Sorry... brain dead....STEM students?

I am not trying to be difficult but the 13th Ward may not want these people in their column. They may be interested in new interns. So, they may want you to consider not counting them in the ten. How do you want me to handle?

Mike

Would also be extending return offer to [REDACTED] from 13th Ward. Mike this is three 13th Ward return interns. That would leave 7 max new interns. Really need to focus on STEM students. We have more projects that are in these fields and need to have people with these interests. Also need people identified and hired through the process by early May.

Thanks

Fidel

Mr. Alderman,

I hope this note finds you well.

Fidel Marquez just communicated with me regarding summer interns this year. He would like for us to get on it if possible. He was proud to point out the below statement to me for your consideration and that of our Friend.

ComEd was particularly pleased with [REDACTED] and [REDACTED] from last year's class of interns. They would like to approach them again to work this summer. We hope you are okay with this action. If you are you may wish to call them asap.

Secondly, if you could start having Kevin and your staff put together eight-10 recommendations for summer interns. Thanks.

I have to say that generally Fidel tells me that the company is very happy with the quality and work ethic of the individuals you sponsor. Kudos to the 13th Ward!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

My best,

Mike
