Senate Floor Amendment No. 4

Provides that no group or individual policy or contract of long-term disability income insurance in this State that limits the duration of coverage for mental health and substance use disorders shall be offered (rather than on and after January 1, 2028, no insurer shall amend, deliver, issue, or renew a group or individual policy or certificate of long-term disability income insurance in this State) without a disclosure containing the specified information. Provides that evidence of the disclosure and acknowledgment must be retained by the insurance company offering the coverage (rather than offering the coverage for a period of no less than 2 years)

Amends the Counties Code. Provides that the lease of real estate is permitted when a vacant property, structure, or facility owned by the county can be used in the interest of the public or for the benefit and enjoyment of residents of the county.

Senate Committee Amendment No. 2

Replaces everything after the enacting clause. Amends the Counties Code. Provides that a county with a population of between 500,000 and 600,000 inhabitants may lease vacant real estate, structures, or facilities that are owned by the county if doing so promotes economic development, job creation, or community revitalization and does not interfere with existing public services. Provides that a lease to the public is not permitted under the provisions for properties, structures, or facilities currently used for government-operated services. Provides that a lease is not permitted under the provisions if the lease may result in the elimination or privatization of existing government-operated services. Provides that the authority to enter into a lease shall be exercised by an ordinance passed by three-fourths of the full county board then holding office, at any regular meeting or at any special meeting called for that purpose. Provides that the term of a lease entered into under the provisions may not exceed 99 years. Provides for the sunset of the provisions. Effective immediately.

Pension Note (Government Forecasting & Accountability)

SB 1454, as engrossed, is the identical to SB 1454, as amended by SA 1. SB 1454, as amended by SA 1, achieves the same underlying goal as the original SB 1454. Though, instead of amending the individual articles of the Illinois Pension Code, the Illinois Municipal Code is amended to mandate automatic enrollment for employees of cities with a population of 500,000 or more (Chicago) that participate in the Chicago Fire, Police and Municipal pension funds. SB 1454 automatically enrolls newly hired participants in the Chicago Fire, Police and Municipal funds into a qualified pre-tax defined contribution (DC) retirement plan that would operate alongside the existing defined benefit (DB) plans of the respective funds. The number of new entrants who would be auto-enrolled into the newly created DC plans is not known. Some context is available via P.A. 102-540, which mandated automatic DC enrollment of new hires in both TRS and SURS. SURS reported that 77% of new hires remained in their DC plan after the enrollment window, while TRS reported that 73% of new hires remained in their Supplemental Savings Plan (SSP).

New Act

Creates the Illinois Psilocybin Advisory Board Act. Sets forth findings and defines terms. Establishes the Illinois Psilocybin Advisory Board within the Department of Financial and Professional Regulation for the purpose of advising and making recommendations to the Department regarding the provision of psilocybin and psilocybin services. Sets forth requirements for members of the Board. Provides that, within 3 months after the effective date of the Act, the Governor, the Senate President, the Speaker of the House, the Minority Leader of the House, and the Minority Leader of the Senate shall appoint certain individuals to the Board. Provides that, between January 1, 2027 and January 1, 2029, the Board shall meet at least once every 2 calendar months at a time and place determined by the chairperson or a majority of the voting members of the Board and that, after January 1, 2029, the Board shall meet at least once every calendar quarter. Provides that the Board shall perform certain duties, including publishing an annual report describing the Board's activities and making recommendations concerning (i) the safety and efficacy of psilocybin and other substances, (ii) potential requirements for providing psilocybin services to clients, (iii) a potential code of ethics and possible training requirements for facilitators, and (iv) public health considerations. Makes other changes. Effective immediately.

