The extension shall be for a period of hours sufficient to allow adequate opportunity for examination of the records but the election authority is not required to extend its hours beyond the period beginning at its normal opening for business and ending at midnight. If the business hours are so extended, the election authority shall post a public notice of such extended hours. Registration record cards may also be inspected, upon approval of the officer in charge of the cards, during the 27 days immediately preceding any election. Registration record cards shall also be open to inspection by certified judges and poll watchers and challengers at the polling place on election day, but only to the extent necessary to determine the question of the right of a person to vote or to serve as a judge of election. At no time shall poll watchers or challengers be allowed to physically handle the registration record cards.

Updated copies of computer tapes or computer discs or other electronic data processing information containing voter registration information shall be furnished by the Board of Election Commissioners within 10 days after December 15 and May 15 each year and within 10 days after each registration period is closed to the State Board of Elections in a form

prescribed by the State Board. For the purposes of this Section, a registration period is closed 27 days before the date of any regular or special election. Registration information shall include, but not be limited to, the following information: name, sex, residence, telephone number, if any, age, party affiliation, if applicable, precinct, ward, township, county, and representative, legislative and congressional districts. In the event of noncompliance, the State Board of Elections is directed to obtain compliance forthwith with this nondiscretionary duty of the election authority by instituting legal proceedings in the circuit court of the county in which the election authority maintains the registration information. The costs of furnishing updated copies of tapes or discs shall be paid at a rate of \$.00034 per name of registered voters in the election jurisdiction, but not less than \$50 per tape or disc and shall be paid from appropriations made to the State Board of Elections for reimbursement to the election authority for such purpose. The State Board shall furnish copies of such tapes, discs, other electronic data or compilations thereof to state political committees registered pursuant to the Illinois Campaign Finance Act or the Federal Election Campaign Act and to governmental entities, at their request and at a reasonable cost. To protect the privacy and confidentiality of voter registration information, the disclosure of electronic voter registration records to any person or entity other than to a State or local political committee and other than to a governmental entity for a governmental purpose is specifically prohibited. Copies of the tapes, discs or other electronic data shall be furnished by the Board of Election Commissioners to local political committees and governmental entities at their request and at a reasonable cost. Reasonable cost of the tapes, discs, et cetera for this purpose would be the cost of duplication plus 15% for administration. The individual representing a political committee requesting copies of such tapes shall make a sworn affidavit that the information shall be used only for bona fide political purposes, including by or for candidates for office or incumbent office holders. Such tapes, discs or other electronic data shall not be used under any circumstances by any political committee or individuals for purposes of commercial solicitation or other business purposes. If such tapes contain information on county residents related to the operations of county government in addition to registration information, that information shall not be used under any circumstances for commercial solicitation or other business purposes. The prohibition in this Section against using the computer tapes or computer discs or other electronic data processing information containing voter registration information for purposes of commercial solicitation or other business purposes shall be prospective only from the effective date of this amended Act of 1979. Any person who violates this provision shall be guilty of a Class 4 felony.

The State Board of Elections shall promulgate, by October 1, 1987, such regulations as may be necessary to ensure uniformity throughout the State in electronic data processing of voter registration information. The regulations shall include, but need not be limited to, specifications for uniform medium, communications protocol and file structure to be employed by the election authorities of this State in the electronic data processing of voter registration information. Each election authority utilizing electronic data processing of voter registration information shall comply with such regulations on and after May 15, 1988.

If the applicant for registration was last registered in another county within this State, he shall also sign a certificate authorizing cancellation of the former registration. The certificate shall be in substantially the following form:

(10 ILCS 5/7-8) (from Ch. 46, par. 7-8)

Sec. 7-8. The State central committee shall be composed of one or two members from each congressional district in the State and shall be elected as follows:

State Central Committee

(a) Within 30 days after the effective date of this amendatory Act of 1983 the State central committee of each political party shall certify to the State Board of Elections which of the following alternatives it wishes to apply to the State central committee of that party.

