### MESSAGE FROM THE HOUSE

A message from the House by

Mr. Hollman, Clerk:

Mr. President -- I am directed to inform the Senate that the House of Representatives has adopted the following joint resolution, in the adoption of which I am instructed to ask the concurrence of the Senate, to-wit:

#### HOUSE JOINT RESOLUTION NO. 35

WHEREAS, It is highly fitting that the Illinois General Assembly pays honor and respect to the truly great individuals who have served our country and, in doing so, have gone above and beyond the call of duty to make the ultimate sacrifice for our nation; and

WHEREAS, Specialist Brandon Jacob Rowe was killed in action during the War in Iraq near the city of Al Hillah on March 31, 2003; he was a member of the 101st Airborne Division (Air Assault) of the United States Army and was based at Fort Campbell, Kentucky; he was the first Infantryman of the 101st to be killed in combat in Operation Iraqi Freedom and the first from the Northern Illinois Area to be killed in that war; and

[May 31, 2021]

WHEREAS, Specialist Rowe was a machine gun (SAW) operator in his infantry unit that was assigned to a tank unit to provide cover; their combined mission was to perform a "feint" to draw attention from the main attacking force; unfortunately, they came into an ambush situation and were completely surrounded; and

WHEREAS, Specialist Rowe's death was the catalyst that led the leader of his unit to get the men to safety, off of their assigned tanks, and to find cover; against great odds, the unit continued to fight for eight hours that day, in spite of the fact that information had been offered that there would be little resistance by the Republican Guard Soldiers; no other lives were lost in the battle, making the mission a success; and

WHEREAS, Specialist Rowe was posthumously awarded many medals, including the Bronze Star Medal, the Purple Heart Medal, and the Global War on Terrorism Medal; he earned many other awards and recognitions throughout his military career; and

WHEREAS, Specialist Rowe was born in Rockford on April 14, 1982; he graduated from Hononegah High School in 2000; during high school, he worked at DiGiovanni's Restaurant and Highlander Supermarket in Roscoe; he attended Rock Valley College before enlisting in the United States Army in 2001; he planned to continue studying computers after his military service; and

WHEREAS, Specialist Rowe is survived by his paternal grandmother, Tennessee Sanders; his mother, Wendy Borowski; his stepfather, Rick Borowski; his father, Milton Rowe; his stepmother, Debbie Rowe; his sister, Leah (Doug) Yates; his brothers, Brent and Kevin Rowe; his stepsisters, Heidi and Heather Schultz; his nephews, Devon Yates and Jake and Aiden Rowe; and his niece, Grace Yates; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that we designate the section of Illinois Route 251 from Bridge Street in Roscoe to Rockton Road in Roscoe as the Specialist Brandon Jacob Rowe Memorial Highway; and be it further

RESOLVED, That the Illinois Tollway is requested to erect at suitable locations, consistent with State and federal regulations, appropriate plaques or signs giving notice of the name of "Specialist Brandon Jacob Rowe Memorial Highway"; and be it further

RESOLVED, That suitable copies of this resolution be presented to the family of Specialist Brandon Jacob Rowe and the Secretary of the Department of Transportation.

Adopted by the House, May 29, 2021.

"Section 5. The School Code is amended by changing Section 10-20.56 as follows:

(105 ILCS 5/10-20.56)

Sec. 10-20.56. E-learning days.

(a) The State Board of Education shall establish and maintain, for implementation in school districts, a program for use of electronic-learning (e-learning) days, as described in this Section. School districts may utilize a program approved under this Section for use during remote learning days and blended remote learning days under Section 10-30 or 34-18.66.

(b) The school board of a school district may, by resolution, adopt a research-based program or research-based programs for e-learning days district-wide that shall permit student instruction to be received electronically while students are not physically present in lieu of the district's scheduled emergency days as required by Section 10-19 of this Code or because a school was selected to be a polling place under Section 11-4.1 of the Election Code. The research-based program or programs may not exceed the minimum number of emergency days in the approved school calendar and must be verified by the regional office of education

or intermediate service center for the school district on or before September 1st annually to ensure access for all students. The regional office of education or intermediate service center shall ensure that the specific needs of all students are met, including special education students and English learners, and that all mandates are still met using the proposed research-based program. The e-learning program may utilize the Internet, telephones, texts, chat rooms, or other similar means of electronic communication for instruction and interaction between teachers and students that meet the needs of all learners. The e-learning program shall address the school district's responsibility to ensure that all teachers and staff who may be involved in the provision of e-learning have access to any and all hardware and software that may be required for the program. If a proposed program does not address this responsibility, the school district must propose an alternate program.

(c) Before its adoption by a school board, the school board must hold a public hearing on a school district's initial proposal for an e-learning program or for renewal of such a program, at a regular or special meeting of the school board, in which the terms of the proposal must be substantially presented and an opportunity for allowing public comments must be provided. Notice of such public hearing must be provided at least 10 days prior to the hearing by:

- (1) publication in a newspaper of general circulation in the school district;
- (2) written or electronic notice designed to reach the parents or guardians of all students enrolled in the school district; and
- (3) written or electronic notice designed to reach any exclusive collective bargaining representatives of school district employees and all those employees not in a collective bargaining unit.

(d) The regional office of education or intermediate service center for the school district must timely verify that a proposal for an e-learning program has met the requirements specified in this Section and that the proposal contains provisions designed to reasonably and practicably accomplish the following:

- (1) to ensure and verify at least 5 clock hours of instruction or school work, as required under Section 10-19.05, for each student participating in an e-learning day;
- (2) to ensure access from home or other appropriate remote facility for all students participating, including computers, the Internet, and other forms of electronic communication that must be utilized in the proposed program;
- (2.5) to ensure that non-electronic materials are made available to students participating in the program who do not have access to the required technology or to participating teachers or students who are prevented from accessing the required technology;
- (3) to ensure appropriate learning opportunities for students with special needs;
- (4) to monitor and verify each student's electronic participation;
- (5) to address the extent to which student participation is within the student's control as to the time, pace, and means of learning;
- (6) to provide effective notice to students and their parents or guardians of the use of particular days for e-learning;
- (7) to provide staff and students with adequate training for e-learning days' participation;
- (8) to ensure an opportunity for any collective bargaining negotiations with representatives of the school district's employees that would be legally required, including all classifications of school district employees who are represented by collective bargaining agreements and who would be affected in the event of an e-learning day;
- (9) to review and revise the program as implemented to address difficulties confronted; and
- (10) to ensure that the protocol regarding general expectations and responsibilities of the program is communicated to teachers, staff, and students at least 30 days prior to utilizing an e-learning day.

The school board's approval of a school district's initial e-learning program and renewal of the e-learning program shall be for a term of 3 years.

(d-5) A school district shall pay to its contractors who provide educational support services to the district, including, but not limited to, custodial, transportation, or food service providers, their daily, regular rate of pay or billings rendered for any e-learning day that is used because a school was selected to be a polling place under Section 11-4.1 of the Election Code, except that this requirement does not apply to contractors who are paid under contracts that are entered into, amended, or renewed on or after March 15, 2022 or to contracts that otherwise address compensation for such e-learning days.

- (e) The State Board of Education may adopt rules consistent with the provision of this Section.

"Section 5. The Illinois Pension Code is amended by adding Section 3-110.11a and by changing Section 8-151 as follows:

(40 ILCS 5/3-110.11a new)

Sec. 3-110.11a. Optional credit under Article 5. A police officer may establish optional credit for up to 5 years of service as a participant under Article 5, provided that the police officer (i) was certified under the law governing the certification of police officers at the time the service was rendered, (ii) applies in writing on or before December 31, 2023, (iii) supplies satisfactory evidence of the employment, (iv) completes 10 years of contributing service as a police officer as defined in Section 3-106, and (v) pays into the fund the amount the police officer would have contributed if he or she had been a regular contributor during such period, plus an amount determined by the Board to be equal to the municipality's normal cost of the benefit, plus interest at the actuarially assumed rate calculated from the date the employee last became a police officer under this Article.

A police officer may not establish credit under this Section for any service for which the police officer is eligible to receive benefits under Article 5 of this Code.

(40 ILCS 5/8-151) (from Ch. 108 1/2, par. 8-151)

Sec. 8-151. Compensation annuity and supplemental annuity.

When annuity otherwise provided in this Article for the widow of an employee whose death results solely from injury incurred in the performance of an act of duty is less than 60% of his salary in effect at the time of the injury, "Compensation Annuity" equal to the difference between such annuity and 60% of such salary, shall be payable to her until the date when the employee, if alive, would have attained age 65; and in any case where the employee's death is only partly due to the duty incurred injury, the "Compensation Annuity" shall be based on an amount equal to 40% of such salary.

Thereafter, the widow shall be entitled to "Supplemental Annuity" equal to the difference between the annuity otherwise provided in this Article and the annuity to which she would be entitled if the employee had lived and continued in the service at the salary in effect at the date of the injury until he attained age 65, and based upon her age as it would be on the date he would have attained 65.

"Compensation" or "Supplemental Annuity" shall not be payable unless the widow was the wife of the employee when the injury was incurred.

The city shall contribute to the fund each year the amount required for all compensation annuities payable during any such year. Supplemental Annuity shall be provided from city contributions after the date of the employee's death of such equal sums annually which when improved by interest at the effective rate, will be sufficient, at the time payment of Compensation Annuity to the widow ceases to provide Supplemental Annuity, as stated, for the widow throughout her life thereafter.

Unless the performance of an act or acts of duty results solely in the death of the employee, the annuity provided in this Section shall not be paid. For the purposes of this Section only, the death of any employee as a result of the exposure to and contraction of COVID-19, as evidenced by either (i) a confirmed positive laboratory test for COVID-19 or COVID-19 antibodies or (ii) a confirmed diagnosis of COVID-19 from a licensed medical professional, shall be rebuttably presumed to have been contracted while in the

performance of an act or acts of duty and the employee shall be rebuttably presumed to have been fatally injured while in active service. The presumption shall apply to any employee who was exposed to and contracted COVID-19 on or after March 9, 2020 and on or before June 30, 2021; except that the presumption shall not apply if the employee was on a leave of absence from his or her employment or otherwise not required to report for duty at the physical work space generally assigned to the employee, including, but not limited to, working remotely, for a period of 14 or more consecutive days immediately prior to the date of contraction of COVID-19. For the purposes of determining when an employee contracted COVID-19 under this paragraph, the date of contraction is either the date that the employee was diagnosed with COVID-19 or was unable to work due to symptoms that were later diagnosed as COVID-19, whichever occurred first.

All procurements made under this subsection shall be documented and may require publication in the Illinois Procurement Bulletin.

(b-10) Procurements made by or on behalf of the University of Illinois for investment services scheduled to expire June 2020 may be extended through June 2021 without being subject to the requirements of this Code. For purposes of this subsection, "business" includes all individuals with whom a business is affiliated, including, but not limited to, any officer, agent, employee, consultant, independent contractor, director, partner, manager, or shareholder of a business. The Executive Ethics Commission may promulgate rules and regulations for the implementation and administration of the provisions of this subsection (e).

It is hereby declared to have been the intent of the General Assembly that this Section not be subject to repeal on December 31, 2014.

This Section shall be deemed to have been in continuous effect since December 20, 2011 (the effective date of Public Act 97-643), and it shall continue to be in effect henceforward until it is otherwise lawfully repealed. All actions taken in reliance on or pursuant to this Section by any public institution of higher education, person, or entity are hereby validated.

In order to ensure the continuing effectiveness of this Section, it is set forth in full and re-enacted by this amendatory Act of the 100th General Assembly. This re-enactment is intended as a continuation of this Section. It is not intended to supersede any amendment to this Section that is enacted by the 100th General Assembly.

(a) Maximum duration. A contract may be entered into for any period of time deemed to be in the best interests of the State but not exceeding 10 years inclusive, beginning January 1, 2010, of proposed contract renewals. Third parties may lease State-owned dark fiber networks for any period of time deemed to be in the best interest of the State, but not exceeding 20 years. The length of a lease for real property or capital improvements shall be in accordance with the provisions of Section 40-25. The length of energy conservation program contracts or energy savings contracts or leases shall be in accordance with the provisions of Section 25-45. A contract for bond or mortgage insurance awarded by the Illinois Housing Development Authority, however, may be entered into for any period of time less than or equal to the maximum period of time that the subject bond or mortgage may remain outstanding.

(b) Subject to appropriation. All contracts made or entered into shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to make payments under the terms of the contract.

(c) The chief procurement officer shall file a proposed extension or renewal of a contract with the Procurement Policy Board prior to entering into any extension or renewal if the cost associated with the extension or renewal exceeds \$249,999. The Procurement Policy Board may object to the proposed extension or renewal within 30 calendar days and require a hearing before the Board prior to entering into the extension or renewal. If the Procurement Policy Board does not object within 30 calendar days or takes affirmative action to recommend the extension or renewal, the chief procurement officer may enter into the extension or renewal of a contract. This subsection does not apply to any emergency procurement, any procurement under Article 40, or any procurement exempted by Section 1-10(b) of this Code. If any State agency contract is paid for in whole or in part with federal-aid funds, grants, or loans and the provisions of this subsection would result in the loss of those federal-aid funds, grants, or loans, then the contract is exempt from the provisions of this subsection in order to remain eligible for those federal-aid funds, grants, or loans, and the State agency shall file notice of this exemption with the Procurement Policy Board prior to entering into the proposed extension or renewal. Nothing in this subsection permits a chief procurement officer to enter into an extension or renewal in violation of subsection (a). By August 1 each year, the Procurement Policy Board shall file a report with the General Assembly identifying for the previous fiscal year (i) the proposed extensions or renewals that were filed with the Board and whether the Board objected and (ii) the contracts exempt from this subsection.

The Department of Innovation and Technology may lease dark fiber networks from third parties only for the primary purpose of providing services (i) to the offices of Governor, Lieutenant Governor, Attorney General, Secretary of State, Comptroller, or Treasurer and State agencies, as defined under Section 5-15 of the Civil Administrative Code of Illinois or (ii) for anchor institutions, as defined in Section 7 of the Illinois Century Network Act. Dark fiber network lease contracts shall be subject to all other provisions of this Code and any applicable rules or requirements, including, but not limited to, publication of lease solicitations, use of standard State contracting terms and conditions, and approval of vendor certifications and financial disclosures.

(e) As used in this Section, "dark fiber network" means a network of fiber optic cables laid but currently unused by a third party that the third party is leasing for use as network infrastructure.

(f) No vendor shall be eligible for renewal of a contract when that vendor has failed to meet the goals agreed to in the vendor's utilization plan unless the State agency or public institution of higher education has determined that the vendor made good faith efforts toward meeting the contract goals and has issued a waiver ~~or that vendor is not otherwise excused from compliance by the chief procurement officer in consultation with the purchasing State agency.~~ The form and content of the waiver shall be prescribed by each chief procurement officer, but shall not impair the State agency or public institutions of higher education determination to execute the renewal. The chief procurement officer shall post the completed form on his or her official website within 5 business days after receipt from the State agency or public institution of higher education. The chief procurement officer shall maintain on his or her official website a database of waivers granted under this Section with respect to contracts under his or her jurisdiction. (a) No layoff may be effective earlier than 10 working days after notice to the Department, unless an emergency layoff situation exists.

(b) The State executive department, State agency, board, commission, or instrumentality in which the layoffs are to occur must notify each employee targeted for layoff, the employee's union representative (if applicable), and the State Dislocated Worker Unit at the Department of Commerce and Economic Opportunity.

(c) The State executive department, State agency, board, commission, or instrumentality in which the layoffs are to occur must conform to applicable collective bargaining agreements.

(d) The State executive department, State agency, board, commission, or instrumentality in which the layoffs are to occur should notify each employee targeted for layoff that transitional assistance may be available to him or her under the Economic Dislocation and Worker Adjustment Assistance Act administered by the Department of Commerce and Economic Opportunity. As used in this subsection (B), "disability" shall be defined in rules promulgated under the Illinois Administrative Procedure Act.

(D) As used in this Section:

(1) "American Indian or Alaska Native" means a person having origins in any of the original peoples of North and South America, including Central America, and who maintains tribal affiliation or community attachment.

(235 ILCS 5/3-12)

Sec. 3-12. Powers and duties of State Commission.

(a) The State Commission shall have the following powers, functions, and duties:

(1) To receive applications and to issue licenses to manufacturers, foreign importers, importing distributors, distributors, non-resident dealers, on premise consumption retailers, off premise sale retailers, special event retailer licensees, special use permit licenses, auction liquor licenses, brew pubs, caterer retailers, non-beverage users, railroads, including owners and lessees of sleeping, dining and cafe cars, airplanes, boats, brokers, and wine maker's premises licensees in accordance with the provisions of this Act, and to suspend or revoke such licenses upon the State Commission's determination, upon notice after hearing, that a licensee has violated any provision of this Act or any rule or regulation issued pursuant thereto and in effect for 30 days prior to such violation. Except in the case of an action taken pursuant to a violation of Section 6-3, 6-5, or 6-9, any action by the State Commission to suspend or revoke a licensee's license may be limited to the license for the specific premises where the violation occurred. An action for a violation of this Act shall be commenced by the State Commission within 2 years after the date the State Commission becomes aware of the violation.

In lieu of suspending or revoking a license, the commission may impose a fine, upon the State Commission's determination and notice after hearing, that a licensee has violated any provision of this Act or any rule or regulation issued pursuant thereto and in effect for 30 days prior to such violation.

For the purpose of this paragraph (1), when determining multiple violations for the sale of alcohol to a person under the age of 21, a second or subsequent violation for the sale of alcohol to a person under the age of 21 shall only be considered if it was committed within 5 years after the date when a prior violation for the sale of alcohol to a person under the age of 21 was committed.

The fine imposed under this paragraph may not exceed \$500 for each violation. Each day that the activity, which gave rise to the original fine, continues is a separate violation. The maximum fine that may be levied against any licensee, for the period of the license, shall not exceed \$20,000. The maximum penalty that may be imposed on a licensee for selling a bottle of alcoholic liquor with a foreign object in it or serving from a bottle of alcoholic liquor with a foreign object in it shall be the destruction of that bottle of alcoholic liquor for the first 10 bottles so sold or served from by the licensee. For the eleventh bottle of alcoholic liquor and for each third bottle thereafter sold or served from by the licensee with a foreign object in it, the maximum penalty that may be imposed on the licensee is the destruction of the bottle of alcoholic liquor and a fine of up to \$50.

Any notice issued by the State Commission to a licensee for a violation of this Act or any notice with respect to settlement or offer in compromise shall include the field report, photographs, and any other supporting documentation necessary to reasonably inform the licensee of the nature and extent of the violation or the conduct alleged to have occurred. The failure to include such required documentation shall result in the dismissal of the action.

(2) To adopt such rules and regulations consistent with the provisions of this Act which shall be necessary to carry on its functions and duties to the end that the health, safety and welfare of the People of the State of Illinois shall be protected and temperance in the consumption of alcoholic liquors shall be fostered and promoted and to distribute copies of such rules and regulations to all licensees affected thereby.

(3) To call upon other administrative departments of the State, county and municipal governments, county and city police departments and upon prosecuting officers for such information and assistance as it deems necessary in the performance of its duties.

(4) To recommend to local commissioners rules and regulations, not inconsistent with the law, for the distribution and sale of alcoholic liquors throughout the State.

(5) To inspect, or cause to be inspected, any premises in this State where alcoholic liquors are manufactured, distributed, warehoused, or sold. Nothing in this Act authorizes an agent of the State Commission to inspect private areas within the premises without reasonable suspicion or a warrant during an inspection. "Private areas" include, but are not limited to, safes, personal property, and closed desks.

(5.1) Upon receipt of a complaint or upon having knowledge that any person is engaged in business as a manufacturer, importing distributor, distributor, or retailer without a license or valid license, to conduct an investigation. If, after conducting an investigation, the State Commission is satisfied that the alleged conduct occurred or is occurring, it may issue a cease and desist notice as provided in this Act, impose civil penalties as provided in this Act, notify the local liquor authority, or file a complaint with the State's Attorney's Office of the county where the incident occurred or the Attorney General.

(5.2) Upon receipt of a complaint or upon having knowledge that any person is shipping alcoholic liquor into this State from a point outside of this State if the shipment is in violation of this Act, to conduct an investigation. If, after conducting an investigation, the State Commission is satisfied that the alleged conduct occurred or is occurring, it may issue a cease and desist notice as provided in this Act, impose civil penalties as provided in this Act, notify the foreign jurisdiction, or file a complaint with the State's Attorney's Office of the county where the incident occurred or the Attorney General.

(5.3) To receive complaints from licensees, local officials, law enforcement agencies, organizations, and persons stating that any licensee has been or is violating any provision of this Act or the rules and regulations issued pursuant to this Act. Such complaints shall be in writing, signed and sworn to by the person making the complaint, and shall state with specificity the facts in relation to the alleged violation. If the State Commission has reasonable grounds to believe that the complaint substantially alleges a violation of this Act or rules and regulations adopted pursuant to this Act, it shall conduct an investigation. If, after conducting an investigation, the State Commission is satisfied that the alleged violation did occur, it shall proceed with disciplinary action against the licensee as provided in this Act.

(5.4) To make arrests and issue notices of civil violations where necessary for the enforcement of this Act.

(5.5) To investigate any and all unlicensed activity.

(5.6) To impose civil penalties or fines to any person who, without holding a valid license, engages in conduct that requires a license pursuant to this Act, in an amount not to exceed \$20,000 for each offense as determined by the State Commission. A civil penalty shall be assessed by the State Commission after a hearing is held in accordance with the provisions set forth in this Act regarding the provision of a hearing for the revocation or suspension of a license.

(6) To hear and determine appeals from orders of a local commission in accordance with the provisions of this Act, as hereinafter set forth. Hearings under this subsection shall be held in Springfield or Chicago, at whichever location is the more convenient for the majority of persons who are parties to the hearing.

(7) The State Commission shall establish uniform systems of accounts to be kept by all retail licensees having more than 4 employees, and for this purpose the State Commission may classify all retail licensees having more than 4 employees and establish a uniform system of accounts for each class and prescribe the manner in which such accounts shall be kept. The State Commission may also prescribe the forms of accounts to be kept by all retail licensees having more than 4 employees, including, but not limited to, accounts of earnings and expenses and any distribution, payment, or other distribution of earnings or assets, and any other forms, records, and memoranda which in the judgment of the commission may be necessary or appropriate to carry out any of the provisions of this Act, including, but not limited to, such forms, records, and memoranda as will readily and accurately disclose at all times the beneficial ownership of such retail licensed business. The accounts, forms, records, and memoranda shall be available at all reasonable times for inspection by authorized representatives of the State Commission or by any local liquor control commissioner or his or her authorized representative. The commission may, from time to time, alter, amend, or repeal, in whole or in part, any uniform system of accounts, or the form and manner of keeping accounts.

(8) In the conduct of any hearing authorized to be held by the State Commission, to appoint, at the commission's discretion, hearing officers to conduct hearings involving complex issues or issues that will require a protracted period of time to resolve, to examine, or cause to be examined, under oath, any licensee, and to examine or cause to be examined the books and records of such licensee; to hear testimony and take proof material for its information in the discharge of its duties hereunder; to administer or cause to be administered oaths; for any such purpose to issue subpoena or subpoenas to require the attendance of witnesses and the production of books, which shall be effective in any part of this State, and to adopt rules to implement its powers under this paragraph (8).

Any circuit court may, by order duly entered, require the attendance of witnesses and the production of relevant books subpoenaed by the State Commission and the court may compel obedience to its order by proceedings for contempt.

(9) To investigate the administration of laws in relation to alcoholic liquors in this and other states and any foreign countries, and to recommend from time to time to the Governor and through him or her to the legislature of this State, such amendments to this Act, if any, as it may think desirable and as will serve to further the general broad purposes contained in Section 1-2 hereof.

(10) To adopt such rules and regulations consistent with the provisions of this Act which shall be necessary for the control, sale, or disposition of alcoholic liquor damaged as a result of an accident, wreck, flood, fire, or other similar occurrence.

(11) To develop industry educational programs related to responsible serving and selling, particularly in the areas of overserving consumers and illegal underage purchasing and consumption of alcoholic beverages.

(11.1) To license persons providing education and training to alcohol beverage sellers and servers for mandatory and non-mandatory training under the Beverage Alcohol Sellers and Servers Education and Training (BASSET) programs and to develop and administer a public awareness program in Illinois to reduce or eliminate the illegal purchase and consumption of alcoholic beverage products by persons under the age of 21. Application for a license shall be made on forms provided by the State Commission.

(12) To develop and maintain a repository of license and regulatory information.

(13) (Blank).

(14) On or before April 30, 2008 and every 2 years thereafter, the State Commission shall present a written report to the Governor and the General Assembly that shall be based on a study of the impact of Public Act 95-634 on the business of soliciting, selling, and shipping wine from inside and outside of this State directly to residents of this State. As part of its report, the State Commission shall provide all of the following information:

(A) The amount of State excise and sales tax revenues generated.

(B) The amount of licensing fees received.

(C) The number of cases of wine shipped from inside and outside of this State directly to residents of this State.

(D) The number of alcohol compliance operations conducted.

(E) The number of winery shipper's licenses issued.

(F) The number of each of the following: reported violations; cease and desist notices issued by the Commission; notices of violations issued by the Commission and to the Department of Revenue; and notices and complaints of violations to law enforcement officials, including, without limitation, the Illinois Attorney General and the U.S. Department of Treasury's Alcohol and Tobacco Tax and Trade Bureau.

(15) As a means to reduce the underage consumption of alcoholic liquors, the State Commission shall conduct alcohol compliance operations to investigate whether businesses that are soliciting, selling, and shipping wine from inside or outside of this State directly to residents of this State are licensed by this State or are selling or attempting to sell wine to persons under 21 years of age in violation of this Act.

(16) The State Commission shall, in addition to notifying any appropriate law enforcement agency, submit notices of complaints or violations of Sections 6-29 and 6-29.1 by persons who do not hold a winery shipper's license under this Act to the Illinois Attorney General and to the U.S. Department of Treasury's Alcohol and Tobacco Tax and Trade Bureau.

(17)(A) A person licensed to make wine under the laws of another state who has a winery shipper's license under this Act and annually produces less than 25,000 gallons of wine or a person

who has a first-class or second-class wine manufacturer's license, a first-class or second-class wine-maker's license, or a limited wine manufacturer's license under this Act and annually produces less than 25,000 gallons of wine may make application to the Commission for a self-distribution exemption to allow the sale of not more than 5,000 gallons of the exemption holder's wine to retail licensees per year and to sell cider, mead, or both cider and mead to brewers, class 1 brewers, class 2 brewers, and class 3 brewers that, pursuant to subsection (e) of Section 6-4 of this Act, sell beer, cider, mead, or any combination thereof to non-licensees at their breweries.

(B) In the application, which shall be sworn under penalty of perjury, such person shall state (1) the date it was established; (2) its volume of production and sales for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its wine; and (5) that it will comply with the liquor and revenue laws of the United States, this State, and any other state where it is licensed.

(C) The State Commission shall approve the application for a self-distribution exemption if such person: (1) is in compliance with State revenue and liquor laws; (2) is not a member of any affiliated group that produces directly or indirectly more than 25,000 gallons of wine per annum, 930,000 gallons of beer per annum, or 50,000 gallons of spirits per annum ~~or produces any other alcoholic liquor~~; (3) will not annually produce for sale more than 25,000 gallons of wine, 930,000 gallons of beer, or 50,000 gallons of spirits; and (4) will not annually sell more than 5,000 gallons of its wine to retail licensees.

(D) A self-distribution exemption holder shall annually certify to the State Commission its production of wine in the previous 12 months and its anticipated production and sales for the next 12 months. The State Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or liquor law of Illinois, exceeded production of 25,000 gallons of wine, 930,000 gallons of beer, or 50,000 gallons of spirits in any calendar year, or become part of an affiliated group producing more than 25,000 gallons of wine, 930,000 gallons of beer, or 50,000 gallons of spirits ~~or any other alcoholic liquor~~.

(E) Except in hearings for violations of this Act or Public Act 95-634 or a bona fide investigation by duly sworn law enforcement officials, the State Commission, or its agents, the State Commission shall maintain the production and sales information of a self-distribution exemption holder as confidential and shall not release such information to any person.

(F) The State Commission shall issue regulations governing self-distribution exemptions consistent with this Section and this Act.

(G) Nothing in this paragraph (17) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois distributor.

(H) It is the intent of this paragraph (17) to promote and continue orderly markets. The General Assembly finds that, in order to preserve Illinois' regulatory distribution system, it is necessary to create an exception for smaller makers of wine as their wines are frequently adjusted in varietals, mixes, vintages, and taste to find and create market niches sometimes too small for distributor or importing distributor business strategies. Limited self-distribution rights will afford and allow smaller makers of wine access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(18)(A) A class 1 brewer licensee, who must also be either a licensed brewer or licensed non-resident dealer and annually manufacture less than 930,000 gallons of beer, may make application to the State Commission for a self-distribution exemption to allow the sale of not more than 232,500 gallons per year of the exemption holder's beer ~~per year~~ to retail licensees and to brewers, class 1 brewers, and class 2 brewers that, pursuant to subsection (e) of Section 6-4 of this Act, sell beer, cider, mead, or any combination thereof ~~or both beer and cider~~ to non-licensees at their breweries.

(B) In the application, which shall be sworn under penalty of perjury, the class 1 brewer licensee shall state (1) the date it was established; (2) its volume of beer manufactured and sold for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its beer; and (5) that it will comply with the alcoholic beverage and revenue laws of the United States, this State, and any other state where it is licensed.

(C) Any application submitted shall be posted on the State Commission's website at least 45 days prior to action by the State Commission. The State Commission shall approve the application for

a self-distribution exemption if the class 1 brewer licensee: (1) is in compliance with the State, revenue, and alcoholic beverage laws; (2) is not a member of any affiliated group that manufactures, directly or indirectly, more than 930,000 gallons of beer per annum, 25,000 gallons of wine per annum, or 50,000 gallons of spirits per annum ~~or produces any other alcoholic beverages~~; (3) shall not annually manufacture for sale more than 930,000 gallons of beer, 25,000 gallons of wine, or 50,000 gallons of spirits; (4) shall not annually sell more than 232,500 gallons of its beer to retail licensees and class 3 brewers and ~~or~~ to brewers, class 1 brewers, and class 2 brewers that, pursuant to subsection (e) of Section 6-4 of this Act, sell beer, cider, mead, or any combination thereof ~~or both beer and cider~~ to non-licensees at their breweries; and (5) has relinquished any brew pub license held by the licensee, including any ownership interest it held in the licensed brew pub.

(D) A self-distribution exemption holder shall annually certify to the State Commission its manufacture of beer during the previous 12 months and its anticipated manufacture and sales of beer for the next 12 months. The State Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or alcoholic beverage law of Illinois, exceeded the manufacture of 930,000 gallons of beer, 25,000 gallons of wine, or 50,000 gallons of spirits in any calendar year or became part of an affiliated group manufacturing more than 930,000 gallons of beer, 25,000 gallons of wine, or 50,000 gallons of spirits ~~or any other alcoholic beverage~~.

(E) The State Commission shall issue rules and regulations governing self-distribution exemptions consistent with this Act.

(F) Nothing in this paragraph (18) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois importing distributor or a distributor. If a self-distribution exemption holder enters into a distribution agreement and has assigned distribution rights to an importing distributor or distributor, then the self-distribution exemption holder's distribution rights in the assigned territories shall cease in a reasonable time not to exceed 60 days.

(G) It is the intent of this paragraph (18) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system, it is necessary to create an exception for smaller manufacturers in order to afford and allow such smaller manufacturers of beer access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(19)(A) A class 1 craft distiller licensee or a non-resident dealer who manufactures less than 50,000 gallons of distilled spirits per year may make application to the State Commission for a self-distribution exemption to allow the sale of not more than 5,000 gallons of the exemption holder's spirits to retail licensees per year.

(B) In the application, which shall be sworn under penalty of perjury, the class 1 craft distiller licensee or non-resident dealer shall state (1) the date it was established; (2) its volume of spirits manufactured and sold for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its spirits; and (5) that it will comply with the alcoholic beverage and revenue laws of the United States, this State, and any other state where it is licensed.

(C) Any application submitted shall be posted on the State Commission's website at least 45 days prior to action by the State Commission. The State Commission shall approve the application for a self-distribution exemption if the applicant: (1) is in compliance with State revenue and alcoholic beverage laws; (2) is not a member of any affiliated group that produces more than 50,000 gallons of spirits per annum, 930,000 gallons of beer per annum, or 25,000 gallons of wine per annum ~~or produces any other alcoholic liquor~~; (3) does not annually manufacture for sale more than 50,000 gallons of spirits, 930,000 gallons of beer, or 25,000 gallons of wine; and (4) does not annually sell more than 5,000 gallons of its spirits to retail licensees.

(D) A self-distribution exemption holder shall annually certify to the State Commission its manufacture of spirits during the previous 12 months and its anticipated manufacture and sales of spirits for the next 12 months. The State Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or alcoholic beverage law of Illinois, exceeded the manufacture of 50,000 gallons of spirits, 930,000 gallons of beer, or 25,000 gallons of wine in any calendar year, or

has become part of an affiliated group manufacturing more than 50,000 gallons of spirits, 930,000 gallons of beer, or 25,000 gallons of wine or any other alcoholic beverage.

(E) The State Commission shall adopt rules governing self-distribution exemptions consistent with this Act.

(F) Nothing in this paragraph (19) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois importing distributor or a distributor.

(G) It is the intent of this paragraph (19) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system, it is necessary to create an exception for smaller manufacturers in order to afford and allow such smaller manufacturers of spirits access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(20)(A) A class 3 brewer licensee who must manufacture less than 465,000 gallons of beer in the aggregate and not more than 155,000 gallons at any single brewery premises may make application to the State Commission for a self-distribution exemption to allow the sale of not more than 6,200 gallons of beer from each in-state or out-of-state class 3 brewery premises, which shall not exceed 18,600 gallons annually in the aggregate, that is manufactured at a wholly owned class 3 brewer's in-state or out-of-state licensed premises to retail licensees and class 3 brewers and to brewers, class 1 brewers, class 2 brewers that, pursuant to subsection (e) of Section 6-4, sell beer, cider, or both beer and cider to non-licensees at their licensed breweries.

(B) In the application, which shall be sworn under penalty of perjury, the class 3 brewer licensee shall state:

(1) the date it was established;

(2) its volume of beer manufactured and sold for each year since its establishment;

(3) its efforts to establish distributor relationships;

(4) that a self-distribution exemption is necessary to facilitate the marketing of its beer;

and

(5) that it will comply with the alcoholic beverage and revenue laws of the United States, this State, and any other state where it is licensed.

(C) Any application submitted shall be posted on the State Commission's website at least 45 days before action by the State Commission. The State Commission shall approve the application for a self-distribution exemption if the class 3 brewer licensee: (1) is in compliance with the State, revenue, and alcoholic beverage laws; (2) is not a member of any affiliated group that manufacturers, directly or indirectly, more than 465,000 gallons of beer per annum, (3) shall not annually manufacture for sale more than 465,000 gallons of beer or more than 155,000 gallons at any single brewery premises; and (4) shall not annually sell more than 6,200 gallons of beer from each in-state or out-of-state class 3 brewery premises, and shall not exceed 18,600 gallons annually in the aggregate, to retail licensees and class 3 brewers and to brewers, class 1 brewers, and class 2 brewers that, pursuant to subsection (e) of Section 6-4 of this Act, sell beer, cider, or both beer and cider to non-licensees at their breweries.

(D) A self-distribution exemption holder shall annually certify to the State Commission its manufacture of beer during the previous 12 months and its anticipated manufacture and sales of beer for the next 12 months. The State Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or alcoholic beverage law of Illinois, exceeded the manufacture of 465,000 gallons of beer in any calendar year or became part of an affiliated group manufacturing more than 465,000 gallons of beer, or exceeded the sale to retail licensees, brewers, class 1 brewers, class 2 brewers, and class 3 brewers of 6,200 gallons per brewery location or 18,600 gallons in the aggregate.

(E) The State Commission may adopt rules governing self-distribution exemptions consistent with this Act.

(F) Nothing in this paragraph shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois importing distributor or a distributor. If a self-distribution exemption holder enters into a distribution agreement and has assigned distribution rights to an importing distributor or distributor, then the self-distribution

exemption holder's distribution rights in the assigned territories shall cease in a reasonable time not to exceed 60 days.

(G) It is the intent of this paragraph to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system, it is necessary to create an exception for smaller manufacturers in order to afford and allow such smaller manufacturers of beer access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(b) On or before April 30, 1999, the Commission shall present a written report to the Governor and the General Assembly that shall be based on a study of the impact of Public Act 90-739 on the business of soliciting, selling, and shipping alcoholic liquor from outside of this State directly to residents of this State.

As part of its report, the Commission shall provide the following information:

(i) the amount of State excise and sales tax revenues generated as a result of Public Act 90-739;

(ii) the amount of licensing fees received as a result of Public Act 90-739;

This subsection (l) shall not apply to distributors, employees of distributors, or employees of a manufacturer who has registered the trademark, brand or name of the alcoholic liquor pursuant to Section 6-9 of this Act, and who regularly sells such alcoholic liquor in the State of Illinois only to its registrants thereunder.

Any agent, representative, or person subject to registration pursuant to subsection (a-1) of this Section shall not be eligible to receive a broker's license.

(m) A non-resident dealer's license shall permit such licensee to ship into and warehouse alcoholic liquor into this State from any point outside of this State, and to sell such alcoholic liquor to Illinois licensed foreign importers and importing distributors and to no one else in this State; provided that (i) said non-resident dealer shall register with the Illinois Liquor Control Commission each and every brand of alcoholic liquor which it proposes to sell to Illinois licensees during the license period, (ii) it shall comply with all of the provisions of Section 6-9 hereof with respect to registration of such Illinois licensees as may be granted the right to sell such brands at wholesale by duly filing such registration statement, thereby authorizing the non-resident dealer to proceed to sell such brands at wholesale, and (iii) the non-resident

dealer shall comply with the provisions of Sections 6-5 and 6-6 of this Act to the same extent that these provisions apply to manufacturers. No person licensed as a non-resident dealer shall be granted a distributor's or importing distributor's license.

(n) A brew pub license shall allow the licensee to only (i) manufacture up to 155,000 gallons of beer per year only on the premises specified in the license, (ii) make sales of the beer manufactured on the premises or, with the approval of the Commission, beer manufactured on another brew pub licensed premises that is wholly owned and operated by the same licensee to importing distributors, distributors, and to non-licensees for use and consumption, (iii) store the beer upon the premises, (iv) sell and offer for sale at retail from the licensed premises for off-premises consumption no more than 155,000 gallons per year so long as such sales are only made in-person, (v) sell and offer for sale at retail for use and consumption on the premises specified in the license any form of alcoholic liquor purchased from a licensed distributor or importing distributor, (vi) with the prior approval of the Commission, annually transfer no more than 155,000 gallons of beer manufactured on the premises to a licensed brew pub wholly owned and operated by the same licensee, and (vii) notwithstanding item (i) of this subsection, brew pubs wholly owned and operated by the same licensee may combine each location's production limit of 155,000 gallons of beer per year and allocate the aggregate total between the wholly owned, operated, and licensed locations.

A brew pub licensee shall not under any circumstance sell or offer for sale beer manufactured by the brew pub licensee to retail licensees.

A person who holds a class 2 brewer license may simultaneously hold a brew pub license if the class 2 brewer (i) does not, under any circumstance, sell or offer for sale beer manufactured by the class 2 brewer to retail licensees; (ii) does not hold more than 3 brew pub licenses in this State; (iii) does not manufacture more than a combined 3,720,000 gallons of beer per year, including the beer manufactured at the brew pub; and (iv) is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 3,720,000 gallons of beer per year or any other alcoholic liquor.

Notwithstanding any other provision of this Act, a licensed brewer, class 2 brewer, or non-resident dealer who before July 1, 2015 manufactured less than 3,720,000 gallons of beer per year and held a brew pub license on or before July 1, 2015 may (i) continue to qualify for and hold that brew pub license for the licensed premises and (ii) manufacture more than 3,720,000 gallons of beer per year and continue to qualify for and hold that brew pub license if that brewer, class 2 brewer, or non-resident dealer does not simultaneously hold a class 1 brewer license and is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 3,720,000 gallons of beer per year or that produces any other alcoholic liquor.

A brew pub licensee may apply for a class 3 brewer license and upon: (i) meeting all applicable qualifications of this Act, and relinquishing all commonly owned brew pub or retail licenses shall be issued a class 3 brewer license. Nothing in this Act shall prohibit the issuance of a class 3 brewer license if the applicant:

(1) has a valid retail license on or before May 1, 2021;

(2) has an ownership interest in at least two brew pubs licenses on or before May 1, 2021;

(3) the brew pub licensee applies for a class 3 brewer license on or before October 1, 2022 and relinquishes all commonly owned brew pub licenses; and

(4) relinquishes all commonly owned retail licenses on or before December 31, 2022.

If a brew pub licensee is issued a class 3 brewer license, the class 3 brewer license shall expire on the same date as the existing brew pub license and the State Commission shall not require a class 3 brewer licensee to obtain a brewer license, or in the alternative to pay a fee for a brewer license, until the date the brew pub license of the applicant would have expired.

(o) A caterer retailer license shall allow the holder to serve alcoholic liquors as an incidental part of a food service that serves prepared meals which excludes the serving of snacks as the primary meal, either on or off-site whether licensed or unlicensed. A caterer retailer license shall allow the holder, a distributor, or an importing distributor to transfer any inventory to and from the holder's retail premises and shall allow the holder to purchase alcoholic liquor from a distributor or importing distributor to be delivered directly to an off-site event.

Nothing in this Act prohibits a distributor or importing distributor from offering credit or a refund for unused, salable beer to a holder of a caterer retailer license or a caterer retailer licensee from accepting a credit or refund for unused, salable beer, in the event an act of God is the sole reason an off-site event is cancelled and if: (i) the holder of a caterer retailer license has not transferred alcoholic liquor from its caterer retailer premises to an off-site location; (ii) the distributor or importing distributor offers the credit or

refund for the unused, salable beer that it delivered to the off-site premises and not for any unused, salable beer that the distributor or importing distributor delivered to the caterer retailer's premises; and (iii) the unused, salable beer would likely spoil if transferred to the caterer retailer's premises. A caterer retailer license shall allow the holder to transfer any inventory from any off-site location to its caterer retailer premises at the conclusion of an off-site event or engage a distributor or importing distributor to transfer any inventory from any off-site location to its caterer retailer premises at the conclusion of an off-site event, provided that the distributor or importing distributor issues bona fide charges to the caterer retailer licensee for fuel, labor, and delivery and the distributor or importing distributor collects payment from the caterer retailer licensee prior to the distributor or importing distributor transferring inventory to the caterer retailer premises.

For purposes of this subsection (o), an "act of God" means an unforeseeable event, such as a rain or snow storm, hail, a flood, or a similar event, that is the sole cause of the cancellation of an off-site, outdoor event.

(p) An auction liquor license shall allow the licensee to sell and offer for sale at auction wine and spirits for use or consumption, or for resale by an Illinois liquor licensee in accordance with provisions of this Act. An auction liquor license will be issued to a person and it will permit the auction liquor licensee to hold the auction anywhere in the State. An auction liquor license must be obtained for each auction at least 14 days in advance of the auction date.

(q) A special use permit license shall allow an Illinois licensed retailer to transfer a portion of its alcoholic liquor inventory from its retail licensed premises to the premises specified in the license hereby created; to purchase alcoholic liquor from a distributor or importing distributor to be delivered directly to the location specified in the license hereby created; and to sell or offer for sale at retail, only in the premises specified in the license hereby created, the transferred or delivered alcoholic liquor for use or consumption, but not for resale in any form. A special use permit license may be granted for the following time periods: one day or less; 2 or more days to a maximum of 15 days per location in any 12-month period. An applicant for the special use permit license must also submit with the application proof satisfactory to the State Commission that the applicant will provide dram shop liability insurance to the maximum limits and have local authority approval.

A special use permit license shall allow the holder to transfer any inventory from the holder's special use premises to its retail premises at the conclusion of the special use event or engage a distributor or importing distributor to transfer any inventory from the holder's special use premises to its retail premises at the conclusion of an off-site event, provided that the distributor or importing distributor issues bona fide charges to the special use permit licensee for fuel, labor, and delivery and the distributor or importing distributor collects payment from the retail licensee prior to the distributor or importing distributor transferring inventory to the retail premises.

Nothing in this Act prohibits a distributor or importing distributor from offering credit or a refund for unused, salable beer to a special use permit licensee or a special use permit licensee from accepting a credit or refund for unused, salable beer at the conclusion of the event specified in the license if: (i) the holder of the special use permit license has not transferred alcoholic liquor from its retail licensed premises to the premises specified in the special use permit license; (ii) the distributor or importing distributor offers the credit or refund for the unused, salable beer that it delivered to the premises specified in the special use permit license and not for any unused, salable beer that the distributor or importing distributor delivered to the retailer's premises; and (iii) the unused, salable beer would likely spoil if transferred to the retailer premises.

(r) A winery shipper's license shall allow a person with a first-class or second-class wine manufacturer's license, a first-class or second-class wine-maker's license, or a limited wine manufacturer's license or who is licensed to make wine under the laws of another state to ship wine made by that licensee directly to a resident of this State who is 21 years of age or older for that resident's personal use and not for resale. Prior to receiving a winery shipper's license, an applicant for the license must provide the Commission with a true copy of its current license in any state in which it is licensed as a manufacturer of wine. An applicant for a winery shipper's license must also complete an application form that provides any other information the Commission deems necessary. The application form shall include all addresses from which the applicant for a winery shipper's license intends to ship wine, including the name and address of any third party, except for a common carrier, authorized to ship wine on behalf of the manufacturer. The application form shall include an acknowledgement consenting to the jurisdiction of the Commission, the Illinois Department of Revenue, and the courts of this State concerning the enforcement of this Act and any

related laws, rules, and regulations, including authorizing the Department of Revenue and the Commission to conduct audits for the purpose of ensuring compliance with Public Act 95-634, and an acknowledgement that the wine manufacturer is in compliance with Section 6-2 of this Act. Any third party, except for a common carrier, authorized to ship wine on behalf of a first-class or second-class wine manufacturer's licensee, a first-class or second-class wine-maker's licensee, a limited wine manufacturer's licensee, or a person who is licensed to make wine under the laws of another state shall also be disclosed by the winery shipper's licensee, and a copy of the written appointment of the third-party wine provider, except for a common carrier, to the wine manufacturer shall be filed with the State Commission as a supplement to the winery shipper's license application or any renewal thereof. The winery shipper's license holder shall affirm under penalty of perjury, as part of the winery shipper's license application or renewal, that he or she only ships wine, either directly or indirectly through a third-party provider, from the licensee's own production.

Except for a common carrier, a third-party provider shipping wine on behalf of a winery shipper's license holder is the agent of the winery shipper's license holder and, as such, a winery shipper's license holder is responsible for the acts and omissions of the third-party provider acting on behalf of the license holder. A third-party provider, except for a common carrier, that engages in shipping wine into Illinois on behalf of a winery shipper's license holder shall consent to the jurisdiction of the State Commission and the State. Any third-party, except for a common carrier, holding such an appointment shall, by February 1 of each calendar year and upon request by the State Commission or the Department of Revenue, file with the State Commission a statement detailing each shipment made to an Illinois resident. The statement shall include the name and address of the third-party provider filing the statement, the time period covered by the statement, and the following information:

- (1) the name, address, and license number of the winery shipper on whose behalf the shipment was made;
- (2) the quantity of the products delivered; and
- (3) the date and address of the shipment.

If the Department of Revenue or the State Commission requests a statement under this paragraph, the third-party provider must provide that statement no later than 30 days after the request is made. Any books, records, supporting papers, and documents containing information and data relating to a statement under this paragraph shall be kept and preserved for a period of 3 years, unless their destruction sooner is authorized, in writing, by the Director of Revenue, and shall be open and available to inspection by the Director of Revenue or the State Commission or any duly authorized officer, agent, or employee of the State Commission or the Department of Revenue, at all times during business hours of the day. Any person who violates any provision of this paragraph or any rule of the State Commission for the administration and enforcement of the provisions of this paragraph is guilty of a Class C misdemeanor. In case of a continuing violation, each day's continuance thereof shall be a separate and distinct offense.

The State Commission shall adopt rules as soon as practicable to implement the requirements of Public Act 99-904 and shall adopt rules prohibiting any such third-party appointment of a third-party provider, except for a common carrier, that has been deemed by the State Commission to have violated the provisions of this Act with regard to any winery shipper licensee.

A winery shipper licensee must pay to the Department of Revenue the State liquor gallonage tax under Section 8-1 for all wine that is sold by the licensee and shipped to a person in this State. For the purposes of Section 8-1, a winery shipper licensee shall be taxed in the same manner as a manufacturer of wine. A licensee who is not otherwise required to register under the Retailers' Occupation Tax Act must register under the Use Tax Act to collect and remit use tax to the Department of Revenue for all gallons of wine that are sold by the licensee and shipped to persons in this State. If a licensee fails to remit the tax imposed under this Act in accordance with the provisions of Article VIII of this Act, the winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act. If a licensee fails to properly register and remit tax under the Use Tax Act or the Retailers' Occupation Tax Act for all wine that is sold by the winery shipper and shipped to persons in this State, the winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act.

A winery shipper licensee must collect, maintain, and submit to the Commission on a semi-annual basis the total number of cases per resident of wine shipped to residents of this State. A winery shipper licensed under this subsection (r) must comply with the requirements of Section 6-29 of this Act.

Pursuant to paragraph (5.1) or (5.3) of subsection (a) of Section 3-12, the State Commission may receive, respond to, and investigate any complaint and impose any of the remedies specified in paragraph (1) of subsection (a) of Section 3-12.

As used in this subsection, "third-party provider" means any entity that provides fulfillment house services, including warehousing, packaging, distribution, order processing, or shipment of wine, but not the sale of wine, on behalf of a licensed winery shipper.

(s) A craft distiller tasting permit license shall allow an Illinois licensed class 1 craft distiller or class 2 craft distiller to transfer a portion of its alcoholic liquor inventory from its class 1 craft distiller or class 2 craft distiller licensed premises to the premises specified in the license hereby created and to conduct a sampling, only in the premises specified in the license hereby created, of the transferred alcoholic liquor in accordance with subsection (c) of Section 6-31 of this Act. The transferred alcoholic liquor may not be sold or resold in any form. An applicant for the craft distiller tasting permit license must also submit with the application proof satisfactory to the State Commission that the applicant will provide dram shop liability insurance to the maximum limits and have local authority approval.

(t) A brewer warehouse permit may be issued to the holder of a class 1 brewer license or a class 2 brewer license. If the holder of the permit is a class 1 brewer licensee, the brewer warehouse permit shall allow the holder to store or warehouse up to 930,000 gallons of tax-determined beer manufactured by the holder of the permit at the premises specified on the permit. If the holder of the permit is a class 2 brewer licensee, the brewer warehouse permit shall allow the holder to store or warehouse up to 3,720,000 gallons of tax-determined beer manufactured by the holder of the permit at the premises specified on the permit. Sales to non-licensees are prohibited at the premises specified in the brewer warehouse permit.

A distilling pub licensee shall not under any circumstance sell or offer for sale spirits manufactured by the distilling pub licensee to retail licensees.

A person who holds a class 2 craft distiller license may simultaneously hold a distilling pub license if the class 2 craft distiller (i) does not, under any circumstance, sell or offer for sale spirits manufactured by the class 2 craft distiller to retail licensees; (ii) does not hold more than 3 distilling pub licenses in this State; (iii) does not manufacture more than a combined 100,000 gallons of spirits per year, including the spirits manufactured at the distilling pub; and (iv) is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 100,000 gallons of spirits per year or any other alcoholic liquor.

(v) A craft distiller warehouse permit may be issued to the holder of a class 1 craft distiller or class 2 craft distiller license. The craft distiller warehouse permit shall allow the holder to store or warehouse up to 500,000 gallons of spirits manufactured by the holder of the permit at the premises specified on the permit. Sales to non-licensees are prohibited at the premises specified in the craft distiller warehouse permit.

A beer showcase permit license may be granted for the following time periods: one day or less; or 2 or more days to a maximum of 15 days per location in any 12-month period. An applicant for a beer showcase permit license must also submit with the application proof satisfactory to the State Commission that the applicant will provide dram shop liability insurance to the maximum limits and have local authority approval. The State Commission shall require the beer showcase applicant to comply with Section 6-27.1.

Nothing in this Act prohibits a distributor or importing distributor from offering credit or a refund for unused, salable beer to a special use permit licensee or a special use permit licensee from accepting a credit or refund for unused, salable beer at the conclusion of the event specified in the license if: (i) the holder of the special use permit license has not transferred alcoholic liquor from its retail licensed premises to the premises specified in the special use permit license; (ii) the distributor or importing distributor offers the credit or refund for the unused, salable beer that it delivered to the premises specified in the special use permit license and not for any unused, salable beer that the distributor or importing distributor delivered to the retailer's premises; and (iii) the unused, salable beer would likely spoil if transferred to the retailer premises.

The application form shall include all addresses from which the applicant for a winery shipper's license intends to ship wine, including the name and address of any third party, except for a common carrier, authorized to ship wine on behalf of the manufacturer. The application form shall include an acknowledgement consenting to the jurisdiction of the Commission, the Illinois Department of Revenue, and the courts of this State concerning the enforcement of this Act and any

related laws, rules, and regulations, including authorizing the Department of Revenue and the Commission to conduct audits for the purpose of ensuring compliance with Public Act 95-634, and an acknowledgement that the wine manufacturer is in compliance with Section 6-2 of this Act. The winery shipper's license holder shall affirm under penalty of perjury, as part of the winery shipper's license application or renewal, that he or she only ships wine, either directly or indirectly through a third-party provider, from the licensee's own production.

Except for a common carrier, a third-party provider shipping wine on behalf of a winery shipper's license holder is the agent of the winery shipper's license holder and, as such, a winery shipper's license holder is responsible for the acts and omissions of the third-party provider acting on behalf of the license holder. A third-party provider, except for a common carrier, that engages in shipping wine into Illinois on behalf of a winery shipper's license holder shall consent to the jurisdiction of the State Commission and the State. Any third-party, except for a common carrier, holding such an appointment shall, by February 1 of each calendar year and upon request by the State Commission or the Department of Revenue, file with the State Commission a statement detailing each shipment made to an Illinois resident. The statement shall include the name and address of the third-party provider filing the statement, the time period covered by the statement, and the following information:

- (1) the name, address, and license number of the winery shipper on whose behalf the shipment was made;
- (2) the quantity of the products delivered; and
- (3) the date and address of the shipment.

If the Department of Revenue or the State Commission requests a statement under this paragraph, the third-party provider must provide that statement no later than 30 days after the request is made. Any books, records, supporting papers, and documents containing information and data relating to a statement under this paragraph shall be kept and preserved for a period of 3 years, unless their destruction sooner is authorized, in writing, by the Director of Revenue, and shall be open and available to inspection by the Director of Revenue or the State Commission or any duly authorized officer, agent, or employee of the State Commission or the Department of Revenue, at all times during business hours of the day. Any person who violates any provision of this paragraph or any rule of the State Commission for the administration and enforcement of the provisions of this paragraph is guilty of a Class C misdemeanor. In case of a continuing violation, each day's continuance thereof shall be a separate and distinct offense.

The State Commission shall adopt rules as soon as practicable to implement the requirements of Public Act 99-904 and shall adopt rules prohibiting any such third-party appointment of a third-party provider, except for a common carrier, that has been deemed by the State Commission to have violated the provisions of this Act with regard to any winery shipper licensee.

A winery shipper licensee must pay to the Department of Revenue the State liquor gallonage tax under Section 8-1 for all wine that is sold by the licensee and shipped to a person in this State. For the purposes of Section 8-1, a winery shipper licensee shall be taxed in the same manner as a manufacturer of wine. A licensee who is not otherwise required to register under the Retailers' Occupation Tax Act must register under the Use Tax Act to collect and remit use tax to the Department of Revenue for all gallons of wine that are sold by the licensee and shipped to persons in this State. If a licensee fails to remit the tax imposed under this Act in accordance with the provisions of Article VIII of this Act, the winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act. If a licensee fails to properly register and remit tax under the Use Tax Act or the Retailers' Occupation Tax Act for all wine that is sold by the winery shipper and shipped to persons in this State, the winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act.

A winery shipper licensee must collect, maintain, and submit to the Commission on a semi-annual basis the total number of cases per resident of wine shipped to residents of this State. A winery shipper licensed under this subsection (r) must comply with the requirements of Section 6-29 of this Act.

Pursuant to paragraph (5.1) or (5.3) of subsection (a) of Section 3-12, the State Commission may receive, respond to, and investigate any complaint and impose any of the remedies specified in paragraph (1) of subsection (a) of Section 3-12.

A distilling pub licensee shall not under any circumstance sell or offer for sale spirits manufactured by the distilling pub licensee to retail licensees.

A person who holds a class 2 craft distiller license may simultaneously hold a distilling pub license if the class 2 craft distiller (i) does not, under any circumstance, sell or offer for sale spirits manufactured by the class 2 craft distiller to retail licensees; (ii) does not hold more than 3 distilling pub licenses in this State; (iii) does not manufacture more than a combined 100,000 gallons of spirits per year, including the spirits manufactured at the distilling pub; and (iv) is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 100,000 gallons of spirits per year or any other alcoholic liquor.

The craft distiller warehouse permit shall allow the holder to store or warehouse up to 500,000 gallons of spirits manufactured by the holder of the permit at the premises specified on the permit. Sales to non-licensees are prohibited at the premises specified in the craft distiller warehouse permit.

(w) A beer showcase permit license shall allow an Illinois-licensed distributor to transfer a portion of its beer inventory from its licensed premises to the premises specified in the beer showcase permit license, and, in the case of a class 3 brewer, transfer only beer the class 3 brewer manufactures from its licensed premises to the premises specified in the beer showcase permit license; and to sell or offer for sale at retail, only in the premises specified in the beer showcase permit license, the transferred or delivered beer for on or off premise consumption, but not for resale in any form and to sell to non-licensees not more than 96 fluid ounces of beer per person. A beer showcase permit license may be granted for the following time periods: one day or less; or 2 or more days to a maximum of 15 days per location in any 12-month period. (235 ILCS 5/6-4) (from Ch. 43, par. 121)

Sec. 6-4. (a) No person licensed by any licensing authority as a distiller, or a wine manufacturer, or any subsidiary or affiliate thereof, or any officer, associate, member, partner, representative, employee, agent or shareholder owning more than 5% of the outstanding shares of such person shall be issued an importing distributor's or distributor's license, nor shall any person licensed by any licensing authority as an importing distributor, distributor or retailer, or any subsidiary or affiliate thereof, or any officer or associate, member, partner, representative, employee, agent or shareholder owning more than 5% of the outstanding shares of such person be issued a distiller's license, a craft distiller's license, or a wine manufacturer's license; and no person or persons licensed as a distiller, craft distiller, class 1 craft distiller, or class 2 craft distiller by any licensing authority shall have any interest, directly or indirectly, with such distributor or importing distributor.

However, an importing distributor or distributor, which on January 1, 1985 is owned by a brewer, or any subsidiary or affiliate thereof or any officer, associate, member, partner, representative, employee, agent or shareholder owning more than 5% of the outstanding shares of the importing distributor or distributor referred to in this paragraph, may own or acquire an ownership interest of more than 5% of the outstanding shares of a wine manufacturer and be issued a wine manufacturer's license by any licensing authority.

(b) The foregoing provisions shall not apply to any person licensed by any licensing authority as a distiller or wine manufacturer, or to any subsidiary or affiliate of any distiller or wine manufacturer who shall have been heretofore licensed by the State Commission as either an importing distributor or distributor during the annual licensing period expiring June 30, 1947, and shall actually have made sales regularly to retailers.

(c) Provided, however, that in such instances where a distributor's or importing distributor's license has been issued to any distiller or wine manufacturer or to any subsidiary or affiliate of any distiller or wine manufacturer who has, during the licensing period ending June 30, 1947, sold or distributed as such licensed distributor or importing distributor alcoholic liquors and wines to retailers, such distiller or wine manufacturer or any subsidiary or affiliate of any distiller or wine manufacturer holding such distributor's or importing distributor's license may continue to sell or distribute to retailers such alcoholic liquors and wines which are manufactured, distilled, processed or marketed by distillers and wine manufacturers whose products it sold or distributed to retailers during the whole or any part of its licensing periods; and such additional brands and additional products may be added to the line of such distributor or importing distributor, provided, that such brands and such products were not sold or distributed by any distributor or importing distributor licensed by the State Commission during the licensing period ending June 30, 1947, but can not sell or distribute to retailers any other alcoholic liquors or wines.

(d) It shall be unlawful for any distiller licensed anywhere to have any stock ownership or interest in any distributor's or importing distributor's license wherein any other person has an interest therein who is not a distiller and does not own more than 5% of any stock in any distillery. Nothing herein contained shall apply to such distillers or their subsidiaries or affiliates, who had a distributor's or importing distributor's license during the licensing period ending June 30, 1947, which license was owned in whole by such distiller, or subsidiaries or affiliates of such distiller.

(e) Any person licensed as a brewer, class 1 brewer, or class 2 brewer shall be permitted to sell on the licensed premises to non-licensees for on or off-premises consumption for the premises in which he or she actually conducts such business: (i) beer manufactured by the brewer, class 1 brewer, ~~or~~ class 2 brewer, or class 3 brewer; (ii) beer manufactured by any other brewer, class 1 brewer, ~~or~~ class 2 brewer, or class 3 brewer; and (iii) cider or mead. Any person licensed as a class 3 brewer shall be permitted to sell on the licensed premises to non-licensees for on or off premises consumption for the premises in which he or she actually conducts such business: (i) beer manufactured by the class 3 brewer on the premises; (ii) beer manufactured by any other brewer, class 1 brewer, class 2 brewer, or class 3 brewer; and (iii) cider, wine, and spirits. All products sold under this subsection that are not manufactured on premises must be purchased through a licensed distributor, importing distributor, or manufacturer with self-distribution privileges. Such sales shall be limited to on-premises, in-person sales only, for lawful consumption on or off premises. Such authorization shall be considered a privilege granted by the brewer license and, other than a manufacturer of

beer as stated above, no manufacturer or distributor or importing distributor, excluding airplane licensees exercising powers provided in paragraph (i) of Section 5-1 of this Act, or any subsidiary or affiliate thereof, or any officer, associate, member, partner, representative, employee or agent, or shareholder shall be issued a retailer's license, nor shall any person having a retailer's license, excluding airplane licensees exercising powers provided in paragraph (i) of Section 5-1 of this Act, or any subsidiary or affiliate thereof, or any officer, associate, member, partner, representative or agent, or shareholder be issued a manufacturer's license or importing distributor's license.

A manufacturer of beer that imports or transfers beer into this State must comply with Sections 6-8 and 8-1 of this Act.

A person who holds a ~~class 1 or~~ class 2 brewer license and is authorized by this Section to sell beer to non-licensees shall not sell beer to non-licensees from more than 3 total brewer or commonly owned brew pub licensed locations in this State. The ~~class 1 or~~ class 2 brewer shall designate to the State Commission the brewer or brew pub locations from which it will sell beer to non-licensees.

A person licensed as a class 1 craft distiller or a class 2 craft distiller, including a person who holds more than one class 1 craft distiller or class 2 craft distiller license, not affiliated with any other person manufacturing spirits may be authorized by the State Commission to sell (1) up to 5,000 gallons of spirits produced by the person to non-licensees for on or off-premises consumption for the premises in which he or she actually conducts business permitting only the retail sale of spirits manufactured at such premises and (2) vermouth purchased through a licensed distributor for on-premises consumption. Such sales shall be limited to on-premises, in-person sales only, for lawful consumption on or off premises, and such authorization shall be considered a privilege granted by the class 1 craft distiller or class 2 craft distiller license. A class 1 craft distiller or class 2 craft distiller licensed for retail sale shall secure liquor liability insurance coverage in an amount at least equal to the maximum liability amounts set forth in subsection (a) of Section 6-21 of this Act.

