(705 ILCS 45/2) (from Ch. 37, par. 160.2)

Sec. 2. (a) The maximum number of associate judges authorized for each circuit is the greater of the applicable minimum number specified in this Section or one for each 35,000 or fraction thereof in population as determined by the last preceding Federal census, except for circuits with a population of more than 3,000,000 where the maximum number of associate judges is one for each 29,000 or fraction thereof in population as determined by the last preceding federal census, reduced in circuits of less than 200,000 inhabitants by the number of resident circuit judges elected in the circuit in excess of one per county. In addition, in circuits of 1,000,000 or more inhabitants, there shall be one additional associate judge authorized for each municipal district of the circuit court. The number of associate judges to be appointed in each circuit, not to exceed the maximum authorized, shall be determined from time to time by the Circuit Court. The minimum number of associate judges authorized for any circuit consisting of a single county shall be 14, except that the minimum in the 22nd circuit shall be 8 and except that the minimum in the 19th circuit on and after December 4, 2006 shall be 20. The minimum number of associate judges authorized for any circuit consisting of 2 counties with a combined population of at least 275,000 but less than 300,000 shall be 10. The minimum number of associate judges authorized for any circuit with a population of at least 303,000 but not more than 309,000 shall be 10. The minimum number of associate judges authorized for any circuit with a population of at least 173,000 shall be 5. As used in this Section, the term "resident circuit judge" has the meaning given it in the Judicial Vacancies Act.

(b) The maximum number of associate judges authorized under subsection (a) for a circuit with a population of more than 3,000,000 shall be reduced as provided in this subsection (b). For each vacancy that exists on or occurs on or after the effective date of this amendatory Act of 1990, that maximum number shall be reduced by one until the total number of associate judges authorized under subsection (a) is reduced by 60. A vacancy exists or occurs when an associate judge dies, resigns, retires, is removed, or is not reappointed upon expiration of his or her term; a vacancy does not exist or occur at the expiration of a term if the associate judge is reappointed.

(c) The maximum number of associate judges authorized under subsection (a) for the 17th judicial circuit shall be reduced as provided in this subsection (c). Due to the vacancy that exists on or after the effective date of this amendatory Act of the 93rd General Assembly in the associate judgeship that is converted into a resident judgeship under subsection (a-10) of Section 2f-6 of the Circuit Courts Act, the maximum number of judges authorized under subsection (a) of this Section shall be reduced by one. Mr. Speaker -- I am directed to inform the House of Representatives that the Senate has concurred with the House of Representatives in the passage of a bill of the following title to-wit:

HOUSE BILL 626

A bill for AN ACT in relation to housing.

Together with the attached amendment thereto (which amendment has been printed by the Senate), in the adoption of which I am instructed to ask the concurrence of the House, to-wit:

Senate Amendment No. 2 to HOUSE BILL NO. 626
Passed the Senate, as amended, January 10, 2005.

Linda Hawker, Secretary of the Senate

AMENDMENT NO. 2 . Amend House Bill 626 by replacing everything after the enacting clause with the following:

"Section 1. Short title. This Act may be cited as the Rental Housing Support Program Act.

Section 5. Legislative findings and purpose. The General Assembly finds that in many parts of this State, large numbers of citizens are faced with the inability to secure affordable rental housing. Due to either insufficient wages or a shortage of affordable rental housing stock, or both, many families have difficulty securing decent housing, are subjected to overcrowding, pay too large a portion of their total monthly income for housing and consequently suffer the lack of other basic needs, live in substandard or unhealthy housing, or experience chronic housing instability. Instability and inadequacy in housing limits the employability and productivity of many citizens, adversely affects family health and stress levels, impedes children's ability to learn, and produces corresponding drains on public resources. It is the purpose of this Act to create a State program to help localities address the need for decent, affordable, permanent rental housing.

Section 7. Definitions. In this Act:

"Authority" means the Illinois Housing Development Authority.

"Developer" means any entity that receives a grant under Section 20.

"Program" means the Rental Housing Support Program.

"Real estate-related document" means any recorded document that affects an interest in real property excluding documents which solely affect or relate to an easement for water, sewer, electricity, gas, telephone or other public service.

"Unit" means a rental apartment unit receiving a subsidy by means of a grant under this Act. "Unit" does not include housing units intended as transitional or temporary housing.

Section 10. Creation of Program and distribution of funds.

(a) The Rental Housing Support Program is created within the Illinois Housing Development Authority. The Authority shall administer the program and adopt rules for its implementation.

(b) The Authority shall distribute amounts appropriated for the Program from the Rental Housing Support Program Fund and any other appropriations provided for the Program as follows:

(1) A proportionate share of the annual appropriation, as determined under subsection

(d) of Section 15 of this Act shall be distributed to municipalities with a population greater than 2,000,000. Those municipalities shall use at least 10% of those funds in accordance with Section 20 of this Act, and all provisions governing the Authority's actions under Section 20 shall govern the actions of the corporate authorities of a municipality under this Section. As to the balance of the annual distribution, the municipality shall designate a non-profit organization that meets the specific criteria set forth in Section 25 of this Act to serve as the "local administering agency" under Section 15 of this Act.

(2) Of the remaining appropriation after the distribution in paragraph (1) of this subsection, the Authority shall designate at least 10% for the purposes of Section 20 of this Act in areas of the State not covered under paragraph (1) of this subsection.

(3) The remaining appropriation after the distributions in paragraphs (1) and (2) of this subsection shall be distributed according to Section 15 of this Act in areas of the State not covered under paragraph (1) of this subsection.

Section 15. Grants to local administering agencies.

(a) Under the program, the Authority shall make grants to local administering agencies to provide subsidies to landlords to enable the landlords to charge rent affordable for low-income tenants. Grants shall also include an amount for the operating expenses of local administering agencies. Operating expenses for local administering agencies shall not exceed 10% for grants under \$500,000 and shall not exceed 7% for grants over \$500,000.

(b) The Authority shall develop a request-for-proposals process for soliciting proposals from local administering agencies and for awarding grants. The request-for-proposals process and the funded projects must be consistent with the criteria set forth in Section 25 and with additional criteria set forth by the Authority in rules implementing this Act.

(c) Local administering agencies may be local governmental bodies, local housing authorities, or not-for-profit organizations. The Authority shall set forth in rules the financial and capacity requirements

necessary for an organization to qualify as a local administering agency and the parameters for administration of the grants by local administering agencies.

(d) The Authority shall distribute grants to local administering agencies according to a formula based on U.S. Census data. The formula shall determine percentages of the funds to be distributed to the following geographic areas: (i) Chicago; (ii) suburban areas: Cook County (excluding Chicago), DuPage County, Lake County, Kane County, Will County, and McHenry County; (iii) small metropolitan areas: Springfield, Rockford, Peoria, Decatur, Champaign-Urbana, Bloomington-Normal, Rock Island, DeKalb, Madison County, Moline, Pekin, Rantoul, and St. Clair County; and (iv) rural areas, defined as all areas of the State not specifically named in items (i), (ii), and (iii) of this subsection. A geographic area's percentage share shall be determined by the total number of households that have an annual income of less than 50% of State median income for a household of 4 and that are paying more than 30% of their income for rent. The geographic distribution shall be re-determined by the Authority each time new U.S. Census data becomes available. The Authority shall phase in any changes to the geographic formula to prevent a large withdrawal of resources from one area that could negatively impact households receiving rental housing support.

(e) In order to ensure applications from all geographic areas of the State, the Authority shall create a plan to ensure that potential local administering agencies have ample time and support to consider making an application and to prepare an application. Such a plan must include, but is not limited to: an outreach and education plan regarding the program and the requirements for a local administering agency; ample time between the initial notice of funding ability and the deadline to submit an application, which shall not be less than 9 months; and access to assistance from the Authority or another agency in considering and preparing the application.

(f) In order to maintain consistency for households receiving rental housing support, the Authority shall, to the extent possible given funding resources available in the Rental Housing Support Program, continue to fund local administering agencies at the same level on an annual basis, unless the Authority determines that a local administering agency is not meeting the criteria set forth in Section 25 or is not adhering to other standards set forth by rule by the Authority.

Section 20. Grants for affordable housing developments.

(a) The Authority may award grants under the program directly for the development of affordable rental housing for long-term operating support to enable the rent on such units to be affordable. Developers of such new housing shall apply directly to the Authority for this type of grant under the program.

(b) The Authority shall prescribe by rule the application requirements and the qualifications necessary for a developer and a development to qualify for a grant under the program. In any event, however, to qualify for a grant, the development must satisfy the criteria set forth in Section 25, unless waived by the Authority based on special circumstances and in furtherance of the purpose of the program to increase the supply of affordable rental housing.

(c) The Authority must use at least 10% of the funds generated for the Program in any given year for grants under this Section. In any given year, the Authority is not required to spend the 10% of its funds that accrues in that year but may add all or part of that 10% to the 10% allocation for subsequent years for the purpose of funding grants under this Section.

Section 25. Criteria for awarding grants. The Authority shall adopt rules to govern the awarding of grants and the continuing eligibility for grants under Sections 15 and 20. Requests for proposals under Section 20 must specify that proposals must satisfy these rules. The rules must contain and be consistent with, but need not be limited to, the following criteria:

(1) Eligibility for tenancy in the units supported by grants to local administering

agencies must be limited to households with gross income at or below 30% of the median family income for the area in which the grant will be made. Fifty percent of the units that are supported by any grant must be set aside for households whose income is at or below 15% of the area median family income for the area in which the grant will be made, provided that local administering agencies may negotiate flexibility in this set-aside with the Authority if they demonstrate that they have been unable to locate sufficient tenants in this lower income range. Income eligibility for units supported by grants to local administering agencies must be verified annually by landlords and submitted to local administering agencies. Tenants must have sufficient income to be able to afford the tenant's share of the rent. For grants awarded under Section 20, eligibility for tenancy in units supported by grants must be limited to households with a gross income at or below 30% of area median family income for the area in which the grant will be made. Fifty percent of the units that are supported by any grant must be set aside for households whose income is at or below 15% of the median family income for the area in which the

grant will be made, provided that developers may negotiate flexibility in this set-aside with the Authority or municipality as defined in subsection (b) of Section 10 if it demonstrates that it has been unable to locate sufficient tenants in this lower income range. The Authority shall determine what sources qualify as a tenant's income.

(2) Local administering agencies must include 2-bedroom, 3-bedroom, and 4-bedroom units among those intended to be supported by grants under the program. In grants under Section 15, the precise number of these units among all the units intended to be supported by a grant must be based on need in the community for larger units and other factors that the Authority specifies in rules. The local administering agency must specify the basis for the numbers of these units that are proposed for support under a grant. Local administering agencies must make a good faith effort to comply with this allocation of unit sizes. In grants awarded under Section 20, developers and the Authority or municipality, as defined in subsection (b) of Section 10, shall negotiate the numbers and sizes of units to be built in a project and supported by the grant.

(3) Under grants awarded under Section 15, local administering agencies must enter into a payment contract with the landlord that defines the method of payment and must pay subsidies to landlords on a quarterly basis and in advance of the quarter paid for.

(4) Local administering agencies and developers must specify how vacancies in units supported by a grant must be advertised and they must include provisions for outreach to local homeless shelters, organizations that work with people with disabilities, and others interested in affordable housing.

(5) The local administering agency or developer must establish a schedule for the tenant's rental obligation for units supported by a grant. The tenant's share of the rent must be a flat amount, calculated annually, based on the size of the unit and the household's income category. In establishing the schedule for the tenant's rental obligation, the local administering agency or developer must use 30% of gross income within an income range as a guide, and it may charge an additional or lesser amount.

(6) The amount of the subsidy provided under a grant for a unit must be the difference between the amount of the tenant's obligation and the total amount of rent for the unit. The total amount of rent for the unit must be negotiated between the local administering authority and the landlord under Section 15, or between the Authority or municipality, as defined in subsection (b) of Section 10, and the developer under Section 20, using comparable rents for units of comparable size and condition in the surrounding community as a guideline.

(7) Local administering agencies and developers, pursuant to criteria the Authority develops in rules, must ensure that there are procedures in place to maintain the safety and habitability of units supported under grants. Local administering agencies must inspect units before supporting them under a grant awarded under Section 15.

(8) Local administering agencies must provide or ensure that tenants are provided with a "bill of rights" with their lease setting forth local landlord-tenant laws and procedures and contact information for the local administering agency.

(9) A local administering agency must create a plan detailing a process for helping to provide information, when necessary, on how to access education, training, and other supportive services to tenants living in units supported under the grant. The plan must be submitted as a part of the administering agency's proposal to the Authority required under Section 15.

(10) Local administering agencies and developers may not use funding under the grant to develop or support housing that requires that a tenant has a particular diagnosis or type or presence of disability as a condition of eligibility for occupancy unless the requirement is mandated by another funding source for the housing.

(11) In order to plan for periodic fluctuations in program revenue, the Authority shall establish by rule a mechanism for establishing a reserve fund and the level of funding that shall be held in reserve either by the Authority or by local administering agencies.

Section 85. The State Finance Act is amended by adding Section 5.640 as follows:

(30 ILCS 105/5.640 new)

Sec. 5.640. The Rental Housing Support Program Fund.

Section 90. The Counties Code is amended by changing Sections 3-5018 and 4-12002 as follows:

(55 ILCS 5/3-5018) (from Ch. 34, par. 3-5018)

Sec. 3-5018. Fees. The recorder elected as provided for in this Division shall receive such fees as are or may be provided for him by law, in case of provision therefor: otherwise he shall receive the same fees as

are or may be provided in this Section, except when increased by county ordinance pursuant to the provisions of this Section, to be paid to the county clerk for his services in the office of recorder for like services.