Alternative A. At the primary held on the third Tuesday in March 1970, and at the primary held every 4 years thereafter, each primary elector may vote for one candidate of his party for member of the State central committee for the congressional district in which he resides. The candidate receiving the highest number of votes shall be declared elected State central committeeman from the district. A political party may, in lieu of the foregoing, by a majority vote of

delegates at any State convention of such party, determine to thereafter elect the State central committeemen in the manner following:

At the county convention held by such political party State central committeemen shall be elected in the same manner as provided in this Article for the election of officers of the county central committee, and such election shall follow the election of officers of the county central committee. Each elected ward, township or precinct committeeman shall cast as his vote one vote for each ballot voted in his ward, township, part of a township or precinct in the last preceding primary election of his political party. In the case of a county lying partially within one congressional district and partially within another congressional district, each ward, township or precinct committeeman shall vote only with respect to the congressional district in which his ward, township, part of a township or precinct is located. In the case of a congressional district which encompasses more than one county, each ward, township or precinct committeeman residing within the congressional district shall cast as his vote one vote for each ballot voted in his ward, township, part of a township or precinct in the last preceding primary election of his political party for one candidate of his party for member of the State central committee for the congressional district in which he resides and the Chairman of the county central committee shall report the results of the election to the State Board of Elections. The State Board of Elections shall certify the candidate receiving the highest number of votes elected State central committeeman for that congressional district.

The State central committee shall adopt rules to provide for and govern the procedures to be followed in the election of members of the State central committee.

After the effective date of this amendatory Act of the 91st General Assembly, whenever a vacancy occurs in the office of Chairman of a State central committee, or at the end of the term of office of Chairman, the State central committee of each political party that has selected Alternative A shall elect a Chairman who shall not be required to be a member of the State Central Committee. The Chairman shall be a registered voter in this State and of the same political party as the State central committee.

Alternative B. Each congressional committee shall, within 30 days after the adoption of this alternative, appoint a person of the sex opposite that of the incumbent member for that congressional district to serve as an additional member of the State central committee until his or her successor is elected at the general primary election in 1986. Each congressional committee shall make this appointment by voting on the basis set forth in paragraph (e) of this Section. In each congressional district at the general primary election held in 1986 and every 4 years thereafter, the male candidate receiving the highest number of votes of the party's male candidates for State central committeeman, and the female candidate receiving the highest number of votes of the party's female candidates for State central committeewoman, shall be declared elected State central committeeman and State central committeewoman from the district. At the general primary election held in 1986 and every 4 years thereafter, if all a party's candidates for State central committeemen or State central committeewomen from a congressional district are of the same sex, the candidate receiving the highest number of votes shall be declared elected a State central committeeman or State central committeewoman from the district, and, because of a failure to elect one male and one female to the committee, a vacancy shall be declared to exist in the office of the second member of the State central committee from the district. This vacancy shall be filled by appointment by the congressional committee of the political party, and the person appointed to fill the vacancy shall be a resident of the congressional district and of the sex opposite that of the committeeman or committeewoman elected at the general primary election. Each congressional committee shall make this appointment by voting on the basis set forth in paragraph (e) of this Section.

The Chairman of a State central committee composed as provided in this Alternative B must be selected from the committee's members.

Except as provided for in Alternative A with respect to the selection of the Chairman of the State central committee, under both of the foregoing alternatives, the State central committee of each political party shall be composed of members elected or appointed from the several congressional districts of the State, and of no other person or persons whomsoever. The members of the State central committee shall, within 30 days after each quadrennial election of the full committee, meet in the city of Springfield and organize by electing a chairman, and may at such time elect such officers from among their own number (or otherwise), as they may deem necessary or expedient. The outgoing chairman of the State central committee of the party shall, 10 days before the meeting, notify each member of the State central committee elected at the primary of the time and place of such meeting. In the organization and proceedings of the State central committee, each State central committeeman and State central committeewoman shall have one vote for each ballot voted in his or her congressional district by the primary electors of his or her party at the primary election immediately preceding the meeting of the State central committee. Whenever a vacancy occurs in the State central committee of any political party, the vacancy shall be filled by appointment of the chairmen of the county central committees of the political party of the counties located within the congressional district in which the vacancy occurs and, if applicable, the ward and township committeemen of the political party in counties of 2,000,000 or more inhabitants located within the congressional district. If the congressional district in which the vacancy occurs lies wholly within a county of 2,000,000