A class 1 craft distiller or class 2 craft distiller license holder shall not deliver any alcoholic liquor to any non-licensee off the licensed premises. A class 1 craft distiller or class 2 craft distiller shall affirm in its annual license application that it does not produce more than 50,000 or 100,000 gallons of distilled spirits annually, whichever is applicable, and that the craft distiller does not sell more than 5,000 gallons of spirits to non-licensees for on or off-premises consumption. In the application, which shall be sworn under penalty of perjury, the class 1 craft distiller or class 2 craft distiller shall state the volume of production and sales for each year since the class 1 craft distiller's or class 2 craft distiller's establishment.

A person who holds a class 1 craft distiller or class 2 craft distiller license and is authorized by this Section to sell spirits to non-licensees shall not sell spirits to non-licensees from more than 3 total distillery or commonly owned distilling pub licensed locations in this State. The class 1 craft distiller or class 2 craft distiller shall designate to the State Commission the distillery or distilling pub locations from which it will sell spirits to non-licensees.

(f) (Blank).

(g) Notwithstanding any of the foregoing prohibitions, a limited wine manufacturer may sell at retail at its manufacturing site for on or off premises consumption and may sell to distributors. A limited wine manufacturer licensee shall secure liquor liability insurance coverage in an amount at least equal to the maximum liability amounts set forth in subsection (a) of Section 6-21 of this Act.

(h) The changes made to this Section by Public Act 99-47 shall not diminish or impair the rights of any person, whether a distiller, wine manufacturer, agent, or affiliate thereof, who requested in writing and submitted documentation to the State Commission on or before February 18, 2015 to be approved for a retail license pursuant to what has heretofore been subsection (f); provided that, on or before that date, the State Commission considered the intent of that person to apply for the retail license under that subsection and, by recorded vote, the State Commission approved a resolution indicating that such a license application could be lawfully approved upon that person duly filing a formal application for a retail license and if that person, within 90 days of the State Commission appearance and recorded vote, first filed an application with the appropriate local commission, which application was subsequently approved by the appropriate local commission prior to consideration by the State Commission of that person's application for a retail license. It is further provided that the State Commission may approve the person's application for a retail license or renewals of such license if such person continues to diligently adhere to all representations made in writing to the State Commission on or before February 18, 2015, or thereafter, or in the affidavit filed by that person with the State Commission to support the issuance of a retail license and to abide by all applicable laws and duly adopted rules.

(i) Notwithstanding any other provision of this Act, the common ownership of a brewery, winery, or a distillery shall not authorize the grant of and aggregation of retail privileges granted to any person or licensee in subsection (e). Any person or licensee with common ownership in a brewery, winery, or a distillery shall be limited to the retail privileges granted to only one of the commonly owned brewery, winery, or distillery. The State Commission is hereby authorized to restrict the locations of any commonly owned brewery, winery, or distillery to prevent the expansion of retail privileges, including, without limitation, restricting a commonly owned brewery, winery, or distillery from operating in adjacent licensed premises or restricting self-distribution privileges.

(235 ILCS 5/6-5) (from Ch. 43, par. 122)

Sec. 6-5. Except as otherwise provided in this Section, it is unlawful for any person having a retailer's license or any officer, associate, member, representative or agent of such licensee to accept, receive or borrow money, or anything else of value, or accept or receive credit (other than merchandising credit in the ordinary course of business for a period not to exceed 30 days) directly or indirectly from any manufacturer, importing distributor or distributor of alcoholic liquor, or from any person connected with or in any way representing, or from any member of the family of, such manufacturer, importing distributor, distributor or wholesaler, or from any stockholders in any corporation engaged in manufacturing, distributing or wholesaling of such liquor, or from any officer, manager, agent or representative of said manufacturer. Except as provided below, it is unlawful for any manufacturer or distributor or importing distributor to give or lend money or anything of value, or otherwise loan or extend credit (except such merchandising credit) directly or indirectly to any retail licensee or to the manager, representative, agent, officer or director of such licensee. A manufacturer, distributor or importing distributor may furnish free advertising, posters, signs, brochures, hand-outs, or other promotional devices or materials to any unit of government owning or operating any auditorium, exhibition hall, recreation facility or other similar facility holding a retailer's license, provided that the primary purpose of such promotional devices or materials is to promote public events being held at such facility. A unit of government owning or operating such a facility holding a retailer's license may accept such promotional devices or materials designed primarily to promote public events held at the facility. No retail licensee delinquent beyond the 30 day period specified in this Section shall solicit, accept or receive credit, purchase or acquire alcoholic liquors, directly or indirectly from any other licensee, and no manufacturer, distributor or importing distributor shall knowingly grant or extend credit, sell, furnish or supply alcoholic liquors to any such delinquent retail licensee; provided that the purchase price of all beer sold to a retail licensee shall be paid by the retail licensee in cash on or before delivery of the beer, and unless the purchase price payable by a retail licensee for beer sold to him in returnable bottles shall expressly include a charge for the bottles and cases, the retail licensee shall, on or before delivery of such beer, pay the seller in cash a deposit in an amount not less than the deposit required to be paid by the distributor to the brewer; but where the brewer sells direct to the retailer, the deposit shall be an amount no less than that required by the brewer from his own distributors; and provided further, that in no instance shall this deposit be less than 50 cents for each case of beer in pint or smaller bottles and 60 cents for each case of beer in quart or half-gallon bottles; and provided further, that the purchase price of all beer sold to an importing distributor or distributor shall be paid by such importing distributor or distributor in cash on or before the 15th day (Sundays and holidays excepted) after delivery of such beer to such purchaser; and unless the purchase price payable by such importing distributor or distributor for beer sold in returnable bottles and cases shall expressly include a charge for the bottles and cases, such importing distributor or distributor shall, on or before the 15th day (Sundays and holidays excepted) after delivery of such beer to such purchaser, pay the seller in cash a required amount as a deposit to assure the return of such bottles and cases. Nothing herein contained shall prohibit any licensee from crediting or refunding to a purchaser the actual amount of money paid for bottles, cases, kegs or barrels returned by the purchaser to the seller or paid by the purchaser as a deposit on bottles, cases, kegs or barrels, when such containers or packages are returned to the seller. Nothing herein contained shall prohibit any manufacturer, importing distributor or distributor from extending usual and customary credit for alcoholic liquor sold to customers or purchasers who live in or maintain places of business outside of this State when such alcoholic liquor is actually transported and delivered to such points outside of this State.

A manufacturer, distributor, or importing distributor may furnish free social media advertising to a retail licensee if the social media advertisement does not contain the retail price of any alcoholic liquor and the social media advertisement complies with any applicable rules or regulations issued by the Alcohol and

Tobacco Tax and Trade Bureau of the United States Department of the Treasury. A manufacturer, distributor, or importing distributor may list the names of one or more unaffiliated retailers in the advertisement of alcoholic liquor through social media. Nothing in this Section shall prohibit a retailer from communicating with a manufacturer, distributor, or importing distributor on social media or sharing media on the social media of a manufacturer, distributor, or importing distributor. A retailer may request free social media advertising from a manufacturer, distributor, or importing distributor. Nothing in this Section shall prohibit a manufacturer, distributor, or importing distributor from sharing, reposting, or otherwise forwarding a social media post by a retail licensee, so long as the sharing, reposting, or forwarding of the social media post does not contain the retail price of any alcoholic liquor. No manufacturer, distributor, or importing distributor shall pay or reimburse a retailer, directly or indirectly, for any social media advertising services, except as specifically permitted in this Act. No retailer shall accept any payment or reimbursement, directly or indirectly, for any social media advertising services offered by a manufacturer, distributor, or importing distributor, except as specifically permitted in this Act. For the purposes of this Section, "social media" means a service, platform, or site where users communicate with one another and share media, such as pictures, videos, music, and blogs, with other users free of charge.

No right of action shall exist for the collection of any claim based upon credit extended to a distributor, importing distributor or retail licensee contrary to the provisions of this Section.

Every manufacturer, importing distributor and distributor shall submit or cause to be submitted, to the State Commission, in triplicate, not later than Thursday of each calendar week, a verified written list of the names and respective addresses of each retail licensee purchasing spirits or wine from such manufacturer, importing distributor or distributor who, on the first business day of that calendar week, was delinquent beyond the above mentioned permissible merchandising credit period of 30 days; or, if such is the fact, a verified written statement that no retail licensee purchasing spirits or wine was then delinquent beyond such permissible merchandising credit period of 30 days.

Every manufacturer, importing distributor and distributor shall submit or cause to be submitted, to the State Commission, in triplicate, a verified written list of the names and respective addresses of each previously reported delinquent retail licensee who has cured such delinquency by payment, which list shall be submitted not later than the close of the second full business day following the day such delinquency was so cured.

The written list of delinquent retail licensees shall be developed, administered, and maintained only by the State Commission. The State Commission shall notify each retail licensee that it has been placed on the delinquency list. Determinations of delinquency or nondelinquency shall be made only by the State Commission.

Such written verified reports required to be submitted by this Section shall be posted by the State Commission in each of its offices in places available for public inspection not later than the day following receipt thereof by the State Commission. The reports so posted shall constitute notice to every manufacturer, importing distributor and distributor of the information contained therein. Actual notice to manufacturers, importing distributors and distributors of the information contained in any such posted reports, however received, shall also constitute notice of such information.

The 30 day merchandising credit period allowed by this Section shall commence with the day immediately following the date of invoice and shall include all successive days including Sundays and holidays to and including the 30th successive day.

In addition to other methods allowed by law, payment by check during the period for which merchandising credit may be extended under the provisions of this Section shall be considered payment. All checks received in payment for alcoholic liquor shall be promptly deposited for collection. A post dated check or a check dishonored on presentation for payment shall not be deemed payment.

A retail licensee shall not be deemed to be delinquent in payment for any alleged sale to him of alcoholic liquor when there exists a bona fide dispute between such retailer and a manufacturer, importing distributor or distributor with respect to the amount of indebtedness existing because of such alleged sale. A retail licensee shall not be deemed to be delinquent under this provision and 11 Ill. Adm. Code 100.90 until 30 days after the date on which the region in which the retail licensee is located enters Phase 4 of the Governor's Restore Illinois Plan as issued on May 5, 2020.

A delinquent retail licensee who engages in the retail liquor business at 2 or more locations shall be deemed to be delinquent with respect to each such location.

The license of any person who violates any provision of this Section shall be subject to suspension or revocation in the manner provided by this Act.

If any part or provision of this Article or the application thereof to any person or circumstances shall be adjudged invalid by a court of competent jurisdiction, such judgment shall be confined by its operation to the controversy in which it was mentioned and shall not affect or invalidate the remainder of this Article or the application thereof to any other person or circumstance and to this and the provisions of this Article are declared severable.

Sec. 6-6.1. Stocking, rotation, resetting, and pricing services.

(a) In this Section:

"Reset" means the large-scale rearrangement of the alcoholic liquor products at a retailer's premises.

"Rotation" means moving newer, fresher products from a storage area to a point-of-sale area and the replenishing of the point-of-sale area with fresh products.

"Stocking" means the placing of alcoholic liquors where they are to be stored or where they are offered for sale.

(b) Manufacturers, distributors, or importing distributors may stock at retail licensed establishments alcoholic liquors they sell, provided that the alcoholic liquor products of other manufacturers, distributors, or importing distributors are not moved, altered, or disturbed. This stocking may be done one time either during the normal course of, 24 hours before, or within 24 hours after a regular sales call or one time either during the normal course of, 24 hours before, or within 24 hours after delivery to the retailer. The stocking is considered service incidental to a sales call or delivery.

(c) Manufacturers, distributors, or importing distributors may rotate their own alcoholic liquor products at a retailer's premises one time either during the normal course of, 24 hours before, or within 24 hours after a regular sales call or one time either during the normal course of, 24 hours before, or within 24 hours after delivery to the retailer. Rotation may be performed at any location within a retailer's premises.

(d) Manufacturers, distributors, or importing distributors may participate in or be present at merchandising resets conducted at a retailer's premises no more than 4 times per year. During resets, manufacturers, distributors, or importing distributors may stock or restock entire sections of point-of-sale locations at the retailer's premises. No reset shall occur without at least 14 days' prior notice made by the retailer to all manufacturers, distributors, or importing distributors whose alcoholic liquor products are carried by the retailer. Manufacturers, distributors, or importing distributors may only move, alter, disturb, or displace their alcoholic liquor products and the products of properly notified, but nonattending, manufacturers, distributors, or importing distributors.

(e) Manufacturers, distributors, or importing distributors may provide to retailers recommended diagrams, shelf plans, or shelf schematics that suggest beneficial display locations for their alcoholic liquor products at the retailer's premises. Manufacturers, distributors, or importing distributors may not condition pricing discounts, credits, rebates, access to brands, or the provision of any other item or activity permissible under this Act upon a retailer's choice to implement or not implement diagrams, shelf plans, or shelf schematics.

(f) Manufacturers, distributors, or importing distributors may not affix prices to products on behalf of retailers. This prohibition includes the indirect affixing of prices to product, including entering prices into a retailer's computer system. This prohibition does not prohibit manufacturers, distributors, or importing distributors, after stocking a shelf, from affixing shelf tags that identify the product and price of the alcoholic liquor; however, at no time may manufacturers, distributors, or importing distributors delegate or contract this service to a third party. Shelf tags are considered point-of-sale advertising materials and are subject to Section 6-6. If permitted stocking by manufacturers, distributors, or importing distributors involves movement and a change in the placement of its product on the retailer's shelf, shelf tags may be moved to the new position of the product.

(235 ILCS 5/6-9.1)

Sec. 6-9.1. Deliveries to retail establishments.

population of at least 3,000,000 inhabitants, the retailer agrees to purchase at least \$50 of wine or spirits from the distributor every 2 weeks.

(b) On January 1, 2002 and every 2 years thereafter, the dollar amounts in items (i) and (ii) of subsection (a) shall be increased or decreased by a percentage equal to the percentage increase or decrease in the Consumer Price Index during the previous 2 years according to the most recent available data.

(c) Any brewer or non-resident dealer which holds self-distribution privileges pursuant to a class 1 brewer license or a class 3 brewer license under this Act shall deliver beer to any retailer in the brewer's wholly owned or leased vehicles or through a freight forwarding service, excluding common carriers such as Federal Express, United Parcel Service, or similar common carriers, and shall provide services to the retailer upon the request of the retailer if such services are permitted under this Act and the rules of the Commission.

"Cooperative purchase group" means a group of 2 or more individually owned or commonly owned retail licensees who join together to enter into a cooperative purchase agreement.

"Quantity discounting" includes circumstances in which a wine or spirits distributor or importing distributor offers a retail licensee, retail licensees, or a cooperative purchase group a discount based upon an agreement by which the retail licensee, retail licensees, or a cooperative purchase group may purchase a predetermined number of products in return for receiving a discount on the goods purchased that may be applied either as a price reduction at the time of sale or as a rebate or credit following the sale.

(235 ILCS 5/6-9.10 new)

Sec. 6-9.10. Cooperative purchasing agreements.

(a) A cooperative purchasing agreement shall only be valid if the following conditions are met:

(b) A retail licensee may, pursuant to a cooperative purchasing agreement, make purchases as a member of a cooperative purchase group or independently of any such group. Nothing in this Section or any

other Section of this Act shall be construed to prohibit commonly or not commonly owned retail licensees from making purchases separate and apart from any membership in a cooperative purchase group.

(c) A retailer may only be a member of one cooperative purchase group at a time. A retail licensee may change to a different cooperative purchase group no more than twice in a 12-month period. However, if an existing cooperative purchase group member purchases a retail location from a member of another cooperative purchase group, the new owner of the retail location may move the membership of the retail licensee to a different cooperative purchasing group.

(d) When a retail licensee joins an existing cooperative purchasing group, the new member must be a member for a period of 7 days before being able to participate in any quantity discount programs.

(e) Cooperative purchasing group members must be either all on-premises retail licensees or all off-premises retail licensees.

(k) A cooperative agent shall not have an ownership interest, directly or indirectly, in an entity licensed under any other license category under this Act.

(l) A retailer, manufacturer, importing distributor, distributor, or cooperative agent shall remain in compliance with federal law pursuant to the prohibitions and exceptions provided in 27 CFR Part 6 and any promulgated rules thereof. A cooperative agent that is compliant with Sections 6-5 and 6-6 shall not receive cash or anything of value from both the retail licensee and an importing distributor or distributor, non-resident dealer or manufacturers as part of a cooperative purchasing group agreement.

(235 ILCS 5/6-9.15 new)

(4) be documented on related sales invoices or credit memoranda;

(5) not require a retail licensee to take and dispose of any quota of wine or spirits; however, bona fide quantity discounts shall not be deemed to be quota sales; and

(6) not require a retail licensee to purchase one product in order to purchase another; this includes combination sales if one or more products may be purchased only in combination with other products and not individually.

(b) A distributor or importing distributor that makes quantity discount sales to participating members of a cooperative purchase group shall issue customary invoices to each participating retail licensee itemizing the wine or spirit sold and delivered as part of a quantity discount program to each participating retail licensee.

(c) If a distributor or importing distributor offers a quantity discount for wine or spirits, excluding any product fermented with malt or any substitute for malt, cooperative purchase groups shall purchase a minimum of 250 cases in each quantity discount program. Each individual participating member of a

cooperative purchase group purchasing product through a quantity discount program may be required to purchase the following minimum amounts:

(1) 2% of cases of any quantity discount program of 500 or fewer cases.

(2) 1.5% of cases of any quantity discount program of at least 501 and not more than 2,000 cases.

(3) 1% of cases of any quantity discount program of 2,001 or more cases.

(d) The cooperative agent shall place each cooperative purchase order under the name of the cooperative purchase group and shall identify each participating retail member involved with the purchase, the quantity of product purchase, the price attributable to each retailer member's purchase and a requested delivery date. (h) A cooperative purchasing group shall retain a surety bond at all times for no less than \$250,000. If a cooperative purchasing group member is delinquent in payment pursuant to Section 6-5, the surety shall immediately pay the importing distributor or distributor the delinquent amount. The surety bond required by this Section may be acquired from a company, agent, or broker of the cooperative purchase group's choice. If the surety bond does not cure the indebtedness, the 30-day merchandising credit requirements of Section 6-5 shall apply jointly to each cooperative purchasing group until the indebtedness is cured. The cooperative purchasing group is responsible for all costs and fees related to the surety bond.

(i) Any licensee that fails to comply with the terms and conditions of this Section may be deemed to be in violation of this Act.

(j) Nothing in this Section shall apply to quantity discount programs offered for any product fermented with malt or any substitute for malt. Nothing in the Section shall be construed to prohibit, limit, or interfere with quantity discount programs offered for any product fermented with malt or any substitute for malt.

(5 ILCS 315/14) (from Ch. 48, par. 1614)

(Text of Section before amendment by P.A. 101-652)

Sec. 14. Security employee, peace officer and fire fighter disputes.

(a) In the case of collective bargaining agreements involving units of security employees of a public employer, Peace Officer Units, or units of fire fighters or paramedics, and in the case of disputes under Section 18, unless the parties mutually agree to some other time limit, mediation shall commence 30 days prior to the expiration date of such agreement or at such later time as the mediation services chosen under subsection (b) of Section 12 can be provided to the parties. In the case of negotiations for an initial collective bargaining agreement, mediation shall commence upon 15 days notice from either party or at such later time as the mediation services chosen pursuant to subsection (b) of Section 12 can be provided to the parties. In mediation under this Section, if either party requests the use of mediation services from the Federal Mediation and Conciliation Service, the other party shall either join in such request or bear the additional cost of mediation services from another source. The mediator shall have a duty to keep the Board informed on the progress of the mediation. If any dispute has not been resolved within 15 days after the first meeting of the parties and the mediator, or within such other time limit as may be mutually agreed upon by

the parties, either the exclusive representative or employer may request of the other, in writing, arbitration, and shall submit a copy of the request to the Board.

(b) Within 10 days after such a request for arbitration has been made, the employer shall choose a delegate and the employees' exclusive representative shall choose a delegate to a panel of arbitration as provided in this Section. The employer and employees shall forthwith advise the other and the Board of their selections.

(c) Within 7 days after the request of either party, the parties shall request a panel of impartial arbitrators from which they shall select the neutral chairman according to the procedures provided in this Section. If the parties have agreed to a contract that contains a grievance resolution procedure as provided in Section 8, the chairman shall be selected using their agreed contract procedure unless they mutually agree to another procedure. If the parties fail to notify the Board of their selection of neutral chairman within 7 days after receipt of the list of impartial arbitrators, the Board shall appoint, at random, a neutral chairman from the list. In the absence of an agreed contract procedure for selecting an impartial arbitrator, either party may request a panel from the Board. Within 7 days of the request of either party, the Board shall select from the Public Employees Labor Mediation Roster 7 persons who are on the labor arbitration panels of either the American Arbitration Association or the Federal Mediation and Conciliation Service, or who are members of the National Academy of Arbitrators, as nominees for impartial arbitrator of the arbitration panel. The parties may select an individual on the list provided by the Board or any other individual mutually agreed upon by the parties. Within 7 days following the receipt of the list, the parties shall notify the Board of the person they have selected. Unless the parties agree on an alternate selection procedure, they shall alternatively strike one name from the list provided by the Board until only one name remains. (d) The chairman shall call a hearing to begin within 15 days and give reasonable notice of the time and place of the hearing. The hearing shall be held at the offices of the Board or at such other location as the Board deems appropriate. The chairman shall preside over the hearing and shall take testimony. Any oral or documentary evidence and other data deemed relevant by the arbitration panel may be received in evidence. The proceedings shall be informal. Technical rules of evidence shall not apply and the competency of the evidence shall not thereby be deemed impaired. A verbatim record of the proceedings shall be made and the arbitrator shall arrange for the necessary recording service. Transcripts may be ordered at the expense of the party ordering them, but the transcripts shall not be necessary for a decision by the arbitration panel. The expense of the proceedings, including a fee for the chairman, shall be borne equally by each of the parties to the dispute. The delegates, if public officers or employees, shall continue on the payroll of the public employer without loss of pay. The hearing conducted by the arbitration panel may be adjourned from time to time, but unless otherwise agreed by the parties, shall be concluded within 30 days of the time of its commencement. Majority actions and rulings shall constitute the actions and rulings of the arbitration panel. Arbitration proceedings under this Section shall not be interrupted or terminated by reason of any unfair labor practice charge filed by either party at any time.

(e) The arbitration panel may administer oaths, require the attendance of witnesses, and the production of such books, papers, contracts, agreements and documents as may be deemed by it material to a just determination of the issues in dispute, and for such purpose may issue subpoenas. If any person refuses to obey a subpoena, or refuses to be sworn or to testify, or if any witness, party or attorney is guilty of any contempt while in attendance at any hearing, the arbitration panel may, or the attorney general if requested shall, invoke the aid of any circuit court within the jurisdiction in which the hearing is being held, which court shall issue an appropriate order. Any failure to obey the order may be punished by the court as contempt.

(f) At any time before the rendering of an award, the chairman of the arbitration panel, if he is of the opinion that it would be useful or beneficial to do so, may remand the dispute to the parties for further collective bargaining for a period not to exceed 2 weeks. If the dispute is remanded for further collective bargaining the time provisions of this Act shall be extended for a time period equal to that of the remand. The chairman of the panel of arbitration shall notify the Board of the remand.

(g) At or before the conclusion of the hearing held pursuant to subsection (d), the arbitration panel shall identify the economic issues in dispute, and direct each of the parties to submit, within such time limit as the panel shall prescribe, to the arbitration panel and to each other its last offer of settlement on each economic issue. The determination of the arbitration panel as to the issues in dispute and as to which of

these issues are economic shall be conclusive. The arbitration panel, within 30 days after the conclusion of the hearing, or such further additional periods to which the parties may agree, shall make written findings of fact and promulgate a written opinion and shall mail or otherwise deliver a true copy thereof to the parties and their representatives and to the Board. As to each economic issue, the arbitration panel shall adopt the last offer of settlement which, in the opinion of the arbitration panel, more nearly complies with the applicable factors prescribed in subsection (h). The findings, opinions and order as to all other issues shall be based upon the applicable factors prescribed in subsection (h).

(h) Where there is no agreement between the parties, or where there is an agreement but the parties have begun negotiations or discussions looking to a new agreement or amendment of the existing agreement, and wage rates or other conditions of employment under the proposed new or amended agreement are in dispute, the arbitration panel shall base its findings, opinions and order upon the following factors, as applicable:

(1) The lawful authority of the employer.

(2) Stipulations of the parties.

(3) The interests and welfare of the public and the financial ability of the unit of government to meet those costs.

(4) Comparison of the wages, hours and conditions of employment of the employees involved in the arbitration proceeding with the wages, hours and conditions of employment of other employees performing similar services and with other employees generally:

(A) In public employment in comparable communities.

(B) In private employment in comparable communities.

(5) The average consumer prices for goods and services, commonly known as the cost of living.

(6) The overall compensation presently received by the employees, including direct wage compensation, vacations, holidays and other excused time, insurance and pensions, medical and hospitalization benefits, the continuity and stability of employment and all other benefits received.

(7) Changes in any of the foregoing circumstances during the pendency of the arbitration proceedings.

(8) Such other factors, not confined to the foregoing, which are normally or traditionally taken into consideration in the determination of wages, hours and conditions of employment through voluntary collective bargaining, mediation, fact-finding, arbitration or otherwise between the parties, in the public service or in private employment.

(i) In the case of peace officers, the arbitration decision shall be limited to wages, hours, and conditions of employment (which may include residency requirements in municipalities with a population under 1,000,000, but those residency requirements shall not allow residency outside of Illinois) and shall not include the following: i) residency requirements in municipalities with a population of at least 1,000,000; ii) the type of equipment, other than uniforms, issued or used; iii) manning; iv) the total number of employees employed by the department; v) mutual aid and assistance agreements to other units of government; and vi) the criterion pursuant to which force, including deadly force, can be used; provided, nothing herein shall preclude an arbitration decision regarding equipment or manning levels if such decision is based on a finding that the equipment or manning considerations in a specific work assignment involve a serious risk to the safety of a peace officer beyond that which is inherent in the normal performance of police duties. Limitation of the terms of the arbitration decision pursuant to this subsection shall not be construed to limit the factors upon which the decision may be based, as set forth in subsection (h).

In the case of fire fighter, and fire department or fire district paramedic matters, the arbitration decision shall be limited to wages, hours, and conditions of employment (including manning and also including residency requirements in municipalities with a population under 1,000,000, but those residency requirements shall not allow residency outside of Illinois) and shall not include the following matters: i) residency requirements in municipalities with a population of at least 1,000,000; ii) the type of equipment (other than uniforms and fire fighter turnout gear) issued or used; iii) the total number of employees employed by the department; iv) mutual aid and assistance agreements to other units of government; and v) the criterion pursuant to which force, including deadly force, can be used; provided, however, nothing herein shall preclude an arbitration decision regarding equipment levels if such decision is based on a finding that the equipment considerations in a specific work assignment involve a serious risk to the safety of a fire fighter beyond that which is inherent in the normal performance of fire fighter duties. Limitation of the terms of the arbitration decision pursuant to this subsection shall not be construed to limit the facts upon which the decision may be based, as set forth in subsection (h).

The changes to this subsection (i) made by Public Act 90-385 (relating to residency requirements) do not apply to persons who are employed by a combined department that performs both police and firefighting services; these persons shall be governed by the provisions of this subsection (i) relating to peace officers, as they existed before the amendment by Public Act 90-385.

To preserve historical bargaining rights, this subsection shall not apply to any provision of a fire fighter collective bargaining agreement in effect and applicable on the effective date of this Act; provided, however, nothing herein shall preclude arbitration with respect to any such provision.

(j) Arbitration procedures shall be deemed to be initiated by the filing of a letter requesting mediation as required under subsection (a) of this Section. The commencement of a new municipal fiscal year after the initiation of arbitration procedures under this Act, but before the arbitration decision, or its enforcement, shall not be deemed to render a dispute moot, or to otherwise impair the jurisdiction or authority of the arbitration panel or its decision. Increases in rates of compensation awarded by the arbitration panel may be effective only at the start of the fiscal year next commencing after the date of the arbitration award. If a new fiscal year has commenced either since the initiation of arbitration procedures under this Act or since any mutually agreed extension of the statutorily required period of mediation under this Act by the parties to the labor dispute causing a delay in the initiation of arbitration, the foregoing limitations shall be inapplicable, and such awarded increases may be retroactive to the commencement of the fiscal year, any other statute or charter provisions to the contrary, notwithstanding. At any time the parties, by stipulation, may amend or modify an award of arbitration.

(k) Orders of the arbitration panel shall be reviewable, upon appropriate petition by either the public employer or the exclusive bargaining representative, by the circuit court for the county in which the dispute arose or in which a majority of the affected employees reside, but only for reasons that the arbitration panel was without or exceeded its statutory authority; the order is arbitrary, or capricious; or the order was procured by fraud, collusion or other similar and unlawful means. Such petitions for review must be filed with the appropriate circuit court within 90 days following the issuance of the arbitration order. The pendency of such proceeding for review shall not automatically stay the order of the arbitration panel. The party against whom the final decision of any such court shall be adverse, if such court finds such appeal or petition to be frivolous, shall pay reasonable attorneys' fees and costs to the successful party as determined by said court in its discretion. If said court's decision affirms the award of money, such award, if retroactive, shall bear interest at the rate of 12 percent per annum from the effective retroactive date.

(l) During the pendency of proceedings before the arbitration panel, existing wages, hours, and other conditions of employment shall not be changed by action of either party without the consent of the other but a party may so consent without prejudice to his rights or position under this Act. The proceedings are deemed to be pending before the arbitration panel upon the initiation of arbitration procedures under this Act.

(m) Security officers of public employers, and Peace Officers, Fire Fighters and fire department and fire protection district paramedics, covered by this Section may not withhold services, nor may public employers lock out or prevent such employees from performing services at any time.

(n) All of the terms decided upon by the arbitration panel shall be included in an agreement to be submitted to the public employer's governing body for ratification and adoption by law, ordinance or the equivalent appropriate means.

The governing body shall review each term decided by the arbitration panel. If the governing body fails to reject one or more terms of the arbitration panel's decision by a 3/5 vote of those duly elected and qualified members of the governing body, within 20 days of issuance, or in the case of firefighters employed by a state university, at the next regularly scheduled meeting of the governing body after issuance, such term or terms shall become a part of the collective bargaining agreement of the parties. If the governing body affirmatively rejects one or more terms of the arbitration panel's decision, it must provide reasons for such rejection with respect to each term so rejected, within 20 days of such rejection and the parties shall return to the arbitration panel for further proceedings and issuance of a supplemental decision with respect to the rejected terms. Any supplemental decision by an arbitration panel or other decision maker agreed to by the parties shall be submitted to the governing body for ratification and adoption in accordance with the procedures and voting requirements set forth in this Section. The voting requirements of this subsection shall apply to all disputes submitted to arbitration pursuant to this Section notwithstanding any contrary voting requirements contained in any existing collective bargaining agreement between the parties.

(o) If the governing body of the employer votes to reject the panel's decision, the parties shall return to the panel within 30 days from the issuance of the reasons for rejection for further proceedings and issuance

of a supplemental decision. All reasonable costs of such supplemental proceeding including the exclusive representative's reasonable attorney's fees, as established by the Board, shall be paid by the employer.

(p) Notwithstanding the provisions of this Section the employer and exclusive representative may agree to submit unresolved disputes concerning wages, hours, terms and conditions of employment to an alternative form of impasse resolution.

Sec. 14. Security employee, peace officer and fire fighter disputes.

(a) In the case of collective bargaining agreements involving units of security employees of a public employer, Peace Officer Units, or units of fire fighters or paramedics, and in the case of disputes under Section 18, unless the parties mutually agree to some other time limit, mediation shall commence 30 days prior to the expiration date of such agreement or at such later time as the mediation services chosen under subsection (b) of Section 12 can be provided to the parties. In the case of negotiations for an initial collective bargaining agreement, mediation shall commence upon 15 days notice from either party or at such later time as the mediation services chosen pursuant to subsection (b) of Section 12 can be provided to the parties. In mediation under this Section, if either party requests the use of mediation services from the Federal Mediation and Conciliation Service, the other party shall either join in such request or bear the additional cost of mediation services from another source. The mediator shall have a duty to keep the Board informed on the progress of the mediation. If any dispute has not been resolved within 15 days after the first meeting of the parties and the mediator, or within such other time limit as may be mutually agreed upon by the parties, either the exclusive representative or employer may request of the other, in writing, arbitration, and shall submit a copy of the request to the Board.

(b) Within 10 days after such a request for arbitration has been made, the employer shall choose a delegate and the employees' exclusive representative shall choose a delegate to a panel of arbitration as provided in this Section. The employer and employees shall forthwith advise the other and the Board of their selections.

(c) Within 7 days after the request of either party, the parties shall request a panel of impartial arbitrators from which they shall select the neutral chairman according to the procedures provided in this Section. If the parties have agreed to a contract that contains a grievance resolution procedure as provided in Section 8, the chairman shall be selected using their agreed contract procedure unless they mutually agree to another procedure. If the parties fail to notify the Board of their selection of neutral chairman within 7 days after receipt of the list of impartial arbitrators, the Board shall appoint, at random, a neutral chairman from the list. In the absence of an agreed contract procedure for selecting an impartial arbitrator, either party may request a panel from the Board. Within 7 days of the request of either party, the Board shall select from the Public Employees Labor Mediation Roster 7 persons who are on the labor arbitration panels of either the American Arbitration Association or the Federal Mediation and Conciliation Service, or who are members of the National Academy of Arbitrators, as nominees for impartial arbitrator of the arbitration panel. The parties may select an individual on the list provided by the Board or any other individual mutually agreed upon by the parties. Within 7 days following the receipt of the list, the parties shall notify the Board of the person they have selected. Unless the parties agree on an alternate selection procedure, they shall alternatively strike one name from the list provided by the Board until only one name remains. A coin toss shall determine which party shall strike the first name. If the parties fail to notify the Board in a timely manner of their selection for neutral chairman, the Board shall appoint a neutral chairman from the Illinois Public Employees Mediation/Arbitration Roster.

(d) The chairman shall call a hearing to begin within 15 days and give reasonable notice of the time and place of the hearing. The hearing shall be held at the offices of the Board or at such other location as the Board deems appropriate. The chairman shall preside over the hearing and shall take testimony. Any oral or documentary evidence and other data deemed relevant by the arbitration panel may be received in evidence. The proceedings shall be informal. Technical rules of evidence shall not apply and the competency of the evidence shall not thereby be deemed impaired. A verbatim record of the proceedings shall be made and the arbitrator shall arrange for the necessary recording service. Transcripts may be ordered at the expense of the party ordering them, but the transcripts shall not be necessary for a decision by the arbitration panel. The expense of the proceedings, including a fee for the chairman, shall be borne equally by each of the parties to the dispute. The delegates, if public officers or employees, shall continue on the payroll of the public employer without loss of pay. The hearing conducted by the arbitration panel may be adjourned from time to

time, but unless otherwise agreed by the parties, shall be concluded within 30 days of the time of its commencement. Majority actions and rulings shall constitute the actions and rulings of the arbitration panel. Arbitration proceedings under this Section shall not be interrupted or terminated by reason of any unfair labor practice charge filed by either party at any time.

(e) The arbitration panel may administer oaths, require the attendance of witnesses, and the production of such books, papers, contracts, agreements and documents as may be deemed by it material to a just determination of the issues in dispute, and for such purpose may issue subpoenas. If any person refuses to obey a subpoena, or refuses to be sworn or to testify, or if any witness, party or attorney is guilty of any contempt while in attendance at any hearing, the arbitration panel may, or the attorney general if requested shall, invoke the aid of any circuit court within the jurisdiction in which the hearing is being held, which court shall issue an appropriate order. Any failure to obey the order may be punished by the court as contempt.

(f) At any time before the rendering of an award, the chairman of the arbitration panel, if he is of the opinion that it would be useful or beneficial to do so, may remand the dispute to the parties for further collective bargaining for a period not to exceed 2 weeks. If the dispute is remanded for further collective bargaining the time provisions of this Act shall be extended for a time period equal to that of the remand. The chairman of the panel of arbitration shall notify the Board of the remand.

(g) At or before the conclusion of the hearing held pursuant to subsection (d), the arbitration panel shall identify the economic issues in dispute, and direct each of the parties to submit, within such time limit as the panel shall prescribe, to the arbitration panel and to each other its last offer of settlement on each economic issue. The determination of the arbitration panel as to the issues in dispute and as to which of these issues are economic shall be conclusive. The arbitration panel, within 30 days after the conclusion of the hearing, or such further additional periods to which the parties may agree, shall make written findings of fact and promulgate a written opinion and shall mail or otherwise deliver a true copy thereof to the parties and their representatives and to the Board. As to each economic issue, the arbitration panel shall adopt the last offer of settlement which, in the opinion of the arbitration panel, more nearly complies with the applicable factors prescribed in subsection (h). The findings, opinions and order as to all other issues shall be based upon the applicable factors prescribed in subsection (h).

(h) Where there is no agreement between the parties, or where there is an agreement but the parties have begun negotiations or discussions looking to a new agreement or amendment of the existing agreement, and wage rates or other conditions of employment under the proposed new or amended agreement are in dispute, the arbitration panel shall base its findings, opinions and order upon the following factors, as applicable:

- (1) The lawful authority of the employer.
- (2) Stipulations of the parties.
- (3) The interests and welfare of the public and the financial ability of the unit of government to meet those costs.
- (4) Comparison of the wages, hours and conditions of employment of the employees involved in the arbitration proceeding with the wages, hours and conditions of employment of other employees performing similar services and with other employees generally:
  - (A) In public employment in comparable communities.
  - (B) In private employment in comparable communities.
- (5) The average consumer prices for goods and services, commonly known as the cost of living.
- (6) The overall compensation presently received by the employees, including direct wage compensation, vacations, holidays and other excused time, insurance and pensions, medical and hospitalization benefits, the continuity and stability of employment and all other benefits received.
- (7) Changes in any of the foregoing circumstances during the pendency of the arbitration proceedings.
- (8) Such other factors, not confined to the foregoing, which are normally or traditionally taken into consideration in the determination of wages, hours and conditions of employment through voluntary collective bargaining, mediation, fact-finding, arbitration or otherwise between the parties, in the public service or in private employment.

(i) In the case of peace officers, the arbitration decision shall be limited to wages, hours, and conditions of employment (which may include residency requirements in municipalities with a population under 100,000, but those residency requirements shall not allow residency outside of Illinois) and shall not include the following: i) residency requirements in municipalities with a population of at least 100,000; ii)

the type of equipment, other than uniforms, issued or used; iii) manning; iv) the total number of employees employed by the department; v) mutual aid and assistance agreements to other units of government; and vi) the criterion pursuant to which force, including deadly force, can be used; provided, nothing herein shall preclude an arbitration decision regarding equipment or manning levels if such decision is based on a finding that the equipment or manning considerations in a specific work assignment involve a serious risk to the safety of a peace officer beyond that which is inherent in the normal performance of police duties. Limitation of the terms of the arbitration decision pursuant to this subsection shall not be construed to limit the factors upon which the decision may be based, as set forth in subsection (h).

In the case of fire fighter, and fire department or fire district paramedic matters, the arbitration decision shall be limited to wages, hours, and conditions of employment (including manning and also including residency requirements in municipalities with a population under 1,000,000, but those residency requirements shall not allow residency outside of Illinois) and shall not include the following matters: i) residency requirements in municipalities with a population of at least 1,000,000; ii) the type of equipment (other than uniforms and fire fighter turnout gear) issued or used; iii) the total number of employees employed by the department; iv) mutual aid and assistance agreements to other units of government; and v) the criterion pursuant to which force, including deadly force, can be used; provided, however, nothing herein shall preclude an arbitration decision regarding equipment levels if such decision is based on a finding that the equipment considerations in a specific work assignment involve a serious risk to the safety of a fire fighter beyond that which is inherent in the normal performance of fire fighter duties. Limitation of the terms of the arbitration decision pursuant to this subsection shall not be construed to limit the facts upon which the decision may be based, as set forth in subsection (h).

The changes to this subsection (i) made by Public Act 90-385 (relating to residency requirements) do not apply to persons who are employed by a combined department that performs both police and firefighting services; these persons shall be governed by the provisions of this subsection (i) relating to peace officers, as they existed before the amendment by Public Act 90-385.

To preserve historical bargaining rights, this subsection shall not apply to any provision of a fire fighter collective bargaining agreement in effect and applicable on the effective date of this Act; provided, however, nothing herein shall preclude arbitration with respect to any such provision.

(j) Arbitration procedures shall be deemed to be initiated by the filing of a letter requesting mediation as required under subsection (a) of this Section. The commencement of a new municipal fiscal year after the initiation of arbitration procedures under this Act, but before the arbitration decision, or its enforcement, shall not be deemed to render a dispute moot, or to otherwise impair the jurisdiction or authority of the arbitration panel or its decision. Increases in rates of compensation awarded by the arbitration panel may be effective only at the start of the fiscal year next commencing after the date of the arbitration award. If a new fiscal year has commenced either since the initiation of arbitration procedures under this Act or since any mutually agreed extension of the statutorily required period of mediation under this Act by the parties to the labor dispute causing a delay in the initiation of arbitration, the foregoing limitations shall be inapplicable, and such awarded increases may be retroactive to the commencement of the fiscal year, any other statute or charter provisions to the contrary, notwithstanding. At any time the parties, by stipulation, may amend or modify an award of arbitration.

(k) Orders of the arbitration panel shall be reviewable, upon appropriate petition by either the public employer or the exclusive bargaining representative, by the circuit court for the county in which the dispute arose or in which a majority of the affected employees reside, but only for reasons that the arbitration panel was without or exceeded its statutory authority; the order is arbitrary, or capricious; or the order was procured by fraud, collusion or other similar and unlawful means. Such petitions for review must be filed with the appropriate circuit court within 90 days following the issuance of the arbitration order. The pendency of such proceeding for review shall not automatically stay the order of the arbitration panel. The party against whom the final decision of any such court shall be adverse, if such court finds such appeal or petition to be frivolous, shall pay reasonable attorneys' fees and costs to the successful party as determined by said court in its discretion. If said court's decision affirms the award of money, such award, if retroactive, shall bear interest at the rate of 12 percent per annum from the effective retroactive date.

(l) During the pendency of proceedings before the arbitration panel, existing wages, hours, and other conditions of employment shall not be changed by action of either party without the consent of the other but a party may so consent without prejudice to his rights or position under this Act. The proceedings are deemed to be pending before the arbitration panel upon the initiation of arbitration procedures under this Act.

(m) Security officers of public employers, and Peace Officers, Fire Fighters and fire department and fire protection district paramedics, covered by this Section may not withhold services, nor may public employers lock out or prevent such employees from performing services at any time.

(n) All of the terms decided upon by the arbitration panel shall be included in an agreement to be submitted to the public employer's governing body for ratification and adoption by law, ordinance or the equivalent appropriate means.

The governing body shall review each term decided by the arbitration panel. If the governing body fails to reject one or more terms of the arbitration panel's decision by a 3/5 vote of those duly elected and qualified members of the governing body, within 20 days of issuance, or in the case of firefighters employed by a state university, at the next regularly scheduled meeting of the governing body after issuance, such term or terms shall become a part of the collective bargaining agreement of the parties. If the governing body affirmatively rejects one or more terms of the arbitration panel's decision, it must provide reasons for such rejection with respect to each term so rejected, within 20 days of such rejection and the parties shall return to the arbitration panel for further proceedings and issuance of a supplemental decision with respect to the rejected terms. Any supplemental decision by an arbitration panel or other decision maker agreed to by the parties shall be submitted to the governing body for ratification and adoption in accordance with the procedures and voting requirements set forth in this Section. The voting requirements of this subsection shall apply to all disputes submitted to arbitration pursuant to this Section notwithstanding any contrary voting requirements contained in any existing collective bargaining agreement between the parties.

(o) If the governing body of the employer votes to reject the panel's decision, the parties shall return to the panel within 30 days from the issuance of the reasons for rejection for further proceedings and issuance of a supplemental decision. All reasonable costs of such supplemental proceeding including the exclusive representative's reasonable attorney's fees, as established by the Board, shall be paid by the employer.

(p) Notwithstanding the provisions of this Section the employer and exclusive representative may agree to submit unresolved disputes concerning wages, hours, terms and conditions of employment to an alternative form of impasse resolution.

(Text of Section before amendment by P.A. 101-652)

Sec. 10-20. Requirements.

(a) The Board shall develop basic guidelines for the use of officer-worn body cameras by law enforcement agencies. The guidelines developed by the Board shall be the basis for the written policy which must be adopted by each law enforcement agency which employs the use of officer-worn body cameras. The written policy adopted by the law enforcement agency must include, at a minimum, all of the following:

(1) Cameras must be equipped with pre-event recording, capable of recording at least the 30 seconds prior to camera activation, unless the officer-worn body camera was purchased and acquired by the law enforcement agency prior to July 1, 2015.

(2) Cameras must be capable of recording for a period of 10 hours or more, unless the officer-worn body camera was purchased and acquired by the law enforcement agency prior to July 1, 2015.

(3) Cameras must be turned on at all times when the officer is in uniform and is responding to calls for service or engaged in any law enforcement-related encounter or activity, that occurs while the officer is on duty.

(A) If exigent circumstances exist which prevent the camera from being turned on, the camera must be turned on as soon as practicable.

(B) Officer-worn body cameras may be turned off when the officer is inside of a patrol car which is equipped with a functioning in-car camera; however, the officer must turn on the camera upon exiting the patrol vehicle for law enforcement-related encounters.

(4) Cameras must be turned off when:

(A) the victim of a crime requests that the camera be turned off, and unless impractical or impossible, that request is made on the recording;

(B) a witness of a crime or a community member who wishes to report a crime requests that the camera be turned off, and unless impractical or impossible that request is made on the recording; or

(C) the officer is interacting with a confidential informant used by the law enforcement agency.

However, an officer may continue to record or resume recording a victim or a witness, if exigent circumstances exist, or if the officer has reasonable articulable suspicion that a victim or witness, or confidential informant has committed or is in the process of committing a crime. Under these circumstances, and unless impractical or impossible, the officer must indicate on the recording the reason for continuing to record despite the request of the victim or witness.

(4.5) Cameras may be turned off when the officer is engaged in community caretaking functions. However, the camera must be turned on when the officer has reason to believe that the person on whose behalf the officer is performing a community caretaking function has committed or is in the process of committing a crime. If exigent circumstances exist which prevent the camera from being turned on, the camera must be turned on as soon as practicable.

(5) The officer must provide notice of recording to any person if the person has a reasonable expectation of privacy and proof of notice must be evident in the recording. If exigent circumstances exist which prevent the officer from providing notice, notice must be provided as soon as practicable.

(6) For the purposes of redaction, labeling, or duplicating recordings, access to camera recordings shall be restricted to only those personnel responsible for those purposes. The recording officer and his or her supervisor may access and review recordings prior to completing incident reports or other documentation, provided that the officer or his or her supervisor discloses that fact in the report or documentation.

(7) Recordings made on officer-worn cameras must be retained by the law enforcement agency or by the camera vendor used by the agency, on a recording medium for a period of 90 days.

(A) Under no circumstances shall any recording made with an officer-worn body camera be altered, erased, or destroyed prior to the expiration of the 90-day storage period.

(B) Following the 90-day storage period, any and all recordings made with an officer-worn body camera must be destroyed, unless any encounter captured on the recording has been flagged. An encounter is deemed to be flagged when:

- (i) a formal or informal complaint has been filed;
- (ii) the officer discharged his or her firearm or used force during the encounter;
- (iii) death or great bodily harm occurred to any person in the recording;
- (iv) the encounter resulted in a detention or an arrest, excluding traffic stops which resulted in only a minor traffic offense or business offense;
- (v) the officer is the subject of an internal investigation or otherwise being investigated for possible misconduct;
- (vi) the supervisor of the officer, prosecutor, defendant, or court determines that the encounter has evidentiary value in a criminal prosecution; or
- (vii) the recording officer requests that the video be flagged for official purposes related to his or her official duties.

(C) Under no circumstances shall any recording made with an officer-worn body camera relating to a flagged encounter be altered or destroyed prior to 2 years after the recording was flagged. If the flagged recording was used in a criminal, civil, or administrative proceeding, the recording shall not be destroyed except upon a final disposition and order from the court.

(8) Following the 90-day storage period, recordings may be retained if a supervisor at the law enforcement agency designates the recording for training purposes. If the recording is designated for training purposes, the recordings may be viewed by officers, in the presence of a supervisor or training instructor, for the purposes of instruction, training, or ensuring compliance with agency policies.

(9) Recordings shall not be used to discipline law enforcement officers unless:

- (A) a formal or informal complaint of misconduct has been made;
- (B) a use of force incident has occurred;
- (C) the encounter on the recording could result in a formal investigation under the Uniform Peace Officers' Disciplinary Act; or
- (D) as corroboration of other evidence of misconduct.

Nothing in this paragraph (9) shall be construed to limit or prohibit a law enforcement officer from being subject to an action that does not amount to discipline.

(10) The law enforcement agency shall ensure proper care and maintenance of officer-worn body cameras. Upon becoming aware, officers must as soon as practical document and notify the appropriate supervisor of any technical difficulties, failures, or problems with the officer-worn body camera or associated equipment. Upon receiving notice, the appropriate supervisor shall make every reasonable effort to correct and repair any of the officer-worn body camera equipment.

(11) No officer may hinder or prohibit any person, not a law enforcement officer, from recording a law enforcement officer in the performance of his or her duties in a public place or when the officer has no reasonable expectation of privacy. The law enforcement agency's written policy shall indicate the potential criminal penalties, as well as any departmental discipline, which may result from unlawful confiscation or destruction of the recording medium of a person who is not a law enforcement officer. However, an officer may take reasonable action to maintain safety and control, secure crime scenes and accident sites, protect the integrity and confidentiality of investigations, and protect the public safety and order.

(b) Recordings made with the use of an officer-worn body camera are not subject to disclosure under the Freedom of Information Act, except that:

(1) if the subject of the encounter has a reasonable expectation of privacy, at the time of the recording, any recording which is flagged, due to the filing of a complaint, discharge of a firearm, use of force, arrest or detention, or resulting death or bodily harm, shall be disclosed in accordance with the Freedom of Information Act if:

- (A) the subject of the encounter captured on the recording is a victim or witness; and
- (B) the law enforcement agency obtains written permission of the subject or the subject's legal representative;

(2) except as provided in paragraph (1) of this subsection (b), any recording which is flagged due to the filing of a complaint, discharge of a firearm, use of force, arrest or detention, or resulting death or bodily harm shall be disclosed in accordance with the Freedom of Information Act; and

(3) upon request, the law enforcement agency shall disclose, in accordance with the Freedom of Information Act, the recording to the subject of the encounter captured on the recording or to the subject's attorney, or the officer or his or her legal representative.

For the purposes of paragraph (1) of this subsection (b), the subject of the encounter does not have a reasonable expectation of privacy if the subject was arrested as a result of the encounter. For purposes of subparagraph (A) of paragraph (1) of this subsection (b), "witness" does not include a person who is a victim or who was arrested as a result of the encounter.

Only recordings or portions of recordings responsive to the request shall be available for inspection or reproduction. Any recording disclosed under the Freedom of Information Act shall be redacted to remove identification of any person that appears on the recording and is not the officer, a subject of the encounter, or directly involved in the encounter. Nothing in this subsection (b) shall require the disclosure of any recording or portion of any recording which would be exempt from disclosure under the Freedom of Information Act.

(c) Nothing in this Section shall limit access to a camera recording for the purposes of complying with Supreme Court rules or the rules of evidence.

these circumstances, and unless impractical or impossible, the officer must indicate on the recording the reason for continuing to record despite the request of the victim or witness.

(4.5) Cameras may be turned off when the officer is engaged in community caretaking functions. (A) Under no circumstances shall any recording, except for a non-law enforcement related activity or encounter, made with an officer-worn body camera be altered, erased, or destroyed prior to the expiration of the 90-day storage period. In the event any recording made with an officer-worn body camera is altered, erased, or destroyed prior to the expiration of the 90-day storage period, the law enforcement agency shall maintain, for a period of one year, a written record including (i) the name of the individual who made such alteration, erasure, or destruction, and (ii) the reason for any such alteration, erasure, or destruction.

(B) Following the 90-day storage period, any and all recordings made with an officer-worn body camera must be destroyed, unless any encounter captured on the recording has been flagged. An encounter is deemed to be flagged when:

Sec. 7-5. Peace officer's use of force in making arrest.

(a) A peace officer, or any person whom he has summoned or directed to assist him, need not retreat or desist from efforts to make a lawful arrest because of resistance or threatened resistance to the arrest. He is justified in the use of any force which he reasonably believes to be necessary to effect the arrest and of

any force which he reasonably believes to be necessary to defend himself or another from bodily harm while making the arrest. However, he is justified in using force likely to cause death or great bodily harm only when he reasonably believes that such force is necessary to prevent death or great bodily harm to himself or such other person, or when he reasonably believes both that:

(1) Such force is necessary to prevent the arrest from being defeated by resistance or escape;

and

(2) The person to be arrested has committed or attempted a forcible felony which involves the infliction or threatened infliction of great bodily harm or is attempting to escape by use of a deadly weapon, or otherwise indicates that he will endanger human life or inflict great bodily harm unless arrested without delay.

(b) A peace officer making an arrest pursuant to an invalid warrant is justified in the use of any force which he would be justified in using if the warrant were valid, unless he knows that the warrant is invalid.

Sec. 7-5. Peace officer's use of force in making arrest.

(a) A peace officer, or any person whom he has summoned or directed to assist him, need not retreat or desist from efforts to make a lawful arrest because of resistance or threatened resistance to the arrest. He is justified in the use of any force which he reasonably believes, based on the totality of the circumstances, to be necessary to effect the arrest and of any force which he reasonably believes, based on the totality of the circumstances, to be necessary to defend himself or another from bodily harm while making the arrest. However, he is justified in using force likely to cause death or great bodily harm only when: (i) he reasonably believes, based on the totality of the circumstances, that such force is necessary to prevent death or great bodily harm to himself or such other person; or (ii) when he reasonably believes, based on the totality of the circumstances, both that:

(1) Such force is necessary to prevent the arrest from being defeated by resistance or escape; ~~the officer reasonably believes that the person to be arrested cannot be apprehended at a later date, and the officer reasonably believes that the person to be arrested is likely to cause great bodily harm to another;~~ and

(2) The person to be arrested ~~just~~ committed or attempted a forcible felony which involves the infliction or threatened infliction of great bodily harm or is attempting to escape by use of a deadly weapon, or otherwise indicates that he will endanger human life or inflict great bodily harm unless arrested without delay.

As used in this subsection, "retreat" does not mean tactical repositioning or other de-escalation tactics.

A peace officer is not justified in using force likely to cause death or great bodily harm when there is no longer an imminent threat of great bodily harm to the officer or another.

(a-5) Where feasible, a peace officer shall, prior to the use of force, make reasonable efforts to identify himself or herself as a peace officer and to warn that deadly force may be used, ~~unless the officer has reasonable grounds to believe that the person is aware of those facts.~~

(a-10) A peace officer shall not use deadly force against a person based on the danger that the person poses to himself or herself if an reasonable officer would believe the person does not pose an imminent threat of death or great bodily harm serious bodily injury to the peace officer or to another person.

(a-15) A peace officer shall not use deadly force against a person who is suspected of committing a property offense, unless that offense is terrorism or unless deadly force is otherwise authorized by law.

(b) A peace officer making an arrest pursuant to an invalid warrant is justified in the use of any force which he would be justified in using if the warrant were valid, unless he knows that the warrant is invalid.

(c) The authority to use physical force conferred on peace officers by this Article is a serious responsibility that shall be exercised judiciously and with respect for human rights and dignity and for the sanctity of every human life.

(d) Peace officers shall use deadly force only when reasonably necessary in defense of human life. In determining whether deadly force is reasonably necessary, officers shall evaluate each situation in light of the totality of particular circumstances of each case including but not limited to the proximity in time of the use of force to the commission of a forcible felony, and the reasonable feasibility of safely apprehending a subject at a later time, and shall use other available resources and techniques, if reasonably safe and feasible to a reasonable officer.

(e) The decision by a peace officer to use force shall be evaluated carefully and thoroughly, in a manner that reflects the gravity of that authority and the serious consequences of the use of force by peace officers, in order to ensure that officers use force consistent with law and agency policies.

(f) The decision by a peace officer to use force shall be evaluated from the perspective of a reasonable officer in the same situation, based on the totality of the circumstances known to or perceived by the officer at the time of the decision, rather than with the benefit of hindsight, and that the totality of the circumstances shall account for occasions when officers may be forced to make quick judgments about using force.

(g) Law enforcement agencies are encouraged to adopt and develop policies designed to protect individuals with physical, mental health, developmental, or intellectual disabilities, or individuals who are significantly more likely to experience greater levels of physical force during police interactions, as these disabilities may affect the ability of a person to understand or comply with commands from peace officers.

(h) As used in this Section:

(1) "Deadly force" means any use of force that creates a substantial risk of causing death or great bodily harm ~~serious bodily injury~~, including, but not limited to, the discharge of a firearm.

(2) A threat of death or serious bodily injury is "imminent" when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or great bodily harm ~~serious bodily injury~~ to the peace officer or another person. An imminent harm is not merely a fear of future harm, no matter how great the fear and no matter how great the likelihood of the harm, but is one that, from appearances, must be instantly confronted and addressed.

(3) "Totality of the circumstances" means all facts known to the peace officer at the time, or that would be known to a reasonable officer in the same situation, including the conduct of the officer and the subject leading up to the use of deadly force.

For the purposes of this Section, "organized gang" has the meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

(a-5) There shall be a presumption that any conditions of release imposed shall be non-monetary in nature and the court shall impose the least restrictive conditions or combination of conditions necessary to reasonably assure the appearance of the defendant for further court proceedings and protect the integrity of the judicial proceedings from a specific threat to a witness or participant. Conditions of release may include, but not be limited to, electronic home monitoring, curfews, drug counseling, stay-away orders, and

in-person reporting. The court shall consider the defendant's socio-economic circumstance when setting conditions of release or imposing monetary bail.

(b) The amount of bail shall be:

(1) Sufficient to assure compliance with the conditions set forth in the bail bond, which shall include the defendant's current address with a written admonishment to the defendant that he or she must comply with the provisions of Section 110-12 regarding any change in his or her address. The defendant's address shall at all times remain a matter of public record with the clerk of the court.

(2) Not oppressive.

(3) Considerate of the financial ability of the accused.

(4) When a person is charged with a drug related offense involving possession or delivery of cannabis or possession or delivery of a controlled substance as defined in the Cannabis Control Act, the Illinois Controlled Substances Act, or the Methamphetamine Control and Community Protection Act, the full street value of the drugs seized shall be considered. "Street value" shall be determined by the court on the basis of a proffer by the State based upon reliable information of a law enforcement official contained in a written report as to the amount seized and such proffer may be used by the court as to the current street value of the smallest unit of the drug seized.

(b-5) Upon the filing of a written request demonstrating reasonable cause, the State's Attorney may request a source of bail hearing either before or after the posting of any funds. If the hearing is granted, before the posting of any bail, the accused must file a written notice requesting that the court conduct a source of bail hearing. The notice must be accompanied by justifying affidavits stating the legitimate and lawful source of funds for bail. At the hearing, the court shall inquire into any matters stated in any justifying affidavits, and may also inquire into matters appropriate to the determination which shall include, but are not limited to, the following:

(1) the background, character, reputation, and relationship to the accused of any surety; and

(2) the source of any money or property deposited by any surety, and whether any such money or property constitutes the fruits of criminal or unlawful conduct; and

(3) the source of any money posted as cash bail, and whether any such money constitutes the fruits of criminal or unlawful conduct; and

(4) the background, character, reputation, and relationship to the accused of the person posting cash bail.

Upon setting the hearing, the court shall examine, under oath, any persons who may possess material information.

The State's Attorney has a right to attend the hearing, to call witnesses and to examine any witness in the proceeding. The court shall, upon request of the State's Attorney, continue the proceedings for a reasonable period to allow the State's Attorney to investigate the matter raised in any testimony or affidavit. If the hearing is granted after the accused has posted bail, the court shall conduct a hearing consistent with this subsection (b-5). At the conclusion of the hearing, the court must issue an order either approving or ~~of~~ disapproving the bail.

(c) When a person is charged with an offense punishable by fine only the amount of the bail shall not exceed double the amount of the maximum penalty.

(d) When a person has been convicted of an offense and only a fine has been imposed the amount of the bail shall not exceed double the amount of the fine.

(e) The State may appeal any order granting bail or setting a given amount for bail.

(f) When a person is charged with a violation of an order of protection under Section 12-3.4 or 12-30 of the Criminal Code of 1961 or the Criminal Code of 2012 or when a person is charged with domestic battery, aggravated domestic battery, kidnapping, aggravated kidnapping, unlawful restraint, aggravated unlawful restraint, stalking, aggravated stalking, cyberstalking, harassment by telephone, harassment through electronic communications, or an attempt to commit first degree murder committed against an intimate partner regardless whether an order of protection has been issued against the person,

(1) whether the alleged incident involved harassment or abuse, as defined in the Illinois Domestic Violence Act of 1986;

(2) whether the person has a history of domestic violence, as defined in the Illinois Domestic Violence Act, or a history of other criminal acts;

(3) based on the mental health of the person;

(4) whether the person has a history of violating the orders of any court or governmental entity;

(5) whether the person has been, or is, potentially a threat to any other person;

- (6) whether the person has access to deadly weapons or a history of using deadly weapons;
- (7) whether the person has a history of abusing alcohol or any controlled substance;
- (8) based on the severity of the alleged incident that is the basis of the alleged offense, including, but not limited to, the duration of the current incident, and whether the alleged incident involved the use of a weapon, physical injury, sexual assault, strangulation, abuse during the alleged victim's pregnancy, abuse of pets, or forcible entry to gain access to the alleged victim;
- (9) whether a separation of the person from the alleged victim or a termination of the relationship between the person and the alleged victim has recently occurred or is pending;
- (10) whether the person has exhibited obsessive or controlling behaviors toward the alleged victim, including, but not limited to, stalking, surveillance, or isolation of the alleged victim or victim's family member or members;
- (11) whether the person has expressed suicidal or homicidal ideations;
- (12) based on any information contained in the complaint and any police reports, affidavits, or other documents accompanying the complaint,

the court may, in its discretion, order the respondent to undergo a risk assessment evaluation using a recognized, evidence-based instrument conducted by an Illinois Department of Human Services approved partner abuse intervention program provider, pretrial service, probation, or parole agency. These agencies shall have access to summaries of the defendant's criminal history, which shall not include victim interviews or information, for the risk evaluation. Based on the information collected from the 12 points to be considered at a bail hearing under this subsection (f), the results of any risk evaluation conducted and the other circumstances of the violation, the court may order that the person, as a condition of bail, be placed under electronic surveillance as provided in Section 5-8A-7 of the Unified Code of Corrections. Upon making a determination whether or not to order the respondent to undergo a risk assessment evaluation or to be placed under electronic surveillance and risk assessment, the court shall document in the record the court's reasons for making those determinations. The cost of the electronic surveillance and risk assessment shall be paid by, or on behalf, of the defendant. As used in this subsection (f), "intimate partner" means a spouse or a current or former partner in a cohabitation or dating relationship.

(b) The court shall impose any conditions that are mandatory under Section 110-10. The court may impose any conditions that are permissible under Section 110-10.

