90TH GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

61st Legislative Day

June 1, 1997

(MIDNIGHT)

PRESIDING OFFICER: (SENATOR WATSON)

We're on today's regular Calendar, page 4, top of the page, House Bills 3rd Reading. Senator Philip seeks leave of the Body to return House Bill 1696 to the Order of 2nd Reading for the purpose of an amendment. Hearing no objection, leave is granted. On the Order of 2nd Reading is House Bill 1696. Senator Klemm, I understand you're going to address the bill, sir. Senator. Mr. Secretary, please read the bill. Mr. Secretary, are there any Floor amendments approved for consideration?

SECRETARY HARRY:

Amendment No. 1, offered by Senators Klemm and Burzynski.

PRESIDING OFFICER: (SENATOR WATSON)

Senator Klemm.

SENATOR KLEMM:

Thank you, Mr. President. This creates the Local Option Property Tax Reduction Act. It allows voters of a school district to vote by referendum on -- on whether they wish to impose a local income tax for schools and have a hundred percent of that tax used to abate real estate property tax. It is revenue-neutral. The maximum rate is capped at two percent and can be voted on in one-quarter-percent increments. It includes individuals and corporations. The tax can be repealed, decreased or increased, but only by voter referendum. I'll answer any questions, and I do ask for your adoption.

PRESIDING OFFICER: (SENATOR WATSON)

There any discussion? Senator Demuzio.

SENATOR DEMUZIO:

I'd like to ask the sponsor a question, if I might.

Sponsor indicates he'll yield.

SENATOR DEMUZIO:

Mr. Sponsor, can you tell me what is the immediate effective date of -- of your bill?

PRESIDING OFFICER: (SENATOR WATSON)

Senator Klemm.

SENATOR KLEMM:

Upon becoming law, I believe.

PRESIDING OFFICER: (SENATOR WATSON)

I'm sorry. I -- I don't believe we... Senator Klemm.

SENATOR KLEMM:

Upon becoming law.

PRESIDING OFFICER: (SENATOR WATSON)

Senator Demuzio.

SENATOR DEMUZIO:

Then, an inquiry of the Chair, if I may. Well, first of all, let me indicate that this is a Jim Edgar plan of twenty years ago. I can remember when Jim Reilly and Jim Edgar went down to the Blue Room twenty years ago and -- with this local district income tax, and it was a big controversial and innovative program at -- at that point. And why we aren't debating Jim Edgar's program from two days ago is beyond my wildest imagination, that we would be debating the Jim Edgar program of -- of twenty years ago. I might ask a parliamentary inquiry of the Chair.

PRESIDING OFFICER: (SENATOR WATSON)

Yes, sir. Go right ahead.

SENATOR DEMUZIO:

Since it is now past 12, it has an immediate effective date, can you tell me the number of votes that are necessary for this bill to be -- to be effective immediately?

PRESIDING OFFICER: (SENATOR WATSON)

Yes. Our Constitution would require thirty-six votes.

Further discussion? Senator Collins.

SENATOR COLLINS:

Yeah. A question of the sponsor, please.

PRESIDING OFFICER: (SENATOR WATSON)

Sponsor indicates he'll yield, Senator Collins.

SENATOR COLLINS:

Senator, in -- in -- in committee, we had -- we heard testimony talking about the difficulty of the implementation of this kind of tax, and I'd like to just ask several questions here of you. The first question is the creation of the Local Property Tax and Reduction Fund {sic} and the Local (Option) Property Tax Reduction Fund to deposit in income tax revenue and to refund the tax overpayment. Now, in most of the bills that have been created prior to this particular bill, there were, like, two different, separate funds. And -- and under your bill, it seems as though, from the staff analysis - and, you know, we just got this bill; everything comes at the last minute - could you tell me whether or not you have both of those funds in one fund or are they separate funds?

PRESIDING OFFICER: (SENATOR WATSON)

Senator Klemm.

SENATOR KLEMM:

I'm really not clear on what your question is. It does go to a Local Option Property Tax Reduction Fund. There's another fund for abatements or refunds that is created, similar to what we do under the State Illinois Income Tax Act. So it -- it mirrors that. But I don't know what fund. Each school district would have their own fund, obviously.

PRESIDING OFFICER: (SENATOR WATSON)

Further discussion? Senator Collins.

SENATOR COLLINS:

Yes. Okay. In -- in the time frame that we talk about the

STATE OF ILLINOIS

Department of Revenue to certify the amount to each school district with -- by June 1st, and then we give them ten days - okay? - after that, what if -- let's just presuppose - and that will never, ever happen, and I hope this bill doesn't pass - that every school district in the State decided to actually adopt this program and that the citizens, after passing the referendum -- would -- would -- would pass the referendum to institute this kind of funding -- school funding and tax rebate program.

PRESIDING OFFICER: (SENATOR WATSON)

Senator Klemm.

SENATOR COLLINS:

How could the...

PRESIDING OFFICER: (SENATOR WATSON)

I beg your pardon. I interrupted the lady. Excuse me. Senator Collins, proceed.

SENATOR COLLINS:

Yes. How would they be able to actually make the certification and get the money back out to the school districts in the time period that you allowed in this bill?

PRESIDING OFFICER: (SENATOR WATSON)

Senator Klemm.

SENATOR KLEMM:

Well, it appears as if the Department of Revenue would have no problem having that completed by June 15th, but I'm glad you mentioned that: there would be such an outpouring of support that the voters all over Illinois, as you had said, would pass such a reduction of property tax. To create such a dilemma that you're presenting, we can handle it, but I think it's a good testimony of your support of this procedure because you really expect the school districts to be passing that, by the voters. Now, it's not the school district; it's the voters of that school district determining for themselves. Some school districts may not want

it. That's their choice. That's the nice thing about it. And it keeps local control, and it keeps those local dollars in their schools.

PRESIDING OFFICER: (SENATOR WATSON)

Senator Collins.