For recording deeds or other instruments \$12 for the first 4 pages thereof, plus \$1 for each additional page thereof, plus \$1 for each additional document number therein noted. The aggregate minimum fee for recording any one instrument shall not be less than \$12.

For recording deeds or other instruments wherein the premises affected thereby are referred to by document number and not by legal description a fee of \$1 in addition to that hereinabove referred to for each document number therein noted.

For recording assignments of mortgages, leases or liens \$12 for the first 4 pages thereof, plus \$1 for each additional page thereof. However, except for leases and liens pertaining to oil, gas and other minerals, whenever a mortgage, lease or lien assignment assigns more than one mortgage, lease or lien document, a \$7 fee shall be charged for the recording of each such mortgage, lease or lien document after the first one.

For recording maps or plats of additions or subdivisions approved by the county or municipality (including the spreading of the same of record in map case or other proper books) or plats of condominiums \$50 for the first page, plus \$1 for each additional page thereof except that in the case of recording a single page, legal size 8 1/2 x 14, plat of survey in which there are no more than two lots or parcels of land, the fee shall be \$12. In each county where such maps or plats are to be recorded, the recorder may require the same to be accompanied by such number of exact, true and legible copies thereof as the recorder deems necessary for the efficient conduct and operation of his office.

For certified copies of records the same fees as for recording, but in no case shall the fee for a certified copy of a map or plat of an addition, subdivision or otherwise exceed \$10.

Each certificate of such recorder of the recording of the deed or other writing and of the date of recording the same signed by such recorder, shall be sufficient evidence of the recording thereof, and such certificate including the indexing of record, shall be furnished upon the payment of the fee for recording the instrument, and no additional fee shall be allowed for the certificate or indexing.

The recorder shall charge an additional fee, in an amount equal to the fee otherwise provided by law, for recording a document (other than a document filed under the Plat Act or the Uniform Commercial Code) that does not conform to the following standards:

- (1) The document shall consist of one or more individual sheets measuring 8.5 inches by 11 inches, not permanently bound and not a continuous form. Graphic displays accompanying a document to be recorded that measure up to 11 inches by 17 inches shall be recorded without charging an additional fee.
- (2) The document shall be legibly printed in black ink, by hand, type, or computer. Signatures and dates may be in contrasting colors if they will reproduce clearly.
- (3) The document shall be on white paper of not less than 20-pound weight and shall have a clean margin of at least one-half inch on the top, the bottom, and each side. Margins may be used for non-essential notations that will not affect the validity of the document, including but not limited to form numbers, page numbers, and customer notations.
- (4) The first page of the document shall contain a blank space, measuring at least 3 inches by 5 inches, from the upper right corner.
- (5) The document shall not have any attachment stapled or otherwise affixed to any page.

A document that does not conform to these standards shall not be recorded except upon payment of the additional fee required under this paragraph. This paragraph, as amended by this amendatory Act of 1995, applies only to documents dated after the effective date of this amendatory Act of 1995.

The county board of any county may provide for an additional charge of \$3 for filing every instrument, paper, or notice for record, (1) in order to defray the cost of converting the county recorder's document storage system to computers or micrographics and (2) in order to defray the cost of providing access to records through the global information system known as the Internet.

A special fund shall be set up by the treasurer of the county and such funds collected pursuant to Public Act 83-1321 shall be used (1) for a document storage system to provide the equipment, materials and necessary expenses incurred to help defray the costs of implementing and maintaining such a document records system and (2) for a system to provide electronic access to those records.

The county board of any county that provides and maintains a countywide map through a Geographic Information System (GIS) may provide for an additional charge of \$3 for filing every instrument, paper, or notice for record (1) in order to defray the cost of implementing or maintaining the county's Geographic Information System and (2) in order to defray the cost of providing electronic access to the county's

Geographic Information System records. Of that amount, \$2 must be deposited into a special fund set up by the treasurer of the county, and any moneys collected pursuant to this amendatory Act of the 91st General Assembly and deposited into that fund must be used solely for the equipment, materials, and necessary expenses incurred in implementing and maintaining a Geographic Information System and in order to defray the cost of providing electronic access to the county's Geographic Information System records. The remaining \$1 must be deposited into the recorder's special funds created under Section 3-5005.4. The recorder may, in his or her discretion, use moneys in the funds created under Section 3-5005.4 to defray the cost of implementing or maintaining the county's Geographic Information System and to defray the cost of providing electronic access to the county's Geographic Information System records.

The recorder shall collect a \$10 Rental Housing Support Program State surcharge for the recordation of any real estate-related document. Payment of the Rental Housing Support Program State surcharge shall be evidenced by a receipt that shall be marked upon or otherwise affixed to the real estate-related document by the recorder. The form of this receipt shall be prescribed by the Department of Revenue and the receipts shall be issued by the Department of Revenue to each county recorder.

One dollar of each surcharge shall be retained by the county in which it was collected. This dollar shall be deposited in the county's general revenue fund. This dollar shall be used as needed to defray the administrative costs incurred by the county recorder in collecting the Rental Housing Support Program State surcharge.

On the 15th day of each month, each county recorder shall report to the Department of Revenue, on a form prescribed by the Department, the number of real estate-related documents recorded for which the Rental Housing Support Program State surcharge was collected. Each recorder shall submit \$9 of each surcharge collected in the preceding month to the Department of Revenue and the Department shall deposit these amounts in the Rental Housing Support Program Fund. Subject to appropriation, amounts in the Fund may be expended only for the purpose of funding and administering the Rental Housing Support Program.

For purposes of this Section, "real estate-related document" means that term as it is defined in Section 7 of the Rental Housing Support Program Act.

The foregoing fees allowed by this Section are the maximum fees that may be collected from any officer, agency, department or other instrumentality of the State. The county board may, however, by ordinance, increase the fees allowed by this Section and collect such increased fees from all persons and entities other than officers, agencies, departments and other instrumentalities of the State if the increase is justified by an acceptable cost study showing that the fees allowed by this Section are not sufficient to cover the cost of providing the service. Regardless of any other provision in this Section, the maximum fee that may be collected from the Department of Revenue for filing or indexing a lien, certificate of lien release or subordination, or any other type of notice or other documentation affecting or concerning a lien is \$5. Regardless of any other provision in this Section, the maximum fee that may be collected from the Department of Revenue for indexing each additional name in excess of one for any lien, certificate of lien release or subordination, or any other type of notice or other documentation affecting or concerning a lien is \$1.

A statement of the costs of providing each service, program and activity shall be prepared by the county board. All supporting documents shall be public record and subject to public examination and audit. All direct and indirect costs, as defined in the United States Office of Management and Budget Circular A-87, may be included in the determination of the costs of each service, program and activity.

Sec. 4-12002. Fees of recorder in third class counties. The fees of the recorder in counties of the third class for recording deeds or other instruments in writing and maps of plats of additions, subdivisions or otherwise, and for certifying copies of records, shall be paid in advance and shall be as follows:

For recording deeds or other instruments \$20 for the first 2 pages thereof, plus \$2 for each additional page thereof. The aggregate minimum fee for recording any one instrument shall not be less than \$20.

For recording deeds or other instruments wherein the premises affected thereby are referred to by document number and not by legal description the recorder shall charge a fee of \$4 in addition to that hereinabove referred to for each document number therein noted.

For recording deeds or other instruments wherein more than one tract, parcel or lot is described and such additional tract, or tracts, parcel or parcels, lot or lots is or are described therein as falling in a separate or different addition or subdivision the recorder shall charge as an additional fee, to that herein provided, the sum of \$2 for each additional addition or subdivision referred to in such deed or instrument.

For recording maps or plats of additions, subdivisions or otherwise (including the spreading of the same

of record in well bound books) \$100 plus \$2 for each tract, parcel or lot contained therein.

For certified copies of records the same fees as for recording, but in no case shall the fee for a certified copy of a map or plat of an addition, subdivision or otherwise exceed \$200.

For non-certified copies of records, an amount not to exceed one half of the amount provided herein for certified copies, according to a standard scale of fees, established by county ordinance and made public.

For filing of each release of any chattel mortgage or trust deed which has been filed but not recorded and for indexing the same in the book to be kept for that purpose \$10.

For processing the sworn or affirmed statement required for filing a deed or assignment of a beneficial interest in a land trust in accordance with Section 3-5020 of this Code, \$2.

The recorder shall charge an additional fee, in an amount equal to the fee otherwise provided by law, for recording a document (other than a document filed under the Plat Act or the Uniform Commercial Code) that does not conform to the following standards:

- (1) The document shall consist of one or more individual sheets measuring 8.5 inches by 11 inches, not permanently bound and not a continuous form. - (4) The first page of the document shall contain a blank space, measuring at least 3 inches by 5 inches, from the upper right corner.
- (5) The document shall not have any attachment stapled or otherwise affixed to any page.

A document that does not conform to these standards shall not be recorded except upon payment of the additional fee required under this paragraph. This paragraph, as amended by this amendatory Act of 1995, applies only to documents dated after the effective date of this amendatory Act of 1995.

The recorder shall collect a \$10 Rental Housing Support Program State surcharge for the recordation of any real estate-related document. Payment of the Rental Housing Support Program State surcharge shall be evidenced by a receipt that shall be marked upon or otherwise affixed to the real estate-related document by the recorder. average annual disability pay nationwide is over \$8,000; Puerto Rico awards \$11,600 annually to disabled and wounded veterans, nearly \$5,000 more than Illinois; and

WHEREAS, Illinois ranked dead last, on a per capita basis, among all states and U.S. territories from 2000 to 2002, for the amount awarded by each state's regional Veterans Affairs office for payments to wounded and disabled veterans; Illinois ranked 50th in 2003 among all states and U.S. territories; and

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-THIRD GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge Congress to conduct an immediate and on-going congressional investigation into the Chicago regional office of the U.S. Department of Veterans Affairs, its personnel and procedures, and the criteria that it uses in determining annual disability benefits to wounded soldiers; and be it further

SENATE BILL ON SECOND READING

SENATE BILL 2220. Having been read by title a second time on May 30, 2004, and held on the order of Second Reading, the same was again taken up.

Representative Molaro offered the following amendment and moved its adoption.

AMENDMENT NO. 1. Amend Senate Bill 2220 by replacing everything after the enacting clause with the following:

"Section 5. The Illinois Municipal Code is amended by changing Section 11-74.3-6 as follows:

(65 ILCS 5/11-74.3-6)

Sec. 11-74.3-6. Business district revenue and obligations.

(a) If the corporate authorities of a municipality have approved a business district development or redevelopment plan and have elected to impose a tax by ordinance pursuant to subsections (b), (c), or (d) of this Section, each year after the date of the approval of the ordinance and until all business district project costs and all municipal obligations financing the business district project costs, if any, have been paid in accordance with the business district development or redevelopment plan, but in no event longer than 23 years after the date of adoption of the ordinance approving the business district development or redevelopment plan, all amounts generated by the retailers' occupation tax and service occupation tax shall be collected and the tax shall be enforced by the Department of Revenue in the same manner as all retailers' occupation taxes and service occupation taxes imposed in the municipality imposing the tax and all amounts generated by the hotel operators' occupation tax shall be collected and the tax shall be enforced by the municipality in the same manner as all hotel operators' occupation taxes imposed in the municipality imposing the tax. The corporate authorities of the municipality shall deposit the proceeds of the taxes imposed under subsections (b), (c), and (d) into a special fund held by the corporate authorities of the municipality called the Business District Tax Allocation Fund for the purpose of paying business district project costs and obligations incurred in the payment of those costs.

(b) The corporate authorities of a municipality that has established a business district under this Division 74.3 may, by ordinance or resolution, impose a Business District Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered with an agency of this State's government, at retail in the business district at a rate not to exceed 1% of the gross receipts from the sales made in the course of such business, to be imposed only in 0.25% increments. The tax may not be imposed on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption), prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this subsection without registering separately with the Department under such ordinance or resolution or under this subsection. The Department of Revenue shall have full power to administer and enforce this subsection; to collect all taxes and penalties due under this subsection in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of, and compliance with, this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 1, 1a through 1o, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c through 2h, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13, and 14 of the Retailers' Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under this subsection may reimburse themselves for their seller's tax liability under this subsection by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the business district retailers' occupation tax fund.

The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes, penalties, and interest collected under this subsection for deposit into the business district retailers' occupation tax fund. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities from the business district retailers' occupation tax fund, the municipalities to be those from which retailers have paid taxes or penalties under this subsection to the Department during the second preceding calendar month. The

amount to be paid to each municipality shall be the amount (not including credit memoranda) collected under this subsection during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department, less 2% of that amount, which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering and enforcing the provisions of this subsection, on behalf of such municipality, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the municipality. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities provided for in this subsection to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification. The proceeds of the tax paid to municipalities under this subsection shall be deposited into the Business District Tax Allocation Fund by the municipality.

An ordinance or resolution imposing or discontinuing the tax under this subsection or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department, if all other requirements of this subsection are met, shall proceed to administer and enforce this subsection as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon, if all other requirements of this subsection are met, the Department shall proceed to administer and enforce this subsection as of the first day of January next following the adoption and filing.

The Department of Revenue shall not administer or enforce an ordinance imposing, discontinuing, or changing the rate of the tax under this subsection, until the municipality also provides, in the manner prescribed by the Department, the boundaries of the business district in such a way that the Department can determine by its address whether a business is located in the business district. The municipality must provide this boundary information to the Department on or before April 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following July 1 and on or before October 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following January 1. The Department of Revenue shall not administer or enforce any change made to the boundaries of a business district until the municipality reports the boundary change to the Department in the manner prescribed by the Department. The municipality must provide this boundary change information to the Department on or before April 1 for administration and enforcement by the Department of the change beginning on the following July 1 and on or before October 1 for administration and enforcement by the Department of the change beginning on the following January 1. The retailers in the business district shall be responsible for charging the tax imposed under this subsection. If a retailer is incorrectly included or excluded from the list of those required to collect the tax under this subsection, both the Department of Revenue and the retailer shall be held harmless if they reasonably relied on information provided by the municipality.