(b-5) ~~(b)~~ When a person is charged with a violation of an order of protection under Section 12-3.4 or 12-30 of the Criminal Code of 1961 or the Criminal Code of 2012 or when a person is charged with domestic battery, aggravated domestic battery, kidnapping, aggravated kidnapping, unlawful restraint,

aggravated unlawful restraint, stalking, aggravated stalking, cyberstalking, harassment by telephone, harassment through electronic communications, or an attempt to commit first degree murder committed against an intimate partner regardless whether an order of protection has been issued against the person.

(1) whether the alleged incident involved harassment or abuse, as defined in the Illinois Domestic Violence Act of 1986;

(2) whether the person has a history of domestic violence, as defined in the Illinois Domestic Violence Act, or a history of other criminal acts;

(3) based on the mental health of the person;

(4) whether the person has a history of violating the orders of any court or governmental entity;

(5) whether the person has been, or is, potentially a threat to any other person;

(7) whether the person has a history of abusing alcohol or any controlled substance;

(8) based on the severity of the alleged incident that is the basis of the alleged offense, including, but not limited to, the duration of the current incident, and whether the alleged incident involved the use of a weapon, physical injury, sexual assault, strangulation, abuse during the alleged victim's pregnancy, abuse of pets, or forcible entry to gain access to the alleged victim;

(11) whether the person has expressed suicidal or homicidal ideations;

(11.5) any other factors deemed by the court to have a reasonable bearing upon the defendant's propensity or reputation for violent, abusive or assaultive behavior, or lack of that behavior

(c) In cases of stalking or aggravated stalking under Section 12-7.3 or 12-7.4 of the Criminal Code of 2012, the court may consider the following additional factors:

(1) Any evidence of the defendant's prior criminal history indicative of violent, abusive or assaultive behavior, or lack of that behavior. The evidence may include testimony or documents received in juvenile proceedings, criminal, quasi-criminal, civil commitment, domestic relations or other proceedings;

Risk assessment tools may not be used as the sole basis to deny pretrial release. If a risk assessment tool is used, the defendant's counsel shall be provided with the information and scoring system of the risk assessment tool used to arrive at the determination. The defendant retains the right to challenge the validity of a risk assessment tool used by the court and to present evidence relevant to the defendant's challenge.

If the reason for continued detention is due to the unavailability or the defendant's ineligibility for one or more pretrial conditions previously ordered by the court or directed by a pretrial services agency, the court shall reopen the conditions of release hearing to determine what available pretrial conditions exist that will reasonably assure the appearance of a defendant as required or the safety of any other person and the likelihood of compliance by the defendant with all the conditions of pretrial release. The inability of Defendant to pay for a condition of release or any other ineligibility for a condition of pretrial release shall not be used as a justification for the pretrial detention of that Defendant.

A defendant shall be given custodial credit for each day he or she was subjected to that program, at the same rate described in subsection (b) of Section 5-4.5-100 of the unified code of correction.

(i) If electronic monitoring, GPS monitoring, or home confinement is imposed, the court shall determine every 60 days if no less restrictive condition of release or combination of less restrictive conditions of release would reasonably ensure the appearance, or continued appearance, of the defendant for later hearings or protect an identifiable person or persons from imminent threat of serious physical harm. If the court finds that there are less restrictive conditions of release, the court shall order that the condition be removed. This subsection takes effect January 1, 2022.

(j) Crime Victims shall be given notice by the State's Attorney's office of this hearing as required in paragraph (1) of subsection (b) of Section 4.5 of the Rights of Crime Victims and Witnesses Act and shall be informed of their opportunity at this hearing to obtain an order of protection under Article 112A of this Code.

The good conduct may include, but is not limited to, compliance with the rules and regulations of the Department, service to the Department, service to a community, or service to the State.

Eligible inmates for an award of earned sentence credit under this paragraph (3) may be selected to receive the credit at the Director's or his or her designee's sole discretion. Eligibility for the additional earned sentence credit under this paragraph (3) shall be based on, but is not limited to, the results of any available risk/needs assessment or other relevant assessments or evaluations administered by the Department using a validated instrument, the circumstances of the crime, any history of conviction for a forcible felony enumerated in Section 2-8 of the Criminal Code of 2012, the inmate's behavior and disciplinary history while incarcerated, and the inmate's commitment to rehabilitation, including participation in programming offered by the Department.

The Director shall not award sentence credit under this paragraph (3) to an inmate unless the inmate has served a minimum of 60 days of the sentence; except nothing in this paragraph shall be construed to permit the Director to extend an inmate's sentence beyond that which was imposed by the court. Prior to awarding credit under this paragraph (3), the Director shall make a written determination that the inmate:

- (A) is eligible for the earned sentence credit;
- (B) has served a minimum of 60 days, or as close to 60 days as the sentence will allow;
- (B-1) has received a risk/needs assessment or other relevant evaluation or assessment administered by the Department using a validated instrument; and
- (C) has met the eligibility criteria established by rule for earned sentence credit.

The Director shall determine the form and content of the written determination required in this subsection.

(3.5) The Department shall provide annual written reports to the Governor and the General Assembly on the award of earned sentence credit no later than February 1 of each year. The Department must publish

both reports on its website within 48 hours of transmitting the reports to the Governor and the General Assembly. The reports must include:

- (A) the number of inmates awarded earned sentence credit;
- (B) the average amount of earned sentence credit awarded;
- (C) the holding offenses of inmates awarded earned sentence credit; and
- (D) the number of earned sentence credit revocations.

(4)(A) Except as provided in paragraph (4.7) of this subsection (a), the rules and regulations shall also provide that any prisoner who is engaged full-time in substance abuse programs, correctional industry assignments, educational programs, pregnancy or parenting education programs, work-release programs or activities in accordance with Section 3-13-1, the sentence credit accumulated and retained under paragraph (2.1) of subsection (a) of this Section by any inmate during specific periods of time in which such inmate is engaged full-time in substance abuse programs, correctional industry assignments, educational programs, behavior modification programs, life skills courses, or re-entry planning provided by the Department under this paragraph (4) and satisfactorily completes the assigned program as determined by the standards of the Department, shall be multiplied by a factor of 1.25 for program participation before August 11, 1993 and 1.50 for program participation on or after that date. The rules and regulations shall also provide that sentence credit, subject to the same offense limits and multiplier provided in this paragraph, may be provided to an inmate who was held in pre-trial detention prior to his or her current commitment to the Department of Corrections and successfully completed a full-time, 60-day or longer substance abuse program, educational program, behavior modification program, life skills course, or re-entry planning provided by the county department of corrections or county jail. Calculation of this county program credit shall be done at sentencing as provided in Section 5-4.5-100 of this Code and shall be included in the sentencing order. However, no inmate shall be eligible for the additional sentence credit under this paragraph (4) or (4.1) of this subsection (a) while assigned to a boot camp or electronic detention.

(B) The Department shall award sentence credit under this paragraph (4) accumulated prior to January 1, 2020 (the effective date of Public Act 101-440) this amendatory Act of the 101st General Assembly in an amount specified in subparagraph (C) of this paragraph (4) to an inmate serving a sentence for an offense committed prior to June 19, 1998, if the Department determines that the inmate is entitled to this sentence credit, based upon:

(i) documentation provided by the Department that the inmate engaged in any full-time substance abuse programs, correctional industry assignments, educational programs, behavior modification programs, life skills courses, or re-entry planning provided by the Department under this paragraph (4) and satisfactorily completed the assigned program as determined by the standards of the Department during the inmate's current term of incarceration; or

(ii) the inmate's own testimony in the form of an affidavit or documentation, or a third party's documentation or testimony in the form of an affidavit that the inmate likely engaged in any full-time substance abuse programs, correctional industry assignments, educational programs, behavior modification programs, life skills courses, or re-entry planning provided by the Department under paragraph (4) and satisfactorily completed the assigned program as determined by the standards of the Department during the inmate's current term of incarceration.

(C) If the inmate can provide documentation that he or she is entitled to sentence credit under subparagraph (B) in excess of 45 days of participation in those programs, the inmate shall receive 90 days of sentence credit. If the inmate cannot provide documentation of more than 45 days of participation in those programs, the inmate shall receive 45 days of sentence credit. In the event of a disagreement between the Department and the inmate as to the amount of credit accumulated under subparagraph (B), if the Department provides documented proof of a lesser amount of days of participation in those programs, that proof shall control. If the Department provides no documentary proof, the inmate's proof as set forth in clause (ii) of subparagraph (B) shall control as to the amount of sentence credit provided.

(D) If the inmate has been convicted of a sex offense as defined in Section 2 of the Sex Offender Registration Act, sentencing credits under subparagraph (B) of this paragraph (4) shall be awarded by the Department only if the conditions set forth in paragraph (4.6) of subsection (a) are satisfied. No inmate serving a term of natural life imprisonment shall receive sentence credit under subparagraph (B) of this paragraph (4).

Educational, vocational, substance abuse, behavior modification programs, life skills courses, re-entry planning, and correctional industry programs under which sentence credit may be increased under this paragraph (4) and paragraph (4.1) of this subsection (a) shall be evaluated by the Department on the basis of

documented standards. The Department shall report the results of these evaluations to the Governor and the General Assembly by September 30th of each year. The reports shall include data relating to the recidivism rate among program participants.

Availability of these programs shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. Eligible inmates who are denied immediate admission shall be placed on a waiting list under criteria established by the Department. The inability of any inmate to become engaged in any such programs by reason of insufficient program resources or for any other reason established under the rules and regulations of the Department shall not be deemed a cause of action under which the Department or any employee or agent of the Department shall be liable for damages to the inmate.

(4.1) Except as provided in paragraph (4.7) of this subsection (a), the rules and regulations shall also provide that an additional 90 days of sentence credit shall be awarded to any prisoner who passes high school equivalency testing while the prisoner is committed to the Department of Corrections. The sentence credit awarded under this paragraph (4.1) shall be in addition to, and shall not affect, the award of sentence credit under any other paragraph of this Section, but shall also be pursuant to the guidelines and restrictions set forth in paragraph (4) of subsection (a) of this Section. The sentence credit provided for in this paragraph shall be available only to those prisoners who have not previously earned a high school diploma or a high school equivalency certificate. If, after an award of the high school equivalency testing sentence credit has been made, the Department determines that the prisoner was not eligible, then the award shall be revoked. The Department may also award 90 days of sentence credit to any committed person who passed high school equivalency testing while he or she was held in pre-trial detention prior to the current commitment to the Department of Corrections.

Except as provided in paragraph (4.7) of this subsection (a), the rules and regulations shall provide that an additional 180 days of sentence credit shall be awarded to any prisoner who obtains a bachelor's degree while the prisoner is committed to the Department of Corrections. The sentence credit awarded under this paragraph (4.1) shall be in addition to, and shall not affect, the award of sentence credit under any other paragraph of this Section, but shall also be under the guidelines and restrictions set forth in paragraph (4) of this subsection (a). The sentence credit provided for in this paragraph shall be available only to those prisoners who have not earned a bachelor's degree prior to the current commitment to the Department of Corrections. If, after an award of the bachelor's degree sentence credit has been made, the Department determines that the prisoner was not eligible, then the award shall be revoked. The Department may also award 180 days of sentence credit to any committed person who earned a bachelor's degree while he or she was held in pre-trial detention prior to the current commitment to the Department of Corrections.

Except as provided in paragraph (4.7) of this subsection (a), the rules and regulations shall provide that an additional 180 days of sentence credit shall be awarded to any prisoner who obtains a master's or professional degree while the prisoner is committed to the Department of Corrections. The sentence credit awarded under this paragraph (4.1) shall be in addition to, and shall not affect, the award of sentence credit under any other paragraph of this Section, but shall also be under the guidelines and restrictions set forth in paragraph (4) of this subsection (a). The sentence credit provided for in this paragraph shall be available only to those prisoners who have not previously earned a master's or professional degree prior to the current commitment to the Department of Corrections. If, after an award of the master's or professional degree sentence credit has been made, the Department determines that the prisoner was not eligible, then the award shall be revoked. The Department may also award 180 days of sentence credit to any committed person who earned a master's or professional degree while he or she was held in pre-trial detention prior to the current commitment to the Department of Corrections.

(4.5) The rules and regulations on sentence credit shall also provide that when the court's sentencing order recommends a prisoner for substance abuse treatment and the crime was committed on or after September 1, 2003 (the effective date of Public Act 93-354), the prisoner shall receive no sentence credit awarded under clause (3) of this subsection (a) unless he or she participates in and completes a substance abuse treatment program. The Director may waive the requirement to participate in or complete a substance abuse treatment program in specific instances if the prisoner is not a good candidate for a substance abuse treatment program for medical, programming, or operational reasons. Availability of substance abuse treatment shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. If treatment is not available and the requirement to participate and complete the treatment has not been waived by the Director, the prisoner shall be placed on a waiting list under criteria established by the Department. The Director may allow a prisoner placed on a waiting list to participate in and complete a substance abuse education class or attend substance abuse self-help meetings in lieu of a substance abuse

treatment program. A prisoner on a waiting list who is not placed in a substance abuse program prior to release may be eligible for a waiver and receive sentence credit under clause (3) of this subsection (a) at the discretion of the Director.

(4.6) The rules and regulations on sentence credit shall also provide that a prisoner who has been convicted of a sex offense as defined in Section 2 of the Sex Offender Registration Act shall receive no sentence credit unless he or she either has successfully completed or is participating in sex offender treatment as defined by the Sex Offender Management Board. However, prisoners who are waiting to receive treatment, but who are unable to do so due solely to the lack of resources on the part of the Department, may, at the Director's sole discretion, be awarded sentence credit at a rate as the Director shall determine.

(4.7) On or after January 1, 2018 (the effective date of Public Act 100-3) ~~this amendatory Act of the 100th General Assembly~~, sentence credit under paragraph (3), (4), or (4.1) of this subsection (a) may be awarded to a prisoner who is serving a sentence for an offense described in paragraph (2), (2.3), (2.4), (2.5), or (2.6) for credit earned on or after January 1, 2018 (the effective date of Public Act 100-3) ~~this amendatory Act of the 100th General Assembly~~; provided, the award of the credits under this paragraph (4.7) shall not reduce the sentence of the prisoner to less than the following amounts:

- (i) 85% of his or her sentence if the prisoner is required to serve 85% of his or her sentence; or
- (ii) 60% of his or her sentence if the prisoner is required to serve 75% of his or her sentence, except if the prisoner is serving a sentence for gunrunning his or her sentence shall not be reduced to less than 75%.

(iii) 100% of his or her sentence if the prisoner is required to serve 100% of his or her sentence.

(5) Whenever the Department is to release any inmate earlier than it otherwise would because of a grant of earned sentence credit under paragraph (3) of subsection (a) of this Section given at any time during the term, the Department shall give reasonable notice of the impending release not less than 14 days prior to the date of the release to the State's Attorney of the county where the prosecution of the inmate took place, and if applicable, the State's Attorney of the county into which the inmate will be released. The Department must also make identification information and a recent photo of the inmate being released accessible on the Internet by means of a hyperlink labeled "Community Notification of Inmate Early Release" on the Department's World Wide Web homepage. The identification information shall include the inmate's: name, any known alias, date of birth, physical characteristics, commitment offense, and county where conviction was imposed. The identification information shall be placed on the website within 3 days of the inmate's release and the information may not be removed until either: completion of the first year of mandatory supervised release or return of the inmate to custody of the Department.

(b) Whenever a person is or has been committed under several convictions, with separate sentences, the sentences shall be construed under Section 5-8-4 in granting and forfeiting of sentence credit.

(c) The Department shall prescribe rules and regulations for revoking sentence credit, including revoking sentence credit awarded under paragraph (3) of subsection (a) of this Section. The Department shall prescribe rules and regulations for suspending or reducing the rate of accumulation of sentence credit for specific rule violations, during imprisonment. These rules and regulations shall provide that no inmate may be penalized more than one year of sentence credit for any one infraction.

When the Department seeks to revoke, suspend, or reduce the rate of accumulation of any sentence credits for an alleged infraction of its rules, it shall bring charges therefor against the prisoner sought to be so deprived of sentence credits before the Prisoner Review Board as provided in subparagraph (a)(4) of Section 3-3-2 of this Code, if the amount of credit at issue exceeds 30 days or when, during any ~~12-month~~ ~~12-month~~ period, the cumulative amount of credit revoked exceeds 30 days except where the infraction is committed or discovered within 60 days of scheduled release. In those cases, the Department of Corrections may revoke up to 30 days of sentence credit. The Board may subsequently approve the revocation of additional sentence credit, if the Department seeks to revoke sentence credit in excess of 30 days. However, the Board shall not be empowered to review the Department's decision with respect to the loss of 30 days of sentence credit within any calendar year for any prisoner or to increase any penalty beyond the length requested by the Department.

The Director of the Department of Corrections, in appropriate cases, may restore up to 30 days of sentence credits which have been revoked, suspended, or reduced. Any restoration of sentence credits in excess of 30 days shall be subject to review by the Prisoner Review Board. However, the Board may not restore sentence credit in excess of the amount requested by the Director.

Nothing contained in this Section shall prohibit the Prisoner Review Board from ordering, pursuant to Section 3-3-9(a)(3)(i)(B), that a prisoner serve up to one year of the sentence imposed by the court that was not served due to the accumulation of sentence credit.

(d) If a lawsuit is filed by a prisoner in an Illinois or federal court against the State, the Department of Corrections, or the Prisoner Review Board, or against any of their officers or employees, and the court makes a specific finding that a pleading, motion, or other paper filed by the prisoner is frivolous, the Department of Corrections shall conduct a hearing to revoke up to 180 days of sentence credit by bringing charges against the prisoner sought to be deprived of the sentence credits before the Prisoner Review Board as provided in subparagraph (a)(8) of Section 3-3-2 of this Code. If the prisoner has not accumulated 180 days of sentence credit at the time of the finding, then the Prisoner Review Board may revoke all sentence credit accumulated by the prisoner.

For purposes of this subsection (d):

(1) "Frivolous" means that a pleading, motion, or other filing which purports to be a legal document filed by a prisoner in his or her lawsuit meets any or all of the following criteria:

(A) it lacks an arguable basis either in law or in fact;

(B) it is being presented for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation;

(C) the claims, defenses, and other legal contentions therein are not warranted by existing law or by a nonfrivolous argument for the extension, modification, or reversal of existing law or the establishment of new law;

(D) the allegations and other factual contentions do not have evidentiary support or, if specifically so identified, are not likely to have evidentiary support after a reasonable opportunity for further investigation or discovery; or

(E) the denials of factual contentions are not warranted on the evidence, or if specifically so identified, are not reasonably based on a lack of information or belief.

(2) "Lawsuit" means a motion pursuant to Section 116-3 of the Code of Criminal Procedure of 1963, a habeas corpus action under Article X of the Code of Civil Procedure or under federal law (28 U.S.C. 2254), a petition for claim under the Court of Claims Act, an action under the federal Civil Rights Act (42 U.S.C. 1983), or a second or subsequent petition for post-conviction relief under Article 122 of the Code of Criminal Procedure of 1963 whether filed with or without leave of court or a second or subsequent petition for relief from judgment under Section 2-1401 of the Code of Civil Procedure.

(e) Nothing in Public Act 90-592 or 90-593 affects the validity of Public Act 89-404.

(f) Whenever the Department is to release any inmate who has been convicted of a violation of an order of protection under Section 12-3.4 or 12-30 of the Criminal Code of 1961 or the Criminal Code of 2012, earlier than it otherwise would because of a grant of sentence credit, the Department, as a condition of release, shall require that the person, upon release, be placed under electronic surveillance as provided in Section 5-8A-7 of this Code.

The Director may grant this credit for good conduct in specific instances as the Director deems proper. The good conduct may include, but is not limited to, compliance with the rules and regulations of the Department, service to the Department, service to a community, or service to the State.

Eligible inmates for an award of earned sentence credit under this paragraph (3) may be selected to receive the credit at the Director's or his or her designee's sole discretion. Eligibility for the additional earned sentence credit under this paragraph (3) may be based on, but is not limited to, participation in programming offered by the ~~Department~~ ~~department~~ as appropriate for the prisoner based on the results of any available risk/needs assessment or other relevant assessments or evaluations administered by the Department using a validated instrument, the circumstances of the crime, demonstrated commitment to rehabilitation by a prisoner with a history of conviction for a forcible felony enumerated in Section 2-8 of the Criminal Code of 2012, the inmate's behavior and improvements in disciplinary history while incarcerated, and the inmate's commitment to rehabilitation, including participation in programming offered by the Department.

The Director shall not award sentence credit under this paragraph (3) to an inmate unless the inmate has served a minimum of 60 days of the sentence; except nothing in this paragraph shall be construed to permit the Director to extend an inmate's sentence beyond that which was imposed by the court. The rules and regulations shall also provide that sentence credit may be provided to an inmate who was held in pre-trial detention prior to his or her current commitment to the Department of Corrections and successfully completed a full-time, 60-day or longer substance abuse program, educational program, behavior modification program, life skills course, or re-entry planning provided by the county department of corrections or county jail. Calculation of this county program credit shall be done at sentencing as provided in Section 5-4.5-100 of this Code and shall be included in the sentencing order. The rules and regulations shall also provide that sentence credit may be provided to an inmate who is in compliance with programming requirements in an adult transition center.

(B) The Department shall award sentence credit under this paragraph (4) accumulated prior to January 1, 2020 (the effective date of Public Act 101-440) in an amount specified in subparagraph (C) of this paragraph (4) to an inmate serving a sentence for an offense committed prior to June 19, 1998, if the Department determines that the inmate is entitled to this sentence credit, based upon:

(i) documentation provided by the Department that the inmate engaged in any full-time substance abuse programs, correctional industry assignments, educational programs, behavior modification programs, life skills courses, or re-entry planning provided by the Department under this paragraph (4) and satisfactorily completed the assigned program as determined by the standards of the Department during the inmate's current term of incarceration; or

(ii) the inmate's own testimony in the form of an affidavit or documentation, or a third party's documentation or testimony in the form of an affidavit that the inmate likely engaged in any full-time substance abuse programs, correctional industry assignments, educational programs, behavior modification programs, life skills courses, or re-entry planning provided by the Department under paragraph (4) and satisfactorily completed the assigned program as determined by the standards of the Department during the inmate's current term of incarceration.

(C) If the inmate can provide documentation that he or she is entitled to sentence credit under subparagraph (B) in excess of 45 days of participation in those programs, the inmate shall receive 90 days of sentence credit. If the inmate cannot provide documentation of more than 45 days of participation in those programs, the inmate shall receive 45 days of sentence credit. In the event of a disagreement between the Department and the inmate as to the amount of credit accumulated under subparagraph (B), if the Department provides documented proof of a lesser amount of days of participation in those programs, that proof shall control. If the Department provides no documentary proof, the inmate's proof as set forth in clause (ii) of subparagraph (B) shall control as to the amount of sentence credit provided.

(D) If the inmate has been convicted of a sex offense as defined in Section 2 of the Sex Offender Registration Act, sentencing credits under subparagraph (B) of this paragraph (4) shall be awarded by the Department only if the conditions set forth in paragraph (4.6) of subsection (a) are satisfied. No inmate serving a term of natural life imprisonment shall receive sentence credit under subparagraph (B) of this paragraph (4).

Availability of these programs shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. Eligible inmates who are denied immediate admission shall be placed on a waiting list under criteria established by the Department. The rules and regulations shall provide that a prisoner who has been placed on a waiting list but is transferred for non-disciplinary reasons before beginning a program shall receive priority placement on the waitlist for appropriate programs at the new facility. The inability of any inmate to become engaged in any such programs by reason of insufficient program resources or for any other reason established under the rules and regulations of the Department shall not be deemed a cause of action under which the Department or any employee or agent of the Department shall be liable for damages to the inmate. The rules and regulations shall provide that a prisoner who begins an educational, vocational, substance abuse, work-release programs or activities in accordance with Article 13 of Chapter III of this Code ~~730 ILCS 5/3-13-1 et seq.~~, behavior modification program, life skills course, re-entry planning, or correctional industry programs but is unable to complete the program due to illness, disability, transfer, lockdown, or another reason outside of the prisoner's control shall receive prorated sentence credits for the days in which the prisoner did participate.

The sentence credit awarded under this paragraph (4.1) shall be in addition to, and shall not affect, the award of sentence credit under any other paragraph of this Section, but shall also be pursuant to the guidelines and restrictions set forth in paragraph (4) of subsection (a) of this Section. The sentence credit provided for in this paragraph shall be available only to those prisoners who have not previously earned a high school diploma or a high school equivalency certificate. If, after an award of the high school equivalency testing sentence credit has been made, the Department determines that the prisoner was not eligible, then the award shall be revoked. The Department may also award 90 days of sentence credit to any committed person who passed high school equivalency testing while he or she was held in pre-trial detention prior to the current commitment to the Department of Corrections. Except as provided in paragraph (4.7) of this subsection (a), the rules and regulations shall provide that an additional 120 days of sentence credit shall be awarded to any prisoner who obtains ~~an~~ <sup>a</sup> associate degree while the prisoner is committed to the Department of Corrections, regardless of the date that the associate degree was obtained, including if prior to July 1, 2021 (the effective date of Public Act 101-652) ~~this amendatory Act of the 101st General Assembly~~. The sentence credit awarded under this paragraph (4.1) shall be in addition to, and shall not affect, the award of sentence credit under any other paragraph of this Section, but shall also be under the guidelines and restrictions set forth in paragraph (4) of subsection (a) of this Section. The sentence credit provided for in this paragraph (4.1) shall be available only to those prisoners who have not previously earned an associate degree prior to the current commitment to the Department of Corrections. If, after an award of the associate degree sentence credit has been made and the Department determines that the prisoner was not eligible, then the award shall be revoked. The Department may also award 120 days of sentence credit to any committed person who earned an associate degree while he or she was held in pre-trial detention prior to the current commitment to the Department of Corrections.

Except as provided in paragraph (4.7) of this subsection (a), the rules and regulations shall provide that an additional 180 days of sentence credit shall be awarded to any prisoner who obtains a master's or professional degree while the prisoner is committed to the Department of Corrections. The sentence credit awarded under this paragraph (4.1) shall be in addition to, and shall not affect, the award of sentence credit

under any other paragraph of this Section, but shall also be under the guidelines and restrictions set forth in paragraph (4) of this subsection (a). The sentence credit provided for in this paragraph shall be available only to those prisoners who have not previously earned a master's or professional degree prior to the current commitment to the Department of Corrections. If, after an award of the master's or professional degree sentence credit has been made, the Department determines that the prisoner was not eligible, then the award shall be revoked. The Department may also award 180 days of sentence credit to any committed person who earned a master's or professional degree while he or she was held in pre-trial detention prior to the current commitment to the Department of Corrections.

(4.2) The rules and regulations shall also provide that any prisoner engaged in self-improvement programs, volunteer work, or work assignments that are not otherwise eligible activities under paragraph section (4), shall receive up to 0.5 days of sentence credit for each day in which the prisoner is engaged in activities described in this paragraph.

(4.5) The rules and regulations on sentence credit shall also provide that when the court's sentencing order recommends a prisoner for substance abuse treatment and the crime was committed on or after September 1, 2003 (the effective date of Public Act 93-354), the prisoner shall receive no sentence credit awarded under clause (3) of this subsection (a) unless he or she participates in and completes a substance abuse treatment program. The Director may waive the requirement to participate in or complete a substance abuse treatment program in specific instances if the prisoner is not a good candidate for a substance abuse treatment program for medical, programming, or operational reasons. Availability of substance abuse treatment shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. If treatment is not available and the requirement to participate and complete the treatment has not been waived by the Director, the prisoner shall be placed on a waiting list under criteria established by the Department. The Director may allow a prisoner placed on a waiting list to participate in and complete a substance abuse education class or attend substance abuse self-help meetings in lieu of a substance abuse treatment program. A prisoner on a waiting list who is not placed in a substance abuse program prior to release may be eligible for a waiver and receive sentence credit under clause (3) of this subsection (a) at the discretion of the Director.

(4.6) The rules and regulations on sentence credit shall also provide that a prisoner who has been convicted of a sex offense as defined in Section 2 of the Sex Offender Registration Act shall receive no sentence credit unless he or she either has successfully completed or is participating in sex offender treatment as defined by the Sex Offender Management Board. However, prisoners who are waiting to receive treatment, but who are unable to do so due solely to the lack of resources on the part of the Department, may, at the Director's sole discretion, be awarded sentence credit at a rate as the Director shall determine.

(4.7) On or after January 1, 2018 (the effective date of Public Act 100-3), sentence credit under paragraph (3), (4), or (4.1) of this subsection (a) may be awarded to a prisoner who is serving a sentence for an offense described in paragraph (2), (2.3), (2.4), (2.5), or (2.6) for credit earned on or after January 1, 2018 (the effective date of Public Act 100-3); provided, the award of the credits under this paragraph (4.7) shall not reduce the sentence of the prisoner to less than the following amounts:

- (i) 85% of his or her sentence if the prisoner is required to serve 85% of his or her sentence; or
- (ii) 60% of his or her sentence if the prisoner is required to serve 75% of his or her sentence, except if the prisoner is serving a sentence for gunrunning his or her sentence shall not be reduced to less than 75%.
- (iii) 100% of his or her sentence if the prisoner is required to serve 100% of his or her sentence.

(5) Whenever the Department is to release any inmate earlier than it otherwise would because of a grant of earned sentence credit under paragraph (3) of subsection (a) of this Section given at any time during the term, the Department shall give reasonable notice of the impending release not less than 14 days prior to the date of the release to the State's Attorney of the county where the prosecution of the inmate took place, and if applicable, the State's Attorney of the county into which the inmate will be released. The Department must also make identification information and a recent photo of the inmate being released accessible on the Internet by means of a hyperlink labeled "Community Notification of Inmate Early Release" on the Department's World Wide Web homepage. The identification information shall include the inmate's: name, any known alias, date of birth, physical characteristics, commitment offense, and county where conviction was imposed. The identification information shall be placed on the website within 3 days of the inmate's release and the information may not be removed until either: completion of the first year of mandatory supervised release or return of the inmate to custody of the Department.

(b) Whenever a person is or has been committed under several convictions, with separate sentences, the sentences shall be construed under Section 5-8-4 in granting and forfeiting of sentence credit.

(c) (1) The Department shall prescribe rules and regulations for revoking sentence credit, including revoking sentence credit awarded under paragraph (3) of subsection (a) of this Section. The Department shall prescribe rules and regulations establishing and requiring the use of a sanctions matrix for revoking sentence credit. The Department shall prescribe rules and regulations for suspending or reducing the rate of accumulation of sentence credit for specific rule violations, during imprisonment. These rules and regulations shall provide that no inmate may be penalized more than one year of sentence credit for any one infraction.

(2) When the Department seeks to revoke, suspend, or reduce the rate of accumulation of any sentence credits for an alleged infraction of its rules, it shall bring charges therefor against the prisoner sought to be so deprived of sentence credits before the Prisoner Review Board as provided in subparagraph (a)(4) of Section 3-3-2 of this Code, if the amount of credit at issue exceeds 30 days, whether from one infraction or cumulatively from multiple infractions arising out of a single event, or when, during any 12-month period, the cumulative amount of credit revoked exceeds 30 days except where the infraction is committed or discovered within 60 days of scheduled release. In those cases, the Department of Corrections may revoke up to 30 days of sentence credit. The Board may subsequently approve the revocation of additional sentence credit, if the Department seeks to revoke sentence credit in excess of 30 days. However, the Board shall not be empowered to review the Department's decision with respect to the loss of 30 days of sentence credit within any calendar year for any prisoner or to increase any penalty beyond the length requested by the Department.

(3) The Director of the Department of Corrections, in appropriate cases, may restore sentence credits which have been revoked, suspended, or reduced. The Department shall prescribe rules and regulations governing the restoration of sentence credits. These rules and regulations shall provide for the automatic restoration of sentence credits following a period in which the prisoner maintains a record without a disciplinary violation.

Nothing contained in this Section shall prohibit the Prisoner Review Board from ordering, pursuant to Section 3-3-9(a)(3)(i)(B), that a prisoner serve up to one year of the sentence imposed by the court that was not served due to the accumulation of sentence credit.

(d) If a lawsuit is filed by a prisoner in an Illinois or federal court against the State, the Department of Corrections, or the Prisoner Review Board, or against any of their officers or employees, and the court makes a specific finding that a pleading, motion, or other paper filed by the prisoner is frivolous, the Department of Corrections shall conduct a hearing to revoke up to 180 days of sentence credit by bringing charges against the prisoner sought to be deprived of the sentence credits before the Prisoner Review Board as provided in subparagraph (a)(8) of Section 3-3-2 of this Code. If the prisoner has not accumulated 180 days of sentence credit at the time of the finding, then the Prisoner Review Board may revoke all sentence credit accumulated by the prisoner.

For purposes of this subsection (d):

(1) "Frivolous" means that a pleading, motion, or other filing which purports to be a legal document filed by a prisoner in his or her lawsuit meets any or all of the following criteria:

(A) it lacks an arguable basis either in law or in fact;

(B) it is being presented for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation;

(C) the claims, defenses, and other legal contentions therein are not warranted by existing law or by a nonfrivolous argument for the extension, modification, or reversal of existing law or the establishment of new law;

(D) the allegations and other factual contentions do not have evidentiary support or, if specifically so identified, are not likely to have evidentiary support after a reasonable opportunity for further investigation or discovery; or

(E) the denials of factual contentions are not warranted on the evidence, or if specifically so identified, are not reasonably based on a lack of information or belief.

(2) "Lawsuit" means a motion pursuant to Section 116-3 of the Code of Criminal Procedure of 1963, a habeas corpus action under Article X of the Code of Civil Procedure or under federal law (28 U.S.C. 2254), a petition for claim under the Court of Claims Act, an action under the federal Civil Rights Act (42 U.S.C. 1983), or a second or subsequent petition for post-conviction relief under Article 122 of the Code of Criminal Procedure of 1963 whether filed with or without leave of court or

a second or subsequent petition for relief from judgment under Section 2-1401 of the Code of Civil Procedure.

(e) Nothing in Public Act 90-592 or 90-593 affects the validity of Public Act 89-404.

(f) Whenever the Department is to release any inmate who has been convicted of a violation of an order of protection under Section 12-3.4 or 12-30 of the Criminal Code of 1961 or the Criminal Code of 2012, earlier than it otherwise would because of a grant of sentence credit, the Department, as a condition of release, shall require that the person, upon release, be placed under electronic surveillance as provided in Section 5-8A-7 of this Code.

Sec. 16-8. Books and records of chief county assessment officer.

(a) In counties with 3,000,000 or more inhabitants, the chief county assessment officer shall maintain records of the assessed value of each parcel of property and shall enter upon the property record card of each town or city lot or parcel of land the elements (or basis) of valuation and computations that are taken into consideration by the chief county assessment officer in ascertaining and determining the fair cash value of each town or city lot or parcel of land and of each improvement thereon, including the elements (shown by percentages or otherwise) that were taken into consideration as enhancing or detracting elements (such as depth, corner, alley, railway or other elements). The assessment officer shall maintain the records for at least 10 years. Upon request by the board of appeals (until the first Monday in December 1998 and the board of review beginning the first Monday in December 1998 and thereafter), the officer shall immediately furnish all of the requested records to the board. The records shall be available, on request, to the taxpayer. The chief county assessment officer shall certify, in writing, the amount of the assessment to the board. If the records maintained by the chief county assessment officer at the time the assessment is certified to the board under subsection (a) contain none of the elements (or basis) of valuation for the parcel, then any increase by the chief county assessment officer shall be considered invalid by the board acting on a complaint under Section 16-120; and no action by the board under Section 16-120 shall result in an increase in the valuation for the parcel for the current assessment year.

(a-5) In counties with 3,000,000 or more inhabitants, the chief county assessment officer shall make available, without charge and in an electronic format commonly available to the general public, the factors that were taken into consideration in determining the fair cash value of each income-producing property, as defined in Section 9-285, when feasible to do so. These factors include, but are not limited to: capitalization rates and tax loads; rental income data and any adjustments to rental income data; ratios of expenses to income; net income; vacancy and collection loss; reproduction or replacement cost calculators or manuals; physical, functional, and economic depreciation or obsolescence; comparable sales; and sales adjustment factors.

(b) In counties with 3,000,000 or more inhabitants, the notice given by the chief county assessment officer to a taxpayer of a proposed increase in assessment shall designate the reason for the increase. If a taxpayer files an assessment complaint with the chief county assessment officer, the notification to the taxpayer of a determination on the assessment complaint shall designate the reason for the result.

(c) The provisions of this Section shall be applicable beginning with the assessment for the 1997 tax year.

"Consumer Price Index" means the Consumer Price Index for All Urban Consumers for all items published by the United States Department of Labor.

"Extension limitation" means (a) the lesser of 5% or the percentage increase in the Consumer Price Index during the 12-month calendar year preceding the levy year or (b) the rate of increase approved by voters under Section 18-205.

"Affected county" means a county of 3,000,000 or more inhabitants or a county contiguous to a county of 3,000,000 or more inhabitants.

"Taxing district" has the same meaning provided in Section 1-150, except as otherwise provided in this Section. For the 1991 through 1994 levy years only, "taxing district" includes only each non-home rule taxing district having the majority of its 1990 equalized assessed value within any county or counties contiguous to a county with 3,000,000 or more inhabitants. Beginning with the 1995 levy year, "taxing district" includes only each non-home rule taxing district subject to this Law before the 1995 levy year and each non-home rule taxing district not subject to this Law before the 1995 levy year having the majority of its 1994 equalized assessed value in an affected county or counties. Beginning with the levy year in which this Law becomes applicable to a taxing district as provided in Section 18-213, "taxing district" also includes those taxing districts made subject to this Law as provided in Section 18-213.

"Aggregate extension" for taxing districts to which this Law applied before the 1995 levy year means the annual corporate extension for the taxing district and those special purpose extensions that are made annually for the taxing district, excluding special purpose extensions: (a) made for the taxing district to pay interest or principal on general obligation bonds that were approved by referendum; (b) made for any taxing district to pay interest or principal on general obligation bonds issued before October 1, 1991; (c) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund those bonds issued before October 1, 1991; (d) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund bonds issued after October 1, 1991 that were approved by referendum; (e) made for any taxing district to pay interest or principal on revenue bonds issued before October 1, 1991 for payment of which a property tax levy or the full faith and credit of the unit of local government is pledged; however, a tax for the payment of interest or principal on those bonds shall be made only after the governing body of the unit of local government finds that all other sources for payment are insufficient to make those payments; (f) made for payments under a building commission lease when the lease payments are for the retirement of bonds issued by the commission before October 1, 1991, to pay for the building project; (g) made for payments due under installment contracts entered into before October 1, 1991; (h) made for payments of principal and interest on bonds issued under the Metropolitan Water Reclamation District Act to finance construction projects initiated before October 1, 1991; (i) made for payments of principal and interest on limited bonds, as defined in Section 3 of the Local Government Debt Reform Act, in an amount not to exceed the debt service extension base less the amount in items (b), (c), (e), and (h) of this definition for non-referendum obligations, except obligations initially issued pursuant to referendum; (j) made for payments of principal and interest on bonds issued under Section 15 of the Local Government Debt Reform Act; (k) made by a school district that participates in the Special Education District of Lake County, created by special education joint agreement under Section 10-22.31 of the School Code, for payment of the school district's share of the amounts required to be contributed by the Special Education District of Lake County to the Illinois Municipal Retirement Fund under Article 7 of the Illinois Pension Code; the amount of any extension under this item (k) shall be certified by the school district to the county clerk; (l) made to fund expenses of providing joint recreational programs for persons with disabilities under Section 5-8 of the Park District Code or Section 11-95-14 of the Illinois Municipal Code; (m) made for temporary relocation loan repayment purposes pursuant to Sections 2-3.77 and 17-2.2d of the School Code; (n) made for payment of principal and interest on any bonds issued under the authority of Section 17-2.2d of the School Code; (o) made for contributions to a firefighter's pension fund created under Article 4 of the Illinois Pension Code, to the extent of the amount certified under item (5) of Section 4-134 of the Illinois Pension Code; and (p) made for road purposes in the first year after a township assumes the rights, powers, duties, assets, property,

liabilities, obligations, and responsibilities of a road district abolished under the provisions of Section 6-133 of the Illinois Highway Code.

"Aggregate extension" for the taxing districts to which this Law did not apply before the 1995 levy year (except taxing districts subject to this Law in accordance with Section 18-213) means the annual corporate extension for the taxing district and those special purpose extensions that are made annually for the taxing district, excluding special purpose extensions: (a) made for the taxing district to pay interest or principal on general obligation bonds that were approved by referendum; (b) made for any taxing district to pay interest or principal on general obligation bonds issued before March 1, 1995; (c) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund those bonds issued before March 1, 1995; (d) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund bonds issued after March 1, 1995 that were approved by referendum; (e) made for any taxing district to pay interest or principal on revenue bonds issued before March 1, 1995 for payment of which a property tax levy or the full faith and credit of the unit of local government is pledged; however, a tax for the payment of interest or principal on those bonds shall be made only after the governing body of the unit of local government finds that all other sources for payment are insufficient to make those payments; (f) made for payments under a building commission lease when the lease payments are for the retirement of bonds issued by the commission before March 1, 1995 to pay for the building project; (g) made for payments due under installment contracts entered into before March 1, 1995; (h) made for payments of principal and interest on bonds issued under the Metropolitan Water Reclamation District Act to finance construction projects initiated before October 1, 1991; (h-4) made for stormwater management purposes by the Metropolitan Water Reclamation District of Greater Chicago under Section 12 of the Metropolitan Water Reclamation District Act; (i) made for payments of principal and interest on limited bonds, as defined in Section 3 of the Local Government Debt Reform Act, in an amount not to exceed the debt service extension base less the amount in items (b), (c), and (e) of this definition for non-referendum obligations, except obligations initially issued pursuant to referendum and bonds described in subsection (h) of this definition; (j) made for payments of principal and interest on bonds issued under Section 15 of the Local Government Debt Reform Act; (k) made for payments of principal and interest on bonds authorized by Public Act 88-503 and issued under Section 20a of the Chicago Park District Act for aquarium or museum projects; (l) made for payments of principal and interest on bonds authorized by Public Act 87-1191 or 93-601 and (i) issued pursuant to Section 21.2 of the Cook County Forest Preserve District Act, (ii) issued under Section 42 of the Cook County Forest Preserve District Act for zoological park projects, or (iii) issued under Section 44.1 of the Cook County Forest Preserve District Act for botanical gardens projects; (m) made pursuant to Section 34-53.5 of the School Code, whether levied annually or not; (n) made to fund expenses of providing joint recreational programs for persons with disabilities under Section 5-8 of the Park District Code or Section 11-95-14 of the Illinois Municipal Code; (o) made by the Chicago Park District for recreational programs for persons with disabilities under subsection (c) of Section 7.06 of the Chicago Park District Act; (p) made for contributions to a firefighter's pension fund created under Article 4 of the Illinois Pension Code, to the extent of the amount certified under item (5) of Section 4-134 of the Illinois Pension Code; (q) made by Ford Heights School District 169 under Section 17-9.02 of the School Code; and (r) made for the purpose of making employer contributions to the Public School Teachers' Pension and Retirement Fund of Chicago under Section 34-53 of the School Code.

"Aggregate extension" for all taxing districts to which this Law applies in accordance with paragraph (2) of subsection (e) of Section 18-213 means the annual corporate extension for the taxing district and those special purpose extensions that are made annually for the taxing district, excluding special purpose extensions: (a) made for the taxing district to pay interest or principal on general obligation bonds that were approved by referendum; (b) made for any taxing district to pay interest or principal on general obligation bonds issued before March 7, 1997 (the effective date of Public Act 89-718) this amendatory Act of 1997; (c) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund those bonds issued before March 7, 1997 (the effective date of Public Act 89-718) this amendatory Act of 1997; (d) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund bonds issued after March 7, 1997 (the effective date of Public Act 89-718) this amendatory Act of 1997 if the bonds were approved by referendum after March 7, 1997 (the effective date of Public Act 89-718) this amendatory Act of 1997; (e) made for any taxing district to pay interest or principal on revenue bonds issued before March 7, 1997 (the effective date of Public Act 89-718) this amendatory Act of 1997 for payment of which a property tax levy or the full faith and credit of the unit of local government is pledged; however, a tax for the payment of interest or principal on those bonds shall be made only after the governing body of the unit of local government finds that all other sources for payment are insufficient to make those payments; (f) made for payments under a building commission lease when the lease payments are for the retirement of bonds issued by the commission before March 7, 1997 (the effective date of Public Act 89-718) this amendatory Act of 1997 to pay for the building project; (g) made for payments due under installment contracts entered into before March 7, 1997 (the effective date of Public Act 89-718) this amendatory Act of 1997; (h) made for payments of principal and interest on limited bonds, as defined in Section 3 of the Local Government Debt Reform Act, in an amount not to exceed the debt service extension base less the amount in items (b), (c), and (e) of this definition for non-referendum obligations, except obligations initially issued pursuant to referendum; (i) made for payments of principal and interest on bonds issued under Section 15 of the Local Government Debt Reform Act; (j) made for a qualified airport authority to pay interest or principal on general obligation bonds issued for the purpose of paying obligations due under, or financing airport facilities required to be acquired, constructed, installed or equipped pursuant to, contracts entered into before March 1, 1996 (but not including any amendments to such a contract taking effect on or after that date); (k) made to fund expenses of providing joint recreational programs for persons with disabilities under Section 5-8 of the Park District Code or Section 11-95-14 of the Illinois Municipal Code; and (l) made for contributions to a firefighter's pension fund created under Article 4 of the Illinois Pension Code, to the extent of the amount certified under item (5) of Section 4-134 of the Illinois Pension Code.

"Debt service extension base" means an amount equal to that portion of the extension for a taxing district for the 1994 levy year, or for those taxing districts subject to this Law in accordance with Section 18-213, except for those subject to paragraph (2) of subsection (e) of Section 18-213, for the levy year in

which the referendum making this Law applicable to the taxing district is held, or for those taxing districts subject to this Law in accordance with paragraph (2) of subsection (e) of Section 18-213 for the 1996 levy year, constituting an extension for payment of principal and interest on bonds issued by the taxing district without referendum, but not including excluded non-referendum bonds. For park districts (i) that were first subject to this Law in 1991 or 1995 and (ii) whose extension for the 1994 levy year for the payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds) was less than 51% of the amount for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds), "debt service extension base" means an amount equal to that portion of the extension for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds). A debt service extension base established or increased at any time pursuant to any provision of this Law, except Section 18-212, shall be increased each year commencing with the later of (i) the 2009 levy year or (ii) the first levy year in which this Law becomes applicable to the taxing district, by the lesser of 5% or the percentage increase in the Consumer Price Index during the 12-month calendar year preceding the levy year. The debt service extension base may be established or increased as provided under Section 18-212. "Excluded non-referendum bonds" means (i) bonds authorized by Public Act 88-503 and issued under Section 20a of the Chicago Park District Act for aquarium and museum projects; (ii) bonds issued under Section 15 of the Local Government Debt Reform Act; or (iii) refunding obligations issued to refund or to continue to refund obligations initially issued pursuant to referendum.

"Special purpose extensions" include, but are not limited to, extensions for levies made on an annual basis for unemployment and workers' compensation, self-insurance, contributions to pension plans, and extensions made pursuant to Section 6-601 of the Illinois Highway Code for a road district's permanent road fund whether levied annually or not. The extension for a special service area is not included in the aggregate extension.

"Aggregate extension base" means the taxing district's last preceding aggregate extension as adjusted under Sections 18-135, 18-215, 18-230, ~~and~~ 18-206, and 18-233. An adjustment under Section 18-135 shall be made for the 2007 levy year and all subsequent levy years whenever one or more counties within which a taxing district is located (i) used estimated valuations or rates when extending taxes in the taxing district for the last preceding levy year that resulted in the over or under extension of taxes, or (ii) increased or decreased the tax extension for the last preceding levy year as required by Section 18-135(c). Whenever an adjustment is required under Section 18-135, the aggregate extension base of the taxing district shall be equal to the amount that the aggregate extension of the taxing district would have been for the last preceding levy year if either or both (i) actual, rather than estimated, valuations or rates had been used to calculate the extension of taxes for the last levy year, or (ii) the tax extension for the last preceding levy year had not been adjusted as required by subsection (c) of Section 18-135. Whenever an adjustment is required under Section 18-233, the aggregate extension base of the taxing district shall be equal to the amount that the aggregate extension of the taxing district would have been for the last preceding levy year if the actual valuations and rates, as adjusted for the increases or reductions specified in Section 18-233, had been used to calculate the extension of taxes for the levy year in which the overextension or underextension occurred.

Notwithstanding any other provision of law, for levy year 2012, the aggregate extension base for West Northfield School District No. 31 in Cook County shall be \$12,654,592.

Notwithstanding any other provision of law, for levy year 2022, the aggregate extension base of a home equity assurance program that levied at least \$1,000,000 in property taxes in levy year 2019 or 2020 under the Home Equity Assurance Act shall be the amount that the program's aggregate extension base for levy year 2021 would have been if the program had levied a property tax for levy year 2021.

"Levy year" has the same meaning as "year" under Section 1-155.

"New property" means (i) the assessed value, after final board of review or board of appeals action, of new improvements or additions to existing improvements on any parcel of real property that increase the assessed value of that real property during the levy year multiplied by the equalization factor issued by the Department under Section 17-30, (ii) the assessed value, after final board of review or board of appeals action, of real property not exempt from real estate taxation, which real property was exempt from real estate taxation for any portion of the immediately preceding levy year, multiplied by the equalization factor issued by the Department under Section 17-30, including the assessed value, upon final stabilization of occupancy after new construction is complete, of any real property located within the boundaries of an otherwise or previously exempt military reservation that is intended for residential use and owned by or

leased to a private corporation or other entity, (iii) in counties that classify in accordance with Section 4 of Article IX of the Illinois Constitution, an incentive property's additional assessed value resulting from a scheduled increase in the level of assessment as applied to the first year final board of review market value, and (iv) any increase in assessed value due to oil or gas production from an oil or gas well required to be permitted under the Hydraulic Fracturing Regulatory Act that was not produced in or accounted for during the previous levy year. In addition, the county clerk in a county containing a population of 3,000,000 or more shall include in the 1997 recovered tax increment value for any school district, any recovered tax increment value that was applicable to the 1995 tax year calculations.

"Qualified airport authority" means an airport authority organized under the Airport Authorities Act and located in a county bordering on the State of Wisconsin and having a population in excess of 200,000 and not greater than 500,000.

"Recovered tax increment value" means, except as otherwise provided in this paragraph, the amount of the current year's equalized assessed value, in the first year after a municipality terminates the designation of an area as a redevelopment project area previously established under the Tax Increment Allocation ~~Redevelopment~~ ~~Development~~ Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, previously established under the Economic Development Project Area Tax Increment Act of 1995, or previously established under the Economic Development Area Tax Increment Allocation Act, of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. For the taxes which are extended for the 1997 levy year, the recovered tax increment value for a non-home rule taxing district that first became subject to this Law for the 1995 levy year because a majority of its 1994 equalized assessed value was in an affected county or counties shall be increased if a municipality terminated the designation of an area in 1993 as a redevelopment project area previously established under the Tax Increment Allocation ~~Redevelopment~~ ~~Development~~ Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, by an amount equal to the 1994 equalized assessed value of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. In the first year after a municipality removes a taxable lot, block, tract, or parcel of real property from a redevelopment project area established under the Tax Increment Allocation ~~Redevelopment~~ ~~Development~~ Act in the Illinois Municipal Code, the Industrial Jobs Recovery Law in the Illinois Municipal Code, or the Economic Development Area Tax Increment Allocation Act, "recovered tax increment value" means the amount of the current year's equalized assessed value of each taxable lot, block, tract, or parcel of real property removed from the redevelopment project area over and above the initial equalized assessed value of that real property before removal from the redevelopment project area.

Except as otherwise provided in this Section, "limiting rate" means a fraction the numerator of which is the last preceding aggregate extension base times an amount equal to one plus the extension limitation defined in this Section and the denominator of which is the current year's equalized assessed value of all real property in the territory under the jurisdiction of the taxing district during the prior levy year. For those taxing districts that reduced their aggregate extension for the last preceding levy year, except for school districts that reduced their extension for educational purposes pursuant to Section 18-206, the highest aggregate extension in any of the last 3 preceding levy years shall be used for the purpose of computing the limiting rate. The denominator shall not include new property or the recovered tax increment value. If a new rate, a rate decrease, or a limiting rate increase has been approved at an election held after March 21, 2006, then (i) the otherwise applicable limiting rate shall be increased by the amount of the new rate or shall be reduced by the amount of the rate decrease, as the case may be, or (ii) in the case of a limiting rate increase, the limiting rate shall be equal to the rate set forth in the proposition approved by the voters for each of the years specified in the proposition, after which the limiting rate of the taxing district shall be calculated as otherwise provided. In the case of a taxing district that obtained referendum approval for an increased limiting rate on March 20, 2012, the limiting rate for tax year 2012 shall be the rate that generates the approximate total amount of taxes extendable for that tax year, as set forth in the proposition approved by the voters; this rate shall be the final rate applied by the county clerk for the aggregate of all capped funds of the district for tax year 2012.

Sec. 18-233. Adjustments for certificates of error, certain court orders, or final administrative decisions of the Property Tax Appeal Board. Beginning in levy year 2021, a taxing district levy shall be increased by a prior year adjustment whenever an assessment decrease due to the issuance of a certificate of error, a court order issued pursuant to an assessment valuation complaint under Section 23-15, or a final administrative decision of the Property Tax Appeal Board results in a refund from the taxing district of a portion of the property tax revenue distributed to the taxing district. On or before November 15 of each year, the county treasurer shall certify the aggregate refunds paid by a taxing district during such 12-month period for purposes of this Section.

(35 ILCS 200/21-145)

Sec. 21-145. Scavenger sale. At the same time the County Collector annually publishes the collector's annual sale advertisement under Sections 21-110, 21-115 and 21-120, it is mandatory for the collector in counties with 3,000,000 or more inhabitants, and in other counties if the county board so orders by resolution, to publish an advertisement giving notice of the intended application for judgment and sale of all properties upon which all or a part of the general taxes for each of 3 or more years are delinquent as of the date of the advertisement. Under no circumstance may a tax year be offered at a scavenger sale prior to the annual tax sale for that tax year (or, for omitted assessments issued pursuant to Section 9-260, the annual tax sale for that omitted assessment's warrant year, as defined herein). In no event may there be more than 2 consecutive years without a sale under this Section, except where a tax sale has been delayed pursuant to Section 21-150 as a result of a statewide COVID-19 public health emergency. The term delinquent also includes forfeitures. The County Collector shall include in the advertisement and in the application for judgment and sale under this Section and Section 21-260 the total amount of all general taxes upon those properties which are delinquent as of the date of the advertisement. In lieu of a single annual advertisement and application for judgment and sale under this Section and Section 21-260, the County Collector may, from time to time, beginning on the date of the publication of the annual sale advertisement and before August 1 of the next year, publish separate advertisements and make separate applications on eligible properties described in one or more volumes of the delinquent list. The separate advertisements and applications shall, in the aggregate, include all the properties which otherwise would have been included in the single annual advertisement and application for judgment and sale under this Section. Upon the written request of the taxing district which levied the same, the County Collector shall also include in the advertisement the special taxes and special assessments, together with interest, penalties and costs thereon upon those properties which are delinquent as of the date of the advertisement. The advertisement and application for judgment and sale shall be in the manner prescribed by this Code relating to the annual advertisement and application for judgment and sale of delinquent properties.

As used in this Section, "warrant year" means the year preceding the calendar year in which the omitted assessment first became due and payable.

Sec. 21-150. Time of applying for judgment. Except as otherwise provided in this Section or by ordinance or resolution enacted under subsection (c) of Section 21-40, in any county with fewer than 3,000,000 inhabitants, all applications for judgment and order of sale for taxes and special assessments on delinquent properties shall be made within 90 days after the second installment due date. In Cook County, all applications for judgment and order of sale for taxes and special assessments on delinquent properties shall be made (i) by July 1, 2011 for tax year 2009, (ii) by July 1, 2012 for tax year 2010, (iii) by July 1, 2013 for tax year 2011, (iv) by July 1, 2014 for tax year 2012, (v) by July 1, 2015 for tax year 2013, (vi) by May 1, 2016 for tax year 2014, (vii) by March 1, 2017 for tax year 2015, (viii) by April 1 of the next calendar year after the second installment due date for tax year 2016 and 2017, and (ix) within 365 days of the second installment due date for each tax year thereafter. Notwithstanding these dates, in Cook County, the application for judgment and order of sale for the 2018 annual tax sale that would normally be held in calendar year 2020 shall not be filed earlier than the first day of the first month during which there is no longer a statewide COVID-19 public health emergency, as evidenced by an effective disaster declaration of the Governor covering all counties in the State, except that in no event may this application for judgment and order of sale be filed later than October 1, 2021. When a tax sale is delayed because of a statewide COVID-19 public health emergency, no subsequent annual tax sale may begin earlier than 180 days after the last day of the prior delayed tax sale, and no scavenger tax sale may begin earlier than 90 days after the last day of the prior delayed tax sale. In those counties which have adopted an ordinance under Section 21-40, the application for judgment and order of sale for delinquent taxes shall be made in December. In the 10

years next following the completion of a general reassessment of property in any county with 3,000,000 or more inhabitants, made under an order of the Department, applications for judgment and order of sale shall be made as soon as may be and on the day specified in the advertisement required by Section 21-110 and 21-115. If for any cause the court is not held on the day specified, the cause shall stand continued, and it shall be unnecessary to re-advertise the list or notice.

Within 30 days after the day specified for the application for judgment the court shall hear and determine the matter. If judgment is rendered, the sale shall begin on the date within 5 business days specified in the notice as provided in Section 21-115. If the collector is prevented from advertising and obtaining judgment within the time periods specified by this Section, the collector may obtain judgment at any time thereafter; but if the failure arises by the county collector's not complying with any of the requirements of this Code, he or she shall be held on his or her official bond for the full amount of all taxes and special assessments charged against him or her. Any failure on the part of the county collector shall not be allowed as a valid objection to the collection of any tax or assessment, or to entry of a judgment against any delinquent properties included in the application of the county collector.

Sec. 21-205. Tax sale procedures.

(a) The collector, in person or by deputy, shall attend, on the day and in the place specified in the notice for the sale of property for taxes, and shall, between 9:00 a.m. and 4:00 p.m., or later at the collector's discretion, proceed to offer for sale, separately and in consecutive order, all property in the list on which the taxes, special assessments, interest or costs have not been paid. However, in any county with 3,000,000 or more inhabitants, the offer for sale shall be made between 8:00 a.m. and 8:00 p.m. The collector's office shall be kept open during all hours in which the sale is in progress. The sale shall be continued from day to day, until all property in the delinquent list has been offered for sale. However, any city, village or incorporated town interested in the collection of any tax or special assessment, may, in default of bidders, withdraw from collection the special assessment levied against any property by the corporate authorities of the city, village or incorporated town. In case of a withdrawal, there shall be no sale of that property on account of the delinquent special assessment thereon.

(b) Until January 1, 2013, in every sale of property pursuant to the provisions of this Code, the collector may employ any automated means that the collector deems appropriate. Beginning on January 1, 2013, either (i) the collector shall employ an automated bidding system that is programmed to accept the lowest redemption price bid by an eligible tax purchaser, subject to the penalty percentage limitation set forth in Section 21-215, or (ii) all tax sales shall be digitally recorded with video and audio. All bidders are required to personally attend the sale and, if automated means are used, all hardware and software used with respect to those automated means must be certified by the Department and re-certified by the Department every 5 years. If the tax sales are digitally recorded and no automated bidding system is used, then the recordings shall be maintained by the collector for a period of at least 3 years from the date of the tax sale. The changes made by this amendatory Act of the 94th General Assembly are declarative of existing law.

(b-5) For any annual tax sale conducted on or after the effective date of this amendatory Act of the 102nd General Assembly, each county collector in a county with 275,000 or more inhabitants shall adopt a single bidder rule sufficient to prohibit a tax purchaser from registering more than one related bidding entity at the tax sale. The corporate authorities in any county with less than 275,000 inhabitants may, by ordinance, allow the county collector of that county to adopt such a single bidder rule. In any county that has adopted a single bidder rule under this subsection (b-5), the county treasurer shall include a representation and warranty form in each registration package attesting to compliance with the single bidder rule, except that the county may, by ordinance, opt out of this representation and warranty form requirement. A single bidder rule under this subsection may be in the following form:

(1) A registered tax buying entity (principal) may only have one registered buyer at the tax sale and may not have a related bidding entity directly or indirectly register as a buyer or participate in the tax sale. A registered tax buying entity may not engage in any multiple bidding strategy for the purpose of having more than one related bidding entity submit bids at the tax sale.

(2) A related bidding entity is defined as any individual, corporation, partnership, joint venture, limited liability company, business organization, or other entity that has a shareholder, partner, principal, officer, general partner, or other person or entity having (i) an ownership interest in a bidding entity in common with any other registered participant in the tax sale or (ii) a common guarantor in connection with a source of financing with any other registered participant in the tax sale.

The determination of whether registered entities are related so as to prohibit those entities from submitting duplicate bids in violation of the single bidder rule is at the sole and exclusive discretion of the county treasurer or his or her designated representatives.

(c) County collectors may, when applicable, eject tax bidders who disrupt the tax sale or use illegal bid practices.

(35 ILCS 200/21-260)

Sec. 21-260. Collector's scavenger sale. Upon the county collector's application under Section 21-145, to be known as the Scavenger Sale Application, the Court shall enter judgment for the general taxes, special taxes, special assessments, interest, penalties and costs as are included in the advertisement and appear to be due thereon after allowing an opportunity to object and a hearing upon the objections as provided in Section 21-175, and order those properties sold by the County Collector at public sale, or by electronic automated sale if the collector chooses to conduct an electronic automated sale pursuant to Sec. 21-261, to the highest bidder for cash, notwithstanding the bid may be less than the full amount of taxes, special taxes, special assessments, interest, penalties and costs for which judgment has been entered.

(a) Conducting the sale - Bidding. All properties shall be offered for sale in consecutive order as they appear in the delinquent list. The minimum bid for any property shall be \$250 or one-half of the tax if the total liability is less than \$500. For in-person scavenger sales, the successful bidder shall immediately pay the amount of minimum bid to the County Collector by the end of the business day on which the bid was placed. That amount shall be paid in cash, by certified or cashier's check, by money order, or, if the successful bidder is a governmental unit, by a check issued by that governmental unit. For electronic automated scavenger sales, the successful bidder shall pay the minimum bid amount by the close of the business day on which the bid was placed. That amount shall be paid online via ACH debit or by the electronic payment method required by the county collector. For in-person scavenger sales, if the bid exceeds the minimum bid, the successful bidder shall pay the balance of the bid to the county collector in cash, by certified or cashier's check, by money order, or, if the successful bidder is a governmental unit, by a check issued by that governmental unit by the close of the next business day. For electronic automated scavenger sales, the successful bidder shall pay, by the close of the next business day, the balance of the bid online via ACH debit or by the electronic payment method required by the county collector. If the minimum bid is not paid at the time of sale or if the balance is not paid by the close of the next business day, then the sale is void and the minimum bid, if paid, is forfeited to the county general fund. In that event, the property shall be reoffered for sale within 30 days of the last offering of property in regular order. The collector shall make available to the public a list of all properties to be included in any reoffering due to the voiding of the original sale. The collector is not required to serve or publish any other notice of the reoffering of those properties. In the event that any of the properties are not sold upon reoffering, or are sold for less than the amount of the original voided sale, the original bidder who failed to pay the bid amount shall remain liable for the unpaid balance of the bid in an action under Section 21-240. Liability shall not be reduced where the bidder upon reoffering also fails to pay the bid amount, and in that event both bidders shall remain liable for the unpaid balance of their respective bids. A sale of properties under this Section shall not be final until confirmed by the court.