or more inhabitants, the ward and township committeemen of the political party in that congressional district shall vote to fill the vacancy. In voting to fill the vacancy, each chairman of a county central committee and each ward and township committeeman in counties of 2,000,000 or more inhabitants shall have one vote for each ballot voted in each precinct of the congressional district in which the vacancy exists of his or her county, township, or ward cast by the primary electors of his or her party at the primary election immediately preceding the meeting to fill the vacancy in the State central committee. The person appointed to fill the vacancy shall be a resident of the congressional district in which the vacancy occurs, shall be a qualified voter, and, in a committee composed as provided in Alternative B, shall be of the same sex as his or her predecessor. A political party may, by a majority vote of the delegates of any State convention of such party, determine to return to the election of State central committeeman and State central committeewoman by the vote of primary electors. Any action taken by a political party at a State convention in accordance with this Section shall be reported to the State Board of Elections by the chairman and secretary of such convention within 10 days after such action.

Except as otherwise provided in this Section for certain State central committeemen who have 2 year terms, all State central committeemen, township committeemen and ward committeemen shall continue as such committeemen until the date of primary to be held in the fourth year after their election. (b) The number of such voting booths shall not be less than one to every seventy-five voters or fraction thereof, who voted at the last preceding election in the precinct or election district.

(c) No person shall do any electioneering or soliciting of votes on primary day within any polling place or within one hundred feet of any polling place, or, at the option of a church or private school, on any of the property of that church or private school that is a polling place. Election officers shall place 2 or more cones, small United States national flags, or some other marker a distance of 100 horizontal feet from each entrance to the room used by voters to engage in voting, which shall be known as the polling room. If the polling room is located within a building that is a private business, a public or private school, or a church or other organization founded for the purpose of religious worship and the distance of 100 horizontal feet ends within the interior of the building, then the markers shall be placed outside of the building at each entrance used by voters to enter that building on the grounds adjacent to the thoroughfare or walkway. If the polling room is located within a public or private building with 2 or more floors and the polling room is located on the ground floor, then the markers shall be placed 100 horizontal feet from each entrance to the polling room used by voters to engage in voting. Sec. 5-5-1. Petition for abandonment of managerial form; referendum; succeeding elections of officers and aldermen or trustees.

(a) A city or village that has operated for 4 years or more under the managerial form of municipal government may abandon that organization as provided in this Section. For the purposes of this Article, the operation of the managerial form of municipal government shall be deemed to begin on the date of the appointment of the first manager in the city or village. When a petition for abandonment signed by electors of the municipality equal in number to at least 10% of the number of votes cast for candidates for mayor at the preceding general quadrennial municipal election is filed with the circuit court for the county in which that city or village is located, the court shall set a date not less than 10 nor more than 30 days thereafter for a hearing on the sufficiency of the petition. Notice of the filing of the petition and of the date of the hearing shall be given in writing to the city or village clerk and to the mayor or village president at least 7 days before the date of the hearing. If the petition is found sufficient, the court shall enter an order directing that the proposition be submitted at an election other than a primary election for the municipality. The clerk of the court shall certify the proposition to the proper election authorities for submission. The proposition shall be in substantially the following form:

Shall (name of city or village) retain the managerial form of municipal government?

(b) If the majority of the votes at the election are "yes", then the proposition to abandon is rejected and the municipality shall continue operating under this Article 5. If the majority of the votes are "no", then the proposition to abandon operation under this Article 5 is approved.