Senate Floor Amendment No. 2

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Makes changes to legislative findings. Includes ayahuasca in the definition of "entheogen" or "entheogenic substance". Includes synthetically produced psilocybin and psilocin in the definition of "psilocybin product". Makes changes to the membership of the Illinois Psilocybin Advisory Board, including the voting and nonvoting members of the Board. Removes language regarding the terms of members. Provides that the applicable appointing authority shall appoint an individual, when there is a vacancy for any reason, to serve as a member in an acting capacity until the individual is approved by the Board (rather than by the Senate) for the remainder of the unexpired term. Provides that the Board shall hold its first meeting by November 1, 2026 (rather than between January 1, 2027 and January 1, 2029) at a time and place specified by the Governor, and that after the first meeting the Board shall meet at least once monthly (rather than every 2 calendar months) at a time and place determined by the chairperson or a majority of the voting members of the Board. Provides that Board members shall serve without compensation. Provides that the Board, in compliance with the Open Meetings Act, may meet virtually. Provides that, within 18 months after the effective date of the Act, the Board shall submit a report to the Governor and the General Assembly. Provides what the report shall include. Provides for repeal of the Act 2 years after the effective date of the Act. Makes other changes. Effective immediately.

Senate Floor Amendment No. 3

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill, as amended by Senate Amendment No. 2, with the following changes. In a provision concerning the members of the Illinois Psilocybin Advisory Board, provides that if there is a vacancy for any reason, the applicable appointing authority shall appoint an individual to fill the vacancy in a timely manner (rather than appoint an individual to serve as a member in an acting capacity until the individual is approved by the Board as a member of the Board for the remainder of the unexpired term). Provides that the report the Board shall submit to the Governor and the General Assembly shall include an evaluation of (rather than a recommendation on) the medical efficacy of listed psychedelic substances based on medical, psychological, and scientific studies, research, clinical trials in the United States, and other information related to the safety and efficacy of each substance. Removes from the report the necessity to include recommendations concerning whether listed psychedelic substances may be included in an appropriate statutory or regulatory framework to avoid an unregulated de facto market for entheogenic substances other than psilocybin. Provides that the report shall include recommendations on the availability of Medicaid coverage for psilocybin (rather than entheogens) and associated services. Effective immediately.

Amends the Educator Licensure Article of the School Code. Allows the State Superintendent of Education to issue a short-term approval for a paraprofessional educator to an individual who does not meet the requirements necessary for issuance of an Educator License with Stipulations with a paraprofessional educator endorsement. Provides that the short-term approval authorizes an individual to serve as a paraprofessional educator in a school district, including a charter school, or a State-operated program, with the short-term approval expiring on June 30 immediately following the third full fiscal year after the approval was issued without renewal. Provides that upon expiration of the short-term approval, the State Superintendent of Education shall issue an Educator License with Stipulations with a paraprofessional educator endorsement to the individual if the individual meets specified requirements.

Senate Floor Amendment No. 1

Requires the applicant to also meet at least one of the following requirements: (i) hold a high school diploma or its recognized equivalent and pass a paraprofessional competency test; (ii) hold an associate degree or a minimum of 60 semester hours of credit from a regionally accredited institution of higher education; or (iii) if applicable, have been issued a short-term approval for paraprofessionals and have been employed as a paraprofessional educator for each year the short-term approval is valid, have paid the required license renewal fee, and have been determined by the school district to have met specified competencies. Amends the Illinois Municipal Retirement Fund (IMRF) Article of the Illinois Pension Code. Provides that no person who has earned creditable service through employment by the Fund shall be eligible to serve as a trustee.

Adds reference to:

