"Section 5. The Illinois Insurance Code is amended by changing Section 356z.3 and by adding Section 356z.3a as follows:

(215 ILCS 5/356z.3)

Sec. 356z.3. Disclosure of limited benefit. An insurer that issues, delivers, amends, or renews an individual or group policy of accident and health insurance in this State after the effective date of this amendatory Act of the 92nd General Assembly and arranges, contracts with, or administers contracts with a provider whereby beneficiaries are provided an incentive to use the services of such provider must include the following disclosure on its contracts and evidences of coverage: "WARNING, LIMITED BENEFITS WILL BE PAID WHEN NON-PARTICIPATING PROVIDERS ARE USED. You should

[May 6, 2010]

be aware that when you elect to utilize the services of a non-participating provider for a covered service in non-emergency situations, benefit payments to such non-participating provider are not based upon the amount billed. The basis of your benefit payment will be determined according to your policy's fee schedule, usual and customary charge (which is determined by comparing charges for similar services adjusted to the geographical area where the services are performed), or other method as defined by the policy. **YOU CAN EXPECT TO PAY MORE THAN THE COINSURANCE AMOUNT DEFINED IN THE POLICY AFTER THE PLAN HAS PAID ITS REQUIRED PORTION.** Non-participating providers may bill members for any amount up to the billed charge after the plan has paid its portion of the bill as provided in Section 356z.3a of this Code. Participating providers have agreed to accept discounted payments for services with no additional billing to the member other than co-insurance and deductible amounts. You may obtain further information about the participating status of professional providers and information on out-of-pocket expenses by calling the toll free telephone number on your identification card."

(Source: P.A. 95-331, eff. 8-21-07.)

(215 ILCS 5/356z.3a new)

Sec. 356z.3a. Nonparticipating facility-based physicians and providers.

(a) For purposes of this Section, "facility-based provider" means a physician or other provider who provide radiology, anesthesiology, pathology, neonatology, or emergency department services to insureds, beneficiaries, or enrollees in a participating hospital or participating ambulatory surgical treatment center.

(b) When a beneficiary, insured, or enrollee utilizes a participating network hospital or a participating network ambulatory surgery center and, due to any reason, in network services for radiology, anesthesiology, pathology, emergency physician, or neonatology are unavailable and are provided by a nonparticipating facility-based physician or provider, the insurer or health plan shall ensure that the beneficiary, insured, or enrollee shall incur no greater out-of-pocket costs than the beneficiary, insured, or enrollee would have incurred with a participating physician or provider for covered services.

(c) If a beneficiary, insured, or enrollee agrees in writing, notwithstanding any other provision of this Code, any benefits a beneficiary, insured, or enrollee receives for services under the situation in subsection (b) are assigned to the nonparticipating facility-based providers. The insurer or health plan shall provide the nonparticipating provider with a written explanation of benefits that specifies the proposed reimbursement and the applicable deductible, copayment or coinsurance amounts owed by the insured, beneficiary or enrollee. The insurer or health plan shall pay any reimbursement directly to the nonparticipating facility-based provider. The nonparticipating facility-based physician or provider shall not bill the beneficiary, insured, or enrollee, except for applicable deductible, copayment, or coinsurance amounts that would apply if the beneficiary, insured, or enrollee utilized a participating physician or provider for covered services. If a beneficiary, insured, or enrollee specifically rejects assignment under this Section in writing to the nonparticipating facility-based provider, then the nonparticipating facility-based provider may bill the beneficiary, insured, or enrollee for the services rendered.

(d) For bills assigned under subsection (c), the nonparticipating facility-based provider may bill the insurer or health plan for the services rendered, and the insurer or health plan may pay the billed amount or attempt to negotiate reimbursement with the nonparticipating facility-based provider. If attempts to negotiate reimbursement for services provided by a nonparticipating facility-based provider do not result in a resolution of the payment dispute within 30 days after receipt of written explanation of benefits by the insurer or health plan, then an insurer or health plan or nonparticipating facility-based physician or provider may initiate binding arbitration to determine payment for services provided on a per bill basis. The party requesting arbitration shall notify the other party arbitration has been initiated and state its final offer before arbitration. In response to this notice, the nonrequesting party shall inform the requesting party of its final offer before the arbitration occurs. Arbitration shall be initiated by filing a request with the Department of Insurance.

(e) The Department of Insurance shall publish a list of approved arbitrators or entities that shall provide binding arbitration. These arbitrators shall be American Arbitration Association or American Health Lawyers Association trained arbitrators. Both parties must agree on an arbitrator from the Department of Insurance's list of arbitrators. If no agreement can be reached, then a list of 5 arbitrators shall be provided by the Department of Insurance. From the list of 5 arbitrators, the insurer can veto 2 arbitrators and the provider can veto 2 arbitrators. The remaining arbitrator shall be the chosen arbitrator. This arbitration shall consist of a review of the written submissions by both parties. Binding arbitration shall provide for a written decision within 45 days after the request is filed with the Department of Insurance. Both parties shall be bound by the arbitrator's decision. The arbitrator's expenses and fees, together with other expenses, not including attorney's fees, incurred in the conduct of the arbitration,

[May 6, 2010]

shall be paid as provided in the decision.

(f) This Section 356z.3a does not apply to a beneficiary, insured, or enrollee who willfully chooses to access a nonparticipating facility-based physician or provider for health care services available through the insurer's or plan's network of participating physicians and providers. In these circumstances, the contractual requirements for nonparticipating facility-based provider reimbursements will apply.

(g) Section 368a of this Act shall not apply during the pendency of a decision under subsection (d) any interest required to be paid a provider under Section 368a shall not accrue until after 30 days of an arbitrator's decision as provided in subsection (d), but in no circumstances longer than 150 days from date the nonparticipating facility-based provider billed for services rendered."

AMENDMENT NO. 3 TO SENATE BILL 43

AMENDMENT NO. 3. Amend Senate Bill 43 by replacing everything after the enacting clause with the following:

"Section 5. The Illinois Pension Code is amended by changing Section 22-101B as follows:
(40 ILCS 5/22-101B)

Sec. 22-101B. Health Care Benefits.

(a) The Chicago Transit Authority (hereinafter referred to in this Section as the "Authority") shall take

[May 6, 2010]

all actions lawfully available to it to separate the funding of health care benefits for retirees and their dependents and survivors from the funding for its retirement system. The Authority shall endeavor to achieve this separation as soon as possible, and in any event no later than July 1, 2009.

(b) Effective 90 days after the effective date of this amendatory Act of the 95th General Assembly, a Retiree Health Care Trust is established for the purpose of providing health care benefits to eligible retirees and their dependents and survivors in accordance with the terms and conditions set forth in this Section 22-101B. The Retiree Health Care Trust shall be solely responsible for providing health care benefits to eligible retirees and their dependents and survivors upon the exhaustion of the account established by the Retirement Plan for Chicago Transit Authority Employees pursuant to Section 401(h) of the Internal Revenue Code, but no earlier than January 1, 2009 and no later than July 1, 2009 ~~by no later than July 1, 2009, but no earlier than January 1, 2009.~~

(1) The Board of Trustees shall consist of 7 members appointed as follows: (i) 3 trustees shall be appointed by the Chicago Transit Board; (ii) one trustee shall be appointed by an organization representing the highest number of Chicago Transit Authority participants; (iii) one trustee shall be appointed by an organization representing the second-highest number of Chicago Transit Authority participants; (iv) one trustee shall be appointed by the recognized coalition representatives of participants who are not represented by an organization with the highest or second-highest number of Chicago Transit Authority participants; and (v) one trustee shall be selected by the Regional Transportation Authority Board of Directors, and the trustee shall be a professional fiduciary who has experience in the area of collectively bargained retiree health plans. Trustees shall serve until a successor has been appointed and qualified, or until resignation, death, incapacity, or disqualification.

Any person appointed as a trustee of the board shall qualify by taking an oath of office that he or she will diligently and honestly administer the affairs of the system, and will not knowingly violate or willfully permit the violation of any of the provisions of law applicable to the Plan, including Sections 1-109, 1-109.1, 1-109.2, 1-110, 1-111, 1-114, and 1-115 of Article 1 of the Illinois Pension Code.

Each trustee shall cast individual votes, and a majority vote shall be final and binding upon all interested parties, provided that the Board of Trustees may require a supermajority vote with respect to the investment of the assets of the Retiree Health Care Trust, and may set forth that requirement in the trust agreement or by-laws of the Board of Trustees. Each trustee shall have the rights, privileges, authority and obligations as are usual and customary for such fiduciaries.

(2) The Board of Trustees shall establish and administer a health care benefit program for eligible retirees and their dependents and survivors. Any ~~the~~ health care benefit program established by the Board of Trustees for eligible retirees and their dependents and survivors effective on or after July 1, 2009 shall not contain any plan which provides for more than 90% coverage for in-network services or 70% coverage for out-of-network services after any deductible has been paid, except that coverage through a health maintenance organization ("HMO") may be provided at 100%.

(3) The Retiree Health Care Trust shall be administered by the Board of Trustees according to the following requirements:

(i) The Board of Trustees may cause amounts on deposit in the Retiree Health Care Trust to be invested in those investments that are permitted investments for the investment of moneys held under any one or more of the pension or retirement systems of the State, any unit of local government or school district, or any agency or instrumentality thereof. The Board, by a vote of at least two-thirds of the trustees, may transfer investment management to the Illinois State Board of Investment, which is hereby authorized to manage these investments when so requested by the Board of Trustees.

(ii) The Board of Trustees shall establish and maintain an appropriate funding reserve level which shall not be less than the amount of incurred and unreported claims plus 12 months of expected claims and administrative expenses.

(iii) The Board of Trustees shall make an annual assessment of the funding levels of the Retiree Health Care Trust and shall submit a report to the Auditor General at least 90 days prior to the end of the fiscal year. The report shall provide the following:

- (A) the actuarial present value of projected benefits expected to be paid to current and future retirees and their dependents and survivors;
- (B) the actuarial present value of projected contributions and trust income plus assets;
- (C) the reserve required by subsection (b)(3)(ii); and
- (D) an assessment of whether the actuarial present value of projected benefits

expected to be paid to current and future retirees and their dependents and survivors exceeds or is less than the actuarial present value of projected contributions and trust income plus assets in excess of the reserve required by subsection (b)(3)(ii).

If the actuarial present value of projected benefits expected to be paid to current and future retirees and their dependents and survivors exceeds the actuarial present value of projected contributions and trust income plus assets in excess of the reserve required by subsection (b)(3)(ii), then the report shall provide a plan, to be implemented over a period of not more than 10 years from each valuation date, which would make the actuarial present value of projected contributions and trust income plus assets equal to or exceed the actuarial present value of projected benefits expected to be paid to current and future retirees and their dependents and survivors. The plan may consist of increases in employee, retiree, dependent, or survivor contribution levels, decreases in benefit levels, or other plan changes or any combination thereof both, which is projected to cure the shortfall over a period of not more than 10 years. If the actuarial present value of projected benefits expected to be paid to current and future retirees and their dependents and survivors is less than the actuarial present value of projected contributions and trust income plus assets in excess of the reserve required by subsection (b)(3)(ii), then the report may provide a plan of decreases in employee, retiree, dependent, or survivor contribution levels, increases in benefit levels, or other plan changes, or any combination thereof both, to the extent of the surplus.

(iv) The Auditor General shall review the report and plan provided in subsection (b)(3)(iii) and issue a determination within 90 days after receiving the report and plan, with a copy of such determination provided to the General Assembly and the Regional Transportation Authority, as follows:

(A) In the event of a projected shortfall, if the Auditor General determines that the assumptions stated in the report are not unreasonable in the aggregate and that the plan of increases in employee, retiree, dependent, or survivor contribution levels, decreases in benefit levels, or other plan changes, or any combination thereof, to be implemented over a period of not more than 10 years from each valuation date both, is reasonably projected to make the actuarial present value of projected contributions and trust income plus assets equal to or in excess of the actuarial present value of projected benefits expected to be paid to current and future retirees and their dependents and survivors ~~and their dependents and survivors cure the shortfall over a period of not more than 10 years,~~ then the Board of Trustees shall implement the plan. If the Auditor General determines that the assumptions stated in the report are unreasonable in the aggregate, or that the plan of increases in employee, retiree, dependent, or survivor contribution levels, decreases in benefit levels, or other plan changes to be implemented over a period of not more than 10 years from each valuation date both, is not reasonably projected to make the actuarial present value of projected contributions and trust income plus assets equal to or in excess of the actuarial present value of projected benefits expected to be paid to current and future retirees and their dependents and survivors ~~and their dependents and survivors cure the shortfall over a period of not more than 10 years,~~ then the Board of Trustees shall not implement the plan, the Auditor General shall explain the basis for such determination to the Board of Trustees, and the Auditor General may make recommendations as to an alternative report and plan.

(B) In the event of a projected surplus, if the Auditor General determines that the assumptions stated in the report are not unreasonable in the aggregate and that the plan of decreases in employee, retiree, dependent, or survivor contribution levels, increases in benefit levels, or both, is not unreasonable in the aggregate, then the Board of Trustees shall implement the plan. If the Auditor General determines that the assumptions stated in the report are unreasonable in the aggregate, or that the plan of decreases in employee, retiree, dependent, or survivor contribution levels, increases in benefit levels, or both, is unreasonable in the aggregate, then the Board of Trustees shall not implement the plan, the Auditor General shall explain the basis for such determination to the Board of Trustees, and the Auditor General may make recommendations as to an alternative report and plan.

(C) The Board of Trustees shall submit an alternative report and plan within 45 days after receiving a rejection determination by the Auditor General. A determination by the Auditor General on any alternative report and plan submitted by the Board of Trustees shall be made within 90 days after receiving the alternative report and plan, and shall be accepted or rejected according to the requirements of this subsection (b)(3)(iv). The Board of Trustees shall continue to submit alternative reports and plans to the Auditor General, as necessary, until a favorable determination is made by the Auditor General.

(4) For any retiree who first retires effective on or after January 18, 2008, to be

eligible for retiree health care benefits upon retirement, the retiree must be at least 55 years of age, retire with 10 or more years of continuous service and satisfy the preconditions established by Public Act 95-708 in addition to any rules or regulations promulgated by the Board of Trustees. Notwithstanding the foregoing, any retiree hired on or before September 5, 2001 who retires retired prior to the effective date of this amendatory Act with 25 years or more of continuous service, or who retires within 90 days after the effective date of this amendatory Act or by January 1, 2009, whichever is later, with 25 years or more of continuous service, shall be eligible for retiree health care benefits upon retirement in accordance with any rules or regulations adopted by the Board of Trustees; provided he or she retires prior to the full execution of the successor collective bargaining agreement to the collective bargaining agreement that became effective January 1, 2007 between the Authority and the organizations representing the highest and second-highest number of Chicago Transit Authority participants. This paragraph (4) shall not apply to a disability allowance.

"Section 5. The State Budget Law of the Civil Administrative Code of Illinois is amended by changing Section 50-5 as follows:

(15 ILCS 20/50-5)

Sec. 50-5. Governor to submit State budget. ~~The~~ ~~The~~ Governor shall, as soon as possible and not later than the third Wednesday in March in 2009 (March 18, 2009) and the third Wednesday in February of each year beginning in 2010, except as otherwise provided in this Section, submit a State budget, embracing therein the amounts recommended by the Governor to be appropriated to the respective departments, offices, and institutions, and for all other public purposes, the estimated revenues from taxation, the estimated revenues from sources other than taxation, and an estimate of the amount required to be raised by taxation. The amounts recommended by the Governor for appropriation to the respective departments, offices and institutions shall be formulated according to the various functions and activities for which the respective department, office or institution of the State government (including the elective officers in the executive department and including the University of Illinois and the judicial department) is responsible. The amounts relating to particular functions and activities shall be further formulated in accordance with the object classification specified in Section 13 of the State Finance Act.

The Governor shall not propose expenditures and the General Assembly shall not enact appropriations that exceed the resources estimated to be available, as provided in this Section.

For the purposes of Article VIII, Section 2 of the 1970 Illinois Constitution, the State budget for the following funds shall be prepared on the basis of revenue and expenditure measurement concepts that are in concert with generally accepted accounting principles for governments:

- (1) General Revenue Fund.
- (2) Common School Fund.
- (3) Educational Assistance Fund.
- (4) Road Fund.
- (5) Motor Fuel Tax Fund.
- (6) Agricultural Premium Fund.

These funds shall be known as the "budgeted funds". The revenue estimates used in the State budget for the budgeted funds shall include the estimated beginning fund balance, plus revenues estimated to be received during the budgeted year, plus the estimated receipts due the State as of June 30 of the budgeted year that are expected to be collected during the lapse period following the budgeted year, minus the receipts collected during the first 2 months of the budgeted year that became due to the State in the year before the budgeted year. Revenues shall also include estimated federal reimbursements associated with the recognition of Section 25 of the State Finance Act liabilities. For any budgeted fund for which current year revenues are anticipated to exceed expenditures, the surplus shall be considered to be a resource available for expenditure in the budgeted fiscal year.

Expenditure estimates for the budgeted funds included in the State budget shall include the costs to be incurred by the State for the budgeted year, to be paid in the next fiscal year, excluding costs paid in the budgeted year which were carried over from the prior year, where the payment is authorized by Section 25 of the State Finance Act. For any budgeted fund for which expenditures are expected to exceed revenues in the current fiscal year, the deficit shall be considered as a use of funds in the budgeted fiscal year.

Revenues and expenditures shall also include transfers between funds that are based on revenues received or costs incurred during the budget year.

Appropriations for expenditures shall also include all anticipated statutory continuing appropriation obligations that are expected to be incurred during the budgeted fiscal year.

By March 15 of each year, the Commission on Government Forecasting and Accountability shall prepare revenue and fund transfer estimates in accordance with the requirements of this Section and report those estimates to the General Assembly and the Governor.

For all funds other than the budgeted funds, the proposed expenditures shall not exceed funds estimated to be available for the fiscal year as shown in the budget. Appropriation for a fiscal year shall not exceed funds estimated by the General Assembly to be available during that year.

The Inspector General shall serve a 5-year term. If no successor is appointed and qualified upon the expiration of the Inspector General's term, the Office of Inspector General is deemed vacant and the powers and duties under this Section may be exercised only by an appointed and qualified interim Inspector General until a successor Inspector General is appointed and qualified. If the General Assembly is not in session when a vacancy in the Office of Inspector General occurs, the Secretary of State may appoint an interim Inspector General whose term shall expire 2 weeks after the next regularly scheduled session day of the Senate.

(b) The Inspector General shall have the following qualifications:

(1) has not been convicted of any felony under the laws of this State, another State, or the United States;

(c) The Inspector General may review, coordinate, and recommend methods and procedures to increase the integrity of the Office of the Secretary of State. The duties of the Inspector General shall supplement and not supplant the duties of the Chief Auditor for the Secretary of State's Office or any other Inspector General that may be authorized by law. The Inspector General must report directly to the Secretary of State.

(d) In addition to the authority otherwise provided by this Section, but only when investigating the Office of the Secretary of State, its employees, or their actions for fraud, corruption, mismanagement, gross or aggravated misconduct, or misconduct that may be criminal in nature, the Inspector General is authorized:

(1) To have access to all records, reports, audits, reviews, documents, papers, recommendations, or other materials available that relate to programs and operations with respect to which the Inspector General has responsibilities under this Section.

(2) To make any investigations and reports relating to the administration of the programs and operations of the Office of the Secretary of State that are, in the judgment of the Inspector General, necessary or desirable.

(4) To require by subpoena the appearance of witnesses and the production of all information, documents, reports, answers, records, accounts, papers, and other data and documentary evidence necessary in the performance of the functions assigned by this Section, with the exception of subsection (c) and with the exception of records of a labor organization authorized and recognized under the Illinois Public Labor Relations Act to be the exclusive bargaining representative of employees of the Secretary of State, including, but not limited to, records of representation of employees and the negotiation of collective bargaining agreements. A subpoena may be issued under this paragraph (4) only by the Inspector General and not by members of the Inspector General's staff. A person duly subpoenaed for testimony, documents, or other items who neglects or refuses to testify or produce documents or other items under the requirements of the subpoena shall be subject to punishment as may be determined by a court of competent jurisdiction, unless (i) the testimony, documents, or other items are covered by the attorney-client privilege or any other privilege or right recognized by law or (ii) the testimony, documents, or other items concern the representation of employees and the negotiation of collective bargaining agreements by a labor organization authorized and recognized under the Illinois Public Labor Relations Act to be the exclusive bargaining representative of employees of the Secretary of State. Nothing in this Section limits a person's right to protection against self-incrimination under the Fifth Amendment of the United States Constitution or Article I, Section 10, of the Constitution of the State of Illinois.

(5) To have direct and prompt access to the Secretary of State for any purpose

pertaining to the performance of functions and responsibilities under this Section.

(d-5) In addition to the authority otherwise provided by this Section, the Secretary of State Inspector General shall have jurisdiction to investigate complaints and allegations of wrongdoing by any person or entity related to the Lobbyist Registration Act. When investigating those complaints and allegations, the Inspector General is authorized:

(1) To have access to all records, reports, audits, reviews, documents, papers, recommendations, or other materials available that relate to programs and operations with respect to which the Inspector General has responsibilities under this Section.

(2) To request any information or assistance that may be necessary for carrying out the duties and responsibilities provided by this Section from any local, State, or federal governmental agency or unit thereof.

(3) To require by subpoena the appearance of witnesses and the production of all information, documents, reports, answers, records, accounts, papers, and other data and documentary evidence necessary in the performance of the functions assigned by this Section. A subpoena may be issued under this paragraph (3) only by the Inspector General and not by members of the Inspector General's staff. A person duly subpoenaed for testimony, documents, or other items who neglects or refuses to testify or produce documents or other items under the requirements of the subpoena shall be subject to punishment as may be determined by a court of competent jurisdiction, unless the testimony, documents, or other items are covered by the attorney-client privilege or any other privilege or right recognized by law. Nothing in this Section limits a person's right to protection against self-incrimination under the Fifth Amendment of the United States Constitution or Section 10 of Article I of the Constitution of the State of Illinois.

(4) To have direct and prompt access to the Secretary of State for any purpose pertaining to the performance of functions and responsibilities under this Section.

(e) The Inspector General may receive and investigate complaints or information ~~from an employee of the Secretary of State~~ concerning the possible existence of an activity constituting a violation of law, rules, or regulations; mismanagement; abuse of authority; or substantial and specific danger to the public health and safety. Any person who knowingly files a false complaint or files a complaint with reckless disregard for the truth or the falsity of the facts underlying the complaint may be subject to discipline as set forth in the rules of the Department of Personnel of the Secretary of State or the Inspector General may refer the matter to a State's Attorney or the Attorney General.

The Inspector General may not, after receipt of a complaint or information, disclose the identity of the source without the consent of the source, unless the Inspector General determines that disclosure of the identity is reasonable and necessary for the furtherance of the investigation.

Any employee who has the authority to recommend or approve any personnel action or to direct others to recommend or approve any personnel action may not, with respect to that authority, take or threaten to take any action against any employee as a reprisal for making a complaint or disclosing information to the Inspector General, unless the complaint was made or the information disclosed with the knowledge that it was false or with willful disregard for its truth or falsity.

(f) The Inspector General must adopt rules, in accordance with the provisions of the Illinois Administrative Procedure Act, establishing minimum requirements for initiating, conducting, and completing investigations. The rules must establish criteria for determining, based upon the nature of the allegation, the appropriate method of investigation, which may include, but is not limited to, site visits, telephone contacts, personal interviews, or requests for written responses. The rules must also clarify how the Office of the Inspector General shall interact with other local, State, and federal law enforcement investigations.

Any employee of the Secretary of State subject to investigation or inquiry by the Inspector General or any agent or representative of the Inspector General concerning misconduct that is criminal in nature shall have the right to be notified of the right to remain silent during the investigation or inquiry and the right to be represented in the investigation or inquiry by an attorney or a representative of a labor organization that is the exclusive collective bargaining representative of employees of the Secretary of State. Any investigation or inquiry by the Inspector General or any agent or representative of the Inspector General must be conducted with an awareness of the provisions of a collective bargaining agreement that applies to the employees of the Secretary of State and with an awareness of the rights of the employees as set forth in State and federal law and applicable judicial decisions. Any recommendations for discipline or any action taken against any employee by the Inspector General or any representative or agent of the Inspector General must comply with the provisions of the collective bargaining agreement that applies to the employee.

(g) On or before January 1 of each year, the Inspector General shall report to the President of the

Senate, the Minority Leader of the Senate, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives on the types of investigations and the activities undertaken by the Office of the Inspector General during the previous calendar year. For purposes of this subsection (g), the term taxpayer shall include taxpayer and members of the taxpayer's unitary business group as defined under paragraph (27) of subsection (a) of Section 1501 of this Act. If the amount of the credit exceeds the total payments due under this Section with respect to amounts withheld during the calendar year, the excess may be carried forward and applied against the taxpayer's liability under this Section in the 5 succeeding calendar years. The credit shall be applied to the earliest year for which there is a tax liability. If there are credits from more than one calendar year that are available to offset a liability, the earlier credit shall be applied first. This Section is exempt from the provisions of Section 250 of this Act.

AMENDMENT NO. 2 TO SENATE BILL 82

AMENDMENT NO. 2. Amend Senate Bill 82, AS AMENDED, by replacing everything after the enacting clause with the following:

"Section 5. The Counties Code is amended by changing Section 3-5018 as follows:
(55 ILCS 5/3-5018) (from Ch. 34, par. 3-5018)

Sec. 3-5018. Fees. The recorder elected as provided for in this Division shall receive such fees as are or may be provided for him or her by law, in case of provision therefor: otherwise he or she shall receive the same fees as are or may be provided in this Section, except when increased by county ordinance pursuant to the provisions of this Section, to be paid to the county clerk for his or her services in the office of recorder for like services.

For recording deeds or other instruments, \$12 for the first 4 pages thereof, plus \$1 for each additional page thereof, plus \$1 for each additional document number therein noted. The aggregate minimum fee for recording any one instrument shall not be less than \$12.

For recording assignments of mortgages, leases or liens, \$12 for the first 4 pages thereof, plus \$1 for each additional page thereof. However, except for leases and liens pertaining to oil, gas and other minerals, whenever a mortgage, lease or lien assignment assigns more than one mortgage, lease or lien document, a \$7 fee shall be charged for the recording of each such mortgage, lease or lien document after the first one.

For recording maps or plats of additions or subdivisions approved by the county or municipality (including the spreading of the same of record in map case or other proper books) or plats of condominiums, \$50 for the first page, plus \$1 for each additional page thereof except that in the case of recording a single page, legal size 8 1/2 x 14, plat of survey in which there are no more than two lots or parcels of land, the fee shall be \$12. In each county where such maps or plats are to be recorded, the recorder may require the same to be accompanied by such number of exact, true and legible copies thereof as the recorder deems necessary for the efficient conduct and operation of his or her office.

For non-certified copies of records, an amount not to exceed one-half of the amount provided in this Section for certified copies, according to a standard scale of fees, established by county ordinance and made public. The provisions of this paragraph shall not be applicable to any person or entity who obtains non-certified copies of records in the following manner: (i) in bulk for all documents recorded on any given day in an electronic or paper format for a negotiated amount less than the amount provided for in this paragraph for non-certified copies, (ii) under a contractual relationship with the recorder for a negotiated amount less than the amount provided for in this paragraph for non-certified copies, or (iii) by means of Internet access pursuant to Section 5-1106.1.

For certified copies of records, the same fees as for recording, but in no case shall the fee for a certified copy of a map or plat of an addition, subdivision or otherwise exceed \$10.

Each certificate of such recorder of the recording of the deed or other writing and of the date of recording the same signed by such recorder, shall be sufficient evidence of the recording thereof, and such certificate including the indexing of record, shall be furnished upon the payment of the fee for recording the instrument, and no additional fee shall be allowed for the certificate or indexing.

The recorder shall charge an additional fee, in an amount equal to the fee otherwise provided by law, for recording a document (other than a document filed under the Plat Act or the Uniform Commercial Code) that does not conform to the following standards:

- (1) The document shall consist of one or more individual sheets measuring 8.5 inches by 11 inches, not permanently bound and not a continuous form. Graphic displays accompanying a document to be recorded that measure up to 11 inches by 17 inches shall be recorded without charging an additional fee.

(2) The document shall be legibly printed in black ink, by hand, type, or computer. Signatures and dates may be in contrasting colors if they will reproduce clearly.

(3) The document shall be on white paper of not less than 20-pound weight and shall have a clean margin of at least one-half inch on the top, the bottom, and each side. Margins may be used for non-essential notations that will not affect the validity of the document, including but not limited to form numbers, page numbers, and customer notations.

(4) The first page of the document shall contain a blank space, measuring at least 3 inches by 5 inches, from the upper right corner.

(5) The document shall not have any attachment stapled or otherwise affixed to any page.

A document that does not conform to these standards shall not be recorded except upon payment of the additional fee required under this paragraph. This paragraph, as amended by this amendatory Act of 1995, applies only to documents dated after the effective date of this amendatory Act of 1995.

The county board of any county may provide for an additional charge of \$3 for filing every instrument, paper, or notice for record, (1) in order to defray the cost of converting the county recorder's document storage system to computers or micrographics and (2) in order to defray the cost of providing access to records through the global information system known as the Internet.

A special fund shall be set up by the treasurer of the county and such funds collected pursuant to Public Act 83-1321 shall be used (1) for a document storage system to provide the equipment, materials and necessary expenses incurred to help defray the costs of implementing and maintaining such a document records system and (2) for a system to provide electronic access to those records.

The county board of any county that provides and maintains a countywide map through a Geographic Information System (GIS) may provide for an additional charge of \$3 for filing every instrument, paper, or notice for record (1) in order to defray the cost of implementing or maintaining the county's Geographic Information System and (2) in order to defray the cost of providing electronic access to the county's Geographic Information System records. Of that amount, \$2 must be deposited into a special fund set up by the treasurer of the county, and any moneys collected pursuant to this amendatory Act of the 91st General Assembly and deposited into that fund must be used solely for the equipment, materials, and necessary expenses incurred in implementing and maintaining a Geographic Information System and in order to defray the cost of providing electronic access to the county's Geographic Information System records. The remaining \$1 must be deposited into the recorder's special funds created under Section 3-5005.4. The recorder may, in his or her discretion, use moneys in the funds created under Section 3-5005.4 to defray the cost of implementing or maintaining the county's Geographic Information System and to defray the cost of providing electronic access to the county's Geographic Information System records.

The recorder shall collect a \$10 Rental Housing Support Program State surcharge for the recordation of any real estate-related document. Payment of the Rental Housing Support Program State surcharge shall be evidenced by a receipt that shall be marked upon or otherwise affixed to the real estate-related document by the recorder. The form of this receipt shall be prescribed by the Department of Revenue and the receipts shall be issued by the Department of Revenue to each county recorder.

The recorder shall not collect the Rental Housing Support Program State surcharge from any State agency, any unit of local government or any school district.

One dollar of each surcharge shall be retained by the county in which it was collected. This dollar shall be deposited into the county's general revenue fund. Fifty cents of that amount shall be used for the costs of administering the Rental Housing Support Program State surcharge and any other lawful expenditures for the operation of the office of the recorder and may not be appropriated or expended for any other purpose. The amounts available to the recorder for expenditure from the surcharge shall not offset or reduce any other county appropriations or funding for the office of the recorder.

On the 15th day of each month, each county recorder shall report to the Department of Revenue, on a form prescribed by the Department, the number of real estate-related documents recorded for which the Rental Housing Support Program State surcharge was collected. Each recorder shall submit \$9 of each surcharge collected in the preceding month to the Department of Revenue and the Department shall deposit these amounts in the Rental Housing Support Program Fund. Subject to appropriation, amounts in the Fund may be expended only for the purpose of funding and administering the Rental Housing Support Program.

For purposes of this Section, "real estate-related document" means that term as it is defined in Section 7 of the Rental Housing Support Program Act.

The foregoing fees allowed by this Section are the maximum fees that may be collected from any officer, agency, department or other instrumentality of the State. The county board may, however, by ordinance, increase the fees allowed by this Section and collect such increased fees from all persons and

entities other than officers, agencies, departments and other instrumentalities of the State if the increase is justified by an acceptable cost study showing that the fees allowed by this Section are not sufficient to cover the cost of providing the service. Regardless of any other provision in this Section, the maximum fee that may be collected from the Department of Revenue for filing or indexing a lien, certificate of lien release or subordination, or any other type of notice or other documentation affecting or concerning a lien is \$5. Regardless of any other provision in this Section, the maximum fee that may be collected from the Department of Revenue for indexing each additional name in excess of one for any lien, certificate of lien release or subordination, or any other type of notice or other documentation affecting or concerning a lien is \$1.

A statement of the costs of providing each service, program and activity shall be prepared by the county board. All supporting documents shall be public record and subject to public examination and audit. All direct and indirect costs, as defined in the United States Office of Management and Budget Circular A-87, may be included in the determination of the costs of each service, program and activity. Any lease to the trustees of lands, buildings or facilities which will support scientific research and development in such areas as high technology, super computing, microelectronics, biotechnology, robotics, physics and engineering shall be for a term not to exceed 18 years, and may grant to the trustees the option to purchase the lands, buildings or facilities. The lease shall recite that it is subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to pay the rent payable under the terms of the lease.

Leases for the purposes described herein exceeding 5 years shall have the approval of the Illinois Board of Higher Education.

The Board of Trustees may, directly or in cooperation with other institutions of higher education, acquire by purchase or lease or otherwise, and construct, enlarge, improve, equip, complete, operate, control and manage medical research and high technology parks, together with the necessary lands, buildings, facilities, equipment and personal property therefor, to encourage and facilitate (a) the location and development of business and industry in the State of Illinois, and (b) the increased application and development of technology and (c) the improvement and development of the State's economy. The Board of Trustees may lease to nonprofit corporations all or any part of the land, buildings, facilities, equipment or other property included in a medical research and high technology park upon such terms and conditions as the University of Illinois may deem advisable and enter into any contract or agreement with such nonprofit corporations as may be necessary or suitable for the construction, financing, operation and maintenance and management of any such park; and may lease to any person, firm, partnership or corporation, either public or private, any part or all of the land, building, facilities, equipment or other property of such park for such purposes and upon such rentals, terms and conditions as the University may deem advisable; and may finance all or part of the cost of any such park, including the purchase, lease, construction, reconstruction, improvement, remodeling, addition to, and extension and maintenance of all or part of such high technology park, and all equipment and furnishings, by legislative appropriations, government grants, contracts, private gifts, loans, receipts from the operation of such high technology park, rentals and similar receipts; and may make its other facilities and services available to tenants or other occupants of any such park at rates which are reasonable and appropriate.

The Trustees shall have power (a) to purchase real property and easements, and (b) to acquire real property and easements in the manner provided by law for the exercise of the right of eminent domain, and in the event negotiations for the acquisition of real property or easements for making any improvement which the Trustees are authorized to make shall have proven unsuccessful and the Trustees shall have by resolution adopted a schedule or plan of operation for the execution of the project and therein made a finding that it is necessary to take such property or easements immediately or at some specified later date in order to comply with the schedule, the Trustees may acquire such property or easements in the same manner provided in Article 20 of the Eminent Domain Act (quick-take procedure).

The Board of Trustees also shall have power to agree with the State's Attorney of the county in which any properties of the Board are located to pay for services rendered by the various taxing districts for the years 1944 through 1949 and to pay annually for services rendered thereafter by such district such sums as may be determined by the Board upon properties used solely for income producing purposes, title to which is held by said Board of Trustees, upon properties leased to members of the staff of the University of Illinois, title to which is held in trust for said Board of Trustees and upon properties leased to for-profit entities the title to which properties is held by the Board of Trustees. A certified copy of any such agreement made with the State's Attorney shall be filed with the County Clerk and such sums shall be distributed to the respective taxing districts by the County Collector in such proportions that each taxing district will receive therefrom such proportion as the tax rate of such taxing district bears to the total tax rate that would be levied against such properties if they were not exempt from taxation under the Property Tax Code.

The Board of Trustees of the University of Illinois, subject to the applicable civil service law, may appoint persons to be members of the University of Illinois Police Department. Members of the Police Department shall be peace officers and as such have all powers possessed by policemen in cities, and sheriffs, including the power to make arrests on view or warrants of violations of state statutes and city or county ordinances, except that they may exercise such powers only in counties wherein the University and any of its branches or properties are located when such is required for the protection of university properties and interests, and its students and personnel, and otherwise, within such counties, when requested by appropriate state or local law enforcement officials; provided, however, that such officer shall have no power to serve and execute civil processes.

[May 6, 2010]

The Board of Trustees must authorize to each member of the University of Illinois Police Department and to any other employee of the University of Illinois exercising the powers of a peace officer a distinct badge that, on its face, (i) clearly states that the badge is authorized by the University of Illinois and (ii) contains a unique identifying number. No other badge shall be authorized by the University of Illinois. Nothing in this paragraph prohibits the Board of Trustees from issuing shields or other distinctive identification to employees not exercising the powers of a peace officer if the Board of Trustees determines that a shield or distinctive identification is needed by the employee to carry out his or her responsibilities.

The Board of Trustees may own, operate, or govern, by or through the College of Medicine at Peoria, a managed care community network established under subsection (b) of Section 5-11 of the Illinois Public Aid Code.

The powers of the trustees as herein designated are subject to the provisions of "An Act creating a Board of Higher Education, defining its powers and duties, making an appropriation therefor, and repealing an Act herein named", approved August 22, 1961, as amended.

The Board of Trustees shall have the authority to adopt all administrative rules which may be necessary for the effective administration, enforcement and regulation of all matters for which the Board has jurisdiction or responsibility.

(b) To assist in the provision of buildings and facilities beneficial to, useful for, or supportive of University purposes, the Board of Trustees of the University of Illinois may exercise the following powers with regard to the area located on or adjacent to the University of Illinois at Chicago campus and bounded as follows: on the West by Morgan Street; on the North by Roosevelt Road; on the East by Union Street; and on the South by 16th Street, in the City of Chicago:

(1) Acquire any interests in land, buildings, or facilities by purchase, including installments payable over a period allowed by law, by lease over a term of such duration as the Board of Trustees shall determine, or by exercise of the power of eminent domain;

(2) Sub-lease or contract to purchase through installments all or any portion of buildings or facilities for such duration and on such terms as the Board of Trustees shall determine, including a term that exceeds 5 years, provided that each such lease or purchase contract shall be and shall recite that it is subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to pay the rent or purchase installments payable under the terms of such lease or purchase contract; and

(3) Sell property without compliance with the State Property Control Act and retain proceeds in the University Treasury in a special, separate development fund account which the Auditor General shall examine to assure compliance with this Act.

Any buildings or facilities to be developed on the land shall be buildings or facilities that, in the determination of the Board of Trustees, in whole or in part: (i) are for use by the University; or (ii) otherwise advance the interests of the University, including, by way of example, residential facilities for University staff and students and commercial facilities which provide services needed by the University community. Revenues from the development fund account may be withdrawn by the University for the purpose of demolition and the processes associated with demolition; routine land and property acquisition; extension of utilities; streetscape work; landscape work; surface and structure parking; sidewalks, recreational paths, and street construction; and lease and lease purchase arrangements and the professional services associated with the planning and development of the area. Moneys from the development fund account used for any other purpose must be deposited into and appropriated from the General Revenue Fund. Buildings or facilities leased to an entity or person other than the University shall not be subject to any limitations applicable to a State supported college or university under any law. All development on the land and all use of any buildings or facilities shall be subject to the control and approval of the Board of Trustees.

(c) The Board of Trustees shall have the power to borrow money, as necessary, from time to time in anticipation of receiving tuition, payments from the State of Illinois, or other revenues or receipts of the University, also known as anticipated moneys. The borrowing limit shall be capped at 100% of the total amount of payroll and other expense vouchers submitted and payable to the University for fiscal year 2010 expenses, but unpaid at the State Comptroller's office. Prior to borrowing any funds, the University shall request from the Comptroller's office a verification of the borrowing limit and shall include the estimated date on which such borrowing shall occur. The borrowing limit cap shall be verified by State Comptroller's office not prior to 45 days before any estimated date for executing any promissory note or line of credit established under this subsection (c). The principal amount borrowed under a promissory note or line of credit shall not exceed 75% of the borrowing limit. Within 15 days after borrowing funds under any promissory note or line of credit established under this subsection (c), the University shall

submit to the Governor's Office of Management and Budget, the Speaker of the House of Representatives, the Minority Leader of the House of Representatives, the President of the Senate, and Minority Leader of the Senate, an Emergency Short Term Cash Management Plan. The Emergency Short Term Cash Management Plan shall outline the amount borrowed, the terms for repayment, the amount of outstanding State vouchers as verified by the State Comptroller's office, and the University's plan for expenditure of any borrowed funds, including, but not limited to, a detailed plan to meet payroll obligations to include collective bargaining employees, civil service employees, and academic, research, and health care personnel. The establishment of any promissory note or line of credit established under this subsection (c) must be finalized within 90 days after the effective date of this amendatory Act of the 96th General Assembly. The borrowed moneys shall be applied to the purposes of paying salaries and other expenses lawfully authorized in the University's State appropriation and unpaid by the State Comptroller. Any line of credit established under this subsection (c) shall be paid in full one year after creation or within 10 days after the date the University receives reimbursement from the State for all submitted fiscal year 2010 vouchers, whichever is earlier. Any promissory note established under this subsection (c) shall be repaid within one year after issuance of the note. The Chairman, Comptroller, or Treasurer of the Board shall execute a promissory note or similar debt instrument to evidence the indebtedness incurred by the borrowing. In connection with a borrowing, the Board may establish a line of credit with a financial institution, investment bank, or broker/dealer. The obligation to make the payments due under any promissory note or line of credit established under this subsection (c) shall be a lawful obligation of the University payable from the anticipated moneys. Any borrowing under this subsection (c) shall not constitute a debt, legal or moral, of the State and shall not be enforceable against the State. The promissory note or line of credit shall be authorized by a resolution passed by the Board and shall be valid whether or not a budgeted item with respect to that resolution is included in any annual or supplemental budget adopted by the Board. The resolution shall set forth facts demonstrating the need for the borrowing, state an amount that the amount to be borrowed will not exceed, and establish a maximum interest rate limit not to exceed the maximum rate authorized by the Bond Authorization Act or 9%, whichever is less. The resolution may direct the Comptroller or Treasurer of the Board to make arrangements to set apart and hold the portion of the anticipated moneys, as received, that shall be used to repay the borrowing, subject to any prior pledges or restrictions with respect to the anticipated moneys. The resolution may also authorize the Treasurer of the Board to make partial repayments of the borrowing as the anticipated moneys become available and may contain any other terms, restrictions, or limitations not inconsistent with the powers of the Board.

For the purposes of this subsection (c), "financial institution" means any bank subject to the Illinois Banking Act, any savings and loan association subject to the Illinois Savings and Loan Act of 1985, and any federally chartered commercial bank or savings and loan association or government-sponsored enterprise organized and operated in this State pursuant to the laws of the United States.

Within 15 days after borrowing funds under any promissory note or line of credit established under this item (14), the University shall submit to the Governor's Office of Management and Budget, the Speaker of the House of Representatives, the Minority Leader of the House of Representatives, the President of the Senate, and Minority Leader of the Senate, an Emergency Short Term Cash Management Plan. State Comptroller's office, and the University's plan for expenditure of any borrowed funds, including, but not limited to, a detailed plan to meet payroll obligations for all collective bargaining employees, civil service employees, and academic, research, and health care personnel. The establishment of any promissory note or line of credit established under this item (14) must be finalized within 90 days after the effective date of this amendatory Act of the 96th General Assembly. The borrowed moneys shall be applied to the purposes of paying salaries and other expenses lawfully authorized in the University's State appropriation and unpaid by the State Comptroller. Any line of credit established under this item (14) shall be paid in full one year after creation or within 10 days after the date the University receives reimbursement from the State for all submitted fiscal year 2010 vouchers, whichever is earlier. Any promissory note established under this item (14) shall be repaid within one year after issuance of the note. The Chairman, Comptroller, or Treasurer of the Board shall execute a promissory note or similar debt instrument to evidence the indebtedness incurred by the borrowing. In connection with a borrowing, the Board may establish a line of credit with a financial institution, investment bank, or broker/dealer. The obligation to make the payments due under any promissory note or line of credit established under this item (14) shall be a lawful obligation of the University payable from the anticipated moneys. The resolution may direct the Comptroller or Treasurer of the Board to make arrangements to set apart and hold the portion of the anticipated moneys, as received, that shall be used to repay the borrowing, subject to any prior pledges or restrictions with respect to the anticipated moneys. The resolution may also authorize the Treasurer of the Board to make partial repayments of the borrowing as the anticipated moneys become available and may contain any other terms, restrictions, or limitations not inconsistent with the powers of the Board.

For the purposes of this item (14), "financial institution" means any bank subject to the Illinois Banking Act, any savings and loan association subject to the Illinois Savings and Loan Act of 1985, and any federally chartered commercial bank or savings and loan association or government-sponsored enterprise organized and operated in this State pursuant to the laws of the United States.