(b) Confirmation of sales. The county collector shall file his or her report of sale in the court within 30 days of the date of sale of each property. No notice of the county collector's application to confirm the sales shall be required except as prescribed by rule of the court. Upon confirmation, except in cases where the sale becomes void under Section 22-85, or in cases where the order of confirmation is vacated by the court, a sale under this Section shall extinguish the in rem lien of the general taxes, special taxes and special assessments for which judgment has been entered and a redemption shall not revive the lien. Confirmation of the sale shall in no event affect the owner's personal liability to pay the taxes, interest and penalties as provided in this Code or prevent institution of a proceeding under Section 21-440 to collect any amount that may remain due after the sale.

(c) Issuance of tax sale certificates. Upon confirmation of the sale the County Clerk and the County Collector shall issue to the purchaser a certificate of purchase in the form prescribed by Section 21-250 as near as may be. A certificate of purchase shall not be issued to any person who is ineligible to bid at the sale or to receive a certificate of purchase under Section 21-265.

(d) Scavenger Tax Judgment, Sale and Redemption Record - Sale of parcels not sold. The county collector shall prepare a Scavenger Tax Judgment, Sale and Redemption Record. The county clerk shall write or stamp on the scavenger tax judgment, sale, forfeiture and redemption record opposite the

description of any property offered for sale and not sold, or not confirmed for any reason, the words "offered but not sold". The properties which are offered for sale under this Section and not sold or not confirmed shall be offered for sale annually thereafter in the manner provided in this Section until sold, except in the case of mineral rights, which after 10 consecutive years of being offered for sale under this Section and not sold or confirmed shall no longer be required to be offered for sale. At any time between annual sales the County Collector may advertise for sale any properties subject to sale under judgments for sale previously entered under this Section and not executed for any reason. The advertisement and sale shall be regulated by the provisions of this Code as far as applicable.

(e) Proceeding to tax deed. The owner of the certificate of purchase shall give notice as required by Sections 22-5 through 22-30, and may extend the period of redemption as provided by Section 21-385. At any time within 6 months prior to expiration of the period of redemption from a sale under this Code, the owner of a certificate of purchase may file a petition and may obtain a tax deed under Sections 22-30 through 22-55. All proceedings for the issuance of a tax deed and all tax deeds for properties sold under this Section shall be subject to Sections 22-30 through 22-55. Deeds issued under this Section are subject to Section 22-70. This Section shall be liberally construed so that the deeds provided for in this Section convey merchantable title.

(f) Redemptions from scavenger sales. Redemptions may be made from sales under this Section in the same manner and upon the same terms and conditions as redemptions from sales made under the County Collector's annual application for judgment and order of sale, except that in lieu of penalty the person redeeming shall pay interest as follows if the sale occurs before September 9, 1993:

(1) If redeemed within the first 2 months from the date of the sale, 3% per month or portion thereof upon the amount for which the property was sold;

(2) If redeemed between 2 and 6 months from the date of the sale, 12% of the amount for which the property was sold;

(3) If redeemed between 6 and 12 months from the date of the sale, 24% of the amount for which the property was sold;

(4) If redeemed between 12 and 18 months from the date of the sale, 36% of the amount for which the property was sold;

(5) If redeemed between 18 and 24 months from the date of the sale, 48% of the amount for which the property was sold;

(6) If redeemed after 24 months from the date of sale, the 48% herein provided together with interest at 6% per year thereafter.

If the sale occurs on or after September 9, 1993, the person redeeming shall pay interest on that part of the amount for which the property was sold equal to or less than the full amount of delinquent taxes, special assessments, penalties, interest, and costs, included in the judgment and order of sale as follows:

(1) If redeemed within the first 2 months from the date of the sale, 3% per month upon the amount of taxes, special assessments, penalties, interest, and costs due for each of the first 2 months, or fraction thereof.

(2) If redeemed at any time between 2 and 6 months from the date of the sale, 12% of the amount of taxes, special assessments, penalties, interest, and costs due.

(3) If redeemed at any time between 6 and 12 months from the date of the sale, 24% of the amount of taxes, special assessments, penalties, interest, and costs due.

(4) If redeemed at any time between 12 and 18 months from the date of the sale, 36% of the amount of taxes, special assessments, penalties, interest, and costs due.

(5) If redeemed at any time between 18 and 24 months from the date of the sale, 48% of the amount of taxes, special assessments, penalties, interest, and costs due.

(6) If redeemed after 24 months from the date of sale, the 48% provided for the 24 months together with interest at 6% per annum thereafter on the amount of taxes, special assessments, penalties, interest, and costs due.

The person redeeming shall not be required to pay any interest on any part of the amount for which the property was sold that exceeds the full amount of delinquent taxes, special assessments, penalties, interest, and costs included in the judgment and order of sale.

Notwithstanding any other provision of this Section, except for owner-occupied single family residential units which are condominium units, cooperative units or dwellings, the amount required to be paid for redemption shall also include an amount equal to all delinquent taxes on the property which taxes were delinquent at the time of sale. The delinquent taxes shall be apportioned by the county collector among

the taxing districts in which the property is situated in accordance with law. In the event that all moneys received from any sale held under this Section exceed an amount equal to all delinquent taxes on the property sold, which taxes were delinquent at the time of sale, together with all publication and other costs associated with the sale, then, upon redemption, the County Collector and the County Clerk shall apply the excess amount to the cost of redemption.

(g) Bidding by county or other taxing districts. Any taxing district may bid at a scavenger sale. The county board of the county in which properties offered for sale under this Section are located may bid as trustee for all taxing districts having an interest in the taxes for the nonpayment of which the parcels are offered. The County shall apply on the bid the unpaid taxes due upon the property and no cash need be paid. The County or other taxing district acquiring a tax sale certificate shall take all steps necessary to acquire title to the property and may manage and operate the property so acquired.

When a county, or other taxing district within the county, is a petitioner for a tax deed, no filing fee shall be required on the petition. The county as a tax creditor and as trustee for other tax creditors, or other taxing district within the county shall not be required to allege and prove that all taxes and special assessments which become due and payable after the sale to the county have been paid. The county shall not be required to pay the subsequently accruing taxes or special assessments at any time. Upon the written request of the county board or its designee, the county collector shall not offer the property for sale at any tax sale subsequent to the sale of the property to the county under this Section. The lien of taxes and special assessments which become due and payable after a sale to a county shall merge in the fee title of the county, or other taxing district, on the issuance of a deed. The County may sell the properties so acquired, or the certificate of purchase thereto, and the proceeds of the sale shall be distributed to the taxing districts in proportion to their respective interests therein. The presiding officer of the county board, with the advice and consent of the County Board, may appoint some officer or person to attend scavenger sales and bid on its behalf.

(h) Miscellaneous provisions. In the event that the tract of land or lot sold at any such sale is not redeemed within the time permitted by law and a tax deed is issued, all moneys that may be received from the sale of properties in excess of the delinquent taxes, together with all publication and other costs associated with the sale, shall, upon petition of any interested party to the court that issued the tax deed, be distributed by the County Collector pursuant to order of the court among the persons having legal or equitable interests in the property according to the fair value of their interests in the tract or lot. Section 21-415 does not apply to properties sold under this Section. Appeals may be taken from the orders and judgments entered under this Section as in other civil cases. The remedy herein provided is in addition to other remedies for the collection of delinquent taxes.

(i) The changes to this Section made by this amendatory Act of the 95th General Assembly apply only to matters in which a petition for tax deed is filed on or after the effective date of this amendatory Act of the 95th General Assembly.

Beginning in calendar year 2021, for every scavenger sale held pursuant to Section 21-260 of this Code, the county collector may employ any electronic automated means that the collector deems appropriate, provided that any electronic automated bidding system so used shall be programmed to accept the highest cash bid made by an eligible tax purchaser. If the county collector conducts the scavenger sale using an electronic automated bidding system, no personal attendance by bidders will be required at the scavenger sale. If automated means are used, all hardware and software used with respect to those automated means must be certified by the Department and re-certified by the Department every 5 years.

"Aggregate extension" for all taxing districts to which this Law applies in accordance with paragraph (2) of subsection (e) of Section 18-213 means the annual corporate extension for the taxing district and those special purpose extensions that are made annually for the taxing district, excluding special purpose extensions: (a) made for the taxing district to pay interest or principal on general obligation bonds that were approved by referendum; (b) made for any taxing district to pay interest or principal on general obligation bonds issued before March 7, 1997 (the effective date of Public Act 89-718) ~~this amendatory Act of 1997~~; (c) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund those bonds issued before March 7, 1997 (the effective date of Public Act 89-718) ~~this amendatory Act of 1997~~; (d) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund bonds issued after March 7, 1997 (the effective date of Public Act 89-718) ~~this amendatory Act of 1997~~ if the bonds were approved by referendum after March 7, 1997 (the effective date of Public Act 89-718) ~~this amendatory Act of 1997~~; (e) made for any taxing district to pay interest or principal on revenue bonds issued before March 7, 1997 (the effective date of Public Act 89-718) ~~this amendatory Act of 1997~~ for payment of which a property tax levy or the full faith and credit of the unit of local government is pledged; however, a tax for the payment of interest or principal on those bonds shall be made only after the governing body of the unit of local government finds that all other sources for payment are insufficient to make those payments; (f) made for payments under a building commission lease when the lease payments are for the retirement of bonds issued by the commission before March 7, 1997 (the effective date of Public Act 89-718) ~~this amendatory Act of 1997~~ to pay for the building project; (g) made for payments due under installment contracts entered into before March 7, 1997 (the effective date of Public Act 89-718) ~~this amendatory Act of 1997~~; (h) made for payments of principal and interest on limited bonds, as defined in Section 3 of the Local Government Debt Reform Act, in an amount not to exceed the debt service extension base less the amount in items (b), (c), and (e) of this definition for non-referendum obligations, except obligations initially issued pursuant to referendum; (i) made for payments of principal and interest on bonds issued under Section 15 of the Local Government Debt Reform Act; (j) made for a qualified airport authority to pay interest or principal on general obligation bonds issued for the purpose of paying obligations due under, or financing airport facilities required to be acquired, constructed, installed or equipped pursuant to, contracts entered into before March 1, 1996 (but not including any amendments to such a contract taking effect on or after that date); (k) made to fund expenses of providing joint recreational programs for persons with disabilities under Section 5-8 of the Park District Code or Section 11-95-14 of the Illinois Municipal Code; and (l) made for contributions to a firefighter's pension fund created under Article 4 of the Illinois Pension Code, to the extent of the amount certified under item (5) of Section 4-134 of the Illinois Pension Code.

"Debt service extension base" means an amount equal to that portion of the extension for a taxing district for the 1994 levy year, or for those taxing districts subject to this Law in accordance with Section 18-213, except for those subject to paragraph (2) of subsection (e) of Section 18-213, for the levy year in which the referendum making this Law applicable to the taxing district is held, or for those taxing districts subject to this Law in accordance with paragraph (2) of subsection (e) of Section 18-213 for the 1996 levy year, constituting an extension for payment of principal and interest on bonds issued by the taxing district without referendum, but not including excluded non-referendum bonds. For park districts (i) that were first subject to this Law in 1991 or 1995 and (ii) whose extension for the 1994 levy year for the payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds) was less than 51% of the amount for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds), "debt service extension base" means an amount equal to that portion of the extension for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds). A debt service extension base established or increased at any time pursuant to any provision of this Law, except Section 18-212, shall be increased each year commencing with the later of (i) the 2009 levy year or (ii) the first levy year in which this Law becomes applicable to the taxing district, by the lesser of 5% or the percentage increase in the Consumer Price Index during the 12-month calendar year preceding the levy year. The debt service extension base may be established or increased as provided under Section 18-212. "Excluded non-referendum bonds" means (i) bonds authorized by Public Act 88-503 and issued under Section 20a of the Chicago Park District Act for aquarium and museum projects; (ii) bonds issued under Section 15 of the Local Government Debt Reform Act; or (iii) refunding obligations issued to refund or to continue to refund obligations initially issued pursuant to referendum.

"Special purpose extensions" include, but are not limited to, extensions for levies made on an annual basis for unemployment and workers' compensation, self-insurance, contributions to pension plans, and extensions made pursuant to Section 6-601 of the Illinois Highway Code for a road district's permanent road fund whether levied annually or not. The extension for a special service area is not included in the aggregate extension.

"Aggregate extension base" means the taxing district's last preceding aggregate extension as adjusted under Sections 18-135, 18-215, 18-230, ~~and~~ 18-206, and 18-233. An adjustment under Section 18-135 shall be made for the 2007 levy year and all subsequent levy years whenever one or more counties within which a taxing district is located (i) used estimated valuations or rates when extending taxes in the taxing district for the last preceding levy year that resulted in the over or under extension of taxes, or (ii) increased or decreased the tax extension for the last preceding levy year as required by Section 18-135(c). Whenever an adjustment is required under Section 18-135, the aggregate extension base of the taxing district shall be equal to the amount that the aggregate extension of the taxing district would have been for the last preceding levy year if either or both (i) actual, rather than estimated, valuations or rates had been used to calculate the extension of taxes for the last levy year, or (ii) the tax extension for the last preceding levy year had not been adjusted as required by subsection (c) of Section 18-135.

Notwithstanding any other provision of law, for levy year 2012, the aggregate extension base for West Northfield School District No. 31 in Cook County shall be \$12,654,592.

Notwithstanding any other provision of law, for levy year 2022, the aggregate extension base of a home equity assurance program that levied at least \$1,000,000 in property taxes in levy year 2019 or 2020 under the Home Equity Assurance Act shall be the amount that the program's aggregate extension base for levy year 2021 would have been if the program had levied a property tax for levy year 2021.

"Levy year" has the same meaning as "year" under Section 1-155.

"New property" means (i) the assessed value, after final board of review or board of appeals action, of new improvements or additions to existing improvements on any parcel of real property that increase the assessed value of that real property during the levy year multiplied by the equalization factor issued by the Department under Section 17-30, (ii) the assessed value, after final board of review or board of appeals action, of real property not exempt from real estate taxation, which real property was exempt from real estate taxation for any portion of the immediately preceding levy year, multiplied by the equalization factor issued by the Department under Section 17-30, including the assessed value, upon final stabilization of occupancy after new construction is complete, of any real property located within the boundaries of an otherwise or previously exempt military reservation that is intended for residential use and owned by or leased to a private corporation or other entity, (iii) in counties that classify in accordance with Section 4 of

Article IX of the Illinois Constitution, an incentive property's additional assessed value resulting from a scheduled increase in the level of assessment as applied to the first year final board of review market value, and (iv) any increase in assessed value due to oil or gas production from an oil or gas well required to be permitted under the Hydraulic Fracturing Regulatory Act that was not produced in or accounted for during the previous levy year. In addition, the county clerk in a county containing a population of 3,000,000 or more shall include in the 1997 recovered tax increment value for any school district, any recovered tax increment value that was applicable to the 1995 tax year calculations.

"Qualified airport authority" means an airport authority organized under the Airport Authorities Act and located in a county bordering on the State of Wisconsin and having a population in excess of 200,000 and not greater than 500,000.

"Recovered tax increment value" means, except as otherwise provided in this paragraph, the amount of the current year's equalized assessed value, in the first year after a municipality terminates the designation of an area as a redevelopment project area previously established under the Tax Increment Allocation ~~Redevelopment Development~~ Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, previously established under the Economic Development Project Area Tax Increment Act of 1995, or previously established under the Economic Development Area Tax Increment Allocation Act, of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. For the taxes which are extended for the 1997 levy year, the recovered tax increment value for a non-home rule taxing district that first became subject to this Law for the 1995 levy year because a majority of its 1994 equalized assessed value was in an affected county or counties shall be increased if a municipality terminated the designation of an area in 1993 as a redevelopment project area previously established under the Tax Increment Allocation ~~Redevelopment Development~~ Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, by an amount equal to the 1994 equalized assessed value of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. In the first year after a municipality removes a taxable lot, block, tract, or parcel of real property from a redevelopment project area established under the Tax Increment Allocation ~~Redevelopment Development~~ Act in the Illinois Municipal Code, the Industrial Jobs Recovery Law in the Illinois Municipal Code, or the Economic Development Area Tax Increment Allocation Act, "recovered tax increment value" means the amount of the current year's equalized assessed value of each taxable lot, block, tract, or parcel of real property removed from the redevelopment project area over and above the initial equalized assessed value of that real property before removal from the redevelopment project area.

Except as otherwise provided in this Section, "limiting rate" means a fraction the numerator of which is the last preceding aggregate extension base times an amount equal to one plus the extension limitation defined in this Section and the denominator of which is the current year's equalized assessed value of all real property in the territory under the jurisdiction of the taxing district during the prior levy year. For those taxing districts that reduced their aggregate extension for the last preceding levy year, except for school districts that reduced their extension for educational purposes pursuant to Section 18-206, the highest aggregate extension in any of the last 3 preceding levy years shall be used for the purpose of computing the limiting rate. The denominator shall not include new property or the recovered tax increment value. If a new rate, a rate decrease, or a limiting rate increase has been approved at an election held after March 21, 2006, then (i) the otherwise applicable limiting rate shall be increased by the amount of the new rate or shall be reduced by the amount of the rate decrease, as the case may be, or (ii) in the case of a limiting rate increase, the limiting rate shall be equal to the rate set forth in the proposition approved by the voters for each of the years specified in the proposition, after which the limiting rate of the taxing district shall be calculated as otherwise provided. In the case of a taxing district that obtained referendum approval for an increased limiting rate on March 20, 2012, the limiting rate for tax year 2012 shall be the rate that generates the approximate total amount of taxes extendable for that tax year, as set forth in the proposition approved by the voters; this rate shall be the final rate applied by the county clerk for the aggregate of all capped funds of the district for tax year 2012.

Sec. 18-233. Adjustments for certificates of error, certain court orders, or final administrative decisions of the Property Tax Appeal Board. Beginning in levy year 2021, a taxing district levy shall be increased by a prior year adjustment whenever an assessment decrease due to the issuance of a certificate of error, a court order pursuant to an assessment valuation complaint under Section 23-15, or a final administrative decision of the Property Tax Appeal Board results in a refund from the taxing district of a portion of the property tax revenue distributed to the taxing district. On or before November 15 of each year, the county treasurer shall certify the aggregate refunds paid by a taxing district during such 12-month period for purposes of this Section. For purposes of the Property Tax Extension Limitation Law, the taxing district's most recent aggregate extension base shall not include the prior year adjustment authorized under this Section.

Sec. 21-145. Scavenger sale. At the same time the County Collector annually publishes the collector's annual sale advertisement under Sections 21-110, 21-115 and 21-120, it is mandatory for the collector in counties with 3,000,000 or more inhabitants, and in other counties if the county board so orders by resolution, to publish an advertisement giving notice of the intended application for judgment and sale of all properties upon which all or a part of the general taxes for each of 3 or more years are delinquent as of the date of the advertisement. Under no circumstance may a tax year be offered at a scavenger sale prior to the annual tax sale for that tax year (or, for omitted assessments issued pursuant to Section 9-260, the annual tax sale for that omitted assessment's warrant year, as defined herein). In no event may there be more than 2 consecutive years without a sale under this Section, except where a tax sale has been delayed pursuant to Section 21-150 as a result of a statewide COVID-19 public health emergency. The term delinquent also includes forfeitures. The County Collector shall include in the advertisement and in the application for judgment and sale under this Section and Section 21-260 the total amount of all general taxes upon those properties which are delinquent as of the date of the advertisement. In lieu of a single annual advertisement and application for judgment and sale under this Section and Section 21-260, the County Collector may, from time to time, beginning on the date of the publication of the annual sale advertisement and before August 1 of the next year, publish separate advertisements and make separate applications on eligible properties described in one or more volumes of the delinquent list. The separate advertisements and applications shall, in the aggregate, include all the properties which otherwise would have been included in the single annual advertisement and application for judgment and sale under this Section. Upon the written request of the taxing district which levied the same, the County Collector shall also include in the advertisement the special taxes and special assessments, together with interest, penalties and costs thereon upon those properties which are delinquent as of the date of the advertisement. The advertisement and application for judgment and sale shall be in the manner prescribed by this Code relating to the annual advertisement and application for judgment and sale of delinquent properties.

As used in this Section, "warrant year" means the year preceding the calendar year in which the omitted assessment first became due and payable.

Sec. 21-150. Time of applying for judgment. Except as otherwise provided in this Section or by ordinance or resolution enacted under subsection (c) of Section 21-40, in any county with fewer than 3,000,000 inhabitants, all applications for judgment and order of sale for taxes and special assessments on delinquent properties shall be made within 90 days after the second installment due date. In Cook County, all applications for judgment and order of sale for taxes and special assessments on delinquent properties shall be made (i) by July 1, 2011 for tax year 2009, (ii) by July 1, 2012 for tax year 2010, (iii) by July 1, 2013 for tax year 2011, (iv) by July 1, 2014 for tax year 2012, (v) by July 1, 2015 for tax year 2013, (vi) by May 1, 2016 for tax year 2014, (vii) by March 1, 2017 for tax year 2015, (viii) by April 1 of the next calendar year after the second installment due date for tax year 2016 and 2017, and (ix) within 365 days of the second installment due date for each tax year thereafter. Notwithstanding these dates, in Cook County, the application for judgment and order of sale for the 2018 annual tax sale that would normally be held in calendar year 2020 shall not be filed earlier than the first day of the first month during which there is no longer a statewide COVID-19 public health emergency, as evidenced by an effective disaster declaration of the Governor covering all counties in the State, except that in no event may this application for judgment and order of sale be filed later than October 1, 2021. When a tax sale is delayed because of a statewide COVID-19 public health emergency, no subsequent annual tax sale may begin earlier than 180 days after the last day of the prior delayed tax sale, and no scavenger tax sale may begin earlier than 90 days after the last

day of the prior delayed tax sale. In those counties which have adopted an ordinance under Section 21-40, the application for judgment and order of sale for delinquent taxes shall be made in December. In the 10 years next following the completion of a general reassessment of property in any county with 3,000,000 or more inhabitants, made under an order of the Department, applications for judgment and order of sale shall be made as soon as may be and on the day specified in the advertisement required by Section 21-110 and 21-115. If for any cause the court is not held on the day specified, the cause shall stand continued, and it shall be unnecessary to re-advertise the list or notice.

Within 30 days after the day specified for the application for judgment the court shall hear and determine the matter. If judgment is rendered, the sale shall begin on the date within 5 business days specified in the notice as provided in Section 21-115. If the collector is prevented from advertising and obtaining judgment within the time periods specified by this Section, the collector may obtain judgment at any time thereafter; but if the failure arises by the county collector's not complying with any of the requirements of this Code, he or she shall be held on his or her official bond for the full amount of all taxes and special assessments charged against him or her. Any failure on the part of the county collector shall not be allowed as a valid objection to the collection of any tax or assessment, or to entry of a judgment against any delinquent properties included in the application of the county collector.

Sec. 21-205. Tax sale procedures.

(a) The collector, in person or by deputy, shall attend, on the day and in the place specified in the notice for the sale of property for taxes, and shall, between 9:00 a.m. and 4:00 p.m., or later at the collector's discretion, proceed to offer for sale, separately and in consecutive order, all property in the list on which the taxes, special assessments, interest or costs have not been paid. However, in any county with 3,000,000 or more inhabitants, the offer for sale shall be made between 8:00 a.m. and 8:00 p.m. The collector's office shall be kept open during all hours in which the sale is in progress. The sale shall be continued from day to day, until all property in the delinquent list has been offered for sale. However, any city, village or incorporated town interested in the collection of any tax or special assessment, may, in default of bidders, withdraw from collection the special assessment levied against any property by the corporate authorities of the city, village or incorporated town. In case of a withdrawal, there shall be no sale of that property on account of the delinquent special assessment thereon.

(b) Until January 1, 2013, in every sale of property pursuant to the provisions of this Code, the collector may employ any automated means that the collector deems appropriate. Beginning on January 1, 2013, either (i) the collector shall employ an automated bidding system that is programmed to accept the lowest redemption price bid by an eligible tax purchaser, subject to the penalty percentage limitation set forth in Section 21-215, or (ii) all tax sales shall be digitally recorded with video and audio. All bidders are required to personally attend the sale and, if automated means are used, all hardware and software used with respect to those automated means must be certified by the Department and re-certified by the Department every 5 years. If the tax sales are digitally recorded and no automated bidding system is used, then the recordings shall be maintained by the collector for a period of at least 3 years from the date of the tax sale. The changes made by this amendatory Act of the 94th General Assembly are declarative of existing law.

(b-5) For any annual tax sale conducted on or after the effective date of this amendatory Act of the 102nd General Assembly, each county collector in a county with 275,000 or more inhabitants shall adopt a single bidder rule sufficient to prohibit a tax purchaser from registering more than one related bidding entity at the tax sale. The corporate authorities in any county with less than 275,000 inhabitants may, by ordinance, allow the county collector of that county to adopt such a single bidder rule. In any county that has adopted a single bidder rule under this subsection (b-5), the county treasurer shall include a representation and warranty form in each registration package attesting to compliance with the single bidder rule, except that the county may, by ordinance, opt out of this representation and warranty form requirement. A single bidder rule under this subsection may be in the following form:

(1) A registered tax buying entity (principal) may only have one registered buyer at the tax sale and may not have a related bidding entity directly or indirectly register as a buyer or participate in the tax sale. A registered tax buying entity may not engage in any multiple bidding strategy for the purpose of having more than one related bidding entity submit bids at the tax sale.

(2) A related bidding entity is defined as any individual, corporation, partnership, joint venture, limited liability company, business organization, or other entity that has a shareholder, partner, principal, officer, general partner, or other person or entity having (i) an ownership interest in a

bidding entity in common with any other registered participant in the tax sale or (ii) a common guarantor in connection with a source of financing with any other registered participant in the tax sale. The determination of whether registered entities are related so as to prohibit those entities from submitting duplicate bids in violation of the single bidder rule is at the sole and exclusive discretion of the county treasurer or his or her designated representatives.

(c) County collectors may, when applicable, eject tax bidders who disrupt the tax sale or use illegal bid practices.

(35 ILCS 200/21-260)

Sec. 21-260. Collector's scavenger sale. Upon the county collector's application under Section 21-145, to be known as the Scavenger Sale Application, the Court shall enter judgment for the general taxes, special taxes, special assessments, interest, penalties and costs as are included in the advertisement and appear to be due thereon after allowing an opportunity to object and a hearing upon the objections as provided in Section 21-175, and order those properties sold by the County Collector at public sale, or by electronic automated sale if the collector chooses to conduct an electronic automated sale pursuant to Sec. 21-261, to the highest bidder for cash, notwithstanding the bid may be less than the full amount of taxes, special taxes, special assessments, interest, penalties and costs for which judgment has been entered.

(a) Conducting the sale - Bidding. All properties shall be offered for sale in consecutive order as they appear in the delinquent list. The minimum bid for any property shall be \$250 or one-half of the tax if the total liability is less than \$500. For in-person scavenger sales, the successful bidder shall immediately pay the amount of minimum bid to the County Collector by the end of the business day on which the bid was placed. That amount shall be paid in cash, by certified or cashier's check, by money order, or, if the successful bidder is a governmental unit, by a check issued by that governmental unit. For electronic automated scavenger sales, the successful bidder shall pay the minimum bid amount by the close of the business day on which the bid was placed. That amount shall be paid online via ACH debit or by the electronic payment method required by the county collector. For in-person scavenger sales, if the bid exceeds the minimum bid, the successful bidder shall pay the balance of the bid to the county collector in cash, by certified or cashier's check, by money order, or, if the successful bidder is a governmental unit, by a check issued by that governmental unit by the close of the next business day. For electronic automated scavenger sales, the successful bidder shall pay, by the close of the next business day, the balance of the bid online via ACH debit or by the electronic payment method required by the county collector. If the minimum bid is not paid at the time of sale or if the balance is not paid by the close of the next business day, then the sale is void and the minimum bid, if paid, is forfeited to the county general fund. In that event, the property shall be reoffered for sale within 30 days of the last offering of property in regular order. The collector shall make available to the public a list of all properties to be included in any reoffering due to the voiding of the original sale. The collector is not required to serve or publish any other notice of the reoffering of those properties. In the event that any of the properties are not sold upon reoffering, or are sold for less than the amount of the original voided sale, the original bidder who failed to pay the bid amount shall remain liable for the unpaid balance of the bid in an action under Section 21-240. Liability shall not be reduced where the bidder upon reoffering also fails to pay the bid amount, and in that event both bidders shall remain liable for the unpaid balance of their respective bids. A sale of properties under this Section shall not be final until confirmed by the court.

(b) Confirmation of sales. The county collector shall file his or her report of sale in the court within 30 days of the date of sale of each property. No notice of the county collector's application to confirm the sales shall be required except as prescribed by rule of the court. Upon confirmation, except in cases where the sale becomes void under Section 22-85, or in cases where the order of confirmation is vacated by the court, a sale under this Section shall extinguish the in rem lien of the general taxes, special taxes and special assessments for which judgment has been entered and a redemption shall not revive the lien. Confirmation of the sale shall in no event affect the owner's personal liability to pay the taxes, interest and penalties as provided in this Code or prevent institution of a proceeding under Section 21-440 to collect any amount that may remain due after the sale.

(c) Issuance of tax sale certificates. Upon confirmation of the sale the County Clerk and the County Collector shall issue to the purchaser a certificate of purchase in the form prescribed by Section 21-250 as near as may be. A certificate of purchase shall not be issued to any person who is ineligible to bid at the sale or to receive a certificate of purchase under Section 21-265.

(d) Scavenger Tax Judgment, Sale and Redemption Record - Sale of parcels not sold. The county collector shall prepare a Scavenger Tax Judgment, Sale and Redemption Record. The county clerk shall write or stamp on the scavenger tax judgment, sale, forfeiture and redemption record opposite the description of any property offered for sale and not sold, or not confirmed for any reason, the words "offered but not sold". The properties which are offered for sale under this Section and not sold or not confirmed shall be offered for sale annually thereafter in the manner provided in this Section until sold, except in the case of mineral rights, which after 10 consecutive years of being offered for sale under this Section and not sold or confirmed shall no longer be required to be offered for sale. At any time between annual sales the County Collector may advertise for sale any properties subject to sale under judgments for sale previously entered under this Section and not executed for any reason. The advertisement and sale shall be regulated by the provisions of this Code as far as applicable.

(e) Proceeding to tax deed. The owner of the certificate of purchase shall give notice as required by Sections 22-5 through 22-30, and may extend the period of redemption as provided by Section 21-385. At any time within 6 months prior to expiration of the period of redemption from a sale under this Code, the owner of a certificate of purchase may file a petition and may obtain a tax deed under Sections 22-30 through 22-55. All proceedings for the issuance of a tax deed and all tax deeds for properties sold under this Section shall be subject to Sections 22-30 through 22-55. Deeds issued under this Section are subject to Section 22-70. This Section shall be liberally construed so that the deeds provided for in this Section convey merchantable title.

(f) Redemptions from scavenger sales. Redemptions may be made from sales under this Section in the same manner and upon the same terms and conditions as redemptions from sales made under the County Collector's annual application for judgment and order of sale, except that in lieu of penalty the person redeeming shall pay interest as follows if the sale occurs before September 9, 1993:

(1) If redeemed within the first 2 months from the date of the sale, 3% per month or portion thereof upon the amount for which the property was sold;

(2) If redeemed between 2 and 6 months from the date of the sale, 12% of the amount for which the property was sold;

(3) If redeemed between 6 and 12 months from the date of the sale, 24% of the amount for which the property was sold;

(4) If redeemed between 12 and 18 months from the date of the sale, 36% of the amount for which the property was sold;

(5) If redeemed between 18 and 24 months from the date of the sale, 48% of the amount for which the property was sold;

(6) If redeemed after 24 months from the date of sale, the 48% herein provided together with interest at 6% per year thereafter.

If the sale occurs on or after September 9, 1993, the person redeeming shall pay interest on that part of the amount for which the property was sold equal to or less than the full amount of delinquent taxes, special assessments, penalties, interest, and costs, included in the judgment and order of sale as follows:

(1) If redeemed within the first 2 months from the date of the sale, 3% per month upon the amount of taxes, special assessments, penalties, interest, and costs due for each of the first 2 months, or fraction thereof.

(2) If redeemed at any time between 2 and 6 months from the date of the sale, 12% of the amount of taxes, special assessments, penalties, interest, and costs due.

(3) If redeemed at any time between 6 and 12 months from the date of the sale, 24% of the amount of taxes, special assessments, penalties, interest, and costs due.

(4) If redeemed at any time between 12 and 18 months from the date of the sale, 36% of the amount of taxes, special assessments, penalties, interest, and costs due.

(5) If redeemed at any time between 18 and 24 months from the date of the sale, 48% of the amount of taxes, special assessments, penalties, interest, and costs due.

(6) If redeemed after 24 months from the date of sale, the 48% provided for the 24 months together with interest at 6% per annum thereafter on the amount of taxes, special assessments, penalties, interest, and costs due.

The person redeeming shall not be required to pay any interest on any part of the amount for which the property was sold that exceeds the full amount of delinquent taxes, special assessments, penalties, interest, and costs included in the judgment and order of sale.

Notwithstanding any other provision of this Section, except for owner-occupied single family residential units which are condominium units, cooperative units or dwellings, the amount required to be paid for redemption shall also include an amount equal to all delinquent taxes on the property which taxes were delinquent at the time of sale. The delinquent taxes shall be apportioned by the county collector among the taxing districts in which the property is situated in accordance with law. In the event that all moneys received from any sale held under this Section exceed an amount equal to all delinquent taxes on the property sold, which taxes were delinquent at the time of sale, together with all publication and other costs associated with the sale, then, upon redemption, the County Collector and the County Clerk shall apply the excess amount to the cost of redemption.

(g) Bidding by county or other taxing districts. Any taxing district may bid at a scavenger sale. The county board of the county in which properties offered for sale under this Section are located may bid as trustee for all taxing districts having an interest in the taxes for the nonpayment of which the parcels are offered. The County shall apply on the bid the unpaid taxes due upon the property and no cash need be paid. The County or other taxing district acquiring a tax sale certificate shall take all steps necessary to acquire title to the property and may manage and operate the property so acquired.

When a county, or other taxing district within the county, is a petitioner for a tax deed, no filing fee shall be required on the petition. The county as a tax creditor and as trustee for other tax creditors, or other taxing district within the county shall not be required to allege and prove that all taxes and special assessments which become due and payable after the sale to the county have been paid. The county shall not be required to pay the subsequently accruing taxes or special assessments at any time. Upon the written request of the county board or its designee, the county collector shall not offer the property for sale at any tax sale subsequent to the sale of the property to the county under this Section. The lien of taxes and special assessments which become due and payable after a sale to a county shall merge in the fee title of the county, or other taxing district, on the issuance of a deed. The County may sell the properties so acquired, or the certificate of purchase thereto, and the proceeds of the sale shall be distributed to the taxing districts in proportion to their respective interests therein. The presiding officer of the county board, with the advice and consent of the County Board, may appoint some officer or person to attend scavenger sales and bid on its behalf.

(h) Miscellaneous provisions. In the event that the tract of land or lot sold at any such sale is not redeemed within the time permitted by law and a tax deed is issued, all moneys that may be received from the sale of properties in excess of the delinquent taxes, together with all publication and other costs associated with the sale, shall, upon petition of any interested party to the court that issued the tax deed, be distributed by the County Collector pursuant to order of the court among the persons having legal or equitable interests in the property according to the fair value of their interests in the tract or lot. Section 21-415 does not apply to properties sold under this Section. Appeals may be taken from the orders and judgments entered under this Section as in other civil cases. The remedy herein provided is in addition to other remedies for the collection of delinquent taxes.

(i) The changes to this Section made by this amendatory Act of the 95th General Assembly apply only to matters in which a petition for tax deed is filed on or after the effective date of this amendatory Act of the 95th General Assembly.

(10 ILCS 5/7-8) (from Ch. 46, par. 7-8)

Sec. 7-8. The State central committee shall be composed of one or two members from each congressional district in the State and shall be elected as follows:

State Central Committee

(a) Within 30 days after January 1, 1984 (the effective date of Public Act 83-33), the State central committee of each political party shall certify to the State Board of Elections which of the following alternatives it wishes to apply to the State central committee of that party.

Alternative A. At the primary in 1970 and at the general primary election held every 4 years thereafter, each primary elector may vote for one candidate of his party for member of the State central committee for the congressional district in which he resides. The candidate receiving the highest number of votes shall be declared elected State central committeeperson from the district. A political party may, in lieu of the foregoing, by a majority vote of delegates at any State convention of such party, determine to thereafter elect the State central committeepersons in the manner following:

At the county convention held by such political party, State central committeepersons shall be elected in the same manner as provided in this Article for the election of officers of the county central committee, and such election shall follow the election of officers of the county central committee. Each elected ward, township or precinct committeeperson shall cast as his vote one vote for each ballot voted in his ward, township, part of a township or precinct in the last preceding primary election of his political party. In the case of a county lying partially within one congressional district and partially within another congressional district, each ward, township or precinct committeeperson shall vote only with respect to the congressional district in which his ward, township, part of a township or precinct is located. In the case of a congressional district which encompasses more than one county, each ward, township or precinct committeeperson residing within the congressional district shall cast as his vote one vote for each ballot voted in his ward, township, part of a township or precinct in the last preceding primary election of his political party for one candidate of his party for member of the State central committee for the congressional district in which he resides and the Chair of the county central committee shall report the results of the election to the State Board of Elections. The State Board of Elections shall certify the candidate receiving the highest number of votes elected State central committeeperson for that congressional district.

The State central committee shall adopt rules to provide for and govern the procedures to be followed in the election of members of the State central committee.

After August 6, 1999 (the effective date of Public Act 91-426), whenever a vacancy occurs in the office of Chair of a State central committee, or at the end of the term of office of Chair, the State central committee of each political party that has selected Alternative A shall elect a Chair who shall not be required to be a member of the State Central Committee. The Chair shall be a registered voter in this State and of the same political party as the State central committee.

Alternative B. Each congressional committee shall, within 30 days after the adoption of this alternative, appoint a person of a different gender than ~~the sex opposite~~ that of the incumbent member for that congressional district to serve as an additional member of the State central committee until the member's his or her successor is elected at the general primary election in 1986. Each congressional committee shall make this appointment by voting on the basis set forth in paragraph (e) of this Section. In each congressional district at the general primary election held in 1986 and every 4 years thereafter, the person male candidate receiving the highest number of votes of the party's male candidates for State central committeeperson committeeman, and the person of a different gender female candidate receiving the highest number of votes of the party's female candidates for State central committeewoman, shall be declared elected State central committeepersons committeeman and State central committeewoman from the district. At the general primary election held in 1986 and every 4 years thereafter, if all a party's candidates for State central committeeperson committeemen or State central committeewomen from a congressional district are of the same gender are of the same sex, the candidate receiving the highest number of votes shall be declared elected a State central committeeperson committeeman or State central committeewoman from the district, and, because of a failure to elect 2 persons from different genders one male and one female to the

committee, a vacancy shall be declared to exist in the office of the second member of the State central committee from the district. This vacancy shall be filled by appointment by the congressional committee of the political party, and the person appointed to fill the vacancy shall be a resident of the congressional district and of a different gender than the ~~committeeperson~~ ~~the sex opposite that of the committeeman or committeewoman~~ elected at the general primary election. Each congressional committee shall make this appointment by voting on the basis set forth in paragraph (e) of this Section.

The Chair of a State central committee composed as provided in this Alternative B must be selected from the committee's members.

Except as provided for in Alternative A with respect to the selection of the Chair of the State central committee, under both of the foregoing alternatives, the State central committee of each political party shall be composed of members elected or appointed from the several congressional districts of the State, and of no other person or persons whomsoever. The members of the State central committee shall, within 41 days after each quadrennial election of the full committee, meet in the city of Springfield and organize by electing a Chair, and may at such time elect such officers from among their own number (or otherwise), as they may deem necessary or expedient. The outgoing chair of the State central committee of the party shall, 10 days before the meeting, notify each member of the State central committee elected at the primary of the time and place of such meeting. In the organization and proceedings of the State central committee, the 2 committeepersons ~~each State central committeeman and State central committeewoman~~ shall each have one vote for each ballot voted in their ~~his or her~~ congressional district by the primary electors of the committeepersons' ~~his or her~~ party at the primary election immediately preceding the meeting of the State central committee. Whenever a vacancy occurs in the State central committee of any political party, the vacancy shall be filled by appointment of the chairmen of the county central committees of the political party of the counties located within the congressional district in which the vacancy occurs and, if applicable, the ward and township committeepersons of the political party in counties of 2,000,000 or more inhabitants located within the congressional district. If the congressional district in which the vacancy occurs lies wholly within a county of 2,000,000 or more inhabitants, the ward and township committeepersons of the political party in that congressional district shall vote to fill the vacancy. In voting to fill the vacancy, each chair of a county central committee and each ward and township committeeperson in counties of 2,000,000 or more inhabitants shall have one vote for each ballot voted in each precinct of the congressional district in which the vacancy exists of the chair's or committeeperson's ~~his or her~~ county, township, or ward cast by the primary electors of the chair's or committeeperson's ~~his or her~~ party at the primary election immediately preceding the meeting to fill the vacancy in the State central committee. The person appointed to fill the vacancy shall be a resident of the congressional district in which the vacancy occurs, shall be a qualified voter, and, in a committee composed as provided in Alternative B, shall be of the same gender ~~be of the same sex~~ as the appointee's his or her predecessor. A political party may, by a majority vote of the delegates of any State convention of such party, determine to return to the election of State central committeepersons ~~committeeman and State central committeewoman~~ by the vote of primary electors. Any action taken by a political party at a State convention in accordance with this Section shall be reported to the State Board of Elections by the chair and secretary of such convention within 10 days after such action.

Where the nomination is to be made for delegates or alternate delegates to a national nominating convention, then such petition for nomination shall be filed in the principal office of the State Board of Elections not more than 113 and not less than 106 days prior to the date of the primary; provided, however, that if the rules or policies of a national political party conflict with such requirements for filing petitions for nomination for delegates or alternate delegates to a national nominating convention, the chair of the State central committee of such national political party shall notify the Board in writing, citing by reference the rules or policies of the national political party in conflict, and in such case the Board shall direct such petitions to be filed in accordance with the delegate selection plan adopted by the state central committee of such national political party.

(2) Where the nomination is to be made for a county office or trustee of a sanitary district then such petition shall be filed in the office of the county clerk not more than 113 nor less than 106 days prior to the date of the primary.

(3) Where the nomination is to be made for a municipal or township office, such petitions for nomination shall be filed in the office of the local election official, not more than 99 nor less than 92 days prior to the date of the primary; provided, where a municipality's or township's boundaries are coextensive with or are entirely within the jurisdiction of a municipal board of election commissioners, the petitions shall be filed in the office of such board; and provided, that petitions for the office of multi-township assessor shall be filed with the election authority.

(5) Petitions of candidates for precinct, township or ward committee persons shall be filed in the office of the county clerk not more than 113 nor less than 106 days prior to the date of the primary.

(6) The State Board of Elections and the various election authorities and local election officials with whom such petitions for nominations are filed shall specify the place where filings shall be made and upon receipt shall endorse thereon the day and hour on which each petition was filed. All petitions filed by persons waiting in line as of 8:00 a.m. on the first day for filing, or as of the normal opening hour of the office involved on such day, shall be deemed filed as of 8:00 a.m. or the normal opening hour, as the case may be. Petitions filed by mail and received after midnight of the first day for filing and in the first mail delivery or pickup of that day shall be deemed as filed as of 8:00 a.m. of that day or as of the normal opening hour of such day, as the case may be. All petitions received thereafter shall be deemed as filed in the order of actual receipt. However, 2 or more petitions filed within the last hour of the filing deadline shall be deemed filed simultaneously. Where 2 or more petitions are received simultaneously, the State Board of Elections or the various election authorities or local election officials with whom such petitions are filed shall break ties and determine the order of filing, by means of a lottery or other fair and impartial method of random selection approved by the State Board of Elections. Such lottery shall be conducted within 9 days following the last day for petition filing and shall be open to the public. Seven days written notice of the time and place of conducting such random selection shall be given by the State Board of Elections to the chair of the State central committee of each established political party, and by each election authority or local election official, to the County Chair of each established political party, and to each organization of citizens within the election jurisdiction which was entitled, under this Article, at the next preceding election, to have pollwatchers present on the day of election. The State Board of Elections, election authority or local election official shall post in a conspicuous, open and public place, at the entrance of the office, notice of the time and place of such lottery. The State Board of Elections shall adopt rules and regulations governing the procedures for the conduct of such lottery. All candidates shall be certified in the order in which their petitions have been filed. Where candidates have filed simultaneously, they shall be certified in the order determined by lot and prior to candidates who filed for the same office at a later time.

(7) The State Board of Elections or the appropriate election authority or local election official with whom such a petition for nomination is filed shall notify the person for whom a petition for nomination has been filed of the obligation to file statements of organization, reports of campaign contributions, and annual reports of campaign contributions and expenditures under Article 9 of this

Act. Such notice shall be given in the manner prescribed by paragraph (7) of Section 9-16 of this Code.

(8) Nomination papers filed under this Section are not valid if the candidate named therein fails to file a statement of economic interests as required by the Illinois Governmental Ethics Act in relation to his candidacy with the appropriate officer by the end of the period for the filing of nomination papers unless he has filed a statement of economic interests in relation to the same governmental unit with that officer within a year preceding the date on which such nomination papers were filed. If the nomination papers of any candidate and the statement of economic interest of that candidate are not required to be filed with the same officer, the candidate must file with the officer with whom the nomination papers are filed a receipt from the officer with whom the statement of economic interests is filed showing the date on which such statement was filed. Such receipt shall be so filed not later than the last day on which nomination papers may be filed.

(9) Except as otherwise provided in this Code, any ~~Any~~ person for whom a petition for nomination, or for committee person or for delegate or alternate delegate to a national nominating convention has been filed may cause his name to be withdrawn by request in writing, signed by him and duly acknowledged before an officer qualified to take acknowledgments of deeds, and filed in the principal or permanent branch office of the State Board of Elections or with the appropriate election authority or local election official, not later than the date of certification of candidates for the consolidated primary or general primary ballot. No names so withdrawn shall be certified or printed on the primary ballot. If petitions for nomination have been filed for the same person with respect to more than one political party, his name shall not be certified nor printed on the primary ballot of any party. If petitions for nomination have been filed for the same person for 2 or more offices which are incompatible so that the same person could not serve in more than one of such offices if elected, that person must withdraw as a candidate for all but one of such offices within the 5 business days following the last day for petition filing. A candidate in a judicial election may file petitions for nomination for only one vacancy in a subcircuit and only one vacancy in a circuit in any one filing period, and if petitions for nomination have been filed for the same person for 2 or more vacancies in the same circuit or subcircuit in the same filing period, his or her name shall be certified only for the first vacancy for which the petitions for nomination were filed. If he fails to withdraw as a candidate for all but one of such offices within such time his name shall not be certified, nor printed on the primary ballot, for any office. For the purpose of the foregoing provisions, an office in a political party is not incompatible with any other office.

(10)(a) Notwithstanding the provisions of any other statute, no primary shall be held for an established political party in any township, municipality, or ward thereof, where the nomination of such party for every office to be voted upon by the electors of such township, municipality, or ward thereof, is uncontested. Whenever a political party's nomination of candidates is uncontested as to one or more, but not all, of the offices to be voted upon by the electors of a township, municipality, or ward thereof, then a primary shall be held for that party in such township, municipality, or ward thereof; provided that the primary ballot shall not include those offices within such township, municipality, or ward thereof, for which the nomination is uncontested. For purposes of this Article, the nomination of an established political party of a candidate for election to an office shall be deemed to be uncontested where not more than the number of persons to be nominated have timely filed valid nomination papers seeking the nomination of such party for election to such office.

(b) Notwithstanding the provisions of any other statute, no primary election shall be held for an established political party for any special primary election called for the purpose of filling a vacancy in the office of representative in the United States Congress where the nomination of such political party for said office is uncontested. For the purposes of this Article, the nomination of an established political party of a candidate for election to said office shall be deemed to be uncontested where not more than the number of persons to be nominated have timely filed valid nomination papers seeking the nomination of such established party for election to said office. This subsection (b) shall not apply if such primary election is conducted on a regularly scheduled election day.

(c) Notwithstanding the provisions in subparagraph (a) and (b) of this paragraph (10), whenever a person who has not timely filed valid nomination papers and who intends to become a write-in candidate for a political party's nomination for any office for which the nomination is uncontested files a written statement or notice of that intent with the State Board of Elections or the local election official with whom nomination papers for such office are filed, a primary ballot shall be prepared and

a primary shall be held for that office. Such statement or notice shall be filed on or before the date established in this Article for certifying candidates for the primary ballot. Such statement or notice shall contain (i) the name and address of the person intending to become a write-in candidate, (ii) a statement that the person is a qualified primary elector of the political party from whom the nomination is sought, (iii) a statement that the person intends to become a write-in candidate for the party's nomination, and (iv) the office the person is seeking as a write-in candidate. An election authority shall have no duty to conduct a primary and prepare a primary ballot for any office for which the nomination is uncontested unless a statement or notice meeting the requirements of this Section is filed in a timely manner.

(11) If multiple sets of nomination papers are filed for a candidate to the same office, the State Board of Elections, appropriate election authority or local election official where the petitions are filed shall within 2 business days notify the candidate of his or her multiple petition filings and that the candidate has 3 business days after receipt of the notice to notify the State Board of Elections, appropriate election authority or local election official that he or she may cancel prior sets of petitions. If the candidate notifies the State Board of Elections, appropriate election authority or local election official, the last set of petitions filed shall be the only petitions to be considered valid by the State Board of Elections, election authority or local election official. If the candidate fails to notify the State Board of Elections, election authority or local election official then only the first set of petitions filed shall be valid and all subsequent petitions shall be void.

(12) All nominating petitions shall be available for public inspection and shall be preserved for a period of not less than 6 months.

Sec. 7-13. The board of election commissioners in cities of 500,000 or more population having such board, shall constitute an electoral board for the hearing and passing upon objections to nomination petitions for ward committeepersons.

Except as otherwise provided in this Code, such ~~Such~~ objections shall be filed in the office of the county clerk within 5 business days after the last day for filing nomination papers. The objection shall state the name and address of the objector, who may be any qualified elector in the ward, the specific grounds of objection and the relief requested of the electoral board. Upon the receipt of the objection, the county clerk shall forthwith transmit such objection and the petition of the candidate to the board of election commissioners. The board of election commissioners shall forthwith notify the objector and candidate objected to of the time and place for hearing hereon. After a hearing upon the validity of such objections, the board shall certify to the county clerk its decision stating whether or not the name of the candidate shall be printed on the ballot and the county clerk in his or her certificate to the board of election commissioners shall leave off of the certificate the name of the candidate for ward committeeperson that the election commissioners order not to be printed on the ballot. However, the decision of the board of election commissioners is subject to judicial review as provided in Section 10-10.1.

The county electoral board composed as provided in Section 10-9 shall constitute an electoral board for the hearing and passing upon objections to nomination petitions for precinct and township committeepersons. Such objections shall be filed in the office of the county clerk within 5 business days after the last day for filing nomination papers. The objection shall state the name and address of the objector who may be any qualified elector in the precinct or in the township or part of a township that lies outside of a city having a population of 500,000 or more, the specific grounds of objection and the relief requested of the electoral board. Upon the receipt of the objection the county clerk shall forthwith transmit such objection and the petition of the candidate to the chair of the county electoral board. The chair of the county electoral board shall forthwith notify the objector, the candidate whose petition is objected to and the other members of the electoral board of the time and place for hearing thereon. After hearing upon the validity of such objections the board shall certify its decision to the county clerk stating whether or not the name of the candidate shall be printed on the ballot, and the county clerk, in his or her certificate to the board of election commissioners, shall leave off of the certificate the name of the candidate ordered by the board not to be printed on the ballot, and the county clerk shall also refrain from printing on the official primary ballot, the name of any candidate whose name has been ordered by the electoral board not to be printed on the ballot. However, the decision of the board is subject to judicial review as provided in Section 10-10.1.

In such proceedings the electoral boards have the same powers as other electoral boards under the provisions of Section 10-10 of this Act and their decisions are subject to judicial review under Section 10-10.1.

Except as otherwise provided in this Code, not ~~Not~~ less than 68 days before the date of the general primary the State Board of Elections shall meet and shall examine all petitions filed under this Article 7, in the office of the State Board of Elections. The State Board of Elections shall then certify to the county clerk of each county, the names of all candidates whose nomination papers or certificates of nomination have been filed with the Board and direct the county clerk to place upon the official ballot for the general primary election the names of such candidates in the same manner and in the same order as shown upon the certification.

The State Board of Elections shall, in its certificate to the county clerk, certify the names of the offices, and the names of the candidates in the order in which the offices and names shall appear upon the primary ballot; such names to appear in the order in which petitions have been filed in the office of the State Board of Elections except as otherwise provided in this Article.

Not less than 62 days before the date of the general primary, each county clerk shall certify the names of all candidates whose nomination papers have been filed with such clerk and declare that the names of such candidates for the respective offices shall be placed upon the official ballot for the general primary in the order in which such nomination papers were filed with the clerk, or as determined by lot, or as otherwise specified by statute. Each county clerk shall place a copy of the certification on file in his or her office and at the same time issue to the board of election commissioners a copy of the certification that has been filed in the county clerk's office, together with a copy of the certification that has been issued to the clerk by the State Board of Elections, with directions to the board of election commissioners to place upon the official ballot for the general primary in that election jurisdiction the names of all candidates that are listed on such certification in the same manner and in the same order as shown upon such certifications.

The certification shall indicate, where applicable, the following:

It shall be the duty of the election authority to cause to be printed upon the consolidated primary ballot of each political party for each precinct in his jurisdiction the name of each candidate whose name has been certified to him, as herein provided and which is to be voted for in such precinct.

(b) In the designation of the name of a candidate on the primary ballot the candidate's given name or names, initial or initials, a nickname by which the candidate is commonly known, or a combination thereof, may be used in addition to the candidate's surname. If a candidate has changed his or her name, whether by a statutory or common law procedure in Illinois or any other jurisdiction, within 3 years before the last day for filing the petition for nomination, nomination papers, or certificate of nomination for that office, whichever is applicable, then (i) the candidate's name on the primary ballot must be followed by "formerly known as (list all prior names during the 3-year period) until name changed on (list date of each such name change)" and (ii) the petition, papers, or certificate must be accompanied by the candidate's affidavit stating the candidate's previous names during the period specified in (i) and the date or dates each of those names was changed; failure to meet these requirements shall be grounds for denying certification of the candidate's name for the ballot or removing the candidate's name from the ballot, as appropriate, but these requirements do not apply to name changes resulting from adoption to assume an adoptive parent's or parents' surname, marriage or civil union to assume a spouse's surname, or dissolution of marriage or civil union or declaration of invalidity of marriage or civil union to assume a former surname or a name change that conforms the candidate's name to his or her gender identity. In addition, the State Board of Elections, a local election official, or an election authority shall not certify to any election authority any candidate name designation that is inconsistent with subsection (b) of this Section.

(d) If the State Board of Elections, a local election official, or an election authority removes a candidate's name designation from a ballot under subsection (c) of this Section, then the aggrieved candidate may seek appropriate relief in circuit court.

A political party which elects the members to its State Central Committee by Alternative B under paragraph (a) of Section 7-8 shall select its at large delegates and alternate delegates to its national nominating convention by proportional selection representation according to the results of a Presidential preference primary in the whole State in the manner provided by the rules of the national political party and the State Central Committee, when the rules and policies of the national political party so require.

The person receiving the highest number of votes of his party for precinct committeeperson of his precinct shall be declared elected precinct committeeperson from said precinct.

The person receiving the highest number of votes of his party for township committeeperson of his township or part of a township as the case may be, shall be declared elected township committeeperson from said township or part of a township as the case may be. In cities where ward committeepersons are elected, the person receiving the highest number of votes of his party for ward committeeperson of his ward shall be declared elected ward committeeperson from said ward.

When two or more persons receive an equal and the highest number of votes for the nomination for the same office or for committeeperson of the same political party, or where more than one person of the same political party is to be nominated as a candidate for office or committeeperson, if it appears that more than the number of persons to be nominated for an office or elected committeeperson have the highest and an equal number of votes for the nomination for the same office or for election as committeeperson, the election authority by which the returns of the primary are canvassed shall decide by lot which of said persons shall be nominated or elected, as the case may be. In such case the election authority shall issue notice in writing to such persons of such tie vote stating therein the place, the day (which shall not be more than 5 days thereafter) and the hour when such nomination or election shall be so determined.

(b) Except as otherwise provided in this Code, write-in ~~Write-in~~ votes shall be counted only for persons who have filed notarized declarations of intent to be write-in candidates with the proper election authority or authorities not later than 61 days prior to the primary. However, whenever an objection to a candidate's nominating papers or petitions for any office is sustained under Section 10-10 after the 61st day before the election, then write-in votes shall be counted for that candidate if he or she has filed a notarized declaration of intent to be a write-in candidate for that office with the proper election authority or authorities not later than 7 days prior to the election.

Forms for the declaration of intent to be a write-in candidate shall be supplied by the election authorities. Such declaration shall specify the office for which the person seeks nomination or election as a write-in candidate.

The election authority or authorities shall deliver a list of all persons who have filed such declarations to the election judges in the appropriate precincts prior to the primary.

(c) (1) Notwithstanding any other provisions of this Section, where the number of candidates whose names have been printed on a party's ballot for nomination for or election to an office at a primary is less than the number of persons the party is entitled to nominate for or elect to the office at the primary, a person whose name was not printed on the party's primary ballot as a candidate for nomination for or election to the office, is not nominated for or elected to that office as a result of a write-in vote at the primary unless the number of votes he received equals or exceeds the number of signatures required on a petition for nomination for that office; or unless the number of votes he receives exceeds the number of votes received by at least one of the candidates whose names were printed on the primary ballot for nomination for or election to the same office.

(2) Paragraph (1) of this subsection does not apply where the number of candidates whose names have been printed on the party's ballot for nomination for or election to the office at the primary equals or exceeds the number of persons the party is entitled to nominate for or elect to the office at the primary.

(10 ILCS 5/7-60) (from Ch. 46, par. 7-60)

Sec. 7-60. Not less than 74 days before the date of the general election, the State Board of Elections shall certify to the county clerks the names of each of the candidates who have been nominated as shown by the proclamation of the State Board of Elections as a canvassing board or who have been nominated to fill a vacancy in nomination and direct the election authority to place upon the official ballot for the general election the names of such candidates in the same manner and in the same order as shown upon the certification, except as otherwise provided in this Code Section.

Except as otherwise provided in this Code, not ~~Not~~ less than 68 days before the date of the general election, each county clerk shall certify the names of each of the candidates for county offices who have been nominated as shown by the proclamation of the county election authority or who have been nominated to fill a vacancy in nomination and declare that the names of such candidates for the respective offices shall be placed upon the official ballot for the general election in the same manner and in the same order as shown upon the certification, except as otherwise provided by this Section. Each county clerk shall place a copy of the certification on file in his or her office and at the same time issue to the State Board of Elections a copy of such certification. In addition, each county clerk in whose county there is a board of election commissioners shall, not less than 68 days before the date of the general election, issue to such board a copy of the certification that has been filed in the county clerk's office, together with a copy of the certification that has been issued to the clerk by the State Board of Elections, with directions to the board of election commissioners to place upon the official ballot for the general election in that election jurisdiction the names of all candidates that are listed on such certifications, in the same manner and in the same order as shown upon such certifications, except as otherwise provided in this Section.

Whenever there are two or more persons nominated by the same political party for multiple offices for any board, the name of the candidate of such party receiving the highest number of votes in the primary election as a candidate for such office, as shown by the official election returns of the primary, shall be certified first under the name of such offices, and the names of the remaining candidates of such party for such offices shall follow in the order of the number of votes received by them respectively at the primary election as shown by the official election results.

No person who is shown by the final proclamation to have been nominated or elected at the primary as a write-in candidate shall have his or her name certified unless such person shall have filed with the certifying office or board within 10 days after the election authority's proclamation a statement of candidacy pursuant to Section 7-10, a statement pursuant to Section 7-10.1, and a receipt for the filing of a statement of economic interests in relation to the unit of government to which he or she has been elected or nominated.

Each county clerk and board of election commissioners shall determine by a fair and impartial method of random selection the order of placement of established political party candidates for the general election ballot. Such determination shall be made within 30 days following the canvass and proclamation of the results of the general primary in the office of the county clerk or board of election commissioners and shall be open to the public. Seven days written notice of the time and place of conducting such random selection shall be given, by each such election authority, to the County Chair of each established political party, and to

each organization of citizens within the election jurisdiction which was entitled, under this Article, at the next preceding election, to have pollwatchers present on the day of election. Each election authority shall post in a conspicuous, open and public place, at the entrance of the election authority office, notice of the time and place of such lottery. However, a board of election commissioners may elect to place established political party candidates on the general election ballot in the same order determined by the county clerk of the county in which the city under the jurisdiction of such board is located.

Each certification shall indicate, where applicable, the following:

- (1) The political party affiliation of the candidates for the respective offices;
- (2) If there is to be more than one candidate elected to an office from the State, political subdivision or district;
- (3) If the voter has the right to vote for more than one candidate for an office;
- (4) The term of office, if a vacancy is to be filled for less than a full term or if the offices to be filled in a political subdivision are for different terms.

The State Board of Elections or the county clerk, as the case may be, shall issue an amended certification whenever it is discovered that the original certification is in error.

(10 ILCS 5/7-61) (from Ch. 46, par. 7-61)

Sec. 7-61. Whenever a special election is necessary the provisions of this Article are applicable to the nomination of candidates to be voted for at such special election.

In cases where a primary election is required the officer or board or commission whose duty it is under the provisions of this Act relating to general elections to call an election, shall fix a date for the primary for the nomination of candidates to be voted for at such special election. Notice of such primary shall be given at least 15 days prior to the maximum time provided for the filing of petitions for such a primary as provided in Section 7-12.

Any vacancy in nomination under the provisions of this Article 7 occurring on or after the primary and prior to certification of candidates by the certifying board or officer, must be filled prior to the date of certification. Any vacancy in nomination occurring after certification but prior to 15 days before the general election shall be filled within 8 days after the event creating the vacancy. The resolution filling the vacancy shall be sent by U. S. mail or personal delivery to the certifying officer or board within 3 days of the action by which the vacancy was filled; provided, if such resolution is sent by mail and the U. S. postmark on the envelope containing such resolution is dated prior to the expiration of such 3 day limit, the resolution shall be deemed filed within such 3 day limit. Failure to so transmit the resolution within the time specified in this Section shall authorize the certifying officer or board to certify the original candidate. Vacancies shall be filled by the officers of a local municipal or township political party as specified in subsection (h) of Section 7-8, other than a statewide political party, that is established only within a municipality or township and the managing committee (or legislative committee in case of a candidate for State Senator or representative committee in the case of a candidate for State Representative in the General Assembly or State central committee in the case of a candidate for statewide office, including but not limited to the office of United States Senator) of the respective political party for the territorial area in which such vacancy occurs.

The resolution to fill a vacancy in nomination shall be duly acknowledged before an officer qualified to take acknowledgements of deeds and shall include, upon its face, the following information:

- (a) the name of the original nominee and the office vacated;
- (b) the date on which the vacancy occurred;
- (c) the name and address of the nominee selected to fill the vacancy and the date of selection.

The resolution to fill a vacancy in nomination shall be accompanied by a Statement of Candidacy, as prescribed in Section 7-10, completed by the selected nominee and a receipt indicating that such nominee has filed a statement of economic interests as required by the Illinois Governmental Ethics Act.