SENATOR COLLINS:

Senator, the way this bill is drafted, is there new funds for the schools? Even if the referendum passed, would there be an additional, new money for the school? I thought you had a fifty-fifty swap here.

PRESIDING OFFICER: (SENATOR WATSON)

Senator Klemm.

SENATOR KLEMM:

Does -- it does not create new funds, 'cause it is revenue neutral.

PRESIDING OFFICER: (SENATOR WATSON)

Further discussion? Senator Collins.

SENATOR COLLINS:

So -- so what -- what we have before us really is not additional money for education for the schools. In other words, we go to the voters, we put a referendum out there and we tell them that you're raising money to fund your schools - income tax. But in -- in reality, you're not talking about additional monies for the schools because you're going to rebate the money on a fifty-fifty swap from property taxes.

PRESIDING OFFICER: (SENATOR WATSON)

Senator Klemm.

SENATOR KLEMM:

No, we do not tell people that is an additional tax for more money for schools because it is not. It is simply trying to replace dollars, if you will, from the property tax to an income tax. It's as simple as that. There's no additional monies that

STATE OF ILLINOIS

the taxpayers will give to the school districts, more than they're receiving now.

PRESIDING OFFICER: (SENATOR WATSON)

Further discussion? Senator -- Senator Collins. Excuse me.

SENATOR COLLINS:

Well -- well, Senator, it would appear to me that if -- if what we wanted to do, or what you wanted to do, if the goal is to reduce reliance on property taxes, why do we have to go through this complicated procedure to do so? It would be very, very simple to just simply reduce or lower the cap in terms of property taxes for the school. You -- we don't have to go through all of the technical kinds of -- of machinations that you have in this particular bill to do so. And I think the people, if you put forth such a referendum, it probably wouldn't pass. If you -- if you put that referendum through based on increasing funding for your schools, it may pass. I think this is -- Senator, this is a bill that time has not come -- yet come and we should just put it to sleep and go back, start all over again next fall -- this fall and come up with a real meaningful educational funding reform.

PRESIDING OFFICER: (SENATOR WATSON)

Further discussion? Senator Jones.

SENATOR JONES:

Yeah. Thank you, Mr. President. Will the sponsor yield?

PRESIDING OFFICER: (SENATOR WATSON)

Sponsor indicates he'll yield, Senator Jones.

SENATOR JONES:

Senator Klemm, you stated in committee, and perhaps you can state it here on the Senate Floor, that the -- the survey that you did of your district, just like I did, and could you repeat that this is a property tax cut based on the survey that you did of your district? Could you tell the Body what you discovered during your survey?

STATE OF ILLINOIS
90TH GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

61st Legislative Day

June 1, 1997

PRESIDING OFFICER: (SENATOR WATSON)

Senator Klemm.

SENATOR KLEMM:

Well, my -- my survey indicated that, within a decade, the voters in my district had felt that an income tax was a better way of funding education in their district for their schools than property tax. And that's why, Senator Jones, this is such a unique opportunity: to allow those voters in my district to decide for themselves if they wish to impose that upon them. Now, it did not have any indication of whether your district wants to impose it for your voters or anybody else downstate or anyplace else, but in my polls, it indicated, yes, they would be interested. And after they allowed the debate, whether it has merit or not, the voters would then decide whether they wish to impose that or not. They could reject it or they could turn it down. But that was what my poll had indicated. So it does show interest in some districts, yes.

PRESIDING OFFICER: (SENATOR WATSON)

Senator Jones.

SENATOR JONES:

Well, I did the similar survey and the survey of my district also indicated the same thing. And I'm quite sure in any other district in the survey that was done by the Governor in proposing the State income tax and -- to cut property tax, it did indicate that the people wanted property tax cut and shifted to a State income tax. They would prefer that. And -- and now we stand here on June 1, 1997, and at this late hour, when all the -- the debate yesterday, or the day before, was that the people did not want property tax relief, they don't need it. And -- and you just confirmed -- you just confirmed my belief and the belief of the Governor and the belief of many other people that we should shift to the State income tax. But, unfortunately - unfortunately -

STATE OF ILLINOIS
90TH GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

61st Legislative Day

June 1, 1997

this bill only will shift the burden from corporations to individuals. This would be a big windfall for corporations because what it would do is shift the burden of financing education to the individual taxpayer. And even if they did it by referendum, but if they were not knowledgeable of such, the burden will shift. And so, again, this is a very poorly conceived idea. It is -- it is ill-timed, and the right action should have been taken on May 30th, when we could have really did something about education. But this bill is only designed to try to cover the mistakes that were made on the other bill to raise the income tax and cut property tax. So I urge a No vote on the -- for the Members on this side of the aisle.

PRESIDING OFFICER: (SENATOR WATSON)

Well, let's remind the Members that this is just the amendment, and we now have Senator Klemm to close on the amendment.

SENATOR KLEMM:

Well, thank you very much. But the two previous speakers really probably misinterpreted, maybe, what I said or the reading of what the amendment does, because, first of all, to reduce the cap of the rates that schools do and not allow them to at least recover that through an income tax would certainly pull the rug out from those school districts on the very rate that the voters said they could tax themselves at. So that would not be a very viable procedure, unless, of course, you want to destroy your local schools, and I don't think that was your intent. If I don't include corporations, what would happen is that the individual taxpayers - your senior citizens, your other people that really have some limited income - would end up having to pay perhaps an income tax and having then the property tax being reduced, which goes to corporations that own property. So you're saying what you really want them to do is have the individuals pay an income tax

STATE OF ILLINOIS
90TH GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

61st Legislative Day

to reduce the property tax of corporations. I don't believe that, and I own a corporation. I pay real estate taxes, and I think, as a corporation, as a responsible businessman, I have an obligation also to pay education. So that's the reason we included them both. And I think I need your support because I think this is an important bill to allow voters to determine whether you wish to get off property tax and, at least, abate some of that for your property tax relief. Thank you.

PRESIDING OFFICER: (SENATOR WATSON)

All those in favor of the amendment, say Aye. Opposed, Nay. The Ayes have it, and the amendment is adopted. Any -- any further amendment -- Floor amendments approved...

