Senator Topinka.

SENATOR TOPINKA:

If you'll hold one second. ...(microphone cutoff)...Mr. President and Ladies and Gentlemen of the Senate. Senate Bill 1182 would amend the State Treasurer's Act, and it would give the State Treasurer exclusive authority to arrange for the provision of check cashing services and automatic teller machines in State buildings. What we're seeking to do is to ultimately bring check cashing back to the State Capitol in a way that is constitutional. We're also seeking to do bidding and -- and opening up that process to the private sector so that we could avoid State liability involved. We could get rentals off of that. We would seek to put ATMs in State facilities around the State on a bid basis, keeping that money in a special fund in the Treasurer's Office so that the program would be self-supporting. It's supported by the Treasurer's Office, the Secretary of State's Office, the Legislative Space Needs Commission and the Department of Historic Preservation. At this point, I don't know of anyone who has a problem with this, and I would seek your affirmative vote.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Any discussion? Senator Demuzio.

SENATOR DEMUZIO:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. I'd like to pose this question to the sponsor, if I may.

SENATOR DEMUZIO:

According to Amendment No. 4, it says that this Section does not apply to a State office building in which a community currency exchange is located in the building on the effective date of this amendatory Act of 1994. Why are we bidding all of the other -- the facilities, and at the same time, we are granting and grandfathering in an exemption to allow the community currency exchange to provide this service in the State of Illinois Building, I assume, in Chicago?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Topinka.

SENATOR TOPINKA:

The only reason we put that in is because it is a preexistent facility with a preexistent lease into which we are tied into. So we let them run their lease and then they too would go into the bidding process after that point, after that effective date. It's just to make sure that their lease is not messed with at this point.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Demuzio.

SENATOR DEMUZIO:

Well, is that the only facility in which the -- we're granting such a exemption to? It just seems to me like this is really a -- a nice deal for somebody, I guess, in the currency exchange. And I assume that what you have indicated is -- is, in -- in fact, the proper action because of the fact that there is a lease. But is there -- are there any other facilities in which we are grandfathering other -- other vendors?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Topinka.

SENATOR TOPINKA:

That's the only one we know of. And therefore, that's why

it's the only one in -- in the bill. So if you know of any others, I'd be happy to put them in.

Any further discussion? Senator del Valle.

SENATOR DEL VALLE:

Thank you, Mr. President. On the same subject, Senator Topinka, does this mean that the people in the State of Illinois Building are going to be paying more for cashing their checks than individuals cashing their checks at other facilities?

SENATOR TOPINKA:

No.

It would be whatever is done in any other private organization that has check cashing facilities anywhere else throughout the State. It would be run as a business. Just that way.

SENATOR DEMUZIO:

...(microphone cutoff)...Mr. President, Ladies and Gentlemen of the Senate. Senate Bill 1427 is really a technical bill. As Senator Donahue and I had discussed, the Sny Island levee drainage district -- apparently there was some confusion with respect to drainage districts as to where drainage commissioners may file for an appointment. The Statute apparently just calls for the measure to be filed at the -- by the -- with the appropriate appointing authority. That was interpreted by at least one State's attorney to apparently mean that it ought to be filed with the -- with the county clerk, and others thought that it should be filed with the appropriate appointing authority, which would mean, in fact, the drainage district itself. What this will do is simply indicate that the filing now is the appointment -- appointing authority, in fact, would be the county clerk of the county in which the greater part of the territory or the district lies, rather than the appropriate appointing authority, which would be continued to be confusing. So, I know of no opposition, and would ask for your support.

PRESIDING OFFICER: (SENATOR DUDYCZ)

I represent a district that encompasses three urban counties, and I believe we should give prosecutors the ability, in an urban setting with multiple jurisdictions, every tool available to cut through red tape and to indict and get to the bottom of streetgang activities, and that's what this bill tries to accomplish and hopefully will accomplish. And again, it just expands the Statewide Grand Jury system to include streetgangs and illegal gun trafficking. And I would appreciate a favorable vote.