40 ILCS 5/7-166

from Ch. 108 1/2, par. 7-166

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Further amends the Illinois Municipal Retirement Fund (IMRF) Article of the Illinois Pension Code. Provides that a participating employee who, regardless of cause, is separated from the service of the participating municipalities and instrumentalities thereof and participating instrumentalities from which the participating employee is seeking to retire (instead of all participating municipalities and instrumentalities thereof and participating instrumentalities) shall be entitled to a retirement annuity if the participating employee meets certain conditions. Provides that a condition of entitlement to a retirement annuity is that the participating employee is not entitled to receive earnings for employment in a position requiring him to be a participating employee as defined in the Article or under a provision concerning the suspension of a retirement annuity during employment (instead of employment in a position requiring him or entitling him to elect to be a participating employee). Adds a condition for entitlement to a retirement annuity that the participating employee has not prearranged to return to the service of the participating municipalities and instrumentalities thereof and participating instrumentalities from which the participating employee retired. In a provision concerning eligibility for separation benefits, adds a condition that the participant must have separated from the service of the participating municipality or instrumentality with which the participating employee last participated in the Fund. Removes language providing that the entitlement to a separation benefit is upon separation from the service of all participating municipalities and instrumentalities thereof and participating instrumentalities.

40 ILCS 5/17-132

from Ch. 108 1/2, par. 17-132

Amends the Chicago Teacher Article of the Illinois Pension Code. Requires charter schools and contract schools to retain all payroll records and contribution information for a minimum of 5 years after the payroll records and contribution information are created. Effective immediately.

Pension Note (Government Forecasting & Accountability)

The requirement under SB 2861 that charter and contract schools maintain payroll and contribution records for five years would have no direct fiscal impact on the Chicago Teachers' Pension Fund (CTFP). However, any audits of charter schools that CTFP indicates the bill is designed to support could result in negligible changes in employer contributions, commensurate with the audits' findings.

Provides that an animal shelter or animal control facility must provide to the adopter prior to the time of adoption the following information, to the best of its knowledge, on any dog or cat being offered for adoption: if the dog or cat has bitten or scratched any person; and, for a dog, (i) any behavior noted during interactions with the dog, including during intake, walks, play groups, socialization sessions, medical examinations, and other assessments; (ii) if the dog has killed a companion animal or livestock; and (iii) if the dog has been deemed vicious or dangerous pursuant to the Animal Control Act. Provides that an animal shelter or animal control facility must provide the adopter with information regarding whether a dog offered for adoption has killed a companion animal or livestock or has been deemed a dangerous dog under the Animal Control Act and any restrictions that may apply to the dog, if known. Amends the Humane Care for Animals Act. Provides that a law enforcement officer who arrests the owner of a companion animal for a violation of the owner's duties may lawfully take possession of some or all of the companion animals in the possession of the owner. Allows a State's Attorney 30 days (rather than 14 days) after seizure of a companion animal to file a petition for forfeiture prior to trial, asking for permanent forfeiture of the companion animals seized.

105 ILCS 5/24-12

Amends the Employment of Teachers Article of the School Code. In a provision requiring a school board, before setting a hearing on charges stemming from causes that are considered remediable, to give a teacher reasonable warning, in writing, stating specifically the causes that, if not removed, may result in charges, allows a teacher to grieve the issuance of such warning pursuant to the applicable collective bargaining agreement to determine whether the board had just cause in issuing the warning. Requires the written warning to narrowly specify the nature of the alleged misconduct that needs to be remedied. Provides that under no circumstances may the written warning remain effective for longer than 4 years from the date of the issuance of the written warning. Requires the school district to use reasonable efforts to remove the written warning from the teacher's personnel file after the 4 years have elapsed or sooner if agreed to through the exclusive bargaining representative, with an exception. Effective immediately.

Senate Floor Amendment No. 1

Replaces everything after the enacting clause. Amends the Employment of Teachers Article of the School Code. Provides that nothing in the provisions precludes a board from asserting that the specific conduct alleged in the original warning is part of an alleged pattern of behavior, but any subsequent action must be reasonably related to the specific conduct alleged in the original warning. Allows the teacher to request and requires the teacher to be granted an opportunity to respond to the findings in the written warning, either in person or in writing before the board, prior to the board's formal vote to approve the warning. Provides that if the teacher is in disagreement with the final action of the board, the teacher may take the written warning to binding arbitration. Provides that the arbitrator shall have the power to render a decision on the written warning, which shall be final and binding on both parties. Provides that each party shall pay one-half of the cost of the arbitration proceedings and each party is entitled to representation of the party's choosing at all stages in this process. (Rep. Gregg Johnson-Stephanie A. Kifowit)