Senator Cullerton.

SENATOR CULLERTON:

How many votes does this bill need?

PRESIDING OFFICER: (SENATOR WATSON)

For the second time, it's 12:14 on June 1st, and as a result of our Constitution, it will take thirty-six votes. Senator Cullerton, further discussion? Further discussion? Senator Geo-Karis.

SENATOR GEO-KARIS:

Mr. President and Ladies and Gentlemen of the Senate, maybe this isn't the perfect bill, but I told my people back home, who are definitely opposed to raising income tax by us, that I would do my best to provide a means for them to determine by themselves whether they want to raise their income tax and whether they want to lower their property tax. This bill does that. This gives the opportunity to the voters of the school district. Those voters can decide. They should make the decision and then the money will stay there, not come to Timbuktu; they'll stay there where they can be used. And that -- it's strictly up to the voters. I think we should give the voters of that school district the right to determine what they want to do in raising their income tax and how much and what they want to do about lowering their real estate property tax. They should have that option. And I can tell you this: I called about thirty to forty people from my district who are definitely opposed to raising income tax by us, and they all thought this was a good idea, to give them the right to make the decision, and I speak in favor of the bill.

Further discussion? Senator Jacobs.

SENATOR JACOBS:

Thank you, Mr. President. I'll be brief. Senator, I'm just amazed, I guess, if nothing else, that that side of the aisle can come up with anything that has the word "income tax" in it. I urge a No vote.

PRESIDING OFFICER: (SENATOR WATSON)

Further discussion? Senator Philip.

SENATOR PHILIP:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. I have some friends who reside in Indiana - Indiana's one of those states that allows the local option - and they live in a suburban area in Indiana. And I will tell you one thing: They are from Illinois. They like the system. The system works well. They have a good school system. And -- and I would suggest that we ought to think about this. This was the Governor's idea his first year that he was in the Illinois House of Representatives. As you know, Senator Woodyard, when he was here, it was one of his ideas. The one thing I like about it, you let the local people decide what they want to do with their income tax money in regards to their real estate property -- high property taxes. So I think it's a good idea. We've talked about it a lot. We've debated about it a lot. And remember this: The money stays in your district, in your school district. So I'd like to see a lot of green votes up there.

PRESIDING OFFICER: (SENATOR WATSON)

Further discussion? Further discussion? Seeing none, Senator Klemm, to close. The question is, shall House Bill 1696 pass. All those in favor, vote Aye. Opposed, vote No. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 26 voting Yes, 32 voting No, no voting Present. House Bill 1696,

Senator Mahar.

SENATOR MAHAR:

Thank you, Mr. President. The Senate Bill 54, as it left the Senate, adds a prospective clause to local siting provisions precluding the siting of a sanitary landfill or waste disposal site within the boundary of a hundred-year floodplain. The House has added three exceptions, and they are: a sanitary landfill or waste disposal site initially permitted for development or construction by the EPA before the effective date; a sanitary landfill or waste disposal site for which local siting approval has been granted and before the effective date; and the area of expansion beyond the boundary of a currently permitted sanitary landfill or waste disposal site, provided that the area of the expansion is, on the effective date of this Act, owned by the owner or operator currently siting or permitted sanitary landfill or waste disposal site to which the area of expansion is adjacent.

Senator Mahar.

SENATOR MAHAR:

There's -- there's eleven sites that apparently are all or part in a landfill. It is not one particular site.

PRESIDING OFFICER: (SENATOR WATSON)

Senator Welch.

SENATOR WELCH:

I didn't hear the first part of what you said. When you began your introduction, did you say that this would allow for landfills to be sited in floodplains in some area, or did I hear wrong?

PRESIDING OFFICER: (SENATOR WATSON)

Senator Mahar.

SENATOR MAHAR:

The -- no, I'm sorry. The bill, as it left the Senate, precluded a landfill from being sited in a hundred-year floodplain.

SENATOR RAUSCHENBERGER:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. Senate Bill -- or, Conference Committee Report to House Bill 353 deals with five small issues that we had over the course of the Session in the Local Government Committee. The first one permits a township in Kane County to incorporate if it has its county's approval of its finance plan, but it must petition to do so before January 1st, 2000. The second provision adds new language to the Municipal Code to state that when two corporate -- well, that a municipality may pass through the corporate boundaries of another municipality to connect to a sanitary sewer when their treatment plant is under sanction by the IEPA. The third element of this bill permits townships to hire attorneys to represent the highway

commissioners in those townships. The fourth one amends the Downstate Forest Preserve District to permit counties with less than thirty thousand people to continue to appoint forest preserve commissioners. And the last element in the bill changes -- or, defines the term "public safety" to be -- include, but is not limited to, fire fighting, police, medical, ambulance, and other -- and/or other emergency services. These are all small elements that people have needed over the course. We've worked hard on them. I'd appreciate a favorable vote.

Just a question for the sponsor.

In Kane County, does it have to do with a specific location or, you know, a village? And what would be the Kane County Board's position on the bill?

PRESIDING OFFICER: (SENATOR WATSON)

Senator Rauschenberger.

SENATOR RAUSCHENBERGER:

Yes, Senator Lauzen, it has to do with Big Rock Township, which is in the southwest corner. It's hard for me to remember anymore tonight. Originally the bill -- the Kane County Board was very uncomfortable with. It -- it left no authority for the Kane County Board to approve the township's desire to incorporate. We worked directly with -- through the Metro Counties with the Kane County Board, and to the best of my knowledge, they're now comfortable with the language. It permits them to financially evaluate whether Big Rock should incorporate.