A municipality that imposes the tax under this subsection must submit to the Department of Revenue any other information as the Department may require for the administration and enforcement of the tax.

When certifying the amount of a monthly disbursement to a municipality under this subsection, the Department shall increase or decrease the amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

Nothing in this subsection shall be construed to authorize the municipality to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsection (c) of this Section.

(c) If a tax has been imposed under subsection (b), a Business District Service Occupation Tax shall also be imposed upon all persons engaged, in the business district, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the business district, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. The tax shall be imposed at the same rate as the tax imposed in subsection (b) and shall not exceed 1% of the selling price of tangible personal property so transferred within the business district, to be imposed only in 0.25% increments. The tax may not be imposed on food for human consumption that is to

be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption), prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit such registrant to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this subsection without registering separately with the Department under such ordinance or resolution or under this subsection. The Department of Revenue shall have full power to administer and enforce this subsection; to collect all taxes and penalties due under this subsection; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of, and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure as are prescribed in Sections 2, 2a through 2d, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the business district), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the municipality), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the municipality), the first paragraph of Section 15, and Sections 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the business district retailers' occupation tax fund.

The Department shall forthwith pay over to the State Treasurer, ex-officio, as trustee, all taxes, penalties, and interest collected under this subsection for deposit into the business district retailers' occupation tax fund. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities from the business district retailers' occupation tax fund, the municipalities to be those from which suppliers and servicemen have paid taxes or penalties under this subsection to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected under this subsection during the second preceding calendar month by the Department, less 2% of that amount, which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering and enforcing the provisions of this subsection, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities, provided for in this subsection to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification. The proceeds of the tax paid to municipalities under this subsection shall be deposited into the Business District Tax Allocation Fund by the municipality.

An ordinance or resolution imposing or discontinuing the tax under this subsection or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department, if all other requirements of this subsection are met, shall proceed to administer and enforce this subsection as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before

the first day of October, whereupon, if all other conditions of this subsection are met, the Department shall proceed to administer and enforce this subsection as of the first day of January next following the adoption and filing.

The Department of Revenue shall not administer or enforce an ordinance imposing, discontinuing, or changing the rate of the tax under this subsection, until the municipality also provides, in the manner prescribed by the Department, the boundaries of the business district in such a way that the Department can determine by its address whether a business is located in the business district. The municipality must provide this boundary information to the Department on or before April 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following July 1 and on or before October 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following January 1. The Department of Revenue shall not administer or enforce any change made to the boundaries of a business district until the municipality reports the boundary change to the Department in the manner prescribed by the Department. The municipality must provide this boundary change information to the Department on or before April 1 for administration and enforcement by the Department of the change beginning on the following July 1 and on or before October 1 for administration and enforcement by the Department of the change beginning on the following January 1. The retailers in the business district shall be responsible for charging the tax imposed under this subsection. If a retailer is incorrectly included or excluded from the list of those required to collect the tax under this subsection, both the Department of Revenue and the retailer shall be held harmless if they reasonably relied on information provided by the municipality.

A municipality that imposes the tax under this subsection must submit to the Department of Revenue any other information as the Department may require for the administration and enforcement of the tax.

Nothing in this subsection shall be construed to authorize the municipality to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

If a tax is imposed under this subsection (c), a tax shall also be imposed under subsection (b) of this Section.

(d) By ordinance, a municipality that has established a business district under this Division 74.3 may impose an occupation tax upon all persons engaged in the business district in the business of renting, leasing, or letting rooms in a hotel, as defined in the Hotel Operators' Occupation Tax Act, at a rate not to exceed 1% of the gross rental receipts from the renting, leasing, or letting of hotel rooms within the business district, to be imposed only in 0.25% increments, excluding, however, from gross rental receipts the proceeds of renting, leasing, or letting to permanent residents of a hotel, as defined in the Hotel Operators' Occupation Tax Act, and proceeds from the tax imposed under subsection (c) of Section 13 of the Metropolitan Pier and Exposition Authority Act.

The tax imposed by the municipality under this subsection and all civil penalties that may be assessed as an incident to that tax shall be collected and enforced by the municipality imposing the tax. The municipality shall have full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of and compliance with this subsection, the municipality and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, shall be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and shall employ the same modes of procedure as are employed with respect to a tax adopted by the municipality under Section 8-3-14 of this Code.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their tax liability for that tax by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes imposed under the Hotel Operators' Occupation Tax Act, and with any other tax.

Nothing in this subsection shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

The proceeds of the tax imposed under this subsection shall be deposited into the Business District Tax Allocation Fund.

(e) Obligations issued pursuant to subsection (14) of Section 11-74.3-3 shall be retired in the manner provided in the ordinance authorizing the issuance of those obligations by the receipts of taxes levied as authorized in subsections (12) and (13) of Section 11-74.3-3. The ordinance shall pledge all of the amounts

in and to be deposited in the Business District Tax Allocation Fund to the payment of business district project costs and obligations. Obligations issued pursuant to subsection (14) of Section 11-74.3-3 may be sold at public or private sale at a price determined by the corporate authorities of the municipality and no referendum approval of the electors shall be required as a condition to the issuance of those obligations. The ordinance authorizing the obligations may require that the obligations contain a recital that they are issued pursuant to subsection (14) of Section 11-74.3-3 and this recital shall be conclusive evidence of their validity and of the regularity of their issuance. The corporate authorities of the municipality may also issue its obligations to refund, in whole or in part, obligations previously issued by the municipality under the authority of this Code, whether at or prior to maturity. All obligations issued pursuant to subsection (14) of Section 11-74.3-3 shall not be regarded as indebtedness of the municipality issuing the obligations for the purpose of any limitation imposed by law.

(f) When business district costs, including, without limitation, all municipal obligations financing business district project costs incurred under Section 11-74.3-3 have been paid, any surplus funds then remaining in the Business District Tax Allocation Fund shall be distributed to the municipal treasurer for deposit into the municipal general corporate fund. Upon payment of all business district project costs and retirement of obligations, but in no event more than 23 years after the date of adoption of the ordinance approving the business district development or redevelopment plan, the municipality shall adopt an ordinance immediately rescinding the taxes imposed pursuant to subsections (12) and (13) of Section 11-74.3-3.

For purposes of this subsection, "occupied bed days" has the same meaning as the term is defined in subsection (a) of Section 5A-2.

(j) For purposes of this Section, the terms "Medicaid days", "Medicaid charges", and "Medicaid services" do not include any days, charges, or services for which Medicare was liable for payment.

(e) New proposed facilities which apply for designation as High Impact Business must provide the Department with proof of alternative non-Illinois sites which would receive the proposed investment and job creation in the event that the business is not designated as a High Impact Business.

(f) In the event that a business is designated a High Impact Business and it is later determined after reasonable notice and an opportunity for a hearing as provided under the Illinois Administrative Procedure Act, that the business would have placed in service in qualified property the investments and created or retained the requisite number of jobs without the benefits of the High Impact Business designation, the Department shall be required to immediately revoke the designation and notify the Director of the Department of Revenue who shall begin proceedings to recover all wrongfully exempted State taxes with interest. The business shall also be ineligible for all State funded Department programs for a period of 10 years.

In determining the available balance in a fund, the Governor may include receipts, transfers into the fund, and other resources anticipated to be available in the fund in that fiscal year.

The State Treasurer and Comptroller shall transfer the amounts designated under this Section as soon as may be practicable after receiving the direction to transfer from the Governor.

(b) This Section does not apply to any fund established under the Community Senior Services and Resources Act.

This payment shall be made to the extent that a line item appropriation to an employer for this purpose is available or unexhausted. No payment from appropriations for State contributions shall be made in conjunction with payment of salary to an employee under the personal services line item from the General Revenue Fund.

(b) Except during the period beginning on the effective date of this amendatory Act of the 93rd General Assembly and ending at the time of the payment of the final payroll from fiscal year 2004 appropriations, the State Comptroller shall not approve for payment any payroll voucher that (1) includes payments of salary to eligible employees in the State Employees' Retirement System of Illinois and (2) does not include the corresponding payment of State contributions to that retirement system at the full rate certified under Section 14-135.08 for that fiscal year for eligible employees, unless the balance in the fund on which the payroll voucher is drawn is insufficient to pay the total payroll voucher, or unavailable due to any limitation on appropriations that may apply, including, but not limited to, limitations on appropriations from the Road Fund under Section 8.3 of the State Finance Act. If the State Comptroller approves a payroll voucher under this Section for which the fund balance is insufficient to pay the full amount of the required State contribution to the State Employees' Retirement System, the Comptroller shall promptly so notify the Retirement System.

Section 85. The General Obligation Bond Act is amended by changing Sections 8 and 21 as follows:

(30 ILCS 330/8) (from Ch. 127, par. 658)

Sec. 8. Bond sale expenses.

(a) An amount not to exceed 0.5 percent of the principal amount of the proceeds of sale of each bond sale is authorized to be used to pay the reasonable costs of issuance and sale, including, without limitation, underwriter's discounts and fees, but excluding bond insurance, of State of Illinois general obligation bonds

authorized and sold pursuant to this Act, provided that no salaries of State employees or other State office operating expenses shall be paid out of non-appropriated proceeds. The Governor's Office of Management and Budget shall compile a summary of all costs of issuance on each sale (including both costs paid out of proceeds and those paid out of appropriated funds) and post that summary on its web site within 20 business days after the issuance of the Bonds. The summary shall include, as applicable, the respective percentages of participation and compensation of each underwriter that is a member of the underwriting syndicate, legal counsel, financial advisors, and other professionals for the bond issue and an identification of all costs of issuance paid to minority owned businesses, female owned businesses, and businesses owned by persons with disabilities. The terms "minority owned businesses", "female owned businesses", and "business owned by a person with a disability" have the meanings given to those terms in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act. That posting shall be maintained on the web site for a period of at least 30 days. In addition, the Governor's Office of Management and Budget shall provide a written copy of each summary of costs to the Speaker and Minority Leader of the House of Representatives, the President and Minority Leader of the Senate, and the ~~Illinois Economic and Fiscal Commission~~ on Government Forecasting and Accountability within 20 business days after each issuance of the Bonds. In addition, the Governor's Office of Management and Budget shall provide copies of all contracts under which any costs of issuance are paid or to be paid to the ~~Illinois Economic and Fiscal Commission~~ on Government Forecasting and Accountability within 20 business days after the issuance of Bonds for which those costs are paid or to be paid. Instead of filing a second or subsequent copy of the same contract, the Governor's Office of Management and Budget may file a statement that specified costs are paid under specified contracts filed earlier with the Commission.

(b) The Director of the Governor's Office of Management and Budget shall not, in connection with the issuance of Bonds, contract with any underwriter, financial advisor, or attorney unless that underwriter, financial advisor, or attorney certifies that the underwriter, financial advisor, or attorney has not and will not pay a contingent fee, whether directly or indirectly, to a third party for having promoted the selection of the underwriter, financial advisor, or attorney for that contract. In the event that the Governor's Office of Management and Budget determines that an underwriter, financial advisor, or attorney has filed a false certification with respect to the payment of contingent fees, the Governor's Office of Management and Budget shall not contract with that underwriter, financial advisor, or attorney, or with any firm employing any person who signed false certifications, for a period of 2 calendar years, beginning with the date the determination is made. The validity of Bonds issued under such circumstances of violation pursuant to this Section shall not be affected.

These disclosures shall be calculated assuming Bonds are not redeemed or refunded prior to their stated maturities. Amounts included in these disclosures as payment of interest on variable rate Bonds shall be computed at an interest rate equal to the rate at which the variable rate Bonds are first set upon issuance, plus 2.5%, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest for each fiscal year. Amounts included in these disclosures as payment of interest on variable rate Bonds shall include the amounts certified by the Director of the Governor's Office of Management and Budget under subsection (b) of Section 9 of this Act.

In order to meet the requirements of subsection (c) of Section 5 of Article IV of the Illinois Constitution, the General Assembly determines that closed meetings of the ~~Illinois Economic and Fiscal~~ Commission on Government Forecasting and Accountability are required by the public interest. Thus, this Act is enacted by the affirmative vote of two-thirds of the members elected to each house of the General Assembly.

Section 105. The Illinois Pension Code is amended by changing Sections 1-103.3, 3-109.3, 14-108.3, 14-108.5, 15-158.3, 16-133.3, 22-803, 22-1001, 22-1002, and 22-1003 as follows:

(40 ILCS 5/1-103.3)

Sec. 1-103.3. Application of 1994 amendment; funding standard.

(a) The provisions of this amendatory Act of 1994 that change the method of calculating, certifying, and paying the required State contributions to the retirement systems established under Articles 2, 14, 15, 16, and 18 shall first apply to the State contributions required for State fiscal year 1996.

(b) The General Assembly declares that a funding ratio (the ratio of a retirement system's total assets to its total actuarial liabilities) of 90% is an appropriate goal for State-funded retirement systems in Illinois, and it finds that a funding ratio of 90% is now the generally-recognized norm throughout the nation for public employee retirement systems that are considered to be financially secure and funded in an appropriate and responsible manner.

(c) Every 5 years, beginning in 1999, the ~~Illinois Economic and Fiscal~~ Commission on Government Forecasting and Accountability, in consultation with the affected retirement systems and the Governor's Office of Management and Budget (formerly Bureau of the Budget), shall consider and determine whether the 90% funding ratio adopted in subsection (b) continues to represent an appropriate goal for State-funded

retirement systems in Illinois, and it shall report its findings and recommendations on this subject to the Governor and the General Assembly.