40 ILCS 5/16-118

from Ch. 108 1/2, par. 16-118

Amends the Downstate Teacher Article of the Illinois Pension Code. Provides that, through June 30, 2029 (instead of June 30, 2026), an annuitant may accept employment as a teacher without impairing his or her retirement status if that employment is not within the school year during which service was terminated and does not exceed 120 paid days or 600 paid hours in each school year, but not more than 100 paid days in the same classroom. Makes a conforming change. Effective immediately.

Pension Note (Government Forecasting & Accountability)

SB 2953 extends the sunset date of the current limitations on annuitant return-to-service (120 paid days or 600 paid hours in each school year) by three years, through June 30, 2029. Under current law, the aforementioned limitations are scheduled to sunset on June 30, 2026, after which the prior return-to-work limitations of 100 paid days or 500 paid hours will again apply beginning July 1, 2026. Therefore, SB 2953 allows retired teachers to return to service for a longer period of time under the 120-day/600-hour limitation than would otherwise be allowed under current law. The fiscal impact on TRS of allowing retired teachers to work 20 more days or 100 more hours in a school year without impairment of annuity status is expected to be minimal, as participation under the extended limitation is likely to be relatively small; however, the precise impact would depend on the number of annuitants who elect to return to work.

Amends the Illinois State Police Law and the Illinois Police Training Act to require instruction during training on the policies and procedures for administering a lethality assessment, including referrals to domestic violence services. Amends the Illinois Domestic Violence Act of 1986. Provides that, on or before January 1, 2028, every law enforcement agency shall provide to all of its law enforcement officers instruction on the policies and procedures for administering a lethality assessment as part of basic training. Provides that, on or before July 1, 2028, a law enforcement officer investigating an alleged incident of domestic violence shall administer a lethality assessment if the allegation of domestic violence is against an intimate partner, regardless of whether an arrest is made. Provides that if a victim does not, or is unable to, provide information to a law enforcement officer sufficient to allow the law enforcement officer to administer a lethality assessment, the law enforcement officer must document the lack of a lethality assessment in the written police report and refer the victim to the nearest locally certified domestic violence center. Prohibits a law enforcement officer from including in or attaching to a probable cause statement, written police report, or incident report the domestic violence center to which a victim was referred. Prohibits a law enforcement officer from administering a lethality assessment if the law enforcement officer has not received training on administering a lethality assessment. Makes a conforming change in the Freedom of Information Act.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the bill as introduced with these changes. Provides that by July 1, 2027, the Department of Human Services is required to develop, in consultation with law enforcement, a statewide organization representing State's Attorneys, and a statewide organization dedicated to domestic violence prevention, a model lethality assessment instrument that local law enforcement agencies may use or reference. Requires that by January 1, 2028, the continuing education for law enforcement officers must include training on the policies and procedures for administering a lethality assessment. Provides that beginning no later than July 1, 2031, a law enforcement officer investigating an alleged incident of intimate partner domestic violence shall administer a lethality assessment if: (1) the allegation of intimate partner domestic violence results in an arrest being made; or (2) the allegation of intimate partner domestic violence does not result in an arrest being made, but there is evidence that an assault, battery, or other physical violence has occurred between the intimate partners. Provides that if no arrest is made and there is no evidence that an assault, battery, or other physical violence has occurred, a law enforcement agency is authorized to partner with a domestic violence center that administers lethality assessments. Provides that the domestic violence center shall be provided with all police reports, victim statement, and any other information necessary to complete the lethality assessment within 72 hours of the domestic violence incident. Provides that nothing in the Act is intended to impose additional liability on a law enforcement office or agency acting in good faith compliance with the Act. Makes other changes.

