GENERAL ASSEMBLY

Secretary of the Senate
Room 401, Capitol Building
Springfield, IL 62706

May 31, 2008

Dear Secretary of the Senate:

On Friday, May 30, 2008, the Senate took several verbal roll calls on motions to non-concur with House amendments to certain Senate Bills. The House amendments contain language which effectively prohibit the Governor or any of the Executive Branch agencies from any rulemaking authority, but do provide that the Governor may suggest rules by filing them with the General Assembly and requesting that the General Assembly authorize such rulemaking by law, enact the suggested rules into law, or take other appropriate action in the General Assembly's discretion.

Please be advised that the undersigned Senators wish to be recorded as voting "No" on the motions to non-concur with House Amendments to the following bills:

Senate Bill 1939 Motion to non-concur with House Amd. 1
Senate Bill 2071 Motion to non-concur with House Amd. 1
Senate Bill 2077 Motion to non-concur with House Amd. 1
Senate Bill 2187 Motion to non-concur with House Amd. 1
Senate Bill 2199 Motion to non-concur with House Amd. 1
Senate Bill 2210 Motion to non-concur with House Amd. 1
Senate Bill 2394 Motion to non-concur with House Amd. 1
Senate Bill 2696 Motion to non-concur with House Amd. 1

Please reflect our intentions in the Journal.

Sincerely,
s/Dan Rutherford
s/J. Bradley Burzynski
s/Randall M. Hultgren

HOUSE JOINT RESOLUTION NO. 137

WHEREAS, The question of the convening of a constitutional convention was submitted to the electorate in 1988, and that question has not been submitted during the past 20-year period; and

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FIFTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that the report of the Joint Committee for the Constitutional Convention Proposal, as set out in this Resolution, is hereby adopted and shall be certified to the Secretary of State:

STATE
CONSTITUTIONAL CONVENTION**

**That will be submitted to the voters

**This pamphlet includes
EXPLANATION OF THE PROPOSED CALL
ARGUMENTS IN FAVOR OF HOLDING A CONVENTION
ARGUMENTS AGAINST HOLDING A CONVENTION
FORM OF BALLOT**

To the Electors of the State of Illinois:

The 1970 Illinois Constitution requires the electors of the State to decide, every 20 years, if it is necessary to revise or rewrite the Illinois Constitution. In 1988 the electors rejected the call for a constitutional convention, with 75% voting against and 25% voting in favor of convening a convention. At the general election to be held on November 4, 2008, the voters will be called upon to decide whether Illinois should convene a constitutional convention.

EXPLANATION

The purpose of a state constitution is to establish a structure for government and laws. The Illinois Constitution provides citizens with rights and protections; creates the executive, judicial, and legislative branches of government; clarifies the powers given to local governments; limits the taxing power of the State; and imposes certain restrictions on the use of taxpayer dollars. There are three ways to initiate change to the Illinois Constitution: (1) a constitutional convention may propose changes to any part; (2) the General Assembly may propose changes to any part; or (3) the people of the State by referendum may propose changes to the Legislative Article. Regardless of the method of initiating change, the people of Illinois must approve any changes to the Constitution before they become effective.

A constitutional convention is a meeting of delegates elected by the people to review the Constitution. During a convention, the delegates may propose changes to parts of the current Constitution, write a new Constitution, or make no changes whatsoever. If the people of the State on November 4, 2008 decide it is necessary to call a convention, a separate election will be held to elect delegates to represent the voters during the constitutional convention. The elected delegates will meet to review the current constitution and decide whether the constitution should be revised or rewritten. There is no limit as to how long a constitutional convention may meet. The last constitutional convention met for nine months. Once the delegates complete their work, the voters will have an opportunity to approve or reject proposed changes.

The call for a constitutional convention will be on the November 4, 2008 general election ballot. Voters that believe the 1970 Illinois Constitution should be reviewed, revised, or rewritten through the

[May 31, 2008]

convention process should vote "YES" on the question of calling a constitutional convention. Three-fifths of those voting on the question or a majority of those voting in the election must vote "yes" in order for a constitutional convention to be called. Voters that believe that a constitutional convention is not necessary, or that changes can be accomplished through other means, should vote "NO" on the calling of a constitutional convention.

Summary of Arguments In Favor of Holding a Constitutional Convention

1. A constitutional convention allows delegates to consider important substantive issues that have failed to advance in the legislative process.
2. Changes to our state and local governments are best addressed by delegates elected solely to review the Constitution.
3. A constitutional convention would provide the first comprehensive review of the Illinois Constitution since its adoption in 1970.
4. Any proposed changes to the Constitution must be ratified by the voters before they become effective.

Summary of Arguments Against Holding a Constitutional Convention

1. A constitutional convention could cost as much as \$78 million.
2. The current Illinois Constitution could be changed without a constitutional convention, and in fact has been changed 10 times since the last convention.
3. A constitutional convention could be controlled by special interest groups and lobbyists, and there is no way to limit the issues discussed.
4. A convention could threaten the economy by creating an unstable business climate.

Arguments In Favor of Holding a Constitutional Convention

Address Important Issues That Have Failed to Advance in the Legislative Process

Amendments proposed by the General Assembly must be approved by both the Illinois Senate and the Illinois House of Representatives before they are submitted to the voters. If one chamber does not like an amendment, or both chambers cannot agree on the language of the proposed amendment, the voters will never have an opportunity to vote on the proposed change. State Senators and Representatives have proposed hundreds of constitutional amendments, but only six have made it to the ballot since the 1988 vote on whether to call a constitutional convention. Many of the proposals that have failed to advance in the legislative process address important issues such as education funding, state and local taxes, electing judges, and ethics reform to reduce the influence of special interest groups and lobbyists.

Best Chance for Real Change

Illinois has over 6,900 units of government, far more than any other state in the nation. Delegates to a constitutional convention could propose ideas to consolidate state and local governments to provide citizens with more responsive and cost-effective government services. A convention could restore the confidence of citizens in the political process. Delegates could discuss important issues including term limits for elected officials, citizen initiatives for changes to the Constitution, and a new process for drawing representative boundaries designed to provide fair representation. A constitutional convention with independent-minded delegates is the best opportunity to address the issues and bring about real change.

Periodic Review Is Important

The delegates to the 1970 Constitutional Convention wanted to make sure the voters have the opportunity to review the Constitution every 20 years. As one delegate stated during debate at the last Constitutional Convention, "The voters ought to have that chance to express themselves every 20 years." Holding a constitutional convention does not mean that delegates will automatically change the whole document. It is up to the delegates to decide if it is necessary to write a new Constitution, update certain portions, or leave the document unchanged.

Voters Must Approve Any Changes

Opponents to a constitutional convention argue that special interest groups and lobbyists will influence

[May 31, 2008]

delegates and dominate the convention for the benefit of their clients, but a strong argument exists that these same groups presently have disproportionate influence over the legislative process. While elected representatives approve any changes to the laws of our State, any changes proposed at a constitutional convention must be approved by the citizens. This approval process gives voters an opportunity to participate directly in any revision of the Constitution, countering the influence of special interest groups and lobbyists.

Arguments Against Holding a Constitutional Convention

Convention Expenses Could Be High

Estimates of the total cost for a constitutional convention range from \$58 to \$78 million. Illinois is in the midst of a financial crisis that would be made worse by holding a constitutional convention. Instead of paying for important services, your tax dollars would be diverted to pay for the cost of electing delegates, salaries for delegates and staff, printing and publication, and other administrative expenses. Considering that there are two inexpensive ways to initiate change if necessary through an amendment process, a convention is a major expense that taxpayers do not need.

Current Amendment Process Works

The Constitution can be changed through an amendment process and any changes must be approved by the voters. State Senators and Representatives have the ability to propose changes to any Article of the Constitution, and citizens may propose changes to the structure and procedures of the Legislature. Since 1970, voters have approved 10 of 18 proposed amendments to the Constitution. Amendments encourage the same level of public debate that proponents believe can only be achieved during a constitutional convention. The amendment process is also less costly and it ensures that citizens have an opportunity to approve any change before it becomes effective.

Influence of Special Interests

There is no way to keep delegates to a constitutional convention from the influence of special interest groups and lobbyists. To be a delegate, candidates would need to raise funds to run a campaign and win an election. Special interest groups and lobbyists will contribute money to these campaigns, and if elected, a delegate may feel indebted to those who made contributions. Delegates are not subject to the same ethical standards as constitutional and legislative officers and do not have to run for re-election, making them less accountable to the voters for their actions. Additionally, there is no way to control the issues debated during a constitutional convention. The convention could be dominated by current controversial issues like abortion, capital punishment, gay marriage, gun control, public education, and state and local taxes. Convention delegates might ultimately spend months or years, and millions of taxpayer dollars, debating policy issues that should be decided by legislators accountable to the people.

Negative Impact on the State Economy

Holding a convention at this time could negatively impact the economy. To grow economically and attract new jobs, the State must provide a stable climate for business and labor. An important part of this is a clear, predictable tax structure. Business leaders are worried that the uncertainty created by a convention could make it difficult to keep businesses in Illinois or attract new businesses.

FORM OF BALLOT

Proposed call for a Constitutional Convention

Explanation of Proposed Call

This proposal deals with a call for a state constitutional convention. The last such convention was held in 1969-70, and a new Constitution was adopted in 1970. The 1970 Illinois Constitution requires that the question of calling a convention be placed before the voters every 20 years. In 1988 the electors rejected the call for a constitutional convention, with 75% voting against calling a convention and 25% voting in favor of calling a convention. If you believe the 1970 Illinois Constitution needs to be revised through the convention process, vote "YES" on the question of calling a constitutional convention. If you believe that a constitutional convention is not necessary, or that changes can be accomplished through other means, vote "NO" on the calling of a constitutional convention.

[May 31, 2008]

YES	For the calling

NO	Convention.

The Council shall publicize the opening of nominations by posting notices at the attendance center, in public places within the attendance boundaries of the attendance center and by distributing notices to the pupils at the attendance center, and shall utilize such other means as it deems necessary to maximize the involvement of all eligible voters. Not less than 2 weeks before the election date, persons eligible to run for the Council shall submit their name, date of birth, social security number, if available, and some evidence of eligibility to the Council. The Council shall encourage nomination of candidates reflecting the racial/ethnic population of the students at the attendance center. Each person nominated who runs as a candidate shall disclose, in a manner determined by the Board, any economic interest held by such person, by such person's spouse or children, or by each business entity in which such person has an ownership interest, in any contract with the Board, any local school council or any public school in the school district. Each person nominated who runs as a candidate shall also disclose, in a manner determined by the Board, if he or she ever has been convicted of any of the offenses specified in subsection (c) of Section 34-18.5; provided that neither this provision nor any other provision of this Section shall be deemed to require the disclosure of any information that is contained in any law enforcement record or juvenile court record that is confidential or whose accessibility or

disclosure is restricted or prohibited under Section 5-901 or 5-905 of the Juvenile Court Act of 1987. Failure to make such disclosure shall render a person ineligible for election or to serve on the local school council. The same disclosure shall be required of persons under consideration for appointment to the Council pursuant to subsections (l) and (m) of this Section.

(f-5) Notwithstanding disclosure, a person who has been convicted of any of the following offenses at any time shall be ineligible for election or appointment to a local school council and ineligible for appointment to a local school council pursuant to subsections (l) and (m) of this Section: (i) those defined in Section 11-6, 11-9.1, 11-16, 11-17.1, 11-19, 11-19.1, 11-19.2, 11-20.1, 12-13, 12-14, 12-14.1, 12-15, or 12-16 of the Criminal Code of 1961 or (ii) any offense committed or attempted in any other state or against the laws of the United States, which, if committed or attempted in this State, would have been punishable as one or more of the foregoing offenses. Notwithstanding disclosure, a person who has been convicted of any of the following offenses within the 10 years previous to the date of nomination or appointment shall be ineligible for election or appointment to a local school council: (i) those defined in Section 401.1, 405.1, or 405.2 of the Illinois Controlled Substances Act or (ii) any offense committed or attempted in any other state or against the laws of the United States, which, if committed or attempted in this State, would have been punishable as one or more of the foregoing offenses.

Immediately upon election or appointment, incoming local school council members shall be required to undergo a criminal background investigation, to be completed prior to the member taking office, in order to identify any criminal convictions under the offenses enumerated in Section 34-18.5. The investigation shall be conducted by the Department of State Police in the same manner as provided for in Section 34-18.5. However, notwithstanding Section 34-18.5, the social security number shall be provided only if available. If it is determined at any time that a local school council member or member-elect has been convicted of any of the offenses enumerated in this Section or failed to disclose a conviction of any of the offenses enumerated in Section 34-18.5, the general superintendent shall notify the local school council member or member-elect of such determination and the local school council member or member-elect shall be removed from the local school council by the Board, subject to a hearing, convened pursuant to Board rule, prior to removal.

(g) At least one week before the election date, the Council shall publicize, in the manner provided in subsection (e), the names of persons nominated for election.

(h) Voting shall be in person by secret ballot at the attendance center between the hours of 6:00 a.m. and 7:00 p.m.

(i) Candidates receiving the highest number of votes shall be declared elected by the Council. In cases of a tie, the Council shall determine the winner by lot.

(j) The Council shall certify the results of the election and shall publish the results in the minutes of the Council.

(k) The general superintendent shall resolve any disputes concerning election procedure or results and shall ensure that, except as provided in subsections (e) and (g), no resources of any attendance center shall be used to endorse or promote any candidate.

(l) Beginning with the 1995-1996 school year and in every even numbered year thereafter, the Board shall appoint 2 teacher members to each local school council. These appointments shall be made in the following manner:

(i) The Board shall appoint 2 teachers who are employed and assigned to perform the majority of their employment duties at the attendance center to serve on the local school council of the attendance center for a two-year term coinciding with the terms of the elected parent and community members of that local school council. These appointments shall be made from among those teachers who are nominated in accordance with subsection (f).

(ii) A non-binding, advisory poll to ascertain the preferences of the school staff regarding appointments of teachers to the local school council for that attendance center shall be conducted in accordance with the procedures used to elect parent and community Council representatives. At such poll, each member of the school staff shall be entitled to indicate his or her preference for up to 2 candidates from among those who submitted statements of candidacy as described above. These preferences shall be advisory only and the Board shall maintain absolute discretion to appoint teacher members to local school councils, irrespective of the preferences expressed in any such poll.

(iii) In the event that a teacher representative is unable to perform his or her employment duties at the school due to illness, disability, leave of absence, disciplinary action, or any other reason, the Board shall declare a temporary vacancy and appoint a replacement teacher representative to serve on the local school council until such time as the teacher member originally appointed pursuant to this subsection (l) resumes service at the attendance center or for the remainder

of the term. The replacement teacher representative shall be appointed in the same manner and by the same procedures as teacher representatives are appointed in subdivisions (i) and (ii) of this subsection (l).

(m) Beginning with the 1995-1996 school year, and in every year thereafter, the Board shall appoint one student member to each secondary attendance center. These appointments shall be made in the following manner:

(i) Appointments shall be made from among those students who submit statements of candidacy to the principal of the attendance center, such statements to be submitted commencing on the first day of the twentieth week of school and continuing for 2 weeks thereafter. The form and manner of such candidacy statements shall be determined by the Board.

(ii) During the twenty-second week of school in every year, the principal of each attendance center shall conduct a non-binding, advisory poll to ascertain the preferences of the school students regarding the appointment of a student to the local school council for that attendance center. At such poll, each student shall be entitled to indicate his or her preference for up to one candidate from among those who submitted statements of candidacy as described above. The Board shall promulgate rules to ensure that these non-binding, advisory polls are conducted in a fair and equitable manner and maximize the involvement of all school students. The preferences expressed in these non-binding, advisory polls shall be transmitted by the principal to the Board. However, these preferences shall be advisory only and the Board shall maintain absolute discretion to appoint student members to local school councils, irrespective of the preferences expressed in any such poll.

(iii) For the 1995-96 school year only, appointments shall be made from among those students who submitted statements of candidacy to the principal of the attendance center during the first 2 weeks of the school year. The principal shall communicate the results of any nonbinding, advisory poll to the Board. These results shall be advisory only, and the Board shall maintain absolute discretion to appoint student members to local school councils, irrespective of the preferences expressed in any such poll.

(n) The Board may promulgate such other rules and regulations for election procedures as may be deemed necessary to ensure fair elections.

(o) In the event that a vacancy occurs during a member's term, the Council shall appoint a person eligible to serve on the Council, to fill the unexpired term created by the vacancy, except that any teacher vacancy shall be filled by the Board after considering the preferences of the school staff as ascertained through a non-binding advisory poll of school staff.

(p) If less than the specified number of persons is elected within each candidate category, the newly elected local school council shall appoint eligible persons to serve as members of the Council for two-year terms.

(q) The Board shall promulgate rules regarding conflicts of interest and disclosure of economic interests which shall apply to local school council members and which shall require reports or statements to be filed by Council members at regular intervals with the Secretary of the Board. Failure to comply with such rules or intentionally falsifying such reports shall be grounds for disqualification from local school council membership. A vacancy on the Council for disqualification may be so declared by the Secretary of the Board. Rules regarding conflicts of interest and disclosure of economic interests promulgated by the Board shall apply to local school council members. No less than 45 days prior to the deadline, the general superintendent shall provide notice, by mail, to each local school council member of all requirements and forms for compliance with economic interest statements.

(r) (1) If a parent member of a local school council ceases to have any child enrolled in the attendance center governed by the Local School Council due to the graduation or voluntary transfer of a child or children from the attendance center, the parent's membership on the Local School Council and all voting rights are terminated immediately as of the date of the child's graduation or voluntary transfer. If the child of a parent member of a local school council dies during the member's term in office, the member may continue to serve on the local school council for the balance of his or her term. Further, a local school council member may be removed from the Council by a majority vote of the Council as provided in subsection (c) of Section 34-2.2 if the Council member has missed 3 consecutive regular meetings, not including committee meetings, or 5 regular meetings in a 12 month period, not including committee meetings. If a parent member of a local school council ceases to be eligible to serve on the Council for any other reason, he or she shall be removed by the Board subject to a hearing, convened pursuant to Board rule, prior to removal. A vote to remove a Council member by the local school council shall only be valid if the Council member has been notified personally or by certified mail, mailed to the person's last known address, of the Council's intent to vote on the Council member's removal at least 7 days prior to the vote. The Council member in question shall have the right to explain his or her actions and shall

be eligible to vote on the question of his or her removal from the Council. The provisions of this subsection shall be contained within the petitions used to nominate Council candidates.

(2) A person may continue to serve as a community resident member of a local school council as long as he or she resides in the attendance area served by the school and is not employed by the Board nor is a parent of a student enrolled at the school. If a community resident member ceases to be eligible to serve on the Council, he or she shall be removed by the Board subject to a hearing, convened pursuant to Board rule, prior to removal.

(3) A person may continue to serve as a teacher member of a local school council as long as he or she is employed and assigned to perform a majority of his or her duties at the school, provided that if the teacher representative resigns from employment with the Board or voluntarily transfers to another school, the teacher's membership on the local school council and all voting rights are terminated immediately as of the date of the teacher's resignation or upon the date of the teacher's voluntary transfer to another school. If a teacher member of a local school council ceases to be eligible to serve on a local school council for any other reason, that member shall be removed by the Board subject to a hearing, convened pursuant to Board rule, prior to removal.

(a) During each academic year, schools must conduct a minimum of 3 school evacuation drills to address and prepare students and school personnel for fire incidents. These drills must meet all of the following criteria:

(1) One of the 3 school evacuation drills shall require the participation of the appropriate local fire department or district.

(C) The school administrator or his or her designee and the local fire official may also, by mutual agreement, set any other date for the drill, including a date outside of the month of October.

(D) If the fire official does not select one of the 4 offered dates in October or set another date by mutual agreement, the requirement that the school include the local fire service in one of its mandatory school evacuation drills shall be waived. Schools, however, shall continue to be strongly encouraged to include the fire service in a school evacuation drill at a mutually agreed-upon time.

(E) Upon the participation of the local fire service, the appropriate local fire official shall certify that the school evacuation drill was conducted.

(F) When scheduling the school evacuation drill, the school administrator or his or her designee and the local fire department or fire district may, by mutual agreement on or before September 14, choose to waive the provisions of subparagraphs (B), (C), and (D) of this paragraph (1).

Additional school evacuation drills for fire incidents may involve the participation of the appropriate local fire department or district.

(2) Schools may conduct additional school evacuation drills to account for other evacuation incidents, including without limitation suspicious items or bomb threats.

(3) All drills shall be conducted at each school building that houses school children.

(b) During each academic year, schools must conduct a minimum of one bus evacuation drill. This drill shall be accounted for in the curriculum in all public schools and in all other educational institutions in this State that are supported or maintained, in whole or in part, by public funds and that provide instruction in any of the grades kindergarten through 12. This curriculum shall include instruction in safe bus riding practices for all students. Schools may conduct additional bus evacuation drills. All drills shall be conducted at each school building that houses school children.

AMENDMENT NO. 1 TO SENATE BILL 2743

AMENDMENT NO. 1. Amend Senate Bill 2743 by replacing everything after the enacting clause with the following:

"Section 5. The Illinois Municipal Code is amended by changing Sections 1-2.2-20 and 11-5-9 as follows:

(65 ILCS 5/1-2.2-20)

Sec. 1-2.2-20. Instituting code hearing proceedings. When a police officer or other individual authorized to issue a code violation finds a code violation to exist, he or she shall note the violation on a multiple copy violation notice and report form that indicates (i) the name and address of the defendant, (ii) the type and nature of the violation, (iii) the date and time the violation was observed, and (iv) the names of witnesses to the violation.

The violation report form shall be forwarded to the code hearing department where a docket number shall be stamped on all copies of the report and a hearing date shall be noted in the blank spaces provided for that purpose on the form. The hearing date shall not be less than 30 nor more than 40 days after the violation is reported. However, if the code violation involves a municipal ordinance regulating truants, the hearing date shall not be less than 7 nor more than 40 days after the violation is reported.

One copy of the violation report form shall be maintained in the files of the code hearing department and shall be part of the record of hearing, one copy of the report form shall be returned to the individual representing the municipality in the case so that he or she may prepare evidence of the code violation for presentation at the hearing on the date indicated, and one copy of the report form shall be served by first class mail to the defendant along with a summons commanding the defendant to appear at the hearing. In municipalities with a population under 3,000,000, if the violation report form requires the respondent to answer within a certain amount of time, the municipality must reply to the answer within the same amount of time afforded to the respondent.

(Source: P.A. 94-616, eff. 1-1-06.)

(65 ILCS 5/11-5-9)

Sec. 11-5-9. Truants. The corporate authorities of any municipality may adopt ordinances to regulate truants within its jurisdiction. These ordinances may include a graduated fine schedule for repeat violations, which may not exceed \$100, or community service, or both, for violators 13 40 years of age or older and may provide for enforcement by citation or through administrative hearings as determined by ordinance. If the violator is under 13 40 years of age, the parent or custodian of the violator is subject to the fine or community service, or both. As used in this Section, "truants" means persons who are within the definition of "truant" in Section 26-2a of the School Code. Local officials or authorities that enforce, prosecute, or adjudicate municipal ordinances adopted under this Section or that work with school districts to address truancy problems are designated as (i) part of the juvenile justice system, established by the Juvenile Court Act of 1987, and (ii) "juvenile authorities" within the definition set

[May 31, 2008]

forth in subsection (a)(6.5) of Section 10-6 of the Illinois School Student Record Act. Because truancy is a gateway to crime and one of the most powerful predictors of juvenile delinquent behavior, a school district may disclose education records relating to attendance to juvenile authorities if the school district determines that the disclosure will enhance the juvenile justice system's ability to effectively serve, prior to adjudication, the student whose records are released. Enforcement of a municipal ordinance adopted under this Section is pre-adjudicatory because it helps minors avoid adjudicatory hearings under the Juvenile Court Act of 1987. A school district may make a disclosure authorized under this Section only if the juvenile authority certifies in writing to the school district that the information will not be disclosed, without prior written consent of the parent or custodian of the student, to any other individual or entity, except as otherwise provided under State law. A home rule unit may not regulate truants in a manner inconsistent with the provisions of this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of the powers and functions exercised by the State. Sec. 8. Compelling appearance of witnesses and production of documents; oaths and affirmations; dispositions. In connection with any hearing held pursuant to Section 6.1 or 7.3 of this Act, the Board, or any Hearing Officer appointed by the Board, may subpoena and compel the appearance of witnesses and production of documents, papers, books, records and other evidence before it in any matter over which it has jurisdiction, control or supervision. The Board, or any appointed Hearing Officer, shall have the power to administer oaths and affirmations to persons whose testimony is required. If a person subpoenaed to attend in any such proceeding or hearing fails to obey the command of the subpoena without reasonable cause, or if a person in attendance in any such proceeding or hearing refuses, without lawful cause, to be examined or to answer a legal or pertinent question or to exhibit any books, account, record or other document when ordered so to do by the Board or its Hearing Officer, the Board or Hearing Officer may apply to the circuit court, upon proof by affidavit of the facts, for an order returnable in not less than 2 nor more than 10 days, or as the court may prescribe, directing such person to show cause before the court why he or she should not comply with such subpoena or such order.

Upon return of the order, the court shall examine such person under oath, and if the court determines, after giving such person an opportunity to be heard, that he or she refused without legal excuse to comply with such subpoena or such order of the Board or Hearing Officer, the court may order such person to comply therewith immediately and any failure to obey the order of the court may be punished as a contempt of court.

All subpoenas and subpoenas duces tecum issued under the provisions of this Act may be served by any person of lawful age. The fees of witnesses for attendance and travel shall be the same as the fees of witnesses before the circuit courts of this State. When the witness is subpoenaed at the instance of the Department or any officer or employee thereof, such fees shall be paid in the same manner as other expenses of the Department. When the witness is subpoenaed at the instance of any other party to any such proceeding, the Department may require that the cost of service of the subpoena or subpoena duces tecum and the fee of the witness be borne by the party at whose instance the witness is summoned. In such case, and on motion of the Department, the Board or its Hearing Officer may require a deposit to cover the cost of such service and witness fees.

Sec. 9. Duties of Superintendent. The Superintendent, as administrative head of the Division, shall direct and supervise all its administrative and technical activities and shall report to the Director. In addition to the duties imposed upon him elsewhere in this Act, it shall be the Superintendent's duty:

a. To supervise and administer the operation of the lottery in accordance with the provisions of this Act or such rules and regulations of the Department adopted thereunder.

b. To attend meetings of the Board or to appoint a designee to attend in his stead.

c. To employ and direct such personnel in accord with the Personnel Code, as may be necessary to carry out the purposes of this Act. The Superintendent may, subject to the approval of the Director, use the services, personnel, or facilities of the Department. In addition, the Superintendent may by agreement secure such services as he or she may deem necessary from any other department, agency, or unit of the State government, and may employ and compensate such consultants and technical assistants as may be required and is otherwise permitted by law.

d. To license, in accordance with the provisions of Sections 10 and 10.1 of this Act and the rules and regulations of the Department adopted thereunder, or to ensure the retention, pursuant to the terms of a Management and Concession Agreement, as agents to sell lottery tickets such persons as in his opinion will best serve the public convenience and promote the sale of tickets or shares. ~~The Superintendent may require a bond from every licensed agent, in such amount as provided in the rules and regulations of the Department.~~ Every licensed agent shall prominently display his license, or a copy thereof, as provided in the rules and regulations of the Department.