Thank you, Mr. President. This has eight provisions in it. The first provision was House Bill 521, sponsored in the Senate by Senator Jacobs. It's the sales tax exemption, adding to farm machinery and equipment the hoop houses used for wintering plants - again, Senator Jacobs. It passed the House, was held in Senate Rules. The second provision was Senate Bill 370, which passed the Senate, was killed in House. This is the rolling stock exemption to include items shipped by motor. It was proposed by UPS. The next provision expands the Senior Citizens Real Estate Deferral Tax Act to include disabled persons. Next provision deals with county commissioners and the board of review having to meet examination requirements. Fourth provision dealt with Representative Leitch's bill on expanding the definition of a "vegetative filter strip", which was part of Lieutenant Governor Kustra's river recommendations. Provides the homestead exemption remains in effect for the entire year if there's a sale during the year. The sixth provision extends to all counties the Cook County

The last provision is a county public safety provision, which is technical, to allow a separate fund where there's been a referendum approval for a correctional facility. Be happy to try and answer questions. Realize this is a large bill, but I think I've explained it.

Senator Rauschenberger. Madam Secretary, do we have a conference committee report?

ACTING SECRETARY HAWKER:

Yes. First Conference Committee Report on House Bill 1171.

PRESIDING OFFICER: (SENATOR WATSON)

Senator Rauschenberger.

SENATOR RAUSCHENBERGER:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. House Bill 1171, the Conference Committee Report, deals with the General -- the General Obligation Bond authorization for IDFA, the Illinois Development Finance Authority. This is an Authority that assists local governments in industrial concerns in municipalities in issuing bonds. They pool the bonds and -- and achieve lower interest rates because they're a -- administrative arm of State government. It is not an obligation of the State of Illinois. They trade at slightly higher than regular Illinois General

Obligation Bonds. A unique part of IDFA is they receive an allocation from the Internal Revenue Service to issue Illinois' allocation of tax-free -- federal tax-free bonds. Their authorization is all but exhausted. They need this increase in authorization. I'd appreciate favorable support.

PRESIDING OFFICER: (SENATOR WATSON)

Is there any discussion? Senator Lauzen.

SENATOR LAUZEN:

A question for the sponsor.

PRESIDING OFFICER: (SENATOR WATSON)

Sponsor indicates he'll yield, Senator Lauzen.

SENATOR LAUZEN:

Just -- could you tell me about what the amount of the principal, what the authorization is? And away from whom does this financing -- I mean, who loses when this money is allowed to be raised through this source?

PRESIDING OFFICER: (SENATOR WATSON)

Senator Rauschenberger.

SENATOR RAUSCHENBERGER:

Senator Lauzen, I -- let me start with the second question first. Probably there would be some loss to bond attorneys, because most of the people that IDFA works with would issue -- and I can see Senator Carroll watching me carefully now, making sure I'm taking care of the bond attorneys. Most -- for example, U-46 School District up in the Elgin area, rather than taking their individual buildings to bond and hiring a bond attorney and issuing bonds as a school district, pooled the bonds in an -- in an IDFA issue, so it meant that they achieved, I don't know, five -- fifty or sixty lower basis points - you probably understand that better than I do - over the life of a school bond. I guess that was a significant amount of money. I think the size of the authorization is about 1.3 billion dollars. That's divided up

into five categories: environmental, commercial, industrial, not-for-profit - and I'm trying to remember the number -- or, the fourth. The allocations are in the range of about four hundred million per in the two larger.

SENATOR TROTTER:

PRESIDING OFFICER: (SENATOR WATSON)

SENATOR RAUSCHENBERGER:

From the Illinois Development Finance Authority. Harry Seigle is the current chairman. He lives in my district. He brought me the bill in January. We had it out and about and, as with all bond authorizations, we weren't sure how much they needed, and we've finally gotten some reliable information that they have used up most of their authorization.

PRESIDING OFFICER: (SENATOR WATSON)

Senator Trotter.

SENATOR TROTTER:

Would -- would people be more comfortable if I took it out of the record for a few minutes? Let me take it out of the record.

PRESIDING OFFICER: (SENATOR WATSON)

Please take the bill out of the record, Madam Secretary. House Bill 1230. Senator Luechtefeld. Madam Secretary, do we have a conference committee report?

ACTING SECRETARY HAWKER:

Yes. First Conference Committee Report on House Bill 1230.

PRESIDING OFFICER: (SENATOR WATSON)

Senator Luechtefeld.

SENATOR LUECHTEFELD:

Thank you, Mr. Chairman, Members of the Senate. Conference Committee on House Bill 1230: Simply, the Senate recedes from the Senate amendment and changes two parts of it. One simply says that the -- changes the date to June 1st, 1997; the other adds an immediate effective date. This -- this particular bill has to do with the study done on the impact, the economic impact, of the zone -- new ozone regulations, and would -- would ask a favorable vote.

ACTING SECRETARY HAWKER:

Yes. First Conference Committee Report on House Bill 1374.

PRESIDING OFFICER: (SENATOR WATSON)

Senator Walsh.

SENATOR T. WALSH:

Thank you, Mr. President. The First Conference Committee to House Bill 1374 does several different things. First of all, it gives temporary quick-take to -- authority to the Village of Elmwood Park. It amends the Municipal Code to add the requirement that only in counties with a population between seven hundred and fifty thousand and two million, which is DuPage County, any territory to be disconnected from a municipality shall be contiguous only to an unincorporated territory. It authorizes Joliet Junior College to have delivered and to sell alcoholic liquor on their two campuses at which the Culinary Arts Department has a location. It amends the Municipal Code to -- to make an exception within the Tax Increment Finance Allocation Act. It -- and it creates a new Act cited as the County Economic Development Project Area Tax Incrementation {sic} (Increment) Act of 1997. I'd be happy to answer any questions.

PRESIDING OFFICER: (SENATOR WATSON)

Is there any discussion? Any discussion? Senator Burzynski.

SENATOR BURZYNSKI:

Thank you, Mr. President. I'd just like to point out to the Body that this does expand the TIF powers and TIF legislation in the State of Illinois, creating county TIFs now, rather than just municipal TIFs, and I think that the Body should be aware of that. And I would encourage a No vote.

Is there any discussion? Any further discussion? Senator Welch.