Senate Floor Amendment No. 2

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill, as amended by Senate Amendment No. 1, with the following changes. Provides that a lethality assessment shall only be administered with the consent of the victim. Provides that a lethality assessment shall only be administered if, among other things, the allegation of intimate partner domestic violence does not result in an arrest being made but an allegation of an assault or a battery committed between the intimate partners was made (rather than the allegation of intimate partner domestic violence does not result in an arrest being made but evidence exists that an assault, battery, or other physical violence has occurred between the intimate partners). Provides that the domestic violence center shall be provided with all available information (rather than all police reports, victim statements, and any other information) necessary to conduct a lethality assessment as soon as possible (rather than within 72 hours). Removes provisions concerning domestic violence center referrals to victims. In the Children and Family Services Act, removes provisions requiring the Department of Children and Family Services to consult with the Statewide Youth Advisory Board to determine the effectiveness of existing transition planning programs, to identify new programming, and to advise on how information about transitional services is communicated to youth in a clear, timely, and age appropriate manner. Removes amendatory provisions requiring the Department to develop, by July 1, 2027, procedures setting forth a process by which a youth or a youth's representative can request an accounting or explanation of financial decisions made by the Department or child welfare contributing agency for any monies held by the Department or child welfare contributing agency on behalf of the youth. Instead provides that the Department shall require periodic verification of accounts identified as belonging to or held for the benefit of a youth in care to ensure the preservation of the youth's financial resources. Requires the Department to adopt rules establishing a process by which a youth, or other specified persons, may request an accounting of funds held, conserved, or expended by the Department on behalf of the youth and accounts known to the Department. Removes amendatory provisions requiring the Department of Children and Family Services to (i) ensure that each youth receives age-appropriate financial guidance designed to build financial literacy and informed decision-making and (ii) review and seek feedback from the Statewide Youth Advisory Board regarding the effectiveness of such education and support services. Removes definitions for the terms "mental and physical health and well-being", "financial stability", and "supportive adult". Requires the Department to make reasonable efforts to develop, in partnership with the youth, an individualized transition-plan for each youth in care aged 15 and over; and requires that the transition plan address the youth's financial stability, including developmentally appropriate financial literacy education and information regarding any financial accounts established in the youth's name or for the youth's benefit of which the Department is aware, in addition to other specified subject matters. Removes amendatory provisions requiring 6-month case plan reviews for youth in care 15 years of age regarding the location of necessary documents and financial accounts opened in the youth's name. Removes amendatory provisions requiring the Department to develop a curriculum guided program for youth transitioning out of care. Adds provisions requiring the Department to make reasonable efforts to ensure that each youth in care eligible for a Successful Transition to Adulthood Review (STAR) hearing is informed of court hearings concerning his or her case at least 10 days in advance of the hearing whenever practicable, and is afforded the opportunity to attend or participate in the STAR hearing; and to support each youth in care's attendance in the youth's STAR hearings, including by providing or arranging transportation or other appropriate accommodations consistent with the youth's age and developmental needs. Amends the Department of Children and Family Services Statewide Youth Advisory Board Act. In provisions concerning Statewide Youth Advisory Board (Board) meetings, requires the Director of the Department or the Director's designee to (i) affirmatively engage with the Board regarding proposed or newly implemented Department policies, guidelines, procedures, rules, and training that materially affect current or former youth in foster care and (ii) provide the Board a reasonable opportunity to review and offer input when practicable. SB 03403

Sen. Robert F. Martwick

(Rep. Janet Yang Rohr)

40 ILCS 5/22A-115

from Ch. 108 1/2, par. 22A-115

Amends the Investment Board Article of the Illinois Pension. Provides that, if the Illinois State Board of Investment has not received a required audit opinion by December 15, the Board shall not be considered in violation of a provision requiring an annual report to each pension fund, retirement system, or education fund under the Board's jurisdiction within 6 months after the close of each fiscal year. Effective immediately.

