Fidel,

Should I just tell this gentleman to enjoy Peoples?

He came to us through Tim Mapes but no pressure. Tim just thought he was a good employee for him and maybe we could use him.

He is willing to go on contract if you do not have an employed position open.

My best, Mike

Fidel,

Is this item still alive in your planning or should I just let it go?

Fidel,

You and I once talked about a “new” Latino contract lobbyist for our team.

If you are still looking this gentleman comes highly recommended.

My best, Mike