[May 31, 2008]

e. To suspend or revoke any license issued pursuant to this Act or the rules and regulations promulgated by the Department thereunder.

f. To confer regularly as necessary or desirable and not less than once every month with the Lottery Control Board on the operation and administration of the Lottery; to make available for inspection by the Board or any member of the Board, upon request, all books, records, files, and other information and documents of his office; to advise the Board and recommend such rules and regulations and such other matters as he deems necessary and advisable to improve the operation and administration of the lottery or the implementation and oversight of a Management and Concession Agreement.

g. ~~To enter into contracts for the operation of the lottery, or any part thereof, and into contracts for the promotion of the lottery on behalf of the Department~~ with any person, firm or corporation, to perform any of the functions provided for in this Act or the rules and regulations promulgated thereunder. The Department shall not expend State funds on a contractual basis for such functions unless those functions and expenditures are expressly authorized by the General Assembly.

h. To enter into a Management and Concession Agreement that authorizes a Concessionaire to enter into an agreement or agreements with the management of state lotteries operated pursuant to the laws of other states for the purpose of creating and operating a multi-state lottery game wherein a separate and distinct prize pool would be combined to award larger prizes to the public than could be offered by the several state lotteries, individually or, if the State enters into a Management and Concession Agreement pursuant to which a Concessionaire is authorized to manage or operate the Lottery, to authorize the Concessionaire to take such action. No tickets or shares offered in connection with a multi-state lottery game shall be sold within the State of Illinois, except those offered by and through the Department or, if the State enters into a Management and Concession Agreement pursuant to which a Concessionaire is authorized to manage or operate the Lottery, by the Concessionaire pursuant to the terms of the Management and Concession Agreement and this amendatory Act of the 95th General Assembly. No such agreement shall purport to pledge the full faith and credit of the State of Illinois, nor shall the Department expend State funds on a contractual basis in connection with any such game unless such expenditures are expressly authorized by the General Assembly, provided, however, that in the event of error or omission by the Illinois State Lottery in the conduct of the game, as determined by the multi-state game directors, except as may be and to the extent modified by the terms of a Management and Concession Agreement, the Department shall be authorized to pay a prize winner or winners the lesser of a disputed prize or \$1,000,000, any such payment to be made solely from funds appropriated for game prize purposes. Except as may be and to the extent modified by the terms of a Management and Concession Agreement, the Department shall be authorized to share in the ordinary operating expenses of any such multi-state lottery game, from funds appropriated by the General Assembly, and in the event the multi-state game control offices are physically located within the State of Illinois, the Department is authorized to advance start-up operating costs not to exceed \$150,000, subject to proportionate reimbursement of such costs by the other participating state lotteries. The Department shall be authorized to share proportionately in the costs of establishing a liability reserve fund from funds appropriated by the General Assembly. The Department is authorized to transfer prize award funds attributable to Illinois sales of multi-state lottery game tickets to the multi-state control office, or its designated depository, for deposit to such game pool account or accounts as may be established by the multi-state game directors, the records of which account or accounts shall be available at all times for inspection in an audit by the Auditor General of Illinois and any other auditors pursuant to the laws of the State of Illinois. No multi-state game prize awarded to a nonresident of Illinois, with respect to a ticket or share purchased in a state other than the State of Illinois, shall be deemed to be a prize awarded under this Act for the purpose of taxation under the Illinois Income Tax Act. ~~All of the net revenues accruing from the sale of multi-state lottery tickets or shares shall be transferred into the Common School Fund pursuant to Section 7.2.~~ The Department shall promulgate such rules as may be appropriate to implement the provisions of this Section.

i. To make a continuous study and investigation of (1) the operation and the administration of similar laws which may be in effect in other states or countries, (2) any literature on the subject which from time to time may be published or available, (3) any Federal laws which may affect the operation of the lottery, and (4) the reaction of Illinois citizens to existing and potential features of the lottery with a view to recommending or effecting changes that will tend to serve the purposes of this Act.

j. To report monthly to the State Treasurer and the Lottery Control Board a full and complete statement of lottery revenues, ~~prize disbursements~~ and other expenses for each ~~quarter month~~ and the amounts to be transferred to the Common School Fund pursuant to Section 7.2 or such other funds as are ~~otherwise~~ authorized by Section 21.2 of this Act, and to make an annual report, which shall include a full and complete statement of lottery or concession revenues, ~~prize disbursements~~ and other expenses, to

the Governor and the Board. All reports required by this subsection shall be public and copies of all such reports shall be sent to the Speaker of the House, the President of the Senate, and the minority leaders of both houses.

k. In the event that the State shall enter into a Management and Concession Agreement, it shall be the duty of the Superintendent, together with the Board, to supervise and administer the operations of the lottery in accordance with the provisions of this Act, the rules and regulations of the Board adopted hereunder, and the terms of the Management and Concession Agreement.

(20 ILCS 1605/10) (from Ch. 120, par. 1160)

Sec. 10. Licensing of agents to sell lottery tickets or shares. The Division, upon application therefor on forms prescribed by the Division, and upon a determination by the Division that the applicant meets all of the qualifications specified in this Act, shall issue a license as an agent to sell lottery tickets or shares. No license as an agent to sell lottery tickets or shares shall be issued to any person to engage in business exclusively as a lottery sales agent.

Before issuing such license the Superintendent shall consider (a) the financial responsibility and security of the person and his business or activity, (b) the accessibility of his place of business or activity to the public, (c) the sufficiency of existing licenses to serve the public convenience, (d) the volume of expected sales, and (e) such other factors as he or she may deem appropriate.

Until September 1, 1987, the provisions of Sections 2a, 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 6, 6a, 6b, 6c, 8, 9, 10, 12 and 13.5 of the Retailers' Occupation Tax Act which are not inconsistent with this Act shall apply to the subject matter of this Act to the same extent as if such provisions were included in this Act. For purposes of this Act, references in such incorporated Sections of the Retailers' Occupation Tax Act to retailers, sellers or persons engaged in the business of selling tangible personal property mean persons engaged in selling lottery tickets or shares; references in such incorporated Sections to sales of tangible personal property mean the selling of lottery tickets or shares; and references in such incorporated Sections to certificates of registration mean licenses issued under this Act. The provisions of the Retailers' Occupation Tax Act as heretofore applied to the subject matter of this Act shall not apply with respect to tickets sold by or delivered to lottery sales agents on and after September 1, 1987, but such provisions shall continue to apply with respect to transactions involving the sale and delivery of tickets prior to September 1, 1987.

All licenses issued by the Division under this Act shall be valid for a period not to exceed 2 years after issuance unless sooner revoked, canceled or suspended as in this Act provided. No license issued under this Act shall be transferable or assignable. Such license shall be conspicuously displayed in the place of business conducted by the licensee in Illinois where lottery tickets or shares are to be sold under such license.

For purposes of this Section, the term "person" shall be construed to mean and include an individual, association, partnership, corporation, club, trust, estate, society, company, joint stock company, receiver, trustee, referee, any other person acting in a fiduciary or representative capacity who is appointed by a court, or any combination of individuals. "Person" includes any department, commission, agency or instrumentality of the State, including any county, city, village, or township and any agency or instrumentality thereof.

If the State enters into a Management and Concession Agreement pursuant to which the State authorizes a Concessionaire to retain agents to distribute lottery tickets, the Division shall cease issuing licenses to agents to sell lottery tickets or shares during the term of the Management and Concession Agreement. In retaining such agents, the Concessionaire shall apply appropriate criteria in determining suitability of those agents, including without limitation, criteria establishing the ineligibility for a license as set forth in Section 10.1 of this Act. Further, the Concessionaire shall provide to the Department, not less than monthly, a list of all agents the Concessionaire has engaged to distribute lottery tickets or shares, which statement shall include a certification that all such agents comply with the eligibility standards set forth in this Act.

Sec. 10.1. Persons ineligible for licenses. The following are ineligible for any license under this Act:

- (a) any person who has been convicted of a felony;
- (b) any person who is or has been a professional gambler or gambling promoter, except when the person acted in such a capacity pursuant to and in compliance with all applicable law;
- (c) any person who has engaged in bookmaking or other forms of illegal gambling;
- (d) any person who is not of good character and reputation in the community in which he resides;
- (e) any person who has been found guilty of any fraud or misrepresentation in any connection;

(f) any firm or corporation in which a person defined in (a), (b), (c), (d) or (e) has a proprietary, equitable or credit interest of 5% or more.

(g) any organization in which a person defined in (a), (b), (c), (d) or (e) is an officer, director, or managing agent, whether compensated or not;

(h) any organization in which a person defined in (a), (b), (c), (d), or (e) is to participate in the management or sales of lottery tickets or shares.

However, with respect to persons defined in (a), the Department may grant any such person a license under this Act when:

1) at least 10 years have elapsed since the date when the sentence for the most recent such conviction was satisfactorily completed;

2) the applicant has no history of criminal activity subsequent to such conviction;

3) the applicant has complied with all conditions of probation, conditional discharge, supervision, parole or mandatory supervised release; and

4) the applicant presents at least 3 letters of recommendation from responsible citizens in his community who personally can attest that the character and attitude of the applicant indicate that he is unlikely to commit another crime.

The Division may revoke, without notice or a hearing, the license of any agent who violates this Act or any rule or regulation promulgated pursuant to this Act. If the State enters into a Management and Concession Agreement pursuant to which the State authorizes a Concessionaire to engage any sales agent, the Division shall retain the power to revoke any such agency pursuant to the provisions of this Act. However, if the Division does revoke a license without notice and an opportunity for a hearing, the Division shall, by appropriate notice, afford the person whose license has been revoked an opportunity for a hearing within 30 days after the revocation order has been issued. As a result of any such hearing, the Division may confirm its action in revoking the license, or it may order the restoration of such license.

In addition to other grounds specified in this Act, the Division shall refuse to issue and shall suspend the license of any lottery sales agency who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Department, until such time as the requirements of any such tax Act are satisfied, unless the agency is contesting, in accordance with the procedures established by the appropriate revenue Act, its liability for the tax or the amount of tax. If the State enters into a Management and Concession Agreement pursuant to which the State authorizes a Concessionaire to engage any sales agent, the Division may direct the Concessionaire to refrain from engaging or to suspend the engagement of any party acting or seeking to act as a sales agent. The Division shall affirmatively verify the tax status of every sales agency before issuing or renewing a license, except that, if the State enters into a Management and Concession Agreement pursuant to which the State authorizes a Concessionaire to engage any sales agent, the Division shall verify the tax status of each agent from the list of agents provided by the Concessionaire pursuant to Section 10 of this Act. For purposes of this Section, a sales agency shall not be considered delinquent in the payment of a tax if the agency (a) has entered into an agreement with the Department for the payment of all such taxes that are due and (b) is in compliance with the agreement.

Each lottery licensee granted on-line status pursuant to the Department's rules must pay a fee of \$10 per week as partial reimbursement for telecommunications charges incurred by the Department in providing access to the lottery's on-line gaming system. The Department, by rule, may increase or decrease the amount of these fees. Sales proceeds and unsold instant tickets shall be delivered to the Department or its authorized collection representative upon demand. Sales agents shall be personally liable for all proceeds which shall be kept separate and apart from all other funds and assets and shall not be commingled with any other funds or assets. If the State enters into a Management and Concession Agreement pursuant to which a Concessionaire is authorized to manage or operate the Lottery: (i) the Concessionaire may be the Department's authorized collection representative; and (ii) no such arrangement shall diminish the Department's rights pursuant to this Section. For purposes of this Section, "sales agent" includes any sales agent engaged by a Concessionaire pursuant to the terms of a Management and Concession Agreement.

The Director and the Superintendent shall be discharged of all further liability upon payment of a prize pursuant to this Section.

If the State enters into a Management and Concession Agreement pursuant to which a payor other than the State, or a department, division, agency, or other unit of the State shall have the obligation to pay a prize, except as otherwise provided in Section 13.1, neither a prize, nor any portion of a prize, nor any right of any person to a prize awarded shall be assignable. Any prize, or portion thereof remaining unpaid at the death of a prize winner, may be paid to the estate of that deceased prize winner, or to the trustee under a revocable living trust established by the deceased prize winner as settlor, provided that a copy of that trust has been delivered to the third party prize payor along with a notarized letter of direction from the settlor and no written notice of revocation has been received by the third party prize payor prior to the settlor's death. Following such a settlor's death and prior to any payment to such a successor trustee, the third party prize payor shall obtain from the trustee a written agreement to indemnify and hold the third party prize payor and the State harmless with respect to any claims that may be asserted against such third party prize payor or the State arising from the payment of the prize to

or through the trust. The Director and the Superintendent shall be discharged of all further liability upon payment of a prize pursuant to this Section and shall in no event be liable for any failure of a Concessionaire to pay any prize.

Sec. 21. Payments or deposits of moneys and income. All lottery sales agents or distributors shall be

[May 31, 2008]

liable to the Lottery for any and all tickets accepted or generated by any employee or representative of that agent or distributor, and such tickets shall be deemed to have been purchased by the agent or distributor unless returned to the Lottery or if the State enters into a Management and Concession Agreement pursuant to which a Concessionaire engages sales agents or distributors, to such Concessionaire as may be allowed according to the terms of the Management and Concession Agreement within the time and in the manner prescribed by the Superintendent. All moneys received by such agents or distributors from the sale of lottery tickets or shares, less the amount retained as compensation for the sale of the tickets or shares and the amount paid out as prizes, shall be paid over to a lottery representative or deposited in a bank or savings and loan association approved by the State Treasurer, as prescribed by the Superintendent or, if the State enters into a Management and Concession Agreement pursuant to which those moneys are to be held by a trustee, to that trustee and in accordance with such terms as may be set forth in the Management and Concession Agreement.

No bank or savings and loan association shall receive any public funds as permitted by this Section, unless it has complied with the requirements established pursuant to Section 6 of the Public Funds Investment Act.

Each payment or deposit shall be accompanied by a report of the agent's receipts and transactions in the sale of lottery tickets in such form and containing such information as the Superintendent, or if the State enters into a Management and Concession Agreement, as the Concessionaire may require. Any discrepancies in such receipts and transactions may be resolved as provided by the rules and regulations of the Department.

If any money due the Lottery by a sales agent or distributor is not paid when due or demanded, it shall immediately become delinquent and be billed on a subsequent monthly statement. If on the closing date for any monthly statement a delinquent amount previously billed of more than \$50 remains unpaid, interest in such amount shall be accrued at the rate of 2% per month or fraction thereof from the date when such delinquent amount becomes past due until such delinquent amount, including interest, penalty and other costs and charges that the Department may incur in collecting such amounts, is paid. In case any agent or distributor fails to pay any moneys due the Lottery within 30 days after a second bill or statement is rendered to the agent or distributor, such amount shall be deemed seriously delinquent and may be referred by the Department to a collection agency or credit bureau for collection. Any contract entered into by the Department for the collection of seriously delinquent accounts with a collection agency or credit bureau may be satisfied by a commercially reasonable percentage of the delinquent account recouped, which shall be negotiated by the Department in accordance with commercially accepted standards. Any costs incurred by the Department or others authorized to act in its behalf in collecting such delinquencies may be assessed against the agent or distributor and included as a part of the delinquent account.

In case of failure of an agent or distributor to pay a seriously delinquent amount, or any portion thereof to the State, including interest, penalty and costs, the Division may issue a Notice of Assessment. In determining amounts shown on the Notice of Assessment, the Division shall utilize the financial information available from its records. Such Notice of Assessment shall be prima facie correct and shall be prima facie evidence of delinquent sums due under this Section at any hearing before the Board, or its Hearing Officers, or at any other legal proceeding. Reproduced copies of the Division's records relating to a delinquent account or a Notice of Assessment offered in the name of the Department, under the Certificate of the Director or any officer or employee of the Department designated in writing by the Director shall, without further proof, be admitted into evidence in any such hearing or any legal proceeding and shall be prima facie proof of the delinquency, including principal and any interest, penalties and costs, as shown thereon. The Attorney General may bring suit on behalf of the Department to collect all such delinquent amounts, or any portion thereof, including interest, penalty and costs, due the Lottery.

Any person who accepts money that is due to the Department from the sale of lottery tickets or shares under this Act, but who wilfully fails to remit such payment to the Department when due or who purports to make such payment but wilfully fails to do so because such ~~his check or other remittance~~ fails to clear the financial institution ~~bank or savings and loan association~~ against which it is drawn, in addition to the amount due and in addition to any other penalty provided by law, shall be assessed, and shall pay, a penalty equal to 5% of the deficiency plus any costs or charges incurred by the Department in collecting such amount.

The Director may make such arrangements for any person(s), financial institution, banks, savings and loan associations or distributors, to perform such functions, activities or services in connection with the operation of the lottery as he deems advisable pursuant to this Act, the State Comptroller Act, or the rules and regulations of the Department, and such functions, activities or services shall constitute lawful

functions, activities and services of such person(s), banks, savings and loan associations or distributors.

All income arising out of any activity or purpose of the Division shall, pursuant to the State Finance Act, be paid into the State Treasury except as otherwise provided by the rules and regulations of the Department and shall be covered into a special fund to be known as the State Lottery Fund. Banks and savings and loan associations may be compensated for services rendered based upon the activity and amount of funds on deposit.

No action to enforce such personal liability shall be commenced unless a notice of the delinquent account has been sent to such corporate officer at the address shown on the Lottery records or otherwise known to Department officials, and no such action shall be commenced after the expiration of 3 years from the date of the Department's notice of delinquent account or the termination of any court proceedings with respect to the issue of the delinquency of a corporation.

Sec. 21.5. Superintendent Carolyn Adams Ticket For The Cure.

(a) The Department shall offer a special instant scratch-off game with the title of "Carolyn Adams Ticket For The Cure". The game shall commence on January 1, 2006 or as soon thereafter, in the discretion of the Director, as is reasonably practical, and shall be discontinued on December 31, 2011. The operation of the game shall be governed by this Act and any rules adopted by the Department. The Department must consult with the Ticket For The Cure Board, which is established under Section 2310-347 of the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois, regarding the design and promotion of the game. If any provision of this Section is inconsistent with any other provision of this Act, then this Section governs.

(b) The Ticket For The Cure Fund is created as a special fund in the State treasury. The net revenue from the Carolyn Adams Ticket For The Cure special instant scratch-off game shall be deposited into the Fund for appropriation by the General Assembly solely to the Department of Public Health for the purpose of making grants to public or private entities in Illinois for the purpose of funding research concerning breast cancer and for funding services for breast cancer victims. The Department must, before grants are awarded, provide copies of all grant applications to the Ticket For The Cure Board, receive and review the Board's recommendations and comments, and consult with the Board regarding the grants. For purposes of this Section, the term "research" includes, without limitation, expenditures to develop and advance the understanding, techniques, and modalities effective in the detection, prevention, screening, and treatment of breast cancer and may include clinical trials. The grant funds may not be used for institutional, organizational, or community-based overhead costs, indirect costs, or levies.

Moneys received for the purposes of this Section, including, without limitation, net revenue from the special instant scratch-off game and gifts, grants, and awards from any public or private entity, must be deposited into the Fund. Any interest earned on moneys in the Fund must be deposited into the Fund.

For purposes of this subsection, "net revenue" means the total amount for which tickets have been sold less the sum of the amount paid out in prizes and the actual administrative expenses of the Department solely related to the Carolyn Adams Ticket For The Cure game.

(c) During the time that tickets are sold for the Carolyn Adams Ticket For The Cure game, the Department shall not unreasonably diminish the efforts devoted to marketing any other instant scratch-off lottery game.

The operation of any such special cause games shall be governed by this Act and any rules necessary to implement and administer the provisions of this Section as adopted by the Department. For purposes of this Section, "net revenue" means the total amount for which tickets have been sold less the sum of the amount paid out in the prizes and the costs and expenses related to the game.

Sec. 27. Contracts; investments; proceeds; Deferred Lottery Prize Winners Trust Fund; disbursements; State Lottery Fund; Lottery Concession Fund; Lottery Escrow Account.

(a) The State Treasurer may, with the consent of the Director, contract with any person or corporation, including, without limitation, a bank, banking house, trust company or investment banking firm, to perform such financial functions, activities or services in connection with operation of the lottery as the State Treasurer and the Director may prescribe.

(b) All proceeds from investments made pursuant to contracts executed by the State Treasurer, with the consent of the Director, to perform financial functions, activities or services in connection with operation of the lottery, shall be deposited and held by the State Treasurer as ex-officio custodian thereof, separate and apart from all public money or funds of this State in a special trust fund outside the State treasury. Such trust fund shall be known as the "Deferred Lottery Prize Winners Trust Fund", and shall be administered by the Director.

The Director shall, at such times and in such amounts as shall be necessary, prepare and send to the State Comptroller vouchers requesting payment from the Deferred Lottery Prize Winners Trust Fund to deferred prize winners, in a manner that will insure the timely payment of such amounts owed.

This Act shall constitute an irrevocable appropriation of all amounts necessary for that purpose, and the irrevocable and continuing authority for and direction to the Director and the State Treasurer to make the necessary payments out of such trust fund for that purpose. In the event that the State shall enter into

a Management and Concession Agreement, this Section 27(b) shall not apply to any prizes awarded after the closing date of the Management and Concession Agreement.

(c) Moneys invested pursuant to subsection (a) of this Section may be invested only in bonds, notes, certificates of indebtedness, treasury bills, or other securities constituting direct obligations of the United States of America and all securities or obligations the prompt payment of principal and interest of which is guaranteed by a pledge of the full faith and credit of the United States of America. Interest earnings on moneys in the Deferred Lottery Prize Winners Trust Fund shall remain in such fund and be used to pay the winners of lottery prizes deferred as to payment until such obligations are discharged. Proceeds from bonds purchased and interest accumulated as a result of a grand prize multi-state game ticket that goes unclaimed will be transferred after the termination of the relevant claim period directly from the lottery's Deferred Lottery Prize Winners Trust Fund to each respective multi-state partner state according to its contribution ratio. All moneys invested pursuant to the terms of any Management and Concession Agreement into which the State may enter, shall be subject to the provisions of this subsection.

(c-5) If a deferred lottery prize is not claimed within the claim period established by game rule, then the securities or other instruments purchased to fund the prize shall be liquidated and the liquidated amount shall be transferred to the State Lottery Fund for disposition pursuant to Section 19 of this Act. In the event that the State shall enter into a Management and Concession Agreement, this Section 27(c-5) shall not apply to any prizes awarded after the closing date of the Management and Concession Agreement.

(c-10) The Director may use a portion of the moneys in the Deferred Lottery Prize Winners Trust Fund to purchase bonds to pay a lifetime prize if the prize duration exceeds the length of available securities. If the winner of a lifetime prize exceeds his or her life expectancy as determined using actuarial assumptions and the securities or moneys set aside to pay the prize have been exhausted, moneys in the State Lottery Fund shall be used to make payments to the winner for the duration of the winner's life. In the event that the State shall enter into a Management and Concession Agreement, this Section 27(c-10) shall not apply to any prizes awarded after the closing date of the Management and Concession Agreement.

(c-15) From time to time, the Director may request that the State Comptroller transfer any excess moneys in the Deferred Lottery Prize Winners Trust Fund to the Lottery Fund. In the event that the State shall enter into a Management and Concession Agreement, this Section 27(c-15) shall not apply to any prizes awarded after the closing date of the Management and Concession Agreement.

(c-20) In the event that the State shall enter into a Management and Concession Agreement pursuant to which a Concessionaire is authorized to manage or operate the Lottery, there shall be created a fund to be known as the Lottery Concession Trust Fund, which shall be a special non-appropriated trust fund held outside of the State Treasury and separate and apart from all public money and funds of this State for the purpose of holding Concession revenues. All proceeds from the sale of Lottery tickets or shares and all other revenue from the State's conduct of the Lottery as authorized under this amendatory Act of the 95th General Assembly, including Lottery revenues a Concessionaire may be eligible to receive under a Management and Concession Agreement, with the exception of the initial consideration distributed pursuant to Section 2.2, shall be paid into the Fund. Within the Lottery Concession Trust Fund, there shall be created sub-trusts for the purpose of holding moneys for the exclusive benefit of the State and recipients of Prize Claims.

The Fund shall begin to receive lottery proceeds and revenues on the date that a Management and Concession Agreement first becomes effective, and moneys in the Fund shall not at any time during the term of such an agreement be appropriated or diverted to any other use or purpose. The Fund shall be held by an Illinois trustee designated pursuant to the Concession and Management Agreement. All interest or other earnings accruing or received on amounts in the Fund shall be credited to and retained by the Fund. The Fund shall be held, administered, invested, and disbursed in accordance with the trust agreement and the Management and Concession Agreement.

(c-25) The State may, through and limited by a valid and enforceable Management and Concession Agreement, waive sovereign immunity with respect to some or all claims asserted by a Concessionaire relating to the Concession.

(d) This amendatory Act of 1985 shall be construed liberally to effect the purposes of the Illinois Lottery Law.

The Authority is authorized to include this pledge and agreement in any contract with the owners of bonds issued under this Section.

Section 1-95. Tax exemption. The Authority and all of its operations and property used for public purposes shall be exempt from all taxation of any kind imposed by the State of Illinois or any political subdivision, school district, municipal corporation, or unit of local government of the State of Illinois. This prohibition shall extend to the holding or acquisition of an interest in any entity identified by State Board action or Gaming Board action that, in the judgment of the either entity, could represent the potential for or the appearance of a conflict of interest. The holding or acquisition of an interest in such entities through an indirect means, such as through a mutual fund, shall not be prohibited, except that the Gaming Board may identify specific investments or funds that, in its judgment, are so influenced by gaming holdings as to represent the potential for or the appearance of a conflict of interest.

(j) A spouse, child, or parent of a State Board member or employee of the State Authority may not accept any gift, gratuity, service, compensation, travel, lodging, or thing of value, with the exception of unsolicited items of an incidental nature, from any person, corporation, or entity doing business with the State Authority.

(a) The State Board shall develop and administer a competitive sealed bidding process for the selection of a potential State casino operator licensee to develop or operate a casino within the State. The State Board shall issue one or more requests for proposals. The State Board may establish minimum financial and investment requirements to determine the eligibility of persons to respond to the State Board's requests for proposal, and may establish and consider such other criteria as it deems appropriate. The State Board may impose a fee upon persons who respond to requests for proposal, in order to reimburse the State Board for its costs in preparing and issuing the requests and reviewing the proposals.

(b) Within 5 days after the time limit for submitting bids and proposals has passed, the State Board shall make all bids and proposals public. Thereafter, the State Board shall evaluate the responses to its requests for proposal and the ability of all persons or entities responding to its request for proposal to meet the requirements of this Act and to undertake and perform the obligations set forth in its requests

for proposal.

(c) After reviewing proposals and subject to Gaming Board approval, the State Board shall enter into a casino management contract authorizing the development, construction, or operation of a casino. If the Gaming Board approves the contract and grants a State casino operator license, the State Board shall transmit a copy of the executed casino management contract to the Gaming Board.

(d) After the State Authority has been issued a casino license, the Gaming Board has issued a State casino operator license, and the Gaming Board has approved the location of a temporary facility, the State Authority may conduct gaming operations at a temporary facility for no longer than 12 months after gaming operations begin. The Gaming Board may, after holding a public hearing, grant an extension so long as a permanent facility is not operational and the State Authority is working in good faith to complete the permanent facility. The Gaming Board may grant additional extensions following a public hearing. Each extension may be for a period of no longer than 6 months.

(e) All amounts received as an upfront fee by the State Authority pursuant to a bid for a casino management contract or an executed State casino management contract must be deposited into the Illinois Works Fund pursuant to Section 7.11a of the Illinois Gambling Act.

The State Authority also shall submit to the Auditor General its projections on revenues to be generated and pledged to repayment of the bonds as scheduled and such other information as the Auditor General may reasonably request.

The Auditor General shall submit the report no later than 60 days after receiving the information required to be submitted by the State Authority.

The State Authority shall not issue bonds until it receives the report from the Auditor General indicating the requirements of this Section have been met. The Auditor General's report shall not be in the nature of a post-audit or examination and shall not lead to the issuance of an opinion, as that term is defined in generally accepted government auditing standards. The Auditor General shall submit a bill to the State Authority for costs associated with the examinations and report required under this Section. The State Authority shall reimburse in a timely manner.

For the purposes of this Section, the terms "female" and "minority person" have the meanings provided in Section 2 of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act.

Section 5-65. Acquisition of property; eminent domain proceedings. For the lawful purposes of this Act, the State Authority may acquire by eminent domain or by condemnation proceedings in the manner provided by the Eminent Domain Act, real or personal property or interests in real or personal property located in the State. Outreach shall include, but is not limited to, advertisements in periodicals and newspapers, mailings, and other appropriate media. The State Authority shall submit to the General Assembly a comprehensive report that shall include, at a minimum, the details of the procurement plan, outreach efforts, and the results of the efforts to achieve goals for the payment of fees.

Section 5-95. Tax exemption. The State Authority and all of its operations and property used for public purposes shall be exempt from all taxation of any kind imposed by the State of Illinois or any political subdivision, school district, municipal corporation, or unit of local government of the State of Illinois. (a) Six Five independent Offices of the Executive Inspector General are created, one each for the Governor, the Attorney General, the Secretary of State, the Comptroller, and the Treasurer and one for gaming activities. Each Office shall be under the direction and supervision of an Executive Inspector General and shall be a fully independent office with separate appropriations.

