Hi,

I recently came across your event **Redistricting- Public Hearing** on Facebook.

Relevant reach and quality leads are the keys to getting more ticket sales, but it has become challenging to reach the potential audience on Facebook organically.

Do you also feel the same?

I am reaching out to you because, At AllEvents, we already have helped event creators like you reach a relevant audience, get more quality leads & sell more tickets.

And I believe we can do the same for your events too!

Here is our quick introduction:

AllEvents - A Global Platform to Publish, Promote & Sell Events.

Every month more than 6 million people actively look for events of their interests through our various channels such as website, mobile app, weekly newsletter & real-time email notifications.

What next?

Select a plan that suits your event needs, tell us about your event & the audience you are looking for, and let's get your campaign up & running.

(Starting from \$100, Estimated reach: 10,000 to 80,000)

Warm Regards,
Naitik from AllEvents

P.S. I think you will find this article helpful for your events.