The borrowing limit shall be capped at 100% of the total amount of payroll and other expense vouchers submitted and payable to the University for fiscal year 2010 expenses, but unpaid at the State Comptroller's office. Prior to borrowing any funds, the University shall request from the Comptroller's

office a verification of the borrowing limit and shall include the estimated date on which such borrowing shall occur. The borrowing limit cap shall be verified by State Comptroller's office not prior to 45 days before any estimated date for executing any promissory note or line of credit established under this item (13). The principal amount borrowed under a promissory note or line of credit shall not exceed 75% of the borrowing limit. Within 15 days after borrowing funds under any promissory note or line of credit established under this item (13), the University shall submit to the Governor's Office of Management and Budget, the Speaker of the House of Representatives, the Minority Leader of the House of Representatives, the President of the Senate, and Minority Leader of the Senate, an Emergency Short Term Cash Management Plan. Any promissory note established under this item (13) shall be repaid within one year after issuance of the note. The Chairman, Comptroller, or Treasurer of the Board shall execute a promissory note or similar debt instrument to evidence the indebtedness incurred by the borrowing. In connection with a borrowing, the Board may establish a line of credit with a financial institution, investment bank, or broker/dealer. The obligation to make the payments due under any promissory note or line of credit established under this item (13) shall be a lawful obligation of the University payable from the anticipated moneys. Any borrowing under this item (13) shall not constitute a debt, legal or moral, of the State and shall not be enforceable against the State. The promissory note or line of credit shall be authorized by a resolution passed by the Board and shall be valid whether or not a budgeted item with respect to that resolution is included in any annual or supplemental budget adopted by the Board. The resolution may also authorize the Treasurer of the Board to make partial repayments of the borrowing as the anticipated moneys become available and may contain any other terms, restrictions, or limitations not inconsistent with the powers of the Board.

For the purposes of this item (13), "financial institution" means any bank subject to the Illinois Banking Act, any savings and loan association subject to the Illinois Savings and Loan Act of 1985, and any federally chartered commercial bank or savings and loan association or government-sponsored enterprise organized and operated in this State pursuant to the laws of the United States.

SENATE BILL NO. 3655

House Amendment No. 1 to SENATE BILL NO. 3655

Passed the House, as amended, May 6, 2010.

MARK MAHONEY, Clerk of the House

AMENDMENT NO. 1 TO SENATE BILL 3655

AMENDMENT NO. 1. Amend Senate Bill 3655 by replacing everything after the enacting clause with the following:

"Section 5. The Illinois Income Tax Act is amended by changing Section 201 as follows:

(35 ILCS 5/201) (from Ch. 120, par. 2-201)

Sec. 201. Tax Imposed.

(a) In general. A tax measured by net income is hereby imposed on every individual, corporation, trust and estate for each taxable year ending after July 31, 1969 on the privilege of earning or receiving income in or as a resident of this State. Such tax shall be in addition to all other occupation or privilege taxes imposed by this State or by any municipal corporation or political subdivision thereof.

(b) Rates. The tax imposed by subsection (a) of this Section shall be determined as follows, except as adjusted by subsection (d-1):

(1) In the case of an individual, trust or estate, for taxable years ending prior to July 1, 1989, an amount equal to 2 1/2% of the taxpayer's net income for the taxable year.

(2) In the case of an individual, trust or estate, for taxable years beginning prior to July 1, 1989 and ending after June 30, 1989, an amount equal to the sum of (i) 2 1/2% of the taxpayer's net income for the period prior to July 1, 1989, as calculated under Section 202.3, and (ii) 3% of the taxpayer's net income for the period after June 30, 1989, as calculated under Section 202.3.

(3) In the case of an individual, trust or estate, for taxable years beginning after June 30, 1989, an amount equal to 3% of the taxpayer's net income for the taxable year.

(4) (Blank).

[May 6, 2010]

(5) (Blank).

(6) In the case of a corporation, for taxable years ending prior to July 1, 1989, an amount equal to 4% of the taxpayer's net income for the taxable year.

(7) In the case of a corporation, for taxable years beginning prior to July 1, 1989 and ending after June 30, 1989, an amount equal to the sum of (i) 4% of the taxpayer's net income for the period prior to July 1, 1989, as calculated under Section 202.3, and (ii) 4.8% of the taxpayer's net income for the period after June 30, 1989, as calculated under Section 202.3.

(8) In the case of a corporation, for taxable years beginning after June 30, 1989, an amount equal to 4.8% of the taxpayer's net income for the taxable year.

(c) Personal Property Tax Replacement Income Tax. Beginning on July 1, 1979 and thereafter, in addition to such income tax, there is also hereby imposed the Personal Property Tax Replacement Income Tax measured by net income on every corporation (including Subchapter S corporations), partnership and trust, for each taxable year ending after June 30, 1979. Such taxes are imposed on the privilege of earning or receiving income in or as a resident of this State. The Personal Property Tax Replacement Income Tax shall be in addition to the income tax imposed by subsections (a) and (b) of this Section and in addition to all other occupation or privilege taxes imposed by this State or by any municipal corporation or political subdivision thereof.

(d) Additional Personal Property Tax Replacement Income Tax Rates. The personal property tax replacement income tax imposed by this subsection and subsection (c) of this Section in the case of a corporation, other than a Subchapter S corporation and except as adjusted by subsection (d-1), shall be an additional amount equal to 2.85% of such taxpayer's net income for the taxable year, except that beginning on January 1, 1981, and thereafter, the rate of 2.85% specified in this subsection shall be reduced to 2.5%, and in the case of a partnership, trust or a Subchapter S corporation shall be an additional amount equal to 1.5% of such taxpayer's net income for the taxable year.

(d-1) Rate reduction for certain foreign insurers. In the case of a foreign insurer, as defined by Section 35A-5 of the Illinois Insurance Code, whose state or country of domicile imposes on insurers domiciled in Illinois a retaliatory tax (excluding any insurer whose premiums from reinsurance assumed are 50% or more of its total insurance premiums as determined under paragraph (2) of subsection (b) of Section 304, except that for purposes of this determination premiums from reinsurance do not include premiums from inter-affiliate reinsurance arrangements), beginning with taxable years ending on or after December 31, 1999, the sum of the rates of tax imposed by subsections (b) and (d) shall be reduced (but not increased) to the rate at which the total amount of tax imposed under this Act, net of all credits allowed under this Act, shall equal (i) the total amount of tax that would be imposed on the foreign insurer's net income allocable to Illinois for the taxable year by such foreign insurer's state or country of domicile if that net income were subject to all income taxes and taxes measured by net income imposed by such foreign insurer's state or country of domicile, net of all credits allowed or (ii) a rate of zero if no such tax is imposed on such income by the foreign insurer's state of domicile. For the purposes of this subsection (d-1), an inter-affiliate includes a mutual insurer under common management.

(1) For the purposes of subsection (d-1), in no event shall the sum of the rates of tax imposed by subsections (b) and (d) be reduced below the rate at which the sum of:

(A) the total amount of tax imposed on such foreign insurer under this Act for a taxable year, net of all credits allowed under this Act, plus

(B) the privilege tax imposed by Section 409 of the Illinois Insurance Code, the fire insurance company tax imposed by Section 12 of the Fire Investigation Act, and the fire department taxes imposed under Section 11-10-1 of the Illinois Municipal Code, equals 1.25% for taxable years ending prior to December 31, 2003, or 1.75% for taxable years ending on or after December 31, 2003, of the net taxable premiums written for the taxable year, as described by subsection (1) of Section 409 of the Illinois Insurance Code. This paragraph will in no event increase the rates imposed under subsections (b) and (d).

(2) Any reduction in the rates of tax imposed by this subsection shall be applied first against the rates imposed by subsection (b) and only after the tax imposed by subsection (a) net of all credits allowed under this Section other than the credit allowed under subsection (i) has been reduced to zero, against the rates imposed by subsection (d).

This subsection (d-1) is exempt from the provisions of Section 250.

(e) Investment credit. A taxpayer shall be allowed a credit against the Personal Property Tax Replacement Income Tax for investment in qualified property.

(1) A taxpayer shall be allowed a credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1984. There shall be allowed an additional credit equal to .5% of the basis of qualified property

placed in service during the taxable year, provided such property is placed in service on or after July 1, 1986, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. The provisions added to this Section by Public Act 85-1200 (and restored by Public Act 87-895) shall be construed as declaratory of existing law and not as a new enactment. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is .5% and the denominator of which is 1%, but shall not exceed .5%. The investment credit shall not be allowed to the extent that it would reduce a taxpayer's liability in any tax year below zero, nor may any credit for qualified property be allowed for any year other than the year in which the property was placed in service in Illinois. For tax years ending on or after December 31, 1987, and on or before December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years if the taxpayer (i) makes investments which cause the creation of a minimum of 2,000 full-time equivalent jobs in Illinois, (ii) is located in an enterprise zone established pursuant to the Illinois Enterprise Zone Act and (iii) is certified by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) as complying with the requirements specified in clause (i) and (ii) by July 1, 1986. The Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) shall notify the Department of Revenue of all such certifications immediately. For tax years ending after December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

(2) The term "qualified property" means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings and signs that are real property, but not including land or improvements to real property that are not a structural component of a building such as landscaping, sewer lines, local access roads, fencing, parking lots, and other appurtenances;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (e);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;

(D) is used in Illinois by a taxpayer who is primarily engaged in manufacturing, or in mining coal or fluorite, or in retailing, or was placed in service on or after July 1, 2006 in a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act; and

(E) has not previously been used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (e) or subsection (f).

(3) For purposes of this subsection (e), "manufacturing" means the material staging and production of tangible personal property by procedures commonly regarded as manufacturing, processing, fabrication, or assembling which changes some existing material into new shapes, new qualities, or new combinations. For purposes of this subsection (e) the term "mining" shall have the same meaning as the term "mining" in Section 613(c) of the Internal Revenue Code. For purposes of this subsection (e), the term "retailing" means the sale of tangible personal property for use or consumption and not for resale, or services rendered in conjunction with the sale of tangible personal property for use or consumption and not for resale. For purposes of this subsection (e), "tangible personal property" has the same meaning as when that term is used in the Retailers' Occupation Tax Act, and, for taxable years ending after December 31, 2008, does not include the generation, transmission, or distribution of electricity.

(4) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(5) If the basis of the property for federal income tax depreciation purposes is

increased after it has been placed in service in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(6) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(7) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the Personal Property Tax Replacement Income Tax for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation and, (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (7), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(8) Unless the investment credit is extended by law, the basis of qualified property shall not include costs incurred after December 31, 2013, except for costs incurred pursuant to a binding contract entered into on or before December 31, 2013.

(9) Each taxable year ending before December 31, 2000, a partnership may elect to pass through to its partners the credits to which the partnership is entitled under this subsection (e) for the taxable year. A partner may use the credit allocated to him or her under this paragraph only against the tax imposed in subsections (c) and (d) of this Section. If the partnership makes that election, those credits shall be allocated among the partners in the partnership in accordance with the rules set forth in Section 704(b) of the Internal Revenue Code, and the rules promulgated under that Section, and the allocated amount of the credits shall be allowed to the partners for that taxable year. The partnership shall make this election on its Personal Property Tax Replacement Income Tax return for that taxable year. The election to pass through the credits shall be irrevocable.

For taxable years ending on or after December 31, 2000, a partner that qualifies its partnership for a subtraction under subparagraph (l) of paragraph (2) of subsection (d) of Section 203 or a shareholder that qualifies a Subchapter S corporation for a subtraction under subparagraph (S) of paragraph (2) of subsection (b) of Section 203 shall be allowed a credit under this subsection (e) equal to its share of the credit earned under this subsection (e) during the taxable year by the partnership or Subchapter S corporation, determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. This paragraph is exempt from the provisions of Section 250.

(f) Investment credit; Enterprise Zone; River Edge Redevelopment Zone.

(1) A taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service in an Enterprise Zone created pursuant to the Illinois Enterprise Zone Act or, for property placed in service on or after July 1, 2006, a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act. For partners, shareholders of Subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (f) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. The credit shall be .5% of the basis for such property. The credit shall be available only in the taxable year in which the property is placed in service in the Enterprise Zone or River Edge Redevelopment Zone and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1985, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

(2) The term qualified property means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit

provided by this subsection (f);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;

(D) is used in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer; and

(E) has not been previously used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (f) or subsection (e).

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside the Enterprise Zone or River Edge Redevelopment Zone within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) There shall be allowed an additional credit equal to 0.5% of the basis of qualified property placed in service during the taxable year in a River Edge Redevelopment Zone, provided such property is placed in service on or after July 1, 2006, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is 0.5% and the denominator of which is 1%, but shall not exceed 0.5%.

(g) Jobs Tax Credit; Enterprise Zone, River Edge Redevelopment Zone, and Foreign Trade Zone or Sub-Zone.

(1) A taxpayer conducting a trade or business in an enterprise zone or a High Impact Business designated by the Department of Commerce and Economic Opportunity or for taxable years ending on or after December 31, 2006, in a River Edge Redevelopment Zone conducting a trade or business in a federally designated Foreign Trade Zone or Sub-Zone shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section in the amount of \$500 per eligible employee hired to work in the zone during the taxable year.

(2) To qualify for the credit:

(A) the taxpayer must hire 5 or more eligible employees to work in an enterprise zone, River Edge Redevelopment Zone, or federally designated Foreign Trade Zone or Sub-Zone during the taxable year;

(B) the taxpayer's total employment within the enterprise zone, River Edge Redevelopment Zone, or federally designated Foreign Trade Zone or Sub-Zone must increase by 5 or more full-time employees beyond the total employed in that zone at the end of the previous tax year for which a jobs tax credit under this Section was taken, or beyond the total employed by the taxpayer as of December 31, 1985, whichever is later; and

(C) the eligible employees must be employed 180 consecutive days in order to be deemed hired for purposes of this subsection.

(3) An "eligible employee" means an employee who is:

(A) Certified by the Department of Commerce and Economic Opportunity as "eligible for services" pursuant to regulations promulgated in accordance with Title II of the Job Training Partnership Act, Training Services for the Disadvantaged or Title III of the Job Training Partnership Act, Employment and Training Assistance for Dislocated Workers Program.

(B) Hired after the enterprise zone, River Edge Redevelopment Zone, or federally designated Foreign Trade Zone or Sub-Zone was designated or the trade or business was located in that zone, whichever is later.

(C) Employed in the enterprise zone, River Edge Redevelopment Zone, or Foreign Trade Zone or Sub-Zone. An employee is employed in an enterprise zone or federally designated Foreign Trade Zone or Sub-Zone if his services are rendered there or it is the base of operations for the services performed.

(D) A full-time employee working 30 or more hours per week.

(4) For tax years ending on or after December 31, 1985 and prior to December 31, 1988, the credit shall be allowed for the tax year in which the eligible employees are hired. For tax years ending on or after December 31, 1988, the credit shall be allowed for the tax year immediately following the tax year in which the eligible employees are hired. If the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

(5) The Department of Revenue shall promulgate such rules and regulations as may be deemed necessary to carry out the purposes of this subsection (g).

(6) The credit shall be available for eligible employees hired on or after January 1, 1986.

(h) Investment credit; High Impact Business.

(1) Subject to subsections (b) and (b-5) of Section 5.5 of the Illinois Enterprise Zone Act, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service by a Department of Commerce and Economic Opportunity designated High Impact Business. The credit shall be .5% of the basis for such property. The credit shall not be available (i) until the minimum investments in qualified property set forth in subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act have been satisfied or (ii) until the time authorized in subsection (b-5) of the Illinois Enterprise Zone Act for entities designated as High Impact Businesses under subdivisions (a)(3)(B), (a)(3)(C), and (a)(3)(D) of Section 5.5 of the Illinois Enterprise Zone Act, and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. The credit applicable to such investments shall be taken in the taxable year in which such investments have been completed. The credit for additional investments beyond the minimum investment by a designated high impact business authorized under subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act shall be available only in the taxable year in which the property is placed in service and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1987, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

Changes made in this subdivision (h)(1) by Public Act 88-670 restore changes made by Public Act 85-1182 and reflect existing law.

(2) The term qualified property means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (h);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code; and

(D) is not eligible for the Enterprise Zone Investment Credit provided by subsection (f) of this Section.

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is

increased after it has been placed in service in a federally designated Foreign Trade Zone or Sub-Zone located in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year ending on or before December 31, 1996, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) Beginning with tax years ending after December 31, 1996, if a taxpayer qualifies for the credit under this subsection (h) and thereby is granted a tax abatement and the taxpayer relocates its entire facility in violation of the explicit terms and length of the contract under Section 18-183 of the Property Tax Code, the tax imposed under subsections (a) and (b) of this Section shall be increased for the taxable year in which the taxpayer relocated its facility by an amount equal to the amount of credit received by the taxpayer under this subsection (h).

(i) Credit for Personal Property Tax Replacement Income Tax. For tax years ending prior to December 31, 2003, a credit shall be allowed against the tax imposed by subsections (a) and (b) of this Section for the tax imposed by subsections (c) and (d) of this Section. This credit shall be computed by multiplying the tax imposed by subsections (c) and (d) of this Section by a fraction, the numerator of which is base income allocable to Illinois and the denominator of which is Illinois base income, and further multiplying the product by the tax rate imposed by subsections (a) and (b) of this Section.

Any credit earned on or after December 31, 1986 under this subsection which is unused in the year the credit is computed because it exceeds the tax liability imposed by subsections (a) and (b) for that year (whether it exceeds the original liability or the liability as later amended) may be carried forward and applied to the tax liability imposed by subsections (a) and (b) of the 5 taxable years following the excess credit year, provided that no credit may be carried forward to any year ending on or after December 31, 2003. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first.

If, during any taxable year ending on or after December 31, 1986, the tax imposed by subsections (c) and (d) of this Section for which a taxpayer has claimed a credit under this subsection (i) is reduced, the amount of credit for such tax shall also be reduced. Such reduction shall be determined by recomputing the credit to take into account the reduced tax imposed by subsections (c) and (d). If any portion of the reduced amount of credit has been carried to a different taxable year, an amended return shall be filed for such taxable year to reduce the amount of credit claimed.

(j) Training expense credit. Beginning with tax years ending on or after December 31, 1986 and prior to December 31, 2003, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) under this Section for all amounts paid or accrued, on behalf of all persons employed by the taxpayer in Illinois or Illinois residents employed outside of Illinois by a taxpayer, for educational or vocational training in semi-technical or technical fields or semi-skilled or skilled fields, which were deducted from gross income in the computation of taxable income. The credit against the tax imposed by subsections (a) and (b) shall be 1.6% of such training expenses. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (j) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

Any credit allowed under this subsection which is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first computed until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first. No carryforward credit may be claimed in any tax year ending on or after December 31, 2003.

(k) Research and development credit.

For tax years ending after July 1, 1990 and prior to December 31, 2003, and beginning again for tax years ending on or after December 31, 2004, and ending prior to January 1, 2011, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for increasing research activities in this State. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 6 1/2% of the qualifying expenditures for increasing research activities in this State. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

For purposes of this subsection, "qualifying expenditures" means the qualifying expenditures as defined for the federal credit for increasing research activities which would be allowable under Section 41 of the Internal Revenue Code and which are conducted in this State, "qualifying expenditures for increasing research activities in this State" means the excess of qualifying expenditures for the taxable year in which incurred over qualifying expenditures for the base period, "qualifying expenditures for the base period" means the average of the qualifying expenditures for each year in the base period, and "base period" means the 3 taxable years immediately preceding the taxable year for which the determination is being made.

Any credit in excess of the tax liability for the taxable year may be carried forward. A taxpayer may elect to have the unused credit shown on its final completed return carried over as a credit against the tax liability for the following 5 taxable years or until it has been fully used, whichever occurs first; provided that no credit earned in a tax year ending prior to December 31, 2003 may be carried forward to any year ending on or after December 31, 2003, and no credit may be carried forward to any taxable year ending on or after January 1, 2011.

If an unused credit is carried forward to a given year from 2 or more earlier years, that credit arising in the earliest year will be applied first against the tax liability for the given year. If a tax liability for the given year still remains, the credit from the next earliest year will then be applied, and so on, until all credits have been used or no tax liability for the given year remains. Any remaining unused credit or credits then will be carried forward to the next following year in which a tax liability is incurred, except that no credit can be carried forward to a year which is more than 5 years after the year in which the expense for which the credit is given was incurred.

No inference shall be drawn from this amendatory Act of the 91st General Assembly in construing this Section for taxable years beginning before January 1, 1999.

(l) Environmental Remediation Tax Credit.

(i) For tax years ending after December 31, 1997 and on or before December 31, 2001, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14 of the Environmental Protection Act that were paid in performing environmental remediation at a site for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. After the Pollution Control Board rules are adopted pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act, determinations as to credit availability for purposes of this Section shall be made consistent with those rules. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 25% of the unreimbursed eligible remediation costs in excess of \$100,000 per site, except that the \$100,000 threshold shall not apply to any site contained in an enterprise zone as determined by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity). The total credit allowed shall not exceed \$40,000 per year with a maximum total of \$150,000 per site. For partners and shareholders of subchapter S corporations, there shall be allowed a credit under this subsection to be determined in

accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. The term "unused credit" does not include any amounts of unreimbursed eligible remediation costs in excess of the maximum credit per site authorized under paragraph (i). This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be applied first. A credit allowed under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted. The purchaser of a remediation site and the tax credit shall succeed to the unused credit and remaining carry-forward period of the seller. To perfect the transfer, the assignor shall record the transfer in the chain of title for the site and provide written notice to the Director of the Illinois Department of Revenue of the assignor's intent to sell the remediation site and the amount of the tax credit to be transferred as a portion of the sale. In no event may a credit be transferred to any taxpayer if the taxpayer or a related party would not be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have the same meaning as under Section 58.2 of the Environmental Protection Act.

(m) Education expense credit. Beginning with tax years ending after December 31, 1999, a taxpayer who is the custodian of one or more qualifying pupils shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for qualified education expenses incurred on behalf of the qualifying pupils. The credit shall be equal to 25% of qualified education expenses, but in no event may the total credit under this subsection claimed by a family that is the custodian of qualifying pupils exceed \$500. In no event shall a credit under this subsection reduce the taxpayer's liability under this Act to less than zero. This subsection is exempt from the provisions of Section 250 of this Act.

For purposes of this subsection:

"Qualifying pupils" means individuals who (i) are residents of the State of Illinois, (ii) are under the age of 21 at the close of the school year for which a credit is sought, and (iii) during the school year for which a credit is sought were full-time pupils enrolled in a kindergarten through twelfth grade education program at any school, as defined in this subsection.

"Qualified education expense" means the amount incurred on behalf of a qualifying pupil in excess of \$250 for tuition, book fees, and lab fees at the school in which the pupil is enrolled during the regular school year.

"School" means any public or nonpublic elementary or secondary school in Illinois that is in compliance with Title VI of the Civil Rights Act of 1964 and attendance at which satisfies the requirements of Section 26-1 of the School Code, except that nothing shall be construed to require a child to attend any particular public or nonpublic school to qualify for the credit under this Section.

"Custodian" means, with respect to qualifying pupils, an Illinois resident who is a parent, the parents, a legal guardian, or the legal guardians of the qualifying pupils.

(n) River Edge Redevelopment Zone site remediation tax credit.

(i) For tax years ending on or after December 31, 2006, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14a of the Environmental Protection Act that were paid in performing environmental remediation at a site within a River Edge Redevelopment Zone for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. Determinations as to credit availability for purposes of this Section shall be made consistent with rules adopted by the Pollution Control Board pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. The credit allowed against the tax imposed by

subsections (a) and (b) shall be equal to 25% of the unreimbursed eligible remediation costs in excess of \$100,000 per site.

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be applied first. A credit allowed under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted. The purchaser of a remediation site and the tax credit shall succeed to the unused credit and remaining carry-forward period of the seller. To perfect the transfer, the assignor shall record the transfer in the chain of title for the site and provide written notice to the Director of the Illinois Department of Revenue of the assignor's intent to sell the remediation site and the amount of the tax credit to be transferred as a portion of the sale. In no event may a credit be transferred to any taxpayer if the taxpayer or a related party would not be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have the same meaning as under Section 58.2 of the Environmental Protection Act.

(iv) This subsection is exempt from the provisions of Section 250.

House Amendment No. 1 to SENATE BILL NO. 3683

House Amendment No. 2 to SENATE BILL NO. 3683

Passed the House, as amended, May 6, 2010.

MARK MAHONEY, Clerk of the House

AMENDMENT NO. 1 TO SENATE BILL 3683

AMENDMENT NO. 1. Amend Senate Bill 3683 by replacing everything after the enacting clause with the following:

"Section 5. The River Edge Redevelopment Zone Act is amended by adding Section 10-10.1 as follows:

(65 ILCS 115/10-10.1 new)

Sec. 10-10.1. Utility facilities.

(a) It is in the public interest that costs for redevelopment in a River Edge Redevelopment Zone impacting a public utility, as defined by Section 3-105 of the Public Utilities Act, or a public utility's property, as described in subsection (b) of this Section, should not be allocated solely to the entity engaging in economic redevelopment because this economic redevelopment benefits the utility service territory as a whole and not just the particular area where the redevelopment occurs.

(b) A public utility that has facilities or land affected by the clean-up, remediation, and redevelopment of a River Edge Redevelopment Zone and that incurs costs related to the remediation or the removing or relocating of utility facilities in the River Edge Redevelopment Zone may recover these costs pursuant to subsections (c) and (d) of this Section.

(c) The costs incurred by a public utility for facility removal or relocation described in subsection (b) of this Section shall be shared equally among the public utility, the municipality in which the facility is located, and any landowner that is located within 100 feet of the utility facility and that directly benefits

[May 6, 2010]

from the removal or relocation of the utility facility or the redevelopment of the public utility's land. In no event shall the costs incurred by each municipality or landowner for a given project exceed an equal percentage of the total direct, indirect, and overhead project costs, or \$3,667,000 each, whichever amount is less. The costs incurred by the public utility for facility removal or relocation that are not the responsibility of the municipality or landowner under this subsection (c) shall be recovered by the public utility from all retail customers located in the municipality or municipalities in which the removal or relocation occurs through an appropriate tariff mechanism, and the public utility may record and defer such costs as a regulatory asset until they are so recovered.

(d) The Illinois Commerce Commission shall allow a public utility described in subsection (b) to fully recover from all retail customers in its service territory all reasonable costs that it incurs in conducting environmental remediation in the River Edge Redevelopment Zone related to the removal or relocation of utility facilities in the River Edge Redevelopment Zone, including, but not limited to, transmission and distribution lines, transformers, and poles. These environmental remediation costs also include, but are not limited to, direct, indirect, and overhead costs calculated by the public utility for taxes or other charges, cost adjustments made after the project has begun, and any other charges. The public utility shall record and defer such costs as a regulatory asset to be included in the public utility's total rate base and amortized in the public utility's next filing for a general increase in rates over a reasonable period that is shorter than the life of the affected facility or facilities. Such regulatory assets shall be collected from all residential and commercial ratepayers system-wide, and not only from ratepayers in the municipality's corporate limits. In the event the River Edge Redevelopment Zone is decertified, the public utility shall be permitted to recover all reasonable costs incurred as of the date of the decertification, as well as all costs incurred subsequent to decertification that are necessary to complete any projects commenced while the River Edge Redevelopment Zone was certified, consistent with this Section.

(e) This Section is repealed 7 years after the effective date of this amendatory Act of the 96th General Assembly.

Section 99. Effective date. This Act takes effect upon becoming law."

A meeting of the unit owners shall be called for purposes of filling a vacancy on the board no later than 30 days following the filing of a petition signed by unit owners holding 20% of the votes of the association requesting such a meeting.

(f) There shall be an election of a:

(1) president from among the members of the board, who shall preside over the meetings of the board and of the unit owners;

(2) secretary from among the members of the board, who shall keep the minutes of all meetings of the board and of the unit owners and who shall, in general, perform all the duties incident to the office of secretary; and

(3) treasurer from among the members of the board, who shall keep the financial records and books of account.

(g) If no election is held to elect board members within the time period specified in the bylaws, or within a reasonable amount of time thereafter not to exceed 90 days, then 20% of the unit owners may bring an action to compel compliance with the election requirements specified in the bylaws. If the court finds that an election was not held to elect members of the board within the required period due to the bad faith acts or omissions of the board of managers or the board of directors, the unit owners shall be entitled to recover their reasonable attorney's fees and costs from the association. If the relevant notice requirements have been met and an election is not held solely due to a lack of a quorum, then this subsection (g) does not apply.

(h) Where there is more than one owner of a unit, if only one of the multiple owners is present at a meeting of the association, he or she is entitled to cast all the votes allocated to that unit. A unit owner may vote:

(1) by proxy executed in writing by the unit owner or by his or her duly authorized attorney in fact, provided, however, that the proxy bears the date of execution. Unless the community instruments or the written proxy itself provide otherwise, proxies will not be valid for more than 11 months after the date of its execution; or

(2) by submitting an association-issued ballot in person at the election meeting; or
 (3) by submitting an association-issued ballot to the association or its designated agent by mail or other means of delivery specified in the declaration or bylaws.

(i) The association may, upon adoption of the appropriate rules by the board, conduct elections by secret ballot whereby the voting ballot is marked only with the voting interest for the unit and the vote

itself, provided that the association shall further adopt rules to verify the status of the unit owner issuing a proxy or casting a ballot. A candidate for election to the board or such candidate's representative shall have the right to be present at the counting of ballots at such election.

(j) The purchaser of a unit from a seller other than the developer pursuant to an installment contract for purchase shall, during such times as he or she resides in the unit, be counted toward a quorum for purposes of election of members of the board at any meeting of the unit owners called for purposes of electing members of the board, shall have the right to vote for the election of members of the common interest community association and to be elected to and serve on the board unless the seller expressly retains in writing any or all of such rights.

Section 1-30. Board duties and obligations; records.

(a) The board shall meet at least 4 times annually.

(b) A member of the board of the common interest community association may not enter into a contract with a current board member, or with a corporation or partnership in which a board member or a member of his or her immediate family has 25% or more interest, unless notice of intent to enter into the contract is given to unit owners within 20 days after a decision is made to enter into the contract and the unit owners are afforded an opportunity by filing a petition, signed by 20% of the unit owners, for an election to approve or disapprove the contract; such petition shall be filed within 20 days after such notice and such election shall be held within 30 days after filing the petition. For purposes of this subsection, a board member's immediate family means the board member's spouse, parents, and children.

(c) The bylaws shall provide for the maintenance, repair, and replacement of the common areas and payments therefor, including the method of approving payment vouchers.

(d) (Blank).

(e) The association may engage the services of a manager or management company.

(f) The association shall have one class of membership unless the declaration or bylaws

provide otherwise; however, this subsection (f) shall not be construed to limit the operation of subsection (c) of Section 1-20 of this Act.

(g) The board shall have the power, after notice and an opportunity to be heard, to levy and collect reasonable fines from unit owners for violations of the declaration, bylaws, and rules and regulations of the common interest community association.

(h) Other than attorney's fees, no fees pertaining to the collection of a unit owner's financial obligation to the association, including fees charged by a manager or managing agent, shall be added to and deemed a part of a unit owner's respective share of the common expenses unless: (i) the managing agent fees relate to the costs to collect common expenses for the association; (ii) the fees are set forth in a contract between the managing agent and the association; and (iii) the authority to add the management fees to a unit owner's respective share of the common expenses is specifically stated in the declaration or bylaws of the association.

(i) Board records.

(1) The board shall maintain the following records of the association and make them available for examination and copying at convenient hours of weekdays by any unit owner in a common interest community subject to the authority of the board, their mortgagees, and their duly authorized agents or attorneys:

(i) Copies of the recorded declaration, other community instruments, other duly recorded covenants and bylaws and any amendments, articles of incorporation, annual reports, and any rules and regulations adopted by the board shall be available. Prior to the organization of the board, the developer shall maintain and make available the records set forth in this paragraph (i) for examination and copying.

(ii) Detailed and accurate records in chronological order of the receipts and expenditures affecting the common areas, specifying and itemizing the maintenance and repair expenses of the common areas and any other expenses incurred, and copies of all contracts, leases, or other agreements entered into by the board shall be maintained.

(iii) The minutes of all meetings of the board which shall be maintained for not less than 7 years.

(iv) With a written statement of a proper purpose, ballots and proxies related thereto, if any, for any election held for the board and for any other matters voted on by the unit owners, which shall be maintained for not less than one year.

(v) With a written statement of a proper purpose, such other records of the board as are available for inspection by members of a not-for-profit corporation pursuant to Section 107.75 of the General Not For Profit Corporation Act of 1986 shall be maintained.

(vi) With respect to units owned by a land trust, a living trust, or other legal entity, the trustee, officer, or manager of the entity may designate, in writing, a person to cast votes on behalf of the unit owner and a designation shall remain in effect until a subsequent document is filed with the association.

(2) Where a request for records under this subsection is made in writing to the board or its agent, failure to provide the requested record or to respond within 30 days shall be deemed a denial by the board.

(3) A reasonable fee may be charged by the board for the cost of retrieving and copying records properly requested.

(4) If the board fails to provide records properly requested under paragraph (1) of this subsection (i) within the time period provided in that paragraph (1), the unit owner may seek appropriate relief and shall be entitled to an award of reasonable attorney's fees and costs if the unit owner prevails and the court finds that such failure is due to the acts or omissions of the board of managers or the board of directors.

(j) The board shall have standing and capacity to act in a representative capacity in relation to matters involving the common areas or more than one unit, on behalf of the unit owners as their interests may appear.

Section 1-35. Unit owner powers, duties, and obligations.

(a) The provisions of this Act, the declaration, bylaws, other community instruments, and rules and regulations that relate to the use of an individual unit or the common areas shall be applicable to any person leasing a unit and shall be deemed to be incorporated in any lease executed or renewed on or after the effective date of this Act. With regard to any lease entered into subsequent to the effective date of this Act, the unit owner leasing the unit shall deliver a copy of the signed lease to the association or if the lease is oral, a memorandum of the lease, not later than the date of occupancy or 10 days after the lease is signed, whichever occurs first.

(b) If there are multiple owners of a single unit, only one of the multiple owners shall be eligible to serve as a member of the board at any one time.

(c) Two-thirds of the unit owners may remove a board member as a director at a duty called special meeting of the unit owners.

(d) In the event of any resale of a unit in a common interest community association by a unit owner other than the developer, the board shall make available for inspection to the prospective purchaser, upon demand, the following:

(1) A copy of the declaration, other instruments, and any rules and regulations.

(2) A statement of any liens, including a statement of the account of the unit setting forth the amounts of unpaid assessments and other charges due and owing.

(3) A statement of any capital expenditures anticipated by the association within the current or succeeding 2 fiscal years.

(4) A statement of the status and amount of any reserve for replacement fund and any portion of such fund earmarked for any specified project by the board.

(5) A copy of the statement of financial condition of the association for the last fiscal year for which such a statement is available.

(6) A statement of the status of any pending suits or judgments in which the association is a party.

(7) A statement setting forth what insurance coverage is provided for all unit owners by the association.

(8) A statement that any improvements or alterations made to the unit, or any part of the common areas assigned thereto, by the prior unit owner are in good faith believed to be in compliance with the declaration of the association.

The principal officer of the board or such other officer as is specifically designated shall furnish the above information within 30 days after receiving a written request for such information.

A reasonable fee covering the direct out-of-pocket cost of copying and providing such information may be charged by the association or the board to the unit seller for providing the information.

Section 1-40. Meetings.

(a) Written notice of any membership meeting shall be mailed or delivered giving members no less than 10 and no more than 30 days notice of the time, place, and purpose of such meeting.

(b) Meetings.

(1) Twenty percent of the unit owners shall constitute a quorum, unless the community

instruments indicate otherwise.

(2) The unit owners shall hold an annual meeting, one of the purposes of which shall be to elect members of the board of managers or board of directors of the common interest community association.

(3) Special meetings of the board may be called by the president or 25% of the members of the board. Special meetings of the unit owners may be called by the president, the board, or by 20% of unit owners.

(4) Except to the extent otherwise provided by this Act, the board shall give the unit owners notice of all board meetings at least 48 hours prior to the meeting by sending notice by mail, personal delivery, or by posting copies of notices of meetings in entranceways, elevators, or other conspicuous places in the common interest community at least 48 hours prior to the meeting except where there is no common entranceway for 7 or more units, the board may designate one or more locations in the proximity of these units where the notices of meetings shall be posted. The board shall give unit owners, by mail or personal delivery, notice of any board meeting concerning the adoption of (i) the proposed annual budget, (ii) regular assessments, or (iii) a separate or special assessment within 10 to 30 days prior to the meeting, unless otherwise provided in Section 1-45 (a) or any other provision of this Act.

(5) Meetings of the board shall be open to any unit owner, except for the portion of any meeting held (i) to discuss litigation when an action against or on behalf of the particular association has been filed and is pending in a court or administrative tribunal, or when the common interest community association finds that such an action is probable or imminent, (ii) to consider information regarding appointment, employment, or dismissal of an employee, or (iii) to discuss violations of rules and regulations of the association or a unit owner's unpaid share of common expenses. Any vote on these matters shall be taken at a meeting or portion thereof open to any unit owner.

(6) The board must reserve a portion of the meeting of the board for comments by unit owners; provided, however, the duration and meeting order for the unit owner comment period is within the sole discretion of the board.

Section 1-45. Finances.

(a) Each unit owner shall receive, at least 30 days prior to the adoption thereof by the board, a copy of the proposed annual budget together with an indication of which portions are intended for reserves, capital expenditures or repairs or payment of real estate taxes.

(b) The board shall annually supply to all unit owners an itemized accounting of the common expenses for the preceding year actually incurred or paid, together with an indication of which portions were for reserves, capital expenditures or repairs or payment of real estate taxes and with a tabulation of the amounts collected pursuant to the budget or assessment, and showing the net excess or deficit of income over expenditures plus reserves.

(c) If an adopted budget or any separate assessment adopted by the board would result in the sum of all regular and separate assessments payable in the current fiscal year exceeding 115% of the sum of all regular and separate assessments payable during the preceding fiscal year, the common interest community association, upon written petition by unit owners with 20% of the votes of the association delivered to the board within 14 days of the board action, shall call a meeting of the unit owners within 30 days of the date of delivery of the petition to consider the budget or separate assessment; unless a majority of the total votes of the unit owners are cast at the meeting to reject the budget or separate assessment, it shall be deemed ratified.

(d) Any common expense not set forth in the budget or any increase in assessments over the amount adopted in the budget shall be separately assessed against all unit owners.

(e) Separate assessments for expenditures relating to emergencies or mandated by law may be adopted by the board without being subject to unit owner approval or the provisions of subsection (c) or (f) of this Section. As used herein, "emergency" means an immediate danger to the structural integrity of the common areas or to the life, health, safety, or property of the unit owners.

(f) Assessments for additions and alterations to the common areas or to association-owned property not included in the adopted annual budget, shall be separately assessed and are subject to approval of two-thirds of the total votes of all unit owners.

(g) The board may adopt separate assessments payable over more than one fiscal year. With respect to multi-year assessments not governed by subsections (e) and (f) of this Section, the entire amount of the multi-year assessment shall be deemed considered and authorized in the first fiscal year

in which the assessment is approved.

(h) The board of a common interest community association shall have the authority to establish and maintain a system of master metering of public utility services to collect payments in conjunction therewith, subject to the requirements of the Tenant Utility Payment Disclosure Act.

Section 1-50. Administration of property prior to election of the initial board of directors.

(a) Until the election of the initial board whose declaration is recorded on or after the effective date of this Act, the same rights, titles, powers, privileges, trusts, duties, and obligations that are vested in or imposed upon the board by this Act or in the declaration or other duly recorded covenant shall be held and performed by the developer.

(b) The election of the initial board, whose declaration is recorded on or after the effective date of this Act, shall be held not later than 60 days after the conveyance by the developer of 75% of the units, or 3 years after the recording of the declaration, whichever is earlier. The developer shall give at least 21 days' notice of the meeting to elect the initial board of directors and shall upon request provide to any unit owner, within 3 working days of the request, the names, addresses, and weighted vote of each unit owner entitled to vote at the meeting. Any unit owner shall, upon receipt of the request, be provided with the same information, within 10 days after the request, with respect to each subsequent meeting to elect members of the board of directors.

(c) If the initial board of a common interest community association whose declaration is recorded on or after the effective date of this Act is not elected by the time established in subsection (b), the developer shall continue in office for a period of 30 days, whereupon written notice of his or her resignation shall be sent to all of the unit owners or members.

(d) Within 60 days following the election of a majority of the board, other than the developer, by unit owners, the developer shall deliver to the board:

(1) All original documents as recorded or filed pertaining to the property, its administration, and the association, such as the declaration, articles of incorporation, other instruments, annual reports, minutes, rules and regulations, and contracts, leases, or other agreements entered into by the association. If any original documents are unavailable, a copy may be provided if certified by affidavit of the developer, or an officer or agent of the developer, as being a complete copy of the actual document recorded or filed.

(2) A detailed accounting by the developer, setting forth the source and nature of receipts and expenditures in connection with the management, maintenance, and operation of the property, copies of all insurance policies, and a list of any loans or advances to the association which are outstanding.

(3) Association funds, which shall have been at all times segregated from any other moneys of the developer.

(4) A schedule of all real or personal property, equipment, and fixtures belonging to the association, including documents transferring the property, warranties, if any, for all real and personal property and equipment, deeds, title insurance policies, and all tax bills.

(5) A list of all litigation, administrative action, and arbitrations involving the association, any notices of governmental bodies involving actions taken or which may be taken concerning the association, engineering and architectural drawings and specifications as approved by any governmental authority, all other documents filed with any other governmental authority, all governmental certificates, correspondence involving enforcement of any association requirements, copies of any documents relating to disputes involving unit owners, and originals of all documents relating to everything listed in this paragraph.

(6) If the developer fails to fully comply with this subsection (d) within the 60 days provided and fails to fully comply within 10 days after written demand mailed by registered or certified mail to his or her last known address, the board may bring an action to compel compliance with this subsection (d). If the court finds that any of the required deliveries were not made within the required period, the board shall be entitled to recover its reasonable attorney's fees and costs incurred from and after the date of expiration of the 10-day demand.

(e) With respect to any common interest community association whose declaration is recorded on or after the effective date of this Act, any contract, lease, or other agreement made prior to the election of a majority of the board other than the developer by or on behalf of unit owners or underlying common interest community association, the association or the board, which extends for a period of more than 2 years from the recording of the declaration, shall be subject to cancellation by more than one-half of the votes of the unit owners, other than the developer, cast at a special meeting of members called for that purpose during a period of 90 days prior to the expiration of the 2-year

period if the board is elected by the unit owners, otherwise by more than one-half of the underlying common interest community association board. At least 60 days prior to the expiration of the 2-year period, the board or, if the board is still under developer control, the developer shall send notice to every unit owner notifying them of this provision, of what contracts, leases, and other agreements are affected, and of the procedure for calling a meeting of the unit owners or for action by the board for the purpose of acting to terminate such contracts, leases or other agreements. During the 90-day period the other party to the contract, lease, or other agreement shall also have the right of cancellation.

(f) The statute of limitations for any actions in law or equity that the board may bring shall not begin to run until the unit owners have elected a majority of the members of the board.

Section 1-55. Fidelity insurance. An association with 30 or more units shall obtain and maintain fidelity insurance covering persons who control or disburse funds of the association for the maximum amount of coverage available to protect funds in the custody or control of the association plus the association reserve fund. All management companies which are responsible for the funds held or administered by the association shall maintain and furnish to the association a fidelity bond for the maximum amount of coverage available to protect funds in the custody of the management company at any time. The association shall bear the cost of the fidelity insurance and fidelity bond, unless otherwise provided by contract between the association and a management company.

Section 1-60. Errors and omissions.

(a) If there is an omission or error in the declaration or other instrument of the association, the association may correct the error or omission by an amendment to the declaration or other instrument, as may be required to conform it to this Act, to any other applicable statute, or to the declaration. The amendment shall be adopted by vote of two-thirds of the members of the board of directors or by a majority vote of the unit owners at a meeting called for that purpose, unless the Act or the declaration of the association specifically provides for greater percentages or different procedures.

(b) If, through a scrivener's error, a unit has not been designated as owning an appropriate undivided share of the common areas or does not bear an appropriate share of the common expenses, or if all of the common expenses or all of the common elements have not been distributed in the declaration, so that the sum total of the shares of common areas which have been distributed or the sum total of the shares of the common expenses fail to equal 100%, or if it appears that more than 100% of the common elements or common expenses have been distributed, the error may be corrected by operation of law by filing an amendment to the declaration, approved by vote of two-thirds of the members of the board or a majority vote of the unit owners at a meeting called for that purpose, which proportionately adjusts all percentage interests so that the total is equal to 100%, unless the declaration specifically provides for a different procedure or different percentage vote by the owners of the units and the owners of mortgages thereon affected by modification being made in the undivided interest in the common areas, the number of votes in the association or the liability for common expenses appertaining to the unit.

(c) If a scrivener's error in the declaration or other instrument is corrected by vote of two-thirds of the members of the board pursuant to the authority established in subsection (a) or subsection (b), the board, upon written petition by unit owners with 20% of the votes of the association received within 30 days of the board action, shall call a meeting of the unit owners within 30 days of the filing of the petition to consider the board action. Unless a majority of the votes of the unit owners of the association are cast at the meeting to reject the action, it is ratified whether or not a quorum is present.

(d) Nothing contained in this Section shall be construed to invalidate any provision of a declaration authorizing the developer to amend an instrument prior to the latest date on which the initial membership meeting of the unit owners must be held, whether or not it has actually been held, to bring the instrument into compliance with the legal requirements of the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, the Federal Housing Administration, the United States Department of Veterans Affairs, or their respective successors and assigns.