(b) The Governor, Attorney General, Secretary of State, Comptroller, and Treasurer shall each appoint an Executive Inspector General, and the Director of Gaming Enforcement shall appoint an Executive Inspector General for gaming activities. Each appointment must be made without regard to political affiliation and solely on the basis of integrity and demonstrated ability. Appointments shall be made by and with the advice and consent of the Senate by three-fifths of the elected members concurring by record vote. Any nomination not acted upon by the Senate within 60 session days of the receipt thereof shall be deemed to have received the advice and consent of the Senate. If, during a recess of the Senate, there is a vacancy in an office of Executive Inspector General, the appointing authority shall make a temporary appointment until the next meeting of the Senate when the appointing authority shall make a nomination to fill that office. No person rejected for an office of Executive Inspector General shall, except by the Senate's request, be nominated again for that office at the same session of the Senate or be appointed to that office during a recess of that Senate.

Nothing in this Article precludes the appointment by the Governor, Attorney General, Secretary of State, Comptroller, or Treasurer of any other inspector general required or permitted by law. The Governor, Attorney General, Secretary of State, Comptroller, and Treasurer each may appoint an existing inspector general as the Executive Inspector General required by this Article, provided that such an inspector general is not prohibited by law, rule, jurisdiction, qualification, or interest from serving as the Executive Inspector General required by this Article. An appointing authority may not appoint a relative as an Executive Inspector General.

Each Executive Inspector General shall have the following qualifications:

The term of each initial Executive Inspector General shall commence upon qualification and shall run through June 30, 2008. The initial appointments shall be made within 60 days after the effective date of this Act.

After the initial term, each Executive Inspector General shall serve for 5-year terms commencing on July 1 of the year of appointment and running through June 30 of the fifth following year. An Executive Inspector General may be reappointed to one or more subsequent terms.

A vacancy occurring other than at the end of a term shall be filled by the appointing authority only for

The Executive Inspector General for gaming activities appointed by the Director of Gaming Enforcement has jurisdiction over the Illinois Gaming Board, Illinois Racing Board, the Office of Gaming Enforcement, the Illinois Casino Development Authority, and all officers and employees of those agencies.

The jurisdiction of each Executive Inspector General is to investigate allegations of fraud, waste, abuse, mismanagement, misconduct, nonfeasance, misfeasance, malfeasance, or violations of this Act or violations of other related laws and rules.

(d) The minimum compensation for each Executive Inspector General shall be determined by the Executive Ethics Commission. The actual compensation for each Executive Inspector General shall be determined by the appointing ~~executive branch constitutional~~ officer and must be at or above the minimum compensation level set by the Executive Ethics Commission. Subject to Section 20-45 of this Act, each Executive Inspector General has full authority to organize his or her Office of the Executive Inspector General, including the employment and determination of the compensation of staff, such as deputies, assistants, and other employees, as appropriations permit. A separate appropriation shall be made for each Office of Executive Inspector General.

(e) No Executive Inspector General or employee of the Office of the Executive Inspector General may, during his or her term of appointment or employment:

2. His residence address and the address of his principal place of business and the address of the principal place of business (if that is a different address) from which he engages in the business of selling tangible personal property at retail in this State;
3. Total amount of receipts received by him during the preceding calendar month or quarter, as the case may be, from sales of tangible personal property, and from services furnished, by him during such preceding calendar month or quarter;
4. Total amount received by him during the preceding calendar month or quarter on charge and time sales of tangible personal property, and from services furnished, by him prior to the month or quarter for which the return is filed;

7. The amount of credit provided in Section 2d of this Act;

9. The signature of the taxpayer; and
10. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Each return shall be accompanied by the statement of prepaid tax issued pursuant to Section 2e for which credit is claimed.

Prior to October 1, 2003, and on and after September 1, 2004 a retailer may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Use Tax as provided in Section 3-85 of the Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-85 of the Use Tax Act. A Manufacturer's Purchase Credit certification, accepted by a retailer prior to October 1, 2003 and on and after September 1, 2004 as provided in Section 3-85 of the Use Tax Act, may be used by that retailer to satisfy Retailers' Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase

[May 31, 2008]

Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchaser Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due; and
6. Such other reasonable information as the Department may require.

Beginning on October 1, 2003, any person who is not a licensed distributor, importing distributor, or manufacturer, as defined in the Liquor Control Act of 1934, but is engaged in the business of selling, at retail, alcoholic liquor shall file a statement with the Department of Revenue, in a format and at a time prescribed by the Department, showing the total amount paid for alcoholic liquor purchased during the preceding month and such other information as is reasonably required by the Department. The Department may adopt rules to require that this statement be filed in an electronic or telephonic format. Such rules may provide for exceptions from the filing requirements of this paragraph. For the purposes of this paragraph, the term "alcoholic liquor" shall have the meaning prescribed in the Liquor Control Act of 1934.

Beginning on October 1, 2003, every distributor, importing distributor, and manufacturer of alcoholic liquor as defined in the Liquor Control Act of 1934, shall file a statement with the Department of Revenue, no later than the 10th day of the month for the preceding month during which transactions occurred, by electronic means, showing the total amount of gross receipts from the sale of alcoholic liquor sold or distributed during the preceding month to purchasers; identifying the purchaser to whom it was sold or distributed; the purchaser's tax registration number; and such other information reasonably required by the Department. A distributor, importing distributor, or manufacturer of alcoholic liquor must personally deliver, mail, or provide by electronic means to each retailer listed on the monthly statement a report containing a cumulative total of that distributor's, importing distributor's, or manufacturer's total sales of alcoholic liquor to that retailer no later than the 10th day of the month for the preceding month during which the transaction occurred. The distributor, importing distributor, or manufacturer shall notify the retailer as to the method by which the distributor, importing distributor, or manufacturer will provide the sales information. If the retailer is unable to receive the sales information by electronic means, the distributor, importing distributor, or manufacturer shall furnish the sales information by personal delivery or by mail. For purposes of this paragraph, the term "electronic means" includes, but is not limited to, the use of a secure Internet website, e-mail, or facsimile.

If a total amount of less than \$1 is payable, refundable or creditable, such amount shall be disregarded if it is less than 50 cents and shall be increased to \$1 if it is 50 cents or more.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of \$100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of \$50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of \$200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required

by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed \$200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed \$50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of The Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of

traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of The Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1%

prior to January 1, 1990 and 1.75% on and after January 1, 1990, or \$5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was \$10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was \$20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of \$10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than \$10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the \$10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of \$20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than \$20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the \$20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such

[May 31, 2008]

taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of \$25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to the effective date of this amendatory Act of 1985, each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is \$25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of \$20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than \$20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and

that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund, a special fund in the State treasury which is hereby created, 4% of the net revenue realized for the preceding month from the 6.25% general rate.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to this Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as hereinafter defined), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; the "Annual Specified Amount" means the amounts specified below for fiscal years 1986 through 1993:

Fiscal Year	Annual Specified Amount
1986	\$54,800,000
1987	\$76,650,000
1988	\$80,480,000
1989	\$88,510,000
1990	\$115,330,000
1991	\$145,470,000
1992	\$182,730,000
1993	\$206,520,000;

and means the Certified Annual Debt Service Requirement (as defined in Section 13 of the Build Illinois Bond Act) or the Tax Act Amount, whichever is greater, for fiscal year 1994 and each fiscal year thereafter; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year. The amounts payable into the Build Illinois Fund under clause (b) of the first sentence in this paragraph shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and

all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the first sentence of this paragraph and shall reduce the amount otherwise payable for such fiscal year pursuant to that clause (b). The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

[May 31, 2008]

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Of the remainder of the moneys received by the Department pursuant to this Act, 25% of the moneys from the tax on motor fuel, as estimated by the Department, shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act and 75% of the moneys from the tax on motor fuel, as estimated by the Department, shall, beginning on July 1, 2008, be paid into (i) the Illinois Works Fund until \$100,000,000 is paid into the Illinois Works Fund during the State fiscal year and (ii) the General Revenue Fund thereafter.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a

retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Any person who promotes, organizes, provides retail selling space for concessionaires or other types of sellers at the Illinois State Fair, DuQuoin State Fair, county fairs, local fairs, art shows, flea markets and similar exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987, is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the permanent address and Illinois Retailers Occupation Tax Registration Number of the merchant, the dates and location of the event and other reasonable information that the Department may require. The report must be filed not later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed \$250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art shows, flea markets and similar exhibitions or events, or any transient merchants, as defined by Section 2 of the Transient Merchant Act of 1987, may be required to make a daily report of the amount of such sales to the Department and to make a daily payment of the full amount of tax due. The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. The Department shall notify concessionaires and other sellers affected by the imposition of this requirement. In the absence of notification by the Department, the concessionaires and other sellers shall file their returns as otherwise required in this Section.

(i) The total amount of eligible creditable service established by any person under subsections (g), (h), (j), (k), and (l) of this Section shall not exceed 12 years.

(j) Subject to the limitation in subsection (i), an investigator for the Office of the State's Attorneys Appellate Prosecutor or a controlled substance inspector may elect to establish eligible creditable service for up to 10 years of his service as a policeman under Article 3 or a sheriff's law enforcement employee under Article 7, by filing a written election with the Board, accompanied by payment of an amount to be determined by the Board, equal to (1) the difference between the amount of employee and employer contributions transferred to the System under Section 3-110.6 or 7-139.8, and the amounts that would have been contributed had such contributions been made at the rates applicable to State policemen, plus (2) interest thereon at the effective rate for each year, compounded annually, from the date of service to the date of payment.

(k) Subject to the limitation in subsection (i) of this Section, an alternative formula employee may elect to establish eligible creditable service for periods spent as a full-time law enforcement officer or full-time corrections officer employed by the federal government or by a state or local government located outside of Illinois, for which credit is not held in any other public employee pension fund or retirement system. To obtain this credit, the applicant must file a written application with the Board by March 31, 1998, accompanied by evidence of eligibility acceptable to the Board and payment of an amount to be determined by the Board, equal to (1) employee contributions for the credit being established, based upon the applicant's salary on the first day as an alternative formula employee after the employment for which credit is being established and the rates then applicable to alternative formula employees, plus (2) an amount determined by the Board to be the employer's normal cost of the benefits accrued for the credit being established, plus (3) regular interest on the amounts in items (1) and (2) from the first day as an alternative formula employee after the employment for which credit is being established to the date of payment.

(l) Subject to the limitation in subsection (i), a security employee of the Department of Corrections may elect, not later than July 1, 1998, to establish eligible creditable service for up to 10 years of his or her service as a policeman under Article 3, by filing a written election with the Board, accompanied by payment of an amount to be determined by the Board, equal to (i) the difference between the amount of employee and employer contributions transferred to the System under Section 3-110.5, and the amounts that would have been contributed had such contributions been made at the rates applicable to security employees of the Department of Corrections, plus (ii) interest thereon at the effective rate for each year, compounded annually, from the date of service to the date of payment.

(m) The amendatory changes to this Section made by this amendatory Act of the 94th General Assembly apply only to: (1) security employees of the Department of Juvenile Justice employed by the Department of Corrections before the effective date of this amendatory Act of the 94th General Assembly and transferred to the Department of Juvenile Justice by this amendatory Act of the 94th General Assembly; and (2) persons employed by the Department of Juvenile Justice on or after the effective date of this amendatory Act of the 94th General Assembly who are required by subsection (b) of Section 3-2.5-15 of the Unified Code of Corrections to have a bachelor's or advanced degree from an accredited college or university with a specialization in criminal justice, education, psychology, social work, or a closely related social science or, in the case of persons who provide vocational training, who are required to have adequate knowledge in the skill for which they are providing the vocational training. (40 ILCS 5/14-111) (from Ch. 108 1/2, par. 14-111)

Sec. 14-111. Re-entry After retirement.

(a) An annuitant who re-enters the service of a department and receives compensation on a regular payroll shall receive no payments of the retirement annuity during the time he is so employed, with the following exceptions:

(1) An annuitant who is employed by a department while he or she is a continuing participant in the General Assembly Retirement System under Sections 2-117.1 and 14-105.4 will not be considered to have made a re-entry after retirement within the meaning of this Section for the duration of such continuing participation. Any person who is a continuing participant under Sections 2-117.1 and 14-105.4 on the effective date of this amendatory Act of 1991 and whose retirement annuity has been suspended under this Section shall be entitled to receive from the System a sum equal to the annuity payments that have been withheld under this Section, and shall receive the benefit of this amendment without regard to Section 1-103.1.

(2) An annuitant who accepts temporary employment from such a department for a period

not exceeding 75 working days in any calendar year is not considered to make a re-entry after retirement within the meaning of this Section. Any part of a day on temporary employment is considered a full day of employment.

(3) An annuitant who accepts employment as a member of the Illinois Gaming Board or as the Director of Gaming Enforcement may elect to not participate in this System with respect to that service. An annuitant who elects to not participate in this System with respect to that service is not considered to make a re-entry after retirement within the meaning of this Section.

(b) If such person re-enters the service of a department, not as a temporary employee, contributions to the system shall begin as of the date of re-employment and additional creditable service shall begin to accrue. He shall assume the status of a member entitled to all rights and privileges in the system, including death and disability benefits, excluding a refund of contributions.

Upon subsequent retirement, his retirement annuity shall consist of:

(1) the amounts of the annuities terminated by re-entry into service; and

(2) the amount of the additional retirement annuity earned by the member during the

period of additional membership service which shall not be subject to reversionary annuity if any.

The total retirement annuity shall not, however, exceed the maximum applicable to the member at the time of original retirement. In the computation of any such retirement annuity, the time that the member was on retirement shall not interrupt the continuity of service for the computation of final average compensation and the additional membership service shall be considered, together with service rendered before the previous retirement, in establishing final average compensation.

A person who re-enters the service of a department within 3 years after retiring may qualify to have the retirement annuity computed as though the member had not previously retired by paying to the System, within 5 years after re-entry and prior to subsequent retirement, in a lump sum or in installment payments in accordance with such rules as may be adopted by the Board, an amount equal to all retirement payments received, including any payments received in accordance with subsection (c) or (d) of Section 14-130, plus regular interest from the date retirement payments were suspended to the date of repayment.

(40 ILCS 5/14-152.1)

Sec. 14-152.1. Application and expiration of new benefit increases.

(a) As used in this Section, "new benefit increase" means an increase in the amount of any benefit provided under this Article, or an expansion of the conditions of eligibility for any benefit under this Article, that results from an amendment to this Code that takes effect after June 1, 2005 (the effective date of Public Act 94-4) this amendatory Act of the 94th General Assembly. "New benefit increase", however, does not include any benefit increase resulting from the changes made to this Article by this amendatory Act of the 95th General Assembly.

(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.

(c) The Public Act enacting a new benefit increase must identify and provide for payment to the System of additional funding at least sufficient to fund the resulting annual increase in cost to the System as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection. The Commission on Government Forecasting and Accountability shall analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Financial and Professional Regulation. A new benefit increase created by a Public Act that does not include the additional funding required under this subsection is null and void. If the Public Pension Division determines that the additional funding provided for a new benefit increase under this subsection is or has become inadequate, it may so certify to the Governor and the State Comptroller and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.

(d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and

alternate payees of such persons, but does not apply to any other person, including without limitation a person who continues in service after the expiration date and did not apply and qualify for the affected benefit while the new benefit increase was in effect.

(40 ILCS 5/18-127) (from Ch. 108 1/2, par. 18-127)

Sec. 18-127. Retirement annuity - suspension on reemployment.

(a) A participant receiving a retirement annuity who is regularly employed for compensation by an employer other than a county, in any capacity, shall have his or her retirement annuity payments suspended during such employment. Upon termination of such employment, retirement annuity payments at the previous rate shall be resumed.

If such a participant resumes service as a judge, he or she shall receive credit for any additional service. Upon subsequent retirement, his or her retirement annuity shall be the amount previously granted, plus the amount earned by the additional judicial service under the provisions in effect during the period of such additional service. However, if the participant was receiving the maximum rate of annuity at the time of re-employment, he or she may elect, in a written direction filed with the board, not to receive any additional service credit during the period of re-employment. In such case, contributions shall not be required during the period of re-employment. Any such election shall be irrevocable.

(b) Beginning January 1, 1991, any participant receiving a retirement annuity who accepts temporary employment from an employer other than a county for a period not exceeding 75 working days in any calendar year shall not be deemed to be regularly employed for compensation or to have resumed service as a judge for the purposes of this Article. A day shall be considered a working day if the annuitant performs on it any of his duties under the temporary employment agreement.

(c) Except as provided in subsection (a), beginning January 1, 1993, retirement annuities shall not be subject to suspension upon resumption of employment for an employer, and any retirement annuity that is then so suspended shall be reinstated on that date.

(d) The changes made in this Section by this amendatory Act of 1993 shall apply to judges no longer in service on its effective date, as well as to judges serving on or after that date.

(e) A participant receiving a retirement annuity under this Article who (i) serves as a part-time employee in any of the following positions: Legislative Inspector General, Special Legislative Inspector General, employee of the Office of the Legislative Inspector General, Executive Director of the Legislative Ethics Commission, or staff of the Legislative Ethics Commission or (ii) serves on the Illinois Gaming Board or as the Director of Gaming Enforcement, but has not elected to participate in the Article 14 System with respect to that service, shall not be deemed to be regularly employed for compensation by an employer other than a county, nor to have resumed service as a judge, on the basis of that service, and the retirement annuity payments and other benefits of that person under this Code shall not be suspended, diminished, or otherwise impaired solely as a consequence of that service. This subsection (e) applies without regard to whether the person is in service as a judge under this Article on or after the effective date of this amendatory Act of the 93rd General Assembly. In this subsection, a "part-time employee" is a person who is not required to work at least 35 hours per week. The changes made to this subsection (e) by this amendatory Act of the 95th General Assembly apply without regard to whether the person is in service as a judge under this Article on or after the effective date of this amendatory Act of the 95th General Assembly.

(f) A participant receiving a retirement annuity under this Article who has made an election under Section 1-123 and who is serving either as legal counsel in the Office of the Governor or as Chief Deputy Attorney General shall not be deemed to be regularly employed for compensation by an employer other than a county, nor to have resumed service as a judge, on the basis of that service, and the retirement annuity payments and other benefits of that person under this Code shall not be suspended, diminished, or otherwise impaired solely as a consequence of that service. This subsection (f) applies without regard to whether the person is in service as a judge under this Article on or after the effective date of this amendatory Act of the 93rd General Assembly.

"New benefit increase", however, does not include any benefit increase resulting from the changes made to this Article by this amendatory Act of the 95th General Assembly.

(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.

(c) The Public Act enacting a new benefit increase must identify and provide for payment to the System of additional funding at least sufficient to fund the resulting annual increase in cost to the System as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection. The Commission on Government Forecasting and Accountability shall analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Financial and Professional Regulation. (d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and alternate payees of such persons, but does not apply to any other person, including without limitation a person who continues in service after the expiration date and did not apply and qualify for the affected benefit while the new benefit increase was in effect.

Within 120 days of the end of its fiscal year, each licensee shall transmit to the Board an audit of the financial transactions and condition of the licensee's total operations. All audits shall be conducted by certified public accountants. Each certified public accountant must be registered in the State of Illinois under the Illinois Public Accounting Act. The compensation for each certified public accountant shall be paid directly by the licensee to the certified public accountant. A licensee shall also submit any other financial or related information the Board deems necessary to effectively administer this Act and all rules, regulations, and final decisions promulgated under this Act.

All of those named and appointed as provided in this subsection shall serve during the pleasure of the Board; their compensation shall be determined by the Board and be paid in the same manner as other employees of the Board under this Act.

(i) The Board shall require that there shall be 3 stewards at each horse race meeting, at least 2 of whom shall be named and appointed by the Board. (m) The Board is vested with the power to prescribe a form to be used by licensees as an application for employment for employees of each licensee.

(n) The Board shall have the power to issue a license to any county fair, or its agent, authorizing the conduct of the pari-mutuel system of wagering. The Board is vested with the full power to promulgate reasonable rules, regulations and conditions under which all horse race meetings licensed pursuant to this subsection shall be held and conducted, including rules, regulations and conditions for the conduct of the pari-mutuel system of wagering. The rules, regulations and conditions shall provide for the prevention of practices detrimental to the public interest and for the best interests of horse racing, and shall prescribe penalties for violations thereof. Any authority granted the Board under this Act shall extend to its jurisdiction and supervision over county fairs, or their agents, licensed pursuant to this subsection. However, the Board may waive any provision of this Act or its rules or regulations which would otherwise apply to such county fairs or their agents.

(230 ILCS 5/20) (from Ch. 8, par. 37-20)

Sec. 20. (a) Any person desiring to conduct a horse race meeting may apply to the Board for an

organization license. The application shall be made on a form prescribed and furnished by the Board. The application shall specify:

- (4) any other information the Board may reasonably require.

(b) A separate application for an organization license shall be filed for each horse race meeting which such person proposes to hold. Any such application, if made by an individual, or by any individual as trustee, shall be signed and verified under oath by such individual. If made by individuals or a partnership, it shall be signed and verified under oath by at least 2 of such individuals or members of such partnership as the case may be. If made by an association, corporation, corporate trustee or any other entity, it shall be signed by the president and attested by the secretary or assistant secretary under the seal of such association, trust or corporation if it has a seal, and shall also be verified under oath by one of the signing officers.

(c) The application shall specify the name of the persons, association, trust, or corporation making such application and the post office address of the applicant; if the applicant is a trustee, the names and addresses of the beneficiaries; if a corporation, the names and post office addresses of all officers, stockholders and directors; or if such stockholders hold stock as a nominee or fiduciary, the names and post office addresses of these persons, partnerships, corporations, or trusts who are the beneficial owners thereof or who are beneficially interested therein; and if a partnership, the names and post office addresses of all partners, general or limited; if the applicant is a corporation, the name of the state of its incorporation shall be specified.

(d) The applicant shall execute and file with the Board a good faith affirmative action plan to recruit, train, and upgrade minorities in all classifications within the association.

(e) With such application there shall be delivered to the Board a certified check or bank draft payable to the order of the Board for an amount equal to \$1,000. All applications for the issuance of an organization license shall be filed with the Board before August 1 of the year prior to the year for which application is made and shall be acted upon by the Board at a meeting to be held on such date as shall be fixed by the Board during the last 15 days of September of such prior year. At such meeting, the Board shall announce the award of the racing meets, live racing schedule, and designation of host track to the applicants and its approval or disapproval of each application. No announcement shall be considered binding until a formal order is executed by the Board, which shall be executed no later than October 15 of that prior year. Absent the agreement of the affected organization licensees, the Board shall not grant overlapping race meetings to 2 or more tracks that are within 100 miles of each other to conduct the thoroughbred racing.

(e-1) In awarding racing dates for calendar year 2008 and thereafter, the Board shall award at least 625 racing days. In awarding racing dates under this subsection (e-1), the Board shall have the discretion to allocate those racing dates among organization licensees. Of the total racing days awarded, the Board must reserve an amount of racing days to standardbred races in an amount equal to 90% of the amount of days awarded to standardbred races in calendar year 2007. Each racing day awarded for standardbred races must be comprised of at least 12 races, with not less than 8 horses competing per race.

(e-2) In each county in which an organization licensee is located, the Board shall award a minimum total of 25 standardbred racing dates to one or more organization licensees.

(e-3) The Board may waive the requirements of subsection (e-1) only if a lesser schedule of live racing is appropriate because of (A) weather or unsafe track conditions due to acts of God; (B) an agreement between the organization licensee and the associations representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting; or (C) a finding by the Board of extraordinary circumstances and that it was in the best interest of the public and the sport to conduct fewer days of live racing.

(e-4) For each calendar year after 2007 in which an electronic gaming licensee requests a number of racing days under its organization license that is less than 90% of the number of days of live racing it was awarded in 2007, the electronic gaming licensee may not conduct electronic gaming.

(e-5) In reviewing an application for the purpose of granting an organization license consistent with the best interests of the public and the sport of horse racing, the Board shall consider:

- (1) the character, reputation, experience, and financial integrity of the applicant and of any other separate person that either:

In granting organization licenses and allocating dates for horse race meetings, the Board shall have discretion to determine an overall schedule, including required simulcasts of Illinois races by host tracks that will, in its judgment, be conducive to the best interests of the public and the sport of horse racing.

(e-10) The Illinois Administrative Procedure Act shall apply to administrative procedures of the Board under this Act for the granting of an organization license, except that (1) notwithstanding the provisions of subsection (b) of Section 10-40 of the Illinois Administrative Procedure Act regarding cross-examination, the Board may prescribe rules limiting the right of an applicant or participant in any proceeding to award an organization license to conduct cross-examination of witnesses at that proceeding where that cross-examination would unduly obstruct the timely award of an organization license under subsection (e) of Section 20 of this Act; (2) the provisions of Section 10-45 of the Illinois Administrative Procedure Act regarding proposals for decision are excluded under this Act; (3) notwithstanding the provisions of subsection (a) of Section 10-60 of the Illinois Administrative Procedure Act regarding ex parte communications, the Board may prescribe rules allowing ex parte communications with applicants or participants in a proceeding to award an organization license where conducting those communications would be in the best interest of racing, provided all those communications are made part of the record of that proceeding pursuant to subsection (c) of Section 10-60 of the Illinois Administrative Procedure Act; (4) the provisions of Section 14a of this Act and the rules of the Board promulgated under that Section shall apply instead of the provisions of Article 10 of the Illinois Administrative Procedure Act regarding administrative law judges; and (5) the provisions of subsection (d) of Section 10-65 of the Illinois Administrative Procedure Act that prevent summary suspension of a license pending revocation or other action shall not apply.

(f) The Board may allot racing dates to an organization licensee for more than one calendar year but for no more than 3 successive calendar years in advance, provided that the Board shall review such allotment for more than one calendar year prior to each year for which such allotment has been made. The granting of an organization license to a person constitutes a privilege to conduct a horse race meeting under the provisions of this Act, and no person granted an organization license shall be deemed to have a vested interest, property right, or future expectation to receive an organization license in any subsequent year as a result of the granting of an organization license. Organization licenses shall be subject to revocation if the organization licensee has violated any provision of this Act or the rules and regulations promulgated under this Act or has been convicted of a crime or has failed to disclose or has stated falsely any information called for in the application for an organization license. Any organization license revocation proceeding shall be in accordance with Section 16 regarding suspension and revocation of occupation licenses.

(f-5) If, (i) an applicant does not file an acceptance of the racing dates awarded by the Board as required under part (1) of subsection (h) of this Section 20, or (ii) an organization licensee has its license suspended or revoked under this Act, the Board, upon conducting an emergency hearing as provided for in this Act, may reaward on an emergency basis pursuant to rules established by the Board, racing dates not accepted or the racing dates associated with any suspension or revocation period to one or more organization licensees, new applicants, or any combination thereof, upon terms and conditions that the Board determines are in the best interest of racing, provided, the organization licensees or new applicants receiving the awarded racing dates file an acceptance of those reawarded racing dates as required under paragraph (1) of subsection (h) of this Section 20 and comply with the other provisions of this Act. The Illinois Administrative Procedures Act shall not apply to the administrative procedures of the Board in conducting the emergency hearing and the reallocation of racing dates on an emergency

basis.

(g) (Blank).

(h) The Board shall send the applicant a copy of its formally executed order by certified mail addressed to the applicant at the address stated in his application, which notice shall be mailed within 5 days of the date the formal order is executed.

Each applicant notified shall, within 10 days after receipt of the final executed order of the Board awarding racing dates:

- (1) file with the Board an acceptance of such award in the form prescribed by the Board;
 - (2) pay to the Board an additional amount equal to \$110 for each racing date awarded;
- and

- (3) file with the Board the bonds required in Sections 21 and 25 at least 20 days prior to the first day of each race meeting.

Upon compliance with the provisions of paragraphs (1), (2), and (3) of this subsection (h), the applicant shall be issued an organization license.

If any applicant fails to comply with this Section or fails to pay the organization license fees herein provided, no organization license shall be issued to such applicant.

(a) The Board shall annually determine the annual cost of maintaining control and regulatory activities contemplated by this Act for each individual licensee. The Office of Gaming Enforcement shall certify to the Board actual and prospective costs of the investigative and enforcement functions of the Office. These costs, together with the general operating expenses of the Board, shall be the basis for the fee imposed on each licensee. Each individual licensee's fees shall be based upon proportionate costs for each individual licensee.