(40 ILCS 5/3-109.3)

Sec. 3-109.3. Self-managed plan.

(a) Purpose. The General Assembly finds that it is important for municipalities to be able to attract and retain the most qualified police officers and that in order to attract and retain these police officers, municipalities should have the flexibility to provide a defined contribution plan as an alternative for eligible employees who elect not to participate in a defined benefit retirement program provided under this Article. Accordingly, a self-managed plan shall be provided, which shall offer participating employees the opportunity to accumulate assets for retirement through a combination of employee and employer contributions that may be invested in mutual funds, collective investment funds, or other investment products and used to purchase annuity contracts, either fixed or variable, or a combination thereof. The plan must be qualified under the Internal Revenue Code of 1986.

(b) Study by Commission; Adoption of plan. The Illinois Pension Laws Commission (or its successor, the ~~Economic and Fiscal~~ Commission on Government Forecasting and Accountability) shall study and evaluate the creation of a statewide self-managed plan for eligible employees under this Article. The Commission shall report its findings and recommendations to the General Assembly no later than January 1, 2002.

In accordance with the recommendations of the Commission and any action taken by the General Assembly in response to those recommendations, a statewide self-managed plan shall be adopted for eligible employees under this Article. The self-managed plan shall take effect as specified in the plan, but in no event earlier than July 1, 2002 or the date of its approval by the U.S. Internal Revenue Service, whichever occurs later.

The self-managed plan shall include a plan document and shall provide for the adoption of such rules and procedures as are necessary or desirable for the administration of the self-managed plan. Consistent with fiduciary duty to the participants and beneficiaries of the self-managed plan, it may provide for delegation of suitable aspects of plan administration to companies authorized to do business in this State.

(c) Selection of service providers and funding vehicles. The principal administrator of the self-managed plan shall solicit proposals to provide administrative services and funding vehicles for the self-managed plan from insurance and annuity companies and mutual fund companies, banks, trust companies, or other financial institutions authorized to do business in this State. In reviewing the proposals received and approving and contracting with no fewer than 2 and no more than 7 companies, the principal administrator shall consider, among other things, the following criteria:

- (1) the nature and extent of the benefits that would be provided to the participants;
- (2) the reasonableness of the benefits in relation to the premium charged;
- (3) the suitability of the benefits to the needs and interests of the participating employees and the employer;
- (4) the ability of the company to provide benefits under the contract and the financial stability of the company; and
- (5) the efficacy of the contract in the recruitment and retention of employees.

The principal administrator shall periodically review each approved company. A company may continue to provide administrative services and funding vehicles for the self-managed plan only so long as it continues to be an approved company under contract with the principal administrator.

(d) Employee Direction. Employees who are participating in the program must be allowed to direct the transfer of their account balances among the various investment options offered, subject to applicable contractual provisions. The participant shall not be deemed a fiduciary by reason of providing such investment direction. A person who is a fiduciary shall not be liable for any loss resulting from such investment direction and shall not be deemed to have breached any fiduciary duty by acting in accordance with that direction. The self-managed plan does not guarantee any of the investments in the employee's account balances.

(e) Participation. An eligible employee must make a written election in accordance with the provisions of Section 3-109.2 and the procedures established under the self-managed plan. Participation in the self-managed plan by an eligible employee who elects to participate in the self-managed plan shall begin on the first day of the first pay period following the later of the date the employee's election is filed with the fund or the employer, but in no event sooner than the effective date of the self-managed plan.

A police officer who has elected to participate in the self-managed plan under this Section must continue

participation while employed in an eligible position, and may not participate in any other retirement program administered by the municipality while employed as a police officer by that municipality. Participation in the self-managed plan under this Section shall constitute membership in an Article 3 pension fund.

(f) No Duplication of Service Credit. Notwithstanding any other provision of this Article, a police officer may not purchase or receive service or service credit applicable to any other retirement program administered by a fund under this Article for any period during which the police officer was a participant in the self-managed plan established under this Section.

(g) Contributions. The self-managed plan shall be funded by contributions from participants in the self-managed plan and employer contributions as provided in this Section.

The contribution rate for a participant in the self-managed plan under this Section shall be a minimum of 10% of his or her salary. This required contribution shall be made as an "employer pick-up" under Section 414(h) of the Internal Revenue Code of 1986 or any successor Section thereof. An employee may make additional contributions to the self-managed plan in accordance with the terms of the plan.

The self-managed plan shall provide for employer contributions to be credited to each self-managed plan participant at a rate of 10% of the participating employee's salary, less the amount of the employer contribution used to provide disability benefits for the employee. The amounts so credited shall be paid into the participant's self-managed plan accounts in the manner prescribed by the plan.

An amount of employer contribution, not exceeding 1.5% of the participating employee's salary, shall be used for the purpose of providing disability benefits to the participating employee. Prior to the beginning of each plan year under the self-managed plan, the principal administrator shall determine, as a percentage of salary, the amount of employer contributions to be allocated during that plan year for providing disability benefits for employees in the self-managed plan.

(h) Vesting; Withdrawal; Return to Service. A participant in the self-managed plan becomes fully vested in the employer contributions credited to his or her account in the self-managed plan on the earliest to occur of the following:

- (1) completion of 6 years of service with the municipality; or
- (2) the death of the participating employee while employed by the municipality, if the participant has completed at least 1.5 years of service.

A participant in the self-managed plan who receives a distribution of his or her vested amounts from the self-managed plan upon or after termination of employment shall forfeit all service credit and accrued rights in the fund of his or her employer; if subsequently re-employed, the participant shall be considered a new employee. If a former participant again becomes a participating employee and continues as such for at least 2 years, all such rights, service credit, and previous status as a participant shall be restored upon repayment of the amount of the distribution without interest.

(i) Benefit amounts. If a participating employee who is fully vested in employer contributions terminates employment, the participating employee shall be entitled to a benefit which is based on the account values attributable to both employer and employee contributions and any investment return thereon.

If a participating employee who is not fully vested in employer contributions terminates employment, the employee shall be entitled to a benefit based on the account values attributable to the employee's contributions and any investment return thereon, plus the following percentage of employer contributions and any investment return thereon: 20% after the second year; 40% after the third year; 60% after the fourth year; 80% after the fifth year; and 100% after the sixth year. The remainder of employer contributions and investment return thereon shall be forfeited. Any employer contributions that are forfeited shall be held in escrow by the company investing those contributions and shall be used as directed by the municipality for future allocations of employer contributions or for the restoration of amounts previously forfeited by former participants who again become participating employees.

(40 ILCS 5/14-108.3)

Sec. 14-108.3. Early retirement incentives.

(a) To be eligible for the benefits provided in this Section, a person must:

- (1) be a member of this System who, on any day during June, 2002, is (i) in active payroll status in a position of employment with a department and an active contributor to this System with respect to that employment, and terminates that employment before the retirement annuity under this Article begins, or (ii) on layoff status from such a position with a right of re-employment or recall to service, or (iii) receiving benefits under Section 14-123, 14-123.1 or 14-124, but only if the member has not been receiving those benefits for a continuous period of more than 2 years as of the date of

application;

(2) not have received any retirement annuity under this Article beginning earlier than August 1, 2002;

(3) file with the Board on or before December 31, 2002 a written application requesting the benefits provided in this Section;

(4) terminate employment under this Article no later than December 31, 2002 (or the date established under subsection (d), if applicable);

(5) by the date of termination of service, have at least 8 years of creditable service under this Article, without the use of any creditable service established under this Section;

(6) by the date of termination of service, have at least 5 years of membership service earned while an employee under this Article, which may include military service for which credit is established under Section 14-105(b), service during the qualifying period for which credit is established under Section 14-104(a), and service for which credit has been established by repaying a refund under Section 14-130, but shall not include service for which any other optional service credit has been established; and

(7) not receive any early retirement benefit under Section 16-133.3 of this Code.

(b) An eligible person may establish up to 5 years of creditable service under this Article, in increments of one month, by making the contributions specified in subsection (c). In addition, for each month of creditable service established under this Section, a person's age at retirement shall be deemed to be one month older than it actually is.

The creditable service established under this Section may be used for all purposes under this Article and the Retirement Systems Reciprocal Act, except for the computation of final average compensation under Section 14-103.12 or the determination of compensation under this or any other Article of this Code.

The age enhancement established under this Section may not be used to enable any person to begin receiving a retirement annuity calculated under Section 14-110 before actually attaining age 50 (without any age enhancement under this Section). The age enhancement established under this Section may be used for all other purposes under this Article (including calculation of a proportionate annuity payable by this System under the Retirement Systems Reciprocal Act), except for purposes of the level income option in Section 14-112, the reversionary annuity under Section 14-113, and the required distributions under Section 14-121.1.

The age enhancement established under this Section may be used in determining benefits payable under Article 16 of this Code under the Retirement Systems Reciprocal Act, if the person has at least 5 years of service credit in the Article 16 system that was earned while participating in that system as a teacher (as defined in Section 16-106) employed by a department (as defined in Section 14-103.04). Age enhancement established under this Section shall not otherwise be used in determining benefits payable under other Articles of this Code under the Retirement Systems Reciprocal Act.

(c) For all creditable service established under this Section, a person must pay to the System an employee contribution to be determined by the System, based on the member's rate of compensation on June 1, 2002 (or the last date before June 1, 2002 for which a rate can be determined) and the retirement contribution rate in effect on June 1, 2002 for the member (or for members with the same social security and alternative formula status as the member).

If the member receives a lump sum payment for accumulated vacation, sick leave and personal leave upon withdrawal from service, and the net amount of that lump sum payment is at least as great as the amount of the contribution required under this Section, the entire contribution must be paid by the employee by payroll deduction. If there is no such lump sum payment, or if it is less than the contribution required under this Section, the member shall make an initial payment by payroll deduction, equal to the net amount of the lump sum payment for accumulated vacation, sick leave, and personal leave, and have the remaining amount due treated as a reduction from the retirement annuity in 24 equal monthly installments beginning in the month in which the retirement annuity takes effect. The required contribution may be paid as a pre-tax deduction from earnings. For federal and Illinois tax purposes, the monthly amount by which the annuitant's benefit is reduced shall not be treated as a contribution by the annuitant, but rather as a reduction of the annuitant's monthly benefit.

(c-5) The reduction in retirement annuity provided in subsection (c) of Section 14-108 does not apply to the annuity of a person who retires under this Section. A person who has received any age enhancement or creditable service under this Section may begin to receive an unreduced retirement annuity upon attainment of age 55 with at least 25 years of creditable service (including any age enhancement and creditable service established under this Section).

(d) In order to ensure that the efficient operation of State government is not jeopardized by the simultaneous retirement of large numbers of key personnel, the director or other head of a department may, for key employees of that department, extend the December 31, 2002 deadline for terminating employment under this Article established in subdivision (a)(4) of this Section to a date not later than April 30, 2003 by so notifying the System in writing by December 31, 2002.

(e) Notwithstanding Section 14-111, a person who has received any age enhancement or creditable service under this Section and who reenters service under this Article (or as an employee of a department under Article 16) other than as a temporary employee thereby forfeits that age enhancement and creditable service and is entitled to a refund of the contributions made pursuant to this Section.

(f) The System shall determine the amount of the increase in the present value of future benefits resulting from the granting of early retirement incentives under this Section and shall report that amount to the Governor and the ~~Economic and Fiscal~~ Commission on Government Forecasting and Accountability on or after the effective date of this amendatory Act of the 93rd General Assembly and on or before November 15, 2004. The increase reported under this subsection (f) shall not be included in the calculation of the required State contribution under Section 14-131.

(g) In addition to the contributions otherwise required under this Article, the State shall appropriate and pay to the System (1) an amount equal to \$70,000,000 in State fiscal years 2004 and 2005 and (2) in each of State fiscal years 2006 through 2015, a level dollar-payment based upon the increase in the present value of future benefits provided by the early retirement incentives provided under this Section amortized at 8.5% interest.

(h) The ~~Economic and Fiscal~~ Commission on Government Forecasting and Accountability (i) shall hold one or more hearings on or before the last session day during the fall veto session of 2004 to review recommendations relating to funding of early retirement incentives under this Section and (ii) shall file its report with the General Assembly on or before December 31, 2004 making its recommendations relating to funding of early retirement incentives under this Section; the Commission's report may contain both majority recommendations and minority recommendations. The System shall recalculate and recertify to the Governor by January 31, 2005 the amount of the required State contribution to the System for State fiscal year 2005 with respect to those incentives. The Pension Laws Commission (or its successor, the ~~Economic and Fiscal~~ Commission on Government Forecasting and Accountability) shall determine and report to the General Assembly, on or before January 1, 2004 and annually thereafter through the year 2013, its estimate of (1) the annual amount of payroll savings likely to be realized by the State as a result of the early retirement of persons receiving early retirement incentives under this Section and (2) the net annual savings or cost to the State from the program of early retirement incentives created under this Section.

The System, the Department of Central Management Services, the Governor's Office of Management and Budget (formerly Bureau of the Budget), and all other departments shall provide to the Commission any assistance that the Commission may request with respect to its reports under this Section. The Commission may require departments to provide it with any information that it deems necessary or useful with respect to its reports under this Section, including without limitation information about (1) the final earnings of former department employees who elected to receive benefits under this Section, (2) the earnings of current department employees holding the positions vacated by persons who elected to receive benefits under this Section, and (3) positions vacated by persons who elected to receive benefits under this Section that have not yet been refilled.

(i) The changes made to this Section by this amendatory Act of the 92nd General Assembly do not apply to persons who retired under this Section on or before May 1, 1992.

(c) In lieu of any retirement annuity or other benefit provided under this Article, a person who qualifies for and elects to receive the alternative retirement cancellation payment under this Section shall be entitled to receive a one-time lump sum retirement cancellation payment equal to the amount of his or her contributions to the System (including any employee contributions for optional service credit and including any employee contributions paid by the employer or credited to the employee during disability) as of the date of termination, with regular interest, multiplied by 2.

