciary, or trust company, as those terms are defined in the Corporate Fiduciary Act; and the funds in the account shall become available to the child model upon the child model attaining the age of 18 years. Provides that the Department of Labor shall adopt rules to implement these provisions.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

This bill does not create a State mandate.

Fiscal Note (Dept. of Labor)

As introduced, there will not be a significant fiscal impact to the Department of Labor to promulgate Rules to implement the provisions of this legislation, nor investigate the relatively few anticipated complaints.

House Floor Amendment No. 1

Replaces everything after the enacting clause. Reinserts the introduced bill, but makes its provisions applicable to child performers rather than child models, adds definitions, and makes other changes.

Amends the Illinois Vehicle Code. Deletes language allowing the Department of Transportation to designate streets or highways in the system of State highways as Class III highways. Provides that non-designated highways include highways that have lane widths of less than 11 feet, State highways not designated as Class I or II, and local highways which are part of any county, township, municipal, or district road system not designated as Class II. Deletes language regarding: the maximum length of vehicles on all non-State highways; and the highways that vehicles not exceeding 65 feet in overall length are allowed to access. Provides that combinations of vehicles over 65 feet in length with no overall length limitation are allowed certain access if there is no sign prohibiting access and the route is not being used as a thoroughfare between Class I or Class II highways. Provides that the maximum length limitation on non-designated highways for a truck tractor in combination with a semitrailer is 65 feet overall dimension and 60 feet overall dimension for a truck tractor-semi-trailer-trailer or truck tractor semi-trailer-semi-trailer. Provides that length limitations do not apply on legal holidays and for a tow truck in combination with a disabled vehicle or combination of disabled vehicles. Provides that a unit of local government shall affirm to the Department if it has no Class II designated truck routes. Provides that units of local government shall report to the Department, and the Department shall post on its website, any limitations prohibiting the operation of vehicles imposed by ordinance or resolution in the unit of local government's non-designated highway system. Provides that, to be effective, an ordinance or resolution passed to designate a Class II roadway need not be signed, but shall be reported to the Department. Repeals a provision that requires local units of government to report to the Department all preferred truck routes, designated truck route networks, or whether there are no such truck routes.

House Floor Amendment No. 2

Provides that Class II highways include state highways and designated local roads (rather than major arterials) not built to interstate highways standards that have at least 11 feet lane widths. Deletes language providing that non-designated highways include highways that have lane widths of less than 11 feet. Provides that each unit of local government may (rather than shall) report to the Department of Transportation any limitations prohibiting the operation of vehicles imposed by ordinance or resolution in the unit of local government's non-designated highway system. Deletes language providing that to be effective, an ordinance or resolution passed to designate a Class II roadway need not be signed, but shall be reported to the Department. Provides instead that to be effective, an ordinance or resolution designating a Class II roadway need not require that signs be erected, but the designation shall be reported to the Department. Makes other changes.

Amends the Environmental Protection Act. Provides that the portion of a site or facility that receives, separates, stores, and converts post-use polymers into crude oil, fuels, or other raw materials or intermediate or final products or feedstocks using a pyrolysis or gasification process and is regulated under the State's air, water, and waste regulations applicable to manufacturing facilities is not a pollution control facility under the Act. New Act

Creates the Design-Build for Public Schools Act. Defines terms. Provides that a school district shall, for each public project, make a written determination as to whether it is in the best interests of the school district to enter into a design-build contract for that project. Specifies factors to be considered in making the determination. Provides that if a school district elects to use a design-build delivery method under the Act, it must issue a notice of intent to receive proposals for a project no less than 14 days before issuing the request for proposals. Specifies requirements for the request for proposals. Requires a school district that elects to use the design-build delivery method to establish a committee to evaluate and select the design-build entity, which shall consist of no less than 5 members but no more than 7 members and shall include no less than one licensed design professional. Requires a school district to use a 2-phase procedure for the selection of a design-build entity; specifies the criteria for each phase. Provides that a school district may award the contract to the highest overall ranked entity. Repeals the Act on July 1, 2023. Effective immediately.

House Floor Amendment No. 2

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Makes changes to the legislative intent provision. Defines "design-build entity". Provides that a request for proposals must include the design-build entity's plan to comply with the utilization goals established by the corporate authorities of the school district for minority-owned and women-owned business enterprises and to comply with a provision in the Illinois Human Rights Act; makes conforming changes. Provides that a school district may not consider any design-build entity for evaluation or award if the entity has any pecuniary interests in the project or has other relationships or circumstances that create the appearance of impropriety. Provides that, after a proposal has been submitted in accordance with the Act, a design-build entity may not replace, remove, or otherwise modify any design professional firm identified as a member of the design-build team unless certain criteria are met. Provides that the design-build entity, regional superintendent of schools, and State Board of Education shall annually submit a detailed report to the General Assembly on the status of projects procured under the Act. Provides that all projects procured under the Act using the design-build delivery method must comply with a provision in the School Code governing school buildings and shall be subject to review and approval by the State Board of Education. Makes other changes. Effective immediately.

House Floor Amendment No. 3

With respect to legislative intent, provides that all projects using the delivery system under the Act shall comply with the school building code provisions of the School Code and shall be subject to review and approval by the State Board of Education. Provides that price may not be used as a factor in the evaluation of Phase I proposals in the definition of "evaluation criteria". Changes a reference from "cost evaluation factors" to "evaluation factors".