(b) Upon issuance or the first renewal of an organization license after the effective date of this amendatory Act of the 95th General Assembly, an organization licensee shall deposit \$100,000 into a fund held by the Director of the Office of Gaming Enforcement separate from State moneys. The moneys in the fund shall be used by the Director of the Office of Gaming Enforcement for the purpose of conducting any investigation concerning that licensee. Upon each subsequent renewal of an organization license, the organization licensee shall deposit the amount necessary to bring the moneys in the fund attributable to that licensee to \$100,000.

(230 ILCS 5/25) (from Ch. 8, par. 37-25)

(a) There shall be paid to the Board at such time or times as it shall prescribe, the sum of fifteen cents (15¢) for each person entering the grounds or enclosure of each organization licensee and inter-track wagering licensee upon a ticket of admission except as provided in subsection (b) of this Section and subsection (g) of Section 27 of this Act. If tickets are issued for more than one day then the sum of fifteen cents (15¢) shall be paid for each person using such ticket on each day that the same shall be used. Provided, however, that no charge shall be made on tickets of admission issued to and in the name of directors, officers, agents or employees of the organization licensee, or inter-track wagering licensee, or to owners, trainers, jockeys, drivers and their employees or to any person or persons entering the grounds or enclosure for the transaction of business in connection with such race meeting. The organization licensee or inter-track wagering licensee may, if it desires, collect such amount from each ticket holder in addition to the amount or amounts charged for such ticket of admission.

Accurate records and books shall at all times be kept and maintained by the organization licensees and inter-track wagering licensees showing the admission tickets issued and used on each racing day and the attendance thereof of each horse racing meeting. The Board or its duly authorized representative or representatives shall at all reasonable times have access to the admission records of any organization licensee and inter-track wagering licensee for the purpose of examining and checking the same and ascertaining whether or not the proper amount has been or is being paid the State of Illinois as herein provided. The Board shall also require, before issuing any license, that the licensee shall execute and deliver to it a bond, payable to the State of Illinois, in such sum as it shall determine, not, however, in excess of fifty thousand dollars (\$50,000), with a surety or sureties to be approved by it, conditioned for the payment of all sums due and payable or collected by it under this Section upon admission fees received for any particular racing meetings. The Board may also from time to time require sworn statements of the number or numbers of such admissions and may prescribe blanks upon which such reports shall be made. Any organization licensee or inter-track wagering licensee failing or refusing to pay the amount found to be due as herein provided, shall be deemed guilty of a business offense and

(b) A person who exits the grounds or enclosure of each organization licensee and inter-track wagering licensee and reenters such grounds or enclosure within the same day shall be subject to only the initial admissions tax.

(a) Any licensee may conduct and supervise the pari-mutuel system of wagering, as defined in Section 3.12 of this Act, on horse races conducted by an Illinois organization licensee or conducted at a racetrack located in another state or country and televised in Illinois in accordance with subsection (g) of Section 26 of this Act. Subject to the prior consent of the Board, licensees may supplement any pari-mutuel pool in order to guarantee a minimum distribution. Such pari-mutuel method of wagering shall not, under any circumstances if conducted under the provisions of this Act, be held or construed to be unlawful, other statutes of this State to the contrary notwithstanding. Subject to rules for advance wagering promulgated by the Board, any licensee may accept wagers in advance of the day of the race wagered upon occurs.

(b) Except as otherwise provided in Section 56, no other method of betting, pool making, wagering or gambling shall be used or permitted by the licensee. Each licensee may retain, subject to the payment of all applicable taxes and purses, an amount not to exceed 17% of all money wagered under subsection (a) of this Section, except as may otherwise be permitted under this Act.

(b-5) An individual may place a wager under the pari-mutuel system from any licensed location authorized under this Act provided that wager is electronically recorded in the manner described in Section 3.12 of this Act. Any wager made electronically by an individual while physically on the premises of a licensee shall be deemed to have been made at the premises of that licensee.

(c) Until January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool, shall be paid to the Illinois Veterans' Rehabilitation Fund of the State treasury, except as provided in subsection (g) of Section 27 of this Act.

(c-5) Beginning January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date; except that the balance of the sum of all outstanding pari-mutuel tickets generated from simulcast wagering by an organization licensee located in Madison County or any licensee that derives its license from that organization licensee shall be evenly distributed between the organization licensee and the purse account of the organization licensee. Additionally, the balance of the sum of all outstanding pari-mutuel tickets generated from inter-track wagering from an organization licensee located in Madison County shall be evenly distributed between the purse account of the organization licensee from which the inter-track wagering licensee and the inter-track wagering location licensee derive their licenses and the organization licensee. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool, shall be evenly distributed to the purse account of the organization licensee and the organization licensee.

(d) A pari-mutuel ticket shall be honored until December 31 of the next calendar year, and the licensee shall pay the same and may charge the amount thereof against unpaid money similarly accumulated on account of pari-mutuel tickets not presented for payment.

(e) No licensee shall knowingly permit any minor, other than an employee of such licensee or an owner, trainer, jockey, driver, or employee thereof, to be admitted during a racing program unless accompanied by a parent or guardian, or any minor to be a patron of the pari-mutuel system of wagering conducted or supervised by it. The admission of any unaccompanied minor, other than an employee of the licensee or an owner, trainer, jockey, driver, or employee thereof at a race track is a Class C misdemeanor.

(f) Notwithstanding the other provisions of this Act, an organization licensee may contract with an entity in another state or country to permit any legal wagering entity in another state or country to accept wagers solely within such other state or country on races conducted by the organization licensee in this State. Beginning January 1, 2000, these wagers shall not be subject to State taxation. Until January 1, 2000, when the out-of-State entity conducts a pari-mutuel pool separate from the organization licensee, a

[May 31, 2008]

privilege tax equal to 7 1/2% of all monies received by the organization licensee from entities in other states or countries pursuant to such contracts is imposed on the organization licensee, and such privilege tax shall be remitted to the Department of Revenue within 48 hours of receipt of the moneys from the simulcast. When the out-of-State entity conducts a combined pari-mutuel pool with the organization licensee, the tax shall be 10% of all monies received by the organization licensee with 25% of the receipts from this 10% tax to be distributed to the county in which the race was conducted.

An organization licensee may permit one or more of its races to be utilized for pari-mutuel wagering at one or more locations in other states and may transmit audio and visual signals of races the organization licensee conducts to one or more locations outside the State or country and may also permit pari-mutuel pools in other states or countries to be combined with its gross or net wagering pools or with wagering pools established by other states.

(g) A host track may accept interstate simulcast wagers on horse races conducted in other states or countries and shall control the number of signals and types of breeds of racing in its simulcast program, subject to the disapproval of the Board. The Board may prohibit a simulcast program only if it finds that the simulcast program is clearly adverse to the integrity of racing. The host track simulcast program shall include the signal of live racing of all organization licensees. All non-host licensees shall carry the host track simulcast program and accept wagers on all races included as part of the simulcast program upon which wagering is permitted. The costs and expenses of the host track and non-host licensees associated with interstate simulcast wagering, other than the interstate commission fee, shall be borne by the host track and all non-host licensees incurring these costs. The interstate commission fee shall not exceed 5% of Illinois handle on the interstate simulcast race or races without prior approval of the Board. The Board shall promulgate rules under which it may permit interstate commission fees in excess of 5%. The interstate commission fee and other fees charged by the sending racetrack, including, but not limited to, satellite decoder fees, shall be uniformly applied to the host track and all non-host licensees.

Notwithstanding any other provision of this Act and with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, an organization licensee may maintain a system whereby advance deposit wagering may take place or may contract with another person to carry out a system of advance deposit wagering. Any modifications or renegotiations to a contract entered into under this subsection shall also be subject to the consent of that horsemen association. All advance deposit wagers placed from within Illinois must be placed through a Board-approved advance deposit wagering licensee; no other entity may accept an advance deposit wager from a person within Illinois. All advance deposit wagering is subject to any rules adopted by the Board. The Board may adopt rules necessary to regulate advance deposit wagering through the use of emergency rulemaking in accordance with Section 5-45 of the Illinois Administrative Procedure Act. The General Assembly finds that the adoption of rules to regulate advance deposit wagering is deemed an emergency and necessary for the public interest, safety, and welfare. After payment of the State pari-mutuel tax, an advance deposit wagering licensee may retain all moneys as agreed to by contract with an organization licensee. Any moneys retained by the organization licensee from advance deposit wagering, not including moneys retained by the advance deposit wagering licensee, shall be paid 50% to the organization licensee's purse account, with the purse account share for races that start on or after 6:30 a.m. but before 6:30 p.m. Illinois time allocated to thoroughbred purses and the purse account share for races that start on or after 6:30 p.m. but before 6:30 a.m. Illinois time allocated to standardbred purses, and 50% to the organization licensee. All breakage from advance deposit wagering shall be allocated as provided in Section 26.1. To the extent any fees from advance deposit wagering conducted in Illinois for wagers in Illinois or other states have been placed in escrow or otherwise withheld from wagers pending a determination of the legality of advance deposit wagering, no action shall be brought to declare such wagers or the disbursement of any fees previously escrowed illegal.

(1) Between the hours of 6:30 a.m. and 6:30 p.m. an intertrack wagering licensee other than the host track may supplement the host track simulcast program with additional simulcast races or race programs, provided that between January 1 and the third Friday in February of any year, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, only thoroughbred races may be used for supplemental interstate simulcast purposes. The Board shall withhold approval for a supplemental interstate simulcast only if it finds that the simulcast is clearly adverse to the integrity of racing. A supplemental interstate simulcast may be transmitted from an intertrack wagering licensee to its affiliated non-host licensees. The interstate commission fee for a supplemental interstate simulcast shall be paid by the non-host licensee and its affiliated non-host licensees receiving the simulcast.

(2) Between the hours of 6:30 p.m. and 6:30 a.m. an intertrack wagering licensee other

than the host track may receive supplemental interstate simulcasts only with the consent of the host track, except when the Board finds that the simulcast is clearly adverse to the integrity of racing. Consent granted under this paragraph (2) to any intertrack wagering licensee shall be deemed consent to all non-host licensees. The interstate commission fee for the supplemental interstate simulcast shall be paid by all participating non-host licensees.

(3) Each licensee conducting interstate simulcast wagering may retain, subject to the payment of all applicable taxes and the purses, an amount not to exceed 17% of all money wagered. If any licensee conducts the pari-mutuel system wagering on races conducted at racetracks in another state or country, each such race or race program shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege tax of that daily handle as provided in subsection (a) of Section 27. Until January 1, 2000, from the sums permitted to be retained pursuant to this subsection, each intertrack wagering location licensee shall pay 1% of the pari-mutuel handle wagered on simulcast wagering to the Horse Racing Tax Allocation Fund, subject to the provisions of subparagraph (B) of paragraph (11) of subsection (h) of Section 26 of this Act.

(4) A licensee who receives an interstate simulcast may combine its gross or net pools with pools at the sending racetracks pursuant to rules established by the Board. All licensees combining their gross pools at a sending racetrack shall adopt the take-out percentages of the sending racetrack. A licensee may also establish a separate pool and takeout structure for wagering purposes on races conducted at race tracks outside of the State of Illinois. The licensee may permit pari-mutuel wagers placed in other states or countries to be combined with its gross or net wagering pools or other wagering pools.

(5) After the payment of the interstate commission fee (except for the interstate commission fee on a supplemental interstate simulcast, which shall be paid by the host track and by each non-host licensee through the host-track) and all applicable State and local taxes, except as provided in subsection (g) of Section 27 of this Act, the remainder of moneys retained from simulcast wagering pursuant to this subsection (g), and Section 26.2 shall be divided as follows:

(A) For interstate simulcast wagers made at a host track, 50% to the host track and 50% to purses at the host track.

(B) For wagers placed on interstate simulcast races, supplemental simulcasts as defined in subparagraphs (1) and (2), and separately pooled races conducted outside of the State of Illinois made at a non-host licensee, 25% to the host track, 25% to the non-host licensee, and 50% to the purses at the host track.

(6) Notwithstanding any provision in this Act to the contrary, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River may receive supplemental interstate simulcast races at all times subject to Board approval, which shall be withheld only upon a finding that a supplemental interstate simulcast is clearly adverse to the integrity of racing.

(7) Notwithstanding any provision of this Act to the contrary, after payment of all applicable State and local taxes and interstate commission fees, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall retain 50% of the retention from interstate simulcast wagers and shall pay 50% to purses at the track from which the non-host licensee derives its license as follows:

(A) Between January 1 and the third Friday in February, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, when the interstate simulcast is a standardbred race, the purse share to its standardbred purse account;

(B) Between January 1 and the third Friday in February, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, and the interstate simulcast is a thoroughbred race, the purse share to its interstate simulcast purse pool to be distributed under paragraph (10) of this subsection (g);

(C) Between January 1 and the third Friday in February, inclusive, if live thoroughbred racing is occurring in Illinois, between 6:30 a.m. and 6:30 p.m. the purse share from wagers made during this time period to its thoroughbred purse account and between 6:30 p.m. and 6:30 a.m. the purse share from wagers made during this time period to its standardbred purse accounts;

(D) Between the third Saturday in February and December 31, when the interstate simulcast occurs between the hours of 6:30 a.m. and 6:30 p.m., the purse share to its thoroughbred purse account;

(E) Between the third Saturday in February and December 31, when the interstate simulcast occurs between the hours of 6:30 p.m. and 6:30 a.m., the purse share to its standardbred

purse account.

(7.1) Notwithstanding any other provision of this Act to the contrary, if no standardbred racing is conducted at a racetrack located in Madison County during any calendar year beginning on or after January 1, 2002, all moneys derived by that racetrack from simulcast wagering and inter-track wagering that (1) are to be used for purses and (2) are generated between the hours of 6:30 p.m. and 6:30 a.m. during that calendar year shall be paid as follows:

(A) If the licensee that conducts horse racing at that racetrack requests from the Board at least as many racing dates as were conducted in calendar year 2000, 80% shall be paid to its thoroughbred purse account; and

(B) Twenty percent shall be deposited into the Illinois Colt Stakes Purse Distribution Fund and shall be paid to purses for standardbred races for Illinois conceived and foaled horses conducted at any county fairgrounds. The moneys deposited into the Fund pursuant to this subparagraph (B) shall be deposited within 2 weeks after the day they were generated, shall be in addition to and not in lieu of any other moneys paid to standardbred purses under this Act, and shall not be commingled with other moneys paid into that Fund. The moneys deposited pursuant to this subparagraph (B) shall be allocated as provided by the Department of Agriculture, with the advice and assistance of the Illinois Standardbred Breeders Fund Advisory Board.

(7.2) Notwithstanding any other provision of this Act to the contrary, if no thoroughbred racing is conducted at a racetrack located in Madison County during any calendar year beginning on or after January 1, 2002, all moneys derived by that racetrack from simulcast wagering and inter-track wagering that (1) are to be used for purses and (2) are generated between the hours of 6:30 a.m. and 6:30 p.m. during that calendar year shall be deposited as follows:

(A) If the licensee that conducts horse racing at that racetrack requests from the Board at least as many racing dates as were conducted in calendar year 2000, 80% shall be deposited into its standardbred purse account; and

(B) Twenty percent shall be deposited into the Illinois Colt Stakes Purse Distribution Fund. Moneys deposited into the Illinois Colt Stakes Purse Distribution Fund pursuant to this subparagraph (B) may be used (i) at the discretion of the Department, for drug testing as authorized in Section 34.3 of this Act and for distribution to Illinois county fairs to supplement premiums offered in junior classes and (ii) by the Department of Agriculture for the purposes identified in paragraphs (2), (2.5), (4), (4.1), (6), (7), (8), and (9) of subsection (g) of Section 30, subsection (e) of Section 30.5, paragraphs (1), (2), (3), (5), and (8) of subsection (g) of Section 31, and for standardbred bonus programs for owners of horses that win multiple stakes races that are limited to Illinois conceived and foaled horses. Any balance shall be paid to Illinois conceived and foaled thoroughbred breeders' programs and to thoroughbred purses for races conducted at any county fairgrounds for Illinois conceived and foaled horses at the discretion of the Department of Agriculture, with the advice and assistance of the Illinois Thoroughbred Breeders Fund Advisory Board. The moneys deposited into the Illinois Colt Stakes Purse Distribution Fund pursuant to this subparagraph (B) shall be deposited within 2 weeks after the day they were generated, shall be in addition to and not in lieu of any other moneys paid to thoroughbred purses under this Act, and shall not be commingled with other moneys deposited into that Fund. The Illinois Colt Stakes Purse Distribution Fund is a non-appropriated trust fund. The Illinois Colt Stakes Purse Distribution Fund shall not be subject to sweeps, administrative charges, or charge backs, including, but not limited to, those authorized under Section 8h of the State Finance Act, or any other fiscal or budgetary maneuver that would in any way transfer any funds from the Illinois Colt Stakes Purse Distribution Fund into any other fund of the State.

(7.3) If no live standardbred racing is conducted at a racetrack located in Madison County in calendar year 2000 or 2001, an organization licensee who is licensed to conduct horse racing at that racetrack shall, before January 1, 2002, pay all moneys derived from simulcast wagering and inter-track wagering in calendar years 2000 and 2001 and paid into the licensee's standardbred purse account as follows:

(A) Eighty percent to that licensee's thoroughbred purse account to be used for thoroughbred purses; and

(B) Twenty percent to the Illinois Colt Stakes Purse Distribution Fund.

Failure to make the payment to the Illinois Colt Stakes Purse Distribution Fund before January 1, 2002 shall result in the immediate revocation of the licensee's organization license, inter-track wagering license, and inter-track wagering location license.

Moneys paid into the Illinois Colt Stakes Purse Distribution Fund pursuant to this paragraph (7.3) shall be paid to purses for standardbred races for Illinois conceived and foaled horses

conducted at any county fairgrounds. Moneys paid into the Illinois Colt Stakes Purse Distribution Fund pursuant to this paragraph (7.3) shall be used as determined by the Department of Agriculture, with the advice and assistance of the Illinois Standardbred Breeders Fund Advisory Board, shall be in addition to and not in lieu of any other moneys paid to standardbred purses under this Act, and shall not be commingled with any other moneys paid into that Fund.

(7.4) If live standardbred racing is conducted at a racetrack located in Madison County at any time in calendar year 2001 before the payment required under paragraph (7.3) has been made, the organization licensee who is licensed to conduct racing at that racetrack shall pay all moneys derived by that racetrack from simulcast wagering and inter-track wagering during calendar years 2000 and 2001 that (1) are to be used for purses and (2) are generated between the hours of 6:30 p.m. and 6:30 a.m. during 2000 or 2001 to the standardbred purse account at that racetrack to be used for standardbred purses.

(7.5) Notwithstanding any provision of this Act to the contrary, if live standardbred racing and live thoroughbred racing are both conducted at a racetrack located in Madison County at any time in a calendar year, all moneys derived by that racetrack from simulcast wagering and inter-track wagering between the hours of 6:30 p.m. and 6:30 a.m. that are to be used for purses shall be deposited as follows: 70% shall be paid to its thoroughbred purse account and 30% shall be paid to its standardbred purse account.

(8) Notwithstanding any provision in this Act to the contrary, an organization licensee from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River and its affiliated non-host licensees shall not be entitled to share in any retention generated on racing, inter-track wagering, or simulcast wagering at any other Illinois wagering facility.

(8.1) Notwithstanding any provisions in this Act to the contrary, if 2 organization licensees are conducting standardbred race meetings concurrently between the hours of 6:30 p.m. and 6:30 a.m., after payment of all applicable State and local taxes and interstate commission fees, the remainder of the amount retained from simulcast wagering otherwise attributable to the host track and to host track purses shall be split daily between the 2 organization licensees and the purses at the tracks of the 2 organization licensees, respectively, based on each organization licensee's share of the total live handle for that day, provided that this provision shall not apply to any non-host licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River.

(9) (Blank).

(10) (Blank).

(11) (Blank).

(12) The Board shall have authority to compel all host tracks to receive the simulcast of any or all races conducted at the Springfield or DuQuoin State fairgrounds and include all such races as part of their simulcast programs.

(13) Notwithstanding any other provision of this Act, in the event that the total Illinois pari-mutuel handle on Illinois horse races at all wagering facilities in any calendar year is less than 75% of the total Illinois pari-mutuel handle on Illinois horse races at all such wagering facilities for calendar year 1994, then each wagering facility that has an annual total Illinois pari-mutuel handle on Illinois horse races that is less than 75% of the total Illinois pari-mutuel handle on Illinois horse races at such wagering facility for calendar year 1994, shall be permitted to receive, from any amount otherwise payable to the purse account at the race track with which the wagering facility is affiliated in the succeeding calendar year, an amount equal to 2% of the differential in total Illinois pari-mutuel handle on Illinois horse races at the wagering facility between that calendar year in question and 1994 provided, however, that a wagering facility shall not be entitled to any such payment until the Board certifies in writing to the wagering facility the amount to which the wagering facility is entitled and a schedule for payment of the amount to the wagering facility, based on: (i) the racing dates awarded to the race track affiliated with the wagering facility during the succeeding year; (ii) the sums available or anticipated to be available in the purse account of the race track affiliated with the wagering facility for purses during the succeeding year; and (iii) the need to ensure reasonable purse levels during the payment period. The Board's certification shall be provided no later than January 31 of the succeeding year. In the event a wagering facility entitled to a payment under this paragraph (13) is affiliated with a race track that maintains purse accounts for both standardbred and thoroughbred racing, the amount to be paid to the wagering facility shall be divided between each purse account pro rata, based on the amount of Illinois handle on Illinois standardbred and thoroughbred racing respectively at the wagering facility during the previous calendar year. Annually, the General Assembly shall appropriate

sufficient funds from the General Revenue Fund to the Department of Agriculture for payment into the thoroughbred and standardbred horse racing purse accounts at Illinois pari-mutuel tracks. The amount paid to each purse account shall be the amount certified by the Illinois Racing Board in January to be transferred from each account to each eligible racing facility in accordance with the provisions of this Section. For the calendar year in which an organization licensee that is eligible to receive a payment under this paragraph (13) begins conducting electronic gaming pursuant to an electronic gaming license, the amount of that payment shall be reduced by a percentage equal to the percentage of the year remaining after the organization licensee begins conducting electronic gaming pursuant to its electronic gaming license. An organization licensee shall no longer be able to receive payments under this paragraph (13) beginning on the January 1 first occurring after the licensee begins conducting electronic gaming pursuant to an electronic gaming license issued under Section 7.7 of the Illinois Gambling Act.

(h) The Board may approve and license the conduct of inter-track wagering and simulcast wagering by inter-track wagering licensees and inter-track wagering location licensees subject to the following terms and conditions:

(1) Any person licensed to conduct a race meeting (i) at a track where 60 or more days of racing were conducted during the immediately preceding calendar year or where over the 5 immediately preceding calendar years an average of 30 or more days of racing were conducted annually may be issued an inter-track wagering license; (ii) at a track located in a county that is bounded by the Mississippi River, which has a population of less than 150,000 according to the 1990 decennial census, and an average of at least 60 days of racing per year between 1985 and 1993 may be issued an inter-track wagering license; or (iii) at a track located in Madison County that conducted at least 100 days of live racing during the immediately preceding calendar year may be issued an inter-track wagering license, unless a lesser schedule of live racing is the result of (A) weather, unsafe track conditions, or other acts of God; (B) an agreement between the organization licensee and the associations representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting; or (C) a finding by the Board of extraordinary circumstances and that it was in the best interest of the public and the sport to conduct fewer than 100 days of live racing. Any such person having operating control of the racing facility may also receive up to 6 inter-track wagering location licenses. In no event shall more than 6 inter-track wagering locations be established for each eligible race track, except that an eligible race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River may establish up to 7 inter-track wagering locations. An application for said license shall be filed with the Board prior to such dates as may be fixed by the Board. With an application for an inter-track wagering location license there shall be delivered to the Board a certified check or bank draft payable to the order of the Board for an amount equal to \$500. The application shall be on forms prescribed and furnished by the Board. The application shall comply with all other rules, regulations and conditions imposed by the Board in connection therewith.

(2) The Board shall examine the applications with respect to their conformity with this Act and the rules and regulations imposed by the Board. If found to be in compliance with the Act and rules and regulations of the Board, the Board may then issue a license to conduct inter-track wagering and simulcast wagering to such applicant. All such applications shall be acted upon by the Board at a meeting to be held on such date as may be fixed by the Board.

(3) In granting licenses to conduct inter-track wagering and simulcast wagering, the Board shall give due consideration to the best interests of the public, of horse racing, and of maximizing revenue to the State.

(4) Prior to the issuance of a license to conduct inter-track wagering and simulcast wagering, the applicant shall file with the Board a bond payable to the State of Illinois in the sum of \$50,000, executed by the applicant and a surety company or companies authorized to do business in this State, and conditioned upon (i) the payment by the licensee of all taxes due under Section 27 or 27.1 and any other monies due and payable under this Act, and (ii) distribution by the licensee, upon presentation of the winning ticket or tickets, of all sums payable to the patrons of pari-mutuel pools.

(5) Each license to conduct inter-track wagering and simulcast wagering shall specify the person to whom it is issued, the dates on which such wagering is permitted, and the track or location where the wagering is to be conducted.

(6) All wagering under such license is subject to this Act and to the rules and regulations from time to time prescribed by the Board, and every such license issued by the Board shall contain a recital to that effect.

(7) An inter-track wagering licensee or inter-track wagering location licensee may

accept wagers at the track or location where it is licensed, or as otherwise provided under this Act.

(8) Inter-track wagering or simulcast wagering shall not be conducted at any track less than 5 miles from a track at which a racing meeting is in progress.

(8.1) Inter-track wagering location licensees who derive their licenses from a particular organization licensee shall conduct inter-track wagering and simulcast wagering only at locations which are either within 90 miles of that race track where the particular organization licensee is licensed to conduct racing, or within 135 miles of that race track where the particular organization licensee is licensed to conduct racing in the case of race tracks in counties of less than 400,000 that were operating on or before June 1, 1986. However, inter-track wagering and simulcast wagering shall not be conducted by those licensees at any location within 5 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made.

(8.2) Inter-track wagering or simulcast wagering shall not be conducted by an inter-track wagering location licensee at any location within 500 feet of an existing church or existing school, nor within 500 feet of the residences of more than 50 registered voters without receiving written permission from a majority of the registered voters at such residences. Such written permission statements shall be filed with the Board. The distance of 500 feet shall be measured to the nearest part of any building used for worship services, education programs, residential purposes, or conducting inter-track wagering by an inter-track wagering location licensee, and not to property boundaries. However, inter-track wagering or simulcast wagering may be conducted at a site within 500 feet of a church, school or residences of 50 or more registered voters if such church, school or residences have been erected or established, or such voters have been registered, after the Board issues the original inter-track wagering location license at the site in question. Inter-track wagering location licensees may conduct inter-track wagering and simulcast wagering only in areas that are zoned for commercial or manufacturing purposes or in areas for which a special use has been approved by the local zoning authority. However, no license to conduct inter-track wagering and simulcast wagering shall be granted by the Board with respect to any inter-track wagering location within the jurisdiction of any local zoning authority which has, by ordinance or by resolution, prohibited the establishment of an inter-track wagering location within its jurisdiction. However, inter-track wagering and simulcast wagering may be conducted at a site if such ordinance or resolution is enacted after the Board licenses the original inter-track wagering location licensee for the site in question.

(9) (Blank).

(10) An inter-track wagering licensee or an inter-track wagering location licensee may retain, subject to the payment of the privilege taxes and the purses, an amount not to exceed 17% of all money wagered. Each program of racing conducted by each inter-track wagering licensee or inter-track wagering location licensee shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege tax or pari-mutuel tax on such daily handle as provided in Section 27.

(10.1) Except as provided in subsection (g) of Section 27 of this Act, inter-track wagering location licensees shall pay 1% of the pari-mutuel handle at each location to the municipality in which such location is situated and 1% of the pari-mutuel handle at each location to the county in which such location is situated. In the event that an inter-track wagering location licensee is situated in an unincorporated area of a county, such licensee shall pay 2% of the pari-mutuel handle from such location to such county.

(10.2) Notwithstanding any other provision of this Act, with respect to intertrack wagering at a race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River ("the first race track"), or at a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, on races conducted at the first race track or on races conducted at another Illinois race track and simultaneously televised to the first race track or to a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, those moneys shall be allocated as follows:

(A) That portion of all moneys wagered on standardbred racing that is required under this Act to be paid to purses shall be paid to purses for standardbred races.

(B) That portion of all moneys wagered on thoroughbred racing that is required under this Act to be paid to purses shall be paid to purses for thoroughbred races.