Section 1-65. Management company. A management company holding reserve funds of an association shall at all times maintain a separate account for each association, unless by contract the board of managers of the association authorizes a management company to maintain association reserves in a single account with other associations for investment purposes. With the consent of the board of managers of the association, the management company may hold all operating funds of associations which it manages in a single operating account, but shall at all times maintain records identifying all moneys of each association in such operating account. Such operating and reserve funds held by the

management company for the association shall not be subject to attachment by any creditor of the management company. A management company that provides common interest community association management services for more than one common interest community association shall maintain separate, segregated accounts for each common interest community association. The funds shall not, in any event, be commingled with funds of the management company, the firm of the management company, or any other common interest community association. The maintenance of these accounts shall be custodial, and the accounts shall be in the name of the respective common interest community association.

Section 1-70. Display of American flag or military flag.

(a) Notwithstanding any provision in the declaration, bylaws, community instruments, rules, regulations, or agreements or other instruments of a common interest community association or a board's construction of any of those instruments, a board may not prohibit the display of the American flag or a military flag, or both, on or within the limited common areas and facilities of a unit owner or on the immediately adjacent exterior of the building in which the unit of a unit owner is located. A board may adopt reasonable rules and regulations, consistent with Sections 4 through 10 of Chapter 1 of Title 4 of the United States Code, regarding the placement and manner of display of the American flag and a board may adopt reasonable rules and regulations regarding the placement and manner of display of a military flag. A board may not prohibit the installation of a flagpole for the display of the American flag or a military flag, or both, on or within the limited common areas and facilities of a unit owner or on the immediately adjacent exterior of the building in which the unit of a unit owner is located, but a board may adopt reasonable rules and regulations regarding the location and size of flagpoles.

(b) As used in this Section:

"American flag" means the flag of the United States (as defined in Section 1 of Chapter 1 of Title 4 of the United States Code and the Executive Orders entered in connection with that Section) made of fabric, cloth, or paper displayed from a staff or flagpole or in a window, but "American flag" does not include a depiction or emblem of the American flag made of lights, paint, roofing, siding, paving materials, flora, or balloons, or any other similar building, landscaping, or decorative component.

"Military flag" means a flag of any branch of the United States armed forces or the Illinois National Guard made of fabric, cloth, or paper displayed from a staff or flagpole or in a window, but "military flag" does not include a depiction or emblem of a military flag made of lights, paint, roofing, siding, paving materials, flora, or balloons, or any other similar building, landscaping, or decorative component.

Section 1-75. Exemptions for small community interest communities.

(a) A common interest community association organized under the General Not for Profit Corporation Act of 1986 and having either (i) 10 units or less or (ii) annual budgeted assessments of \$100,000 or less shall be exempt from this Act unless the association affirmatively elects to be covered by this Act by a majority of its directors and unit owners.

(b) Common interest community associations which in their declaration, bylaws, or other governing documents provide that the association may not use the courts or an arbitration process to collect or enforce assessments, fines, or similar levies and common interest community associations (i) of 10 units or less or (ii) having annual budgeted assessments of \$50,000 or less shall be exempt from subsection (a) of Section 1-30, subsections (a) and (b) of Section 10-40, and Section 1-55 but shall be required to provide notice of meetings to unit owners in a manner and at a time that will allow unit owners to participate in those meetings.

(c) Provided, however, that in such instances where a distributor's or importing distributor's license has been issued to any distiller or wine manufacturer or to any subsidiary or affiliate of any distiller or wine manufacturer who has, during the licensing period ending June 30, 1947, sold or distributed as such licensed distributor or importing distributor alcoholic liquors and wines to retailers, such distiller or wine manufacturer or any subsidiary or affiliate of any distiller or wine manufacturer holding such distributor's or importing distributor's license may continue to sell or distribute to retailers such alcoholic liquors and wines which are manufactured, distilled, processed or marketed by distillers and wine manufacturers whose products it sold or distributed to retailers during the whole or any part of its licensing periods; and such additional brands and additional products may be added to the line of such distributor or importing distributor, provided, that such brands and such products were not sold or distributed by any distributor or importing distributor licensed by the State Commission during the licensing period ending June 30, 1947, but can not sell or distribute to retailers any other alcoholic liquors or wines.

(d) It shall be unlawful for any distiller licensed anywhere to have any stock ownership or interest in any distributor's or importing distributor's license wherein any other person has an interest therein who is not a distiller and does not own more than 5% of any stock in any distillery. Nothing herein contained shall apply to such distillers or their subsidiaries or affiliates, who had a distributor's or importing distributor's license during the licensing period ending June 30, 1947, which license was owned in whole by such distiller, or subsidiaries or affiliates of such distiller.

(e) Any person having been licensed as a manufacturer shall be permitted to receive one retailer's license for the premises in which he or she actually conducts such business, permitting the sale of beer only on such premises, but no such person shall be entitled to more than one retailer's license in any

event, and, other than a manufacturer of beer as stated above, no manufacturer or distributor or importing distributor, excluding airplane licensees exercising powers provided in paragraph (i) of Section 5-1 of this Act, or any subsidiary or affiliate thereof, or any officer, associate, member, partner, representative, employee or agent, or shareholder shall be issued a retailer's license, nor shall any person having a retailer's license, excluding airplane licensees exercising powers provided in paragraph (i) of Section 5-1 of this Act, or any subsidiary or affiliate thereof, or any officer, associate, member, partner, representative or agent, or shareholder be issued a manufacturer's license or importing distributor's license.

A person licensed as a craft distiller not affiliated with any other person manufacturing spirits may be permitted to receive one retailer's license for the premises in which he or she actually conducts business permitting only the retail sale of spirits manufactured at such premises. Such sales shall be limited to on-premises, in-person sales only, for lawful consumption on or off premises. A craft distiller licensed for retail sale shall secure liquor liability insurance coverage in an amount at least equal to the maximum liability amounts set forth in subsection (a) of Section 6-21 of this Act.

(f) However, the foregoing prohibitions against any person licensed as a distiller or wine manufacturer being issued a retailer's license shall not apply:

(i) to any hotel, motel or restaurant whose principal business is not the sale of alcoholic liquors if said retailer's sales of any alcoholic liquors manufactured, sold, distributed or controlled, directly or indirectly, by any affiliate, subsidiary, officer, associate, member, partner, representative, employee, agent or shareholder owning more than 5% of the outstanding shares of such person does not exceed 10% of the total alcoholic liquor sales of said retail licensee; and

(ii) where the Commission determines, having considered the public welfare, the economic impact upon the State and the entirety of the facts and circumstances involved, that the purpose and intent of this Section would not be violated by granting an exemption.

(g) Notwithstanding any of the foregoing prohibitions, a limited wine manufacturer may sell at retail at its manufacturing site for on or off premises consumption and may sell to distributors. A limited wine manufacturer licensee shall secure liquor liability insurance coverage in an amount at least equal to the maximum liability amounts set forth in subsection (a) of Section 6-21 of this Act.

(d) It shall be unlawful for any distiller licensed anywhere to have any stock ownership or interest in any distributor's or importing distributor's license wherein any other person has an interest therein who is not a distiller and does not own more than 5% of any stock in any distillery. Nothing herein contained shall apply to such distillers or their subsidiaries or affiliates, who had a distributor's or importing distributor's license during the licensing period ending June 30, 1947, which license was owned in whole by such distiller, or subsidiaries or affiliates of such distiller.

(e) Any person having been licensed as a manufacturer shall be permitted to receive one retailer's license for the premises in which he or she actually conducts such business, permitting the sale of beer only on such premises, but no such person shall be entitled to more than one retailer's license in any event, and, other than a manufacturer of beer as stated above, no manufacturer or distributor or importing distributor, excluding airplane licensees exercising powers provided in paragraph (i) of Section 5-1 of this Act, or any subsidiary or affiliate thereof, or any officer, associate, member, partner, representative, employee or agent, or shareholder shall be issued a retailer's license, nor shall any person having a retailer's license, excluding airplane licensees exercising powers provided in paragraph (i) of Section 5-1 of this Act, or any subsidiary or affiliate thereof, or any officer, associate, member, partner, representative or agent, or shareholder be issued a manufacturer's license or ; importing distributor's license.

A person licensed as a craft distiller not affiliated with any other person manufacturing spirits may be permitted to receive one retailer's license for the premises in which he or she actually conducts business permitting only the retail sale of spirits manufactured at such premises. Such sales shall be limited to on-premises, in-person sales only, for lawful consumption on or off premises. A craft distiller licensed for retail sale shall secure liquor liability insurance coverage in an amount at least equal to the maximum liability amounts set forth in subsection (a) of Section 6-21 of this Act.

(f) However, the foregoing prohibitions against any person licensed as a distiller or wine manufacturer being issued a retailer's license shall not apply:

(i) to any hotel, motel or restaurant whose principal business is not the sale of alcoholic liquors if said retailer's sales of any alcoholic liquors manufactured, sold, distributed or controlled, directly or indirectly, by any affiliate, subsidiary, officer, associate, member, partner, representative, employee, agent or shareholder owning more than 5% of the outstanding shares of such person does not exceed 10% of the total alcoholic liquor sales of said retail licensee; and

(ii) where the Commission determines, having considered the public welfare, the economic impact upon the State and the entirety of the facts and circumstances involved, that the purpose and intent of this Section would not be violated by granting an exemption.

(g) Notwithstanding any of the foregoing prohibitions, a limited wine manufacturer may sell at retail at its manufacturing site for on or off premises consumption and may sell to distributors. A limited wine manufacturer licensee shall secure liquor liability insurance coverage in an amount at least equal to the maximum liability amounts set forth in subsection (a) of Section 6-21 of this Act.

Section 10. The Property Tax Code is amended by changing Sections 15-167, 15-169, 15-170, and 15-176 as follows:

(35 ILCS 200/15-167)

Sec. 15-167. Returning Veterans' Homestead Exemption.

(a) Beginning with taxable year 2007, a homestead exemption, limited to a reduction set forth under subsection (b), from the property's value, as equalized or assessed by the Department, is granted for property that is owned and occupied as the principal residence of a veteran returning from an armed conflict involving the armed forces of the United States who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as the principal residence of a veteran returning from an armed conflict involving the armed forces of the United States who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. For purposes of the exemption under this Section, "veteran" means an Illinois resident who has served as a member of the United States Armed Forces, a member of the Illinois National Guard, or a member of the United States Reserve Forces.

(b) In all counties, the reduction is \$5,000 and only for the taxable year in which the veteran returns from active duty in an armed conflict involving the armed forces of the United States. Beginning in taxable year 2010, the reduction shall also be allowed for the taxable year after the taxable year in which the veteran returns from active duty in an armed conflict involving the armed forces of the United States. For land improved with an apartment building owned and operated as a cooperative, the maximum reduction from the value of the property, as equalized by the Department, must be multiplied by the number of apartments or units occupied by a veteran returning from an armed conflict involving the armed forces of the United States who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. In a cooperative where a homestead

[May 6, 2010]

exemption has been granted, the cooperative association or the management firm of the cooperative or facility shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who willfully refuses to so credit the savings is guilty of a Class B misdemeanor.

(c) Application must be made during the application period in effect for the county of his or her residence. The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire, or other reasonable methods. The determination must be made in accordance with guidelines established by the Department.

(d) The exemption under this Section is in addition to any other homestead exemption provided in this Article 15. Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

(35 ILCS 200/15-169)

Sec. 15-169. Disabled veterans standard homestead exemption.

(a) Beginning with taxable year 2007, an annual homestead exemption, limited to the amounts set forth in subsection (b), is granted for property that is used as a qualified residence by a disabled veteran.

(b) The amount of the exemption under this Section is as follows:

(1) for veterans with a service-connected disability of at least (i) 75% for exemptions granted in taxable years 2007 through 2009 and (ii) 70% for exemptions granted in taxable year 2010 and each taxable year thereafter, as certified by

the United States Department of Veterans Affairs, the annual exemption is \$5,000; and

(2) for veterans with a service-connected disability of at least 50%, but less than (i) 75% for exemptions granted in taxable years 2007 through 2009 and (ii) 70% for exemptions granted in taxable year 2010 and each taxable year thereafter, as certified by the United States Department of Veterans Affairs, the annual exemption is \$2,500.

(c) The tax exemption under this Section carries over to the benefit of the veteran's surviving spouse as long as the spouse holds the legal or beneficial title to the homestead, permanently resides thereon, and does not remarry. If the surviving spouse sells the property, an exemption not to exceed the amount granted from the most recent ad valorem tax roll may be transferred to his or her new residence as long as it is used as his or her primary residence and he or she does not remarry.

(d) The exemption under this Section applies for taxable year 2007 and thereafter. A taxpayer who claims an exemption under Section 15-165 or 15-168 may not claim an exemption under this Section.

(e) Application must be made during the application period in effect for the county of his or her residence. The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire, or other reasonable methods. The determination must be made in accordance with guidelines established by the Department.

(f) For the purposes of this Section:

"Qualified residence" means real property, but less any portion of that property that is used for commercial purposes, with an equalized assessed value of less than \$250,000 that is the disabled veteran's primary residence. Property rented for more than 6 months is presumed to be used for commercial purposes.

"Veteran" means an Illinois resident who has served as a member of the United States Armed Forces on active duty or State active duty, a member of the Illinois National Guard, or a member of the United States Reserve Forces and who has received an honorable discharge.

(Text of Section before amendment by P.A. 96-339)

Sec. 15-170. Senior Citizens Homestead Exemption. An annual homestead exemption limited, except as described here with relation to cooperatives or life care facilities, to a maximum reduction set forth below from the property's value, as equalized or assessed by the Department, is granted for property that is occupied as a residence by a person 65 years of age or older who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as a residence by a person 65 years or older who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. Before taxable year 2004, the maximum reduction shall be

\$2,500 in counties with 3,000,000 or more inhabitants and \$2,000 in all other counties. For taxable years 2004 through 2005, the maximum reduction shall be \$3,000 in all counties. For taxable years 2006 and 2007, the maximum reduction shall be \$3,500 and, for taxable years 2008 and thereafter, the maximum reduction is \$4,000 in all counties.

For land improved with an apartment building owned and operated as a cooperative, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by a person 65 years of age or older who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. For land improved with a life care facility, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by persons 65 years of age or older, irrespective of any legal, equitable, or leasehold interest in the facility, who are liable, under a contract with the owner or owners of record of the facility, for paying property taxes on the property. In a cooperative or a life care facility where a homestead exemption has been granted, the cooperative association or the management firm of the cooperative or facility shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor. Under this Section and Sections 15-175, 15-176, and 15-177, "life care facility" means a facility, as defined in Section 2 of the Life Care Facilities Act, with which the applicant for the homestead exemption has a life care contract as defined in that Act.

When a homestead exemption has been granted under this Section and the person qualifying subsequently becomes a resident of a facility licensed under the Assisted Living and Shared Housing Act or the Nursing Home Care Act, the exemption shall continue so long as the residence continues to be occupied by the qualifying person's spouse if the spouse is 65 years of age or older, or if the residence remains unoccupied but is still owned by the person qualified for the homestead exemption.

A person who will be 65 years of age during the current assessment year shall be eligible to apply for the homestead exemption during that assessment year. Application shall be made during the application period in effect for the county of his residence.

Beginning with assessment year 2003, for taxes payable in 2004, property that is first occupied as a residence after January 1 of any assessment year by a person who is eligible for the senior citizens homestead exemption under this Section must be granted a pro-rata exemption for the assessment year. The amount of the pro-rata exemption is the exemption allowed in the county under this Section divided by 365 and multiplied by the number of days during the assessment year the property is occupied as a residence by a person eligible for the exemption under this Section. The chief county assessment officer must adopt reasonable procedures to establish eligibility for this pro-rata exemption.

The assessor or chief county assessment officer may determine the eligibility of a life care facility to receive the benefits provided by this Section, by affidavit, application, visual inspection, questionnaire or other reasonable methods in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The assessor may request reasonable proof that the management firm has so credited the exemption.

The chief county assessment officer of each county with less than 3,000,000 inhabitants shall provide to each person allowed a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the property of the person receiving the exemption. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption, and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay a fee of \$5 to cover administrative costs to the supervisor of assessments, who shall then file the executed designation with the county collector. Notwithstanding any other provision of this Code to the contrary, the filing of such an executed designation requires the county collector to provide duplicate notices as indicated by the designation. A designation may be rescinded by the person who executed such designation at any time, in the manner and form required by the chief county assessment officer.

The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department.

Beginning in taxable year 2010, each taxpayer who has been granted an exemption under this Section must reapply on an annual basis. The chief county assessment officer shall mail the application to the taxpayer. In counties with less than 3,000,000 inhabitants, the county board may by resolution provide that if a person has been granted a homestead exemption under this Section, the person qualifying need

~~not reapply for the exemption.~~

~~In counties with less than 3,000,000 inhabitants, if the assessor or chief county assessment officer requires annual application for verification of eligibility for an exemption once granted under this Section, the application shall be mailed to the taxpayer.~~

The assessor or chief county assessment officer shall notify each person who qualifies for an exemption under this Section that the person may also qualify for deferral of real estate taxes under the Senior Citizens Real Estate Tax Deferral Act. The notice shall set forth the qualifications needed for deferral of real estate taxes, the address and telephone number of county collector, and a statement that applications for deferral of real estate taxes may be obtained from the county collector.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Sec. 15-170. Senior Citizens Homestead Exemption. An annual homestead exemption limited, except as described here with relation to cooperatives or life care facilities, to a maximum reduction set forth below from the property's value, as equalized or assessed by the Department, is granted for property that is occupied as a residence by a person 65 years of age or older who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as a residence by a person 65 years or older who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. For taxable years 2004 through 2005, the maximum reduction shall be \$3,000 in all counties. For taxable years 2006 and 2007, the maximum reduction shall be \$3,500 and, for taxable years 2008 and thereafter, the maximum reduction is \$4,000 in all counties.

For land improved with an apartment building owned and operated as a cooperative, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by a person 65 years of age or older who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. For land improved with a life care facility, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by persons 65 years of age or older, irrespective of any legal, equitable, or leasehold interest in the facility, who are liable, under a contract with the owner or owners of record of the facility, for paying property taxes on the property. In a cooperative or a life care facility where a homestead exemption has been granted, the cooperative association or the management firm of the cooperative or facility shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor. Under this Section and Sections 15-175, 15-176, and 15-177, "life care facility" means a facility, as defined in Section 2 of the Life Care Facilities Act, with which the applicant for the homestead exemption has a life care contract as defined in that Act.

When a homestead exemption has been granted under this Section and the person qualifying subsequently becomes a resident of a facility licensed under the Assisted Living and Shared Housing Act, or the Nursing Home Care Act, or the MR/DD Community Care Act, the exemption shall continue so long as the residence continues to be occupied by the qualifying person's spouse if the spouse is 65 years of age or older, or if the residence remains unoccupied but is still owned by the person qualified for the homestead exemption.

A person who will be 65 years of age during the current assessment year shall be eligible to apply for the homestead exemption during that assessment year. Application shall be made during the application period in effect for the county of his residence.

Beginning with assessment year 2003, for taxes payable in 2004, property that is first occupied as a residence after January 1 of any assessment year by a person who is eligible for the senior citizens homestead exemption under this Section must be granted a pro-rata exemption for the assessment year. The amount of the pro-rata exemption is the exemption allowed in the county under this Section divided by 365 and multiplied by the number of days during the assessment year the property is occupied as a residence by a person eligible for the exemption under this Section. The chief county assessment officer must adopt reasonable procedures to establish eligibility for this pro-rata exemption.

The assessor or chief county assessment officer may determine the eligibility of a life care facility to receive the benefits provided by this Section, by affidavit, application, visual inspection, questionnaire or other reasonable methods in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The assessor may request reasonable proof that the management firm has so credited the exemption.

The chief county assessment officer of each county with less than 3,000,000 inhabitants shall provide to each person allowed a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the property of the person receiving the exemption. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption, and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay a fee of \$5 to cover administrative costs to the supervisor of assessments, who shall then file the executed designation with the county collector. Notwithstanding any other provision of this Code to the contrary, the filing of such an executed designation requires the county collector to provide duplicate notices as indicated by the designation. A designation may be rescinded by the person who executed such designation at any time, in the manner and form required by the chief county assessment officer.

The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department.

~~Beginning in taxable year 2010, each taxpayer who has been granted an exemption under this Section must reapply on an annual basis. The chief county assessment officer shall mail the application to the taxpayer. In counties with less than 3,000,000 inhabitants, the county board may by resolution provide that if a person has been granted a homestead exemption under this Section, the person qualifying need not reapply for the exemption.~~

The assessor or chief county assessment officer shall notify each person who qualifies for an exemption under this Section that the person may also qualify for deferral of real estate taxes under the Senior Citizens Real Estate Tax Deferral Act. The notice shall set forth the qualifications needed for deferral of real estate taxes, the address and telephone number of county collector, and a statement that applications for deferral of real estate taxes may be obtained from the county collector.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

(35 ILCS 200/15-176)

Sec. 15-176. Alternative general homestead exemption.

(a) For the assessment years as determined under subsection (j), in any county that has elected, by an ordinance in accordance with subsection (k), to be subject to the provisions of this Section in lieu of the provisions of Section 15-175, homestead property is entitled to an annual homestead exemption equal to a reduction in the property's equalized assessed value calculated as provided in this Section.

(b) As used in this Section:

(1) "Assessor" means the supervisor of assessments or the chief county assessment officer of each county.

(2) "Adjusted homestead value" means the lesser of the following values:

(A) The property's base homestead value increased by 7% for each tax year after the base year through and including the current tax year, or, if the property is sold or ownership is otherwise transferred, the property's base homestead value increased by 7% for each tax year after the year of the sale or transfer through and including the current tax year. The increase by 7% each year is an increase by 7% over the prior year.

(B) The property's equalized assessed value for the current tax year minus: (i)

\$4,500 in Cook County or \$3,500 in all other counties in tax year 2003; (ii) \$5,000 in all counties in tax years 2004 and 2005; and (iii) the lesser of the amount of the general homestead exemption under Section 15-175 or an amount equal to the increase in the equalized assessed value for the current tax year above the equalized assessed value for 1977 in tax year 2006 and thereafter.

(3) "Base homestead value".

(A) Except as provided in subdivision (b)(3)(A-5) or (b)(3)(B), "base homestead

value" means the equalized assessed value of the property for the base year prior to exemptions, minus (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003, (ii) \$5,000 in all counties in tax years 2004 and 2005, or (iii) the lesser of the amount of the general homestead exemption under Section 15-175 or an amount equal to the increase in the equalized assessed value for the current tax year above the equalized assessed value for 1977 in tax year 2006 and thereafter, provided that it was assessed for that year as residential property qualified for any of the homestead exemptions under Sections 15-170 through 15-175 of this Code, then in force, and further provided that the property's assessment was not based on a reduced assessed value resulting from a temporary irregularity in the property for that year. Except as provided in subdivision (b)(3)(B), if the property did not have a residential equalized assessed value for the base year, then "base homestead value" means the base homestead value established by the assessor under subsection (c).

(A-5) On or before September 1, 2007, in Cook County, the base homestead value, as set forth under subdivision (b)(3)(A) and except as provided under subdivision (b) (3) (B), must be recalculated as the equalized assessed value of the property for the base year, prior to exemptions, minus:

- (1) if the general assessment year for the property was 2003, the lesser of (i) \$4,500 or (ii) the amount equal to the increase in equalized assessed value for the 2002 tax year above the equalized assessed value for 1977;
- (2) if the general assessment year for the property was 2004, the lesser of (i) \$4,500 or (ii) the amount equal to the increase in equalized assessed value for the 2003 tax year above the equalized assessed value for 1977;
- (3) if the general assessment year for the property was 2005, the lesser of (i) \$5,000 or (ii) the amount equal to the increase in equalized assessed value for the 2004 tax year above the equalized assessed value for 1977.

(B) If the property is sold or ownership is otherwise transferred, other than sales or transfers between spouses or between a parent and a child, "base homestead value" means the equalized assessed value of the property at the time of the sale or transfer prior to exemptions, minus: (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003; (ii) \$5,000 in all counties in tax years 2004 and 2005; and (iii) the lesser of the amount of the general homestead exemption under Section 15-175 or an amount equal to the increase in the equalized assessed value for the current tax year above the equalized assessed value for 1977 in tax year 2006 and thereafter, provided that it was assessed as residential property qualified for any of the homestead exemptions under Sections 15-170 through 15-175 of this Code, then in force, and further provided that the property's assessment was not based on a reduced assessed value resulting from a temporary irregularity in the property.

(3.5) "Base year" means (i) tax year 2002 in Cook County or (ii) tax year 2005 or 2006 in all other counties in accordance with the designation made by the county as provided in subsection (k).

(4) "Current tax year" means the tax year for which the exemption under this Section is being applied.

(5) "Equalized assessed value" means the property's assessed value as equalized by the Department.

(6) "Homestead" or "homestead property" means:

(A) Residential property that as of January 1 of the tax year is occupied by its owner or owners as his, her, or their principal dwelling place, or that is a leasehold interest on which a single family residence is situated, that is occupied as a residence by a person who has a legal or equitable interest therein evidenced by a written instrument, as an owner or as a lessee, and on which the person is liable for the payment of property taxes. Residential units in an apartment building owned and operated as a cooperative, or as a life care facility, which are occupied by persons who hold a legal or equitable interest in the cooperative apartment building or life care facility as owners or lessees, and who are liable by contract for the payment of property taxes, shall be included within this definition of homestead property.

(B) A homestead includes the dwelling place, appurtenant structures, and so much of the surrounding land constituting the parcel on which the dwelling place is situated as is used for residential purposes. If the assessor has established a specific legal description for a portion of property constituting the homestead, then the homestead shall be limited to the property within that description.

(7) "Life care facility" means a facility as defined in Section 2 of the Life Care Facilities Act.

(c) If the property did not have a residential equalized assessed value for the base year as provided in subdivision (b)(3)(A) of this Section, then the assessor shall first determine an initial value for the property by comparison with assessed values for the base year of other properties having physical and economic characteristics similar to those of the subject property, so that the initial value is uniform in relation to assessed values of those other properties for the base year. The product of the initial value multiplied by the equalized factor for the base year for homestead properties in that county, less: (i) \$4,500 in Cook County or \$3,500 in all other counties in tax years 2003; (ii) \$5,000 in all counties in tax year 2004 and 2005; and (iii) the lesser of the amount of the general homestead exemption under Section 15-175 or an amount equal to the increase in the equalized assessed value for the current tax year above the equalized assessed value for 1977 in tax year 2006 and thereafter, is the base homestead value.

For any tax year for which the assessor determines or adjusts an initial value and hence a base homestead value under this subsection (c), the initial value shall be subject to review by the same procedures applicable to assessed values established under this Code for that tax year.

(d) The base homestead value shall remain constant, except that the assessor may revise it under the following circumstances:

(1) If the equalized assessed value of a homestead property for the current tax year is less than the previous base homestead value for that property, then the current equalized assessed value (provided it is not based on a reduced assessed value resulting from a temporary irregularity in the property) shall become the base homestead value in subsequent tax years.

(2) For any year in which new buildings, structures, or other improvements are constructed on the homestead property that would increase its assessed value, the assessor shall adjust the base homestead value as provided in subsection (c) of this Section with due regard to the value added by the new improvements.

(3) If the property is sold or ownership is otherwise transferred, the base homestead value of the property shall be adjusted as provided in subdivision (b)(3)(B). This item (3) does not apply to sales or transfers between spouses or between a parent and a child.

(4) the recalculation required in Cook County under subdivision (b)(3)(A-5).

(e) The amount of the exemption under this Section is the equalized assessed value of the homestead property for the current tax year, minus the adjusted homestead value, with the following exceptions:

(1) In Cook County, the exemption under this Section shall not exceed \$20,000 for any taxable year through tax year:

- (i) 2005, if the general assessment year for the property is 2003;
- (ii) 2006, if the general assessment year for the property is 2004; or
- (iii) 2007, if the general assessment year for the property is 2005.

(1.1) Thereafter, in Cook County, and in all other counties, the exemption is as follows:

(i) if the general assessment year for the property is 2006, then the exemption may not exceed: \$33,000 for taxable year 2006; \$26,000 for taxable year 2007; ~~and~~ \$20,000 for taxable ~~years year~~ 2008 and 2009; \$16,000 for taxable year 2010; and \$12,000 for taxable year 2011;

(ii) if the general assessment year for the property is 2007, then the exemption may not exceed: \$33,000 for taxable year 2007; \$26,000 for taxable year 2008; ~~and~~ \$20,000 for taxable ~~years year~~ 2009 and 2010; \$16,000 for taxable year 2011; and \$12,000 for taxable year 2012; and

(iii) if the general assessment year for the property is 2008, then the exemption may not exceed: \$33,000 for taxable year 2008; \$26,000 for taxable year 2009; ~~and~~ \$20,000 for taxable ~~years year~~ 2010 and 2011; \$16,000 for taxable year 2012; and \$12,000 for taxable year 2013.

(1.5) In Cook County, for the 2006 taxable year only, the maximum amount of the exemption set forth under subsection (e)(1.1)(i) of this Section may be increased: (i) by \$7,000 if the equalized assessed value of the property in that taxable year exceeds the equalized assessed value of that property in 2002 by 100% or more; or (ii) by \$2,000 if the equalized assessed value of the property in that taxable year exceeds the equalized assessed value of that property in 2002 by more than 80% but less than 100%.

(2) In the case of homestead property that also qualifies for the exemption under Section 15-172, the property is entitled to the exemption under this Section, limited to the amount of (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003, (ii) \$5,000 in all counties in tax years 2004 and 2005, or (iii) the lesser of the amount of the general homestead exemption under Section 15-175 or an amount equal to the increase in the equalized assessed value for the current tax year above the equalized assessed value for 1977 in tax year 2006 and thereafter.

(f) In the case of an apartment building owned and operated as a cooperative, or as a life care facility,

that contains residential units that qualify as homestead property under this Section, the maximum cumulative exemption amount attributed to the entire building or facility shall not exceed the sum of the exemptions calculated for each qualified residential unit. The cooperative association, management firm, or other person or entity that manages or controls the cooperative apartment building or life care facility shall credit the exemption attributable to each residential unit only to the apportioned tax liability of the owner or other person responsible for payment of taxes as to that unit. Any person who willfully refuses to so credit the exemption is guilty of a Class B misdemeanor.

(g) When married persons maintain separate residences, the exemption provided under this Section shall be claimed by only one such person and for only one residence.

(h) In the event of a sale or other transfer in ownership of the homestead property, the exemption under this Section shall remain in effect for the remainder of the tax year and be calculated using the same base homestead value in which the sale or transfer occurs, but (other than for sales or transfers between spouses or between a parent and a child) shall be calculated for any subsequent tax year using the new base homestead value as provided in subdivision (b)(3)(B). The assessor may require the new owner of the property to apply for the exemption in the following year.

(i) The assessor may determine whether property qualifies as a homestead under this Section by application, visual inspection, questionnaire, or other reasonable methods. Each year, at the time the assessment books are certified to the county clerk by the board of review, the assessor shall furnish to the county clerk a list of the properties qualified for the homestead exemption under this Section. The list shall note the base homestead value of each property to be used in the calculation of the exemption for the current tax year.

(j) In counties with 3,000,000 or more inhabitants, the provisions of this Section apply as follows:

(1) If the general assessment year for the property is 2003, this Section applies for assessment years 2003 through 2011, ~~2004, 2005, 2006, 2007, and 2008~~. Thereafter, the provisions of Section 15-175 apply.

(2) If the general assessment year for the property is 2004, this Section applies for assessment years 2004 through 2012, ~~2005, 2006, 2007, 2008, and 2009~~. Thereafter, the provisions of Section 15-175 apply.

(3) If the general assessment year for the property is 2005, this Section applies for assessment years 2005 through 2013, ~~2006, 2007, 2008, 2009, and 2010~~. Thereafter, the provisions of Section 15-175 apply.

In counties with less than 3,000,000 inhabitants, this Section applies for assessment years

(i) 2006, 2007, and 2008, and 2009 if tax year 2005 is the designated base year or (ii) 2007, 2008, 2009, and 2010 if tax year 2006 is the designated base year. Thereafter, the provisions of Section 15-175 apply.

(k) To be subject to the provisions of this Section in lieu of Section 15-175, a county must adopt an ordinance to subject itself to the provisions of this Section within 6 months after the effective date of this amendatory Act of the 95th General Assembly. In a county other than Cook County, the ordinance must designate either tax year 2005 or tax year 2006 as the base year.

(l) Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Section 95. No acceleration or delay. Where this Act makes changes in a statute that is represented in this Act by text that is not yet or no longer in effect (for example, a Section represented by multiple versions), the use of that text does not accelerate or delay the taking effect of (i) the changes made by this Act or (ii) provisions derived from any other Public Act.

(35 ILCS 200/15-167)

Sec. 15-167. Returning Veterans' Homestead Exemption.

(a) Beginning with taxable year 2007, a homestead exemption, limited to a reduction set forth under subsection (b), from the property's value, as equalized or assessed by the Department, is granted for property that is owned and occupied as the principal residence of a veteran returning from an armed conflict involving the armed forces of the United States who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as the principal residence of a veteran returning from an armed conflict involving the armed forces of the United States who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. For purposes of the exemption under this Section, "veteran" means an Illinois resident who has served as a member of the United States Armed Forces, a member of the Illinois National Guard, or a member of the United States Reserve Forces.

(b) In all counties, the reduction is \$5,000 and only for the taxable year in which the veteran returns from active duty in an armed conflict involving the armed forces of the United States. Beginning in taxable year 2010, the reduction shall also be allowed for the taxable year after the taxable year in which the veteran returns from active duty in an armed conflict involving the armed forces of the United States. For land improved with an apartment building owned and operated as a cooperative, the maximum reduction from the value of the property, as equalized by the Department, must be multiplied by the number of apartments or units occupied by a veteran returning from an armed conflict involving the armed forces of the United States who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. In a cooperative where a homestead exemption has been granted, the cooperative association or the management firm of the cooperative or facility shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who willfully refuses to so credit the savings is guilty of a Class B misdemeanor.

[May 6, 2010]

(c) Application must be made during the application period in effect for the county of his or her residence. The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire, or other reasonable methods. The determination must be made in accordance with guidelines established by the Department.

(d) The exemption under this Section is in addition to any other homestead exemption provided in this Article 15. Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Sec. 15-169. Disabled veterans standard homestead exemption.

(a) Beginning with taxable year 2007, an annual homestead exemption, limited to the amounts set forth in subsection (b), is granted for property that is used as a qualified residence by a disabled veteran.

(b) The amount of the exemption under this Section is as follows:

(1) for veterans with a service-connected disability of at least (i) 75% for exemptions granted in taxable years 2007 through 2009 and (ii) 70% for exemptions granted in taxable year 2010 and each taxable year thereafter, as certified by

the United States Department of Veterans Affairs, the annual exemption is \$5,000; and

(2) for veterans with a service-connected disability of at least 50%, but less than (i) 75%

for exemptions granted in taxable years 2007 through 2009 and (ii) 70% for exemptions granted in taxable year 2010 and each taxable year thereafter, as certified by the United States Department of Veterans Affairs, the annual exemption is \$2,500.

(c) The tax exemption under this Section carries over to the benefit of the veteran's surviving spouse as long as the spouse holds the legal or beneficial title to the homestead, permanently resides thereon, and does not remarry. If the surviving spouse sells the property, an exemption not to exceed the amount granted from the most recent ad valorem tax roll may be transferred to his or her new residence as long as it is used as his or her primary residence and he or she does not remarry.

(d) The exemption under this Section applies for taxable year 2007 and thereafter. A taxpayer who claims an exemption under Section 15-165 or 15-168 may not claim an exemption under this Section.

(e) Each taxpayer who has been granted an exemption under this Section must reapply on an annual basis. Application must be made during the application period in effect for the county of his

or her residence. The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire, or other reasonable methods. The determination must be made in accordance with guidelines established by the Department.

(f) For the purposes of this Section:

"Qualified residence" means real property, but less any portion of that property that is used for commercial purposes, with an equalized assessed value of less than \$250,000 that is the disabled veteran's primary residence. Property rented for more than 6 months is presumed to be used for commercial purposes.

"Veteran" means an Illinois resident who has served as a member of the United States Armed

Forces on active duty or State active duty, a member of the Illinois National Guard, or a member of the United States Reserve Forces and who has received an honorable discharge.

(35 ILCS 200/15-170)

(Text of Section before amendment by P.A. 96-339)

Sec. 15-170. Senior Citizens Homestead Exemption. An annual homestead exemption limited, except as described here with relation to cooperatives or life care facilities, to a maximum reduction set forth below from the property's value, as equalized or assessed by the Department, is granted for property that is occupied as a residence by a person 65 years of age or older who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as a residence by a person 65 years or older who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. Before taxable year 2004, the maximum reduction shall be \$2,500 in counties with 3,000,000 or more inhabitants and \$2,000 in all other counties. For taxable years 2004 through 2005, the maximum reduction shall be \$3,000 in all counties. For taxable years 2006 and 2007, the maximum reduction shall be \$3,500 and, for taxable years 2008 and thereafter, the maximum

reduction is \$4,000 in all counties.

For land improved with an apartment building owned and operated as a cooperative, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by a person 65 years of age or older who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. For land improved with a life care facility, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by persons 65 years of age or older, irrespective of any legal, equitable, or leasehold interest in the facility, who are liable, under a contract with the owner or owners of record of the facility, for paying property taxes on the property. In a cooperative or a life care facility where a homestead exemption has been granted, the cooperative association or the management firm of the cooperative or facility shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor. Under this Section and Sections 15-175, 15-176, and 15-177, "life care facility" means a facility, as defined in Section 2 of the Life Care Facilities Act, with which the applicant for the homestead exemption has a life care contract as defined in that Act.

When a homestead exemption has been granted under this Section and the person qualifying subsequently becomes a resident of a facility licensed under the Assisted Living and Shared Housing Act or the Nursing Home Care Act, the exemption shall continue so long as the residence continues to be occupied by the qualifying person's spouse if the spouse is 65 years of age or older, or if the residence remains unoccupied but is still owned by the person qualified for the homestead exemption.

A person who will be 65 years of age during the current assessment year shall be eligible to apply for the homestead exemption during that assessment year. Application shall be made during the application period in effect for the county of his residence.

Beginning with assessment year 2003, for taxes payable in 2004, property that is first occupied as a residence after January 1 of any assessment year by a person who is eligible for the senior citizens homestead exemption under this Section must be granted a pro-rata exemption for the assessment year. The amount of the pro-rata exemption is the exemption allowed in the county under this Section divided by 365 and multiplied by the number of days during the assessment year the property is occupied as a residence by a person eligible for the exemption under this Section. The chief county assessment officer must adopt reasonable procedures to establish eligibility for this pro-rata exemption.

The assessor or chief county assessment officer may determine the eligibility of a life care facility to receive the benefits provided by this Section, by affidavit, application, visual inspection, questionnaire or other reasonable methods in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The assessor may request reasonable proof that the management firm has so credited the exemption.

The chief county assessment officer of each county with less than 3,000,000 inhabitants shall provide to each person allowed a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the property of the person receiving the exemption. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption, and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay a fee of \$5 to cover administrative costs to the supervisor of assessments, who shall then file the executed designation with the county collector. Notwithstanding any other provision of this Code to the contrary, the filing of such an executed designation requires the county collector to provide duplicate notices as indicated by the designation. A designation may be rescinded by the person who executed such designation at any time, in the manner and form required by the chief county assessment officer.

The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department.

In counties with 3,000,000 or more inhabitants, beginning in taxable year 2010, each taxpayer who has been granted an exemption under this Section must reapply on an annual basis. The chief county assessment officer shall mail the application to the taxpayer. In counties with less than 3,000,000 inhabitants, the county board may by resolution provide that if a person has been granted a homestead exemption under this Section, the person qualifying need not reapply for the exemption.

In counties with less than 3,000,000 inhabitants, if the assessor or chief county assessment officer requires annual application for verification of eligibility for an exemption once granted under this

Section, the application shall be mailed to the taxpayer.

The assessor or chief county assessment officer shall notify each person who qualifies for an exemption under this Section that the person may also qualify for deferral of real estate taxes under the Senior Citizens Real Estate Tax Deferral Act. The notice shall set forth the qualifications needed for deferral of real estate taxes, the address and telephone number of county collector, and a statement that applications for deferral of real estate taxes may be obtained from the county collector.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Sec. 15-170. Senior Citizens Homestead Exemption. An annual homestead exemption limited, except as described here with relation to cooperatives or life care facilities, to a maximum reduction set forth below from the property's value, as equalized or assessed by the Department, is granted for property that is occupied as a residence by a person 65 years of age or older who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as a residence by a person 65 years or older who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. For taxable years 2004 through 2005, the maximum reduction shall be \$3,000 in all counties. For taxable years 2006 and 2007, the maximum reduction shall be \$3,500 and, for taxable years 2008 and thereafter, the maximum reduction is \$4,000 in all counties.

For land improved with an apartment building owned and operated as a cooperative, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by a person 65 years of age or older who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. For land improved with a life care facility, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by persons 65 years of age or older, irrespective of any legal, equitable, or leasehold interest in the facility, who are liable, under a contract with the owner or owners of record of the facility, for paying property taxes on the property. In a cooperative or a life care facility where a homestead exemption has been granted, the cooperative association or the management firm of the cooperative or facility shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor. Under this Section and Sections 15-175, 15-176, and 15-177, "life care facility" means a facility, as defined in Section 2 of the Life Care Facilities Act, with which the applicant for the homestead exemption has a life care contract as defined in that Act.

When a homestead exemption has been granted under this Section and the person qualifying subsequently becomes a resident of a facility licensed under the Assisted Living and Shared Housing Act, ~~or~~ the Nursing Home Care Act, or the MR/DD Community Care Act, the exemption shall continue so long as the residence continues to be occupied by the qualifying person's spouse if the spouse is 65 years of age or older, or if the residence remains unoccupied but is still owned by the person qualified for the homestead exemption.

A person who will be 65 years of age during the current assessment year shall be eligible to apply for the homestead exemption during that assessment year. Application shall be made during the application period in effect for the county of his residence.

Beginning with assessment year 2003, for taxes payable in 2004, property that is first occupied as a residence after January 1 of any assessment year by a person who is eligible for the senior citizens homestead exemption under this Section must be granted a pro-rata exemption for the assessment year. The assessor or chief county assessment officer may determine the eligibility of a life care facility to receive the benefits provided by this Section, by affidavit, application, visual inspection, questionnaire or other reasonable methods in order to insure that the tax savings resulting from the exemption are credited

by the management firm to the apportioned tax liability of each qualifying resident. The assessor may request reasonable proof that the management firm has so credited the exemption.

The chief county assessment officer of each county with less than 3,000,000 inhabitants shall provide to each person allowed a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the property of the person receiving the exemption. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption, and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay a fee of \$5 to cover administrative costs to the supervisor of assessments, who shall then file the executed designation with the county collector. Notwithstanding any other provision of this Code to the contrary, the filing of such an executed designation requires the county collector to provide duplicate notices as indicated by the designation. A designation may be rescinded by the person who executed such designation at any time, in the manner and form required by the chief county assessment officer.

The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department.

In counties with 3,000,000 or more inhabitants, beginning in taxable year 2010, each taxpayer who has been granted an exemption under this Section must reapply on an annual basis. Sec. 15-176. Alternative general homestead exemption.

(a) For the assessment years as determined under subsection (j), in any county that has elected, by an ordinance in accordance with subsection (k), to be subject to the provisions of this Section in lieu of the provisions of Section 15-175, homestead property is entitled to an annual homestead exemption equal to a reduction in the property's equalized assessed value calculated as provided in this Section.

(b) As used in this Section:

(1) "Assessor" means the supervisor of assessments or the chief county assessment officer of each county.

(2) "Adjusted homestead value" means the lesser of the following values:

(A) The property's base homestead value increased by 7% for each tax year after the base year through and including the current tax year, or, if the property is sold or ownership is otherwise transferred, the property's base homestead value increased by 7% for each tax year after the year of the sale or transfer through and including the current tax year. The increase by 7% each year is an increase by 7% over the prior year.

(B) The property's equalized assessed value for the current tax year minus: (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003; (ii) \$5,000 in all counties in tax years 2004 and 2005; and (iii) the lesser of the amount of the general homestead exemption under Section 15-175 or an amount equal to the increase in the equalized assessed value for the current tax year above the equalized assessed value for 1977 in tax year 2006 and thereafter.

(3) "Base homestead value".

(A) Except as provided in subdivision (b)(3)(A-5) or (b)(3)(B), "base homestead value" means the equalized assessed value of the property for the base year prior to exemptions, minus (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003, (ii) \$5,000 in all counties in tax years 2004 and 2005, or (iii) the lesser of the amount of the general homestead

exemption under Section 15-175 or an amount equal to the increase in the equalized assessed value for the current tax year above the equalized assessed value for 1977 in tax year 2006 and thereafter, provided that it was assessed for that year as residential property qualified for any of the homestead exemptions under Sections 15-170 through 15-175 of this Code, then in force, and further provided that the property's assessment was not based on a reduced assessed value resulting from a temporary irregularity in the property for that year. Except as provided in subdivision (b)(3)(B), if the property did not have a residential equalized assessed value for the base year, then "base homestead value" means the base homestead value established by the assessor under subsection (c).