(d) Notwithstanding any other provision of this Article, a person who receives an alternative retirement cancellation payment under this Section thereby forfeits the right to any other retirement or disability benefit or refund under this Article, and no widow's, survivor's, or death benefit deriving from that person shall be payable under this Article. Upon accepting an alternative retirement cancellation payment under this Section, the person's creditable service and all other rights in the System are terminated for all purposes, except for the purpose of determining State group life and health benefits for the person and his or her survivors as provided under the State Employees Group Insurance Act of 1971.

(g) The ~~Economic and Fiscal~~ Commission on Government Forecasting and Accountability shall determine and report to the Governor and the General Assembly, on or before January 1, 2006, its estimate of (1) the annual amount of payroll savings likely to be realized by the State as a result of the early termination of persons receiving the alternative retirement cancellation payment under this Section and (2) the net annual savings or cost to the State from the program of alternative retirement cancellation payments under this Section.

The System, the Department of Central Management Services, the Governor's Office of Management and Budget, and all other departments shall provide to the Commission any assistance that the Commission may request with respect to its report under this Section. The Commission may require departments to provide it with any information that it deems necessary or useful with respect to its reports under this Section, including without limitation information about (1) the final earnings of former department employees who elected to receive alternative retirement cancellation payments under this Section, (2) the earnings of current department employees holding the positions vacated by persons who elected to receive alternative retirement cancellation payments under this Section, and (3) positions vacated by persons who elected to receive alternative retirement cancellation payments under this Section that have not yet been refilled.

(40 ILCS 5/15-158.3)

Sec. 15-158.3. Reports on cost reduction; effect on retirement at any age with 30 years of service.

(a) On or before November 15, 2001 and on or before November 15th of each year thereafter, the Board shall have the System's actuary prepare a report showing, on a fiscal year by fiscal year basis, the actual rate of participation in the self-managed plan authorized by Section 15-158.2, (i) by employees of the System's covered higher educational institutions who were hired on or after the implementation date of the self-managed plan and (ii) by other System participants.

The actuary's report must also quantify the extent to which employee optional retirement plan participation has reduced the State's required contributions to the System, expressed both in dollars and as a percentage of covered payroll, in relation to what the State's contributions to the System would have been (1) if the self-managed plan had not been implemented, and (2) if 45% of employees of the System's covered higher educational institutions who were hired on or after the implementation date of the self-managed plan had elected to participate in the self-managed plan and 10% of other System participants had transferred to the self-managed plan following its implementation.

(b) On or before November 15th of 2001 and on or before November 15th of each year thereafter, the Illinois Board of Higher Education, in conjunction with the Bureau of the Budget (now Governor's Office of Management and Budget) shall prepare a report showing, on a fiscal year by fiscal year basis, the amount by which the costs associated with compensable sick leave have been reduced as a result of the termination of compensable sick leave accrual on and after January 1, 1998 by employees of higher education institutions who are participants in the System.

(c) On or before November 15 of 2001 and on or before November 15th of each year thereafter, the Department of Central Management Services shall prepare a report showing, on a fiscal year by fiscal year basis, the amount by which the State's cost for health insurance coverage under the State Employees Group Insurance Act of 1971 for retirees of the State's universities and their survivors has declined as a result of requiring some of those retirees and survivors to contribute to the cost of their basic health insurance. These year-by-year reductions in cost must be quantified both in dollars and as a level percentage of payroll covered by the System.

(d) The reports required under subsections (a), (b), and (c) shall be disseminated to the Board, the Pension Laws Commission (until it ceases to exist), the ~~Illinois Economic and Fiscal~~ Illinois Economic and Fiscal Commission on Government Forecasting and Accountability, the Illinois Board of Higher Education, and the Governor.

(e) The reports required under subsections (a), (b), and (c) shall be taken into account by the Pension Laws Commission (or its successor, the ~~Economic and Fiscal~~ Economic and Fiscal Commission on Government Forecasting and Accountability) in making any recommendation to extend by legislation beyond December 31, 2002 the provision that allows a System participant to retire at any age with 30 or more years of service as authorized in Section 15-135. If that provision is extended beyond December 31, 2002, and if the most recent report under subsection (a) indicates that actual State contributions to the System for the period during which the self-managed plan has been in operation have exceeded the projected State contributions under the assumptions in clause (2) of subsection (a), then any extension of the provision beyond December 31, 2002 must require that the System's higher educational institutions and agencies cover any funding deficiency through an annual payment to the System out of appropriate resources of their own.

(40 ILCS 5/16-133.3) (from Ch. 108 1/2, par. 16-133.3)

Sec. 16-133.3. Early retirement incentives for State employees.

(a) To be eligible for the benefits provided in this Section, a person must:

(1) be a member of this System who, on any day during June, 2002, is (i) in active payroll status as a full-time teacher employed by a department and an active contributor to this System with respect to that employment, or (ii) on layoff status from such a position with a right of re-employment or recall to service, or (iii) receiving a disability benefit under Section 16-149 or 16-149.1, but only if the member has not been receiving that benefit for a continuous period of more than 2 years as of the date of application;

(2) not have received any retirement annuity under this Article beginning earlier than August 1, 2002;

(3) file with the Board on or before December 31, 2002 a written application requesting the benefits provided in this Section;

(4) terminate employment under this Article no later than December 31, 2002 (or the date established under subsection (d), if applicable);

(5) by the date of termination of service, have at least 8 years of creditable service under this Article, without the use of any creditable service established under this Section;

(6) by the date of termination of service, have at least 5 years of service credit earned while participating in the System as a teacher employed by a department; and

(7) not receive any early retirement benefit under Section 14-108.3 of this Code.

For the purposes of this Section, "department" means a department as defined in Section 14-103.04 that employs a teacher as defined in this Article.

(b) An eligible person may establish up to 5 years of creditable service under this Article by making the contributions specified in subsection (c). In addition, for each period of creditable service established under this Section, a person's age at retirement shall be deemed to be enhanced by an equivalent period.

The creditable service established under this Section may be used for all purposes under this Article and the Retirement Systems Reciprocal Act, except for the computation of final average salary, the determination of salary or compensation under this Article or any other Article of this Code, or the determination of eligibility for or the computation of benefits under Section 16-133.2.

The age enhancement established under this Section may be used for all purposes under this Article (including calculation of a proportionate annuity payable by this System under the Retirement Systems Reciprocal Act), except for purposes of a retirement annuity under Section 16-133(a)(A), a reversionary annuity under Section 16-136, the required distributions under Section 16-142.3, and the determination of eligibility for or the computation of benefits under Section 16-133.2. Age enhancement established under this Section may be used in determining benefits payable under Article 14 of this Code under the Retirement Systems Reciprocal Act (subject to the limitations on the use of age enhancement provided in Section 14-108.3); age enhancement established under this Section shall not be used in determining benefits payable under other Articles of this Code under the Retirement Systems Reciprocal Act.

(c) For all creditable service established under this Section, a person must pay to the System an employee contribution to be determined by the System, equal to 9.0% of the member's highest annual salary rate that would be used in the determination of the average salary for retirement annuity purposes if the member retired immediately after withdrawal, for each year of creditable service established under this Section.

If the member receives a lump sum payment for accumulated vacation, sick leave, and personal leave upon withdrawal from service, and the net amount of that lump sum payment is at least as great as the amount of the contribution required under this Section, the entire contribution must be paid by the employee by payroll deduction. If there is no such lump sum payment, or if it is less than the contribution required under this Section, the member shall make an initial payment by payroll deduction, equal to the net amount of the lump sum payment for accumulated vacation, sick leave, and personal leave, and have the remaining amount due treated as a reduction from the retirement annuity in 24 equal monthly installments beginning in the month in which the retirement annuity takes effect. The required contribution may be paid as a pre-tax deduction from earnings.

(d) In order to ensure that the efficient operation of State government is not jeopardized by the simultaneous retirement of large numbers of key personnel, the director or other head of a department may, for key employees of that department, extend the December 31, 2002 deadline for terminating employment under this Article established in subdivision (a)(4) of this Section to a date not later than April 30, 2003 by so notifying the System in writing by December 31, 2002.

(e) A person who has received any age enhancement or creditable service under this Section and who reenters contributing service under this Article or Article 14 shall thereby forfeit that age enhancement and creditable service, and become entitled to a refund of the contributions made pursuant to this Section.

(f) The System shall determine the amount of the increase in the present value of future benefits resulting from the granting of early retirement incentives under this Section and shall report that amount to the Governor and the ~~Economic and Fiscal~~ Commission on Government Forecasting and Accountability on or after the effective date of this amendatory Act of the 93rd General Assembly and on or before November 15, 2004. The increase in liability reported under this subsection (f) shall not be included in the calculation of the required State contribution under Section 16-158.

(g) In addition to the contributions otherwise required under this Article, the State shall appropriate and pay to the System (1) an amount equal to \$1,000,000 in State fiscal year 2004 and (2) in each of State fiscal years 2006 through 2015, a level dollar-payment based upon the increase in the present value of future benefits provided by the early retirement incentives provided under this Section amortized at 8.5% interest.

(h) The Pension Laws Commission (or its successor, the ~~Economic and Fiscal~~ Commission on Government Forecasting and Accountability) shall determine and report to the General Assembly, on or

before January 1, 2004 and annually thereafter through the year 2013, its estimate of (1) the annual amount of payroll savings likely to be realized by the State as a result of the early retirement of persons receiving early retirement incentives under this Section and (2) the net annual savings or cost to the State from the program of early retirement incentives created under this Section.

The System, the Department of Central Management Services, the Governor's Office of Management and Budget (formerly Bureau of the Budget), and all other departments shall provide to the Commission any assistance that the Commission may request with respect to its reports under this Section. The Commission may require departments to provide it with any information that it deems necessary or useful with respect to its reports under this Section, including without limitation information about (1) the final earnings of former department employees who elected to receive benefits under this Section, (2) the earnings of current department employees holding the positions vacated by persons who elected to receive benefits under this Section, and (3) positions vacated by persons who elected to receive benefits under this Section that have not yet been refilled.

(i) The changes made to this Section by this amendatory Act of the 92nd General Assembly do not apply to persons who retired under this Section on or before May 1, 1992.

(2) a full disclosure of the provisions of the plan; economic, mortality, termination, and demographic assumptions used for the valuation; methods used to determine the actuarial values; the impact of significant changes in the actuarial assumptions and methods; the most recent experience review; and other information affecting the plan's actuarial status.

(3) the State's share of the amount necessary to fund the normal cost plus interest on the unfunded accrued liability for the next fiscal year as determined by the projected unit credit computations.

(4) a five-year history of the system's liabilities, assets (valued at cost), and unfunded liabilities.

The report shall also identify the amount of the required funding for each system expected to come from (i) budgeted annual appropriations and (ii) continuing appropriations under the State Pension Funds Continuing Appropriation Act.

The Commission shall also compute multiple year projections showing the effect on system liabilities and the State's annual cost (1) if the systems were to be funded according to actuarial recommendations that the Commission deems reasonable, (2) if each system were to be funded according to recommendations made by the system's actuary, and (3) if the systems were to be funded according to the required State contribution levels established by Public Act 88-593; including (i) comparisons of State costs with projected benefit payments, payroll, and the general funds budget, and (ii) comparisons of unfunded liabilities, funded ratios, solvency tests, and projected reserves. Section 107. The State Pension Funds Continuing Appropriation Act is amended by changing Sections 1 and 1.2 as follows:

(40 ILCS 15/1)

Sec. 1. Appropriations from State Pensions Fund. For the purpose of making up any deficiency in the appropriations to the designated retirement systems that are required to be made under Section 8.12 of the State Finance Act, there is hereby appropriated, on a continuing annual basis in each fiscal year, from the State Pensions Fund to each designated retirement system, the amount, if any, by which the total appropriation to that system from the State Pensions Fund for that fiscal year is less than the amount required to be appropriated to that retirement system under Section 8.12 of the State Finance Act.

The annual appropriation under this Section to each designated retirement system shall take effect on July 1 for the State fiscal year beginning on that date.

The amount of any continuing appropriation used by a retirement system under this Section for a given fiscal year shall be charged against the unexpended amount of any appropriation to that retirement system for that fiscal year under Section 8.12 of the State Finance Act that subsequently becomes available, subject to Section 8.3 of the State Finance Act.

"Designated retirement systems" means the State Employees' Retirement System of Illinois, the Teachers' Retirement System of the State of Illinois, the State Universities Retirement System, the Judges Retirement System of Illinois, and the General Assembly Retirement System.

The appropriations made in this Section are appropriated to the designated retirement systems as a part of the annual State contribution required by the laws providing for the funding of those systems.

Sec. 1.2. Appropriations for the State Employees' Retirement System.

(a) From each fund from which an amount is appropriated for personal services to a department or other employer under Article 14 of the Illinois Pension Code, there is hereby appropriated to that department or other employer, on a continuing annual basis for each State fiscal year, an additional amount equal to the amount, if any, by which (1) an amount equal to the percentage of the personal services line item for that department or employer from that fund for that fiscal year that the Board of Trustees of the State Employees' Retirement System of Illinois has certified under Section 14-135.08 of the Illinois Pension Code to be necessary to meet the State's obligation under Section 14-131 of the Illinois Pension Code for that fiscal year, exceeds (2) the amounts otherwise appropriated to that department or employer from that fund for State contributions to the State Employees' Retirement System for that fiscal year. From the effective date of this amendatory Act of the 93rd General Assembly through the final payment from a department or employer's personal services line item for fiscal year 2004, payments to the State Employees' Retirement System that otherwise would have been made under this subsection (a) shall be governed by the provisions in subsection (a-1).