SENATOR GEO-KARIS:

Mr. President and Ladies and Gentlemen of the Senate, Senator Dillard is quite correct. I fought that Statewide Grand Jury bill until my amendment could go on, which provided that the local State's attorney would have some control, because I didn't want the Attorney General running roughshod and going all over the place without -- without the proper -- proper rights to do so. I think now this is a good bill. We have to control the gangs. We've got to do something about these people who run around with illegal firearms, and I -- I think it's a very good bill. And the protections are in there, because although the grand jury has statewide jurisdiction, it can only be convened with the consent of the State's attorney which has jurisdiction over the offenses to be investigated. Senator Dillard, does this bill at all address the -- the influx of drugs that come into -- to the inner city?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Dillard.

SENATOR DILLARD:

Senator Hendon, the original Statewide Grand Jury legislation, which is on the books today, is related to narcotics, and that tool is already in place, but this goes to the -- to a couple of things that I believe are tied in to proliferation of drugs in our communities, and that's streetgang activity and also illegal gun trafficking that sometimes comes associated with narcotics and that type of activity. But that's already on the books, Senator Hendon.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Hendon.

SENATOR HENDON:

Well, Senator Dillard, I -- I understand and appreciate what you're doing here, but I would like to see us really look at this problem in the right way. There would not be streetgangs involved in -- in drug trafficking and -- and gun trafficking if the narcotics were not allowed to come into this State and come into this country. So to -- to target the gangs alone is not the solution. We have to get serious about preventing drugs from entering America, because crack cocaine and heroin is not grown here. And until we address that problem, we could pass all the bills in the world that goes after the -- the gangs and the gang members, but it will mean absolutely nothing, because once the

Any further discussion? If not, Senator Dillard, to close.

SENATOR DILLARD:

Thank you, Mr. President, Ladies and Gentlemen. Just in closing, let me say that I believe that the Statewide Grand Jury power must be used judiciously. You only use it in certain types of offenses, but I think in today's society, we need to give our local prosecutors and the Attorney General of the State of Illinois every available tool to prosecute judiciously the types of crimes that are taking place, and streetgang activity is one of those, along with illegal gun trafficking. And I would move for passage of this legislation. Thank you.

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator LaPaille.

SENATOR LaPAILLE:

Thank you, Mr. President. I present Senate Bill 1125, which came out of the Senate Judiciary Committee unanimously. What this seeks to do is to increase the criminal penalties on graffiti. Last year we signed a major anti-graffiti bill into law, and with that, we inadvertently lowered the amount of felony charges that can be charged against a criminal by damages. So what this does is just return back to the old law the staggered increases of the classes of felonies by the amount of damage that's done. So right now, a graffiti artist -- it doesn't matter if he commits a three-hundred-and-fifty-dollar crime of graffiti or a three-hundred-and-fifty-thousand-dollar crime, he's simply charged with a Class 4 felony, the lowest. This bill would put into the staggered effect, three hundred to a ten thousand, ten thousand; it staggers it up where the highest you can get charged with would be a Class 2 felony if you're committing damages in the hundreds of thousands, which can easily be done when you're doing graffiti against CTA buses, els, homes, businesses, et cetera. So all I'm simply trying to do is go back to the -- to the old law which would put some teeth into the criminal provisions of our graffiti law here in the State of Illinois. The second part of the bill is the child lock provision, which was amended on by Senator Stern in the Judiciary Committee. Again, that measure was unanimously approved by the Judiciary Committee, I believe. I would like now at this time to defer to the sponsor of that amendment, Senator Stern.

Senator Stern.