(A-5) On or before September 1, 2007, in Cook County, the base homestead value, as set forth under subdivision (b)(3)(A) and except as provided under subdivision (b) (3) (B), must be recalculated as the equalized assessed value of the property for the base year, prior to exemptions, minus:

(1) if the general assessment year for the property was 2003, the lesser of (i) \$4,500 or (ii) the amount equal to the increase in equalized assessed value for the 2002 tax year above the equalized assessed value for 1977;

(2) if the general assessment year for the property was 2004, the lesser of (i) \$4,500 or (ii) the amount equal to the increase in equalized assessed value for the 2003 tax year above the equalized assessed value for 1977;

(3) if the general assessment year for the property was 2005, the lesser of (i) \$5,000 or (ii) the amount equal to the increase in equalized assessed value for the 2004 tax year above the equalized assessed value for 1977.

(B) If the property is sold or ownership is otherwise transferred, other than sales or transfers between spouses or between a parent and a child, "base homestead value" means the equalized assessed value of the property at the time of the sale or transfer prior to exemptions, minus: (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003; (ii) \$5,000 in all counties in tax years 2004 and 2005; and (iii) the lesser of the amount of the general homestead exemption under Section 15-175 or an amount equal to the increase in the equalized assessed value for the current tax year above the equalized assessed value for 1977 in tax year 2006 and thereafter, provided that it was assessed as residential property qualified for any of the homestead exemptions under Sections 15-170 through 15-175 of this Code, then in force, and further provided that the property's assessment was not based on a reduced assessed value resulting from a temporary irregularity in the property.

(3.5) "Base year" means (i) tax year 2002 in Cook County or (ii) tax year 2008 or 2009 ~~2005 or 2006~~ in all other counties in accordance with the designation made by the county as provided in subsection (k).

(4) "Current tax year" means the tax year for which the exemption under this Section is being applied.

(5) "Equalized assessed value" means the property's assessed value as equalized by the Department.

(6) "Homestead" or "homestead property" means:

(A) Residential property that as of January 1 of the tax year is occupied by its owner or owners as his, her, or their principal dwelling place, or that is a leasehold interest on which a single family residence is situated, that is occupied as a residence by a person who has a legal or equitable interest therein evidenced by a written instrument, as an owner or as a lessee, and on which the person is liable for the payment of property taxes. Residential units in an apartment building owned and operated as a cooperative, or as a life care facility, which are occupied by persons who hold a legal or equitable interest in the cooperative apartment building or life care facility as owners or lessees, and who are liable by contract for the payment of property taxes, shall be included within this definition of homestead property.

(B) A homestead includes the dwelling place, appurtenant structures, and so much of the surrounding land constituting the parcel on which the dwelling place is situated as is used for residential purposes. If the assessor has established a specific legal description for a portion of property constituting the homestead, then the homestead shall be limited to the property within that description.

(7) "Life care facility" means a facility as defined in Section 2 of the Life Care Facilities Act.

(c) If the property did not have a residential equalized assessed value for the base year as provided in subdivision (b)(3)(A) of this Section, then the assessor shall first determine an initial value for the property by comparison with assessed values for the base year of other properties having physical and

economic characteristics similar to those of the subject property, so that the initial value is uniform in relation to assessed values of those other properties for the base year. The product of the initial value multiplied by the equalized factor for the base year for homestead properties in that county, less: (i) \$4,500 in Cook County or \$3,500 in all other counties in tax years 2003; (ii) \$5,000 in all counties in tax year 2004 and 2005; and (iii) the lesser of the amount of the general homestead exemption under Section 15-175 or an amount equal to the increase in the equalized assessed value for the current tax year above the equalized assessed value for 1977 in tax year 2006 and thereafter, is the base homestead value.

For any tax year for which the assessor determines or adjusts an initial value and hence a base homestead value under this subsection (c), the initial value shall be subject to review by the same procedures applicable to assessed values established under this Code for that tax year.

(d) The base homestead value shall remain constant, except that the assessor may revise it under the following circumstances:

(1) If the equalized assessed value of a homestead property for the current tax year is less than the previous base homestead value for that property, then the current equalized assessed value (provided it is not based on a reduced assessed value resulting from a temporary irregularity in the property) shall become the base homestead value in subsequent tax years.

(2) For any year in which new buildings, structures, or other improvements are constructed on the homestead property that would increase its assessed value, the assessor shall adjust the base homestead value as provided in subsection (c) of this Section with due regard to the value added by the new improvements.

(3) If the property is sold or ownership is otherwise transferred, the base homestead value of the property shall be adjusted as provided in subdivision (b)(3)(B). This item (3) does not apply to sales or transfers between spouses or between a parent and a child.

(4) the recalculation required in Cook County under subdivision (b)(3)(A-5).

(e) The amount of the exemption under this Section is the equalized assessed value of the homestead property for the current tax year, minus the adjusted homestead value, with the following exceptions:

(1) In Cook County, the exemption under this Section shall not exceed \$20,000 for any taxable year through tax year:

(i) 2005, if the general assessment year for the property is 2003;

(ii) 2006, if the general assessment year for the property is 2004; or

(iii) 2007, if the general assessment year for the property is 2005.

(1.1) Thereafter, in Cook County, and in all other counties, the exemption is as follows:

(i) if the general assessment year for the property is 2006, then the exemption may not exceed: \$33,000 for taxable year 2006; \$26,000 for taxable year 2007; ~~and \$20,000 for taxable years year 2008 and 2009; \$16,000 for taxable year 2010; and \$12,000 for taxable year 2011;~~

(ii) if the general assessment year for the property is 2007, then the exemption may not exceed: \$33,000 for taxable year 2007; \$26,000 for taxable year 2008; ~~and \$20,000 for taxable years year 2009 and 2010; \$16,000 for taxable year 2011; and \$12,000 for taxable year 2012;~~ and

(iii) if the general assessment year for the property is 2008, then the exemption may not exceed: \$33,000 for taxable year 2008; \$26,000 for taxable year 2009; ~~and \$20,000 for taxable years year 2010 and 2011; \$16,000 for taxable year 2012; and \$12,000 for taxable year 2013.~~

(1.5) In Cook County, for the 2006 taxable year only, the maximum amount of the exemption set forth under subsection (e)(1.1)(i) of this Section may be increased: (i) by \$7,000 if the equalized assessed value of the property in that taxable year exceeds the equalized assessed value of that property in 2002 by 100% or more; or (ii) by \$2,000 if the equalized assessed value of the property in that taxable year exceeds the equalized assessed value of that property in 2002 by more than 80% but less than 100%.

(2) In the case of homestead property that also qualifies for the exemption under Section 15-172, the property is entitled to the exemption under this Section, limited to the amount of (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003, (ii) \$5,000 in all counties in tax years 2004 and 2005, or (iii) the lesser of the amount of the general homestead exemption under Section 15-175 or an amount equal to the increase in the equalized assessed value for the current tax year above the equalized assessed value for 1977 in tax year 2006 and thereafter.

(f) In the case of an apartment building owned and operated as a cooperative, or as a life care facility, that contains residential units that qualify as homestead property under this Section, the maximum cumulative exemption amount attributed to the entire building or facility shall not exceed the sum of the exemptions calculated for each qualified residential unit. The cooperative association, management firm,

or other person or entity that manages or controls the cooperative apartment building or life care facility shall credit the exemption attributable to each residential unit only to the apportioned tax liability of the owner or other person responsible for payment of taxes as to that unit. Any person who willfully refuses to so credit the exemption is guilty of a Class B misdemeanor.

(g) When married persons maintain separate residences, the exemption provided under this Section shall be claimed by only one such person and for only one residence.

(h) In the event of a sale or other transfer in ownership of the homestead property, the exemption under this Section shall remain in effect for the remainder of the tax year and be calculated using the same base homestead value in which the sale or transfer occurs, but (other than for sales or transfers between spouses or between a parent and a child) shall be calculated for any subsequent tax year using the new base homestead value as provided in subdivision (b)(3)(B). The assessor may require the new owner of the property to apply for the exemption in the following year.

(i) The assessor may determine whether property qualifies as a homestead under this Section by application, visual inspection, questionnaire, or other reasonable methods. Each year, at the time the assessment books are certified to the county clerk by the board of review, the assessor shall furnish to the county clerk a list of the properties qualified for the homestead exemption under this Section. The list shall note the base homestead value of each property to be used in the calculation of the exemption for the current tax year.

(j) In counties with 3,000,000 or more inhabitants, the provisions of this Section apply as follows:

(1) If the general assessment year for the property is 2003, this Section applies for assessment years 2003 through 2011, ~~2004, 2005, 2006, 2007, and 2008~~. Thereafter, the provisions of Section 15-175 apply.

(2) If the general assessment year for the property is 2004, this Section applies for assessment years 2004 through 2012, ~~2005, 2006, 2007, 2008, and 2009~~. Thereafter, the provisions of Section 15-175 apply.

(3) If the general assessment year for the property is 2005, this Section applies for assessment years 2005 through 2013, ~~2006, 2007, 2008, 2009, and 2010~~. Thereafter, the provisions of Section 15-175 apply.

In counties with less than 3,000,000 inhabitants, this Section applies for assessment years

(i) 2009, 2010, 2011, and 2012 ~~2006, 2007, and 2008, and 2009~~ if tax year 2008 ~~2005~~ is the designated base year or (ii) 2010, 2011, 2012, and 2013 ~~2007, 2008, 2009, and 2010~~ if tax year 2009 ~~2006~~ is the designated base year. Thereafter, the provisions of Section 15-175 apply.

(k) To be subject to the provisions of this Section in lieu of Section 15-175, a county must adopt an ordinance to subject itself to the provisions of this Section within 6 months after the effective date of this amendatory Act of the ~~96th~~ 95th General Assembly. In a county other than Cook County, the ordinance must designate either tax year ~~2008~~ 2005 or tax year ~~2009~~ 2006 as the base year.

(l) Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Section 95. No acceleration or delay. Where this Act makes changes in a statute that is represented in this Act by text that is not yet or no longer in effect (for example, a Section represented by multiple versions), the use of that text does not accelerate or delay the taking effect of (i) the changes made by this Act or (ii) provisions derived from any other Public Act.

"School art supply" means an item commonly used by a student in a course of study for artwork and includes only the following items: clay and glazes; acrylic, tempera, and oil paint; paintbrushes for artwork; sketch and drawing pads; and watercolors.

"School instructional material" means written material commonly used by a student in a course of

[May 6, 2010]

study as a reference and to learn the subject being taught and includes only the following items: reference books; reference maps and globes; textbooks; and workbooks.

"School computer supply" means an item commonly used by a student in a course of study in which a computer is used and applies only to the following items: flashdrives and other computer data storage devices; data storage media, such as diskettes and compact disks; boxes and cases for disk storage; external ports or drives; computer cases; computer cables; computer printers; and printer cartridges, toner, and ink.

(b) Administration. Notwithstanding any other provision of this Act, the reduced rate of tax under Section 3-10 of this Act for clothing and school supplies shall be administered by the Department under the provisions of this subsection (b).

(1) Bundled sales. Items that qualify for the reduced rate of tax that are bundled together with items that do not qualify for the reduced rate of tax and that are sold for one itemized price will be subject to the reduced rate of tax only if the value of the items that qualify for the reduced rate of tax exceeds the value of the items that do not qualify for the reduced rate of tax.

(2) Coupons and discounts. An unreimbursed discount by the seller reduces the sales price of the property so that the discounted sales price determines whether the sales price is within a sales tax holiday price threshold. A coupon or other reduction in the sales price is treated as a discount if the seller is not reimbursed for the coupon or reduction amount by a third-party.

(3) Splitting of items normally sold together. Articles that are normally sold as a single unit must continue to be sold in that manner. Such articles cannot be priced separately and sold as individual items in order to obtain the reduced rate of tax. For example, a pair of shoes cannot have each shoe sold separately so that the sales price of each shoe is within a sales tax holiday price threshold.

(4) Rain checks. A rain check is a procedure that allows a customer to purchase an item at a certain price at a later time because the particular item was out of stock. Eligible property that customers purchase during the Sales Tax Holiday Period with the use of a rain check will qualify for the reduced rate of tax regardless of when the rain check was issued. Issuance of a rain check during the Sales Tax Holiday Period will not qualify eligible property for the reduced rate of tax if the property is actually purchased after the Sales Tax Holiday Period.

(5) Exchanges. The procedure for an exchange in regards to a sales tax holiday is as follows:

(A) If a customer purchases an item of eligible property during the Sales Tax Holiday Period, but later exchanges the item for a similar eligible item, even if a different size, different color, or other feature, no additional tax is due even if the exchange is made after the Sales Tax Holiday Period.

(B) If a customer purchases an item of eligible property during the Sales Tax Holiday Period, but after the Sales Tax Holiday Period has ended, the customer returns the item and receives credit on the purchase of a different item, the 6.25% general merchandise sales tax rate is due on the sale of the newly purchased item.

(C) If a customer purchases an item of eligible property before the Sales Tax Holiday Period, but during the Sales Tax Holiday Period the customer returns the item and receives credit on the purchase of a different item of eligible property, the reduced rate of tax is due on the sale of the new item if the new item is purchased during the Sales Tax Holiday Period.

(6) Delivery charges. Delivery charges, including shipping, handling and service charges, are part of the sales price of eligible property.

(7) Order date and back orders. For the purpose of a sales tax holiday, eligible property qualifies for the reduced rate of tax if: (i) the item is both delivered to and paid for by the customer during the Sales Tax Holiday Period or (ii) the customer orders and pays for the item and the seller accepts the order during the Sales Tax Holiday Period for immediate shipment, even if delivery is made after the Sales Tax Holiday Period. The seller accepts an order when the seller has taken action to fill the order for immediate shipment. Actions to fill an order include placement of an "in date" stamp on an order or assignment of an "order number" to an order within the Sales Tax Holiday Period. An order is for immediate shipment when the customer does not request delayed shipment. An order is for immediate shipment notwithstanding that the shipment may be delayed because of a backlog of orders or because stock is currently unavailable to, or on back order by, the seller.

(8) Returns. For a 60-day period immediately after the Sales Tax Holiday Period, if a customer returns an item that would qualify for the reduced rate of tax, credit for or refund of sales tax shall be given only at the reduced rate unless the customer provides a receipt or invoice that shows tax was paid at the 6.25% general merchandise rate, or the seller has sufficient documentation to show that tax was paid at the 6.25% general merchandise rate on the specific item. This 60-day period is set solely for the purpose of designating a time period during which the customer must provide documentation that shows that the appropriate sales tax rate was paid on returned merchandise. The 60-day period is not intended

to change a seller's policy on the time period during which the seller will accept returns.

(c) The Department may implement the provisions of this Section through the use of emergency rules, along with permanent rules filed concurrently with such emergency rules, in accordance with the provisions of Section 5-45 of the Illinois Administrative Procedure Act. For purposes of the Illinois Administrative Procedure Act, the adoption of rules to implement the provisions of this Section shall be deemed an emergency and necessary for the public interest, safety, and welfare.

(35 ILCS 105/3-10)

Sec. 3-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of either the selling price or the fair market value, if any, of the tangible personal property. In all cases where property functionally used or consumed is the same as the property that was purchased at retail, then the tax is imposed on the selling price of the property. In all cases where property functionally used or consumed is a by-product or waste product that has been refined, manufactured, or produced from property purchased at retail, then the tax is imposed on the lower of the fair market value, if any, of the specific property so used in this State or on the selling price of the property purchased at retail. For purposes of this Section "fair market value" means the price at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and both having reasonable knowledge of the relevant facts. The fair market value shall be established by Illinois sales by the taxpayer of the same property as that functionally used or consumed, or if there are no such sales by the taxpayer, then comparable sales or purchases of property of like kind and character in Illinois.

Beginning on August 6, 2010 through August 15, 2010, and each year thereafter beginning on the first Friday in August and ending on the Sunday occurring 9 days thereafter, with respect to sales tax holiday items as defined in Section 3-6 of this Act, the tax is imposed at the rate of 1.25%. The reduced rate of tax for sales tax holiday items as defined in Section 3-6 of this Act shall not be authorized for periods after August 16, 2013.

With respect to gasohol, the tax imposed by this Act applies to (i) 70% of the proceeds of sales made on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013, and (iii) 100% of the proceeds of sales made thereafter. If, at any time, however, the tax under this Act on sales of gasohol is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the proceeds of sales made thereafter.

With respect to biodiesel blends with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 and (ii) 100% of the proceeds of sales made thereafter. If, at any time, however, the tax under this Act on sales of biodiesel blends with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel and biodiesel blends with more than 10% but no more than 99% biodiesel, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the proceeds of sales made thereafter.

With respect to food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, the tax is imposed at the rate of 1%. For the purposes of this Section, until September 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including but not limited to soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed bottle, can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

[May 6, 2010]

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "soft drinks" means non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.

Until August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks; and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine. Notwithstanding any other provisions of this Act, beginning September 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. The "over-the-counter-drug" label includes:

- (A) A "Drug Facts" panel; or
- (B) A statement of the "active ingredient(s)" with a list of those ingredients contained in the compound, substance or preparation.

If the property that is purchased at retail from a retailer is acquired outside Illinois and used outside Illinois before being brought to Illinois for use here and is taxable under this Act, the "selling price" on which the tax is computed shall be reduced by an amount that represents a reasonable allowance for depreciation for the period of prior out-of-state use.

For the purpose of determining allocation to the local government unit, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

Whenever the Department determines that a refund of money paid into the Local Government Tax Fund should be made to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the Local Government Tax Fund.

On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities and counties, the municipalities and counties to be those entitled to distribution of taxes or penalties paid to the Department during the second preceding calendar month. The amount to be paid to each municipality or county shall be the amount (not including credit memoranda) collected during the second preceding calendar month by the Department and paid into the Local Government Tax Fund, plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department, and not including any amount which the Department determines is necessary to offset any amounts which are payable to a different taxing body but were erroneously paid to the municipality or county. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities and counties, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

When certifying the amount of monthly disbursement to a municipality or county under this Section, the Department shall increase or decrease that amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the 6 months preceding the time a misallocation is discovered.

The provisions directing the distributions from the special fund in the State Treasury provided for in this Section shall constitute an irrevocable and continuing appropriation of all amounts as provided herein. The State Treasurer and State Comptroller are hereby authorized to make distributions as provided in this Section.

In construing any development, redevelopment, annexation, preannexation or other lawful agreement in effect prior to September 1, 1990, which describes or refers to receipts from a county or municipal retailers' occupation tax, use tax or service occupation tax which now cannot be imposed, such description or reference shall be deemed to include the replacement revenue for such abolished taxes, distributed from the Local Government Tax Fund.

Sec. 6z-20. Of the money received from the 6.25% general rate (and, beginning July 1, 2000 and

[May 6, 2010]

through December 31, 2000, the 1.25% rate on motor fuel and gasohol, and beginning on August 6, 2010 through August 15, 2010, the 1.25% rate on sales tax holiday items) on sales subject to taxation under the Retailers' Occupation Tax Act and Service Occupation Tax Act and paid into the County and Mass Transit District Fund, distribution to the Regional Transportation Authority tax fund, created pursuant to Section 4.03 of the Regional Transportation Authority Act, for deposit therein shall be made based upon the retail sales occurring in a county having more than 3,000,000 inhabitants. The remainder shall be distributed to each county having 3,000,000 or fewer inhabitants based upon the retail sales occurring in each such county.

For the purpose of determining allocation to the local government unit, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

Of the money received from the 6.25% general use tax rate on tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by any agency of this State's government and paid into the County and Mass Transit District Fund, the amount for which Illinois addresses for titling or registration purposes are given as being in each county having more than 3,000,000 inhabitants shall be distributed into the Regional Transportation Authority tax fund, created pursuant to Section 4.03 of the Regional Transportation Authority Act. The remainder of the money paid from such sales shall be distributed to each county based on sales for which Illinois addresses for titling or registration purposes are given as being located in the county. Any money paid into the Regional Transportation Authority Occupation and Use Tax Replacement Fund from the County and Mass Transit District Fund prior to January 14, 1991, which has not been paid to the Authority prior to that date, shall be transferred to the Regional Transportation Authority tax fund.

Whenever the Department determines that a refund of money paid into the County and Mass Transit District Fund should be made to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the County and Mass Transit District Fund.

On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the Regional Transportation Authority and to named counties, the counties to be those entitled to distribution, as hereinabove provided, of taxes or penalties paid to the Department during the second preceding calendar month. The amount to be paid to the Regional Transportation Authority and each county having 3,000,000 or fewer inhabitants shall be the amount (not including credit memoranda) collected during the second preceding calendar month by the Department and paid into the County and Mass Transit District Fund, plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department, and not including any amount which the Department determines is necessary to offset any amounts which were payable to a different taxing body but were erroneously paid to the Regional Transportation Authority or county. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the Regional Transportation Authority and counties, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

When certifying the amount of a monthly disbursement to the Regional Transportation Authority or to a county under this Section, the Department shall increase or decrease that amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the 6 months preceding the time a misallocation is discovered.

The provisions directing the distributions from the special fund in the State Treasury provided for in this Section and from the Regional Transportation Authority tax fund created by Section 4.03 of the Regional Transportation Authority Act shall constitute an irrevocable and continuing appropriation of all amounts as provided herein. The State Treasurer and State Comptroller are hereby authorized to make distributions as provided in this Section.

In construing any development, redevelopment, annexation, preannexation or other lawful agreement in effect prior to September 1, 1990, which describes or refers to receipts from a county or municipal retailers' occupation tax, use tax or service occupation tax which now cannot be imposed, such description or reference shall be deemed to include the replacement revenue for such abolished taxes, distributed from the County and Mass Transit District Fund or Local Government Distributive Fund, as the case may be.

Section 10. The Use Tax Act is amended by changing Sections 3-10 and 9 and by adding Section 3-6 as follows:

(35 ILCS 105/3-6 new)

Sec. 3-6. Sales tax holiday items.

(a) The tangible personal property described in this subsection qualifies for the 1.25% reduced rate of tax for the period set forth in Section 3-10 of this Act (hereinafter referred to as the Sales Tax Holiday Period). The reduced rate on these items shall be administered under the provisions of subsection (b) of this Section. The following items are subject to the reduced rate:

(1) Clothing items that each have a retail selling price of less than \$100.

"Clothing" means, unless otherwise specified in this Section, all human wearing apparel suitable for general use. "Clothing" does not include clothing accessories, protective equipment, or sport or recreational equipment. "Clothing" includes, but is not limited to: household and shop aprons; athletic supporters; bathing suits and caps; belts and suspenders; boots; coats and jackets; ear muffs; footlets; gloves and mittens for general use; hats and caps; hosiery; insoles for shoes; lab coats; neckties; overshoes; pantyhose; rainwear; rubber pants; sandals; scarves; shoes and shoelaces; slippers; sneakers; socks and stockings; steel-toed shoes; underwear; and school uniforms.

"Clothing accessories" means, but is not limited to: briefcases; cosmetics; hair notions, including, but not limited to barrettes, hair bows, and hair nets; handbags; handkerchiefs; jewelry; non-prescription sunglasses; umbrellas; wallets; watches; and wigs and hair pieces.

"Protective equipment" means, but is not limited to: breathing masks; clean room apparel and equipment; ear and hearing protectors; face shields; hard hats; helmets; paint or dust respirators; protective gloves; safety glasses and goggles; safety belts; tool belts; and welder's gloves and masks.

"Sport or recreational equipment" means, but is not limited to: ballet and tap shoes; cleated or spiked athletic shoes; gloves, including, but not limited to, baseball, bowling, boxing, hockey, and golf gloves; goggles; hand and elbow guards; life preservers and vests; mouth guards; roller and ice skates; shin guards; shoulder pads; ski boots; waders; and wetsuits and fins.

(2) School supplies. "School supplies" means, unless otherwise specified in this Section, items used by a student in a course of study. The purchase of school supplies for use by persons other than students for use in a course of study are not eligible for the reduced rate of tax. "School supplies" do not include school art supplies; school instructional materials; cameras; film and memory cards; videocameras, tapes, and videotapes; computers; cell phones; Personal Digital Assistants (PDAs); handheld electronic schedulers; and school computer supplies.

"School supplies" includes, but is not limited to: binders; book bags; calculators; cellophane tape; blackboard chalk; compasses; composition books; crayons; erasers; expandable, pocket, plastic, and manila folders; glue, paste, and paste sticks; highlighters; index cards; index card boxes; legal pads; lunch boxes; markers; notebooks; paper, including loose leaf ruled notebook paper, copy paper, graph paper, tracing paper, manila paper, colored paper, poster board, and construction paper; pencils; pencil leads; pens; ink and ink refills for pens; pencil boxes and other school supply boxes; pencil sharpeners; protractors; rulers; scissors; and writing-tablets.

"School art supply" means an item commonly used by a student in a course of study for artwork and includes only the following items: clay and glazes; acrylic, tempera, and oil paint; paintbrushes for artwork; sketch and drawing pads; and watercolors.

"School instructional material" means written material commonly used by a student in a course of study as a reference and to learn the subject being taught and includes only the following items: reference books; reference maps and globes; textbooks; and workbooks.

"School computer supply" means an item commonly used by a student in a course of study in which a computer is used and applies only to the following items: flashdrives and other computer data storage devices; data storage media, such as diskettes and compact disks; boxes and cases for disk storage; external ports or drives; computer cases; computer cables; computer printers; and printer cartridges, toner, and ink.

(b) Administration. Notwithstanding any other provision of this Act, the reduced rate of tax under Section 3-10 of this Act for clothing and school supplies shall be administered by the Department under the provisions of this subsection (b).

(1) Bundled sales. Items that qualify for the reduced rate of tax that are bundled together with items that do not qualify for the reduced rate of tax and that are sold for one itemized price will be subject to the reduced rate of tax only if the value of the items that qualify for the reduced rate of tax exceeds the value of the items that do not qualify for the reduced rate of tax.

(2) Coupons and discounts. An unreimbursed discount by the seller reduces the sales price of the property so that the discounted sales price determines whether the sales price is within a sales tax holiday price threshold. A coupon or other reduction in the sales price is treated as a discount if the seller is not reimbursed for the coupon or reduction amount by a third-party.

(3) Splitting of items normally sold together. Articles that are normally sold as a single unit must continue to be sold in that manner. Such articles cannot be priced separately and sold as individual items in order to obtain the reduced rate of tax. For example, a pair of shoes cannot have each shoe sold separately so that the sales price of each shoe is within a sales tax holiday price threshold.

(4) Rain checks. A rain check is a procedure that allows a customer to purchase an item at a certain price at a later time because the particular item was out of stock. Eligible property that customers purchase during the Sales Tax Holiday Period with the use of a rain check will qualify for the reduced rate of tax regardless of when the rain check was issued. Issuance of a rain check during the Sales Tax Holiday Period will not qualify eligible property for the reduced rate of tax if the property is actually purchased after the Sales Tax Holiday Period.

(5) Exchanges. The procedure for an exchange in regards to a sales tax holiday is as follows:

(A) If a customer purchases an item of eligible property during the Sales Tax Holiday Period, but later exchanges the item for a similar eligible item, even if a different size, different color, or other feature, no additional tax is due even if the exchange is made after the Sales Tax Holiday Period.

(B) If a customer purchases an item of eligible property during the Sales Tax Holiday Period, but after the Sales Tax Holiday Period has ended, the customer returns the item and receives credit on the purchase of a different item, the 6.25% general merchandise sales tax rate is due on the sale of the newly purchased item.

(C) If a customer purchases an item of eligible property before the Sales Tax Holiday Period, but during the Sales Tax Holiday Period the customer returns the item and receives credit on the purchase of a different item of eligible property, the reduced rate of tax is due on the sale of the new item if the new item is purchased during the Sales Tax Holiday Period.

(6) Delivery charges. Delivery charges, including shipping, handling and service charges, are part of the sales price of eligible property.

(7) Order date and back orders. For the purpose of a sales tax holiday, eligible property qualifies for the reduced rate of tax if: (i) the item is both delivered to and paid for by the customer during the Sales Tax Holiday Period or (ii) the customer orders and pays for the item and the seller accepts the order during the Sales Tax Holiday Period for immediate shipment, even if delivery is made after the Sales Tax Holiday Period. The seller accepts an order when the seller has taken action to fill the order for immediate shipment. Actions to fill an order include placement of an "in date" stamp on an order or assignment of an "order number" to an order within the Sales Tax Holiday Period. An order is for immediate shipment when the customer does not request delayed shipment. An order is for immediate shipment notwithstanding that the shipment may be delayed because of a backlog of orders or because stock is currently unavailable to, or on back order by, the seller.

(8) Returns. For a 60-day period immediately after the Sales Tax Holiday Period, if a customer returns an item that would qualify for the reduced rate of tax, credit for or refund of sales tax shall be given only at the reduced rate unless the customer provides a receipt or invoice that shows tax was paid at the 6.25% general merchandise rate, or the seller has sufficient documentation to show that tax was paid at the 6.25% general merchandise rate on the specific item. This 60-day period is set solely for the purpose of designating a time period during which the customer must provide documentation that shows that the appropriate sales tax rate was paid on returned merchandise. The 60-day period is not intended to change a seller's policy on the time period during which the seller will accept returns.

(c) The Department may implement the provisions of this Section through the use of emergency rules, along with permanent rules filed concurrently with such emergency rules, in accordance with the provisions of Section 5-45 of the Illinois Administrative Procedure Act. For purposes of the Illinois Administrative Procedure Act, the adoption of rules to implement the provisions of this Section shall be deemed an emergency and necessary for the public interest, safety, and welfare.

(35 ILCS 105/3-10)

Sec. 3-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of either the selling price or the fair market value, if any, of the tangible personal property. In all cases where property functionally used or consumed is the same as the property that was purchased at retail, then the tax is imposed on the selling price of the property. In all cases where property functionally used or consumed is a by-product or waste product that has been refined, manufactured, or produced from property purchased at retail, then the tax is imposed on the lower of the fair market value, if any, of the specific property so used in this State or on the selling price of the property purchased at

retail. For purposes of this Section "fair market value" means the price at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and both having reasonable knowledge of the relevant facts. The fair market value shall be established by Illinois sales by the taxpayer of the same property as that functionally used or consumed, or if there are no such sales by the taxpayer, then comparable sales or purchases of property of like kind and character in Illinois.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

Beginning on August 6, 2010 through August 15, 2010, with respect to sales tax holiday items as defined in Section 3-6 of this Act, the tax is imposed at the rate of 1.25%.

With respect to gasohol, the tax imposed by this Act applies to (i) 70% of the proceeds of sales made on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013, and (iii) 100% of the proceeds of sales made thereafter. If, at any time, however, the tax under this Act on sales of gasohol is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the proceeds of sales made thereafter.

With respect to biodiesel blends with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 and (ii) 100% of the proceeds of sales made thereafter. If, at any time, however, the tax under this Act on sales of biodiesel blends with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel and biodiesel blends with more than 10% but no more than 99% biodiesel, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the proceeds of sales made thereafter.

With respect to food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, the tax is imposed at the rate of 1%. For the purposes of this Section, until September 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including but not limited to soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed bottle, can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "soft drinks" means non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.

Until August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks; and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine. Beginning August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks, candy, and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. The "over-the-counter-drug" label includes:

- (A) A "Drug Facts" panel; or
- (B) A statement of the "active ingredient(s)" with a list of those ingredients contained in the compound, substance or preparation.

If the property that is purchased at retail from a retailer is acquired outside Illinois and used outside Illinois before being brought to Illinois for use here and is taxable under this Act, the "selling price" on which the tax is computed shall be reduced by an amount that represents a reasonable allowance for depreciation for the period of prior out-of-state use.

(35 ILCS 105/9) (from Ch. 120, par. 439.9)

Sec. 9. Except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, each retailer required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or \$5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. A retailer need not remit that part of any tax collected by him to the extent that he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act, with respect to the sale of the same property.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the retailer, in collecting the tax (except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State), may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

Except as provided in this Section, on or before the twentieth day of each calendar month, such retailer shall file a return for the preceding calendar month. Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
- 5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of \$100,000 or more shall make all

payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of \$50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of \$200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act was \$10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was \$20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985, and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than \$10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for

the reasonably foreseeable future will fall below the \$10,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than \$20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the \$20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department, except that if such excess payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed \$200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed \$50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the

purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act, then that seller may report the transfer of all the aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted

if the tax had been remitted to the Department by the retailer.

Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return upon the selling price of tangible personal property purchased by him at retail from a retailer, but as to which the tax imposed by this Act was not collected from the retailer filing such return, and such retailer shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable retailers, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury, 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that is now taxed at 6.25%.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall

[May 6, 2010]

be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement. Section 15. The Retailers' Occupation Tax Act is amended by changing Sections 2-10 and 3 and by adding Section 2-8 as follows:
(35 ILCS 120/2-8 new)

[May 6, 2010]

Sec. 2-8. Sales tax holiday items.

(a) The tangible personal property described in this subsection qualifies for the 1.25% reduced rate of tax for the period set forth in Section 2-10 of this Act (hereinafter referred to as the Sales Tax Holiday Period). The reduced rate on these items shall be administered under the provisions of subsection (b) of this Section. The following items are subject to the reduced rate:

(1) Clothing items that each have a retail selling price of less than \$100.

"Clothing" means, unless otherwise specified in this Section, all human wearing apparel suitable for general use. "Clothing" does not include clothing accessories, protective equipment, or sport or recreational equipment. "Clothing" includes, but is not limited to: household and shop aprons; athletic supporters; bathing suits and caps; belts and suspenders; boots; coats and jackets; ear muffs; footlets; gloves and mittens for general use; hats and caps; hosiery; insoles for shoes; lab coats; neckties; overshoes; pantyhose; rainwear; rubber pants; sandals; scarves; shoes and shoelaces; slippers; sneakers; socks and stockings; steel-toed shoes; underwear; and school uniforms.

"Clothing accessories" means, but is not limited to: briefcases; cosmetics; hair notions, including, but not limited to barrettes, hair bows, and hair nets; handbags; handkerchiefs; jewelry; non-prescription sunglasses; umbrellas; wallets; watches; and wigs and hair pieces.

"Protective equipment" means, but is not limited to: breathing masks; clean room apparel and equipment; ear and hearing protectors; face shields; hard hats; helmets; paint or dust respirators; protective gloves; safety glasses and goggles; safety belts; tool belts; and welder's gloves and masks.

"Sport or recreational equipment" means, but is not limited to: ballet and tap shoes; cleated or spiked athletic shoes; gloves, including, but not limited to, baseball, bowling, boxing, hockey, and golf gloves; goggles; hand and elbow guards; life preservers and vests; mouth guards; roller and ice skates; shin guards; shoulder pads; ski boots; waders; and wetsuits and fins.

(2) School supplies. "School supplies" means, unless otherwise specified in this Section, items used by a student in a course of study. The purchase of school supplies for use by persons other than students for use in a course of study are not eligible for the reduced rate of tax. "School supplies" do not include school art supplies; school instructional materials; cameras; film and memory cards; videocameras, tapes, and videotapes; computers; cell phones; Personal Digital Assistants (PDAs); handheld electronic schedulers; and school computer supplies.

"School supplies" includes, but is not limited to: binders; book bags; calculators; cellophane tape; blackboard chalk; compasses; composition books; crayons; erasers; expandable, pocket, plastic, and manila folders; glue, paste, and paste sticks; highlighters; index cards; index card boxes; legal pads; lunch boxes; markers; notebooks; paper, including loose leaf ruled notebook paper, copy paper, graph paper, tracing paper, manila paper, colored paper, poster board, and construction paper; pencils; pencil leads; pens; ink and ink refills for pens; pencil boxes and other school supply boxes; pencil sharpeners; protractors; rulers; scissors; and writing-tablets.

"School art supply" means an item commonly used by a student in a course of study for artwork and includes only the following items: clay and glazes; acrylic, tempera, and oil paint; paintbrushes for artwork; sketch and drawing pads; and watercolors.

"School instructional material" means written material commonly used by a student in a course of study as a reference and to learn the subject being taught and includes only the following items: reference books; reference maps and globes; textbooks; and workbooks.

"School computer supply" means an item commonly used by a student in a course of study in which a computer is used and applies only to the following items: flashdrives and other computer data storage devices; data storage media, such as diskettes and compact disks; boxes and cases for disk storage; external ports or drives; computer cases; computer cables; computer printers; and printer cartridges, toner, and ink.

(b) Administration. Notwithstanding any other provision of this Act, the reduced rate of tax under Section 3-10 of this Act for clothing and school supplies shall be administered by the Department under the provisions of this subsection (b).

(1) Bundled sales. Items that qualify for the reduced rate of tax that are bundled together with items that do not qualify for the reduced rate of tax and that are sold for one itemized price will be subject to the reduced rate of tax only if the value of the items that qualify for the reduced rate of tax exceeds the value of the items that do not qualify for the reduced rate of tax.

(2) Coupons and discounts. An unreimbursed discount by the seller reduces the sales price of the property so that the discounted sales price determines whether the sales price is within a sales tax holiday price threshold. A coupon or other reduction in the sales price is treated as a discount if the seller is not reimbursed for the coupon or reduction amount by a third-party.

(3) Splitting of items normally sold together. Articles that are normally sold as a single unit must

continue to be sold in that manner. Such articles cannot be priced separately and sold as individual items in order to obtain the reduced rate of tax. For example, a pair of shoes cannot have each shoe sold separately so that the sales price of each shoe is within a sales tax holiday price threshold.

(4) Rain checks. A rain check is a procedure that allows a customer to purchase an item at a certain price at a later time because the particular item was out of stock. Eligible property that customers purchase during the Sales Tax Holiday Period with the use of a rain check will qualify for the reduced rate of tax regardless of when the rain check was issued. Issuance of a rain check during the Sales Tax Holiday Period will not qualify eligible property for the reduced rate of tax if the property is actually purchased after the Sales Tax Holiday Period.

(5) Exchanges. The procedure for an exchange in regards to a sales tax holiday is as follows:

(A) If a customer purchases an item of eligible property during the Sales Tax Holiday Period, but later exchanges the item for a similar eligible item, even if a different size, different color, or other feature, no additional tax is due even if the exchange is made after the Sales Tax Holiday Period.

(B) If a customer purchases an item of eligible property during the Sales Tax Holiday Period, but after the Sales Tax Holiday Period has ended, the customer returns the item and receives credit on the purchase of a different item, the 6.25% general merchandise sales tax rate is due on the sale of the newly purchased item.

(C) If a customer purchases an item of eligible property before the Sales Tax Holiday Period, but during the Sales Tax Holiday Period the customer returns the item and receives credit on the purchase of a different item of eligible property, the reduced rate of tax is due on the sale of the new item if the new item is purchased during the Sales Tax Holiday Period.

(6) Delivery charges. Delivery charges, including shipping, handling and service charges, are part of the sales price of eligible property.

(7) Order date and back orders. For the purpose of a sales tax holiday, eligible property qualifies for the reduced rate of tax if: (i) the item is both delivered to and paid for by the customer during the Sales Tax Holiday Period or (ii) the customer orders and pays for the item and the seller accepts the order during the Sales Tax Holiday Period for immediate shipment, even if delivery is made after the Sales Tax Holiday Period. The seller accepts an order when the seller has taken action to fill the order for immediate shipment. Actions to fill an order include placement of an "in date" stamp on an order or assignment of an "order number" to an order within the Sales Tax Holiday Period. An order is for immediate shipment when the customer does not request delayed shipment. An order is for immediate shipment notwithstanding that the shipment may be delayed because of a backlog of orders or because stock is currently unavailable to, or on back order by, the seller.

(8) Returns. For a 60-day period immediately after the Sales Tax Holiday Period, if a customer returns an item that would qualify for the reduced rate of tax, credit for or refund of sales tax shall be given only at the reduced rate unless the customer provides a receipt or invoice that shows tax was paid at the 6.25% general merchandise rate, or the seller has sufficient documentation to show that tax was paid at the 6.25% general merchandise rate on the specific item. This 60-day period is set solely for the purpose of designating a time period during which the customer must provide documentation that shows that the appropriate sales tax rate was paid on returned merchandise. The 60-day period is not intended to change a seller's policy on the time period during which the seller will accept returns.

(c) The Department may implement the provisions of this Section through the use of emergency rules, along with permanent rules filed concurrently with such emergency rules, in accordance with the provisions of Section 5-45 of the Illinois Administrative Procedure Act. For purposes of the Illinois Administrative Procedure Act, the adoption of rules to implement the provisions of this Section shall be deemed an emergency and necessary for the public interest, safety, and welfare.

(35 ILCS 120/2-10)

Sec. 2-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of gross receipts from sales of tangible personal property made in the course of business.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

Beginning on August 6, 2010 through August 15, 2010, with respect to sales tax holiday items as defined in Section 2-8 of this Act, the tax is imposed at the rate of 1.25%.

Within 14 days after the effective date of this amendatory Act of the 91st General Assembly, each retailer of motor fuel and gasohol shall cause the following notice to be posted in a prominently visible place on each retail dispensing device that is used to dispense motor fuel or gasohol in the State of Illinois: "As of July 1, 2000, the State of Illinois has eliminated the State's share of sales tax on motor fuel and gasohol through December 31, 2000. The price on this pump should reflect the elimination of

[May 6, 2010]

the tax." The notice shall be printed in bold print on a sign that is no smaller than 4 inches by 8 inches. The sign shall be clearly visible to customers. Any retailer who fails to post or maintain a required sign through December 31, 2000 is guilty of a petty offense for which the fine shall be \$500 per day per each retail premises where a violation occurs.

With respect to gasohol, as defined in the Use Tax Act, the tax imposed by this Act applies to (i) 70% of the proceeds of sales made on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013, and (iii) 100% of the proceeds of sales made thereafter. If, at any time, however, the tax under this Act on sales of gasohol, as defined in the Use Tax Act, is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, as defined in the Use Tax Act, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the proceeds of sales made thereafter.

With respect to biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 and (ii) 100% of the proceeds of sales made thereafter. If, at any time, however, the tax under this Act on sales of biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel, as defined in the Use Tax Act, and biodiesel blends, as defined in the Use Tax Act, with more than 10% but no more than 99% biodiesel, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the proceeds of sales made thereafter.

With respect to food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, the tax is imposed at the rate of 1%. For the purposes of this Section, until September 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including but not limited to soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed bottle, can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "soft drinks"

means non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.

Until August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks; and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine. Beginning August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks, candy, and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for

human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. The "over-the-counter-drug" label includes:

- (A) A "Drug Facts" panel; or
- (B) A statement of the "active ingredient(s)" with a list of those ingredients contained in the compound, substance or preparation.

Sec. 3. Except as provided in this Section, on or before the twentieth day of each calendar month, every person engaged in the business of selling tangible personal property at retail in this State during the preceding calendar month shall file a return with the Department, stating:

1. The name of the seller;
2. His residence address and the address of his principal place of business and the address of the principal place of business (if that is a different address) from which he engages in the business of selling tangible personal property at retail in this State;
3. Total amount of receipts received by him during the preceding calendar month or quarter, as the case may be, from sales of tangible personal property, and from services furnished, by him during such preceding calendar month or quarter;
4. Total amount received by him during the preceding calendar month or quarter on charge and time sales of tangible personal property, and from services furnished, by him prior to the month or quarter for which the return is filed;
5. Deductions allowed by law;
6. Gross receipts which were received by him during the preceding calendar month or quarter and upon the basis of which the tax is imposed;
7. The amount of credit provided in Section 2d of this Act;
8. The amount of tax due;
9. The signature of the taxpayer; and
10. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Each return shall be accompanied by the statement of prepaid tax issued pursuant to Section 2e for which credit is claimed.

Prior to October 1, 2003, and on and after September 1, 2004 a retailer may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Use Tax as provided in Section 3-85 of the Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-85 of the Use Tax Act. A Manufacturer's Purchase Credit certification, accepted by a retailer prior to October 1, 2003 and on and after September 1, 2004 as provided in Section 3-85 of the Use Tax Act, may be used by that retailer to satisfy Retailers' Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchaser Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due; and
6. Such other reasonable information as the Department may require.

Beginning on October 1, 2003, any person who is not a licensed distributor, importing distributor, or manufacturer, as defined in the Liquor Control Act of 1934, but is engaged in the business of selling, at

retail, alcoholic liquor shall file a statement with the Department of Revenue, in a format and at a time prescribed by the Department, showing the total amount paid for alcoholic liquor purchased during the preceding month and such other information as is reasonably required by the Department. The Department may adopt rules to require that this statement be filed in an electronic or telephonic format. Such rules may provide for exceptions from the filing requirements of this paragraph. For the purposes of this paragraph, the term "alcoholic liquor" shall have the meaning prescribed in the Liquor Control Act of 1934.

Beginning on October 1, 2003, every distributor, importing distributor, and manufacturer of alcoholic liquor as defined in the Liquor Control Act of 1934, shall file a statement with the Department of Revenue, no later than the 10th day of the month for the preceding month during which transactions occurred, by electronic means, showing the total amount of gross receipts from the sale of alcoholic liquor sold or distributed during the preceding month to purchasers; identifying the purchaser to whom it was sold or distributed; the purchaser's tax registration number; and such other information reasonably required by the Department. A distributor, importing distributor, or manufacturer of alcoholic liquor must personally deliver, mail, or provide by electronic means to each retailer listed on the monthly statement a report containing a cumulative total of that distributor's, importing distributor's, or manufacturer's total sales of alcoholic liquor to that retailer no later than the 10th day of the month for the preceding month during which the transaction occurred. The distributor, importing distributor, or manufacturer shall notify the retailer as to the method by which the distributor, importing distributor, or manufacturer will provide the sales information. If the retailer is unable to receive the sales information by electronic means, the distributor, importing distributor, or manufacturer shall furnish the sales information by personal delivery or by mail. For purposes of this paragraph, the term "electronic means" includes, but is not limited to, the use of a secure Internet website, e-mail, or facsimile.