The provisions of Section 10-8 through 10-10.1 relating to objections to certificates of nomination and nomination papers, hearings on objections, and judicial review, shall apply to and govern objections to resolutions for filling a vacancy in nomination.

Any vacancy in nomination occurring 15 days or less before the consolidated election or the general election shall not be filled. In this event, the certification of the original candidate shall stand and his name shall appear on the official ballot to be voted at the general election.

A vacancy in nomination occurs when a candidate who has been nominated under the provisions of this Article 7 dies before the election (whether death occurs prior to, on or after the day of the primary), or declines the nomination; provided that nominations may become vacant for other reasons.

If the name of no established political party candidate was printed on the consolidated primary ballot for a particular office and if no person was nominated as a write-in candidate for such office, a vacancy in nomination shall be created which may be filled in accordance with the requirements of this Section. Except as otherwise provided in this Code, if ~~If~~ the name of no established political party candidate was printed on the general primary ballot for a particular office and if no person was nominated as a write-in candidate for such office, a vacancy in nomination shall be filled only by a person designated by the appropriate committee of the political party and only if that designated person files nominating petitions with the number of signatures required for an established party candidate for that office within 75 days after the day of the general primary. The circulation period for those petitions begins on the day the appropriate committee designates that person. The person shall file his or her nominating petitions, statements of candidacy, notice of appointment by the appropriate committee, and receipt of filing his or her statement of economic interests together. These documents shall be filed at the same location as provided in Section 7-12. The electoral boards having jurisdiction under Section 10-9 to hear and pass upon objections to nominating petitions also shall hear and pass upon objections to nomination petitions filed by candidates under this paragraph.

A candidate for whom a nomination paper has been filed as a partisan candidate at a primary election, and who is defeated for his or her nomination at such primary election, is ineligible to be listed on the ballot at that general or consolidated election as a candidate of another political party.

A candidate seeking election to an office for which candidates of political parties are nominated by caucus who is a participant in the caucus and who is defeated for his or her nomination at such caucus, is ineligible to be listed on the ballot at that general or consolidated election as a candidate of another political party.

In the proceedings to nominate a candidate to fill a vacancy or to fill a vacancy in the nomination, each precinct, township, ward, county or congressional district, as the case may be, shall through its representative on such central or managing committee, be entitled to one vote for each ballot voted in such precinct, township, ward, county or congressional district, as the case may be, by the primary electors of its party at the primary election immediately preceding the meeting at which such vacancy is to be filled.

For purposes of this Section, the words "certify" and "certification" shall refer to the act of officially declaring the names of candidates entitled to be printed upon the official ballot at an election and directing election authorities to place the names of such candidates upon the official ballot. "Certifying officers or board" shall refer to the local election official, election authority or the State Board of Elections, as the case may be, with whom nomination papers, including certificates of nomination and resolutions to fill vacancies in nomination, are filed and whose duty it is to "certify" candidates.

Sec. 8-5. Legislative committees; representative committees. There shall be constituted one legislative committee for each political party in each legislative district and one representative committee for each political party in each representative district. Legislative and representative committees shall be composed as follows:

In legislative or representative districts within or including a portion of any county containing 2,000,000 or more inhabitants, the legislative or representative committee of a political party shall consist of the committeepersons of such party representing each township or ward of such county any portion of which township or ward is included within such legislative or representative district and the chair of each county central committee of such party of any county containing less than 2,000,000 inhabitants any portion of which county is included within such legislative or representative district.

In the remainder of the State, the legislative or representative committee of a political party shall consist of the chair of each county central committee of such party, any portion of which county is included within such legislative or representative district; but if a legislative or representative district comprises only one county, or part of a county, its legislative or representative committee shall consist of the chair of the county central committee and 2 members of the county central committee appointed who reside in the legislative or representative district, as the case may be, elected by the chair of the county central committee.

Within 180 days after the primary of the even-numbered year immediately following the decennial redistricting required by Section 3 of Article IV of the Illinois Constitution of 1970, the ward committeepersons, township committeepersons or chairmen of county central committees within each of the redistricted legislative and representative districts shall meet and proceed to organize by electing from

among their own number a chair and, either from among their own number or otherwise, such other officers as they may deem necessary or expedient. The ward committeepersons, township committeepersons or chairmen of county central committees shall determine the time and place (which shall be in the limits of such district) of such meeting. Immediately upon completion of organization, the chair shall forward to the State Board of Elections the names and addresses of the chair and secretary of the committee. A vacancy shall occur when a member dies, resigns or ceases to reside in the county, township or ward which he represented.

Within 180 days after the primary of each other even-numbered year, each legislative committee and representative committee shall meet and proceed to organize by electing from among its own number a chair, and either from its own number or otherwise, such other officers as each committee may deem necessary or expedient. Immediately upon completion of organization, the chair shall forward to the State Board of Elections, the names and addresses of the chair and secretary of the committee. The outgoing chair of such committee shall notify the members of the time and place (which shall be in the limits of such district) of such meeting. A vacancy shall occur when a member dies, resigns, or ceases to reside in the county, township or ward, which he represented.

If any change is made in the boundaries of any precinct, township or ward, the committeeperson previously elected therefrom shall continue to serve, as if no boundary change had occurred, for the purpose of acting as a member of a legislative or representative committee until his successor is elected or appointed. (10 ILCS 5/8-8) (from Ch. 46, par. 8-8)

The name of no candidate for nomination shall be printed upon the primary ballot unless a petition for nomination shall have been filed in his behalf as provided for in this Section. Each such petition shall include as a part thereof the oath required by Section 7-10.1 of this Act and a statement of candidacy by the candidate filing or in whose behalf the petition is filed. This statement shall set out the address of such candidate, the office for which he is a candidate, shall state that the candidate is a qualified primary voter of the party to which the petition relates, is qualified for the office specified and has filed a statement of economic interests as required by the Illinois Governmental Ethics Act, shall request that the candidate's name be placed upon the official ballot and shall be subscribed and sworn by such candidate before some officer authorized to take acknowledgment of deeds in this State and may be in substantially the following form:

The receipt issued by the Secretary of State indicating that the candidate has filed the statement of economic interests required by the Illinois Governmental Ethics Act must be filed with the petitions for nomination as provided in subsection (8) of Section 7-12 of this Code.

Except as otherwise provided in this Code, all ~~At~~ petitions for nomination for the office of State Senator shall be signed by at least 1,000 but not more than 3,000 of the qualified primary electors of the candidate's party in his legislative district.

Except as otherwise provided in this Code, all ~~At~~ petitions for nomination for the office of Representative in the General Assembly shall be signed by at least 500 but not more than 1,500 of the qualified primary electors of the candidate's party in his or her representative district.

Opposite the signature of each qualified primary elector who signs a petition for nomination for the office of State Representative or State Senator such elector's residence address shall be written or printed. The residence address required to be written or printed opposite each qualified primary elector's name shall

include the street address or rural route number of the signer, as the case may be, as well as the signer's county and city, village or town.

For the purposes of this Section, the number of primary electors shall be determined by taking the total vote cast, in the applicable district, for the candidate for such political party who received the highest number of votes, state-wide, at the last general election in the State at which electors for President of the United States were elected.

A "qualified primary elector" of a party may not sign petitions for or be a candidate in the primary of more than one party.

In the affidavit at the bottom of each sheet, the petition circulator, who shall be a person 18 years of age or older who is a citizen of the United States, shall state his or her street address or rural route number, as the case may be, as well as his or her county, city, village or town, and state; and shall certify that the signatures on that sheet of the petition were signed in his or her presence; and shall certify that the signatures are genuine; and shall certify that to the best of his or her knowledge and belief the persons so signing were at the time of signing the petition qualified primary voters for which the nomination is sought.

In the affidavit at the bottom of each petition sheet, the petition circulator shall either (1) indicate the dates on which he or she circulated that sheet, or (2) indicate the first and last dates on which the sheet was circulated, or (3) certify that none of the signatures on the sheet were signed more than 90 days preceding the last day for the filing of the petition. No petition sheet shall be circulated more than 90 days preceding the last day provided in Section 8-9 for the filing of such petition.

(1) the person striking the signature shall initial the petition at the place where the signature is struck; and

(2) the person striking the signature shall sign a certification listing the page number and line number of each signature struck from the petition. Such certification shall be filed as a part of the petition.

(10 ILCS 5/8-8.1) (from Ch. 46, par. 8-8.1)

Sec. 8-8.1. In the designation of the name of a candidate on a petition for nomination, the candidate's given name or names, initial or initials, a nickname by which the candidate is commonly known, or a combination thereof, may be used in addition to the candidate's surname. If a candidate has changed his or her name, whether by a statutory or common law procedure in Illinois or any other jurisdiction, within 3 years before the last day for filing the petition for that office, then (i) the candidate's name on the petition must be followed by "formerly known as (list all prior names during the 3-year period) until name changed on (list date of each such name change)" and (ii) the petition must be accompanied by the candidate's affidavit stating the candidate's previous names during the period specified in (i) and the date or dates each of those names was changed; failure to meet these requirements shall be grounds for denying certification of the candidate's name for the ballot or removing the candidate's name from the ballot, as appropriate, but these requirements do not apply to name changes resulting from adoption to assume an adoptive parent's or parents' surname, marriage or civil union to assume a spouse's surname, or dissolution of marriage or civil union or declaration of invalidity of marriage or civil union to assume a former surname or a name change that conforms the candidate's name to his or her gender identity. No other designation such as a political slogan, title, or degree, or nickname suggesting or implying possession of a title, degree or professional status, or similar information may be used in connection with the candidate's surname.

Sec. 8-10. ~~Except as otherwise provided in this Code, not~~ ~~Not~~ less than 68 days prior to the date of the primary, the State Board of Elections shall certify to the county clerk for each county, the names of all candidates for legislative offices, as specified in the petitions for nominations on file in its office, which are to be voted for in such county, stating in such certificates the political affiliation of each candidate for nomination, as specified in the petitions. The State Board of Elections shall, in its certificate to the county clerk, certify to the county clerk the names of the candidates in the order in which the names shall appear upon the primary ballot, the names to appear in the order in which petitions have been filed.

Not less than 62 days prior to the date of the primary, the county clerk shall certify to the board of election commissioners if there be any such board in his county, the names of all candidates so certified to him by the State Board of Elections in the districts wholly or partly within the jurisdiction of said board and in the order in which such names are certified to him.

(10 ILCS 5/8-17) (from Ch. 46, par. 8-17)

Sec. 8-17. The death of any candidate prior to, or on, the date of the primary shall not affect the canvass of the ballots. If the result of such canvass discloses that such candidate, if he had lived, would have been nominated, such candidate shall be declared nominated.

In the event that a candidate of a party who has been nominated under the provisions of this Article shall die before election (whether death occurs prior to, or on, or after, the date of the primary) or decline the nomination or should the nomination for any other reason become vacant, the legislative or representative committee of such party for such district shall nominate a candidate of such party to fill such vacancy. However, if there was no candidate for the nomination of the party in the primary, except as otherwise provided in this Code, no candidate of that party for that office may be listed on the ballot at the general election, unless the legislative or representative committee of the party nominates a candidate to fill the vacancy in nomination within 75 days after the date of the general primary election. Vacancies in nomination occurring under this Article shall be filled by the appropriate legislative or representative committee in accordance with the provisions of Section 7-61 of this Code. In proceedings to fill the vacancy in nomination, the voting strength of the members of the legislative or representative committee shall be as provided in Section 8-6.

(10 ILCS 5/9-8.10)

Sec. 9-8.10. Use of political committee and other reporting organization funds.

(a) A political committee shall not make expenditures:

(1) In violation of any law of the United States or of this State.

(2) Clearly in excess of the fair market value of the services, materials, facilities, or other things of value received in exchange.

(3) For satisfaction or repayment of any debts other than loans made to the committee or to the public official or candidate on behalf of the committee or repayment of goods and services purchased by the committee under a credit agreement. Nothing in this Section authorizes the use of campaign funds to repay personal loans. The repayments shall be made by check written to the person who made the loan or credit agreement. The terms and conditions of any loan or credit agreement to a committee shall be set forth in a written agreement, including but not limited to the method and amount of repayment, that shall be executed by the chair or treasurer of the committee at the time of the loan or credit agreement. The loan or agreement shall also set forth the rate of interest for the loan, if any, which may not substantially exceed the prevailing market interest rate at the time the agreement is executed.

(4) For the satisfaction or repayment of any debts or for the payment of any expenses relating to a personal residence. Campaign funds may not be used as collateral for home mortgages.

(5) For clothing or personal laundry expenses, except clothing items rented by the public official or candidate for his or her own use exclusively for a specific campaign-related event, provided that committees may purchase costumes, novelty items, or other accessories worn primarily to advertise the candidacy.

(6) For the travel expenses of any person unless the travel is necessary for fulfillment of political, governmental, or public policy duties, activities, or purposes.

(7) For membership or club dues charged by organizations, clubs, or facilities that are primarily engaged in providing health, exercise, or recreational services; provided, however, that funds received under this Article may be used to rent the clubs or facilities for a specific campaign-related event.

(8) In payment for anything of value or for reimbursement of any expenditure for which any person has been reimbursed by the State or any person. For purposes of this item (8), a per diem allowance is not a reimbursement.

(9) For the lease or purchase of or installment payment for a motor vehicle unless the political committee can demonstrate ~~that purchase of a motor vehicle is more cost effective than leasing a motor vehicle as permitted under this item (9). A political committee may lease or purchase and insure, maintain, and repair a motor vehicle if the vehicle will be used primarily for campaign~~

purposes or for the performance of governmental duties. Nothing in this paragraph prohibits a political committee from using political funds to make expenditures related to vehicles not purchased or leased by a political committee, provided the expenditure relates to the use of the vehicle for primarily campaign purposes or the performance of governmental duties. A committee shall not make expenditures for use of the vehicle for non-campaign or non-governmental purposes. Persons using vehicles not purchased or leased by a political committee may be reimbursed for actual mileage for the use of the vehicle for campaign purposes or for the performance of governmental duties. The mileage reimbursements shall be made at a rate not to exceed the standard mileage rate method for computation of business expenses under the Internal Revenue Code.

(10) Directly for an individual's tuition or other educational expenses, except for governmental or political purposes directly related to a candidate's or public official's duties and responsibilities.

(11) For payments to a public official or candidate or his or her family member unless for compensation for services actually rendered by that person. The provisions of this item (11) do not apply to expenditures by a political committee for expenses related to providing childcare for a minor child or care for a dependent family member if the care is reasonably necessary for the public official or candidate to fulfill political or governmental duties. The provisions of this item (11) do not apply to expenditures by a political committee in an aggregate amount not exceeding the amount of funds reported to and certified by the State Board or county clerk as available as of June 30, 1998, in the semi-annual report of contributions and expenditures filed by the political committee for the period concluding June 30, 1998.

(b) The Board shall have the authority to investigate, upon receipt of a verified complaint, violations of the provisions of this Section. The Board may levy a fine on any person who knowingly makes expenditures in violation of this Section and on any person who knowingly makes a malicious and false accusation of a violation of this Section. The Board may act under this subsection only upon the affirmative vote of at least 5 of its members. The fine shall not exceed \$500 for each expenditure of \$500 or less and shall not exceed the amount of the expenditure plus \$500 for each expenditure greater than \$500. The Board shall also have the authority to render rulings and issue opinions relating to compliance with this Section.

(c) Nothing in this Section prohibits the expenditure of funds of a political committee controlled by an officeholder or by a candidate to defray the customary and reasonable expenses of an officeholder in connection with the performance of governmental and public service functions.

(d) Nothing in this Section prohibits the funds of a political committee which is controlled by a person convicted of a violation of any of the offenses listed in subsection (a) of Section 10 of the Public Corruption Profit Forfeiture Act from being forfeited to the State under Section 15 of the Public Corruption Profit Forfeiture Act.

Sec. 9-13. Audits of political committees.

(a) The Board shall have the authority to order a political committee to conduct an audit of the financial records required to be maintained by the committee to ensure compliance with Sections 9-8.5 and 9-10. Audits ordered by the Board shall be conducted as provided in this Section and as provided by Board rule.

(b) The Board may order a political committee to conduct an audit of its financial records for any of the following reasons: (i) a discrepancy between the ending balance of a reporting period and the beginning balance of the next reporting period, (ii) failure to account for previously reported investments or loans, or (iii) a discrepancy between reporting contributions received by or expenditures made for a political committee that are reported by another political committee, except the Board shall not order an audit pursuant to this item (iii) unless there is a willful pattern of inaccurate reporting or there is a pattern of similar inaccurate reporting involving similar contributions by the same contributor. Prior to ordering an audit, the Board shall afford the political committee due notice and an opportunity for a closed preliminary hearing. A political committee shall hire an entity qualified to perform an audit; except, a political committee shall not hire a person that has contributed to the political committee during the previous 4 years.

(c) In each calendar year, the Board shall randomly ~~select~~ order no more than 3% of registered political committees to conduct an audit. The Board shall establish a standard, scientific method of selecting the political committees that are to be audited so that every political committee has an equal mathematical chance of being selected. A political committee selected to conduct an audit through the random selection process shall only be required to conduct the audit if it was required to file at least one quarterly report

during the period to be covered by the audit and has: (i) a fund balance of \$10,000 or more as of the close of the most recent reporting period; (ii) an average closing fund balance of \$10,000 or more on quarterly reports occurring during the 2-year period to be covered by the audit; or (iii) average total receipts of \$10,000 or more on quarterly reports occurring during the 2-year period to be covered by the audit. Notwithstanding any other provision of this subsection, a political committee owing unpaid fines at the time of its random selection shall be ordered to conduct an audit. The Board shall not select additional registered political committees to conduct an audit to replace any of the originally selected political committees.

(d) Upon receipt of notification from the Board ordering an audit, a political committee shall conduct an audit of the financial records required to be maintained by the committee to ensure compliance with the contribution limitations established in Section 9-8.5 and the reporting requirements established in Section 9-3 and Section 9-10 for a period of 2 years from the close of the most recent reporting period or the period since the committee was previously ordered to conduct an audit, whichever is shorter. The entity performing the audit shall review the amount of funds and investments maintained by the political committee and ensure the financial records accurately account for any contributions and expenditures made by the political committee. A certified copy of the audit shall be delivered to the Board within 60 calendar days after receipt of notice from the Board, unless the Board grants an extension to complete the audit. A political committee ordered to conduct an audit through the random selection process shall not be required to conduct another audit for a minimum of 5 years unless the Board has reason to believe the political committee is in violation of Section 9-3, 9-8.5, or 9-10.

(e) The Board shall not disclose the name of any political committee ordered to conduct an audit or any documents in possession of the Board related to an audit unless, after review of the audit findings, the Board has reason to believe the political committee is in violation of Section 9-3, 9-8.5, or 9-10 and the Board imposed a fine.

(f) Failure to deliver a certified audit in a timely manner is a business offense punishable by a fine of \$250 per day that the audit is late, up to a maximum of \$5,000.

(10 ILCS 5/10-3) (from Ch. 46, par. 10-3)

Sec. 10-3. Nomination of independent candidates (not candidates of any political party), for any office to be filled by the voters of the State at large may also be made by nomination papers signed in the aggregate for each candidate by 1% of the number of voters who voted in the next preceding Statewide general election or 25,000 qualified voters of the State, whichever is less. Nominations of independent candidates for public office within any district or political subdivision less than the State, may be made by nomination papers signed in the aggregate for each candidate by qualified voters of such district, or political subdivision, equaling not less than 5%, nor more than 8% (or 50 more than the minimum, whichever is greater) of the number of persons, who voted at the next preceding regular election in such district or political subdivision in which such district or political subdivision voted as a unit for the election of officers to serve its respective territorial area. However, whenever the minimum signature requirement for an independent candidate petition for a district or political subdivision office shall exceed the minimum number of signatures for an independent candidate petition for an office to be filled by the voters of the State at large at the next preceding State-wide general election, such State-wide petition signature requirement shall be the minimum for an independent candidate petition for such district or political subdivision office. For the first election following a redistricting of congressional districts, nomination papers for an independent candidate for congressperson ~~congressman~~ shall be signed by at least 5,000 qualified voters of the congressional district. For the first election following a redistricting of legislative districts, nomination papers for an independent candidate for State Senator in the General Assembly shall be signed by at least 3,000 qualified voters of the legislative district. For the first election following a redistricting of representative districts, nomination papers for an independent candidate for State Representative in the General Assembly shall be signed by at least 1,500 qualified voters of the representative district. For the first election following redistricting of county board districts, or of municipal wards or districts, or for the first election following the initial establishment of such districts or wards in a county or municipality, nomination papers for an independent candidate for county board member, or for alderperson ~~alderman~~ or trustee of such municipality, shall be signed by qualified voters of the district or ward equal to not less than 5% nor more than 8% (or 50 more than the minimum, whichever is greater) of the total number of votes cast at the preceding general or general municipal election, as the case may be, for the county or municipal office voted on throughout such county or municipality for which the greatest total number of votes were cast for all candidates, divided by the number of districts or wards, but in any event

not less than 25 qualified voters of the district or ward. Each voter signing a nomination paper shall add to his signature his place of residence, and each voter may subscribe to one nomination for such office to be filled, and no more: Provided that the name of any candidate whose name may appear in any other place upon the ballot shall not be so added by petition for the same office.

The person circulating the petition, or the candidate on whose behalf the petition is circulated, may strike any signature from the petition, provided that;

(1) the person striking the signature shall initial the petition at the place where the signature is struck; and

(2) the person striking the signature shall sign a certification listing the page number and line number of each signature struck from the petition. Such certification shall be filed as a part of the petition.

(3) the persons striking signatures from the petition shall each sign an additional certificate specifying the number of certification pages listing stricken signatures which are attached to the petition and the page numbers indicated on such certifications. The certificate shall be filed as a part of the petition, shall be numbered, and shall be attached immediately following the last page of voters' signatures and before the certifications of stricken signatures.

(4) all of the foregoing requirements shall be necessary to effect a valid striking of any signature. The provisions of this Section authorizing the striking of signatures shall not impose any criminal liability on any person so authorized for signatures which may be fraudulent.

In the case of the offices of Governor and Lieutenant Governor a joint petition including one candidate for each of those offices must be filed.

A candidate for whom a nomination paper has been filed as a partisan candidate at a primary election, and who is defeated for his or her nomination at the primary election, is ineligible to be placed on the ballot as an independent candidate for election in that general or consolidated election.

A candidate seeking election to an office for which candidates of political parties are nominated by caucus who is a participant in the caucus and who is defeated for his or her nomination at such caucus, is ineligible to be listed on the ballot at that general or consolidated election as an independent candidate.

(10 ILCS 5/10-4) (from Ch. 46, par. 10-4)

Sec. 10-4. Form of petition for nomination. All petitions for nomination under this Article 10 for candidates for public office in this State, shall in addition to other requirements provided by law, be as follows: Such petitions shall consist of sheets of uniform size and each sheet shall contain, above the space for signature, an appropriate heading, giving the information as to name of candidate or candidates in whose behalf such petition is signed; the office; the party; place of residence; and such other information or wording as required to make same valid, and the heading of each sheet shall be the same. Such petition shall be signed by the qualified voters in their own proper persons only, and opposite the signature of each signer his residence address shall be written or printed. The residence address required to be written or printed opposite each qualified primary elector's name shall include the street address or rural route number of the signer, as the case may be, as well as the signer's county, and city, village or town, and state. However, the county or city, village or town, and state of residence of such electors may be printed on the petition forms where all of the electors signing the petition reside in the same county or city, village or town, and state. Standard abbreviations may be used in writing the residence address, including street number, if any. Except as otherwise provided in this Code, no ~~No~~ signature shall be valid or be counted in considering the validity or sufficiency of such petition unless the requirements of this Section are complied with. At the bottom of each sheet of such petition shall be added a circulator's statement, signed by a person 18 years of age or older who is a citizen of the United States; stating the street address or rural route number, as the case may be, as well as the county, city, village or town, and state; certifying that the signatures on that sheet of the petition were signed in his or her presence; certifying that the signatures are genuine; and either (1) indicating the dates on which that sheet was circulated, or (2) indicating the first and last dates on which the sheet was circulated, or (3) certifying that none of the signatures on the sheet were signed more than 90 days preceding the last day for the filing of the petition; and certifying that to the best of his knowledge and belief the persons so signing were at the time of signing the petition duly registered voters under Articles 4, 5 or 6 of the Code of the political subdivision or district for which the candidate or candidates shall be nominated, and certifying that their respective residences are correctly stated therein. Such statement shall be sworn to before some officer authorized to administer oaths in this State. Except as otherwise provided in this Code, no ~~No~~ petition sheet shall be circulated more than 90 days preceding the last day provided in Section 10-6

for the filing of such petition. Such sheets, before being presented to the electoral board or filed with the proper officer of the electoral district or division of the state or municipality, as the case may be, shall be neatly fastened together in book form, by placing the sheets in a pile and fastening them together at one edge in a secure and suitable manner, and the sheets shall then be numbered consecutively. The sheets shall not be fastened by pasting them together end to end, so as to form a continuous strip or roll. All petition sheets which are filed with the proper local election officials, election authorities or the State Board of Elections shall be the original sheets which have been signed by the voters and by the circulator, and not photocopies or duplicates of such sheets. A petition, when presented or filed, shall not be withdrawn, altered, or added to, and no signature shall be revoked except by revocation in writing presented or filed with the officers or officer with whom the petition is required to be presented or filed, and before the presentment or filing of such petition. Whoever forges any name of a signer upon any petition shall be deemed guilty of a forgery, and on conviction thereof, shall be punished accordingly. The word "petition" or "petition for nomination", as used herein, shall mean what is sometimes known as nomination papers, in distinction to what is known as a certificate of nomination. The words "political division for which the candidate is nominated", or its equivalent, shall mean the largest political division in which all qualified voters may vote upon such candidate or candidates, as the state in the case of state officers; the township in the case of township officers et cetera. Provided, further, that no person shall circulate or certify petitions for candidates of more than one political party, or for an independent candidate or candidates in addition to one political party, to be voted upon at the next primary or general election, or for such candidates and parties with respect to the same political subdivision at the next consolidated election.

Sec. 10-5.1. In the designation of the name of a candidate on a certificate of nomination or nomination papers the candidate's given name or names, initial or initials, a nickname by which the candidate is commonly known, or a combination thereof, may be used in addition to the candidate's surname. If a candidate has changed his or her name, whether by a statutory or common law procedure in Illinois or any other jurisdiction, within 3 years before the last day for filing the certificate of nomination or nomination papers for that office, whichever is applicable, then (i) the candidate's name on the certificate or papers must be followed by "formerly known as (list all prior names during the 3-year period) until name changed on (list date of each such name change)" and (ii) the certificate or paper must be accompanied by the candidate's affidavit stating the candidate's previous names during the period specified in (i) and the date or dates each of those names was changed; failure to meet these requirements shall be grounds for denying certification of the candidate's name for the ballot or removing the candidate's name from the ballot, as appropriate, but these requirements do not apply to name changes resulting from adoption to assume an adoptive parent's or parents' surname, marriage or civil union to assume a spouse's surname, or dissolution of marriage or civil union or declaration of invalidity of marriage or civil union to assume a former surname or a name change that conforms the candidate's name to his or her gender identity. No other designation such as a political slogan, title, or degree, or nickname suggesting or implying possession of a title, degree or professional status, or similar information may be used in connection with the candidate's surname.

Sec. 10-6. Time and manner of filing. Except as otherwise provided in this Code, certificates ~~Certificates~~ of nomination and nomination papers for the nomination of candidates for offices to be filled by electors of the entire State, or any district not entirely within a county, or for congressional, state legislative or judicial offices, shall be presented to the principal office of the State Board of Elections not more than 141 nor less than 134 days previous to the day of election for which the candidates are nominated. The State Board of Elections shall endorse the certificates of nomination or nomination papers, as the case may be, and the date and hour of presentment to it. Except as otherwise provided in this Code section, all other certificates for the nomination of candidates shall be filed with the county clerk of the respective counties not more than 141 but at least 134 days previous to the day of such election. Certificates of nomination and nomination papers for the nomination of candidates for school district offices to be filled at consolidated elections shall be filed with the county clerk or county board of election commissioners of the county in which the principal office of the school district is located not more than 113 nor less than 106 days before the consolidated election. - (1) (Blank);
- (2) not more than 113 nor less than 106 days prior to the consolidated election; or

(10 ILCS 5/10-7) (from Ch. 46, par. 10-7)

Sec. 10-7. Except as otherwise provided in this Code, any ~~Any~~ person whose name has been presented as a candidate, including nonpartisan and independent candidates, may cause his name to be withdrawn from any such nomination by his request in writing, signed by him and duly acknowledged before an officer qualified to take acknowledgment of deeds, and presented to the principal office or permanent branch office of the Board, the election authority, or the local election official, as the case may be, not later than the date for certification of candidates for the ballot. No name so withdrawn shall be printed upon the ballots under the party appellation or title from which the candidate has withdrawn his name. If such a request for withdrawal is received after the date for certification of the candidates for the ballot, then the votes cast for the withdrawn candidate are invalid and shall not be reported by the election authority. If the name of the same person has been presented as a candidate for 2 or more offices which are incompatible so that the same person could not serve in more than one of such offices if elected, that person must withdraw as a candidate for all but one of such offices within the 5 business days following the last day for petition filing. If he fails to withdraw as a candidate for all but one of such offices within such time, his name shall not be certified, nor printed on the ballot, for any office. However, nothing in this section shall be construed as precluding a judge who is seeking retention in office from also being a candidate for another judicial office. Except as otherwise herein provided, in case the certificate of nomination or petition as provided for in this Article shall contain or exhibit the name of any candidate for any office upon more than one of said certificates or petitions (for the same office), then and in that case the Board or election authority or local election official, as the case may be, shall immediately notify said candidate of said fact and that his name appears unlawfully upon more than one of said certificates or petitions and that within 3 days from the receipt of said notification, said candidate must elect as to which of said political party appellations or groups he desires his name to appear and remain under upon said ballot, and if said candidate refuses, fails or neglects to make such election, then and in that case the Board or election authority or local election official, as the case may be, shall permit the name of said candidate to appear or be printed or placed upon said ballot only under the political party appellation or group appearing on the certificate of nomination or petition, as the case may be, first filed, and shall strike or cause to be stricken the name of said candidate from all certificates of nomination and petitions filed after the first such certificate of nomination or petition.

Whenever the name of a candidate for an office is withdrawn from a new political party petition, it shall constitute a vacancy in nomination for that office which may be filled in accordance with Section 10-11 of this Article; provided, that if the names of all candidates for all offices on a new political party petition are withdrawn or such petition is declared invalid by an electoral board or upon judicial review, no vacancies in nomination for those offices shall exist and the filing of any notice or resolution purporting to fill vacancies in nomination shall have no legal effect.

Whenever the name of an independent candidate for an office is withdrawn or an independent candidate's petition is declared invalid by an electoral board or upon judicial review, no vacancy in nomination for that office shall exist and the filing of any notice or resolution purporting to fill a vacancy in nomination shall have no legal effect.

[May 31, 2021]

All certificates of nomination and nomination papers when presented or filed shall be open, under proper regulation, to public inspection, and the State Board of Elections and the several election authorities and local election officials having charge of nomination papers shall preserve the same in their respective offices not less than 6 months.

(10 ILCS 5/10-8) (from Ch. 46, par. 10-8)

Sec. 10-8. ~~Except as otherwise provided in this Code, certificates~~ ~~Certificates~~ of nomination and nomination papers, and petitions to submit public questions to a referendum, being filed as required by this Code, and being in apparent conformity with the provisions of this Act, shall be deemed to be valid unless objection thereto is duly made in writing within 5 business days after the last day for filing the certificate of nomination or nomination papers or petition for a public question, with the following exceptions:

A. In the case of petitions to amend Article IV of the Constitution of the State of Illinois, there shall be a period of 35 business days after the last day for the filing of such petitions in which objections can be filed.

B. In the case of petitions for advisory questions of public policy to be submitted to the voters of the entire State, there shall be a period of 35 business days after the last day for the filing of such petitions in which objections can be filed.

Any legal voter of the political subdivision or district in which the candidate or public question is to be voted on, or any legal voter in the State in the case of a proposed amendment to Article IV of the Constitution or an advisory public question to be submitted to the voters of the entire State, having objections to any certificate of nomination or nomination papers or petitions filed, shall file an objector's petition together with 2 copies thereof in the principal office or the permanent branch office of the State Board of Elections, or in the office of the election authority or local election official with whom the certificate of nomination, nomination papers or petitions are on file. Objection petitions that do not include 2 copies thereof, shall not be accepted. In the case of nomination papers or certificates of nomination, the State Board of Elections, election authority or local election official shall note the day and hour upon which such objector's petition is filed, and shall, not later than 12:00 noon on the second business day after receipt of the petition, transmit by registered mail or receipted personal delivery the certificate of nomination or nomination papers and the original objector's petition to the chair of the proper electoral board designated in Section 10-9 hereof, or his authorized agent, and shall transmit a copy by registered mail or receipted personal delivery of the objector's petition, to the candidate whose certificate of nomination or nomination papers are objected to, addressed to the place of residence designated in said certificate of nomination or nomination papers. In the case of objections to a petition for a proposed amendment to Article IV of the Constitution or for an advisory public question to be submitted to the voters of the entire State, the State Board of Elections shall note the day and hour upon which such objector's petition is filed and shall transmit a copy of the objector's petition by registered mail or receipted personal delivery to the person designated on a certificate attached to the petition as the principal proponent of such proposed amendment or public question, or as the proponents' attorney, for the purpose of receiving notice of objections. In the case of objections to a petition for a public question, to be submitted to the voters of a political subdivision, or district thereof, the election authority or local election official with whom such petition is filed shall note the day and hour upon which such objector's petition was filed, and shall, not later than 12:00 noon on the second business day after receipt of the petition, transmit by registered mail or receipted personal delivery the petition for the public question and the original objector's petition to the chair of the proper electoral board designated in Section 10-9 hereof, or his authorized agent, and shall transmit a copy by registered mail or receipted personal delivery, of the objector's petition to the person designated on a certificate attached to the petition as the principal proponent of the public question, or as the proponent's attorney, for the purposes of receiving notice of objections.

The objector's petition shall give the objector's name and residence address, and shall state fully the nature of the objections to the certificate of nomination or nomination papers or petitions in question, and shall state the interest of the objector and shall state what relief is requested of the electoral board.

The provisions of this Section and of Sections 10-9, 10-10 and 10-10.1 shall also apply to and govern objections to petitions for nomination filed under Article 7 or Article 8, except as otherwise provided in Section 7-13 for cases to which it is applicable, and also apply to and govern petitions for the submission of public questions under Article 28.

(10 ILCS 5/10-14) (from Ch. 46, par. 10-14)

Sec. 10-14. Except as otherwise provided in this Code, not ~~Not~~ less than 74 days before the date of the general election the State Board of Elections shall certify to the county clerk of each county the name of each candidate whose nomination papers, certificate of nomination or resolution to fill a vacancy in nomination has been filed with the State Board of Elections and direct the county clerk to place upon the official ballot for the general election the names of such candidates in the same manner and in the same order as shown upon the certification. The name of no candidate for an office to be filled by the electors of the entire state shall be placed upon the official ballot unless his name is duly certified to the county clerk upon a certificate signed by the members of the State Board of Elections. The names of group candidates on petitions shall be certified to the several county clerks in the order in which such names appear on such petitions filed with the State Board of Elections.

Except as otherwise provided in this Code, not ~~Not~~ less than 68 days before the date of the general election, each county clerk shall certify the names of each of the candidates for county offices whose nomination papers, certificates of nomination or resolutions to fill a vacancy in nomination have been filed with such clerk and declare that the names of such candidates for the respective offices shall be placed upon the official ballot for the general election in the same manner and in the same order as shown upon the certification. Each county clerk shall place a copy of the certification on file in his or her office and at the same time issue to the State Board of Elections a copy of such certification. In addition, each county clerk in whose county there is a board of election commissioners shall, not less than 69 days before the election, certify to the board of election commissioners the name of the person or persons nominated for such office as shown by the certificate of the State Board of Elections, together with the names of all other candidates as shown by the certification of county officers on file in the clerk's office, and in the order so certified. The county clerk or board of election commissioners shall print the names of the nominees on the ballot for each office in the order in which they are certified to or filed with the county clerk; provided, that in printing the name of nominees for any office, if any of such nominees have also been nominated by one or more political parties pursuant to this Act, the location of the name of such candidate on the ballot for nominations made under this Article shall be precisely in the same order in which it appears on the certification of the State Board of Elections to the county clerk.

For the general election, the candidates of new political parties shall be placed on the ballot for said election after the established political party candidates and in the order of new political party petition filings.

Each certification shall indicate, where applicable, the following:

- (1) The political party affiliation if any, of the candidates for the respective offices;
- (2) If there is to be more than one candidate elected to an office from the State, political subdivision or district;
- (3) If the voter has the right to vote for more than one candidate for an office;
- (4) The term of office, if a vacancy is to be filled for less than a full term or if the offices to be filled in a political subdivision are for different terms.

The State Board of Elections or the county clerk, as the case may be, shall issue an amended certification whenever it is discovered that the original certification is in error.

Sec. 11-8. Vote centers.

(a) Notwithstanding any law to the contrary, election authorities shall establish one location to be located at an office of the election authority or in the largest municipality within its jurisdiction where all voters in its jurisdiction are allowed to vote on election day during polling place hours, regardless of the precinct in which they are registered. An election authority establishing such a location under this Section shall identify the location, hours of operation, and health and safety requirements by the 40th day preceding the 2022 general primary election and certify such to the State Board of Election.

(b) This Section is repealed on January 1, 2023.

(10 ILCS 5/16-3) (from Ch. 46, par. 16-3)

Sec. 16-3. (a) The names of all candidates to be voted for in each election district or precinct shall be printed on one ballot, except as is provided in Sections 16-6.1 and 21-1.01 of this Act and except as otherwise provided in this Act with respect to the odd year regular elections and the emergency referenda; all nominations of any political party being placed under the party appellation or title of such party as designated in the certificates of nomination or petitions. The names of all independent candidates shall be printed upon the ballot in a column or columns under the heading "independent" arranged under the names or titles of the respective offices for which such independent candidates shall have been nominated and so

far as practicable, the name or names of any independent candidate or candidates for any office shall be printed upon the ballot opposite the name or names of any candidate or candidates for the same office contained in any party column or columns upon said ballot. The ballot shall contain no other names, except that in cases of electors for President and Vice-President of the United States, the names of the candidates for President and Vice-President may be added to the party designation and words calculated to aid the voter in his choice of candidates may be added, such as "Vote for one," "Vote for not more than three." If no candidate or candidates file for an office and if no person or persons file a declaration as a write-in candidate for that office, then below the title of that office the election authority instead shall print "No Candidate". When an electronic voting system is used which utilizes a ballot label booklet, the candidates and questions shall appear on the pages of such booklet in the order provided by this Code; and, in any case where candidates for an office appear on a page which does not contain the name of any candidate for another office, and where less than 50% of the page is utilized, the name of no candidate shall be printed on the lowest 25% of such page. On the back or outside of the ballot, so as to appear when folded, shall be printed the words "Official Ballot", followed by the designation of the polling place for which the ballot is prepared, the date of the election and a facsimile of the signature of the election authority who has caused the ballots to be printed. The ballots shall be of plain white paper, through which the printing or writing cannot be read. However, ballots for use at the nonpartisan and consolidated elections may be printed on different color paper, except blue paper, whenever necessary or desirable to facilitate distinguishing between ballots for different political subdivisions. In the case of nonpartisan elections for officers of a political subdivision, unless the statute or an ordinance adopted pursuant to Article VII of the Constitution providing the form of government therefor requires otherwise, the column listing such nonpartisan candidates shall be printed with no appellation or circle at its head. The party appellation or title, or the word "independent" at the head of any column provided for independent candidates, shall be printed in letters not less than one-fourth of an inch in height and a circle one-half inch in diameter shall be printed at the beginning of the line in which such appellation or title is printed, provided, however, that no such circle shall be printed at the head of any column or columns provided for such independent candidates. The names of candidates shall be printed in letters not less than one-eighth nor more than one-fourth of an inch in height, and at the beginning of each line in which a name of a candidate is printed a square shall be printed, the sides of which shall be not less than one-fourth of an inch in length. However, the names of the candidates for Governor and Lieutenant Governor on the same ticket shall be printed within a bracket and a single square shall be printed in front of the bracket. The list of candidates of the several parties and any such list of independent candidates shall be placed in separate columns on the ballot in such order as the election authorities charged with the printing of the ballots shall decide; provided, that the names of the candidates of the several political parties, certified by the State Board of Elections to the several county clerks shall be printed by the county clerk of the proper county on the official ballot in the order certified by the State Board of Elections. Any county clerk refusing, neglecting or failing to print on the official ballot the names of candidates of the several political parties in the order certified by the State Board of Elections, and any county clerk who prints or causes to be printed upon the official ballot the name of a candidate, for an office to be filled by the Electors of the entire State, whose name has not been duly certified to him upon a certificate signed by the State Board of Elections shall be guilty of a Class C misdemeanor.

(b) When an electronic voting system is used which utilizes a ballot card, on the inside flap of each ballot card envelope there shall be printed a form for write-in voting which shall be substantially as follows:

WRITE-IN VOTES

(See card of instructions for specific information. Duplicate form below by hand for additional write-in votes.)

\_\_\_\_\_  
Title of Office  
( ) \_\_\_\_\_  
Name of Candidate

Write-in lines equal to the number of candidates for which a voter may vote shall be printed for an office only if one or more persons filed declarations of intent to be write-in candidates or qualify to file declarations to be write-in candidates under Sections 17-16.1 and 18-9.1 when the certification of ballot contains the words "OBJECTION PENDING".

(c) When an electronic voting system is used which uses a ballot sheet, the instructions to voters on the ballot sheet shall refer the voter to the card of instructions for specific information on write-in voting. Below each office appearing on such ballot sheet there shall be a provision for the casting of a write-in vote.

Write-in lines equal to the number of candidates for which a voter may vote shall be printed for an office only if one or more persons filed declarations of intent to be write-in candidates or qualify to file declarations to be write-in candidates under Sections 17-16.1 and 18-9.1 when the certification of ballot contains the words "OBJECTION PENDING".

(d) When such electronic system is used, there shall be printed on the back of each ballot card, each ballot card envelope, and the first page of the ballot label when a ballot label is used, the words "Official Ballot," followed by the number of the precinct or other precinct identification, which may be stamped, in lieu thereof and, as applicable, the number and name of the township, ward or other election district for which the ballot card, ballot card envelope, and ballot label are prepared, the date of the election and a facsimile of the signature of the election authority who has caused the ballots to be printed. The back of the ballot card shall also include a method of identifying the ballot configuration such as a listing of the political subdivisions and districts for which votes may be cast on that ballot, or a number code identifying the ballot configuration or color coded ballots, except that where there is only one ballot configuration in a precinct, the precinct identification, and any applicable ward identification, shall be sufficient. Ballot card envelopes used in punch card systems shall be of paper through which no writing or punches may be discerned and shall be of sufficient length to enclose all voting positions. However, the election authority may provide ballot card envelopes on which no precinct number or township, ward or other election district designation, or election date are preprinted, if space and a preprinted form are provided below the space provided for the names of write-in candidates where such information may be entered by the judges of election. Whenever an election authority utilizes ballot card envelopes on which the election date and precinct is not preprinted, a judge of election shall mark such information for the particular precinct and election on the envelope in ink before tallying and counting any write-in vote written thereon. If some method of insuring ballot secrecy other than an envelope is used, such information must be provided on the ballot itself.

(e) In the designation of the name of a candidate on the ballot, the candidate's given name or names, initial or initials, a nickname by which the candidate is commonly known, or a combination thereof, may be used in addition to the candidate's surname. If a candidate has changed his or her name, whether by a statutory or common law procedure in Illinois or any other jurisdiction, within 3 years before the last day for filing the petition for nomination, nomination papers, or certificate of nomination for that office, whichever is applicable, then (i) the candidate's name on the ballot must be followed by "formerly known as (list all prior names during the 3-year period) until name changed on (list date of each such name change)" and (ii) the petition, papers, or certificate must be accompanied by the candidate's affidavit stating the candidate's previous names during the period specified in (i) and the date or dates each of those names was changed; failure to meet these requirements shall be grounds for denying certification of the candidate's name for the ballot or removing the candidate's name from the ballot, as appropriate, but these requirements do not apply to name changes resulting from adoption to assume an adoptive parent's or parents' surname, marriage or civil union to assume a spouse's surname, or dissolution of marriage or civil union or declaration of invalidity of marriage or civil union to assume a former surname or a name change that conforms the candidate's name to his or her gender identity. No other designation such as a political slogan, title, or degree or nickname suggesting or implying possession of a title, degree or professional status, or similar information may be used in connection with the candidate's surname. For purposes of this Section, a "political slogan" is defined as any word or words expressing or connoting a position, opinion, or belief that the candidate may espouse, including but not limited to, any word or words conveying any meaning other than that of the personal identity of the candidate. A candidate may not use a political slogan as part of his or her name on the ballot, notwithstanding that the political slogan may be part of the candidate's name.

(f) The State Board of Elections, a local election official, or an election authority shall remove any candidate's name designation from a ballot that is inconsistent with subsection (e) of this Section. In addition, the State Board of Elections, a local election official, or an election authority shall not certify to any election authority any candidate name designation that is inconsistent with subsection (e) of this Section.

(g) If the State Board of Elections, a local election official, or an election authority removes a candidate's name designation from a ballot under subsection (f) of this Section, then the aggrieved candidate may seek appropriate relief in circuit court.

Where voting machines or electronic voting systems are used, the provisions of this Section may be modified as required or authorized by Article 24 or Article 24A, whichever is applicable.

Nothing in this Section shall prohibit election authorities from using or reusing ballot card envelopes which were printed before the effective date of this amendatory Act of 1985.

(a) Except as otherwise provided in this Code, the ~~The~~ election authority shall, at least 46 days prior to the date of any election at which federal officers are elected and 45 days prior to any other regular election, have a sufficient number of ballots printed so that such ballots will be available for mailing 45 days prior to the date of the election to persons who have filed application for a ballot under the provisions of Article 20 of this Act.

(b) If at any election at which federal offices are elected or nominated the election authority is unable to comply with the provisions of subsection (a), the election authority shall mail to each such person, in lieu of the ballot, a Special Write-in Vote by Mail Voter's Blank Ballot. The Special Write-in Vote by Mail Voter's Blank Ballot shall be used at all elections at which federal officers are elected or nominated and shall be prepared by the election authority in substantially the following form:

The election authority shall send with the Special Write-in Vote by Mail Voter's Blank Ballot a list of all referenda for which the voter is qualified to vote and all candidates for whom nomination papers have been filed and for whom the voter is qualified to vote. The voter shall be entitled to write in the name of any candidate seeking election and any referenda for which he or she is entitled to vote.

On the back or outside of the ballot, so as to appear when folded, shall be printed the words "Official Ballot", the date of the election and a facsimile of the signature of the election authority who has caused the ballot to be printed.

The provisions of Article 20, insofar as they may be applicable to the Special Write-in Vote by Mail Voter's Blank Ballot, shall be applicable herein.

(c) Notwithstanding any provision of this Code or other law to the contrary, the governing body of a municipality may adopt, upon submission of a written statement by the municipality's election authority attesting to the administrative ability of the election authority to administer an election using a ranked ballot to the municipality's governing body, an ordinance requiring, and that municipality's election authority shall prepare, a ranked vote by mail ballot for municipal and township office candidates to be voted on in the consolidated election. This ranked ballot shall be for use only by a qualified voter who either is a member of the United States military or will be outside of the United States on the consolidated primary election day and the consolidated election day. The ranked ballot shall contain a list of the titles of all municipal and township offices potentially contested at both the consolidated primary election and the consolidated election and the candidates for each office and shall permit the elector to vote in the consolidated election by indicating his or her order of preference for each candidate for each office. To indicate his or her order of preference for each candidate for each office, the voter shall put the number one next to the name of the candidate who is the voter's first choice, the number 2 for his or her second choice, and so forth so that, in consecutive numerical order, a number indicating the voter's preference is written by the voter next to each candidate's name on the ranked ballot. The voter shall not be required to indicate his or her preference for more than one candidate on the ranked ballot. The voter may not cast a write-in vote using the ranked ballot for the consolidated election. The election authority shall, if using the ranked vote by mail ballot authorized by this subsection, also prepare instructions for use of the ranked ballot. The ranked ballot for the consolidated election shall be mailed to the voter at the same time that the ballot for the consolidated primary election is mailed to the voter and the election authority shall accept the completed ranked ballot for the consolidated election when the authority accepts the completed ballot for the consolidated primary election.

The voter shall also be sent a vote by mail ballot for the consolidated election for those races that are not related to the results of the consolidated primary election as soon as the consolidated election ballot is certified.

The State Board of Elections shall adopt rules for election authorities for the implementation of this subsection, including but not limited to the application for and counting of ranked ballots. (Source: P.A. 97-81, eff. 7-5-11; 98-1171, eff. 6-1-15.)

Sec. 17-13. (a) In the case of an emergency, as determined by the State Board of Elections, or if the Board determines that all potential polling places have been surveyed by the election authority and that no accessible polling place, as defined by rule of the State Board of Elections, is available within a precinct nor is the election authority able to make a polling place within the precinct temporarily accessible, the Board, upon written application by the election authority, is authorized to grant an exemption from the accessibility requirements of the Federal Voting Accessibility for the Elderly and Handicapped Act (Public Law 98-435). Such exemption shall be valid for a period of 2 years.

(b) Any voter with a temporary or permanent disability who, because of structural features of the building in which the polling place is located, is unable to access or enter the polling place, may request that 2 judges of election of opposite party affiliation deliver a ballot to him or her at the point where he or she is unable to continue forward motion toward the polling place; but, in no case, shall a ballot be delivered to the voter beyond 50 feet of the entrance to the building in which the polling place is located. Such request shall be made to the election authority not later than the close of business at the election authority's office on the day before the election and on a form prescribed by the State Board of Elections. The election authority shall notify the judges of election for the appropriate precinct polling places of such requests.

(c) The voter must complete the entire voting process, including the application for ballot from which the judges of election shall compare the voter's signature with the signature on his or her registration record card in the precinct binder.

~~(d) Election authorities may establish curb side voting for individuals to cast a ballot during early voting or on election day. An election authority's curb side voting program shall designate at least 2 election judges from opposite parties per vehicle and the individual must have the option to mark the ballot without interference from the election judges.~~

After the voter has marked his or her ballot and placed it in the ballot envelope (or folded it in the manner prescribed for paper ballots), the 2 judges of election shall return the ballot to the polling place and give it to the judge in charge of the ballot box who shall deposit it therein.

Pollwatchers as provided in Sections 7-34 and 17-23 of this Code shall be permitted to accompany the judges and observe the above procedure.

No assistance may be given to such voter in marking his or her ballot, unless the voter requests assistance and completes the affidavit required by Section 17-14 of this Code.

(e) Appointments made under this Section shall be in writing and shall be signed by members of the legislative or representative committee whose total votes are sufficient to make the appointments or by the Governor, as the case may be. Such appointments shall be filed with the Secretary of State and with the Clerk of the House of Representatives or the Secretary of the Senate, whichever is appropriate.

(f) An appointment made under this Section shall be for the remainder of the term, except that, if the appointment is to fill a vacancy in the office of State Senator and the vacancy occurs with more than 28 months remaining in the term, the term of the appointment shall expire at the time of the next general election at which time a Senator shall be elected for a new term commencing on the determination of the results of the election and ending on the second Wednesday of January in the second odd-numbered year next occurring. (40 ILCS 5/7-109) (from Ch. 108 1/2, par. 7-109)

Sec. 7-109. Employee.

(1) "Employee" means any person who:

(a) 1. Receives earnings as payment for the performance of personal services or official duties out of the general fund of a municipality, or out of any special fund or funds controlled by a municipality, or by an instrumentality thereof, or a participating instrumentality, including, in counties, the fees or earnings of any county fee office; and

2. Under the usual common law rules applicable in determining the employer-employee relationship, has the status of an employee with a municipality, or any instrumentality thereof, or a participating instrumentality, including ~~alderpersons~~ ~~aldermen~~, county supervisors and other persons (excepting those employed as independent contractors) who are paid compensation, fees, allowances or other emolument for official duties, and, in counties, the several county fee offices.

(b) Serves as a township treasurer appointed under the School Code, as heretofore or hereafter amended, and who receives for such services regular compensation as distinguished from per diem compensation, and any regular employee in the office of any township treasurer whether or not his earnings are paid from the income of the permanent township fund or from funds subject to distribution to the several school districts and parts of school districts as provided in the School Code, or from both such sources; or is the chief executive officer, chief educational officer, chief fiscal officer, or other employee of a Financial Oversight Panel established pursuant to Article 1H of the School Code, other than a superintendent or certified school business official, except that such person shall not be treated as an employee under this Section if that person has negotiated with the Financial Oversight Panel, in conjunction with the school district, a contractual agreement for exclusion from this Section.

(c) Holds an elective office in a municipality, instrumentality thereof or participating instrumentality.

(2) "Employee" does not include persons who:

(a) Are eligible for inclusion under any of the following laws:

1. "An Act in relation to an Illinois State Teachers' Pension and Retirement Fund", approved May 27, 1915, as amended;

2. Articles 15 and 16 of this Code.

However, such persons shall be included as employees to the extent of earnings that are not eligible for inclusion under the foregoing laws for services not of an instructional nature of any kind.

However, any member of the armed forces who is employed as a teacher of subjects in the Reserve Officers Training Corps of any school and who is not certified under the law governing the certification of teachers shall be included as an employee.

(b) Are designated by the governing body of a municipality in which a pension fund is required by law to be established for policemen or firemen, respectively, as performing police or fire protection duties, except that when such persons are the heads of the police or fire department and are not eligible to be included within any such pension fund, they shall be included within this Article; provided, that such persons shall not be excluded to the extent of concurrent service and earnings not designated as being for police or fire protection duties. However, (i) any head of a police department who was a participant under this Article immediately before October 1, 1977 and did not elect, under Section 3-109 of this Act, to participate in a police pension fund shall be an "employee", and (ii) any chief of police who became a participating employee under this Article before January 1, 2019 and who elects to participate in this Fund under Section 3-109.1 of this Code, regardless of whether such person continues to be employed as chief of police or is employed in some other rank or capacity within the police department, shall be an employee under this Article for so long as such person is employed to perform police duties by a participating municipality and has not lawfully rescinded that election.

(b-5) Were not participating employees under this Article before the effective date of this amendatory Act of the 100th General Assembly and participated as a chief of police in a fund under Article 3 and return to work in any capacity with the police department, with any oversight of the police department, or in an advisory capacity for the police department with the same municipality with which that pension was earned, regardless of whether they are considered an employee of the police department or are eligible for inclusion in the municipality's Article 3 fund.

(c) Are contributors to or eligible to contribute to a Taft-Hartley pension plan to which the participating municipality is required to contribute as the person's employer based on earnings from the municipality. Nothing in this paragraph shall affect service credit or creditable service for any

(d) Become an employee of any of the following participating instrumentalities on or after the effective date of this amendatory Act of the 99th General Assembly: the Illinois Municipal League; the Illinois Association of Park Districts; the Illinois Supervisors, County Commissioners and Superintendents of Highways Association; an association, or not-for-profit corporation, membership in which is authorized under Section 85-15 of the Township Code; the United Counties Council; or the Will County Governmental League.

(3) All persons, including, without limitation, public defenders and probation officers, who receive earnings from general or special funds of a county for performance of personal services or official duties within the territorial limits of the county, are employees of the county (unless excluded by subsection (2) of this Section) notwithstanding that they may be appointed by and are subject to the direction of a person or persons other than a county board or a county officer. It is hereby established that an employer-employee relationship under the usual common law rules exists between such employees and the county paying their salaries by reason of the fact that the county boards fix their rates of compensation, appropriate funds for payment of their earnings and otherwise exercise control over them. This finding and this amendatory Act shall apply to all such employees from the date of appointment whether such date is prior to or after the effective date of this amendatory Act and is intended to clarify existing law pertaining to their status as participating employees in the Fund.

(Source: Laws 1963, p. 161.)

(40 ILCS 5/8-243.2) (from Ch. 108 1/2, par. 8-243.2)

Sec. 8-243.2. Alternative annuity for city officers.

(a) For the purposes of this Section and Sections 8-243.1 and 8-243.3, "city officer" means the city clerk, the city treasurer, or an ~~alderperson~~ ~~alderman~~ of the city elected by vote of the people, while serving in that capacity or as provided in subsection (f), who has elected to participate in the Fund.

(b) Any elected city officer, while serving in that capacity or as provided in subsection (f), may elect to establish alternative credits for an alternative annuity by electing in writing to make additional optional contributions in accordance with this Section and the procedures established by the board. Such elected city officer may discontinue making the additional optional contributions by notifying the Fund in writing in accordance with this Section and procedures established by the board.

Additional optional contributions for the alternative annuity shall be as follows:

(1) For service after the option is elected, an additional contribution of 3% of salary shall be contributed to the Fund on the same basis and under the same conditions as contributions required under Sections 8-174 and 8-182.

(2) For service before the option is elected, an additional contribution of 3% of the salary for the applicable period of service, plus interest at the effective rate from the date of service to the date of payment. All payments for past service must be paid in full before credit is given. No additional optional contributions may be made for any period of service for which credit has been previously forfeited by acceptance of a refund, unless the refund is repaid in full with interest at the effective rate from the date of refund to the date of repayment.

(c) In lieu of the retirement annuity otherwise payable under this Article, any city officer elected by vote of the people who (1) has elected to participate in the Fund and make additional optional contributions in accordance with this Section, and (2) has attained age 55 with at least 10 years of service credit, or has attained age 60 with at least 8 years of service credit, may elect to have his retirement annuity computed as follows: 3% of the participant's salary at the time of termination of service for each of the first 8 years of service credit, plus 4% of such salary for each of the next 4 years of service credit, plus 5% of such salary for each year of service credit in excess of 12 years, subject to a maximum of 80% of such salary. To the extent such elected city officer has made additional optional contributions with respect to only a portion of his years of service credit, his retirement annuity will first be determined in accordance with this Section to the extent such additional optional contributions were made, and then in accordance with the remaining Sections of this Article to the extent of years of service credit with respect to which additional optional contributions were not made.

(d) In lieu of the disability benefits otherwise payable under this Article, any city officer elected by vote of the people who (1) has elected to participate in the Fund, and (2) has become permanently disabled and as a consequence is unable to perform the duties of his office, and (3) was making optional contributions in accordance with this Section at the time the disability was incurred, may elect to receive a disability annuity calculated in accordance with the formula in subsection (c). For the purposes of this subsection, such elected city officer shall be considered permanently disabled only if: (i) disability occurs while in service as an elected city officer and is of such a nature as to prevent him from reasonably performing the duties of his office at the time; and (ii) the board has received a written certification by at least 2 licensed physicians appointed by it stating that such officer is disabled and that the disability is likely to be permanent.

(e) Refunds of additional optional contributions shall be made on the same basis and under the same conditions as provided under Sections 8-168, 8-170 and 8-171. Interest shall be credited at the effective rate on the same basis and under the same conditions as for other contributions. Optional contributions shall be accounted for in a separate Elected City Officer Optional Contribution Reserve. Optional contributions

under this Section shall be included in the amount of employee contributions used to compute the tax levy under Section 8-173.

(f) The effective date of this plan of optional alternative benefits and contributions shall be July 1, 1990, or the date upon which approval is received from the U.S. Internal Revenue Service, whichever is later.

The plan of optional alternative benefits and contributions shall not be available to any former city officer or employee receiving an annuity from the Fund on the effective date of the plan, unless he re-enters service as an elected city officer and renders at least 3 years of additional service after the date of re-entry. However, a person who holds office as a city officer on June 1, 1995 may elect to participate in the plan, to transfer credits into the Fund from other Articles of this Code, and to make the contributions required for prior service, until 30 days after the effective date of this amendatory Act of the 92nd General Assembly, notwithstanding the ending of his term of office prior to that effective date; in the event that the person is already receiving an annuity from this Fund or any other Article of this Code at the time of making this election, the annuity shall be recalculated to include any increase resulting from participation in the plan, with such increase taking effect on the effective date of the election.

(g) Notwithstanding any other provision in this Section or in this Code to the contrary, any person who first becomes a city officer, as defined in this Section, on or after the effective date of this amendatory Act of the 100th General Assembly, shall not be eligible for the alternative annuity or alternative disability benefits as provided in subsections (a), (b), (c), and (d) of this Section or for the alternative survivor's benefits as provided in Section 8-243.3. Such person shall not be eligible, or be required, to make any additional contributions beyond those required of other participants under Sections 8-137, 8-174, and 8-182. The retirement annuity, disability benefits, and survivor's benefits for a person who first becomes a city officer on or after the effective date of this amendatory Act of the 100th General Assembly shall be determined pursuant to the provisions otherwise provided in this Article.

(50 ILCS 110/1) (from Ch. 102, par. 4.10)

Sec. 2-3002. Counties with population of less than 3,000,000 and with township form of government.

(a) Reapportionment required. By July 1, 1971, and each 10 years thereafter, the county board of each county having a population of less than 3,000,000 inhabitants and the township form of government shall reapportion its county so that each member of the county board represents the same number of inhabitants, except that, for the reapportionment of 2021, the county board shall reapportion its county by December 31, 2021. In reapportioning its county, the county board shall first determine the size of the county board to be elected, which may consist of not less than 5 nor more than 29 members and may not exceed the size of the county board in that county on October 2, 1969. The county board shall also determine whether board members shall be elected at large from the county or by county board districts.

If the chairman of the county board is to be elected by the voters in a county of less than 450,000 population as provided in Section 2-3007, such chairman shall not be counted as a member of the county board for the purpose of the limitations on the size of a county board provided in this Section.

(b) Advisory referenda. The voters of a county may advise the county board, through an advisory referendum, on questions concerning (i) the number of members of the county board to be elected, (ii) whether the board members should be elected from single-member districts, multi-member districts, or at-large, (iii) whether voters will have cumulative voting rights in the election of county board members, or (iv) any combination of the preceding 3 questions. The advisory referendum may be initiated either by petition or by ordinance of the county board. A written petition for an advisory referendum authorized by this Section must contain the signatures of at least 8% of the votes cast for candidates for Governor in the preceding gubernatorial election by the registered voters of the county and must be filed with the appropriate election authority. An ordinance initiating an advisory referendum authorized by this Section must be approved by a majority of the members of the county board and must be filed with the appropriate election authority. An advisory referendum initiated under this Section shall be placed on the ballot at the general election designated in the petition or ordinance.

Sec. 2-3003. Apportionment plan.

(1) If the county board determines that members shall be elected by districts, it shall develop an apportionment plan and specify the number of districts and the number of county board members to be elected from each district and whether voters will have cumulative voting rights in multi-member districts. Each such district:

- a. Shall be substantially equal in population to each other district;
- b. Shall be comprised of contiguous territory, as nearly compact as practicable; and
- c. May divide townships or municipalities only when necessary to conform to the population requirement of paragraph a. of this Section.
- d. Shall be created in such a manner so that no precinct shall be divided between 2 or more districts, insofar as is practicable.

(2) The county board of each county having a population of less than 3,000,000 inhabitants may, if it should so decide, provide within that county for single member districts outside the corporate limits and multi-member districts within the corporate limits of any municipality with a population in excess of 75,000. Paragraphs a, b, c and d of subsection (1) of this Section shall apply to the apportionment of both single and multi-member districts within a county to the extent that compliance with paragraphs a, b, c and d still permit the establishment of such districts, except that the population of any multi-member district shall be equal to the population of any single member district, times the number of members found within that multi-member district.