(a-1) If a Fiscal Year 2004 Shortfall is certified under subsection (f) of Section 14-131 of the Illinois Pension Code, there is hereby appropriated to the State Employees' Retirement System of Illinois on a continuing basis from the General Revenue Fund an additional aggregate amount equal to the Fiscal Year 2004 Shortfall.

(b) The continuing appropriations provided for by this Section shall first be available in State fiscal year

1996.

(c) Beginning in Fiscal Year 2005, any continuing appropriation under this Section arising out of an appropriation for personal services from the Road Fund to the Department of State Police or the Secretary of State shall be payable from the General Revenue Fund rather than the Road Fund.

"Section 5. The Use Tax Act is amended by changing Section 3-55 as follows:

(35 ILCS 105/3-55) (from Ch. 120, par. 439.3-55)

Sec. 3-55. Multistate exemption. To prevent actual or likely multistate taxation, the tax imposed by this Act does not apply to the use of tangible personal property in this State under the following circumstances:

(a) The use, in this State, of tangible personal property acquired outside this State by a nonresident individual and brought into this State by the individual for his or her own use while temporarily within this State or while passing through this State.

(b) The use, in this State, of tangible personal property by an interstate carrier for hire as rolling stock moving in interstate commerce or by lessors under a lease of one year or longer executed or in effect at the time of purchase of tangible personal property by interstate carriers for-hire for use as rolling stock moving in interstate commerce as long as so used by the interstate carriers for-hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(c) The use, in this State, by owners, lessors, or shippers of tangible personal property that is utilized by interstate carriers for hire for use as rolling stock moving in interstate commerce as long as so used by the interstate carriers for hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(d) The use, in this State, of tangible personal property that is acquired outside this State and caused to be brought into this State by a person who has already paid a tax in another State in respect to the sale, purchase, or use of that property, to the extent of the amount of the tax properly due and paid in the other State.

(e) The temporary storage, in this State, of tangible personal property that is acquired outside this State and that, after being brought into this State and stored here temporarily, is used solely outside this State or is physically attached to or incorporated into other tangible personal property that is used solely outside this State, or is altered by converting, fabricating, manufacturing, printing, processing, or shaping, and, as altered, is used solely outside this State.

(f) The temporary storage in this State of building materials and fixtures that are acquired either in this State or outside this State by an Illinois registered combination retailer and construction contractor, and that the purchaser thereafter uses outside this State by incorporating that property into real estate located outside this State.

(g) The use or purchase of tangible personal property by a common carrier by rail or motor that receives the physical possession of the property in Illinois, and that transports the property, or shares with another common carrier in the transportation of the property, out of Illinois on a standard uniform bill of lading showing the seller of the property as the shipper or consignor of the property to a destination outside Illinois, for use outside Illinois.

(h) Except as provided in subsection (h-1), the use, in this State, of a motor vehicle that was sold in this State to a nonresident, even though the motor vehicle is delivered to the nonresident in this State, if the motor vehicle is not to be titled in this State, and if a drive-away permit is issued to the motor vehicle as provided in Section 3-603 of the Illinois Vehicle Code or if the nonresident purchaser has vehicle registration plates to transfer to the motor vehicle upon returning to his or her home state. The issuance of the drive-away permit or having the out-of-state registration plates to be transferred shall be prima facie evidence that the motor vehicle will not be titled in this State.

(h-1) The exemption under subsection (h) does not apply if the state in which the motor vehicle will be titled does not allow a reciprocal exemption for the use in that state of a motor vehicle sold and delivered in that state to an Illinois resident but titled in Illinois. The tax collected under this Act on the sale of a motor vehicle in this State to a resident of another state that does not allow a reciprocal exemption shall be imposed at a rate equal to the state's rate of tax on taxable property in the state in which the purchaser is a resident, except that the tax shall not exceed the tax that would otherwise be imposed under this Act. At the time of the sale, the purchaser shall execute a statement, signed under penalty of perjury, of his or her intent to title the vehicle in the state in which the purchaser is a resident within 30 days after the sale and of the fact of the payment to the State of Illinois of tax in an amount equivalent to the state's rate of tax on taxable property in his or her state of residence and shall submit the statement to the appropriate tax collection agency in his or her state of residence. In addition, the retailer must retain a signed copy of the statement in his or her records. Nothing in this subsection shall be construed to require the removal of the vehicle from this state following the filing of an intent to title the vehicle in the purchaser's state of residence if the purchaser titles the vehicle in his or her state of residence within 30 days after the date of sale. The tax collected under this Act in accordance with this subsection (h-1) shall be proportionately distributed as if the tax were collected at the 6.25% general rate imposed under this Act.

The Director of Revenue shall, pursuant to rules adopted in accordance with the Illinois Administrative Procedure Act, issue a permit to any taxpayer in good standing with the Department who is eligible for the exemption under this subsection (j). The permit issued under this subsection (j) shall authorize the holder, to the extent and in the manner specified in the rules adopted under this Act, to purchase tangible personal property from a retailer exempt from the taxes imposed by this Act. Taxpayers shall maintain all necessary books and records to substantiate the use and consumption of all such tangible personal property outside of the State of Illinois.

Section 12. The Uniform Penalty and Interest Act is amended by changing Section 3-3 as follows:

(35 ILCS 735/3-3) (from Ch. 120, par. 2603-3)

Sec. 3-3. Penalty for failure to file or pay.

(a) This subsection (a) is applicable before January 1, 1996. A penalty of 5% of the tax required to be shown due on a return shall be imposed for failure to file the tax return on or before the due date prescribed for filing determined with regard for any extension of time for filing (penalty for late filing or nonfiling). If any unprocessable return is corrected and filed within 21 days after notice by the Department, the late filing or nonfiling penalty shall not apply. If a penalty for late filing or nonfiling is imposed in addition to a penalty for late payment, the total penalty due shall be the sum of the late filing penalty and the applicable late payment penalty. Beginning on the effective date of this amendatory Act of 1995, in the case of any type of tax return required to be filed more frequently than annually, when the failure to file the tax return on or before the date prescribed for filing (including any extensions) is shown to be nonfraudulent and has not occurred in the 2 years immediately preceding the failure to file on the prescribed due date, the penalty imposed by Section 3-3(a) shall be abated.

(a-5) This subsection (a-5) is applicable to returns due on and after January 1, 1996 and on or before December 31, 2000. A penalty equal to 2% of the tax required to be shown due on a return, up to a maximum amount of \$250, determined without regard to any part of the tax that is paid on time or by any credit that was properly allowable on the date the return was required to be filed, shall be imposed for failure to file the tax return on or before the due date prescribed for filing determined with regard for any extension of time for filing. However, if any return is not filed within 30 days after notice of nonfiling mailed by the Department to the last known address of the taxpayer contained in Department records, an additional penalty amount shall be imposed equal to the greater of \$250 or 2% of the tax shown on the return. However, the additional penalty amount may not exceed \$5,000 and is determined without regard to any part of the tax that is paid on time or by any credit that was properly allowable on the date the return was required to be filed (penalty for late filing or nonfiling). If any unprocessable return is corrected and filed within 30 days after notice by the Department, the late filing or nonfiling penalty shall not apply. If a penalty for late filing or nonfiling is imposed in addition to a penalty for late payment, the total penalty due shall be the sum of the late filing penalty and the applicable late payment penalty. In the case of any type of tax return required to be filed more frequently than annually, when the failure to file the tax return on or before the date prescribed for filing (including any extensions) is shown to be nonfraudulent and has not occurred in the 2 years immediately preceding the failure to file on the prescribed due date, the penalty imposed by Section 3-3(a-5) shall be abated.

(a-10) This subsection (a-10) is applicable to returns due on and after January 1, 2001. A penalty equal to 2% of the tax required to be shown due on a return, up to a maximum amount of \$250, reduced by any tax that is paid on time or by any credit that was properly allowable on the date the return was required to be filed, shall be imposed for failure to file the tax return on or before the due date prescribed for filing determined with regard for any extension of time for filing.

However, if any return is not filed within 30 days after notice of nonfiling mailed by the Department to the last known address of the taxpayer contained in Department records, an additional penalty amount shall be imposed equal to the greater of \$250 or 2% of the tax shown on the return. However, the additional penalty amount may not exceed \$5,000 and is determined without regard to any part of the tax that is paid on time or by any credit that was properly allowable on the date the return was required to be filed (penalty for late filing or nonfiling). If any unprocessable return is corrected and filed within 30 days after notice by the Department, the late filing or nonfiling penalty shall not apply. If a penalty for late filing or nonfiling is imposed in addition to a penalty for late payment, the total penalty due shall be the sum of the late filing penalty and the applicable late payment penalty. In the case of any type of tax return required to be filed more frequently than annually, when the failure to file the tax return on or before the date prescribed for filing (including any extensions) is shown to be nonfraudulent and has not occurred in the 2 years immediately preceding the failure to file on the prescribed due date, the penalty imposed by Section 3-3(a-10) shall be abated.

(b) This subsection is applicable before January 1, 1998. A penalty of 15% of the tax shown on the return or the tax required to be shown due on the return shall be imposed for failure to pay:

(1) the tax shown due on the return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability); or

(2) the full amount of any tax required to be shown due on a return and which is not shown (penalty for late payment or nonpayment of additional liability), within 30 days after a notice of arithmetic error, notice and demand, or a final assessment is issued by the Department. In the case of a final assessment arising following a protest and hearing, the 30-day period shall not begin until all proceedings in court for review of the final assessment have terminated or the period for obtaining a review has expired without proceedings for a review having been instituted. In the case of a notice of tax liability that becomes a final assessment without a protest and hearing, the penalty provided in this paragraph (2) shall be imposed at the expiration of the period provided for the filing of a protest.

(b-5) This subsection is applicable to returns due on and after January 1, 1998 and on or before December 31, 2000. A penalty of 20% of the tax shown on the return or the tax required to be shown due on the return shall be imposed for failure to pay:

(1) the tax shown due on the return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability); or

(2) the full amount of any tax required to be shown due on a return and which is not shown (penalty for late payment or nonpayment of additional liability), within 30 days after a notice of arithmetic error, notice and demand, or a final assessment is issued by the Department. In the case of a final assessment arising following a protest and hearing, the 30-day period shall not begin until all proceedings in court for review of the final assessment have terminated or the period for obtaining a review has expired without proceedings for a review having been instituted. In the case of a notice of tax liability that becomes a final assessment without a protest and hearing, the penalty provided in this paragraph (2) shall be imposed at the expiration of the period provided for the filing of a protest.

(b-10) This subsection (b-10) is applicable to returns due on and after January 1, 2001 and on or before December 31, 2003. A penalty shall be imposed for failure to pay:

(1) the tax shown due on a return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability). The amount of penalty imposed under this subsection (b-10)(1) shall be 2% of any amount that is paid no later than 30 days after the due date, 5% of any amount that is paid later than 30 days after the due date and not later than 90 days after the due date, 10% of any amount that is paid later than 90 days after the due date and not later than 180 days after the due date, and 15% of any amount that is paid later than 180 days after the due date. If notice and demand is made for the payment of any amount of tax due and if the amount due is paid within 30 days after the date of the notice and demand, then the penalty for late payment or nonpayment of admitted liability under this subsection (b-10)(1) on the amount so paid shall not accrue for the period after the date of the notice and demand.

(2) the full amount of any tax required to be shown due on a return and that is not shown (penalty for late payment or nonpayment of additional liability), within 30 days after a notice of arithmetic error, notice and demand, or a final assessment is issued by the Department. In the case of a final assessment arising following a protest and hearing, the 30-day period shall not begin until all proceedings in court for review of the final

assessment have terminated or the period for obtaining a review has expired without proceedings for a review having been instituted. The amount of penalty imposed under this subsection (b-10)(2) shall be 20% of any amount that is not paid within the 30-day period. In the case of a notice of tax liability that becomes a final assessment without a protest and hearing, the penalty provided in this subsection (b-10)(2) shall be imposed at the expiration of the period provided for the filing of a protest.

(b-15) This subsection (b-15) is applicable to returns due on and after January 1, 2004 and on or before December 31, 2004. (4) A penalty shall be imposed for failure to pay the tax shown due or required to be shown due on a return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability). The amount of penalty imposed under this subsection (b-15)(1) shall be 2% of any amount that is paid no later than 30 days after the due date, 10% of any amount that is paid later than 30 days after the due date and not later than 90 days after the due date, 15% of any amount that is paid later than 90 days after the due date and not later than 180 days after the due date, and 20% of any amount that is paid later than 180 days after the due date. If notice and demand is made for the payment of any amount of tax due and if the amount due is paid within 30 days after the date of this notice and demand, then the penalty for late payment or nonpayment of admitted liability under this subsection (b-15)(1) on the amount so paid shall not accrue for the period after the date of the notice and demand.

~~(2) A penalty shall be imposed for failure to file a return or to show on a timely return the full amount of any tax required to be shown due. The amount of penalty imposed under this subsection (b-15)(2) shall be:~~

~~(A) 5% of any amount of tax (other than an amount properly reported on an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act) that is shown on a return or amended return filed prior to the date the Department has initiated an audit or investigation of the taxpayer;~~

~~(B) 10% of any amount of tax (other than an amount properly reported on an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act) that is shown on a return or amended return filed on or after the date the Department has initiated an audit or investigation of the taxpayer, but prior to the date any notice of deficiency, notice of tax liability, notice of assessment or notice of final assessment is issued by the Department with respect to any portion of such underreported amount; or~~

~~(C) 20% of any amount that is not reported on a return or amended return filed prior to the date any notice of deficiency, notice of tax liability, notice of assessment or notice of final assessment is issued by the Department with respect to any portion of such underreported amount.~~

(b-20) This subsection (b-20) is applicable to returns due on and after January 1, 2005.