(11) (A) After payment of the privilege or pari-mutuel tax, any other applicable taxes,

(c) Licensees shall at all times keep accurate books and records of all monies wagered on each day of a race meeting and of the taxes paid to the Department of Revenue under the provisions of this Section. The Board or its duly authorized representative or representatives shall at all reasonable times have access to such records for the purpose of examining and checking the same and ascertaining whether the proper amount of taxes is being paid as provided. (230 ILCS 10/2) (from Ch. 120, par. 2402)

Sec. 2. Legislative intent; findings Intent.

(a) This Act is intended to benefit the people of the State of Illinois by assisting economic

[May 31, 2008]

development and promoting Illinois tourism and by increasing the amount of revenues available to the State for infrastructure and capital programs and to assist and support education.

(b) While authorization of riverboat gambling will enhance investment, development and tourism in Illinois, it is recognized that it will do so successfully only if public confidence and trust in the credibility and integrity of the gambling operations and the regulatory process is maintained. Therefore, regulatory provisions of this Act are designed to strictly regulate the facilities, persons, associations and practices related to gambling operations pursuant to the police powers of the State, including comprehensive law enforcement supervision.

(c) The Illinois Gaming Board established under this Act should, as soon as possible, inform each applicant for an owners license of the Board's intent to grant or deny a license.

(d) The General Assembly finds that the Illinois gaming industry does not include a fair proportion of minority and female ownership participation in the gaming industry. It is vital to the gaming industry in this State to promote diverse interests in order to create social and economic parity. As a result of historical exclusion within the gaming industry, there is a need to increase the number of minority and female owners within the State. The State shall require that at least 20% of an owners licensee's or casino licensee's equity interest be awarded to minorities and at least 5% of an owners licensee's or casino licensee's equity interest be awarded to women for all licenses awarded after the date of this amendatory Act of the 95th General Assembly.

(3) After receiving all of the bid proposals, the Board shall open all of the proposals in a public forum and disclose the prospective owners or managers names, venture partners, if any, and, in the case of applicants for owners licenses, the locations of the proposed development sites.

(4) The Board shall summarize the terms of the proposals and may make this summary available to the public.

(5) The Board shall evaluate the proposals within a reasonable time and select no more than 3 final applicants to make presentations of their proposals to the Board.

(6) The final applicants shall make their presentations to the Board on the same day during an open

session of the Board.

(7) As soon as practicable after the public presentations by the final applicants, the Board, in its discretion, may conduct further negotiations among the 3 final applicants. During such negotiations, each final applicant may increase its license bid or otherwise enhance its bid proposal. At the conclusion of such negotiations, the Board shall select the winning proposal. In the case of negotiations for an owners license, the Board may, at the conclusion of such negotiations, make the determination allowed under Section 7.3(a).

(8) Upon selection of a winning bid, the Board shall evaluate the winning bid within a reasonable period of time for licensee suitability in accordance with all applicable statutory and regulatory criteria.

(9) If the winning bidder is unable or otherwise fails to consummate the transaction, (including if the Board determines that the winning bidder does not satisfy the suitability requirements), the Board may, on the same criteria, select from the remaining bidders or make the determination allowed under Section 7.3(a).

(230 ILCS 10/7.7 new)

Sec. 7.7. Electronic gaming.

(a) The General Assembly finds that the horse racing and riverboat gambling industries share many similarities and collectively comprise the bulk of the State's gaming industry. One feature in common to both industries is that each is highly regulated by the State of Illinois.

The General Assembly further finds, however, that despite their shared features each industry is distinct from the other in that horse racing is and continues to be intimately tied to Illinois' agricultural economy and is, at its core, a spectator sport. This distinction requires the General Assembly to utilize different methods to regulate and promote the horse racing industry throughout the State.

The General Assembly finds that in order to promote live horse racing as a spectator sport in Illinois and the agricultural economy of this State, it is necessary to allow electronic gaming at Illinois race tracks given the success of other states in increasing live racing purse accounts and improving the quality of horses participating in horse race meetings.

The General Assembly finds, however, that even though the authority to conduct electronic gaming is a uniform means to improve live horse racing in this State, electronic gaming must be regulated and implemented differently in southern Illinois versus the Chicago area. The General Assembly finds that Fairmount Park is the only race track operating on a year-round basis that offers live racing and for that matter only conducts live thoroughbred racing. The General Assembly finds that the current state of affairs deprives spectators and standardbred horsemen residing in southern Illinois of the opportunity to participate in live standardbred racing in a manner similar to spectators, thoroughbred horsemen, and standardbred horsemen residing in the Chicago area. The General Assembly declares that southern Illinois spectators and standardbred horsemen are entitled to have a similar opportunity to participate in live standardbred racing as spectators in the Chicago area. The General Assembly declares that in order to remove this disparity between southern Illinois and the Chicago area, it is necessary for the State to mandate standardbred racing throughout the State by tying the authorization to conduct electronic gaming to a commitment to conduct at least 25 days of standardbred racing in any county in which an organization licensee is operating.

(b) The Board shall award one electronic gaming license to each organization licensee under the Illinois Horse Racing Act of 1975, subject to application and eligibility requirements of this Act, including the payment of all applicable fees.

(c) As soon as practical after the effective date of this amendatory Act of the 95th General Assembly, the Board may authorize up to 3,600 aggregate electronic gambling positions statewide as provided in this Section. The authority to operate positions under this Section shall be allocated as follows:

(1) The organization licensee operating at Arlington Park Race Course may operate up to 1,100 gaming positions at a time;

(2) The organization licensees operating at Hawthorne Race Course, including the organization licensee formerly operating at Sportsman's Park, may collectively operate up to 900 gaming positions at a time;

(3) The organization licensee operating at Balmoral Park may operate up to 300 gaming positions at a time;

(4) The organization licensee operating at Maywood Park may operate up to 800 gaming positions at a time; and

(5) The organization licensee operating at Fairmount Park may operate up to 500 gaming positions at a time.

(d) Any positions that are not obtained by an organization licensee shall be retained by the Gaming

Board and shall be offered in equal amounts to electronic gaming licensees who have purchased all of the positions that were offered. This process shall continue until all positions have been purchased. All positions obtained pursuant to this process must be in operation within 12 months after they were obtained or the electronic gaming licensee forfeits the right to operate all of the positions, but is not entitled to a refund of any fees paid. The Board may, after holding a public hearing, grant extensions so long as an gaming licensee is working in good faith to begin conducting electronic gaming. The extension may be for a period of 6 months. If, after the period of the extension, a licensee has not begun to conduct electronic gaming, another public hearing must be held by the Board before it may grant another extension.

(e) In the event that any positions remain unpurchased, those positions shall first be made available in equal amounts to owners licensees conducting gambling operations on the effective date of this amendatory Act of the 95th General Assembly under subsection (h-2) of Section 7, subject to the payment of all applicable fees. In the event the positions remain unpurchased after being offered to owners licensees conducting gambling operations on the effective date of this amendatory Act of the 95th General Assembly, those positions shall be held by the Board for any owners licensee that was not conducting gambling operations on the effective date of this amendatory Act.

(f) The Gaming Board shall determine hours of operation for electronic gaming facilities by rule.

(g) To be eligible to conduct electronic gaming, an organization licensee must (i) obtain an electronic gaming license, (ii) hold an organization license under the Illinois Horse Racing Act of 1975, (iii) hold an inter-track wagering license, (iv) pay an initial fee of \$50,000 for each position it is authorized to operate, plus make the reconciliation payment required under subsection (i), (v) meet the live racing requirements set forth in Section 20 of the Illinois Horse Racing Act of 1975, and (vi) meet all other requirements of this Act that apply to owners licensees. The \$50,000 fee per position is payable in full at the time the positions are awarded.

(h) Each organization licensee who obtains electronic gaming positions must make a reconciliation payment 4 years after the date the electronic gaming licensee begins operating the positions in an amount equal to 75% of the net adjusted gross receipts from electronic gaming for the most lucrative 12-month period of operations, minus an amount equal to \$50,000 per electronic gaming position. If this calculation results in a negative amount, then the electronic gaming licensee is not entitled to any reimbursement of fees previously paid. This reconciliation payment may be made in installments over a period of no more than 5 years, subject to Board approval. For the purpose of this subsection (h), "net adjusted gross receipts" has the same meaning as that term is given in subsection (a-6) of Section 13.

(i) For each calendar year after 2007 in which an electronic gaming licensee requests a number of racing days under its organization license that is less than 90% of the number of days of live racing it was awarded in 2007, the electronic gaming licensee may not conduct electronic gaming.

(j) In any calendar year that an organization licensee with an electronic gaming license conducts fewer races than they were awarded in that calendar year, except for the reasons specified in subsection (e-3) of Section 20 of the Illinois Horse Racing Act of 1975, the revenues retained by the electronic gaming licensee from electronic gaming on the days when racing was awarded and did not occur will be split evenly between that organization licensee's purse account and the Racing Industry Worker's Trust Fund.

(k) Subject to the approval of the Illinois Gaming Board and the Illinois Racing Board, an electronic gaming licensee may make any temporary or permanent modification or additions to any existing or new buildings and structures. No modifications or additions shall alter the grounds of the organization licensee such that the act of live racing is an ancillary activity to electronic gaming.

Electronic gaming may take place in existing structures where inter-track wagering is conducted at the race track or a facility within 300 yards of the race track in accordance with the provisions of this Act and the Illinois Horse Racing Act of 1975. Any electronic gaming conducted at a facility within 300 yards of the race track in accordance with this Act and the Illinois Horse Racing Act of 1975 shall have an all-weather egress connecting the electronic gaming facility and the race track facility.

The electronic gambling facility must be distinctly separate from the other areas of the racetrack to prohibit the entrance of persons under 21 years of age and for the purpose of tracking admissions to the electronic gambling facility to comply with the admissions taxes under the Illinois Horse Racing Act of 1975 and this Act.

(l) An electronic gaming licensee may conduct electronic gaming at a temporary facility pending the construction of a permanent facility or the remodeling of an existing facility to accommodate electronic gaming participants for up to 12 months after receiving an electronic gaming license. The Board may grant extensions as provided in subsection (d) of this Section.

(m) The Illinois Gaming Board may adopt emergency rules in accordance with Section 5-45 of the Illinois Administrative Procedure Act as necessary to ensure compliance with the provisions of this

amendatory Act of the 95th General Assembly concerning electronic gaming. The adoption of emergency rules authorized by this subsection (m) shall be deemed to be necessary for the public interest, safety, and welfare.

(n) As soon as practical after a request is made by the Illinois Gaming Board, to minimize duplicate submissions by the applicant, the Illinois Racing Board must provide information on an applicant for an electronic gaming license to the Illinois Gaming Board.

(o) The electronic gaming licenses issued under this Act shall permit the holder to own the licensed facility and equipment for a period of 3 years after the effective date of the license. Holders of electronic gaming licenses must pay the annual license fee for each of the 3 years during which they are authorized to conduct gambling operations.

(p) Upon the termination, expiration, or revocation of each electronic gaming license, all licenses are renewable for a period of 4 years, unless the Board sets a shorter period, upon payment of the fee and a determination by the Board that the licensee continues to meet all of the requirements of this Act and the Board's rules.

(230 ILCS 10/7.8 new)

Sec. 7.8. Home rule. The regulation and licensing of electronic gaming and electronic gaming licensees are exclusive powers and functions of the State. A home rule unit may not regulate or license electronic gaming or electronic gaming licensees. This Section is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

(230 ILCS 10/7.10 new)

Sec. 7.10. Electronic poker.

(a) A gaming licensee may apply to the Board for authorization to operate up to 100 electronic poker positions at its licensed facility. The authorization that the Board issues to the gaming licensee shall specify the number of electronic poker positions the gaming licensee may operate, which shall not be counted against the limit on the number of gaming positions under this Act.

(b) The Board must adopt rules for the authorization and administration of the conduct of electronic poker.

(230 ILCS 10/7.11 new)

Sec. 7.11. Casino license. Upon approval of the Authority Board and the casino operator licensee, the Illinois Gaming Board shall issue a casino license to the Authority that authorizes the conduct of gambling operations in a land-based facility located in the City of Chicago. A casino license shall authorize the holder to operate 4,000 gaming positions. The Illinois Gaming Board shall assess a license fee of \$200,000,000, plus (i) \$300,000,000 or (ii) 50% of the total amount received by the Authority pursuant to a bid for a casino management contract or an executed casino management contract as authorized under the Chicago Casino Development Authority Act, whichever is greater. The Board shall deposit the license fee into the Illinois Works Fund.

In granting any license authorizing the conduct of gambling operations in a casino, the Illinois Gaming Board shall determine the fitness of the licensee to hold the license in the same manner as any other license under this Act. If the license is held by the Authority, the Illinois Gaming Board shall have the same authority over that licensee as any other licensee under this Act.

(230 ILCS 10/7.11a new)

Sec. 7.11a. Casino license. If, after conducting the study in subsection (h) of Section 5, the Board determines that State conduct of gambling is in the best interest of the State, then upon approval of the State Casino Development Board and the State casino operator licensee, the Illinois Gaming Board shall issue a casino license to the State Authority that authorizes the conduct of gambling operations in a casino in this State, which shall be the State casino license. If, after conducting the study in subsection (h) of Section 5, the Board determines that State conduct of gambling is not in the best interest of this State, then the Board shall issue a casino license through a competitive bidding process to a private entity as set forth in Section 7.5 of this Act. Application for the license shall be as set forth in Section 6 of this Act. A casino license issued under this Section shall authorize the holder to operate 1,200 gaming positions. The Board shall have the same authority over the State Authority as any other licensee.

The Board may locate any casino in which a gambling operation is conducted by the State in any location upon receipt of approval from a majority vote of the governing body of the municipality or county, as the case may be, in which the casino will be located.

(230 ILCS 10/7.12 new)

The application shall be made on forms provided by the Board and shall contain such information as the

Board prescribes, including but not limited to information required in Sections 6(a), (b), and (c) and information relating to the applicant's proposed price to manage the Authority's or State Authority's gambling operations and to provide the casino, gambling equipment, and supplies necessary to conduct gambling operations.

(b) A person, firm, or corporation is ineligible to receive a casino operator license or State casino operator license if:

(1) the person has been convicted of a felony under the laws of this State, any other state, or the United States;

(7) a license of the person, firm, or corporation issued under this Act, or a license to own or operate gambling facilities in any other jurisdiction, has been revoked.

(c) In determining whether to grant a casino operator license or State casino operator license, the Board shall consider:

(1) the character, reputation, experience and financial integrity of the applicants and of any other or separate person that either:

(A) controls, directly or indirectly, such applicant, or

(B) is controlled, directly or indirectly, by such applicant or by a person which controls, directly or indirectly, such applicant;

(2) the facilities or proposed facilities for the conduct of gambling;

(3) the highest prospective total revenue to be derived by the State from the conduct of gambling;

(e) The Board shall charge each applicant a fee, set by the Board, to defray the costs associated with the background investigation conducted by the Office of Gaming Enforcement.

(f) A person who knowingly makes a false statement on an application is guilty of a Class A misdemeanor.

(g) The casino operator license or State casino operator license shall be issued only upon proof that it has entered into a labor peace agreement with each labor organization that is actively engaged in representing and attempting to represent casino and hospitality industry workers in this State. The labor peace agreement must be a valid and enforceable agreement under 29 U.S.C. 185 that protects the city's and State's revenues from the operation of the casino facility by prohibiting the labor organization and its members from engaging in any picketing, work stoppages, boycotts, or any other economic interference with the casino facility for at least the first 5 years of the casino license and must cover all operations at the casino facility that are conducted by lessees or tenants or under management agreements.

(h) The casino operator license or State casino operator license shall be for a term not to exceed 10 years, shall be renewable at the Board's option, and shall contain such terms and provisions as the Board deems necessary to protect or enhance the credibility and integrity of State gambling operations, achieve the highest prospective total revenue to the State, and otherwise serve the interests of the citizens of Illinois.

Sec. 7.14. Obligations of licensure; licensure is a privilege.

(a) All licensees under this Act have a continuing duty to maintain suitability for licensure. A license

does not create a property right, but is a revocable privilege granted by the State contingent upon continuing suitability for licensure.

(b) Licensees under this Act shall have a continuing, affirmative duty to investigate the backgrounds of its principal shareholders and officers.

(c) An applicant for licensure under this Act is seeking a privilege and assumes and accepts any and all risk of adverse publicity, notoriety, embarrassment, criticism, or other action or financial loss which may occur in connection with the application process. Any misrepresentation or omission made with respect to an application may be grounds for denial of the application.

(230 ILCS 10/7.15 new)

Sec. 7.15. Undue economic concentration.

(a) In addition to considering all other requirements under this Act, in deciding whether to approve direct or indirect ownership or control of a gaming license, the Board shall consider the impact of any economic concentration of the ownership or control. No direct or indirect ownership or control shall be approved and no gaming license shall be issued or transferred to or held by any person or entity if the Board determines that approval, issuance, transfer, or holding shall result in undue economic concentration in the direct or indirect ownership or control of gambling operations in Illinois. However, under no circumstances shall the geographic location of any gaming license be a factor in determining whether an undue economic concentration exists.

(b) For the purposes of this Section, "undue economic concentration" means that a person or entity would have actual or potential domination of gambling in Illinois sufficient to:

(1) substantially impede or suppress competition among holders of gaming licenses;

(2) adversely impact the economic stability of the gaming industry in Illinois; or

(3) negatively impact the purposes of this Act, including tourism, economic development, benefits to local communities, and State and local revenues.

(c) In determining whether the issuance, transfer, or holding, directly or indirectly, of a gaming license shall result in undue economic concentration, the Board shall consider the following criteria:

(1) The percentage share of the market presently owned or controlled by a person or entity, directly or indirectly, in each of the following categories:

(A) The total number of licensed facilities in Illinois.

(B) Total gaming square footage.

(C) Number of persons employed in the gambling operation and any affiliated hotel operation.

(D) Number of guest rooms in an affiliated hotel.

(E) Number of electronic gaming devices.

(F) Number of table games.

(G) Net revenue and adjusted gross receipts.

(H) Table win.

(I) Electronic gaming device win.

(J) Table drop.

(K) Electronic gaming device drop.

(2) The estimated increase in the market shares in the categories in item (1) of this subsection (c) if the person or entity is approved, or is issued or permitted to hold the gaming license.

(3) The relative position of other persons or entities that own or control gaming licenses in Illinois, as evidenced by the market shares of each gaming license in the categories in item (1) of this subsection (c).

(4) The current and projected financial condition of the gaming industry.

(5) Current market conditions, including level of competition, consumer demand, market concentration, and any other relevant characteristics of the market.

(6) Whether the gaming licenses to be issued, transferred or held, directly or indirectly, by the person or entity have separate organizational structures or other independent obligations.

(7) The potential impact on the projected future growth and development of the gambling industry, the local communities in which gaming licenses are located, and the State of Illinois.

(8) The barriers to entry into the gambling industry, including the licensure requirements of this Act and its rules, and whether the issuance or transfer to, or holding, directly or indirectly, of, a gaming license by the person or entity will operate as a barrier to new companies and individuals desiring to enter the market.

(9) Whether the issuance or transfer to or holding, directly or indirectly, of the gaming license by the person or entity will adversely impact on consumer interests, or whether such issuance, transfer or holding is likely to result in enhancing the quality and customer appeal of products and services offered by licensed facilities in order to maintain or increase their respective market shares.

(10) Whether a restriction on the issuance or transfer of a gaming license to, or holding, directly or indirectly, of, an additional gaming license by the person is necessary in order to encourage and preserve competition in casino operations.

(11) Any other information deemed relevant by the Board.

(d) A current licensee may bid on any license awarded after the effective date of this amendatory Act of the 95th General Assembly; provided however, if the Board determines issuance of the license will result in undue economic concentration, the Board may require the licensee to divest holdings in a current license as a condition of granting a license. The Board may also require a licensee to divest holdings in a current license if the licensee acquires an additional license through transfer or sale.

(230 ILCS 10/7.25 new)

Sec. 7.25. Diversity program.

(a) Each gaming licensee and suppliers licensee shall establish and maintain a diversity program to ensure non-discrimination in the award and administration of contracts. The programs shall establish goals of awarding not less than 25% of the annual dollar value of all contracts, purchase orders, or other agreements to minority owned businesses and 5% of the annual dollar value of all contracts to female owned businesses.

(b) Each gaming licensee shall establish and maintain a diversity program designed to promote equal opportunity for employment. The program shall establish hiring goals as the Board and each licensee determines appropriate. The Board shall monitor the progress of the gaming licensees' progress with respect to the program's goals.

(c) No later than May 31st of each year each licensee shall report to the Board the number of respective employees and the number of their respective employees who have designated themselves as members of a minority group and gender. In addition, all licensees shall submit a report with respect to the minority owned and female owned businesses program created in this Section to the Board.

(d) There is created the Diversity Program Commission. The Commission shall consist of 2 members appointed by the Governor, 2 members appointed by the President of the Senate, 2 members appointed by the Minority Leader of the Senate, 2 members appointed by the Speaker of the House of Representatives, and 2 members appointed by the Minority leader of the House of Representatives. Within 2 years after the members of the Commission are appointed, the Commission shall file a report with the Illinois Gaming Board, the General Assembly, and the Governor regarding the status of minority and female participation in gaming investment opportunities. The report shall focus on all of the following topics:

(1) The percentage of minorities and females that currently reside in Illinois.

(2) The history of discrimination against minorities and females within the gaming industry in Illinois.

(3) The availability of ready, willing, and able minorities and females in Illinois to invest in gaming operations within the State.

(4) The current amount of gaming investment throughout Illinois by minorities and females.

(5) The need throughout the State to remedy past discrimination practices regarding investment opportunities for these groups.

(6) Other facts and statistical data to support the need for remedial measures as a result of historical exclusion of these groups within the gaming industry.

(230 ILCS 10/7.30 new)

Sec. 7.30. Electronic gaming license transfer fee.

(a) An electronic gaming licensee or any other person must apply for and receive the Illinois Gaming Board's approval before:

(1) an electronic gaming license is transferred, sold, or purchased; or

(2) a voting trust agreement or other similar agreement is established with respect to the electronic gaming license.

(b) The Illinois Gaming Board shall adopt rules governing the procedure an electronic gaming licensee or other person must follow to take an action under subsection (a) and (d). The rules must specify that a person who obtains an ownership interest in an electronic gaming license must meet the criteria of this Act and comply with all applicable rules adopted by the Illinois Gaming Board. A licensee may transfer an electronic gaming license only in accordance with this Act and the rules adopted by the Illinois Gaming Board.

(c) Except in compliance with rules adopted by the Illinois Gaming Board, which shall not prohibit holders of electronic gaming licenses or the parent companies of any such holders from borrowings for the purpose of developing a gaming investment nor, with respect to any public company, borrowings at the parent level for general corporate purposes consistent with past practices, in each case in the event

such borrowings are secured generally by substantially all of the assets of holders or their parent companies, a person may not lease, hypothecate, or borrow or loan money against an electronic gaming license.

(d) Except as provided in subsection (e), a transfer fee is imposed on an initial licensee who sells or otherwise relinquishes an interest in an electronic gaming license in an amount equal to the lesser for 20% of the net proceeds received or the estimated net proceeds that could have been received from the gaming positions added as a result of the electronic gaming license for a period of one year preceding the license transfer multiplied by the percentage interest in the electronic gaming license sold or the percentage interest sold multiplied by the product of the original gaming positions licensed times \$20,000

This transfer fee will no longer be due on and after the fifth anniversary of the effective date of this amendatory Act of the 95th General Assembly.

(e) The fee imposed by subsection (d) shall not apply if:

(1) The electronic gaming license is transferred as a result of any of the following:

(A) Bankruptcy, a receivership, or a debt adjustment initiated by or against the initial licensee or the substantial owners of the initial license.

(B) Cancellation, revocation, or termination of the electronic gaming licensee's license by the Illinois Gaming Board.

(C) A determination by the Illinois Gaming Board that transfer of the license is in the best interests of Illinois Gaming.

(D) The death of an owner of the equity interest in a licensee.

(E) A transaction in which less than a 5% interest of a publicly traded company is transferred.

(F) A transfer by a parent company to a wholly owned subsidiary.

(2) The controlling interest in the electronic gaming license is transferred in a transaction to lineal descendants in which no gain or loss is recognized or as a result of a transaction in accordance with Section 351 of the Internal Revenue Code in which no gain or loss is recognized.

Sec. 9. Occupational licenses.

(a) The Board may issue an occupational license to an applicant upon the payment of a non-refundable fee set by the Board, upon a determination by the Board that the applicant is eligible for an occupational license and upon payment of an annual license fee in an amount to be established. To be eligible for an occupational license, an applicant must:

(1) be at least 21 years of age if the applicant will perform any function involved in gaming by patrons. Any applicant seeking an occupational license for a non-gaming function shall be at least 18 years of age;

(2) not have been convicted of a felony offense, a violation of Article 28 of the Criminal Code of 1961, or a similar statute of any other jurisdiction, or a crime involving dishonesty or moral turpitude;

(4) have met standards for the holding of an occupational license as adopted by rules of the Board. Such rules shall provide that any person or entity seeking an occupational license to manage gambling operations hereunder shall be subject to background inquiries and further requirements similar to those required of applicants for an owners license. Furthermore, such rules shall provide that each such entity shall be permitted to manage gambling operations for only one licensed owner.

(b) Each application for an occupational license shall be on forms prescribed by the Board and shall contain all information required by the Board. The applicant shall set forth in the application: whether he has been issued prior gambling related licenses; whether he has been licensed in any other state under any other name, and, if so, such name and his age; and whether or not a permit or license issued to him in any other state has been suspended, restricted or revoked, and, if so, for what period of time.

(c) Each applicant shall submit with his application, on forms provided by the Board, 2 sets of his fingerprints. The Board shall charge each applicant a fee set by the Department of State Police to defray the costs associated with the search and classification of fingerprints obtained by the Board with respect to the applicant's application. These fees shall be paid into the State Police Services Fund.

(d) The Board may in its discretion refuse an occupational license to any person: (1) who is unqualified to perform the duties required of such applicant; (2) who fails to disclose or states falsely any information called for in the application; (3) who has been found guilty of a violation of this Act or whose prior gambling related license or application therefor has been suspended, restricted, revoked or denied for just cause in any other state; or (4) for any other just cause.

If the Board certifies that the amounts paid under this subsection (b) to a unit of local government in which a riverboat in operation in calendar year 2007 is located during the third and fourth calendar year that electronic gaming is conducted are less than those paid under this subsection during the base year, then the Board shall pay from the State Gaming Fund to the unit of local government that is designated as the home dock of the riverboat an amount equal to 75% of the difference. If the Board certifies that the amounts paid under this subsection (b) to a unit of local government in which a riverboat in operation in calendar year 2007 is located during the fifth calendar year that electronic gaming is conducted are less than those paid under this subsection during the base year, then the Board shall pay from the State Gaming Fund to the unit of local government that is designated as the home dock of the riverboat an amount equal to 50% of the difference. No payments for losses associated with electronic gaming shall be made after the fifth year that electronic gaming is conducted.

For the purpose of this subsection (b), "base year" means the calendar year before electronic gaming is conducted in the State of Illinois.

Moneys in the Fund shall be invested and earnings on the investments shall be retained in the Fund. Subject to appropriation, the Department shall use moneys in the Fund to pay the ordinary and necessary allocable indirect expenses associated with each of the regulated professions, trades, occupations, and industries.

(c) Before the beginning of each fiscal year, the Department shall prepare a cost allocation analysis to be used in establishing the necessary appropriation levels for each cost purpose and revenue source. Each cost allocation analysis shall separately identify the direct and allocable indirect costs of each regulated profession, trade, occupation, or industry and the costs of the Department's general public health and safety purposes. The analyses shall determine whether the direct and allocable indirect costs of each regulated profession, trade, occupation, or industry and the costs of the Department's general public health and safety purposes are sufficiently financed from their respective funding sources. The Department shall prepare the cost allocation analyses in consultation with the respective regulated professions, trades, occupations, and industries and shall make copies of the analyses available to them in a timely fashion.