(3) In a county where the Chairman of the County Board is elected by the voters of the county as provided in Section 2-3007, the Chairman of the County Board may develop and present to the Board by the

third Wednesday in May in the year after a federal decennial census year an apportionment plan in accordance with the provisions of subsection (1) of this Section. If the Chairman presents a plan to the Board by the third Wednesday in May, the Board shall conduct at least one public hearing to receive comments and to discuss the apportionment plan, the hearing shall be held at least 6 days but not more than 21 days after the Chairman's plan was presented to the Board, and the public shall be given notice of the hearing at least 6 days in advance. If the Chairman presents a plan by the third Wednesday in May, the Board is prohibited from enacting an apportionment plan until after a hearing on the plan presented by the Chairman. The Chairman shall have access to the federal decennial census available to the Board.

(4) In a county where a County Executive is elected by the voters of the county as provided in Section 2-5007 of the Counties Code, the County Executive may develop and present to the Board by the third Wednesday in May in the year after a federal decennial census year an apportionment plan in accordance with the provisions of subsection (1) of this Section. If the Executive presents a plan to the Board by the third Wednesday in May, the Board shall conduct at least one public hearing to receive comments and to discuss the apportionment plan, the hearing shall be held at least 6 days but not more than 21 days after the Executive's plan was presented to the Board, and the public shall be given notice of the hearing at least 6 days in advance. If the Executive presents a plan by the third Wednesday in May, the Board is prohibited from enacting an apportionment plan until after a hearing on the plan presented by the Executive. The Executive shall have access to the federal decennial census available to the Board.

(5) For the reapportionment of 2021, the Chairman of the County Board or County Executive may develop and present (or redevelop and represent) to the Board by the third Wednesday in November in the year after a federal decennial census year an apportionment plan and the Board shall conduct its public hearing as provided in paragraphs (3) and (4) following receipt of the apportionment plan.

Sec. 2-3004. Failure to complete reapportionment. If any county board fails to complete the reapportionment of its county by July 1 in 2011 or any 10 years thereafter or by the day after the county board's regularly scheduled July meeting in 2011 or any 10 years thereafter, or for the reapportionment of 2021, by the third Wednesday in November in the year after a federal decennial census year, whichever is later, the county clerk of that county shall convene the county apportionment commission. Three members of the commission shall constitute a quorum, but a majority of all the members must vote affirmatively on any determination made by the commission. The commission shall adopt rules for its procedure.

The commission shall develop an apportionment plan for the county in the manner provided by Section 2-3003, dividing the county into the same number of districts as determined by the county board. If the county board has failed to determine the size of the county board to be elected, then the number of districts and the number of members to be elected shall be the largest number to which the county is entitled under Section 2-3002.

The commission shall submit its apportionment plan by October 1 in the year that it is convened, except that the circuit court, for good cause shown, may grant an extension of time, not exceeding a total of 60 days, within which such a plan may be submitted.

(60 ILCS 1/45-10)

Sec. 45-10. Political party caucus in township; notice.

(a) On the first Tuesday in December preceding the date of the regular township election, a caucus shall be held by the voters of each established political party in a township to nominate its candidates for the various offices to be filled at the election. Notice of the caucus shall be given at least 10 days before it is held by publication in some newspaper having a general circulation in the township. Not less than 30 days before the caucus, the township clerk shall notify the chairman or membership of each township central committee by first-class mail of the chairman's or membership's obligation to report the time and location of the political party's caucus. Not less than 20 days before the caucus, each chairman of the township central committee shall notify the township clerk by first-class mail of the time and location of the political party's caucus. If the time and location of 2 or more political party caucuses conflict, the township clerk shall establish, by a fair and impartial public lottery, the time and location for each caucus.

If the chairperson of the township central committee fails to meet within the township or to meet any of the other requirements of this Section, the chairperson's political party shall not be permitted to nominate a candidate, either by caucus as provided for in this Section or as otherwise authorized by the Election Code, in the next upcoming consolidated election for any office for which a nomination could have been made at the caucus should the chairperson of the township central committee have met the requirements of this Section.

(b) Except as provided in this Section, the township board shall cause notices of the caucuses to be published. The notice shall state the time and place where the caucus for each political party will be held. The board shall fix a place within the township for holding the caucus for each established political party. When a new township has been established under Section 10-25, the county board shall cause notice of the caucuses to be published as required by this Section and shall fix the place within the new township for holding the caucuses.

(65 ILCS 5/3.1-10-50)

Sec. 3.1-10-50. Events upon which an elective office becomes vacant in municipality with population under 500,000.

(a) Vacancy by resignation. A resignation is not effective unless it is in writing, signed by the person holding the elective office, and notarized.

(1) Unconditional resignation. An unconditional resignation by a person holding the elective office may specify a future date, not later than 60 days after the date the resignation is received by the officer authorized to fill the vacancy, at which time it becomes operative, but the resignation may not be withdrawn after it is received by the officer authorized to fill the vacancy. The effective date of a resignation that does not specify a future date at which it becomes operative is the date the resignation is received by the officer authorized to fill the vacancy. The effective date of a resignation that has a specified future effective date is that specified future date or the date the resignation is received by the officer authorized to fill the vacancy, whichever date occurs later.

(2) Conditional resignation. A resignation that does not become effective unless a specified event occurs can be withdrawn at any time prior to the occurrence of the specified event, but if not withdrawn, the effective date of the resignation is the date of the occurrence of the specified event or the date the resignation is received by the officer authorized to fill the vacancy, whichever date occurs later.

(3) Vacancy upon the effective date. For the purpose of determining the time period that would require an election to fill the vacancy by resignation or the commencement of the 60-day time period referred to in subsection (e), the resignation of an elected officer is deemed to have created a vacancy as of the effective date of the resignation.

(4) Duty of the clerk. If a resignation is delivered to the clerk of the municipality, the clerk shall forward a certified copy of the written resignation to the official who is authorized to fill the vacancy within 7 business days after receipt of the resignation.

(b) Vacancy by death or disability. A vacancy occurs in an office by reason of the death of the incumbent. The date of the death may be established by the date shown on the death certificate. A vacancy occurs in an office by permanent physical or mental disability rendering the person incapable of performing the duties of the office. The corporate authorities have the authority to make the determination whether an officer is incapable of performing the duties of the office because of a permanent physical or mental disability. A finding of mental disability shall not be made prior to the appointment by a court of a guardian ad litem for the officer or until a duly licensed doctor certifies, in writing, that the officer is mentally impaired to the extent that the officer is unable to effectively perform the duties of the office. If the corporate authorities find that an officer is incapable of performing the duties of the office due to permanent physical or mental disability, that person is removed from the office and the vacancy of the office occurs on the date of the determination.

(c) Vacancy by other causes.

(1) Abandonment and other causes. A vacancy occurs in an office by reason of abandonment of office; removal from office; or failure to qualify; or more than temporary removal of residence from the municipality; or in the case of an alderperson ~~alderman~~ of a ward or councilman or trustee of a district, more than temporary removal of residence from the ward or district, as the case may be. The corporate authorities have the authority to determine whether a vacancy under this subsection has occurred. If the corporate authorities determine that a vacancy exists, the office is deemed vacant as of the date of that determination for all purposes including the calculation under subsections (e), (f), and (g).

(2) Guilty of a criminal offense. An admission of guilt of a criminal offense that upon conviction would disqualify the municipal officer from holding the office, in the form of a written agreement with State or federal prosecutors to plead guilty to a felony, bribery, perjury, or other infamous crime under State or federal law, constitutes a resignation from that office, effective on the date the plea agreement is made. For purposes of this Section, a conviction for an offense that disqualifies a municipal officer from holding that office occurs on the date of the return of a guilty verdict or, in the case of a trial by the court, on the entry of a finding of guilt.

(3) Election declared void. A vacancy occurs on the date of the decision of a competent tribunal declaring the election of the officer void.

(4) Owing a debt to the municipality. A vacancy occurs if a municipal official fails to pay a debt to a municipality in which the official has been elected or appointed to an elected position subject to the following:

(A) Before a vacancy may occur under this paragraph (4), the municipal clerk shall deliver, by personal service, a written notice to the municipal official that (i) the municipal official is in arrears of a debt to the municipality, (ii) that municipal official must either pay or contest the debt within 30 days after receipt of the notice or the municipal official will be disqualified and his or her office vacated, and (iii) if the municipal official chooses to contest the debt, the municipal official must provide written notice to the municipal clerk of the contesting of the debt. A copy of the notice, and the notice to contest, shall also be mailed by the municipal clerk to the appointed municipal attorney by certified mail. If the municipal clerk is the municipal official indebted to the municipality, the mayor or president of the municipality shall assume the duties of the municipal clerk required under this paragraph (4).

(B) In the event that the municipal official chooses to contest the debt, a hearing shall be held within 30 days of the municipal clerk's receipt of the written notice of contest from the municipal official. An appointed municipal hearing officer shall preside over the hearing, and shall hear testimony and accept evidence relevant to the existence of the debt owed by the municipal officer to the municipality.

(C) Upon the conclusion of the hearing, the hearing officer shall make a determination on the basis of the evidence presented as to whether or not the municipal official is in arrears of a debt to the municipality. The determination shall be in writing and shall be designated as findings, decision, and order. The findings, decision, and order shall include: (i) the hearing officer's findings of fact; (ii) a decision of whether or not the municipal official is in arrears of a debt to the municipality based upon the findings of fact; and (iii) an order that either directs the municipal official to pay the debt within 30 days or be disqualified and his or her office vacated or dismisses the matter if a debt owed to the municipality is not proved. A copy of the hearing officer's written determination shall be served upon the municipal official in open proceedings before the hearing officer. If the municipal official does not appear for receipt of the written determination, the written determination shall be deemed to have been served on the municipal official on the date when a copy of the written determination is personally served on the municipal official or on the date when a copy of the written determination is deposited in the United States mail, postage prepaid, addressed to the municipal official at the address on record with the municipality.

(D) A municipal official aggrieved by the determination of a hearing officer may secure judicial review of such determination in the circuit court of the county in which the hearing was held. The municipal official seeking judicial review must file a petition with the clerk of the court and must serve a copy of the petition upon the municipality by registered or certified mail within 5 days after service of the determination of the hearing officer. The petition shall contain a brief statement of the reasons why the determination of the hearing officer should be reversed.

The municipal official shall file proof of service with the clerk of the court. No answer to the petition need be filed, but the municipality shall cause the record of proceedings before the hearing officer to be filed with the clerk of the court on or before the date of the hearing on the petition or as ordered by the court. The court shall set the matter for hearing to be held within 30 days after the filing of the petition and shall make its decision promptly after such hearing.

(E) If a municipal official chooses to pay the debt, or is ordered to pay the debt after the hearing, the municipal official must present proof of payment to the municipal clerk that the debt was paid in full, and, if applicable, within the required time period as ordered by a hearing officer or circuit court judge.

(F) A municipal official will be disqualified and his or her office vacated pursuant to this paragraph (4) on the later of the following times if the municipal official: (i) fails to pay or contest the debt within 30 days of the municipal official's receipt of the notice of the debt; (ii) fails to pay the debt within 30 days after being served with a written determination under subparagraph (C) ordering the municipal official to pay the debt; or (iii) fails to pay the debt within 30 days after being served with a decision pursuant to subparagraph (D) upholding a hearing officer's determination that the municipal officer has failed to pay a debt owed to a municipality.

(G) For purposes of this paragraph, a "debt" shall mean an arrearage in a definitely ascertainable and quantifiable amount after service of written notice thereof, in the payment of any indebtedness due to the municipality, which has been adjudicated before a tribunal with jurisdiction over the matter. A municipal official is considered in arrears of a debt to a municipality if a debt is more than 30 days overdue from the date the debt was due.

(d) Election of an acting mayor or acting president. The election of an acting mayor or acting president pursuant to subsection (f) or (g) does not create a vacancy in the original office of the person on the city council or as a trustee, as the case may be, unless the person resigns from the original office following election as acting mayor or acting president. If the person resigns from the original office following election as acting mayor or acting president, then the original office must be filled pursuant to the terms of this Section and the acting mayor or acting president shall exercise the powers of the mayor or president and shall vote and have veto power in the manner provided by law for a mayor or president. If the person does not resign from the original office following election as acting mayor or acting president, then the acting mayor or acting president shall exercise the powers of the mayor or president but shall be entitled to vote only in the manner provided for as the holder of the original office and shall not have the power to veto. If the person does not resign from the original office following election as acting mayor or acting president, and if that person's original term of office has not expired when a mayor or president is elected and has qualified for office, the acting mayor or acting-president shall return to the original office for the remainder of the term thereof.

(e) Appointment to fill ~~alderperson~~ ~~alderman~~ or trustee vacancy. An appointment by the mayor or president or acting mayor or acting president, as the case may be, of a qualified person as described in Section 3.1-10-5 of this Code to fill a vacancy in the office of ~~alderperson~~ ~~alderman~~ or trustee must be made within 60 days after the vacancy occurs. Once the appointment of the qualified person has been forwarded to the corporate authorities, the corporate authorities shall act upon the appointment within 30 days. If the appointment fails to receive the advice and consent of the corporate authorities within 30 days, the mayor or president or acting mayor or acting president shall appoint and forward to the corporate authorities a second qualified person as described in Section 3.1-10-5. Once the appointment of the second qualified person has been forwarded to the corporate authorities, the corporate authorities shall act upon the appointment within 30 days. If the appointment of the second qualified person also fails to receive the advice and consent of the corporate authorities, then the mayor or president or acting mayor or acting president, without the advice and consent of the corporate authorities, may make a temporary appointment from those persons who were appointed but whose appointments failed to receive the advice and consent of the corporate authorities. The person receiving the temporary appointment shall serve until an appointment has received the advice and consent and the appointee has qualified or until a person has been elected and has qualified, whichever first occurs.

(f) Election to fill vacancies in municipal offices with 4-year terms. If a vacancy occurs in an elective municipal office with a 4-year term and there remains an unexpired portion of the term of at least 28 months, and the vacancy occurs at least 130 days before the general municipal election next scheduled under the general election law, then the vacancy shall be filled for the remainder of the term at that general

municipal election. Whenever an election is held for this purpose, the municipal clerk shall certify the office to be filled and the candidates for the office to the proper election authorities as provided in the general election law. If a vacancy occurs with less than 28 months remaining in the unexpired portion of the term or less than 130 days before the general municipal election, then:

(1) Mayor or president. If the vacancy is in the office of mayor or president, the vacancy must be filled by the corporate authorities electing one of their members as acting mayor or acting president. Except as set forth in subsection (d), the acting mayor or acting president shall perform the duties and possess all the rights and powers of the mayor or president until a mayor or president is elected at the next general municipal election and has qualified. However, in villages with a population of less than 5,000, if each of the trustees either declines the election as acting president or is not elected by a majority vote of the trustees presently holding office, then the trustees may elect, as acting president, any other village resident who is qualified to hold municipal office, and the acting president shall exercise the powers of the president and shall vote and have veto power in the manner provided by law for a president.

(2) Aldersperson ~~Alderman~~ or trustee. If the vacancy is in the office of aldersperson ~~alderman~~ or trustee, the vacancy must be filled by the mayor or president or acting mayor or acting president, as the case may be, in accordance with subsection (e).

(3) Other elective office. If the vacancy is in any elective municipal office other than mayor or president or aldersperson ~~alderman~~ or trustee, the mayor or president or acting mayor or acting president, as the case may be, must appoint a qualified person to hold the office until the office is filled by election, subject to the advice and consent of the city council or the board of trustees, as the case may be.

(g) Vacancies in municipal offices with 2-year terms. In the case of an elective municipal office with a 2-year term, if the vacancy occurs at least 130 days before the general municipal election next scheduled under the general election law, the vacancy shall be filled for the remainder of the term at that general municipal election. If the vacancy occurs less than 130 days before the general municipal election, then:

(1) Mayor or president. If the vacancy is in the office of mayor or president, the vacancy must be filled by the corporate authorities electing one of their members as acting mayor or acting president. Except as set forth in subsection (d), the acting mayor or acting president shall perform the duties and possess all the rights and powers of the mayor or president until a mayor or president is elected at the next general municipal election and has qualified. However, in villages with a population of less than 5,000, if each of the trustees either declines the election as acting president or is not elected by a majority vote of the trustees presently holding office, then the trustees may elect, as acting president, any other village resident who is qualified to hold municipal office, and the acting president shall exercise the powers of the president and shall vote and have veto power in the manner provided by law for a president.

(2) Aldersperson ~~Alderman~~ or trustee. If the vacancy is in the office of aldersperson ~~alderman~~ or trustee, the vacancy must be filled by the mayor or president or acting mayor or acting president, as the case may be, in accordance with subsection (e).

(3) Other elective office. If the vacancy is in any elective municipal office other than mayor or president or aldersperson ~~alderman~~ or trustee, the mayor or president or acting mayor or acting president, as the case may be, must appoint a qualified person to hold the office until the office is filled by election, subject to the advice and consent of the city council or the board of trustees, as the case may be.

(h) In cases of vacancies arising by reason of an election being declared void pursuant to paragraph (3) of subsection (c), persons holding elective office prior thereto shall hold office until their successors are elected and qualified or appointed and confirmed by advice and consent, as the case may be.

(i) This Section applies only to municipalities with populations under 500,000.

(65 ILCS 5/3.1-10-51)

Sec. 3.1-10-51. Vacancies in municipalities with a population of 500,000 or more.

(a) Events upon which an elective office in a municipality of 500,000 or more shall become vacant:

(1) A municipal officer may resign from office. A vacancy occurs in an office by reason of resignation, failure to elect or qualify (in which case the incumbent shall remain in office until the vacancy is filled), death, permanent physical or mental disability rendering the person incapable of performing the duties of his or her office, conviction of a disqualifying crime, abandonment of office,

removal from office, or removal of residence from the municipality or, in the case of an alderperson ~~alderman~~ of a ward, removal of residence from the ward.

(2) An admission of guilt of a criminal offense that would, upon conviction, disqualify the municipal officer from holding that office, in the form of a written agreement with State or federal prosecutors to plead guilty to a felony, bribery, perjury, or other infamous crime under State or federal law, shall constitute a resignation from that office, effective at the time the plea agreement is made. For purposes of this Section, a conviction for an offense that disqualifies the municipal officer from holding that office occurs on the date of the return of a guilty verdict or, in the case of a trial by the court, the entry of a finding of guilt.

(3) Owing a debt to the municipality. A vacancy occurs if a municipal official fails to pay a debt to a municipality in which the official has been elected or appointed to an elected position subject to the following:

(A) Before a vacancy may occur under this paragraph (3), the municipal clerk shall deliver, by personal service, a written notice to the municipal official that (i) the municipal official is in arrears of a debt to the municipality, (ii) that municipal official must either pay or contest the debt within 30 days after receipt of the notice or the municipal official will be disqualified and his or her office vacated, and (iii) if the municipal official chooses to contest the debt, the municipal official must provide written notice to the municipal clerk of the contesting of the debt. A copy of the notice, and the notice to contest, shall also be mailed by the municipal clerk to the appointed municipal attorney by certified mail. If the municipal clerk is the municipal official indebted to the municipality, the mayor or president of the municipality shall assume the duties of the municipal clerk required under this paragraph (3).

(B) In the event that the municipal official chooses to contest the debt, a hearing shall be held within 30 days of the municipal clerk's receipt of the written notice of contest from the municipal official. An appointed municipal hearing officer shall preside over the hearing, and shall hear testimony and accept evidence relevant to the existence of the debt owed by the municipal officer to the municipality.

(C) Upon the conclusion of the hearing, the hearing officer shall make a determination on the basis of the evidence presented as to whether or not the municipal official is in arrears of a debt to the municipality. The determination shall be in writing and shall be designated as findings, decision, and order. The findings, decision, and order shall include: (i) the hearing officer's findings of fact; (ii) a decision of whether or not the municipal official is in arrears of a debt to the municipality based upon the findings of fact; and (iii) an order that either directs the municipal official to pay the debt within 30 days or be disqualified and his or her office vacated or dismisses the matter if a debt owed to the municipality is not proved. A copy of the hearing officer's written determination shall be served upon the municipal official in open proceedings before the hearing officer. If the municipal official does not appear for receipt of the written determination, the written determination shall be deemed to have been served on the municipal official on the date when a copy of the written determination is personally served on the municipal official or on the date when a copy of the written determination is deposited in the United States mail, postage prepaid, addressed to the municipal official at the address on record in the files of the municipality.

(D) A municipal official aggrieved by the determination of a hearing officer may secure judicial review of such determination in the circuit court of the county in which the hearing was held. The municipal official seeking judicial review must file a petition with the clerk of the court and must serve a copy of the petition upon the municipality by registered or certified mail within 5 days after service of the determination of the hearing officer. The petition shall contain a brief statement of the reasons why the determination of the hearing officer should be reversed. The municipal official shall file proof of service with the clerk of the court. No answer to the petition need be filed, but the municipality shall cause the record of proceedings before the hearing officer to be filed with the clerk of the court on or before the date of the hearing on the petition or as ordered by the court. The court shall set the matter for hearing to be held within 30 days after the filing of the petition and shall make its decision promptly after such hearing.

(E) If a municipal official chooses to pay the debt, or is ordered to pay the debt after the hearing, the municipal official must present proof of payment to the municipal clerk that the

debt was paid in full, and, if applicable, within the required time period as ordered by a hearing officer.

(F) A municipal official will be disqualified and his or her office vacated pursuant to this paragraph (3) on the later of the following times the municipal official: (i) fails to pay or contest the debt within 30 days of the municipal official's receipt of the notice of the debt; (ii) fails to pay the debt within 30 days after being served with a written determination under subparagraph (C) ordering the municipal official to pay the debt; or (iii) fails to pay the debt within 30 days after being served with a decision pursuant to subparagraph (D) upholding a hearing officer's determination that the municipal officer has failed to pay a debt owed to a municipality.

(G) For purposes of this paragraph, a "debt" shall mean an arrearage in a definitely ascertainable and quantifiable amount after service of written notice thereof, in the payment of any indebtedness due to the municipality, which has been adjudicated before a tribunal with jurisdiction over the matter. A municipal official is considered in arrears of a debt to a municipality if a debt is more than 30 days overdue from the date the debt was due.

(b) If a vacancy occurs in an elective municipal office with a 4-year term and there remains an unexpired portion of the term of at least 28 months, and the vacancy occurs at least 130 days before the general municipal election next scheduled under the general election law, then the vacancy shall be filled for the remainder of the term at that general municipal election. Whenever an election is held for this purpose, the municipal clerk shall certify the office to be filled and the candidates for the office to the proper election authorities as provided in the general election law. If the vacancy is in the office of mayor, the city council shall elect one of their members acting mayor. The acting mayor shall perform the duties and possess all the rights and powers of the mayor until a successor to fill the vacancy has been elected and has qualified. If the vacancy is in any other elective municipal office, then until the office is filled by election, the mayor shall appoint a qualified person to the office subject to the advice and consent of the city council.

(c) If a vacancy occurs later than the time provided in subsection (b) in a 4-year term, a vacancy in the office of mayor shall be filled by the corporate authorities electing one of their members acting mayor. The acting mayor shall perform the duties and possess all the rights and powers of the mayor until a mayor is elected at the next general municipal election and has qualified. A vacancy occurring later than the time provided in subsection (b) in a 4-year term in any elective office other than mayor shall be filled by appointment by the mayor, with the advice and consent of the corporate authorities.

(d) A municipal officer appointed or elected under this Section shall hold office until the officer's successor is elected and has qualified.

(e) An appointment to fill a vacancy in the office of ~~alderperson~~ ~~alderman~~ shall be made within 60 days after the vacancy occurs. The requirement that an appointment be made within 60 days is an exclusive power and function of the State and is a denial and limitation under Article VII, Section 6, subsection (h) of the Illinois Constitution of the power of a home rule municipality to require that an appointment be made within a different period after the vacancy occurs.

(f) This Section applies only to municipalities with a population of 500,000 or more.

The proposition shall also be submitted if a petition requesting that action is signed by electors of the municipality numbering not less than 10% of the total vote cast at the last election for mayor or president of the municipality and the petition is filed with the municipal clerk and certified in accordance with the general election law. The proposition shall be substantially in the following form:

Shall the term of the elective officers of (name of municipality) be reduced from 4 years to 2 years?

(b) If a majority of the electors voting on the proposition vote against it, the terms of the officers shall remain 4 years. If, however, a majority of those voting on the proposition vote in favor of it, the officers elected at the next regular election for officers in the municipality shall hold their offices for a term of 2 years and until their successors are elected and have qualified, except in the case of trustees and ~~alderpersons~~ ~~aldermen~~. In the case of ~~alderpersons~~ ~~aldermen~~ and trustees: (i) at the first election of ~~alderpersons~~ ~~aldermen~~ or trustees that occurs in an odd numbered year following the vote to reduce the length of terms, successors to ~~alderpersons~~ ~~aldermen~~ or trustees whose terms expire in that year shall be elected for a term of one year and until their successors are elected and have qualified and (ii) thereafter, one-half of the ~~alderpersons~~ ~~aldermen~~ or trustees shall be elected each year for terms of 2 years and until their successors are elected and have qualified.

The proposition shall be certified by the municipal clerk to the appropriate election authorities, who shall submit the proposition at an election in accordance with the general election law. The proposition shall also be submitted at an election if a petition requesting that action is signed by electors of the municipality numbering not less than 10% of the total vote cast at the last election for mayor or president of the municipality and the petition is filed with the municipal clerk. The proposition shall be substantially in the following form:

Shall the term of the elective officers of (name of municipality) be lengthened from 2 years to 4 years?

(b) If a majority of the electors voting on the proposition vote against it, the terms of the officers shall remain 2 years. If, however, a majority of those voting on the proposition vote in favor of it, the officers elected at the next regular election for officers in the municipality shall hold their offices for a term of 4 years and until their successors are elected and have qualified, except in the case of trustees and ~~alderpersons~~ ~~aldermen~~. In the case of ~~alderpersons~~ ~~aldermen~~ and trustees: (i) if the first election for ~~alderpersons~~ ~~aldermen~~ or trustees, after approval of the proposition, occurs in an even numbered year, the ~~alderpersons~~ ~~aldermen~~ or trustees elected in that even numbered year shall serve for terms of 3 years and until their successors are elected and have qualified, the terms for successors to those elected at the first even numbered year election shall be 4 years and until successors are elected and have qualified, the ~~alderpersons~~ ~~aldermen~~ or trustees elected at the first odd numbered year election next following the first even numbered year election shall serve for terms of 4 years and until successors are elected and have qualified, and successors elected after the first odd numbered year shall also serve 4 year terms and until their successors are elected and have qualified and (ii) if the first election for ~~alderpersons~~ ~~aldermen~~ or trustees, after approval of the proposition, occurs in an odd numbered year, the ~~alderpersons~~ ~~aldermen~~ or trustees elected in that odd numbered year shall serve for terms of 4 years and until their successors are elected and have qualified, the terms for successors to those elected at the first odd numbered year election shall be for 4 years and until successors are elected and have qualified, the ~~alderpersons~~ ~~aldermen~~ or trustees elected at the first even numbered year election next following the first odd numbered year election shall serve for terms of one year and until their successors are elected and have qualified, and the terms for successors to those elected at the first odd numbered year election shall be 4 years and until their successors are elected and have qualified.

Sec. 3.1-15-30. Minority representation.

(a) Whenever the question of incorporation as a city under this Code is submitted for adoption to the electors of any territory, village, incorporated town, or city under special charter, there may be submitted at the same time for adoption or rejection the question of minority representation in the city council. The proposition shall be in the following form:

Shall minority representation in the city council be adopted?

(b) If a majority of the votes cast on the question at any election are for minority representation in the city council, the members of the city council, except as otherwise provided, thereafter shall be elected as provided in Section 3.1-15-35.

(c) The city council, at least 30 days before the first day fixed by law for the filing of candidate petitions for the next general municipal election, shall apportion the city by dividing its population, as ascertained by an official publication of any national, state, school, or city census, by any number not less than 2 nor more than 6. The quotient shall be the ratio of representation in the city council. Districts shall be formed of contiguous and compact territory and contain, as near as practicable, an equal number of inhabitants.

(d) If a majority of the votes cast on the question at any election are against minority representation in the city council, the members of the city council shall be elected as otherwise provided in this Code.

(e) At any time after the incorporation of a city under this Code, on petition of electors equal in number to one-eighth the number of legal votes cast at the next preceding general municipal election, the city clerk shall certify the question of the adoption or retention of minority representation to the proper election authority for submission to the electors of that city. (f) If the city council of any city adopting minority representation as provided in this Section has not fixed a ratio of representation and formed the districts by the time specified in this Section, those acts may be done by any later city council. All official acts done and ordinances passed by a city council elected at large by the electors of a city that has adopted a minority representation plan shall be as valid and binding as if the alderpersons ~~aldermen~~ had been elected from districts.

There shall be elected in each district as many alderpersons ~~aldermen~~ as the district is entitled to. In all of these elections for alderpersons ~~aldermen~~, each elector may cast as many votes as there are alderpersons ~~aldermen~~ to be elected in the elector's district, or may distribute his or her votes, or equal parts of the votes, among the candidates as the elector sees fit. The candidate highest in votes is elected if only one alderperson ~~alderman~~ is elected; the candidates highest and next highest in votes are elected if only 2 alderpersons ~~aldermen~~ are elected; and the 3 highest candidates in votes are elected when 3 alderpersons ~~aldermen~~ are elected. The proposition shall be substantially in the following form:

Shall (name of city) restrict the number of ~~alderpersons~~ ~~aldermen~~ to (state number) (one-half of the total authorized by Section 3.1-20-10 of the Illinois Municipal Code), with one ~~alderperson~~ ~~alderman~~ representing each ward?

If a majority of those voting on the proposition vote in favor of it, all existing ~~aldermanic~~ terms of ~~alderpersons~~ shall expire as of the date of the next regular ~~aldermanic~~ election of ~~alderpersons~~, at which time a full complement of ~~alderpersons~~ ~~aldermen~~ shall be elected for the full term.

(b) In a city of less than 100,000 inhabitants, a proposition to restrict the number of ~~alderpersons~~ ~~aldermen~~ to one ~~alderperson~~ ~~alderman~~ per ward, with one ~~alderperson~~ ~~alderman~~ representing each ward, plus an additional number of ~~alderpersons~~ ~~aldermen~~ not to exceed the number of wards in the city to be elected at large, shall be certified by the city clerk to the proper election authorities, who shall submit the proposition at an election in accordance with the general election law, if a petition requesting that action is signed by electors of the city numbering not less than 10% of the total vote cast at the last election for mayor of the city and the petition is filed with the city clerk.

The proposition shall be substantially in the following form:

Shall (name of city) restrict the number of ~~alderpersons~~ ~~aldermen~~ to (number), with one ~~alderperson~~ ~~alderman~~ representing each ward, plus an additional (number) ~~alderperson~~ ~~alderman~~ (~~alderpersons~~ ~~aldermen~~) to be elected at large?

If a majority of those voting on the proposition vote in favor of it, all existing ~~aldermanic~~ terms of ~~alderpersons~~ shall expire as of the date of the next regular ~~aldermanic~~ election of ~~alderpersons~~, at which time a full complement of ~~alderpersons~~ ~~aldermen~~ shall be elected for the full term.

(c) In a city of less than 100,000 inhabitants where a proposition under subsection (a) or (b) has been successful, a proposition to reinstate the number of ~~alderpersons~~ ~~aldermen~~ in accordance with Section 3.1-20-10 shall be certified by the city clerk to the proper election authorities, who shall submit the proposition at an election in accordance with the general election law, if a petition requesting that action has been signed by electors of the city numbering not less than 10% of the total vote cast at the last election for mayor of the city and the petition has been filed with the city clerk.

The election authority must submit the proposition in substantially the following form:

Shall (name of city) reinstate the number of ~~alderpersons~~ ~~aldermen~~ to (number of ~~alderpersons~~ ~~aldermen~~ allowed by Section 3.1-20-10)?

The election authority must record the votes as "Yes" or "No".

If a majority of the electors voting on the proposition vote in the affirmative, then, if the restriction in the number of ~~alderpersons~~ ~~aldermen~~ has taken effect, all existing ~~aldermanic~~ terms of ~~alderpersons~~ shall expire as of the date of the next regular ~~aldermanic~~ election of ~~alderpersons~~, at which time a full complement of ~~alderpersons~~ ~~aldermen~~ shall be elected for the full term and thereafter terms shall be determined in accordance with Section 3.1-20-35.

Sec. 3.1-20-22. ~~Alderspersons~~ ~~Aldermen~~; staggered terms. In any city of less than 100,000 inhabitants, a proposition to stagger the terms of ~~alderpersons~~ ~~aldermen~~, with as nearly as possible one-half of the ~~alderpersons~~ ~~aldermen~~ elected every 2 years, shall be certified by the city clerk to the proper election authority, who shall submit the proposition at an election in accordance with the general election law, if a petition requesting that action is signed by electors of the city numbering at least 10% of the total vote cast at the last election for mayor of the city and is filed with the city clerk.

The ballot shall have printed on it, but not as a part of the proposition submitted, the following information for voters: one ~~alderperson~~ ~~alderman~~ elected from each even-numbered ward shall serve a term of 2 years; one ~~alderperson~~ ~~alderman~~ elected from each odd-numbered ward shall serve a term of 4 years.

The proposition shall be substantially in the following form:

Shall (name of city) adopt a system of staggered terms for ~~alderpersons~~ ~~aldermen~~?

If a majority of those voting on the proposition vote in favor of it, then at the next regular election for ~~alderpersons~~ ~~aldermen~~ one ~~alderperson~~ ~~alderman~~ shall be elected from each even-numbered ward for a term of 2 years and one ~~alderperson~~ ~~alderman~~ shall be elected from each odd-numbered ward for a term of 4 years. Thereafter, their successors shall be elected for terms of 4 years.

Sec. 3.1-20-25. Redistricting a city.

(a) In the formation of wards, the number of inhabitants of the city immediately preceding the division of the city into wards shall be as nearly equal in population, and the wards shall be of as compact and contiguous territory, as practicable. Wards shall be created in a manner so that, as far as practicable, no precinct shall be divided between 2 or more wards.

(b) Whenever an official decennial census shows that a city contains more or fewer wards than it is entitled to, the city council of the city, by ordinance, shall redistrict the city into as many wards as the city is entitled. This redistricting shall be completed not less than 30 days before the first day set by the general election law for the filing of candidate petitions for the next succeeding election for city officers. At this election there shall be elected the number of ~~alderpersons~~ ~~aldermen~~ to which the city is entitled, except as provided in subsection (c).

(c) If it appears from any official decennial census that it is necessary to redistrict under subsection (b) or for any other reason, the city council shall immediately proceed to redistrict the city and shall hold the next city election in accordance with the new redistricting. At this election the ~~alderpersons~~ ~~aldermen~~ whose terms of office are not expiring shall be considered ~~alderpersons~~ ~~aldermen~~ for the new wards respectively in which their residences are situated. At this election, in a municipality that is not a newly incorporated municipality, a candidate for ~~alderperson~~ ~~alderman~~ may be elected from any ward that contains a part of the ward in which he or she resided at least one year next preceding the election that follows the redistricting, and, if elected, that person may be reelected from the new ward he or she represents if he or she resides in that ward for at least one year next preceding reelection. If there are 2 or more ~~alderpersons~~ ~~aldermen~~ with terms of office not expiring and residing in the same ward under the new redistricting, the ~~alderperson~~ ~~alderman~~ who holds over for that ward shall be determined by lot in the presence of the city council, in the manner directed by the council, and all other ~~alderpersons~~ ~~aldermen~~ shall fill their unexpired terms as ~~alderpersons-at-large~~ ~~aldermen-at-large~~. The ~~alderpersons-at-large~~ ~~aldermen-at-large~~, if any, shall have the same powers and duties as all other ~~alderpersons~~ ~~aldermen~~, but upon the expiration of their terms the offices of ~~alderpersons-at-large~~ ~~aldermen-at-large~~ shall be abolished.

(d) If the redistricting results in one or more wards in which no ~~alderpersons~~ ~~aldermen~~ reside whose terms of office have not expired, 2 ~~alderpersons~~ ~~aldermen~~ shall be elected in accordance with Section 3.1-20-35, unless the city elected only one ~~alderperson~~ ~~alderman~~ per ward pursuant to a referendum under subsection (a) of Section 3.1-20-20.

(e) A redistricting ordinance that has decreased the number of wards of a city because of a decrease in population of the city shall not be effective if, not less than 60 days before the time fixed for the next succeeding general municipal election, an official census is officially published that shows that the city has regained a population that entitles it to the number of wards that it had just before the passage of the last redistricting ordinance.

Sec. 3.1-20-35. Determining terms.

(a) ~~Alderspersons Aldermen~~ elected at the first election for city officers after the election of ~~alderspersons aldermen~~ for the initial terms provided for in Section 2-2-11 shall draw lots to determine which ~~alderspersons aldermen~~ in each ward shall hold office for a 4 year term, and until a successor is elected and has qualified, and which ~~alderspersons aldermen~~ in each ward shall hold office for a 2 year term, and until a successor is elected and has qualified. All ~~alderspersons aldermen~~ thereafter elected shall hold office for a term of 4 years, and until their successors are elected and have qualified, except in cities that adopt a 2 year term under Section 3.1-10-65 and except as otherwise provided in Section 3.1-20-20.

(b) If a city that has had the minority representation plan has voted not to retain the plan, then at the first election for city officers following the vote 2 ~~alderspersons aldermen~~ shall be elected from each ward in the city and their terms shall be staggered in the manner set forth in subsection (a). The tenure of these ~~alderspersons aldermen~~ and their successors shall be the same as that stated in subsection (a).

Sec. 3.1-20-40. Other officers; election rather than appointment. Instead of providing for the appointment of the following officers as provided in Section 3.1-30-5, the city council, in its discretion, may provide by ordinance passed by a two-thirds vote of all the ~~alderspersons aldermen~~ elected for the election by the electors of the city of a city collector, a city marshal, a city superintendent of streets, a corporation counsel, a city comptroller, or any of them, and any other officers which the city council considers necessary or expedient. By ordinance or resolution, to take effect at the end of the current fiscal year, the city council, by a like vote, may discontinue any office so created and devolve the duties of that office on any other city officer. After discontinuance of an office, no officer filling that office before its discontinuance shall have any claim against the city for salary alleged to accrue after the date of discontinuance.

(65 ILCS 5/3.1-20-45)

Sec. 3.1-20-45. Nonpartisan primary elections; uncontested office. A city incorporated under this Code that elects municipal officers at nonpartisan primary and general elections shall conduct the elections as provided in the Election Code, except that no office for which nomination is uncontested shall be included on the primary ballot and no primary shall be held for that office. For the purposes of this Section, an office is uncontested when not more than 4 persons to be nominated for each office have timely filed valid nominating papers seeking nomination for the election to that office.

Notwithstanding any other provision of law ~~the preceding paragraph~~, when a person (i) who has not timely filed valid nomination papers and (ii) who intends to become a write-in candidate for nomination for any office for which nomination is uncontested files a written statement or notice of that intent with the proper election official with whom the nomination papers for that office are filed, no primary ballot shall be printed. Where no primary is held, a person intending to become a write-in candidate at the general primary election shall refile a declaration of intent to be a write-in candidate for the general election with the appropriate election authority or authorities if the write-in candidate becomes the fifth candidate filed, a primary ballot must be prepared and a primary must be held for the office. The statement or notice must be filed on or before the 61st day before the consolidated primary election. The statement must contain (i) the name and address of the person intending to become a write-in candidate, (ii) a statement that the person intends to become a write-in candidate, and (iii) the office the person is seeking as a write-in candidate. An election authority has no duty to conduct a primary election or prepare a primary ballot unless a statement meeting the requirements of this paragraph is filed in a timely manner.

If there is a primary election, then candidates shall be placed on the ballot for the next succeeding general municipal election in the following manner:

(1) If one officer is to be elected, then the 2 candidates who receive the highest number of votes shall be placed on the ballot for the next succeeding general municipal election.

(2) If 2 ~~alderspersons aldermen~~ are to be elected at large, then the 4 candidates who receive the highest number of votes shall be placed on the ballot for the next succeeding general municipal election.

(3) If 3 ~~alderspersons aldermen~~ are to be elected at large, then the 6 candidates who receive the highest number of votes shall be placed on the ballot for the next succeeding general municipal election.

The name of a write-in candidate may not be placed on the ballot for the next succeeding general municipal election unless he or she receives a number of votes in the primary election that equals or exceeds the number of signatures required on a petition for nomination for that office or that exceeds the number of

votes received by at least one of the candidates whose names were printed on the primary ballot for nomination for or election to the same office.

Sec. 3.1-25-70. Trustees under special Acts.

(a) In every village and incorporated town incorporated and existing under any special Act that, before June 4, 1909, pursuant to any special Act, annually elected members of its legislative body, the electors in the village or incorporated town, instead of the legislative body now provided for by law, shall elect 6 trustees. They shall hold their offices until their respective successors are elected and have qualified. At the first meeting of this board of 6 trustees, the terms of office of the trustees shall be staggered, and thereafter shall be for the same length of time as provided for ~~alderpersons~~ ~~aldermen~~ in Section 3.1-20-35.

(b) The electors of the village or incorporated town may, however, adopt a 2 year term for their trustees as provided in Section 3.1-10-65. If this 2 year term is adopted, then at the next general municipal election in the adopting village or incorporated town, 3 trustees shall be elected, and they shall hold their offices for terms of one year each. In the next succeeding year, and in each year thereafter, 3 trustees shall be elected in the adopting village or incorporated town, and they shall hold their offices for terms of 2 years each.

(c) A village or incorporated town that, before January 1, 1942, has adopted a 2 year term for its trustees and is now electing 3 trustees each year shall continue to elect 3 trustees each year for a term of 2 years each. A village or incorporated town that, before January 1, 1942, has adopted a 2 year term for its trustees but is not now electing 3 trustees each year shall elect 3 trustees at the next general municipal election in that municipality, and they shall hold their offices for terms of one year each. In the next succeeding year, and in each year thereafter, 3 trustees shall be elected, and they shall hold their offices for terms of 2 years each.

(d) This Section shall not apply to or change the method of election of the members of the legislative body of incorporated towns that have superseded civil townships.

Sec. 3.1-25-75. Districts; election of trustees.

(a) After a village with a population of 5,000 or more adopts the provisions of this Section in the manner prescribed in Section 3.1-25-80, the board of trustees by ordinance shall divide and, whenever necessary thereafter, shall redistrict the village into 6 compact and contiguous districts of approximately equal population as required by law. This redistricting shall be completed not less than 30 days before the first day for the filing of nominating petitions for the next succeeding election of village officers held in accordance with the general election law.

(b) Each of the districts shall be represented by one trustee who shall have been an actual resident of the district for at least 6 months immediately before his or her election in the first election after a redistricting, unless the trustee is a resident of a newly incorporated municipality. Only the electors of a district shall elect the trustee from that district.

(c) The provisions of this Code relating to terms of office of ~~alderpersons~~ ~~aldermen~~ in cities shall also apply to the terms of office of trustees under this Section.

The mayor or president pro tem, during this absence or disability, shall perform the duties and possess all the rights and powers of the mayor or president but shall not be entitled to vote both as mayor or president pro tem and as ~~alderperson~~ ~~alderman~~ or trustee.

(b) In the absence of the mayor, president, acting mayor or president, or mayor or president pro tem, the corporate authorities may elect one of their members to act as a temporary chairman. The mayor or any 3 alderpersons ~~aldermen~~ may call special meetings of the city council. Except as provided in Articles 4 and 5 of this Code, the mayor shall not vote on any ordinance, resolution, or motion except the following: (i) where the vote of the alderpersons ~~aldermen~~ has resulted in a tie; (ii) where one-half of the alderpersons ~~aldermen~~ elected have voted in favor of an ordinance, resolution, or motion even though there is no tie vote; or (iii) where a vote greater than a majority of the corporate authorities is required by this Code or an ordinance to adopt an ordinance, resolution, or motion. Sec. 3.1-40-40. Vote required. The passage of all ordinances for whatever purpose, and of any resolution or motion (i) to create any liability against a city or (ii) for the expenditure or appropriation of its money shall require the concurrence of a majority of all members then holding office on the city council, including the mayor, unless otherwise expressly provided by this Code or any other Act governing the passage of any ordinance, resolution, or motion. Where the council consists of an odd number of alderpersons ~~aldermen~~, however, the vote of the majority of the alderpersons ~~aldermen~~ shall be sufficient to pass an ordinance. The passage of an ordinance, resolution, or motion to sell any school property shall require the concurrence of three-fourths of all alderpersons ~~aldermen~~ then holding office. The yeas and nays shall be taken upon the question of the passage of the designated ordinances, resolutions, or motions and recorded in the journal of the city council. In addition, the corporate authorities at any meeting may by unanimous consent take a single vote by yeas and nays on the several questions of the passage of any 2 or more of the designated ordinances, orders, resolutions, or motions placed together for voting purposes in a single group. The single vote shall be entered separately in the journal under the designation "omnibus vote", and in that event the clerk may enter the words "omnibus vote" or "consent agenda" in the journal in each case instead of entering the names of the members of city council voting "yea" and those voting "nay" on the passage of each of the designated ordinances, orders, resolutions, and motions included in the omnibus group or consent agenda. The taking of a single or omnibus vote and the entries of the words "omnibus vote" or "consent agenda" in the journal shall be a sufficient compliance with the requirements of

this Section to all intents and purposes and with like effect as if the vote in each case had been taken separately by yeas and nays on the question of the passage of each ordinance, order, resolution, and motion included in the omnibus group and separately recorded in the journal. Likewise, the yeas and nays shall be taken upon the question of the passage of any other resolution or motion at the request of any alderperson ~~alderman~~ and shall be recorded in the journal.

Sec. 4-10-1. Any municipality, which has operated for more than 2 years under the commission form of municipal government, may abandon its operation under this article and accept the provisions of the general law of the State then applicable to municipalities, by proceedings as follows:

When a petition signed by electors of the municipality equal in number to at least 25% of the number of votes cast for the candidates for mayor at the last preceding general quadrennial municipal election is filed with the municipal clerk, the clerk shall certify the proposition to the proper election authorities for submission to the electors of the municipality. The proposition shall be in substantially the following form:

Shall the city (or village)	YES
of... retain the commission	
form of municipal government?	NO

In municipalities which have adopted the City Election Law, however, this proposition shall be filed with the clerk of that board. However, in municipalities with less than 50,000 inhabitants this proposition shall only be submitted within the year preceding the expiration of the terms of office of the elective officers of the municipality and shall not be submitted more often than once in that year. In municipalities with 50,000 or more inhabitants this proposition shall not be submitted more often than once in 22 months.

If a majority of the votes cast on this proposition are against the proposition, the officers elected at the next succeeding general municipal election shall be those then prescribed in Article 3. Upon the qualification of these officers the municipality shall become a city or village under this Code, but this change shall not affect in any manner or degree the property rights or liabilities of any nature of the municipality, but shall merely extend to the change in its form of government.

The first city council or board of trustees elected after the abandonment of the commission form of municipal government shall have the same number of alderpersons ~~aldermen~~ or trustees as were provided in the municipality at the time of its adoption of this article, and the municipality shall have the same ward and precinct boundaries.

(a) Cities and villages described in Section 5-1-1, in order to vest themselves with the managerial form of municipal government, shall act in accordance with the procedure provided in Sections 5-1-4 through 5-1-11 unless modified elsewhere in this Article 5. In cities that are operating under Section 3.1-20-10 and villages operating under Section 3.1-25-75 at the time of the adoption of this Article 5, the forms of petition and ballot prescribed in Sections 5-1-5 and 5-1-7 may at the option of the petitioners be modified to contain the following additional proposition:

Shall (name of city or village), if it adopts the managerial form of municipal government, continue to elect alderpersons ~~aldermen~~ (or trustees) from wards (or districts)?

(b) In any city operating under Section 3.1-20-10 at the time of adoption of this Article 5, at the option of the petitioners and in addition to the optional proposition provided for in subsection (a), the forms of petition and ballot prescribed in Sections 5-1-6 and 5-1-8 may be further modified to contain the following additional proposition:

Shall only one alderperson ~~alderman~~ hereafter be elected from each ward if (name of city) adopts the managerial form of municipal government and also elects to continue the alderperson ~~alderman~~ organization for the city council?

(d) If a majority of the electors voting on the proposition vote to adopt the managerial form of municipal government, then this Article 5 shall become effective in the city or village upon the date of the next general municipal election at which any corporate authority is elected. The operation of the managerial

form of municipal government, for purposes of voting on the question to abandon set out in Section 5-5-1, however, shall not be deemed to begin until a manager is appointed.

(e) The city council or board of trustees of a city or village that adopts the provisions of this Article 5 under this Section may, if it so desires, by the adoption of an ordinance immediately after the adoption of this Article 5 has been proclaimed, appoint a city or village manager and reorganize the administration of the municipality in conformance with this Article 5. Sec. 5-5-1. Petition for abandonment of managerial form; referendum; succeeding elections of officers and ~~alderpersons~~ ~~aldermen~~ or trustees.

(a) A city or village that has operated for 4 years or more under the managerial form of municipal government may abandon that organization as provided in this Section. For the purposes of this Article, the operation of the managerial form of municipal government shall be deemed to begin on the date of the appointment of the first manager in the city or village. When a petition for abandonment signed by electors of the municipality equal in number to at least 10% of the number of votes cast for candidates for mayor at the preceding general quadrennial municipal election is filed with the circuit court for the county in which that city or village is located, the court shall set a date not less than 10 nor more than 30 days thereafter for a hearing on the sufficiency of the petition. Notice of the filing of the petition and of the date of the hearing shall be given in writing to the city or village clerk and to the mayor or village president at least 7 days before the date of the hearing. If the petition is found sufficient, the court shall enter an order directing that the proposition be submitted at an election other than a primary election for the municipality. The clerk of the court shall certify the proposition to the proper election authorities for submission. The proposition shall be in substantially the following form:

Shall (name of city or village) retain the managerial form of municipal government?

(b) If the majority of the votes at the election are "yes", then the proposition to abandon is rejected and the municipality shall continue operating under this Article 5. If the majority of the votes are "no", then the proposition to abandon operation under this Article 5 is approved.

(c) If the proposition for abandonment is approved, the city or village shall become subject to Article 3.1 or Article 4, whichever Article was in force in the city or village immediately before the adoption of the plan authorized by this Article 5, upon the election and qualification of officers to be elected at the next succeeding general municipal election. Those officers shall be those prescribed by Article 3.1 or Article 4, as the case may be, but the change shall not in any manner or degree affect the property rights or liabilities

of the city or village. The mayor, clerk, and treasurer and all other elected officers of a city or village in office at the time the proposition for abandonment is approved shall continue in office until the expiration of the term for which they were elected.

(d) If a city or village operating under this Article 5 has ~~alderpersons~~ ~~aldermen~~ or trustees elected from wards or districts and a proposition to abandon operation under this Article 5 is approved, then the officers to be elected at the next succeeding general municipal election shall be elected from the same wards or districts as exist immediately before the abandonment.

(e) If a city or village operating under this Article 5 has a council or village board elected from the municipality at large and a proposition to abandon operation under this Article 5 is approved, then the first group of ~~alderpersons~~ ~~aldermen~~, board of trustees, or commissioners so elected shall be of the same number as was provided for in the municipality at the time of the adoption of a plan under this Article 5, with the same ward or district boundaries in cities or villages that immediately before the adoption of this Article 5 had wards or districts, unless the municipal boundaries have been changed. If there has been such a change, the council or village board shall so alter the former ward or district boundaries so as to conform as nearly as possible to the former division. If the plan authorized by this Article 5 is abandoned, the next general municipal election for officers shall be held at the time specified in Section 3.1-10-75 or 3.1-25-15 for that election. The ~~alderpersons~~ ~~aldermen~~ or trustees elected at that election shall, if the city or village was operating under Article 3 at the time of adoption of this Article 5 and had at that time staggered 4 year terms of office for the ~~alderpersons~~ ~~aldermen~~ or trustees, choose by lot which shall serve initial 2 year terms as provided by Section 3.1-20-35 or 3.1-15-5, whichever may be applicable, in the case of election of those officers at the first election after a municipality is incorporated.

(f) The proposition to abandon the managerial form of municipal government shall not be submitted in any city or village oftener than once in 46 months.

Sec. 11-13-14.1. Notwithstanding any other provision to the contrary in this Division 13:

(A) The corporate authorities of any municipality may by ordinance establish the position of hearing officer and delegate to a hearing officer the authority to: (i) conduct any public hearing -- other than a public hearing provided for in Section 11-13-2 -- required to be held under this Division 13 in connection with applications for any special use, variation, amendment or other change or modification in any ordinance of the municipality adopted pursuant to this Division 13; and (ii) hear and decide appeals from and review any order, requirement, decision or determination made by an administrative official charged with the enforcement of any ordinance adopted pursuant to this Division 13.

(B) When a hearing officer is designated to conduct a public hearing in a matter otherwise required to be heard in accordance with this Division 13 by some commission or committee designated by the corporate authorities of the municipality: (i) notice of such hearing shall be given in the same time and manner as is provided by this Division 13 for the giving of notice of hearing when any such matter is to be heard by some

commission or committee designated by the corporate authorities; (ii) the hearing officer shall exercise and perform the same powers and duties as such commission or committee is required to exercise and perform when conducting a public hearing in any such matter; and (iii) the hearing officer shall render a written recommendation to the corporate authorities within such time and in such manner and form as the corporate authorities shall require.

(C) When a hearing officer is designated to conduct a public hearing in a matter otherwise required to be heard in accordance with this Division 13 by the board of appeals, or when a hearing officer is designated to hear and decide appeals from and review any order, requirement, decision or determination made by an administrative official charged with the enforcement of any ordinance adopted pursuant to this Division 13: (i) notice of hearing shall be given in the same time and manner as is provided by this Division 13 for the giving of notice of hearing when any such matter is to be heard by the board of appeals; (ii) the hearing officer in passing upon and determining any matter otherwise within the jurisdiction of the board of appeals shall be governed by all of the standards, rules and conditions imposed by this Division 13 to govern the board of appeals when it passes upon and determines any such matter; and (iii) the hearing officer shall exercise and perform all of the powers and duties of the board of appeals in the same manner and to the same effect as provided in this Division 13 with respect to the board of appeals, provided that:

1. When the hearing officer is passing upon an application for variation or special use and the power to determine and approve such variation or special use is reserved to the corporate authorities, then upon report of the hearing officer the corporate authorities may by ordinance without further public hearing adopt any proposed variation or special use or may refer it back to the hearing officer for further consideration, and any proposed variation or special use which fails to receive the approval of the hearing officer shall not be passed except by the favorable vote of 2/3 of all ~~alderperson~~ ~~alderman~~ or trustees of the municipality;

2. (D) The corporate authorities of the municipality may provide general or specific rules implementing but not inconsistent with the provisions of this Section, including rules relative to the time and manner in which hearing officers are designated to conduct public hearings and rules governing the manner in which such hearings are conducted and matters heard therein passed upon and determined.

(E) Hearing officers shall be appointed on the basis of training and experience which qualifies them to conduct hearings, make recommendations or findings of fact and conclusions on the matters heard and otherwise exercise and perform the powers, duties and functions delegated in accordance with this Section. Hearing officers shall receive such compensation as the corporate authorities of the municipality shall provide, and any municipality may establish a schedule of fees to defray the costs of providing a hearing officer.

(F) This Section is intended to furnish an alternative or supplemental procedure which a municipality in its discretion may provide for hearing, determining, reviewing and deciding matters which arise under any ordinance adopted by the municipality pursuant to this Division 13, but nothing in this Section shall be deemed to limit or prevent the use of any existing procedure available to a municipality under this Division 13 for hearing, approving or denying applications for a special use, variation, amendment or other change or modification of any such ordinance, or for hearing and deciding appeals from and reviewing any order, requirement, decision or determination made by an administrative official charged with the enforcement of any such ordinance.

The tax authorized by this Section is in addition to taxes for general corporate purposes authorized by Section 8-3-1.

(65 ILCS 5/11-91-1) (from Ch. 24, par. 11-91-1)

Sec. 11-91-1. Whenever the corporate authorities of any municipality, whether incorporated by special act or under any general law, determine that the public interest will be subserved by vacating any street or alley, or part thereof, within their jurisdiction in any incorporated area, they may vacate that street or alley, or part thereof, by an ordinance. The ordinance shall provide the legal description or permanent index number of the particular parcel or parcels of property acquiring title to the vacated property. But this ordinance shall be passed by the affirmative vote of at least three-fourths of the ~~alderpersons~~ ~~aldermen~~, trustees or commissioners then holding office. This vote shall be taken by ayes and noes and entered on the records of the corporate authorities.

No ordinance shall be passed vacating any street or alley under a municipality's jurisdiction and within an unincorporated area without notice thereof and a hearing thereon. At least 15 days prior to such a hearing, notice of its time, place and subject matter shall be published in a newspaper of general circulation within the unincorporated area which the street or alley proposed for vacation serves. At the hearing all interested persons shall be heard concerning the proposal for vacation.

The ordinance may provide that it shall not become effective until the owners of all property or the owner or owners of a particular parcel or parcels of property abutting upon the street or alley, or part thereof so vacated, shall pay compensation in an amount which, in the judgment of the corporate authorities, shall be the fair market value of the property acquired or of the benefits which will accrue to them by reason of that vacation, and if there are any public service facilities in such street or alley, or part thereof, the ordinance shall also reserve to the municipality or to the public utility, as the case may be, owning such facilities, such property, rights of way and easements as, in the judgment of the corporate authorities, are necessary or desirable for continuing public service by means of those facilities and for the maintenance, renewal and reconstruction thereof. If the ordinance provides that only the owner or owners of one particular parcel of abutting property shall make payment, then the owner or owners of the particular parcel shall acquire title to the entire vacated street or alley, or the part thereof vacated.

The determination of the corporate authorities that the nature and extent of the public use or public interest to be subserved in such as to warrant the vacation of any street or alley, or part thereof, is conclusive, and the passage of such an ordinance is sufficient evidence of that determination, whether so recited in the ordinance or not. The relief to the public from further burden and responsibility of maintaining any street or alley, or part thereof, constitutes a public use or public interest authorizing the vacation.

When property is damaged by the vacation or closing of any street or alley, the damage shall be ascertained and paid as provided by law.

Provided however, that such municipality shall have first acquired the land on both sides of such roads, highways, streets, alleys, or parts thereof; provided, also, that in the case of a road, highway, street or alley or part thereof, under the jurisdiction of the Department of Transportation, the consent of the Department shall be obtained before the ordinance shall become effective. Such ordinance shall be passed by the affirmative vote of at least 3/4 of all ~~alderpersons~~ ~~aldermen~~, trustees or commissioners authorized by law to be elected. Such vacation shall be effective upon passage of the ordinance and recording of a certified copy thereof with the recorder of the county within which the roads, highways, streets, alleys, or parts thereof are situated.

Section 95. The Cannabis Regulation and Tax Act is amended by changing Section 55-28 as follows:  
(410 ILCS 705/55-28)

Sec. 55-28. Restricted cannabis zones.

(a) As used in this Section:

"Legal voter" means a person:

(1) who is duly registered to vote in a municipality with a population of over 500,000;

(2) whose name appears on a poll list compiled by the city board of election commissioners since the last preceding election, regardless of whether the election was a primary, general, or special election;

(3) who, at the relevant time, is a resident of the address at which he or she is registered to vote; and

(4) whose address, at the relevant time, is located in the precinct where such person seeks to file a notice of intent to initiate a petition process, circulate a petition, or sign a petition under this Section.

As used in the definition of "legal voter", "relevant time" means any time that:

(i) a notice of intent is filed, pursuant to subsection (c) of this Section, to initiate the petition process under this Section;

(ii) the petition is circulated for signature in the applicable precinct; or

(iii) the petition is signed by registered voters in the applicable precinct.

"Petition" means the petition described in this Section.

"Precinct" means the smallest constituent territory within a municipality with a population of over 500,000 in which electors vote as a unit at the same polling place in any election governed by the Election Code.

"Restricted cannabis zone" means a precinct within which home cultivation, one or more types of cannabis business establishments, or both has been prohibited pursuant to an ordinance initiated by a petition under this Section.

(b) The legal voters of any precinct within a municipality with a population of over 500,000 may petition their local ~~alderperson~~ alderman, using a petition form made available online by the city clerk, to introduce an ordinance establishing the precinct as a restricted zone. Such petition shall specify whether it seeks an ordinance to prohibit, within the precinct: (i) home cultivation; (ii) one or more types of cannabis business establishments; or (iii) home cultivation and one or more types of cannabis business establishments.

Upon receiving a petition containing the signatures of at least 25% of the registered voters of the precinct, and concluding that the petition is legally sufficient following the posting and review process in subsection (c) of this Section, the city clerk shall notify the local ~~alderperson~~ alderman of the ward in which the precinct is located. Upon being notified, that ~~alderperson~~ alderman, following an assessment of relevant factors within the precinct, including but not limited to, its geography, density and character, the prevalence of residentially zoned property, current licensed cannabis business establishments in the precinct, the current amount of home cultivation in the precinct, and the prevailing viewpoint with regard to the issue raised in

the petition, may introduce an ordinance to the municipality's governing body creating a restricted cannabis zone in that precinct.

(c) A person seeking to initiate the petition process described in this Section shall first submit to the city clerk notice of intent to do so, on a form made available online by the city clerk. That notice shall include a description of the potentially affected area and the scope of the restriction sought. The city clerk shall publicly post the submitted notice online.

To be legally sufficient, a petition must contain the requisite number of valid signatures and all such signatures must be obtained within 90 days of the date that the city clerk publicly posts the notice of intent. Upon receipt, the city clerk shall post the petition on the municipality's website for a 30-day comment period. The city clerk is authorized to take all necessary and appropriate steps to verify the legal sufficiency of a submitted petition. Following the petition review and comment period, the city clerk shall publicly post online the status of the petition as accepted or rejected, and if rejected, the reasons therefor. If the city clerk rejects a petition as legally insufficient, a minimum of 12 months must elapse from the time the city clerk posts the rejection notice before a new notice of intent for that same precinct may be submitted.

(c-5) Within 3 days after receiving an application for zoning approval to locate a cannabis business establishment within a municipality with a population of over 500,000, the municipality shall post a public notice of the filing on its website and notify the alderman of the ward in which the proposed cannabis business establishment is to be located of the filing. No action shall be taken on the zoning application for 7 business days following the notice of the filing for zoning approval.

If a notice of intent to initiate the petition process to prohibit the type of cannabis business establishment proposed in the precinct of the proposed cannabis business establishment is filed prior to the filing of the application or within the 7-day period after the filing of the application, the municipality shall not approve the application for at least 90 days after the city clerk publicly posts the notice of intent to initiate the petition process. If a petition is filed within the 90-day petition-gathering period described in subsection (c), the municipality shall not approve the application for an additional 90 days after the city clerk's receipt of the petition; provided that if the city clerk rejects a petition as legally insufficient, the municipality may approve the application prior to the end of the 90 days. If a petition is not submitted within the 90-day petition-gathering period described in subsection (c), the municipality may approve the application unless the approval is otherwise stayed pursuant to this subsection by a separate notice of intent to initiate the petition process filed timely within the 7-day period.

If no legally sufficient petition is timely filed, a minimum of 12 months must elapse before a new notice of intent for that same precinct may be submitted.

(d) Notwithstanding any law to the contrary, the municipality may enact an ordinance creating a restricted cannabis zone. The ordinance shall:

- (1) identify the applicable precinct boundaries as of the date of the petition;
- (2) state whether the ordinance prohibits within the defined boundaries of the precinct, and in what combination: (A) one or more types of cannabis business establishments; or (B) home cultivation;
- (3) be in effect for 4 years, unless repealed earlier; and
- (4) once in effect, be subject to renewal by ordinance at the expiration of the 4-year period without the need for another supporting petition.

