

Redistricting can have a huge impact on our community and representation at the state level. The Indian-American community in Aurora is the fastest growing minority that lives predominantly in the east side of Aurora and west side of Naperville, along the Rt 59 corridor. This demographic should be taken into consideration when determining the boundaries of a district so that the Indian-American community has a future opportunity for representation at the state level. This goal should be balanced with the current district boundaries because the general community is happy with our representative from the 84th district. I am happy to answer any questions and can be reached at the number below.

Thanks,  
Gautam 'GB' Bhatia  
Chair - Naperville Township Democrats