SENATOR WELCH:

Yes. I'd just like to respond to Senator Burzynski. This creates a TIF in a county that's going to allow us to garner over a hundred jobs, and if we don't create it tonight, they're going to Ames, Iowa. So that's the choice: Do you want jobs in Iowa, or do you want jobs in Illinois? It's that simple. It's one TIF. It's specified for a specific area. Doesn't apply to anybody else. That's all it is, and it's not in Senator Burzynski's district so he's not going to have to worry about it. So I would urge an Aye vote.

PRESIDING OFFICER: (SENATOR WATSON)

Further discussion? Senator Radogno.

SENATOR RADOGNO:

I -- I have a question about the last comment. In our analysis this suggests that, based on the description, this would open it up to fifteen counties; that even though it's intended for a particular county, it opens it up.

PRESIDING OFFICER: (SENATOR WATSON)

Is that a question of the sponsor?

SENATOR RADOGNO:

Well, it's a question of whoever can answer that. Is that the case?

PRESIDING OFFICER: (SENATOR WATSON)

Senator Walsh, to answer the concerns of Senator Radogno.

SENATOR T. WALSH:

I'd yield to Senator Welch, if...

SENATOR WELCH:

...bill specifically says "non-urban county" means a county --

STATE OF ILLINOIS
90TH GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

61st Legislative Day

this is on page 9 of the bill. A "non-urban county" means a county which, on the date the corporate authorities of the county establish an economic development project area as provided in this Act, number one, it doesn't have a population of less than thirty (thousand) or in excess of thirty-eight (thousand), and number two, in which not more than twenty-five percent of the total employees of private nonfarm establishments were engaged in manufacturing during the previous calendar year. That specifically limits it to Grundy County.

PRESIDING OFFICER: (SENATOR WATSON)

Senator Radogno.

SENATOR RADOGNO:

Thank you. I understand that that is the intent of it, but my question is, are there any other counties that this would apply to? According to our analysis, there are as many as fifteen, depending -- counties that could possibly meet those requirements.

PRESIDING OFFICER: (SENATOR WATSON)

Senator Welch.

SENATOR WELCH:

The answer is, there are probably fifteen counties between thirty thousand and thirty-eight thousand in population. So to that extent, it would apply to more. However, there's a second qualification and that is: "in which not more than 25% percent of the total employees of private nonfarm establishments were engaged in manufacturing during the previous calendar year, as certified by the Illinois Department of Employment Security." So that's what limits it to just this one county.

PRESIDING OFFICER: (SENATOR WATSON)

SENATOR O'MALLEY:

Thank you, Mr. President and Ladies and Gentlemen of the Senate. Conference Committee Report No. 1 to House Bill 1641 retains the original provisions in this legislation which was previously passed for the Water Reclamation District concerning transfers of appropriations within -- within certain specific time limits during a given year, and also with respect to the request of the Cook County Sheriff to appoint two additional members to the Sheriff's Merit Board. The Report adds new information, or new language. Allows employees of the Board of Public Accounting Examiners to participate in SURS. There's language from House Bill 1519 to transfer the employees of the Lake County Special Education District to IMRF as of July 1, 1997. Allows Cook County additional investment authority. Allows the County to invest up to five percent of the fund assets -- Fund's assets in certain foreign companies' stock and another five percent in securities from foreign companies. Also allows the County to increase its percent of total book value investments in stocks from forty to fifty percent. And with respect to this particular portion of the legislation, also allows the -- the assets to be valued in conformance with GASB 25 Rule, which allows fund assets to be valued at market value. Adds language correcting a date oversight concerning the Chicago Police Retirement Fund. Amends the Municipal Employee and Laborers Articles. Amends the Cook County Article to allow an individual to transfer service from SERS to

Includes provisions to address a constituent concern in -- in TRS where an ex -- an ex-spouse will receive the annuity instead of the daughter. This is agreed out between -- this is agreed between the System and the family members. PRESIDING OFFICER: (SENATOR WATSON)

Senator Klemm.

SENATOR KLEMM:

Thank you -- excuse me. Thank you, Mr. President. Conference Committee Report No. 1 on Senate -- House Bill 2161 does two things. The House concurs in the Senate Amendments 1 and 2, and Amendment No. 1 was to require sanitary districts organized under the Act to notify people who were being annexed in their district prior to the passage of such an ordinance. And that was the underlying bill, and Amendment No. 1 prevented a -- sanitary districts from selling or leasing portions of their property that they had acquired through condemnation. Senate Amendment 2 did authorize that sanitary districts could charge someone who did not contribute to the cost of a sewer who wishes now to connect into it, at least for their costs. And it also prohibited a sanitary district from forcing a private property owner to connect to a sewer or pay a fee if they didn't want -- wish to do that. And a Senate Bill 918 {sic} (920), by Senator O'Malley, which was requested by the Home Builders Association, also is included, which allows that the cash bond from a builder or developer to guarantee completion of a project, they could also file a irrevocable letter of credit or other securities that the municipality or county deemed was good and sufficient. It adds violations of the Procedures for Asbestos Emission Control to the felony violations. Senator Cullerton.

SENATOR CULLERTON:

Thank you, Mr. President, Members of the Senate. Conference Committee Report on Senate Bill 465 contains two provisions. One is -- deals with mineral rights. It was subject matter of another bill, which Senator Peterson, I believe, was the sponsor, and basically it's trying to deal with the problem of large amounts of unsold mineral rights with delinquent property taxes which are cluttering up the books of some downstate counties. What this basically says is that after ten years -- ten consecutive years if these mineral rights have been offered for sale at the scavenger sale and they're not sold, that they no longer have -- are required to offer them for sale. The second part of the bill deals with the subject of tenancy by the entirety. This is a bill which we have also passed and it's -- really has some only minor changes from when we passed it out of the -- the Senate. The purpose of this bill is to overcome what was viewed by many as a wrongly decided case out in DuPage County dealing with a person who transferred his home into tenancy by the entirety after a

Thank you, Madam President and Ladies and Gentlemen of the Senate. Conference Report No. 1 to Senate Bill 680 actually becomes the bill. It permits the governing authorities of units of local government and community college boards to enter into contracts with credit card issuers or service providers in order to allow persons owing money to the entity involved to make payments by credit card, requires a public notice and a public hearing before the credit card proposal becomes effective and a finding that it is in the best interests of the entity involved that credit card transactions be -- be permitted. It further permits the card issuer or service provider to charge fees for each transaction. The legislation includes caps on what those fees may be. SENATOR O'MALLEY:

Senator Lauzen, I -- I'm not sure whether I'm qualified to answer that question, but I can tell you that we grappled with this a great deal. I, in particular, did, and we spent an awful lot of time with the House and with the people interested in -- in -- in this legislation, which includes units of local government, as well as credit card issuers. That's why we made sure that there's a public notice and a public hearing involved. We think this should not be taken lightly. It's a serious matter, and we certainly don't want to see that happening with students anywhere.