If a total amount of less than \$1 is payable, refundable or creditable, such amount shall be disregarded if it is less than 50 cents and shall be increased to \$1 if it is 50 cents or more.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of \$100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of \$50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of \$200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed \$200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of

such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed \$50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of The Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of The Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with

[May 6, 2010]

whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or \$5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was \$10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was \$20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during

which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of \$10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than \$10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the \$10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of \$20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than \$20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the \$20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of \$25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to the effective date of this amendatory Act of 1985, each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an

amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is \$25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of \$20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than \$20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning September 1, 2010, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that is now taxed at 6.25%.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to this Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as hereinafter defined), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; the "Annual Specified Amount" means the amounts specified below for fiscal years 1986 through 1993:

The amounts payable into the Build Illinois Fund under clause (b) of the first sentence in this paragraph shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). each fiscal year	
thereafter that bonds	
are outstanding under	
Section 13.2 of the	
Metropolitan Pier and	
Exposition Authority Act,	
but not after fiscal year 2042.	

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the

[May 6, 2010]

selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of

1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Any person who promotes, organizes, provides retail selling space for concessionaires or other types of sellers at the Illinois State Fair, DuQuoin State Fair, county fairs, local fairs, art shows, flea markets and similar exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987, is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the permanent address and Illinois Retailers Occupation Tax Registration Number of the merchant, the dates and location of the event and other reasonable information that the Department may require. The report

must be filed not later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed \$250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art shows, flea markets and similar exhibitions or events, or any transient merchants, as defined by Section 2 of the Transient Merchant Act of 1987, may be required to make a daily report of the amount of such sales to the Department and to make a daily payment of the full amount of tax due. The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. The Department shall notify concessionaires and other sellers affected by the imposition of this requirement. In the absence of notification by the Department, the concessionaires and other sellers shall file their returns as otherwise required in this Section.

For the property to remain exempt under this subsection (c), the State must retain an option to purchase the property at a future date or, within the limitations period for reverters, the property must revert back to the State.

If the property has been conveyed as described in this subsection (c), the property is no longer exempt pursuant to this Section as of the date when:

- (1) the right of the State to use, control, and possess the property has been terminated; or

Pursuant to Sections 15-15 and 15-20 of this Code, the State shall notify the chief county assessment officer of any transaction under this subsection (c). The chief county assessment officer shall determine initial and continuing compliance with the requirements of this Section for tax exemption. Failure to notify the chief county assessment officer of a transaction under this subsection (c) or to otherwise comply with the requirements of Sections 15-15 and 15-20 of this Code shall, in the discretion of the chief county assessment officer, constitute cause to terminate the exemption, notwithstanding any other provision of this Code.

If the property has been conveyed as described in this subsection (c), the property is no longer exempt pursuant to this Section as of the date when:

- (1) the right of the State or the Authority to use, control, and possess the property has been terminated; or

- (2) the Authority no longer has an option to purchase or otherwise acquire the property and there is no provision for a reverter of the property to the Authority within the limitations period

Pursuant to Sections 15-15 and 15-20 of this Code, the Authority shall notify the chief county assessment officer of any transaction under this subsection (c). The chief county assessment officer shall determine initial and continuing compliance with the requirements of this Section for tax exemption. Failure to notify the chief county assessment officer of a transaction under this subsection (c) or to otherwise comply with the requirements of Sections 15-15 and 15-20 of this Code shall, in the discretion of the chief county assessment officer, constitute cause to terminate the exemption, notwithstanding any other provision of this Code.

The lessee of each parcel of real property in Will County owned by the State of Illinois for the purpose of developing an airport by the Department of Transportation shall not be liable for the taxes thereon. In order for the State to compensate taxing districts for the leasehold tax under this paragraph the Will County Supervisor of Assessments shall certify, in writing, to the Department of Transportation, the amount of leasehold taxes extended for the 2002 property tax year for each such exempt parcel. The Department of Transportation shall pay to the Will County Treasurer, from the Tax Recovery Fund, on or before July 1 of each year, the amount of leasehold taxes for each such exempt parcel as certified by the Will County Supervisor of Assessments. The tax compensation shall terminate on December 31, 2020. It is the duty of the Department of Transportation to file with the Office of the Will County Supervisor of Assessments an affidavit stating the termination date for rental of each such parcel due to airport construction. The affidavit shall include the property identification number for each such parcel. In no instance shall tax compensation for property owned by the State be deemed delinquent or bear interest. In no instance shall a lien attach to the property of the State. In no instance shall the State be required to pay leasehold tax compensation in excess of the Tax Recovery Fund's balance.

(e) Public Act 81-1026 applies to all leases or agreements entered into or renewed on or after September 24, 1979.

AMENDMENT NO. 1 TO SENATE BILL 3681

AMENDMENT NO. 1. Amend Senate Bill 3681 as follows:

on page 1, lines 4 and 5, by replacing "Section 1A-8" with "Sections 1A-8, 2-3.13a, 2-3.103, 14C-1, 21-7.1, 24A-4, 24A-5, 24A-7, and 26-2a"; and

"(105 ILCS 5/2-3.13a) (from Ch. 122, par. 2-3.13a)

Sec. 2-3.13a. School records; transferring students.

(a) The State Board of Education shall establish and implement rules requiring all of the public schools and all private or nonpublic elementary and secondary schools located in this State, whenever any such school has a student who is transferring to any other public elementary or secondary school located in this or in any other state, to forward within 10 days of notice of the student's transfer an

[May 6, 2010]

unofficial record of that student's grades to the school to which such student is transferring. Each public school at the same time also shall forward to the school to which the student is transferring the remainder of the student's school student records as required by the Illinois School Student Records Act. In addition, if a student is transferring from a public school, whether located in this or any other state, from which the student has been suspended or expelled for knowingly possessing in a school building or on school grounds a weapon as defined in the Gun Free Schools Act (20 U.S.C. 8921 et seq.), for knowingly possessing, selling, or delivering in a school building or on school grounds a controlled substance or cannabis, or for battering a staff member of the school, and if the period of suspension or expulsion has not expired at the time the student attempts to transfer into another public school in the same or any other school district: (i) any school student records required to be transferred shall include the date and duration of the period of suspension or expulsion; and (ii) with the exception of transfers into the Department of Juvenile Justice school district, the student shall not be permitted to attend class in the public school into which he or she is transferring until the student has served the entire period of the suspension or expulsion imposed by the school from which the student is transferring, provided that the school board may approve the placement of the student in an alternative school program established under Article 13A of this Code. A school district may adopt a policy providing that if a student is suspended or expelled for any reason from any public or private school in this or any other state, the student must complete the entire term of the suspension or expulsion before being admitted into the school district. This policy may allow placement of the student in an alternative school program established under Article 13A of this Code, if available, for the remainder of the suspension or expulsion. Each public school and each private or nonpublic elementary or secondary school in this State shall within 10 days after the student has paid all of his or her outstanding fines and fees and at its own expense forward an official transcript of the scholastic records of each student transferring from that school in strict accordance with the provisions of this Section and the rules established by the State Board of Education as herein provided.

(b) The State Board of Education shall develop a one-page standard form that Illinois school districts are required to provide to any student who is moving out of the school district and that contains the information about whether or not the student is "in good standing" and whether or not his or her medical records are up-to-date and complete. As used in this Section, "in good standing" means that the student is not being disciplined by a suspension or expulsion, but is entitled to attend classes. No school district is required to admit a new student who is transferring from another Illinois school district unless he or she can produce the standard form from the student's previous school district enrollment. No school district is required to admit a new student who is transferring from an out-of-state public school unless the parent or guardian of the student certifies in writing that the student is not currently serving a suspension or expulsion imposed by the school from which the student is transferring.

(c) The State Board of Education shall, by rule, establish a system to provide for the accurate tracking of transfer students. This system shall, at a minimum, require that a student be counted as a dropout in the calculation of a school's or school district's annual student dropout rate unless the school or school district to which the student transferred (known hereafter in this subsection (c) as the transferee school or school district) sends notification to the school or school district from which the student transferred (known hereafter in this subsection (c) as the transferor school or school district) documenting that the student has enrolled in the transferee school or school district. This notification must occur on or before July 31 following the school year during which the student ~~within 150 days after the date the student~~ withdraws from the transferor school or school district or the student shall be counted in the calculation of the transferor school's or school district's annual student dropout rate. A request by the transferee school or school district to the transferor school or school district seeking the student's academic transcripts or medical records shall be considered without limitation adequate documentation of enrollment. Each transferor school or school district shall keep documentation of such transfer students for the minimum period provided in the Illinois School Student Records Act. All records indicating the school or school district to which a student transferred are subject to the Illinois School Student Records Act.

(105 ILCS 5/14C-1) (from Ch. 122, par. 14C-1)

Sec. 14C-1. The General Assembly finds that there are large numbers of children in this State who come from environments where the primary language is other than English. Experience has shown that public school classes in which instruction is given only in English are often inadequate for the education of children whose native tongue is another language. The General Assembly believes that a program of transitional bilingual education can meet the needs of these children and facilitate their integration into the regular public school curriculum. Therefore, pursuant to the policy of this State to insure equal educational opportunity to every child, and in recognition of the educational needs of children of limited English-speaking ability, it is the purpose of this Act to provide for the establishment of transitional bilingual education programs in the public schools, ~~and~~ to provide supplemental financial assistance to help local school districts meet the extra costs of such programs, and to allow this State to directly or indirectly provide technical assistance and professional development to support transitional bilingual education programs statewide.

The State Superintendent of Education shall review the recommendation to renew or non-renew and shall notify, in writing, the certificate holder of a decision denying renewal of his or her certificate. Any decision regarding non-renewal of an administrative certificate may be appealed to the State Teacher Certification Board.

The State Board of Education, in consultation with the State Teacher Certification Board, shall adopt rules to implement this subsection (c-10).

The regional superintendent of schools shall monitor the process for renewal of administrative certificates established in this subsection (c-10).

(c-15) This subsection (c-15) applies to the first period of an administrative certificate's validity during which the holder becomes subject to the requirements of subsection (c-10) of this Section if the certificate has less than 5 years' validity or has less than 5 years' validity remaining when the certificate holder becomes subject to the requirements of subsection (c-10) of this Section. With respect to this period, the 100 hours of continuing professional development and 5 activities per validity period specified in clause (A) of subsection (c-10) of this Section shall instead be deemed to mean 20 hours of continuing professional development and one activity per year of the certificate's validity or remaining validity and the 30 continuing professional development hours specified in clause (B) of subsection (c-10) of this Section shall instead be deemed to mean completion of at least one course per year of the certificate's validity or remaining validity. Certificate holders who evaluate certified staff must complete a 2-day teacher evaluation course, in addition to the 30 continuing professional development hours.

(c-20) The State Board of Education, in consultation with the State Teacher Certification Board, shall develop procedures for implementing this Section and shall administer the renewal of administrative certificates. Failure to submit satisfactory evidence of continuing professional education which contributes to promoting the goals of this Section shall result in a loss of administrative certification.

(d) Any limited or life supervisory certificate issued prior to July 1, 1968 shall continue to be valid for all administrative and supervisory positions in the public schools for which it is valid as of that date as long as its holder meets the requirements for registration or renewal as set forth in the statutes or until revoked according to law.

(e) The administrative or supervisory positions for which the certificate shall be valid shall be determined by one or more of 3 endorsements: general supervisory, general administrative and superintendent.

Subject to the provisions of Section 21-1a, endorsements shall be made under conditions set forth in this Section. The State Board of Education shall, in consultation with the State Teacher Certification Board, adopt rules pursuant to the Illinois Administrative Procedure Act, establishing requirements for obtaining administrative certificates where the minimum administrative or supervisory requirements surpass those set forth in this Section.

The State Teacher Certification Board shall file with the State Board of Education a written recommendation when considering additional administrative or supervisory requirements. All additional requirements shall be based upon the requisite knowledge necessary to perform those tasks required by the certificate. The State Board of Education shall in consultation with the State Teacher Certification Board, establish standards within its rules which shall include the academic and professional requirements necessary for certification. These standards shall at a minimum contain, but not be limited to, those used by the State Board of Education in determining whether additional knowledge will be required. Additionally, the State Board of Education shall in consultation with the State Teacher Certification Board, establish provisions within its rules whereby any member of the educational community or the public may file a formal written recommendation or inquiry regarding requirements.

(1) Until July 1, 2003, the general supervisory endorsement shall be affixed to the administrative certificate of any holder who has at least 16 semester hours of graduate credit in professional education including 8 semester hours of graduate credit in curriculum and research and who has at least 2 years of full-time teaching experience or school service personnel experience in public schools, schools under the supervision of the Department of Corrections, schools under the administration of the Department of Rehabilitation Services, or nonpublic schools meeting the standards established by the State Superintendent of Education or comparable out-of-state recognition

standards approved by the State Superintendent of Education.

Such endorsement shall be required for supervisors, curriculum directors and for such similar and related positions as determined by the State Superintendent of Education in consultation with the State Teacher Certification Board.

(2) The general administrative endorsement shall be affixed to the administrative certificate of any holder who has at least 20 semester hours of graduate credit in educational administration and supervision and who has at least 2 years of full-time teaching experience or school service personnel experience in public schools, schools under the supervision of the Department of Corrections, schools under the administration of the Department of Rehabilitation Services, or nonpublic schools meeting the standards established by the State Superintendent of Education or comparable out-of-state recognition standards approved by the State Superintendent of Education.

Such endorsement shall be required for principal, assistant principal, assistant or associate superintendent, junior college dean and for related or similar positions as determined by the State Superintendent of Education in consultation with the State Teacher Certification Board.

Notwithstanding any other provisions of this Act, after January 1, 1990 and until

January 1, 1991, any teacher employed by a district subject to Article 34 shall be entitled to receive an administrative certificate with a general administrative endorsement affixed thereto if he or she: (i) had at least 3 years of experience as a certified teacher for such district prior to August 1, 1985; (ii) obtained a Master's degree prior to August 1, 1985; (iii) completed at least 20 hours of graduate credit in education courses (including at least 12 hours in educational administration and supervision) prior to September 1, 1987; and (iv) has received a rating of superior for at least each of the last 5 years. Any person who obtains an administrative certificate with a general administrative endorsement affixed thereto under this paragraph shall not be qualified to serve in any administrative position except assistant principal.

(3) The chief school business official endorsement shall be affixed to the administrative certificate of any holder who qualifies by having a Master's degree, 2 years of administrative experience in school business management or 2 years of university-approved practical experience, and a minimum of 20 semester hours of graduate credit in a program established by the State Superintendent of Education in consultation with the State Teacher Certification Board for the preparation of school business administrators. Such endorsement shall also be affixed to the administrative certificate of any holder who qualifies by having a Master's Degree in Business Administration, Finance or Accounting from a regionally accredited institution of higher education.

After June 30, 1977, such endorsement shall be required for any individual first employed as a chief school business official.

(4) The superintendent endorsement shall be affixed to the administrative certificate of any holder who has completed 30 semester hours of graduate credit beyond the master's degree in a program for the preparation of superintendents of schools including 16 semester hours of graduate credit in professional education and who has at least 2 years experience as an administrator or supervisor in the public schools or the State Board of Education or education service regions or in nonpublic schools meeting the standards established by the State Superintendent of Education or comparable out-of-state recognition standards approved by the State Superintendent of Education and holds general supervisory or general administrative endorsement, or who has had 2 years of experience as a supervisor or administrator while holding an all-grade supervisory certificate or a certificate comparable in validity and educational and experience requirements.

After June 30, 1968, such endorsement shall be required for a superintendent of schools, except as provided in the second paragraph of this Section and in Section 34-6.

Any person appointed to the position of superintendent between the effective date of this Act and June 30, 1993 in a school district organized pursuant to Article 32 with an enrollment of at least 20,000 pupils shall be exempt from the provisions of this paragraph (4) until June 30, 1996.

(f) All official interpretations or acts of issuing or denying administrative certificates or endorsements by the State Teacher's Certification Board, State Board of Education or the State Superintendent of Education, from the passage of P.A. 81-1208 on November 8, 1979 through September 24, 1981 are hereby declared valid and legal acts in all respects and further that the purported repeal of the provisions of this Section by P.A. 81-1208 and P.A. 81-1509 is declared null and void.

Sec. 24A-4. Development of evaluation plan.

(a) As used in this and the succeeding Sections, "teacher" means any and all school district employees regularly required to be certified under laws relating to the certification of teachers. Each school district

shall develop, in cooperation with its teachers or, where applicable, the exclusive bargaining representatives of its teachers, an evaluation plan for all teachers.

(b) By no later than the applicable implementation date, each school district shall, in good faith cooperation with its teachers or, where applicable, the exclusive bargaining representatives of its teachers, incorporate the use of data and indicators on student growth as a significant factor in rating teaching performance, into its evaluation plan for all teachers, both those teachers in contractual continued service and those teachers not in contractual continued service. The plan shall at least meet the standards and requirements for student growth and teacher evaluation established under Section 24A-7, and specifically describe how student growth data and indicators will be used as part of the evaluation process, how this information will relate to evaluation standards, the assessments or other indicators of student performance that will be used in measuring student growth and the weight that each will have, the methodology that will be used to measure student growth, and the criteria other than student growth that will be used in evaluating the teacher and the weight that each will have.

To incorporate the use of data and indicators of student growth as a significant factor in rating teacher performance into the evaluation plan, the district shall use a joint committee composed of equal representation selected by the district and its teachers or, where applicable, the exclusive bargaining representative of its teachers. If, within 180 calendar days of the committee's first meeting, the committee does not reach agreement on the plan, then the district shall implement the model evaluation plan established under Section 24A-7 with respect to the use of data and indicators on student growth as a significant factor in rating teacher performance.

Nothing in this subsection (b) ~~(a)~~ shall make decisions on the use of data and indicators on student growth as a significant factor in rating teaching performance mandatory subjects of bargaining under the Illinois Educational Labor Relations Act that are not currently mandatory subjects of bargaining under the Act.

(c) Notwithstanding anything to the contrary in subsection (b) of this Section, if the joint committee referred to in that subsection does not reach agreement on the plan within 90 calendar days after the committee's first meeting, a school district having 500,000 or more inhabitants shall not be required to implement any aspect of the model evaluation plan and may implement its last best proposal.

(105 ILCS 5/24A-5) (from Ch. 122, par. 24A-5)

Sec. 24A-5. Content of evaluation plans. This Section does not apply to teachers assigned to schools identified in an agreement entered into between the board of a school district operating under Article 34 of this Code and the exclusive representative of the district's teachers in accordance with Section 34-85c of this Code.

Each school district to which this Article applies shall establish a teacher evaluation plan which ensures that each teacher in contractual continued service is evaluated at least once in the course of every 2 school years.

By no later than September 1, 2012, each school district shall establish a teacher evaluation plan that ensures that:

(1) each teacher not in contractual continued service is evaluated at least once every school year; and

(2) each teacher in contractual continued service is evaluated at least once in the course of every 2 school years. However, any teacher in contractual continued service whose performance is rated as either "needs improvement" or "unsatisfactory" must be evaluated at least once in the school year following the receipt of such rating.

Notwithstanding anything to the contrary in this Section or any other Section of the School Code, a principal shall not be prohibited from evaluating any teachers within a school during his or her first year as principal of such school.

The evaluation plan shall comply with the requirements of this Section and of any rules adopted by the State Board of Education pursuant to this Section.

The plan shall include a description of each teacher's duties and responsibilities and of the standards to which that teacher is expected to conform, and shall include at least the following components:

(a) personal observation of the teacher in the classroom by the evaluator, unless the teacher has no classroom duties.

(b) consideration of the teacher's attendance, planning, instructional methods, classroom management, where relevant, and competency in the subject matter taught.

(c) by no later than the applicable implementation date, consideration of student growth as a significant factor in the rating of the teacher's performance.

- (d) prior to September 1, 2012, rating of the performance of teachers in contractual continued service as either:
- (i) "excellent", "satisfactory" or "unsatisfactory"; or
 - (ii) "excellent", "proficient", "needs improvement" or "unsatisfactory".
- (e) on and after September 1, 2012, rating of the performance of teachers in contractual continued service as "excellent", "proficient", "needs improvement" or "unsatisfactory".
- (f) specification as to the teacher's strengths and weaknesses, with supporting reasons for the comments made.
- (g) inclusion of a copy of the evaluation in the teacher's personnel file and provision of a copy to the teacher.
- (h) within 30 school days after the completion of an evaluation rating a teacher in contractual continued service as "needs improvement", development by the evaluator, in consultation with the teacher, and taking into account the teacher's on-going professional responsibilities including his or her regular teaching assignments, of a professional development plan directed to the areas that need improvement and any supports that the district will provide to address the areas identified as needing improvement.
- (i) within 30 school days after completion of an evaluation rating a teacher in contractual continued service as "unsatisfactory", development and commencement by the district of a remediation plan designed to correct deficiencies cited, provided the deficiencies are deemed remediable. In all school districts the remediation plan for unsatisfactory, tenured teachers shall provide for 90 school days of remediation within the classroom, unless an applicable collective bargaining agreement provides for a shorter duration. In all school districts evaluations issued pursuant to this Section shall be issued within 10 days after the conclusion of the respective remediation plan. However, the school board or other governing authority of the district shall not lose jurisdiction to discharge a teacher in the event the evaluation is not issued within 10 days after the conclusion of the respective remediation plan.
- (j) participation in the remediation plan by the teacher in contractual continued service rated "unsatisfactory", an evaluator and a consulting teacher selected by the evaluator of the teacher who was rated "unsatisfactory", which consulting teacher is an educational employee as defined in the Educational Labor Relations Act, has at least 5 years' teaching experience, and a reasonable familiarity with the assignment of the teacher being evaluated, and who received an "excellent" rating on his or her most recent evaluation. Where no teachers who meet these criteria are available within the district, the district shall request and the applicable regional office of education ~~State Board of Education~~ shall supply, to participate in the remediation process, an individual who meets these criteria.
- In a district having a population of less than 500,000 with an exclusive bargaining agent, the bargaining agent may, if it so chooses, supply a roster of qualified teachers from whom the consulting teacher is to be selected. That roster shall, however, contain the names of at least 5 teachers, each of whom meets the criteria for consulting teacher with regard to the teacher being evaluated, or the names of all teachers so qualified if that number is less than 5. In the event of a dispute as to qualification, the State Board shall determine qualification.
- (k) a mid-point and final evaluation by an evaluator during and at the end of the remediation period, immediately following receipt of a remediation plan provided for under subsections (i) and (j) of this Section. Each evaluation shall assess the teacher's performance during the time period since the prior evaluation; provided that the last evaluation shall also include an overall evaluation of the teacher's performance during the remediation period. A written copy of the evaluations and ratings, in which any deficiencies in performance and recommendations for correction are identified, shall be provided to and discussed with the teacher within 10 school days after the date of the evaluation, unless an applicable collective bargaining agreement provides to the contrary. These subsequent evaluations shall be conducted by an evaluator. The consulting teacher shall provide advice to the teacher rated "unsatisfactory" on how to improve teaching skills and to successfully complete the remediation plan. The consulting teacher shall participate in developing the remediation plan, but the final decision as to the evaluation shall be done solely by the evaluator, unless an applicable collective bargaining agreement provides to the contrary. Evaluations at the conclusion of the remediation process shall be separate and distinct from the required annual evaluations of teachers and shall not be subject to the guidelines and procedures relating to those annual evaluations. The evaluator may but is not required to use the forms provided for the annual evaluation of teachers in the district's evaluation plan.
- (l) reinstatement to the evaluation schedule set forth in the district's evaluation plan

for any teacher in contractual continued service who achieves a rating equal to or better than "satisfactory" or "proficient" in the school year following a rating of "needs improvement" or "unsatisfactory".

(m) dismissal in accordance with Section 24-12 or 34-85 of the School Code of any teacher who fails to complete any applicable remediation plan with a rating equal to or better than a "satisfactory" or "proficient" rating. Districts and teachers subject to dismissal hearings are precluded from compelling the testimony of consulting teachers at such hearings under Section 24-12 or 34-85, either as to the rating process or for opinions of performances by teachers under remediation.

Nothing in this Section or Section 24A-4 shall be construed as preventing immediate dismissal of a teacher for deficiencies which are deemed irremediable or for actions which are injurious to or endanger the health or person of students in the classroom or school, or preventing the dismissal or non-renewal of teachers not in contractual continued service for any reason not prohibited by applicable employment, labor, and civil rights laws. Failure to strictly comply with the time requirements contained in Section 24A-5 shall not invalidate the results of the remediation plan.

Members of the Council shall be selected by the State Superintendent and include, without limitation, representatives of teacher unions and school district management, persons with expertise in performance evaluation processes and systems, as well as other stakeholders. The Performance Evaluation Advisory Council shall meet at least quarterly following the effective date of this amendatory Act of the 96th General Assembly until June 30, 2017.

Prior to the applicable implementation date, these rules shall not apply to teachers assigned to schools identified in an agreement entered into between the board of a school district operating under Article 34 of this Code and the exclusive representative of the district's teachers in accordance with Section 34-85c of this Code.

Sec. 2-3.25g. Waiver or modification of mandates within the School Code and administrative rules and regulations.

(a) In this Section:

"Board" means a school board or the governing board or administrative district, as the case may be, for a joint agreement.

"Eligible applicant" means a school district, joint agreement made up of school districts, or regional superintendent of schools on behalf of schools and programs operated by the regional office of education.

"Implementation date" has the meaning set forth in Section 24A-2.5 of this Code.

"State Board" means the State Board of Education.

(b) Notwithstanding any other provisions of this School Code or any other law of this State to the contrary, eligible applicants may petition the State Board of Education for the waiver or modification of the mandates of this School Code or of the administrative rules and regulations promulgated by the State Board of Education. Waivers or modifications of administrative rules and regulations and modifications of mandates of this School Code may be requested when an eligible applicant demonstrates that it can address the intent of the rule or mandate in a more effective, efficient, or economical manner or when necessary to stimulate innovation or improve student performance. Waivers of mandates of the School Code may be requested when the waivers are necessary to stimulate innovation or improve student performance. Waivers may not be requested from laws, rules, and regulations pertaining to special education, teacher certification, teacher tenure and seniority, or Section 5-2.1 of this Code or from compliance with the No Child Left Behind Act of 2001 (Public Law 107-110). On and after the applicable implementation date, eligible applicants may not seek a waiver or seek a modification of a mandate regarding the requirements for (i) student performance data to be a significant factor in teacher or principal evaluations or (ii) for teachers and principals to be rated using the 4 categories of "excellent", "proficient", "needs improvement", or "unsatisfactory". On the applicable implementation date, any previously authorized waiver or modification from such requirements shall terminate.

(c) Eligible applicants, as a matter of inherent managerial policy, and any Independent Authority established under Section 2-3.25f may submit an application for a waiver or modification authorized under this Section. Each application must include a written request by the eligible applicant or Independent Authority and must demonstrate that the intent of the mandate can be addressed in a more effective, efficient, or economical manner or be based upon a specific plan for improved student performance and school improvement. Any eligible applicant requesting a waiver or modification for the reason that intent of the mandate can be addressed in a more economical manner shall include in the application a fiscal analysis showing current expenditures on the mandate and projected savings resulting from the waiver or modification. Applications and plans developed by eligible applicants must be approved by the board or regional superintendent of schools applying on behalf of schools or programs operated by the regional office of education following a public hearing on the application and plan and the opportunity for the board or regional superintendent to hear testimony from staff directly involved in its implementation, parents, and students. The time period for such testimony shall be separate from the time period established by the eligible applicant for public comment on other matters. If the applicant is a school district or joint agreement requesting a waiver or modification of Section 27-6 of this Code, the public hearing shall be held on a day other than the day on which a regular meeting of the board is held. If the applicant is a school district, the public hearing must be preceded by at least one published notice occurring at least 7 days prior to the hearing in a newspaper of general circulation within the school district that sets forth the time, date, place, and general subject matter of the hearing. If the applicant is a joint agreement or regional superintendent, the public hearing must be preceded by at least one published notice (setting forth the time, date, place, and general subject matter of the hearing) occurring at least 7 days prior to the hearing in a newspaper of general circulation in each school district that is a member of the joint agreement or that is served by the educational service region, provided that a notice appearing in a newspaper generally circulated in more than one school district shall be deemed to fulfill this requirement with respect to all of the affected districts. The eligible applicant must notify in writing the affected exclusive collective bargaining agent and those State legislators representing the eligible applicant's territory of its intent to seek approval of a waiver or modification and of the hearing

[May 6, 2010]

to be held to take testimony from staff. The affected exclusive collective bargaining agents shall be notified of such public hearing at least 7 days prior to the date of the hearing and shall be allowed to attend such public hearing. The eligible applicant shall attest to compliance with all of the notification and procedural requirements set forth in this Section.

(d) A request for a waiver or modification of administrative rules and regulations or for a modification of mandates contained in this School Code shall be submitted to the State Board of Education within 15 days after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a description of the public hearing. Following receipt of the request, the State Board shall have 45 days to review the application and request. If the State Board fails to disapprove the application within that 45 day period, the waiver or modification shall be deemed granted. The State Board may disapprove any request if it is not based upon sound educational practices, endangers the health or safety of students or staff, compromises equal opportunities for learning, or fails to demonstrate that the intent of the rule or mandate can be addressed in a more effective, efficient, or economical manner or have improved student performance as a primary goal. Any request disapproved by the State Board may be appealed to the General Assembly by the eligible applicant as outlined in this Section.

A request for a waiver from mandates contained in this School Code shall be submitted to the State Board within 15 days after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a description of the public hearing. The description shall include, but need not be limited to, the means of notice, the number of people in attendance, the number of people who spoke as proponents or opponents of the waiver, a brief description of their comments, and whether there were any written statements submitted. The State Board shall review the applications and requests for completeness and shall compile the requests in reports to be filed with the General Assembly. The State Board shall file reports outlining the waivers requested by eligible applicants and appeals by eligible applicants of requests disapproved by the State Board with the Senate and the House of Representatives before each March 1 and October 1. The General Assembly may disapprove the report of the State Board in whole or in part within 60 calendar days after each house of the General Assembly next convenes after the report is filed by adoption of a resolution by a record vote of the majority of members elected in each house. If the General Assembly fails to disapprove any waiver request or appealed request within such 60 day period, the waiver or modification shall be deemed granted. Any resolution adopted by the General Assembly disapproving a report of the State Board in whole or in part shall be binding on the State Board.

(e) An approved waiver or modification (except a waiver from or modification to a physical education mandate) may remain in effect for a period not to exceed 5 school years and may be renewed upon application by the eligible applicant. However, such waiver or modification may be changed within that 5-year period by a board or regional superintendent of schools applying on behalf of schools or programs operated by the regional office of education following the procedure as set forth in this Section for the initial waiver or modification request. If neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted.

(415 ILCS 5/3.160) (was 415 ILCS 5/3.78 and 3.78a)

Sec. 3.160. Construction or demolition debris.

(a) "General construction or demolition debris" means non-hazardous, uncontaminated materials resulting from the construction, remodeling, repair, and demolition of utilities, structures, and roads, limited to the following: bricks, concrete, and other masonry materials; soil; rock; wood, including non-hazardous painted, treated, and coated wood and wood products; wall coverings; plaster; drywall; plumbing fixtures; non-asbestos insulation; roofing shingles and other roof coverings; reclaimed or other asphalt pavement; glass; plastics that are not sealed in a manner that conceals waste; electrical wiring and components containing no hazardous substances; and corrugated cardboard, piping or metals incidental to any of those materials.

General construction or demolition debris does not include uncontaminated soil generated during construction, remodeling, repair, and demolition of utilities, structures, and roads provided the uncontaminated soil is not commingled with any general construction or demolition debris or other

waste.

To the extent allowed by federal law, uncontaminated concrete with protruding rebar shall be considered clean construction or demolition debris and shall not be considered "waste" if it is separated or processed and returned to the economic mainstream in the form of raw materials or products within 4 years of its generation, if it is not speculatively accumulated and, if used as a fill material, it is used in accordance with item (i) in subsection (b) of this Section.

(b) "Clean construction or demolition debris" means uncontaminated broken concrete without protruding metal bars, bricks, rock, stone, reclaimed or other asphalt pavement, or soil generated from construction or demolition activities.

Clean construction or demolition debris does not include uncontaminated soil generated during construction, remodeling, repair, and demolition of utilities, structures, and roads provided the uncontaminated soil is not commingled with any clean construction or demolition debris or other waste.

To the extent allowed by federal law, clean construction or demolition debris shall not be considered "waste" if it is (i) used as fill material outside of a setback zone if the fill is placed no higher than the highest point of elevation existing prior to the filling immediately adjacent to the fill area, and if covered by sufficient uncontaminated soil to support vegetation within 30 days of the completion of filling or if covered by a road or structure, and, if used as fill material in a current or former quarry, mine, or other excavation, is used in accordance with the requirements of Section 22.51 of this Act and the rules adopted thereunder or (ii) separated or processed and returned to the economic mainstream in the form of raw materials or products, if it is not speculatively accumulated and, if used as a fill material, it is used in accordance with item (i), or (iii) solely broken concrete without protruding metal bars used for erosion control, or (iv) generated from the construction or demolition of a building, road, or other structure and used to construct, on the site where the construction or demolition has taken place, a manmade functional structure not to exceed 20 feet above the highest point of elevation of the property immediately adjacent to the new manmade functional structure as that elevation existed prior to the creation of that new structure, provided that the structure shall be covered with sufficient soil materials to sustain vegetation or by a road or structure, and further provided that no such structure shall be constructed within a home rule municipality with a population over 500,000 without the consent of the municipality.

For purposes of this subsection (b), reclaimed or other asphalt pavement shall not be considered speculatively accumulated if: (i) it is not commingled with any other clean construction or demolition debris or any waste; (ii) it is returned to the economic mainstream in the form of raw materials or products within 4 years after its generation; (iii) at least 25% of the total amount present at a site during a calendar year is transported off of the site during the next calendar year; and (iv) if used as a fill material, it is used in accordance with item (i) of the second paragraph of this subsection (b).

(c) For purposes of this Section, the term "uncontaminated soil" means soil that does not contain contaminants in concentrations that pose a threat to human health and safety and the environment.

(1) No later than one year after the effective date of this amendatory Act of the 96th General Assembly, the Agency shall propose, and, no later than one year after receipt of the Agency's proposal, the Board shall adopt, rules specifying the maximum concentrations of contaminants that may be present in uncontaminated soil for purposes of this Section. For carcinogens, the maximum concentrations shall not allow exposure to exceed an excess upper-bound lifetime risk of 1 in 1,000,000; provided that the Board may consider allowing benzo(a)pyrene up to the applicable background concentration set forth in Table H of Appendix A of 35 Ill. Adm. Code 742 in soil used as fill material in a current or former quarry, mine, or other excavation in accordance with Section 22.51 or 22.51a of this Act and rules adopted under those Sections, so long as the applicable background concentration is based upon the location of the quarry, mine, or other excavation.

(2) To the extent allowed under federal law and regulations, uncontaminated soil shall not be considered a waste.

Any denial of an interim authorization shall be subject to appeal to the Board in accordance with the procedures of Section 40 of this Act.

(D) No person shall use clean construction or demolition debris as fill material in a current or former quarry, mine, or other excavation for which the Agency has denied interim authorization under subsection (b)(1)(C) of this Section. (2) Beginning September 1, 2006, owners and operators of clean construction or demolition debris fill operations shall, in accordance with a schedule prescribed by the Agency, submit to the Agency applications for the permits required under this Section. The Agency shall notify owners and operators in writing of the due date for their permit application. The due date shall be no less than 90 days after the date of the Agency's written notification. Owners and operators who do not receive a written notification from the Agency by October 1, 2007, shall submit a permit application to the Agency by January 1, 2008. (3) On and after July 1, 2008, no person shall use clean construction or demolition debris as fill material in a current or former quarry, mine, or other excavation (i) without a permit granted by the Agency for the clean construction or demolition debris fill operation or in violation of any conditions imposed by such permit, including periodic reports and full access to adequate records and the inspection of facilities, as may be necessary to assure compliance with this Act and with Board regulations and standards adopted under this Act or (ii) in violation of any regulations or standards adopted by the Board under this Act.

(A) the use of clean construction or demolition debris as fill material in a current or former quarry, mine, or other excavation located on the site where the clean construction or demolition debris was generated;

(B) the use of clean construction or demolition debris as fill material in an excavation other than a current or former quarry or mine if this use complies with Illinois Department of Transportation specifications; or

(C) current or former quarries, mines, and other excavations that do not use clean construction or demolition debris as fill material.

(c) In accordance with Title VII of this Act, the Board may adopt regulations to promote the purposes of this Section. The Agency shall consult with the mining and construction industries during the development of any regulations to promote the purposes of this Section.

(1) No later than December 15, 2005, the Agency shall propose to the Board, and no later than September 1, 2006, the Board shall adopt, regulations for the use of clean construction or demolition debris as fill material in current and former quarries, mines, and other excavations. Such regulations shall include, but shall not be limited to, standards for clean construction or demolition debris fill operations and the submission and review of permits required under this Section.

(2) Until the Board adopts rules under subsection (c)(1) of this Section, all persons using clean construction or demolition debris as fill material in a current or former quarry, mine, or other excavation shall:

(A) Assure that only clean construction or demolition debris is being used as fill material by screening each truckload of material received using a device approved by the Agency that detects volatile organic compounds. Such devices may include, but are not limited to, photo ionization detectors. All screening devices shall be operated and maintained in accordance with manufacturer's specifications. Unacceptable fill material shall be rejected from the site; and

(B) Retain for a minimum of 3 years the following information:

- (i) The name of the hauler, the name of the generator, and place of origin of the debris or soil;
 - (ii) The approximate weight or volume of the debris or soil; and
 - (iii) The date the debris or soil was received.
- (d) This Section applies only to clean construction or demolition debris that is not considered "waste" as provided in Section 3.160 of this Act.

The "owner" is the "operator" if there is no other person who is operating and maintaining a clean construction or demolition debris fill operation.
 - (3) The term "clean construction or demolition debris fill operation" means a current or former quarry, mine, or other excavation where clean construction or demolition debris is used as fill material.
 - (4) The term "uncontaminated soil" shall have the same meaning as uncontaminated soil under Section 3.160 of this Act.
- (f)(1) No later than one year after the effective date of this amendatory Act of the 96th General Assembly, the Agency shall propose to the Board, and, no later than one year after the Board's receipt of the Agency's proposal, the Board shall adopt, rules for the use of clean construction or demolition debris and uncontaminated soil as fill material at clean construction or demolition debris fill operations. The rules must include standards and procedures necessary to protect groundwater, which may include, but shall not be limited to, the following: requirements regarding testing and certification of soil used as fill material, surface water runoff, liners or other protective barriers, monitoring (including, but not limited to, groundwater monitoring), corrective action, recordkeeping, reporting, closure and post-closure care, financial assurance, post-closure land use controls, location standards, and the modification of existing permits to conform to the requirements of this Act and Board rules. The rules may also include limits on the use of recyclable concrete and asphalt as fill material at clean construction or demolition debris fill operations, taking into account factors such as technical feasibility, economic reasonableness, and the availability of markets for such materials.
- (2) Until the effective date of the Board rules adopted under subdivision (f)(1) of this Section, and in addition to any other requirements, owners and operators of clean construction or demolition debris fill operations must do all of the following in subdivisions (f)(2)(A) through (f)(2)(D) of this Section for all clean construction or demolition debris and uncontaminated soil accepted for use as fill material. - (B) For all soil, obtain either (i) a certification from the owner or operator of the site from which the soil was removed that the site has never been used for commercial or industrial purposes and is presumed to be uncontaminated soil or (ii) a certification from a licensed Professional Engineer that the soil is uncontaminated soil. Certifications required under this subdivision (f)(2)(B) must be on forms and in a format prescribed by the Agency.
- (C) Confirm that the clean construction or demolition debris or uncontaminated soil was not removed from a site as part of a cleanup or removal of contaminants, including, but not limited to, activities conducted under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended; as part of a Closure or Corrective Action under the Resource Conservation and Recovery Act, as amended; or under an Agency remediation program, such as the Leaking Underground Storage Tank Program or Site Remediation Program, but excluding sites subject to Section 58.16 of this Act where there is no presence or likely presence of a release or a substantial threat of a release of a regulated substance at, on, or from the real property.
- (D) Document all activities required under subdivision (f)(2) of this Section. Documentation of any chemical analysis must include, but is not limited to, (i) a copy of the lab analysis, (ii) accreditation status of the laboratory performing the analysis, and (iii) certification by an authorized agent of the laboratory that the analysis has been performed in accordance with the Agency's rules for the

accreditation of environmental laboratories and the scope of accreditation.

(3) Owners and operators of clean construction or demolition debris fill operations must maintain all documentation required under subdivision (f)(2) of this Section for a minimum of 3 years following the receipt of each load of clean construction or demolition debris or uncontaminated soil, except that documentation relating to an appeal, litigation, or other disputed claim must be maintained until at least 3 years after the date of the final disposition of the appeal, litigation, or other disputed claim. Copies of the documentation must be made available to the Agency and to units of local government for inspection and copying during normal business hours. The Agency may prescribe forms and formats for the documentation required under subdivision (f)(2) of this Section.

The requirements in subdivisions (d)(2)(A) through (d)(2)(F) of this Section shall not limit any rules adopted by the Board.

(A) Document the following information for each load of uncontaminated soil received: (i) the name of the hauler, the address of the site of origin, and the owner and the operator of the site of origin of the uncontaminated soil, (ii) the weight or volume of the uncontaminated soil, and (iii) the date the uncontaminated soil was received.

Program, but excluding sites subject to Section 58.16 of this Act where there is no presence or likely presence of a release or a substantial threat of a release of a regulated substance at, on, or from the real property.

(D) Visually inspect each load to confirm that only uncontaminated soil is being accepted for use as fill material.

(E) Screen each load of uncontaminated soil using a device that is approved by the Agency and detects volatile organic compounds. Such a device may include, but is not limited to, a photo ionization detector or a flame ionization detector. All screening devices shall be operated and maintained in accordance with the manufacturer's specifications. Unacceptable soil must be rejected from the fill operation.

Documentation of any chemical analysis must include, but is not limited to, (i) a copy of the lab analysis, (ii) accreditation status of the laboratory performing the analysis, and (iii) certification by an authorized agent of the laboratory that the analysis has been performed in accordance with the Agency's rules for the accreditation of environmental laboratories and the scope of accreditation.

(3) Owners and operators of uncontaminated soil fill operations must maintain all documentation required under subdivision (d)(2) of this Section for a minimum of 3 years following the receipt of each load of uncontaminated soil, except that documentation relating to an appeal, litigation, or other disputed claim must be maintained until at least 3 years after the date of the final disposition of the appeal, litigation, or other disputed claim. Copies of the documentation must be made available to the Agency and to units of local government for inspection and copying during normal business hours. The Agency may prescribe forms and formats for the documentation required under subdivision (d)(2) of this Section.

Chemical analysis conducted under subdivision (d)(2) of this Section must be conducted in accordance with the requirements of 35 Ill. Adm. Code 742, as amended, and "Test Methods for Evaluating Solid Waste, Physical/Chemical Methods", USEPA Publication No. SW-846, as amended.

The fee assessed and collected under this subsection shall be 20 cents per cubic yard of clean construction or demolition debris or uncontaminated soil accepted by the clean construction or demolition debris fill operation, or, alternatively, the owner or operator may weigh the quantity of the clean construction or demolition debris or uncontaminated soil with a device for which certification has been obtained under the Weights and Measures Act and pay a fee of 14 cents per ton of clean construction or demolition debris or uncontaminated soil. The fee shall apply to construction or demolition debris or uncontaminated soil if (i) the clean construction or demolition debris fill operation is located off the site where the clean construction or demolition debris or uncontaminated soil was generated and (ii) the clean construction or demolition debris fill operation is owned, controlled, and operated by a person other than the generator of the clean construction or demolition debris or uncontaminated soil.

(b) The Agency shall establish rules relating to the collection of the fees authorized by subsection (a) of this Section. These rules shall include, but are not limited to, the following:

(e) The Agency shall deposit all fees collected under this subsection into the Environmental Protection Permit and Inspection Fund. Pursuant to appropriation, all moneys collected under this Section shall be used by the Agency for the implementation of this Section and for permit and inspection activities.

(f) A unit of local government, as defined in the Local Solid Waste Disposal Act, in which a clean construction or demolition debris fill operation is located and which has entered into a delegation agreement with the Agency pursuant to subsection (r) of Section 4 of this Act for inspection, investigation, or enforcement functions related to clean construction or demolition debris fill operations may establish a fee, tax, or surcharge with regard to clean construction or demolition debris or

uncontaminated soil accepted by clean construction or demolition debris fill operations. All fees, taxes, and surcharges collected under this subsection shall be used for inspection, investigation, and enforcement functions performed by the unit of local government pursuant to the delegation agreement with the Agency. Fees, taxes, and surcharges established under this subsection (f) shall not exceed a total of 10 cents per cubic yard of clean construction or demolition debris or uncontaminated soil accepted by the clean construction or demolition debris fill operation, unless the owner or operator weighs the quantity of the clean construction or demolition debris or uncontaminated soil with a device for which certification has been obtained under the Weights and Measures Act, in which case the fee shall not exceed 7 cents per ton of clean construction or demolition debris or uncontaminated soil.