(d) ~~Except as provided in subsection (e), the~~ The Department may direct the State Comptroller and Treasurer to transfer moneys from the special funds that receive fees and fines associated with regulated professions, trades, occupations, and industries into the Professions Indirect Cost Fund in accordance with the Department's cost allocation analysis plan for the applicable fiscal year. For a given fiscal year, the Department shall not direct the transfer of moneys under this subsection from a special fund associated with a specific regulated profession, trade, occupation, or industry (or group of professions, trades, occupations, or industries) in an amount exceeding the allocable indirect costs associated with that profession, trade, occupation, or industry (or group of professions, trades, occupations, or industries) as provided in the cost allocation analysis for that fiscal year and adjusted for allocation variations from the prior fiscal year. No direct costs identified in the cost allocation plan shall be used as a basis for transfers into the Professions Indirect Cost Fund or for expenditures from the Fund.

(e) No transfer may be made to the Professions Indirect Cost Fund under this Section from the Public Pension Regulation Fund.

In consultation with the pension fund being examined, the Division may retain attorneys, independent actuaries, independent certified public accountants, and other professionals and specialists as examiners, the cost of which (except in the case of pension funds established under Article 3 or 4) shall be borne by the pension fund that is the subject of the examination.

In addition, the Division may conduct investigations, which shall be identified as such and which may include one or more of the items listed in this subsection.

A copy of the report of examination or investigation as prepared by the Division shall be submitted to the secretary of the board of trustees of the pension fund examined or investigated and to the chief executive officer of the municipality. The Director, upon request, shall grant a hearing to the officers or trustees of the pension fund or their duly appointed representatives, upon any facts contained in the report of examination. AMENDMENT NO. 1 TO HOUSE BILL 5618

AMENDMENT NO. 1. Amend House Bill 5618 by replacing everything after the enacting clause

[May 31, 2008]

with the following:

"Section 5. The Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois is amended by adding Section 605-982 as follows:

(20 ILCS 605/605-982 new)

Sec. 605-982. Hospital Capital Investment Program.

(a) Subject to appropriation, the Department shall establish and administer a program to award capital grants to Illinois hospitals under the Hospital Licensing Act or organized under the University of Illinois Hospitals Act. Grants awarded under this program shall be to fund capital projects to improve, replace, or acquire a hospital's facility, equipment, or technology.

(b) In awarding grants under this program, the Department shall consider criteria that include, but are not limited to:

(1) Geographic diversity. Grants shall be awarded to hospitals located throughout the State in both rural and urban locations.

(2) The proposed project's likely benefit in terms of improved patient safety, quality of care, access to care, or efficiency, with priority being given to projects for life safety issues or renovation of core infrastructure, such as replacing or installing heating, ventilation, and air conditioning systems or sprinkler systems.

(3) The relationship between the proposed project and the hospital's strategic or capital plan.

(4) The extent to which there is support from other health care providers (such as physicians, health clinics, and other hospitals) and community organizations for the hospital's proposed project.

(5) The ability of the hospital to provide its share of the cost of the project as well as ongoing maintenance and support of the project.

(c) The program shall provide a maximum grant of 90% of the total project costs, provided however that no individual grant may exceed \$4 million. The total project costs shall include all costs the entity must incur in order to successfully implement the project, including non-capital costs, such as planning, workforce analysis, training, education, or other related costs. However, the amount of any grant under this program shall be limited to the capital costs of the program. Each hospital is eligible to receive a maximum of \$4 million from the program. Notwithstanding any other provision of this Section, a hospital seeking to re-open as a hospital may receive a capital grant under this program of up to \$15 million but only if that facility operated as a hospital and is located in a county with a population of less than 20,000 that does not have another licensed hospital on the effective date of this amendatory Act of the 95th General Assembly. In determining the size of the grant, the Department shall consider the hospital's financial ability to make capital improvements and the extent to which the grant is necessary to the hospital's financial ability to implement the project. Hospitals that face a greater challenge in raising the financial capital needed to improve, replace, or acquire their facilities and equipment should receive priority in receiving capital grants and this priority may be recognized by providing larger grants to hospitals with greater need. In making this determination, the Department may consider criteria that include, but are not limited to: age of plant and equipment, operating margin, cash and investments, and payor mix.

(d) Grants under the program shall be used only for expenditures of a bondable nature.

(e) In establishing and administering this program, the Department shall seek the advice of a statewide association representing hospitals.

(f) The Hospital Capital Investment Program Fund is created as a separate fund within the State treasury.

The purpose of the Fund is to provide capital grants to Illinois hospitals. There shall be deposited into the Fund amounts including, but not limited to, the following:

(1) Any appropriations, grants, or gifts made to the Fund.

(2) Any income from interest on investments or moneys in the Fund.

Section 10. The Illinois Finance Authority Act is amended by changing Section 801-40 as follows:

(20 ILCS 3501/801-40)

Sec. 801-40. In addition to the powers otherwise authorized by law and in addition to the foregoing general corporate powers, the Authority shall also have the following additional specific powers to be exercised in furtherance of the purposes of this Act.

(a) The Authority shall have power (i) to accept grants, loans or appropriations from the federal government or the State, or any agency or instrumentality thereof, to be used for the operating expenses of the Authority, or for any purposes of the Authority, including the making of direct loans of such funds with respect to projects, and (ii) to enter into any agreement with the federal government or the State, or

any agency or instrumentality thereof, in relationship to such grants, loans or appropriations.

(b) The Authority shall have power to procure and enter into contracts for any type of insurance and indemnity agreements covering loss or damage to property from any cause, including loss of use and occupancy, or covering any other insurable risk.

(c) The Authority shall have the continuing power to issue bonds for its corporate purposes. Bonds may be issued by the Authority in one or more series and may provide for the payment of any interest deemed necessary on such bonds, of the costs of issuance of such bonds, of any premium on any insurance, or of the cost of any guarantees, letters of credit or other similar documents, may provide for the funding of the reserves deemed necessary in connection with such bonds, and may provide for the refunding or advance refunding of any bonds or for accounts deemed necessary in connection with any purpose of the Authority. The bonds may bear interest payable at any time or times and at any rate or rates, notwithstanding any other provision of law to the contrary, and such rate or rates may be established by an index or formula which may be implemented or established by persons appointed or retained therefor by the Authority, or may bear no interest or may bear interest payable at maturity or upon redemption prior to maturity, may bear such date or dates, may be payable at such time or times and at such place or places, may mature at any time or times not later than 40 years from the date of issuance, may be sold at public or private sale at such time or times and at such price or prices, may be secured by such pledges, reserves, guarantees, letters of credit, insurance contracts or other similar credit support or liquidity instruments, may be executed in such manner, may be subject to redemption prior to maturity, may provide for the registration of the bonds, and may be subject to such other terms and conditions all as may be provided by the resolution or indenture authorizing the issuance of such bonds. The holder or holders of any bonds issued by the Authority may bring suits at law or proceedings in equity to compel the performance and observance by any person or by the Authority or any of its agents or employees of any contract or covenant made with the holders of such bonds and to compel such person or the Authority and any of its agents or employees to perform any duties required to be performed for the benefit of the holders of any such bonds by the provision of the resolution authorizing their issuance, and to enjoin such person or the Authority and any of its agents or employees from taking any action in conflict with any such contract or covenant. Notwithstanding the form and tenor of any such bonds and in the absence of any express recital on the face thereof that it is non-negotiable, all such bonds shall be negotiable instruments. Pending the preparation and execution of any such bonds, temporary bonds may be issued as provided by the resolution. The bonds shall be sold by the Authority in such manner as it shall determine. The bonds may be secured as provided in the authorizing resolution by the receipts, revenues, income and other available funds of the Authority and by any amounts derived by the Authority from the loan agreement or lease agreement with respect to the project or projects; and bonds may be issued as general obligations of the Authority payable from such revenues, funds and obligations of the Authority as the bond resolution shall provide, or may be issued as limited obligations with a claim for payment solely from such revenues, funds and obligations as the bond resolution shall provide. The Authority may grant a specific pledge or assignment of and lien on or security interest in such rights, revenues, income, or amounts and may grant a specific pledge or assignment of and lien on or security interest in any reserves, funds or accounts established in the resolution authorizing the issuance of bonds. Any such pledge, assignment, lien or security interest for the benefit of the holders of the Authority's bonds shall be valid and binding from the time the bonds are issued without any physical delivery or further act, and shall be valid and binding as against and prior to the claims of all other parties having claims against the Authority or any other person irrespective of whether the other parties have notice of the pledge, assignment, lien or security interest. As evidence of such pledge, assignment, lien and security interest, the Authority may execute and deliver a mortgage, trust agreement, indenture or security agreement or an assignment thereof. A remedy for any breach or default of the terms of any such agreement by the Authority may be by mandamus proceedings in any court of competent jurisdiction to compel the performance and compliance therewith, but the agreement may prescribe by whom or on whose behalf such action may be instituted. It is expressly understood that the Authority may, but need not, acquire title to any project with respect to which it exercises its authority.

(d) With respect to the powers granted by this Act, the Authority may adopt rules and regulations prescribing the procedures by which persons may apply for assistance under this Act. Nothing herein shall be deemed to preclude the Authority, prior to the filing of any formal application, from conducting preliminary discussions and investigations with respect to the subject matter of any prospective application.

(e) The Authority shall have power to acquire by purchase, lease, gift or otherwise any property or rights therein from any person useful for its purposes, whether improved for the purposes of any prospective project, or unimproved. The Authority may also accept any donation of funds for its

purposes from any such source. The Authority shall have no independent power of condemnation but may acquire any property or rights therein obtained upon condemnation by any other authority, governmental entity or unit of local government with such power.

(f) The Authority shall have power to develop, construct and improve either under its own direction, or through collaboration with any approved applicant, or to acquire through purchase or otherwise, any project, using for such purpose the proceeds derived from the sale of its bonds or from governmental loans or grants, and to hold title in the name of the Authority to such projects.

(g) The Authority shall have power to lease pursuant to a lease agreement any project so developed and constructed or acquired to the approved tenant on such terms and conditions as may be appropriate to further the purposes of this Act and to maintain the credit of the Authority. Any such lease may provide for either the Authority or the approved tenant to assume initially, in whole or in part, the costs of maintenance, repair and improvements during the leasehold period. In no case, however, shall the total rentals from any project during any initial leasehold period or the total loan repayments to be made pursuant to any loan agreement, be less than an amount necessary to return over such lease or loan period (1) all costs incurred in connection with the development, construction, acquisition or improvement of the project and for repair, maintenance and improvements thereto during the period of the lease or loan; provided, however, that the rentals or loan repayments need not include costs met through the use of funds other than those obtained by the Authority through the issuance of its bonds or governmental loans; (2) a reasonable percentage additive to be agreed upon by the Authority and the borrower or tenant to cover a properly allocable portion of the Authority's general expenses, including, but not limited to, administrative expenses, salaries and general insurance, and (3) an amount sufficient to pay when due all principal of, interest and premium, if any on, any bonds issued by the Authority with respect to the project. The portion of total rentals payable under clause (3) of this subsection (g) shall be deposited in such special accounts, including all sinking funds, acquisition or construction funds, debt service and other funds as provided by any resolution, mortgage or trust agreement of the Authority pursuant to which any bond is issued.

(h) The Authority has the power, upon the termination of any leasehold period of any project, to sell or lease for a further term or terms such project on such terms and conditions as the Authority shall deem reasonable and consistent with the purposes of the Act. The net proceeds from all such sales and the revenues or income from such leases shall be used to satisfy any indebtedness of the Authority with respect to such project and any balance may be used to pay any expenses of the Authority or be used for the further development, construction, acquisition or improvement of projects. In the event any project is vacated by a tenant prior to the termination of the initial leasehold period, the Authority shall sell or lease the facilities of the project on the most advantageous terms available. The net proceeds of any such disposition shall be treated in the same manner as the proceeds from sales or the revenues or income from leases subsequent to the termination of any initial leasehold period.

(i) The Authority shall have the power to make loans to persons to finance a project, to enter into loan agreements with respect thereto, and to accept guarantees from persons of its loans or the resultant evidences of obligations of the Authority.

(j) The Authority may fix, determine, charge and collect any premiums, fees, charges, costs and expenses, including, without limitation, any application fees, commitment fees, program fees, financing charges or publication fees from any person in connection with its activities under this Act.

(k) In addition to the funds established as provided herein, the Authority shall have the power to create and establish such reserve funds and accounts as may be necessary or desirable to accomplish its purposes under this Act and to deposit its available monies into the funds and accounts.

(l) At the request of the governing body of any unit of local government, the Authority is authorized to market such local government's revenue bond offerings by preparing bond issues for sale, advertising for sealed bids, receiving bids at its offices, making the award to the bidder that offers the most favorable terms or arranging for negotiated placements or underwritings of such securities. The Authority may, at its discretion, offer for concurrent sale the revenue bonds of several local governments. Sales by the Authority of revenue bonds under this Section shall in no way imply State guarantee of such debt issue. The Authority may require such financial information from participating local governments as it deems necessary in order to carry out the purposes of this subsection (1).

(m) The Authority may make grants to any county to which Division 5-37 of the Counties Code is applicable to assist in the financing of capital development, construction and renovation of new or existing facilities for hospitals and health care facilities under that Act. Such grants may only be made from funds appropriated for such purposes from the Build Illinois Bond Fund.

(n) The Authority may establish an urban development action grant program for the purpose of assisting municipalities in Illinois which are experiencing severe economic distress to help stimulate

economic development activities needed to aid in economic recovery. The Authority shall determine the types of activities and projects for which the urban development action grants may be used, provided that such projects and activities are broadly defined to include all reasonable projects and activities the primary objectives of which are the development of viable urban communities, including decent housing and a suitable living environment, and expansion of economic opportunity, principally for persons of low and moderate incomes. The Authority shall enter into grant agreements from monies appropriated for such purposes from the Build Illinois Bond Fund. The Authority shall monitor the use of the grants, and shall provide for audits of the funds as well as recovery by the Authority of any funds determined to have been spent in violation of this subsection (n) or any rule or regulation promulgated hereunder. The Authority shall provide technical assistance with regard to the effective use of the urban development action grants. The Authority shall file an annual report to the General Assembly concerning the progress of the grant program.

(o) The Authority may establish a Housing Partnership Program whereby the Authority provides zero-interest loans to municipalities for the purpose of assisting in the financing of projects for the rehabilitation of affordable multi-family housing for low and moderate income residents. The Authority may provide such loans only upon a municipality's providing evidence that it has obtained private funding for the rehabilitation project. The Authority shall provide 3 State dollars for every 7 dollars obtained by the municipality from sources other than the State of Illinois. The loans shall be made from monies appropriated for such purpose from the Build Illinois Bond Fund. The total amount of loans available under the Housing Partnership Program shall not exceed \$30,000,000. State loan monies under this subsection shall be used only for the acquisition and rehabilitation of existing buildings containing 4 or more dwelling units. The terms of any loan made by the municipality under this subsection shall require repayment of the loan to the municipality upon any sale or other transfer of the project.

(p) The Authority may award grants to universities and research institutions, research consortiums and other not-for-profit entities for the purposes of: remodeling or otherwise physically altering existing laboratory or research facilities, expansion or physical additions to existing laboratory or research facilities, construction of new laboratory or research facilities or acquisition of modern equipment to support laboratory or research operations provided that such grants (i) be used solely in support of project and equipment acquisitions which enhance technology transfer, and (ii) not constitute more than 60 percent of the total project or acquisition cost.

(q) Grants may be awarded by the Authority to units of local government for the purpose of developing the appropriate infrastructure or defraying other costs to the local government in support of laboratory or research facilities provided that such grants may not exceed 40% of the cost to the unit of local government.

(r) The Authority may establish a Direct Loan Program to make loans to individuals, partnerships or corporations for the purpose of an industrial project, as defined in Section 801-10 of this Act. For the purposes of such program and not by way of limitation on any other program of the Authority, the Authority shall have the power to issue bonds, notes, or other evidences of indebtedness including commercial paper for purposes of providing a fund of capital from which it may make such loans. The Authority shall have the power to use any appropriations from the State made especially for the Authority's Direct Loan Program for additional capital to make such loans or for the purposes of reserve funds or pledged funds which secure the Authority's obligations of repayment of any bond, note or other form of indebtedness established for the purpose of providing capital for which it intends to make such loans under the Direct Loan Program. For the purpose of obtaining such capital, the Authority may also enter into agreements with financial institutions and other persons for the purpose of selling loans and developing a secondary market for such loans. Loans made under the Direct Loan Program may be in an amount not to exceed \$300,000 and shall be made for a portion of an industrial project which does not exceed 50% of the total project. No loan may be made by the Authority unless approved by the affirmative vote of at least 8 members of the board. The Authority shall establish procedures and publish rules which shall provide for the submission, review, and analysis of each direct loan application and which shall preserve the ability of each board member to reach an individual business judgment regarding the propriety of making each direct loan. The collective discretion of the board to approve or disapprove each loan shall be unencumbered. The Authority may establish and collect such fees and charges, determine and enforce such terms and conditions, and charge such interest rates as it determines to be necessary and appropriate to the successful administration of the Direct Loan Program. The Authority may require such interests in collateral and such guarantees as it determines are necessary to project the Authority's interest in the repayment of the principal and interest of each loan made under the Direct Loan Program.

(s) The Authority may guarantee private loans to third parties up to a specified dollar amount in order

to promote economic development in this State.

(t) The Authority may adopt rules and regulations as may be necessary or advisable to implement the powers conferred by this Act.

(u) The Authority shall have the power to issue bonds, notes or other evidences of indebtedness, which may be used to make loans to units of local government which are authorized to enter into loan agreements and other documents and to issue bonds, notes and other evidences of indebtedness for the purpose of financing the protection of storm sewer outfalls, the construction of adequate storm sewer outfalls, and the provision for flood protection of sanitary sewage treatment plants, in counties that have established a stormwater management planning committee in accordance with Section 5-1062 of the Counties Code. Any such loan shall be made by the Authority pursuant to the provisions of Section 820-5 to 820-60 of this Act. The unit of local government shall pay back to the Authority the principal amount of the loan, plus annual interest as determined by the Authority. The Authority shall have the power, subject to appropriations by the General Assembly, to subsidize or buy down a portion of the interest on such loans, up to 4% per annum.

(v) The Authority may accept security interests as provided in Sections 11-3 and 11-3.3 of the Illinois Public Aid Code.

(w) Moral Obligation. In the event that the Authority determines that monies of the Authority will not be sufficient for the payment of the principal of and interest on its bonds during the next State fiscal year, the Chairperson, as soon as practicable, shall certify to the Governor the amount required by the Authority to enable it to pay such principal of and interest on the bonds. The Governor shall submit the amount so certified to the General Assembly as soon as practicable, but no later than the end of the current State fiscal year. This subsection shall apply only to any bonds or notes as to which the Authority shall have determined, in the resolution authorizing the issuance of the bonds or notes, that this subsection shall apply. Whenever the Authority makes such a determination, that fact shall be plainly stated on the face of the bonds or notes and that fact shall also be reported to the Governor. In the event of a withdrawal of moneys from a reserve fund established with respect to any issue or issues of bonds of the Authority to pay principal or interest on those bonds, the Chairperson of the Authority, as soon as practicable, shall certify to the Governor the amount required to restore the reserve fund to the level required in the resolution or indenture securing those bonds. The Governor shall submit the amount so certified to the General Assembly as soon as practicable, but no later than the end of the current State fiscal year. The Authority shall obtain written approval from the Governor for any bonds and notes to be issued under this Section. In addition to any other bonds authorized to be issued under Sections 825-60, 825-65(e), 830-25 and 845-5, the principal amount of Authority bonds outstanding issued under this Section 801-40(w) or under 20 ILCS 3850/1-80 or 30 ILCS 360/2-6(c), which have been assumed by the Authority, shall not exceed \$150,000,000. This subsection (w) shall in no way be applied to any bonds issued by the Authority on behalf of the Illinois Power Agency under Section 825-90 of this Act.

(x) The Authority may enter into agreements or contracts with any person necessary or appropriate to place the payment obligations of the Authority under any of its bonds in whole or in part on any interest rate basis, cash flow basis, or other basis desired by the Authority, including without limitation agreements or contracts commonly known as "interest rate swap agreements", "forward payment conversion agreements", and "futures", or agreements or contracts to exchange cash flows or a series of payments, or agreements or contracts, including without limitation agreements or contracts commonly known as "options", "puts", or "calls", to hedge payment, rate spread, or similar exposure; provided that any such agreement or contract shall not constitute an obligation for borrowed money and shall not be taken into account under Section 845-5 of this Act or any other debt limit of the Authority or the State of Illinois.

(y) There should be created, and the Authority shall administer, the Urban Revitalization Program, which shall promote the acquisition, development, construction, reconstruction, improvement, financing, architectural planning, and installation of capital facilities in areas of the State of Illinois where the poverty rate, as determined by using the most recent data released by the United States Census Bureau, is at least 3% greater than the State poverty rate as determined by using the most recent data released by the United States Census Bureau, as well as in the Township of Pembroke and in the following zip codes: 60064, 60085, 60087, 60104, 60153, 60160, 60402, 60406, 60409, 60411, 60419, 60426, 60429, 60431, 60432, 60433, 60441, 60472, 60473, 60505, 60608, 60609, 60612, 60614, 60615, 60616, 60617, 60618, 60619, 60620, 60621, 60622, 60623, 60624, 60628, 60629, 60630, 60632, 62201, 62203, 62204, 62205, 62206, 62207, 62208, 62914, 60636, 60637, 60638, 60639, 60641, 60643, 60644, 60647, 60649, 61101, 61102, 61103, 61104, 61603, 61604, 61605, 60651, 60652, 60653, 60655, 60804, 60827, 61801, 61802, 61820, 61821, 62002, 62040, 62059, 62060, 62071, 62090, 62220, 62522, 62523, 62524, 62525, 62526, 62801, 62963, 62232, and 62234. (105 ILCS 5/2-3.131)

Sec. 2-3.131. Transitional assistance payments.

(a) If the amount that the State Board of Education will pay to a school district from fiscal year 2004 appropriations, as estimated by the State Board of Education on April 1, 2004, is less than the amount that the State Board of Education paid to the school district from fiscal year 2003 appropriations, then, subject to appropriation, the State Board of Education shall make a fiscal year 2004 transitional assistance payment to the school district in an amount equal to the difference between the estimated amount to be paid from fiscal year 2004 appropriations and the amount paid from fiscal year 2003 appropriations.

(b) If the amount that the State Board of Education will pay to a school district from fiscal year 2005 appropriations, as estimated by the State Board of Education on April 1, 2005, is less than the amount that the State Board of Education paid to the school district from fiscal year 2004 appropriations, then the State Board of Education shall make a fiscal year 2005 transitional assistance payment to the school district in an amount equal to the difference between the estimated amount to be paid from fiscal year 2005 appropriations and the amount paid from fiscal year 2004 appropriations.

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school

district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9 and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is \$4,225. For the 1999-2000 school year, the Foundation Level of support is \$4,325. For the 2000-2001 school year, the Foundation Level of support is \$4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is \$4,560. For the 2003-2004 school year, the Foundation Level of support is \$4,810. For the 2004-2005 school year, the Foundation Level of support is \$4,964. For the 2005-2006 school year, the Foundation Level of support is \$5,164. For the 2006-2007 school year, the Foundation Level of support is \$5,334. For the 2007-2008 school year, the Foundation Level of support is \$5,734.

(3) For the ~~2008-2009~~ ~~2007-2008~~ school year and each school year thereafter, the Foundation Level of support is ~~\$5,959~~ ~~\$5,734~~ or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data

for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the elementary and high school classification of the partial elementary unit district multiplied by 2.06% and divided by the Average Daily Attendance figure for grades kindergarten through 8, plus the product of the equalized assessed valuation for property within the high school only classification of the partial elementary unit district multiplied by 0.94% and divided by the Average Daily Attendance figure for grades 9 through 12.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of \$218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year

by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours

fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003 or (ii) \$5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined

under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than \$30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized

Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed \$14,000,000. Claims shall be prorated if they exceed \$14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is

entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, KidCare, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be \$800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be \$1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be \$1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be \$1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to \$1,243, \$1,600, and \$2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be \$1,273, \$1,640, and \$2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be \$355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be \$675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be \$1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be \$1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be \$1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be \$2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be \$355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be \$294.25 added to the product of \$2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year and each school year thereafter through the 2008-2009 ~~2007-2008~~ school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2009-2010 ~~2008-2009~~ school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the ~~2010-2011~~ ~~2009-2010~~ school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as

provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this State, no less than \$261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(I) (Blank).

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training.

[May 31, 2008]

A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board

[May 31, 2008]

shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(N) (Blank).

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(P) Public Act 93-838 and Public Act 93-808 make inconsistent changes to this Section. Under Section 6 of the Statute on Statutes there is an irreconcilable conflict between Public Act 93-808 and Public Act 93-838. Public Act 93-838, being the last acted upon, is controlling. The text of Public Act 93-838 is the law regardless of the text of Public Act 93-808.

(2) planning grants under subsection (d).

The Department may make grants under this Act only to airports that are located completely outside

[May 31, 2008]

of Cook County.

(b) During any one-year period, an airport may receive a grant for only one of the 2 components specified in subsection (a).

(c) Air carrier recruitment and retention program grants.

(1) An airport may receive an air carrier recruitment and retention program grant from the Department only if:

(A) it is capable of supporting takeoffs and landings by aircraft that have at least 19 passenger seats or have made improvements or commitments to the Department to provide this capability; and

(B) it has a commitment from an air carrier to start or continue air service to the community that the airport serves subject to financial support from the State and from the airport or unit of local government that the airport serves. The commitment must specify that the air carrier would not provide or continue to provide service to the community if financial assistance were not available.

(2) An application for an air carrier recruitment and retention program grant must contain commitments from the airport or the unit of local government in which the airport is located as to the amount of the total project cost, the contribution from the unit of local government or airport, the method in which the contribution from the airport or unit of local government will be generated, and the requested State contribution.

(3) The air carrier recruitment and retention program grant shall be used to guarantee the financial viability of air carriers providing reasonable air service at the airport. A grant under this subsection (c) to a particular airport may be in only one of the following 3 forms:

(A) A grant may be used to guarantee that an air carrier shall receive an agreed amount of revenue per flight.

(B) A grant may be used to guarantee a reduced or subsidized consumer ticket price.

(C) A grant may be used to guarantee a profit goal established by the air carrier and airport.

(4) During the first year of a grant under this subsection (c), the grant shall pay 80% of the total cost of the guarantee and the airport or unit of local government in which the airport is located shall pay 20% of the total cost of the guarantee. During the second year of a grant under this subsection (c), the grant shall pay ~~80%~~ 50% of the total cost of the guarantee and the airport or the unit of local government in which the airport is located shall pay ~~20%~~ 50% of the total cost of the guarantee.

(5) The total State funding for a grant under this subsection (c) to a particular airport may not exceed \$1,000,000 in any year.

(6) An airport that has received a 2-year grant under this subsection (c) may apply for another grant for an additional 2-year period; however, the Department shall, in determining whether to make a grant for an additional 2-year period, give priority to other airports that have not previously received a grant under this subsection (c). The Department shall also give priority in making grants under this subsection (c) to airports at which the Department determines that a 2-year grant may result in the creation of stable and reliable commercial air service without an additional grant.

(d) Planning grants. An airport may apply for and receive a planning grant to conduct feasibility studies or business plans designed to study the recruitment, retention, or expansion of an air carrier at the airport. To be eligible for a grant under this subsection (d), the airport must have the potential for initial or expanded air service as the Department determines through its evaluation process. The grant shall pay 70% of the total cost of the feasibility studies or business plans and the airport or the unit of local government in which the airport is located shall pay 30% of the total cost of the feasibility studies or business plans. An airport may receive only one planning grant.