The failure to send a copy of the notice to the ~~alderperson~~ ~~alderman~~ or to file an affidavit as required shall result in a stay of the foreclosure action on a motion of a party or the court. If the foreclosure action has been stayed by an order of the court, the plaintiff or the plaintiff's representative shall send the notice by certified mail, return receipt requested, or by private carrier that provides proof of delivery, and tender the return receipt or the proof of delivery to the court. (705 ILCS 35/2f-2)

Sec. 2f-2. 19th judicial circuit; subcircuits; additional judges.

(a) Prior to the boundaries of the subcircuits being redrawn under subsection (a-3), ~~the~~ 19th circuit shall be divided into 6 subcircuits. The subcircuits shall be compact, contiguous, and substantially equal in population. The General Assembly by law shall create the subcircuits, using population data as determined by the 2000 federal census, and shall determine a numerical order for the 6 subcircuits. That numerical order shall be the basis for the order in which resident judgeships are assigned to the subcircuits. The 6 resident judgeships to be assigned that are not added by or converted from at-large at-large judgeships as provided in this amendatory Act of the 96th General Assembly shall be assigned to the 1st, 2nd, 3rd, 4th, 5th, and 6th subcircuits, in that order. The 6 resident judgeships to be assigned that are added by or converted from at-large at-large judgeships as provided in this amendatory Act of the 96th General Assembly shall be assigned to the 6th, 5th, 4th, 3rd, 2nd, and 1st subcircuits, in that order. Once a resident judgeship is assigned to a subcircuit, it shall continue to be assigned to that subcircuit for all purposes.

(a-3) In 2021, the General Assembly shall redraw the boundaries of the subcircuits to reflect the results of the 2020 federal decennial census and divide the 19th circuit into at least 10 subcircuits. The General Assembly shall redraw the subcircuit boundaries after every federal decennial census. The subcircuits shall be compact, contiguous, and substantially equal in population. Upon the division of subcircuits pursuant to this Section: (i) each resident judgeship shall be assigned to the newly drawn subcircuit in which the judge of the resident judgeship in question resides; and (ii) each at-large judgeship shall be converted to a resident judgeship and assigned to the subcircuit in which the judge of the converted judgeship in question resides. Once a resident judgeship is assigned to a subcircuit or an at-large judgeship is converted to a resident judgeship and assigned to a subcircuit, it shall be assigned to that subcircuit for all purposes. In accordance with subsection (a), a resident judgeship assigned to a subcircuit shall continue to be assigned to that subcircuit. Any vacancy in a resident judgeship existing on or occurring after the effective date of a law redrawing the boundaries of the subcircuits shall be filled by a resident of the redrawn subcircuit. When a vacancy occurs in a resident judgeship, the resident judgeship shall be allotted by the Supreme Court under subsection (c) and filled by election. Notwithstanding the preceding 2 sentences, the resident judgeship shall not be allotted by the Supreme Court and filled by election if, after the vacancy arises, there are still 2 or more nonvacant resident judgeships in the subcircuit of the vacant resident judgeship in question.

(a-5) Of the at-large at-large judgeships of the 19th judicial circuit, the first 3 that are or become vacant on or after the effective date of this amendatory Act of the 96th General Assembly shall become resident judgeships of the 19th judicial circuit to be allotted by the Supreme Court under subsection (c) and filled by election, except that the Supreme Court may fill those judgeships by appointment for any remainder of a vacated term until the resident judgeships are filled initially by election. As used in this subsection, a vacancy does not include the expiration of a term of an at-large at-large judge who seeks retention in that office at the next term.

The number of resident judgeships allotted to subcircuits of the 19th judicial circuit pursuant to this Section shall constitute all the resident judgeships of the 19th judicial circuit.

(c) The Supreme Court shall allot (i) all vacancies in resident judgeships of the 19th circuit existing on or occurring on or after the effective date of this amendatory Act of the 93rd General Assembly and not filled at the 2004 general election, (ii) the resident judgeships of the 19th circuit filled at the 2004 general election as those judgeships thereafter become vacant, (iii) the 3 formerly ~~at-large~~ ~~at-large~~ judgeships described in subsection (a-5) as they become available, ~~and~~ (iv) the 3 resident judgeships added by subsection (a-10), and (v) the additional resident judgeships provided for by subsection (a-3), for election from the various subcircuits until there are 2 resident judges to be elected from each subcircuit. A resident judge elected from a subcircuit after January 1, 2008, must retain residency as a registered voter in the subcircuit to run for retention from the circuit ~~at-large~~ ~~at-large~~ thereafter.

(e) Vacancies in resident judgeships of the 19th circuit shall be filled in the manner provided in Article VI of the Illinois Constitution.

Sec. 20-10. Competitive sealed bidding; reverse auction.

(a) Conditions for use. All contracts shall be awarded by competitive sealed bidding except as otherwise provided in Section 20-5.

(b) Invitation for bids. An invitation for bids shall be issued and shall include a purchase description and the material contractual terms and conditions applicable to the procurement.

(c) Public notice. Public notice of the invitation for bids shall be published in the Illinois Procurement Bulletin at least 14 calendar days before the date set in the invitation for the opening of bids.

(d) Bid opening. Bids shall be opened publicly or through an electronic procurement system in the presence of one or more witnesses at the time and place designated in the invitation for bids. The name of each bidder, including earned and applied bid credit from the Illinois Works Jobs Program Act, the amount of each bid, and other relevant information as may be specified by rule shall be recorded. After the award of the contract, the winning bid and the record of each unsuccessful bid shall be open to public inspection.

(e) Bid acceptance and bid evaluation. Bids shall be unconditionally accepted without alteration or correction, except as authorized in this Code. Bids shall be evaluated based on the requirements set forth in the invitation for bids, which may include criteria to determine acceptability such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose. Those criteria that will affect the bid price and be considered in evaluation for award, such as discounts, transportation costs, and total or life cycle costs, shall be objectively measurable. The invitation for bids shall set forth the evaluation criteria to be used.

(f) Correction or withdrawal of bids. Correction or withdrawal of inadvertently erroneous bids before or after award, or cancellation of awards of contracts based on bid mistakes, shall be permitted in accordance with rules. After bid opening, no changes in bid prices or other provisions of bids prejudicial to the interest of the State or fair competition shall be permitted. All decisions to permit the correction or withdrawal of bids based on bid mistakes shall be supported by written determination made by a State purchasing officer.

(g) Award. The contract shall be awarded with reasonable promptness by written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the invitation for bids, except when a State purchasing officer determines it is not in the best interest of the State and by written explanation determines another bidder shall receive the award. The explanation shall appear in the appropriate volume of the Illinois Procurement Bulletin. The written explanation must include:

- (1) a description of the agency's needs;
- (2) a determination that the anticipated cost will be fair and reasonable;
- (3) a listing of all responsible and responsive bidders; and
- (4) the name of the bidder selected, the total contract price, and the reasons for selecting that bidder.

Each chief procurement officer may adopt guidelines to implement the requirements of this subsection (g).

The written explanation shall be filed with the Legislative Audit Commission and the Procurement Policy Board, and be made available for inspection by the public, within 14 ~~30~~ calendar days after the agency's decision to award the contract.

(h) Multi-step sealed bidding. When it is considered impracticable to initially prepare a purchase description to support an award based on price, an invitation for bids may be issued requesting the submission of unpriced offers to be followed by an invitation for bids limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation.

(i) Alternative procedures. Notwithstanding any other provision of this Act to the contrary, the Director of the Illinois Power Agency may create alternative bidding procedures to be used in procuring professional services under Section 1-56, subsections (a) and (c) of Section 1-75 and subsection (d) of Section 1-78 of the Illinois Power Agency Act and Section 16-111.5(c) of the Public Utilities Act and to procure renewable energy resources under Section 1-56 of the Illinois Power Agency Act. These alternative procedures shall be set forth together with the other criteria contained in the invitation for bids, and shall appear in the appropriate volume of the Illinois Procurement Bulletin.

(j) Reverse auction. Notwithstanding any other provision of this Section and in accordance with rules adopted by the chief procurement officer, that chief procurement officer may procure supplies or services through a competitive electronic auction bidding process after the chief procurement officer determines that the use of such a process will be in the best interest of the State. The chief procurement officer shall publish that determination in his or her next volume of the Illinois Procurement Bulletin.

An invitation for bids shall be issued and shall include (i) a procurement description, (ii) all contractual terms, whenever practical, and (iii) conditions applicable to the procurement, including a notice that bids will be received in an electronic auction manner.

Public notice of the invitation for bids shall be given in the same manner as provided in subsection (c).

Bids shall be accepted electronically at the time and in the manner designated in the invitation for bids. During the auction, a bidder's price shall be disclosed to other bidders. Bidders shall have the opportunity to reduce their bid prices during the auction. At the conclusion of the auction, the record of the bid prices received and the name of each bidder shall be open to public inspection.

After the auction period has terminated, withdrawal of bids shall be permitted as provided in subsection (f).

The contract shall be awarded within 60 calendar days after the auction by written notice to the lowest responsible bidder, or all bids shall be rejected except as otherwise provided in this Code. Extensions of the date for the award may be made by mutual written consent of the State purchasing officer and the lowest responsible bidder.

(d) Bid opening. Bids shall be opened publicly or through an electronic procurement system in the presence of one or more witnesses at the time and place designated in the invitation for bids. The name of each bidder, including earned and applied bid credit from the Illinois Works Jobs Program Act, the amount of each bid, and other relevant information as may be specified by rule shall be recorded. After the award of the contract, the winning bid and the record of each unsuccessful bid shall be open to public inspection.

(e) Bid acceptance and bid evaluation. Bids shall be unconditionally accepted without alteration or correction, except as authorized in this Code. Bids shall be evaluated based on the requirements set forth in the invitation for bids, which may include criteria to determine acceptability such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose. Those criteria that will affect the bid price and be considered in evaluation for award, such as discounts, transportation costs, and total or life cycle costs, shall be objectively measurable. The invitation for bids shall set forth the evaluation criteria to be used.

(f) Correction or withdrawal of bids. Correction or withdrawal of inadvertently erroneous bids before or after award, or cancellation of awards of contracts based on bid mistakes, shall be permitted in accordance with rules. After bid opening, no changes in bid prices or other provisions of bids prejudicial to the interest of the State or fair competition shall be permitted. All decisions to permit the correction or withdrawal of bids based on bid mistakes shall be supported by written determination made by a State purchasing officer.

(g) Award. The contract shall be awarded with reasonable promptness by written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the invitation for bids, except when a State purchasing officer determines it is not in the best interest of the State and by written explanation determines another bidder shall receive the award. The explanation shall appear in the appropriate volume of the Illinois Procurement Bulletin. The written explanation must include:

(1) a description of the agency's needs;

(2) a determination that the anticipated cost will be fair and reasonable;

(3) a listing of all responsible and responsive bidders; and

(4) the name of the bidder selected, the total contract price, and the reasons for selecting that bidder.

Each chief procurement officer may adopt guidelines to implement the requirements of this subsection (g).

The written explanation shall be filed with the Legislative Audit Commission and the Procurement Policy Board, and be made available for inspection by the public, within 30 days after the agency's decision to award the contract.

(h) Multi-step sealed bidding. When it is considered impracticable to initially prepare a purchase description to support an award based on price, an invitation for bids may be issued requesting the submission of unpriced offers to be followed by an invitation for bids limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation.

(i) Alternative procedures. Notwithstanding any other provision of this Act to the contrary, the Director of the Illinois Power Agency may create alternative bidding procedures to be used in procuring professional services under subsections (a) and (c) of Section 1-75 and subsection (d) of Section 1-78 of the Illinois Power Agency Act and Section 16-111.5(c) of the Public Utilities Act and to procure renewable energy resources under Section 1-56 of the Illinois Power Agency Act. These alternative procedures shall be set forth together with the other criteria contained in the invitation for bids, and shall appear in the appropriate volume of the Illinois Procurement Bulletin.

(j) Reverse auction. Notwithstanding any other provision of this Section and in accordance with rules adopted by the chief procurement officer, that chief procurement officer may procure supplies or services through a competitive electronic auction bidding process after the chief procurement officer determines that the use of such a process will be in the best interest of the State. The chief procurement officer shall publish that determination in his or her next volume of the Illinois Procurement Bulletin.

An invitation for bids shall be issued and shall include (i) a procurement description, (ii) all contractual terms, whenever practical, and (iii) conditions applicable to the procurement, including a notice that bids will be received in an electronic auction manner.

Public notice of the invitation for bids shall be given in the same manner as provided in subsection (c).

Bids shall be accepted electronically at the time and in the manner designated in the invitation for bids. During the auction, a bidder's price shall be disclosed to other bidders. Bidders shall have the opportunity to reduce their bid prices during the auction. At the conclusion of the auction, the record of the bid prices received and the name of each bidder shall be open to public inspection.

After the auction period has terminated, withdrawal of bids shall be permitted as provided in subsection (f).

The contract shall be awarded within 60 calendar days after the auction by written notice to the lowest responsible bidder, or all bids shall be rejected except as otherwise provided in this Code. Extensions of the date for the award may be made by mutual written consent of the State purchasing officer and the lowest responsible bidder.

Sec. 20-15. Competitive sealed proposals.

(a) Conditions for use. When provided under this Code or under rules, or when the purchasing agency determines in writing that the use of competitive sealed bidding is either not practicable or not advantageous to the State, a contract may be entered into by competitive sealed proposals.

(b) Request for proposals. Proposals shall be solicited through a request for proposals.

(c) Public notice. Public notice of the request for proposals shall be published in the Illinois Procurement Bulletin at least 14 calendar days before the date set in the invitation for the opening of proposals.

(d) Receipt of proposals. Proposals shall be opened publicly or via an electronic procurement system in the presence of one or more witnesses at the time and place designated in the request for proposals, but proposals shall be opened in a manner to avoid disclosure of contents to competing offerors during the process of negotiation. (E) the percentage of members of the ~~offeror's~~ ~~respondent's~~ governing board, senior executives, and managers who are women, minorities, or persons with disabilities.

(3) If any State agency or public institution of higher education contract is eligible to be paid for or reimbursed, in whole or in part, with federal-aid funds, grants, or loans, and the provisions of this subsection (e-5) would result in the loss of those federal-aid funds, grants, or loans, then the contract is exempt from the provisions of this Section in order to remain eligible for those federal-aid funds, grants, or loans. For the purposes of this subsection (e-5):

"Minorities" has the same meaning as "minority person" under Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act.

"Women" has the same meaning as "woman" under Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act.

(f) Discussion with responsible offerors and revisions of offers or proposals. As provided in the request for proposals and under rules, discussions may be conducted with responsible offerors who submit offers or proposals determined to be reasonably susceptible of being selected for award for the purpose of clarifying and assuring full understanding of and responsiveness to the solicitation requirements. Those offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals. Revisions may be permitted after submission and before award for the purpose of obtaining best and final offers. In conducting discussions there shall be no disclosure of any information derived from proposals submitted by competing offerors. If information is disclosed to any offeror, it shall be provided to all competing offerors.

(g) Award. Awards shall be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the State, taking into consideration price and the evaluation factors set forth in the request for proposals. The contract file shall contain the basis on which the award is made.

A contract may be extended beyond 90 calendar days if the chief procurement officer determines additional time is necessary and that the contract scope and duration are limited to the emergency. Prior to execution of the extension, the chief procurement officer must hold a public hearing and provide written justification for all emergency contracts. When only an estimate of the total cost is known at the time of publication, the estimate shall be identified as an estimate and published. When the actual total cost is determined, it shall also be published in like manner before the 10th day of the next succeeding month.

(c) Statements. A chief procurement officer making a procurement under this Section shall file statements with the Procurement Policy Board and the Auditor General within 10 calendar days after the procurement setting forth the amount expended, the name of the contractor involved, and the conditions and circumstances requiring the emergency procurement. At the end of each fiscal quarter, the Auditor General shall file with the Legislative Audit Commission and the Governor a complete listing of all emergency procurements reported during that fiscal quarter. The Legislative Audit Commission shall review the emergency procurements so reported and, in its annual reports, advise the General Assembly of procurements that appear to constitute an abuse of this Section.

(Text of Section before amendment by P.A. 101-657, Article 40, Section 40-125)

Sec. 20-60. Duration of contracts.

(a) Maximum duration. A contract may be entered into for any period of time deemed to be in the best interests of the State but not exceeding 10 years inclusive, beginning January 1, 2010, of proposed contract renewals. Third parties may lease State-owned dark fiber networks for any period of time deemed to be in the best interest of the State, but not exceeding 20 years. The length of a lease for real property or capital improvements shall be in accordance with the provisions of Section 40-25. The length of energy conservation program contracts or energy savings contracts or leases shall be in accordance with the provisions of Section 25-45. A contract for bond or mortgage insurance awarded by the Illinois Housing Development Authority, however, may be entered into for any period of time less than or equal to the maximum period of time that the subject bond or mortgage may remain outstanding.

(b) Subject to appropriation. All contracts made or entered into shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to make payments under the terms of the contract.

(c) The chief procurement officer shall file a proposed extension or renewal of a contract with the Procurement Policy Board prior to entering into any extension or renewal if the cost associated with the extension or renewal exceeds \$249,999. The Procurement Policy Board may object to the proposed extension or renewal within 30 calendar days and require a hearing before the Board prior to entering into the extension or renewal. If the Procurement Policy Board does not object within 30 calendar days or takes affirmative action to recommend the extension or renewal, the chief procurement officer may enter into the extension or renewal of a contract. This subsection does not apply to any emergency procurement, any procurement under Article 40, or any procurement exempted by Section 1-10(b) of this Code. If any State agency contract is paid for in whole or in part with federal-aid funds, grants, or loans and the provisions of this subsection would result in the loss of those federal-aid funds, grants, or loans, then the contract is exempt from the provisions of this subsection in order to remain eligible for those federal-aid funds, grants, or loans, and the State agency shall file notice of this exemption with the Procurement Policy Board prior to entering into the proposed extension or renewal. Nothing in this subsection permits a chief procurement officer to enter into an extension or renewal in violation of subsection (a). By August 1 each year, the Procurement Policy Board shall file a report with the General Assembly identifying for the previous fiscal year (i) the proposed extensions or renewals that were filed with the Board and whether the Board objected and (ii) the contracts exempt from this subsection.

(d) Notwithstanding the provisions of subsection (a) of this Section, the Department of Innovation and Technology may enter into leases for dark fiber networks for any period of time deemed to be in the best interests of the State but not exceeding 20 years inclusive. The Department of Innovation and Technology may lease dark fiber networks from third parties only for the primary purpose of providing services (i) to the offices of Governor, Lieutenant Governor, Attorney General, Secretary of State, Comptroller, or Treasurer and State agencies, as defined under Section 5-15 of the Civil Administrative Code of Illinois or (ii) for anchor institutions, as defined in Section 7 of the Illinois Century Network Act. Dark fiber network lease contracts shall be subject to all other provisions of this Code and any applicable rules or requirements, including, but not limited to, publication of lease solicitations, use of standard State contracting terms and conditions, and approval of vendor certifications and financial disclosures.

The form and content of the waiver shall be prescribed by each chief procurement officer who shall maintain on his or her official website a database of waivers granted under this Section with respect to contracts under his or her jurisdiction. Sec. 20-60. Duration of contracts.

(a) Maximum duration. A contract may be entered into for any period of time deemed to be in the best interests of the State but not exceeding 10 years inclusive, beginning January 1, 2010, of proposed contract renewals. Third parties may lease State-owned dark fiber networks for any period of time deemed to be in the best interest of the State, but not exceeding 20 years. The length of a lease for real property or capital improvements shall be in accordance with the provisions of Section 40-25. The length of energy conservation program contracts or energy savings contracts or leases shall be in accordance with the provisions of Section 25-45. A contract for bond or mortgage insurance awarded by the Illinois Housing Development Authority, however, may be entered into for any period of time less than or equal to the maximum period of time that the subject bond or mortgage may remain outstanding.

(b) Subject to appropriation. All contracts made or entered into shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to make payments under the terms of the contract.

(c) The chief procurement officer shall file a proposed extension or renewal of a contract with the Procurement Policy Board and the Commission on Equity and Inclusion prior to entering into any extension or renewal if the cost associated with the extension or renewal exceeds \$249,999. The Procurement Policy Board or the Commission on Equity and Inclusion may object to the proposed extension or renewal within 30 calendar days and require a hearing before the Board or the Commission on Equity and Inclusion prior to entering into the extension or renewal. If the Procurement Policy Board or the Commission on Equity and Inclusion does not object within 30 calendar days or takes affirmative action to recommend the extension or renewal, the chief procurement officer may enter into the extension or renewal of a contract. This subsection does not apply to any emergency procurement, any procurement under Article 40, or any procurement exempted by Section 1-10(b) of this Code. If any State agency contract is paid for in whole or in part with federal-aid funds, grants, or loans and the provisions of this subsection would result in the loss of those federal-aid funds, grants, or loans, then the contract is exempt from the provisions of this subsection in order to remain eligible for those federal-aid funds, grants, or loans, and the State agency shall file notice of this exemption with the Procurement Policy Board or the Commission on Equity and Inclusion prior to entering into the proposed extension or renewal. Nothing in this subsection permits a chief procurement officer to enter into an extension or renewal in violation of subsection (a). By August 1 each year, the Procurement Policy Board and the Commission on Equity and Inclusion shall each file a report with the General Assembly identifying for the previous fiscal year (i) the proposed extensions or renewals that were filed and whether such extensions and renewals were objected to and (ii) the contracts exempt from this subsection.

(d) Notwithstanding the provisions of subsection (a) of this Section, the Department of Innovation and Technology may enter into leases for dark fiber networks for any period of time deemed to be in the best interests of the State but not exceeding 20 years inclusive. The Department of Innovation and Technology may lease dark fiber networks from third parties only for the primary purpose of providing services (i) to the offices of Governor, Lieutenant Governor, Attorney General, Secretary of State, Comptroller, or Treasurer and State agencies, as defined under Section 5-15 of the Civil Administrative Code of Illinois or (ii) for anchor institutions, as defined in Section 7 of the Illinois Century Network Act. Dark fiber network lease contracts shall be subject to all other provisions of this Code and any applicable rules or requirements, including, but not limited to, publication of lease solicitations, use of standard State contracting terms and conditions, and approval of vendor certifications and financial disclosures.

(e) As used in this Section, "dark fiber network" means a network of fiber optic cables laid but currently unused by a third party that the third party is leasing for use as network infrastructure.

(f) No vendor shall be eligible for renewal of a contract when that vendor has failed to meet the goals agreed to in the vendor's utilization plan, as defined in Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act, unless the State agency has determined that the vendor made good faith efforts toward meeting the contract goals. ~~If the State agency determines that the vendor made good faith efforts, the agency may issue a waiver after concurrence by the chief procurement officer and has issued a waiver or that vendor is not otherwise excused from compliance by the chief procurement officer in consultation with the purchasing State agency.~~ The form and content of the waiver shall be prescribed by each chief procurement officer who shall maintain on his or her official website a database of waivers granted under this Section with respect to contracts under his or her jurisdiction. The database shall be updated periodically and shall be searchable by contractor name and by contracting State agency or public institution of higher education.

If, as a result of its monitoring activities, the Council determines that its goals and policies are not being met by any State agency or public institution of higher education, the Council may recommend any or all of the following actions:

(a) Establish enforcement procedures whereby the Council may recommend to the appropriate State agency, public institutions of higher education, or law enforcement officer that legal or administrative remedies be initiated for violations of contract provisions or rules issued hereunder or by a contracting State agency or public institutions of higher education. State agencies and public institutions of higher education shall be authorized to adopt remedies for such violations which shall include (1) termination of the contract involved, (2) prohibition of participation of the respondents in public contracts for a period not to exceed one year, (3) imposition of a penalty not to exceed any profit acquired as a result of violation, or (4) any combination thereof.

Such recommended revisions may include, but shall not be limited to, the following:

(i) assurances of stronger and better focused solicitation efforts to obtain more businesses owned by minorities, women, and persons with disabilities as potential sources of supply;

(ii) division of job or project requirements, when economically feasible, into tasks or quantities to permit participation of businesses owned by minorities, women, and persons with disabilities;

(iii) elimination of extended experience or capitalization requirements, when programmatically feasible, to permit participation of businesses owned by minorities, women, and persons with disabilities;

(iv) identification of specific proposed contracts as particularly attractive or appropriate for participation by businesses owned by minorities, women, and persons with disabilities, such identification to result from and be coupled with the efforts of subparagraphs (i) through (iii);

(v) implementation of those regulations established for the use of the sheltered market process.

(2) State agencies and public institutions of higher education shall review a vendor's compliance with its utilization plan and the terms of its contract. Without limitation, a vendor's failure to comply with its contractual commitments as contained in the utilization plan; failure to cooperate in providing information regarding its compliance with its utilization plan; or the provision of false or misleading information or statements concerning compliance, certification status, or eligibility of the Business Enterprise Program-certified vendor, good faith efforts, or any other material fact or representation shall constitute a material breach of the contract and entitle the State agency or public institution of higher education to declare a default, terminate the contract, or exercise those remedies provided for in the contract, at law, or in equity.

(3) A vendor shall be in breach of the contract and may be subject to penalties for failure to meet contract goals established under this Act, unless the vendor can show that it made good faith efforts to meet the contract goals.

(iv) identification of specific proposed contracts as particularly attractive or appropriate for participation by businesses owned by minorities, women, and persons with disabilities, such identification to result from and be coupled with the efforts of subparagraphs (i) through (iii);

(3) Prior to the expiration or termination of a contract, State agencies and public institutions of higher education shall evaluate the contractor's fulfillment of the contract goals for participation by businesses owned by minorities, women, and persons with disabilities. The agency or public institution of higher education shall prepare a report of the vendor's compliance with the contract goals and file it with the Secretary. If the Secretary determines that the vendor did not fulfill the contract goals, the A vendor shall be in breach of the contract and may be subject to remedies or sanctions penalties for failure to meet contract goals established under this Act, unless the vendor can show that it made good faith efforts to meet the contract goals. Such remedies or sanctions for failing to make good faith efforts may include (i) disqualification of the contractor from doing business with the State for a period of no more than one year or (ii) cancellation, without any penalty to the State, of any contract entered into by the vendor. (b) The Department shall place the following limitations on services: (i) the Department shall limit adult eyeglasses to one pair every 2 years; however, the limitation does not apply to an individual who needs different eyeglasses following a surgical procedure such as cataract surgery; (ii) the Department shall set an annual limit of a maximum of 20 visits for each of the following services: adult speech, hearing, and language therapy services, adult occupational therapy services, and physical therapy services; on or after October 1, 2014, the annual maximum limit of 20 visits shall expire but the Department may require prior approval for all individuals for speech, hearing, and language therapy services, occupational therapy services, and physical therapy services; (iii) the Department shall limit adult podiatry services to individuals with diabetes; on or after October 1, 2014, podiatry services shall not be limited to individuals with diabetes; (iv) the Department shall pay for caesarean sections at the normal vaginal delivery rate unless a caesarean section was medically necessary; (v) the Department shall limit adult dental services to emergencies; beginning July 1, 2013, the Department shall ensure that the following conditions are recognized as emergencies: (A) dental services necessary for an individual in order for the individual to be cleared for a medical procedure, such as a transplant; (B) extractions and dentures necessary for a diabetic to receive proper nutrition; (C) extractions and dentures necessary as a result of cancer treatment; and (D) dental services necessary for the health of a pregnant woman prior to delivery of her baby; on or after July 1, 2014, adult dental services shall no longer be limited to emergencies, and dental services necessary for the health of a pregnant woman prior to delivery of her baby shall continue to be covered; and (vi) effective July 1, 2012 through June 30, 2021, the Department shall place limitations and require concurrent review on every inpatient detoxification stay to prevent repeat admissions to any hospital for detoxification within 60 days of a previous inpatient detoxification stay. The Department shall convene a workgroup of hospitals, substance abuse providers, care coordination entities, managed care plans, and other stakeholders to develop recommendations for quality standards, diversion to other settings, and admission criteria for patients who need inpatient detoxification, which shall be published on the Department's website no later than September 1, 2013.

(c) The Department shall require prior approval of the following services: wheelchair repairs costing more than \$400, coronary artery bypass graft, and bariatric surgery consistent with Medicare standards concerning patient responsibility. (d) The Department shall establish benchmarks for hospitals to measure and align payments to reduce potentially preventable hospital readmissions, inpatient complications, and unnecessary emergency room visits. (h) Effective with inpatient hospital admissions on or after July 1, 2012, the Department shall reduce the payment for a claim that indicates the occurrence of a provider-preventable condition during the admission as specified by the Department in rules. The Department shall not pay for services related to an other provider-preventable condition.

As used in this subsection (h):

"Provider-preventable condition" means a health care acquired condition as defined under the federal Medicaid regulation found at 42 CFR 447.26 or an other provider-preventable condition.

Sec. 5-41. Inpatient hospitalization for opioid-related overdose or withdrawal patients. Due to the disproportionately high opioid-related fatality rates among African Americans in under-resourced communities in Illinois, the lack of community resources, the comorbidities experienced by these patients, and the high rate of hospital inpatient recidivism associated with this population when improperly treated, the Department shall ensure that every patient experiencing an opioid-related overdose or withdrawal is admitted on an inpatient status when medically necessary, as determined by either the patient's primary care physician or the physician or other practitioner responsible for the patient's care at the hospital to which the patient presents using criteria established by the American Society of Addiction Medicine. This requirement for inpatient hospital admission shall apply to all patients eligible for medical assistance regardless of whether they are enrolled in the fee-for-service medical assistance program or with a Medicaid managed care organization. If a patient is admitted on an inpatient status, the Department shall ensure that the hospital provider is reimbursed accordingly. If it is determined by a patient's physician, or any other practitioner responsible for the patient's care at the hospital to which the patient presents, that the patient does not meet medical necessity criteria for inpatient admission, then the patient may be treated via observation and the provider shall seek reimbursement accordingly. Nothing in this Section shall diminish the requirements of a provider to document medical necessity in the patient's record.

Persons eligible for medical assistance under this paragraph 18 shall receive coverage for the Health Benefits Service Package as that term is defined in subsection (m) of Section 5-1.1 of this Code. If Illinois' federal

medical assistance percentage (FMAP) is reduced below 90% for persons eligible for medical assistance under this paragraph 18, eligibility under this paragraph 18 shall cease no later than the end of the third month following the month in which the reduction in FMAP takes effect.

The Department may extend medical assistance for persons who are foreign-born victims of human trafficking, torture, or other serious crimes whose medical assistance would be terminated pursuant to subsection (b) of Section 16-5 if the Department determines that the person, during the year of initial eligibility (1) experienced a health crisis, (2) has been unable, after reasonable attempts, to obtain necessary information from a third party, or (3) has other extenuating circumstances that prevented the person from completing his or her application for status. The Department may adopt any rules necessary to implement the provisions of this paragraph.

21. Persons who are not otherwise eligible for medical assistance under this Section who may qualify for medical assistance pursuant to 42 U.S.C. 1396a(a)(10)(A)(ii)(XXIII) and 42 U.S.C. 1396(ss) for the duration of any federal or State declared emergency due to COVID-19. The Department may also cover treatment of COVID-19 for this class of persons, or any similar category of uninsured individuals, to the extent authorized under a federally approved 1115 Waiver or other federal authority. Notwithstanding the provisions of Section 1-11 of this Code, due to the nature of the COVID-19 public health emergency, the Department may cover and provide the medical assistance described in this paragraph 21 to noncitizens who would otherwise meet the eligibility requirements for the class of persons described in this paragraph 21 for the duration of the State emergency period.

In implementing the provisions of Public Act 96-20, the Department is authorized to adopt only those rules necessary, including emergency rules. Nothing in Public Act 96-20 permits the Department to adopt rules or issue a decision that expands eligibility for the FamilyCare Program to a person whose income exceeds 185% of the Federal Poverty Level as determined from time to time by the U.S. Department of Health and Human Services, unless the Department is provided with express statutory authority.

The eligibility of any such person for medical assistance under this Article is not affected by the payment of any grant under the Senior Citizens and Persons with Disabilities Property Tax Relief Act or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act.

The Department shall by rule establish the amounts of assets to be disregarded in determining eligibility for medical assistance, which shall at a minimum equal the amounts to be disregarded under the Federal Supplemental Security Income Program. The amount of assets of a single person to be disregarded shall not be less than \$2,000, and the amount of assets of a married couple to be disregarded shall not be less than \$3,000.

To the extent permitted under federal law, any person found guilty of a second violation of Article VIII A shall be ineligible for medical assistance under this Article, as provided in Section 8A-8.

The eligibility of any person for medical assistance under this Article shall not be affected by the receipt by the person of donations or benefits from fundraisers held for the person in cases of serious illness, as long as neither the person nor members of the person's family have actual control over the donations or benefits or the disbursement of the donations or benefits.

Notwithstanding any other provision of this Code, if the United States Supreme Court holds Title II, Subtitle A, Section 2001(a) of Public Law 111-148 to be unconstitutional, or if a holding of Public Law 111-148 makes Medicaid eligibility allowed under Section 2001(a) inoperable, the State or a unit of local government shall be prohibited from enrolling individuals in the Medical Assistance Program as the result of federal approval of a State Medicaid waiver on or after June 14, 2012 (the effective date of Public Act 97-687) ~~this amendatory Act of the 97th General Assembly~~, and any individuals enrolled in the Medical Assistance Program pursuant to eligibility permitted as a result of such a State Medicaid waiver shall become immediately ineligible.

Notwithstanding any other provision of this Code, if an Act of Congress that becomes a Public Law eliminates Section 2001(a) of Public Law 111-148, the State or a unit of local government shall be prohibited from enrolling individuals in the Medical Assistance Program as the result of federal approval of a State Medicaid waiver on or after June 14, 2012 (the effective date of Public Act 97-687) ~~this amendatory Act of the 97th General Assembly~~, and any individuals enrolled in the Medical Assistance Program pursuant to eligibility permitted as a result of such a State Medicaid waiver shall become immediately ineligible.

Effective October 1, 2013, the determination of eligibility of persons who qualify under paragraphs 5, 6, 8, 15, 17, and 18 of this Section shall comply with the requirements of 42 U.S.C. 1396a(e)(14) and applicable federal regulations.

The Department of Healthcare and Family Services, the Department of Human Services, and the Illinois health insurance marketplace shall work cooperatively to assist persons who would otherwise lose health benefits as a result of changes made under Public Act 98-104 ~~this amendatory Act of the 98th General Assembly~~ to transition to other health insurance coverage.

Any timely action brought under Sections 11-22a, 11-22b, and 11-22c shall be decided in accordance with those Sections as they existed when the cause of action accrued.

Notwithstanding any other provision of this Section, a comprehensive tobacco use cessation program that includes purchasing prescription drugs or prescription medical devices approved by the Food and Drug Administration shall be covered under the medical assistance program under this Article for persons who are otherwise eligible for assistance under this Article.

Notwithstanding any other provision of this Code, reproductive health care that is otherwise legal in Illinois shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article.

Notwithstanding any other provision of this Code, the Illinois Department may not require, as a condition of payment for any laboratory test authorized under this Article, that a physician's handwritten signature appear on the laboratory test order form. The Illinois Department may, however, impose other appropriate requirements regarding laboratory test order documentation.

Upon receipt of federal approval of an amendment to the Illinois Title XIX State Plan for this purpose, the Department shall authorize the Chicago Public Schools (CPS) to procure a vendor or vendors to manufacture eyeglasses for individuals enrolled in a school within the CPS system. CPS shall ensure that its vendor or vendors are enrolled as providers in the medical assistance program and in any capitated Medicaid managed care entity (MCE) serving individuals enrolled in a school within the CPS system. Under any contract procured under this provision, the vendor or vendors must serve only individuals enrolled in a school within the CPS system. Claims for services provided by CPS's vendor or vendors to recipients of benefits in the medical assistance program under this Code, the Children's Health Insurance Program, or the Covering ALL KIDS Health Insurance Program shall be submitted to the Department or the MCE in which the individual is enrolled for payment and shall be reimbursed at the Department's or the MCE's established rates or rate methodologies for eyeglasses.

On and after July 1, 2012, the Department of Healthcare and Family Services may provide the following services to persons eligible for assistance under this Article who are participating in education, training or employment programs operated by the Department of Human Services as successor to the Department of Public Aid:

- (1) dental services provided by or under the supervision of a dentist; and
- (2) eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select.

On and after July 1, 2018, the Department of Healthcare and Family Services shall provide dental services to any adult who is otherwise eligible for assistance under the medical assistance program. As used in this paragraph, "dental services" means diagnostic, preventative, restorative, or corrective procedures, including procedures and services for the prevention and treatment of periodontal disease and dental caries disease, provided by an individual who is licensed to practice dentistry or dental surgery or who is under the supervision of a dentist in the practice of his or her profession.

On and after July 1, 2018, targeted dental services, as set forth in Exhibit D of the Consent Decree entered by the United States District Court for the Northern District of Illinois, Eastern Division, in the matter of *Memisovski v. Maram*, Case No. 92 C 1982, that are provided to adults under the medical assistance program shall be established at no less than the rates set forth in the "New Rate" column in

Exhibit D of the Consent Decree for targeted dental services that are provided to persons under the age of 18 under the medical assistance program.

Notwithstanding any other provision of this Code and subject to federal approval, the Department may adopt rules to allow a dentist who is volunteering his or her service at no cost to render dental services through an enrolled not-for-profit health clinic without the dentist personally enrolling as a participating provider in the medical assistance program. A not-for-profit health clinic shall include a public health clinic or Federally Qualified Health Center or other enrolled provider, as determined by the Department, through which dental services covered under this Section are performed. The Department shall establish a process for payment of claims for reimbursement for covered dental services rendered under this provision.

The Illinois Department, by rule, may distinguish and classify the medical services to be provided only in accordance with the classes of persons designated in Section 5-2.

The Department of Healthcare and Family Services must provide coverage and reimbursement for amino acid-based elemental formulas, regardless of delivery method, for the diagnosis and treatment of (i) eosinophilic disorders and (ii) short bowel syndrome when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

The Illinois Department shall authorize the provision of, and shall authorize payment for, screening by low-dose mammography for the presence of occult breast cancer for women 35 years of age or older who are eligible for medical assistance under this Article, as follows:

(A) A baseline mammogram for women 35 to 39 years of age.

(B) An annual mammogram for women 40 years of age or older.

(C) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(D) A comprehensive ultrasound screening and MRI of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue or when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

(E) A screening MRI when medically necessary, as determined by a physician licensed to practice medicine in all of its branches.

(F) A diagnostic mammogram when medically necessary, as determined by a physician licensed to practice medicine in all its branches, advanced practice registered nurse, or physician assistant.

The Department shall not impose a deductible, coinsurance, copayment, or any other cost-sharing requirement on the coverage provided under this paragraph; except that this sentence does not apply to coverage of diagnostic mammograms to the extent such coverage would disqualify a high-deductible health plan from eligibility for a health savings account pursuant to Section 223 of the Internal Revenue Code (26 U.S.C. 223).

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool.

For purposes of this Section:

"Diagnostic mammogram" means a mammogram obtained using diagnostic mammography.

"Diagnostic mammography" means a method of screening that is designed to evaluate an abnormality in a breast, including an abnormality seen or suspected on a screening mammogram or a subjective or objective abnormality otherwise detected in the breast.

"Low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography and includes breast tomosynthesis.

"Breast tomosynthesis" means a radiologic procedure that involves the acquisition of projection images over the stationary breast to produce cross-sectional digital three-dimensional images of the breast.

If, at any time, the Secretary of the United States Department of Health and Human Services, or its successor agency, promulgates rules or regulations to be published in the Federal Register or publishes a comment in the Federal Register or issues an opinion, guidance, or other action that would require the State, pursuant to any provision of the Patient Protection and Affordable Care Act (Public Law 111-148), including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any successor provision, to defray the cost of any coverage for breast tomosynthesis outlined in this paragraph, then the requirement that an insurer cover breast tomosynthesis is inoperative other than any such coverage authorized under Section 1902 of the

Social Security Act, 42 U.S.C. 1396a, and the State shall not assume any obligation for the cost of coverage for breast tomosynthesis set forth in this paragraph.

On and after January 1, 2016, the Department shall ensure that all networks of care for adult clients of the Department include access to at least one breast imaging Center of Imaging Excellence as certified by the American College of Radiology.

On and after January 1, 2012, providers participating in a quality improvement program approved by the Department shall be reimbursed for screening and diagnostic mammography at the same rate as the Medicare program's rates, including the increased reimbursement for digital mammography.

The Department shall convene an expert panel including representatives of hospitals, free-standing mammography facilities, and doctors, including radiologists, to establish quality standards for mammography.

On and after January 1, 2017, providers participating in a breast cancer treatment quality improvement program approved by the Department shall be reimbursed for breast cancer treatment at a rate that is no lower than 95% of the Medicare program's rates for the data elements included in the breast cancer treatment quality program.

The Department shall convene an expert panel, including representatives of hospitals, free-standing breast cancer treatment centers, breast cancer quality organizations, and doctors, including breast surgeons, reconstructive breast surgeons, oncologists, and primary care providers to establish quality standards for breast cancer treatment.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities. By January 1, 2016, the Department shall report to the General Assembly on the status of the provision set forth in this paragraph.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography. The Department shall work with experts in breast cancer outreach and patient navigation to optimize these reminders and shall establish a methodology for evaluating their effectiveness and modifying the methodology based on the evaluation.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. On or after July 1, 2016, the pilot program shall be expanded to include one site in western Illinois, one site in southern Illinois, one site in central Illinois, and 4 sites within metropolitan Chicago. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

The Department shall require all networks of care to develop a means either internally or by contract with experts in navigation and community outreach to navigate cancer patients to comprehensive care in a timely fashion. The Department shall require all networks of care to include access for patients diagnosed with cancer to at least one academic commission on cancer-accredited cancer program as an in-network covered benefit.

Any medical or health care provider shall immediately recommend, to any pregnant woman who is being provided prenatal services and is suspected of having a substance use disorder as defined in the Substance Use Disorder Act, referral to a local substance use disorder treatment program licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant women under this Code shall receive information from the Department on the availability of services under any program providing case management services for addicted women, including information on appropriate referrals for other social services that may be needed by addicted women in addition to treatment for addiction.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

(1) Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

(2) The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.

(3) Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. Such records must be retained for a period of not less than 6 years from the date of service or as provided by applicable State law, whichever period is longer, except that if an audit is initiated within the required retention period then the records must be retained until the audit is completed and every exception is resolved. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois

Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after September 16, 1984 (the effective date of Public Act 83-1439), the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after July 22, 2013 (the effective date of Public Act 98-104), establish procedures to permit skilled care facilities licensed under the Nursing Home Care Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall, by July 1, 2016, test the viability of the new system and implement any necessary operational or structural changes to its information technology platforms in order to allow for the direct acceptance and payment of nursing home claims.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after August 15, 2014 (the effective date of Public Act 98-963), establish procedures to permit ID/DD facilities licensed under the ID/DD Community Care Act and MC/DD facilities licensed under the MC/DD Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall have an additional 365 days to test the viability of the new system and to ensure that any necessary operational or structural changes to its information technology platforms are implemented.

The Illinois Department shall require that all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon category of risk of the vendor.

Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste, and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish the procedures for oversight, screening, and review, which may include, but need not be limited to: criminal and financial background checks; fingerprinting; license, certification, and authorization verifications; unscheduled or unannounced site visits; database checks; prepayment audit reviews; audits; payment caps; payment suspensions; and other screening as required by federal or State law.

The Department shall define or specify the following: (i) by provider notice, the "category of risk of the vendor" for each type of vendor, which shall take into account the level of screening applicable to a particular category of vendor under federal law and regulations; (ii) by rule or provider notice, the maximum length of the conditional enrollment period for each category of risk of the vendor; and (iii) by rule, the hearing rights, if any, afforded to a vendor in each category of risk of the vendor that is terminated or disenrolled during the conditional enrollment period.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on which medical goods or services were provided, with the following exceptions:

(1) In the case of a provider whose enrollment is in process by the Illinois Department, the 180-day period shall not begin until the date on the written notice from the Illinois Department that the provider enrollment is complete.

(2) In the case of errors attributable to the Illinois Department or any of its claims processing intermediaries which result in an inability to receive, process, or adjudicate a claim, the 180-day period shall not begin until the provider has been notified of the error.

(3) In the case of a provider for whom the Illinois Department initiates the monthly billing process.

(4) In the case of a provider operated by a unit of local government with a population exceeding 3,000,000 when local government funds finance federal participation for claims payments.

For claims for services rendered during a period for which a recipient received retroactive eligibility, claims must be filed within 180 days after the Department determines the applicant is eligible. For claims for which the Illinois Department is not the primary payer, claims must be submitted to the Illinois Department within 180 days after the final adjudication by the primary payer.

In the case of long term care facilities, within 45 calendar days of receipt by the facility of required prescreening information, new admissions with associated admission documents shall be submitted through the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System or shall be submitted directly to the Department of Human Services using required admission forms. Effective September 1, 2014, admission documents, including all prescreening information, must be submitted through MEDI or REV. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. This includes, but is not limited to: information pertaining to licensure; certification; earnings; immigration status; citizenship; wage reporting; unearned and earned income; pension income; employment; supplemental security income; social security numbers; National Provider Identifier (NPI) numbers; the National Practitioner Data Bank (NPDB); program and agency exclusions; taxpayer identification numbers; tax delinquency; corporate information; and death records.

The Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, under which such agencies and departments shall share data necessary for medical assistance program integrity functions and oversight. The Illinois Department shall develop, in cooperation with other State departments and agencies, and in compliance with applicable federal laws and regulations, appropriate and effective methods to share such data. At a minimum, and to the extent necessary to provide data sharing, the Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, including, but not limited to: the Secretary of State; the Department of Revenue; the Department of Public Health; the Department of Human Services; and the Department of Financial and Professional Regulation.

Beginning in fiscal year 2013, the Illinois Department shall set forth a request for information to identify the benefits of a pre-payment, post-adjudication, and post-edit claims system with the goals of streamlining claims processing and provider reimbursement, reducing the number of pending or rejected claims, and helping to ensure a more transparent adjudication process through the utilization of: (i) provider data verification and provider screening technology; and (ii) clinical code editing; and (iii) pre-pay, pre- or post-adjudicated predictive modeling with an integrated case management system with link analysis. Such a request for information shall not be considered as a request for proposal or as an obligation on the part of the Illinois Department to take any action or acquire any products or services.

The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a

cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Subject to prior approval, such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department. Notwithstanding any provision of Section 5-5f to the contrary, the Department may, by rule, exempt certain replacement wheelchair parts from prior approval and, for wheelchairs, wheelchair parts, wheelchair accessories, and related seating and positioning items, determine the wholesale price by methods other than actual acquisition costs.

The Department shall require, by rule, all providers of durable medical equipment to be accredited by an accreditation organization approved by the federal Centers for Medicare and Medicaid Services and recognized by the Department in order to bill the Department for providing durable medical equipment to recipients. Not later than 15 months after the effective date of the rule adopted pursuant to this paragraph, all providers must meet the accreditation requirement.

In order to promote environmental responsibility, meet the needs of recipients and enrollees, and achieve significant cost savings, the Department, or a managed care organization under contract with the Department, may provide recipients or managed care enrollees who have a prescription or Certificate of Medical Necessity access to refurbished durable medical equipment under this Section (excluding prosthetic and orthotic devices as defined in the Orthotics, Prosthetics, and Pedorthics Practice Act and complex rehabilitation technology products and associated services) through the State's assistive technology program's reutilization program, using staff with the Assistive Technology Professional (ATP) Certification if the refurbished durable medical equipment: (i) is available; (ii) is less expensive, including shipping costs, than new durable medical equipment of the same type; (iii) is able to withstand at least 3 years of use; (iv) is cleaned, disinfected, sterilized, and safe in accordance with federal Food and Drug Administration regulations and guidance governing the reprocessing of medical devices in health care settings; and (v) equally meets the needs of the recipient or enrollee. The reutilization program shall confirm that the recipient or enrollee is not already in receipt of same or similar equipment from another service provider, and that the refurbished durable medical equipment equally meets the needs of the recipient or enrollee. Nothing in this paragraph shall be construed to limit recipient or enrollee choice to obtain new durable medical equipment or place any additional prior authorization conditions on enrollees of managed care organizations.

The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department on Aging, to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped; and (iii) notwithstanding any other provision of law, subject to federal approval, on and after July 1, 2012, an increase in the determination of need (DON) scores from 29 to 37 for applicants for institutional and home and community-based long term care; if and only if federal approval is not granted, the Department may, in conjunction with other affected agencies, implement utilization controls or changes in benefit packages to effectuate a similar savings amount for this population; and (iv) no later than July 1, 2013, minimum level of care eligibility criteria for institutional and home and community-based long term care; and (v) no later than October 1, 2013, establish procedures to permit long term care providers access to eligibility scores for individuals with an admission date who are seeking or receiving services from the long term care provider. In order to select the minimum level of care eligibility criteria, the Governor shall establish a workgroup that includes affected agency representatives and stakeholders representing the institutional and home and community-based long term care interests. This Section shall not restrict the Department from implementing lower level of care eligibility criteria for community-based services in circumstances where federal approval has been granted.

The Illinois Department shall develop and operate, in cooperation with other State Departments and agencies and in compliance with applicable federal laws and regulations, appropriate and effective systems of health care evaluation and programs for monitoring of utilization of health care services and facilities, as it affects persons eligible for medical assistance under this Code.

Rulemaking authority to implement Public Act 95-1045, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

To qualify for coverage of kidney transplantation, such person must be receiving emergency renal dialysis services covered by the Department. Providers under this Section shall be prior approved and certified by the Department to perform kidney transplantation and the services under this Section shall be limited to services associated with kidney transplantation.

CPS shall ensure that its vendor or vendors are enrolled as providers in the medical assistance program and in any capitated Medicaid managed care entity (MCE) serving individuals enrolled in a school within the CPS system. Under any contract procured under this provision, the vendor or vendors must serve only individuals enrolled in a school within the CPS system. Claims for services provided by CPS's vendor or vendors to recipients of benefits in the medical assistance program under this Code, the Children's Health Insurance Program, or the Covering ALL KIDS Health Insurance Program shall be submitted to the Department or the MCE in which the individual is enrolled for payment and shall be reimbursed at the Department's or the MCE's established rates or rate methodologies for eyeglasses.

On and after July 1, 2012, the Department of Healthcare and Family Services may provide the following services to persons eligible for assistance under this Article who are participating in education, training or employment programs operated by the Department of Human Services as successor to the Department of Public Aid:

(1) dental services provided by or under the supervision of a dentist; and

(2) eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select.

On and after July 1, 2018, the Department of Healthcare and Family Services shall provide dental services to any adult who is otherwise eligible for assistance under the medical assistance program. As used in this paragraph, "dental services" means diagnostic, preventative, restorative, or corrective procedures, including procedures and services for the prevention and treatment of periodontal disease and dental caries disease, provided by an individual who is licensed to practice dentistry or dental surgery or who is under the supervision of a dentist in the practice of his or her profession.

On and after July 1, 2018, targeted dental services, as set forth in Exhibit D of the Consent Decree entered by the United States District Court for the Northern District of Illinois, Eastern Division, in the matter of *Memisovski v. Maram*, Case No. 92 C 1982, that are provided to adults under the medical assistance program shall be established at no less than the rates set forth in the "New Rate" column in Exhibit D of the Consent Decree for targeted dental services that are provided to persons under the age of 18 under the medical assistance program.

Notwithstanding any other provision of this Code and subject to federal approval, the Department may adopt rules to allow a dentist who is volunteering his or her service at no cost to render dental services through an enrolled not-for-profit health clinic without the dentist personally enrolling as a participating provider in the medical assistance program. A not-for-profit health clinic shall include a public health clinic or Federally Qualified Health Center or other enrolled provider, as determined by the Department, through which dental services covered under this Section are performed. The Department shall establish a process for payment of claims for reimbursement for covered dental services rendered under this provision.

The Illinois Department, by rule, may distinguish and classify the medical services to be provided only in accordance with the classes of persons designated in Section 5-2.

The Department of Healthcare and Family Services must provide coverage and reimbursement for amino acid-based elemental formulas, regardless of delivery method, for the diagnosis and treatment of (i) eosinophilic disorders and (ii) short bowel syndrome when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

The Illinois Department shall authorize the provision of, and shall authorize payment for, screening by low-dose mammography for the presence of occult breast cancer for women 35 years of age or older who are eligible for medical assistance under this Article, as follows:

(A) A baseline mammogram for women 35 to 39 years of age.

(B) An annual mammogram for women 40 years of age or older.

(C) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(D) A comprehensive ultrasound screening and MRI of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue or when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

(E) A screening MRI when medically necessary, as determined by a physician licensed to practice medicine in all of its branches.

(F) A diagnostic mammogram when medically necessary, as determined by a physician licensed to practice medicine in all its branches, advanced practice registered nurse, or physician assistant.

The Department shall not impose a deductible, coinsurance, copayment, or any other cost-sharing requirement on the coverage provided under this paragraph; except that this sentence does not apply to coverage of diagnostic mammograms to the extent such coverage would disqualify a high-deductible health plan from eligibility for a health savings account pursuant to Section 223 of the Internal Revenue Code (26 U.S.C. 223).

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool.

For purposes of this Section:

"Diagnostic mammogram" means a mammogram obtained using diagnostic mammography.

"Diagnostic mammography" means a method of screening that is designed to evaluate an abnormality in a breast, including an abnormality seen or suspected on a screening mammogram or a subjective or objective abnormality otherwise detected in the breast.

"Low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography and includes breast tomosynthesis.

"Breast tomosynthesis" means a radiologic procedure that involves the acquisition of projection images over the stationary breast to produce cross-sectional digital three-dimensional images of the breast.

If, at any time, the Secretary of the United States Department of Health and Human Services, or its successor agency, promulgates rules or regulations to be published in the Federal Register or publishes a comment in the Federal Register or issues an opinion, guidance, or other action that would require the State, pursuant to any provision of the Patient Protection and Affordable Care Act (Public Law 111-148), including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any successor provision, to defray the cost of any coverage for breast tomosynthesis outlined in this paragraph, then the requirement that an insurer cover breast tomosynthesis is inoperative other than any such coverage authorized under Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and the State shall not assume any obligation for the cost of coverage for breast tomosynthesis set forth in this paragraph.

On and after January 1, 2016, the Department shall ensure that all networks of care for adult clients of the Department include access to at least one breast imaging Center of Imaging Excellence as certified by the American College of Radiology.

On and after January 1, 2012, providers participating in a quality improvement program approved by the Department shall be reimbursed for screening and diagnostic mammography at the same rate as the Medicare program's rates, including the increased reimbursement for digital mammography.

The Department shall convene an expert panel including representatives of hospitals, free-standing mammography facilities, and doctors, including radiologists, to establish quality standards for mammography.

On and after January 1, 2017, providers participating in a breast cancer treatment quality improvement program approved by the Department shall be reimbursed for breast cancer treatment at a rate that is no lower than 95% of the Medicare program's rates for the data elements included in the breast cancer treatment quality program.

The Department shall convene an expert panel, including representatives of hospitals, free-standing breast cancer treatment centers, breast cancer quality organizations, and doctors, including breast surgeons, reconstructive breast surgeons, oncologists, and primary care providers to establish quality standards for breast cancer treatment.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities. By January 1, 2016, the Department shall report to the General Assembly on the status of the provision set forth in this paragraph.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography. The Department shall work with experts in breast cancer outreach and patient navigation to optimize these reminders and shall establish a methodology for evaluating their effectiveness and modifying the methodology based on the evaluation.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. On or after July 1, 2016, the pilot program shall be expanded to include one site in western Illinois, one site in southern Illinois, one site in central Illinois, and 4 sites within metropolitan Chicago. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

The Department shall require all networks of care to develop a means either internally or by contract with experts in navigation and community outreach to navigate cancer patients to comprehensive care in a timely fashion. The Department shall require all networks of care to include access for patients diagnosed with cancer to at least one academic commission on cancer-accredited cancer program as an in-network covered benefit.

Any medical or health care provider shall immediately recommend, to any pregnant woman who is being provided prenatal services and is suspected of having a substance use disorder as defined in the Substance Use Disorder Act, referral to a local substance use disorder treatment program licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant women under this Code shall receive information from the Department on the availability of services under any program providing case management services for addicted women, including information on appropriate referrals for other social services that may be needed by addicted women in addition to treatment for addiction.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

(1) Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

(2) The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.

(3) Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. Such records must be retained for a period of not less than 6 years from the date of service or as provided by applicable State law, whichever period is longer, except that if an audit is initiated within the required retention period then the records must be retained until the audit is completed and every exception is resolved. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after September 16, 1984 (the effective date of Public Act 83-1439), the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis,

except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after July 22, 2013 (the effective date of Public Act 98-104), establish procedures to permit skilled care facilities licensed under the Nursing Home Care Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall, by July 1, 2016, test the viability of the new system and implement any necessary operational or structural changes to its information technology platforms in order to allow for the direct acceptance and payment of nursing home claims.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after August 15, 2014 (the effective date of Public Act 98-963), establish procedures to permit ID/DD facilities licensed under the ID/DD Community Care Act and MC/DD facilities licensed under the MC/DD Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall have an additional 365 days to test the viability of the new system and to ensure that any necessary operational or structural changes to its information technology platforms are implemented.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon category of risk of the vendor.

Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste, and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish the procedures for oversight, screening, and review, which may include, but need not be limited to: criminal and financial background checks; fingerprinting; license, certification, and authorization verifications; unscheduled or unannounced site visits; database checks; prepayment audit reviews; audits; payment caps; payment suspensions; and other screening as required by federal or State law.

The Department shall define or specify the following: (i) by provider notice, the "category of risk of the vendor" for each type of vendor, which shall take into account the level of screening applicable to a particular category of vendor under federal law and regulations; (ii) by rule or provider notice, the maximum length of the conditional enrollment period for each category of risk of the vendor; and (iii) by rule, the hearing rights, if any, afforded to a vendor in each category of risk of the vendor that is terminated or disenrolled during the conditional enrollment period.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on which medical goods or services were provided, with the following exceptions:

- (1) In the case of a provider whose enrollment is in process by the Illinois Department, the 180-day period shall not begin until the date on the written notice from the Illinois Department that the provider enrollment is complete.
- (2) In the case of errors attributable to the Illinois Department or any of its claims processing intermediaries which result in an inability to receive, process, or adjudicate a claim, the 180-day period shall not begin until the provider has been notified of the error.
- (3) In the case of a provider for whom the Illinois Department initiates the monthly billing process.

(4) In the case of a provider operated by a unit of local government with a population exceeding 3,000,000 when local government funds finance federal participation for claims payments.

For claims for services rendered during a period for which a recipient received retroactive eligibility, claims must be filed within 180 days after the Department determines the applicant is eligible. For claims for which the Illinois Department is not the primary payer, claims must be submitted to the Illinois Department within 180 days after the final adjudication by the primary payer.

In the case of long term care facilities, within 45 calendar days of receipt by the facility of required prescreening information, new admissions with associated admission documents shall be submitted through the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System or shall be submitted directly to the Department of Human Services using required admission forms. Effective September 1, 2014, admission documents, including all prescreening information, must be submitted through MEDI or REV. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. This includes, but is not limited to: information pertaining to licensure; certification; earnings; immigration status; citizenship; wage reporting; unearned and earned income; pension income; employment; supplemental security income; social security numbers; National Provider Identifier (NPI) numbers; the National Practitioner Data Bank (NPDB); program and agency exclusions; taxpayer identification numbers; tax delinquency; corporate information; and death records.

The Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, under which such agencies and departments shall share data necessary for medical assistance program integrity functions and oversight. The Illinois Department shall develop, in cooperation with other State departments and agencies, and in compliance with applicable federal laws and regulations, appropriate and effective methods to share such data. At a minimum, and to the extent necessary to provide data sharing, the Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, including, but not limited to: the Secretary of State; the Department of Revenue; the Department of Public Health; the Department of Human Services; and the Department of Financial and Professional Regulation.

Beginning in fiscal year 2013, the Illinois Department shall set forth a request for information to identify the benefits of a pre-payment, post-adjudication, and post-edit claims system with the goals of streamlining claims processing and provider reimbursement, reducing the number of pending or rejected claims, and helping to ensure a more transparent adjudication process through the utilization of: (i) provider data verification and provider screening technology; and (ii) clinical code editing; and (iii) pre-pay, pre- or post-adjudicated predictive modeling with an integrated case management system with link analysis. Such a request for information shall not be considered as a request for proposal or as an obligation on the part of the Illinois Department to take any action or acquire any products or services.

The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Subject to prior approval, such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department. Notwithstanding any provision of Section 5-5f to the contrary, the Department may, by rule, exempt certain replacement wheelchair parts from prior approval and, for wheelchairs, wheelchair parts, wheelchair accessories, and related seating and positioning items, determine the wholesale price by methods other than actual acquisition costs.

The Department shall require, by rule, all providers of durable medical equipment to be accredited by an accreditation organization approved by the federal Centers for Medicare and Medicaid Services and recognized by the Department in order to bill the Department for providing durable medical equipment to recipients. No later than 15 months after the effective date of the rule adopted pursuant to this paragraph, all providers must meet the accreditation requirement.

In order to promote environmental responsibility, meet the needs of recipients and enrollees, and achieve significant cost savings, the Department, or a managed care organization under contract with the Department, may provide recipients or managed care enrollees who have a prescription or Certificate of Medical Necessity access to refurbished durable medical equipment under this Section (excluding prosthetic and orthotic devices as defined in the Orthotics, Prosthetics, and Pedorthics Practice Act and complex rehabilitation technology products and associated services) through the State's assistive technology program's reutilization program, using staff with the Assistive Technology Professional (ATP) Certification if the refurbished durable medical equipment: (i) is available; (ii) is less expensive, including shipping costs, than new durable medical equipment of the same type; (iii) is able to withstand at least 3 years of use; (iv) is cleaned, disinfected, sterilized, and safe in accordance with federal Food and Drug Administration regulations and guidance governing the reprocessing of medical devices in health care settings; and (v) equally meets the needs of the recipient or enrollee. The reutilization program shall confirm that the recipient or enrollee is not already in receipt of same or similar equipment from another service provider, and that the refurbished durable medical equipment equally meets the needs of the recipient or enrollee. Nothing in this paragraph shall be construed to limit recipient or enrollee choice to obtain new durable medical equipment or place any additional prior authorization conditions on enrollees of managed care organizations.

The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department on Aging, to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped; and (iii) notwithstanding any other provision of law, subject to federal approval, on and after July 1, 2012, an increase in the determination of need (DON) scores from 29 to 37 for applicants for institutional and home and community-based long term care; if and only if federal approval is not granted, the Department may, in conjunction with other affected agencies, implement utilization controls or changes in benefit packages to effectuate a similar savings amount for this population; and (iv) no later than July 1, 2013, minimum level of care eligibility criteria for institutional and home and community-based long term care; and (v) no later than October 1, 2013, establish procedures to permit long term care providers access to eligibility scores for individuals with an admission date who are seeking or receiving services from the long term care provider. In order to select the minimum level of care eligibility criteria, the Governor shall establish a workgroup that includes affected agency representatives and stakeholders representing the institutional and home and community-based long term care interests. This Section shall not restrict the Department from implementing lower level of care eligibility criteria for community-based services in circumstances where federal approval has been granted.

The Illinois Department shall develop and operate, in cooperation with other State Departments and agencies and in compliance with applicable federal laws and regulations, appropriate and effective systems of health care evaluation and programs for monitoring of utilization of health care services and facilities, as it affects persons eligible for medical assistance under this Code.

The Illinois Department shall report annually to the General Assembly, no later than the second Friday in April of 1979 and each year thereafter, in regard to:

- (a) actual statistics and trends in utilization of medical services by public aid recipients;
- (b) actual statistics and trends in the provision of the various medical services by medical vendors;
- (c) current rate structures and proposed changes in those rate structures for the various medical vendors; and
- (d) efforts at utilization review and control by the Illinois Department.