PRESIDING OFFICER: (SENATOR DONAHUE)

Further discussion? Senator Carroll.

SENATOR CARROLL:

Thank you, Madam President, Members of the Senate. I rise in support of the legislation, and I think the issue is, really, they're not going to be using these credit cards to go cash checks at the community colleges. They could use it for tuition and fees, and I think that's the -- which is a more expensive item, but it's something that they're going to know in front that they're going to be having to pay for at the time they apply. Most of our

-- our students in these colleges are on some type of scholarship anyway. But, again, it is permissive. The governments can choose to use it or not as they wish. And if they do use it and there's a cost to it, then the person who wants to use the card has to pay the cost. I think it's a good idea.

PRESIDING OFFICER: (SENATOR DONAHUE)

Senator Walsh.

SENATOR T. WALSH:

Thank you, Madam President. Conference Committee Report No. 1 on House -- or, Senate Bill 681 has the original language of the bill as it left the Senate. It had fifty-four votes on it. It dealt with the Illinois Student Assistance Commission. In an effort to keep themselves from getting a finding with the Audit Commission, put the language in the bill as to they were charging a fee for a service in the Commission. Additionally, it concurs with House Amendment No. 1, and that amendment made two changes with respect to the filing of reimbursement claims for driver's education and both these changes were in response to audit findings. And finally, the Report further -- the Report creates

the Aldo DeAngelis Program for Educational Involvement in the Performing Arts to enable students from low- and moderate-income families to participate in performing arts activities offered at the performing arts center of Governor's State University. And I'd be happy to answer any questions.

PRESIDING OFFICER: (SENATOR DONAHUE)

Is there discussion? Senator Demuzio.

SENATOR DEMUZIO:

Thank you very much, Ladies and Gentlemen of the Senate. Senator Walsh, you did a great job on mumbling this bill through. I notice you're creating the Aldo DeAngelis Program for Educational Involvement at Governor's State University. Can you explain to the Body just exactly what that program is and what it does and what relationship it has to the former Member of the Senate, Aldo DeAngelis?

SENATOR T. WALSH:

Well, yeah. We'd like to have you...(microphone cutoff)...sponsor, and this is an effort to further try to ingratiate myself to Italian-Americans. Aldo DeAngelis was one of the finest Italian-Americans that served in the Senate here, and I think it's only fitting for him. But not one of the finest. I can see three that were maybe a little bit better than he was, but he was...

PRESIDING OFFICER: (SENATOR DONAHUE)

SENATOR DEMUZIO:

Yeah. Well, the answer to the question is, you don't know. Thank you very much.

ACTING SECRETARY HAWKER:

Yes. Second Conference Committee Report on Senate Bill 730.

Senator Fawell.

SENATOR FAWELL:

Thank you very much. This has -- this conference bill has several things that we, frankly, have already passed on other bills that some way or another have gotten tied up in the House. One is at the request of the County Engineers, which allows local authorities and road district highway commissioners to install signs alerting motorists to the tourist oriented businesses available on roads under local jurisdiction. The second part of it is the UPS bill that has already been passed, and I think we just passed it again. But, anyway, it'll take care of a problem whereas Illinois is charging sales tax on the purchase of forms that UPS has been transporting for themselves. The third part amends the Motor Vehicle Retail Installment Sales Act at the request of the Community Bankers Association. Under current law, a seller in a retail installment contract may enact a doctory {sic} (documentary) fee. Apparently there's been some question because somebody charged forty-three dollars instead of forty, and the Federal Reserve Bank said that we were supposed to charge forty. This will straighten this out. If there's any question, be glad to try and answer 'em.

ACTING SECRETARY HAWKER:

Yes. First Conference Committee Report on Senate Bill 939.

PRESIDING OFFICER: (SENATOR DONAHUE)

Senator Watson.

SENATOR WATSON:

Yes, thank you, Madam President. This is a brownsfield {sic} (brownfields) remediation program that's taken a great deal of time to put together, and I would like to thank Al Grosboll from the Governor's Office and Senator Clayborne, Senator Berman, Karpel, Senator Mahar, the RCGA, which is the Regional Commerce and Growth Association, a lady by the name of Kelsey Lundy, who brought this legislation to us. It's simpler -- it's similar in concept to what Missouri has. The EPA was very cooperative, as was the Department of Revenue. A lot of negotiations went into this, and it's a pretty significant piece of legislation. It establishes a tax credit, and I realize that this is a -- a move - a pretty significant move - by the -- the Governor, to create an incentive for business to get involved in the remediation process, and that would be the private sector, and that's important, that we involve the private sector. And there's a considerable amount

STATE OF ILLINOIS
90TH GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

61st Legislative Day

of effort by, obviously, super funds and others to do what we're trying to do here, but it's not -- simply not getting the job done. And by establishing this tax credit and creating this incentive, we're in hopes that private sector will take a more active part. They do have a limit, as far as the tax credit. It's a hundred and fifty thousand dollars per site, or forty thousand dollars per year, and that is a twenty-five-percent tax credit. The participating site must be enrolled in the EPA's Site Remediation Program. The taxpayer cannot have caused or contributed to the contamination, and a No Further Remediation Letter must be issued for the site. A threshold of one hundred thousand dollars in eligible remediation costs per site must be spent before the credit begins, and eligible remediation costs are capped at seven hundred thousand dollars. Again, it would be twenty-five percent of that. Enterprise zones are exempted from the threshold. EPA will establish rules to determine eligible remediation costs. EPA will charge an application fee. Those tax credits can be carried forward for five years and may be sold or transferred to a successor's title. The program will sunset on December 31st, 2001. We're hopeful that, at that point in time, we will have established a successful program, and we would be able to move forward. EPA establishes a grant process by which communities can receive up to one hundred and twenty thousand dollars or up to seventy percent of the program costs of the grant. That is established by a 1.2 million dollar per year grant program just for municipalities. Grants may be used for the coordination of activities related to the brownfield redevelopment. Thank you, Madam Secretary.