(c) If the proposition for abandonment is approved, the city or village shall become subject to Article 3.1 or Article 4, whichever Article was in force in the city or village immediately before the adoption of the plan authorized by this Article 5, upon the election and qualification of officers to be elected at the next succeeding general municipal election. Those officers shall be those prescribed by Article 3.1 or Article 4, as the case may be, but the change shall not in any manner or degree affect the property rights or liabilities of the city or village. The mayor, clerk, and treasurer and all other elected officers of a city or village in office at the time the proposition for abandonment is approved shall continue in office until the expiration of the term for which they were elected.

(d) If a city or village operating under this Article 5 has aldermen or trustees elected from wards or districts and a proposition to abandon operation under this Article 5 is approved, then the officers to be elected at the next succeeding general municipal election shall be elected from the same wards or districts as exist immediately before the abandonment.

(e) If a city or village operating under this Article 5 has a council or village board elected from the municipality at large and a proposition to abandon operation under this Article 5 is approved, then the first group of aldermen, board of trustees, or commissioners so elected shall be of the same number as was provided for in the municipality at the time of the adoption of a plan under this Article 5, with the same ward or district boundaries in cities or villages that immediately before the adoption of this Article 5 had wards or districts, unless the municipal boundaries have been changed. If there has been such a change, the council or village board shall so alter the former ward or district boundaries so as to conform as nearly as possible to the former division. If the plan authorized by this Article 5 is abandoned, the next general municipal election for officers shall be held at the time specified in Section 3.1-10-75 or 3.1-25-15 for that election. The aldermen or trustees elected at that election shall, if the city or village was operating under Article 3 at the time of adoption of this Article 5 and had at that time staggered 4 year terms of office for the aldermen or trustees, choose by lot which shall serve initial 2 year terms as provided by Section 3.1-20-35 or 3.1-15-5, whichever may be applicable, in the case of election of those officers at the first election after a municipality is incorporated.

(f) The proposition to abandon the managerial form of municipal government shall not be submitted in any city or village oftener than once in 12 46 months.

Within 30 days of transmittal of the statement to the agency, the agency shall notify the Joint Committee in writing whether it has elected to repeal or amend the rule. During the ~~180-day~~ 180-day period, the agency may not file, nor may the Secretary of State accept for filing, any rule that (i) has having substantially the same purpose and effect as rules or portions of rules suspended under this subsection or (ii) does not substantially address the statement issued under subsection (a), except as otherwise provided in this Section.

(c) ~~After The Joint Committee shall, as soon as practicable after the issuance of a statement under subsection (a), any member of the General Assembly may introduce in either house of the General Assembly a joint resolution stating that the General Assembly desires to~~ discontinue ~~continue~~ the suspension of effectiveness of a rule or the portion of the rule to which the statement was issued. ~~The joint resolution shall immediately following its first reading be placed on the calendar for consideration in each house of the General Assembly without reference to a standing committee.~~ If the joint resolution is not passed by both houses of the General Assembly within the 180-day 180-day period provided in subsection (b) or the statement is not withdrawn, the rule or the portion of the rule shall be considered repealed and the Secretary of State shall immediately remove the rule or portion of a rule from the collection of effective rules.

(d) If a statement is issued under this Section, then, in response to an objection or suggestion of the Joint

Committee, the agency may propose changes to the rule, amendment, or repealer or portion of a rule, amendment, or repealer. If the agency proposes changes, it must provide additional notice to the Joint Committee under the same terms and conditions and shall be subject to the same requirements and limitations as those set forth for a second notice period under subsection (c) of Section 5-40.