Pension Note (Government Forecasting & Accountability)

SB 3404, as amended by SA 002, is nearly identical to the underlying bill, with two major exceptions; the buyout plans are optional for municipalities to establish (explicated stated in SA 2), and the Chicago Teachers Pension Fund (CTPF) is added as an eligible system. However, the anticipated fiscal impact would be the same, but now dependent on the number of eligible employers that elect to establish the two buyout programs. SB 3404, as amended by SA 002, creates the two buyout programs—Total buyout and the COLA (or AAI) buyout—for the affected pension funds, mirroring the existing buyout programs currently available in the State's "Big 3" retirement systems (SERS, SURS, and TRS). According to SERS, SURS, and TRS, the buyout programs have resulted in an estimated \$2.6 billion reduction in liabilities and required approximately \$2.0 billion in buyout payments, based on the most recently provided data from each system (ranging from June 2025 to January 2026)

Amends the Nurse Practice Act. Provides that, in order to protect the public and ensure safe and adequate health care services, if the Department of Financial and Professional Regulation finds that any person licensed or authorized to practice under the Act was not properly credentialed pursuant to the standards required at the time of application, the Department may temporarily suspend the person's license or authorization to practice without prior hearing until the Department receives satisfactory evidence of the licensee's overall qualifications. Provides that the Department shall notify the licensee of the temporary suspension at the licensee's address of record or email address of record. Provides that the licensee may request that the Board review the validity of the license within 30 days after the service of the notice and shall submit written evidence in support of the licensee's qualifications with the request for review. Provides that the licensee may seek an extension of time to provide such evidence, during which the suspension shall remain in effect. Provides that the Board, at its next regularly scheduled meeting, shall review the request and any written evidence provided by the licensee and make a final recommendation regarding the licensee's qualifications to the Director of the Division of Professional Regulation of the Department. Provides that, based upon the Board's final recommendation, the Director of the Division of Professional Regulation may issue an order withdrawing the license due to the licensee's lack of qualifications or lift the suspension of the license by stipulating terms and conditions of practice. Provides that withdrawal of the license alone shall not constitute discipline or be a bar to licensure if the licensee makes a subsequent reapplication that meets the qualifications under the Act. Provides that disciplinary proceedings may also be initiated pursuant to the Board's recommendation or Department findings and shall be conducted in the same manner as other disciplinary proceedings under the Act. Sets forth rulemaking authority for the Department.

Amends the Illinois Insurance Code. In provisions concerning the payment of nonparticipating ground ambulance service providers, makes changes to defined term, removes jurisdictional provisions, and provides that, for nonparticipating ground ambulance service providers owned and operated by (instead of subject to) a unit of local government, a rate shall be paid that is equal to the rate established or approved by the governing body of the unit of local government providing the ground ambulance service. Establishes a rate of pay for nonparticipating ground ambulance service providers that are not owned and operated by (instead of subject to the jurisdiction of) a unit of local government. Amends the Health Maintenance Organization Act. Replaces provisions concerning coverage for emergency transportation by ambulance with provisions concerning coverage for ground ambulance service.

(Rep. Kevin John Olickal)