SENATOR STERN:

Thank you, Mr. President, Members of the Senate. This amendment reproduces the Child Protection Act, which passed out of here two years ago unanimously, 55 to nothing, and went out of the committee unanimously. What it requires is that an individual who keeps a loaded handgun in a residence must have it either with a -- in a lockbox inaccessible to a child fourteen or less, or with a trigger lock. It is strictly a bill which protects youngsters. And if you read the paper, you know that every day something occurs which is shocking, like a child killing another child, maiming another child, bringing a gun to "Show and Tell", and this bill simply protects children from themselves, and requires parents to be responsible in this matter. I ask your Aye vote.

SENATOR PALMER:

Thank you, Mr. President. A question of the sponsor.

SENATOR PALMER:

Senator LaPaille, just some clarification. The -- according to our analysis, the Department of Corrections says that this bill would increase the prison population by three inmates per year with a cost of 45.8 thousand over five years. Could you speak about that, please?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator LaPaille.

SENATOR LaPAILLE:

I guess they've done their projections, and I guess people that commit over three hundred -- close to -- let's see, damage exceeding a hundred thousand would be a Class 2 felony - three to

seven years in prison. I think the cost is minimal, and I think we cannot afford the current graffiti law that is now law, because we're telling graffiti artists, "It doesn't matter if you do three hundred dollars damage, ten thousand or a hundred thousand; you're only going to get charged with a Class 4 felony." All I want to do is bring it back to where we were a year ago, which said that the higher damage you do to a home, to a business, or to mass transit, you're going to -- you may spend time in jail.

you just cite, perhaps even for legislative intent, a couple of actions or a few actions that a firearm owner could take to -- that would, in your opinion, meet this requirement?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator LaPaille.

SENATOR LaPAILLE:

No. It's Senator Stern.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Stern.

SENATOR STERN:

Yes, Senator Petka, I'd be happy to. It seems to me that putting a loaded handgun in a bedside table is not a place that a reasonable person would find inaccessible to a child under fourteen. The lockbox provision is one that seems to me as sensible. The trigger lock is another alternative that is possible. Not under the mattress. That is not a place where a sensible person would think it was inaccessible. I think -- I think these things are relatively straightforward and plain. The top shelf of the closet, I think, probably is not inaccessible.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Petka.

SENATOR PETKA:

If the person were to put it on the top shelf of a closet underneath, perhaps, the unused family bible and is covered with sweatshirts and the like, in your opinion, under your bill, would that be something a reasonable person would -- would do, to place the -- and secure that weapon?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Stern.

SENATOR STERN:

I don't think it's really appropriate for me to compare, frankly. I hope you didn't say "under the unused family bible". I

didn't understand that, did I, Senator? I -- in any case, let me say that ten states have this provision. It has shown a real reduction in the number of child accidents in Florida, for instance, where it has been monitored. I don't think I can tell you that this place is appropriate and that place is not. I think where a sensible person thinks it is inaccessible to a child under fourteen has got to be adjudicated, probably.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Petka.

SENATOR PETKA:

Thank you, Mr. President. I would like to speak to the bill. It is true that I supported this bill in committee, but I have to say that after I, perhaps in a weak moment, did that, I had some further reflection. When we talk about criminal justice and prosecuting people and enhanced penalties, as required under this legislation, it has been a rule of criminal jurisprudence, dating back to statehood, that we have to define the criminal activity; that a person can open up a -- a Statute and take a look at the conduct that is to be prohibited. If the person does not understand what the -- that the conduct is to be prohibited, under Illinois law, any such -- any such Act will be declared unconstitutional. Every person has an absolute right to know what conduct or what type of behavior might result in the person's loss of liberty. We are using terms which have been used in the civil law - reasonable man standards, reasonable person standards - that have no application whatsoever in criminal law, so that people who are engaged in ordinarily innocent conduct can be punished. And I think that that is the crux of the argument. People who are engaged in ordinarily innocent conduct can be punished up to one year in jail. I think that what we need is to have a -- a series of actions or conduct which clearly define the type of conduct which will, in fact, result in the loss of liberty. But to use

civil standards in a criminal Statute, where a person can -- can lose his liberty after, perhaps, one of his children lost his life, to me is something that contravenes what our system of criminal justice should be. It is a well-intentioned measure, but unfortunately, I believe that it's going to fall short of constitutional protections.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Stern, to respond.