Section 47. The Motor Fuel Tax Law is amended by changing Section 8 as follows:

(35 ILCS 505/8) (from Ch. 120, par. 424)

Sec. 8. Except as provided in Section 8a, subdivision (h)(1) of Section 12a, Section 13a.6, and items 13, 14, 15, and 16 of Section 15, all money received by the Department under this Act, including payments made to the Department by member jurisdictions participating in the International Fuel Tax Agreement, shall be deposited in a special fund in the State treasury, to be known as the "Motor Fuel Tax Fund", and shall be used as follows:

(a) 2 1/2 cents per gallon of the tax collected on special fuel under paragraph (b) of Section 2 and Section 13a of this Act shall be transferred to the State Construction Account Fund in the State Treasury;

(b) \$420,000 shall be transferred each month to the State Boating Act Fund to be used by the Department of Natural Resources for the purposes specified in Article X of the Boat Registration and Safety Act;

(c) \$2,250,000 shall be transferred each month to the Grade Crossing Protection Fund to be used as follows: not less than \$6,000,000 each fiscal year shall be used for the construction or reconstruction of rail highway grade separation structures; \$2,250,000 in fiscal year 2004 and each fiscal year thereafter shall be transferred to the Transportation Regulatory Fund and shall be accounted for as part of the rail carrier portion of such funds and shall be used to pay the cost of administration of the Illinois Commerce Commission's railroad safety program in connection with its duties under subsection (3) of Section 18c-7401 of the Illinois Vehicle Code, with the remainder to be used by the Department of Transportation upon order of the Illinois Commerce Commission, to pay that part of the cost apportioned by such Commission to the State to cover the interest of the public in the use of highways, roads, streets, or pedestrian walkways in the county highway system, township and district road system, or municipal street system as defined in the Illinois Highway Code, as the same may from time to time be amended, for separation of grades, for installation, construction or reconstruction of crossing protection or reconstruction, alteration, relocation including construction or improvement of any existing highway necessary for access to property or improvement of any grade crossing including the necessary highway approaches thereto of any railroad across the highway or public road, or for the installation, construction, reconstruction, or maintenance of a pedestrian walkway over or under a railroad right-of-way, as provided for in and in accordance with Section 18c-7401 of the Illinois Vehicle Code. The Commission shall not order more than \$2,000,000 per year in Grade Crossing Protection Fund moneys for pedestrian walkways. In entering orders for projects for which payments from the Grade Crossing Protection Fund will be made, the Commission shall account for expenditures authorized by the orders on a cash rather than an accrual basis. For purposes of this requirement an "accrual basis" assumes that the total cost of the project is expended in the fiscal year in which the order is entered, while a "cash basis" allocates the cost of the project among fiscal years as expenditures are actually made. To meet the requirements of this subsection, the Illinois Commerce Commission shall develop annual and 5-year project plans of rail crossing capital improvements that will be paid for with moneys from the Grade Crossing Protection Fund. The annual project plan shall identify projects for the succeeding fiscal year and the 5-year project plan shall identify projects for the 5 directly succeeding fiscal years. The Commission shall submit the annual and 5-year project plans for this Fund to the Governor, the President of the Senate, the Senate Minority Leader, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives on the first Wednesday in April of each year;

[May 31, 2008]

(2) the costs of the Department of Transportation in performing its duties imposed by the Illinois Highway Code for supervising the use of motor fuel tax funds apportioned to municipalities, counties and road districts;

(3) refunds provided for in Section 13 of this Act and under the terms of the International Fuel Tax Agreement referenced in Section 14a;

(4) from October 1, 1985 until June 30, 1994, the administration of the Vehicle Emissions Inspection Law, which amount shall be certified monthly by the Environmental Protection Agency to the State Comptroller and shall promptly be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund to the Vehicle Inspection Fund, and for the period July 1, 1994 through June 30, 2000, one-twelfth of \$25,000,000 each month, for the period July 1, 2000 through June 30, 2003, one-twelfth of \$30,000,000 each month, and \$15,000,000 on July 1, 2003, and \$15,000,000 on January 1, 2004, and \$15,000,000 on each July 1 and October 1, or as soon thereafter as may be practical, during the period July 1, 2004 through June 30, ~~2009~~ ~~2008~~, for the administration of the Vehicle Emissions Inspection Law of ~~2005~~ ~~1995~~, to be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund into the Vehicle Inspection Fund;

(5) amounts ordered paid by the Court of Claims; and

(6) payment of motor fuel use taxes due to member jurisdictions under the terms of the International Fuel Tax Agreement. The Department shall certify these amounts to the Comptroller by the 15th day of each month; the Comptroller shall cause orders to be drawn for such amounts, and the Treasurer shall administer those amounts on or before the last day of each month;

(e) after allocations for the purposes set forth in subsections (a), (b), (c) and (d), the remaining amount shall be apportioned as follows:

(1) Until January 1, 2000, 58.4%, and beginning January 1, 2000, 45.6% shall be deposited as follows:

(A) 37% into the State Construction Account Fund, and

(B) 63% into the Road Fund, \$1,250,000 of which shall be reserved each month for the Department of Transportation to be used in accordance with the provisions of Sections 6-901 through 6-906 of the Illinois Highway Code;

(2) Until January 1, 2000, 41.6%, and beginning January 1, 2000, 54.4% shall be transferred to the Department of Transportation to be distributed as follows:

(A) 49.10% to the municipalities of the State,

(B) 16.74% to the counties of the State having 1,000,000 or more inhabitants,

(C) 18.27% to the counties of the State having less than 1,000,000 inhabitants,

(D) 15.89% to the road districts of the State.

As soon as may be after the first day of each month the Department of Transportation shall allot to each municipality its share of the amount apportioned to the several municipalities which shall be in proportion to the population of such municipalities as determined by the last preceding municipal census if conducted by the Federal Government or Federal census. If territory is annexed to any municipality subsequent to the time of the last preceding census the corporate authorities of such municipality may cause a census to be taken of such annexed territory and the population so ascertained for such territory shall be added to the population of the municipality as determined by the last preceding census for the purpose of determining the allotment for that municipality. If the population of any municipality was not determined by the last Federal census preceding any apportionment, the apportionment to such municipality shall be in accordance with any census taken by such municipality. Any municipal census used in accordance with this Section shall be certified to the Department of Transportation by the clerk of such municipality, and the accuracy thereof shall be subject to approval of the Department which may make such corrections as it ascertains to be necessary.

As soon as may be after the first day of each month the Department of Transportation shall allot to each county its share of the amount apportioned to the several counties of the State as herein provided. Each allotment to the several counties having less than 1,000,000 inhabitants shall be in proportion to the amount of motor vehicle license fees received from the residents of such counties, respectively, during the preceding calendar year. The Secretary of State shall, on or before April 15 of each year, transmit to the Department of Transportation a full and complete report showing the amount of motor vehicle license fees received from the residents of each county, respectively, during the preceding calendar year. The Department of Transportation shall, each month, use for allotment purposes the last such report received from the Secretary of State.

As soon as may be after the first day of each month, the Department of Transportation shall allot to the several counties their share of the amount apportioned for the use of road districts. The allotment shall be apportioned among the several counties in the State in the proportion which the total mileage of township or district roads in the respective counties bears to the total mileage of all township and district roads in the State. Funds allotted to the respective counties for the use of road districts therein shall be allocated to the several road districts in the county in the proportion which the total mileage of such township or district roads in the respective road districts bears to the total mileage of all such township or district roads in the county. After July 1 of any year, no allocation shall be made for any road district unless it levied a tax for road and bridge purposes in an amount which will require the extension of such tax against the taxable property in any such road district at a rate of not less than either .08% of the value thereof, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less. If any road district has levied a special tax for road purposes pursuant to Sections 6-601, 6-602 and 6-603 of the Illinois Highway Code, and such tax was levied in an amount which would require extension at a rate of not less than .08% of the value of the taxable property thereof, as equalized or assessed by the Department of Revenue, or, in DuPage County, an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less, such levy shall, however, be deemed a proper compliance with this Section and shall qualify such road district for an allotment under this Section. If a township has transferred to the road and bridge fund money which, when added to the amount of any tax levy of the road district would be the equivalent of a tax levy requiring extension at a rate of at least .08%, or, in DuPage County, an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less, such transfer, together with any such tax levy, shall be deemed a proper compliance with this Section and shall qualify the road district for an allotment under this Section.

In counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law, road districts may retain their entitlement to a motor fuel tax allotment if, at the time the property tax extension limitation was imposed, the road district was levying a road and bridge tax at a rate sufficient to entitle it to a motor fuel tax allotment and continues to levy the maximum allowable amount after the imposition of the property tax extension limitation. Any road district may in all circumstances retain its entitlement to a motor fuel tax allotment if it levied a road and bridge tax in an amount that will require the extension of the tax against the taxable property in the road district at a rate of not less than 0.08% of the assessed value of the property, based upon the assessment for the year immediately preceding the year in which the tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less.

As used in this Section the term "road district" means any road district, including a county unit road district, provided for by the Illinois Highway Code; and the term "township or district road" means any road in the township and district road system as defined in the Illinois Highway Code. For the purposes of this Section, "road district" also includes park districts, forest preserve districts and conservation districts organized under Illinois law and "township or district road" also includes such roads as are maintained by park districts, forest preserve districts and conservation districts. The Department of Transportation shall determine the mileage of all township and district roads for the purposes of making allotments and allocations of motor fuel tax funds for use in road districts.

Payment of motor fuel tax moneys to municipalities and counties shall be made as soon as possible after the allotment is made. The treasurer of the municipality or county may invest these funds until their use is required and the interest earned by these investments shall be limited to the same uses as the principal funds.

appropriations.

(b) If the amount that the State Board of Education will pay to a school district from fiscal year 2005 appropriations, as estimated by the State Board of Education on April 1, 2005, is less than the amount that the State Board of Education paid to the school district from fiscal year 2004 appropriations, then the State Board of Education shall make a fiscal year 2005 transitional assistance payment to the school district in an amount equal to the difference between the estimated amount to be paid from fiscal year 2005 appropriations and the amount paid from fiscal year 2004 appropriations.

(c) If the amount that the State Board of Education will pay to a school district from fiscal year 2006 appropriations, as estimated by the State Board of Education on April 1, 2006, is less than the amount that the State Board of Education paid to the school district from fiscal year 2005 appropriations, then the State Board of Education shall make a fiscal year 2006 transitional assistance payment to the school district in an amount equal to the difference between the estimated amount to be paid from fiscal year 2006 appropriations and the amount paid from fiscal year 2005 appropriations.

(d) If the amount that the State Board of Education will pay to a school district from fiscal year 2007 appropriations, as estimated by the State Board of Education on April 1, 2007, is less than the amount that the State Board of Education paid to the school district from fiscal year 2006 appropriations, then the State Board of Education, subject to appropriation, shall make a fiscal year 2007 transitional assistance payment to the school district in an amount equal to the difference between the estimated amount to be paid from fiscal year 2007 appropriations and the amount paid from fiscal year 2006 appropriations.

(e) Subject to appropriation, beginning on July 1, 2007, the State Board of Education shall adjust prior year information for the transitional assistance calculations under this Section in the event of the creation or reorganization of any school district pursuant to Article 11E of this Code, the dissolution of an entire district and the annexation of all of its territory to one or more other districts pursuant to Article 7 of this Code, or a boundary change whereby the enrollment of the annexing district increases by 90% or more as a result of annexing territory detached from another district pursuant to Article 7 of this Code.

(f) If the amount that the State Board of Education will pay to a school district from fiscal year 2008 appropriations, as estimated by the State Board of Education on April 1, 2008, is less than the amount that the State Board of Education paid to the school district from fiscal year 2007 appropriations, then the State Board of Education, subject to appropriation, shall make a fiscal year 2008 transitional assistance payment to the school district in an amount equal to the difference between the estimated amount to be paid from fiscal year 2008 appropriations and the amount paid from fiscal year 2007 appropriations.

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same

[May 31, 2008]

line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9 and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is \$4,225. For the 1999-2000 school year, the Foundation Level of support is \$4,325. For the 2000-2001 school year, the Foundation Level of support is \$4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is \$4,560. For the 2003-2004 school year, the Foundation Level of support is \$4,810. For the 2004-2005 school year, the Foundation Level of support is \$4,964. For the 2005-2006 school year, the Foundation Level of support is \$5,164. For the 2006-2007 school year, the Foundation Level of support is \$5,334. For the 2007-2008 school year, the Foundation Level of support is \$5,734.

(3) For the 2008-2009 ~~2007-2008~~ school year and each school year thereafter, the Foundation Level of support is \$5,959 ~~\$5,734~~ or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily

Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the elementary and high school classification of the partial elementary unit district multiplied by 2.06% and divided by the Average Daily Attendance figure for grades kindergarten through 8, plus the product of the equalized assessed valuation for property within the high school only classification of the partial elementary unit district multiplied by 0.94% and divided by the Average Daily Attendance figure for grades 9 through 12.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation

Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of \$218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district

conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003 or (ii) \$5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. The county

clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than \$30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed \$14,000,000. Claims shall be prorated if they exceed \$14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose

boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, KidCare, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be \$800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be \$1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be \$1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be \$1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to \$1,243, \$1,600, and \$2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be \$1,273, \$1,640, and \$2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be \$355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be \$675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be \$1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be \$1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be \$1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be \$2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the

grant for each school year shall be \$355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be \$294.25 added to the product of \$2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year and each school year thereafter through the ~~2008-2009~~ ~~2007-2008~~ school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the ~~2009-2010~~ ~~2008-2009~~ school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the ~~2010-2011~~ ~~2009-2010~~ school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than \$261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan

shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(I) (Blank).

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a

[May 31, 2008]

public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary

[May 31, 2008]

appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(N) (Blank).

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(P) Public Act 93-838 and Public Act 93-808 make inconsistent changes to this Section. Under Section 6 of the Statute on Statutes there is an irreconcilable conflict between Public Act 93-808 and Public Act 93-838. Public Act 93-838, being the last acted upon, is controlling. The text of Public Act 93-838 is the law regardless of the text of Public Act 93-808.

Section 60. The Illinois Public Aid Code is amended by changing Sections 4-2, 5-5.4, 12-4.11, and 12-10.7 and by adding Sections 5-5.26, 12-10.7a, and 12-10.9 as follows:

(305 ILCS 5/4-2) (from Ch. 23, par. 4-2)

Sec. 4-2. Amount of aid.

(a) The amount and nature of financial aid shall be determined in accordance with the grant amounts, rules and regulations of the Illinois Department. Due regard shall be given to the self-sufficiency requirements of the family and to the income, money contributions and other support and resources available, from whatever source. However, the amount and nature of any financial aid is not affected by the payment of any grant under the "Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act" or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act. The aid shall be sufficient, when added to all other income, money contributions and support to provide the family with a grant in the amount established by Department regulation. Beginning July 1, 2008, the Department of Human Services shall increase TANF grant amounts in effect on June 30, 2008 by 9%.

(b) The Illinois Department may conduct special projects, which may be known as Grant Diversion Projects, under which recipients of financial aid under this Article are placed in jobs and their grants are diverted to the employer who in turn makes payments to the recipients in the form of salary or other employment benefits. The Illinois Department shall by rule specify the terms and conditions of such Grant Diversion Projects. Such projects shall take into consideration and be coordinated with the programs administered under the Illinois Emergency Employment Development Act.

(c) The amount and nature of the financial aid for a child requiring care outside his own home shall be determined in accordance with the rules and regulations of the Illinois Department, with due regard to the needs and requirements of the child in the foster home or institution in which he has been placed.

(d) If the Department establishes grants for family units consisting exclusively of a pregnant woman with no dependent child or including her husband if living with her, the grant amount for such a unit shall be equal to the grant amount for an assistance unit consisting of one adult, or 2 persons if the husband is included. Other than as herein described, an unborn child shall not be counted in determining the size of an assistance unit or for calculating grants.

Payments for basic maintenance requirements of a child or children and the relative with whom the child or children are living shall be prescribed, by rule, by the Illinois Department.

[May 31, 2008]

Grants under this Article shall not be supplemented by General Assistance provided under Article VI.

(e) Grants shall be paid to the parent or other person with whom the child or children are living, except for such amount as is paid in behalf of the child or his parent or other relative to other persons or agencies pursuant to this Code or the rules and regulations of the Illinois Department.

(f) Subject to subsection (f-5), an assistance unit, receiving financial aid under this Article or temporarily ineligible to receive aid under this Article under a penalty imposed by the Illinois Department for failure to comply with the eligibility requirements or that voluntarily requests termination of financial assistance under this Article and becomes subsequently eligible for assistance within 9 months, shall not receive any increase in the amount of aid solely on account of the birth of a child; except that an increase is not prohibited when the birth is (i) of a child of a pregnant woman who became eligible for aid under this Article during the pregnancy, or (ii) of a child born within 10 months after the date of implementation of this subsection, or (iii) of a child conceived after a family became ineligible for assistance due to income or marriage and at least 3 months of ineligibility expired before any reapplication for assistance. This subsection does not, however, prevent a unit from receiving a general increase in the amount of aid that is provided to all recipients of aid under this Article.

The Illinois Department is authorized to transfer funds, and shall use any budgetary savings attributable to not increasing the grants due to the births of additional children, to supplement existing funding for employment and training services for recipients of aid under this Article IV. The Illinois Department shall target, to the extent the supplemental funding allows, employment and training services to the families who do not receive a grant increase after the birth of a child. In addition, the Illinois Department shall provide, to the extent the supplemental funding allows, such families with up to 24 months of transitional child care pursuant to Illinois Department rules. All remaining supplemental funds shall be used for employment and training services or transitional child care support.

In making the transfers authorized by this subsection, the Illinois Department shall first determine, pursuant to regulations adopted by the Illinois Department for this purpose, the amount of savings attributable to not increasing the grants due to the births of additional children. Transfers may be made from General Revenue Fund appropriations for distributive purposes authorized by Article IV of this Code only to General Revenue Fund appropriations for employability development services including operating and administrative costs and related distributive purposes under Article IXA of this Code. The Director, with the approval of the Governor, shall certify the amount and affected line item appropriations to the State Comptroller.

Nothing in this subsection shall be construed to prohibit the Illinois Department from using funds under this Article IV to provide assistance in the form of vouchers that may be used to pay for goods and services deemed by the Illinois Department, by rule, as suitable for the care of the child such as diapers, clothing, school supplies, and cribs.

(f-5) Subsection (f) shall not apply to affect the monthly assistance amount of any family as a result of the birth of a child on or after January 1, 2004. As resources permit after January 1, 2004, the Department may cease applying subsection (f) to limit assistance to families receiving assistance under this Article on January 1, 2004, with respect to children born prior to that date. In any event, subsection (f) shall be completely inoperative on and after July 1, 2007.

(g) (Blank).

(h) Notwithstanding any other provision of this Code, the Illinois Department is authorized to reduce payment levels used to determine cash grants under this Article after December 31 of any fiscal year if the Illinois Department determines that the caseload upon which the appropriations for the current fiscal year are based have increased by more than 5% and the appropriation is not sufficient to ensure that cash benefits under this Article do not exceed the amounts appropriated for those cash benefits. Reductions in payment levels may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply and the provisions of Sections 5-115 and 5-125 of the Illinois Administrative Procedure Act shall not apply. Increases in payment levels shall be accomplished only in accordance with Section 5-40 of the Illinois Administrative Procedure Act. Before any rule to increase payment levels promulgated under this Section shall become effective, a joint resolution approving the rule must be adopted by a roll call vote by a majority of the members elected to each chamber of the General Assembly.

(305 ILCS 5/5-5.4) (from Ch. 23, par. 5-5.4)

Sec. 5-5.4. Standards of Payment - Department of Healthcare and Family Services. The Department of Healthcare and Family Services shall develop standards of payment of skilled nursing and intermediate care services in facilities providing such services under this Article which:

(1) Provide for the determination of a facility's payment for skilled nursing and intermediate care services on a prospective basis. The amount of the payment rate for all nursing facilities certified by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities, Long Term Care for Under Age 22 facilities, Skilled Nursing facilities, or Intermediate Care facilities under the medical assistance program shall be prospectively established annually on the basis of historical, financial, and statistical data reflecting actual costs from prior years, which shall be applied to the current rate year and updated for inflation, except that the capital cost element for newly constructed facilities shall be based upon projected budgets. The annually established payment rate shall take effect on July 1 in 1984 and subsequent years. No rate increase and no update for inflation shall be provided on or after July 1, 1994 and before July 1, 2009, unless specifically provided for in this Section. The changes made by Public Act 93-841 extending the duration of the prohibition against a rate increase or update for inflation are effective retroactive to July 1, 2004.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1998 shall include an increase of 3%. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1998 shall include an increase of 3% plus \$1.10 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care Facilities for the Developmentally Disabled or Long Term Care for Under Age 22 facilities, the rates taking effect on January 1, 2006 shall include an increase of 3%. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care Facilities for the Developmentally Disabled or Long Term Care for Under Age 22 facilities, the rates taking effect on January 1, 2009 shall include an increase sufficient to provide a \$0.50 per hour wage increase for non-executive staff.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% plus \$3.00 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% and, for services provided on or after October 1, 1999, shall be increased by \$4.00 per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, a new payment methodology must be implemented for the nursing component of the rate effective July 1, 2003. The Department of Public Aid (now Healthcare and Family Services) shall develop the new payment methodology using the Minimum Data Set (MDS) as the instrument to collect information concerning nursing home resident condition necessary to compute the rate. The Department shall develop the new payment methodology to meet the unique needs of Illinois nursing home residents while remaining subject to the appropriations provided by the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in effect on July 1, 2003 shall be provided for a period not exceeding 3 years and 184 days after implementation of the new payment methodology as follows:

(A) For a facility that would receive a lower nursing component rate per patient day under the new system than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be held at the level in effect on the date immediately preceding the date that the Department implements the new payment methodology until a higher nursing component rate of reimbursement is achieved by that facility.

(B) For a facility that would receive a higher nursing component rate per patient day under the payment methodology in effect on July 1, 2003 than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be adjusted.

(C) Notwithstanding paragraphs (A) and (B), the nursing component rate per patient day for the facility shall be adjusted subject to appropriations provided by the General Assembly.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on March 1, 2001 shall include a statewide increase of 7.85%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the numerator of the ratio used by the Department of Healthcare and Family Services to compute the rate payable under this Section using the Minimum Data Set (MDS) methodology shall incorporate the following annual amounts as the additional funds appropriated to the Department specifically to pay for rates based on the MDS nursing component methodology in excess of the funding in effect on December 31, 2006:

(i) For rates taking effect January 1, 2007, \$60,000,000.

(ii) For rates taking effect January 1, 2008, \$110,000,000.

(iii) For rates taking effect January 1, 2009, \$194,000,000.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the support component of the rates taking effect on January 1, 2008 shall be computed using the most recent cost reports on file with the Department of Healthcare and Family Services no later than April 1, 2005, updated for inflation to January 1, 2006.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on April 1, 2002 shall include a statewide increase of 2.0%, as defined by the Department. This increase terminates on July 1, 2002; beginning July 1, 2002 these rates are reduced to the level of the rates in effect on March 31, 2002, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on July 1, 2001 shall be computed using the most recent cost reports on file with the Department of Public Aid no later than April 1, 2000, updated for inflation to January 1, 2001. For rates effective July 1, 2001 only, rates shall be the greater of the rate computed for July 1, 2001 or the rate effective on June 30, 2001.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the Illinois Department shall determine by rule the rates taking effect on July 1, 2002, which shall be 5.9% less than the rates in effect on June 30, 2002.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, if the payment methodologies required under Section 5A-12 and the waiver granted under 42 CFR 433.68 are approved by the United States Centers for Medicare and Medicaid Services, the rates taking effect on July 1, 2004 shall be 3.0% greater than the rates in effect on June 30, 2004. These rates shall take effect only upon approval and implementation of the payment methodologies required under Section 5A-12.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on January 1, 2005 shall be 3% more than the rates in effect on December 31, 2004.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2009, the per diem support component of the rates effective on January 1, 2008, computed using the most recent cost reports on file with the Department of Healthcare and Family Services no later than April 1, 2005, updated for inflation to January 1, 2006, shall be increased to the amount that would have been derived using standard Department of Healthcare and Family Services methods, procedures, and inflators.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as intermediate care facilities that are federally defined as Institutions for Mental Disease, a socio-development component rate equal to 6.6% of the facility's nursing component rate as of January 1, 2006 shall be established and paid effective July 1, 2006. The socio-development component of the rate shall be increased by a factor of 2.53 on the first day of the month that begins at least 45 days after January 11, 2008 (the effective date of Public Act 95-707). As of August 1, 2008, the socio-development component rate shall be equal to 6.6% of the facility's nursing component rate as of January 1, 2006, multiplied by a factor of 3.53 ~~the effective date of this amendatory~~

Act of the 95th General Assembly. The Illinois Department may by rule adjust these socio-development component rates, but in no case may such rates be diminished.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or as long-term care facilities for residents under 22 years of age, the rates taking effect on July 1, 2003 shall include a statewide increase of 4%, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on the first day of the month that begins at least 45 days after the effective date of this amendatory Act of the 95th General Assembly shall include a statewide increase of 2.5%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2005, facility rates shall be increased by the difference between (i) a facility's per diem property, liability, and malpractice insurance costs as reported in the cost report filed with the Department of Public Aid and used to establish rates effective July 1, 2001 and (ii) those same costs as reported in the facility's 2002 cost report. These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(2) Shall take into account the actual costs incurred by facilities in providing services for recipients of skilled nursing and intermediate care services under the medical assistance program.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

The Department of Healthcare and Family Services shall develop precise standards for payments to reimburse nursing facilities for any utilization of appropriate rehabilitative personnel for the provision of rehabilitative services which is authorized by federal regulations, including reimbursement for services provided by qualified therapists or qualified assistants, and which is in accordance with accepted professional practices. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

Sec. 5-5.26. Multiple sclerosis; home services; waiver. The Department of Healthcare and Family Services shall apply for a waiver of federal law and regulations to the extent necessary to claim federal financial participation for medical assistance for services provided under the Department of Human Services' Home Services Program for persons with multiple sclerosis who are (i) over 60 years of age, and (ii) have assets not exceeding \$17,500. In determining whether a person's assets meet this requirement, the Department must disregard retirement assets up to a total of \$500,000 and disregard all life insurance assets.

(305 ILCS 5/12-4.11) (from Ch. 23, par. 12-4.11)

Sec. 12-4.11. Grant amounts. The Department, with due regard for and subject to budgetary limitations, shall establish grant amounts for each of the programs, by regulation. The grant amounts may vary by program, size of assistance unit and geographic area.

Aid payments shall not be reduced except: (1) for changes in the cost of items included in the grant amounts, or (2) for changes in the expenses of the recipient, or (3) for changes in the income or

[May 31, 2008]

resources available to the recipient, or (4) for changes in grants resulting from adoption of a consolidated grant amount. Beginning July 1, 2008, the Department of Human Services shall increase TANF grant amounts in effect on June 30, 2008 by 9%.

In fixing standards to govern payments or reimbursements for funeral and burial expenses, the Department shall establish a minimum allowable amount of not less than \$1,000 for Department payment of funeral services and not less than \$500 for Department payment of burial or cremation services. On January 1, 2006, July 1, 2006, and July 1, 2007, the Department shall increase the minimum reimbursement amount for funeral and burial expenses under this Section by a percentage equal to the percentage increase in the Consumer Price Index for All Urban Consumers, if any, during the 12 months immediately preceding that January 1 or July 1. In establishing the minimum allowable amount, the Department shall take into account the services essential to a dignified, low-cost (i) funeral and (ii) burial or cremation, including reasonable amounts that may be necessary for burial space and cemetery charges, and any applicable taxes or other required governmental fees or charges. If no person has agreed to pay the total cost of the (i) funeral and (ii) burial or cremation charges, the Department shall pay the vendor the actual costs of the (i) funeral and (ii) burial or cremation, or the minimum allowable amount for each service as established by the Department, whichever is less, provided that the Department reduces its payments by the amount available from the following sources: the decedent's assets and available resources and the anticipated amounts of any death benefits available to the decedent's estate, and amounts paid and arranged to be paid by the decedent's legally responsible relatives. A legally responsible relative is expected to pay (i) funeral and (ii) burial or cremation expenses unless financially unable to do so.

Nothing contained in this Section or in any other Section of this Code shall be construed to prohibit the Illinois Department (1) from consolidating existing standards on the basis of any standards which are or were in effect on, or subsequent to July 1, 1969, or (2) from employing any consolidated standards in determining need for public aid and the amount of money payment or grant for individual recipients or recipient families.

(b) Subject to appropriation, the moneys in the Fund shall be used by a State agency for such purposes as that agency may, by the appropriation language, be directed.

Section 70. The Illinois Affordable Housing Act is amended by changing Section 8 as follows:

(310 ILCS 65/8) (from Ch. 67 1/2, par. 1258)

Sec. 8. Uses of Trust Fund.

(a) Subject to annual appropriation to the Funding Agent and subject to the prior dedication, allocation, transfer and use of Trust Fund Moneys as provided in Sections 8(b), 8(c) and 9 of this Act, the Trust Fund may be used to make grants, mortgages, or other loans to acquire, construct, rehabilitate, develop, operate, insure, and retain affordable single-family and multi-family housing in this State for low-income and very low-income households. The majority of monies appropriated to the Trust Fund in any given year are to be used for affordable housing for very low-income households. For the fiscal years 2007, ~~and 2008~~ and 2009 only, the Department of Human Services is authorized to receive appropriations and spend moneys from the Illinois Affordable Housing Trust Fund for the purpose of developing and coordinating public and private resources targeted to meet the affordable housing needs of low-income, very low-income, and special needs households in the State of Illinois.