Thank you, Madam President. I, too, obviously, rise in

support of this. I think this piece of legislation is very important throughout my entire district, from Granite City down to East Carondelet and through East St. Louis, Belleville and so forth. We have so many potential pieces of development that were former gas stations or whatever that are very important to revitalize and to bring some kind of economic development and growth, and I think that this is an excellent piece of legislation that will bring some development back to those areas. I urge a favorable vote.

There's a provision for the Department of Military Affairs which authorizes them to convey a parcel of land they own in Galesburg to the City of Galesburg if the City, in turn, conveys to the State a ten-acre parcel of land in Galesburg. There's another provision for the Village of Elmwood Park that is quick-take powers to be used for the acquisition of commercially zoned property in a TIF district for redevelopment purposes. SENATOR RAUSCHENBERGER:

Thank you, Madam President, Ladies and Gentlemen of the Senate. I appreciate the courtesy of the opportunity to return to this bill. When I first began to present it a little earlier, I -- I had confused which bill it was I was explaining. I am the lucky sponsor of two, nearly three, bond bills tonight. This bill is the -- a trimmed-down version of the Governor's requested bond authorization for maintenance and capital projects in the State of Illinois. The Governor's original submission was in the neighborhood of four hundred and ninety million dollars. Due to the fact that we had hoped to pass a bond program dealing with schools of a billion dollars to begin school construction, we asked the Governor's Office to trim this bond authorization as -- as slimly as they could. Consequently, this total bond authorization that we're considering now is only a hundred and seventy-seven million dollars. It -- we've removed all new projects. It deals almost exclusively with maintenance. The -- hopefully you've had a chance to look through the project list. The total maintenance bonding is eighty-seven million three hundred and fifty-eight thousand dollars. It includes eleven million dollars of conservation bonds, and it includes eighteen million dollars' worth of drinking water revolving bond funds and sewer wastewater treatment facilities funds. These are both federal match funds, where for every dollar we put up, the federal government puts up four dollars. It also includes mass transit

The State of Illinois has the benefit of three hundred million dollars' worth of project work that's important to the communities. Although it's late in the evening, I appreciate your indulgence. I would appreciate a favorable roll call and would be happy to answer questions.

SENATOR KARPIEL:

Thank you, Mr. President. The Second Conference Committee on House Bill 1887 does several things. First of all, it -- it has language that was in a previous bill that allows local governments to use tipping fee revenues for any environment-related purposes, excluding pollution control facilities. It makes a couple of modifications in the operating standards for clean construction and demolition debris facilities, and that was in the underlying bill, the original bill. And it adds language that was requested by the IEPA that amends the Illinois Vehicle Code relating to vehicle emissions testing. It makes four changes, which if you don't have in your analysis or -- or interested, I should read them. But basically what it does is, evidently the federal government just came out with some waivers or some -- something that says that we can delay the implementation and this does that. And that's basically what the bill does now.

Thank you, Mr. President. Will the sponsor yield?

Just for a point of clarification, Senator Karpziel. If I'm not mistaken, Senate Amendment No. 1 is the bill that we defeated here on the Senate Floor.

PRESIDING OFFICER: (SENATOR WATSON)

Senator Karpziel.

SENATOR KARPIEL:

Not the entire thing. It's part of that bill.

PRESIDING OFFICER: (SENATOR WATSON)

Senator Burzynski.

SENATOR BURZYNSKI:

Okay. So, in other words, this is the portion of the bill though that would take funds away or the possibility that local counties could charge tipping fees and take their funds away and ship them to other counties that have transfer stations.

PRESIDING OFFICER: (SENATOR WATSON)

Senator Karpziel.

SENATOR KARPIEL:

No, Senator Burzynski, that's the part that did -- is not in this bill. The part of that bill, which was Senate Bill 260, that is in this bill is that allows counties to use the tipping fee fund that they have built up for other environment-related purposes. It has nothing to do with the transferring the money back and forth between transfer stations and landfills.

PRESIDING OFFICER: (SENATOR WATSON)

Further discussion? Senator Burzynski.

SENATOR BURZYNSKI:

So, just as a further point of clarification. This in no way will take away revenue that's generated by municipalities or counties that have landfills in their jurisdictions?

PRESIDING OFFICER: (SENATOR WATSON)

Senator Karpziel. ...discussion? Senator Lauzen.

SENATOR LAUZEN:

Just a question for the sponsor.

PRESIDING OFFICER: (SENATOR WATSON)

Sponsor indicates she'll yield, Senator Lauzen.

SENATOR LAUZEN:

Can you explain the opposition? Let's see. Why would the DuPage County be in support of the language and DuPage Mayors and Managers opposed?

PRESIDING OFFICER: (SENATOR WATSON)

Senator Karpiel.

SENATOR KARPIEL:

Well, in -- DuPage County has in their fund about twenty/twenty-nine million dollars, and they wish to use it for other environmental-related things. And the DuPage Mayors and Managers, as I understand their opposition, is because they are fearful that, at some point in the future, this money that's supposed to be used for post-closure and for things like that won't be there if they use it for other nonrelated things.

PRESIDING OFFICER: (SENATOR WATSON)

Further discussion? Senator Welch.