(1) A penalty shall be imposed for failure to pay, prior to the due date for payment, any amount of tax the payment of which is required to be made prior to the filing of a return or without a return (penalty for late payment or nonpayment of estimated or accelerated tax). The amount of penalty imposed under this paragraph (1) shall be 2% of any amount that is paid no later than 30 days after the due date and 10% of any amount that is paid later than 30 days after the due date.

(2) A penalty shall be imposed for failure to pay the tax shown due or required to be shown due on a return on or before the due date prescribed for payment of that tax or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of tax). The amount of penalty imposed under this paragraph (2) shall be 2% of any amount that is paid no later than 30 days after the due date, 10% of any amount that is paid later than 30 days after the due date and prior to the date the Department has initiated an audit or investigation of the taxpayer, and 20% of any amount that is paid after the date the Department has initiated an audit or investigation of the taxpayer; provided that the penalty shall be reduced to 15% if the entire amount due is paid not later than 30 days after the Department has provided the taxpayer with an amended return (following completion of an occupation, use, or excise tax audit) or a form for waiver of restrictions on assessment (following completion of an income tax audit); provided further that the reduction to 15% shall be rescinded if the taxpayer makes any claim for refund or credit of the tax, penalties, or interest determined to be due upon audit, except in the case of a claim filed pursuant to subsection (b) of Section 506 of the Illinois Income Tax Act or to claim a carryover of a loss or credit, the availability of which was not determined in the audit. For purposes of this paragraph (2), any overpayment reported on an original return that has been allowed as a refund or credit to the taxpayer shall be deemed to have not been paid on or before the due date for payment and any amount paid under protest pursuant to the provisions of the State Officers and Employees Money Disposition Act shall be deemed to have been paid after the Department has initiated an audit and more than 30 days after the Department has provided the taxpayer with an amended return (following completion of an occupation, use, or excise tax audit) or a form for waiver of restrictions on assessment (following completion of an income tax audit).

(3) The penalty imposed under this subsection (b-20) shall be deemed assessed at the time the tax upon which the penalty is computed is assessed, except that, if the reduction of the penalty imposed under paragraph (2) of this section (b-20) to 15% is rescinded because a claim for refund or credit has been filed, the increase in penalty shall be deemed

assessed at the time the claim for refund or credit is filed.

(c) For purposes of the late payment penalties, the basis of the penalty shall be the tax shown or required to be shown on a return, whichever is applicable, reduced by any part of the tax which is paid on time and by any credit which was properly allowable on the date the return was required to be filed.

(d) A penalty shall be applied to the tax required to be shown even if that amount is less than the tax shown on the return.

(e) This subsection (e) is applicable to returns due before January 1, 2001. If both a subsection (b)(1) or (b-5)(1) penalty and a subsection (b)(2) or (b-5)(2) penalty are assessed against the same return, the subsection (b)(2) or (b-5)(2) penalty shall be assessed against only the additional tax found to be due.

(e-5) This subsection (e-5) is applicable to returns due on and after January 1, 2001. If both a subsection (b-10)(1) penalty and a subsection (b-10)(2) penalty are assessed against the same return, the subsection (b-10)(2) penalty shall be assessed against only the additional tax found to be due.

(f) If the taxpayer has failed to file the return, the Department shall determine the correct tax according to its best judgment and information, which amount shall be prima facie evidence of the correctness of the tax due.

(g) The time within which to file a return or pay an amount of tax due without imposition of a penalty does not extend the time within which to file a protest to a notice of tax liability or a notice of deficiency.

(h) No return shall be determined to be unprocessable because of the omission of any information requested on the return pursuant to Section 2505-575 of the Department of Revenue Law (20 ILCS 2505/2505-575).

(i) If a taxpayer has a tax liability that is eligible for amnesty under the Tax Delinquency Amnesty Act and the taxpayer fails to satisfy the tax liability during the amnesty period provided for in that Act, then the penalty imposed by the Department under this Section shall be imposed in an amount that is 200% of the amount that would otherwise be imposed under this Section.

Section 15. The Local Mass Transit District Act is amended by changing Section 5.01 as follows:

(70 ILCS 3610/5.01) (from Ch. 111 2/3, par. 355.01)

Sec. 5.01. Metro East Mass Transit District; use and occupation taxes.

(a) The Board of Trustees of any Metro East Mass Transit District may, by ordinance adopted with the concurrence of two-thirds of the then trustees, impose throughout the District any or all of the taxes and fees provided in this Section. All taxes and fees imposed under this Section shall be used only for public mass transportation systems, and the amount used to provide mass transit service to unserved areas of the District shall be in the same proportion to the total proceeds as the number of persons residing in the unserved areas is to the total population of the District. Except as otherwise provided in this Act, taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes.

(b) The Board may impose a Metro East Mass Transit District Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the district at a rate of 1/4 of 1%, or as authorized under subsection (d-5) of this Section, of the gross receipts from the sales made in the course of such business within the district. The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13, and 14 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (g) of this Section.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsections (c) and (d) of this Section.

For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale, by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

Nothing in this Section shall be construed to authorize the Metro East Mass Transit District to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(c) If a tax has been imposed under subsection (b), a Metro East Mass Transit District Service Occupation Tax shall also be imposed upon all persons engaged, in the district, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the District, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. The tax rate shall be 1/4%, or as authorized under subsection (d-5) of this Section, of the selling price of tangible personal property so transferred within the district. The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure as are prescribed in Sections 1a-1, 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the Authority), 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the Authority), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the District), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the District), the first paragraph of Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (g) of this Section.

Nothing in this paragraph shall be construed to authorize the District to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(d) If a tax has been imposed under subsection (b), a Metro East Mass Transit District Use Tax shall also be imposed upon the privilege of using, in the district, any item of tangible personal property that is purchased outside the district at retail from a retailer, and that is titled or registered with an agency of this State's government, at a rate of 1/4%, or as authorized under subsection (d-5) of this Section, of the selling price of the tangible personal property within the District, as "selling price" is defined in the Use Tax Act. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the District. The tax shall be collected by the Department of Revenue for the Metro East Mass Transit District. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are

subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21 and 22 of the Use Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, that are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (g) of this Section.

(d-5) (A) The county board of any county participating in the Metro East Mass Transit District may authorize, by ordinance, a referendum on the question of whether the tax rates for the Metro East Mass Transit District Retailers' Occupation Tax, the Metro East Mass Transit District Service Occupation Tax, and the Metro East Mass Transit District Use Tax for the District should be increased from 0.25% to 0.75%. Upon adopting the ordinance, the county board shall certify the proposition to the proper election officials who shall submit the proposition to the voters of the District at the next election, in accordance with the general election law.

The proposition shall be in substantially the following form:

Shall the tax rates for the Metro East Mass Transit District Retailers' Occupation Tax, the Metro East Mass Transit District Service Occupation Tax, and the Metro East Mass Transit District Use Tax be increased from 0.25% to 0.75%?

(B) Two thousand five hundred electors of any Metro East Mass Transit District may petition the Chief Judge of the Circuit Court, or any judge of that Circuit designated by the Chief Judge, in which that District is located to cause to be submitted to a vote of the electors the question whether the tax rates for the Metro East Mass Transit District Retailers' Occupation Tax, the Metro East Mass Transit District Service Occupation Tax, and the Metro East Mass Transit District Use Tax for the District should be increased from 0.25% to 0.75%.

Upon submission of such petition the court shall set a date not less than 10 nor more than 30 days thereafter for a hearing on the sufficiency thereof. Notice of the filing of such petition and of such date shall be given in writing to the District and the County Clerk at least 7 days before the date of such hearing.

If such petition is found sufficient, the court shall enter an order to submit that proposition at the next election, in accordance with general election law.

The form of the petition shall be in substantially the following form: To the Circuit Court of the County of (name of county):

We, the undersigned electors of the (name of transit district), respectfully petition your honor to submit to a vote of the electors of (name of transit district) the following proposition:

Shall the tax rates for the Metro East Mass Transit District Retailers' Occupation Tax, the Metro East Mass Transit District Service Occupation Tax, and the Metro East Mass Transit District Use Tax be increased from 0.25% to 0.75%?

Name Address, with Street and Number.

(C) The votes shall be recorded as "YES" or "NO". If a majority of all votes cast on the proposition are for the increase in the tax rates, the Metro East Mass Transit District shall begin imposing the increased rates in the District, and the Department of Revenue shall begin collecting the increased amounts, as provided under this Section. An ordinance imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

(D) If the voters have approved a referendum under this subsection, before November 1, 1994, to increase the tax rate under this subsection, the Metro East Mass Transit District Board of Trustees may adopt by a majority vote an ordinance at any time before January 1, 1995 that excludes from the rate increase tangible personal property that is titled or registered with an agency of this State's government. The ordinance excluding titled or registered tangible personal property from the rate increase must be filed with the Department at least 15 days before its effective date. At any time after adopting an ordinance excluding from the rate increase tangible personal property that is titled or registered with an agency of this State's government, the Metro East Mass Transit District Board of Trustees may adopt an ordinance applying the rate increase to that tangible personal property. The ordinance shall be adopted, and a certified copy of that ordinance shall be filed with the Department, on or before October 1, whereupon the Department shall proceed to

administer and enforce the rate increase against tangible personal property titled or registered with an agency of this State's government as of the following January 1. After December 31, 1995, any reimposed rate increase in effect under this subsection shall no longer apply to tangible personal property titled or registered with an agency of this State's government. Beginning January 1, 1996, the Board of Trustees of any Metro East Mass Transit District may never reimpose a previously excluded tax rate increase on tangible personal property titled or registered with an agency of this State's government.

(d-6) If the Board of Trustees of any Metro East Mass Transit District has imposed a rate increase under subsection (d-5) and filed an ordinance with the Department of Revenue excluding titled property from the higher rate, then that Board may, by ordinance adopted with the concurrence of two-thirds of the then trustees, impose throughout the District a fee. The fee on the excluded property shall not exceed \$20 per retail transaction or an amount equal to the amount of tax excluded, whichever is less, on tangible personal property that is titled or registered with an agency of this State's government. No fee shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

(d-7) If a fee has been imposed under subsection (d-6), a fee shall also be imposed upon the privilege of using, in the district, any item of tangible personal property that is titled or registered with any agency of this State's government, in an amount equal to the amount of the fee imposed under subsection (d-6).

(d-8) No item of titled property shall be subject to both the higher rate approved by referendum, as authorized under subsection (d-5), and any fee imposed under subsection (d-6) or (d-7).

(d-9) If fees have been imposed under subsections (d-6) and (d-7), the Board shall forward a copy of the ordinance adopting such fees, which shall include all zip codes in whole or in part within the boundaries of the district, to the Secretary of State within thirty days. By the 25th of each month, the Secretary of State shall subsequently provide the Illinois Department of Revenue with a list of identifiable retail transactions subject to the .25% rate occurring within the zip codes which are in whole or in part within the boundaries of the district and a list of title applications for addresses within the boundaries of the district for the previous month.

(d-10) In the event that a retailer fails to pay applicable fees within 30 days of the date of the transaction, a penalty shall be assessed at the rate of 25% of the amount of fees. Interest on both late fees and penalties shall be assessed at the rate of 1% per month. All fees, penalties, and attorney fees shall constitute a lien on the personal and real property of the retailer.

(e) A certificate of registration issued by the State Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under paragraphs (b), (c) or (d) of this Section and no additional registration shall be required under the tax. A certificate issued under the Use Tax Act or the Service Use Tax Act shall be applicable with regard to any tax imposed under paragraph (c) of this Section.

(f) The Board may impose a replacement vehicle tax of \$50 on any passenger car, as defined in Section 1-157 of the Illinois Vehicle Code, purchased within the district area by or on behalf of an insurance company to replace a passenger car of an insured person in settlement of a total loss claim. The tax imposed may not become effective before the first day of the month following the passage of the ordinance imposing the tax and receipt of a certified copy of the ordinance by the Department of Revenue. The Department of Revenue shall collect the tax for the district in accordance with Sections 3-2002 and 3-2003 of the Illinois Vehicle Code.

The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes collected hereunder. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named districts, the districts to be those from which retailers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each district shall be the amount collected hereunder during the second preceding calendar month by the Department, less any amount determined by the Department to be necessary for the payment of refunds. Within 10 days after receipt by the Comptroller of the disbursement certification to the districts, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

(g) Any ordinance imposing or discontinuing any tax under this Section shall be adopted and a certified copy thereof filed with the Department on or before June 1, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the Metro East Mass Transit District as of September 1 next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, except as provided in subsection (d-5) of this Section, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this

Section as of the first day of January next following such adoption and filing.

(h) The State Department of Revenue shall, upon collecting any taxes as provided in this Section, pay the taxes over to the State Treasurer as trustee for the District. The taxes shall be held in a trust fund outside the State Treasury. On or before the 25th day of each calendar month, the State Department of Revenue shall prepare and certify to the Comptroller of the State of Illinois the amount to be paid to the District, which shall be the then balance in the fund, less any amount determined by the Department to be necessary for the payment of refunds. Within 10 days after receipt by the Comptroller of the certification of the amount to be paid to the District, the Comptroller shall cause an order to be drawn for payment for the amount in accordance with the direction in the certification.

Section 20. The Regional Transportation Authority Act is amended by changing Section 4.03 as follows:
(70 ILCS 3615/4.03) (from Ch. 111 2/3, par. 704.03)

Sec. 4.03. Taxes.

(a) In order to carry out any of the powers or purposes of the Authority, the Board may by ordinance adopted with the concurrence of 9 of the then Directors, impose throughout the metropolitan region any or all of the taxes provided in this Section. Except as otherwise provided in this Act, taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes.