A message from the House by

[May 31, 2008]

Mr. Mahoney, Clerk:

Mr. President -- I am directed to inform the Senate that the House of Representatives has concurred with the Senate in the passage of a bill of the following title, to-wit:

SENATE BILL NO. 1415

A bill for AN ACT concerning public aid.

Together with the following amendment which is attached, in the adoption of which I am instructed to ask the concurrence of the Senate, to-wit:

House Amendment No. 2 to SENATE BILL NO. 1415

Passed the House, as amended, May 31, 2008.

MARK MAHONEY, Clerk of the House

AMENDMENT NO. 2 TO SENATE BILL 1415

AMENDMENT NO. 2. Amend Senate Bill 1415 by replacing everything after the enacting clause with the following:

"Section 5. The Illinois Public Aid Code is amended by changing Sections 4-2, 5-2, and 12-4.11 as follows:

(305 ILCS 5/4-2) (from Ch. 23, par. 4-2)

Sec. 4-2. Amount of aid.

(a) The amount and nature of financial aid shall be determined in accordance with the grant amounts, rules and regulations of the Illinois Department. Due regard shall be given to the self-sufficiency requirements of the family and to the income, money contributions and other support and resources available, from whatever source. However, the amount and nature of any financial aid is not affected by the payment of any grant under the "Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act" or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act. The aid shall be sufficient, when added to all other income, money contributions and support to provide the family with a grant in the amount established by Department regulation.

Subject to appropriation, beginning on July 1, 2008, the Department of Human Services shall increase TANF grant amounts in effect on June 30, 2008 by 15%. The Department is authorized to administer this increase but may not otherwise adopt any rule to implement this increase.

(b) The Illinois Department may conduct special projects, which may be known as Grant Diversion Projects, under which recipients of financial aid under this Article are placed in jobs and their grants are diverted to the employer who in turn makes payments to the recipients in the form of salary or other employment benefits. The Illinois Department shall by rule specify the terms and conditions of such Grant Diversion Projects. Such projects shall take into consideration and be coordinated with the programs administered under the Illinois Emergency Employment Development Act.

(c) The amount and nature of the financial aid for a child requiring care outside his own home shall be determined in accordance with the rules and regulations of the Illinois Department, with due regard to the needs and requirements of the child in the foster home or institution in which he has been placed.

(d) If the Department establishes grants for family units consisting exclusively of a pregnant woman with no dependent child or including her husband if living with her, the grant amount for such a unit shall be equal to the grant amount for an assistance unit consisting of one adult, or 2 persons if the husband is included. Other than as herein described, an unborn child shall not be counted in determining the size of an assistance unit or for calculating grants.

Payments for basic maintenance requirements of a child or children and the relative with whom the child or children are living shall be prescribed, by rule, by the Illinois Department.

Grants under this Article shall not be supplemented by General Assistance provided under Article VI.

(e) Grants shall be paid to the parent or other person with whom the child or children are living, except for such amount as is paid in behalf of the child or his parent or other relative to other persons or agencies pursuant to this Code or the rules and regulations of the Illinois Department.

(f) Subject to subsection (f-5), an assistance unit, receiving financial aid under this Article or temporarily ineligible to receive aid under this Article under a penalty imposed by the Illinois Department for failure to comply with the eligibility requirements or that voluntarily requests termination of financial assistance under this Article and becomes subsequently eligible for assistance within 9 months, shall not receive any increase in the amount of aid solely on account of the birth of a child; except that an increase is not prohibited when the birth is (i) of a child of a pregnant woman who became eligible for aid under this Article during the pregnancy, or (ii) of a child born within 10 months

[May 31, 2008]

after the date of implementation of this subsection, or (iii) of a child conceived after a family became ineligible for assistance due to income or marriage and at least 3 months of ineligibility expired before any reapplication for assistance. This subsection does not, however, prevent a unit from receiving a general increase in the amount of aid that is provided to all recipients of aid under this Article.

The Illinois Department is authorized to transfer funds, and shall use any budgetary savings attributable to not increasing the grants due to the births of additional children, to supplement existing funding for employment and training services for recipients of aid under this Article IV. The Illinois Department shall target, to the extent the supplemental funding allows, employment and training services to the families who do not receive a grant increase after the birth of a child. In addition, the Illinois Department shall provide, to the extent the supplemental funding allows, such families with up to 24 months of transitional child care pursuant to Illinois Department rules. All remaining supplemental funds shall be used for employment and training services or transitional child care support.

In making the transfers authorized by this subsection, the Illinois Department shall first determine, pursuant to regulations adopted by the Illinois Department for this purpose, the amount of savings attributable to not increasing the grants due to the births of additional children. Transfers may be made from General Revenue Fund appropriations for distributive purposes authorized by Article IV of this Code only to General Revenue Fund appropriations for employability development services including operating and administrative costs and related distributive purposes under Article IXA of this Code. The Director, with the approval of the Governor, shall certify the amount and affected line item appropriations to the State Comptroller.

Nothing in this subsection shall be construed to prohibit the Illinois Department from using funds under this Article IV to provide assistance in the form of vouchers that may be used to pay for goods and services deemed by the Illinois Department, by rule, as suitable for the care of the child such as diapers, clothing, school supplies, and cribs.

(f-5) Subsection (f) shall not apply to affect the monthly assistance amount of any family as a result of the birth of a child on or after January 1, 2004. As resources permit after January 1, 2004, the Department may cease applying subsection (f) to limit assistance to families receiving assistance under this Article on January 1, 2004, with respect to children born prior to that date. In any event, subsection (f) shall be completely inoperative on and after July 1, 2007.

(g) (Blank).

(h) Notwithstanding any other provision of this Code, the Illinois Department is authorized to reduce payment levels used to determine cash grants under this Article after December 31 of any fiscal year if the Illinois Department determines that the caseload upon which the appropriations for the current fiscal year are based have increased by more than 5% and the appropriation is not sufficient to ensure that cash benefits under this Article do not exceed the amounts appropriated for those cash benefits. Reductions in payment levels may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply and the provisions of Sections 5-115 and 5-125 of the Illinois Administrative Procedure Act shall not apply. Increases in payment levels shall be accomplished only in accordance with Section 5-40 of the Illinois Administrative Procedure Act. Before any rule to increase payment levels promulgated under this Section shall become effective, a joint resolution approving the rule must be adopted by a roll call vote by a majority of the members elected to each chamber of the General Assembly.

AMENDMENT NO. 2 TO SENATE BILL 2702

AMENDMENT NO. 2. Amend Senate Bill 2702, AS AMENDED, by replacing everything after the enacting clause with the following:

"Section 5. The Illinois Horse Racing Act of 1975 is amended by adding Section 54.75 as follows:
(230 ILCS 5/54.75 new)

Sec. 54.75. Horse Racing Equity Trust Fund.

(a) There is created a Fund to be known as the Horse Racing Equity Trust Fund, which is a non-appropriated trust fund held separate and apart from State moneys. The Fund shall consist of moneys paid into it by owners licensees under the Riverboat Gambling Act for the purposes described in this Section. The Fund shall be administered by the Board. Moneys in the Fund shall be distributed as directed and certified by the Board in accordance with the provisions of subsection (b).

(b) The moneys deposited into the Fund, plus any accrued interest on those moneys, shall be distributed within 10 days after those moneys are deposited into the Fund as follows:

(1) Sixty percent of all moneys distributed under this subsection shall be distributed to organization licensees to be distributed at their race meetings as purses. Fifty-seven percent of the amount distributed under this paragraph (1) shall be distributed for thoroughbred race meetings and 43% shall be distributed for standardbred race meetings. Within each breed, moneys shall be allocated to each organization licensee's purse fund in accordance with the ratio between the purses generated for that breed by that licensee during the prior calendar year and the total purses generated throughout the State for that breed during the prior calendar year by licensees in the current calendar year.

(2) The remaining 40% of the moneys distributed under this subsection (b) shall be distributed as follows:

(A) 11% shall be distributed to any person (or its successors or assigns) who had operating control of a racetrack that conducted live racing in 2002 at a racetrack in a county with at least 230,000 inhabitants that borders the Mississippi River and is a licensee in the current year; and

(B) the remaining 89% shall be distributed pro rata according to the aggregate proportion of total handle from wagering on live races conducted in Illinois (irrespective of where the wagers are placed) for calendar years 2004 and 2005 to any person (or its successors or assigns) who (i) had majority operating control of a racing facility at which live racing was conducted in calendar year 2002, (ii) is a licensee in the current year, and (iii) is not eligible to receive moneys under subparagraph (A) of this paragraph (2).

The moneys received by an organization licensee under this paragraph (2) shall be used by each organization licensee to improve, maintain, market, and otherwise operate its racing facilities to conduct live racing, which shall include backstretch services and capital improvements related to live racing and the backstretch. Any organization licensees sharing common ownership may pool the moneys received and spent at all racing facilities commonly owned in order to meet these requirements.

If any person identified in this paragraph (2) becomes ineligible to receive moneys from the Fund, such amount shall be redistributed among the remaining persons in proportion to their percentages otherwise calculated.

(c) The Board shall monitor organization licensees to ensure that moneys paid to organization licensees under this Section are distributed by the organization licensees as provided in subsection (b).

(d) This Section is repealed on July 1, 2011.

Section 10. The Riverboat Gambling Act is amended by changing Sections 7 and 13 as follows:
(230 ILCS 10/7) (from Ch. 120, par. 2407)

Sec. 7. Owners Licenses.

(a) The Board shall issue owners licenses to persons, firms or corporations which apply for such licenses upon payment to the Board of the non-refundable license fee set by the Board, upon payment of a \$25,000 license fee for the first year of operation and a \$5,000 license fee for each succeeding year and upon a determination by the Board that the applicant is eligible for an owners license pursuant to this Act and the rules of the Board. From the effective date of this amendatory Act of the 95th General Assembly

[May 31, 2008]

until (i) June 30, 2011, (ii) the date any organization licensee begins to operate a slot machine or video game of chance under the Illinois Horse Racing Act of 1975 or this Act, (iii) the date that payments begin under subsection (c-5) of Section 13 of the Act, or (iv) the wagering tax imposed under Section 13 of this Act is increased by law to reflect a tax rate that is at least as stringent or more stringent than the tax rate contained in subsection (a-3) of Section 13, whichever occurs first For a period of 2 years beginning on the effective date of this amendatory Act of the 94th General Assembly, as a condition of licensure and as an alternative source of payment for those funds payable under subsection (c-5) of Section 13 of the Riverboat Gambling Act, any owners licensee that holds or receives its owners license on or after the effective date of this amendatory Act of the 94th General Assembly, other than an owners licensee operating a riverboat with adjusted gross receipts in calendar year 2004 of less than \$200,000,000, must pay into the Horse Racing Equity Trust Fund, in addition to any other payments required under this Act, an amount equal to 3% of the adjusted gross receipts received by the owners licensee. The payments required under this Section shall be made by the owners licensee to the State Treasurer no later than 3:00 o'clock p.m. of the day after the day when the adjusted gross receipts were received by the owners licensee. A person, firm or corporation is ineligible to receive an owners license if:

- (1) the person has been convicted of a felony under the laws of this State, any other state, or the United States;
- (2) the person has been convicted of any violation of Article 28 of the Criminal Code of 1961, or substantially similar laws of any other jurisdiction;
- (3) the person has submitted an application for a license under this Act which contains false information;
- (4) the person is a member of the Board;
- (5) a person defined in (1), (2), (3) or (4) is an officer, director or managerial employee of the firm or corporation;
- (6) the firm or corporation employs a person defined in (1), (2), (3) or (4) who participates in the management or operation of gambling operations authorized under this Act;
- (7) (blank); or
- (8) a license of the person, firm or corporation issued under this Act, or a license to own or operate gambling facilities in any other jurisdiction, has been revoked.

The Board is expressly prohibited from making changes to the requirement that licensees make payment into the Horse Racing Equity Trust Fund without the express authority of the Illinois General Assembly and making any other rule to implement or interpret this amendatory Act of the 95th General Assembly. For the purposes of this paragraph, "rules" is given the meaning given to that term in Section 1-70 of the Illinois Administrative Procedure Act.

- (b) In determining whether to grant an owners license to an applicant, the Board shall consider:
 - (1) the character, reputation, experience and financial integrity of the applicants and of any other or separate person that either:
 - (A) controls, directly or indirectly, such applicant, or
 - (B) is controlled, directly or indirectly, by such applicant or by a person which controls, directly or indirectly, such applicant;
 - (2) the facilities or proposed facilities for the conduct of riverboat gambling;
 - (3) the highest prospective total revenue to be derived by the State from the conduct of riverboat gambling;
 - (4) the extent to which the ownership of the applicant reflects the diversity of the State by including minority persons and females and the good faith affirmative action plan of each applicant to recruit, train and upgrade minority persons and females in all employment classifications;
 - (5) the financial ability of the applicant to purchase and maintain adequate liability and casualty insurance;
 - (6) whether the applicant has adequate capitalization to provide and maintain, for the duration of a license, a riverboat;
 - (7) the extent to which the applicant exceeds or meets other standards for the issuance of an owners license which the Board may adopt by rule; and
 - (8) The amount of the applicant's license bid.
- (c) Each owners license shall specify the place where riverboats shall operate and dock.
- (d) Each applicant shall submit with his application, on forms provided by the Board, 2 sets of his fingerprints.
- (e) The Board may issue up to 10 licenses authorizing the holders of such licenses to own riverboats. In the application for an owners license, the applicant shall state the dock at which the riverboat is based

and the water on which the riverboat will be located. The Board shall issue 5 licenses to become effective not earlier than January 1, 1991. Three of such licenses shall authorize riverboat gambling on the Mississippi River, or, with approval by the municipality in which the riverboat was docked on August 7, 2003 and with Board approval, be authorized to relocate to a new location, in a municipality that (1) borders on the Mississippi River or is within 5 miles of the city limits of a municipality that borders on the Mississippi River and (2), on August 7, 2003, had a riverboat conducting riverboat gambling operations pursuant to a license issued under this Act; one of which shall authorize riverboat gambling from a home dock in the city of East St. Louis. One other license shall authorize riverboat gambling on the Illinois River south of Marshall County. The Board shall issue one additional license to become effective not earlier than March 1, 1992, which shall authorize riverboat gambling on the Des Plaines River in Will County. The Board may issue 4 additional licenses to become effective not earlier than March 1, 1992. In determining the water upon which riverboats will operate, the Board shall consider the economic benefit which riverboat gambling confers on the State, and shall seek to assure that all regions of the State share in the economic benefits of riverboat gambling.

In granting all licenses, the Board may give favorable consideration to economically depressed areas of the State, to applicants presenting plans which provide for significant economic development over a large geographic area, and to applicants who currently operate non-gambling riverboats in Illinois. The Board shall review all applications for owners licenses, and shall inform each applicant of the Board's decision. The Board may grant an owners license to an applicant that has not submitted the highest license bid, but if it does not select the highest bidder, the Board shall issue a written decision explaining why another applicant was selected and identifying the factors set forth in this Section that favored the winning bidder.

In addition to any other revocation powers granted to the Board under this Act, the Board may revoke the owners license of a licensee which fails to begin conducting gambling within 15 months of receipt of the Board's approval of the application if the Board determines that license revocation is in the best interests of the State.

(f) The first 10 owners licenses issued under this Act shall permit the holder to own up to 2 riverboats and equipment thereon for a period of 3 years after the effective date of the license. Holders of the first 10 owners licenses must pay the annual license fee for each of the 3 years during which they are authorized to own riverboats.

(g) Upon the termination, expiration, or revocation of each of the first 10 licenses, which shall be issued for a 3 year period, all licenses are renewable annually upon payment of the fee and a determination by the Board that the licensee continues to meet all of the requirements of this Act and the Board's rules. However, for licenses renewed on or after May 1, 1998, renewal shall be for a period of 4 years, unless the Board sets a shorter period.

(h) An owners license shall entitle the licensee to own up to 2 riverboats. A licensee shall limit the number of gambling participants to 1,200 for any such owners license. A licensee may operate both of its riverboats concurrently, provided that the total number of gambling participants on both riverboats does not exceed 1,200. Riverboats licensed to operate on the Mississippi River and the Illinois River south of Marshall County shall have an authorized capacity of at least 500 persons. Any other riverboat licensed under this Act shall have an authorized capacity of at least 400 persons.

(i) A licensed owner is authorized to apply to the Board for and, if approved therefor, to receive all licenses from the Board necessary for the operation of a riverboat, including a liquor license, a license to prepare and serve food for human consumption, and other necessary licenses. All use, occupation and excise taxes which apply to the sale of food and beverages in this State and all taxes imposed on the sale or use of tangible personal property apply to such sales aboard the riverboat.

(j) The Board may issue or re-issue a license authorizing a riverboat to dock in a municipality or approve a relocation under Section 11.2 only if, prior to the issuance or re-issuance of the license or approval, the governing body of the municipality in which the riverboat will dock has by a majority vote approved the docking of riverboats in the municipality. The Board may issue or re-issue a license authorizing a riverboat to dock in areas of a county outside any municipality or approve a relocation under Section 11.2 only if, prior to the issuance or re-issuance of the license or approval, the governing body of the county has by a majority vote approved of the docking of riverboats within such areas.

Sec. 13. Wagering tax; rate; distribution.

(a) Until January 1, 1998, a tax is imposed on the adjusted gross receipts received from gambling games authorized under this Act at the rate of 20%.

(a-1) From January 1, 1998 until July 1, 2002, a privilege tax is imposed on persons engaged in the

business of conducting riverboat gambling operations, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

- 15% of annual adjusted gross receipts up to and including \$25,000,000;
- 20% of annual adjusted gross receipts in excess of \$25,000,000 but not exceeding \$50,000,000;
- 25% of annual adjusted gross receipts in excess of \$50,000,000 but not exceeding \$75,000,000;
- 30% of annual adjusted gross receipts in excess of \$75,000,000 but not exceeding \$100,000,000;
- 35% of annual adjusted gross receipts in excess of \$100,000,000.

(a-2) From July 1, 2002 until July 1, 2003, a privilege tax is imposed on persons engaged in the business of conducting riverboat gambling operations, other than licensed managers conducting riverboat gambling operations on behalf of the State, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

- 15% of annual adjusted gross receipts up to and including \$25,000,000;
- 22.5% of annual adjusted gross receipts in excess of \$25,000,000 but not exceeding \$50,000,000;
- 27.5% of annual adjusted gross receipts in excess of \$50,000,000 but not exceeding \$75,000,000;
- 32.5% of annual adjusted gross receipts in excess of \$75,000,000 but not exceeding \$100,000,000;
- 37.5% of annual adjusted gross receipts in excess of \$100,000,000 but not exceeding \$150,000,000;
- 45% of annual adjusted gross receipts in excess of \$150,000,000 but not exceeding \$200,000,000;
- 50% of annual adjusted gross receipts in excess of \$200,000,000.

(a-3) Beginning July 1, 2003, a privilege tax is imposed on persons engaged in the business of conducting riverboat gambling operations, other than licensed managers conducting riverboat gambling operations on behalf of the State, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

- 15% of annual adjusted gross receipts up to and including \$25,000,000;
- 27.5% of annual adjusted gross receipts in excess of \$25,000,000 but not exceeding \$37,500,000;
- 32.5% of annual adjusted gross receipts in excess of \$37,500,000 but not exceeding \$50,000,000;
- 37.5% of annual adjusted gross receipts in excess of \$50,000,000 but not exceeding \$75,000,000;
- 45% of annual adjusted gross receipts in excess of \$75,000,000 but not exceeding \$100,000,000;
- 50% of annual adjusted gross receipts in excess of \$100,000,000 but not exceeding \$250,000,000;
- 70% of annual adjusted gross receipts in excess of \$250,000,000.

An amount equal to the amount of wagering taxes collected under this subsection (a-3) that are in addition to the amount of wagering taxes that would have been collected if the wagering tax rates under subsection (a-2) were in effect shall be paid into the Common School Fund.

The privilege tax imposed under this subsection (a-3) shall no longer be imposed beginning on the earlier of (i) July 1, 2005; (ii) the first date after June 20, 2003 that riverboat gambling operations are conducted pursuant to a dormant license; or (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act. For the purposes of this subsection (a-3), the term "dormant license" means an owners license that is authorized by this Act under which no riverboat gambling operations are being conducted on June 20, 2003.

(a-4) Beginning on the first day on which the tax imposed under subsection (a-3) is no longer imposed, a privilege tax is imposed on persons engaged in the business of conducting riverboat gambling operations, other than licensed managers conducting riverboat gambling operations on behalf of the State, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

- 15% of annual adjusted gross receipts up to and including \$25,000,000;
- 22.5% of annual adjusted gross receipts in excess of \$25,000,000 but not exceeding

- \$50,000,000;
- 27.5% of annual adjusted gross receipts in excess of \$50,000,000 but not exceeding \$75,000,000;
- 32.5% of annual adjusted gross receipts in excess of \$75,000,000 but not exceeding \$100,000,000;
- 37.5% of annual adjusted gross receipts in excess of \$100,000,000 but not exceeding \$150,000,000;
- 45% of annual adjusted gross receipts in excess of \$150,000,000 but not exceeding \$200,000,000;
- 50% of annual adjusted gross receipts in excess of \$200,000,000.

(a-8) Riverboat gambling operations conducted by a licensed manager on behalf of the State are not subject to the tax imposed under this Section.

(a-10) The taxes imposed by this Section shall be paid by the licensed owner to the Board not later than 3:00 o'clock p.m. of the day after the day when the wagers were made.

(a-15) If the privilege tax imposed under subsection (a-3) is no longer imposed pursuant to item (i) of the last paragraph of subsection (a-3), then by June 15 of each year, each owners licensee, other than an owners licensee that admitted 1,000,000 persons or fewer in calendar year 2004, must, in addition to the payment of all amounts otherwise due under this Section, pay to the Board a reconciliation payment in the amount, if any, by which the licensed owner's base amount exceeds the amount of net privilege tax paid by the licensed owner to the Board in the then current State fiscal year. A licensed owner's net privilege tax obligation due for the balance of the State fiscal year shall be reduced up to the total of the amount paid by the licensed owner in its June 15 reconciliation payment. The obligation imposed by this subsection (a-15) is binding on any person, firm, corporation, or other entity that acquires an ownership interest in any such owners license. The obligation imposed under this subsection (a-15) terminates on the earliest of: (i) July 1, 2007, (ii) the first day after the effective date of this amendatory Act of the 94th General Assembly that riverboat gambling operations are conducted pursuant to a dormant license, (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act, or (iv) the first day that a licensee under the Illinois Horse Racing Act of 1975 conducts gaming operations with slot machines or other electronic gaming devices. The Board must reduce the obligation imposed under this subsection (a-15) by an amount the Board deems reasonable for any of the following reasons: (A) an act or acts of God, (B) an act of bioterrorism or terrorism or a bioterrorism or terrorism threat that was investigated by a law enforcement agency, or (C) a condition beyond the control of the owners licensee that does not result from any act or omission by the owners licensee or any of its agents and that poses a hazardous threat to the health and safety of patrons. If an owners licensee pays an amount in excess of its liability under this Section, the Board shall apply the overpayment to future payments required under this Section.

For purposes of this subsection (a-15):

"Act of God" means an incident caused by the operation of an extraordinary force that cannot be foreseen, that cannot be avoided by the exercise of due care, and for which no person can be held liable.

"Base amount" means the following:

- For a riverboat in Alton, \$31,000,000.
- For a riverboat in East Peoria, \$43,000,000.
- For the Empress riverboat in Joliet, \$86,000,000.
- For a riverboat in Metropolis, \$45,000,000.
- For the Harrah's riverboat in Joliet, \$114,000,000.
- For a riverboat in Aurora, \$86,000,000.
- For a riverboat in East St. Louis, \$48,500,000.
- For a riverboat in Elgin, \$198,000,000.

"Dormant license" has the meaning ascribed to it in subsection (a-3).

"Net privilege tax" means all privilege taxes paid by a licensed owner to the Board under this Section, less all payments made from the State Gaming Fund pursuant to subsection (b) of this Section.

The changes made to this subsection (a-15) by Public Act 94-839 are intended to restate and clarify the intent of Public Act 94-673 with respect to the amount of the payments required to be made under this subsection by an owners licensee to the Board.

(b) Until January 1, 1998, 25% of the tax revenue deposited in the State Gaming Fund under this Section shall be paid, subject to appropriation by the General Assembly, to the unit of local government which is designated as the home dock of the riverboat. Beginning January 1, 1998, from the tax revenue deposited in the State Gaming Fund under this Section, an amount equal to 5% of adjusted gross receipts

generated by a riverboat shall be paid monthly, subject to appropriation by the General Assembly, to the unit of local government that is designated as the home dock of the riverboat. From the tax revenue deposited in the State Gaming Fund pursuant to riverboat gambling operations conducted by a licensed manager on behalf of the State, an amount equal to 5% of adjusted gross receipts generated pursuant to those riverboat gambling operations shall be paid monthly, subject to appropriation by the General Assembly, to the unit of local government that is designated as the home dock of the riverboat upon which those riverboat gambling operations are conducted.

(c) Appropriations, as approved by the General Assembly, may be made from the State Gaming Fund to the Department of Revenue and the Department of State Police for the administration and enforcement of this Act, or to the Department of Human Services for the administration of programs to treat problem gambling.

(c-5) Before May 26, 2006 (the effective date of Public Act 94-804) and beginning on the effective date of this amendatory Act of the 95th General Assembly, unless any organization licensee under the Illinois Horse Racing Act of 1975 begins to operate a slot machine or video game of chance under the Illinois Horse Racing Act of 1975 or this Act 2-years after May 26, 2006 (the effective date of Public Act 94-804), after the payments required under subsections (b) and (c) have been made, an amount equal to 15% of the adjusted gross receipts of (1) an owners licensee that relocates pursuant to Section 11.2, (2) an owners licensee conducting riverboat gambling operations pursuant to an owners license that is initially issued after June 25, 1999, or (3) the first riverboat gambling operations conducted by a licensed manager on behalf of the State under Section 7.3, whichever comes first, shall be paid from the State Gaming Fund into the Horse Racing Equity Fund.

(c-10) Each year the General Assembly shall appropriate from the General Revenue Fund to the Education Assistance Fund an amount equal to the amount paid into the Horse Racing Equity Fund pursuant to subsection (c-5) in the prior calendar year.

(c-15) After the payments required under subsections (b), (c), and (c-5) have been made, an amount equal to 2% of the adjusted gross receipts of (1) an owners licensee that relocates pursuant to Section 11.2, (2) an owners licensee conducting riverboat gambling operations pursuant to an owners license that is initially issued after June 25, 1999, or (3) the first riverboat gambling operations conducted by a licensed manager on behalf of the State under Section 7.3, whichever comes first, shall be paid, subject to appropriation from the General Assembly, from the State Gaming Fund to each home rule county with a population of over 3,000,000 inhabitants for the purpose of enhancing the county's criminal justice system.

(c-20) Each year the General Assembly shall appropriate from the General Revenue Fund to the Education Assistance Fund an amount equal to the amount paid to each home rule county with a population of over 3,000,000 inhabitants pursuant to subsection (c-15) in the prior calendar year.

(c-25) After the payments required under subsections (b), (c), (c-5) and (c-15) have been made, an amount equal to 2% of the adjusted gross receipts of (1) an owners licensee that relocates pursuant to Section 11.2, (2) an owners licensee conducting riverboat gambling operations pursuant to an owners license that is initially issued after June 25, 1999, or (3) the first riverboat gambling operations conducted by a licensed manager on behalf of the State under Section 7.3, whichever comes first, shall be paid from the State Gaming Fund to Chicago State University.

(d) From time to time, the Board shall transfer the remainder of the funds generated by this Act into the Education Assistance Fund, created by Public Act 86-0018, of the State of Illinois.

(e) Nothing in this Act shall prohibit the unit of local government designated as the home dock of the riverboat from entering into agreements with other units of local government in this State or in other states to share its portion of the tax revenue.

(f) To the extent practicable, the Board shall administer and collect the wagering taxes imposed by this Section in a manner consistent with the provisions of Sections 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 6, 6a, 6b, 6c, 8, 9, and 10 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act.