(g) For the purposes of this Section:

(b) Whenever Agency personnel or personnel of a unit of local government to which the Agency has delegated its functions pursuant to subsection (r) of Section 4 of this Act, on the basis of direct observation, determine that any person has violated any provision of subsection (o) or (p) of Section 21, Section 22.51, Section 22.51a, or subsection (k) of Section 55 of this Act, the Agency or such unit of local government may issue and serve an administrative citation upon such person within not more than 60 days after the date of the observed violation. In such hearings, the burden of proof shall be on the Agency or unit of local government. If, based on the record, the Board finds that the alleged violation occurred, it shall adopt a final order which shall include the administrative citation and findings of violation as alleged in the citation, and shall impose the penalty specified in subdivision (b)(4) or (b)(4-5) of Section 42. However, if the Board finds that the person appealing the citation has shown that the violation resulted from uncontrollable circumstances, the Board shall adopt a final order which makes no finding of violation and which imposes no penalty.

(4) In an administrative citation action under Section 31.1 of this Act, any person found to have violated any provision of subsection (o) of Section 21 of this Act shall pay a civil penalty of \$500 for each violation of each such provision, plus any hearing costs incurred by the Board and the Agency. Such penalties shall be made payable to the Environmental Protection Trust Fund, to be used in accordance with the provisions of the Environmental Protection Trust Fund Act; except that if a unit of local government issued the administrative citation, 50% of the civil penalty shall be payable to the unit of local government.

(4-5) In an administrative citation action under Section 31.1 of this Act, any person found to have violated any provision of subsection (p) of Section 21, Section 22.51, Section 22.51a, or subsection (k) of Section 55 of this Act shall pay a civil penalty of \$1,500 for each violation of each such provision, plus any hearing costs incurred by the Board and the Agency, except that the civil penalty amount shall be \$3,000 for each violation of any provision of subsection (p) of Section 21, Section 22.51, Section 22.51a, or subsection (k) of Section 55 that is the person's second or subsequent adjudication violation of that provision. The penalties shall be deposited into the Environmental Protection Trust Fund, to be used in accordance with the provisions of the Environmental Protection Trust Fund Act; except that if a unit of local government issued the administrative citation, 50% of the civil penalty shall be payable to the unit of local government.

(5) Any person who violates subsection 6 of Section 39.5 of this Act or any CAAPP permit, or term or condition thereof, or any fee or filing requirement, or any duty to allow or carry out inspection, entry or monitoring activities, or any regulation or order relating to the CAAPP shall be liable for a civil penalty not to exceed \$10,000 per day of violation.

(6) Any owner or operator of a community water system that violates subsection (b) of Section 18.1 or subsection (a) of Section 25d-3 of this Act shall, for each day of violation, be liable for a civil penalty not to exceed \$5 for each of the premises connected to the affected community water system.

(b.5) In lieu of the penalties set forth in subsections (a) and (b) of this Section, any person who fails to file, in a timely manner, toxic chemical release forms with the Agency pursuant to Section 25b-2 of this Act shall be liable for a civil penalty of \$100 per day for each day the forms are late, not to exceed a

maximum total penalty of \$6,000. This daily penalty shall begin accruing on the thirty-first day after the date that the person receives the warning notice issued by the Agency pursuant to Section 25b-6 of this Act; and the penalty shall be paid to the Agency. The daily accrual of penalties shall cease as of January 1 of the following year. All penalties collected by the Agency pursuant to this subsection shall be deposited into the Environmental Protection Permit and Inspection Fund.

(c) Any person that violates this Act, any rule or regulation adopted under this Act, any permit or term or condition of a permit, or any Board order and causes the death of fish or aquatic life shall, in addition to the other penalties provided by this Act, be liable to pay to the State an additional sum for the reasonable value of the fish or aquatic life destroyed. Any money so recovered shall be placed in the Wildlife and Fish Fund in the State Treasury.

(d) The penalties provided for in this Section may be recovered in a civil action.

(e) The State's Attorney of the county in which the violation occurred, or the Attorney General, may, at the request of the Agency or on his own motion, institute a civil action for an injunction, prohibitory or mandatory, to restrain violations of this Act, any rule or regulation adopted under this Act, any permit or term or condition of a permit, or any Board order, or to require such other actions as may be necessary to address violations of this Act, any rule or regulation adopted under this Act, any permit or term or condition of a permit, or any Board order.

(f) The State's Attorney of the county in which the violation occurred, or the Attorney General, shall bring such actions in the name of the people of the State of Illinois. Without limiting any other authority which may exist for the awarding of attorney's fees and costs, the Board or a court of competent jurisdiction may award costs and reasonable attorney's fees, including the reasonable costs of expert witnesses and consultants, to the State's Attorney or the Attorney General in a case where he has prevailed against a person who has committed a wilful, knowing or repeated violation of this Act, any rule or regulation adopted under this Act, any permit or term or condition of a permit, or any Board order.

Any funds collected under this subsection (f) in which the Attorney General has prevailed shall be deposited in the Hazardous Waste Fund created in Section 22.2 of this Act. Any funds collected under this subsection (f) in which a State's Attorney has prevailed shall be retained by the county in which he serves.

(g) All final orders imposing civil penalties pursuant to this Section shall prescribe the time for payment of such penalties. If any such penalty is not paid within the time prescribed, interest on such penalty at the rate set forth in subsection (a) of Section 1003 of the Illinois Income Tax Act, shall be paid for the period from the date payment is due until the date payment is received. However, if the time for payment is stayed during the pendency of an appeal, interest shall not accrue during such stay.

(h) In determining the appropriate civil penalty to be imposed under subdivisions (a), (b)(1), (b)(2), (b)(3), or (b)(5) of this Section, the Board is authorized to consider any matters of record in mitigation or aggravation of penalty, including but not limited to the following factors:

(1) the duration and gravity of the violation;

(2) the presence or absence of due diligence on the part of the respondent in attempting to comply with requirements of this Act and regulations thereunder or to secure relief therefrom as provided by this Act;

(3) any economic benefits accrued by the respondent because of delay in compliance with requirements, in which case the economic benefits shall be determined by the lowest cost alternative for achieving compliance;

(4) the amount of monetary penalty which will serve to deter further violations by the respondent and to otherwise aid in enhancing voluntary compliance with this Act by the respondent and other persons similarly subject to the Act;

(5) the number, proximity in time, and gravity of previously adjudicated violations of this Act by the respondent;

(6) whether the respondent voluntarily self-disclosed, in accordance with subsection (i) of this Section, the non-compliance to the Agency; and

(7) whether the respondent has agreed to undertake a "supplemental environmental project," which means an environmentally beneficial project that a respondent agrees to undertake in settlement of an enforcement action brought under this Act, but which the respondent is not otherwise legally required to perform.

In determining the appropriate civil penalty to be imposed under subsection (a) or paragraph (1), (2), (3), or (5) of subsection (b) of this Section, the Board shall ensure, in all cases, that the penalty is at least as great as the economic benefits, if any, accrued by the respondent as a result of the violation, unless the Board finds that imposition of such penalty would result in an arbitrary or unreasonable financial

hardship. However, such civil penalty may be off-set in whole or in part pursuant to a supplemental environmental project agreed to by the complainant and the respondent.

(i) A person who voluntarily self-discloses non-compliance to the Agency, of which the Agency had been unaware, is entitled to a 100% reduction in the portion of the penalty that is not based on the economic benefit of non-compliance if the person can establish the following:

- (1) that the non-compliance was discovered through an environmental audit or a compliance management system documented by the regulated entity as reflecting the regulated entity's due diligence in preventing, detecting, and correcting violations;
- (2) that the non-compliance was disclosed in writing within 30 days of the date on which the person discovered it;
- (3) that the non-compliance was discovered and disclosed prior to:
 - (i) the commencement of an Agency inspection, investigation, or request for information;
 - (ii) notice of a citizen suit;
 - (iii) the filing of a complaint by a citizen, the Illinois Attorney General, or the State's Attorney of the county in which the violation occurred;
 - (iv) the reporting of the non-compliance by an employee of the person without that person's knowledge; or
 - (v) imminent discovery of the non-compliance by the Agency;
- (4) that the non-compliance is being corrected and any environmental harm is being remediated in a timely fashion;
- (5) that the person agrees to prevent a recurrence of the non-compliance;
- (6) that no related non-compliance events have occurred in the past 3 years at the same facility or in the past 5 years as part of a pattern at multiple facilities owned or operated by the person;
- (7) that the non-compliance did not result in serious actual harm or present an imminent and substantial endangerment to human health or the environment or violate the specific terms of any judicial or administrative order or consent agreement;
- (8) that the person cooperates as reasonably requested by the Agency after the disclosure; and
- (9) that the non-compliance was identified voluntarily and not through a monitoring, sampling, or auditing procedure that is required by statute, rule, permit, judicial or administrative order, or consent agreement.

If a person can establish all of the elements under this subsection except the element set forth in paragraph (1) of this subsection, the person is entitled to a 75% reduction in the portion of the penalty that is not based upon the economic benefit of non-compliance.

(j) In addition to an other remedy or penalty that may apply, whether civil or criminal, any person who violates Section 22.52 of this Act shall be liable for an additional civil penalty of up to 3 times the gross amount of any pecuniary gain resulting from the violation.

Its curriculum shall include content dealing with Chapters 11, 12, 13, 15, and 16 of the Illinois Vehicle Code, the rules adopted pursuant to those Chapters insofar as they pertain to the operation of motor vehicles, and the portions of the Litter Control Act relating to the operation of motor vehicles. The course of instruction given in grades 10 through 12 shall include an emphasis on the development of knowledge, attitudes, habits, and skills necessary for the safe operation of motor vehicles, including motorcycles insofar as they can be taught in the classroom, and instruction on distracted driving as a major traffic safety issue. In addition, the course shall include instruction on special hazards existing at and required safety and driving precautions that must be observed at emergency situations, highway construction and maintenance zones, and railroad crossings and the approaches thereto. The course of instruction required of each eligible student at the high school level shall consist of a minimum of 30 clock hours of classroom instruction and a minimum of 6 clock hours of individual behind-the-wheel instruction in a dual control car on public roadways taught by a driver education instructor endorsed by the State Board of Education. Both the classroom instruction part and the practice driving part of such driver education course shall be open to a resident or non-resident student attending a non-public school in the district wherein the course is offered. Each student attending any public or non-public high school in the district must receive a passing grade in at least 8 courses during the previous 2 semesters prior to enrolling in a driver education course, or the student shall not be permitted to enroll in the course; provided that the local superintendent of schools (with respect to a student attending a public high school in the district) or chief school administrator (with respect to a student attending a non-public high school in the district) may waive the requirement if the superintendent or chief school administrator, as the case may be, deems it to be in the best interest of the student. A student may be allowed to commence the classroom instruction part of such driver education course prior to reaching age 15 if such student then will be eligible to complete the entire course within 12 months after being allowed to commence such classroom instruction.

Such a course may be commenced immediately after the completion of a prior course. Teachers of such courses shall meet the certification requirements of this Act and regulations of the State Board as to qualifications.

Subject to rules of the State Board of Education, the school district may charge a reasonable fee, not to exceed \$50, to students who participate in the course, unless a student is unable to pay for such a course, in which event the fee for such a student must be waived. However, from the effective date of this amendatory Act of the 96th General Assembly through June 30, 2013, the district may increase this fee to not to exceed \$250 by school board resolution following a public hearing on the increase, which increased fee must be waived for students who participate in the course and are unable to pay for the course. The total amount from driver education fees and reimbursement from the State for driver education must not exceed the total cost of the driver education program in any year and must be deposited into the school district's driver education fund as a separate line item budget entry. All moneys deposited into the school district's driver education fund must be used solely for the funding of a high school driver education program approved by the State Board of Education that uses driver education instructors endorsed by the State Board of Education.

Section 10. The Use Tax Act is amended by changing Section 9 as follows:
(35 ILCS 105/9) (from Ch. 120, par. 439.9)

Sec. 9. Except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, each retailer required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or \$5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. A retailer need not remit that part of any tax collected by him to the extent that

[May 6, 2010]

he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act, with respect to the sale of the same property.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the retailer, in collecting the tax (except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State), may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

Except as provided in this Section, on or before the twentieth day of each calendar month, such retailer shall file a return for the preceding calendar month. Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
- 5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of \$100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of \$50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of \$200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act was \$10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last

day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was \$20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985, and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than \$10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the \$10,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than \$20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the \$20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department, except that if such excess payment is shown on an

original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed \$200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed \$50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act, then that seller may report the transfer of all the aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a

sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return upon the selling price of tangible personal property purchased by him at retail from a retailer, but as to which the tax imposed by this Act was not collected from the retailer filing such return, and such retailer shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable retailers, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical

appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury, 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that is now taxed at 6.25%.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12

of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

each fiscal year
thereafter that bonds
are outstanding under
Section 13.2 of the
Metropolitan Pier and
Exposition Authority Act,

but not after fiscal year ~~2060~~ ~~2042~~.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount

[May 6, 2010]

requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement. Section 15. The Service Use Tax Act is amended by changing Section 9 as follows:
(35 ILCS 110/9) (from Ch. 120, par. 439.39)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or \$5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;

3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
- 5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of \$100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of \$50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of \$200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed \$200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed \$50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Use Tax, Service Occupation Tax, retailers' occupation tax or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman

shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Tax Reform Fund, a special fund in the State Treasury, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that is now taxed at 6.25%.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred

in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

but not after fiscal year ~~2060~~ 2042.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

All remaining moneys received by the Department pursuant to this Act shall be paid into the General Revenue Fund of the State Treasury.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability. (Source: P.A. 96-34, eff. 7-13-09; 96-38, eff. 7-13-09.)

Section 20. The Service Occupation Tax Act is amended by changing Section 9 as follows:
(35 ILCS 115/9) (from Ch. 120, par. 439.109)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax at the time when he is required to file his return for the period during which such tax was collectible, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or \$5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the serviceman, in collecting the tax may collect, for each tax return period, only the tax applicable to the part of the selling price actually received during such tax return period.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable rules and regulations to be promulgated by the Department of Revenue. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of

such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
- 5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Prior to October 1, 2003, and on and after September 1, 2004 a serviceman may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Service Use Tax as provided in Section 3-70 of the Service Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-70 of the Service Use Tax Act. A Manufacturer's Purchase Credit certification, accepted prior to October 1, 2003 or on or after September 1, 2004 by a serviceman as provided in Section 3-70 of the Service Use Tax Act, may be used by that serviceman to satisfy Service Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchase Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

If the serviceman's average monthly tax liability to the Department does not exceed \$200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman's average monthly tax liability to the Department does not exceed \$50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of \$100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of \$50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of \$200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic

funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Where a serviceman collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Occupation Tax, Service Use Tax, Retailers' Occupation Tax or Use Tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, the Use Tax Act or the Service Use Tax Act, to furnish all the return information required by all said Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registrations hereunder, such serviceman shall file separate returns for each registered business.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund the revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the revenue realized for the preceding month from the 6.25% general rate.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that is now taxed at 6.25%.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Account in the Build Illinois Fund during such month and (2) the amount transferred during such

month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

and
each fiscal year
thereafter that bonds
are outstanding under
Section 13.2 of the
Metropolitan Pier and
Exposition Authority Act,
but not after fiscal year 2060 ~~2042~~.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Remaining moneys received by the Department pursuant to this Act shall be paid into the General Revenue Fund of the State Treasury.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the taxpayer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the taxpayer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The taxpayer's annual return to the Department shall also disclose the cost of goods sold by the taxpayer during the year covered by such return, opening and closing inventories of such goods for such year, cost of goods used from stock or taken from stock and given away by the taxpayer during such year, pay roll information of the taxpayer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such taxpayer as hereinbefore provided for

in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The foregoing portion of this Section concerning the filing of an annual information return shall not apply to a serviceman who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, it shall be permissible for manufacturers, importers and wholesalers whose products are sold by numerous servicemen in Illinois, and who wish to do so, to assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the servicemen who are affected do not make written objection to the Department to this arrangement.

Purchase Credit certification from a purchaser in satisfaction of Use Tax as provided in Section 3-85 of the Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-85 of the Use Tax Act. A Manufacturer's Purchase Credit certification, accepted by a retailer prior to October 1, 2003 and on and after September 1, 2004 as provided in Section 3-85 of the Use Tax Act, may be used by that retailer to satisfy Retailers' Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. The Department may adopt rules to require that this statement be filed in an electronic or telephonic format. Such rules may provide for exceptions from the filing requirements of this paragraph. For the purposes of this paragraph, the term "alcoholic liquor" shall have the meaning prescribed in the Liquor Control Act of 1934.

Beginning on October 1, 2003, every distributor, importing distributor, and manufacturer of alcoholic liquor as defined in the Liquor Control Act of 1934, shall file a statement with the Department of Revenue, no later than the 10th day of the month for the preceding month during which transactions occurred, by electronic means, showing the total amount of gross receipts from the sale of alcoholic liquor sold or distributed during the preceding month to purchasers; identifying the purchaser to whom it was sold or distributed; the purchaser's tax registration number; and such other information reasonably required by the Department. A distributor, importing distributor, or manufacturer of alcoholic liquor must personally deliver, mail, or provide by electronic means to each retailer listed on the monthly statement a report containing a cumulative total of that distributor's, importing distributor's, or manufacturer's total sales of alcoholic liquor to that retailer no later than the 10th day of the month for the preceding month during which the transaction occurred. The distributor, importing distributor, or manufacturer shall notify the retailer as to the method by which the distributor, importing distributor, or manufacturer will provide the sales information. If the retailer is unable to receive the sales information by electronic means, the distributor, importing distributor, or manufacturer shall furnish the sales information by personal delivery or by mail. For purposes of this paragraph, the term "electronic means" includes, but is not limited to, the use of a secure Internet website, e-mail, or facsimile.

The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed \$200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed \$50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of The Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of The Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the

president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or \$5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was \$10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was \$20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of \$10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than \$10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the \$10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of \$20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is

less than \$19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than \$20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the \$20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of \$25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to the effective date of this amendatory Act of 1985, each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is \$25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of \$20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than \$20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be

prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund, a special fund in the State treasury which is hereby created, 4% of the net revenue realized for the preceding month from the 6.25% general rate.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that is now taxed at 6.25%.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to this Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as hereinafter defined), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; the "Annual Specified Amount" means the amounts specified below for fiscal years 1986 through 1993:

Fiscal Year	Annual Specified Amount
1986	\$54,800,000
1987	\$76,650,000
1988	\$80,480,000
1989	\$88,510,000
1990	\$115,330,000

and means the Certified Annual Debt Service Requirement (as defined in Section 13 of the Build Illinois Bond Act) or the Tax Act Amount, whichever is greater, for fiscal year 1994 and each fiscal year thereafter; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the

difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year. The amounts payable into the Build Illinois Fund under clause (b) of the first sentence in this paragraph shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the first sentence of this paragraph and shall reduce the amount otherwise payable for such fiscal year pursuant to that clause (b). The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

each fiscal year
thereafter that bonds
are outstanding under
Section 13.2 of the
Metropolitan Pier and
Exposition Authority Act,
but not after fiscal year ~~2060~~ ~~2042~~.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the

taxpayer shall be liable as follows:

(70 ILCS 210/5.4 new)

Sec. 5.4. Exhibitor rights and work rule reforms.

(a) Legislative findings.

(1) The Authority is a political subdivision of the State of Illinois subject to the plenary authority of the General Assembly and was created for the benefit of the general public to promote business, industry, commerce, and tourism within the City of Chicago and the State of Illinois.

(2) The Authority owns and operates McCormick Place and Navy Pier, which have collectively 2.8 million square feet of exhibit hall space, 700,000 square feet of meeting room space.

(3) The Authority is a vital economic engine that annually generates 65,000 jobs and \$8 billion of economic activity for the State of Illinois through the trade shows, conventions, and other meetings held and attended at McCormick Place and Navy Pier.

(4) The Authority supports the operation of McCormick Place and Navy Pier through not only fees on the rental of exhibit and meeting room space, electrical and utility service, food and beverage services, and parking, but also hotel room rates paid by persons staying at the Authority-owned hotel.

(5) The Authority has a compelling and proprietary interest in the success, competitiveness, and continued viability of McCormick Place and Navy Pier as the owner and operator of the convention facilities and its obligation to ensure that these facilities produce sufficient operating revenues.

(6) The Authority's convention facilities were constructed and renovated through the issuance of public bonds that are directly repaid by State hotel, auto rental, food and beverage, and airport and departure taxes paid principally by persons who attend, work at, exhibit, and provide goods and services to conventions, shows, exhibitions, and meetings at McCormick Place and Navy Pier.

(7) State law also dedicates State occupation and use tax revenues to fulfill debt service obligations on these bonds should State hotel, auto rental, food and beverage, and airport and departure taxes fail to generate sufficient revenue.

(8) Through fiscal year 2010, \$55 million in State occupation and use taxes will have been allocated to make debt service payments on the Authority's bonds due to shortfalls in State hotel, auto rental, food and beverage, and airport and departure taxes. These shortfalls are expected to continue in future fiscal years and would require the annual dedication of approximately \$40 million in State occupation and use taxes to fulfill debt service payments.

(9) In 2009, managers of the International Plastics Showcase announced that 2009 was the last year they would host their exhibition at McCormick Place, as they had since 1971, because union labor work rules and electric and food service costs make it uneconomical for the show managers and exhibitors to use McCormick Place as a convention venue as compared to convention facilities in Orlando, Florida and Las Vegas, Nevada. The exhibition used over 740,000 square feet of exhibit space, attracted over 43,000 attendees, generated \$4.8 million of revenues to McCormick Place, and raised over \$200,000 in taxes to pay debt service on convention facility bonds.

(10) After the International Plastics Showcase exhibition announced its departure, other conventions and exhibitions managers and exhibitors also stated that they would not return to McCormick Place and Navy Pier for the same reasons cited by the International Plastics Showcase exhibition. In addition, still other managers and exhibitors stated that they would not select McCormick Place as a convention venue unless the union labor work rules and electrical and food service costs were made competitive with those in Orlando and Las Vegas.

(11) The General Assembly created the Joint Committee on the Metropolitan Pier and Exposition Authority to conduct hearings and obtain facts to determine how union labor work rules and electrical and food service costs make McCormick Place and Navy Pier uneconomical as a convention venue.

(12) Witness testimony and fact-gathering revealed that while the skilled labor provided by trade unions at McCormick Place and Navy Pier is second to none and is actually "exported" to work on conventions and exhibitions held in Orlando and Las Vegas, restrictive work rules on the activities show exhibitors may perform present exhibitors and show managers with an uninviting atmosphere and result in significantly higher costs than competing convention facilities.

(13) Witness testimony and fact-gathering also revealed that the mark-up on electrical and food service imposed by the Authority to generate operating revenue for McCormick Place and Navy Pier also substantially increased exhibitor and show organizer costs to the point of excess when compared to competing convention facilities.

(14) Witness testimony and fact-gathering further revealed that the additional departure of conventions, exhibitions, and trade shows from Authority facilities threatens the continued economic viability of these facilities and the stability of sufficient tax revenues necessary to support debt service.

(15) In order to safeguard the Authority's and State of Illinois' shared compelling and proprietary interests in McCormick Place and Navy Pier and in response to local economic needs, the provisions contained in this Section set forth mandated changes and reforms to restore and ensure that (i) the Authority's facilities remain economically competitive with other convention venues and (ii) conventions, exhibitions, trade shows, and other meetings are attracted to and retained at Authority facilities by producing an exhibitor-friendly environment and by reducing costs for exhibitors and show managers.

After any consecutive 8-hour period, a show manager or contractor shall charge an exhibitor only for labor services provided by union employees based on straight-time and a half hourly wages plus fringe benefits along with a reasonable mark-up; provided, however, that between the hours of midnight and 6:00 a.m. a show manager or contractor shall charge an exhibitor only for labor services provided by union employees based on double straight-time wages plus fringe benefits along with a reasonable mark-up.

(10) On Sundays and on State and federal holidays, union employees on Authority premises shall be paid double straight-time hourly wages plus fringe benefits.

(11) On Sundays and on State and federal holidays, a show manager or contractor shall charge an exhibitor only for labor services provided by union employees on Authority premises based on double straight-time hourly wages plus fringe benefits along with a reasonable mark-up.

(12) The Authority has the power to determine, after consultation with the Advisory Council, the work jurisdiction and scope of work of union employees on Authority premises during the move-in, move-out, and run of a show, provided that any affected labor organization may contest the Authority's determination through a binding decision of an independent, third-party arbitrator. When making the determination, the Authority or arbitrator, as the case may be, shall consider the training and skills required to perform the task, past practices on Authority premises, safety, and the need for efficiency and exhibitor satisfaction. These factors shall be considered in their totality and not in isolation. Nothing in this item permits the Authority to eliminate any labor organization representing union employees that provide labor services on the move-in, move-out, and run of the show as of the effective date of this amendatory Act of the 96th General Assembly.

(13) During the run of a show, all stewards of union employees shall be working stewards. (15) A show manager or show contractor on behalf of a show manager may retain an electrical contractor approved by the Authority or Authority-provisioned electrical services to provide electrical services on the premises. If a show manager or show contractor on behalf of a show manager retains Authority-provisioned electrical services, then the Authority shall offer these services at a rate not to exceed the cost of providing those services.

(16) Crew sizes for any task or operation shall not exceed 2 persons unless, after consultation with the Advisory Council, the Authority determines otherwise based on the task, skills, and training required to perform the task and on safety.

(3) The Council shall hold meetings no less than once every 90 days.

(e) Audit of exhibitor rights.

The Authority shall retain the services of a person to complete, at least twice per calendar year, a financial statement audit and compliance attestation examination to determine and verify that the

The financial statement audit shall be performed in accordance with generally accepted auditing standards. The compliance attestation examination shall be (i) performed in accordance with attestation standards established by the American Institute of Certified Public Accountants and shall examine the compliance with the requirements set forth in this Section and (ii) conducted by a licensed public accounting firm, selected by the Authority from a list of firms prequalified to do business with the Illinois Auditor General. (g) Severability. If any provision of this Section or its application to any person or circumstance is held invalid, the invalidity of that provision or application does not affect other provisions or applications of this Section that can be given effect without the invalid provision or application.

(70 ILCS 210/5.6 new)

The bylaws shall require the following: (i) that the Chair of the organization name no less than 5 and no more than 9 members to the Executive Committee of the organization, one of whom must be the chairperson of the interim board or Board of the Authority, and (ii) a provision concerning conflict of interest and a requirement that a member abstain from participating in board action if there is a threat to the independence of judgment created by any conflict of interest or if participation is likely to have a negative effect on public confidence in the integrity of the board.

(b) The Authority shall notify the Department of Revenue within 10 days after entering into a contract pursuant to this Section.

Sec. 5.7. Naming rights.

(a) The Authority may grant naming rights to the grounds, buildings, and facilities of the Authority. The Authority shall have all powers necessary to grant the license and enter into any agreements and execute any documents necessary to exercise the authority granted by this Section. "Naming rights" under this Section means the right to associate the name or identifying mark of any person or entity with the name or identity of the grounds, buildings, or facilities of the Authority.

(b) The Authority shall give notice that the Authority will accept proposals for the licensing of naming

rights with respect to specified properties by publication in the Illinois Procurement Bulletin not less than 30 business days before the day upon which proposals will be accepted. The Authority shall give such other notice as deemed appropriate. Proposals shall not be sealed and shall be part of the public record. The Authority shall conduct open, competitive negotiations with those who have submitted proposals in order to obtain the highest and best competitively negotiated proposals that yield the most advantageous benefits and considerations to the Authority. Neither the name, logo, products, or services of the proposer shall be such as to bring disrepute upon the Authority. If a proposal satisfactory to the Authority is not negotiated, the Authority may give notice as provided in this subsection and accept additional proposals.

(c) The licensee shall have the authority to place signs, placards, imprints, or other identifying information on the grounds, buildings, or facilities of the Authority as specified in the license and only during the term of the license. The license may, but need not, require the Authority to refer to a property or other asset by the name of the licensee during the term of the license.

(d) A license of naming rights is non-transferable, except to a successor entity of the licensee, and is non-renewable; however, the licensee is eligible to compete for a new license upon completion of the term of the agreement. A majority of the Board must approve any contract, lease, sale, conveyance, license, or other grant of rights to name buildings or facilities of the Authority. At least 25% of the total amount of license fees must be paid prior to the commencement of the term of the license and any balance shall be paid on a periodic schedule agreed to by the Authority.

(e) Any licensing fee or revenue as a result of naming rights shall be used as provided in Section 13(g) of this Act.

(70 ILCS 210/10.2 new)

Sec. 10.2. Bonding disclosure.

(a) Truth in borrowing disclosure. Within 60 business days after the issuance of any bonds under this Act, the Authority shall disclose the total principal and interest payments to be paid on the bonds over the full stated term of the bonds. The disclosure also shall include principal and interest payments to be made by each fiscal year over the full stated term of the bonds and total principal and interest payments to be made by each fiscal year on all other outstanding bonds issued under this Act over the full stated terms of those bonds. These disclosures shall be calculated assuming bonds are not redeemed or refunded prior to their stated maturities. Amounts included in these disclosures as payment of interest on variable rate bonds shall be computed at an interest rate equal to the rate at which the variable rate bonds are first set upon issuance, plus 2.5%, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest for each fiscal year.

(b) Bond sale expenses disclosure. Within 60 business days after the issuance of any bonds under this Act, the Authority shall disclose all costs of issuance on each sale of bonds under this Act. The disclosure shall include, as applicable, the respective percentages of participation and compensation of each underwriter that is a member of the underwriting syndicate, legal counsel, financial advisors, and other professionals for the bond issue and an identification of all costs of issuance paid to minority-owned businesses, female owned businesses, and businesses owned by persons with disabilities. The terms "minority owned businesses", "female owned businesses", and "business owned by a person with a disability" have the meanings given to those terms in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act. In addition, the Authority shall provide copies of all contracts under which any costs of issuance are paid or to be paid to the Commission on Government Forecasting and Accountability within 60 business days after the issuance of bonds for which those costs are paid or to be paid. Instead of filing a second or subsequent copy of the same contract, the Authority may file a statement that specified costs are paid under specified contracts filed earlier with the Commission.

(c) The disclosures required in this Section shall be published by posting the disclosures for no less than 30 days on the website of the Authority and shall be available to the public upon request. The Authority shall also provide the disclosures to the Governor's Office of Management and Budget, the Commission on Government Forecasting and Accountability, and the General Assembly.

(70 ILCS 210/13) (from Ch. 85, par. 1233)

Sec. 13. (a) The Authority shall not have power to levy taxes for any purpose, except as provided in subsections (b), (c), (d), (e), and (f).

(b) By ordinance the Authority shall, as soon as practicable after the effective date of this amendatory Act of 1991, impose a Metropolitan Pier and Exposition Authority Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail within the territory described in this subsection at the rate of 1.0% of the gross receipts (i) from the sale of food, alcoholic beverages, and soft drinks sold for consumption on the premises where sold and (ii) from the sale of

food, alcoholic beverages, and soft drinks sold for consumption off the premises where sold by a retailer whose principal source of gross receipts is from the sale of food, alcoholic beverages, and soft drinks prepared for immediate consumption.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident to that tax shall be collected and enforced by the Illinois Department of Revenue. The Department shall have full power to administer and enforce this subsection, to collect all taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, shall be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and shall employ the same modes of procedure applicable to this Retailers' Occupation Tax as are prescribed in Sections 1, 2 through 2-65 (in respect to all provisions of those Sections other than the State rate of taxes), 2c, 2h, 2i, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13 and, and until January 1, 1994, 13.5 of the Retailers' Occupation Tax Act, and, on and after January 1, 1994, all applicable provisions of the Uniform Penalty and Interest Act that are not inconsistent with this Act, as fully as if provisions contained in those Sections of the Retailers' Occupation Tax Act were set forth in this subsection.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their seller's tax liability under this subsection by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, pursuant to bracket schedules as the Department may prescribe. The retailer filing the return shall, at the time of filing the return, pay to the Department the amount of tax imposed under this subsection, less a discount of 1.75%, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax, and supplying data to the Department on request.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause a warrant to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metropolitan Pier and Exposition Authority trust fund held by the State Treasurer as trustee for the Authority.

Nothing in this subsection authorizes the Authority to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee for the Authority, all taxes and penalties collected under this subsection for deposit into a trust fund held outside of the State Treasury. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the amounts to be paid under subsection (g) of this Section, which shall be the amounts, not including credit memoranda, collected under this subsection during the second preceding calendar month by the Department, less any amounts determined by the Department to be necessary for the payment of refunds and less 2% of such balance, which sum shall be deposited by the State Treasurer into the Tax Compliance and Administration Fund in the State Treasury from which it shall be appropriated to the Department to cover the costs of the Department in administering and enforcing the provisions of this subsection. Within 10 days after receipt by the Comptroller of the certification, the Comptroller shall cause the orders to be drawn for the remaining amounts, and the Treasurer shall administer those amounts as required in subsection (g).

A certificate of registration issued by the Illinois Department of Revenue to a retailer under the Retailers' Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under this subsection, and no additional registration shall be required under the ordinance imposing the tax or under this subsection.

A certified copy of any ordinance imposing or discontinuing any tax under this subsection or effecting a change in the rate of that tax shall be filed with the Department, whereupon the Department shall proceed to administer and enforce this subsection on behalf of the Authority as of the first day of the third calendar month following the date of filing.

The tax authorized to be levied under this subsection may be levied within all or any part of the following described portions of the metropolitan area:

- (1) that portion of the City of Chicago located within the following area: Beginning at the point of intersection of the Cook County - DuPage County line and York Road, then North along York Road to its intersection with Touhy Avenue, then east along Touhy Avenue to its

intersection with the Northwest Tollway, then southeast along the Northwest Tollway to its intersection with Lee Street, then south along Lee Street to Higgins Road, then south and east along Higgins Road to its intersection with Mannheim Road, then south along Mannheim Road to its intersection with Irving Park Road, then west along Irving Park Road to its intersection with the Cook County - DuPage County line, then north and west along the county line to the point of beginning; and

(2) that portion of the City of Chicago located within the following area: Beginning at the intersection of West 55th Street with Central Avenue, then east along West 55th Street to its intersection with South Cicero Avenue, then south along South Cicero Avenue to its intersection with West 63rd Street, then west along West 63rd Street to its intersection with South Central Avenue, then north along South Central Avenue to the point of beginning; and

(3) that portion of the City of Chicago located within the following area: Beginning at the point 150 feet west of the intersection of the west line of North Ashland Avenue and the north line of West Diversey Avenue, then north 150 feet, then east along a line 150 feet north of the north line of West Diversey Avenue extended to the shoreline of Lake Michigan, then following the shoreline of Lake Michigan (including Navy Pier and all other improvements fixed to land, docks, or piers) to the point where the shoreline of Lake Michigan and the Adlai E. Stevenson Expressway extended east to that shoreline intersect, then west along the Adlai E. Stevenson Expressway to a point 150 feet west of the west line of South Ashland Avenue, then north along a line 150 feet west of the west line of South and North Ashland Avenue to the point of beginning.

The tax authorized to be levied under this subsection may also be levied on food, alcoholic beverages, and soft drinks sold on boats and other watercraft departing from and returning to the shoreline of Lake Michigan (including Navy Pier and all other improvements fixed to land, docks, or piers) described in item (3).

(c) By ordinance the Authority shall, as soon as practicable after the effective date of this amendatory Act of 1991, impose an occupation tax upon all persons engaged in the corporate limits of the City of Chicago in the business of renting, leasing, or letting rooms in a hotel, as defined in the Hotel Operators' Occupation Tax Act, at a rate of 2.5% of the gross rental receipts from the renting, leasing, or letting of hotel rooms within the City of Chicago, excluding, however, from gross rental receipts the proceeds of renting, leasing, or letting to permanent residents of a hotel, as defined in that Act. Gross rental receipts shall not include charges that are added on account of the liability arising from any tax imposed by the State or any governmental agency on the occupation of renting, leasing, or letting rooms in a hotel.

The tax imposed by the Authority under this subsection and all civil penalties that may be assessed as an incident to that tax shall be collected and enforced by the Illinois Department of Revenue. The certificate of registration that is issued by the Department to a lessor under the Hotel Operators' Occupation Tax Act shall permit that registrant to engage in a business that is taxable under any ordinance enacted under this subsection without registering separately with the Department under that ordinance or under this subsection. The Department shall have full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, shall be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and shall employ the same modes of procedure as are prescribed in the Hotel Operators' Occupation Tax Act (except where that Act is inconsistent with this subsection), as fully as if the provisions contained in the Hotel Operators' Occupation Tax Act were set out in this subsection.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause a warrant to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metropolitan Pier and Exposition Authority trust fund held by the State Treasurer as trustee for the Authority.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their tax liability for that tax by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes imposed under the Hotel Operators' Occupation Tax Act, the municipal tax imposed under Section 8-3-13 of the Illinois Municipal Code, and the tax imposed under Section 19 of the Illinois Sports Facilities Authority Act.

The person filing the return shall, at the time of filing the return, pay to the Department the amount of tax, less a discount of 2.1% or \$25 per calendar year, whichever is greater, which is allowed to reimburse the operator for the expenses incurred in keeping records, preparing and filing returns, remitting the tax,

and supplying data to the Department on request.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee for the Authority, all taxes and penalties collected under this subsection for deposit into a trust fund held outside the State Treasury. On or before the 25th day of each calendar month, the Department shall certify to the Comptroller the amounts to be paid under subsection (g) of this Section, which shall be the amounts (not including credit memoranda) collected under this subsection during the second preceding calendar month by the Department, less any amounts determined by the Department to be necessary for payment of refunds. Within 10 days after receipt by the Comptroller of the Department's certification, the Comptroller shall cause the orders to be drawn for such amounts, and the Treasurer shall administer those amounts as required in subsection (g).

A certified copy of any ordinance imposing or discontinuing a tax under this subsection or effecting a change in the rate of that tax shall be filed with the Illinois Department of Revenue, whereupon the Department shall proceed to administer and enforce this subsection on behalf of the Authority as of the first day of the third calendar month following the date of filing.

(d) By ordinance the Authority shall, as soon as practicable after the effective date of this amendatory Act of 1991, impose a tax upon all persons engaged in the business of renting automobiles in the metropolitan area at the rate of 6% of the gross receipts from that business, except that no tax shall be imposed on the business of renting automobiles for use as taxicabs or in livery service. The tax imposed under this subsection and all civil penalties that may be assessed as an incident to that tax shall be collected and enforced by the Illinois Department of Revenue. The certificate of registration issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Automobile Renting Occupation and Use Tax Act shall permit that person to engage in a business that is taxable under any ordinance enacted under this subsection without registering separately with the Department under that ordinance or under this subsection. The Department shall have full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and employ the same modes of procedure as are prescribed in Sections 2 and 3 (in respect to all provisions of those Sections other than the State rate of tax; and in respect to the provisions of the Retailers' Occupation Tax Act referred to in those Sections, except as to the disposition of taxes and penalties collected, except for the provision allowing retailers a deduction from the tax to cover certain costs, and except that credit memoranda issued under this subsection may not be used to discharge any State tax liability) of the Automobile Renting Occupation and Use Tax Act, as fully as if provisions contained in those Sections of that Act were set forth in this subsection.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their tax liability under this subsection by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that sellers are required to collect under the Automobile Renting Occupation and Use Tax Act, pursuant to bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause a warrant to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metropolitan Pier and Exposition Authority trust fund held by the State Treasurer as trustee for the Authority.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this subsection for deposit into a trust fund held outside the State Treasury. On or before the 25th day of each calendar month, the Department shall certify to the Comptroller the amounts to be paid under subsection (g) of this Section (not including credit memoranda) collected under this subsection during the second preceding calendar month by the Department, less any amount determined by the Department to be necessary for payment of refunds. Within 10 days after receipt by the Comptroller of the Department's certification, the Comptroller shall cause the orders to be drawn for such amounts, and the Treasurer shall administer those amounts as required in subsection (g).

Nothing in this subsection authorizes the Authority to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

A certified copy of any ordinance imposing or discontinuing a tax under this subsection or effecting a

change in the rate of that tax shall be filed with the Illinois Department of Revenue, whereupon the Department shall proceed to administer and enforce this subsection on behalf of the Authority as of the first day of the third calendar month following the date of filing.

(e) By ordinance the Authority shall, as soon as practicable after the effective date of this amendatory Act of 1991, impose a tax upon the privilege of using in the metropolitan area an automobile that is rented from a rentor outside Illinois and is titled or registered with an agency of this State's government at a rate of 6% of the rental price of that automobile, except that no tax shall be imposed on the privilege of using automobiles rented for use as taxicabs or in livery service. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the metropolitan area. The tax shall be collected by the Department of Revenue for the Authority. The tax must be paid to the State or an exemption determination must be obtained from the Department of Revenue before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which or State officer with whom the tangible personal property must be titled or registered if the Department and that agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this subsection, to collect all taxes, penalties, and interest due under this subsection, to dispose of taxes, penalties, and interest so collected in the manner provided in this subsection, and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty, or interest under this subsection. In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and employ the same modes of procedure as are prescribed in Sections 2 and 4 (except provisions pertaining to the State rate of tax; and in respect to the provisions of the Use Tax Act referred to in that Section, except provisions concerning collection or refunding of the tax by retailers, except the provisions of Section 19 pertaining to claims by retailers, except the last paragraph concerning refunds, and except that credit memoranda issued under this subsection may not be used to discharge any State tax liability) of the Automobile Renting Occupation and Use Tax Act, as fully as if provisions contained in those Sections of that Act were set forth in this subsection.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause a warrant to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metropolitan Pier and Exposition Authority trust fund held by the State Treasurer as trustee for the Authority.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes, penalties, and interest collected under this subsection for deposit into a trust fund held outside the State Treasury. On or before the 25th day of each calendar month, the Department shall certify to the State Comptroller the amounts to be paid under subsection (g) of this Section, which shall be the amounts (not including credit memoranda) collected under this subsection during the second preceding calendar month by the Department, less any amounts determined by the Department to be necessary for payment of refunds. Within 10 days after receipt by the State Comptroller of the Department's certification, the Comptroller shall cause the orders to be drawn for such amounts, and the Treasurer shall administer those amounts as required in subsection (g).

A certified copy of any ordinance imposing or discontinuing a tax or effecting a change in the rate of that tax shall be filed with the Illinois Department of Revenue, whereupon the Department shall proceed to administer and enforce this subsection on behalf of the Authority as of the first day of the third calendar month following the date of filing.

(f) By ordinance the Authority shall, as soon as practicable after the effective date of this amendatory Act of 1991, impose an occupation tax on all persons, other than a governmental agency, engaged in the business of providing ground transportation for hire to passengers in the metropolitan area at a rate of (i) ~~\$4~~ ~~\$2~~ per taxi or livery vehicle departure with passengers for hire from commercial service airports in the metropolitan area, (ii) for each departure with passengers for hire from a commercial service airport in the metropolitan area in a bus or van operated by a person other than a person described in item (iii): ~~\$18~~ ~~\$9~~ per bus or van with a capacity of 1-12 passengers, ~~\$36~~ ~~\$18~~ per bus or van with a capacity of 13-24 passengers, and ~~\$54~~ ~~\$27~~ per bus or van with a capacity of over 24 passengers, and (iii) for each departure with passengers for hire from a commercial service airport in the metropolitan area in a bus or van operated by a person regulated by the Interstate Commerce Commission or Illinois Commerce Commission, operating scheduled service from the airport, and charging fares on a per passenger basis: ~~\$2~~ ~~\$1~~ per passenger for hire in each bus or van. The term "commercial service airports" means those

airports receiving scheduled passenger service and enplaning more than 100,000 passengers per year.

In the ordinance imposing the tax, the Authority may provide for the administration and enforcement of the tax and the collection of the tax from persons subject to the tax as the Authority determines to be necessary or practicable for the effective administration of the tax. The Authority may enter into agreements as it deems appropriate with any governmental agency providing for that agency to act as the Authority's agent to collect the tax.

In the ordinance imposing the tax, the Authority may designate a method or methods for persons subject to the tax to reimburse themselves for the tax liability arising under the ordinance (i) by separately stating the full amount of the tax liability as an additional charge to passengers departing the airports, (ii) by separately stating one-half of the tax liability as an additional charge to both passengers departing from and to passengers arriving at the airports, or (iii) by some other method determined by the Authority.

All taxes, penalties, and interest collected under any ordinance adopted under this subsection, less any amounts determined to be necessary for the payment of refunds and less the taxes, penalties, and interest attributable to any increase in the rate of tax authorized by this amendatory Act of the 96th General Assembly, shall be paid forthwith to the State Treasurer, ex officio, for deposit into a trust fund held outside the State Treasury and shall be administered by the State Treasurer as provided in subsection (g) of this Section. All taxes, penalties, and interest attributable to any increase in the rate of tax authorized by this amendatory Act of the 96th General Assembly shall be paid by the State Treasurer as follows: 25% for deposit into the Convention Center Support Fund, to be used by the Village of Rosemont for the repair, maintenance, and improvement of the Donald E. Stephens Convention Center and for debt service on debt instruments issued for those purposes by the village and 75% to the Authority to be used for grants to an organization meeting the qualifications set out in Section 5.6 of this Act, provided the Metropolitan Pier and Exposition Authority has entered into a marketing agreement with such an organization.