SENATOR STERN:

In response, Senator: This is not an enhanced penalty. On the contrary, this has been reduced from a Class A misdemeanor, which it was in the Marovitz bill two years ago, to a Class C misdemeanor. And the reason for that was because in creating this kind of legislation, one can understand the heartache of a parent whose child has found a loaded gun and injured someone. We did not wish to make that overly punitive, and the Class C misdemeanor does not do the job that you describe. I think on the contrary, it's something like thirty days, is it not? I -- I would like very much to see us protect the children of Illinois by passing this legislation today.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Any further discussion? Senator Thomas Dunn.

SENATOR T. DUNN:

Thank you, Mr. President. To the bill: Senator Petka may have a point as -- as to the constitutionality of a portion of the bill, but I think the -- the thrust of the bill is to offer to the individual gun owner three choices that he or she may use to protect a child under the age of fourteen in the residence or a guest in the residence. Remember that as your child goes from home to home, visiting and staying overnight, as a young child, this -- this is a protection that hopefully is offered to your child as a visitor, not only to your child in your home. And the

three choices are very simple: a trigger lock; a locked box; and as a compromise, to put it in a place where it's not reasonably expected that a child would be looking around in. I think those are -- it's a reasonable effort to this solution. I vote -- or, I ask for an Aye vote.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Any further discussion? Senator Hall.

SENATOR HALL:

Thank you, Mr. President. Will the sponsor yield for a question?

PRESIDING OFFICER: (SENATOR DUDYCZ):

Sponsor indicates he will yield. Senator Hall.

SENATOR HALL:

I notice here the ISBA has made a number of attempts to get the State Police. They have to be one of the sponsors for this, but they have considered it would be better for them to remain neutral. Did you ever find out why?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator LaPaille.

SENATOR LaPAILLE:

On what provision, Senator Hall? On the trigger lock provision?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Hall. Senator LaPaille. Senator LaPaille defers to Senator Stern. Senator Stern.

SENATOR STERN:

Thank you for deferring to me, Senator LaPaille. I don't know the answer, Senator Hall. I'm sorry.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Any further discussion? If not, Senator LaPaille, to close.

SENATOR LaPAILLE:

Thank you, Mr. President and Ladies and Gentlemen of the

Senate. I would encourage a Yes vote for Senate Bill 1125. Number one, as we said, if you want to put criminal teeth back into our graffiti law here in Illinois, this is the bill that you would be voting for. And if you want to allow some additional protection for children -- only yesterday on the news, we saw a child bring a gun to school in Denver, I believe, shoot himself or, I believe, shoot a classmate. Perhaps if this was the law in Denver, that may have not happened because that child would not have been able to grab that gun, and if he did, he would not have been able to pull the trigger. I ask for a Yes vote.

PRESIDING OFFICER: (SENATOR DUDYCZ)

The question is, shall Senate Bill 1125 pass. Those in favor will vote Aye. Opposed will vote Nay. And the voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 36 Ayes, 11 Nays, 1 voting Present. And Senate Bill 1125, having received the required constitutional majority, is declared passed. Senator Philip, for what purpose do you rise?

SENATOR PHILIP:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. I would ask leave to have Senate Bill 1689 be referred back to Rules Committee.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Philip asks leave that Senate Bill 1689 be re-referred back to Rules Committee. Hearing no objection, leave is granted.

SENATOR PHILIP:

Secondly, I would ask leave to change sponsorship on Senate Bill 1705 from myself to Senator Dillard, and myself as a hyphenated cosponsor.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Hearing no objection, leave is granted. Senator Watson, for what purpose do you rise?