SENATOR WELCH:

I had a question of the sponsor.

PRESIDING OFFICER: (SENATOR WATSON)

Sponsor indicates she'll yield, Senator Welch.

SENATOR WELCH:

Senator, this says that these tipping fees may be used for construction of a household hazardous waste facility, but not for the construction of any other pollution control facility. Will this include money to be used for an incinerator to burn household hazardous waste, or a landfill to dispose of household hazardous waste?

PRESIDING OFFICER: (SENATOR WATSON)

Senator Karpiel.

SENATOR KARPIEL:

No, Senator Welch. It's a collection facility, not a incinerator. And this language was put in for Lake County because I think they have just built one, or they're in the process of it.

PRESIDING OFFICER: (SENATOR WATSON)

Further discussion? Senator Fawell.

SENATOR FAWELL:

Will the sponsor yield?

PRESIDING OFFICER: (SENATOR WATSON)

Sponsor indicates she'll yield, Senator Fawell.

SENATOR FAWELL:

Is this the stupid emissions testing that the -- that the federal government's going to make us take?

PRESIDING OFFICER: (SENATOR WATSON)

Senator Karpriel.

SENATOR KARPIEL:

This is the stupid emissions testing, Senator Fawell, but it -- it actually improves it somewhat. It -- it says that the -- it -- it authorizes EPA -- IEPA to delay the start of the testing schedule to the fourth year or later after the new -- when it's a new car. And it allows for more than one economic hardship testing extension during the life of the vehicle. And it -- you know, it really tries to make it a little better.

PRESIDING OFFICER: (SENATOR WATSON)

Is there any further discussion? Senator Walsh.

SENATOR T. WALSH:

I move the previous question.

PRESIDING OFFICER: (SENATOR WATSON)

That's very appropriate time. Senator Karpriel, to close. If not, the question is, shall the Senate adopt Conference Committee Report on House Bill 1887. Those in favor, vote Aye. Opposed, vote No. The voting is open. Have all voted who wish? Have all

voted who wish? Have all voted who wish? Take the record. On that question, there -- there are 54 voting Yes, no -- 3 voting No, and no voting Present. The Senate does adopt the Conference Committee Report on House Bill 1887. And the bill, having received the required three-fifths majority, is declared passed. Senate Bill 271. Senator Cronin. Mr. Secretary, is there a conference committee filed?

SECRETARY HARRY:

Yes, Mr. President. The First Conference Committee Report on Senate Bill 271.

PRESIDING OFFICER: (SENATOR WATSON)

Senator Cronin.

SENATOR CRONIN:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. Conference Committee Report on Senate Bill 271 is a hodgepodge of different provisions, some for the State Board of Education, some for the City of Chicago and the Chicago School Board, and various other items that are very noncontroversial and very important. I ask for your favorable consideration. Happy to answer any questions.

PRESIDING OFFICER: (SENATOR WATSON)

Is there any discussion? Any discussion? Seeing none, the question is, shall the Senate adopt the Conference Committee Report on Senate Bill 271. Those in favor, vote Aye. Opposed, vote No. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 57 voting Yes, no voting No, no voting Present. The Senate does adopt the Conference Committee Report on Senate Bill 271. And the bill, having received the required two -- three-fifths majority, is declared passed. Senate Bill 797. Senator Philip. Mr. Secretary, is there a conference committee filed?

SECRETARY HARRY:

Yes, Mr. President. First Conference Committee Report on Senate Bill 797.

PRESIDING OFFICER: (SENATOR WATSON)

Senator Philip.

SENATOR PHILIP:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. Senate Bill 797 is the agreement between the Mayor of the City of Chicago and Governor Edgar regarding Meigs Field. It also creates an oversight committee, four appointed by the Mayor, four appointed by the Governor, and one by each of the four Legislative Leaders. Would be happy to answer any questions.

PRESIDING OFFICER: (SENATOR WATSON)

Is there any discussion? Any further discussion? If not, the question is, shall the Senate adopt the Conference Committee Report on Senate Bill 797. All those in favor, say Aye -- vote Aye. Opposed, No. The voting is open. It is a roll call vote. Pardon me. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 48 voting Yes, 4 voting No, 2 voting Present. The Senate does adopt the Conference Committee Report on Senate Bill 797. And the bill, having received the required three-fifths majority, is declared passed. Senate Bill 1101. Senator Rauschenberger. Mr. Secretary, is there a conference committee report filed?

SECRETARY HARRY:

Yes, Mr. President. The First Conference Committee Report on Senate Bill 1101.

PRESIDING OFFICER: (SENATOR WATSON)

Senator Rauschenberger.

Senate Bill 1101 is the Budget Implementation Act. I'd appreciate a favorable roll call.

PRESIDING OFFICER: (SENATOR WATSON)

Is there any discussion? Any discussion? If not, the question is, shall the Senate adopt the Conference Committee Report on Senate Bill 1101. All those in favor, vote Aye. Opposed, vote No. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 49 voting Yes, 5 voting No, 3 voting Present. The Senate does adopt the Conference Committee Report on Senate Bill 1101. And the bill, having received the required three-fifths majority, is declared passed. With leave of the Body, we are going to back to the original Calendar of the day, on page 8. Senator O'Daniel had asked Senator Maitland to handle House Joint Resolution 24, and Senator Maitland was off the Floor at that time. Mr. Secretary, would you please read the resolution?

SECRETARY HARRY:

House Joint Resolution 24, offered by Senator O'Daniel.
No committee or Floor amendments, Mr. President.

PRESIDING OFFICER: (SENATOR WATSON)

Senator Maitland.

SENATOR MAITLAND:

Thank you very much, Mr. President, for your courtesy. House Joint Resolution 24 directs the Illinois State Board of Education to fund, on a one-time only basis, supplemental GED grants from moneys appropriated expressly for that purpose. The -- there is to be a study and a report, and it's due to the General Assembly and to the Office of the Governor by December 1, 1997. I know of no opposition. I would appreciate your support.