The period covered by each report shall be the 3 years ending on the June 30 prior to the report. The report shall include suggested legislation for consideration by the General Assembly. The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report as required by Section 3.1 of the General Assembly Organization Act, and filing such additional copies with the State Government

Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act.

Rulemaking authority to implement Public Act 95-1045, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

Because kidney transplantation can be an appropriate, cost-effective alternative to renal dialysis when medically necessary and notwithstanding the provisions of Section 1-11 of this Code, beginning October 1, 2014, the Department shall cover kidney transplantation for noncitizens with end-stage renal disease who are not eligible for comprehensive medical benefits, who meet the residency requirements of Section 5-3 of this Code, and who would otherwise meet the financial requirements of the appropriate class of eligible persons under Section 5-2 of this Code. To qualify for coverage of kidney transplantation, such person must be receiving emergency renal dialysis services covered by the Department. Providers under this Section shall be prior approved and certified by the Department to perform kidney transplantation and the services under this Section shall be limited to services associated with kidney transplantation.

Notwithstanding any other provision of this Code to the contrary, on or after July 1, 2015, all FDA approved forms of medication assisted treatment prescribed for the treatment of alcohol dependence or treatment of opioid dependence shall be covered under both fee for service and managed care medical assistance programs for persons who are otherwise eligible for medical assistance under this Article and shall not be subject to any (1) utilization control, other than those established under the American Society of Addiction Medicine patient placement criteria, (2) prior authorization mandate, or (3) lifetime restriction limit mandate.

On or after July 1, 2015, opioid antagonists prescribed for the treatment of an opioid overdose, including the medication product, administration devices, and any pharmacy fees related to the dispensing and administration of the opioid antagonist, shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article. As used in this Section, "opioid antagonist" means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug Administration.

Upon federal approval, the Department shall provide coverage and reimbursement for all drugs that are approved for marketing by the federal Food and Drug Administration and that are recommended by the federal Public Health Service or the United States Centers for Disease Control and Prevention for pre-exposure prophylaxis and related pre-exposure prophylaxis services, including, but not limited to, HIV and sexually transmitted infection screening, treatment for sexually transmitted infections, medical monitoring, assorted labs, and counseling to reduce the likelihood of HIV infection among individuals who are not infected with HIV but who are at high risk of HIV infection.

A federally qualified health center, as defined in Section 1905(I)(2)(B) of the federal Social Security Act, shall be reimbursed by the Department in accordance with the federally qualified health center's encounter rate for services provided to medical assistance recipients that are performed by a dental hygienist, as defined under the Illinois Dental Practice Act, working under the general supervision of a dentist and employed by a federally qualified health center.

Sec. 5-42. Tobacco cessation coverage; managed care. Notwithstanding any other provision of this Article, a managed care organization under contract with the Department to provide services to recipients of medical assistance shall provide coverage for all tobacco cessation medications approved by the United States Food and Drug Administration, all individual and group tobacco cessation counseling services, and all telephone-based counseling services and tobacco cessation medications provided through the Illinois Tobacco Quitline. ## Article 45.

Section 45-5. The Illinois Public Aid Code is amended by changing Section 12-4.35 as follows:

(305 ILCS 5/12-4.35)

Sec. 12-4.35. Medical services for certain noncitizens.

(a) Notwithstanding Section 1-11 of this Code or Section 20(a) of the Children's Health Insurance Program Act, the Department of Healthcare and Family Services may provide medical services to noncitizens who have not yet attained 19 years of age and who are not eligible for medical assistance under Article V of this Code or under the Children's Health Insurance Program created by the Children's Health Insurance Program Act due to their not meeting the otherwise applicable provisions of Section 1-11 of this Code or Section 20(a) of the Children's Health Insurance Program Act. The medical services available, standards for eligibility, and other conditions of participation under this Section shall be established by rule by the Department; however, any such rule shall be at least as restrictive as the rules for medical assistance under Article V of this Code or the Children's Health Insurance Program created by the Children's Health Insurance Program Act.

(a-5) Notwithstanding Section 1-11 of this Code, the Department of Healthcare and Family Services may provide medical assistance in accordance with Article V of this Code to noncitizens over the age of 65 years of age who are not eligible for medical assistance under Article V of this Code due to their not meeting the otherwise applicable provisions of Section 1-11 of this Code, whose income is at or below 100% of the federal poverty level after deducting the costs of medical or other remedial care, and who would otherwise meet the eligibility requirements in Section 5-2 of this Code. The medical services available, standards for eligibility, and other conditions of participation under this Section shall be established by rule by the Department; however, any such rule shall be at least as restrictive as the rules for medical assistance under Article V of this Code.

(a-10) Notwithstanding the provisions of Section 1-11, the Department shall cover immunosuppressive drugs and related services associated with post-kidney transplant management, excluding long-term care costs, for noncitizens who: (i) are not eligible for comprehensive medical benefits; (ii) meet the residency requirements of Section 5-3; and (iii) would meet the financial eligibility requirements of Section 5-2.

(b) The Department is authorized to take any action, including without limitation cessation or limitation of enrollment, reduction of available medical services, and changing standards for eligibility, that is deemed necessary by the Department during a State fiscal year to assure that payments under this Section do not exceed available funds.

(c) Continued enrollment of individuals into the program created under subsection (a) of this Section in any fiscal year is contingent upon continued enrollment of individuals into the Children's Health Insurance Program during that fiscal year.

(d) (Blank).

## Article 55.

Section 55-5. The Illinois Public Aid Code is amended by changing Section 5-5 as follows:

(305 ILCS 5/5-5) (from Ch. 23, par. 5-5)

Sec. 5-5. Medical services. The Illinois Department, by rule, shall determine the quantity and quality of and the rate of reimbursement for the medical assistance for which payment will be authorized, and the medical services to be provided, which may include all or part of the following: (1) inpatient hospital services; (2) outpatient hospital services; (3) other laboratory and X-ray services; (4) skilled nursing home services; (5) physicians' services whether furnished in the office, the patient's home, a hospital, a skilled nursing home, or elsewhere; (6) medical care, or any other type of remedial care furnished by licensed practitioners; (7) home health care services; (8) private duty nursing service; (9) clinic services; (10) dental services, including prevention and treatment of periodontal disease and dental caries disease for pregnant women, provided by an individual licensed to practice dentistry or dental surgery; for purposes of this item (10), "dental services" means diagnostic, preventive, or corrective procedures provided by or under the supervision of a dentist in the practice of his or her profession; (11) physical therapy and related services; (12) prescribed drugs, dentures, and prosthetic devices; and eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select; (13) other diagnostic,

screening, preventive, and rehabilitative services, including to ensure that the individual's need for intervention or treatment of mental disorders or substance use disorders or co-occurring mental health and substance use disorders is determined using a uniform screening, assessment, and evaluation process inclusive of criteria, for children and adults; for purposes of this item (13), a uniform screening, assessment, and evaluation process refers to a process that includes an appropriate evaluation and, as warranted, a referral; "uniform" does not mean the use of a singular instrument, tool, or process that all must utilize; (14) transportation and such other expenses as may be necessary; (15) medical treatment of sexual assault survivors, as defined in Section 1a of the Sexual Assault Survivors Emergency Treatment Act, for injuries sustained as a result of the sexual assault, including examinations and laboratory tests to discover evidence which may be used in criminal proceedings arising from the sexual assault; (16) the diagnosis and treatment of sickle cell anemia; and (17) any other medical care, and any other type of remedial care recognized under the laws of this State. The term "any other type of remedial care" shall include nursing care and nursing home service for persons who rely on treatment by spiritual means alone through prayer for healing.

Notwithstanding any other provision of this Section, a comprehensive tobacco use cessation program that includes purchasing prescription drugs or prescription medical devices approved by the Food and Drug Administration shall be covered under the medical assistance program under this Article for persons who are otherwise eligible for assistance under this Article.

Notwithstanding any other provision of this Code, reproductive health care that is otherwise legal in Illinois shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article.

Notwithstanding any other provision of this Code, the Illinois Department may not require, as a condition of payment for any laboratory test authorized under this Article, that a physician's handwritten signature appear on the laboratory test order form. The Illinois Department may, however, impose other appropriate requirements regarding laboratory test order documentation.

Upon receipt of federal approval of an amendment to the Illinois Title XIX State Plan for this purpose, the Department shall authorize the Chicago Public Schools (CPS) to procure a vendor or vendors to manufacture eyeglasses for individuals enrolled in a school within the CPS system. CPS shall ensure that its vendor or vendors are enrolled as providers in the medical assistance program and in any capitated Medicaid managed care entity (MCE) serving individuals enrolled in a school within the CPS system. Under any contract procured under this provision, the vendor or vendors must serve only individuals enrolled in a school within the CPS system. Claims for services provided by CPS's vendor or vendors to recipients of benefits in the medical assistance program under this Code, the Children's Health Insurance Program, or the Covering ALL KIDS Health Insurance Program shall be submitted to the Department or the MCE in which the individual is enrolled for payment and shall be reimbursed at the Department's or the MCE's established rates or rate methodologies for eyeglasses.

On and after July 1, 2012, the Department of Healthcare and Family Services may provide the following services to persons eligible for assistance under this Article who are participating in education, training or employment programs operated by the Department of Human Services as successor to the Department of Public Aid:

- (1) dental services provided by or under the supervision of a dentist; and
- (2) eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select.

On and after July 1, 2018, the Department of Healthcare and Family Services shall provide dental services to any adult who is otherwise eligible for assistance under the medical assistance program. As used in this paragraph, "dental services" means diagnostic, preventative, restorative, or corrective procedures, including procedures and services for the prevention and treatment of periodontal disease and dental caries disease, provided by an individual who is licensed to practice dentistry or dental surgery or who is under the supervision of a dentist in the practice of his or her profession.

On and after July 1, 2018, targeted dental services, as set forth in Exhibit D of the Consent Decree entered by the United States District Court for the Northern District of Illinois, Eastern Division, in the matter of *Memisovski v. Maram*, Case No. 92 C 1982, that are provided to adults under the medical assistance program shall be established at no less than the rates set forth in the "New Rate" column in Exhibit D of the Consent Decree for targeted dental services that are provided to persons under the age of 18 under the medical assistance program.

Notwithstanding any other provision of this Code and subject to federal approval, the Department may adopt rules to allow a dentist who is volunteering his or her service at no cost to render dental services

through an enrolled not-for-profit health clinic without the dentist personally enrolling as a participating provider in the medical assistance program. A not-for-profit health clinic shall include a public health clinic or Federally Qualified Health Center or other enrolled provider, as determined by the Department, through which dental services covered under this Section are performed. The Department shall establish a process for payment of claims for reimbursement for covered dental services rendered under this provision.

The Illinois Department, by rule, may distinguish and classify the medical services to be provided only in accordance with the classes of persons designated in Section 5-2.

The Department of Healthcare and Family Services must provide coverage and reimbursement for amino acid-based elemental formulas, regardless of delivery method, for the diagnosis and treatment of (i) eosinophilic disorders and (ii) short bowel syndrome when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

The Illinois Department shall authorize the provision of, and shall authorize payment for, screening by low-dose mammography for the presence of occult breast cancer for women 35 years of age or older who are eligible for medical assistance under this Article, as follows:

(A) A baseline mammogram for women 35 to 39 years of age.

(B) An annual mammogram for women 40 years of age or older.

(C) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(D) A comprehensive ultrasound screening and MRI of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue or when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

(E) A screening MRI when medically necessary, as determined by a physician licensed to practice medicine in all of its branches.

(F) A diagnostic mammogram when medically necessary, as determined by a physician licensed to practice medicine in all its branches, advanced practice registered nurse, or physician assistant.

The Department shall not impose a deductible, coinsurance, copayment, or any other cost-sharing requirement on the coverage provided under this paragraph; except that this sentence does not apply to coverage of diagnostic mammograms to the extent such coverage would disqualify a high-deductible health plan from eligibility for a health savings account pursuant to Section 223 of the Internal Revenue Code (26 U.S.C. 223).

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool.

For purposes of this Section:

"Diagnostic mammogram" means a mammogram obtained using diagnostic mammography.

"Diagnostic mammography" means a method of screening that is designed to evaluate an abnormality in a breast, including an abnormality seen or suspected on a screening mammogram or a subjective or objective abnormality otherwise detected in the breast.

"Low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography and includes breast tomosynthesis.

"Breast tomosynthesis" means a radiologic procedure that involves the acquisition of projection images over the stationary breast to produce cross-sectional digital three-dimensional images of the breast.

If, at any time, the Secretary of the United States Department of Health and Human Services, or its successor agency, promulgates rules or regulations to be published in the Federal Register or publishes a comment in the Federal Register or issues an opinion, guidance, or other action that would require the State, pursuant to any provision of the Patient Protection and Affordable Care Act (Public Law 111-148), including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any successor provision, to defray the cost of any coverage for breast tomosynthesis outlined in this paragraph, then the requirement that an insurer cover breast tomosynthesis is inoperative other than any such coverage authorized under Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and the State shall not assume any obligation for the cost of coverage for breast tomosynthesis set forth in this paragraph.

On and after January 1, 2016, the Department shall ensure that all networks of care for adult clients of the Department include access to at least one breast imaging Center of Imaging Excellence as certified by the American College of Radiology.

[May 31, 2021]

On and after January 1, 2012, providers participating in a quality improvement program approved by the Department shall be reimbursed for screening and diagnostic mammography at the same rate as the Medicare program's rates, including the increased reimbursement for digital mammography.

The Department shall convene an expert panel including representatives of hospitals, free-standing mammography facilities, and doctors, including radiologists, to establish quality standards for mammography.

On and after January 1, 2017, providers participating in a breast cancer treatment quality improvement program approved by the Department shall be reimbursed for breast cancer treatment at a rate that is no lower than 95% of the Medicare program's rates for the data elements included in the breast cancer treatment quality program.

The Department shall convene an expert panel, including representatives of hospitals, free-standing breast cancer treatment centers, breast cancer quality organizations, and doctors, including breast surgeons, reconstructive breast surgeons, oncologists, and primary care providers to establish quality standards for breast cancer treatment.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities. By January 1, 2016, the Department shall report to the General Assembly on the status of the provision set forth in this paragraph.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography. The Department shall work with experts in breast cancer outreach and patient navigation to optimize these reminders and shall establish a methodology for evaluating their effectiveness and modifying the methodology based on the evaluation.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. On or after July 1, 2016, the pilot program shall be expanded to include one site in western Illinois, one site in southern Illinois, one site in central Illinois, and 4 sites within metropolitan Chicago. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

The Department shall require all networks of care to develop a means either internally or by contract with experts in navigation and community outreach to navigate cancer patients to comprehensive care in a timely fashion. The Department shall require all networks of care to include access for patients diagnosed with cancer to at least one academic commission on cancer-accredited cancer program as an in-network covered benefit.

Any medical or health care provider shall immediately recommend, to any pregnant woman who is being provided prenatal services and is suspected of having a substance use disorder as defined in the Substance Use Disorder Act, referral to a local substance use disorder treatment program licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant women under this Code shall receive information from the Department on the availability of services under any program providing case management services for addicted women, including information on appropriate referrals for other social services that may be needed by addicted women in addition to treatment for addiction.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

(1) Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

(2) The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.

(3) Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. Such records must be retained for a period of not less than 6 years from the date of service or as provided by applicable State law, whichever period is longer, except that if an audit is initiated within the required retention period then the records must be retained until the audit is completed and every exception is resolved. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after September 16, 1984 (the effective date of Public Act 83-1439), the Illinois Department shall establish a

current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after July 22, 2013 (the effective date of Public Act 98-104), establish procedures to permit skilled care facilities licensed under the Nursing Home Care Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall, by July 1, 2016, test the viability of the new system and implement any necessary operational or structural changes to its information technology platforms in order to allow for the direct acceptance and payment of nursing home claims.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after August 15, 2014 (the effective date of Public Act 98-963), establish procedures to permit ID/DD facilities licensed under the ID/DD Community Care Act and MC/DD facilities licensed under the MC/DD Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall have an additional 365 days to test the viability of the new system and to ensure that any necessary operational or structural changes to its information technology platforms are implemented.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon category of risk of the vendor.

Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste, and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish the procedures for oversight, screening, and review, which may include, but need not be limited to: criminal and financial background checks; fingerprinting; license, certification, and authorization verifications; unscheduled or unannounced site visits; database checks; prepayment audit reviews; audits; payment caps; payment suspensions; and other screening as required by federal or State law.

The Department shall define or specify the following: (i) by provider notice, the "category of risk of the vendor" for each type of vendor, which shall take into account the level of screening applicable to a particular category of vendor under federal law and regulations; (ii) by rule or provider notice, the maximum length of the conditional enrollment period for each category of risk of the vendor; and (iii) by rule, the hearing rights, if any, afforded to a vendor in each category of risk of the vendor that is terminated or disenrolled during the conditional enrollment period.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on which medical goods or services were provided, with the following exceptions:

(1) In the case of a provider whose enrollment is in process by the Illinois Department, the 180-day period shall not begin until the date on the written notice from the Illinois Department that the provider enrollment is complete.

(2) In the case of errors attributable to the Illinois Department or any of its claims processing intermediaries which result in an inability to receive, process, or adjudicate a claim, the 180-day period shall not begin until the provider has been notified of the error.

(3) In the case of a provider for whom the Illinois Department initiates the monthly billing process.

(4) In the case of a provider operated by a unit of local government with a population exceeding 3,000,000 when local government funds finance federal participation for claims payments.

For claims for services rendered during a period for which a recipient received retroactive eligibility, claims must be filed within 180 days after the Department determines the applicant is eligible. For claims for which the Illinois Department is not the primary payer, claims must be submitted to the Illinois Department within 180 days after the final adjudication by the primary payer.

In the case of long term care facilities, within 45 calendar days of receipt by the facility of required prescreening information, new admissions with associated admission documents shall be submitted through the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System or shall be submitted directly to the Department of Human Services using required admission forms. Effective September 1, 2014, admission documents, including all prescreening information, must be submitted through MEDI or REV. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. This includes, but is not limited to: information pertaining to licensure; certification; earnings; immigration status; citizenship; wage reporting; unearned and earned income; pension income; employment; supplemental security income; social security numbers; National Provider Identifier (NPI) numbers; the National Practitioner Data Bank (NPDB); program and agency exclusions; taxpayer identification numbers; tax delinquency; corporate information; and death records.

The Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, under which such agencies and departments shall share data necessary for medical assistance program integrity functions and oversight. The Illinois Department shall develop, in cooperation with other State departments and agencies, and in compliance with applicable federal laws and regulations, appropriate and effective methods to share such data. At a minimum, and to the extent necessary to provide data sharing, the Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, including, but not limited to: the Secretary of State; the Department of Revenue; the Department of Public Health; the Department of Human Services; and the Department of Financial and Professional Regulation.

Beginning in fiscal year 2013, the Illinois Department shall set forth a request for information to identify the benefits of a pre-payment, post-adjudication, and post-edit claims system with the goals of streamlining claims processing and provider reimbursement, reducing the number of pending or rejected claims, and helping to ensure a more transparent adjudication process through the utilization of: (i) provider data verification and provider screening technology; and (ii) clinical code editing; and (iii) pre-pay, pre- or post-adjudicated predictive modeling with an integrated case management system with link analysis. Such a request for information shall not be considered as a request for proposal or as an obligation on the part of the Illinois Department to take any action or acquire any products or services.

The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Subject to prior approval, such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department. Notwithstanding any provision of Section 5-5f to the contrary, the Department may, by rule, exempt certain replacement wheelchair parts from prior approval and, for wheelchairs,

wheelchair parts, wheelchair accessories, and related seating and positioning items, determine the wholesale price by methods other than actual acquisition costs.

The Department shall require, by rule, all providers of durable medical equipment to be accredited by an accreditation organization approved by the federal Centers for Medicare and Medicaid Services and recognized by the Department in order to bill the Department for providing durable medical equipment to recipients. No later than 15 months after the effective date of the rule adopted pursuant to this paragraph, all providers must meet the accreditation requirement.

In order to promote environmental responsibility, meet the needs of recipients and enrollees, and achieve significant cost savings, the Department, or a managed care organization under contract with the Department, may provide recipients or managed care enrollees who have a prescription or Certificate of Medical Necessity access to refurbished durable medical equipment under this Section (excluding prosthetic and orthotic devices as defined in the Orthotics, Prosthetics, and Pedorthics Practice Act and complex rehabilitation technology products and associated services) through the State's assistive technology program's reutilization program, using staff with the Assistive Technology Professional (ATP) Certification if the refurbished durable medical equipment: (i) is available; (ii) is less expensive, including shipping costs, than new durable medical equipment of the same type; (iii) is able to withstand at least 3 years of use; (iv) is cleaned, disinfected, sterilized, and safe in accordance with federal Food and Drug Administration regulations and guidance governing the reprocessing of medical devices in health care settings; and (v) equally meets the needs of the recipient or enrollee. The reutilization program shall confirm that the recipient or enrollee is not already in receipt of same or similar equipment from another service provider, and that the refurbished durable medical equipment equally meets the needs of the recipient or enrollee. Nothing in this paragraph shall be construed to limit recipient or enrollee choice to obtain new durable medical equipment or place any additional prior authorization conditions on enrollees of managed care organizations.

The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department on Aging, to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped; and (iii) notwithstanding any other provision of law, subject to federal approval, on and after July 1, 2012, an increase in the determination of need (DON) scores from 29 to 37 for applicants for institutional and home and community-based long term care; if and only if federal approval is not granted, the Department may, in conjunction with other affected agencies, implement utilization controls or changes in benefit packages to effectuate a similar savings amount for this population; and (iv) no later than July 1, 2013, minimum level of care eligibility criteria for institutional and home and community-based long term care; and (v) no later than October 1, 2013, establish procedures to permit long term care providers access to eligibility scores for individuals with an admission date who are seeking or receiving services from the long term care provider. In order to select the minimum level of care eligibility criteria, the Governor shall establish a workgroup that includes affected agency representatives and stakeholders representing the institutional and home and community-based long term care interests. This Section shall not restrict the Department from implementing lower level of care eligibility criteria for community-based services in circumstances where federal approval has been granted.

The Illinois Department shall develop and operate, in cooperation with other State Departments and agencies and in compliance with applicable federal laws and regulations, appropriate and effective systems of health care evaluation and programs for monitoring of utilization of health care services and facilities, as it affects persons eligible for medical assistance under this Code.

The Illinois Department shall report annually to the General Assembly, no later than the second Friday in April of 1979 and each year thereafter, in regard to:

- (a) actual statistics and trends in utilization of medical services by public aid recipients;
- (b) actual statistics and trends in the provision of the various medical services by medical vendors;
- (c) current rate structures and proposed changes in those rate structures for the various medical vendors; and
- (d) efforts at utilization review and control by the Illinois Department.

The period covered by each report shall be the 3 years ending on the June 30 prior to the report. The report shall include suggested legislation for consideration by the General Assembly. The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report as required by Section 3.1

of the General Assembly Organization Act, and filing such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act.

Rulemaking authority to implement Public Act 95-1045, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

Because kidney transplantation can be an appropriate, cost-effective alternative to renal dialysis when medically necessary and notwithstanding the provisions of Section 1-11 of this Code, beginning October 1, 2014, the Department shall cover kidney transplantation for noncitizens with end-stage renal disease who are not eligible for comprehensive medical benefits, who meet the residency requirements of Section 5-3 of this Code, and who would otherwise meet the financial requirements of the appropriate class of eligible persons under Section 5-2 of this Code. To qualify for coverage of kidney transplantation, such person must be receiving emergency renal dialysis services covered by the Department. Providers under this Section shall be prior approved and certified by the Department to perform kidney transplantation and the services under this Section shall be limited to services associated with kidney transplantation.

(b) The Community and Residential Services Authority shall have the following powers and duties:

(1) To conduct surveys to determine the extent of need, the degree to which documented need is currently being met and feasible alternatives for matching need with resources.

(2) To develop policy statements for interagency cooperation to cover all aspects of service delivery, including laws, regulations and procedures, and clear guidelines for determining responsibility at all times.

(4) To review the criteria for service eligibility, provision and availability established by the governmental agencies represented on this Authority, and to recommend changes, additions or deletions to such criteria.

(5) To develop and submit to the Governor, the General Assembly, the Directors of the agencies represented on the Authority, and the State Board of Education a master plan for individuals under 22 years of age with a behavior disorder or a severe emotional disturbance, including detailed plans of service ranging from the least to the most restrictive options; and to assist local communities, upon request, in developing or strengthening collaborative interagency networks.

(6) To develop a process for making determinations in situations where there is a dispute relative to a plan of service for individuals or funding for a plan of service.

(7) To provide technical assistance to parents, service consumers, providers, and member agency personnel regarding statutory responsibilities of human service and educational agencies, and to provide such assistance as deemed necessary to appropriately access needed services.

(8) To establish a pilot program to act as a residential research hub to research and identify appropriate residential settings for youth who are being housed in an emergency room for more than 72 hours or who are deemed beyond medical necessity in a psychiatric hospital. If a child is deemed beyond medical necessity in a psychiatric hospital and is in need of residential placement, the goal of the program is to prevent a lock-out pursuant to the goals of the Custody Relinquishment Prevention Act.

(c) (1) The members of the Authority shall receive no compensation for their services but shall be entitled to reimbursement of reasonable expenses incurred while performing their duties.

(2) The Authority may appoint special study groups to operate under the direction of the Authority and persons appointed to such groups shall receive only reimbursement of reasonable expenses incurred in the performance of their duties.

(3) The Authority shall elect from its membership a chairperson, vice-chairperson and secretary.

(4) The Authority may employ and fix the compensation of such employees and technical assistants as it deems necessary to carry out its powers and duties under this Act. Staff assistance for the Authority shall be provided by the State Board of Education.

(5) Funds for the ordinary and contingent expenses of the Authority shall be appropriated to the State Board of Education in a separate line item.

(d) (1) The Authority shall have power to promulgate rules and regulations to carry out its powers and duties under this Act.

(2) The Authority may accept monetary gifts or grants from the federal government or any agency thereof, from any charitable foundation or professional association or from any other reputable source for implementation of any program necessary or desirable to the carrying out of the general purposes of the Authority. Such gifts and grants may be held in trust by the Authority and expended in the exercise of its powers and performance of its duties as prescribed by law.

(3) The Authority shall submit an annual report of its activities and expenditures to the Governor, the General Assembly, the directors of agencies represented on the Authority, and the State Superintendent of Education.

(e) The Executive Director of the Authority or his or her designee shall be added as a participant on the Interagency Clinical Team established in the intergovernmental agreement among the Department of Healthcare and Family Services, the Department of Children and Family Services, the Department of Human Services, the State Board of Education, the Department of Juvenile Justice, and the Department of Public Health, with consent of the youth or the youth's guardian or family pursuant to the Custody Relinquishment Prevention Act.

Article 100.

Section 100-5. The Illinois Public Aid Code is amended by changing Section 5-5 as follows:  
(305 ILCS 5/5-5) (from Ch. 23, par. 5-5)

Sec. 5-5. Medical services. The Illinois Department, by rule, shall determine the quantity and quality of and the rate of reimbursement for the medical assistance for which payment will be authorized, and the medical services to be provided, which may include all or part of the following: (1) inpatient hospital services; (2) outpatient hospital services; (3) other laboratory and X-ray services; (4) skilled nursing home services; (5) physicians' services whether furnished in the office, the patient's home, a hospital, a skilled nursing home, or elsewhere; (6) medical care, or any other type of remedial care furnished by licensed practitioners; (7) home health care services; (8) private duty nursing service; (9) clinic services; (10) dental services, including prevention and treatment of periodontal disease and dental caries disease for pregnant women, provided by an individual licensed to practice dentistry or dental surgery; for purposes of this item (10), "dental services" means diagnostic, preventive, or corrective procedures provided by or under the supervision of a dentist in the practice of his or her profession; (11) physical therapy and related services; (12) prescribed drugs, dentures, and prosthetic devices; and eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select; (13) other diagnostic, screening, preventive, and rehabilitative services, including to ensure that the individual's need for intervention or treatment of mental disorders or substance use disorders or co-occurring mental health and substance use disorders is determined using a uniform screening, assessment, and evaluation process inclusive of criteria, for children and adults; for purposes of this item (13), a uniform screening, assessment, and evaluation process refers to a process that includes an appropriate evaluation and, as warranted, a referral; "uniform" does not mean the use of a singular instrument, tool, or process that all must utilize; (14) transportation and such other expenses as may be necessary; (15) medical treatment of sexual assault survivors, as defined in Section 1a of the Sexual Assault Survivors Emergency Treatment Act, for injuries sustained as a result of the sexual assault, including examinations and laboratory tests to discover evidence which may be used in criminal proceedings arising from the sexual assault; (16) the diagnosis and treatment of sickle cell anemia; and (17) any other medical care, and any other type of remedial care recognized under the laws of this State. The term "any other type of remedial care" shall include nursing care and nursing home service for persons who rely on treatment by spiritual means alone through prayer for healing.

Notwithstanding any other provision of this Section, a comprehensive tobacco use cessation program that includes purchasing prescription drugs or prescription medical devices approved by the Food and Drug Administration shall be covered under the medical assistance program under this Article for persons who are otherwise eligible for assistance under this Article.

Notwithstanding any other provision of this Code, reproductive health care that is otherwise legal in Illinois shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article.

Notwithstanding any other provision of this Code, the Illinois Department may not require, as a condition of payment for any laboratory test authorized under this Article, that a physician's handwritten signature appear on the laboratory test order form. The Illinois Department may, however, impose other appropriate requirements regarding laboratory test order documentation.

Upon receipt of federal approval of an amendment to the Illinois Title XIX State Plan for this purpose, the Department shall authorize the Chicago Public Schools (CPS) to procure a vendor or vendors to manufacture eyeglasses for individuals enrolled in a school within the CPS system. CPS shall ensure that its vendor or vendors are enrolled as providers in the medical assistance program and in any capitated Medicaid managed care entity (MCE) serving individuals enrolled in a school within the CPS system. Under any contract procured under this provision, the vendor or vendors must serve only individuals enrolled in a school within the CPS system. Claims for services provided by CPS's vendor or vendors to recipients of benefits in the medical assistance program under this Code, the Children's Health Insurance Program, or the Covering ALL KIDS Health Insurance Program shall be submitted to the Department or the MCE in which the individual is enrolled for payment and shall be reimbursed at the Department's or the MCE's established rates or rate methodologies for eyeglasses.

[May 31, 2021]

On and after July 1, 2012, the Department of Healthcare and Family Services may provide the following services to persons eligible for assistance under this Article who are participating in education, training or employment programs operated by the Department of Human Services as successor to the Department of Public Aid:

(1) dental services provided by or under the supervision of a dentist; and

(2) eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select.

On and after July 1, 2018, the Department of Healthcare and Family Services shall provide dental services to any adult who is otherwise eligible for assistance under the medical assistance program. As used in this paragraph, "dental services" means diagnostic, preventative, restorative, or corrective procedures, including procedures and services for the prevention and treatment of periodontal disease and dental caries disease, provided by an individual who is licensed to practice dentistry or dental surgery or who is under the supervision of a dentist in the practice of his or her profession.

On and after July 1, 2018, targeted dental services, as set forth in Exhibit D of the Consent Decree entered by the United States District Court for the Northern District of Illinois, Eastern Division, in the matter of *Memisovski v. Maram*, Case No. 92 C 1982, that are provided to adults under the medical assistance program shall be established at no less than the rates set forth in the "New Rate" column in Exhibit D of the Consent Decree for targeted dental services that are provided to persons under the age of 18 under the medical assistance program.

Notwithstanding any other provision of this Code and subject to federal approval, the Department may adopt rules to allow a dentist who is volunteering his or her service at no cost to render dental services through an enrolled not-for-profit health clinic without the dentist personally enrolling as a participating provider in the medical assistance program. A not-for-profit health clinic shall include a public health clinic or Federally Qualified Health Center or other enrolled provider, as determined by the Department, through which dental services covered under this Section are performed. The Department shall establish a process for payment of claims for reimbursement for covered dental services rendered under this provision.

The Illinois Department, by rule, may distinguish and classify the medical services to be provided only in accordance with the classes of persons designated in Section 5-2.

The Department of Healthcare and Family Services must provide coverage and reimbursement for amino acid-based elemental formulas, regardless of delivery method, for the diagnosis and treatment of (i) eosinophilic disorders and (ii) short bowel syndrome when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

The Illinois Department shall authorize the provision of, and shall authorize payment for, screening by low-dose mammography for the presence of occult breast cancer for women 35 years of age or older who are eligible for medical assistance under this Article, as follows:

(A) A baseline mammogram for women 35 to 39 years of age.

(B) An annual mammogram for women 40 years of age or older.

(C) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(D) A comprehensive ultrasound screening and MRI of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue or when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

(E) A screening MRI when medically necessary, as determined by a physician licensed to practice medicine in all of its branches.

(F) A diagnostic mammogram when medically necessary, as determined by a physician licensed to practice medicine in all its branches, advanced practice registered nurse, or physician assistant.

The Department shall not impose a deductible, coinsurance, copayment, or any other cost-sharing requirement on the coverage provided under this paragraph; except that this sentence does not apply to coverage of diagnostic mammograms to the extent such coverage would disqualify a high-deductible health plan from eligibility for a health savings account pursuant to Section 223 of the Internal Revenue Code (26 U.S.C. 223).

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool.

For purposes of this Section:

"Diagnostic mammogram" means a mammogram obtained using diagnostic mammography.

"Diagnostic mammography" means a method of screening that is designed to evaluate an abnormality in a breast, including an abnormality seen or suspected on a screening mammogram or a subjective or objective abnormality otherwise detected in the breast.

"Low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography and includes breast tomosynthesis.

"Breast tomosynthesis" means a radiologic procedure that involves the acquisition of projection images over the stationary breast to produce cross-sectional digital three-dimensional images of the breast.

If, at any time, the Secretary of the United States Department of Health and Human Services, or its successor agency, promulgates rules or regulations to be published in the Federal Register or publishes a comment in the Federal Register or issues an opinion, guidance, or other action that would require the State, pursuant to any provision of the Patient Protection and Affordable Care Act (Public Law 111-148), including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any successor provision, to defray the cost of any coverage for breast tomosynthesis outlined in this paragraph, then the requirement that an insurer cover breast tomosynthesis is inoperative other than any such coverage authorized under Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and the State shall not assume any obligation for the cost of coverage for breast tomosynthesis set forth in this paragraph.

On and after January 1, 2016, the Department shall ensure that all networks of care for adult clients of the Department include access to at least one breast imaging Center of Imaging Excellence as certified by the American College of Radiology.

On and after January 1, 2012, providers participating in a quality improvement program approved by the Department shall be reimbursed for screening and diagnostic mammography at the same rate as the Medicare program's rates, including the increased reimbursement for digital mammography.

The Department shall convene an expert panel including representatives of hospitals, free-standing mammography facilities, and doctors, including radiologists, to establish quality standards for mammography.

On and after January 1, 2017, providers participating in a breast cancer treatment quality improvement program approved by the Department shall be reimbursed for breast cancer treatment at a rate that is no lower than 95% of the Medicare program's rates for the data elements included in the breast cancer treatment quality program.

The Department shall convene an expert panel, including representatives of hospitals, free-standing breast cancer treatment centers, breast cancer quality organizations, and doctors, including breast surgeons, reconstructive breast surgeons, oncologists, and primary care providers to establish quality standards for breast cancer treatment.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities. By January 1, 2016, the Department shall report to the General Assembly on the status of the provision set forth in this paragraph.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography. The Department shall work with experts in breast cancer outreach and patient navigation to optimize these reminders and shall establish a methodology for evaluating their effectiveness and modifying the methodology based on the evaluation.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. On or after July 1, 2016, the pilot program shall be expanded to include one site in western Illinois, one site in southern Illinois, one site in central Illinois, and 4 sites within metropolitan Chicago. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

The Department shall require all networks of care to develop a means either internally or by contract with experts in navigation and community outreach to navigate cancer patients to comprehensive care in a timely fashion. The Department shall require all networks of care to include access for patients diagnosed with cancer to at least one academic commission on cancer-accredited cancer program as an in-network covered benefit.

Any medical or health care provider shall immediately recommend, to any pregnant woman who is being provided prenatal services and is suspected of having a substance use disorder as defined in the Substance Use Disorder Act, referral to a local substance use disorder treatment program licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant women under this Code shall receive information from the Department on the availability of services under any program providing case management services for addicted women, including information on appropriate referrals for other social services that may be needed by addicted women in addition to treatment for addiction.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

(1) Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

(2) The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.

(3) Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. Such records must be retained for a period of not less than 6 years from the date of service or as provided by applicable State law, whichever period is longer, except that if an audit is initiated within the required retention period then the records must be retained until the audit is completed and every exception is resolved. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after September 16, 1984 (the effective date of Public Act 83-1439), the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after July 22, 2013 (the effective date of Public Act 98-104), establish procedures to permit skilled care facilities licensed under the Nursing Home Care Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall, by July 1, 2016, test the viability of the new system and implement any necessary operational or structural changes to its information technology platforms in order to allow for the direct acceptance and payment of nursing home claims.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after August 15, 2014 (the effective date of Public Act 98-963), establish procedures to permit ID/DD facilities licensed under the ID/DD Community Care Act and MC/DD facilities licensed under the MC/DD Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall have an additional 365 days to test the viability of the new system and to ensure that any necessary operational or structural changes to its information technology platforms are implemented.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon category of risk of the vendor.

Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste,

and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish the procedures for oversight, screening, and review, which may include, but need not be limited to: criminal and financial background checks; fingerprinting; license, certification, and authorization verifications; unscheduled or unannounced site visits; database checks; prepayment audit reviews; audits; payment caps; payment suspensions; and other screening as required by federal or State law.

The Department shall define or specify the following: (i) by provider notice, the "category of risk of the vendor" for each type of vendor, which shall take into account the level of screening applicable to a particular category of vendor under federal law and regulations; (ii) by rule or provider notice, the maximum length of the conditional enrollment period for each category of risk of the vendor; and (iii) by rule, the hearing rights, if any, afforded to a vendor in each category of risk of the vendor that is terminated or disenrolled during the conditional enrollment period.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on which medical goods or services were provided, with the following exceptions:

(1) In the case of a provider whose enrollment is in process by the Illinois Department, the 180-day period shall not begin until the date on the written notice from the Illinois Department that the provider enrollment is complete.

(2) In the case of errors attributable to the Illinois Department or any of its claims processing intermediaries which result in an inability to receive, process, or adjudicate a claim, the 180-day period shall not begin until the provider has been notified of the error.

(3) In the case of a provider for whom the Illinois Department initiates the monthly billing process.

(4) In the case of a provider operated by a unit of local government with a population exceeding 3,000,000 when local government funds finance federal participation for claims payments.

(5) In cases established by Department rule.

For claims for services rendered during a period for which a recipient received retroactive eligibility, claims must be filed within 180 days after the Department determines the applicant is eligible. For claims for which the Illinois Department is not the primary payer, claims must be submitted to the Illinois Department within 180 days after the final adjudication by the primary payer.

In the case of long term care facilities, within 45 calendar days of receipt by the facility of required prescreening information, new admissions with associated admission documents shall be submitted through the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System or shall be submitted directly to the Department of Human Services using required admission forms. Effective September 1, 2014, admission documents, including all prescreening information, must be submitted through MEDI or REV. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. This includes, but is not limited to: information pertaining to licensure; certification; earnings; immigration status; citizenship; wage reporting; unearned and earned income; pension income; employment; supplemental security income; social security numbers; National Provider Identifier (NPI) numbers; the National Practitioner Data Bank (NPDB); program and agency exclusions; taxpayer identification numbers; tax delinquency; corporate information; and death records.

The Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, under which such agencies and departments shall share data necessary for medical assistance program integrity functions and oversight. The Illinois Department shall develop, in cooperation with other State departments and agencies, and in compliance with applicable federal laws and regulations, appropriate and effective methods to share such data. At a minimum, and to the extent necessary to provide data sharing, the Illinois Department shall enter

into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, including, but not limited to: the Secretary of State; the Department of Revenue; the Department of Public Health; the Department of Human Services; and the Department of Financial and Professional Regulation.

Beginning in fiscal year 2013, the Illinois Department shall set forth a request for information to identify the benefits of a pre-payment, post-adjudication, and post-edit claims system with the goals of streamlining claims processing and provider reimbursement, reducing the number of pending or rejected claims, and helping to ensure a more transparent adjudication process through the utilization of: (i) provider data verification and provider screening technology; and (ii) clinical code editing; and (iii) pre-pay, pre- or post-adjudicated predictive modeling with an integrated case management system with link analysis. Such a request for information shall not be considered as a request for proposal or as an obligation on the part of the Illinois Department to take any action or acquire any products or services.

The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Subject to prior approval, such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department. Notwithstanding any provision of Section 5-5f to the contrary, the Department may, by rule, exempt certain replacement wheelchair parts from prior approval and, for wheelchairs, wheelchair parts, wheelchair accessories, and related seating and positioning items, determine the wholesale price by methods other than actual acquisition costs.

The Department shall require, by rule, all providers of durable medical equipment to be accredited by an accreditation organization approved by the federal Centers for Medicare and Medicaid Services and recognized by the Department in order to bill the Department for providing durable medical equipment to recipients. No later than 15 months after the effective date of the rule adopted pursuant to this paragraph, all providers must meet the accreditation requirement.

In order to promote environmental responsibility, meet the needs of recipients and enrollees, and achieve significant cost savings, the Department, or a managed care organization under contract with the Department, may provide recipients or managed care enrollees who have a prescription or Certificate of Medical Necessity access to refurbished durable medical equipment under this Section (excluding prosthetic and orthotic devices as defined in the Orthotics, Prosthetics, and Pedorthics Practice Act and complex rehabilitation technology products and associated services) through the State's assistive technology program's reutilization program, using staff with the Assistive Technology Professional (ATP) Certification if the refurbished durable medical equipment: (i) is available; (ii) is less expensive, including shipping costs, than new durable medical equipment of the same type; (iii) is able to withstand at least 3 years of use; (iv) is cleaned, disinfected, sterilized, and safe in accordance with federal Food and Drug Administration regulations and guidance governing the reprocessing of medical devices in health care settings; and (v) equally meets the needs of the recipient or enrollee. The reutilization program shall confirm that the recipient or enrollee is not already in receipt of same or similar equipment from another service provider, and that the refurbished durable medical equipment equally meets the needs of the recipient or enrollee. Nothing in this paragraph shall be construed to limit recipient or enrollee choice to obtain new durable medical equipment or place any additional prior authorization conditions on enrollees of managed care organizations.

The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department on Aging, to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped; and (iii) notwithstanding any other provision of law, subject to federal approval, on and after July 1, 2012, an increase in the determination of need (DON) scores from 29 to 37 for applicants for institutional and home and community-based long term care; if and only if federal approval is not granted, the Department may, in conjunction with other affected agencies, implement utilization controls or changes in benefit packages to effectuate a similar savings amount for this population; and (iv) no later than July 1, 2013, minimum level of care eligibility criteria for institutional and home and

community-based long term care; and (v) no later than October 1, 2013, establish procedures to permit long term care providers access to eligibility scores for individuals with an admission date who are seeking or receiving services from the long term care provider. In order to select the minimum level of care eligibility criteria, the Governor shall establish a workgroup that includes affected agency representatives and stakeholders representing the institutional and home and community-based long term care interests. This Section shall not restrict the Department from implementing lower level of care eligibility criteria for community-based services in circumstances where federal approval has been granted.

The Illinois Department shall develop and operate, in cooperation with other State Departments and agencies and in compliance with applicable federal laws and regulations, appropriate and effective systems of health care evaluation and programs for monitoring of utilization of health care services and facilities, as it affects persons eligible for medical assistance under this Code.

The Illinois Department shall report annually to the General Assembly, no later than the second Friday in April of 1979 and each year thereafter, in regard to:

- (a) actual statistics and trends in utilization of medical services by public aid recipients;
- (b) actual statistics and trends in the provision of the various medical services by medical vendors;
- (c) current rate structures and proposed changes in those rate structures for the various medical vendors; and
- (d) efforts at utilization review and control by the Illinois Department.

The period covered by each report shall be the 3 years ending on the June 30 prior to the report. The report shall include suggested legislation for consideration by the General Assembly. The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report as required by Section 3.1 of the General Assembly Organization Act, and filing such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act.

Rulemaking authority to implement Public Act 95-1045, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

Because kidney transplantation can be an appropriate, cost-effective alternative to renal dialysis when medically necessary and notwithstanding the provisions of Section 1-11 of this Code, beginning October 1, 2014, the Department shall cover kidney transplantation for noncitizens with end-stage renal disease who are not eligible for comprehensive medical benefits, who meet the residency requirements of Section 5-3 of this Code, and who would otherwise meet the financial requirements of the appropriate class of eligible persons under Section 5-2 of this Code. To qualify for coverage of kidney transplantation, such person must be receiving emergency renal dialysis services covered by the Department. Providers under this Section shall be prior approved and certified by the Department to perform kidney transplantation and the services under this Section shall be limited to services associated with kidney transplantation.

Notwithstanding any other provision of this Code to the contrary, on or after July 1, 2015, all FDA approved forms of medication assisted treatment prescribed for the treatment of alcohol dependence or treatment of opioid dependence shall be covered under both fee for service and managed care medical assistance programs for persons who are otherwise eligible for medical assistance under this Article and shall not be subject to any (1) utilization control, other than those established under the American Society of Addiction Medicine patient placement criteria, (2) prior authorization mandate, or (3) lifetime restriction limit mandate.

On or after July 1, 2015, opioid antagonists prescribed for the treatment of an opioid overdose, including the medication product, administration devices, and any pharmacy fees related to the dispensing and administration of the opioid antagonist, shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article. As used in this Section, "opioid antagonist" means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug Administration.

Upon federal approval, the Department shall provide coverage and reimbursement for all drugs that are approved for marketing by the federal Food and Drug Administration and that are recommended by the federal Public Health Service or the United States Centers for Disease Control and Prevention for pre-exposure prophylaxis and related pre-exposure prophylaxis services, including, but not limited to, HIV and sexually transmitted infection screening, treatment for sexually transmitted infections, medical monitoring, assorted labs, and counseling to reduce the likelihood of HIV infection among individuals who are not infected with HIV but who are at high risk of HIV infection.

A federally qualified health center, as defined in Section 1905(l)(2)(B) of the federal Social Security Act, shall be reimbursed by the Department in accordance with the federally qualified health center's encounter rate for services provided to medical assistance recipients that are performed by a dental hygienist, as defined under the Illinois Dental Practice Act, working under the general supervision of a dentist and employed by a federally qualified health center.

#### Article 105.

Section 105-5. The Illinois Public Aid Code is amended by changing Section 5-30.1 as follows:

(305 ILCS 5/5-30.1)

Sec. 5-30.1. Managed care protections.

(a) As used in this Section:

"Managed care organization" or "MCO" means any entity which contracts with the Department to provide services where payment for medical services is made on a capitated basis.

"Emergency services" include:

(1) emergency services, as defined by Section 10 of the Managed Care Reform and Patient Rights Act;

(2) emergency medical screening examinations, as defined by Section 10 of the Managed Care Reform and Patient Rights Act;

(3) post-stabilization medical services, as defined by Section 10 of the Managed Care Reform and Patient Rights Act; and

(4) emergency medical conditions, as defined by Section 10 of the Managed Care Reform and Patient Rights Act.

(b) As provided by Section 5-16.12, managed care organizations are subject to the provisions of the Managed Care Reform and Patient Rights Act.

(c) An MCO shall pay any provider of emergency services that does not have in effect a contract with the contracted Medicaid MCO. The default rate of reimbursement shall be the rate paid under Illinois Medicaid fee-for-service program methodology, including all policy adjusters, including but not limited to Medicaid High Volume Adjustments, Medicaid Percentage Adjustments, Outpatient High Volume Adjustments, and all outlier add-on adjustments to the extent such adjustments are incorporated in the development of the applicable MCO capitated rates.

(d) An MCO shall pay for all post-stabilization services as a covered service in any of the following situations:

(1) the MCO authorized such services;

(2) such services were administered to maintain the enrollee's stabilized condition within one hour after a request to the MCO for authorization of further post-stabilization services;

(3) the MCO did not respond to a request to authorize such services within one hour;

(4) the MCO could not be contacted; or

(5) the MCO and the treating provider, if the treating provider is a non-affiliated provider, could not reach an agreement concerning the enrollee's care and an affiliated provider was unavailable for a consultation, in which case the MCO must pay for such services rendered by the treating non-affiliated provider until an affiliated provider was reached and either concurred with the treating non-affiliated provider's plan of care or assumed responsibility for the enrollee's care. Such payment shall be made at the default rate of reimbursement paid under Illinois Medicaid fee-for-service program methodology, including all policy adjusters, including but not limited to Medicaid High

Volume Adjustments, Medicaid Percentage Adjustments, Outpatient High Volume Adjustments and all outlier add-on adjustments to the extent that such adjustments are incorporated in the development of the applicable MCO capitated rates.

(e) The following requirements apply to MCOs in determining payment for all emergency services:

(1) MCOs shall not impose any requirements for prior approval of emergency services.

(2) The MCO shall cover emergency services provided to enrollees who are temporarily away from their residence and outside the contracting area to the extent that the enrollees would be entitled to the emergency services if they still were within the contracting area.

(3) The MCO shall have no obligation to cover medical services provided on an emergency basis that are not covered services under the contract.

(4) The MCO shall not condition coverage for emergency services on the treating provider notifying the MCO of the enrollee's screening and treatment within 10 days after presentation for emergency services.

(5) The determination of the attending emergency physician, or the provider actually treating the enrollee, of whether an enrollee is sufficiently stabilized for discharge or transfer to another facility, shall be binding on the MCO. The MCO shall cover emergency services for all enrollees whether the emergency services are provided by an affiliated or non-affiliated provider.

(6) The MCO's financial responsibility for post-stabilization care services it has not pre-approved ends when:

(A) a plan physician with privileges at the treating hospital assumes responsibility for the enrollee's care;

(B) a plan physician assumes responsibility for the enrollee's care through transfer;

(C) a contracting entity representative and the treating physician reach an agreement concerning the enrollee's care; or

(D) the enrollee is discharged.

(f) Network adequacy and transparency.

(1) The Department shall:

(A) ensure that an adequate provider network is in place, taking into consideration health professional shortage areas and medically underserved areas;

(B) publicly release an explanation of its process for analyzing network adequacy;

(C) periodically ensure that an MCO continues to have an adequate network in place;

(D) require MCOs, including Medicaid Managed Care Entities as defined in Section 5-30.2, to meet provider directory requirements under Section 5-30.3; and

(E) require MCOs to ensure that any Medicaid-certified provider under contract with an MCO and previously submitted on a roster on the date of service is paid for any medically necessary, Medicaid-covered, and authorized service rendered to any of the MCO's enrollees, regardless of inclusion on the MCO's published and publicly available directory of available providers.

(2) Each MCO shall confirm its receipt of information submitted specific to physician or dentist additions or physician or dentist deletions from the MCO's provider network within 3 days after receiving all required information from contracted physicians or dentists, and electronic physician and dental directories must be updated consistent with current rules as published by the Centers for Medicare and Medicaid Services or its successor agency.

(g) Timely payment of claims.

(1) The MCO shall pay a claim within 30 days of receiving a claim that contains all the essential information needed to adjudicate the claim.

(2) The MCO shall notify the billing party of its inability to adjudicate a claim within 30 days of receiving that claim.

(3) The MCO shall pay a penalty that is at least equal to the timely payment interest penalty imposed under Section 368a of the Illinois Insurance Code for any claims not timely paid.

(A) When an MCO is required to pay a timely payment interest penalty to a provider, the MCO must calculate and pay the timely payment interest penalty that is due to the provider within 30 days after the payment of the claim. In no event shall a provider be required to request or apply for payment of any owed timely payment interest penalties.

(B) Such payments shall be reported separately from the claim payment for services rendered to the MCO's enrollee and clearly identified as interest payments.

(4)(A) The Department shall require MCOs to expedite payments to providers identified on the Department's expedited provider list, determined in accordance with 89 Ill. Adm. Code 140.71(b), on a schedule at least as frequently as the providers are paid under the Department's fee-for-service expedited provider schedule.

(B) Compliance with the expedited provider requirement may be satisfied by an MCO through the use of a Periodic Interim Payment (PIP) program that has been mutually agreed to and documented between the MCO and the provider, if the PIP program ensures that any expedited provider receives regular and periodic payments based on prior period payment experience from that MCO. Total payments under the PIP program may be reconciled against future PIP payments on a schedule mutually agreed to between the MCO and the provider.

(C) The Department shall share at least monthly its expedited provider list and the frequency with which it pays providers on the expedited list.

(g-5) Recognizing that the rapid transformation of the Illinois Medicaid program may have unintended operational challenges for both payers and providers:

(1) in no instance shall a medically necessary covered service rendered in good faith, based upon eligibility information documented by the provider, be denied coverage or diminished in payment amount if the eligibility or coverage information available at the time the service was rendered is later found to be inaccurate in the assignment of coverage responsibility between MCOs or the fee-for-service system, except for instances when an individual is deemed to have not been eligible for coverage under the Illinois Medicaid program; and

(2) the Department shall, by December 31, 2016, adopt rules establishing policies that shall be included in the Medicaid managed care policy and procedures manual addressing payment resolutions in situations in which a provider renders services based upon information obtained after verifying a patient's eligibility and coverage plan through either the Department's current enrollment system or a system operated by the coverage plan identified by the patient presenting for services:

(A) such medically necessary covered services shall be considered rendered in good faith;

(B) such policies and procedures shall be developed in consultation with industry representatives of the Medicaid managed care health plans and representatives of provider associations representing the majority of providers within the identified provider industry; and

(C) such rules shall be published for a review and comment period of no less than 30 days on the Department's website with final rules remaining available on the Department's website.

The rules on payment resolutions shall include, but not be limited to:

(A) the extension of the timely filing period;

(B) retroactive prior authorizations; and

(C) guaranteed minimum payment rate of no less than the current, as of the date of service, fee-for-service rate, plus all applicable add-ons, when the resulting service relationship is out of network.

The rules shall be applicable for both MCO coverage and fee-for-service coverage.

If the fee-for-service system is ultimately determined to have been responsible for coverage on the date of service, the Department shall provide for an extended period for claims submission outside the standard timely filing requirements.

(g-6) MCO Performance Metrics Report.

(1) The Department shall publish, on at least a quarterly basis, each MCO's operational performance, including, but not limited to, the following categories of metrics:

(A) claims payment, including timeliness and accuracy;

(B) prior authorizations;

(C) grievance and appeals;

(D) utilization statistics;

(E) provider disputes;

(F) provider credentialing; and

(G) member and provider customer service.

(2) The Department shall ensure that the metrics report is accessible to providers online by January 1, 2017.

(3) The metrics shall be developed in consultation with industry representatives of the Medicaid managed care health plans and representatives of associations representing the majority of providers within the identified industry.

(4) Metrics shall be defined and incorporated into the applicable Managed Care Policy Manual issued by the Department.

(g-7) MCO claims processing and performance analysis. In order to monitor MCO payments to hospital providers, pursuant to this amendatory Act of the 100th General Assembly, the Department shall post an analysis of MCO claims processing and payment performance on its website every 6 months. Such analysis shall include a review and evaluation of a representative sample of hospital claims that are rejected and denied for clean and unclear claims and the top 5 reasons for such actions and timeliness of claims adjudication, which identifies the percentage of claims adjudicated within 30, 60, 90, and over 90 days, and the dollar amounts associated with those claims. ~~The Department shall post the contracted claims report required by HealthChoice Illinois on its website every 3 months.~~

(g-8) Dispute resolution process. The Department shall maintain a provider complaint portal through which a provider can submit to the Department unresolved disputes with an MCO. An unresolved dispute means an MCO's decision that denies in whole or in part a claim for reimbursement to a provider for health care services rendered by the provider to an enrollee of the MCO with which the provider disagrees. Disputes shall not be submitted to the portal until the provider has availed itself of the MCO's internal dispute resolution process. Disputes that are submitted to the MCO internal dispute resolution process may be submitted to the Department of Healthcare and Family Services' complaint portal no sooner than 30 days after submitting to the MCO's internal process and not later than 30 days after the unsatisfactory resolution of the internal MCO process or 60 days after submitting the dispute to the MCO internal process. Multiple claim disputes involving the same MCO may be submitted in one complaint, regardless of whether the claims are for different enrollees, when the specific reason for non-payment of the claims involves a common question of fact or policy. Within 10 business days of receipt of a complaint, the Department shall present such disputes to the appropriate MCO, which shall then have 30 days to issue its written proposal to resolve the dispute. The Department may grant one 30-day extension of this time frame to one of the parties to resolve the dispute. If the dispute remains unresolved at the end of this time frame or the provider is not satisfied with the MCO's written proposal to resolve the dispute, the provider may, within 30 days, request the Department to review the dispute and make a final determination. Within 30 days of the request for Department review of the dispute, both the provider and the MCO shall present all relevant information to the Department for resolution and make individuals with knowledge of the issues available to the Department for further inquiry if needed. Within 30 days of receiving the relevant information on the dispute, or the lapse of the period for submitting such information, the Department shall issue a written decision on the dispute based on contractual terms between the provider and the MCO, contractual terms between the MCO and the Department of Healthcare and Family Services and applicable Medicaid policy. The decision of the Department shall be final. By January 1, 2020, the Department shall establish by rule further details of this dispute resolution process. Disputes between MCOs and providers presented to the Department for resolution are not contested cases, as defined in Section 1-30 of the Illinois Administrative Procedure Act, conferring any right to an administrative hearing.

(g-9)(1) The Department shall publish annually on its website a report on the calculation of each managed care organization's medical loss ratio showing the following:

- (A) Premium revenue, with appropriate adjustments.
- (B) Benefit expense, setting forth the aggregate amount spent for the following:
  - (i) Direct paid claims.
  - (ii) Subcapitation payments.
  - (iii) Other claim payments.
  - (iv) Direct reserves.
  - (v) Gross recoveries.
  - (vi) Expenses for activities that improve health care quality as allowed by the Department.

(2) The medical loss ratio shall be calculated consistent with federal law and regulation following a claims runout period determined by the Department.

(g-10)(1) "Liability effective date" means the date on which an MCO becomes responsible for payment for medically necessary and covered services rendered by a provider to one of its enrollees in accordance with the contract terms between the MCO and the provider. The liability effective date shall be the later of:

- (A) The execution date of a network participation contract agreement.

(B) The date the provider or its representative submits to the MCO the complete and accurate standardized roster form for the provider in the format approved by the Department.

(C) The provider effective date contained within the Department's provider enrollment subsystem within the Illinois Medicaid Program Advanced Cloud Technology (IMPACT) System.

(2) The standardized roster form may be submitted to the MCO at the same time that the provider submits an enrollment application to the Department through IMPACT.

(3) By October 1, 2019, the Department shall require all MCOs to update their provider directory with information for new practitioners of existing contracted providers within 30 days of receipt of a complete and accurate standardized roster template in the format approved by the Department provided that the provider is effective in the Department's provider enrollment subsystem within the IMPACT system. Such provider directory shall be readily accessible for purposes of selecting an approved health care provider and comply with all other federal and State requirements.

(g-11) The Department shall work with relevant stakeholders on the development of operational guidelines to enhance and improve operational performance of Illinois' Medicaid managed care program, including, but not limited to, improving provider billing practices, reducing claim rejections and inappropriate payment denials, and standardizing processes, procedures, definitions, and response timelines, with the goal of reducing provider and MCO administrative burdens and conflict. The Department shall include a report on the progress of these program improvements and other topics in its Fiscal Year 2020 annual report to the General Assembly.

(g-12) Notwithstanding any other provision of law, if the Department or an MCO requires submission of a claim for payment in a non-electronic format, a provider shall always be afforded a period of no less than 90 business days, as a correction period, following any notification of rejection by either the Department or the MCO to correct errors or omissions in the original submission.

Under no circumstances, either by an MCO or under the State's fee-for-service system, shall a provider be denied payment for failure to comply with any timely submission requirements under this Code or under any existing contract, unless the non-electronic format claim submission occurs after the initial 180 days following the latest date of service on the claim, or after the 90 business days correction period following notification to the provider of rejection or denial of payment.

(h) The Department shall not expand mandatory MCO enrollment into new counties beyond those counties already designated by the Department as of June 1, 2014 for the individuals whose eligibility for medical assistance is not the seniors or people with disabilities population until the Department provides an opportunity for accountable care entities and MCOs to participate in such newly designated counties.

(i) The requirements of this Section apply to contracts with accountable care entities and MCOs entered into, amended, or renewed after June 16, 2014 (the effective date of Public Act 98-651).

(j) Health care information released to managed care organizations. A health care provider shall release to a Medicaid managed care organization, upon request, and subject to the Health Insurance Portability and Accountability Act of 1996 and any other law applicable to the release of health information, the health care information of the MCO's enrollee, if the enrollee has completed and signed a general release form that grants to the health care provider permission to release the recipient's health care information to the recipient's insurance carrier.

(k) The Department of Healthcare and Family Services, managed care organizations, a statewide organization representing hospitals, and a statewide organization representing safety-net hospitals shall explore ways to support billing departments in safety-net hospitals.

(l) The requirements of this Section added by this amendatory Act of the 102nd General Assembly shall apply to services provided on or after the first day of the month that begins 60 days after the effective date of this amendatory Act of the 102nd General Assembly.

#### **AMENDMENT NO. 1 TO HOUSE BILL 562**

AMENDMENT NO. 1. Amend House Bill 562 by replacing everything after the enacting clause with the following:

"Section 3. The Open Meetings Act is amended by changing Section 2 as follows:  
 (5 ILCS 120/2) (from Ch. 102, par. 42)  
 (Text of Section before amendment by P.A. 101-652)  
 Sec. 2. Open meetings.

[May 31, 2021]

(a) Openness required. All meetings of public bodies shall be open to the public unless excepted in subsection (c) and closed in accordance with Section 2a.

(b) Construction of exceptions. The exceptions contained in subsection (c) are in derogation of the requirement that public bodies meet in the open, and therefore, the exceptions are to be strictly construed, extending only to subjects clearly within their scope. The exceptions authorize but do not require the holding of a closed meeting to discuss a subject included within an enumerated exception.

(c) Exceptions. A public body may hold closed meetings to consider the following subjects:

(1) The appointment, employment, compensation, discipline, performance, or dismissal of specific employees, specific individuals who serve as independent contractors in a park, recreational, or educational setting, or specific volunteers of the public body or legal counsel for the public body, including hearing testimony on a complaint lodged against an employee, a specific individual who serves as an independent contractor in a park, recreational, or educational setting, or a volunteer of the public body or against legal counsel for the public body to determine its validity. However, a meeting to consider an increase in compensation to a specific employee of a public body that is subject to the Local Government Wage Increase Transparency Act may not be closed and shall be open to the public and posted and held in accordance with this Act.

(2) Collective negotiating matters between the public body and its employees or their representatives, or deliberations concerning salary schedules for one or more classes of employees.

(3) The selection of a person to fill a public office, as defined in this Act, including a vacancy in a public office, when the public body is given power to appoint under law or ordinance, or the discipline, performance or removal of the occupant of a public office, when the public body is given power to remove the occupant under law or ordinance.

(4) Evidence or testimony presented in open hearing, or in closed hearing where specifically authorized by law, to a quasi-adjudicative body, as defined in this Act, provided that the body prepares and makes available for public inspection a written decision setting forth its determinative reasoning.

(5) The purchase or lease of real property for the use of the public body, including meetings held for the purpose of discussing whether a particular parcel should be acquired.

(6) The setting of a price for sale or lease of property owned by the public body.

(7) The sale or purchase of securities, investments, or investment contracts. This exception shall not apply to the investment of assets or income of funds deposited into the Illinois Prepaid Tuition Trust Fund.