750 ILCS 5/505

from Ch. 40, par. 505

750 ILCS 5/510

from Ch. 40, par. 510

Amends the Illinois Marriage and Dissolution of Marriage Act. Provides for a child support calculation for shared physical care in which each parent exercises 110 or more overnights per year with the child or 110 or more overnight equivalents as determined by a court as a deviation from guidelines or upon agreement by the parties. Provides that overnight equivalents are calculated by using a method other than overnights if the parent has significant parenting time periods on separate days in which the child is in the parent's physical care and under the direct care of that parent but does not stay overnight. Provides that if parents have shared physical care of a child, the basic child support obligation is multiplied by 1.5 to calculate the combined shared care child support obligation; the court shall determine each parent's portion of the shared care child support obligation based on the parent's percentage share of combined adjusted net income; the shared care child support obligation is then computed for each parent by multiplying that parent's portion of the shared care support obligation by the percentage of time the child spends with the other parent and determining any adjustment for shared physical custody that is less than 146 overnights or overnight equivalents. Provides that the respective shared care child support obligations are then offset with the parent owing more paying the difference in child support. Creates a statutory table to calculate the child support if a parent has physical shared custody for less than 146 overnights or overnight equivalents per year. Provides that the shared care child support obligation after adjustment may not be greater than the amount that would have been ordered under the basic support guidelines in any event. Provides that a parent incarcerated for more than 180 days is presumed to be unable to pay any amount of child support, and this presumption may be rebutted by evidence establishing the ability to pay child support during incarceration. Provides a rebuttable presumption that a minimum child support obligation of \$40 per month, per child, will be entered for an obligor who has actual or imputed gross income at or less than 100% of the most recent United States Department of Health and Human Services Federal Poverty Guidelines for a family of one person.

Senate Floor Amendment No. 1

Provides that a child support order entered must include a provision requiring both parents to exchange income information annually, and either parent must report to the other parent and to the clerk of court within 10 days each time either parent obtains new employment and each time either parent's employment is terminated for any reason. Provides that the information exchanged or reported must be in writing and verify the parent's net income. Provides that in the case of new employment, the information must include the name and address of the new employer. Adds a January 1, 2027 effective date.

Senate Floor Amendment No. 2

Corrects a technical error. Adds a January 1, 2027 effective date.

430 ILCS 180/15

Amends the Rooftop Safety for First Responders Act. Provides that, no later than January 1, 2027, and every 2 years thereafter, each municipality shall complete a survey of new buildings (rather than just a survey of buildings) in its jurisdiction that have skylights and other openings located in the plane of a low-sloped roof. Provides that, within one year after the effective date of the amendatory Act, each municipality shall develop a methodology to collect data regarding the presence of skylights and other openings in the plane of low-sloped roofs of existing buildings by examining building permits and collecting information during required inspections of those properties.

Senate Committee Amendment No. 2

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Limits all changes to the Rooftop Safety for First Responders Act in the introduced bill to municipalities with a population of fewer than 500,000 inhabitants, and makes conforming changes. In provisions regarding municipalities collecting data regarding skylights and specified other roof openings of existing buildings, provides that each municipality shall develop a methodology by examining building permits for new renovation projects or collecting information during required inspections of existing buildings (rather than by examining building permits and collecting information during required inspections of those properties).

New Act

Creates the Servicemember Education Rights Veneration Act. Requires institutions of higher education (institution) to accommodate service member student's academic military leave and grant prompt readmission when the service member student has not exceeded a cumulative academic military leave period beyond 5 years, provides advance notice of academic military leave to the institution, and provides notice of intent to return to the institution. Requires the institution to readmit a service member student on academic military leave into the next class, classes, or academic year division following the receipt of the notice of intent to return in accordance with the terms of the accommodation. Contains provisions on exemptions to readmission and related reporting requirements on service member students; investigations by the Attorney General's appointed ISERRA Advocate on whether a readmission exemption exists; and other matters. Requires service member students to provide advance notice of pending military service and prohibits institutions from imposing conditions for academic military leave not otherwise imposed under the Act. Contains provisions on military accommodation; academic obligations of service member students; reimbursement for school expenses; academic withdrawal due to military service; rejection of accommodation and the institution's burden of proof; a 5-year military service limitation; records documentation; advance notice requirements on service member students; notice of intent to return; anti-discrimination protections; academic leave for the spouses of servicemembers; Attorney General enforcement authority; remedies; rulemaking authority; and other matters.