Section 10. The Illinois Procurement Code is amended by changing Section 30-30 as follows:

(30 ILCS 500/30-30)

Sec. 30-30. Contracts in excess of \$250,000. For building construction contracts in excess of \$250,000, separate specifications shall be prepared for all equipment, labor, and materials in connection with the following 5 subdivisions of the work to be performed:

The specifications must be so drawn as to permit separate and independent bidding upon each of the 5 subdivisions of work. All contracts awarded for any part thereof shall award the 5 subdivisions of work separately to responsible and reliable persons, firms, or corporations engaged in these classes of work. The contracts, at the discretion of the construction agency, may be assigned to the successful bidder on the general contract work or to the successful bidder on the subdivision of work designated by the construction agency before the bidding as the prime subdivision of work, provided that all payments will be made directly to the contractors for the 5 subdivisions of work upon compliance with the conditions of the contract. A contract may be let for one or more buildings in any project to the same contractor. The specifications shall require, however, that unless the buildings are identical, a separate price shall be submitted for each building. The contract may be awarded to the lowest responsible bidder for each or all of the buildings included in the specifications.

Until a date 2 years after the effective date of this amendatory Act of the 93rd General Assembly, the requirements of this Section do not apply to the construction of an Emergency Operations Center for the Illinois Emergency Management Agency if (i) the majority of the funding for the project is from federal funds, (ii) the bid of the successful bidder identifies the name of the subcontractor, if any, and the bid proposal costs for each of the 5 subdivisions of work set forth in this Section, and (iii) the contract entered into with the successful bidder provides that no identified subcontractor may be terminated without the written consent of the Capital Development Board.

Section 10. The Associate Judges Act is amended by changing Section 2 as follows:

(705 ILCS 45/2) (from Ch. 37, par. 160.2)

Sec. 2. (a) The maximum number of associate judges authorized for each circuit is the greater of the applicable minimum number specified in this Section or one for each 35,000 or fraction thereof in population as determined by the last preceding Federal census, except for circuits with a population of more than 3,000,000 where the maximum number of associate judges is one for each 29,000 or fraction thereof in population as determined by the last preceding federal census, reduced in circuits of less than 200,000 inhabitants by the number of resident circuit judges elected in the circuit in excess of one per county. In addition, in circuits of 1,000,000 or more inhabitants, there shall be one additional associate judge authorized for each municipal district of the circuit court. The number of associate judges to be appointed in each circuit, not to exceed the maximum authorized, shall be determined from time to time by the Circuit Court. The minimum number of associate judges authorized for any circuit consisting of a single county shall be 14, except that the minimum in the 22nd circuit shall be 8 ~~and except that the minimum in the 19th circuit on and after December 4, 2006 shall be 20~~. The minimum number of associate judges authorized for any circuit consisting of 2 counties with a combined population of at least 275,000 but less than 300,000 shall be 10. The minimum number of associate judges authorized for any circuit with a population of at least 303,000 but not more than 309,000 shall be 10. The minimum number of associate judges authorized for any circuit with a population of at least 329,000, but not more than 335,000 shall be 11. The minimum number of associate judges authorized for any circuit with a population of at least 173,000 shall be 5. As used in this Section, the term "resident circuit judge" has the meaning given it in the Judicial Vacancies Act.

(b) The maximum number of associate judges authorized under subsection (a) for a circuit with a population of more than 3,000,000 shall be reduced as provided in this subsection (b). For each vacancy that exists on or occurs on or after the effective date of this amendatory Act of 1990, that maximum number shall be reduced by one until the total number of associate judges authorized under subsection (a) is reduced by 60. A vacancy exists or occurs when an associate judge dies, resigns, retires, is removed, or is not reappointed upon expiration of his or her term; a vacancy does not exist or occur at the expiration of a term if the associate judge is reappointed.

~~(c) The maximum number of associate judges authorized under subsection (a) for the 12th judicial circuit shall be reduced as provided in this subsection (c). For each vacancy that exists on or occurs after the effective date of this amendatory Act of the 93rd General Assembly, that maximum number shall be reduced by one until the total number of associate judges authorized under subsection (a) is reduced by 2. A vacancy exists or occurs when (i) a new associate judgeship has been authorized under subsection (a) for the 12th judicial circuit, but has not been filled by appointment or (ii) an associate judge dies, resigns, retires, is removed, or is not reappointed upon expiration of his or her term.