(g) Amounts deposited from the proceeds of taxes imposed by the Authority under subsections (b), (c), (d), (e), and (f) of this Section and amounts deposited under Section 19 of the Illinois Sports Facilities Authority Act shall be held in a trust fund outside the State Treasury and shall be administered by the Treasurer as follows.

(1) An amount necessary for the payment of refunds with respect to those taxes shall be retained in the trust fund and used for those payments.

(2) On July 20 and on the 20th of each month thereafter, provided that the amount requested in the annual certificate of the Chairman of the Authority filed under Section 8.25f of the State Finance Act has been appropriated for payment to the Authority, 1/8 of the local tax transfer amount, together with any cumulative deficiencies in the amounts transferred into the McCormick Place Expansion Project Fund under this subparagraph (2) during the fiscal year for which the certificate has been filed, shall be transferred from the trust fund into the McCormick Place Expansion Project Fund in the State Treasury until 100% of the local tax transfer amount has been so transferred. "Local tax transfer amount" shall mean the amount requested in the annual certificate, minus the reduction amount. "Reduction amount" shall mean \$41.7 million in fiscal year 2011, \$36.7 million in fiscal year 2012, \$36.7 million in fiscal year 2013, \$36.7 million in fiscal year 2014, and \$31.7 million in each fiscal year thereafter until 2032, provided that the reduction amount shall be reduced by (i) the amount certified by the Authority to the State Comptroller and State Treasurer under Section 8.25 of the State Finance Act, as amended, with respect to that fiscal year and (ii) in any fiscal year in which the amounts deposited in the trust fund under this Section exceed \$318.3 million, exclusive of amounts set aside for refunds and for the reserve account, one dollar for each dollar of the deposits in the trust fund above \$318.3 million with respect to that year, exclusive of amounts set aside for refunds and for the reserve account.

(3) On July 20, 2010, the Comptroller shall certify to the Governor, the Treasurer, and the Chairman of the Authority the 2010 deficiency amount, which means the cumulative amount of transfers that were due from the trust fund to the McCormick Place Expansion Project Fund in fiscal years 2008, 2009, and 2010 under Section 13(g) of this Act, as it existed prior to the effective date of this amendatory Act of the 96th General Assembly, but not made. On July 20, 2011 and on July 20 of each year through July 20, 2014, the Treasurer shall calculate for the previous fiscal year the surplus revenues in the trust fund and pay that amount to the Authority. On July 20, 2015 and on July 20 of each year thereafter, as long as bonds and notes issued under Section 13.2 or bonds and notes issued to refund those bonds and notes are outstanding, the Treasurer shall calculate for the previous fiscal year the surplus revenues in the trust fund and pay one-half of that amount to the State Treasurer for deposit into the General Revenue Fund until the 2010 deficiency amount has been paid and shall pay the balance of the surplus revenues to the Authority. "Surplus revenues" means the amounts remaining in the trust fund

on June 30 of the previous fiscal year (A) after the State Treasurer has set aside in the trust fund (i) amounts retained for refunds under subparagraph (1) and (ii) any amounts necessary to meet the reserve account amount and (B) after the State Treasurer has transferred from the trust fund to the General Revenue Fund 100% of any post-2010 deficiency amount. "Reserve account amount" means \$15 million in fiscal year 2011 and \$30 million in each fiscal year thereafter. The reserve account amount shall be set aside in the trust fund and used as a reserve to be transferred to the McCormick Place Expansion Project Fund in the event the proceeds of taxes imposed under this Section 13 are not sufficient to fund the transfer required in subparagraph (2). "Post-2010 deficiency amount" means any deficiency in transfers from the trust fund to the McCormick Place Expansion Project Fund with respect to fiscal years 2011 and thereafter. It is the intention of this subparagraph (3) that no surplus revenues shall be paid to the Authority with respect to any year in which a post-2010 deficiency amount has not been satisfied by the Authority.

Moneys received by the Authority as surplus revenues may be used (i) for the purposes of paying debt service on the bonds and notes issued by the Authority, including early redemption of those bonds or notes, (ii) for the purposes of repair, replacement, and improvement of the grounds, buildings, and facilities of the Authority, and (iii) for the corporate purposes of the Authority in fiscal years 2011 through 2015 in an amount not to exceed \$20,000,000 annually or \$80,000,000 total, which amount shall be reduced \$0.75 for each dollar of the receipts of the Authority in that year from any contract entered into with respect to naming rights at McCormick Place under Section 5(m) of this Act. When bonds and notes issued under Section 13.2, or bonds or notes issued to refund those bonds and notes, are no longer outstanding, the balance in the trust fund shall be paid to the Authority: ~~first, an amount necessary for the payment of refunds shall be retained in the trust fund; second, the balance of the proceeds deposited in the trust fund during fiscal year 1993 shall be retained in the trust fund during that year and thereafter shall be administered as a reserve to fund the deposits required in item "third"; third, beginning July 20, 1993, and continuing each month thereafter, provided that the amount requested in the certificate of the Chairman of the Authority filed under Section 8.25f of the State Finance Act has been appropriated for payment to the Authority, 1/8 of the annual amount requested in that certificate together with any cumulative deficiencies shall be transferred from the trust fund into the McCormick Place Expansion Project Fund in the State Treasury until 100% of the amount requested in that certificate plus any cumulative deficiencies in the amounts transferred into the McCormick Place Expansion Project Fund under this item "third", have been so transferred; fourth, the balance shall be maintained in the trust fund; fifth, on July 20, 1994, and on July 20 of each year thereafter the Treasurer shall calculate for the previous fiscal year the surplus revenues in the trust fund and pay that amount to the Authority. "Surplus revenues" shall mean the difference between the amount in the trust fund on June 30 of the fiscal year previous to the current fiscal year (excluding amounts retained for refunds under item "first") minus the amount deposited in the trust fund during fiscal year 1993 under item "second". Sec. 25.1. (a) This Section applies to ~~(i) contracts in excess of \$10,000 for professional services provided to the Authority, including the services of accountants, architects, attorneys, engineers, physicians, superintendents of construction, and other similar professionals possessing a high degree of skill, (ii) agreements described in Section 5(h), and (iii) contracts described in Section 5(j).~~

(b) When the Authority proposes to enter into a contract or agreement under this Section, the Authority shall give public notice soliciting proposals for the contract or agreement by publication at least twice in one or more daily newspapers in general circulation in the metropolitan area. The second notice shall be published not less than 10 days before the date on which the Authority expects to select the contractor. The notice shall include a general description of the nature of the contract or agreement which the Authority is seeking and the procedure by which a person or firm interested in the contract or agreement may make its proposal to the Authority for consideration for the contract or agreement.

A request for proposals must be extended to a sufficient number of prospective providers of the required services or prospective bidders to assure that public interest in competition is adequately served. The provisions of this subsection (b) do not apply if:

(1) the Authority concludes that there is a single source of the expertise or knowledge required or that one person can clearly perform the required tasks more satisfactorily because of the person's prior work; however, this exemption shall be narrowly construed and applies only if a written report that details the reasons for the exemption is entered into the minutes of the Authority and the

Chairman has authorized in writing contract negotiations with the single source; or

(2) the service is to be provided by or the agreement is with a State agency, a federal agency, a political subdivision of the State, or a corporation organized under the General Not For Profit Corporation Act of 1986; or

(3) within 60 days of the effective date of this amendatory Act of 1985, the Authority enters into a written contract for professional services of the same kind with any person providing such professional services as of such effective date.

A request for proposals must contain that information necessary for a prospective contractor or bidder to submit a response or contain references to any information that cannot reasonably be included with the request. The request for proposals must provide a description of the factors that will be considered by the Authority when it evaluates the proposals received.

Nothing in this subsection limits the power of the Authority to use additional means that it may consider appropriate to notify prospective contractors or bidders that it proposes to enter into a contract or agreement.

(c) After the responses are submitted, the Authority shall evaluate them. Each proposal received must be evaluated using the same factors as those set out in the request for proposals.

Any person that submits a response to a request for proposals under this Section shall disclose in the response the name of each individual having a beneficial interest directly or indirectly of more than 7 1/2% in such person and, if such person is a corporation, the names of each of its officers and directors. The person shall notify the Board of any changes in its ownership or its officers or directors at the time such changes occur if the change occurs during the pendency of a proposal or a contract.

(d) All contracts and agreements under this Section, whether or not exempted hereunder, shall be authorized and approved by the Board and shall be set forth in a writing executed by the contractor and the Authority. No payment shall be made under this Section until a written contract or agreement shall be so authorized, approved and executed, provided that payments for professional services may be made without a written contract to persons providing such services to the Authority as of the effective date of this amendatory Act of 1985 for sixty days from such date.

(e) A copy of each contract or agreement (whether or not exempted hereunder) and the response, if any, to the request for proposals upon which the contract was awarded must be filed with the Secretary of the Authority and is required to be open for public inspection. The request for proposals and the name and address of each person who submitted a response to it must also accompany the filed copies.

(b) Any person that submits a response to a request for proposals under this Section shall disclose in the response the name of each individual having a beneficial interest directly or indirectly of more than 7 1/2% in such person and, if such person is a corporation, the names of each of its officers and directors. The person shall notify the Board of any changes in its ownership or its officers or directors at the time such changes occur if the change occurs during the pendency of a proposal or a contract.

(c) All contracts and agreements under this Section shall be authorized and approved by the Board and shall be set forth in a writing executed by the contractor and the Authority. No payment shall be made under this Section until a written contract or agreement shall be so authorized, approved, and executed. A copy of each contract or agreement (whether or not exempted under this Section) and the response, if any, to the request for proposals upon which the contract was awarded must be filed with the Secretary of the Authority and is required to be open for public inspection.

(d) This Section applies to (i) contracts in excess of \$25,000 for professional services provided to the Authority, including the services of accountants, architects, attorneys, engineers, physicians, superintendents of construction, financial advisors, bond trustees, and other similar professionals possessing a high degree of skill; (ii) agreements described in Section 5(h); (iii) contracts described in Section 5(j); and (iv) contracts or bond purchase agreements in excess of \$10,000 with underwriters or investment bankers with respect to sale of the Authority's bonds under this Act. (c) All contracts between the Authority and a business entity that violate subsection (a) or (b) shall be voidable. If a business entity violates subsection (b) 3 or more times within a 36-month period, then all contracts between the Authority and that business entity shall be void, and that business entity shall be prohibited from entering into any contract with the Authority for 3 years after the date of the last violation.

Sec. 2-104. (a) A resident shall be permitted to retain the services of his own personal physician at his own expense or under an individual or group plan of health insurance, or under any public or private assistance program providing such coverage. However, the facility is not liable for the negligence of any such personal physician. Every resident shall be permitted to obtain from his own physician or the physician attached to the facility complete and current information concerning his medical diagnosis, treatment and prognosis in terms and language the resident can reasonably be expected to understand. Every resident shall be permitted to participate in the planning of his total care and medical treatment to the extent that his condition permits. No resident shall be subjected to experimental research or treatment without first obtaining his informed, written consent. The conduct of any experimental research or

treatment shall be authorized and monitored by an institutional review board committee appointed by the Director administrator of the facility where such research and treatment is conducted. The membership, operating procedures and review criteria for the institutional review board committees shall be prescribed under rules and regulations of the Department and shall comply with the requirements for institutional review boards established by the federal Food and Drug Administration. No person who has received compensation in the prior 3 years from an entity that manufactures, distributes, or sells pharmaceuticals, biologics, or medical devices may serve on the institutional review board.

The institutional review board may approve only research or treatment that meets the standards of the federal Food and Drug Administration with respect to (i) the protection of human subjects and (ii) financial disclosure by clinical investigators. The Office of State Long Term Care Ombudsman and the State Protection and Advocacy organization shall be given an opportunity to comment on any request for approval before the board makes a decision. Those entities shall not be provided information that would allow a potential human subject to be individually identified, unless the board asks the Ombudsman for help in securing information from or about the resident. The board shall require frequent reporting of the progress of the approved research or treatment and its impact on residents, including immediate reporting of any adverse impact to the resident, the resident's representative, the Office of the State Long Term Care Ombudsman, and the State Protection and Advocacy organization. The board may not approve any retrospective study of the records of any resident about the safety or efficacy of any care or treatment if the resident was under the care of the proposed researcher or a business associate when the care or treatment was given, unless the study is under the control of a researcher without any business relationship to any person or entity who could benefit from the findings of the study.

No facility shall permit experimental research or treatment to be conducted on a resident, or give access to any person or person's records for a retrospective study about the safety or efficacy of any care or treatment, without the prior written approval of the institutional review board. No nursing home administrator, or person licensed by the State to provide medical care or treatment to any person, may assist or participate in any experimental research on or treatment of a resident, including a retrospective study, that does not have the prior written approval of the board. Such conduct shall be grounds for professional discipline by the Department of Financial and Professional Regulation.

The institutional review board may exempt from ongoing review research or treatment initiated on a resident before the individual's admission to a facility and for which the board determines there is adequate ongoing oversight by another institutional review board. Nothing in this Section shall prevent a facility, any facility employee, or any other person from assisting or participating in any experimental research on or treatment of a resident, if the research or treatment began before the person's admission to a facility, until the board has reviewed the research or treatment and decided to grant or deny approval or to exempt the research or treatment from ongoing review.

(b) All medical treatment and procedures shall be administered as ordered by a physician. All new physician orders shall be reviewed by the facility's director of nursing or charge nurse designee within 24 hours after such orders have been issued to assure facility compliance with such orders.

According to rules adopted by the Department, every woman resident of child-bearing age shall receive routine obstetrical and gynecological evaluations as well as necessary prenatal care.

(c) Every resident shall be permitted to refuse medical treatment and to know the consequences of such action, unless such refusal would be harmful to the health and safety of others and such harm is documented by a physician in the resident's clinical record. The resident's refusal shall free the facility from the obligation to provide the treatment.

The facility may charge a reasonable fee for duplication of a record.

(b) The Department of Human Services, by rule, shall provide for a prohibition on conflicts of interest for pre-admission screeners. The rule shall provide for waiver of those conflicts by the Department of Human Services if the Department of Human Services determines that a scarcity of qualified pre-admission screeners exists in a given community and that, absent a waiver of conflict, an insufficient number of pre-admission screeners would be available. If a conflict is waived, the pre-admission

screener shall disclose the conflict of interest to the screened individual in the manner provided for by rule of the Department of Human Services. For the purposes of this subsection, a "conflict of interest" includes, but is not limited to, the existence of a professional or financial relationship between (i) a PAS-MH corporate or a PAS-MH agent performing the rescreening and (ii) a community provider or long-term care facility.

"Psychotropic medication" means medication that is used for or listed as used for antipsychotic, antidepressant, antimanic, or antianxiety behavior modification or behavior management purposes in the latest editions of the AMA Drug Evaluations or the Physician's Desk Reference. Each form developed by the Department (i) shall be written in plain language, (ii) shall be able to be downloaded from the Department's official website, (iii) shall include information specific to the psychotropic medication for which consent is being sought, and (iv) shall be used for every resident for whom psychotropic drugs are prescribed. In addition to creating those forms, the Department shall approve the use of any other informed consent forms that meet criteria developed by the Department.

In addition to any other penalty prescribed by law, a facility that is found to have violated this subsection, or the federal certification requirement that informed consent be obtained before administering a psychotropic medication, shall thereafter be required to obtain the signatures of 2 licensed health care professionals on every form purporting to give informed consent for the administration of a psychotropic medication, certifying the personal knowledge of each health care professional that the consent was obtained in compliance with the requirements of this subsection.

(b) Notice under this Section shall include a clear and concise statement of the grounds denoting abuse, neglect, or theft and notice of the opportunity for a hearing to contest the designation.

(c) The Department may denote any nursing assistant, habilitation aide, home health aide, psychiatric services rehabilitation aide, or child care aide on the registry who fails (i) to file a return, (ii) to pay the tax, penalty or interest shown in a filed return, or (iii) to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Illinois Department of Revenue, until the time the requirements of the tax Act are satisfied.

Sec. 3-212. Inspection.

(a) The Department, whenever it deems necessary in accordance with subsection (b), shall inspect, survey and evaluate every facility to determine compliance with applicable licensure requirements and standards. Submission of a facility's current Consumer Choice Information Report required by Section 2-214 shall be verified at time of inspection. An inspection should occur within 120 days prior to license renewal. The Department may periodically visit a facility for the purpose of consultation. An inspection, survey, or evaluation, other than an inspection of financial records, shall be conducted without prior

notice to the facility. A visit for the sole purpose of consultation may be announced. The Department shall provide training to surveyors about the appropriate assessment, care planning, and care of persons with mental illness (other than Alzheimer's disease or related disorders) to enable its surveyors to determine whether a facility is complying with State and federal requirements about the assessment, care planning, and care of those persons.

(a-1) An employee of a State or unit of local government agency charged with inspecting, surveying, and evaluating facilities who directly or indirectly gives prior notice of an inspection, survey, or evaluation, other than an inspection of financial records, to a facility or to an employee of a facility is guilty of a Class A misdemeanor.

An inspector or an employee of the Department who intentionally prenotifies a facility, orally or in writing, of a pending complaint investigation or inspection shall be guilty of a Class A misdemeanor. Superiors of persons who have prenotified a facility shall be subject to the same penalties, if they have knowingly allowed the prenotification. A person found guilty of prenotifying a facility shall be subject to disciplinary action by his or her employer.

If the Department has a good faith belief, based upon information that comes to its attention, that a violation of this subsection has occurred, it must file a complaint with the Attorney General or the State's Attorney in the county where the violation took place within 30 days after discovery of the information.

(a-2) An employee of a State or unit of local government agency charged with inspecting, surveying, or evaluating facilities who willfully profits from violating the confidentiality of the inspection, survey, or evaluation process shall be guilty of a Class 4 felony and that conduct shall be deemed unprofessional conduct that may subject a person to loss of his or her professional license. An action to prosecute a person for violating this subsection (a-2) may be brought by either the Attorney General or the State's Attorney in the county where the violation took place.

(b) In determining whether to make more than the required number of unannounced inspections, surveys and evaluations of a facility the Department shall consider one or more of the following: previous inspection reports; the facility's history of compliance with standards, rules and regulations promulgated under this Act and correction of violations, penalties or other enforcement actions; the number and severity of complaints received about the facility; any allegations of resident abuse or neglect; weather conditions; health emergencies; other reasonable belief that deficiencies exist.

(b-1) The Department shall not be required to determine whether a facility certified to participate in the Medicare program under Title XVIII of the Social Security Act, or the Medicaid program under Title XIX of the Social Security Act, and which the Department determines by inspection under this Section or under Section 3-702 of this Act to be in compliance with the certification requirements of Title XVIII or XIX, is in compliance with any requirement of this Act that is less stringent than or duplicates a federal certification requirement. In accordance with subsection (a) of this Section or subsection (d) of Section 3-702, the Department shall determine whether a certified facility is in compliance with requirements of this Act that exceed federal certification requirements. If a certified facility is found to be out of compliance with federal certification requirements, the results of an inspection conducted pursuant to Title XVIII or XIX of the Social Security Act may be used as the basis for enforcement remedies authorized and commenced, with the Department's discretion to evaluate whether penalties are warranted, under this Act. Enforcement of this Act against a certified facility shall be commenced pursuant to the requirements of this Act, unless enforcement remedies sought pursuant to Title XVIII or XIX of the Social Security Act exceed those authorized by this Act. As used in this subsection, "enforcement remedy" means a sanction for violating a federal certification requirement or this Act.

(c) Upon completion of each inspection, survey and evaluation, the appropriate Department personnel who conducted the inspection, survey or evaluation shall submit a copy of their report to the licensee upon exiting the facility, and shall submit the actual report to the appropriate regional office of the Department. Such report and any recommendations for action by the Department under this Act shall be transmitted to the appropriate offices of the associate director of the Department, together with related comments or documentation provided by the licensee which may refute findings in the report, which explain extenuating circumstances that the facility could not reasonably have prevented, or which indicate methods and timetables for correction of deficiencies described in the report. Without affecting the application of subsection (a) of Section 3-303, any documentation or comments of the licensee shall be provided within 10 days of receipt of the copy of the report. Such report shall recommend to the Director appropriate action under this Act with respect to findings against a facility. The Director shall then determine whether the report's findings constitute a violation or violations of which the facility must be given notice. Such determination shall be based upon the severity of the finding, the danger posed to resident health and safety, the comments and documentation provided by the facility, the diligence and efforts to correct deficiencies, correction of the reported deficiencies, the frequency and duration of

similar findings in previous reports and the facility's general inspection history. Violations shall be determined under this subsection no later than 90 ~~60~~ days after completion of each inspection, survey and evaluation.

(d) The Department shall maintain all inspection, survey and evaluation reports for at least 5 years in a manner accessible to and understandable by the public.

(e) Revisit surveys. The Department shall conduct a revisit to its licensure and certification surveys, consistent with federal regulations and guidelines.

Sec. 3-303. (a) The situation, condition or practice constituting a Type "AA" violation or a Type "A" violation shall be abated or eliminated immediately unless a fixed period of time, not exceeding 15 days, as determined by the Department and specified in the notice of violation, is required for correction.

(b) At the time of issuance of a notice of a Type "B" violation, the Department shall request a plan of correction which is subject to the Department's approval. The facility shall have 10 days after receipt of notice of violation in which to prepare and submit a plan of correction. The Department may extend this period up to 30 days where correction involves substantial capital improvement. The plan shall include a fixed time period not in excess of 90 days within which violations are to be corrected. If the Department rejects a plan of correction, it shall send notice of the rejection and the reason for the rejection to the facility. The facility shall have 10 days after receipt of the notice of rejection in which to submit a modified plan. If the modified plan is not timely submitted, or if the modified plan is rejected, the facility shall follow an approved plan of correction imposed by the Department.

(c) If the violation has been corrected prior to submission and approval of a plan of correction, the facility may submit a report of correction in place of a plan of correction. Such report shall be signed by the administrator under oath.

(d) Upon a licensee's petition, the Department shall determine whether to grant a licensee's request for an extended correction time. Such petition shall be served on the Department prior to expiration of the correction time originally approved. The burden of proof is on the petitioning facility to show good cause for not being able to comply with the original correction time approved.

(e) If a facility desires to contest any Department action under this Section it shall send a written request for a hearing under Section 3-703 to the Department within 10 days of receipt of notice of the contested action. The Department shall commence the hearing as provided under Section 3-703. Whenever possible, all action of the Department under this Section arising out of a violation shall be contested and determined at a single hearing. Issues decided after a hearing may not be reheard at subsequent hearings under this Section.

(a) If the Department finds a situation, condition or practice which violates this Act or any rule promulgated thereunder which does not constitute a Type "AA", Type "A", Type "B", or Type "C" violation ~~directly threaten the health, safety or welfare of a resident~~, the Department shall issue an administrative warning. Any administrative warning shall be served upon the facility in the same manner as the notice of violation under Section 3-301. The facility shall be responsible for correcting the situation, condition or practice; however, no written plan of correction need be submitted for an administrative warning, except for violations of Sections 3-401 through 3-413 or the rules promulgated thereunder. A written plan of correction is required to be filed for an administrative warning issued for violations of Sections 3-401 through 3-413 or the rules promulgated thereunder.

(b) If, however, the situation, condition or practice which resulted in the issuance of an administrative warning, with the exception of administrative warnings issued pursuant to Sections 3-401 through 3-413 or the rules promulgated thereunder, is not corrected by the next on-site inspection by the Department which occurs no earlier than 90 days from the issuance of the administrative warning, a written plan of correction must be submitted in the same manner as provided in subsection (b) of Section 3-303.

(210 ILCS 45/3-304.2 new)

Sec. 3-304.2. Designation of distressed facilities.

(a) By May 1, 2011, and quarterly thereafter, the Department shall generate and publish quarterly a list of distressed facilities. Criteria for inclusion of certified facilities on the list shall be those used by the U.S. General Accounting Office in report 9-689, until such time as the Department by rule modifies the criteria.

(b) In deciding whether and how to modify the criteria used by the General Accounting Office, the Department shall complete a test run of any substitute criteria to determine their reliability by comparing the number of facilities identified as distressed against the number of distressed facilities generated using the criteria contained in the General Accounting Office report. The Department may not adopt substitute criteria that generate fewer facilities with a distressed designation than are produced by the General Accounting Office criteria during the test run.

(c) The Department shall, by rule, adopt criteria to identify non-Medicaid-certified facilities that are distressed and shall publish this list quarterly beginning October 1, 2011.

(d) The Department shall notify each facility of its distressed designation, and of the calculation on which it is based.

(e) A distressed facility may contract with an independent consultant meeting criteria established by the Department. If the distressed facility does not seek the assistance of an independent consultant, the Department shall place a monitor or a temporary manager in the facility, depending on the Department's assessment of the condition of the facility.

(f) Independent consultant. A facility that has been designated a distressed facility may contract with an independent consultant to develop and assist in the implementation of a plan of improvement to bring and keep the facility in compliance with this Act and, if applicable, with federal certification requirements. A facility that contracts with an independent consultant shall have 90 days to develop a plan of improvement and demonstrate a good faith effort at implementation, and another 90 days to achieve compliance and take whatever additional actions are called for in the improvement plan to maintain compliance. A facility that the Department determines has a plan of improvement likely to bring and keep the facility in compliance and that has demonstrated good faith efforts at implementation within the first 90 days may be eligible to receive a grant under the Equity in Long-term Care Quality Act, to assist it in achieving and maintaining compliance. In this subsection, "independent" consultant means an individual who has no professional or financial relationship with the facility, any person with a reportable ownership interest in the facility, or any related parties. In this subsection, "related parties" has the meaning attributed to it in the instructions for completing Medicaid cost reports.

(f) Monitor and temporary managers. A distressed facility that does not contract with a consultant shall be assigned a monitor or a temporary manager at the Department's discretion. The cost of the temporary manager shall be paid by the facility. The temporary manager shall have the authority determined by the Department, which may grant the temporary manager any or all of the authority a court may grant a receiver. The temporary manager may apply to the Equity in Long-term Care Quality Fund for grant funds to implement the plan of improvement.

(g) The Department shall by rule establish a mentor program for owners of distressed facilities.

(h) The Department shall by rule establish sanctions (in addition to those authorized elsewhere in this Article) against distressed facilities that are not in compliance with this Act and (if applicable) with federal certification requirements. Criteria for imposing sanctions shall take into account a facility's

actions to address the violations and deficiencies that caused its designation as a distressed facility, and its compliance with this Act and with federal certification requirements (if applicable), subsequent to its designation as a distressed facility, including mandatory revocations if criteria can be agreed upon by the Department, resident advocates, and representatives of the nursing home profession. By February 1, 2011, the Department shall report to the General Assembly on the results of negotiations about creating criteria for mandatory license revocations of distressed facilities and make recommendations about any statutory changes it believes are appropriate to protect the health, safety, and welfare of nursing home residents.

(i) The Department may establish by rule criteria for restricting the owner of a facility on the distressed list from acquiring additional skilled nursing facilities.

(210 ILCS 45/3-305) (from Ch. 111 1/2, par. 4153-305)

Sec. 3-305. The license of a facility which is in violation of this Act or any rule adopted thereunder may be subject to the penalties or fines levied by the Department as specified in this Section.

~~(1) A~~ Unless a greater penalty or fine is allowed under subsection (3), a licensee who commits a Type "AA" "A" violation as defined in Section ~~1-128.5~~ 1-129 is automatically issued a conditional license for a period of 6 months to coincide with an acceptable plan of correction and assessed a fine up to \$25,000 per violation computed at a rate of \$5.00 per resident in the facility plus 20 cents per resident for each day of the violation, commencing on the date a notice of the violation is served under Section 3-301 and ending on the date the violation is corrected, or a fine of not less than \$5,000, or when death, serious mental or physical harm, permanent disability, or disfigurement results, a fine of not less than \$10,000, whichever is greater.

(1.5) A licensee who commits a Type "A" violation as defined in Section 1-129 is automatically issued a conditional license for a period of 6 months to coincide with an acceptable plan of correction and assessed a fine of up to \$12,500 per violation.

~~(2) A licensee who commits a Type "B" violation as defined in Section 1-130 shall be assessed a fine of up to \$1,100 per violation or who is issued an administrative warning for a violation of Sections 3-401 through 3-413 or the rules promulgated thereunder is subject to a penalty computed at a rate of \$3 per resident in the facility, plus 15 cents per resident for each day of the violation, commencing on the date a notice of the violation is served under Section 3-301 and ending on the date the violation is corrected, or a fine not less than \$500, whichever is greater. Such fine shall be assessed on the date of notice of the violation and shall be suspended for violations that continue after such date upon completion of a plan of correction in accordance with Section 3-308 in relation to the assessment of fines and correction. Failure to correct such violation within the time period approved under a plan of correction shall result in a fine and conditional license as provided under subsection (5).~~

(2.5) A licensee who commits 10 or more Type "C" violations, as defined in Section 1-132, in a single survey shall be assessed a fine of up to \$250 per violation. A licensee who commits a one or more Type "C" violations with a high risk designation, as defined by rule, shall be assessed a fine of up to \$500 per violation.

(3) A licensee who commits a Type "AA" or Type "A" violation as defined in Section ~~1-128.5~~ 1-129 which continues beyond the time specified in paragraph (a) of Section 3-303 which is cited as a repeat violation shall have its license revoked and shall be assessed a fine of 3 times the fine computed per resident per day under subsection (1).

(4) A licensee who fails to satisfactorily comply with an accepted plan of correction for a Type "B" violation or an administrative warning issued pursuant to Sections 3-401 through 3-413 or the rules promulgated thereunder shall be automatically issued a conditional license for a period of not less than 6 months. A second or subsequent acceptable plan of correction shall be filed. A fine shall be assessed in accordance with subsection (2) when cited for the repeat violation. This fine shall be computed for all days of the violation, including the duration of the first plan of correction compliance time.

(5) For the purpose of computing a penalty under subsections (2) through (4), the number of residents per day shall be based on the average number of residents in the facility during the 30 days preceding the discovery of the violation.

(6) When the Department finds that a provision of Article II has been violated with regard to a particular resident, the Department shall issue an order requiring the facility to reimburse the resident for injuries incurred, or \$100, whichever is greater. In the case of a violation involving any action other than theft of money belonging to a resident, reimbursement shall be ordered only if a provision of Article II has been violated with regard to that or any other resident of the facility within the 2 years immediately preceding the violation in question.

(7) For purposes of assessing fines under this Section, a repeat violation shall be a violation which has been cited during one inspection of the facility for which an accepted plan of correction was not

complied with or ~~A repeat violation shall not be~~ a new citation of the same rule if, ~~unless~~ the licensee is not substantially addressing the issue routinely throughout the facility.

(7.5) If an occurrence results in more than one type of violation as defined in this Act (that is, a Type "AA", Type "A", Type "B", or Type "C" violation), the maximum fine that may be assessed for that occurrence is the maximum fine that may be assessed for the most serious type of violation charged. For purposes of the preceding sentence, a Type "AA" violation is the most serious type of violation that may be charged, followed by a Type "A", Type "B", or Type "C" violation, in that order.

(8) The minimum and maximum fines that may be assessed pursuant to this Section shall be twice those otherwise specified for any facility that willfully makes a misstatement of fact to the Department, or willfully fails to make a required notification to the Department, if that misstatement or failure delays the start of a surveyor or impedes a survey.

(9) High risk designation. If the Department finds that a facility has violated a provision of the Illinois Administrative Code that has a high risk designation, or that a facility has violated the same provision of the Illinois Administrative Code 3 or more times in the previous 12 months, the Department may assess a fine of up to 2 times the maximum fine otherwise allowed.

(10) If a licensee has paid a civil monetary penalty imposed pursuant to the Medicare and Medicaid Certification Program for the equivalent federal violation giving rise to a fine under this Section, the Department shall offset the fine by the amount of the civil monetary penalty. The offset may not reduce the fine by more than 75% of the original fine, however.

(1) The gravity of the violation, including the probability that death or serious physical or mental harm to a resident will result or has resulted; the severity of the actual or potential harm, and the extent to which the provisions of the applicable statutes or regulations were violated;

(2) The reasonable diligence exercised by the licensee and efforts to correct violations.

A facility choosing to waive the right to a hearing under Section 3-309 shall submit a payment totaling 65% of the original fine amount along with the written waiver. A penalty assessed under this Act shall be collected by the Department and shall be deposited with the State Treasurer into the Long Term Care Monitor/Receiver Fund. If the person or facility against whom a penalty has been assessed does not comply with a written demand for payment within 30 days, the Director shall issue an order to do any of the following:

(1) Direct the State Treasurer or Comptroller to deduct the amount of the fine from amounts otherwise

due from the State for the penalty, including any payments to be made from the Medicaid Long Term Care Provider Participation Fee Trust Fund established under Section 5-4.31 of the Illinois Public Aid Code, and remit that amount to the Department;

(2) Add the amount of the penalty to the facility's licensing fee; if the licensee

refuses to make the payment at the time of application for renewal of its license, the license shall not be renewed; or

(3) Bring an action in circuit court to recover the amount of the penalty.

With the approval of the federal centers for Medicaid and Medicare services, the Director of Public

for participation in the federal reimbursement program under either Title XVIII or Title XIX of the Social Security Act; or -

Nothing in this paragraph (f) shall preclude the Department from placing a monitor in a facility if otherwise justified by law.

As used in subsection (d) and Section 3-503, "emergency" means a threat to the health, safety or welfare of a resident that the facility is unwilling or unable to correct.

Sec. 3-810. Whistleblower protection.

(a) In this Section, "retaliatory action" means the reprimand, discharge, suspension, demotion, denial of promotion or transfer, or change in the terms and conditions of employment of any employee of a facility that is taken in retaliation for the employee's involvement in a protected activity as set forth in paragraphs (1) through (3) of subsection (b).

(b) A facility shall not take any retaliatory action against an employee of the facility, including a nursing home administrator, because the employee does any of the following:

(1) Discloses or threatens to disclose to a supervisor or to a public body an activity, inaction, policy, or practice implemented by a facility that the employee reasonably believes is in violation of a law, rule, or regulation.

(2) Provides information to or testifies before any public body conducting an investigation, hearing, or inquiry into any violation of a law, rule, or regulation by a nursing home administrator.

(3) Assists or participates in a proceeding to enforce the provisions of this Act.

(c) A violation of this Section may be established only upon a finding that (i) the employee of the facility engaged in conduct described in subsection (b) of this Section and (ii) this conduct was a contributing factor in the retaliatory action alleged by the employee. There is no violation of this Section, however, if the facility demonstrates by clear and convincing evidence that it would have taken the same unfavorable personnel action in the absence of that conduct.

(d) The employee of the facility may be awarded all remedies necessary to make the employee whole and to prevent future violations of this Section. Remedies imposed by the court may include, but are not limited to, all of the following:

(1) Reinstatement of the employee to either the same position held before the retaliatory action or to an equivalent position.

(2) Two times the amount of back pay.

Section 30. The Hospital Licensing Act is amended by changing Sections 6.09 and 7 as follows:

(210 ILCS 85/6.09) (from Ch. 111 1/2, par. 147.09)

(Text of Section before amendment by P.A. 96-339)

Sec. 6.09. (a) In order to facilitate the orderly transition of aged and disabled patients from hospitals to post-hospital care, whenever a patient who qualifies for the federal Medicare program is hospitalized, the patient shall be notified of discharge at least 24 hours prior to discharge from the hospital. With regard to pending discharges to a skilled nursing facility, the hospital must notify the case coordination unit, as defined in 89 Ill. Adm. Code 240.260, at least 24 hours prior to discharge or, if home health services are ordered, the hospital must inform its designated case coordination unit, as defined in 89 Ill. Adm. Code 240.260, of the pending discharge and must provide the patient with the case coordination unit's telephone number and other contact information.

(b) Every hospital shall develop procedures for a physician with medical staff privileges at the hospital or any appropriate medical staff member to provide the discharge notice prescribed in subsection (a) of this Section. The procedures must include prohibitions against discharging or referring a patient to any of the following if unlicensed, uncertified, or unregistered: (i) a board and care facility, as defined in the Board and Care Home Act; (ii) an assisted living and shared housing establishment, as defined in the Assisted Living and Shared Housing Act; (iii) a facility licensed under the Nursing Home Care Act; (iv) a supportive living facility, as defined in Section 5-5.01a of the Illinois Public Aid Code; or (v) a free-standing hospice facility licensed under the Hospice Program Licensing Act if licensure, certification, or registration is required. The Department of Public Health shall annually provide hospitals with a list of licensed, certified, or registered board and care facilities, assisted living and shared housing establishments, nursing homes, supportive living facilities, and hospice facilities. Reliance upon this list by a hospital shall satisfy compliance with this requirement. The procedure may also include a waiver for any case in which a discharge notice is not feasible due to a short length of stay in the hospital by the patient, or for any case in which the patient voluntarily desires to leave the hospital before the expiration of the 24 hour period.

(c) At least 24 hours prior to discharge from the hospital, the patient shall receive written information on the patient's right to appeal the discharge pursuant to the federal Medicare program, including the steps to follow to appeal the discharge and the appropriate telephone number to call in case the patient intends to appeal the discharge.

(d) Before transfer of a patient to a long term care facility licensed under the Nursing Home Care Act where elderly persons reside, a hospital shall as soon as practicable initiate a name-based criminal history background check by electronic submission to the Department of State Police for all persons between the ages of 18 and 70 years; provided, however, that a hospital shall be required to initiate such a background check only with respect to patients who:

(1) are transferring to a long term care facility for the first time;

(2) have been in the hospital more than 5 days;

(3) are reasonably expected to remain at the long term care facility for more than 30 days;

(4) have a known history of serious mental illness or substance abuse; and

(5) are independently ambulatory or mobile for more than a temporary period of time.

A hospital may also request a criminal history background check for a patient who does not meet any of the criteria set forth in items (1) through (5).

A hospital shall notify a long term care facility if the hospital has initiated a criminal history background check on a patient being discharged to that facility. In all circumstances in which the hospital is required by this subsection to initiate the criminal history background check, the transfer to the long term care facility may proceed regardless of the availability of criminal history results. Upon receipt of the results, the hospital shall promptly forward the results to the appropriate long term care facility. If the results of the background check are inconclusive, the hospital shall have no additional duty or obligation to seek additional information from, or about, the patient.

(d) Before transfer of a patient to a long term care facility licensed under the Nursing Home Care Act where elderly persons reside, a hospital shall as soon as practicable initiate a name-based criminal history background check by electronic submission to the Department of State Police for all persons between the ages of 18 and 70 years; provided, however, that a hospital shall be required to initiate such a background check only with respect to patients who:

A hospital may also request a criminal history background check for a patient who does not meet any of the criteria set forth in items (1) through (5).

A hospital shall notify a long term care facility if the hospital has initiated a criminal history background check on a patient being discharged to that facility. In all circumstances in which the hospital is required by this subsection to initiate the criminal history background check, the transfer to the long term care facility may proceed regardless of the availability of criminal history results. Upon receipt of the results, the hospital shall promptly forward the results to the appropriate long term care facility. If the results of the background check are inconclusive, the hospital shall have no additional duty or obligation to seek additional information from, or about, the patient.

(210 ILCS 85/7) (from Ch. 111 1/2, par. 148)

Sec. 7. (a) The Director after notice and opportunity for hearing to the applicant or licensee may deny, suspend, or revoke a permit to establish a hospital or deny, suspend, or revoke a license to open, conduct, operate, and maintain a hospital in any case in which he finds that there has been a substantial failure to comply with the provisions of this Act, the Hospital Report Card Act, or the Illinois Adverse Health Care Events Reporting Law of 2005 or the standards, rules, and regulations established by virtue of any of those Acts. The Department may impose fines on hospitals, not to exceed \$500 per occurrence, for failing to initiate a criminal background check on a patient that meets the criteria for hospital-initiated background checks. In assessing whether to impose such a fine, the Department shall consider various factors including, but not limited to, whether the hospital has engaged in a pattern or practice of failing to initiate criminal background checks. Money from fines shall be deposited into the

Long Term Care Provider Fund.

(b) Such notice shall be effected by registered mail or by personal service setting forth the particular reasons for the proposed action and fixing a date, not less than 15 days from the date of such mailing or service, at which time the applicant or licensee shall be given an opportunity for a hearing. Such hearing shall be conducted by the Director or by an employee of the Department designated in writing by the Director as Hearing Officer to conduct the hearing. On the basis of any such hearing, or upon default of the applicant or licensee, the Director shall make a determination specifying his findings and conclusions. In case of a denial to an applicant of a permit to establish a hospital, such determination shall specify the subsection of Section 6 under which the permit was denied and shall contain findings of fact forming the basis of such denial. A copy of such determination shall be sent by registered mail or served personally upon the applicant or licensee. The decision denying, suspending, or revoking a permit or a license shall become final 35 days after it is so mailed or served, unless the applicant or licensee, within such 35 day period, petitions for review pursuant to Section 13.

(c) The procedure governing hearings authorized by this Section shall be in accordance with rules promulgated by the Department and approved by the Hospital Licensing Board. A full and complete record shall be kept of all proceedings, including the notice of hearing, complaint, and all other documents in the nature of pleadings, written motions filed in the proceedings, and the report and orders of the Director and Hearing Officer. All testimony shall be reported but need not be transcribed unless the decision is appealed pursuant to Section 13. A copy or copies of the transcript may be obtained by any interested party on payment of the cost of preparing such copy or copies.

(d) The Director or Hearing Officer shall upon his own motion, or on the written request of any party to the proceeding, issue subpoenas requiring the attendance and the giving of testimony by witnesses, and subpoenas duces tecum requiring the production of books, papers, records, or memoranda. All subpoenas and subpoenas duces tecum issued under the terms of this Act may be served by any person of full age. The fees of witnesses for attendance and travel shall be the same as the fees of witnesses before the Circuit Court of this State, such fees to be paid when the witness is excused from further attendance. When the witness is subpoenaed at the instance of the Director, or Hearing Officer, such fees shall be paid in the same manner as other expenses of the Department, and when the witness is subpoenaed at the instance of any other party to any such proceeding the Department may require that the cost of service of the subpoena or subpoena duces tecum and the fee of the witness be borne by the party at whose instance the witness is summoned. In such case, the Department in its discretion, may require a deposit to cover the cost of such service and witness fees. A subpoena or subpoena duces tecum issued as aforesaid shall be served in the same manner as a subpoena issued out of a court.

(e) Any Circuit Court of this State upon the application of the Director, or upon the application of any other party to the proceeding, may, in its discretion, compel the attendance of witnesses, the production of books, papers, records, or memoranda and the giving of testimony before the Director or Hearing Officer conducting an investigation or holding a hearing authorized by this Act, by an attachment for contempt, or otherwise, in the same manner as production of evidence may be compelled before the court.

(f) The Director or Hearing Officer, or any party in an investigation or hearing before the Department, may cause the depositions of witnesses within the State to be taken in the manner prescribed by law for like depositions in civil actions in courts of this State, and to that end compel the attendance of witnesses and the production of books, papers, records, or memoranda.

Section 33. The Medical Practice Act of 1987 is amended by changing Sections 23 and 36 as follows:
(225 ILCS 60/23) (from Ch. 111, par. 4400-23)

(Section scheduled to be repealed on December 31, 2010)

Sec. 23. Reports relating to professional conduct and capacity.

(A) Entities required to report.

(1) Health care institutions. The chief administrator or executive officer of any health care institution licensed by the Illinois Department of Public Health shall report to the Disciplinary Board when any person's clinical privileges are terminated or are restricted based on a final determination, in accordance with that institution's by-laws or rules and regulations, that a person has either committed an act or acts which may directly threaten patient care, and not of an administrative nature, or that a person may be mentally or physically disabled in such a manner as to endanger patients under that person's care. Such officer also shall report if a person accepts voluntary termination or restriction of clinical privileges in lieu of formal action based upon conduct related directly to patient care and not of an administrative nature, or in lieu of formal action seeking to

determine whether a person may be mentally or physically disabled in such a manner as to endanger patients under that person's care. The Medical Disciplinary Board shall, by rule, provide for the reporting to it of all instances in which a person, licensed under this Act, who is impaired by reason of age, drug or alcohol abuse or physical or mental impairment, is under supervision and, where appropriate, is in a program of rehabilitation. Such reports shall be strictly confidential and may be reviewed and considered only by the members of the Disciplinary Board, or by authorized staff as provided by rules of the Disciplinary Board. Provisions shall be made for the periodic report of the status of any such person not less than twice annually in order that the Disciplinary Board shall have current information upon which to determine the status of any such person. Such initial and periodic reports of impaired physicians shall not be considered records within the meaning of The State Records Act and shall be disposed of, following a determination by the Disciplinary Board that such reports are no longer required, in a manner and at such time as the Disciplinary Board shall determine by rule. The filing of such reports shall be construed as the filing of a report for purposes of subsection (C) of this Section.

(2) Professional associations. The President or chief executive officer of any association or society, of persons licensed under this Act, operating within this State shall report to the Disciplinary Board when the association or society renders a final determination that a person has committed unprofessional conduct related directly to patient care or that a person may be mentally or physically disabled in such a manner as to endanger patients under that person's care.