Senate Floor Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes: In the definition of "service member student", deletes language expanding the definition to include the spouse of a service member. Provides that accommodations made by an institution of higher education for a service member student shall be mutually agreed upon and conditioned on tasks that both sides must complete to fulfill the agreement (rather than shall be a mutually agreed upon contract conditioned on tasks that both sides must complete to fulfill the agreement). Provides that financial aid provided to a service member student shall be credited for the academic year division requiring withdrawal due to military service, unless expressly prohibited by the terms of such financial aid or (rather than and) impossible or unreasonable under the circumstances. Provides that a service member student who must withdraw from any course due to military service, shall receive (i) the maximum price, based on condition, for physical textbooks (rather than textbooks) purchased from the bookstore under the control of and associated with the institution and (ii) a full refund for electronic books. Deletes a provision creating a private right of action and a provision granting rulemaking authority to the Attorney General. Provides that any action brought under the Act by the Attorney General shall be commenced within 20 years after the date upon which the alleged violation occurred. Makes some technical changes.

40 ILCS 5/16-128

from Ch. 108 1/2, par. 16-128

Amends the Downstate Teacher Article of the Illinois Pension Code. In a provision concerning the contribution required to establish service credit for certain service as a teacher or administrator employed by a private school recognized by the Illinois State Board of Education, changes the amount of the interest payment required to establish that service credit from interest at the actuarially assumed rate to regular interest.

Pension Note (Government Forecasting & Accountability)

SB 4010 changes the interest rate applied to payments made to purchase optional service credit for years worked as a teacher or administrator in a private institution recognized by the Illinois State Board of Education. This legislation would apply regular interest rather than the actuarially assumed rate currently used by TRS. The precise fiscal impact of this legislation is unknown as of this writing because the number of teachers who may purchase this optional service credit during the current window period (which closes on June 30, 2028) is not known. However, lowering the interest rate from the actuarially assumed rate (currently 7.00% for TRS) to regular interest (set at 6% under current law) may result in member payments that are less than actuarially neutral. Therefore, SB 4010 could have a negative fiscal impact on TRS, commensurate with the number of teachers who elect to purchase this service credit and the difference between the two interest rates.

SB 04025

Sen. Ram Villivalam-Laura M. Murphy

(Rep. Kevin John Olickal-Aarón M. Ortíz)

415 ILCS 5/17.12

Amends the Environmental Protection Act. Provides that an owner or operator of a community water supply may, by an additional method approved by the State, give written notice of the existence of lead service lines that are connected to buildings. Provides that an owner or operator of a community water supply that performs at least 4,000 lead service line replacements per year or exceeds a statutorily prescribed lead service line replacement rate is exempt from a provision that prohibits partial lead service line replacements. Provides that, in a municipality with a population of more than 1,000,000 inhabitants, the owner of a private property upon which there is located a renter-occupied building, a building that is used as a day care, or a multi-dwelling building must allow the community water supply access to replace the lead service line on the private side of the property.

Senate Floor Amendment No. 2

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Deletes provisions added by the introduced bill that exempted from specified requirements a community water supply that has performed at least 4,000 lead service line replacements per year since 2025 or that exceeded certain specifications. Provides that, in a municipality with a population of more than 1,000,000 inhabitants, the owner of private property (rather than the owner of private property upon which there is located a renter-occupied building, a building that is used as a day care, or a multi-dwelling building) must allow the community water supply or the community water supply's contractor (rather than only the community water supply) access to the property to replace, on the private side of the property, the lead service line or the galvanized requiring replacement service line (rather than only the lead service line) if the community water supply is offering the replacement at no cost to the property owner. Specifies that, if the owner of the private property is unavailable or unwilling to provide consent to replace the lead service line or the galvanized requiring replacement service line, any legal occupant of the private property where the service line is located may provide consent for access to the community water supply or the community water supply's contractor. Provides that the legal occupant shall be held harmless for providing access, completing forms, or for the completion of replacements of the lead service line or the galvanized requiring replacement service line. Effective immediately.

Senate Floor Amendment No. 3

In provisions regarding a landowner's duty to allow the community water supply access to replace the lead service line or the galvanized requiring replacement service line if the community water supply is offering such a replacement at no cost, deletes a requirement that limits the application of the provisions to a municipality with a population of more than 1,000,000 inhabitants.