(b) The Board may impose a public transportation tax upon all persons engaged in the metropolitan region in the business of selling at retail motor fuel for operation of motor vehicles upon public highways. The tax shall be at a rate not to exceed 5% of the gross receipts from the sales of motor fuel in the course of the business. As used in this Act, the term "motor fuel" shall have the same meaning as in the Motor Fuel Tax Law. The Board may provide for details of the tax. The provisions of any tax shall conform, as closely as may be practicable, to the provisions of the Municipal Retailers Occupation Tax Act, including without limitation, conformity to penalties with respect to the tax imposed and as to the powers of the State Department of Revenue to promulgate and enforce rules and regulations relating to the administration and enforcement of the provisions of the tax imposed, except that reference in the Act to any municipality shall refer to the Authority and the tax shall be imposed only with regard to receipts from sales of motor fuel in the metropolitan region, at rates as limited by this Section.

(c) In connection with the tax imposed under paragraph (b) of this Section the Board may impose a tax upon the privilege of using in the metropolitan region motor fuel for the operation of a motor vehicle upon public highways, the tax to be at a rate not in excess of the rate of tax imposed under paragraph (b) of this Section. The Board may provide for details of the tax.

(d) The Board may impose a motor vehicle parking tax upon the privilege of parking motor vehicles at off-street parking facilities in the metropolitan region at which a fee is charged, and may provide for reasonable classifications in and exemptions to the tax, for administration and enforcement thereof and for civil penalties and refunds thereunder and may provide criminal penalties thereunder, the maximum penalties not to exceed the maximum criminal penalties provided in the Retailers' Occupation Tax Act. The Authority may collect and enforce the tax itself or by contract with any unit of local government. The State Department of Revenue shall have no responsibility for the collection and enforcement unless the Department agrees with the Authority to undertake the collection and enforcement. As used in this paragraph, the term "parking facility" means a parking area or structure having parking spaces for more than 2 vehicles at which motor vehicles are permitted to park in return for an hourly, daily, or other periodic fee, whether publicly or privately owned, but does not include parking spaces on a public street, the use of which is regulated by parking meters.

(e) The Board may impose a Regional Transportation Authority Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the metropolitan region. In Cook County the tax rate shall be 1% of the gross receipts from sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics, and 3/4% of the gross receipts from other taxable sales made in the course of that business. In DuPage, Kane, Lake, McHenry, and Will Counties, the tax rate shall be 1/4% of the gross receipts from all taxable sales made in the course of that business. The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all

provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination in a single amount with State taxes that sellers are required to collect under the Use Tax Act, under any bracket schedules the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Regional Transportation Authority tax fund established under paragraph (n) of this Section.

If a tax is imposed under this subsection (e), a tax shall also be imposed under subsections (f) and (g) of this Section.

For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

Nothing in this Section shall be construed to authorize the Regional Transportation Authority to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(f) If a tax has been imposed under paragraph (e), a Regional Transportation Authority Service Occupation Tax shall also be imposed upon all persons engaged, in the metropolitan region in the business of making sales of service, who as an incident to making the sales of service, transfer tangible personal property within the metropolitan region, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. In Cook County, the tax rate shall be: (1) 1% of the serviceman's cost price of food prepared for immediate consumption and transferred incident to a sale of service subject to the service occupation tax by an entity licensed under the Hospital Licensing Act or the Nursing Home Care Act that is located in the metropolitan region; (2) 1% of the selling price of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics; and (3) 3/4% of the selling price from other taxable sales of tangible personal property transferred. In DuPage, Kane, Lake, McHenry and Will Counties the rate shall be 1/4% of the selling price of all tangible personal property transferred.

The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2, 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the Authority), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the Authority), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the Authority), the first paragraph of Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, that charge may be stated in combination in a single amount with State tax that servicemen are authorized to collect under the Service Use Tax Act, under any bracket schedules the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Regional Transportation Authority tax fund established under paragraph (n) of this

Section.

Nothing in this paragraph shall be construed to authorize the Authority to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by the State.

(g) If a tax has been imposed under paragraph (e), a tax shall also be imposed upon the privilege of using in the metropolitan region, any item of tangible personal property that is purchased outside the metropolitan region at retail from a retailer, and that is titled or registered with an agency of this State's government. In Cook County the tax rate shall be 3/4% of the selling price of the tangible personal property, as "selling price" is defined in the Use Tax Act. In DuPage, Kane, Lake, McHenry and Will counties the tax rate shall be 1/4% of the selling price of the tangible personal property, as "selling price" is defined in the Use Tax Act. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the metropolitan region. The tax shall be collected by the Department of Revenue for the Regional Transportation Authority. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. In the administration of and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21 and 22 of the Use Tax Act, and are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Regional Transportation Authority tax fund established under paragraph (n) of this Section.

(h) The Authority may impose a replacement vehicle tax of \$50 on any passenger car as defined in Section 1-157 of the Illinois Vehicle Code purchased within the metropolitan region by or on behalf of an insurance company to replace a passenger car of an insured person in settlement of a total loss claim. The tax imposed may not become effective before the first day of the month following the passage of the ordinance imposing the tax and receipt of a certified copy of the ordinance by the Department of Revenue. The Department of Revenue shall collect the tax for the Authority in accordance with Sections 3-2002 and 3-2003 of the Illinois Vehicle Code.

The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes collected hereunder. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the Authority. The amount to be paid to the Authority shall be the amount collected hereunder during the second preceding calendar month by the Department, less any amount determined by the Department to be necessary for the payment of refunds. Within 10 days after receipt by the Comptroller of the disbursement certification to the Authority provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for that amount in accordance with the directions contained in the certification.

(i) The Board may not impose any other taxes except as it may from time to time be authorized by law to impose.

(j) A certificate of registration issued by the State Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under paragraphs (b), (e), (f) or (g) of this Section and no additional registration shall be required under the tax. A certificate issued under the Use Tax Act or the Service Use Tax Act shall be applicable with regard to any tax imposed under paragraph (c) of this Section.

(k) The provisions of any tax imposed under paragraph (c) of this Section shall conform as closely as may be practicable to the provisions of the Use Tax Act, including without limitation conformity as to penalties with respect to the tax imposed and as to the powers of the State Department of Revenue to promulgate and enforce rules and regulations relating to the administration and enforcement of the provisions of the tax imposed. The taxes shall be imposed only on use within the metropolitan region and at rates as provided in the paragraph.

(l) The Board in imposing any tax as provided in paragraphs (b) and (c) of this Section, shall, after seeking the advice of the State Department of Revenue, provide means for retailers, users or purchasers of motor fuel for purposes other

than those with regard to which the taxes may be imposed as provided in those paragraphs to receive refunds of taxes improperly paid, which provisions may be at variance with the refund provisions as applicable under the Municipal Retailers Occupation Tax Act. The State Department of Revenue may provide for certificates of registration for users or purchasers of motor fuel for purposes other than those with regard to which taxes may be imposed as provided in paragraphs (b) and (c) of this Section to facilitate the reporting and nontaxability of the exempt sales or uses.

(m) Any ordinance imposing or discontinuing any tax under this Section shall be adopted and a certified copy thereof filed with the Department on or before June 1, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the Regional Transportation Authority as of September 1 next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing.

(n) The State Department of Revenue shall, upon collecting any taxes as provided in this Section, pay the taxes over to the State Treasurer as trustee for the Authority. The taxes shall be held in a trust fund outside the State Treasury. On or before the 25th day of each calendar month, the State Department of Revenue shall prepare and certify to the Comptroller of the State of Illinois the amount to be paid to the Authority, which shall be the then balance in the fund, less any amount determined by the Department to be necessary for the payment of refunds. The State Department of Revenue shall also certify to the Authority the amount of taxes collected in each County other than Cook County in the metropolitan region less the amount necessary for the payment of refunds to taxpayers in the County. With regard to the County of Cook, the certification shall specify the amount of taxes collected within the City of Chicago less the amount necessary for the payment of refunds to taxpayers in the City of Chicago and the amount collected in that portion of Cook County outside of Chicago less the amount necessary for the payment of refunds to taxpayers in that portion of Cook County outside of Chicago. Within 10 days after receipt by the Comptroller of the certification of the amount to be paid to the Authority, the Comptroller shall cause an order to be drawn for the payment for the amount in accordance with the direction in the certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in July 1991 and each year thereafter to the Regional Transportation Authority. The allocation shall be made in an amount equal to the average monthly distribution during the preceding calendar year (excluding the 2 months of lowest receipts) and the allocation shall include the amount of average monthly distribution from the Regional Transportation Authority Occupation and Use Tax Replacement Fund. The distribution made in July 1992 and each year thereafter under this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department of Revenue shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

(o) Failure to adopt a budget ordinance or otherwise to comply with Section 4.01 of this Act or to adopt a Five-year Program or otherwise to comply with paragraph (b) of Section 2.01 of this Act shall not affect the validity of any tax imposed by the Authority otherwise in conformity with law.

(p) At no time shall a public transportation tax or motor vehicle parking tax authorized under paragraphs (b), (c) and (d) of this Section be in effect at the same time as any retailers' occupation, use or service occupation tax authorized under paragraphs (e), (f) and (g) of this Section is in effect.

Any taxes imposed under the authority provided in paragraphs (b), (c) and (d) shall remain in effect only until the time as any tax authorized by paragraphs (e), (f) or (g) of this Section are imposed and becomes effective. Once any tax authorized by paragraphs (e), (f) or (g) is imposed the Board may not reimpose taxes as authorized in paragraphs (b), (c) and (d) of the Section unless any tax authorized by paragraphs (e), (f) or (g) of this Section becomes ineffective by means other than an ordinance of the Board.

(q) Any existing rights, remedies and obligations (including enforcement by the Regional Transportation Authority) arising under any tax imposed under paragraphs (b), (c) or (d) of this Section shall not be affected by the imposition of a tax under paragraphs (e), (f) or (g) of this Section.

Section 25. The Water Commission Act of 1985 is amended by changing Section 4 as follows:

(70 ILCS 3720/4) (from Ch. 111 2/3, par. 254)

Sec. 4. (a) The board of commissioners of any county water commission may, by ordinance, impose throughout the territory of the commission any or all of the taxes provided in this Section for its corporate purposes. However, no county water commission may impose any such tax unless the commission certifies the proposition of imposing the tax to the proper election officials, who shall submit the proposition to the voters residing in the territory at an election in

accordance with the general election law, and the proposition has been approved by a majority of those voting on the proposition.

The proposition shall be in the form provided in Section 5 or shall be substantially in the following form:

Shall the (insert corporate
name of county water commission) YES
impose (state type of tax or -----
taxes to be imposed) at the NO
rate of 1/4%?

Taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes.

(b) The board of commissioners may impose a County Water Commission Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the territory of the commission at a rate of 1/4% of the gross receipts from the sales made in the course of such business within the territory. The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax except that food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicine, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, shall not be subject to tax hereunder), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act and under subsection (e) of Section 4.03 of the Regional Transportation Authority Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of a county water commission tax fund established under paragraph (g) of this Section.

For the purpose of determining whether a tax authorized under this paragraph is applicable, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

If a tax is imposed under this subsection (b) a tax shall also be imposed under subsections (c) and (d) of this Section.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

Nothing in this paragraph shall be construed to authorize a county water commission to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(c) If a tax has been imposed under subsection (b), a County Water Commission Service Occupation Tax shall also be imposed upon all persons engaged, in the territory of the commission, in the business of making sales of service, who, as an incident to making the sales of service, transfer tangible personal property within the territory. The tax rate shall be 1/4% of the selling price of tangible personal property so transferred within the territory. The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all

taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the territory of the commission), 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax except that food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, shall not be subject to tax hereunder), 4 (except that the reference to the State shall be to the territory of the commission), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the commission), 9 (except as to the disposition of taxes and penalties collected and except that the returned merchandise credit for this tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the territory of the commission), the first paragraph of Section 15, 15.5, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, and any tax for which servicemen may be liable under subsection (f) of Sec. 4.03 of the Regional Transportation Authority Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of a county water commission tax fund established under paragraph (g) of this Section.

Nothing in this paragraph shall be construed to authorize a county water commission to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(d) If a tax has been imposed under subsection (b), a tax shall also imposed upon the privilege of using, in the territory of the commission, any item of tangible personal property that is purchased outside the territory at retail from a retailer, and that is titled or registered with an agency of this State's government, at a rate of 1/4% of the selling price of the tangible personal property within the territory, as "selling price" is defined in the Use Tax Act. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the territory. The tax shall be collected by the Department of Revenue for a county water commission. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. In the administration of, and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers, and except that food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, shall not be subject to tax hereunder), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21 and 22 of the Use Tax Act and Section 3-7 of the Uniform Penalty and Interest Act that are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn

for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of a county water commission tax fund established under paragraph (g) of this Section.

(e) A certificate of registration issued by the State Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under paragraphs (b), (c) or (d) of this Section and no additional registration shall be required under the tax. A certificate issued under the Use Tax Act or the Service Use Tax Act shall be applicable with regard to any tax imposed under paragraph (c) of this Section.

(f) Any ordinance imposing or discontinuing any tax under this Section shall be adopted and a certified copy thereof filed with the Department on or before June 1, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the county water commission as of September 1 next following the adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing.

(g) The State Department of Revenue shall, upon collecting any taxes as provided in this Section, pay the taxes over to the State Treasurer as trustee for the commission. The taxes shall be held in a trust fund outside the State Treasury. On or before the 25th day of each calendar month, the State Department of Revenue shall prepare and certify to the Comptroller of the State of Illinois the amount to be paid to the commission, which shall be the then balance in the fund, less any amount determined by the Department to be necessary for the payment of refunds. Within 10 days after receipt by the Comptroller of the certification of the amount to be paid to the commission, the Comptroller shall cause an order to be drawn for the payment for the amount in accordance with the direction in the certification.