(3) Professional liability insurers. Every insurance company which offers policies of professional liability insurance to persons licensed under this Act, or any other entity which seeks to indemnify the professional liability of a person licensed under this Act, shall report to the Disciplinary Board the settlement of any claim or cause of action, or final judgment rendered in any cause of action, which alleged negligence in the furnishing of medical care by such licensed person when such settlement or final judgment is in favor of the plaintiff.

(4) State's Attorneys. The State's Attorney of each county shall report to the Disciplinary Board all instances in which a person licensed under this Act is convicted or otherwise found guilty of the commission of any felony. The State's Attorney of each county may report to the Disciplinary Board through a verified complaint any instance in which the State's Attorney believes that a physician has willfully violated the notice requirements of the Parental Notice of Abortion Act of 1995.

(5) State agencies. All agencies, boards, commissions, departments, or other instrumentalities of the government of the State of Illinois shall report to the Disciplinary Board any instance arising in connection with the operations of such agency, including the administration of any law by such agency, in which a person licensed under this Act has either committed an act or acts which may be a violation of this Act or which may constitute unprofessional conduct related directly to patient care or which indicates that a person licensed under this Act may be mentally or physically disabled in such a manner as to endanger patients under that person's care.

(B) Mandatory reporting. All reports required by items (34), (35), and (36) of subsection (A) of Section 22 and by Section 23 shall be submitted to the Disciplinary Board in a timely fashion. The reports shall be filed in writing within 60 days after a determination that a report is required under this Act. All reports shall contain the following information:

(1) The name, address and telephone number of the person making the report.

(2) The name, address and telephone number of the person who is the subject of the report.

(3) The name and date of birth of any patient or patients whose treatment is a subject of the report, if available, or other means of identification if such information is not available, identification of the hospital or other healthcare facility where the care at issue in the report was rendered, provided, however, no medical records may be revealed.

(4) A brief description of the facts which gave rise to the issuance of the report, including the dates of any occurrences deemed to necessitate the filing of the report.

(5) If court action is involved, the identity of the court in which the action is filed, along with the docket number and date of filing of the action.

(6) Any further pertinent information which the reporting party deems to be an aid in the evaluation of the report.

The Disciplinary Board or Department may also exercise the power under Section 38 of this Act to subpoena copies of hospital or medical records in mandatory report cases alleging death or permanent bodily injury. Appropriate rules shall be adopted by the Department with the approval of the Disciplinary Board.

When the Department has received written reports concerning incidents required to be reported in items (34), (35), and (36) of subsection (A) of Section 22, the licensee's failure to report the incident to the Department under those items shall not be the sole grounds for disciplinary action.

Nothing contained in this Section shall act to in any way, waive or modify the confidentiality of medical reports and committee reports to the extent provided by law. Any information reported or disclosed shall be kept for the confidential use of the Disciplinary Board, the Medical Coordinators, the Disciplinary Board's attorneys, the medical investigative staff, and authorized clerical staff, as provided in this Act, and shall be afforded the same status as is provided information concerning medical studies in Part 21 of Article VIII of the Code of Civil Procedure, except that the Department may disclose information and documents to a federal, State, or local law enforcement agency pursuant to a subpoena in an ongoing criminal investigation or to a health care licensing body of this State or another state or jurisdiction pursuant to an official request made by that licensing body. Furthermore, information and documents disclosed to a federal, State, or local law enforcement agency may be used by that agency only for the investigation and prosecution of a criminal offense, or, in the case of disclosure to a health care licensing body, only for investigations and disciplinary action proceedings with regard to a license. Information and documents disclosed to the Department of Public Health may be used by that Department only for investigation and disciplinary action regarding the license of a health care institution licensed by the Department of Public Health.

(C) Immunity from prosecution. Any individual or organization acting in good faith, and not in a wilful and wanton manner, in complying with this Act by providing any report or other information to the Disciplinary Board or a peer review committee, or assisting in the investigation or preparation of such information, or by voluntarily reporting to the Disciplinary Board or a peer review committee information regarding alleged errors or negligence by a person licensed under this Act, or by participating in proceedings of the Disciplinary Board or a peer review committee, or by serving as a member of the Disciplinary Board or a peer review committee, shall not, as a result of such actions, be subject to criminal prosecution or civil damages.

(D) Indemnification. Members of the Disciplinary Board, the Medical Coordinators, the Disciplinary Board's attorneys, the medical investigative staff, physicians retained under contract to assist and advise the medical coordinators in the investigation, and authorized clerical staff shall be indemnified by the State for any actions occurring within the scope of services on the Disciplinary Board, done in good faith and not wilful and wanton in nature. The Attorney General shall defend all such actions unless he or she determines either that there would be a conflict of interest in such representation or that the actions complained of were not in good faith or were wilful and wanton.

Should the Attorney General decline representation, the member shall have the right to employ counsel of his or her choice, whose fees shall be provided by the State, after approval by the Attorney General, unless there is a determination by a court that the member's actions were not in good faith or were wilful and wanton.

The member must notify the Attorney General within 7 days of receipt of notice of the initiation of any action involving services of the Disciplinary Board. Failure to so notify the Attorney General shall constitute an absolute waiver of the right to a defense and indemnification.

The Attorney General shall determine within 7 days after receiving such notice, whether he or she will undertake to represent the member.

(E) Deliberations of Disciplinary Board. Upon the receipt of any report called for by this Act, other than those reports of impaired persons licensed under this Act required pursuant to the rules of the Disciplinary Board, the Disciplinary Board shall notify in writing, by certified mail, the person who is the subject of the report. Such notification shall be made within 30 days of receipt by the Disciplinary Board of the report.

The notification shall include a written notice setting forth the person's right to examine the report. Included in such notification shall be the address at which the file is maintained, the name of the custodian of the reports, and the telephone number at which the custodian may be reached. The person who is the subject of the report shall submit a written statement responding, clarifying, adding to, or proposing the amending of the report previously filed. The person who is the subject of the report shall also submit with the written statement any medical records related to the report. The statement and accompanying medical records shall become a permanent part of the file and must be received by the Disciplinary Board no more than 30 days after the date on which the person was notified by the Disciplinary Board of the existence of the original report.

The Disciplinary Board shall review all reports received by it, together with any supporting information and responding statements submitted by persons who are the subject of reports. The review by the Disciplinary Board shall be in a timely manner but in no event, shall the Disciplinary Board's

initial review of the material contained in each disciplinary file be less than 61 days nor more than 180 days after the receipt of the initial report by the Disciplinary Board.

When the Disciplinary Board makes its initial review of the materials contained within its disciplinary files, the Disciplinary Board shall, in writing, make a determination as to whether there are sufficient facts to warrant further investigation or action. Failure to make such determination within the time provided shall be deemed to be a determination that there are not sufficient facts to warrant further investigation or action.

Should the Disciplinary Board find that there are not sufficient facts to warrant further investigation, or action, the report shall be accepted for filing and the matter shall be deemed closed and so reported to the Secretary. The Secretary shall then have 30 days to accept the Medical Disciplinary Board's decision or request further investigation. The Secretary shall inform the Board in writing of the decision to request further investigation, including the specific reasons for the decision. The individual or entity filing the original report or complaint and the person who is the subject of the report or complaint shall be notified in writing by the Secretary of any final action on their report or complaint.

(F) Summary reports. The Disciplinary Board shall prepare, on a timely basis, but in no event less than once every other month, a summary report of final actions taken upon disciplinary files maintained by the Disciplinary Board. The summary reports shall be made available to the public upon request and payment of the fees set by the Department. This publication may be made available to the public on the Department's Internet website.

(G) Any violation of this Section shall be a Class A misdemeanor.

(H) If any such person violates the provisions of this Section an action may be brought in the name of the People of the State of Illinois, through the Attorney General of the State of Illinois, for an order enjoining such violation or for an order enforcing compliance with this Section. Upon filing of a verified petition in such court, the court may issue a temporary restraining order without notice or bond and may preliminarily or permanently enjoin such violation, and if it is established that such person has violated or is violating the injunction, the court may punish the offender for contempt of court. Proceedings under this paragraph shall be in addition to, and not in lieu of, all other remedies and penalties provided for by this Section.

(225 ILCS 60/36) (from Ch. 111, par. 4400-36)

(Section scheduled to be repealed on December 31, 2010)

Sec. 36. Upon the motion of either the Department or the Disciplinary Board or upon the verified complaint in writing of any person setting forth facts which, if proven, would constitute grounds for suspension or revocation under Section 22 of this Act, the Department shall investigate the actions of any person, so accused, who holds or represents that they hold a license. Such person is hereinafter called the accused.

The Department shall, before suspending, revoking, placing on probationary status, or taking any other disciplinary action as the Department may deem proper with regard to any license at least 30 days prior to the date set for the hearing, notify the accused in writing of any charges made and the time and place for a hearing of the charges before the Disciplinary Board, direct them to file their written answer thereto to the Disciplinary Board under oath within 20 days after the service on them of such notice and inform them that if they fail to file such answer default will be taken against them and their license may be suspended, revoked, placed on probationary status, or have other disciplinary action, including limiting the scope, nature or extent of their practice, as the Department may deem proper taken with regard thereto.

Where a physician has been found, upon complaint and investigation of the Department, and after hearing, to have performed an abortion procedure in a wilful and wanton manner upon a woman who was not pregnant at the time such abortion procedure was performed, the Department shall automatically revoke the license of such physician to practice medicine in Illinois.

Such written notice and any notice in such proceedings thereafter may be served by delivery of the same, personally, to the accused person, or by mailing the same by registered or certified mail to the address last theretofore specified by the accused in their last notification to the Department.

All information gathered by the Department during its investigation including information subpoenaed under Section 23 or 38 of this Act and the investigative file shall be kept for the confidential use of the Secretary, Disciplinary Board, the Medical Coordinators, persons employed by contract to advise the Medical Coordinator or the Department, the Disciplinary Board's attorneys, the medical investigative staff, and authorized clerical staff, as provided in this Act and shall be afforded the same status as is provided information concerning medical studies in Part 21 of Article VIII of the Code of Civil Procedure, except that the Department may disclose information and documents to a federal, State, or

local law enforcement agency pursuant to a subpoena in an ongoing criminal investigation to a health care licensing body of this State or another state or jurisdiction pursuant to an official request made by that licensing body. Furthermore, information and documents disclosed to a federal, State, or local law enforcement agency may be used by that agency only for the investigation and prosecution of a criminal offense or, in the case of disclosure to a health care licensing body, only for investigations and disciplinary action proceedings with regard to a license issued by that licensing body.

Section 35. The Nursing Home Administrators Licensing and Disciplinary Act is amended by changing Section 17 and adding Sections 17.1 and 38 as follows:

(225 ILCS 70/17) (from Ch. 111, par. 3667)

(Text of Section before amendment by P.A. 96-339)

(Section scheduled to be repealed on January 1, 2018)

Sec. 17. Grounds for disciplinary action.

(a) The Department may impose fines not to exceed \$10,000 or may refuse to issue or to renew, or may revoke, suspend, place on probation, censure, reprimand or take other disciplinary or non-disciplinary action with regard to the license of any person, for any one or combination of the following causes:

(1) Intentional material misstatement in furnishing information to the Department.

(2) Conviction of or entry of a plea of guilty or nolo contendere to any crime that is a felony under the laws of the United States or any state or territory thereof or a misdemeanor of which an essential element is dishonesty or that is directly related to the practice of the profession of nursing home administration.

(3) Making any misrepresentation for the purpose of obtaining a license, or violating any provision of this Act.

(4) Immoral conduct in the commission of any act, such as sexual abuse or sexual misconduct, related to the licensee's practice.

(5) Failing to respond within 30 days, to a written request made by the Department for information.

(6) Engaging in dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud or harm the public.

(7) Habitual use or addiction to alcohol, narcotics, stimulants, or any other chemical agent or drug which results in the inability to practice with reasonable judgment, skill or safety.

(8) Discipline by another U.S. jurisdiction if at least one of the grounds for the discipline is the same or substantially equivalent to those set forth herein.

(9) A finding by the Department that the licensee, after having his or her license placed on probationary status has violated the terms of probation.

(10) Willfully making or filing false records or reports in his or her practice, including but not limited to false records filed with State agencies or departments.

(11) Physical illness, mental illness, or other impairment or disability, including, but not limited to, deterioration through the aging process, or loss of motor skill that results in the inability to practice the profession with reasonable judgment, skill or safety.

(12) Disregard or violation of this Act or of any rule issued pursuant to this Act.

(13) Aiding or abetting another in the violation of this Act or any rule or regulation issued pursuant to this Act.

(14) Allowing one's license to be used by an unlicensed person.

(15) (Blank).

(16) Professional incompetence in the practice of nursing home administration.

(17) Conviction of a violation of Section 12-19 of the Criminal Code of 1961 for the abuse and gross neglect of a long term care facility resident.

(18) Violation of the Nursing Home Care Act or of any rule issued under the Nursing Home Care Act. A final adjudication of a Type "AA" violation of the Nursing Home Care Act made by the Illinois Department of Public Health, as identified by rule, relating to the hiring, training, planning, organizing, directing, or supervising the operation of a nursing home and a licensee's failure to comply with this Act or the rules adopted under this Act, shall create a rebuttable presumption of a violation of this subsection.

(19) Failure to report to the Department any adverse final action taken against the licensee by a licensing authority of another state, territory of the United States, or foreign country; or by any governmental or law enforcement agency; or by any court for acts or conduct similar to acts or conduct

that would constitute grounds for disciplinary action under this Section.

(20) Failure to report to the Department the surrender of a license or authorization to practice as a nursing home administrator in another state or jurisdiction for acts or conduct similar to acts or conduct that would constitute grounds for disciplinary action under this Section.

(21) Failure to report to the Department any adverse judgment, settlement, or award arising from a liability claim related to acts or conduct similar to acts or conduct that would constitute grounds for disciplinary action under this Section.

All proceedings to suspend, revoke, place on probationary status, or take any other disciplinary action as the Department may deem proper, with regard to a license on any of the foregoing grounds, must be commenced within 5 years next after receipt by the Department of (i) a complaint alleging the commission of or notice of the conviction order for any of the acts described herein or (ii) a referral for investigation under Section 3-108 of the Nursing Home Care Act.

The entry of an order or judgment by any circuit court establishing that any person holding a license under this Act is a person in need of mental treatment operates as a suspension of that license. That person may resume their practice only upon the entry of a Department order based upon a finding by the Board that they have been determined to be recovered from mental illness by the court and upon the Board's recommendation that they be permitted to resume their practice.

The Department, upon the recommendation of the Board, may adopt rules which set forth standards to be used in determining what constitutes:

- (i) when a person will be deemed sufficiently rehabilitated to warrant the public trust;
 - (ii) dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud, or harm the public;
 - (iii) immoral conduct in the commission of any act related to the licensee's practice;
- and
- (iv) professional incompetence in the practice of nursing home administration.

However, no such rule shall be admissible into evidence in any civil action except for review of a licensing or other disciplinary action under this Act.

In enforcing this Section, the Department or Board, upon a showing of a possible violation, may compel any individual licensed to practice under this Act, or who has applied for licensure pursuant to this Act, to submit to a mental or physical examination, or both, as required by and at the expense of the Department. The examining physician or physicians shall be those specifically designated by the Department or Board. The Department or Board may order the examining physician to present testimony concerning this mental or physical examination of the licensee or applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communications between the licensee or applicant and the examining physician. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any individual to submit to mental or physical examination, when directed, shall be grounds for suspension of his or her license until such time as the individual submits to the examination if the Department finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

If the Department or Board finds an individual unable to practice because of the reasons set forth in this Section, the Department or Board shall require such individual to submit to care, counseling, or treatment by physicians approved or designated by the Department or Board, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice; or in lieu of care, counseling, or treatment, the Department may file, or the Board may recommend to the Department to file, a complaint to immediately suspend, revoke, or otherwise discipline the license of the individual. Any individual whose license was granted pursuant to this Act or continued, reinstated, renewed, disciplined or supervised, subject to such terms, conditions or restrictions who shall fail to comply with such terms, conditions or restrictions shall be referred to the Secretary for a determination as to whether the licensee shall have his or her license suspended immediately, pending a hearing by the Department. In instances in which the Secretary immediately suspends a license under this Section, a hearing upon such person's license must be convened by the Board within 30 days after such suspension and completed without appreciable delay. The Department and Board shall have the authority to review the subject administrator's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act, affected under this Section, shall be afforded an opportunity to demonstrate to the Department or Board that he or she can resume practice in compliance with acceptable and prevailing standards under the provisions of his or her license.

- (b) Any individual or organization acting in good faith, and not in a wilful and wanton manner, in

[May 6, 2010]

complying with this Act by providing any report or other information to the Department, or assisting in the investigation or preparation of such information, or by participating in proceedings of the Department, or by serving as a member of the Board, shall not, as a result of such actions, be subject to criminal prosecution or civil damages.

(c) Members of the Board, and persons retained under contract to assist and advise in an investigation, shall be indemnified by the State for any actions occurring within the scope of services on or for the Board, done in good faith and not wilful and wanton in nature. The Attorney General shall defend all such actions unless he or she determines either that there would be a conflict of interest in such representation or that the actions complained of were not in good faith or were wilful and wanton.

Should the Attorney General decline representation, a person entitled to indemnification under this Section shall have the right to employ counsel of his or her choice, whose fees shall be provided by the State, after approval by the Attorney General, unless there is a determination by a court that the member's actions were not in good faith or were wilful and wanton.

A person entitled to indemnification under this Section must notify the Attorney General within 7 days of receipt of notice of the initiation of any action involving services of the Board. Failure to so notify the Attorney General shall constitute an absolute waiver of the right to a defense and indemnification.

The Attorney General shall determine within 7 days after receiving such notice, whether he or she will undertake to represent a person entitled to indemnification under this Section.

(d) The determination by a circuit court that a licensee is subject to involuntary admission or judicial admission as provided in the Mental Health and Developmental Disabilities Code, as amended, operates as an automatic suspension. Such suspension will end only upon a finding by a court that the patient is no longer subject to involuntary admission or judicial admission and issues an order so finding and discharging the patient; and upon the recommendation of the Board to the Secretary that the licensee be allowed to resume his or her practice.

(e) The Department may refuse to issue or may suspend the license of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Department of Revenue, until such time as the requirements of any such tax Act are satisfied.

(f) The Department of Public Health shall transmit to the Department a list of those facilities which receive an "A" violation as defined in Section 1-129 of the Nursing Home Care Act.

(20) Failure to report to the Department the surrender of a license or authorization to practice as a nursing home administrator in another state or jurisdiction for acts or conduct similar to acts or conduct that would constitute grounds for disciplinary action under this Section.

(21) Failure to report to the Department any adverse judgment, settlement, or award arising from a liability claim related to acts or conduct similar to acts or conduct that would constitute grounds for disciplinary action under this Section.

for suspension of his or her license until such time as the individual submits to the examination if the Department finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

(225 ILCS 70/17.1 new)

Sec. 17.1. Reports of violations of Act or other conduct.

(a) The owner or licensee of a long term care facility licensed under the Nursing Home Care Act who employs or contracts with a licensee under this Act shall report to the Department any instance of which he or she has knowledge arising in connection with operations of the health care institution, including

the administration of any law by the institution, in which a licensee under this Act has either committed an act or acts which may constitute a violation of this Act or unprofessional conduct related directly to patient care, or which may indicate that the licensee may be mentally or physically disabled in such a manner as to endanger patients under that licensee's care. Additionally, every nursing home shall report to the Department any instance when a licensee is terminated for cause which would constitute a violation of this Act. The Department may take disciplinary or non-disciplinary action if the termination is based upon unprofessional conduct related to planning, organizing, directing, or supervising the operation of a nursing home as defined by this Act or other conduct by the licensee that would be a violation of this Act or Rules.

For the purposes of this subsection, "owner" does not mean the owner of the real estate or physical plant who does not hold management or operational control of the licensed long term care facility.

(b) Any insurance company that offers policies of professional liability insurance to licensees, or any other entity that seeks to indemnify the professional liability of a licensee, shall report the settlement of any claim or adverse final judgment rendered in any action that alleged negligence in planning, organizing, directing, or supervising the operation of a nursing home by the licensee.

(c) The State's Attorney of each county shall report to the Department each instance in which a licensee is convicted of or enters a plea of guilty or nolo contendere to any crime that is a felony, or of which an essential element is dishonesty, or that is directly related to the practice of the profession of nursing home administration.

(d) Any agency, board, commission, department, or other instrumentality of the government of the State of Illinois shall report to the Department any instance arising in connection with the operations of the agency, including the administration of any law by the agency, in which a licensee under this Act has either committed an act or acts which may constitute a violation of this Act or unprofessional conduct related directly to planning, organizing, directing or supervising the operation of a nursing home, or which may indicate that a licensee may be mentally or physically disabled in such a manner as to endanger others.

(e) All reports required by items (19), (20), and (21) of subsection (a) of Section 17 and by this Section 17.1 shall be submitted to the Department in a timely fashion. The reports shall be filed in writing within 60 days after a determination that a report is required under this Section. All reports shall contain the following information:

(1) The name, address, and telephone number of the person making the report.

(2) The name, address, and telephone number of the person who is the subject of the report.

(3) The name and date of birth of any person or persons whose treatment is a subject of the report, or other means of identification if that information is not available, and identification of the nursing home facility where the care at issue in the report was rendered.

(4) A brief description of the facts which gave rise to the issuance of the report, including the dates of any occurrences deemed to necessitate the filing of the report.

(5) If court action is involved, the identity of the court in which the action is filed, along with the docket number and the date the action was filed.

(6) Any further pertinent information that the reporting party deems to be an aid in evaluating the report.

If the Department receives a written report concerning an incident required to be reported under item (19), (20), or (21) of subsection (a) of Section 17, then the licensee's failure to report the incident to the Department within 60 days may not be the sole ground for any disciplinary action against the licensee.

(f) Any individual or organization acting in good faith, and not in a wilful and wanton manner, in complying with this Section by providing any report or other information to the Department, by assisting in the investigation or preparation of such information, by voluntarily reporting to the Department information regarding alleged errors or negligence by a licensee, or by participating in proceedings of the Department, shall not, as a result of such actions, be subject to criminal prosecution or civil damages.

(g) Upon the receipt of any report required by this Section, the Department shall notify in writing, by certified mail, the person who is the subject of the report. The notification shall be made within 30 days after the Department's receipt of the report.

The notification shall include a written notice setting forth the person's right to examine the report. The notification shall also include the address at which the file is maintained, the name of the custodian of the file, and the telephone number at which the custodian may be reached. The person who is the subject of the report shall submit a written statement responding, clarifying, adding to, or proposing the amending of the report previously filed. The statement shall become a permanent part of the file and must be received by the Department no more than 30 days after the date on which the person was notified by the Department of the existence of the original report.

The Department shall review a report received by it, together with any supporting information and responding statements submitted by the person who is the subject of the report. The review by the Department shall be in a timely manner, but in no event shall the Department's initial review of the material contained in each disciplinary file last less than 61 days nor more than 180 days after the receipt of the initial report by the Department.

When the Department makes its initial review of the materials contained within its disciplinary files, the Department shall, in writing, make a determination as to whether there are sufficient facts to warrant further investigation or action. Failure to make such a determination within the time provided shall be deemed to be a determination that there are not sufficient facts to warrant further investigation or action. The Department shall notify the person who is the subject of the report of any final action on the report.

(h) A violation of this Section is a Class A misdemeanor.

(i) If any person or entity violates this Section, then an action may be brought in the name of the People of the State of Illinois, through the Attorney General of the State of Illinois, for an order enjoining the violation or for an order enforcing compliance with this Section. Upon filing of a verified petition in the court, the court may issue a temporary restraining order without notice or bond and may preliminarily or permanently enjoin the violation. If it is established that the person or entity has violated or is violating the injunction, the court may punish the offender for contempt of court. Proceedings under this subsection (i) shall be in addition to, and not in lieu of, all other remedies and penalties provided for by this Section.

(225 ILCS 70/38 new)

Sec. 38. Whistleblower protection. Any individual or organization acting in good faith, and not in a willful and wanton manner, in complying with this Act by providing any report or other information to the Department, or assisting in the investigation or preparation of such information, or by voluntarily reporting to the Department information regarding alleged errors or negligence by a licensee, or by participating in proceedings of the Department, shall not, as a result of such actions, be subject to criminal prosecution or civil damages.

Section 40. The Illinois Public Aid Code is amended by changing Section 5-5.12 and adding Sections 5-27 and 5-28 as follows:

(305 ILCS 5/5-5.12) (from Ch. 23, par. 5-5.12)

Sec. 5-5.12. Pharmacy payments.

(a) Every request submitted by a pharmacy for reimbursement under this Article for prescription drugs provided to a recipient of aid under this Article shall include the name of the prescriber or an acceptable identification number as established by the Department.

(b) Pharmacies providing prescription drugs under this Article shall be reimbursed at a rate which shall include a professional dispensing fee as determined by the Illinois Department, plus the current acquisition cost of the prescription drug dispensed. The Illinois Department shall update its information on the acquisition costs of all prescription drugs no less frequently than every 30 days. However, the Illinois Department may set the rate of reimbursement for the acquisition cost, by rule, at a percentage of the current average wholesale acquisition cost.

(c) (Blank).

(d) The Department shall not impose requirements for prior approval based on a preferred drug list for anti-retroviral, anti-hemophilic factor concentrates, or any atypical antipsychotics, conventional antipsychotics, or anticonvulsants used for the treatment of serious mental illnesses until 30 days after it has conducted a study of the impact of such requirements on patient care and submitted a report to the Speaker of the House of Representatives and the President of the Senate.

(e) The Department shall cooperate with the Department of Public Health and the Department of Human Services Division of Mental Health in identifying psychotropic medications that, when given in a particular form, manner, duration, or frequency (including "as needed") in a dosage, or in conjunction with other psychotropic medications to a nursing home resident, may constitute a chemical restraint or an "unnecessary drug" as defined by the Nursing Home Care Act or Titles XVIII and XIX of the Social Security Act and the implementing rules and regulations. The Department shall require prior approval for any such medication prescribed for a nursing home resident that appears to be a chemical restraint or an unnecessary drug. The Department shall consult with the Department of Human Services Division of Mental Health in developing a protocol and criteria for deciding whether to grant such prior approval.

Sec. 10-20. Independent chief procurement officers.

(a) Appointment. Within 60 days after the effective date of this amendatory Act of the 96th General Assembly, the Executive Ethics Commission, with the advice and consent of the Senate shall appoint or

approve 4 chief procurement officers, one for each of the following categories:

(1) for procurements for construction and construction-related services committed by law to the jurisdiction or responsibility of the Capital Development Board;

(2) for procurements for all construction, construction-related services, operation of any facility, and the provision of any service or activity committed by law to the jurisdiction or responsibility of the Illinois Department of Transportation, including the direct or reimbursable expenditure of all federal funds for which the Department of Transportation is responsible or accountable for the use thereof in accordance with federal law, regulation, or procedure, the chief procurement officer recommended for approval under this item appointed by the Secretary of Transportation after consent by the Executive Ethics Commission;

The chief procurement officer for higher education shall have an office located within the Board of Higher Education, unless otherwise designated by the Executive Ethics Commission. The chief procurement officer for all other procurement needs of the State shall have an office located within the Department of Central Management Services, unless otherwise designated by the Executive Ethics Commission.

(b) Terms and independence. Each chief procurement officer appointed under this Section shall serve for a term of 5 years beginning on the date of the officer's appointment. The chief procurement officer may be removed for cause after a hearing by the Executive Ethics Commission. The Governor or the director of a State agency directly responsible to the Governor may institute a complaint against the officer by filing such complaint with the Commission. The Commission shall have a hearing based on the complaint. The officer and the complainant shall receive reasonable notice of the hearing and shall be permitted to present their respective arguments on the complaint. After the hearing, the Commission shall make a finding on the complaint and may take disciplinary action, including but not limited to removal of the officer.

The salary of a chief procurement officer shall be established by the Executive Ethics Commission and may not be diminished during the officer's term. The salary may not exceed the salary of the director of a State agency for which the officer serves as chief procurement officer.

Sec. 20-25. Sole source procurements. In accordance with standards set by rule, contracts may be awarded without use of the specified method of source selection when there is only one economically feasible source for the item. (Text of Section after amendment by P.A. 96-795)

Sec. 20-25. Sole source procurements.

(a) In accordance with standards set by rule, contracts may be awarded without use of the specified method of source selection when there is only one economically feasible source for the item. A State contract may not be awarded as a sole source procurement unless approved by the chief procurement officer following a public hearing at which the chief procurement officer and purchasing agency present written justification for the procurement method. The Procurement Policy Board and the public may present testimony.

(b) This Section may not be used as a basis for amending a contract for professional or artistic services if the amendment would result in an increase in the amount paid under the contract of more than 5% of the initial award, or would extend the contract term beyond the time reasonably needed for a competitive procurement, not to exceed 2 months.

(c) Notice of intent to enter into a sole source contract shall be provided to the Procurement Policy Board and published in the online electronic Bulletin at least 14 days before the public hearing required in subsection (a). The notice shall include the sole source procurement justification form prescribed by the Board, a description of the item to be procured, the intended sole source contractor, and the date, time, and location of the public hearing. A copy of the notice and all documents provided at the hearing shall be included in the subsequent Procurement Bulletin.

(d) By August 1 each year, each chief procurement officer shall file a report with the General Assembly identifying each contract the officer sought under the sole source procurement method and providing the justification given for seeking sole source as the procurement method for each of those contracts.

(Source: P.A. 96-795, eff. 7-1-10 (see Section 5 of P.A. 96-793 for the effective date of changes made by P.A. 96-795).)

(30 ILCS 500/20-60)

Sec. 20-60. Duration of contracts.

(a) Maximum duration. A contract, other than a contract entered into pursuant to the State University Certificates of Participation Act, may be entered into for any period of time deemed to be in the best interests of the State but not exceeding 10 years inclusive, beginning January 1, 2010, of proposed contract renewals. The length of a lease for real property or capital improvements shall be in accordance with the provisions of Section 40-25. A contract for bond or mortgage insurance awarded by the Illinois Housing Development Authority, however, may be entered into for any period of time less than or equal to the maximum period of time that the subject bond or mortgage may remain outstanding.

(b) Subject to appropriation. All contracts made or entered into shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to make payments under the terms of the contract.

(c) The chief procurement officer shall file a proposed extension or renewal of a contract with the Procurement Policy Board prior to entering into any extension or renewal if the cost associated with the extension or renewal exceeds \$249,999. The Procurement Policy Board may object to the proposed extension or renewal within 30 calendar days and require a hearing before the Board prior to entering into the extension or renewal. If the Procurement Policy Board does not object within 30 calendar days or takes affirmative action to recommend the extension or renewal, the chief procurement officer may enter into the extension or renewal of a contract. This subsection does not apply to any emergency procurement, any procurement under Article 40, or any procurement exempted by Section 1-10(b) of this Code. If any State agency contract is paid for in whole or in part with federal-aid funds, grants, or loans and the provisions of this subsection would result in the loss of those federal-aid funds, grants, or loans, then the contract is exempt from the provisions of this subsection in order to remain eligible for those federal-aid funds, grants, or loans, and the State agency shall file notice of this exemption with the Procurement Policy Board prior to entering into the proposed extension or renewal. Nothing in this

subsection permits a chief procurement officer to enter into an extension or renewal in violation of subsection (a). By August 1 each year, the Procurement Policy Board shall file a report with the General Assembly identifying for the previous fiscal year (i) the proposed extensions or renewals that were filed with the Board and whether the Board objected and (ii) the contracts exempt from this subsection.

(6) Relationship to anyone holding appointive office currently or in the previous 2 years; spouse, father, mother, son, or daughter.

(7) Employment, currently or in the previous 3 years, as or by any registered lobbyist of the State government.

(8) Relationship to anyone who is or was a registered lobbyist in the previous 2 years; spouse, father, mother, son, or daughter.

(9) Compensated employment, currently or in the previous 3 years, by any registered election or re-election committee registered with the Secretary of State or any county clerk in the State of Illinois, or any political action committee registered with either the Secretary of State or the Federal Board of Elections.

(10) Relationship to anyone; spouse, father, mother, son, or daughter; who is or was a compensated employee in the last 2 years of any registered election or re-election committee registered with the Secretary of State or any county clerk in the State of Illinois, or any political action committee registered with either the Secretary of State or the Federal Board of Elections.

(c) The disclosure in subsection (b) is not intended to prohibit or prevent any contract. The disclosure is meant to fully and publicly disclose any potential conflict to the chief procurement officers, State purchasing officers, their designees, and executive officers so they may adequately discharge their duty to protect the State.

(d) In the case of any contract for personal services in excess of \$50,000; any contract competitively bid in excess of \$250,000; any other contract in excess of \$50,000; when a potential for a conflict of interest is identified, discovered, or reasonably suspected it shall be reviewed and commented on in writing by the Governor of the State of Illinois, or by an executive ethics board or commission he or she might designate. The comment shall be returned to the responsible chief procurement officer who must rule in writing whether to void or allow the contract, bid, offer, or proposal weighing the best interest of the State of Illinois. The comment and determination shall become a publicly available part of the contract, bid, or proposal file.

(e) These thresholds and disclosure do not relieve the chief procurement officer, the State purchasing officer, or their designees from reasonable care and diligence for any contract, bid, offer, or proposal. The chief procurement officer, the State purchasing officer, or their designees shall be responsible for using any reasonably known and publicly available information to discover any undisclosed potential conflict of interest and act to protect the best interest of the State of Illinois.

(f) Inadvertent or accidental failure to fully disclose shall render the contract, bid, proposal, or relationship voidable by the chief procurement officer if he or she deems it in the best interest of the State of Illinois and, at his or her discretion, may be cause for barring from future contracts, bids, proposals, or relationships with the State for a period of up to 2 years.

(g) Intentional, willful, or material failure to disclose shall render the contract, bid, proposal, or relationship voidable by the chief procurement officer if he or she deems it in the best interest of the State of Illinois and shall result in debarment from future contracts, bids, proposals, or relationships for a period of not less than 2 years and not more than 10 years. Reinstatement after 2 years and before 10 years must be reviewed and commented on in writing by the Governor of the State of Illinois, or by an executive ethics board or commission he or she might designate. The comment shall be returned to the responsible chief procurement officer who must rule in writing whether and when to reinstate.

(h) In addition, all disclosures shall note any other current or pending contracts, proposals, leases, or other ongoing procurement relationships the bidding, proposing, or offering entity has with any other unit of State government and shall clearly identify the unit and the contract, proposal, lease, or other relationship.

(f) Inadvertent or accidental failure to fully disclose shall render the contract, bid, proposal, subcontract, or relationship voidable by the chief procurement officer if he or she deems it in the best interest of the State of Illinois and, at his or her discretion, may be cause for barring from future contracts, bids, proposals, subcontracts, or relationships with the State for a period of up to 2 years.

(g) Intentional, willful, or material failure to disclose shall render the contract, bid, proposal, subcontract, or relationship voidable by the chief procurement officer if he or she deems it in the best interest of the State of Illinois and shall result in debarment from future contracts, bids, proposals, subcontracts, or relationships for a period of not less than 2 years and not more than 10 years. Reinstatement after 2 years and before 10 years must be reviewed and commented on in writing by the Governor of the State of Illinois, or by an executive ethics board or commission he or she might designate. The comment shall be returned to the responsible chief procurement officer who must rule in writing whether and when to reinstate.

(h) In addition, all disclosures shall note any other current or pending contracts, proposals, subcontracts, leases, or other ongoing procurement relationships the bidding, proposing, offering, or subcontracting entity has with any other unit of State government and shall clearly identify the unit and the contract, proposal, lease, or other relationship.

(i) The contractor or bidder has a continuing obligation to supplement the disclosure required by this Section throughout the bidding process or during the term of any contract.

"ARTICLE III

SUFFRAGE AND ELECTIONS

SECTION 7. INITIATIVE TO RECALL GOVERNOR

(a) The recall of the Governor may be proposed by a petition signed by a number of electors equal in number to at least 15% of the total votes cast for Governor in the preceding gubernatorial election, with at least 100 signatures from each of at least 25 separate counties. A petition shall have been signed by the petitioning electors not more than 150 days after an affidavit has been filed with the State Board of Elections providing notice of intent to circulate a petition to recall the Governor. The affidavit may be filed no sooner than 6 months after the beginning of the Governor's term of office. The affidavit shall have been signed by the proponent of the recall petition, at least 20 members of the House of Representatives, and at least 10 members of the Senate, with no more than half of the signatures of members of each chamber from the same established political party.

(b) The form of the petition, circulation, and procedure for determining the validity and sufficiency of a petition shall be as provided by law. If the petition is valid and sufficient, the State Board of Elections shall certify the petition not more than 100 days after the date the petition was filed, and the question "Shall (name) be recalled from the office of Governor?" must be submitted to the electors at a special election called by the State Board of Elections, to occur not more than 100 days after certification of the petition. A recall petition certified by the State Board of Elections may not be withdrawn and another recall petition may not be initiated against the Governor during the remainder of the current term of office. Any recall petition or recall election pending on the date of the next general election at which a candidate for Governor is elected is moot.

(c) If a petition to recall the Governor has been filed with the State Board of Elections, a person eligible to serve as Governor may propose his or her candidacy by a petition signed by a number of electors equal in number to the requirement for petitions for an established party candidate for the office of Governor, signed by petitioning electors not more than 50 days after a recall petition has been filed with the State Board of Elections. The form of a successor election petition, circulation, and procedure for determining the validity and sufficiency of a petition shall be as provided by law. If the successor election petition is valid and sufficient, the State Board of Elections shall certify the petition not more than 100 days after the date the petition to recall the Governor was filed. Names of candidates for nomination to serve as the candidate of an established political party must be submitted to the electors at a special primary election, if necessary, called by the State Board of Elections to be held at the same time as the special election on the question of recall established under subsection (b). Names of

[May 6, 2010]

candidates for the successor election must be submitted to the electors at a special successor election called by the State Board of Elections, to occur not more than 60 days after the date of the special primary election or on a date established by law.

(d) The Governor is immediately removed upon certification of the recall election results if a majority of the electors voting on the question vote to recall the Governor. If the Governor is removed, then (i) an Acting Governor determined under subsection (a) of Section 6 of Article V shall serve until the Governor elected at the special successor election is qualified and (ii) the candidate who receives the highest number of votes in the special successor election is elected Governor for the balance of the term."; and be it further

RESOLVED, That a brief explanation of the proposed amendment, a brief argument in favor of the amendment, a brief argument against the amendment, and the form in which the amendment will appear on the ballot shall be published and distributed as follows:

**PROPOSED AMENDMENT
TO ADD SECTION 7 TO ARTICLE III
OF THE ILLINOIS CONSTITUTION**

**That will be submitted to the voters
November 2, 2010**

**This pamphlet includes
EXPLANATION OF THE PROPOSED AMENDMENT
ARGUMENTS IN FAVOR OF THE AMENDMENT
ARGUMENTS AGAINST THE AMENDMENT
FORM OF BALLOT**

To the Electors of the State of Illinois:

The purpose of a state constitution is to establish a structure for government and laws. The Illinois Constitution provides citizens with rights and protections; creates the executive, judicial, and legislative branches of government; clarifies the powers given to local governments; limits the taxing power of the State; and imposes certain restrictions on the use of taxpayer dollars. There are three ways to initiate change to the Illinois Constitution: (1) a constitutional convention may propose changes to any part; (2) the General Assembly may propose changes to any part; or (3) the people of the State by referendum may propose changes to the Legislative Article. Regardless of the method of initiating change, the people of Illinois must approve any changes to the Constitution before they become effective.

The proposed amendment, which takes effect upon approval by the voters, adds Section 7 to the Suffrage and Elections Article of the Illinois Constitution. The new section would provide the State's electors with an option to petition for a special election to recall a Governor and for the election of a successor Governor. At the general election to be held on November 2, 2010, you will be called upon to decide whether the proposed amendment should become part of the Illinois Constitution.

EXPLANATION

The Illinois Constitution provides the General Assembly with exclusive authority to remove a Governor through the impeachment process. The Illinois Constitution also provides that the order of succession to the office of Governor shall be the Lieutenant Governor, the elected Attorney General, the elected Secretary of State, and then as provided by law. The proposed amendment would provide the State's electors with the ability to initiate a special election to recall a Governor and elect a new Governor.

To begin the recall process, an elector must file an affidavit of intent to circulate petitions to recall a Governor no sooner than 6 months after the beginning of the Governor's term of office. The affidavit must include signatures of the proponent of the recall petition, at least 20 members of the House of Representatives, and at least 10 members of the Senate, with no more than half of the signatures in each chamber from the same political party. After filing the affidavit with the State Board of Elections, the proponent has 150 days to circulate a petition. The petition must include signatures equal to 15% of the total votes cast for Governor in the preceding gubernatorial election, with at least 100 signatures from a minimum of 25 counties. Within 100 days, the State Board of Elections must certify or reject the

[May 6, 2010]

petition, and if the Board certifies the petition, a special election must be held within 100 days after the certification. The special election ballot shall include the question, "Shall (name) be removed from the office of Governor?". The Governor is immediately removed if a majority of the electors voting on the question vote to recall the Governor.

Persons seeking to be elected to serve as the successor Governor may circulate nomination petitions. A petition must be signed by 5,000 electors. If multiple candidates of the same party file petitions, a special primary election will occur on the same day as the recall election.

If a Governor is recalled, a special election to elect the successor Governor must take place within 60 days. An Acting Governor, as determined by the order of succession, shall assume the duties of the Governor until the electors choose a new Governor. The special election ballot will include the names of the candidates nominated at the special primary election, as well as any independent or new party candidates, on a special election ballot. The candidate receiving the highest number of votes shall be elected Governor for the balance of the term.

Voters that believe the Illinois Constitution should be amended to provide for a special election to recall a Governor and for a special election to elect a successor Governor should vote "YES" on the question. Three-fifths of those voting on the question, or a majority of those voting in the election, must vote "YES" in order for the amendment to become effective. Voters that believe the Illinois Constitution should not be amended to provide for a special election to recall a Governor and for a special election to elect a successor Governor should vote "NO" on the question.

Arguments In Favor of the Proposed Amendment

1. Electors of the State should have the ability to remove a Governor mid-term.
2. The recall process increases citizen participation.
3. Electors should not have to rely on the impeachment process.

Check on the Governor

Currently, a Governor may serve his or her full term without fear of public reprisal. Recall will serve as a warning to a Governor that the will of the people cannot be taken for granted. Furthermore, simply permitting the electors to circulate petitions serves as an important check on the activities of a Governor.

Increases Citizen Participation

Permitting the electors to initiate the recall process encourages citizen participation in government. Electors are granted an additional power with regard to protections against improper governance. Citizens will have the power to initiate a recall if they believe it is in the best interest of the State. This Constitutional Amendment would give Illinois citizens a recall mechanism similar to that available to the citizens of eighteen other states.

Impeachment Is Not Certain

There is no guarantee that the General Assembly will conduct impeachment hearings or impeach and remove a Governor. The electors should have a mechanism to begin the process if the General Assembly fails to do so. A focused recall effort will inform the General Assembly of the public's desire for impeachment.

Arguments Against the Proposed Amendment

1. The cost of a special election to recall a Governor could total as much as \$101 million.
2. A Governor can be removed through the impeachment process.
3. Recall elections will be used to play political games, rather than ensure the welfare of the citizens.

Expenses Could Be High

Illinois is in the midst of a financial crisis that would be made worse by holding a special election to recall a Governor and a special election to elect a successor Governor. The State Board of Elections estimates the total costs could reach \$101,070,000. Considering that the Governor is elected every 4 years and we can remove a Governor through the impeachment process, a special election is a major expense that taxpayers do not need.

The Impeachment Process Works

The House of Representatives has the sole power to conduct investigations and impeach a Governor. Impeachments are tried by the Senate and, if the Governor is convicted, the Senate may remove the Governor and disqualify him or her from holding any public office in Illinois. The impeachment process ensures that serious abuses and misconduct are not tolerated. The citizens of Illinois are now familiar with the impeachment process.

Political Games

The process established by the amendment could lead to political gamesmanship. Coordinating a statewide effort to recall a Governor will be expensive and can be accomplished only with the financial assistance of political parties, special interest groups, and lobbyists. These groups will coordinate recall petition drives to advance their own agendas. Additionally, a Governor concerned about the threat of recall may be unable to make unpopular decisions, even if the decision is in the best interest of the State. There is no way to ensure that the recall process will be used to remove a Governor for cause, rather than merely for political purposes.

FORM OF BALLOT

Proposed Amendment to the 1970 Illinois Constitution

Explanation of Amendment

The proposed amendment, which takes effect upon approval by the voters, adds a new section to the Suffrage and Elections Article of the Illinois Constitution. The new section would provide the State's electors with an option to petition for a special election to recall the Governor and for the election of a successor Governor. At the general election to be held on November 2, 2010, you will be called upon to decide whether the proposed amendment should become part of the Illinois Constitution.

If you believe the Illinois Constitution should be amended to provide for a special election to recall a Governor and for a special election to elect a successor Governor, you should vote **"YES"** on the question. If you believe the Illinois Constitution should not be amended to provide for a special election to recall a Governor and for a special election to elect a successor Governor, you should vote **"NO"** on the question. Three-fifths of those voting on the question or a majority of those voting in the election must vote "YES" in order for the amendment to become effective.
